SAANICH FAIR HUGE SUCCESS

EXCELLENCE OF EXHIBITS
SURPASSES LAST YEAR

Many From Victoria Are Attending the Exhibition This Afternoon

The fine array of exhibits having been placed in position yesterday and some of the judging accomplished, the forty-third annual exhibition of the North and South Saanich Agricultural Society was officially opened this afternoon with appropriate speeches.

This year's fair ranks as the best yet held by this society. The agricultural hall is crammed full of exhibits of every kind, the ladies being well represented. A keen contest is prevailing at the Saanichton grounds between the exhibitors from North Saanich and those of South Saanich. The best products of the north have been pitted against those of the south and the neck and neck race run between these parties for supremacy has proved very interesting. The judges have generally agreed that the race has resulted in a tie and the competitors will have to await another year before this long standing doubt is to be settled.

The fair is a credit to both districts, the visitors speaking in glowing terms of the exhibition. The attendance yesterday was not very large but to-day it is better. The special train, which left this city at 1 o'clock this afternoon, was crowded with Victorians, who desired to view the assemblage of products of the Saanich peninsula. Residents of all the neighboring districts are patronizing the fair in a loyal manner.

Yesterday the fruit, roots and vegetables, flowers, bottled fruit, ladies' work and children's work was judged. Owing to the large entries the judges had a difficult task in making the awards. Among the largest exhibitors are: Dean Bros., T. Harrison, F. Turcotte, J. L. Brooke, F. Lindsay, S. Sandover, Mrs. Bradley-Dyne, P. Frank, J. A. Grant, Tanner Bros., Mr. and Mrs. S. Brethour, D. Lehman & Son and Errington & Cantwell.

In the fruit display Tanner Bros. and Errington & Cantwell are the largest exhibitors. They have entered strongly in all the apple and pear classes. The former have captured fifteen firsts, while the latter are not far behind in the number of blue ribbons secured. Errington & Cantwell have obtained permanent possession of the silver cup presented by Mrs. White Birch, North Saanich, for the best five boxes of apples of five varieties. To be won two years. The cup presented by the Victoria District Farmers' Institute for the best display of commercial fruit of ten boxes, the most coveted prize in the show, was won by Tanner Bros.

The Mount Newton Greenhouses have on exhibition a splendid collection of tomatoes ready for shipment. A. J. Grant, Royal Oak, the only exhibitor who has a general display of farm produce. (Concluded on page 2.)

MANY PERISH IN FOREST FIRES

MINNESOTA TOWN
REPORTED DESTROYED

People Burned to Death While Seeking Safety—Property Loss Heavy

(Times Leased Wire.)
Fort William, Ont., Oct. 8.—A special dispatch to a local paper from Beaudette, Minn., about two hundred miles west of here, on the Canadian Northern railway, across the river from the town of Rainy River, which was destroyed last night by forest fire, says: "The most disastrous forest fire in the history of Northern Minnesota and Western Ontario visited this vicinity last night in which lives were lost, and millions of dollars' worth of property were destroyed. It broke out north-west of the town about 6 o'clock and by 6:30 the whole town of Beaudette and Spooner were on fire."

"The Canadian Northern sent an engine and fifty empty box-cars to the relief of the stricken town and in fifteen minutes everybody that could reach the depot was safe on the Canadian side, although it looked as if they were going out of the frying-pan into the fire, as the town of Rainy River was on fire in several places, the Rat Portage Lumber Co. at that point losing the entire plant and yards. The Shelvin Mathew Lumber Co.'s yards at Spooner, just across the Beaudette river from Beaudette, were entirely consumed. The company lost millions of feet of sawed lumber and had great difficulty in saving the planing and saw mills."

"The down coming trains report bodies of fire victims on the right-of-way, five having been found between here and five miles west. The victims were endeavoring to get away from the fires and got out on the track only to be burned to death between the rails. The bodies were destitute of clothing. One mother was found with a six-months babe lashed to her breast, both so completely charred by flames as to be unrecognizable. B. P. Hagan and wife, the former a prominent merchant of Spooner, had a very narrow escape from the flames."

"Over a thousand people are homeless with only what they had on their backs when the fire caught them. It is feared many settlers south of here have perished, as it is known yesterday they were packing up to come to town, but have not reached here yet. One man named Homsey ran with a small child in his arms seven miles to town and reported several families behind him, but they have not turned up yet."

"The correspondent concludes: 'I cannot write any more now, must have some sleep.'

Relief Trains Dispatched.
Winnipeg, Oct. 8.—Although no direct confirmation has been received here of the reported destruction of Beaudette and Spooner, no doubts are felt regarding the accuracy of the report. The Canadian Northern railway sent two auxiliary wrecking trains at 1 and 10 this morning respectively to the scene of the fire. The Rat Portage Lumber Company says its loss will be \$150,000 if the report of the burning of their mill at Rainy River proves correct.

Alfred Berg, of Spooner, who is in the city, says conditions are ripe for a conflagration as the bush is dry and the carelessness of lumbermen added to the risk. He says the merchants of Spooner are all heavily insured.

Report Confirmed.
The Canadian Northern agent at Rainy River confirms the fire story as sent via Fort William this morning.

**WILL TRY TO REMOVE
MAYOR OF SEATTLE**

Public Welfare League Circulates Petitions for Recall Election
(Times Leased Wire.)
Seattle, Wash., Oct. 8.—The Public Welfare League to-day began the circulation of petitions for a recall election, the purpose being to remove Mayor Hiram C. Gill, elected on promises of a business administration, from office.

Gill is charged in the petition with being unfit and incompetent for the office, of having made improper appointments, failure to enforce the law, giving harbor to criminals, failure to act impartially and of being a menace to the city.

It was stated to-day that Chief of Police Wapenstein has already written his resignation and only waited for an opportune moment to hand it to Mayor Gill.

INCREASED RATES SUSPENDED.

Washington, D. C., Oct. 8.—The interstate commerce commission has suspended until February 6, 1911, the proposed increase in freight rates which the railroads desired to become effective October 10, between eastern points and points in Oregon and Washington. The rates were designed to affect shipments of hardwood lumber, staves and cement.

NEW PEER.

Honor Bestowed on Chief Justice of Cape Colony.
Cape Town, Oct. 8.—Sir H. de Villiers, chief justice of Cape Colony, has been created a peer of the United Kingdom under the title of Baron de Villiers of Wynberg. The newly-created baron is a member of the judicial committee of the Privy Council. He owns large property in the districts of Pearl and Worcester, Cape Colony. His title is taken from his place of residence, Wynberg, Cape Colony.

HUNTER SHOT.

Viridian Man, Oct. 8.—Walter Butchart, formerly of St. Thomas, a brakeman, was fatally injured while hunting bears.

A WAYSIDE NEST.

The Victoria Colonist wants Sir Mackenzie Bowell to publish his memoirs while he is still alive. Why send the veteran into the peril of a libel suit in that light-hearted way? Some members of the nest of traitors are also still alive.—The Globe.

PARTY IN BACKGROUND—He appears to be meditating. I hope he is not entertaining that ridiculous suggestion about writing his "Recollections."

AIMS OF THE NEW REPUBLIC

PROCLAMATION BY
PORTUGUESE MINISTER

Army and Navy to Be Reorganized—National Wealth Will Be Developed

Lisbon, Oct. 8.—Senhor Machado, minister of foreign affairs in the provisional government of Portugal, yesterday gave out a statement of the purposes and aims of the new administration. Senhor Machado spoke at the request of Theophilo Braga, the provisional president of Portugal. He said:

"The republic of Portugal has been proclaimed by the army, the navy and the people.

"The maintenance of order is completely assured. There is general adhesion to the government in the provinces. The enthusiasm of the public is unparalleled.

"The provisional government has before it a great duty, involving much work. It has, in effect, a country to make over. Concerning our programme, I can say that we will endeavor to put into operation the programme of the Republican party.

"The financial budget is to be equalized in the general interest of the country and it will be made up with honesty and fairness."

"The national wealth will be developed.

"All national alliances now existing will be respected and friendly relations with all other states are desired.

"Freedom of the press will be assured and all state-chambers methods and opportunist laws will be abolished. Public instruction will be completely secularized, relieved from religious control and the religious congregations will be suppressed. The plan is for the establishment of a broad system of public instruction, both primary and advanced, under government endowment.

"The reorganization of the army and navy, beyond patriotic services have been beyond all praise, will be proceeded with.

"The government has profound respect for public opinion and it approaches its task with a high resolve to perform its duties to the country.

"The foregoing sets forth in a few words, the purposes, the aims and the earnest endeavors in these moments of anxious labor of the members of the provisional government of Portugal."

"I send the above at the request of the president of the provisional government, Theophilo Braga.

(Signed, Bernardo Machado, "Minister of Foreign Affairs.")

NEW PEER.

Honor Bestowed on Chief Justice of Cape Colony.
Cape Town, Oct. 8.—Sir H. de Villiers, chief justice of Cape Colony, has been created a peer of the United Kingdom under the title of Baron de Villiers of Wynberg. The newly-created baron is a member of the judicial committee of the Privy Council. He owns large property in the districts of Pearl and Worcester, Cape Colony. His title is taken from his place of residence, Wynberg, Cape Colony.

HUNTER SHOT.

Viridian Man, Oct. 8.—Walter Butchart, formerly of St. Thomas, a brakeman, was fatally injured while hunting bears.

PREDICTS MARVELLOUS FUTURE FOR THE WEST

Member of Canadian Manufacturers' Association Tells Montrealeers of Conditions

(Special to the Times.)
Montreal, Oct. 8.—Chas. J. Phillips, of the Canadian Manufacturers' Association, speaking of conditions in the west, stated that he returns more a pronounced protectionist than ever. He is convinced there is little free trade sentiment in the west. "I believe," said Mr. Phillips, "that Winnipeg and several other western towns are destined to become very important industrial centres, and this is one of the reasons why there will always be a strong protective sentiment in that great country."

One of the pleasing features is the exceeding loyalty to the eastern provinces. Western people, he concluded, were not narrow and their Canadianism has the true ring. He predicted a marvellous future for western Canada.

GREEK MINISTER TO TURKEY RECALLED

Greece Resents Persistent Aggression on Part of the Sultan's Advisors
(Times Leased Wire.)
Athens, Oct. 8.—The situation in Turkey has become acute, according to official advices received here to-day. The Greek minister to Turkey has been recalled owing to persistent aggression on the part of Turkey against Greece. It is feared that the "four protection powers" will intervene to the detriment of both Greece and Turkey.

FUNERALS OF VICTIMS OF LOS ANGELES EXPLOSION

Granite Monument Will Mark the Resting Place of Employees of Times
(Times Leased Wire.)
Los Angeles, Cal., Oct. 8.—The funerals of 14 of the victims of the explosion that wrecked the Times building will be held from the auditorium to-morrow afternoon. Rev. Robert J. Burdette, assisted by several ministers, will preside. The services will be public and arrangements are being made to seat the 5,000 who are expected to attend.

Palbearers will be chosen from the survivors of the Times employees and if others are needed from those who attend.

The charred bodies will be buried in Hollywood cemetery in plots now being secured by the Times management. It is planned to erect over them a granite shaft, contributions for which the Times now is receiving.

TO MEET IN LONDON.

Washington, D. C., Oct. 8.—With the work of the eighth international prison congress practically concluded, delegates began leaving yesterday after the next meeting in 1915, and had selected Sir Evelyn Ruggles Bryce, K. C. B., for the presidency. The final session of the assembly will be held to-day when the action of the committee will be formally ratified.

INVESTIGATION AT VANCOUVER

HON. MR. TEMPLEMAN
MAKES STATEMENT

Minister Favors Thorough Inquiry Into Immigration of Chinese
(Special to the Times.)
Ottawa, Oct. 8.—Hon. Wm. Templeman was interviewed about a report published in local papers and copied in the Conservative press of the cities to the effect that he and Ralph Smith were harping and embarrassing the investigation into Chinese immigration at Vancouver, and insinuating that the minister was practically behind a smuggling ring which has strong political influence.

"The facts are all the other way," said Hon. Mr. Templeman. "I have no desire to go into particulars at present. In fact it would not be proper to do so while the investigation is going on, but I may say that my recommendations in the case, after consulting with Inspector Foster, were to pursue a line which I thought would be thorough, and to extend investigation to Hongkong as well as Vancouver. I am not complaining of the reporter's work as it still bears marks of being obtained from what he might properly regard as an authentic source, although closer inspection would have shown that it was evidently given for another purpose than the mere information it contained."

REVELSTOKE MURDER.

City Adds \$500 to Reward Offered by Provincial Government.
Revelstoke, Oct. 8.—The inquest on the death of Frank Julian, supposed to have fallen a victim to Black Hand machinations, has been further adjourned. At the last sitting of the jury. The members expressed the opinion that the reward offered by the provincial government was not large enough, the case being an important one.

Constable Kington stated to the jury that the three men at first supposed to have had a hand in the murder had been traced by the police and were now in Revelstoke. It had been ascertained that they were not with Julian at the time he met his death.

The reward offered by the government has been increased by the addition of \$500 offered by the city of Revelstoke.

NEW CONSERVATIVE WHIP.

(Special to the Times.)
Ottawa, Oct. 8.—After six months' deliberation Geo. H. Perley, M. P., to-day formally announced his acceptance of the position of Conservative whip, which onerous post Geo. Taylor, after a long incumbency, is resigning.

BIRDMEN SAIL.

Ha'vre, France, Oct. 8.—A formidable array of talent sailed from here to-day for New York to enter the international aviation contests to be held at Belmont this month. De Lesseps, Latham, Aupres and Simon, were among the birdmen departing.

RUN OVER BY TRAIN.

Port Arthur, Ont., Oct. 8.—The headless body of Henry McFayden, formerly of Chatham, was found near the tracks. His age was 32.

PORTUGUESE ROYAL FAMILY BANISHED

Order is Issued By Provisional Government—President Braga Declares Provinces Are Now Supporting the New Republic.

(Times Leased Wire.)
London, Oct. 8.—A dispatch received here from Gibraltar says that Don Manuel has sailed for Oporto to attempt to rally his army and regain his throne.

The dispatch was not official and lacks confirmation.
King Confident.
Gibraltar, Oct. 8.—It is reported here to-day that Don Manuel last Thursday assured Governor Hunter of Gibraltar that he was confident he would regain his throne. Manuel is said to have expressed the belief that the greater part of the army and the people are loyal, and that he intends soon to lead an anti-Republican army.

Order of Banishment.
Lisbon, Oct. 8.—The republic of Portugal to-day formally proclaimed an order of banishment against King Manuel, Queen Mother Amelle, Dowager Queen Maria Pia and the Duke of Oporto.

It was learned to-day that the Duke of Oporto was captured while fighting, and that he was escorted to the sea-coast and placed aboard the royal yacht Amelle. The order of exile against him and the fallen king is most strict.

It was reported here to-day that Don Manuel had attempted to commit suicide at Gibraltar following the news of the banishment, and that he was prevented from carrying out his purpose by his mother. This report could not be confirmed, nevertheless it created considerable excitement.

The newspaper Seculo asserts that Manuel became despondent at Mafra instead of Gibraltar, and wounded himself. Gibraltar reports no mention of any wound or attempt at suicide, and it is believed that all reports of injury to the young king are erroneous.
Supporting Republic.
President Braga insisted to-day that representatives from the provinces are encouraging to the republicans.
"The people still are very excited," said the new executive, "and until normal conditions are restored we will take every precaution against endangering our new found liberties."

It is reported that leading Royalists and clericals who were most active in opposing the republic will be executed. This rumor also could not be confirmed, but those who are in close touch with affairs say it is most unlikely, judging from the moderation of the revolutionary leaders. It is said in some quarters that the new government may go too far in punishing its enemies.

It is certain, however, that undesirable Catholics will be expelled, and that monasteries and convents will be closed and their contents seized. All monastic and conventual lands and valuables will be pre-empted by the republic. In this way lands will be practically condemned by the government and purchased for a nominal sum.

Many priests, accused of sedition, are under arrest and awaiting trial.

It was officially announced to-day that officers of the army and navy who had succeeded in establishing the republic would be promoted. This also will apply to enlisted men who distinguished themselves in action.

Fight For Monastery.
Details of the capture of Queijos monastery are reaching here to-day. The monastery was besieged for two hours by field artillery, the monks fighting desperately with small arms and sustaining heavy loss under the withering fire of the guards.

It is reported that the monks began the fighting by firing on the revolutionists who were marching to meet a small body of Royalists. The Republican force turned aside and a rifle fight ensued, in which the churchmen were victorious. The Republicans fell back until their cavalry and artillery arrived, when a bombardment began. The unequal fight was continued for some time.

The shells of the artillery bit into the masonry of the building, scattering the debris on the defenders and inflicting frightful wounds.

Exploding shells added to the havoc, and seeing the futility of further defence, the monks surrendered. Following the capitulation the Republican gunners bombarded the buildings, which caught fire in many places and practically were destroyed.

Reports say that twelve monks were killed and fifty seriously wounded. The Republican losses were slight.

The surviving monks were allowed to leave and take their dead and injured with them.

Later advices state that several hundred monks took part in the conflict. Two regiments of Republicans were engaged. Serious fighting accompanied the expulsion of monks from other monasteries, and it is reported that a heavy loss of life was inflicted.

TO EXPERIMENT WITH RESERVOIR

CITY ENGINEER'S ADVICE
MAY BE REJECTED

City Council to Attempt to Effect Repairs by the Contract Method
After agreeing in March last that it would require at least \$30,000 to repair the Smith's Hill reservoir, and appropriating that amount, after approving of a report from the then acting city engineer, by H. Bryson, that the work would cost approximately \$15,000, after a later date accepting the recommendation of City Engineer Smith that repairs be effected at an expenditure of \$6,000, the members of the city council have reached the conclusion that possibly the big basin can be made watertight for the sum of \$3,000.

This was made clear at last evening's meeting of the streets committee of the city council when the suggestion of the city engineer that now that the dry season is past, a start on the work of repairing the Smith's Hill reservoir at an estimated cost of \$7,000 was considered.

The mayor reported that the Pacific Coast Construction Company has offered to make the big reservoir watertight for the sum of \$5,000, by asphaltizing the interior walls and the bottom and ironing it with hot irons into the concrete walls.

The engineer pointed out that such a process might last a year or so, but it is well known that asphalt will disintegrate in water. A coating of water-proof cement would, he thought, be better.

However, it was decided to appoint Alderman Esserman to take the matter up with the Pacific Coast Construction Company and ascertain what the company's terms are.

The city engineer reported that there is at present about seven feet of water in the reservoir and the daily leakage is about 65,000 gallons.

In this connection it is interesting to recall that the city council has repeatedly taken the position that the city engineer must be "given a free hand," so that he may be held "absolutely responsible" for the administration of the public works department.

PUBLIC OWNERSHIP.

Cities and Towns of Manitoba Call on Provincial Government to Install Power System.
Winnipeg, Oct. 8.—At a meeting yesterday at St. Boniface of delegates representing a number of Manitoba city and town municipalities, a resolution was unanimously agreed to calling on the provincial government to proceed with the installation and operation of a power system to be supplied to municipalities at cost.

It is understood that the Manitoba government is already favorably inclined to the idea which marks a very distinct advance along the lines of public ownership. Besides St. Boniface the following municipalities represented were: Brandon, Portage la Prairie, Emerson, Carman, Stonewall and others. Delegates claimed the present rates for power are excessive.

TRAINING GIRLS FOR HOUSEWORK

Representatives of Council of Women Before Technical Education Commission
(Special to the Times.)
Hamilton, Oct. 8.—At to-day's meeting of the commission on technical education Rev. Dr. Bryce demanded of K. L. Frost, a wire manufacturer, if he thought it became a Christian to manufacture barbed wire and Mr. Frost said it did not, but that little of it was used except in the west.

Mrs. Lytle of the Council of Women said they were interested in the training of women for home work. She thought there should be a department in connection with the technical schools for the training of girls for house work. Mrs. Robert Evans endorsed this suggestion.

SENTENCED TO DEATH.

Belleville, Ont., Oct. 8.—Robt. Parker was found guilty this morning of the murder of Wm. Masters near Tweed. The prisoner, who is over 70 years of age, gave evidence in his own behalf.

Chief Justice Mulock began his address to the jury at 7:30 last night, and the jury retired to consider their verdict at 9:30. At 2 o'clock this morning the jury returned a verdict of guilty of murder, and the prisoner was sentenced to be hanged on December 4.

MORE PUBLIC PARKS NEEDED

THIS THE OPINION
OF ALD. FULLERTON

Will Submit Important Resolution at Monday's Meeting of the Council

With the rapid expansion of the city in every direction the need for the civic authorities to make arrangements looking to the preservation of open spaces to be ultimately utilized as public parks is becoming increasingly manifest. It is likely therefore that at a very early date steps will be taken to secure desirable acreage in various parts of the city for this purpose.

James Bay is well served in this connection by Beacon Hill park; North Ward has a fine "breathing space," and a large section of the city is entered to by the fine city park at the Gorge. But the eastern section of the city and Victoria West at present lacking open spaces, and as the city grows in every direction the need for additional public recreation grounds will be felt keenly.

Ald. Fullerton believes in taking time by the forelock, and he will therefore move at Monday evening's meeting of the council:

"Whereas, in the opinion of this council the time has arrived in the history of the city when steps should be taken to secure various properties advantageously situated in different sections of the city for parks and open spaces in order to provide against the necessity for the purchase in the future of such areas at greatly enhanced prices from those at which they could be secured at the present time.

Therefore, be it resolved that this committee be referred to the parks committee for report as to the most suitable locations for such parks or open spaces within the city limits and as to the prices at which such areas can now be purchased with a view to the council taking such further action with reference to this matter as it may deem advisable."

SAANICH FAIR HUGE SUCCESS

(Continued from page 1)

ducts, is showing in connection with the exhibit a number of wonderberries, one of Luther Burbank's latest productions. There is also an excellent display of grains, which shows that any seed will mature into first class grain under the conditions prevailing in Saanich.

Although this season has been dry, the roots and vegetables are well to the fore, despite this drawback. The exhibit may be taken as a criterion of what the farmers there can produce in this line. Citrons, squash and marrow are shown in large number, and the fodder corn, which stands fully twelve feet in height, demonstrates that these districts will rank as the greatest dairy producing countries in America. The cabbages are large and solid and the cauliflower shows signs of remarkable development.

The floral display is attracting universal attention and the collection is most complete. Flowers of every variety are to be found there and it would be difficult to attempt to find more perfect specimens on this island. The chrysanthemums, dahlias, carnations and sweet peas form the bulk of the entries. The space allotted for the ladies' work has all been taken, and the work exhibited would find a ready market anywhere.

All yesterday morning the exhibitors were busy placing their displays, and at noon everything was in readiness for the various judges to commence their work. When all the exhibits were arranged the interior of the building presented a very attractive appearance, with the streamers of bunting and other decorations strung all over the hall. The Ladies of St. Mary's Guild have decorated the lunch room adjoining the main building with evergreens and it is equal to the main hall in attractiveness.

R. B. Denny, of the agricultural department, is giving a fruit-packing demonstration this afternoon. He is just completing a series of these, which were inaugurated by the government for the purpose of educating the public in the latest and best method for the packing of fruit for shipment.

Judges' Opinions. "The quality of the plate fruit at this show," said R. M. Winslow, provincial horticulturist, who judged the fruit, "averages better than that at the Victoria fair. The freestone apple fruit from 'Blenheim' is particularly noticeable. Apples constitute the greater part of the exhibit and I wish especially mentioned that the packing of these is excellent. There is no poorly packed fruit in the show. They are packed right up to the latest American ideas. The color of the fruit on the whole is good, and in the apples I note a marked improvement. The fruit exhibit is a credit to the Saanich peninsula."

Mrs. W. Birch, who with Mrs. Puckle made the awards in the ladies' and children's work, said in conversing with a Times representative: "Although the entries are not quite so numerous as they were last year the standard of the work has increased tremendously. More attention has been paid by the ladies to art work and some of the designs in this line are creditable to the exhibitors. I would pick as the feature of the display the glove costume exhibited by Mrs. S. Bretherton. I also notice an increase in the number of exhibits for Juniors, the painting, drawing and penmanship being excellent."

E. H. Hydes, who judged the flowers, said: "Considering the lateness of the season the exhibit is a most creditable one. I think, although I regret to say it, that the sweet peas shown here surpass any exhibited at the Victoria show. The asters and dahlias are very fine and the table and hand bouquets are worthy of mention."

"I can tell you the same as I have told you on former occasions," exclaimed William Noble, judge of the roots and vegetables, "and that is that the display of roots and vegetables entered in the classes which I judged are among the finest I have seen. The roots for stock use are of enormous size and the table ones are well up to the standard."

The other judges engaged by the association who are awarding prizes today are as follows: Horses and poultry, M. A. Jull, provincial live stock commissioner; cattle, sheep, swine, P. H. Moore; bread, cakes and pastry, W. Rennie.

The prize list will be found on page 16.

WEATHER BULLETIN

Daily Report Furnished by the Victoria Meteorological Department. Victoria, Oct. 8--5 a. m.--Low pressure areas on the British Columbian coast are causing a continuance of cloudy and rainy weather in this province, with fresh winds or gales on the outside waters. In the prairie provinces the pressure is increasing and the weather is mostly fair and colder.

For 26 hours ending 5 p. m. Sunday. Victoria and vicinity--Moderate to fresh southerly winds, unsettled, with rain, and stationary or lower temperature. Lower Mainland--Light to moderate winds, unsettled, with rain, and not much change in temperature. Observations at 5 a. m. Victoria--Barometer, 29.88; temperature, 54; minimum, 52; wind, 4 miles S.; rain, 0; weather, raining.

New Westminster--Barometer, 29.90; temperature, 52; minimum, 50; wind, calm; rain, 52; weather, raining. Kamloops--Barometer, 29.70; temperature, 56; minimum, 52; wind, 4 miles E.; weather, part cloudy. San Francisco--Barometer, 30.02; temperature, 60; minimum, 58; wind, 5 miles S. W.; weather, clear.

Somerton--Barometer, 29.88; temperature, 35; minimum, 35; wind, 12 miles S.E.; weather, cloudy. Winnipeg--Barometer, 30.08; temperature, 4; minimum, 4; wind, 10 miles W.; weather, cloudy. Victoria Daily Weather Observations taken 5 a. m., noon and 5 p. m. Friday. Temperature. Highest 59. Lowest 50. Average 54. Rain, trace. Bright sunshine, 1 hour 12 minutes. General state of weather, cloudy.

PURITY WORKERS IN VICTORIA THIS AFTERNOON

Interesting Service is Being Held at the Metropolitan Methodist Church

The members of the Purity Workers' movement who have been holding a conference in Vancouver, arrived here on this afternoon's boat and were met at the wharf by a large deputation representing the Women's Local Council, the W. C. T. U. and the Ministerial Association. Autos were in waiting, and conveyed them to the Metropolitan church where the meeting was held.

Pending their arrival, Mr. Parsons gave a half hour's organ recital, and Mrs. D. C. Reid sang "The Bird With the Broken Pinion," both of which were much enjoyed by those assembled in the auditorium of the church.

An informal reception was held before the commencement of the meeting in order to give all who wished to do so an opportunity of getting into personal touch with this band of energetic, enthusiastic workers in this vital, all absorbing question of the day. Mrs. S. Thompson, Nanaimo, the prime instigator of the movement in this province, has been attending the conference in Vancouver, and accompanied the party here. Dr. Spencer, president of the Local Option League, is also with them. The addresses delivered this afternoon were sharp and pointed. The speakers were men and women with a thorough grasp of their subject, and the results of the short conference held here will be far-reaching. Tea was served at the close of the meeting, and the party took the 5 o'clock boat for Seattle.

OPERA ENIGMA'S CURIOUS ACTION

Zorka Tamitch, an opera singer on tour in the provinces of Serbia, claimed damages from Ristomir Nikoltch for giving publicity to a remark of his six-year-old son during her performance at Vallejo. "Tell her not to howl any more, papa," said the child; "the man who is shaking the stick at her is only frightening her. He is not near enough to hit her." Zorka stated that she was leaving Vallejo because the repetition of this story had exposed her to ridicule. She got \$25 damages.

Habit is a cable; we weave a thread of it every day, and at last we cannot break it. -Horace Mann.

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. 25 cents.

CONSPIRACY TO KILL CHINESE PRINCE

San Francisco Police Declare Over Score of Chinamen Are Implicated

San Francisco, Cal., Oct. 8.—That George Fong, the Chinese youth arrested after an unsuccessful attempt to kill Prince Tsai Hsun, uncle of the Emperor of China, is but the tool of a Chinese sect who have a deep laid conspiracy to kill the prince, and that a large number of arrests likely will occur within a day or two, is admitted by the local police. Several Chinese are said to be under surveillance. The police refuse to divulge their identity but they are believed to be Chinese prominent in the workings of the Young China association.

The room where Fong has been living in Berkeley was searched by the Oakland police and the Young China Association in Oakland has been under surveillance since the attempt on the life of the prince. The headquarters in this city is likewise watched.

The police say that more than a score have already been drawn into the alleged conspiracy in some manner. They assert that they will make arrests as soon as certain bits of missing evidence have been secured.

"I wanted to be George Washington of China," said Fong yesterday. "I am sorry my attempt to kill the prince failed. I wanted to kill him two weeks ago when he was here, but I couldn't get a chance. I want to set China free from the Manchurs and make it a republic. Revolt is my religion."

Local Chinese who are loyal to the emperor are greatly worried lest a repetition of the attempted assassination of Prince Tsai Hsun be repeated on board the steamer Chi Ya Maru. It was rumored about Chinatown that four men were on board the liner for that purpose. Officials of the steamship company were notified shortly before the boat sailed and precautions against any such attempt are being taken on board.

CHANGES TO BE MADE IN MINISTRY

Sir R. D. Isaacs Will Be Appointed Attorney-General—Unionist Replies to Critics

London, Oct. 8.—Shortly before the meeting of parliament several ministerial changes will be announced. Sir William Snowdon Robson, attorney-general, will be appointed one of the lords of appeal in succession to the Right Hon. Lord Collins. Sir R. D. Isaacs, solicitor general, will become attorney-general. His place will be taken by John Allsbrook Simon, K. C., member for the Walthamstow division of Essex.

Sir W. S. Robson and Sir R. D. Isaacs are well known by reputation. The former has won fresh legal triumphs at The Hague tribunal. Sir R. D. Isaacs has long been one of the leaders of the bar and recently has become a prominent political leader. Right Hon. Lord George Hamilton has written a letter resigning his membership in the city free trade union. He declares that as a free trader and a free trader as ever, but that the policy of the government has made free trade impossible.

Fred E. Smith, M. P., Conservative member for the Walton division of Liverpool, and one of the younger leaders of the party, speaking at Abington, condemned as unreasonable the Conservative criticism of Mr. Balfour's course. He said that no one had a right to expect the Conservative leader to make an aggressive and provocative speech during the Veto conference.

TO KEEP THE SKIN CLEAR You Must Learn for Yourself the Virtues of DR. CHASE'S OINTMENT

Dr. Chase's Ointment is so pure and clean, so delightfully soothing and healing and so certainly effective in making the skin soft, smooth and clear that it has only to be tried to be appreciated.

You may know of its value as a cure for eczema, salt rheum and the most severe and painful forms of itching skin disease.

But have you realized that as a means of clearing and beautifying the skin it has no equal and no rival. Pimples, blackheads, roughness and redness of the skin, irritations and eruptions of every form yield readily when this soothing, healing ointment is applied frequently.

The cold winds of winter and spring bring actual suffering to many people whose skins are tender and easily irritated. To such Dr. Chase's Ointment is of inestimable worth; 60 cts. a box, all dealers, or Edmanson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes.

COUNTERFEITERS SENTENCED

Tacoma, Wash., Oct. 8.—Sam Lewis, an aged counterfeiter, caught in a spectacular raid here last week, was yesterday sentenced to serve five years in the federal prison on McNellie's

island. His partner, Charles Deek, was sentenced to two years.

Lewis and Deek both of whom was but recently released from Pilsen penitentiary after serving long terms, were arrested in a luxuriously furnished apartment, in the rear of which was found a complete counterfeiting outfit. A 12-year-old boy who had been employed by the pair to do errands, witnessed the moulding of a counterfeit five-cent piece, afterwards being presented with the coin. The boy notified the officers and the capture followed.

Humphrey's Homeo. Medicine Co., Cor. William and Ann streets, New York.

ACCIDENTAL DEATH

Oakland, Cal., Oct. 8.—Carelessness on the part of a grocer in handling candy after he had had his hands in ant poison, is said, by the coroner's jury here, to have caused the death of Ivan Steinmar, 11, of Fruitvale. Samuel Dallegaugh is the grocer in the case. He has not been arrested. The boy died a short time after eating the candy.

NEW TAXES TO BE IMPOSED IN FRANCE

Minister of Finance Hopes to Secure \$1,500,000 on the Sale of Furniture

Paris, Oct. 8.—A total of \$1,500,000 over the past tax receipts is to be realized on a tax on the sale of furniture, according to a new tax law soon to be announced by Minister of Finance Cochery, who is trying to make up a deficit of \$9,000,000 in the budget of 1911. A similar amount is hoped for by increasing the stamp taxes on all sorts of contracts. There are other new measures which, with the present taxes on rents and on doors, windows and other similar things, will make out the budget so that France will be able to make both ends meet.

JUDGE WILL SEND SMUGGLERS TO PRISON

Declares He Will Set Example That Will Frighten Wealthy Customs Dodgers

New York, Oct. 8.—"The richer people are, the more inclined they seem to defraud the government," remarked Federal Judge Hand, as he imposed a fine of \$5,000 on Mrs. Ada Adriance yesterday. Mrs. Adriance pleaded guilty to smuggling.

Judge Hand said that his experience with smugglers had taught him that his remarks were especially true in smuggling cases.

A woman arrested Thursday for smuggling a necklace worth \$13,000 had a hard time escaping a prison sentence; Judge Hand finally heeded her pleadings, but he remarked: "I will send the next offender to prison."

When Mrs. Adriance's case was called yesterday, the prosecuting attorney recalled the remark. Mrs. Adriance was compelled to pay \$3,000 penalties to the customs officials. "Rich people must stop smuggling," said Judge Hand in passing sentence, "and they must stop it right now. I have been lenient for the last three times, but I will not do it again. The next smuggler goes to prison. I will set an example that will frighten these wealthy customs dodgers."

All the emery used in the world comes from the little island of Naxos, near Greece. As it is one of the hardest substances known, ordinary quarry tools can't be used to cut it out.

North and South Saanich Agricultural Society's 43rd Annual Exhibition

Will be held at Hall, SAANICHTON Saturday, Oct. 8th

A programme of Horse Racing and Sports will be provided, as well as a Cricket match, Strawberry Vale vs. Saanich.

CABINET SHUFFLE.

Premier McBride certainly sprang a surprise upon the public when he announced that W. R. Ross, M. P., was to become Minister of Lands, and Hon. Price Ellison was to be promoted to the position of Finance Minister.

DEMOCRATIC GROWTH.

Wherever there is an autocracy there is bound to be danger of rebellion. Where the people rule, as they do in the English-speaking countries of the world, there are rebellions, but they are fought out at the polls.

of some of the best lives. It does not follow that a republic is always the most representative form of government. In some limited monarchies the people enjoy much greater freedom than they do in some republics.

The lesson of Portugal should be taken to heart by those rulers who still hold on to the autocratic power, at the danger of their own lives and also at the risk of plunging the country into civil war.

ACTION OF SOCIALISTS IN TORONTO.

A great many people who are not more than forty years of age remember the time when in England the laborers drove stakes into the ground among the standing grain so that it would be impossible for self-binders to be operated there.

that it indicates very clearly the attitude of the Socialist party toward education and progress. It shows that the Socialists, as at present constituted, stand for stagnation and decay.

We believe Socialists are sincere in their beliefs, and that there is much that is good in some of their ideas, but the present incident shows them in a very bad light.

The Royal Society at its recent meeting at Ottawa "went up in the air" for a short time. It listened to an illustrated lecture on aviation.

There is a movement on foot to rename Hudson Bay the Canadian Sea. This might settle the question of ownership for all time, but the change will never be made.

Boyrassa is adopting the methods of the Chinese in trying to institute a boycott against everything not French. He will fail, because the French Canadians have too much sense to be led away by a scaremonger.

There is a fight on between Klaw & Erlanger and John Cort. Klaw says he has Cort beaten already. Cort also is confident of doing a good business. Probably there is room for both of them on this coast.

The government of New Zealand is proposing to place a penalty of \$500 on anyone convicted of bookmaking, with alternative punishment of three months in jail. The same penalty will be placed upon the person making a bet with a bookmaker.

Ralph Connor has been saying things about the city of Winnipeg and its administration, and scoring the chief of police and mayor. For this he is getting some knocks, but then we all get that. They don't hurt much.

It is sometimes said that the Liberal party in the Dominion of Canada stands for a protective tariff, and yet over half of the imports from the United States alone come into this country wholly free of duty.

It is gratifying news that comes from England in regard to the settlement of another of the large strikes which have been tying up the business of the country.

With the rise of the British Empire the word "imperialism" has taken on a new meaning. To-day it means a number of practically independent nations bound together by ties of kinship and mutual regard all ready to stand as one against a common enemy.

There are signs and portents which indicate that there never was a time in the history of Victoria when there was more urgent need of an independent public journal which is not afraid to advocate her interests and defend her rights.

It is hoped that every effort will be made to have the apple exhibit at the First National Apple Show at Vancouver this year. The premier representative of the City Council, Board of Trade, and Development League might well cooperate in this matter with the Fruit Growers' Association so that the products of Vancouver Island may be properly represented and placed.

Half a million pounds are spent yearly on hunting in Ireland. The heaviest precious stone is the Zircon, which is four and one-half times heavier than an equal quantity of water.

How long would a man who has acted as Premier McBride have been allowed to occupy a position in public life in England if it shall be proclaimed that the men who are entrusted with the work of directing the affairs of state may sin with impunity against the standards we have set up for the guidance of honest men.

BOWSER STEPS TO THE REAR

HON. PRICE ELLISON IS FINANCE MINISTER

W. R. Ross, K. C., Joins Government as Minister of Lands

By a cabinet shuffle announced this morning on the authority of Premier McBride, Hon. W. J. Bowser, the "Boss of the Administration," is shown of much of the power he has heretofore been able to wield as a member of the provincial government.

Those in touch with the political situation see in the latest move of the premier a clever scheme to discipline the aggressive senior member for Vancouver city, by being a matter of common knowledge that the relations between the two have been the reverse of cordial for some time past.

The new lands minister, Hon. Wm. Roderick Ross, who has filled the post of Conservative whip and chairman of the private bills committee, is a son of Duncan Ross, his mother's maiden name being Miss Annie Mackenzie.

The new minister, who holds the degree of a master of arts and is also a King's Counsel of British Columbia, was educated at St. John's college, Winnipeg, where he graduated and received his degree and was married on October 5, 1892, to Miss Lella Young.

From London "Streets." Beneath this narrow, jostling street, Unruffled by the noise of feet, Like a slow organ note I hear The pulses of the great world beat.

Unseen beneath the city's show Through this aorta of the flow The currents of the universe— A thousand pulses throbbing low!

So through this artery from age To age the tides of passion race, The swift historians of each day Flung a world upon a page!

And there I pause and gaze my fill Where cataracts of traffic spill The fierce, the frenzied, the fevered, Look up, the crown on "old-age Hill!"

Remote from all the city's moods, In high, untroubled solitude, He sits, the student of the dream, St. Paul's above the city broods.

What Other People Think A PARENT'S VIEWS. To the Editor:—It is the habit of most of us who have children to indulge on occasion in speculative fancy as to the great careers which await our boys and the youngsters display some evidence of talent we hope they may one day occupy the highest position in the service of their country.

The funeral of the late Mrs. Mellor will take place from the family residence, 557 David street, to-morrow afternoon at 2 o'clock, and later from St. John's church.

The death occurred yesterday of the infant son of Alex. Chan, Chinese Methodist missionary. The funeral took place this morning.

The funeral of the late Mrs. W. H. Huxtable will be interred in Ross Bay cemetery to-morrow afternoon from the family residence, 1205 Moss street, at 2.15 o'clock, and from there the cortege will proceed to the Christ Church cathedral. Services will be conducted by Rev. E. G. Miller.

Our Special Sale To-night Remnants of Flannels, Cottons, Sheetings, Linens, Flannelette, Prints, at our usual low prices for a quick clearance on Saturday night.

Bound Novels, Cloth Covered, With Gilt Lettering, by well known English Authors, Reg. 40c, Saturday, 20c

The Boy of Lilacs, by Wainman. Living Lies, by Miller. The Murder of an Innocent, by Albanese.

David Spencer, Limited

I may add, however, that I am not so unsophisticated as to believe for one moment that the Premier, of his own volition, will acknowledge his fault, or that his party will discipline him, or that the people will give prompt evidence of their displeasure.

OBITUARY RECORD The funeral of the late Mrs. Mellor will take place from the family residence, 557 David street, to-morrow afternoon at 2 o'clock, and later from St. John's church.

LOCAL NEWS The Canadian Bank of Commerce intends opening a branch at Cumberland about the 15th inst., when W. T. White, who has until recently been manager at Skagway, will be in charge.

The amount involved in the real estate transaction put through by Bevan, Gore & Elliott, property on the corner of Government and Cormorant streets being sold to a London capitalist, was \$70,000, not \$7,000.

The B. C. Land and Investment Agency announces that the property on which is situated the two story business block now occupied by the Victoria Book & Stationery Co. on Government street, has been sold to a local investor. The consideration was not made public. The property has a frontage of 33 feet on Government and has a depth of 120 feet.

Charles Stratton, a driver for the Pacific Transfer Company, appeared in the police court this morning charged with neglecting to provide for his wife. After a long hearing in which several relatives of the accused and his wife were examined the decision of the magistrate was set over until Monday morning, and meantime he will hold a consultation with Dr. G. A. B. Hall, city health officer, to decide what can be done with the accused's child.

A new lodge of the International Order of Good Templars, to be called Victoria Lodge No. 34, was formed last night in the school room of the Church of Our Lord, the grand chief templar, Rev. C. W. Tate, officiating. Several members joined on cards from other lodges, and two new members were initiated. Rev. Thos. W. Gladstone was elected chief templar, and J. D. Turner secretary. They with the other officers, were duly installed and committed.

tees were appointed. It was decided to meet in the same room every Friday at 8 p. m. Mr. Booth, the head of the juvenile department of the order, addressed the lodge on the importance of taking up work for the children at an early date.

CANADA'S FAMOUS FOOT-BALL TRAINER Gives His Opinion of Zam-Buk. Mr. Sam Vaughan, trainer of the Hamilton Tigers Football Team, and admittedly one of Canada's finest trainers, is amongst those who have proved how useful Zam-Buk is to the athlete as well as in the home. He says: "I hold Zam-Buk in the very highest esteem as a balm and embrocation for athletes. As trainer to the famous Tigers Football Team of Hamilton, I introduced it some time back and it would be safe to say that there is not one single member of the team who has not been indebted to Zam-Buk for the cure of some bad bruises, cut or sprain. Zam-Buk prevents wounds taking the wrong way, and ensures rapid and healthy healing. "Many of the ordinary preparations cause hard encrustations to form on a wound or cut, and when these get knocked off, the wound is worse than ever. Zam-Buk, on the contrary, while healing a wound, keeps the tissue soft. "In my estimation it is the finest healing balm obtainable, and no athlete-institution or no athlete should be without it. I say this after over fifteen years' experience as a trainer for stiffness, muscular rheumatism, and as an all-round embrocation and balm. Zam-Buk is, without doubt, entirely superior." Athletes should note that the above opinion is shared by such well-known sportsmen and athletes as Sherring, of Hamilton; Longboat, the All Blacks, of New Zealand, and all the leading football organizations of England. For sprains, cuts and abrasions, for stiffness, muscular rheumatism, and as an all-round embrocation and balm, Zam-Buk is, as Mr. Vaughan expresses it, "entirely superior." All druggists and stores at 50c. box. Refuse imitations.

NOTICE. Subscribers of the Victoria Daily Times are requested to pay their subscriptions to the collector, and not at the office.

"As he brews, so shall he Drink."—Ben Johnson.

If a man is what he drinks. We may say brew your own health with Lemp's Beer, a fine malt and hop beverage worthy of the "golden age" when beer produced the works of Shakespeare, and his contemporaries, Ben Jonson, Dorset, Dancyel, Silvester, Denver, Southampton, Beaumont, Fletcher, Geldry, Brauer, Dekker, Raleigh and Bacon; names that will be famous as long as this old world endures, and that became famous through beer, in the Elizabethan era, when a man drank his quart of good "double beer" for breakfast and felt only benefited by a bottle of Lemp's Beer at your hotel, bar, restaurant or club. If your dealer cannot supply you with a case for home use, please phone us and we will see that you get it at once.

S. P. C. A. cases of cruelty, phone Inspector Russell, No. 1921.

The appeal for warm clothing to be sent to the Campbellton fire sufferers, met with a most generous response. All day yesterday the ladies in charge of the packing arrangements were kept busy sorting the clothing which had been sent in and sewing it up in canvas bags, which the Dominion Express Company have kindly agreed to ship free of charge. Between twenty and thirty bales were ready last evening, without counting the contributions from the local drygoods stores and wholesale houses. All bales were systematically labelled so that when they arrive at their destination there will be no confusion. Mrs. Wm. Grant was convener of the packing committee and was ably assisted by Mrs. Gould, Mrs. Vincent, Mrs. Watson, Miss Munroe and others.

The ladies of the W. C. T. U. Mission Board acknowledge with many thanks the following donations for the month of August and September: Mrs. Few, milk, twice weekly; Mrs. Townsend, plums; Mrs. Dr. Russell, carpet, a friend, clothing; Mrs. Fould, pears; Mrs. Goodacre, magazines and pears; Mr. W. Fernie, plums and apples; Mrs. Gilbert, books, reading matter; Miss Copeland, magazines; a friend, books and papers; Emmanuel B. Y. P. U., cakes; Mrs. Crawford, quilts, also the Times and Colonist each day, which are much appreciated by the men; Mrs. Kay (the matron), gave a very interesting report on the work of the mission, several of the men having signed the pledge. The Saturday night concerts, which are given by the different churches of the city are much enjoyed by the men. The ladies of the W. C. T. U. are holding a bazaar in the Congregational church next Monday and Tuesday, which promises to be a great attraction.

The Jeweler, 315 GOVERNMENT STREET. Phone 1606.

DRILL HALL SITE IS FINE ONE

AT CORNER OF BAY AND McBRIDE STREETS

Total Cost of Property is in the Neighborhood of Thirty Thousand Dollars

As announced in last evening's Times, the provincial government has at last chosen a site for the new drill hall the erection of which is rendered necessary by the old building on Menzies street requiring to be pulled down so as to round out Parliament Square.

Hon. Price Ellison, in making arrangements to complete the purchase by expropriation in several instances, of ten city lots at the corner of Bay and McBride streets—on street above Douglas street and close to the North Ward school. The total purchase price of the new site approximates between \$30,000 and \$35,000, which amount will be paid by the province, which retains title in the land.

The selection of the site has already been approved by Lieut.-Colonel Currie and Capt. Lindsay of Work Point Barracks, who represented the federal government. It is not expected that the erection of the new militia headquarters for Victoria will be undertaken until next season.

At the time that the provincial government decided upon the utilization of the entire square bounded by Belleville, Government, Superior and Menzies streets for provincial legislative and administrative purposes, an agreement was reached with the Dominion government that a new drill hall would be erected upon the sole condition that the province provide the alternative site, to be approved by the district officer commanding, who at that time happened to be Col. J. Peters. Upon that officer's retirement from the charge of military district No. 13, the approval of the new drill hall location on behalf of the federal government was transferred to Lieut.-Colonel Currie, who had associated with him in the selection Capt. Lindsay, of the Engineers.

The Women's Local Council will meet in the upstairs committee room of the city hall on Monday at 2.30. A full attendance is requested as business of the utmost importance will come up before the meeting.

C. E. Cartwright of Vancouver has been engaged by the B. C. Electric Railway Company as consulting engineer to locate a route through the Saanich peninsula for the proposed suburban tram line, the construction of which is contemplated.

A special meeting of the ministering circle of the King's Daughters will be held at the Fort street rooms on Monday afternoon at 3 o'clock for the purpose of electing president and secretary. A full attendance is requested.

The Welsh committee have arranged for an elaborate programme for the next meeting of the Victoria Cymrodorion Society to be held, Oct. 20th. There will be a number of vocal solos, instrumental music and recitations. After the programme light refreshments will be served, towards which the members are asked to contribute. Mrs. Jenkins will preside. This meeting is to be the opening one of the winter season and all the Welsh in Victoria are asked to be present and bring their friends, as this will be an open meeting. Steps have also been taken by the committee with a view to a reception of the Welsh Ladies' choir.

A meeting of the Victoria branch of the Naval and Military Emigration League, formed for the purpose of assisting the emigration within the Empire of ex-service men, was held at the Empress hotel last night. His Honor Lieutenant-Governor T. W. Paterson has accepted the position of vice-president of the branch. There were present Col. Wadmore, Lieut.-Col. Currie, Major Christie, Gordon Smith and E. H. Mansfield, the secretary. An effort will be made to secure employment for ex-service members as bank messengers, watchmen, or other positions available to former members of the army or navy who come to British Columbia to make a new home.

AWARD CONTRACT FOR SEA WALL

PACIFIC COAST COMPANY'S BID WILL BE ACCEPTED

Considerable Quantity of Important Business Transacted by Streets Committee

A considerable quantity of important business was transacted at last evening's meeting of the streets committee of the city council. The Pacific Coast Construction Company will be awarded the contract for the erection of the sea wall along the Dallas road, foreshore for the figure of \$74,389.

The city engineer and city assessor, to whom were referred the various tenders to report at last night's meeting, recommended that the Pacific Coast Construction Company be given the work, the next lowest tender being W. E. Wilson, representing American capital, for the figure of \$78,777.

The other tenderers were: The Westholme Lumber Company, \$87,336; city engineer, \$89,437; Hugh McDonald, \$112,588; Parfit Bros., \$119,984 and Louis A. Borde, \$140,756. The tender of the last named was discarded because he failed to enclose the necessary certified cheque as called for in the specifications. The committee's recommendation that the company's tender be accepted and the contract awarded will be adopted at Monday night's meeting of the city council.

The repaving of Bastion street, between Government street and Wharf street, and on Langley street between Yates and Bastion streets, will be commenced at an early date. The city assessor reported that all the owners on Bastion street had signed the agreement which will be entered into between the city and the owners under which the city will assume the remaining three annual assessments due under the old paving by-law, an amount of about \$2,200, and the new work will be assessed against the owners in the usual ten annual payments. The present concrete base will be suitable for the new surface, one-third of the cost of which will be borne by the city and the remaining two-thirds by the owners. The offer of the Worswick Paving Company to lay a five-inch asphalt surface on the concrete base at a cost of \$1.50 per yard on a ten years' guarantee, fifteen per cent. of the contract price to be retained by the city as a guarantee, will be accepted and the owners agree not to raise any dispute or action because of anything done under the new arrangement. In regard to Langley street the owners on that thoroughfare have not yet all signed the agreement but it is expected that they will do so.

The city engineer reported that to widen Douglas street from Humboldt street to the junction of Douglas street with Superior street will cost in the neighborhood of \$28,275 for expropriation of necessary land and to pave the thoroughfare with asphalt and lay sidewalks, curbs and gutters will cost another \$40,725 or a total of \$69,000.

The engineer submitted a plan of the proposed widening showing that it will be necessary to remove a portion of the rear of the Weller factory and also the removal of a small residence owned by J. A. Turner, while the street line will come very near the residence of Mr. J. J. McKay cutting off the veranda.

The mayor believed the street could be so widened as to obviate this expropriation work or a great part of it. The engineer will submit another plan at the next meeting of the committee what alternate method of widening can be taken.

Local improvement works favorably considered at last night's meeting were the following: Asphalt pavement on Belcher street. This street has already been paved for macadam, but the old by-law will be closed up and application made to the lieutenant-governor in council for authority to undertake the new work. Other works were: Asphalt pavement on Oliphant street; Cambridge street, between Dallas road and May street; Wellington avenue, between Dallas road and May street, and May street, between Cook street and Moss street.

Because of the complaint made by Fire Chief Davis against the granting of permission to merchants in the wholesale district to erect iron awnings and sidewalks it is probable that no more of such requests will be granted. Messrs. R. P. Rithet & Co. presented a request that they be permitted to erect such an awning on their Wharf street premises. The request was laid over until Monday night.

With an additional supply of creosote, some 75,000 gallons, and repairs to the creosote plant so advanced that work by the engineer has promised to be resumed on Monday, the city engineer promises a resumption of active work on the Douglas street paving scheme. While the plant has been shut down the daily supply of blocks have been delivered by the mills, and consequently a good supply is on hand. Owners on Yates street, between Douglas and Blanchard streets, have been chafing at the delay in completing that work but the engineer has promised that now that the preliminary work is about completed the concreting of the roadway for the block pavement will be commenced at once.

The local representative of the Bitulithic Paving Company was present last evening and objected at the manner in which the city has been calling for tenders for paving work. He contended that there was little object in his company tendering for work when the city, after calling for tenders on a standard specification allowed alternate tenders. He instanced the case of the Worswick Paving Company, which had been awarded contracts on its alternate tender. This tender was for the company's own process. The Bitulithic company would like to tender against asphalt if it knew what such asphalt was and what are the specifications. The city has its own standard specifications, but when alternate bids are accepted there is no objection to meet, Mr. Scott de-

FIELD TRIALS START TUESDAY

ELITE OF DOGDOM IS OFF TO LADNER

No Representative in Annual Event From Capital City of Province This Year

The annual trials of the British Columbia Field Trials' Club will take place at Ladner next week, the opening event being scheduled for Tuesday. There is a big entry for the different events, many of the best dogs on the Pacific coast having been entered. Unfortunately, however, there is no entry from Victoria.

A feature of the trials this year will be the championship stake, entries for which are to be made at the time of the draw. The stake is for two hours, which should demonstrate the quality of the contestants.

J. Tudor Tiedemann, of San Francisco, one of the best judges in America, has been engaged for the approaching trials, and is expected to arrive here to-morrow.

All-Age Stake.

McALEER SELECTS
ALL-STAR TEAM

Philadelphia, Oct. 8.—The opening game of the series between the all-star American team and the Philadelphia Athletics to keep the pennant winners on edge for the world series with the Chicago Cubs, will be played on Tuesday. According to announcement today, Jimmy McAleer, manager of the Washington Americans, who is directing the all-stars, announced his line-up as follows: Milan, lf.; Elberfeld, 2b.; Lord, 3b.; Cobb, r. f.; Speaker, c. f.; Stahl, 1b.; McBride, ss.; Sullivan, p.; Walsh, p.

MORNINGSTAR LOST
TO WILLIE HOPPE

New York, Oct. 8.—Whether Willie Hoppe is a better billiardist than Ora Morningstar is still a widely disputed question, although the result of their recent match would seem to indicate he is.

The final score when the match closed last night was: Hoppe, 2,000; Morningstar, 1,885.

Morningstar led on the last three nights but Hoppe had such a lead the first night that Morningstar was unable to catch him. A return match probably will be arranged.

NEW LIGHTWEIGHT
ON FIGHT HORIZON

New York, Oct. 8.—"Young Sammy" Smith is being touted to-day by New York fight fans as the coming lightweight champion. The lad created a good impression by his decisive victory last night over Willie Beecher, who is rated a good boy. The national club gym was well filled and the verdict in favor of Smith was almost unanimous. Smith led by a big margin in seven of the ten rounds. For the other three he held his own.

SPORT NOTES.

The last racing of the year at Minoru park commences to-day, under the auspices of the Vancouver Jockey Club. Next year there will probably be six meetings at Minoru.

The second game between the Vancouver and National lacrosse teams resulted in a defeat for the Nationals by 7 to 4. The game was clean. The Westminster team to-day plays against the picked team from the Vancouver and National clubs, which will endeavor to defeat the champions.

Tommy Gifford, the veteran captain of the world's champion lacrosse team, will play his last game to-day. Tonight he hangs up his stick for good and makes way next season for the younger players of the Royal City.

Battling Nelson is hungry for another chance at Wolgast. Ketcher's retirement from the ring is looked on as a certainty. Tom Sharkey is doing the old "come back" noise, which nobody, not even himself takes seriously, and Tommy Burps is megaphoning the cities of the Northwest about Indians and star ball teams for Australia in December when the sun is round the 100 mark.

George Archibald is riding at the Woodbine, and last week headed the list of winners. All but seven races at the Woodbine track this meeting have been won by five jockeys. Oh, you system players!

Manager Brown of the Vancouver ball team is seriously taking up the protest against Gus Helling. Manager Cohn of Spokane is very seriously opposing it. Brown intends to claim those games in which Helling played against the Beavers. If the claim is upheld the Beavers will get the pennant.

The American college football season opened to-day. Games played under the new American rules. There were twenty-four colleges engaged in the matches.

If Victoria is awarded the baseball franchises in the 1911 Northwest league, a first-class manager who understands baseball and also managerial duties will be needed. It is reported that the promoters have practically agreed on the man they will import for the job.

Danny Maher, the leading English jockey, will retire from the turf at the close of this season. Maher has been riding successfully for several years and is now a rich man. The most particular reason for the famous jockey's retirement is the fact that he cannot make less than 125 pounds.

Rod Standen, the Nanaimo coal miner, who defeated everything up to Lauder, has agreed to box a human idea which gives its name as the "Dixi Kid." If the Dixi Kid has money and is not afraid to post it the fight will take place at North Vancouver this month.

To be perfectly proportioned a man should weigh twenty-eight pounds for every foot of his height.

NO MAN can serve two masters; nor can any shop maintain two standards of quality.

Semi-ready Clothes are made and tailored in a shop where the same high quality—the same standard of quality in workmanship is maintained.

The same tailors who make the \$25 and \$30 suits make those at \$15, \$18 and \$20. There is no cheap-cloth nor cheap work in a Semi-ready Garment. Every suit is tailored under the one roof—the only way that high-class craftsmanship can be maintained—the only tailoring shop in Canada maintaining that policy.

ENGLAND AT THE OLYMPIC SPORTS

AMATEUR SQUABBLE

HURTING CHANCES

United Kingdom Held to Be Unable to Win One Single Event at Stockholm in 1913

London, Oct. 8.—The critical period in British athletics is by no means past, and it is very difficult to predict even now what will be the ultimate result of the controversy between the Amateur Athletic Association and the National Cyclists' Union. The squabble has been in force now for many months, and from the contemporary indications it will continue for some time yet.

verly will injure England's chances in the next Olympiad, to be held in 1912 at Stockholm.

The association is gradually getting a number of cyclists to race under its banner, and by discouraging open professionalism, keeps thousands of runners in its ranks who are known as amateurs, although probably fifty per cent. would rather run for cash. The union has not attempted to cater to footracers, but another body has come into being under the title of the National Athletic Union, which is doing so. The new organization proposes to cater to both amateur and professional runners, and it may prove a big rival to the association.

Still another new body has recently been formed under the title of the Amateur Athletic Union. This is not antagonistic to the association, but its objects are to safeguard the interests of athletes, and if possible, bring about a settlement of the trouble between the recognized athletic and cycling governing bodies. It must be confessed that the association falls a long way short of being up-to-date. It does little to promote athletics beyond holding a yearly championship meeting, and although the Olympic games were held in 1908, it has not yet been considered necessary to add such events as the discus, javelin, hop, step and jump, and standing high and standing long jump, to the programme. Naturally progressive sportsmen feel upset at this, and anything to improve matters will be welcome.

Suppose an Olympiad were to be held next week, what events could the United Kingdom look forward to winning with any degree of confidence? Maybe the long distance races—five miles and team—and maybe the steeplechase. I know of one other. Let us run over the various events as briefly as possible, just to see how we really do stand.

For 100 yards it is questionable whether we have a man who can do a 10-2-5 sec., either way of a track. I am not including R. E. Walker, who, of course, is a South African, and he has now turned professional. To one man 10-1-5 sec. is one day, credited, and R. C. Duncan at Ibrox ran quite fast over 100 yards, but when we come to examining other times they are bad, and in the championships British athletes were running very, very slowly indeed. Duncan and Appleby would not have a big say in an international 100 meters race, though runners who claim the ability to do "quarter-second." They may run so fast when wind and trackfall help them; under fair conditions they cannot do so.

Over 200 meters E. W. Haley would be our best man. F. L. Ramsdell beat him at Stamford Bridge, after a tight finish, in the furlong, but F. L. Ramsdell is not by a long chalk the best 100 yards or the best furlong runner in the United States. He was lucky to win the international collegiate hundred at Philadelphia, and Craig simply ate him up when doing the very fast time in the 220 yards. Twenty-one and a fifth seconds, was it not? Whether Craig is really faster than Robert Cloughen, with the latter fit and well, I cannot say; but I should prefer Kerr at his fastest to Ramsdell, and, properly fit, Cloughen is maybe faster than the Canadian.

Not a solitary event (unless it were

Hunyadi Janos
Natural Laxative Water
Recommended by Physicians
Refuse Substitutes
Best remedy for CONSTIPATION

the tug-of-war) would be won by the United Kingdom. Candidly, we are at the present time far worse off than we were prior to the start of the 1908 Olympiad, and during the forthcoming winter our athletic authorities will have plenty of opportunities to ponder over the position of affairs, and to decide what can be done to develop our young men between next spring and the Olympic games of 1912.

FRUIT GROWERS AND NATIONAL APPLE SHOW

Island Producers Anxious to Make Comprehensive Exhibit at Vancouver Display

Representations have already been made to the board of trade and to the development league by the fruit growers of Vancouver Island in regard to arrangements being made for an adequate exhibit on behalf of the Island at the forthcoming national apple show at Vancouver, and a similar appeal will also be made to the city council at its next meeting. The Victoria Fruit Growers' Association have taken the initiative in the matter.

The Vancouver show, the first of its kind to be held in Canada, is open to the world, and money prizes of large amounts will be given. Entries are expected from all the leading apple growing centres of America as well as elsewhere and no effort is being spared to make the event a complete success. The local Fruit Growers' Association will make an exhibit, but to do so requires a considerable sum if the exhibit is to be one worthy of the Island. The association is not financially strong enough to undertake the matter itself. As an advertisement for the Island a first class exhibit of the fine fruit which is grown here would be the fruit growers believe, one of the very best. It is the intention to ship at least three vars of the finest specimens of the various varieties of apples. To buy, pack, ship and properly install the fruit in the Vancouver show will cost from \$2,500 to \$3,000, but in return the Island would receive one of the very best advertisements it has ever had. Some idea of the excellence of the fruit which grows outside grows are very prone to decay, can be had from the fact that at the recent local exhibition, of the four commercial classes three of the first prizes went to local growers, the fourth being taken by Mrs. Smith, of Spence's Bridge, a grower who has attained a world reputation.

Vancouver is raising a large amount towards the conduct of the show. Nelson has given \$500 and other municipalities are showing a ready desire to contribute in order that their several districts may be adequately represented at the show. The local growers believe that it is also up to the Island sections to contribute to the end that this section of the province may not lag behind the other fruit growing districts.

WILL OPEN BAZAAR.

Mrs. T. W. Paterson to officiate at Function on Monday Afternoon.

At 3.30 on Monday afternoon, Mrs. T. W. Paterson will open the bazaar in the lecture room of the First Congregational church, which is being held by a number of ladies' organizations throughout the city in aid of the purchasing fund of the W. C. T. U. men's mission on Store street.

This bazaar gives every promise of being a very pleasant and profitable function. Afternoon tea and ice cream will be served, and there will be tables of all sorts of plain and fancy needlework on sale. During Monday and Tuesday evenings a good musical and literary programme will be rendered. There will be no admission fee and the public will be cordially welcomed.

SUES FOR LICENSE.

Japanese Begins Suit When Application is Refused by County Official.

Seattle, Wash., Oct. 8.—To compel Claude F. Gage, a clerk in the county auditor's office, to issue a marriage license to him, Sukichi Tanda, a Japanese farm hand, has begun suit in the Supreme Court. Tanda appeared at the auditor's office a week ago and asked for a license that would permit him to marry Miss Daisy Tibbitt, of Vaughan, Wash. The license was refused because the auditor believes that marriage between white girls and Asiatics in Seattle is becoming altogether too promiscuous.

REAL RED TAPE.

A wildly absurd instance of red tape and officialism is given in Berlin papers. It comes from the Weser Zeitung, which vouches for its truth.

On December 23 last Dr. Koelgin, professor at the University of Bonn, was killed in a railway accident near Scheessel. The provincial authorities have now sent in a claim to Frau Koelgin, the widow, demanding \$5,000 expended at the time of the accident on removing the blood stains from the railway premises. The authorities inform Frau Koelgin that if she does not pay she will be proceeded against.

GIRL KIDNAPPED.

Seattle, Wash., Oct. 8.—Matsuji Yamada, a farmer of Bellevue, has sworn out a complaint charging that his 15-year-old daughter Sui Yamada, who has been missing from her home since September 3, has been kidnapped by YAKUSHI TAGASAKI. The father declares that Tagasaki was refused the girl's hand and has sent a message that she can be found if a marriage is agreed to. Yamada asserts that Tagasaki found Sui at the public market, coaxed her into a taxi cab and made away with her.

ROOSEVELT DEFENDS NEW NATIONALISM

Declares it is Not Revolutionary—Corporations Must Be Honestly Managed

Knoxville, Tenn., Oct. 8.—The south gave Theodore Roosevelt a welcome yesterday which he described as "great, by George."

The colonel talked "new" nationalism. He defended it from the criticisms that have been directed against it, and said that it was not revolutionary but rather was designed to put a stop to things that might bring on a revolution. He also put in a few words about his fight in New York state, saying he was trying to improve conditions there.

"It is quite a job," he said, "but we are going to do it."

In his Knoxville speech at the Appalachian exposition grounds, Col. Roosevelt discussed "New Nationalism" and the navy.

"We have plenty of things to learn and plenty of things which we can improve on," he said. "I have come in contact with several of them, and I am engaged in trying to improve my native city and state of New York. As a people we can keep ourselves, our citizens on a high plane of usefulness and achievement only by applying to the new things the old principles—the old Morality that enabled our fathers in their days to achieve success for our land."

"Instruments change. Take for example the army. The men who fought in the civil war fought shoulder to shoulder with muzzle-loading muskets; our army to-day uses repeating rifles. It is folly to decline to adopt new weapons because the old ones did well in their day."

"There are two lessons from that. In the first place the folly of refusing to adopt new experiments in order to solve the new problems, and next to remember that while the methods must be different, the spirit must be the same. It is not necessary for us to have a big army, but we must have a first class navy. I am a profound believer in peace, and I want to see the navy kept up because I know nothing procures a stronger desire on the part of other people to keep at peace with us."

"Now, friends, what I have said of the army applies in civil life. On the one hand we cannot solve our governmental problems of to-day, unless we approach them in the spirit of our forefathers, who solved the problems of their days; and on the other hand it is simply folly to reject methods of government, because they were not known to our forefathers."

"Now in the same way the government must increase its power—its power of wealth in large aggregations. Continually, my friends, people say that I attack corporations when I speak as I am now speaking. For the thousandth time I will say that I am not against corporations. I am only saying that they have to be honestly managed. The little man can safely be left to deal with his neighbors, whereas the big man is the neighbor of all of us."

"The man who controls a great railway system stretching from 1,000 or 2,000 miles—that man is the greater than all of us, and he is too big for any of us to deal with in his individual capacity."

"In the case of that man you have to invoke the help of some bigger man, and that is Uncle Sam. I mean you have to get the representatives of all of us to deal with particular kind of wealthy man—deal quickly with him."

PRETTY HOME WEDDING.

Marriage of Mr. Ralph Marshall Harvey and Miss Margaret Black.

A very pretty home wedding took place on Tuesday evening, the 4th instant, at the home of Mr. and Mrs. J. W. Black, 2222 Ross street, when the marriage of their daughter, Miss Margaret May, to Mr. Ralph Marshall Harvey, was solemnized by Rev. A. Henderson.

The bride, who was given away by her father, looked very beautiful in a wedding gown of white corded silk, on train. The gift of a friend from Hongkong, with this she wore a handemely embroidered veil of fine Brussels net, and carried a bouquet of brides roses. She was attended by Miss Ada Ethelington, Pandora avenue, looking very daintily in a pretty dress of white silk mull with lace insertions, and carrying a bouquet of pink carnations. Arthur B. Smith, H. S. Shearwater, supported the groom and Miss Rita Ethelington, wearing a very pretty white lingerie dress, played the wedding march.

The ceremony took place beneath a large bell of white roses, and the decorations of the different rooms were carried out very artistically in pink and white relieved by massed ferns and trails of smilax.

About forty guests were present and sat down to a daintily served wedding supper.

The honeymoon is being spent in the South cities and on their return the young couple will reside on View street. The bride travelled in a tailored plum-colored dress with grey coat and black picture hat. A great many very beautiful and costly presents were received, testifying to the high esteem in which many friends and guests are held by both bride and groom. The bride's gift to the groom was a handsome gold watch box, while his to her was a very pretty set of furs. To the bridesmaid he gave a gold brooch with coral, and to the best man a searf-pin similarly set.

FREE TRIAL OFFER

I will send to every reader of this notice who suffers in any way from any of the troubles peculiar to women, if she will send me her address, enough of the ORANGE LILY treatment to last her 10 days. In many cases this trial treatment is all that is necessary to effect a complete cure, and in every instance it will give very noticeable relief. If you are a sufferer you owe it to yourself, to your family and to your friends to take advantage of this offer, and get cured in the privacy of your home, without doctor's bills or expense of any kind. Enclose 1 stamp, and address, MRS. FRANCES E. CURRAN, Windsor, Ont.

SAVED FROM THE KNIFE

Appendicitis Cured By "Fruit-a-tives"

NEWBURGH, ONT., Feb. 12th, 1910.

"Just about a year ago, our daughter Ella (fourteen years) was taken with terrible pains in the right side. The pain was so severe that we had to carry her to bed. We at once put her under the care of a first-class doctor, who pronounced it a case of Appendicitis and advised an operation.

We took her to a hospital in Kingston where she was again examined by an eminent specialist. He said she had Appendicitis and must be operated on at once if we wanted to save her life. As we had taken her to Kingston to have this done, we were ready, but our daughter was afraid and cried and begged so pitifully that we postponed it for that day. Luckily for us and for her an uncle came in with some 'Fruit-a-tives' and insisted on Ella taking them. Good results were apparent, almost from the first dose, and the continuous treatment cured her.

'Fruit-a-tives' saved our daughter from the surgeon's knife and to-day she is enjoying the best of health."

J. W. FOX, (Father)
LILLIAN FOX, (Mother)
Words cannot express the gratitude of Mr. and Mrs. Fox. Add Miss Ella will always remember "Fruit-a-tives"—the discovery of an eminent physician, and the only medicine in the world made of fruit. 50c a box, \$ for \$2.50, or trial box, 25c. At dealers, or sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

Walpoles' IRISH LINENS

44 H Bedford St, Belfast, Ireland
Illustrated Catalogue on receipt of Postcard to WALPOLES', 173 Huron Street, Toronto

Proving by Actual Experiment

This experiment will always interest the children, and will provoke a good deal of thinking. The explanation, of course, is, that the lighted piece of paper which is inserted into the inverted glass drives out most of the air, so that when the mouth of the glass is quickly put down into the water there is very little air, and, consequently, very little pressure, above the water within the glass. Hence, the weight or pressure of the air on the water outside the glass drives the water up into the glass to occupy the space from whence the air was driven by the burning paper.

A practical demonstration of this kind is always more convincing than any mere statement. This is particularly true of medical remedies.

The effect of the anti-toxin treatment for diphtheria is noticeable within a few hours, so that everyone must believe in its virtue. In a similar way, the treatment known as ORANGE LILY gives a practical proof of the progress it is making in curing women's disorders, and that, too, within a few days after commencing its use.

All authorities agree that in every case of women's disorders there exists a congested condition of the womanly organs. This congestion in these parts is slight or stagnant, and the result is that the broken-down tissue or waste matter which should be carried off if the blood was circulating freely, remains in these parts, causing inflammation, irritation, oppression of the nerves, etc. ORANGE LILY is not taken internally, but is applied direct to the suffering organs. It is absorbed into the circulation, and its antiseptic properties at once act on the waste matter referred to above. The consequence is that this waste matter, which is causing the inflammation, ulcers, nervous troubles, etc., begins to be discharged, causing the inflammation, ulcers, nervous troubles, etc., to be removed from the circulation. At the same time the blood vessels and nerves are toned and strengthened, the nervous trouble disappears, the circulation is restored, and good health ensues.

Toronto, Ont., June 2, 1909.

Dear Mrs. Currah—I wish to tell you that Orange Lily is doing me a great deal of good. Those ulcers came away one or two every week, and I have less pain and fewer headaches. I feel sure I will be perfectly cured in a little longer time. MRS. D. S. T.

The explanation of the wonderful cures performed by ORANGE LILY is very simple. It is a scientific remedy, based on the discoveries of Pasteur and Lister. The conditions existing in all female troubles are alike in character, differing in degree and development only, so that a positive remedy, as ORANGE LILY is, acts with all the certainty of a chemical experiment. In order to convince every suffering woman that ORANGE LILY will cure her, I make the following

GENERAL MERCHANTS.
Watrous, Sask., Sept. 8, 1910.

INTERNATIONAL SECURITIES CO., LTD.
Winnipeg, Man.

Gentlemen—I am pleased to know that you are meeting with such good success in the sale of lots in the Grand Trunk Pacific Subdivision to the Original Townsite of Watrous. This property is of a very desirable character, as it lays well and its location could not be improved.

It is my firm belief, and it is a belief shared universally by our citizens, that Watrous has a splendid future before it.

Fifteen years ago I was a resident of Regina, when it was much such a town as is Watrous to-day. Five lots, which I purchased in Regina for \$500, I afterwards sold for \$12,000, and to-day you could not buy them for double that amount. Being conversant with the natural advantages and resources of both places, I see no reason why Watrous should not grow just as rapidly as did Regina.

Yours truly,

(Signed) E. MEADOWS.

Copy of letter on file in our office from the Mayor of Watrous.

With the opening of Spring will come a rush of settlers bound toward Western Canada. Even this year, although the railway did not start operation until July, many are going in to take advantage of the wonderful opportunities along the line of the new Grand Trunk Pacific. Spring will see the new cities along the line double in size, and a corresponding increase in real estate values is the natural result. Can you afford not to own property in a city which is the very heart and centre of this great land movement—a city which bids fair to grow the fastest of them all—Watrous.

The whole West is growing at a tremendous rate, but we do not ask you to buy where you must wait for growth. The land we are offering in Watrous is already in demand for building—for home and business sites—and the citizens of Watrous, themselves, are among the best buyers.

Building operations in Watrous are active—a hundred houses or more have been built this year. The buildings erected are a credit to the city and hotel accommodations are being increased.

The Subdivision which we are now selling lies immediately to the north of the original Townsite of Watrous, right between the present town and the Lake.

The land is open, clear and smooth, so you cannot get a bad location. The lots are sightly and splendidly located.

The magnet toward which the town is building—Little Manitou Lake—lies but 2½ miles north of Watrous, so that our Grand Trunk Pacific Subdivision is right in line of growth of the city.

It is but seven blocks from the Grand Trunk Pacific station and but four blocks from the present heart of the city. There is no building whatever south of the station, as all this property is owned and reserved by the Grand Trunk Pacific. In three years from now lots which we are offering to-day will be right in the heart of the city.

THE GRAND TRUNK PACIFIC

Offers For Sale Lots in First Subdivision to Original Townsite of Watrous

A Hundred Per Cent a Year and More

Figures collected from authoritative sources show that the increase in land values alone in eight cities of Western Canada amounted to one hundred and twelve per cent, a year during the past five years. Western Canada should grow faster during the next three years than it did during the past six.

This means that in Watrous and the other good centres values may be confidently expected to increase at a rate of much better than one hundred per cent, a year.

If you have failed to get in on the money that was made in other Grand Trunk Pacific cities, such as Port Arthur, Fort William, Prince Albert, Edmonton, Prince Rupert, or in others which might be named, here is your chance now to get in right on Watrous. The same spirit of co-operation which has been extended by the Grand Trunk to these other cities which have made good will be extended to Watrous. Watrous is destined to become the inland Prince Rupert of the Grand Trunk Pacific.

Suppose you had purchased, a few years ago, lots close in at \$100 in any of the Western Divisional Points on the C. P. R., your investment would have been safe and certain right from the start, and it would have been constantly and rapidly increasing in value.

Note the Divisional Points on the main line of road of the C. P. R. running West from Winnipeg—Brandon, Moose Jaw, Swift Current, Calgary, Medicine Hat, Revelstoke. If you had purchased lots in any one or all of these Divisional Points, when conditions were similar to those in Watrous to-day—when these young cities were about two years old, had a population of 1500, and choice inside lots could be purchased at \$100 each—there could be no doubt about the wisdom of your investment, which would likely be worth to-day not less than \$10 for each dollar invested. This opportunity, however, was presented a few years ago, but is now a thing of the past.

You now have the same opportunity in Watrous that was presented in the Divisional Point cities on the C. P. R. The Grand Trunk Pacific is the latest and destined to become the greatest of all the Transcontinental lines. Traversing as it does a great and rich territory, there can be no doubt that the Divisional Points on the Grand Trunk Pacific will in a few years be cities of equal size and importance with those on the C. P. R.

Watrous has every facility of a modern town, including graded streets, sidewalks, telephones, and two new companies have applied for a franchise to install electric lights and street car service from Watrous to Little Manitou Lake.

Watrous will surely have a big boom early in the spring. Buy Watrous property and buy it now.

In case you desire further particulars, maps, etc., before selecting lots, use coupon below.

Telegraph Your Order at Our Expense

On account of the rapidity with which lots are selling, we advise that you let us make the selection for you, and we promise that we will give you the best available remaining lots at the time your order is received. That we may make the best selection for you, we advise that you telegraph at our expense the number of lots you wish and the price you desire to pay, and let your remittance follow by return mail.

Prices of lots, size 50x140 feet, are \$100, and corner lots \$125. You can buy a \$100 lot by paying \$10 down and \$10 a month; \$12.50 cash and \$12.50 a month for nine months buys a corner lot at \$125. If you want to pay all cash you may deduct five per cent discount.

Make remittance payable to the order of and send direct to the Land Commissioner of the Grand Trunk Pacific Railway, Somerset Building, Winnipeg. Receipts for payments made will be issued direct by the Land Commissioner of the Railway Company, and when you have completed your payments, Torrens Title will be issued to you direct from the Grand Trunk Pacific Railway.

If the selection of lots made for you by our representative is not satisfactory, all you need do is notify us to that effect, and the money which you have paid to the Grand Trunk Pacific will be refunded to you.

Remember, there is no interest charged on deferred payments in case you desire to purchase on the installment plan, and you do not have any taxes to pay until 1912.

The more lots you buy in Watrous the more money you will make. How many lots do you wish? Fill out the blank in the right-hand corner of this advertisement to-day for the number of lots you wish to purchase. Let your remittance follow by first mail, but wire us at once your reservation for the number of lots desired.

APPLICATION BLANK FOR PURCHASE OF LOTS IN WATROUS.

Land Commissioner, Grand Trunk Pacific Railway Co.,
Somerset Bldg., Winnipeg, Man.

I hereby make application to purchase.....lots at the price of \$.....each, and enclose herewith remittance for \$.....being one-fifth the total purchase price. I agree to remit the same amount each month for nine consecutive months.

I desire your representative to select for me, out of the subdivision which you have just placed on the market to the original townsite of Watrous, what he regards as the best lots remaining unsold at this price. Title to lots to be clear and indefeasible. No interest to be charged on deferred payments, and no taxes until the year 1912. Please make-out and forward to me your formal "Application to Purchase Town Lots" which I will sign and return.

Underwriters' Announcement of the

CALIFORNIA CONSOLIDATED OIL COMPANY

INCORPORATED FOR \$10,000,000

September, 1910, under the Laws of the State of California
10,000,000 SHARES, PAR VALUE \$1.00
Transfer Agent in California, Metropolitan Trust and Savings Bank,
San Francisco.
Principal Place of Business, San Francisco, California.

OFFICERS

President, REAR-ADMIRAL ROBLEY D. EVANS, U. S. N., re-
tired, Washington, D. C.
Vice-President, ROBERT S. McCREERY, New York City.
Treasurer, THEODORE P. GILMAN, New York City.
Secretary, ROBERT LEE DUNN, New York City.
Assistant Secretary, JAMES A. CRUKSHANK, San Francisco.

DIRECTORS

REAR-ADMIRAL ROBLEY D. EVANS, U. S. N., retired.
ROBERT S. McCREERY, Treasurer McCroery Realty Corporation,
and of McCroery Dry Goods Co., New York City.
THEODORE P. GILMAN, ex-Controller-State of New York,
and President General Electric Inspection Co., N. Y., New
York City. Also President Flower Waste and Packing Co.,
New York City.
HON. JOHN W. MITCHELL, Attorney for Lankershim Estate,
Los Angeles, California.
HON. MEREDITH P. SNYDER, President California Savings
Bank; Member-Los Angeles Clearing House Committee; three
times Mayor of Los Angeles, Los Angeles, California.
FRANK N. FISH, Cashier Metropolitan Trust & Savings Bank,
San Francisco, California.
ROBERT LEE DUNN, Managing Director Lincoln Memorial
Endowment Association, New York City.

PURPOSE

This corporation has been organized for the purpose of ac-
quiring and developing proven California oil properties, con-
structing pipe lines, and such other business as appertains to
the oil industry. It is planned to make this one of the biggest
institutions in the West.

MANAGEMENT

The management of this company is vested in a Board of
Directors, consisting of men whose reputation for integrity,
business success and conservative judgment is well known.
They have personally visited the properties. Several of the mem-
bers of the Board are men of national reputation.

POLICY

The affairs of the company will be administered with a view
to constant building up of the properties along lines justified by
conservative judgment. Aggressive and progressive policies will
be followed wherever such policies have the approval of the
best experts available. The men who will develop and operate
the properties which the company acquires are among the best
posted experts in the oil business in this country, and the com-
pany will have the benefit of their judgment during the first
year of its operation of the properties.

PROPERTY

The properties first to be operated by the California Con-
solidated Oil Company are as follows:

The MASCOT property, Midway field. Consists of one hun-
dred and sixty acres equipped with thirty-four wells. Four ad-
ditional wells are now being drilled. In the judgment of the
best oil experts of California, the property will support sixty
wells. Complete equipment of boiler plant, tanks, reservoirs,
living quarters, etc. The present output is 90,000 barrels
monthly, which is now providing a net income of \$350,000
yearly. With the addition of twenty-four wells a probable net
income of at least \$720,000 may be expected. The property is
on a dividend paying basis.

The PREMIER property, Coalburg field. Consists of one
hundred and sixty acres. Fourteen producing wells. One well
now being drilled and one ready for drilling. Complete equip-
ment of boiler plant, tanks, reservoirs, living quarters, etc.
These sixteen wells, basing the figures upon the present produc-
tion of the fourteen now producing will yield at least \$44,000
barrels yearly, a net income of \$240,000 yearly. In the opinion
of experts, this property will support eighty wells, which will

provide a net income of \$960,000 yearly. This property is on
a dividend paying basis.

The YELLOWSTONE property. Holdings in the Kern
River, Sunset and McKittrick fields. This property consists of
two hundred and twenty-five acres, with five wells. Complete
equipment of boiler plant, tanks, reservoirs, living quarters,
etc. The property earns \$48,000 per
year.

The present net
earnings of the prop-
erty is sufficient
to guarantee every
stockholder a sub-
stantial return on
his investment, re-
gardless of future
development.

STOCKHOLDERS SAFEGUARDED

The investor in
this company will
be protected in
every possible re-
spect. There is no
preferred stock.
There will be no
bonded indebtedness.
Every stockholder
enters the company
on the same basis.
The men associated
in the management
of the company are
recognized leaders
in banking, oil and
commercial circles.

Rear-Admiral Robley D. Evans, U. S. N.,
retired, President of the California
Consolidated Oil Co.

THE UNDERWRITERS' SYNDICATE

A Syndicate of Underwriters, composed of bankers and rep-
utable business men, has been organized for the purpose of pro-
viding funds, with which to meet the payments on these prop-
erties. Instead of following the usual practice of allotting this
stock to only half a dozen wealthy men, it has been decided to
allow our clients an opportunity to join this Syndicate and ac-
quire an interest in this corporation at the very first price. Our
clients will be given every benefit and advantage of this Under-
writers' Syndicate.

The stock of the California Consolidated Oil Co. will be offered
quickly as this Underwriters' Syndicate is closed. The price at
which the stock will be offered is that time will be greatly in
excess of the present price for which the Underwriters' Syn-
dicate members can get their stock.

Each member of the Syndicate is allowed to purchase any-
where from one hundred (100) to twenty thousand (20,000)
shares at this price, which has been placed at 50 cents per share,
par value \$1.00.

The stock is being rapidly absorbed.

Telegraph your reservation at our expense and send remit-
tance by mail using the attached order blank.

Lincoln Mortgage & Loan Co. Correspondents, Case, Cross

Statement by the President, Rear-Admiral Robley D. Evans, U.S.N., Retired

"I have long regarded the oil industry as one of the most
important and promising of the newer lines of trade. Without
intending to enter the business of producing or selling oil, I
have been carefully investigating, for several years, every avail-
able source of information on the subject, first, because of my
interest in the use of oil as a fuel for naval vessels, and later
because of my conviction that the future of the commodity
would make it one of the most important subjects in the trade
of the world.

"Many interesting business opportunities have come to me
since my retirement from active service in the navy, two years
ago. Fifty years of service in a calling which is more than or-
dinarily exacting, renders any man of active temperament un-
fitted to juggle. It has been my intention, when the right op-
portunity occurred, to connect myself with some enterprise of
sufficient size, and offering sufficient promise for the future to
appeal to my best energies. That opportunity is present in the
organization of the California Consolidated Oil Company.

"After personally visiting and carefully investigating the pro-
posed properties of the company, their books, contracts and op-
tions, I have accepted the presidency of the company and have
invested my own money in its shares. I will personally direct
its affairs. This is the only oil company with which I am con-
nected."

The Oil Book

We publish the "Weekly Oil Book," which goes
out every Monday morn-
ing. The "Oil Book" con-
stantly presents money-
making opportunities to
its readers. For the last
two years the "Oil Book"
has been pointing them
out and for two years its
readers have been making
money by taking advan-
tage of them. With special
writers, photographers, ex-
perts, etc., we get all the
news from all the oil
fields. The California oil
industry develops very
rapidly—every twenty-four
hours brings forth some-
thing new—a new pipe-
line started, another divi-
dend payer, a big contract
for oil signed, another
gusher, etc. It costs nothing to keep in touch with this ac-
tivity and with the money-making opportunities. Fill in and
mail the coupon and we will send you the "Weekly Oil Book"
for six months without charge or obligation.

We advise the purchase of California Consolidated Oil Co.
stock, now at 50c. Do not fall, should you not order now, to
send in the coupon for the "Oil Book," which will keep you in touch
with California Consolidated Oil Co. and the California oil in-
dustry.

Oil Is Now California's Biggest Industry

Millions Paid in Monthly Dividends

Oil is now California's biggest industry, employing thou-
sands of men and involving millions of dollars. The California
oil fields are undoubtedly the richest in the world. Owing to
their geographical position, which permits easy marketing the
value of their output will increase as the consumption of oil
for domestic, manufacturing and shipping purposes advances.
With the approach of its adoption by the great naval powers
as the best fuel, California will have the world for its constant
market. Already the industry has been transferred from the
plane of speculation into that of a solid and permanent ad-
dition to the world's list of dignified and enduring business enter-
prises. This change has been achieved through the steadily
increasing yield of the oil fields of the world and the entrance
into the industry of men whose business reputation is a guaranty
of the gigantic new work.

Many have made independent fortunes in successful Califor-
nia oil companies. These investors were either on the ground
or were advised by responsible oil investment brokers. Their
small investments have been returned to them in dividends
many times over.

GREAT BRITAIN THANKED.

Address to British Commissioner-General at Brussels Declaring Admiration of Action of Government.

A patriotic manifestation of thanks to the British nation was made a few days ago at the Brussels Exhibition by 500 societies of the capital and provinces of Belgium. They walked in procession through the grounds, each society following a characteristic flag. Before the new constituted industrial hall of the British section, the presi-

dent and secretary of the Organizing Committee presented an address to the commissioner-general. The address declared that the delegates expressed their gratitude and their admiration for the remarkable example of energy and sympathy towards Belgium which had been given by the British government in ordering and carrying out the rapid reconstruction of the beautiful British section. To this address Baron Janssen, M. Eugene Koyne, and the Comte Adrien Van der Burch appended their names. The little ceremony followed no formal speeches, but the presentation was very cordially acknowledged.

FISH FAILURE OFF LABRADOR

MUCH SUFFERING AMONG SETTLERS

Introduction of Reindeer Expected to Solve Starvation Problem in Frozen North

Writing on the steamer Strathcona, off Square Islands, on the coast of Labrador, Dr. Grenfell, the famous deep sea missionary, in a letter to the Toronto Globe, says:

The last report from the reindeer herders is exceedingly gratifying. There are some 800 all told, nearly trebled in three years. The section of the herd going to Canadian Labrador is to leave early in September. We have surveyed an island on which we propose to put them, and now only await the steamer of the Canadian coastal service to carry them over.

There is much more abundant, and the place much more desirable, from a herder's viewpoint than the higher hills on which we now have them.

The work of the agricultural department has been extended by the arrival of some more oxen from Prince Edward Island, and we have seen for the first time in this country a team of these trying to plough the land. It took considerable blasting and stone removing to make space for ploughing anyhow, and now it takes all the motive power all hands can put into it to help the three oxen turn over the virgin sods. To say the truth, it is the toughest material I have ever seen or heard of that claims that gentle title. Meanwhile the hardy vegetables from various sources are showing us the possibilities when we get into full swing later on. If Prof. Hansen's discoveries in alfalfa turn out to be what is claimed for them, that marvelous plant and the domestication of reindeer would go a long way towards solving the difficulties of building up a population in Labrador.

Flour is away up in price this year. Meat has gone "beyond all." Here are thousands and thousands of square miles of land all ready to raise meat with scarcely any labor. Like the barren islands we have selected in the Gulf to send part of our herd to this year, they are covered with moss, just the very food the deer need. We shall be landing at least 250 animals and not one pound of food to be brought or stored to feed them. They will all feed themselves. I firmly believe Labrador would support millions of these animals, and that hundreds of thousands of carcasses could be and will be exported annually in the days to come. Immense tracts of land are being sold for timber areas and pulpwood; big prices are being

paid. One company alone has spent over \$20,000 for their first year's rent. The same amount of money put into a reindeer herd would, to my mind, be far more safely invested.

It is to inaugurate a certain source of wealth from this country for all time to come. Meanwhile the outlook is serious for the settlers. While some did well with the fur last winter and the removal of a prohibition on killing beavers has and will keep many more, there are quite a number who are unable in any way to provide provisions for the coming winter, owing to the failure of the fishing. We visited yesterday a man whose leg had to be removed last summer; he and his family are already on a dry flour diet; another family living in half a hut, one of their own sleeping under a canvas cover, in an old hauled-up boat; a girl of twenty was dying in this house of consumption, on almost a dry flour diet also. In another a blind man and his wife almost naked as well as hungry. In another a mother of twenty-five dying of consumption, and her only child, a boy of four years, with tubercle of the spine; they had no butter, or "grease," meaning pork, all winter. I have accepted the last week three orphans, one a girl whose humble guardians can no longer feed her.

This poor fellow and his wife feed her children, and wept to part with her, so I promised to hold her for them in case times are better.

The other two were also adopted by foster parents, but the present bad times make it impossible for them to

rear them. In another house a poor man with four children, one anaemic, with large tubercular glands, had accepted responsibility for a stranger, an old woman of nearly sixty, who was derelict. He had fed her and clothed her, though her wits were short and she does nothing in return. He had to appeal for help to get rid of her this winter, as "the heart is willing, doctor, but the barrel is low already." In another house an aged woman has settled, bringing her white-headed old husband along with her. The young couple, who, with their irreproachable charity of the poor for the poor, had allowed them in, were only, recently married. The old woman with clean but brightly figure, was as clean and tidy as threadbare garments would permit, and had still in this abysmal poverty the air of the head of a house. It was pathetic to watch her look after "the master," for he, poor fellow, was quite feeble-minded and wept copiously at the slight effort even of saying, "I give ye, welcome kindly, doctor."

We are still cruising down northward, and the last few days have shown a slightly improved sign of fish; there is a chance yet that the fall fishery may save some of the people, but I never saw the outlook so black during eighteen years' acquaintance with Labrador.

Here, anchored off a Hudson Bay Company post, we have just had poured into our ears one more gruesome argument in favor of our reindeer. A poor father had been telling us of the fate of his little five-year-old boy this spring. His dogs, only four in number, had, like nearly every

other dog along this coast in spring, been only partly fed. His children were playing about on the beach near his house; apparently the child in no way vexed the dogs. But seeing him on the beach the dogs rushed down and attacked him; his little playmates ran up shouting that the dogs were eating him. But it was quite a time before anyone was found. At length the father heard, and rushed down, only to find that the dogs had not only killed but already partly eaten the boy.

This makes six killed or eaten by these dogs in my own memory, while many more have been bitten. The people have to keep their dogs for their sledges. The little son of the Hudson Bay Company factor at this very same place came to the hospital with 65 bites a few years ago. If, as I firmly believe, the fostering of reindeer could be given the support that the United States government gave it in America, this country would become a civilized one instead of a wild one. As it is, even our own, the only herd there is, languishes from want of more support. The available funds are absorbed in herders, and we

PILES

cannot afford to devote the attention to milking and drying that more attendants would render possible. And thus it is not possible yet to say that this experiment is affording a real basis from which to judge of the possibilities of these animals. At least the process with regard to the killing could be reversed. But cannot get dog as man can eat deer, and the domestic reindeer do not attack children. Children have more need of models than of critics.—Joubert.

This is Real Value in a Steel Range

Dollar for dollar, from the standpoint of long service and genuine satisfaction in all-year results, you cannot do as well in any other range at the price as you can in buying a Kootenay—because it represents the best in achievement after sixty-three years study of household requirements. As a cooker and baker it is unequalled. It does more with less fuel. It is built from best material. It wears longest, and is reliable to the end. It has every improvement. It is made for the critical—for you. You will find your investment paying good interest in money saved on coal. Let your new range be a

A NEW BAPTIST CHURCH

The congregation of the First Baptist church will meet to-morrow for the first time in the new temporary building erected at the corner of Yates and Quadra streets. Rev. Dr. H. F. Perry of First Baptist church, Vancouver, will preach at morning and evening services. In the afternoon at 3 o'clock there will be a joint meeting of all the Sunday school interests of the church, including the Ladies' Philanthropic and Men's Baraca classes, and the Victoria West and Burnside Mission schools. Dr. Perry and Pastor Warnicker will deliver addresses and the installation of newly-elected Baraca class officers will take place, together with exercises by the various departments. On Monday evening Dr. Perry will also lecture, taking for his subject "Three-fourths and Four-fourths of a Man."

The new building just completed, while serving only as a temporary meeting place until such time as a permanent up-to-date church building can be erected, is well equipped and thoroughly adapted to the immediate needs of the church. It covers an area 53x16 1/2 feet, the main auditorium being 46x51, with a seating capacity of upwards of 400, which may be further increased to about 600 by throwing open the class-rooms on one side that are separated by removable shutters and doors.

REV. J. B. WARNICKER, B. A., PASTOR FIRST BAPTIST CHURCH.

A neat pulpit platform and well-arranged choir gallery occupy a central position, while the baptistry has been placed to the left. In addition to the pastor's study special class-rooms are provided for the primary department, the Men's Baraca and Ladies' Philanthropic classes. There are a number of smaller class-rooms and an excellent kitchen, etc., for use on social and such occasions. The public entrance is from Yates street. While the building is only a temporary structure, yet the committee in charge have thoroughly planned and executed the same in such a manner that the work of the various departments and auxiliary organizations may be conducted to their best purpose.

It is now nearly thirty-six years since the Baptist denomination assumed individually in this city. After the successful labors of an eastern evangelist it was decided to organize a Baptist church. This was done on May 3, 1876, the initial membership being fourteen and meetings being conducted regularly in a building situated on Pandora street. This faithful band of workers continued until the year 1888, when the church fell upon hard times; and in June of that year disbanded after the loss of their building by foreclosure of the mortgage.

The members, however, did not become discouraged, and in the month of June, 1888, again organized under the name of Calvary Baptist church, with a membership of twenty-three (a number of whom are to-day members of the First church) and actively assisting in its work. A lot was purchased on Herald street and a neat church building erected. The first past-

tor of this church was Rev. Walter Baras, and among the visiting clergymen present at the dedicatory services were the Rev. R. Lennie, of New Westminster; Rev. A. R. Banks, Seattle; Rev. J. Q. A. Hendry, of Portland; and Rev. J. C. Baker, of Salem. The church grew steadily and soon took its place among the leading denominations of the city. The original building had to be enlarged and re-enlarged. A mission was established at Spring Ridge, which developed into a strong cause, and finally organized as the present Emmanuel church. Missions were also established and are still maintained by the church in Victoria West and Burnside districts; and in the latter cause a handsome building of concrete blocks is now being erected and, it is hoped, will soon be completed.

The Calvary church building was destroyed in the disastrous conflagration of July 23, 1907. Since that time the members have been worshipping and carrying forward the work in the Victoria hall under much handicap and

difficulty. The corporate name of the body was changed from Calvary to the First Baptist church. The present pastor is Rev. J. B. Warnicker, B. A., who commenced his work in June of this year. Under his leadership the cause is advancing and the members are confident that with the well-equipped and adequate quarters now available the interest will continue to increase and the work go forward as never before in the history of the church.

Pastor Warnicker came to Victoria from Toronto, where he had been supplying the pulpit of Jarvis Street church. He has occupied pastorates at Montreal and Winnipeg and for some years was the representative of Canadian Baptists in Great Britain. Following are the officers of the church:

Pastor—Rev. J. B. Warnicker, B. A.
Deacons—D. G. Walker, A. Few, T. Reason, Dr. W. Russell, C. R. King, H. J. Pollard, A. R. McNeill, J. W. H. King.

Trustees—J. L. Beckwith, W. Dinmore, Mrs. Wm. Grant, R. W. Coleman, D. McMillan, J. E. Painter, Jas. Middleton, H. Spofford, N. C. Brewster.

Treasurer—A. J. Clyde.
Clerk—J. W. H. King, B. A.

BOWLING LEAGUE.

Revelstoke, Oct. 7.—The following following are the elected officers of the Young Men's Christian Association Bowling League, which has just been organized for the winter season: Hon. president, R. Howson; president, K. G. McRae; vice-president, R. Squarabriggs; treasurer, N. Stortz; committee, G. Knight, A. E. Rose, G. J. Raham.

CHEMAMAINUS SCHOOL.

Chemainus, Oct. 7.—The new school at Chemainus has been completed and opened. The chairman and Mrs. Wellburn went up for the opening, both addressing the scholars on the occasion. The building is a marked improvement on the accommodation furnished by the old school.

Scratched Until I Tore The Flesh

"It was in the latter end of the year 1908 that a nasty itch came through my skin, and I scratched it until I tore the flesh. I tried several ointments to no effect. I went to a skin hospital. They advised me to go to the Hospital, but I refused. I could not sleep with the constant itch. I was that way until one day about the month of January, One day I chanced to see in the papers a case like mine, but I gave it no credence. At last I said, 'I will try the Cuticura Remedies.' With the first wash and Cuticura Ointment I used, I found their effects. I got one box of the Ointment more, and in less than one week the skin was all right, and left no traces after it. I have not had a return of the same since, and I shall always praise the Cuticura Remedies as being the means of my cure."

(Signed) JOHN TYRRELL,
94, Scotland Road, Liverpool.
In a further letter Mr. Tyrrell adds: "The first appearance of my skin eczema was a burning itch which I tore and left my body, legs and arms one mass of sores. It caused sleepless nights, but now I can sleep as well as ever."

Cuticura Soap and Ointment
are sold by druggists everywhere. Potter Drug & Chem. Corp., Sole Proprietors, Boston, Mass. Mailed Free. Cuticura Book on skin diseases.

NO MORE HAZING AT LONDON COLLEGE

Students Have to Sign Declaration Before Registering for New Session

The good old days of hazing and other sophomore and freshman pranks are forever terminated at the Western Medical College, London, Ontario. Time was when, each year about ten days after the annual reopening of the college, the "king" of York and Waterloo streets, would be awakened some bright morning with the groans of bleeding, broken freshmen and the jubilant cries of overzealous sophomores. Five years ago the initiation proceedings conducted by the western medical students were really horrifying and gruesome indeed were the mystic rites that were engaged in within the recesses of the old college building.

Of late years hazing has consisted chiefly in parading barefooted and otherwise penitent freshmen about the principal thoroughfares. But even this innocent diversion, so dear to the heart of the sophomores, must be regretfully consigned to the shades of oblivion.

London will henceforth enjoy the unique distinction of possessing a college free of the demerit of the hazing-practice. When the students were registering for the new session, Dr. Waugh sprang a gentle surprise by requiring everyone to affix his signature to a harmless-looking piece of cardboard bearing the declaration which reads below:

I hereby declare that while I am a student in the Western University Medical School, I shall not take part in the 'initiation' or 'hazing' of other students, or any similar proceeding, by whatever name it may be called, on the college premises. I engage to attend the said college on the distinct understanding that if I am found guilty of voluntary participation in the kind of misconduct above referred to, or of intentional disturbance of lectures, demonstration, or convocation connected with the college, or of deliberate breakage or other serious injury of the property of the college, that I shall forfeit my standing in the college and any fees that I may have paid."

It is expected that this pledge will result in taming to a great extent the high spirits common to students of both the first and second years.

One hazing some years ago stands out strongly in the memory of certain of the college faculty.

On this occasion, the sophs came down looking for blood. Each had his coat laced about him with shoe laces so that it could not afford a hold for an antagonist.

With a series of war whoops, the attack began on the luckless freshmen. One of the latter, particularly strong, he tore out the banisters of the stairs as he was being dragged to the morgue. There, amongst the "material," he was soaked with a garden hose, and later was compelled to carry a body upstairs on his shoulder.

Afterward, with one hand on the body and the other in a pail of water, he was compelled to take the oath to treat the freshmen of next year as he himself had been treated.

As he was blindfolded he could not see that an electric battery was in the water—and when the current was turned on he was almost jerked off the floor.

At the finish the freshmen was compelled to crawl through a barrel, on the bottom of which was a body. The latter stuff usually proved too much for the freshman, and as a rule those who were thus hazed were sick for a week or so.

But all this has come to an end, and the opening of the Western Medical College now, and henceforth is, and will be, as tame as the circulation of a round robin.

FLORISTS MEET.

New Westminster, Oct. 7.—The Provincial Florists and Nurserymen's Association held a meeting in the city hall. Florists were in attendance from all parts of the province. Routine business was transacted. The meeting was enthusiastic in its praise of the horticultural display at the exhibition, several saying that in many respects it was the best showing ever seen in the province.

The following officers were elected for the ensuing year: President, S. S. Gordon; vice-president, Mr. Wallace of the Flewin Gardens, Victoria; secretary-treasurer, H. Tidy, New Westminster, and a committee of four members, Messrs. Hillman of the Vancouver Floral Company; Talbot of the Fairview Nurseries, Victoria; Davis of the Royal Nurseries, Vancouver, and Broham of Brown Brothers, Vancouver.

ALL MY PIMPLES GONE

Girl Tells How a Blotchy Skin Was Cleared by a Simple Wash.

"I was ashamed of my face," writes Miss Minnie Pickard of Altonshaw. "It was all full of pimples and scars, but after using D. D. D. Prescription I can say that now there is no sign of that Eczema, and that was three years ago."

D. D. D. has become so famous as a cure and instant relief in eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, black-heads, and all other minor forms of skin impurities.

Let us buy a 50-cent bottle of Psychine (pronounced Si-keen) from your druggist and give it to you (free) to prove its great value.

Psychine is the greatest vitality builder of the age. For thirty years Psychine has been curing almost every disease that is due to run-down vitality.

Hundreds of thousands have used Psychine with wonderful beneficial results. We have received thousands of unsolicited testimonials from many whom Psychine has cured, of in many cases, hopeless ailments.

There are still thousands of people suffering from disease; however, whom Psychine can benefit.

There are still thousands who are trying to cure themselves by wrong methods, who are using dangerous and hurtful medicines.

There are still thousands who are gradually losing their vitality—from whose body the necessary resisting power to disease is slowly but surely slipping away.

There are still those who soon will hear the dread "call in the night" if they do not take prompt action.

Let us buy a 50-cent bottle of Psychine from your druggist and give it to you, free, to prove its great value.

That 50-cent bottle of Psychine will tell you more powerfully than mere words can how tremendously beneficial Psychine will be for you.

It will give you an unmistakable indication of its wonderful power to renew the bodily vitality, to strengthen the phagocytes (the white corpuscles), the policemen or scavengers of the body.

The Surgical Department of the Japanese Army, in the Japo-Russian war, first drew the attention of the scientific world to the function of the white corpuscles of the blood or phagocytes.

Foreign medical men were astounded to see Japanese soldiers with wounds that had not been cleaned or dressed for days, that were apparently dirty, ill-kept, and altogether unsanitary.

Yet these dirty wounds healed marvelously; no army the world had ever known had such a wonderful record

for the recovery of their wounded as the Japanese army.

And all because the Japanese know how to let the white corpuscles cure.

There are two kinds of corpuscles in your blood; you know, red and white.

The red carry nutrition, the white are the policemen or scavengers of the body.

Whenever a disease germ enters the body, these white corpuscles attack and literally eat it.

A wound that attracts disease germs from the air is cleansed and healed by billions of phagocytes, or white corpuscles, devouring these unwelcome disease germs.

Any disease can be cured by these white corpuscles if they be in sufficient number or strong enough to attack and devour the germs that cause the disease.

If they are not in sufficient numbers or strength, then the disease germs eat them and disease claims the body.

That's the cause of every disease to which humanity is heir.

For centuries the cure of disease has been by means of herbs—nature's remedies.

It is only within recent times that we have come to know how these herbs act.

Now scientists tell us they increase the strength and numbers of the white corpuscles or phagocytes.

In Psychine we have some of the most healing and beneficial herbs in the world, herbs that increase and strengthen the white corpuscles.

From Arabia comes one herb, from South America another, China and Japan produce a third, while the jungle of India yields a fourth.

All these herbs are recognized by the medical profession as being the most beneficial to health that they know.

That's why Psychine, in the third of a century it has been made, has cured hundreds of thousands of people who suffered from the following diseases:

- La Grippe
- Bronchitis
- Hemorrhages
- Sore Throat
- Anemia
- Female Weakness
- Indigestion
- Poor Appetite
- Chills and Fevers
- Sleeplessness and Nervous Troubles
- After-effects of Flu, La Grippe, and La Grippe
- Bronchial Coughs
- Weak Voice
- Spring Weakness
- Early Decline
- Calarrical Affections
- Calarrical of Stomach
- Night Sweats
- Obstinate Coughs
- Laryngitis and Dyspepsia
- After-effects of Flu, La Grippe, and La Grippe

That's why we believe it will be beneficial to you.

Now we don't ask you to take our word for the tremendously beneficial effect of Psychine. Fill out the coupon below, mail it to us, and we'll give you an order on your druggist (for which we pay him the regular retail price) for a 50-cent bottle of Psychine to be given you free of cost.

We will undoubtedly buy and distribute in this manner, hundreds of thousands of these 50-cent bottles of Psychine.

And we do that to show our entire confidence in this wonderful preparation.

A confidence that has been based on our 30 years' experience with this splendid preparation with a full knowledge of the hundreds of thousands of cures it has made.

COUPON No. 70

To the Dr. T. A. SLOCUM, Ltd.
193-195 Spadina Ave., Toronto.

I accept your offer to try a 50-cent bottle of Psychine (pronounced Si-keen) at your expense. I have not had a 50-cent bottle of Psychine under this plan. Kindly advise my druggist to deliver this bottle to me.

Among City Churches

ANGLICAN.

Christ Church Cathedral.

Social Gathering.—A very pleasant social gathering was held in the school room of Christ church on Thursday evening last under the auspices of the Young People's Society. There was a good attendance and the impromptu programme was greatly enjoyed by all. Refreshments were served at the close.

St. Barnabas.

Harvest Thanksgiving.—The annual Harvest Thanksgiving services were held on Thursday last at St. Barnabas church, Caledonia avenue. There was a celebration of the Holy Eucharist at 11 a. m., matins at 11 a. m., and evening song at 8 p. m. The preacher in the evening was Rev. W. C. Winch, vicar of Cobble Hill, B. C. There was special music at the evening service. The Thanksgiving services will be continued on Sunday, the preacher for the morning service being the Ven. Archdeacon Scriven, and for the evening the rector, Rev. E. G. Miller. The church is very suitably decorated for the occasion and special music will be rendered.

St. Paul's.

Harvest Festival.—Harvest festival services were held at St. Paul's church, Esquimalt, on Sunday, October 2. In the morning the sermon was preached by the Lord Bishop of Columbia, and in the evening by the Very Rev. A. J. Doull, dean of the cathedral. The church was charmingly decorated with quantities of dahlias, golden-glow, sweet peas, caryophyllums (given by the Algerine), and oats and wheat. The ladies who undertook the decorations were: Mrs. Allan, Mrs. Matthews, Mrs. Bullen, Miss Crocker, Miss Tolmie and Miss Allan.

St. John's.

What Can We Do?—Rev. A. J. Stanley Ard will give an address next Sunday evening on "What can we do for the Hindu population now dwelling in our midst?" Much has been done for the Chinese but on the present tide of nothing has been done for our fellow subjects from India. Associated with Mr. Ard in a movement to form classes and to gradually bring these men under higher influences are Mr. D. Granville Proby, who has spent much of his life in India, and Mr. Bellasis, who was born in India and understands the native character. A short meeting will be held in the church after the evening service, when an opportunity will be given to Mr. Proby to explain his scheme to any who may be interested and perhaps willing to help.

REFORMED EPISCOPAL.

Church of Our Lord.

Sunday Services.—Troop D of the Boy Scouts will parade to church to-morrow morning and the rector, Rev. T. W. Harrison, will preach a sermon on "The Hearing Ear and the Seeing Eye." In the evening Mr. Gladstone's subject will be "Abraham's Intercessory Prayer for Sodom."
Young People's Association.—The preliminary meeting of the Young People's Association will be held on Monday evening next in the school room at 7 o'clock.
Laymen's Missionary Committee.—The Laymen's Missionary committee of the church will meet on Wednesday evening next to discuss matters relating to the missionary interests of the church and to plan for further work.
Prayer Service.—At the regular prayer service next Thursday evening Rev. Mr. Gladstone will deliver an address based on the 5th and 9th chapters of the book of Revelation.

PRESBYTERIAN.

First Church.

Club Meeting.—There was a very good attendance at the meeting of the First Presbyterian Club on Monday evening last and a good programme furnished amusement and edification for all. The meetings of the club are open to the general public and are held every Monday evening in the school room of the church, entrance on Blanchard street.
Ladies Meetings.—On Wednesday afternoon the meetings of the Ladies' Aid Society and Women's Missionary Society were held with a good attendance of both organizations. A pleasant and social time was spent.
Thanksgiving Service.—On Thursday evening last the annual Thanksgiving service under the auspices of the Women's Missionary Society was held in the school room. There was a very gratifying attendance. The pastor, Rev. Dr. Campbell, presided. A short and interesting musical programme was rendered, including a solo by Miss Semith, which was much appreciated. An address was delivered by the Rev. G. A. Wilson, superintendent of the Home Missions, in which the immensity of the field, the difficulties and the encouragements met with, and the need for a large number of strong efficient

of temperance and moral reform are cordially invited.

Centennial.

Sunday Services.—Rev. J. Knox Wright, provincial secretary of the Canadian Bible Society, will preach in Centennial church to-morrow morning, and the Rev. Dr. Spencer, superintendent of the Local Option League, in the evening. Dr. Spencer will speak on "The Church's Opportunity."
Anniversary Services.—On Sunday, October 16th, anniversary services will be held in Centennial church and on Tuesday, October 18th, the annual congregational tea meeting and social gathering will take place.

James Bay

Ladies Aid.—The regular monthly meeting of the Ladies' Aid Society was held in the parlour last Tuesday afternoon and final arrangements were made to hold the annual sale of work in the home of Mrs. C. Spencer, Government street, on the last day of November. The ladies are now busy making preparations to ensure the success of this gathering. The usual Thanksgiving social will be held on Wednesday, November 2, in the church and the ladies are expecting to give the congregation a happy time. A good programme will be furnished and refreshments provided.

Mission Circle.—The meeting of the Mission Circle last Wednesday evening was well attended and much interest was taken in the work of the circle. It was decided to hold a sale of work about Christmas time in aid of the funds of the circle and the members will undertake to make the usual supply of fancy and useful articles for sale.
Addition to Building.—The addition to the Sunday school building, which has been erected by volunteer labor, will be open for the use of the school on Sunday next and the crowded condition of the room will be somewhat relieved. The school is fast growing in numbers and is doing splendid work in the neighborhood.

CONGREGATIONAL.

First Church.

Annual Banquet.—The annual banquet of the Men's Own Bible Class held last Tuesday evening, has left nothing but pleasant memories and a determination on the part of the members to increase their usefulness as an organization. The speeches of the Rev. Wm. Stevenson, Messrs. Luginr, Pauline, Shakespeare and others are spoken of in very high terms of praise, and the musical selections added much to the interest of the occasion.
W. C. T. U. Mission.—The school room of the church having been loaned to the Ladies' Auxiliary of the W. C. T. U. mission for Monday and Tuesday next, the regular meetings held on these days have been changed to suit, and it is expected that the bazaar to be held under the mission auspices will be well supported by all the churches.

Young People's Society.—Instead of the usual meeting on Monday evening the members of the Young People's Society will give a complimentary concert at the Old Men's Home. An interesting programme will be given and refreshments will be provided at the close.
Men's Own.—The Men's Own monthly business meeting, which was to have been held on Tuesday evening next, will take place on Wednesday evening in the board room of the church. Members of the Men's Own are asked to note the change.
Girl Guides.—The Girl Guides will meet in their usual weekly meeting on Wednesday at 7.30 p. m. instead of Tuesday. On the same evening the members of G. troupe, Boy Scouts, will meet in their regular session.

Anniversary Services.—To commemorate the 15th anniversary of the establishment of the church anniversary services will be held on Sunday, November 27th, and the event will be one of much interest and importance.
Improvements.—The improvement committee will meet on Thursday evening next to decide upon the improvement needed in the heating apparatus of the church. Every effort will be made to ensure the comfort of all who attend the services this winter.

Rally Sunday.—To-morrow will be an important day in the history of the church. It will be observed as Rally Sunday for the school and congregation. In the morning the members of the Sunday school will attend the service and the members of the Boy Scouts will be in uniform. The pastor, Rev. H. A. Carson, will preach in the afternoon and the services may be inaugurated therein. The Sunday school is flourishing and the new quarters are urgently needed. The school is expected to have a part in the mass meeting at the church to-morrow afternoon.

W. C. T. U. Mission Bazaar.—The ladies of First church have been requested, and have consented, to assist at the bazaar on Tuesday afternoon in the serving of tea and refreshments. The ladies of the sister churches are also taking a like part.
Dr. Perry's Lecture.—On Monday evening Dr. Perry, who preaches to-morrow, will deliver a lecture entitled "Three-fourths and Four-fourths of a Man." The general public are cordially invited to hear this lecture.

Emmanuel.
Sunday Services.—The services on Sunday will be conducted morning and evening by the pastor, Rev. William Stevenson, who will preach in the morning on "Meeting God in Strange Places," and in the evening on "The Man Who Sold Christ." The subject in the Berean class by the pastor will be "Design in Nature."

R. Y. P. U.—There is a change of programme on Monday night at the B. Y. P. U. The address promised by Mr. Pollard has been postponed, but an address will be given by the pastor on "The Amusements of the People." This will be an address worth hearing.
Missionary Meeting.—On Thursday evening there will be a special missionary meeting under the auspices of the Ladies' Missionary Circle.

UNITARIAN.
Visitor Expected.—Rev. Frank W. Pratt, the Canadian representative of the American Unitarian Association of Boston, and of the British and Foreign Association, whose headquarters are in London, is expected here. He will spend some time in Victoria and Vancouver in the work of further organizing and strengthening the young churches in these cities. Thus far the work has been carried on in a very satisfactory way by local effort, but it is believed that the time has now come when a permanent minister should take charge of the field. Such an arrangement will probably follow Mr. Pratt's visit.
Musical Event.—Next Thursday evening there will be produced under the direction of the Unitarian Society a musical and literary event of a high order. Mrs. A. C. Chappell, late of London, Eng., will lecture on "Wagner and His Message to the World." The lecture will be illustrated by selections from the operas of the great composer rendered by a local orchestra of well-known excellence. There will in addition be a number of vocal and instrumental selections by some of the best local talent. This event will be given in the auditorium of Christian Science church, the Eagle's hall, in which the Unitarian services are regularly held, being too small for the large patronage expected for this occasion.

Announcement

To all users of Heating Stoves in Victoria

We want to announce that we have received word from the Cole Manufacturing Co. of Chicago that we may sell their marvelous Cole's Hot Blast Heater on the most remarkable guarantee basis ever made by a heating stove manufacturer.

Please read the statement just as made to us by the President of the Cole Manufacturing Co.

Read What Mr. Cole Says:

"You are authorized to sell the Original Cole's Hot Blast Heater this year on the most rigid guarantee ever made by any stove manufacturer. Our guarantee to every customer of yours is—

- "1—A saving of one-third in fuel over any lower draft stove of the same size with soft coal, slack or lignite.
 - "2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with same size fire pot.
 - "3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
 - "4—That the stove will hold fire with soft coal from Saturday night until Monday morning.
 - "5—A uniform heat day and night with soft coal, hard coal or lignite.
 - "6—That every stove will remain absolutely air-tight as long as used.
 - "7—That the feed-door is and will remain smoke and dust-proof.
- "All we ask is that the stove shall be operated according to directions and set up with a good flue.

"(Signed) COLE MANUFACTURING CO.,"
(Makers of the Original Patented Hot Blast Stove.)

This is a wonderful guarantee to users of heating stoves. It is just what our customers want and is a guarantee from one of the great manufacturers and puts us in the lead of all dealers.

We know Cole's Hot Blast from A to Z.

It is the Original Hot Blast Stove now imitated by so many other manufacturers. It is the patented features giving an everlasting airtight and gas-tight construction and the patented Hot Blast draft as Cole uses it, burning the wasting gases in the coal that make Cole's Hot Blast the greatest fuel

saver ever known, while imitations fail.

We know 60,000 are sold every year. The biggest selling heater made, by all odds.

It is a wonder. It has proved by years of use that no heater at twice the price approaches it for radiating heat, for holding fire, requiring so little care, never giving trouble—and cutting down the coal bill one-third to one-half.

And the price of heat for the winter is what determines the cost of a stove. Remember that. Right here we want to say that

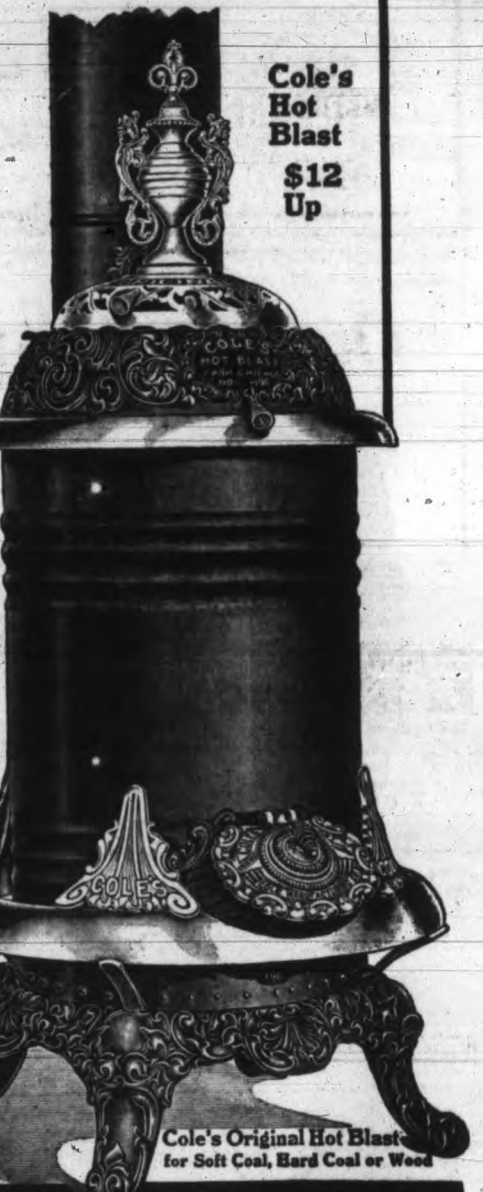

Our Price of Cole's Original Hot Blast is \$12 and upward, according to size.

Please remember, readers, that we are guaranteeing this stove against any heater, size for size, at any price. We sell all sizes, price according to size.

One season's use will cut your fuel bill in two and give you satisfaction such as you never believed possible with a heater. Will you come in and see?

A. & W. Wilson

Sole Agents Broad Street
See the name "COLE'S" on the feed door of every stove. None genuine without it.

Cole's Hot Blast \$12 Up

Cole's Original Hot Blast for Soft Coal, Hard Coal or Wood

THE DEADLY RUSH!

What a raging, tearing, hustling age we live in—motor cars, automobiles, flying machines! Almost from the cradle to the grave, we rush through life at express speed, flying here and there, working like steam engines, and boiling our meals! Of course, we have to pay for this deadly rush, and we pay for it with all kinds of troubles, of which the greatest is indigestion! Your stomach, through the undue exertion you put upon it, loses its ability to do its work thoroughly. Then, instead of your food being digested, and turned into blood to repair the waste of your body, it sours in the stomach and creates gases which poison your blood, lower your vitality and create disease. Indigestion is at the root of all such troubles as pains after eating, loss of appetite, furred tongue, headaches, biliousness, sleeplessness, constipation and "nerves." If you want to cure and prevent such troubles as these, take Mother Seigel's Syrup daily, after meals, and all will be well. The Syrup enables your stomach to do its work properly, and it also gently stimulates the action of liver and bowels. Thus it aids digestion, makes food nourish you, cleanses your blood, and gives you health and vigor. Mother Seigel's Syrup, the herbal remedy, is made of an unique combination of nutritive extracts of roots, berries and leaves which have a more beneficial action on the organs of digestion than any other medicine known.

Mr. Robert King of Maple, Ont., writing on February 18th, 1910, said: "A few years back, I suffered very much with chronic indigestion, so much so that I had to live chiefly on milk and eggs for quite a while. The doctor said my stomach was very bad indeed, although I knew that, long before he told me, I gained absolutely nothing from taking ordinary medicines, and should probably have been long since dead. I met the curative properties of Mother Seigel's Syrup brought to my notice. Mother Seigel's Syrup produced an excellent effect almost immediately, and has completely removed the cause of my ill health. If you have any form of stomach or liver disorder, Mother Seigel's Syrup will just as surely and permanently cure you. Put it to the proof—to-day!"

The Sunday school will attend the service and the members of the Boy Scouts will be in uniform. The pastor, Rev. H. A. Carson, will preach in the afternoon and the services may be inaugurated therein. The Sunday school is flourishing and the new quarters are urgently needed. The school is expected to have a part in the mass meeting at the church to-morrow afternoon.

W. C. T. U. Mission Bazaar.—The ladies of First church have been requested, and have consented, to assist at the bazaar on Tuesday afternoon in the serving of tea and refreshments. The ladies of the sister churches are also taking a like part.
Dr. Perry's Lecture.—On Monday evening Dr. Perry, who preaches to-morrow, will deliver a lecture entitled "Three-fourths and Four-fourths of a Man." The general public are cordially invited to hear this lecture.

Emmanuel.
Sunday Services.—The services on Sunday will be conducted morning and evening by the pastor, Rev. William Stevenson, who will preach in the morning on "Meeting God in Strange Places," and in the evening on "The Man Who Sold Christ." The subject in the Berean class by the pastor will be "Design in Nature."

R. Y. P. U.—There is a change of programme on Monday night at the B. Y. P. U. The address promised by Mr. Pollard has been postponed, but an address will be given by the pastor on "The Amusements of the People." This will be an address worth hearing.
Missionary Meeting.—On Thursday evening there will be a special missionary meeting under the auspices of the Ladies' Missionary Circle.

UNITARIAN.
Visitor Expected.—Rev. Frank W. Pratt, the Canadian representative of the American Unitarian Association of Boston, and of the British and Foreign Association, whose headquarters are in London, is expected here. He will spend some time in Victoria and Vancouver in the work of further organizing and strengthening the young churches in these cities. Thus far the work has been carried on in a very satisfactory way by local effort, but it is believed that the time has now come when a permanent minister should take charge of the field. Such an arrangement will probably follow Mr. Pratt's visit.
Musical Event.—Next Thursday evening there will be produced under the direction of the Unitarian Society a musical and literary event of a high order. Mrs. A. C. Chappell, late of London, Eng., will lecture on "Wagner and His Message to the World." The lecture will be illustrated by selections from the operas of the great composer rendered by a local orchestra of well-known excellence. There will in addition be a number of vocal and instrumental selections by some of the best local talent. This event will be given in the auditorium of Christian Science church, the Eagle's hall, in which the Unitarian services are regularly held, being too small for the large patronage expected for this occasion.

READ THE DAILY TIMES

The Evening Chit-Chat

BY RUTH CAMERON

Sometime ago I gave you a little talk on the sympathy that is no exaggerated and misapprehended. It deserves to be classed with the virtues rather than vices.

I spoke of the "sympathy" that circulates petitions to get the dangerous degenerate set free from restraint, the sympathy that is unwilling to kill the harmful worm, the sympathy that weakly condones a fault in a child rather than by reproof helps him to correct it.

But with all this speaking, I find that I left out one very important brand of false "sympathy."

A correspondent calls my attention to the omission and I'm much obliged. I refer to the kind that the unmarried man or woman gives to the married person of the opposite sex, who is inclined to feel that he or she is unhappily married.

If this kind of "sympathy" could be nipped in the bud, I think there would be a noticeable falling-off in the divorce rate.

Take, for instance, the case of the man—that's the more common, I think. For sometime he has felt a hazy feeling of dissatisfaction with the way things are going at home. He feels that his wife is not the comrade to him that she used to be. She doesn't take the interest in his work that she used to. She doesn't ever go about with him—a piece of selfishness on her part that he might understand better if he cared to remember that three children and no nurserymaid don't make going about a particularly joyful or easy process.

Now this is a bad state of mind, anyway, but if the man who has it is left alone, in nine cases out of ten he will probably get over it very comfortably in due time.

But he isn't left alone. For here the girl with the "sympathetic" disposition appears.

Perhaps she is someone he meets socially. Perhaps she is his stenographer. Anyway, she is someone he sees often enough for him to get into the habit of telling her things. That isn't so bad, but soon his wife's discrepancies gradually come to be included in these confidences.

Now is the time that a girl with any common sense would know that it was up to her to firmly lead the talk to other subjects, or better still, astonish

the man by telling him that, like as not, he is chiefly to blame.

But this girl has a "sympathy" swelling where her bump of common sense ought to be.

She gently "sympathizes" with the man for his failure to find a comrade in his wife—she cleverly plies him for his misfortune on being yoked to so inferior a mate.

And shortly that hazy idea that a little of the romance has gone out of the intercourse between him and his wife becomes a fixed conviction that he is cruelly mistreated and misunderstood, and that home is on the high-road towards the divorce mill.

And it's one good big bit the fault of that girl's "sympathy."

Of course, the man was at fault in the first place, to speak disparagingly of his wife to another woman.

But that doesn't excuse the girl. Or make her sympathy any less disgusting.

Yes, on the whole, I think that kind of sympathy has a right to hold up its head with any of the acknowledged vices.

But Cameron

SEASON'S WORK OF DAUGHTERS OF PITY. Gratifying Reports Presented at a Meeting Held Yesterday Afternoon.

A meeting of the Daughters of Pity was held at 2:30 yesterday afternoon in the board of trade rooms with the president, Miss Leeming, in the chair and seventeen members present. The treasurer, Miss Hisecks, stated that as all the bills for the tea-room expenses in connection with fair week had not yet been presented, it was impossible to make an exact statement of the returns. The door receipts were, however, about \$718, and it was thought that the expenses would not very much exceed half of that amount.

Mrs. Hasell, in the warmest terms, expressed her appreciation of the services rendered during fair week by thirty or more members of the society, who had worked so faithfully and harmoniously in the tea room, often uncomplainingly in the face of very adverse conditions. Special mention was likewise made of others, not members who had kindly volunteered their services, among whom were Mrs. Simpson, Mrs. Dalry, Mrs. Stuart Robertson, Mrs. Deitrich, Mrs. Ratham, and Mrs. Wilkinson. Cash donations to the tea room funds were gratefully acknowledged from Mrs. E. S. Day, Mrs. W. J. Cameron, Miss Mera, Miss Fitzgibbon, Miss Thain and Dr. Ernest Hall. The kindness of tradesmen in giving a liberal discount on all supplies purchased was also spoken of with appreciation. H. E. Newlow, who had generously donated ice cream for the dance on Monday evening, was tendered a vote of thanks. A letter was read from Dr. Hasell asking for the sum of \$50 for the purchase of up-to-date fixtures for the X-ray room, and on motion it was decided that the amount should be granted. Mrs. Hasell announced that Hospital Sunday would be observed on Oct. 30, and a committee consisting of Mrs. C. E. Wilson, Miss Leeming, and Miss Lovell were appointed to arrange for a song service on that date. It was decided that Mrs. Simpson's kind offer of the use of A. O. U. W. hall for a dance to be given under the auspices of the Daughters of Pity should be accepted and a committee with Miss Leeming as convener was appointed to settle the date, which it was thought would be the latter part of October or early in November. The date for the annual meeting of the society was definitely fixed for Friday, the 28th instant, at 2:30 p. m. in the board of trade rooms. There were present at the meeting: Mrs. Hasell, Miss Leeming, Mrs. Hisecks, Miss Lovell, Mrs. Pendray, Misses Allen, Vincent, Wilkinson, Paveett, Bone, Gibson, Patterson, Munale, Marvin and Evans.

Mrs. Margaret Anderson. She Will Tell You How to Stop a Man From Drink. The remedy can be given secretly, so there is no publicity of your private affairs. She wants every man or woman who has drunkenness in their home to write to her so she can tell them just what remedy she used. Hundreds have freed their homes from drink by using the information she gave them, but there are still hundreds of others who need and should have it, so we earnestly advise every one of our readers who has a dear one who drinks, to drop her a line today.

The proofs of the hundreds of really remarkable cures are too strong to be doubted or denied. Yet she makes no charge for her help. (She asks for no money and accepts none) so there is no reason why you should not write her at once. She only requests that you are personally interested in curing one who drinks. Send your letter with confidence to her home. Here is her address: Mrs. Margaret Anderson, Home Avenue, Millburn, New York. (Write your full name and address plainly—no dates)

READ THE DAILY TIMES

AFTER SUFFERING YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

Fox Creek, N.B.—"I have always had pains in the loins and a weakness there, and often after my meals my food would distress me and cause soreness. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, digestion is better, and I can walk with ambition. I have encouraged many mothers of families to take it, as it is the best remedy in the world. You can publish this in the papers."—Mrs. WILLIAM BOUQUET, Fox Creek, N.B., Canada.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

And it's one good big bit the fault of that girl's "sympathy."

Of course, the man was at fault in the first place, to speak disparagingly of his wife to another woman.

But that doesn't excuse the girl. Or make her sympathy any less disgusting.

Yes, on the whole, I think that kind of sympathy has a right to hold up its head with any of the acknowledged vices.

Mrs. Margaret Anderson. She Will Tell You How to Stop a Man From Drink. The remedy can be given secretly, so there is no publicity of your private affairs. She wants every man or woman who has drunkenness in their home to write to her so she can tell them just what remedy she used. Hundreds have freed their homes from drink by using the information she gave them, but there are still hundreds of others who need and should have it, so we earnestly advise every one of our readers who has a dear one who drinks, to drop her a line today.

The proofs of the hundreds of really remarkable cures are too strong to be doubted or denied. Yet she makes no charge for her help. (She asks for no money and accepts none) so there is no reason why you should not write her at once. She only requests that you are personally interested in curing one who drinks. Send your letter with confidence to her home. Here is her address: Mrs. Margaret Anderson, Home Avenue, Millburn, New York. (Write your full name and address plainly—no dates)

READ THE DAILY TIMES

SOCIAL AND PERSONAL

Mrs. Taylor is spending a few days in Seattle.

Mr. and Mrs. William Olliphant are en route for Edmonton.

The Misses Russell, Boyd street, are receiving this afternoon.

Mrs. Lewis Hall has returned to town from New Westminster.

Mr. and Mrs. Copeland, View street, are holidaying on Salt Spring Island.

Lieut.-Col. Wadmore leaves to-day on a trip of inspection through the province.

Mr. and Mrs. W. W. More, late of Port Alberni, have taken up their residence here.

Mr. and Mrs. Sydney Norwood, Cumberland are spending some time with friends here.

Mrs. Nesbitt, Dallas avenue, who has been spending the summer on Van Anda Island, has returned to town.

Mrs. R. J. Robertson left on yesterday's afternoon boat for Vancouver, where she will spend the week-end.

Mrs. Trippe and Miss Maimie Trippe, New York, who made an extended stay here are now en route for home.

Mrs. A. E. Kerr left on this afternoon's boat en route for the Old Country. She will sail by the Empress of Ireland.

Mrs. G. F. Stelly has had as her guest for some time, Mrs. Daniel McKay, Skagway. The latter is now en route for home.

Mr. and Mrs. W. G. Gaunce have moved into their new home, 143 Government street, and will be pleased to see their friends.

The first dance of the High school classes which will be conducted throughout the season by Mrs. Simpson, will be held in A. O. U. W. hall this evening under the chaperonage of the faculty of the school.

The opening dance of the Althea, club, to be given in A. O. U. W. hall on the evening of October 20th, promises to be a very smart and enjoyable affair. Rutley's orchestra will be in attendance. The ball committee are W. A. Rutley, president, W. Hillier, secretary; P. R. Beeton, vice-president, and D. W. Spence, treasurer.

The first dance of the International Geneva Association will be held in A. O. U. W. hall on the evening of the 21st of October. St. Schramm, maître d'hotel of the Empress hotel has been appointed convener of the ball committee and nothing will be left undone to make the opening dance a success. Mr. Hoeg, the chef of the Empress hotel, will have charge of the supper arrangements and a good orchestra has been secured. The International Geneva Association numbers over 15,000 members, its Directorium being in Dresden, Germany. It is a benevolent association, which helps its members in times of sickness or trouble of any kind.

BOARDING HOUSE DYNAMITED. Blishe, Ariz., Oct. 8.—County officials are investigating the dynamiting of a boarding house at Lowell, near there. A bomb which had been placed in a cook stove exploded, badly damaging the house. Mrs. L. L. Lampi was painfully injured.

WOMAN'S HEALTH WHEN FORTY-FIVE. A Critical Period When Dr. Williams' Pink Pills Are a Real Blessing.

Dr. Williams' Pink Pills are absolutely the finest medicine that ever a woman took. At special periods a woman needs a medicine to regulate her blood supply or her life will be a round of pain and suffering. It is at such times that Dr. Williams' Pink Pills are worth their weight in gold, for they make new, rich blood, that banish the secret symptoms of distress that only women and growing girls know. They strengthen every vital organ for its special task, and bring rosy cheeks and shapely forms that tell of womanly health and happiness. Mrs. Richard Lobb, Red Deer, Alta., says: "At that critical period in my life known as the change I suffered so much that I hardly hoped to pull through. I doctored for months, but did not get any relief, and I grew so weak that I could hardly walk about, and it was impossible for me to do my household work. Only women who have suffered similarly can tell how much I endured—the constant misery, the dragged out feeling and the terrible backaches that beset me. No woman could have been in a more wretched condition than I was at this time, and it was then that my attention was directed to Dr. Williams' Pink Pills. I got a half dozen boxes and before they were all gone there was a good improvement in my condition. Then I got six more boxes and before I had used them all I felt like a new woman and was enjoying better health than I had done for years. Not only have Dr. Williams' Pink Pills proved a blessing to me, but they also worked a great change in the case of my daughter, who was in a very miserable condition after childbirth. I know also of two young girls whom I believe would have been in their graves now but for the use of Dr. Williams' Pink Pills. Considering what they have done for me and what I have seen them do for others, I am justified in my enthusiasm for this medicine and I never lose an opportunity to recommend it."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

A Real Summer Temperature

YOU know the perfect comfort of a summer day with the thermometer at 65°. Why does 65° in the house in winter feel chilly? Why does 75°, while warm enough, feel stuffy and oppressive?

Because the average furnace, in warming the air, dries out the natural moisture and fails to replace it. Instead of the 70% average humidity of the outside air, your furnace heated air probably contains less than 30% of moisture.

The sudden changes from this hot, dry air to the cold, outdoor air is the commonest cause of the colds, sore throats and lung troubles so common in winter.

The Remedy is the "CIRCLE WATERPAN" OF THE "GOOD CHEER" FURNACE

This pan encircles the firepot, and holds several times as much water as the makeshift pan in the average furnace. The result is an evaporation sufficient to keep the air in every room in the house at practically the same humidity as the fresh outside air, so that 65° feels perfectly comfortable, like a summer day. Plants and people thrive in such an atmosphere.

The "Good Cheer", Circle Waterpan Furnace saves doctors' bills as well as coal-bills.

For full particulars of this splendid furnace write THE JAMES STEWART MFG. CO., LIMITED, WOODSTOCK, Ont. Sold and recommended by Pattison & Co., 1023 Frederick Street, Victoria, B.C.

"CEETEE" People who KNOW insist on "Ceetee" Underwear.

"Ceetee" means comfort—because knit to fit—not cut from the fabric. The finest Australian Merino wool is thoroughly scoured and cleaned. No irritation—all short fibres and burrs being removed. No underwear is so soft and pleasant to the skin—no garment so elastic and yielding. Know what comfort is—insist on underwear with the "sheep" trademark—ask your dealer for "Ceetee." In all sizes for men, women and children. Guaranteed absolutely. Look for the "sheep" The C. Turnbull Co. of Galt, Limited. Manufacturers—Established 1859 Galt, Ontario.

JAMES SIMPSON AND SOCIALISTS

LEFT PARTY RATHER THAN BETRAY TRUST

Local in Toronto Declares Against Modern Ideas in Education

James Simpson, Socialist labor leader of Toronto, has been practically read out of the party because he refused to betray his trust. He declined to give an advance report of his findings and recommendations as a member of the commission on Technical Education. Mention was made of this a few days ago in a short telegraphic dispatch. Fuller details are now to hand.

"We wish it known that we can no longer stand sponsor for his political actions and utterances," writes Arthur Taylor, financial secretary of local 24, Socialist party of Canada, in forwarding a copy of a resolution passed at a special meeting September 7, which, after discussing the question of technical education, demanded that he submit confidential information to his associates, in the following language:

"Resolved, that the process of capitalist accumulation springs from the constant invention of ever newer and costlier machinery; the value of which, as an economic force, is its labor saving qualities; the purpose of its introduction being the replacing of live human labor by a cheaper mechanical process, from which flows the ever recurring forcing out of employment the great masses of labor."

"And whereas modern production resting upon the physical sciences, technical education would make the workers more proficient wage slaves and greater producers of surplus value for the capitalist class, consequently technical education would have the same effect on the working class as labor saving machinery, which means the intensification of labor, increased exploitation of the workers and a constant swelling of the unemployed

army, giving an ever increasing power to the capitalist class over the working-class.

"Therefore, the benefits accruing from technically educated working class would be reaped by the capitalist, and instead of tending to raise the workers in the social scale, it would be the means of further degradation (unemployment, etc.) Moreover a member of this local, Comrade Simpson, holding a seat on the royal commission to enquire into the technical education for Canada, we further resolve that at the conclusion of the royal commissioners' investigation on technical education and before Comrade Simpson issues his report or does his part in the composition and forwarding of that report, report to the government—as outlined above. We, local Toronto No. 24, S. P. of C., request Comrade Simpson to attend and report the result of his enquiries and the nature of the report he intends to make to the government on technical education, at a regular or a special business meeting (if a special meeting is necessary) of the local to hear his report and take action upon it if necessary."

Replying under date of Sept. 25, Mr. Simpson, addressing the secretary as "dear comrade," and signing himself, "yours in revolt," says:

"The last clause of the resolution leaves me only one course to pursue and that is to sever my connection with local 24. There is such a wide difference between the request of the comrades and what I propose to do, that there can be no possible point of agreement."

"I can assure you that I have no intention of submitting my report as a member of the royal commission on industrial training and technical education to local 24 before I submit it to the government. The position I hold on industrial training and technical education was at the request of the Trades and Labor Congress of Canada, and the request of local 24 that I should submit my report to their censorship is both presumptuous and unnecessary in the interest of party discipline. My views on technical education are well known to the members of the local, and I regret that the last clause of the resolution was adopted."

"In forwarding my resignation as a member of local 24, I do so after the most deliberate consideration of the import of the resolution adopted on Sept. 14, and I regret exceedingly that such a course is made necessary. During my many years' association with the comrades of local 24, I have endeavored to take a clear position in harmony with the Socialist party platform.

Absolutely fire-proof. 200 Rooms All Outside. Second Ave. and Stewart St. "Continental to Everything" European Plan—\$1.50 Per day, up. J. V. DAVIS, Proprietor.

NEW BAPTIST PASTOR. Rev. James McDermid Succeeded Rev. A. W. McLeod at Nanaimo, Oct. 7.—Rev. James McDermid, who succeeds Rev. A. W. McLeod to the pastorate of the Baptist church, will occupy the pulpit at both services on Sunday. Mr. McDermid comes to the church highly recommended by the provincial Baptist mission board and many others. He was born in Ontario, of Highland-Scottish parents. When about 19 years of age he left for the United States, where most of his ministerial life has been spent in evangelistic and pastoral work. Mr. McDermid comes now from Edmonton, Man. At a farewell reception given Mr. and Mrs. McDermid last week before leaving Manitoba they were presented with a handsome purse and address expressing the people's high appreciation of their services. The purse was made up by people of all denominations and no denomination. FIRST TRIP IN RAILWAY CAR. New Westminster, Oct. 7.—Mrs. McDonald, of Chilliwack, a lady over 50 years of age and one of the province's earliest settlers, the other afternoon realized one of the fondest hopes of her latter day life by riding out of the city of Chilliwack to her daughter's home in Huntingdon in a railway coach. The ride taken was her first in that mode of conveyance. Mrs. McDonald came to the coast when the rivers were teeming with salmon and the redman the master. She came when the earliest prospector was seeking the source of the placer dust and before the Spartan miner pried his first survey stake. Port Moody was her first home; Port Douglas, then an important post at the head of Harrison lake navigation, and a favorite stopping place on the overland route to the Cariboo mines, was her second, and finally Chilliwack became her adopted home. RECEPTION TO NEW PASTOR. Prince Rupert, Oct. 7.—A very hearty reception was given to Rev. W. H. McLeod, pastor of the First Baptist church, and family. Solos were rendered by Mr. Davey and Mr. Parent, which were enjoyed by all, after which light refreshments were served by the ladies. In an address given by the pastor he emphasized the fact that the Baptist church which has been started here is the only one of that denomination north of Nanaimo, and that there are wonderful opportunities for doing a great work in this new country. In connection with the church and Sunday school, Mr. McLeod has plans on foot to start a young men's organization similar to those of the larger churches in the south. DIED SUDDENLY. Vancouver, Oct. 7.—James Hart died rather suddenly in the house of Sam Leat at 628 Park lane. Hart went to Leat's place on Saturday afternoon and asked if he might stay there till after the 6th of the month. Leat consented and on Tuesday afternoon was talking with Hart, who appeared in the best of spirits. Hart went upstairs and shortly afterwards Leat heard him groaning and followed. Hart said he believed he was dying and asked Leat to take off his boots. Leat did so and Fan for a doctor but when he returned Hart was dead. Death was ascribed to heart failure.

Local Improvement Notice. The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable: 1. To grade, drain and pave with asphalt Queen's Avenue (roadway 25 feet wide) from Quadra Street to Cook Street, and construct a permanent sidewalk with curbs and gutters, on the north side of said avenue, from Quadra Street to Cook Street, and on the south side of said avenue from Vancouver Street to Cook Street, and to construct permanent sidewalks on both sides of said avenue from Cook Street to Chambers Street, and to construct a curb and gutter along the northern boundary of the North Park, including cost of sewer, surface drain and water laterals. 2. To grade, drain and macadamize with bitumen Vancouver Street, between Queen's Avenue and Bay Street, and to construct permanent sidewalks, with curbs, gutters and boulevards (including maintenance), also cost for main sewer, surface drain and water laterals, and that the said work shall be carried out in accordance with the provisions of the Local Improvement General By-law and amendments thereto, and the City Engineer and City Assessor having reported to the council in accordance with the provisions of section 4 of said by-law, upon the amounts giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the council: NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas Street, and that unless a petition against any proposed work of local improvement, mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, is presented to the Council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by by-law in that behalf regulate and determine.

Tenders for Paving Vancouver Street. Wilton Lackaye in "The Battle."

At the Victoria theatre this evening
 Wilton Lackaye will be seen in "The
 Battle," by Cleveland Moffett, one of
 the most substantial hits of the last
 metropolitan season. "The Battle"
 aroused interest not only on account
 of its merits as a drama, which have
 been declared conspicuous, but also
 because of its novel attitude on sub-
 jects of popular interest.

It concerns principally the adventures
 of John J. Haggleton, the richest man
 in New York, in his quest for his long
 lost son, during which he is brought to
 "Lung Block," a tenement district no-
 torious for its unsanitary condition,
 and of which he is landlord. Finding
 here a chance to recover the possession
 and affections of his son, Haggleton
 is persuaded by a group of reformers
 to remain incognito and penniless in
 this district, their purpose being to
 make him realize the crying need for
 reform and improvements by making
 him suffer through actual contact with

that the boy juggles, and he adds to
 his act by a neat and attractive stage
 arrangement and furnishing.

Picking money from the air and from
 nowhere, finding it on his leg, in his
 empty palm, and other unusual places
 will be the feature that T. Nelson
 Downs has been billed to offer here,
 for his share of next week's bill. He
 is the coin king, manipulator and mys-
 tifier.

An act imported direct from the Ton-
 schers in Vienna, is that of the three
 Escardos, who will provide a sensation
 in athletics. It is said to be a sensa-
 tion and the acme of daring, ending
 with a twenty-five foot leap that fair-
 ly raises the audience to its feet in
 wonder and applause.

Davis, Willis and Cuth, known as the
 three Imperials, promise an innova-
 tion in path and music. Many instru-
 ments comprise the bedrock of their
 turn on which they build up a musical
 delight by sections, interspersing mirth
 and humor all the while.

 in "The Goddess of Liberty," at the Victoria Theatre on Thursday Night.

conditions brought about by their ab-
 sence.

Haggleton, however, proves a worthy
 foe to conditions as he finds them and
 successfully demonstrates that no
 small part of the blame for unsatisfac-
 tory conditions rests with the tenants
 themselves. Moreover, in his efforts to
 begin life all over again, he proves
 his theory that "brains will win out in
 any surroundings," and in organizing
 and getting under way a tremendous
 project, he wins the admiration and
 regard of his son. When the latter,
 one of the most zealous of the reform-
 ers, discovers his relationship to Hag-
 gleton, he is inclined to place his grow-
 ing admiration for the man above the
 arguments of his colleagues, who dis-
 approve of the millionaire's method,
 however, sides against him; and for
 a while there is an intense struggle
 between the opposing forces. The call
 of the blood finally triumphs, and cir-
 cumstances so occur that no one is the
 loser in the end.

New Grand Theatre.
 The College Boy juggler, Dewitt
 Young, is to lead the Grand theatre
 hit next week with a juggling turn in
 which the feature is the juggling of
 all kinds of household furniture. He
 will be accompanied by his sister, who
 will add a natural grace and beauty
 to the act, of course, and it will be
 rivalry between them as to whether
 she attracts more attention for her
 good looks or whether the applause-
 winner will be Young Dewitt or De-
 witt Young for his cleverness. Beds,
 sideboards, cuckoo clocks, kitchen
 stoves are among the household articles

Genieve Farley, the cleverest young
 people in vaudeville to-day, will make
 their Victorian debut in a song and
 dance medley, the latter being their
 great drawing power with American
 audiences. Thomas J. Price will be al-
 lotted one of the latest ballad successes
 of the Southern States, and the moving
 pictures will close what is figured as
 one of the most attractive shows of
 the season.

"The City."

Clyde Fitch's last play, "The City,"
 which the Messrs. Shubert are sending
 to the Victoria theatre next Tuesday
 with the original Lyric theatre, cast
 and production, has occasioned more
 discussion than any purely American
 play, due in main, to the interest-im-
 pelling story and the phase of village
 and city life which is presented in a
 manner likely to arouse debate.

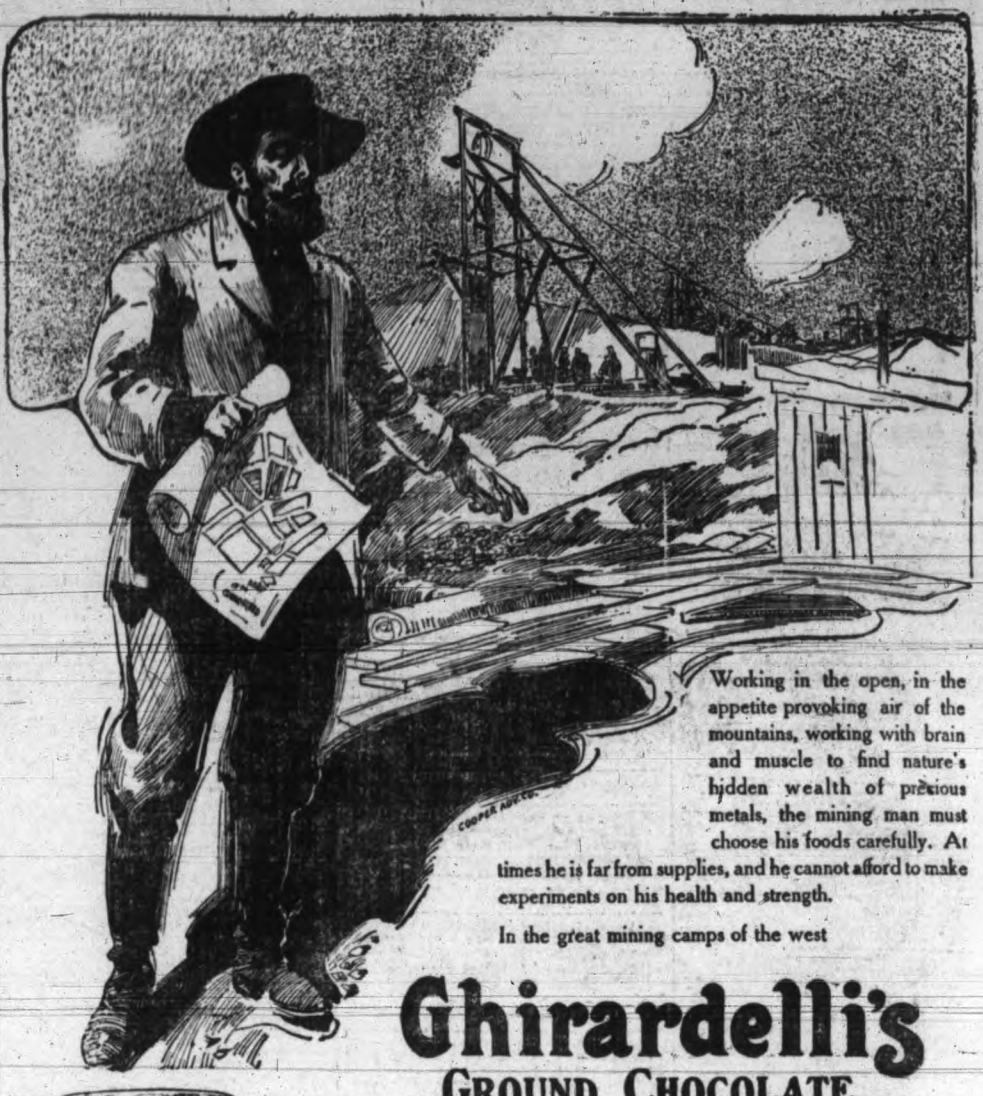

The New York World spoke editor-
 ally of the play in the following way:
 "A posthumous play by Clyde Fitch,

WILTON LACKAYE,
 in "The Battle," at the Victoria Theatre To-night.

"The City," showing the lure of a great
 metropolis, has made a sensation, and
 most people, inferring from the title
 only, might take it as another indict-
 ment of city life, which it is not. The
 age-old attack upon the town as com-
 pared with the country, persists, but
 is it justified by either history or ob-
 servation?"

"Goddess of Liberty."
 Joseph E. Howard, Mort H. Singer's
 star in "The Goddess of Liberty,"
 which comes to the Victoria next
 Thursday evening, the newest musical
 comedy success, is not only acknowl-
 edged one of the most successful music
 writers of the age, but as well the most
 prolific. In a comparatively short time
 he has written fifteen musical comedy
 hits, including "The Goddess of Lib-
 erty," "The Flirting Princess," "The
 Time," "The Place and the Girl," "A
 Prince of To-night," and "Honey-moon
 Trail," and over five hundred songs.
 Among the latter is "Hello My Baby,"

Working in the open, in the
 appetite provoking air of the
 mountains, working with brain
 and muscle to find nature's
 hidden wealth of precious
 metals, the mining man must
 choose his foods carefully. At
 times he is far from supplies, and he cannot afford to make
 experiments on his health and strength.
 In the great mining camps of the west

**Ghirardelli's
 GROUND CHOCOLATE**

enjoys a tremendous sale. It is known as the most popular and satis-
 fying of all beverages. Its delicious flavor, its absolute purity, its
 economy and the great percentage of nourishment it contains, more
 than any other food, all contribute to this popularity.

It is just as wholesome and desirable for the delicate growing
 child as for the rough and ready miner.
