NIGHT FIRE IN VANCOUVER A TRAGEDY

Londonderry Scene of Battles Between Two Rival Factions

Dispatch Says Civil War Conditions Prevail; Killing of Five Persons in Riots Saturday Night Followed by Fighting in Streets and More Deaths To-day.

Londonderry, June 21.—Rioting was renewed in this city this morning and resulted in one person being mortally wounded and two seriously hurt. Rifle and revolver firing was almost continuous and, as the people feared to venture out to work, business was at a veritable standstill.

Shops and schools were closed to-day and many houses were barricaded. The streets were deserted by all except those fighting. The dock workers struck, declaring they would not work until peace had been restored.

The rioting, which started at 2 o'clock this morning, after the troops had been withdrawn following yesterday's battles, continued all day. Reports of additional casualties were received but it was impossible to obtain accurate details.

From two to five o'clock this morning, there was intermittent firing. Between five and seven o'clock three Unionists were shot, one of whom was thrown into the river. Thereupon a large body of Unionists charged down Carlisle Street, firing volley after volley toward the Sinn Fein stronghold in Bridge Street. The Sinn Feiners returned the fire.

The two sides manoeuvred between the streets, keeping up a fusillade most of the day. Troops were an armored car broke up the fighting temporarily at 10 o'clock this morning.

When the troops appear at one place, however, fighting breaks out at another. More troops are being sent to the scene of the rioting.

Civil War. London, June 21.—Civil war conditions prevail in Londonderry, and the authorities are powerless, it is declared in an Exchange Telegraph dispatch from Londonderry this morning. Several additional persons were killed in this morning's rioting there, according to this message.

The firing is being maintained with desperate intensity. Business is suspended, and the postmen are declining to deliver mail.

When the troops stop the fighting in one zone, the dispatch adds, firing breaks out in another.

Five Killed. Dispatches stated that in the rioting on Saturday night five persons were killed, ten were seriously wounded, seven of them mortally, and about 100 were badly injured.

The fighting in Londonderry was several attempts at incendiary, one of which resulted in the burning of a large store.

Held Sway. The rioting was a continuation of the disorders of Friday night, when Nationalist and Unionist were engaged in clashes for several hours, and the military had to be called out. The military remained in what were considered the danger zones but, notwithstanding its presence, the disorderly elements held sway for some time.

NEW SCHEME TO SELL MANUFACTURES

Head of B. C. Manufacturers' Association Urges Sales Agency Be Incorporated

Vancouver, June 21.—Manufacturers of British Columbia are to have laid before them to-day a carefully thought out scheme for promoting the sale of products of this Province. J. H. Falconer, president of the B. C. Manufacturers' Association, is the father of the scheme, and it is his intention to lay his plan in concrete form before the executive meeting of his association this afternoon.

Briefly the idea is to organize and incorporate a company to be known as the B. C. Sales Agency, Limited, in which each of the manufacturing concerns would take one or two shares of stock. Three hundred manufacturers each taking two fifty-dollar shares would raise a capital of \$30,000, and to this might be added, if advisable, the value of a number of shares issued to commercial travelers, the suggestion being that travelers take just one share each.

Staff. The scheme contemplates the appointment of a secretary or manager and a staff of salesmen who would represent the various firms taking membership in the agency. By this plan, it is explained, even the smallest firm would have at its disposal an expert selling organization which as only a few of them are financially able to operate at the present time.

Mr. Falconer does not claim that the idea is original with him, but states that it is a local application of the Overseas Agency, through which manufacturers in Great Britain are seeking business in all parts of the world.

(Concluded on page 4.)

SIR R. KINDERSLEY BACK IN WINNIPEG

Winnipeg, June 21.—Sir Robert Kindersley, Governor of the Hudson's Bay Company, is again in this city after going through the West. He has now practically witnessed every phase of Canadian life from the Atlantic to the Pacific. Speaking of his visit to Macleod and Lethbridge and Southern Alberta, Sir Robert seemed struck with the effect of the windstorms on June 6, contrasting the prairie desolation with the luxuriant growth of British Columbia.

Britain Sends Squadrons of Warships to Near East

Malta, June 21.—A battalion of the Essex Regiment is under orders to embark forthwith on the cruiser Cardiff for Constantinople. All available destroyers and the cruiser Blenheim have been ordered to the East.

Indications are that the entire Mediterranean fleet, including the First Battle Squadron, is concentrating in the Near Middle East.

Boulogne, June 21.—Greece was given a free hand in the military measures in Turkey which were decided upon at the Hythe conference Saturday, according to information here to-day.

The Premier and his advisers found these measures were required immediately because of the grave situation resulting from Mustafa Kemal's Nationalist forces reaching the Dardanelles.

French and British troops and the British fleet will be concentrated for the defence of Constantinople and the Straits.

The delegates to the Hythe conference, it is declared, were of the opinion that the taking of the measures would be sufficient to deal with the situation.

Developments. London, June 21.—(Associated Press)—Serious developments in the Near East are suggested by the hurried convening of the Hythe conference with the Greek Premier, according to some of the London and Paris newspapers. It is suggested that the British Cabinet had accepted the offer of M. Venizelos of the Greek army to assist the British troops against Mustafa Kemal's Nationalist forces. It is suggested that the Hythe conference with the military experts is for the purpose of arranging details of combined operations.

The news from Malta of the concentration of a powerful British fleet in those waters and the dispatch of fresh reinforcements to Constantinople appears to bear out these statements.

Disapprove. London, June 21.—(Associated Press)—The Government's proposal to send a large force to the Near East, made a strong attack on the Government's alleged extravagance.

These military men, adds the newspaper, have no delusions respecting the difficulties and cost of a campaign against the Turks, and it is understood that the proposal is not accepted at present or in the future responsibility in the event the Greeks should decide to enter a campaign whose dangers and difficulties the Allied commands believe the Greeks have underestimated.

The Times reports a statement is current in some quarters that the formation of an international loan to enable Germany to pay the Allies is under consideration.

(Concluded on page 4.)

ONLY JUGO-SLAV TROOPS SEEN IN MONTENEGRO NOW

London, June 21.—Italian troops have been withdrawn from the Montenegrin coast, according to an official agency announcement at Belgrade. Serbian troops immediately occupied the evacuated districts.

There are now no foreign troops in Montenegro.

HEARST STARTING THIRD PARTY IN U. S. WITH JOHNSON

Chicago, June 21.—Announcement of the formation of a third party sponsored by William Randolph Hearst was made here by Hearst's papers last night. Hiram Johnson is to be named as an independent candidate for the Presidency.

Government Intends Continue Wheat Board

Ottawa, June 21.—(Canadian Press)—A resolution which has for its purpose the continuance of the Canadian Wheat Board is on the Order Paper of the Commons for this afternoon. It was placed there in the name of the Minister of Trade and Commerce.

The resolution provides that the Governor-in-Council may appoint a board to be designated "the Canadian Wheat Board," which shall consist of not more than twelve members including the chairman and vice-chairman.

The Board may make such inquiries and investigations as it deems necessary to ascertain what supplies of wheat are, or may be, available from time to time, the location and ownership of the same, the transportation and elevator facilities available in connection therewith, as well as all conditions connected with the marketing and market price that can be obtained for the same. For the purpose of any inquiry or investigation, the Board and the several members thereof shall have all the powers of a commissioner acting under Part One of the Inquiries Act.

NOT A CANDIDATE. Dayton, Ohio, June 21.—Governor James M. Cox last night definitely announced that he is not a candidate for the Democratic nomination for the Presidency.

QUEBEC VILLAGE MENACED BY FIRE; WOMEN REMOVED

Quebec, June 21.—(Canadian Press)—News has reached here that a big forest fire is raging at Bolger, on the National Transcontinental Railway line. As the village is seriously menaced by the flames, which are hemming it in, the women and children have been removed to Doucet for safety. The men have remained to fight the flames.

ARE FIGHTING ON 745-MILE FRONT

Polish - Bolshevik Struggle; Reds Said to Be Using Fifty Divisions

Bolsheviki Claim to Be Pressing Poles Back at Points

Warsaw, June 21.—The Bolsheviki are reported to have assembled fifty divisions for their mid-Summer drive against Poland, which military observers consider now in full swing, the Reds attacking at various points along a 1,200-kilometre (745-mile) front.

Owing to the repeated shipping by the Germans of war material and ammunition through the neck of the Polish territory reaching the Baltic Sea, the Poles are holding up all shipments across the railroad corridor from Katowice toward Osvetch and in the direction of Prosmurov, according to a wireless message received here quoting an official statement issued at Moscow yesterday.

A Polish attack southwest of Polozk was repulsed, the statement declared.

Bolshevik Statement. London, June 21.—Russian Bolsheviki troops have crossed the Dnieper River in the region of Retchitsa, where the movement is strongly developing, and the Poles are being driven back in the region of Krasnodar toward Osvetch and in the direction of Prosmurov, according to a wireless message received here quoting an official statement issued at Moscow yesterday.

Polish attack southwest of Polozk was repulsed, the statement declared.

EXPENDITURES IN BRITAIN CRITICIZED

Government May Have Hard Time of It in the House

London, June 21.—(Canadian Associated Press)—The Government this week is likely to encounter somewhat rough handling in the House of Commons regarding expenditures. On Wednesday the operations in Mesopotamia will be criticized. The cost of the proposal to re-clothe the army in scarlet also will be discussed.

The Northcliffe group of papers for some time has been making a dead set against Rt. Hon. Austen Chamberlain, Chancellor of the Exchequer, and they are now being joined by other anti-Government journals.

It is asserted that the Coalitionists are to the scarlet uniform proposal has been officially warned that vote against the proposal will be interpreted as a vote for a change of government.

Ex-Premier Asquith, speaking on Saturday, made a strong attack on the Government's alleged extravagance.

WANTS SINN FEIN ENVOY RECOGNIZED

Valera Says States Not Neutral Toward Ireland While Recognizing Geddes

New York, June 21.—(Canadian Press)—Eamon de Valera, self-styled President of the Irish Republic, to-day characterized the charges made against him by John Devoy that he had misused the \$50,000 of "Irish Republic" money contributed in the United States to cover expenses at the Republican National Convention in Chicago as a tissue of misstatements, and "a malicious charge." He said the money used by the "Irish" delegation was appropriated by the "Irish Government" and did not amount to half the amount alleged by Devoy to have been spent.

De Valera thought the United States was not neutral on the Irish question and could not be until the United States Government either stopped recognizing Sir Auckland Geddes, British Ambassador, or recognized Dr. Patrick MacCartan, "Irish Envoy."

BRITISH MERCHANTS VISITED WINNIPEG

Winnipeg, June 19.—Co-operation between the merchants of the British Empire and the American continent, need of a more constructive trade policy, harmonious relationship between the English-speaking peoples and an inspiring call for the abolition of individualism in all matters pertaining to interest of the community at large, were salient points which were accentuated in addresses given by British, American and Canadian speakers to the British and American drygoods merchants who visited this city Saturday.

DROWNED HERSELF IN MANITOBA RIVER

Winnipeg, June 21.—The body of Mrs. Emerson Newman was recovered from the Assiniboine River Saturday afternoon. Mrs. Newman disappeared last Wednesday. Her hat and a note reading "You will find my body in the river. Take care of my children" was found on the river bank on that day.

TO-MORROW'S MEETING

The chair will be taken at eight o'clock to-morrow evening for the Victoria Liberal Association meeting at Pantages Theatre. Hon. John Oliver, Hon. John Hart, Geo. Bell, M.P.P., and Henry C. Hall, M.P.P., will describe the work of the session.

SUPREME QUESTION IS TIME OF DAY

Many Firms Adopt Daylight Saving; Look to Council To-night

On the telephone, in offices, over store counters, on the street, and everywhere that man commuted with fellow man this morning, the vital query came "What Time Are You?"

The Parliament Buildings, Post Office and Customs all retained the even tenor of their ways, and worked on standard time; although the latter two signified a willingness to prove accommodating to the wishes of the majority, as soon as the majority expressed a coherent and audible wish.

The City Hall staff perforce adopted the new fangled ideas and strove to work with the clock well advanced.

The fire department followed its parent member of the civic chain, as did the police and detectives. But the police court was unfortunately bound by legal precedents and, although the magistrate was bound to adjust the affairs of the criminal world according to the progressive clock he did not actually do business until legally authorized to do so.

"Take Your Pick." Visitors on the day boat from Seattle walked up town slightly puzzled by the conversation overheard as to what time it was. Arriving in the centre of the city they saw the clocks of jewelers' stores, which were set to 12 m. while, but a little further along the electric clocks of the B. C. E. R. averred it was still but noon.

The banks adopted the new time to-day. Most of the large firms and stores joined suit.

Lunch hour was a varied affair, the business section of the city being entirely disorganized, and many a man got his noon day meal one hour too soon, while others let the function go so late that they discarded the rest period and worked straight through.

TWO KILLED IN RIOTS IN CHICAGO

Score Wounded; Trouble Was Between White Men and Negroes

Chicago, June 21.—Federal authorities to-day began investigating the rioting here last night between whites and negroes, which resulted in the murder of two white men and the wounding of a score or more persons, including a negro policeman.

The rioting started, according to all accounts when a parade headed by fantastically garbed "Abyssinian Princes" here to urge negroes to return to Africa, stopped to burn two American flags.

Police to-day arrested Grover C. Redding, who claims to be a native of Abyssinia, and seven other negroes, said to be leaders in yesterday's rioting.

R. D. Jones, alleged radical agitator, and other negroes believed to be leaders were still at liberty.

Denounced Redding. Jones, who was found by a reporter, said he had met Redding in New York several weeks ago. He said he came to Chicago to ask the Republican convention to incorporate a plank in the party platform providing for the resumption of the Abyssinian treaty with the United States, which expired in 1917. Since coming here, he declared, he had denounced Redding and the other "Abyssinian Princes" to the Federal authorities as radicals, but without result.

Before the parade a meeting was held to boom Mayor William Hale Thompson as the Presidential candidate of a third party composed of Irish, negroes and trade unionists.

At this meeting Jones told the negroes that the Friends of Irish Freedom had aided in establishing the Black Star Negro Steamship Line, which would ultimately "carry arms to Africa."

Valera. He also declared he had seen a letter from Eamon de Valera in which the "Irish President" said he had given up hope of obtaining an Irish freedom plank in the Democratic platform at San Francisco and would back the third party movement.

For several hours after the rioting started crowds formed in and around the outskirts of the "black belt," but 700 police rushed to the district succeeded with little trouble in dispersing them. During the night in various parts of the city there were attacks upon negroes but the authorities have succeeded in preventing any general race movement.

Leaders of Allies Hold Conference in Boulogne

Boulogne, June 21.—Premiers Lloyd George and Millerand, accompanied by Marshal Foch and Frederick Francois-Marsal, French Minister of Finance, arrived here this morning at 10.30 o'clock by special boat from Folkestone. In the party was Premier Venizelos of Greece. The arrival of the two Premiers completes the delegations which will participate in the conversations here to-day and to-morrow, the Italian and Belgian representatives having arrived during the night.

Immediately after their arrival the delegates were driven to a hotel reserved for them, where a short preliminary conference was held before luncheon.

M. Venizelos will participate in the discussions at the conference at which questions affecting Turkey and Armenia will be considered. Questions relative to reparations and

SIX LOST LIVES IN AN APARTMENT HOUSE FIRE IN VANCOUVER

Tragedy Occurred Last Night; Flames Spread So Rapidly Escape of Tenants Was Cut Off; Blaze Probably Started in Furnace Room.

Vancouver, June 21.—Four victims of the fire in the Balmoral apartment house here, in which six persons are known to have lost their lives last night, had been identified up to noon to-day. Identification was made of the bodies of Charles Dennehy, of the Pacific Steamship Company; Miss Lena McLennan, employed with the Canadian Pacific Railway; J. R. J. Jackson, manager of the grocery department of the Hudson's Bay Company store, and S. A. Spencer, janitor of the building. Two bodies of men remained unidentified.

The bodies, save that of Charles Dennehy, were charred.

The following were injured: John Holland, overcome by smoke; Mrs. McAllen, burned, not seriously, at St. Paul's Hospital.

Mrs. F. W. Powell, burned, not seriously, at St. Paul's Hospital. The property loss is estimated at approximately \$100,000.

DOMINION IS TO AID SHIPBUILDERS

Government Asks Parliament to Pass Resolution Providing For Backing

Ottawa, June 21.—(Canadian Press)—A resolution designed to assist shipbuilding yards in carrying out their contracts for vessels over 2,000 tons has been placed on the Order Paper of the Commons in the name of Sir Henry Drayton, Minister of Finance.

The resolution provides that the Minister of Finance may be authorized by the Governor-in-Council to endorse promissory notes drawn by the purchaser in favor of shipbuilders from fifty per cent. of the purchase price where the remaining half of the cost has been provided for. The vessels will be mortgaged to His Majesty for the full amount of the cost and the registry shall not be transferred until the mortgage has been cleared off.

It was shortly after the alarm that Charles Dennehy jumped from the fifth floor into the life net, which was insufficiently manned by volunteers. Crashing down, he dragged the side of the net from those holding it, and struck the cement sidewalk, sustaining fatal injuries. He was rushed to St. Paul's Hospital, where he died a few moments later.

A man, unidentified, jumped or fell from the fire escape on the Pendrill Street side, breaking both legs and sustaining other injuries. It is not expected he will survive his injuries.

Rescued. Firemen rescued Mrs. McAllen, Suite 2, who was badly burned about the face and breast. Mrs. Powell, Suite 15, was rescued a few minutes later. She also was badly burned.

At 11.10 the fire had gained such headway that the escape of any of those still remaining in the building was practically impossible. Flames poured through the windows that opened on the fire escape, and dense clouds of heavy smoke and roaring flames filled all the hallways.

MAY CHANGE NAME OF UNIONIST PARTY

Government Members of Parliament to Hold Caucus To-morrow

Ottawa, June 21.—(Canadian Press)—A full caucus of Government supporters is to be held to-morrow, when many matters of interest will be under discussion.

There is little indication of a change in leadership or that Sir Robert Borden will retire. There is some talk of changing the name of the party in readiness for a general election, should the latter come. Most of the Government followers, however, do not think this year will see any contest.

Naval matters probably will take a prominent place in the caucus discussion.

There is every indication that the close of the present week will see the close of the business of the session. Many believe the House will recess a week from to-day merely for the purpose of prorogation.

RAILROAD STRIKE IN UNITED STATES

5,000 Reported Idle in Pennsylvania; Meat Prices Advance in Philadelphia

Philadelphia, Pa., June 21.—The railroad strikers to-day claim heavy gains in this vicinity. They say that 5,000 men have quit work. The tie-up in the movement of freight is increasing. Already there is a noticeable scarcity of certain articles and prices of fresh meats have advanced.

The newspaper supply is running short, and newspapers are curtailing.

That the strike is not against the railroads, but against the Railroad Labor Board is emphasized by the strike leaders and union executives. They say it is the outcome of disappointment due to the delay of the Board in coming to a decision.

London, June 21.—(Canadian Press)—Lieut. Michael O'Leary, of the Canadian Rangers, one of the earliest V. C.'s of the war, has resigned and intends to return to Canada to resume his old duties with the Mounted Police.

(Concluded on page 4.)

SIX LOST LIVES IN AN APARTMENT HOUSE FIRE IN VANCOUVER

Tragedy Occurred Last Night; Flames Spread So Rapidly Escape of Tenants Was Cut Off; Blaze Probably Started in Furnace Room.

Vancouver, June 21.—Four victims of the fire in the Balmoral apartment house here, in which six persons are known to have lost their lives last night, had been identified up to noon to-day. Identification was made of the bodies of Charles Dennehy, of the Pacific Steamship Company; Miss Lena McLennan, employed with the Canadian Pacific Railway; J. R. J. Jackson, manager of the grocery department of the Hudson's Bay Company store, and S. A. Spencer, janitor of the building. Two bodies of men remained unidentified.

The bodies, save that of Charles Dennehy, were charred.

The following were injured: John Holland, overcome by smoke; Mrs. McAllen, burned, not seriously, at St. Paul's Hospital.

Mrs. F. W. Powell, burned, not seriously, at St. Paul's Hospital. The property loss is estimated at approximately \$100,000.

Charges of looting during the progress of the fire from homes adjacent to the burning building are made to-day. It is alleged that money, valuables and clothing were stolen.

One of those who lost their lives, Charles Dennehy, was fatally injured in jumping into a net from the window of his apartment on the fifth floor, dying later in a hospital.

A great crowd was attracted to the scene of the fire at the southeast corner of Thurlow and Pendrill Streets.

From Furnace. The fire, which started about 10.45, apparently originated in the boiler room from the furnace, but so quickly did it spread that this cannot be positively stated by Chief Carlisle. It jumped quickly from floor to floor until the flames were breaking forth from numerous windows and the roof.

S. A. Spencer, the janitor, ran from floor to floor, alarming the tenants while the fire department was rushing to the scene. The startled inmates rushed into the hallways, but many found their escape cut off by the flames. Dozens of them were clad only in their nightclothes, and were partly overcome by the dense smoke.

Died at Hospital. It was shortly after the alarm that Charles Dennehy jumped from the fifth floor into the life net, which was insufficiently manned by volunteers. Crashing down, he dragged the side of the net from those holding it, and struck the cement sidewalk, sustaining fatal injuries. He was rushed to St. Paul's Hospital, where he died a few moments later.

A man, unidentified, jumped or fell from the fire escape on the Pendrill Street side, breaking both legs and sustaining other injuries. It is not expected he will survive his injuries.

Rescued. Firemen rescued Mrs. McAllen, Suite 2, who was badly burned about the face and breast. Mrs. Powell, Suite 15, was rescued a few minutes later. She also was badly burned.

At 11.10 the fire had gained such headway that the escape of any of those still remaining in the building was practically impossible. Flames poured through the windows that opened on the fire escape, and dense clouds of heavy smoke and roaring flames filled all the hallways.

Great Crowds. Great crowds congested the streets surrounding the building, and it was necessary to call out the police reserves under Inspector Wilshire.

(Concluded on page 4.)

LIEUT. O'LEARY, V.C., COMING TO CANADA

London, June 21.—(Canadian Press)—Lieut. Michael O'Leary, of the Canadian Rangers, one of the earliest V. C.'s of the war, has resigned and intends to return to Canada to resume his old duties with the Mounted Police.

CUPID BUSY AND TANGLE ENSUED

English Girl, Bound to Canada to Wed, Transferred Affections

Halifax, June 21.—When Captain R. Kitchen, of Sydney, C.B., and late of the Canadian Expeditionary Force, boarded the steamship Caroten at her dock in Halifax Saturday to greet Miss A. Butler, of Manchester, Eng., who had come out to marry him, he found that during the voyage she had transferred her affections to Captain J. Mellor, late of the "Guards" and said to be the son of Sir John Mellor, Bart., of London, and that she had intended to marry Mellor. She was sufficiently strong to compel him to stick to her original intention. Immigration officials intervened, and after numerous conferences decided that the only solution was to order the deportation of Miss Butler. This did not suit Captain Kitchen, who thereupon paid the return passage of his former fiancée and the ship proceeded to New York, where it is understood Captain Mellor proposes to stage another attempt to wed the lady, with the aid, he is estimated, of the British Ambassador.

SEEK DINOSAUR BONES IN ALBERTA

Prof. Parks, of Toronto, and Assistants Work in Alberta

Edmonton, June 21.—Another expedition to look for the bones of great prehistoric reptiles in the Red River Valley of Alberta is on its way here. This time it is under the direction of Dr. W. A. Parks, of the University of Toronto and the Royal Ontario Museum.

For a number of years these expeditions have been an annual Summer journey for three months. Two years ago the almost perfect specimen of a kritosaurus incurvimanus, which has just been finally shipped from the rock and presented to the museum, was found, making a distinct addition to the records of science, and giving to Toronto the only specimen of this species yet discovered. Three incomplete skeletons of the kritosaurus and a great horned head of a Brontosaurus, four feet six inches in length, were found by the professor, but have not yet been carved from the rock. It is the hope of Prof. Parks to collect ultimately for the Royal Ontario Museum one of the finest exhibits of dinosaurs in existence.

Buttes. The locality and the method of finding the specimens have been described by Prof. Parks, as follows: "The river cuts right through the flat prairie to a depth of 400 feet, forming a lot of broken buttes, and it is among these that the bones are discovered. One of the difficulties in obtaining complete specimens is that the bones cannot be obtained until they are partly exposed by the action of natural roding causes. Sometimes you are disappointed then, for after exploring you may find only a single bone. You dig down as close as you can and pack the rock in plaster of paris for shipment.

The Red River Valley 2,000,000 years ago was near the coast of a great inland sea that stretched from the Gulf of Mexico to the Arctic Ocean. The sand along the shallow, brackish shores of that great body of water formed a splendid preservative for those huge reptiles which inhabited the world at that time.

PAINTINGS FOUND TO BE CLUMSY COPIES

New York, June 21.—At the outbreak of the war John T. Milliken, a St. Louis millionaire, was advised by a friend in France that he had found a bargain in old masters. It was a collection of works of art gathered by a Lille merchant whose widow was almost ready to "give it away" rather than let it fall into the hands of the Germans. Mr. Milliken sent \$100,000 to the friend, who bought the collection. The pictures could not be shipped from France during the war, and Mr. Milliken died in the meantime. At the Anderson galleries here the other day the collection was sold by the order of the executor. It brought exactly \$4,255. It was discovered that most of the alleged masterpieces were clumsy copies.

EMPIRE VETERANS

MEET IN NEW YORK

British Great War Veterans of America Will Convene Week Hence

New York, June 21.—(Canadian Press)—Canadian and British war veterans now residing in various parts of the United States will assemble at the Hotel Commodore, New York, a week hence for the first national convention of the British Great War Veterans of America, Inc.

This organization, launched in July, 1919, at a meeting held in Madison Square Garden, this city, has attained rapidly to numbers and importance. The New York command alone has a membership of more than 600, while many other cities and towns in the United States have large and flourishing branches. The large and flourishing branches of that of New York in numbers. Lynn, Mass.; Manchester, N. H.; Bridgeport, Conn.; Philadelphia, Pa.; Newark, N. J., each have big enrolment, while new applications for charters are being filed constantly.

The British Great War Veterans of America, Inc., enjoys the distinction of being officially recognized by the British Embassy at Washington. It is also proud of the fact that the Prince of Wales is a member, an active member, who is duly qualified, and who keeps up his dues. The announced aims of the association are: To foster the spirit of pride in the achievements of the Allies in the Great War; to preserve their traditions; to bring together in close fellowship the ex-service men of the British armies; to aid and re-establish in civil life those who have fought and suffered, and are now endeavoring to secure a foothold in the business world; and to promote peace and unity between two great nations of English-speaking peoples. Under Union Jack.

The membership is largely made up of British and Canadian residents in the United States who enlisted in the Canadian forces and served in the Canadian uniform during the war. There is no bar to color, race or creed, but to be eligible for membership the applicant must have served under the British colors and have received an honorable discharge.

The New York command, which is the largest in the organization, recently held a most successful athletic meet in which five silver cups were competed for in special events. Two of these were presented by the Canadian Government, and one each by the British Consul-General at New York, the president of the association, and the president of the Canadian Club of New York. Club rooms have been secured, and the veterans will go in for an ambitious social programme. Officers.

The officers of the British Great War Veterans of America are: President, Lieut.-Col. M. W. Sage; vice-president, W. G. Armstrong; secretary, Oliver Eastwood; directors, T. G. Armstrong, M. Childs, E. W. Whitwell, A. H. Gibson, F. C. Badgley, John Lewis and C. L. Richardson. Col. John A. Cooper, Canadian Government Trade Representative in New York, is chairman of the sports committee.

Lieut.-Col. Sage, president, at the beginning of the war joined the C. E. F. as captain in the 56th Battalion, later being transferred to the 177th as second in command. Subsequently he was attached to the 21th Battalion and while in England reverted to the rank of major to go to the front. He served eighteen months at the front, was wounded, and returned to Canada for treatment. While in Ottawa he commanded the Signal Training Depot. He also at one time acted as instructor in one of the H. C. O. training schools, where some 2,500 N. C. O.'s qualified for officers' training. He is an expert rifle shot, and has participated in most of the Dominion matches in the past.

\$10,000 FIRE IN NORTH VANCOUVER

North Vancouver, June 21.—Damage estimated at \$10,000 was caused last night by a fire which originated in a storage warehouse at the Wallace shipyards, and also gutted adjacent buildings belonging to the Brackman-Ker Milling Company.

One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder then that they become irritable and nervous, have hot flashes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N.S., writes:—"I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flashes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

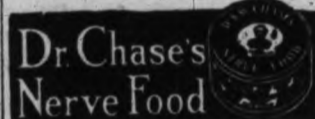

"I Wonder Would It Help Me?"

THIS question has been answered by many thousands of women who have found health and happiness in the use of Dr. Chase's Nerve Food.

Sleeplessness, irritability, nervousness, gloomy forebodings of the future, depression and discouragement—these are some of the symptoms which tell of exhausted nerves.

In order to avoid nervous prostration or some form of paralysis it is well to get the building up process established at once by use of Dr. Chase's Nerve Food.

PLANES USED IN ELECTION CAMPAIGN

Norris Government Adopts New Course in Manitoba; First in Record

Winnipeg, June 21.—Unique aeroplane advertising methods will feature the Norris Government's election campaign in the Province. Prominent speakers will be taken from town to town by plane.

All Good Drug Stores Sell "VITAL" Tablets The Great French Tonic A Medicine That Prolongs Life.

VITAL will do all we claim for it. If not, we refund you your money. VITAL not only prolongs life, but makes the old feel and look young. It restores vim and energy. VITAL takes hold of the inside nerves at once and braces you up. Some of your nerves have been dormant for years, and if they are not looked after will dry up and die. VITAL reaches the nerve centre, imparting life, youth and vigor. That tired, bilious feeling is removed; all your pains and aches are driven away. The most wonderful tonic ever sold is VITAL. Don't be a burden to yourself and others; get a box of VITAL to-day and start life over again. Drug stores are the only places in Canada where you can buy VITAL. Price 50c, a box.

30,000 MANITOBA AUTO LICENSES

Winnipeg, June 21.—Nearly 30,000 automobile, 753 motorcycle, and 423 dealers' licenses were issued by the province of Manitoba from January 1 to May 31, 1920. This was an increase of more than 500 over the whole of last year in the number of automobile licenses issued. Licensed chauffeurs in the province number 2,977, and of these, 480 are returned soldiers, granted their first year's license free. Permits to drive cars owned by heads of families have been taken out by 2,821 wives, daughters, sons and other relatives of owners.

NIGHTMARE, NOT GROUND FOR DIVORCE

Chicago, June 21.—Judge Jesse Holdom handed down the legal declaration that nightmare is not sufficient ground for divorce in refusing the application for Mrs. Ellen Harris, of 837 Drexel Square, for a court decree annulling her marriage. She had alleged that, while having a nightmare, her husband had grabbed her by the throat and almost killed her. He did not wake up until he had choked her for ten minutes.

SUGAR IS DEARER IN MONTREAL NOW

Montreal, June 21.—It is stated at most of the large retail grocery stores here that the price of sugar has gone up to twenty-five cents a pound. Some of the smaller grocers, however, are charging their customers twenty-seven and thirty cents a pound.

Some Rare Bargains in Dresses

NOW comes the turn for the "Better Kind" Dresses to be subjected to radical price reductions. As yet, these dresses have not been "cheapened" by the display of price tickets. They can now be seen in our show windows—but without price marks.

If you will step inside, however, you can judge for yourself as to the splendid bargains available in these beautiful garments. The reductions are very marked. The qualities and styles exceptional.

A NEW APARTMENT HOUSE DEVELOPMENT

Many Tenants in New York Co-operate and Buy Buildings

New York, June 21.—An "own your own apartment" movement is in full swing here. Two late evidences of its growing strength are the purchase by the tenants for \$2,500,000 of an apartment house on Fifth Avenue and the starting of construction on a co-operative apartment on Park Avenue which is to cost \$4,000,000.

Eight Months Ago. Starting about eight months ago, the transactions in co-operative buying of apartments have mounted in

volume until they are presently a fixture of realty dealings and all of the larger real estate agencies maintain special departments in which the employees do nothing else but handle the sales of apartment houses to tenants. This is generally a profitable transaction for the owner, for tenants are willing to pay more to retain their homes than speculators or investors would pay, and it is said to be profitable for the tenants in that they assure themselves of home at a cost of only about seven years' average rentals.

Tenants are approached both individually and through mass meetings when agents have apartment houses to offer. The tenants are given a certain length of time to decide, and if they wish to take the property the building in which only tenants may reside to stock. The purchaser of the stock gets a ninety-nine-year lease.

The shortage of office and commercial space has been one second to that for housing purposes in New York and co-operative purchasing of office and loft buildings by tenants has begun, although it has not as yet reached the proportions of apartment purchasing by tenants. Transactions in business buildings differ from apartment sales in that while co-operative buying is done it is seldom 100 per cent. so. The usual deal involves the purchase by a club of half dozen or so business tenants, who apportion the space among themselves and then lease the remainder. The management in both cases is generally vested in some well-known agent under the direction of the tenant-owners.

Lingerie ribbons should not be ironed while wet or they will become stiff.

COTTON SHORTAGE NOW IS PREDICTED

Growing of Cotton Within Empire Urged; Substitute Hinted At

Manchester, Eng., June 21.—Professor J. A. Todd, Secretary of the Empire Cotton Growing Committee of the Board of Trade, addressing the Textile Institute, uttered a warning of a prospective future scarcity of cotton in the near future and emphasized the need for developing new sources of supply as well as experimenting with cotton substitutes.

After dealing exhaustively with the labor position in the United States cotton growing areas, bad weather and ravages by boll-weevil, as well as the acreage position, the professor said: "It is obvious that we were not going to get 15,000,000 bales of cotton this year." At home it seemed to him the consumers had not yet felt the full weight of the high cost of the raw material.

Statistics. The statistics for the domestic consumption of the United States for the first three months of this year were on a basis uncomparably near to 7,000,000 bales a year. British consumption before the war was nearly 4,000,000 bales, and the total American crop last year was only 11,000,000.

By next year, he said, the continental mills probably would be more active than now and the demand increased and the Oriental demand also would be much higher. So long as the workers and producers of the world were making so much more money than they ever did before, he did not see how the demand for cotton goods was even going to be substantially reduced.

It was only a question of time, he asserted, when the world would face a scarcity of cotton, and it was high time, therefore, that something was done to develop new sources of supply, for even when they were found they would not be able to afford substantial relief for five or ten years.

For fifteen years I had stomach trouble. Ten doctors did not help me. Three weeks after taking Adler-i-ka I was helped and am NOW WELL. (Signed) J. C. Wright.

SHRINERS GATHER IN PORTLAND, ORE

Throngs Congregate in That City For Imperial Council Sessions

Portland, June 21.—Sixty caravans of Mystic Shriner Nobles are due to reach Portland by night from every section of the country for the Imperial Council sessions of the Shrine, scheduled to begin to-morrow. More than 75,000 visitors are expected and the city's accommodations are being taxed to their capacity.

Portland was filled with bands today, close to fifteen already having arrived and about forty others being scheduled to reach here during the day.

MAN DROWNED, WOMAN SAVED; SUICIDE PACT

Hilo, island of Hawaii, June 21.—Strapped together as they leaped into the sea to fulfill a suicide pact, Uye Tafaburo, a Japanese of North Kohala, and Makino Kuyuyama, wife of another Japanese, perished in their endeavor. Tafaburo was drowned but the woman was pulled from the surf by W. Pinehaka, father of North Kohala.

Pinehaka saw the pair with ankles and bodies tied together leap as one into the sea from the rocks below Hilo, on the North Kohala coast. He scrambled down to the water's edge just as the tide washed the woman back to shore, the bonds that had tied her to her companion having broken.

OF INTEREST TO WOMEN

This Is a Short Letter, But It Proves the Reliability of Lydia E. Pinkham's Vegetable Compound

Bothwell, Ont.—"I was weak and run down, had no appetite and was nervous. The nurse who took care of me told me to try Lydia E. Pinkham's Vegetable Compound, and now I am getting strong. I recommend your medicine to my friends, and you may use my testimonial."

The reason why Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old-fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and as it contains no narcotics or harmful drugs it is a safe medicine for women.

YEAR HAS PASSED SINCE THE SCAPA FLOW INCIDENT

One year has passed since the scuttling of the German fleet at Scapa Flow, to-day being the first anniversary of that event. The cuts below were made from photographs taken after the German crews had done their work.

A Battleship Resting on the Bottom.

A Cruiser on the Bottom.

Several destroyers aground in shallow water. If they had been a little deeper from above nothing would have been visible above the water.

IMPORTING FROM CANADA AND STATES

Newfoundland Has Been Taking Less From Britain, Buyers Sent

Ottawa, June 21.—The steady shifting of Newfoundland's imports from Great Britain to Canada and the United States is shown in foreign trade figures just made public at St. John's and received here. The imports from Great Britain in 1909 were valued at \$2,995,670, and in 1919 at \$2,399,553. In the same period the imports from Canada increased from \$3,937,000 to \$12,777,634, and from the United States from \$4,332,680 to \$16,569,334.

The climate of Newfoundland is so severe that all of its food supplies, except fish, a few farm products and a small quantity of meat, have to be imported. Practically all clothing, furniture and household goods also are bought from abroad. Until about twenty years ago these imports were divided almost equally between Great Britain, Canada and the United States, but since then the tendency each year has been to buy less from the Mother Country and more from the nearer neighbors.

Business interests in St. John's have been informed that British traders are trying to set up machinery to re-establish trade with various portions of the Empire which was disrupted by the war and are expected to give first attention to Newfoundland. Dealers in St. John's are sending buyers to the British Isles this Summer and say they are prepared to fill their requirements there to the greatest extent possible if they can be assured of delivery.

BOLSHEVIKI CLAIM SERBS AND BULGARS ARE AGAINST GREECE

London, June 21.—A Moscow wireless message received here alleges that a secret alliance against Greece has been concluded between Serbia and Bulgaria.

Choose a perforated tin pie plate if you like the underfoot perfectly cooked. Never let a thermos bottle lie in the dishwasher—wash it as quickly as possible.

So far the only peoples to attempt to use square coins are those of British Dominions. India has had a square two-anna piece since 1918, Ceylon, a square five-cent piece since 1916, and the Straits Settlements a square one-cent piece since last year.

The action of the Melbourne Mint officials is probably dictated by the fact that square coins leave less metal in the blanks from which they are cut, and they pack better when boxed.

SCIENTISTS HERE

Astronomers Hold Final Session of Convention at Saanich Observatory.

Members of the astronomical section of the American Association for the Advancement of Science, which met in Seattle last week, came to Victoria Saturday and held their final sessions at the Dominion Astrophysical Observatory at Saanich Hill.

Papers were given by Dr. Moore, president of the Astronomical Society of the Pacific, and Dr. Aitken, both of the Lick Observatory. Dr. J. S. Plaskett, Dr. Young and H. Plaskett, of the local observatory, gave their papers at Seattle on Thursday.

The scientists were received by Dr. Plaskett and Miss Plaskett, who entertained the party to dinner. After the discussions the scientists took in the evening view of the southern part of the Island, the Straits, and the Olympics from the observatory hill, then went inside and worked with the 72-inch telescope until nearly midnight.

Among the Victorians participating in the meeting were: President A. W. McCurdy, of the Council of the Astronomical Society of Canada, who has just returned from the East, and Mrs. McCurdy, J. E. Umbach, vice-president of the Victoria section of the Astronomical Society of Canada, and Mrs. Umbach; Secretary Chadwick, Treasurer Hibben, Major Good-ey, J. Charles McIntosh, M.P., and Mrs. McIntosh, Mrs. S. P. Tommie, Miss Tommie, Reeve Watson, of Saanich, Brigadier-General Ross, G.O.C. Distinguished scientists included: Professor Lampland, of Flagstaff,

FINDS FOSSILS OF LIFE IN B. C. BACK 45,140,000 YEARS

Smithsonian Scientist Makes Discoveries in Rockies Near Field

Washington, June 21.—The first forms of life appeared on this earth 45,140,000 years ago, according to Dr. Charles D. Walcott of the Smithsonian Institution who has just discovered several thousand fossils that contradict all previous deductions. The find was made in the Burgess Pass fossil quarry, discovered in 1919 in the Canadian Rockies, about 3200 feet above Field, B. C.

Prof. Walcott has taken annual parties into this district, blasting fossils out of what is known as the Cambrian Rocks. When the large slabs were blasted loose they were split with chisel and hammer, and fossils of animals were exposed that were, in life, softer than jellyfish.

The shale bed suggests that the waters of the ancient Cambrian Sea swarmed with life, just as the ocean does to-day at Santa Catalina Island. But this was long before the advent of fish on earth, and no trace of fish is found among the fossils.

The find upsets the theory that in the Proterozoic Age only one-celled Amoeba, etc. existed. Instead of only unicellular animals there were actual swimming and crawling water forms of animals already dominant.

Prof. Walcott estimates that fossils of these animals were engulfed about 27,640,000 years ago. He adds to this figure 17,500,000 years during which these and other creations were evolving from each other in the pre-Paleozoic period.

AUSTRALIA TO HAVE SQUARE PENNIES

New Departure in Southern Dominion; Coins Will Be of Nickel

Sydney, Australia, June 19.—Australia is about to mint square pennies and half pennies of nickel. These will go into circulation concurrently with the present copper coinage, of which, it is understood, no more will be minted.

So far the only peoples to attempt to use square coins are those of British Dominions. India has had a square two-anna piece since 1918, Ceylon, a square five-cent piece since 1916, and the Straits Settlements a square one-cent piece since last year.

Finest Thing Ever For Chronic Catarrh!

Gets Away From the Medicine Habit, Cures By Novel Method.

With the many remedies you have tried you surely know that no liquid medicine can cure your throat or nose. Even a gargle only bathes the entrance of the throat—it can't really get inside, nor can it reach the inflamed bronchial tubes.

With Catarrhose, it's so different from medicine-taking—you simply breathe its healing vapor, inhale its balsamic fumes, which carry cure and relief to the minutest air cells in the lungs, nose, throat and bronchial tubes.

In this scientific way the soreness and inflammation is rapidly allayed, relaxed cords are toned up, the entire mucous membrane invigorated. Every trace of catarrh disappears, the disagreeable dripping of mucus in the throat, hacking, spitting and stopped-up nostrils—all these sure signs of catarrh and bronchitis are permanently cured by Catarrhose.

Large outfit lasts two months, costs \$1; small size 50 cents. Trial size 25 cents at dealers everywhere.

DID NOT WANT IT.

Mr. Lloyd George informed a deputation last Wednesday that "three great powers," meaning presumably Great Britain, France and Italy, had made representations to Poland against attacking Russia before the Polish offensive opened, but without success.

It was a hopeless undertaking on the face of it, for Poland lacks the resources in men and material to maintain a prolonged active conflict with Soviet Russia, which has a well-organized and ably-led army of several million men.

If any country needs peace it is Poland. Starvation is stalking through the land and funds are being raised throughout the world for the famine-stricken population. Yet she engaged in an ambitious military offensive, not because she was immediately menaced—for she was not—but to perpetuate a cockpit for future wars, for that is all buffer states in Europe have amounted to.

THEY COME HIGH.

A great many advocates of the municipalization of Seattle's street railway system must have felt a very decided shock on learning that after July 19th it will cost ten cents in cash or a 6 1/2 cent ticket to ride on the municipal cars.

POUND DAY.

Appeals to the generosity of the people of Victoria never go unheeded. To-morrow's "pound day" in behalf of the unfortunate inmates of the B. C. Protestant Orphanage Home will be no exception.

A HARD NUT.

The question of the enforcement of the treaty with Turkey is one of the most pressing matters under consideration by the conference now going on at Boulogne. The Supreme Council has solved not a few knotty problems arising out of the war since the peace negotiations were opened, but the Near East problem perhaps is the most difficult and distracting of all.

Obviously, therefore, the indispensable preliminary to the effective operation of the treaty with Turkey is the elimination of Mustapha and

his Nationalists. Neither Great Britain, France nor Italy is desirous of starting a new war in that region to the extent of dispatching a large army there, which is one of the few things in connection with the Near East situation the three are agreed upon.

Greece, it is understood, is willing to deal with Mustapha in a military way subject to certain conditions of aid and compensation, and it is reported that Premier Velizelos has made this proposal to the conference. There are conflicting versions of the reception of the Velizelos offer, but there cannot be two opinions on the sagacity and sound judgment of the Greek Premier on matters affecting the Near East.

EGYPT AND INDEPENDENCE.

In the absence of any official pronouncement it is difficult to understand the inner meaning of a dispatch received in Cairo from the Egyptian Minister of Justice—who is in London for the moment—to the effect that Egyptian independence may be established as a result of the conference now taking place between himself and Viscount Milner.

Since the Milner Mission returned from Cairo some months ago it had been generally supposed that the attitude of the Egyptian Nationalist Party had constituted an almost insuperable barrier to a continuance of the British Protectorate without a constant recurrence of disorders. It was vehemently maintained, too, that British interests in Egypt were of such a character that relegation of the supreme control of the country to Nationalist authority never could be sanctioned.

Great Britain has sufficient territory to maintain in peace without adding to her liabilities, while the granting of independence in this case is a long way from being synonymous with the confiscation of British interests. And on the slightest hint of danger to those interests an appropriate demonstration of force would be justified—and effective.

NOTE AND COMMENT

What time is it, anyway? Ask a policeman.

Mr. G. H. Statham, assistant commissioner of police, Behar, India, told one of the Vancouver newspapers that Anglo-Indians are strongly of the opinion that General Dyer saved a serious situation at Amritsar last year. The scolded officer should have every opportunity to defend himself in spite of the Commission's findings.

Gold shipments from Canada to the United States have caused no reduction in the discount rate. No; four million dollars is a drop in the bucket compared with the adverse trade balance. Buy "made in Canada" goods will have to be heeded a great deal more before there is any material change in our favor.

American and Eastern Canadian demands for lumber are reported to have slackened off considerably with the result that the price of logs are beginning to drop hurriedly. If the threatening slump becomes serious for the mills, will concerted action evolve a plan to take advantage of the cut-to-fit house business? We are thinking of the demand still insistent in Europe and the Antipodes.

There is a general belief abroad that the Government of this Province will stage an election for the late fall of the present year—soon after the prohibition referendum has been taken. Should that be the case only those who have succeeded in getting on the voters' list before July 15 will be able to exercise the franchise. So, register now.

OTHER NEWSPAPERS' VIEWS

COTTONS AND CHILD LABOR

If the economic and moral character of the woolen industry in Canada is judged, that of the cotton industry is worse. The manufacturer of cotton goods in Canada is owned and operated by the Dominion Textile Company, one of the biggest industrial mergers which was ever organized in this country.

The twenty-six cotton mills in Canada pay less to their employees than the woolen mills, but they get more return in the form of profits. It has already been shown from the evidence submitted at Ottawa last year that the Dominion Textile Company actually realized 310 per cent profits on its original capital in the year 1918. The returns to the Dominion Bureau of Statistics show that 25.8 per cent profit was earned in 1918 upon the capital of the entire Canadian cotton industry.

LETTERS

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article, the shorter the chance of insertion. All communications must bear the name and address of the writer, but not the address unless the writer wishes. The publication or rejection of articles is a matter entirely in the hands of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

DAYLIGHT SAVING.

To the Editor.—Summer Campers express the opinion that because Vancouver and other cities have adopted daylight saving we in Victoria evidently are bound to follow suit.

I for one am strongly opposed to it, and I know several other women of the same opinion. The farmers have found that it would not work with them, and have strongly opposed it, and with regard to the effect it has on children, it has been proved that they do not get the proper rest they should under these conditions.

HOUSEWIFE.

LONDONDERRY SCENE OF BATTLES BETWEEN TWO RIVAL FACTIONS

(Continued from page 1.)

In many instances persons who were suffering from minor wounds went home without receiving treatment. The authorities got no record of the number of such cases. Among those wounded were several shipyard workers.

Constable Wounded. Brinsia, East Kerry, Ireland, June 21.—A large party of raiders attacked the police barracks here with rifles and bombs on Saturday. The police repelled with rifle fire and grenades, beating off the raiders after a two-hour fight. One constable was wounded.

Courthouse Burned. London, June 21.—The Derrylin courthouse, in County Fermanagh, was set on fire by raiders Saturday.

Took Food. London, June 21.—A sergeant and six constables raided shops in Carrick-on-Shannon, County Leitrim, for supplies Saturday after they had been refused permission to make purchases in accordance with the Sinn Fein boycott against the military. Informed by shopkeepers that the "Irish Republic" order could not be violated, the police seized the provisions with meat and milk and paid for them. They departed, followed by a hostile crowd, and succeeded in avoiding a collision only by rapid flight in motor cars.

LEADERS OF ALLIES HOLD CONFERENCE IN BOULOGNE

(Continued from page 1.)

Disarmament. The only clause involved in the execution of the Versailles treaty on which all the Allies come to the conference in perfect agreement is that relative to the disarmament of Germany.

Premier Velizelos will formally offer in the name of Greece to take the mandate for Armenia, and he will participate actively in all other discussions of Turkish questions.

Italy. Count Carlo Sforza, Italian Foreign Minister, will ask on behalf of Italy for twenty per cent of the reparations to be paid by Germany. At a luncheon on Saturday immediately after the arrival of Premier Lloyd George and Millerand, the programme for this afternoon was decided upon. It is understood it was agreed that the first subject to be discussed would be reparations, on which the two Premiers, according to best information, are agreed.

Both the French Premier and M. Francois-Marsal, however, expressed, upon their arrival, perfect satisfaction with the results of the Hythe conference. Contradicting general rumors, they said a complete accord between France and Great Britain had been reached at Hythe as to the reparations and disarmament. They added that France had every reason to be satisfied.

Lloyd George Greeted. A large and enthusiastic crowd greeted Premier Lloyd George upon his arrival. The Premier told the correspondents that he was particularly grateful for the cordiality displayed, remarking that the evidence of friendship and harmony prevailing between the two countries, and adding that he was sure this would continue.

At Hardelet. The dock on which the party landed was bedecked with streamers and the entire town was decorated for the occasion. A battery on the British side fired a salute and factory and steamship whistles raised a deafening din.

After the short conference beginning about noon, the delegates went for a picnic on the banks of the river, a few miles outside Boulogne. They will take tea at Hardelet, the site of an important British camp during the war.

Not Maintained. London, June 21.—Referring to discussion of reparations between Premier Lloyd George and Millerand at Hythe, The London Times says the basis accepted by the former Hythe conference regarding the inter-dependence of the payment of German reparations and the reimbursement of Allied debts could not be maintained owing to the refusal of the United States to accept it.

At Hythe. London, June 21.—(Canadian Associated Press).—In connection with the Spa conference, Premier Lloyd George and other members of the Cabinet had a meeting Saturday night, when there also attended Sir

George Perley, for Canada, and Sir James Allen, representing New Zealand. Sir James arrived in London only on Saturday to resume his duties as High Commissioner, beginning in August.

It was officially stated that Saturday night's meeting was in view of the forthcoming meeting at Spa, when questions closely affecting the Dominions and India would be discussed. It was decided therefore, to revive the British Empire Delegation, limited to purely defensive measures.

The luncheon to-day was a lengthy affair, lasting from 2 o'clock to 3.30. About fifty were in attendance. Marshal Foch and Field-Marshal Sir Henry Wilson, the British chief of staff, were not present, as they were occupied in preparing a note on the disarmament of Germany.

BRITAIN SENDS SQUADRON OF WARSHIPS TO NEAR EAST

(Continued from page 1.)

Held Conference. Paris, June 21.—It was announced in Greek quarters here yesterday that Premier Velizelos, Marshal Foch and Field-Marshal Sir Henry Wilson, Chief of the British Imperial Staff, had a conference after the meeting at Hythe and discussed the military measures to be taken with a view to insuring execution of the Turkish peace treaty.

With certain reservations, it was decided to accept the proposal made by M. Velizelos on behalf of Greece to enforce the Turkish treaty by any means without asking assistance from France or Great Britain.

Threat Forward. Hythe, Eng., June 21.—(Associated Press).—While the question of German reparations was the ostensible reason for the hurriedly fixed meeting here of the French and British Premiers, the Associated Press is authoritatively informed that the Turkish situation thrust itself on the forefront of their discussions yesterday.

The experts on the indemnity, after long consideration of the matter, were ready to present their advice on this important subject.

The Greek Premier, M. Velizelos, however, who was anxious to safeguard the Greek gains through the treaty, appeared upon the scene Saturday night. He called on Mr. Lloyd George and M. Millerand at yesterday morning's conference, prepared to act in behalf of the Allies in repressing the activities of Mustapha

Carpets of Quality at Economy Prices

Coupled with the genuine reasonableness of Weiler Bros.' prices, the vast variety provided for the purchasers' selection is an added inducement to shop at this store for rugs and carpets. This extensive range is an important feature for a carpet investment merits careful consideration because it will make or mar the beauty of a room for a considerable period.

All Carpet Prices are Subject to Ten Per Cent Discount for Cash

Kemal Pasha, the Turkish Nationalist leader.

Ten Divisions. It is said that M. Velizelos contended that the ten Greek divisions already in the Thrace and Smyrna districts constituted the only force immediately available for effective operations against the Turks, but insisted that operations should be confined to purely defensive measures.

It is understood that M. Velizelos met with Allied refusal to assume any responsibilities should the Greeks exceed the limitation, but the refusal was softened by the assurance that there was an intention on the part of Great Britain or France to advocate modification of the Turkish treaty.

SIX LOST LIVES IN AN APARTMENT HOUSE FIRE IN VANCOUVER

(Continued from page 1.)

These were augmented by twenty men from the Royal Canadian Mounted Police, and fire lines were established. It was found necessary to cut the electric power, and this left the scene lighted only by the flames that were bursting from the doomed building.

As the flames were driven back firemen entered the hallways and rooms in search of the bodies of those who might have been caught in the building. The first that of a woman, was found near the fire escape on the sixth floor. The body of a man also was found on this floor, and those of two other men on the floor below. The bodies were in such condition that identification was impossible.

Herald Cries. "The cries coming from the building were terrible," said Glover Lloyd, 1210 Jarvis Street, who was on the scene at the first outbreak of the fire. "I saw a man on the fire escape over Pender Street, and without warning he came hurtling through the air, striking the sidewalk about ten feet away from me. He was taken to the hospital."

A telegram to R. P. Rithet & Company, acquainting them of the fact that Charles Dennachy, the Vancouver

ver shipping agent, lost his life in the fire at the Balmoral Apartments early this morning—conveys the information that his sister, Mrs. Sharpe, is resident here in the city. The local police would be glad to hear from Mrs. Sharpe in connection with the sad occurrence.

NEW SCHEME TO SELL MANUFACTURES

(Continued from page 1.)

world. He contemplates that the scheme would bring about constant conferences between the producers and the expert salesmen, so that the flaws in the selling properties of the various lines of merchandise would be brought home to the producers promptly and scientifically.

Expansion. By the adoption of such a plan Mr. Falconer believes the local market and the Prairie market as far as Winnipeg can be organized for British Columbia products, as it has never been before, thus ensuring expansion of the industries of the Province and consequent increase of wealth for the Province as a whole.

SUPREME QUESTION IS TIME OF DAY

(Continued from page 1.)

Its majority support, individual merchants are still to be found vainly trying to convince themselves and their customers that the standard time is based on sun time, and so does not change.

The great bulk of the inhabitants of the city, after two or three anxious moments in which every clock in the city seemed to be telling a different tale, gave the matter up and went about their business on chance that they might "hit it right" in some manner.

The City Hall will be the magnet for a large party of standard and new time advocates. Efforts are being made to induce Alderman Dinsdale to vote on this occasion, and so break the tie of last week.

Hear the Phonograph that proved its supreme realism in the famous "DARK-SCENE" TEST

We have an instrument exactly like the marvelous Official Laboratory Model which Mr. Edison used in his astonishing recital in New York. We guarantee it to sustain the same test. Come in and hear it.

The NEW EDISON

"The Phonograph with a Soul" The test took place March 10th, 1920, in Carnegie Hall, before 3,500 people. Anna Case, the glorious-voiced soprano, sang in direct comparison with the New Edison's Re-Creation of her voice. During the test, the house was darkened. The audience found itself absolutely unable to tell whether Miss Case was singing or whether the Official Laboratory Model was Re-Creating her voice.

8.00 p.m.—Address on Home Missions, Rev. F. W. Patterson, D.D. Address on Foreign Missions, Rev. L. M. Orchard.

To-day standard time will be observed, to-morrow the new time will prevail.

**EMPLOYEE OF CITY
TELLS OF TROUBLE**

Says Tanlac Brought Back His Wife's Health After She Had Suffered Complete Breakdown

"Some wonderful things happen in this world and one of them is the way Tanlac has restored my wife's health," said J. C. Lewin, of 3616 Dayton Avenue, Seattle, Wash., a well-known employee in the city engineer's office. Mr. Lewin has lived in Seattle for thirty-three years, and previous to his present position was for eighteen years connected with the county engineer's office.

"For years my wife has been suffering with stomach trouble," continued Mr. Lewin, "and last year she had an attack of influenza that left her in a very weak and run down condition. Nothing seemed to do her any good, and she kept on getting worse until she had a complete breakdown in health. She suffered worse than ever with indigestion, and was not able to eat anything without suffering agony afterwards. Even the lightest things caused gas to form so badly on her stomach that it pressed up around her heart so she could hardly breathe. She had splitting headaches, and at times became so dizzy that she couldn't stand up. Her nerves were so shattered that it was impossible for her to get a good night's rest. The least noise would upset her and many a night she just rolled and tossed all night long. She finally got so weak that she could not walk up or down stairs, and in fact could hardly walk at all.

"I had seen so much about Tanlac in the papers that as a last hope I decided to get her a bottle, and I am mighty glad I did, for she started to improve right away. She can eat anything now, and is never troubled with even a touch of indigestion or stomach trouble. She has not only gained ten pounds, but has the strength to do all of her house-work, and says that she feels as well as she ever did.

"I was surprised at the change in her after she started taking Tanlac, for I had almost given up all hope of her ever getting well. Tanlac certainly put her on her feet, and both of us will always recommend and praise it, and I hope other people that are suffering like she did will get some help from my statement."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

Women's

Dougall, of this city, have returned from an automobile tour of the Island.
An interesting wedding took place on June 16 at St. John's Church, Quadra Street, when Olive Gertrude, only daughter of Mr. and Mrs. Edward Hall, of 649 Government Street, became the bride of Leopold (Len) Bourchelon, oldest son of James Batchelor and Mrs. Batchelor, of London, England, the ceremony being performed by Rev. Howard of Montreal. There was a large attendance of friends and the church was tastefully decorated with roses and ferns by girl friends of the bride. The bride was met at the church door by the groom, who sang "The Voice That Breathed O'er Eden." The bride has been a member of the choir for some years and during the ceremony Miss Kate Hemming, R.A.M.C., rendered a charming solo. The bride, who was given away by her father, looked very pretty in a dress of ivory satin and wearing a finely embroidered train in pearls, with the conventional veil and orange blossoms and carried a shower bouquet of Opheelia roses, carnations and maiden-hair fern. She was attended by Miss Ivy Fuller and Miss Barbara Wooley and Audrey Hanson. Mr. Gus Mehan supported the groom and G. Jennings Burnett presided at the organ. After an extended honeymoon trip to Island points Mr. and Mrs. Batchelor will make their home at Cadboro Bay for the summer months.
Mr. and Mrs. Alfred W. Bean, of Singapore, reached the Empress Hotel Saturday. Mr. Bean is returning to England, having retired from active business after many years. "During the war, more than ever, the American business houses sent their representatives to the Federated Malay States and they have captured a large share of the valuable business to be done there. The amount of canned goods, fruit and fish, dry-goods and hardware which is imported from the United States annually amounts now to a very large figure. It has puzzled British settlers in Singapore to discover why Canadian exporters have not been alive to this splendid market," he stated.

The marriage occurred in the parsonage of Trinity Methodist Church, Vancouver, recently, of Miss Rose Gerrard, of Aberdeen, Wales, to Mr. John Henry Vaughan, of Union Bay. B. C., the Rev. B. C. Freeman officiating. The bride has just arrived from England as the daughter of both contracting parties have known each other for many years. Mr. and Mrs. Vaughan, who are now staying at Hotel St. James, in Victoria, are spending a delightful honeymoon in Vancouver and Island by motor. They will reside in Union Bay—Vancouver World.

In connection with the medical convention in Vancouver, Mrs. Arthur Murphy, of Edmonton, is giving an address to-day on social evils. Mrs. Murphy is judge of the juvenile court, and is known to the reading public as Janie Cannacucc. Mr. L. Hamilton, a well known woman of Toronto, will speak on "Educational Possibilities."
Princess Alexandra Lodge, D. and M. of England, B.S., held a very enjoyable and successful gathering last Friday evening, at the home of Mrs. McKelvie, 717 Young Street. The evening was spent in games and musical selections. Refreshments were served.

Mrs. J. W. de B. Farris returned from Vancouver last night. Dr. Hugh Farris, brother of Hon. J. W. de B. Farris, is remaining in Vancouver for the medical convention before returning to St. John, N. B.
Egdr. Gen. Rosa, G.O.C., accompanied by Lieut.-Col. Dickson, joined Commander Rattcliffe, at William Head this morning to go to Vancouver with the Checho Slovaks, on board the Proteus.

Hon. Dr. J. H. King and Mrs. King have gone to Vancouver to attend the medical convention. They are staying at the Hotel Vancouver.
J. Cain, after a short visit in Vancouver, journeyed on to the Upper Country to oversee departmental examinations being held there.

The Women's Canadian Club will hold their meeting at the Empress Hotel on Tuesday at 2:15 p.m., on the daylight saving schedule.
Mr. and Mrs. Herbert Brown left on Saturday for Seattle for Los Angeles, where they will make their home.
Mrs. Thomas Reid, of South Salt Spring Island, is visiting Victoria and is a guest of the Dominion Hotel.

Mrs. D. W. Pither, of Los Angeles, is the guest of her niece, Mrs. Charles Banner, Wilmet Place, Oak Bay.
Yesterday's arrivals at the Dominion Hotel include Mr. and Mrs. Geo. S. Johnson, of Duncan.
Mrs. Piggott, Runnymede Avenue, is the guest of her sister, Mrs. Basil Jayne, of Vancouver.
Mr. and Mrs. Davidson are down from Crofton and are staying at the Dominion Hotel.
Mr. and Mrs. M. J. McKeown, of

Victoria, are guests at the Empress Hotel.
Mrs. Charles Macdonald, of Vancouver is the guest of Mrs. T. D. Paitullo.
J. C. Lang, from Salt Spring Island, is staying at the Strathcona Hotel.
Mr. and Mrs. W. Woodward, from Seattle, are guests at the Strathcona Hotel.
Louis W. Wheeler, of Reno, Nevada, is a guest at the Empress Hotel.
Mr. and Mrs. Walter O. Wilson, of Chicago, are guests at the Empress Hotel.
Sir Charles and Lady Tupper are registered at the Empress Hotel.
Thomas Conker, of Ottawa, is staying at the Empress Hotel.
R. O. Lancaster, of Calgary, is staying at the Empress Hotel.

Women's

The sixth annual flower show was opened last Saturday in the Temperance Hall, Keating, under the auspices of the South Saanich Women's Institute by Mrs. Wait, in the presence of a large and representative gathering. Professor Lionel Stevenson, superintendent of the Dominion Government Experimental Farm at Bagan Bay, acted as judge, and was pleased with the quality and condition of a large and representative gathering. Entries into the flower classes were large and varied, with a high quality of exhibit displayed generally. The Experimental Farms also having an attractive display, representing its many-sided usefulness.

HAPPY REUNION OF PAST PUPILS

Sisters of St. Ann's Hosts at Unique Gathering of Former Students

An interesting gathering took place at St. Ann's Academy on Saturday afternoon when over 140 former pupils and friends of the school were the guests of the Sisters of St. Ann's. A noteworthy feature of this happy occasion was the presence of several former pupils who had attended the academy as far back as in the sixties, among them being Mrs. Edgar Fawcett, Mrs. R. B. McKicking, Mrs. Charles Brown, Mrs. Robert Lyall, and Miss Frances Mayer.
Another unique feature was the community sing in which all joined. The pupils of the academy rendered a part song in very excellent style. Others who contributed to the programme, which was arranged by Mrs. D. B. McCannan, were Miss M. McKay, Miss K. Ede, Miss U. Jones, Miss Phyllis Wilkinson, Miss Margaret Gladwin, Messrs. Hughes, James Hunter and Frank Sehl. Refreshments were served in the charmingly decorated recreation hall, where Mrs. John Hart and Mrs. H. Stanton, presided at the tea tables. The general committee in charge of arrangements, and responsible largely for the success attending the reunion, numbered Mrs. D. B. McCannan, Mrs. Walker, S. Fraser, Mrs. Frank Sehl, Mrs. Arthur Lineham and Mrs. M. Briggs. Former pupils from Nanaimo, Vancouver and New Westminster, but now resident in this city, responded to the invitation.

RAFFIA POSSIBILITIES.

Hatbands of raffia are delightful. The weirdest of fancies can be expressed and the effect is original. Even a whole hat can be contrived by deft fingers. Anyhow, a trimming is an easy matter for all of us to tackle.
And the most beautiful of round dinner mats are in raffia. All sorts of colors were blended by the clever people who had made them. On a dark, well-polished table they were a real feast of color.

OPPORTUNITY TO HEAR PREMIER HITS OUT DETAILS OF FINANCE AT HANEY MEETING

Hon. John Hart Will Treat Subject Fully at Pantages To-morrow

Deals With Local Questions and Issues Now Before the Province

At the big Liberal rally to be held in Pantages Theatre to-morrow night Hon. John Hart, Minister of Finance, will speak on the financial position of the Province, in which connection he will deal with the successful efforts to rehabilitate British Columbia's credit which has been made by the Government. He will show how the policy of keeping current expenditure within the revenue and borrowing only for capital account has been lived up to, one result of which the Government contends, has been the strengthening of the confidence of financiers in this Province.

Mr. Hart will probably go into detail in regard to the borrowings which have been made, showing how all but a very small amount have been for reproductive purposes, and are repayable to the Province, and also explain the borrowing powers which were taken at the recent session and the objects for which these are necessary.

If time permits the Minister will give some attention to matters of taxation and the success of that branch of his department in making a close collection of all taxes and getting in a large percentage of the arrears which had accumulated.

SET LIBEL SUIT DATE

Premier's Case Has Right of Way in Court As It Is Jury Trial, Judge Decides.

Final decision to start the \$50,000 libel suit of Premier Oliver against R. T. Elliott, K.C., on June 23, was reached to-day before Mr. Justice Macdonald of the Supreme Court.

Constituents of Premier Oliver in Dewdney gathered in force to hear his address in Haney on Saturday night. The large hall was well filled, a rather notable number of ladies being among the attendants. The Premier was subjected to some questioning, more or less hostile, in the early part of the meeting, but he answered with his accustomed vigor, and opposition subsided as he proceeded. On the whole he received a courteous hearing, and many of his points and his conclusions were heartily applauded.

The Premier appealed to his hearers to forget petty sectional jealousies and look at issues from a broad provincial and national standpoint. He sounded a note of warning against financial extravagance, pointing to the tendency of financial institutions to restrict their loans, and urging personal economy and industry. The earlier part of his speech was devoted largely to local issues.

When speaking of the taxes on mining corporations someone asked the Premier, "What about the Dolly Varden?" "If I find anything to say in criticism of the Dolly Varden legislation I will be happy to give him the platform and I will answer him," retorted the Premier. He explained the purpose of the Dolly Varden bill to the evident satisfaction of the audience, as he was heartily applauded.

Continuing, he said "the position of Premier was not an enviable one and he was not going to sacrifice his manhood to truckle to people for their support. It was at least time for someone to come before them and tell them the real position of affairs."

SAILORS' SUNDAY.

Yesterday was Sailors' Sunday and collection envelopes were placed in practically every church in the city. The collection was over and above the usual collection, and the amount which will be used for the funds of the Victoria Seamen's Institute will be announced shortly. The object was to recognize the excellent work in promoting the spiritual and temporal welfare of the seamen who come to this port by the Institute.

VICTORIA BEATS SEATTLE GOLFERS

Local Men Win Over Visitors in Two Competitions

Victoria golfers defeated a number of visitors from the Earlington Golf Club, Seattle, at the Oak Bay Links Saturday. In the individual contests Victoria gained a total of eleven points against Earlingtons seven and in the foursome game Victoria led five to four.

The results were as follows:
A. V. Macan won from Griswold Steel.
B. Wilson all square, Steils.
J. A. Rithet lost to Stein.
A. T. Goward lost to Jones.
D'Arcy Martin lost to Ford.
H. G. Wilson won from Frouty.
E. D. Todd lost to Brown.
J. A. Seward won from Griffith.
J. Hart won from Harold.
W. P. Pemberton won from Constantine.
N. W. F. Rant lost to Hatch.
J. S. Hargrave won from Clingham.
T. E. Lampman won from Knudson.
Carey Martin lost to Houston.
H. Paterson lost to Griggs.
J. Wise won from Bruns.
J. A. Lindsay won from Dean.
A. P. Luxton won from Nolan.
J. A. Lindsay won from Singer.
Totals: Victoria 11, Earlington 7. (First named are Victoria players.)
In the foursomes the results were:
A. V. Macan and J. A. Rithet lost to Griswold and Steils.
B. Wilson and D'Arcy Martin won from Stein and Ford.
H. G. Wilson and A. T. Goward lost to Jones and Frouty.
E. D. Todd and J. Hart won from Brown and Harold.
J. A. Seward and W. P. Pemberton all square with Griffith and Constantine.
J. S. Hargrave and T. E. Lampman lost to Hatch and Clingham.
N. W. Rant and Carey Martin lost to Knudson and Houston.
H. Paterson and J. Wise won from Griggs and Bruns.
J. A. Lindsay and A. P. Luxton won from Singer and Nolan.
H. Westmoreland and Judge Lampman won from Dean and Sheny. (First players named of Victoria Club.)

MILL MEN WARN CITY

Lumber Manufacturers to Appear Before Aldermen at Meeting To-night Over Effluvia Problem.

Mill owners, headed by J. O. Cameron of the Cameron Lumber Co., will appear before the City Council to-night to warn the aldermen that they enforce some of the proposed smoke and effluvia regulations, the mills will close down. The mill men have statistics to show the aldermen that the mill business cannot stand any imposts at the present time, as lumber prices are tumbling on all the coast markets, and it might only take a little irritation here to kill all of the lumber business.

In their arguments against interference with their business, the mill men say that the people who are doing the complaining are the ones whose property is benefiting most from the mill effluvia. They say that if the mills were closed the demand and then the sale value of property in the north end of the city would be destroyed and the property of the city injured.

CHIEF JUSTICE CENSORS WASTE

Criticizes Lawyers Who Although Warned Pile on Unnecessary Costs

Denunciation of lawyers who glut the court with unnecessary books and documents and who thus pile up the legal costs against their clients was delivered by Chief Justice Macdonald of the Court of Appeal in the judgment in the case of the King vs. Mah Hong Hing et al.

The Chief Justice declared that some of these practices on the part of lawyers "border on the scandalous" and as a practice "senseless and costly" repeated by some lawyers after repeated warnings by the court.

The judgment reversed the judgment of Mr. Justice Gregory in the Chinese manslaughter case in Nanaimo. The Justice sent a stated case to the Court of Appeal to discover whether he had made an error in commenting to the jury on the fact the accused held back certain evidence until he appeared before him in the higher court. The Court of Appeal decided the judge had no right to make such comments, Frank Higgins, K.C., represented Mah Hing and A. S. Leighton the prosecution.

Then the Chief Justice states: "The evidence taken at the trial is included in the case stated by being attached thereto," says Chief Justice Macdonald in his written judgment. "We have on several occasions condemned this practice."

"It sometimes happens, for instance, when the question of law submitted is as to the sufficiency of the evidence to make out a case for conviction, that the evidence must be included in the case, but such cases are comparatively rare.

"Where, as here, no such question is involved, the inclusion of the evidence in the reference to this court puts the parties to a needless expense and as well encumbers the record with irrelevant matter. This court has no duty in respect of the evidence. We must accept the facts as stated by the Judge below and decide the question of law with reference to those facts alone."

"It is a matter of growing astonishment to me that for so many warnings counsel should continue a practice so senseless and costly. For example in this case, the cost of preparation of the appeal books alone has for no purpose at all been increased by something over \$300, a fact which borders on the scandalous."

Mayor Porter to-day made an annual inspection of the broom at Beacon Hill, which is now in the height of its glory. The Mayor was accompanied by City Engineer Preston. They were met at the Park by Parks Superintendent Purdy, who escorted them to the chief points from which the display could be inspected.

"The broom this year is magnificent," said the Mayor after his trip. "It is one of the great assets of Victoria. People who haven't been out to see it yet should arrange to pay a visit to the broom districts in the southern part of the city this week. The broom growth is almost tropical in its density, height and the luxuriance of its flowers. The flowers are so thick that the bushes are hidden from view entirely. The brightness of the display in a clear morning like to-day is dazzling. Thousands of people went out to the park and along Dallas Road yesterday afternoon to see the broom display."

To Use Curfew.

After his return to the City Hall the Mayor decided that no-broom must be cut down, as it would mean the destruction of one of the great aesthetic assets of the city. "We have decided to cope with the delinquency problem this year by means of the curfew, and not by chopping down any bushes," the Mayor said after consulting with officials.

The Mayor sent officials to the Victoria-Phoenix Brewery to arrange for the blowing of the deep brewery whistle at a signal, each night that the streets and parks are to be cleared. If arrangements can be made with the brewery it is not likely that the whistle will be put into operation until next week, so that the public can be properly warned.

PUBLIC SCHOOLS TO CLOSE FRIDAY

Provincial public schools will close next Friday for the Summer vacation, which will end September 7. During this week the pupils in most schools are going through the yearly test of the annual examinations, a considerably larger number writing than last year.

During the Summer the school authorities are making arrangements for the inauguration of a technical school at the High School in which various courses will be offered to the students. Pupils who will be leaving the public schools for the High School are advised to ascertain the various courses offered in order that they may choose exactly what work they will pursue in the Fall.

MANUAL TRAINING EXHIBIT.

There will be an exhibition at the Boys' Central School Wednesday evening, the manual training work of the students of the Boys' Central School. James Douglas and Margaret Jenkins Schools, when the parents and those interested will have the opportunity of seeing what has been accomplished by the boys during the past year.

Street Railways' Need for Relief is Continent-Wide

Testimony before the Federal Electric Railway Commission at Washington, D. C., showed the bankrupt condition of street railways due to inadequate fares.

William D. B. Ainey

Chairman Public Service Commission of Pennsylvania, testified:

"The public which constitutes the patrons and provides the revenues, will not, in my judgment, have the least difficulty in agreeing with the Electric Railways that the increased costs of operation ought to—yes, must be reflected in the rates of fare they are called upon to pay.

"Neither will they controvert the fact that street railway service is a national necessity in the conduct of the business and in providing for the convenience of the country."

Thomas J. Conway

Professor of Finance, University of Pennsylvania, testified:

"With no chance of reducing from two-thirds to three-quarters of the operating expenses (which is paid for wages) the possibilities for economies are largely reduced.

"The Electric Railways are face to face with the necessity of paying high prices for materials and supplies. The cost of operation has been permanently placed upon a higher level, and IT IS IDLE TO EVADE THE CONSEQUENCES WHICH ARE ENTAILLED."

Continued Street Car Service Necessitates More Street Car Revenue

Dr. Albert E. Clarke,
Dentist.

Looking at the Dental Question From Another Angle

In recent years the cost of everything has risen—least of all have dental prices been increased. To-day there are very few things obtainable that will give the same amount of satisfaction—for so many years—at so little cost as dentistry.

Why do you hesitate to take advantage of this condition? You will be well advised to come to me this week for any attention your teeth require.

HIMSELF IN BATH

American Guest Committed Suicide at 11.30 Last Evening

Joseph Johnson Hook, an American soldier visiting in Victoria and registered at the Empress Hotel under the name of J. J. Howard, U. S. A., shot himself at 11.30 o'clock last night in the bath, in his apartments. Sergt. Fry, Detective Macdonald and Constable Jones responded to a telephone call from Mr. Elmore, the house detective, and found the man dead in the bath tub, with a heavy navy revolver lying alongside of him. Death occurred apparently from a bullet wound in the head, self-inflicted, and must have been nearly instantaneous. The man was about twenty-five years of age, smooth shaven, five feet eight inches in height, light brown hair and hazel eyes, with no special marks to distinguish him. He was well dressed, and in apparently comfortable circumstances, and there

is no explanation at present for the motive that prompted his end. As far as is known at present, Hook wore no rings or other indications of his state in life, and left no papers telling anything about his circumstances. His personal effects have been taken to the city police headquarters and all his papers turned over to the American Consulate here for official inquiry. Coroner Hart attended immediately and the removal of the body to the Thomson Funeral Home.

TALK "FRILLS" TO-NIGHT

Tillicum Ratepayers Will Also Hear About School Taxation.

Discussion of the elimination of "frills" from the school curriculum of Saanich will be continued at 8 o'clock to-night at the Tillicum School under the auspices of the Ward Seven Ratepayers' Association. To prove to farmers and others that they have no cause for complaint against the present school taxation, W. Newton, chief soil and crop instructor of the Department of Agriculture, will speak on "Economic Principles Governing Farming as a Business." The president and secretary of the Association are to be elected to-night.

Water will make omelet more tender than milk. Hot food should not be put into the refrigerator.

Bears the Signature of *Dr. H. H. H. H.*

FRENCHMAN FINDS LIVING MOUNTAIN HIGH ON RETURN

Wounded Soldier, Who Left Here Recently, Gives Data at Nantes

Some idea of the high cost of living in France is given in a letter received from Le Gougec, a bridge carpenter and former French resident here, who enlisted with the Canadian Expeditionary Force after being rejected for the French army.

M. Gougec will be remembered here by many residents in Victoria because their professional skill was utilized in an endeavor to ameliorate the serious conditions which arose from the effect of wounds in the head and leg during the war. As a consequence he suffered from epileptic fits, for which he was advised to secure certain treatment in his home country.

While M. Gougec was here A. O. P. Francis, the French Consul at that time, who is still acting in that capacity, took an interest in the man and secured an increase in his disability allowance.

M. Francis has now heard from M. Gougec, in Nantes. Unfortunately the man has not recovered from his fits, and as a consequence was found wandering at large at Rouen, where he had been discharged from the hospital until he came to himself in hospital.

M. Gougec states in the letter that butter is \$1.10 a pound, first class meat \$1.40 per pound, fish up to two francs a pound, wood has risen 500 per cent. on pre-war prices, wine 200 per cent., cider 300 per cent., eggs 400 per cent., clothing 500 per cent., shoes 600 per cent., and other staple commodities in similar proportions.

WITH CAR RUNNING AWAY, POSSIBLY PUT FOOT ON ACCELERATOR

What might have been a most serious accident with fatalities occurred last evening on the Saanich Road just south of Royal Oak, when a large car driven by King, Uplands, in which her paralyzed husband and three children were riding, got out of control and crashed through the fence on the south side of the road, overturning in the field beyond. It is said that Mrs. King told passersby that the foot brakes had refused to act, the descent being very steep at that point with a curve at the bottom of the hill. Not thinking of the emergency brake, Mrs. King sat and watched the car gathering ever-increasing speed, accidentally stepping on the accelerator.

Passing another city-bound automobile at what is estimated to be seventy miles an hour, the runaway car crashed through the wooden fence and, running fifty feet or so into a ploughed field, turned on its side. The occupants were thrown out and badly shaken, but miraculously escaped. The car, after one hour with mechanics was sufficiently repaired to be taken to town under tow. Within ten minutes from the actual time of the occurrence the scene was enlivened by a large crowd from some twenty cars.

A SICKLY WIFE NO FIT MATE FOR ANY MAN

GIRLS AND WOMEN SHOULD LOOK WELL TO THEIR HEALTH AND STRENGTH

Never before was physical health and vigor so highly esteemed and so eagerly sought for as to-day.

No man finds happiness in a sickly wife, and the woman who wishes to enjoy the pleasures of life should spare no effort to maintain perfect health.

Is your daughter growing up strong and ruddy? Has she strength to drink in greedily all the pleasures that youth so zealously seeks—or is she compelled to use the street car instead of enjoying the delightful exercise of walking—does she after the ball rise refreshed and vigorous, or is she exhausted, indifferent, and perhaps irritable?

When strength and vigor can be so easily maintained by Ferrero's, when the glow of health is so quickly brought to the cheeks and elasticity to the step, it is plainly a mother's duty to see that Ferrero's is on hand to assist her daughter back to health.

Upon the wake of Ferrero's quickly follows a stream of rich, nourishing blood which imparts that power and surplus energy so earnestly desired by those in ill-health.

Stop and think what this means for your daughter—certainly a great deal, and it can be accomplished by Ferrero's.

Every growing girl and young woman derives enormous benefit in many ways from this nutritive, vitalizing tonic.

It is especially suited for young women and is a guarantee of health and regularity as long as it is used.

Ferrero's is free from alcohol and perfectly safe to use. Prepared in the form of a chocolate-coated tablet and sold in 50c boxes or six for \$2.50, at all dealers, or direct from The Carter-Hobson Co., Kingston, Ont.

ORPHANAGE POUND PARTY. The annual pound party at the Protestant Orphans' Home to-morrow will afford an opportunity for the friends of this admirable institution to once more show their sympathy and give their support in the way of the usual contributions. It is thirty years since this institution was established in Victoria, and the pound party has been a yearly event since the beginning. On Tuesday from 3 to 6 the matron, Miss Johnston, and her staff will be in readiness to receive the visitors and all are hoping for generous donations in the way of staples for the larder.

Why the New Parliament Building Should make everybody think

HIDDEN away from all contact with the elements, the steel skeleton of the new Parliament Building, Ottawa, is embedded in brick, mortar and concrete. Do the structural engineers take a chance? They do not.

Every inch of surface of the building's steel frame is painted for protection against rust and corrosion. Neither moisture from within the walls or from without can attack it. It is safe because the surface is safe.

You own property. Every consideration of preserving it comes back to the same point—the surface. Always there is the surface—whatever the property is. If protected, the surface is an impassable barrier to rust, rot, friction or disintegration. If unprotected, it is an open door.

Whether it is a yacht or a single oar—an automobile or a wheelbarrow—a factory or a silo—an iron grill or a window screen—if it has a surface it needs protection. Save the surface and you save all.

THIS ANNOUNCEMENT is issued by the Canadian Save the Surface Campaign Committee, for the purpose of educating the public in the Preservation and Protective value of Paint, Varnish and Allied Products for the Conservation of Property, and has received the approval of the Canadian Trade Commission in the following words:

"The realization of the above objects will lead to employment during the Reconstruction Period and bears our entire approval."

Jackson Barnett, a Red Indian, has a fortune which accumulates at the rate of \$400 a day. Yet he cannot even sign a cheque.

Jackson can neither read nor write, and when the United States offered him, free education he declined—without thanks.

Some years ago the Government presented him with 150 acres of land to cultivate. He lived on this allotment until it was discovered on it, since when his bank balance has grown rapidly. In seven years this land has yielded 14,000,000 barrels of oil.

He is now a millionaire, but he cannot draw a cheque because he is a ward of the Government. He can express a wish to spend money in a certain way and on certain things, but he has to get the approval of his guardian. This guardian is a business man, specially appointed to attend to Jackson's affairs, and it is he who signs the cheques—if he approves.

Jackson is very religious, unmarried, and lives quietly.—Tit-Bits.

At Kiwanis Club—Dr. Plasket, Director of the Dominion Astrophysical Observatory, will give an address to the members of the Kiwanis Club to-morrow at the Dominion Hotel. Miss Eders will sing.

Broughton Street Phone 697

BRIEF LOCALS

Saanich Ratepayers' Association.—A meeting will be held in the Temperance Hall on Wednesday at 8 o'clock of Ward 8, to discuss the money by-laws that will be submitted shortly, and other business.

Dance at Langford.—The Langford Branch of G. W. V. A. will hold a dance at Colwood Hall on June 22, from 7.30 till 12.30. There will be a four-piece orchestra.

Cadboro Bay Water Supply.—The Cadboro Beach Hotel is now connected to the Uplands water system, and therefore in spite of water shortage in the district, has an adequate supply for all purposes.

Gordon Head Institute.—The monthly meeting of the Gordon Head Women's Institute will be held on Wednesday at the Gordon Head Hall, at 7.30.

Chosen As Conservative Speakers.—E. R. Miller and J. L. Hackett have been chosen as the orators at the social, musical and educational evening that members of the Victoria Conservative Association are to hold in their rooms in the Arcade Building Tuesday night.

Fire in Lumber Mill.—A fire in the boiler room of Lemon & Gonnason's mill gave the fire department a run at 12.28 to-day. No damage was done, however, and the impending conflagration was quickly subdued.

Form Langford Branch.—A Langford Lake branch of the G. W. V. A. is to be inaugurated in a meeting to be held in the Colwood Hall Tuesday evening commencing at eight o'clock. Messrs. Frank Grolma, M. P. P. W. Winkel, Stone, H. W. Hart, and Welsh are to address the gathering. Dancing will follow on the conclusion of the business before the assembly.

Appeals John R. Green Case.—H. A. Maclean, K.C., representing the Park interests, to-day appeared before the Court of Appeal and opened his case against the judgment of the Supreme Court which was lost by the Park interests, proceeding against John R. Green, lawyer, for his operations under the name of the Belmont Investment Co. Maclean's R. Miller is representing Mr. Green.

Pursuing Revenue Sources.—Hop Yick, Chinaman, for keeping two dogs, for neither of which he had received a city dog license, was fined \$7.50 and costs for interpreter fees this morning in the police court. Hop Yick was tried prior to the formal opening of the court, as he was on hand at 9 o'clock standard time, and was tried forthwith. The court remained in session to see if anything would come up prior to the 10 o'clock new time, but without further results. The court will have to continue to operate on standard time, stated Magistrate Jay, as there is no legal precedent for the change in the standard hour.

Planning Attractive Folder.—Folders have been the speciality of the Victoria and Island Development Association for many years now, but Mr. J. G. Thomson rests convinced that his latest "The Call of Victoria" will be one among the few that show signs of becoming a fitting representation of the beauties of the district. The new booklet is in the hands of the printers now. The Times doing the engraving of the cover cuts.

Ward VII. Prohibitionists.—Ward VII. Saanich, prohibitionists organized at a meeting held at the Gorge Presbyterian Church yesterday morning, at which an address was given by R. Chave, organizer for Saanich. Peter McAlman presided. The organization chosen will be composed of Peter McAlman, chairman; R. E. H. Collins, secretary; Mrs. E. H. Humphries, treasurer; committee, Rev. D. Walker, Messrs. Moore, Collins, D. McLeod, Messdames Walker, Moore, Collins, and Misses Collins and Moore. Another meeting will be held at the Gorge Presbyterian Church for organization work next Wednesday.

Completes Camera Tour.—Miss Edis, an Old Country expert on color photography, accompanied by Mr. Bennett, chief photographer of the C. P. R., returned from the island, having returned to Victoria to confer with J. Murray Gibson, publicity agent of the C. P. R. The photographic party toured all points on the island and obtained material from the scenic beauties of the district for use in the railway's advertising propaganda. Miss Edis is practically the only artist engaged in colored photography in a commercial way in England. The views she has taken for the C. P. R. are to be used for exhibition purposes all over the world. The result of her work is wonderful, the exposure being from two to five minutes and absolutely lifelike in color and detail.

Since the first of the caravans arrived on Saturday, no less than 2,200 Shriners have passed through this city en route to the Imperial conclave at Portland. A large and energetic committee headed by J. H. Beatty is looking after the visiting nobles, and seeing to it that none of them are left to sigh for anything. The men are being presented with button holes of roses, while the ladies are given a large and well arranged bouquet of beautiful roses, in testimony of the fact that Victoria, too, can grow the princely flower. Canadian Shriners arrived yesterday morning, and this morning, while this afternoon another 400 will be coming through. Americans composed the largest part of the 2,200 so far. The nobles will, it is expected be wending their way back by way of the city next Saturday. Strangers to Victoria among the Shriners are apparently delighted with the location and scenery, and all signify their intention of returning here for a more extended visit at some future date.

OBITUARY RECORD

The death took place Saturday evening at St. Joseph's Hospital of Barbara Coward after a lingering illness. The late Mrs. Coward was born at Ulverston, North Lancaire, England, and was sixty-two years of age. She is survived by her husband, Thomas Coward, of this city. The funeral has been arranged to take place on Wednesday next at 2 p.m., from the Thomas Funeral Home, 1225 Quadra Street, where services will be conducted by Rev. Dr. Howard.

The death occurred at Seattle on Saturday of Mrs. D. A. Copeland, a former old-time and highly respected resident of Victoria. She was seventy years of age, and leaves to mourn her loss five daughters: Mrs. Bittern, of Seattle; Mrs. Bitten-cook, of Los Molinos, Cal.; Mrs. Oliver, Mrs. Bradley and Mrs. James Carroll, all of Victoria; one son, C. E. Copeland, and two sisters, Mrs. C. P. Rogers, of Rosario, Wash., and Mrs. M. J. Allart. Mrs. Carroll is leaving for Seattle, and will accompany the remains to this city for interment. Due notice of the funeral will be given.

The remains of the late Ralph William Craig were forwarded on Saturday by the R. C. Funeral Company to Nanaimo, where interment took place in the Nanaimo Cemetery on Sunday.

The death occurred this morning at St. Joseph's Hospital of Lars Peter Frederickson, aged thirty-seven years, born in Denmark, and a resident of this city for the past twelve years, beloved husband of Mrs. Isabella Frederickson, 1141 Queen's Avenue. Besides the widow a daughter residing in this city survives the late Mr. Frederickson. The funeral will take place on Wednesday at 2 o'clock from Sands Funeral Chapel. Interment will be made at Ross Bay.

The death took place very suddenly on Sunday at his home, 1119 Princess Avenue, of Magnus Rogers, beloved husband of Mrs. Lydia Rogers, aged fifty-two years, a native of Ontario and resident in Victoria for the past two years. Besides the widow four brothers and two sisters survive. The remains are reposing at Sands Funeral Parlor, and the funeral arrangements will be announced later.

The death occurred on Saturday of Lee Ching How, aged twenty-one years, and resident in the city for the past ten years. His former residence was 444 Esquard Street. The funeral will take place to-morrow from the Sands Funeral Chapel, and interment will be made in Ross Bay Cemetery.

The remains of the late James William Halls, whose death took place on Friday at St. Joseph's Hospital, were forwarded yesterday by the Sands Funeral Company to San Antonio, Texas, where interment will take place.

The funeral of Rose Mary Dunaway, the infant daughter of Mr. and Mrs. Oliver Dunaway, took place yesterday at 3 o'clock from the Sands Funeral Company's chapel. Interment was made in Ross Bay Cemetery.

GREET SHRINERS ON WAY SOUTH

Victoria Members Act As Capable Hosts to 2,200 Guests

ENGINE MAKERS QUIT BUSINESS

Court Gives Order For Winding Up of Hutchison Brothers

H. Despard Twigg secured an order from Mr. Justice Macdonald of the Supreme Court to-day for the winding up order for Hutchison Brothers, shipbuilders, engine manufacturers, and general machinists, with a factory and boat ways at Rock Bay.

"The difficulty of the company is in that they can't get contracts," explained Mr. Twigg to the court. Canadian Shriners arrived yesterday morning, and this morning, while this afternoon another 400 will be coming through. Americans composed the largest part of the 2,200 so far. The nobles will, it is expected be wending their way back by way of the city next Saturday. Strangers to Victoria among the Shriners are apparently delighted with the location and scenery, and all signify their intention of returning here for a more extended visit at some future date.

At a creditors' meeting last week it was decided that the company should be closed up. Curtis Sampson is to be provisional liquidator. Creditors also decided that for their own security the heavy machinery should not be thrown on the market for anything it will bring, but should be handled by experts. This heavy machinery is the chief liquid asset.

ESSONDALE HOME IS NOW WELL UNDER WAY

Premier Inspected Site and Saw Work on One of the Units

Premier Oliver returned to the city this morning after a visit to his constituency of Dewdney. In addition to addressing a meeting at Haney on Saturday night, he spent the day inspecting the roads of the district. He found indications of a heavy berry and fruit crop, and general signs of development along the Fraser valley. On the way he visited the site of the new boys' industrial home at Essondale. Work on building one of the units already has been started, and a gang of men with a Marion steam shovel are busily engaged in making roads through the grounds, which occupy a beautiful slope overlooking the Fraser valley.

WOMEN BERRY PICKERS

For Four Years Public Organizations Have Placed Employees For Growers.

Supplementing the statement in Saturday's Times regarding the demand for berry pickers this week on the Saanich peninsula, it may be stated that applications have been received by the Provincial Labor Bureau for pickers in the districts of Gordon Head and Keating. Pickers to the number of 243 have been registered. In such a large group there are necessarily a large number of cancellations, and the number required will not exceed the number who will be available. It has been in all probability there will be between 150 and 200 pickers out in the two strawberry districts. This is the fourth year that the work has been done by women and girls, and a great many of their former pickers go back year after year. During the week just ended upon it is probable that practically all the pickers will be out in the fields.

In the routine work of the bureau nine permanent pickers have been made all in domestic positions; four girls went out as farmerettes and the first eight strawberry pickers were called to their work, making a total of twenty-one placements.

In the casual department there was a falling off of vacancies, due no

23 THE PRO

ASSESSMENT CUT FROM EIGHTY TO THIRTY THOUSAND

But Assessor Admits It Is Still Too High and Hard to Explain

The famous Bailey Pandora Avenue expropriation case came up in the Supreme Court again to-day with an array of legal counsel including W. J. Taylor, K. C., and John R. Green, acting for the Cameron Investment Co., which is suing the city, and H. R. Robertson, City Solicitor Pringle and R. W. Hannington, of Vancouver, former city solicitor, defending the city.

Mayor Porter occupied a prominent seat in the court to help protect the city's interests, as the loss of this case means that heavy costs will have to be borne by the taxpayers and will bring public criticism.

Mr. Green explained that S. O. Bailey was induced to take a mortgage for \$15,000 at 8 per cent on the Moody property at Pandora and Amelia Streets. The property was 128 by 120 feet in area and carried three houses. Mr. Bailey in 1912 and in 1913 and 1914 city officials took off the front part of the property, amounting to 202.5 square feet, and used it for a sidewalk.

Paid Wrong Man.

Then the city demanded that Mr. Bailey release the rear part of the property on the ground that it was taken in 1912 and claiming that the mortgage was not registered, Mr. Green explained.

"The trouble is that the city paid the wrong man once and they don't want to pay him again," said Mr. Green. He told how the city did bring action for the 202.5 square feet and how the Supreme Court of Canada dismissed their action.

Assessment "A Little High."

William Scowcroft, City Assessor, took the witness stand and swore that in 1913 the property was assessed at \$10,700. The 1920 assessment was \$22,370. Through the strip being taken by the city the size of the lot has been reduced to 120 by 117, since 1913.

"How do you justify that assessment that you have to-day?" asked Mr. Green.

"I think it a little high," replied Mr. Scowcroft.

Too Hard To Explain.

"With taxes amounting to \$1,600 a year against the property the income from the three houses only \$500 at the most, how do you justify an assessment of \$20,000?" something easier than that," replied Mr. Scowcroft. He explained that he did not fix this assessment. It was done by a commission.

Mr. Green brought out the fact that the city destroyed hedges, lawns, fences and verandahs in the act of seizing a strip of three feet.

F. J. Stacopolos, registrar, was also on the stand to-day. The discovery evidence of Ernest J. Bradley, city clerk, and City Surveyor O'Mara was read. City Treasurer Smith is on this afternoon.

ORDER OF THE BATH.

Comparatively few people are aware nowadays that a Chapter, or installation, of Knights of the Bath was an occasion which periodically used to turn London upside down. Money was spent lavishly, to receive this coveted Order was not altogether an untried blessing.

Through the Middle Ages the Order of the Bath must have been haphazard and unorganized. Batches of young Knights were created from time to time on great occasions, such as a coronation or a Royal Wedding.

The name of George I. does not awaken picturesque or knightly associations, yet in his reign the Order of the Bath was organized. It was a corrupt and degenerate age, and Sir Robert Walpole, the Prime Minister, was a past-master in appointing to some of the less pleasant characteristics of his countrymen. Money he

was determined to get. So it came about that a stall in St. George's Chapel during the regime of Walpole could be bought.

Fortunately, reform soon came, and the list of the many great ones of the eighteenth and early nineteenth centuries who were rewarded by their Sovereign with a stall in Henry VII's Chapel shows that the Bath soon came to justify its existence.

From 1722 onwards the solemn installations of Chapters of the Order were held at intervals of six years on the average at Westminster Abbey, with great pomp and circumstance. Then after 1811 an abrupt change came, and the ceremonies of ceremonial of installation fell into disuse. But in 1813 the Order was a new lease of life. The King suggested the Chapter in July of that year, and a new installation fell into place. Now that the year is shadowy in living, some weeks before with stately ceremony, the places of Lord Roberts and many others will have gone to their rest, and the will be filled again.—Tit-Bits.

Morton's Record Hurling and Brown's Homer Give Victoria 11-Inning Game

With Five Straight From Seattle, Capitals Lengthen Distance Over All Other Teams.

NOCKING the globe clear over the fence, "Toots" Brown ended eleven innings of grueling baseball here Saturday, cinched Victoria's fifth straight victory over the misnamed Seattle Giants and boosted the Capitals up another notch in their race to leave every other club in the league in the hazy distance.

If Harry Morton, on the mound for Victoria, hadn't allowed the Seattle batters to find him in the eighth the game wouldn't have extended into eleven frames, and as it was set up a new strike-out record for Pacific International League by fanning fourteen hopeful batters in nine innings and seventeen in eleven.

Everybody thought "Dutch" Hoffman was pulling a bad bone when he produced Charles—better known as George—Washington to start up against the speed fiend Morton. But Washington had become a different man since that awful game on Friday and the first trio of Victoria batters went down, one, two, three.

Morton started out from the beginning to make the Seattle club wielders miserable. During seven innings the only hit they managed to get was registered by Grant, second man up in the first. Six men who came up in the third and fourth fanned, and in the sixth the same thing happened.

When Zienke poked out a three-bagger to deep centre in the third, Victoria started to do things. Morton's hit over second brought him home and when Elliott, leading Victoria hitter, landed safely it looked as if more tallies would be notched.

Just then, however, "Red" Held called Morton out for interfering with Shannon and also ditched Elliott on the same play.

Morton doubled to left in the fifth and then crossed the dish when Elliott doubled to centre. And then when two more Victorians scored in the seventh everything seemed over but the shouting.

LEAVING 'EM BEHIND. Table with columns: Team, W, L, Pct. Includes Victoria, Tacoma, Yakima, Vancouver, Spokane, Seattle.

the tenth and so did Victoria in the last of the frame. In the seventh Church walked. Leard sent him to second on a sacrifice and trotted home when Brown swatted the pill over the boards in centre field.

Following is the box score: Table with columns: AB, R, H, PO, A, E. Includes Seattle and Tacoma.

home and when Elliott, leading Victoria hitter, landed safely it looked as if more tallies would be notched. Just then, however, "Red" Held called Morton out for interfering with Shannon and also ditched Elliott on the same play.

COLLIERIES JOIN ELKS ON TOP IN AMATEUR LEAGUE

Six-to-One Victory Makes Them Tie For First Place

A six-to-one victory over the Elks at the Stadium grounds Saturday brought the Colliers-Vets even with the leaders in the amateur league.

The Elks' line-up showed four changes compared with the bunch which played in the Wednesday game, and as four of the seven hits registered Wednesday were pulled by players that did figure in Saturday's contest, it looks as if Walter Lorier will be wise in trotting out the regular lineup for the next game.

The standing of the clubs is now as follows: Table with columns: Team, W, L, Pct. Includes Elks, Colliers-Vets, K of C, Yarrow, Arrows, K of C.

THE CANADIAN SCOTTISH SHOOT. The Canadian Scottish Rifle Association held their usual Saturday afternoon shoot at Clover Point ranges.

VETERAN SPORTSMEN TO MEET TO-NIGHT. A general meeting of the Army and Navy Veterans Sports Club will be held to-night at the Hamley Building, Government Street, at 8 p.m. for the purpose of electing officers for the proposed Athletic Association.

V.A.S.C. TO START SEASON WEDNESDAY

Will Stage First Handicap; Other Plans Under Way

With its new clubhouse and swimming course on the verge of completion, the Victoria Amateur Swimming Club will start its Summer programme Wednesday night with the first of the season's handicaps.

The general meeting at eight will make preparations in the first place, for a picnic to be held at Telegraph Beach on Dominion Day, and also will make arrangements for welcoming the Elks a week from to-morrow. The Elks have been invited to try out the V. A. S. C. course and play a friendly game of water polo.

Work on the clubhouse will be completed this week. Only a few finishing touches are needed now, and when they are completed the V. A. S. C. figures it will have one of the most comfortable establishments around Victoria. Already the members have made good use of their property. About fifty of them enjoyed a swim yesterday, when the water, it was reported, was exactly at the right temperature.

FAIR RACQUET WELDERS READY FOR BIG GAMES. Detroit, Mich., June 21.—Participants from every section of the country are here to inaugurate opening play in the national clay court tournament for women's singles and doubles championships here this afternoon.

Miss Mary Browne, Pacific coast star, cancelled her entry shortly before the drawings, stating that it would be impossible for her to reach here in time for the matches, leaving Miss Corinne Gould, of St. Louis, and Miss Marion Zinderstein, of Boston, favorites.

CRASH! and the fifteen balls scurry around the table and into the pockets! It's a game that refreshes the mind and rests the nerves. Wholesome play builds character and self-control. It cleanses tired brains. Play a game of billiards to-night and to-morrow morning at nine you'll be back at your desk, keen as a fighting cock.

SALT LAKE CITY LEADS IN COAST BASEBALL LEAGUE. San Francisco, June 21.—Standings of Pacific Coast Baseball League clubs after yesterday's games follow: Table with columns: Team, Won, Lost, Pct. Includes Salt Lake City, Vernon, San Francisco, Los Angeles, Portland, Sacramento, Oakland, Seattle.

SHAMROCK IV. WINS IN FIRST TRIAL. Sandy Hook, N. J., June 21.—Sir Thomas Lipton's cup challenger, Shamrock IV, easily defeated the 23-metre Shamrock in the first trial race off here Saturday. The challenger won by 17 minutes and 16 seconds, actual time over a triangular course.

NEWPORT, R. I., June 21.—Sailing in light airs Resolute won a sixth victory Saturday in the ninth of the trial races with Vanitie to determine which shall meet Shamrock IV, in defence of the America's Cup. As seen from shore, Resolute crossed the finish line twenty-one seconds ahead of her rival on elapsed time, which would give her a margin of two minutes, eight seconds corrected time. The greater part of the race, which was arranged as a leeward and windward affair, was a reach, in which Vanitie first went out ahead.

VANCOUVER WILL SEND STRONG CRICKET TEAM. Hoping to repeat their recent victory, Vancouver cricketers will invade Victoria July 1 to play a return game in the inter-city series. Vancouver has picked a representative team. The following team has been chosen to uphold the honors of Vancouver: Shore, captain (Burrard); J. J. Peers, public schools; W. G. Bullen, Burrard; E. H. Neil, Vancouver; J. Killick, Burrard; N. Peters, public schools; G. R. Leight, Burrard; P. W. Wain, Burrard; W. Siscook, Burrard; H. B. Hudson, Vancouver; G. Peel, Brockton Point; reserves, W. E. Honihall, J. P. Murray, 2. Umpire, Mr. Dildham. Scorer, O. L. Bancroft.

SAYS EARL THOMSON WILL GO TO ANTWERP. Toronto, June 21.—The Mail and Empire sporting editor says to-day: "Speaking to The Mail and Empire at the Olympic trials on Saturday, Coach Walter Knox, of the Canadian Olympic team, stated that despite all reports to the contrary, Earl Thomson, the Canadian hurdler, who recently broke the world's record, will be a member of the Canadian team at Antwerp." Knox also announced that a lot of promising athletes from the West will take part in the trials at Montreal.

INCOSGS WIN AND CONGO LEAD LEAGUE

Congos Again Defeated; Garrison Beats Army and Navy Veterans

Team	P.	W.	L.	D.	Pts.
Incogs	6	1	0	10	10
Victoria	4	2	0	8	8
Congregational	4	2	0	8	8
Garrison	3	2	0	6	6
Albion	2	4	0	4	4
Army and Navy	0	6	0	0	0

By virtue of their smashing win over the Albions, which they defeated by the score of 210 to 50 at Beacon Hill Park on Saturday, the Incogs have placed themselves in first position in the League. From the outset there was only one team in it, at this particular game, and that certainly was not the Albions. Allen, for the winners, was only four runs off the century when he was dismissed, and the Albion batsmen found the Incogs bowling altogether too good for them.

Games Full of Interest

The Congos sustained their second successive defeat in their game against Victoria at Jubilee Hospital on Saturday. This match was one of those which certainly give the lie direct to those who argue that cricket is a slow game to watch. It was full of interest throughout. The Victoria team batted first, and the Congos opened the attack with E. R. Lock and Wells. It was soon evident that Wells was a great form with the ball. Only four runs were on the board when the first wicket fell, when eleven runs had been scored two wickets were down, while the third wicket fell at the same total; for the addition of another twelve runs, another wicket fell, and so the game went until seven wickets were down for fifty runs, and matters looked rosy for the Congos. Then E. P. Gillespie and S. M. Gillespie became associated, and the spectators were treated to a display of free hitting, coupled with the fact that E. R. Lock's fielding became loose, and he dropped an easy catch. The Victoria total was taken to 125 before the innings closed. This did not seem to be an impossible total to reach, and the Congos went to bat feeling confident of their ability to pull off another win. However, they found "Giddy" Goward in fine form with the ball, and when Vaughan went on at the other end, he put "him" to the hopes of the Congos. Some of the top notch batsmen of the Congos were sent out for "ducks," and it was left to Wells to give the best batting display for his side. He scored thirty-three runs before being dismissed off his pads, and as he also got seven Victoria wickets for thirty-three runs, it was his day out. Adams twenty-seven and Harry Gardier twenty-one were the only other batsmen on the side to stand up to the bowling. Gardier's twenty-one was obtained by a display of extra free hitting. He obtained two sixes and one four. It certainly was a case of a "short life and merry one" with him. He was out in trying to make a big drive off Goward, but failed to get under the ball properly. The most valuable display of batting one either side on Saturday was that given by McAdam of the Victoria team, who stayed with it, when all the other wickets were falling so quickly, and while he did not score many runs, he kept his end up, and was rather unfortunate in hitting his own wicket. The Congo innings closed for 104, and thus they lost by the narrow margin of twenty-one runs.

The Garrison beat the Army and Navy at Work Point by a somewhat larger margin than had been anticipated, but in spite of the fact that they have yet to win their first game, they can be said to have continued to show signs of improvement, and the day of victory cannot be much longer delayed.

Elliott Leading Victoria Batters and Victoria is Second in Team Batting

Carter Elliott, Victoria's speedy shortstop, leads Victoria batters, is sixth among all batters in the Pacific International League and is the League's leading run getter, according to official statistics compiled by Stub Nelson, Official League Statistician, and released to-day. The figures show, in addition, that Victoria's team hitting for all the games up to and including that on June 13 was second heaviest in the league.

The following is the detailed dope:

NEILAN COMPANY
LOST IN BLIZZARD

Film of Party Playing at Royal Shows Scenes in "The River's End"

After a forty-eight hour isolation in the San Bernardino mountains, with neither food nor shelter, Marshall Neilan and his company were rescued by the life-saving crew at Bear Valley when death at the hands of the sweeping blizzard seemed imminent. The filming party left the Bear Valley Hotel during a raging snow-storm in quest of a location to "shoot" scenes for "The River's End," which will be the attraction at the Royal Theatre for the first four days of this week, commencing to-night. Neilan's first independent production, distributed through First National. When fifteen miles out from the valley a location was selected on the crest of one of the overlooking mountains. But when the filming was finished and the party prepared to return to the hotel, their tracks were covered by the snow and no one in the party was able to point out the direction.

Headed For the Woods. At the suggestion of Jane Novak the party headed toward a clump of trees, a mile to the north. But instead of finding the woods through which they had passed, journeying toward the location, the company

TO-DAY'S AMUSEMENTS

Princess— "Believe Me Xantippe."
Gorge Park—The Bohemians.
Royal Victoria— "The River's End."
Dominion— "His Royal Snyness."
Variety— "The Six Best Cellars."
Columbia— "The Better Wife."
The Criterion—Belmont House.

found itself enmeshed in a tangle of shrubs and bushes, with snow drifting in steadily and night coming on. Plodding through the waist-deep snow while the winter winds whipped against them, members of the producing party ran upon a log hut, securely hidden away in the wild tangle. Cracks in the walls and two-foot openings in the roof allowed the snow to drift into the hut, covering the floor with a thin, icy sheet. But the log-hut, crude and uncomfortable as it was, brought cheers and cries of delight from the weary party.

Such wraps and wearing apparel as could be spared were utilized to cover openings in the walls and roof. A fire-place seemed to yawn for a flame but dry wood was an article not to be found beneath three feet of snow. It was a downhearted party that formed a circle around the floor of the crude shack and listened to Mr. Neilan and Lewis Stone attempt to fire their courage with such stories as they were able to invent for the occasion. Throughout the first night the company sat, with no food, little shelter,

ON NEW TIME

Victoria theatres will open their performances on the new (daylight saving) time to-day.

and no means of communication with the rest of the world.

Moore's Bravery.
Toward afternoon the snow ceased to fall so heavily and Matt Moore announced his intention of retracing his steps through the drift and finding his way back to the valley. Despite the warnings and advices of the others, Moore set out.

Only after Moore's departure did the party realize to any extent what they were up against. Moore's evident sacrifice was brought home to each of them when the snowfall grew heavier and darkness cast its gloom over the little shack.

Organize Rescue Party.
But the company did not reckon on Moore's persistence. For a fifteen hour walk through the snow—some times falling on all fours—sometimes leaning against a rotted tree for breath—brought him to the Bar Valley Hotel. Just about the time a rescue party was being organized.

A description of the crude shack, the tangled woods and the general surroundings was all that was necessary for the natives of the mountains to recollect the location. So, with mammoth supplies of food, clothing and dog teams, the rescuers set out and journeyed to the valley hut, finding the party in despair and just about ready to give up hope.

A four hour return trips on dog-sleds brought the entire company back to the tavern, each with a determination to keep out of the snow scenes in the winter time.

WILL SHOW PAGEANT FILM.

A feature of the Royal Victoria Theatre picture programme for the first four days of this week will be the showing of the official pictures taken during the celebration here on May 24, marking the 25th anniversary of the Hudson's Bay Company. These films will be joined with those

taken in similar celebrations in five other cities of Western Canada and will be given wide circulation.

VARIETY PRESENTS

BRYANT WASHBURN

Offers Attractive Comedy For Earlier Portion of Week

The Variety screen-to-day will feature Bryant Washburn in "The Six Best Cellars," a comedy drama of great force. It is a talking picture that is said to make an audience howl with laughter and gasp at the end. No matter how the audience feels about the question of prohibition, the picture will make them talk. And what will happen? Those to hear will go and see it, too.

A British Canadian educational film will be shown.

The film will be shown to-morrow, Tuesday and Wednesday.

ROARING COMEDY IS PLAYED AT PRINCESS

"Believe Me Xantippe" Will Attract to Princess All This Week

Commencing to-day, the Mildred Page Players present for their fourth week's offering "Believe Me Xantippe," a four-act screamingly funny comedy, which promises to be the best offering so far, as every one in the play have parts admirably suited to them. Miss Mildred Page and Byron Aldenn will again be seen in the leading roles. Miss Page as the sheriff's daughter, has one of those breezy outdoor parts which suit her so well, while Byron Aldenn as George McFarland has the role created by John Barrymore and which introduced him to New York. "Believe Me Xantippe" won the \$5,000 cash prize offered each year by Harvard, Yale and several of the other Eastern educational institutions for the best play submitted by either college students or professional authors. Geo. Ade wrote "The College Widow" to compete for this prize, and many of the greatest of the present day Broadway successes were written to compete for the \$5,000 cash prize. "Believe Me Xantippe" is being directed by Mr. Aldenn personally and promises to be an evening's entertainment of the very best.

STAR WITH COMPANY.

With the announcement of the completion of her first starring picture, "Prisoners of Love," Betty Compton, who was thrust into the heights of stardom through her remarkable portrayal of the role of "Rose" in the George Loane Tucker production of the "Miracle Man," has also made known for the first time her plans for the future.

Miss Compton has established offices and a studio at the Brunton Studio in Los Angeles, and intends making about four superfeatures each year. She has resolved to do everything possible to please the public that has placed her where she is, and is offering authors extraordinary rewards for suitable story material.

A Thrilling Story of the Work of the R.N.W.M.P. in the North

WE PRONOUNCE IT THE BEST PICTURE

We Have Been Privileged to Present for Months

Marshall Neilan presents The River's End by James Oliver Curwood

We wish to call to your attention the fact that "The River's End" is the first photoplay produced by Marshall Neilan in his own studios. He directed it himself—Please remember that the story is from one of James Oliver Curwood's most popular novels.

C. Denham, Manager

On the edge of civilization there are no traditions. Men meet life with all the strength of soul within them. That is why the greatest stories have always been written, not of the atrophied emotions of society, but of the virile people nearest the great outdoors. There men may be good—or bad—but whatever they are, they are strong.

"The River's End" is a story of the Royal Northwest Mounted Police—a story of adventure and a story of a wonderful love.

It is Mr. Neilan's best and Mr. Curwood's finest novel.

**"FAIR AND WARMER"
IS SCREAMING FARCE**

May Allison Stars in Dominion Offering; Harold Lloyd Feature

Harold Lloyd, the inimitable comedian of the tortoise-shell glasses, is a firm believer in comedy with a real plot in it. He does not string together a lot of trick stunts supposed to be funny, give it a meaningless title, and label it a comedy. Rather, he builds a real story that might be a drama, a melodrama or a tragedy, and works into the story funny incidents that belong. If a funny piece of business is thought of, but the story offers no opportunity to use it, they save it for another time rather than take the story out of its natural course to inject what doesn't belong there.

"His Royal Shyness" is the name of the newest Harold Lloyd comedy, which is to be featured this week at the Dominion. As its title indicates, it is a travesty on the romantic type of story that deals with an American and a royal princess. In this case the Yankee hero is a book-agent who gets away with an impersonation of the prince because of his remarkable resemblance. The comedy contains more story and action than many six-reel features can boast of, and the laughs topple over each other in a riot of hilarity.

For sheer absurdity of situation, clever and intriguing acting by a star, sparkling wit in titles and finish in production, "Fair and Warmer," presented also at the Dominion Theatre, with May Allison—dainty and appealing May Allison—is the star, has, to use the effective colloquial expression, all other pictures backed off the map.

The hilarious stage success of Avery Hopwood, which was presented for so long in New York, other parts of the country, and in London, with such success, has been done into picture form not only without the loss of any of the intrinsic punch and humor, but with an additional merit. The play which Selwyn and Company offered on the stage has been produced exceptionally well by Screen Classics, Inc.

The cocktail scene, of course, will stand out anywhere. It is considered the funniest one scene ever written.

**PANTAGES SHOWS
ON NEW SCHEDULE**

Beginning This Week, Performances Given On But Four Days Each Week

A new Summer schedule has been announced for Pantages vaudeville. Beginning this week, Pantages shows will be given in the Victoria house on Wednesday, Thursday, Friday and Saturday of each week only. The house will be given over on Monday and Tuesday to the exhibition of feature motion picture productions.

This week's vaudeville show, which will open with the matinee performance on Wednesday, features the offering of China's most remarkable magicians, Long Tack Sam, with a company of wonder workers, and the supporting acts on the programme promise wide variety of entertainment.

For unusual execution of cyclonic feats in a most spectacular Oriental setting, these amazing Chinese artists will likely prove a sensation in a series of acrobatic juggling and mysterious manipulation stunts that bewilder the audiences. Long Tack Sam has just returned from a tour of a greater portion of the world's larger cities, during which he revisited China to obtain a fund of new material for his performances.

As a second feature of the bill Miss Jessie Hayward and company will be presented in "Air Castle Kate," a humorous and human little story of stage life. Miss Hayward plays the part of a veteran vaudeville songstress who undertakes to coach an aspiring but talentless young woman. It is said to be a delightful story replete with comedy and human interest, and has been enthusiastically commented upon in the press.

Another comedy feature of prominence will be Pete Pinto and Boyle in their laugh offering, "The Mysterious Trunk." This act is said to be absolutely original.

De Winter and Rose are two dancers, a man and a maid, who appear in "An Indian Idyll." They promise an elaborately staged Indian number but the act also includes classic and modern dancing.

Two French maids, Herta Corty and Edith Althoff, will appear in an offering of music and dancing. The girls are also singers and instrumentalists.

The ninth chapter of "The Adventures of Ruth," with Ruth Roland in the title role, will be shown on the screen as the motion picture feature.

**IRENE FRANKLIN
STARS ON ORPHEUM**

Mirthful Melodies Will Be Heard at Week End

Next Friday and Saturday will bring to the Royal Victoria Theatre on the Orpheum bill, Irene Franklin, with an entirely new programme of songs, mirthful, wistful, jolly and plaintive, all of familiar character types and human incidents, and all of which have been written by Miss Franklin herself, with their melodies and musical settings by Mr. Green. Added to this, Miss Franklin will wear several costumes that have been described as "ravishingly beautiful," advanced models, creations, every one of them.

Irene Franklin, justly titled "The Yvette Guilbert of America," is one of the most popular singing comedienne of this country. With her piquant winsomeness of face, her magnetism and charm, her sympathetic insight into human nature, her keen, spontaneous wit, and her unflinching devotion to her work, she is loved by everyone on both sides of the footlights. Always an artist, her every song becomes a classic.

Many of the songs in the Franklin repertoire are virtually "songstomps" of the best known stories from the pens of our short fiction writers. Notable on the list is a Christmas Present for a Lady, taken from one of Myra Kelly's human stories of the little Jewish children, and for the musical settings of which Mr. Green has adapted a quaint Hebrew air over 500 years old.

A new one of the famous chorus lady series tells of the hardships suffered by one front row queen under the regime of prohibition; a smart Parisienne interests with her view on Sammie—our American doughboy; the little colored girl watching her father parade with Col. Bill Hayward's dusky heroes will have you grinning right with her; the very modern child will teach much in the recital of her life's ambition; while the scrublady is an exquisite etching of a type seen every day, but of unnoticed history. And these are but a few mentioned, picked here and there. Miss Franklin has many more which she will include in her programme.

DOMINION

BIG DOUBLE BILL

Dainty, Adorable

May Allison

In Avery Hopwood's Funniest Farce

Fair and Warmer

MAY ALLISON in "FAIR AND WARMER"

The Selwyn play with the cocktail scene, the Broadway laugh record, compromises, complications, and a kick!

London and New York shieked at it! If it hurts you to laugh, take a doctor with you when you see it! But, whatever you do—Don't Miss It!

"Fair and Warmer" has everything. May Allison, undeniably the most captivating and deft comedienne of the screen, is the star. The play itself is the funniest and at the same time most human farce Avery Hopwood ever wrote and he is admittedly the master of American farce writers. Its theme is one of the broadest appeal. Expressed as a moral, it is: "Don't be too perfect, else your wife—or your husband—may lose interest in you."

SELECT PICTURE SHOWN AT COLUMBIA

Clara Kimball Young in "The Better Wife;" Other Features

Clara Kimball Young and her own company will present her latest Select Picture, "The Better Wife," at the Columbia Theatre all this week as the topline of a bill which promises unusual attraction for the screen patrons of this city.

"The Better Wife" is taken from Lenore Coffee's recent novel, "The Love Quest." Miss Young is seen in the role of Charmian Page, who is visiting with her friends, the Kingsdons, at their English country estate. One afternoon Charmian sees two lovers in a distant field, and the next afternoon, at a tea given in her honor she learns that the woman was Lady Beverly, wife of Sir Richard and mother of Little Dick. Charmian is introduced to Lady Beverly. She also meets the Comte de Cheveral and Little Dick. She falls in love with Little Dick, and the Comte falls in love with Charmian, but she discourages his attentions. That same afternoon Lady Beverly is killed in a motor accident and Little Dick is seriously injured.

During the next few days, while Charmian is helping to nurse the little boy she becomes friendly with Sir Richard, but at the end of a week she leaves England and goes to the Riviera to meet her father. While she is there she learns that an extensive surgical operation is necessary in order to restore Little Dick to health, and as Sir Richard is unable to bear the expense, Charmian urges her father to finance it in "the interests of science."

Sir Richard falls in love with Charmian and she makes no secret of her love for him, but the memory of his former wife keeps the baronet from speaking. It is not until later that he learns the truth about the first Lady Beverly, and then he is confronted with the problem of deciding who would be the better wife. It is an interesting story, and one of the best Miss Young has ever done.

VANCOUVER ISLAND NEWS

The Daily Mail Service
Courtenay—The upper island, including Courtenay, Cumberland and Alberni as their chief centres, are enjoying the benefits of the daily mail service, a month lacking three days after the inauguration of the daily train service, says The Comox Argus.

It is a great boon to the business men. The first daily mail came into Courtenay on Monday and in future all mail will be distributed at night, as no mail will now be carried on the boats. The accomplishment of this feat has undoubtedly been expedited by the vigorous action of the various boards of trade on the island, who have never ceased to bombard Ottawa with petitions for it.

As to the effect of the daily train service, it has certainly increased travel; a very excellent average being maintained each and every day. People without cars in Courtenay can now use the train to make quick trips to Union Bay or Royston, and week-ends in Nanaimo, Duncan, Victoria or Vancouver are easily negotiated.

G.W.V.A. Elects Officers
Nanaimo—A Murdoch was the only nominee for the presidency of the G.W.V.A. at the annual meeting, when the nominations for the next six months were made. Three names were put forward for secretary-treasurer, Comrades Marsh, Willis and Wilson. The other nominations were: First vice-president, N. H. McDiarmid; second vice-president, W. G. Martin; sergeant-at-arms, Comrades Devin and Windley; sick committee, Comrades Windley, Blair, Wells and Doods; investigating committee, Comrades Bool, Wells and Somers; membership committee, Comrades Wells, Cameron and Mauer; ways and means committee, renominated; publicity committee, Comrades McDiarmid and Wilson; auditors, Comrades Wilson, Bell and Martin.

Pitch for Turpentine.
Campbell River—Campbell River is the headquarters for Valdez and Cortes Islands. On Cortes Island there has just been established a promising industry of taking pitch from the fir trees to make turpentine. About 500 of these trees have been tapped already and the business will be a profitable one for the residents of that island.

Bank Transfers
Cumberland—General regret will be expressed at the news that Mr. F. L. Leslie, manager of the Canadian Bank of Commerce branch, has been transferred from Cumberland to San Francisco. Mr. Leslie has been for two years in Cumberland and has made many friends. He leaves next week for the States where he will be associated with the branch of the Canadian Bank of Commerce there.

His place is to be taken by J. Granter, of the Canadian Bank of Commerce at Courtenay. Mr. Granter whose home was in Vancouver before the war served with the 23rd Howitzer battery in the C.E.F. and came to Courtenay a little less than a year ago.

Alberni G.W.V.A.
A mass meeting, under the auspices of the Alberni District branch of the G.W.V.A., will be held in the War Veterans' hall, Port Alberni, on Wednesday, declaring that the Union government at Ottawa should resign, will be submitted to the meeting. Reasons which the returned men and their sympathizers have for

"THE BETTER WIFE"

What sort of a woman would make the better wife? Neglected by her husband; loved and courted by the Comte de Cheveral; that was the problem of the Second Lady Beverley. The cry of an innocent child led a father to a better life.

ALL THIS WEEK

COLUMBIA

taking this action will be explained and supported by Major R. J. Burde, M.C., and other speakers.

Malt Liqueur Licenses
Cumberland—Last Monday the Cumberland City Council held a special meeting to consider the by-law for the licensing of premises selling near beer and soft drinks. The price of the license was fixed at a hundred dollars for six months. There was some opposition on the ground that it would discriminate against the small dealers in candy and soft drinks and it is probable that some amendments may be made in it at the final reading. The by-law is drastic in regard to the sale of the beer to anyone who is or becomes under the influence of alcohol.

Nanaimo Hospital
The report presented at the annual meeting of the Nanaimo Women's Hospital Auxiliary, held last evening at the residence of the vice-president, Mrs. F. L. King, showed that the ladies now had well over \$10,000, of which over \$5,000 had been realized during the past year. The treasurer had received \$3,968.84, with about \$2,300 to come from the Empire Day and May Queen celebration. The fund stood at \$8,045.74, of which \$6,350 was in Victory Bonds.

The officers of the Auxiliary, which now numbers 42 members, are as follows: President, Mrs. A. B. Brown; first vice-president, Mrs. F. L. King; second vice-president, Mrs. R. R. Hindmarsh; third vice-president, Mrs. J. Parkin; fourth vice-president, Mrs. A. D. McKenzie; secretary, Mrs. J. F. Davidson; treasurer, Mrs. A. J. Randle.

The president was presented with a handsome umbrella, by her co-workers and refreshments were served.

School Closing Exercises.
Ladysmith—The closing exercises at the Public School will take place on Friday morning at 10 a. m. Owing to the loss of time in the majority of the classes during the recent influenza epidemic, the exercises will be of a simple nature this year. The usual decorations, entertainments and exhibitions of work being dispensed with. The parents and

friends of the pupils and all interested in the welfare of the school are invited to the presentation of honor rolls and prizes to the successful pupils, and also to the reading of the promotion lists for the present term.

Strawberry Festival.
Cumberland—Under the auspices of the Ladies' Aid of St. George's Presbyterian Church, a strawberry festival and afternoon tea will take place in the basement of the church on Friday afternoon next, commencing at 2:30 o'clock. A sale of work will also be run in conjunction with the festival, under the supervision of the Girls' Guild of the church.

Fish and Game Protection.
Nanaimo—Members of the Nanaimo Fish and Game Association met Saturday in the Board of Trade room when a number of questions of interest to local sportsmen came up for discussion. The association recommended that the present system of game protection by the provincial police, which the resolution stated, was a failure, be changed to the system of game wardens, and John Graham, former game warden, was named for that position. T. B. Booth was recommended as a member of the game commission for the Province. The Government, it was resolved, should spend the money received from gun licences on game protection and game propagation.

The limitation of catches of game fish caught by one rod in a day, the opening up of streams to ensure easier access for the fish to the spawning beds and lakes were also discussed.

TILLICUM SCHOOL
Picnic Held For Pupils on Saturday at Gorge Park.

The annual school picnic was held by the children of the Tillicum School, Saturday, at the City Park on the Gorge. After an afternoon of sports-supper was served by the mothers of the pupils. The prize winners follow:
Boys and girls under 6—George Bailey.

Girls under 7—Helen Carlow.
Boys under 7—Grant Stewart.

The teachers wish to thank the Victoria Feed Company, Scott and Feden, and Fat Burns for donations of prizes for the occasion, and the mothers.

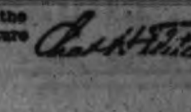

GOLDEN NOTES.
Alice Delysia's salary of £1,900 a week in New York is record payment for a burlesque actress. It has, of course, been exceeded by the salaries paid to operatic stars like Patti and Caruso; and has been equaled by Mrs. Bernhardt at the London Coliseum. But no such fees have ever been given to performers on the "legitimate" stage. Six George Alexander "starred" in melodrama at Drury Lane his £250 a week created a sensation.

Sir Herbert Tree, I believe, received double that sum at the Palace while Dan Leno, at the height of his fame, received less than dozens of present day variety "toppers."

Henry Irving played for a salary of £35 a week before he went into management; and going back a long way, Shakespeare as an actor probably enjoyed £500 per annum—our money.—Tit-Bits.

Extra Space Built on Liner But Failed to Relieve Situation

Thirteen Hundred Passengers in All Classes Arrived By Empress of Asia To-day; 450 Travelers Being Accommodated in Saloon Quarters.

Additional accommodation was fitted aboard the C. P. O. S. liner Empress of Asia at Hongkong but the extra quarters were totally inadequate for the accommodation of all those who had booked passage. The huge Canadian Pacific liner made port at 8 o'clock this morning after a nine-day passage from Yokohama with 450 saloon passengers aboard as well as 200 second cabin and 650 Orientals in the steerage.

While the liner was at Hongkong this trip alterations were made to permit the carrying of 180 extra passengers. The second class smoking room was converted, making sixty-six new second class cabins. The new cabins were practically filled at Hongkong and Shanghai.

To U.S. and Europe. Most of the passengers are British and American business men bound for Europe and the United States. Many are going home on vacations.

Conspicuous among the passengers were an unusually large number of children accompanied by their parents.

Among the passengers arriving today were: W. R. Walker, general manager of the Standard Oil Company at Hongkong, who is making a business trip to the United States; S. P. Sanger, also of the Standard Oil Company; T. M. E. Elliott, Y.M.C.A. secretary at Amoy, and Mrs. Elliott, who boarded the liner at Shanghai; J. H. Wallace, general passenger agent for the C. P. O. S. at Hongkong, who is bound to Liverpool on a year's vacation; D. E. McFarland, director of the Pacific Importing Company, of Seattle, who is returning home after an extended business trip through Japan, China and the Philippine Islands; Mr. and Mrs. Montague Marks, the latter being a well-known miniature painter of New York; J. Foster King, chief surveyor for the British Corporation in China, and Mrs. King, and G. W. Swire, of the well-known Far Eastern shipping firm of Butterfield & Swire.

Fifty-six saloon passengers disembarked from the liner here, the majority of whom proceeded to Seattle by the C. P. R. afternoon boat.

Splendid weather marked the passage of the liner from the Japan coast. "We had sunshine all the way," said Commander A. J. Halley, R.N.R. "It was a remarkable trip."

The big liner averaged 19 knots on the run. As she neared the British Columbia coastline it began to cloud over, and just after the Empress passed into the Straits last evening a thick bank of fog shut down and rolled up behind the ship as she plowed her way up from sea. The liner beat the fog into the Straits by only a few minutes. Quarantine time was reached at 10 o'clock, standard time, last night, and at daylight this morning the officials boarded her and granted pratique.

After discharging mails here the liner cleared at 9:30 o'clock for Vancouver.

THOUGHT M'ADOO LOGICAL NOMINEE

E. J. Westerhouse, Democratic Delegate From Manila, Surprised at Decision

E. J. Westerhouse, one of six Democratic delegates from the Philippine Islands en route from the United States to attend the Democratic convention, who reached here to-day from Manila aboard the Canadian Pacific Ocean Services liner, was greatly surprised to learn that William G. McAdoo had refused to consider nomination for the presidency of the United States. Mr. Westerhouse is of the opinion that Mr. McAdoo was the logical man for the nomination and the best in sight in the Democratic Party. He maintains that the main issue of the coming campaign will be the adoption of the Peace Treaty and the Covenant of the League of Nations. He is confident that the majority of the American people are behind President Wilson and the work he has done as sponsor for the League of Nations.

Democratic influence is strong in the Philippines, as President Wilson promised independence for the islands. Mr. Westerhouse for the past eighteen years has been general manager of the Manila Railroad Company. After the convention is over at San Francisco he will go to New York to purchase equipment for the Philippine railroad. This is the third trip made by Mr. Westerhouse across the Pacific during the eighteen years he has been located in the Philippines. Mrs. Westerhouse is accompanying him this trip. They expect to return to the Orient in October.

VESSEL MOVEMENTS

Sicilian, at Montreal, from Glasgow.
Grampian, at Montreal from London.
Rotterdam, at Plymouth from New York.
Manchester Marine, at Plymouth from Montreal.
Venusia, at London from Montreal.

NOW AT ESQUIMALT.

Engineer-Lieut. G. P. Clark, who has been stationed at Halifax, is now installed at Esquimalt, succeeding Eng.-Lieut. R. H. Wood, in charge of the dockyard engineering department. Eng.-Lieut. Wood has gone to Halifax to take the position of engineer-manager at the Eastern dockyard.

Thousands of Czechs Arrive From Siberia

Decks of Steamships Proteus and M. S. Dollar, at Quarantine To-day From Vladivostok, Crowded With Bohemian Soldiers.

Wandering Bohemians numbering approximately seven thousand men reached William Head this forenoon aboard two ocean liners from Siberia.

Her decks crowded with Czech-Slovak soldiers, the Blue Funnel liner Proteus reached quarantine early, and shortly after six o'clock proceeded to Vancouver. The military contingent brought across the Pacific from Vladivostok by the Proteus numbered 2,700 officers and men.

At 11 o'clock the Canadian Robert Dollar Line steamship M. S. Dollar reached quarantine with 4,000 Czechs aboard, and on securing pratique cleared for the mainland.

Winds Up Movement.

The two contingents arriving to-day winds up the movement of Czech-Slovak troops originally scheduled to pass through Canada en route from Siberia to Czechoslovakia, 2,000 men having previously arrived by the Blue Funnel liner Ixion.

The soldiers arriving to-day are all seasoned war veterans and are well uniformed and equipped. For six years they have been under arms and since breaking away from the East-front of the European war theatre have travelled many thousands of versts across the Russian steppes.

Before the Great War the country now known as the Republic of Czechoslovakia was part of the Austrian empire. Conscripted into the Austrian army the Bohemians were sent to the Gallician front to fight against the Russians. Fighting the Russians was very much against the grain with the Czechs and at every opportunity they surrendered in large numbers. Hundreds of thousands of Bohemian soldiers went over to the Russian side during the first two years of the war.

When the Russian monarchy was overthrown and Kerensky assumed control of the revolutionary government, the Czechs were given an opportunity to enlist as volunteers to fight against the Germans and several fighting divisions had been organized by the time the Bolsheviks in turn overthrew the Kerensky regime.

It was then that the Czechoslovakia had been recognized by the Allied Governments and the Bohemian soldiers, tired of the long period of exile and the privations they had undergone, sought the assistance of the Allied Governments in order that they might return home.

By Other Routes.

Many thousands of the remnant of the original Czech-Slovak army in Siberia has been shipped from Vladivostok to Europe, some going by way of Suez in British vessels and others by way of the Panama Canal in American liners. The Canadian authorities were then approached and it was decided to send approximately 10,000 troops through Canada.

The first contingent reached Vancouver May 6 on the liner Ixion. The 7,000 odd men arriving by the Proteus and M. S. Dollar will immediately entrain from the Canadian National Railway depot for Vancouver, B.C., where they will be camped pending the completion of arrangements for transportation across the Atlantic.

When the vessels are available they will be embarked and proceed direct to Trieste.

MEXICO MARU TO SAIL.

On her outward voyage to the Orient the O.S.K. liner Mexico Maru will sail from the Outer Docks tonight.

Black Tour Expected.—Along similar lines as the famed Cook's Tours, W. E. Black's second annual tour of Canada is due to arrive here on the S. S. Prince Rupert on July 13, carrying a large number of tourists, who will pass two hours in this city.

ADRIA FINED \$400 BY LOCAL CUSTOMS

The American wooden steamer Adria on Saturday was fined \$400 by the Customs authorities for breach of the port regulations. Outfitting equipment in the shape of a searchlight standard was landed here and supplies taken aboard before the ship entered at the customs house as required by law. The vessel was bound from Genoa Bay to Capetown, South Africa, and cleared Saturday evening for her destination. She is laden with 1,600,000 feet of lumber.

PROFESSIONAL BALL IN JAPAN SHORTLY

Baseball Becoming Popular in Far East and Crack Teams Are to Make Tours

CHICAGO UNIVERSITY BALL TEAM RETURNS

Professional baseball will shortly be introduced in Japan according to Edwin Charles Curtis, first baseman and publicity man with the University of Chicago baseball team, the members of which reached Victoria to-day on the liner Empress of Asia from Yokohama.

"Baseball is rapidly becoming the national game in Japan," said Mr. Curtis. "All the universities and schools have their teams, and even the youthful Nipponese are to be seen on the back lots playing 'catch.'"

The man who proposes to introduce professional baseball into Japan is Yumoto Kusbhiki, a well-known sports promoter of Tokyo. If at all feasible he proposes to have the champion teams of the National and American leagues visit Japan at the close of the present season, and in the event of this scheme falling through, Yumoto Kusbhiki will endeavor to have an all-star American team make the tour. He is said to be already dickering with Babe Ruth and Buck Weaver with the object of inducing these crack ball players to accompany an all-star team to Japan.

Games Were Close.

The University of Chicago baseball team has been touring Japan for the past month, having arrived at Yokohama, May 4, by the liner Tenyo Maru from San Francisco. The team played fourteen games, won eight, lost four and tied two. They played against the Waseda and other university teams of Japan.

F. Merrifield is manager of the team, and was accompanied on the tour by his wife.

The members of the team state that the Japanese University baseball team has been touring Japan for the past month, having arrived at Yokohama, May 4, by the liner Tenyo Maru from San Francisco. The team played fourteen games, won eight, lost four and tied two. They played against the Waseda and other university teams of Japan.

GRAYS HARBOR FLEET BAGS 54 WHALES

Hogquiam, June 21.—The Grays Harbor whaling fleet has brought in fifty-four whales to the station at Westport since the season opened May 1, according to an announcement just made. The steamships Moran and Westport have tied, each with twenty whales to their credit, and the steamship Aberdeen has captured fourteen thus far. Four varieties have been taken, the sperm, finback, humpback and sulphur bottom. The whales range in value from \$1,000 to \$4,000 each. The season continues to October 1.

Let Dr. Gilbert—A Skilled Specialist of Long Experience Attend to Your Failing Teeth

Quality Dentistry—Permanent Work—Skillful Attention—Perfect Fit

Very important are the fees Dr. Gilbert asks for his modern dental service.

These you will find are wonderfully modest for the beautiful results achieved, and you have the distinct privileges of Dr. Gilbert's "pay as you can" plan if you do not feel ready to pay cash.

Scientific Teeth Correction—Safe Work

There is no doubt about it—sound teeth are essential for the maintenance of perfect health—and they are very useful for the retention of your personal appearance. Without sound teeth you cannot digest your food—you cannot get the proper nourishment necessary for your body—you cannot smile freely and easily. Imperfect teeth are a real source of danger—they are ugly and objectionable—quite unnecessary to-day. For Dr. Gilbert is able to scientifically replace your lost and missing teeth, and crown or fill your decaying ones—easily—quickly—and efficiently—and, as you know, at small cost. Make an appointment—call or write or phone. Offices are open each Monday, Wednesday and Friday evenings.

MUTT AND JEFF

THAT WAS A GOOD TIP MUTT GAVE ME YESTERDAY. I HAD ONE HUNDRED BUCKS IN A SAVINGS BANK, AND HE EXPLAINED TO ME HOW THE PURCHASING POWER OF MY NEST-EGG WAS DEPRECIATING EVERY DAY!

HE SAID MY HUNDRED WAS WORTH ONLY FORTY THREE BERRIES, SO I DREW OUT MY HUNDRED AT THE BANK AND WE SPENT IT ALL LAST NIGHT! IN ANOTHER YEAR MY HUNDRED WOULD HAVE BEEN WORTH ONLY TWENTY EIGHT BUCKS, SO MUTT SAID.

MUTT, I CERTAINLY DID A WISE THING IN SPENDING MY HUNDRED BUCKS LAST NIGHT! MONEY'S GOING DOWN IN VALUE RIGHT ALONG!

I THOUGHT SO TOO, OLD DEAR, BUT LISTEN TO THIS -

LIBERTY BONDS CAN BE PURCHASED NOW FOR 85%. THIS IS THE SAFEST INVESTMENT IN THE WORLD AND A SURE MONEY-MAKER!

THESE BONDS WILL BE ABOVE PAR BEFORE LONG AND WILL NET THE INVESTOR A FINE RETURN ON HIS INVESTMENT. SO ACCORDING TO THIS - MONEY IS INCREASING IN VALUE! YOU WERE FOOLISH TO SPEND YOUR ROLL!

(Copyright 1920. By H. C. Fisher. Trade Mark Reg. in Canada.)

Phone Your Classified Ads

For the convenience of classified advertisers The Times has inaugurated a new system in this department. In future, all transient classified advertisements will be absolutely on a cash-in-advance basis, but all those advertisers who cannot conveniently come to the Times office may phone in their ads, and the Times Want Ad Boy will immediately call for the money. This will avoid book-keeping charges, and at the same time place every advertiser within easy reach of The Times office.

'Twas Said:-

The other day a boy went to a provision store and asked for "half a dozen black hen's eggs."

The grocer laughed. "Eggs from a black hen!" he exclaimed. "How can you tell them, my little man?"

"I can. My mother told me how."

"Well, here you are. Let me see you pick them from this crate."

The boy carefully selected the six biggest eggs he could find, put down the money on the counter and said, "These are black hen's eggs I have taken."

Our experience has taught us that there are many good shoppers among the children, but whether your children are old fashioned in shopping or not, you can send them to us for your needs and you can rest assured that they will receive the same attention and obtain the same good hardware, as you receive, when you shop in person. Every article is guaranteed to satisfy and can be returned if it is not just what you want.

FIRST WHITE PEOPLE IN FURTHEST KOREA

Salvation Army Missionaries Have Training College in Seoul

Staff Captain Hill, of the Salvation Army, and Mrs. Hill, who are in the city on their return to Korea, are pioneer missionaries of unusual interest. They were the first white people to penetrate parts of Korea and went into the interior eleven and a half years ago before its annexation by Japan, and the country was in a very rough, uncivilized state.

Capt. and Mrs. Hill went direct from Salvation Army headquarters in London and returned on their first furlough last September. To-night at Salvation Army quarters in this city they will give a lecture in native costume on their remarkable experiences at 8 o'clock, standard time. They leave on Wednesday by the Empress of Japan for Korea. Accompanying them is their little girl, who was born in Korea.

Mrs. Hill is an unusually clever exponent of the language, and to this accomplishment owes much of her influence in assisting Capt. Hill in his work. For the first time during the past year Korean women have been allowed to participate as equals in the education which is being afforded to the men. This progressive step is largely due to the influence of the wives of the white missionaries, states Capt. Hill. The white women have gained further access into the homes of the natives, and are allowed conversation with both men and women, while the men are permitted to speak only to the male natives.

Capt. and Mrs. Hill lived in the native huts, and opened schools and missions, and now in Korea the Salvation Army has a fine pile of buildings for headquarters at Seoul, the Korean capital, a staff of about twenty white officers and their wives, and 117 native stations in charge of native missionaries who have taken the training course at the college at Seoul.

The training college is splendidly equipped for both men and women, and in recognition of the good work being done by the Salvation Army, the former Governor of Korea, Count Terouchi, paid half the cost of the building which was opened about six years ago.

The natives are assisted, greatly through medical work. Capt. Hill is a practitioner licensed by the Japanese government, and 16,000 cases of all kinds of disease have passed through his hands. In recent years the opening up of the country under the Japanese and the general improvements under more civilized conditions have resulted in the decrease of many of the devastating diseases.

"I have seen victims of cholera and other epidemics buried by the 'bar-load,'" said Capt. Hill to The Times, "but I am happy to say that such ravages are now a thing of the past."

The latest work of the Salvation Army is the clearing of beggar boys from the streets of Seoul. These little chaps, usually orphans, fall into the hands of professional beggars, and are taught to steal and commit all kinds of petty crimes.

The children are rescued from the streets, given four years' education,

JUNE BRIDES

Here's to you—to long life, happiness and prosperity, and all that's best in the world. Be everything to that fine young man you've chosen—everything but too much devotion to "duty."

Start your first week of house-keeping by sending the family washing to us.

You may think that this advice is flavoured by self interest, but after you've tried it you'll see how disinterested it is.

VICTORIA STEAM LAUNDRY CO., LTD.

AND TAUGHT A TRADE—JUDGE WANTANA, president of the Supreme Court of Japan, took a great interest in the system, and told Capt. Hill that the "thieving and crime formerly prevalent had now almost completely disappeared. The judge is chairman of a committee which calls itself the ways and means committee, and takes an active interest in this work inaugurated by the Salvation Army. It costs only \$50 a year to rescue these little beggar boys, and it is generally agreed that it is worth it.

another seven years in Korea, before coming out on their next furlough. They have been accorded an enthusiastic reception while in the city the past week-end and found great interest taken in their work.

GATHERING DATA.
For the purpose of securing historical and geographical data in the Prince Rupert district, Major Frederick V. Longstaff, F.R.G.S., is visiting Prince Rupert, accompanied by his assistant in the work, Major Bray,

Prices, \$27.50 to \$45.00

Drum Lummon Mine near Hartley Bay is continuing in the same high values encountered last January. A considerable amount of high-grade rock has been sacked for shipment, while the mill at tidewater is kept busy with the general run of the mine, which is in itself rock of more than average value. Samples from the high grade vein in the Drum Lummon assay 71 per cent copper, sixty-six ounces in silver and \$45 in gold. It is described as being most beautiful ore.
