FRUIT AND ORNAMENTAL TREES, SMALL FRUITS, ROSES, HARDY
 GARDEN SHRUBS, GREEN HOUSE AND VEGETABLE
 PLANTS OF ALL KINDS, SEEDS, &c.

Notice to Patrons.

Thanking our customers for their liberal patronage the past season, and also for the many favorable testimonials as to the superior quality of stock sent out by us, we shall strive in the future to merit even in a larger degree, a continuance of their favors.

Having no agents, all stock is sold direct to the planter, at the lowest possible prices for first-class stock.

LOCATION. Our Nurseries are located about the centre of the Peninsular of the Eastern Shore of Virginia, on the line of the New York, Philadelphia and Norfolk Railroad—the great through route from North to South, connecting at New York and Philadelphia for all points North and West, and at Norfolk, Va., for points South.

SHIPPING FACILITIES. We have a Railroad Station, Express Office and Post Office, within a few yards of our Store and Office (the Railroad running through our Nursery grounds). We can ship by “Fast Freight,” Express or by Mail, at the shortest notice. We are also within $2\frac{1}{2}$ miles of Onancock, at which point steamers connect 4 times a week with Baltimore, Md.

SHIPPING SEASON. Our close proximity to the Chesapeake Bay and Atlantic Ocean, render our climate unusually mild for the latitude, so that we can ship trees and plants any time in open weather, from October 15th to April 15th.

All goods packed and delivered to depot free of charge.

Our stock is grown under our own supervision, and packed in the best manner.

Our motto is “fair dealing.” We aim to send out nothing but first class stock, and true to name, always giving liberal count. Mistakes (if any) will be cheerfully corrected, if promptly reported.

TERMS. Cash or satisfactory reference, as we cannot afford to take any risks at the low prices named in this Catalogue. Money can be sent by Check, Registered Letter, or P. O. Order, on Onancock, Va. We make the liberal offer of 10% discount on all orders for stock priced in this Catalogue, to go by Freight or Express, when Cash comes with the order. No discount on stock to go by mail.

Orders by Mail or Telegraph executed at once.

Strawberries.

889 Special Price List

CULTURE. To grow Strawberries under the best conditions, select rich, moist land that has been planted in Potatoes or some clean crop. Plant as early in Spring as ground can be worked. Cut off all blossoms and cultivate often, keeping clear of grass and weeds. In September or in early Spring, give a heavy top dressing of Bone Meal and Potash; and with a favorable season, 4000 to 5000 quarts per acre can be realized. For general market crop plant, 4 x 2½ ft., cultivate each way until runners start, then cultivate the 4 ft. way, allowing rows to mat.

We offer this season over a million Strawberry Plants, grown expressly for our trade, exclusive of bearing beds. In digging, we take up the whole row, pack 50 in bundle, putting in nothing but strong, healthy, well rooted plants.

We make it a point to test all new varieties of reputation, and to drop those that prove worthless or of no special merit. We name varieties in about the order of ripening.

CRYSTAL CITY. Extremely early; small, but excellent flavor. 15c. doz.; 30c. per 100; \$1.25 per 1000.

Wonderful Peach. Very large size, yellow with red cheek, excellent quality and will keep a long time in good condition. Ripens middle of October. 1st class, 5c. each.

PEARS.

Standard. First-class, 5 to 6 ft., 4c. each; \$30.00 per 100. Extra Size, 6 to 7 ft., 5c.

Bartlett. Large, yellow, juicy, excellent; an extra heavy bearer and valuable market variety. August.

Clapp's Favorite. Of good size and flavor, ripens in advance of the Bartlett.

Kiefer. A very large Pear of fair quality, strong, vigorous grower and very productive. September.

Lawrence. Medium size, excellent flavor, reliable and productive. The best early Winter Pear.

Lawson or Comet. New; very early, beautiful and good. A profitable market variety.

Le Conte. Early; greenish yellow, rapid grower and abundant bearer. The most profitable Pear for planting in the Southern States. Its strong, vigorous, upright growth and fine head, makes it a very ornamental tree to plant on the lawn. We offer this Season a fine stock of this variety, 7 to 8 ft., with good heads (bearing size) transplanted, at 50c. each.

Dwarf Pears. 3 ft. (bearing size) 35c. each; \$25.00 per 100.

Duchesse d'Angoleme. One of the largest of all Pears. Succeeds best as a dwarf.

Seckel. Small size, but best flavored Pear grown. September.

QUINCES.

Champion and Orange. 3 to 4 ft., 30c. each; \$3.00 per doz.

Meech's Prolific. (New). Remarkable as an early bearer, and wonderfully productive. 1st class, 3 to 4 ft., 40c. 2d size, 2½ to 3 ft., 30c. each.

PLUMS.

✓ **Wild Goose.** Large; beautiful crimson, ripens 1st of July, rich, delicious flavor. 20c. each; \$2.00 per doz.

✓ **Mariana.** A hybrid of the Wild Goose; ripening 2 to 3 weeks later than that variety; a splendid variety for the South. 25c. each; \$2.50 per doz.

✓ **Prunus Pissardi.** (See ornamental trees), 35c.

✓ **Prunus Simoni or Apricot Plum.** A botanical curiosity. The tree has the appearance of the peach, while the fruit has the flavor of the nectarine. 35c. each; \$3.50 per doz.

✓ **Botan or Abundance.** A new variety, remarkable as an early and abundant bearer, resisting the curculio better than other varieties. Vigorous, early, juicy, sweet. 50c. each.

✓ **Kelsey Japan.** Large, heart-shaped; flesh firm, rich and juicy. Mid. Season, 40c. each.

CHERRIES.

Figs. Large Brown Turkey. 2 yrs., bearing size, 30c. 1 yr., 20c. each.

NORWAY SPRUCE.

ORNAMENTAL TREES.

We have the finest stock of Ornamental Trees that can be found in this section. They are young and thrifty, with straight bodies; and for the quality, we think that our prices are lower than can be found elsewhere. Nothing adds to the beauty of the lawn or to the comfort of country life, more than good shade trees, and considering the small cost, it is surprising why there are so many treeless homes. Trees set in uncultivated land, should have the soil kept worked up thoroughly for at least 3 ft. around the tree, with a good mowing for two or three years.

DECIDUOUS.

Canoe or Paper Birch. Beautiful white bark and fine foliage. A handsome tree for the Lawn. 4 to 5 ft., 25c.; 6 to 8 ft., 40c.

American White Elm. A superb tree of spreading habits, suitable for planting on large grounds. 8 to 10 ft., 30c.; 6 ft., 20c.

Horse Chestnut. White Flowering. 5 to 6 ft., 50c.; 2 ft., 20.

European Linden. Grows large; of pyramidal form; leaves large and very fragrant flowers. 6 to 8 ft., 50c.; 3 to 4 ft., 25c.

White Leaved European Linden. A vigorous growing tree from Hungary. Leaves silver white underneath, and smooth above. 8 to 10 ft., 75c.

European Mt. Ash. Leaves finely cut; bearing large clusters of red berries that remain on the tree during Winter, presenting a fine appearance. 4 to 5 ft., 30c.

Oak Leaved Mt. Ash. Of medium size and pyramidal form. A fine tree for the lawn. 4 to 5 ft., 50c.

Ash Leaved Maple. (Box Elder) Of rapid growth and spreading habit; ash like foliage. Fine trees, 8 to 10 ft., 50c.

Silver Leaf Maple. Of rapid growth and beautiful clean foliage. More planted in the Eastern States than any other shade tree. All things considered, we think this the finest shade tree grown for this section. 6 to 7 ft., 25c.; 8 to 9 ft., 30c. Select specimens, 50c.

Wier's New Cut Leaf Maple. A hybrid of the Silver Leaf, with finely cut foliage, and graceful drooping habit. 8 to 10 ft., 50c.; 5 ft., 25c.

Norway Maple. Of slower growth than the Silver Maple. Round head, leaves deep green, a fine tree for street planting. 8 to 10 ft., 50c.; 6 to 7 ft., 35c.; 4 to 5 ft., 20c.

Sugar Maple. 8 to 10 ft., 50c.; 6 to 7 ft., 35c.; 4 to 5 ft., 20c.

Russian Mulberry. 6 to 8 ft., 30c.; 4 to 5 ft., 20c.

Magnolia Accuminata. (Cucumber Tree.) A beautiful pyramidal tree with large bluish green leaves and yellowish purple tinted flowers, fruit of a scarlet color when ripe. 1 to 2 feet, 25c.; 3 ft., 50c.

Maiden Hair Tree. (Salisburia) A Japanese tree of large size and upright growth, one of the most desirable trees grown. 5 to 6 ft., 75c.; 1 ft., 25c.

Paulonia or Empress Tree. From Japan; leaves 12 to 15 inches wide, producing in Spring a profusion of purple, trumpet shaped blossoms. Very rapid grower. 8 to 10 ft., 30c.; 10 to 14 ft., 50c.

Prunus Pissordi. (Blood Leaved Plum) The deep purple leaves make a fine contrast, when planted with other trees on the lawn. 5 to 6 ft., 35c.; 3 to 4 ft., 25c.

Carolina Poplar. One of the fastest growing shade trees grown; of beautiful green foliage and symmetrical top. Not as permanent as the Maples; but where a quick shade is desired, we would recommend this tree both for lawn and street planting. 6 to 8 ft., 25c. each; \$15.00 per 100; 8 to 10 ft., 30c.; 10 to 14 ft. with very heavy top, 75c. each.

European Larch. 3 ft., 25c.; 4 to 5 ft., 50c.

SILVER LEAF MAPLE,

Weeping Trees.

Weeping Willow. 6' to 8 ft., 25c.

New American Weeping Willows. Grafted. 4 to 6 ft., 60c.

Kilmarnock Willow. 2 and 3 yr. heads, 50c.

Cut Leaf Weeping Birch. This we consider the most desirable of all weeping trees. Tall, vigorous growth, and graceful drooping branches, with bark of silvery whiteness, and finely cut foliage. A grand tree. See cut on outside cover. 6 to 8 ft., 75 cts.

Evergreens.

Our evergreen trees are fine specimens, all 2 and 3 times transplanted, and have good clumps of fibrous roots. Without this transplanting when young, most evergreen trees are comparatively worthless for planting in the hot dry climate of the Southern States.

American Arbor Vitæ. 1 ft., 20c.; 2 ft., 40c.; 3 ft., 50c.

Siberian Arbor Vitæ. Growth more compact than the American. An elegant tree for the lawn. 1 ft., 25c.; 2 ft., 50c.

Chinese Arbor Vitæ. Especially adapted for the South. 2 ft., 50c.; 6 to 10 in. (by mail post paid) 10c.

Balsam Fir. 2 to 3 ft., 50c.

Irish Juniper. A beautiful erect growing variety, valuable for planting in lawn or cemetery lots. (See cut.) 3 to 4 ft., 50c.

Austrian Pine. 1 ft., 25c.

Retinispora Plumosa. A Japanese Shrub, with dense plume-like branches. Very ornamental. 4 ft., 75c.; 2 ft., 40c.

Retinispora Aurea. Beautiful golden tipped foliage. 2 ft., 50c.; 1 ft. 25c.

Douglass Spruce. A rapid growing, hardy variety from Colorado. Blueish green bark and foliage. Valuable for the South. 2 ft., 50c.; 1 ft. 25c.

Hemlock Spruce. 2 ft., 30c.

Norway Spruce. Better known and more planted than any other Spruce, extremely hardy, of rapid growth, and withstands the Southern Climate excellent. 3 ft., 60c.; 2 ft., 40c.; 1 ft., 25c.; 8 to 10 inches, mailing size, 15c.

Lawson's Cypress. One of the finest evergreen tree grown. Very slender feathery branches, and dark green glossy leaves 3 ft. fine, \$1.00; 2 ft. 50c.; 6 inches, mailing size, 15c.

Yew Japan. 1 1/2 ft., \$1.00.

Yew English. 2 ft., \$1.00.

LATANIA BORBONICA.

Green House and Bedding Plants.

ROSES, HARDY AND TENDER BULBS, Etc.

Plants by Mail. The smaller sizes of most all plants named in this list will be delivered post paid, on receipt of price quoted. A premium plant with each order of \$1.00.

Plants by Freight or Express. Large size plants, and pot grown plants in sod, can only be shipped by freight or express. In fact when practical, we think purchasers will find this the best method, as we can generally put in larger sized plants than when sent by mail, and we always put in premium plants, sufficient to cover expressage.

The prices named in this list are net. No discount other than premiums offered.
