SA SHO KAN NO. 3

REGULATION OF ADMINISTRATIVE COMMITTEE,
ex-SASEBO NAVAL YARD

1. Duty

The committee receiving order from Chief of Industrial Section as a Chief of administrator assist him in connection with the administration of Sasebo Naval Yard according to the memorandum AG004 ESS/GD of General Headquarters, in the following articles.

(A) Planning and investigation.
(B) Promotion of enforcement.
(C) Supervision of result.
(D) Making connection of with in and without.
(E) Making report.
(F) Anything else having any connection with administration.

2. Chairman, member and assistant are as follows:

Chairman	Head of Engineering Division
Member	Chief of equipment, administrative Div.
	Chief of watchman, //
	Chief of transportation, //
	Chief of engine factory, Engineering Div.
	A member of accounts Div.
	Each member of Shipping, Engineering and Electricity Div. as a man for maintaining
Secretary	A member of Engineering Div. as a man for maintaining
Assistant	Assistant official of each Div. (except Medical Div.) (total 5)

3. Chairman is to make close connection with Chief of each Division, administrator, and man for maintaining in addition to control the committee.

4. Member receiving order from Chairman takes part of the following articles.

Name	Duty in Industrial Section	Duty in the Committee
A member	Chief of equipment, administrative div.	(1) General affair of business without. (2) That which concerns with administration of equipment.
B member	Chief of watchman administrative div.	That which concerns with prevention from steal, damage and fire etc.
C member	Chief of transportation, administration div.	That which concerns with transportation.
D member	Chief of engine factory, Engineering Div.	That which concerns with repairing and maintenance of machinery.
E member	Member of shipping Div.	Administration of machinery under control of administrator (Chief of Shipping Div.)
F member & secretary	Member of Engineering Div.	(1) General affairs within (2) Administration of machinery under control of administrator (Chief of engineering Div.
G member	Member of electricity Div.	Administration of machiner~~y belonging to~~ under control of administrator (Chief of Electricity Div.)
H member	Member of accounts Div.	To cordinate with all member in accounting business.

Assistants receive order from members and a secretary.

5. Preliminary arrangement of members.

The meeting of preliminary arrangement will be opened to make committee business goes smooth and accurate.

(A) periodical meeting Once a month prior to present a regular report.
(B) provisional meeting Any time necessary.

SA SHO KAN NO. 4

ADMINISTRATIVE SUBSTANCE OF EX-SASEBO NAVAL YARD

General Rule

(1) The administration of ex-Sasebo Naval Dock Yard which has its base in memorandum AG004ESS/GD of G.H.Q. dated 20th January 1946, comes into force by this substance based on the administrative principle of ex-Sasebo Naval Dock Yard (Kantatsu No. 38 "SA SHO KAN NO. 1" of Industrial Section S.D.D.B. dated 11th March 1946).

(2) If the direction which is different from this administrative principle be issued by American Forces located district the important matters are to be connected with American Force via Chief of Kumamoto Financial Bureau.

CHAPTER I ADMINISTRATIVE ORGANIZATION

(1) Chief of Industrial Section, Sasebo District Demobilization Bureau, administrate the machines and equipments belonging to ex-Sasebo Naval Yard as the chief of administrator at the request of Chief of Kumamoto Financial Bureau.

(2) Administrative Organization.

Chief of Administrator (Chief of Industrial Sect.)
- Administrator (Head of Shipping Div. / Head of Engineering Div. / Head of Electricity Div.)
  - Men for maintaining (A member of shipping Div. / A member of Engineering Div. / A member of Electricity Div.)
- Administrative Committee (Chairman, Head of Engineering Div.)
- Administrative Partner (Men in charge of a factory appointed by chief of Kumamoto Financial Bureau.)

(3) Administrator, man for maintaining and administrative partner acts upon Kan Tatsu No. 38 SASHOKAN No. 2 of Industrial Section S.D.D.B. dated 11th March 1946. Man for maintaining is to receive the order of the administrator

00 — 00

and administrative partner is to receive the order of the Chief of Administrator through the administrator and to engage in administrative business about all administrative matters.

(4) Administrative division as following:

Location of Machines & equipment.	Distribution member of warning, anti-fire and anti-crime	Distribution member of maintenance
Naval Dock Yard	It is common to distribute operatives of Industrial Section. If necessary, request the help of local police or American Force.	Operatives of Industrial Section.
Branch Factory	Request the local police.	It is common to distribute operatives of industrial Section.
Civilian Factory	According to that administrative partner.	According to that administrative partner.
Evacuated, not being included in the above columns.	Request the local police.	It is common to distribute operatives of industrial Section.

(5) Administrative Committee goes by regulation of Kan Tatsu No. 38 (Sashokan No. 3) of Industrial Section, S.D.D.B., dated 11th March 1946.

CHAPTER 2 ADMINISTRATIVE SUBSTANCE

(1) SUCCESSION

(A) Responsibility of administration is to begin after the end of actual succession.

(B) If there are unfinished successions, each administrator devise ways and means of acceleration of succession, and Chief of administrator is to take proceedings of information to Chief of Kumamoto Financial Bureau every time succession is finished.

(Chief of Financial Bureau report to the Minister of Finance about the finishment of succession.)

(C) If there are machines evacuated outside Naval Yard bounds to want administration in that location, each administrator draw up the application note attached with reason, and head of administer is to take proceedings to Chief of Kumamoto Financial Bureau. (Request to the local American Force from Chief of Kumamoto Financial Bureau.)

(D) Receivings are to obey the signed documents of responsible person of local American Force, and to give a clear and accurate to that facts.

(2) Substance of getting back and collection of evacuated machines.

(A) Each administrator is to form plans about getting back of evacuated machines to former factory in ex-Sasebo Naval Yard and collection of them to suitable storehouse, and chief of administrator is to take proceedings of sending to Chief of Kumamoto Financial Bureau (report to local American Force from Chief of Financial Bureau).

(B) In the time of forming plans and enforcement of them, about transportation and obtaining materials and services preferential helps of concerned local offices are to be requested if insufficient, central parties concerned deliberate, further more these reason are to explained to local American Force, and perfect consideration to attain the object of administration must be paid.

(3) Administrative Substance, for machines and equipments.

(A) Prevention from robbery, damage and fire.

(1) Self-guard squad are organized for preventing from robbery, damage and fire in the ex-Sasebo Naval Yard. The general rule for them is fixed separately.

(2) Each administrator is to make investigations on the following matters and repair them if

necessary in order to make easy in watching.

a) Chaining
b) Restriction of coming and going.
c) Designation of road.
d) Smoking place.
e) Equipment against fire.
f) Communication equipment.
g) Water supply.
h) Sentry shed.
i) Identification and restriction of persons, going out and coming in.
j) No admittance for foreigners.
k) Assistance by Japanese police and U.S. Forces.

(3) In case that the accident of burglary, damage, fire occurs, the report should be sent to chief of Kumamoto Financial Bureau as soon as possible.

(B) Administration of machines.

(1) Machines are prohibited to move without permission of local U. S. Forces. But if it is considered convenient for us to move them to the compounds of ex-Naval Yard, they are able to be moved by the approval of U. S. Forces.Therefore each administrator should submit the specification list relative to (1) - (c) of Chapter 2.

(2) The equipments and tools necessary for operating machines are also the objects placed under the administration conclusively.

(3) We are to take measure to protect machine from becoming worse than the present conditions and try to keep best conditions constantly. Maintenance plan should be established to make clean once for 3 months and at the end of every week the report for maintenance and repair should be submitted from the chief of administrator to the local U. S. Forces. (Copy sent to Kumamoto Financial Bureau.)

(4) Taking measure to carry out the machines immediately upon order, they are allowed to be kept up after being knocked down and get painted.

(5) Such machines that are newly installed for the purpose of temporary use are to be marked so and forwarded the list to Chief of Kumamoto Financial Bureau and Occupation Forces of the district through chief administrator.

(C) Administration of equipment.

(1) Estates and buildings and other facilities are also placed under custody as for machines. Special care should be taken for protection against fire and damage and broken parts are to be repaired for keeping machines in good conditions.

(2) Estates and buildings which are unnecessary for administration and have been decided to be converted to the facilities for the welfare of people like farmland, salt-field and others are to be reported after investigation of real conditions. (They are usable if permission be granted for use by request from chief of Financial Bureau to local U. S. Forces.)

(3) Facilities of electricity, water supply, communication which are needed to rebuild and move are to be reported with the reasons. (After the approval of U. S. Forces for the request to do so by Chief of Financial Bureau they are to be put into practice.

(D) Procurement of materials.

(1) Each administrator should make up the list of materials necessary for operation and submit it as soon as possible.

(2) Quantity of materials needed are expected to be fixed by District committee and replenished in priority from organization concerned. For the time being we take due proceeding to use the materials remaining in the compounds of the former Sasebo Naval Yard.

(E) Supplying labourers.

It is common to distribute operatives of industrial section for all purpose excluding the administration of civilian factories and the gurds for the branch factory and etc. but if necessary, the supply of labourers can be required to the local authorities.

00 00

(F) Transportation.

Each administrator is to form the plans about transportation of materials and workers as soon as possible and to take proceedings of requiring the special transportation tickets or passengers tickets, which are issued preferentially according to the local conditions.

(G) Inventory of property.

(1) The list of machines made for Occupation Forces (Lt. Col. Phipin, The 29th Company) by the inquiry of Chokanki No. 1 of Nagasaki Branch Office of Financial Bureau of Kumamoto, dated 26th Feb. 1946 is to be appropriated for the inventory of property.

(2) The substance of making the list of machines is stated in the "Detail of substance for administration of Sasebo Naval Yard (No. 1)" SA SHO KAN 5.

(H) Reports.

(I) The Inspection by Occupation Forces.

As for those officers who bears certification of authority of inspection and require the inspection, Chief Administrator is to be directly informed of this, to be complied with this requisition in the presence of Chief Administrator, and any other officers concerned as a witness.

ARTICLE 3

Expenditure

The exp nditures for the administration is to be required in a lump to the Chief of Kumamoto Financial Bureau and until the end of March 1946 is to be treated as the expenditures for 1945 financial year.

For the arrangement of the expenditure this work, for instance, Work, Number Zaiki No. 1 or No. 2 is to be used (Ki means the work which needs the administration of the head of Engineering Division, No. 1 means them in the yards and No. 2 means them out the yards - Including other expenditures -) and every administrator is requested to arrange them each.

SA SHO KAN NO. 5

DETAIL OF SUBSTANCE OF ADMINISTRATION OF EX-SASEBO
NAVAL YARD (No.1)

The list of machines which is inquired by Chokanki No.1 dated 26th Feb., 1946 is to be made according to the following substance.

1. Each administrator is to make reinvestigation of machines and equipment, including those evacuated, suitable to a new formula, and to make the list to that machines.
2. Each admistrator can furnish a skilled workman from engine factory of Engineering Div. and where necessary be accompanied with a witness appointed by each administrator, to the investigation.
3. Administrative Div. is to help for getting certification for entrance of every factory from Military Government.
4. The formula of inventory and words for showing the condition of machines are hereby decided as sample, and each administrator is to make the inventory according to the following articles.
   (A) The inventory is to be made in a book, brokendown to each prefecture and having general contents of items and inner covers for division.
   (B) Each machines are to have serial number according to divisions which are made so as to make collation easy, as follows:
      (1) There should be no vacant number.
      (2) Numbered in regular order as listed.
      (3) Those which is in a same factory are membered serially.
      (4) Number are to be written on a margin.
   (C) All machines are put marks according to the following divisions.

Location		Mark	Remarks
In the area of Industrial Sect.	being used, Industrial Sect. (including those expected to be used	◎	(1) marks are to be put on a margin. (2) these marks are not used to the inventory made for Financial Bureau of Kumamoto, but only for the copy of Industrial Section.
	Anything not being included in the above column	○	
In the area of civil factory	being used by the factory (including those requested)	▣	
	Anything not being included in the above column	□	
Anything not being included in the above two columns and those evacuated		△	

5. Time of making inventory

The completion of investigation of all machines 13th March
The completion of administrator's making inventory 15th March
The lumping and arranging of all inventory 16th March
Investigation committee 18th March
Forwarding to Chief administrator 18th March

DETAIL OF SUBSTANCE OF ADMINISTRATION OF EX-SASEBO NAVY YARD (No.2)

The Locations of Machines Stored and the Substance of Classigying and Storing them.

1) The Division of Storing places and the plan for their choice.
As a rule the machines should be replaces back to the original places and kept there. However, if necessary they are subject to the following choosing procedure.

Division of Storing place		Mark of division	Choosing principle
In the compounds of former Navy Yard	The warehouse of former Supply Dept. (7 buildings.	㋒	Un replaceable to the original place and no used.
	Upstair of former tool shop	㋓	// (light machines as possible)
	Every shop of the Industrial Section	㋔	Using at the Industrial Section or considered to be rather suitable in administrating there.
	Other area	㋕	Very difficult to move or considered to be not inconvenient in administrating there.
In the compounds of branch factories		㋖	Considered to be suitable in administrating there.
In the compunds of civilian factories		㋗	Using at that factories or considered to be suitable in administrating there.
Vacuated not being included in the above column		㋘	Impossible to move.

Remarks:-

(a) The application for using the warehouse of former supply department shall be submitted to the U.S. Military Government.

(b) The application for using the Former Tool Shop as Carpenter s shop, wooden mould factory Lumbering factory.of the Industrial section has been submitted already.

2) The substance of classifying and storing machines:-

(A) The storing place of machines is to be determined as soon as possible, basing on the investigator s opinions when theattached list is made out.

(B) The serial number of machine and the mark of division are to be written with white large letters on the body of every machine to be seen easily.

(C) The assorting of the machine in the warehouse of ex-Supply Department. and former Tools shop is to be made under the followings:-

1) The section of storing is as appended plans.

2) In every warehouse, the machines are to be put according to the serial number, lest they should be out of concession.

3) Their arrangement is to be in order for the purpose of making the follows easy:-

(a) The working of maintenance.

(b) Early discovery of robbing and thief, etc.

(c) Taking out them, if necessary.

4) The list of machines in custody (forms and marks as appendix) must be shown at the suitable location of the storing place and in case the machines among the above serial numbers are under the custody of other place, their storing places are to be written in red in the column for these numbers.

5) It is principle not to keep them in costody partly, even if necessary, never try to keep them partly in other custody as much as possible, if unavoidable remark the effects in the list .

(D) The following treatments are to be made for the asministration in the compounds of Industrial section and civilian factories.

1) The following distinctions and marks are to be written in white large letters.
   (a) The distinction between in use and out of use.(Vide, the substance of making of the inventory SA SHO KAN No.5)
   (b) Distinction between belongings to the civilian factory and others, (the former not marked)
   (c) The distinction between one brought newly there for the purpose of temporaly use and others.(marked 新 in red)

2) The list of machines corresponding with that of mark division i ツ キ is to be shown at the suitable location in the factory.

(E) The administration in the branch factories is as follows:-

1) The factories of which the whole part or some part are now being used will be treated as same as the storing place mark division 11

2) The factories of which the whole part is being closed will be treated as same as the storing place mark division 31

(F) Articles administrated under the storing place mark division 7 in the compound of Navy Yard are to be taken the special treatment as follows:-

1) In case some parts or whole parts of building in which machines are kept is now being used as the warehouse of U.S.N. (A) or others, they are to be treated as follows:-
   (a) Apply to the Military Government the demands of the necessary area for arrangement working and of admittance.
   (b) Request their instructions to detail the watchmen to prevent from robber, fire and destroy.

2) Not being used by U.S.N.(A), submit the Applications to M.G. to administrate as same as the storing place mark division (2)

3) Owing to the movement being impossible, obliged to administrate them in the open air (including tunnels) take the perfect treatment concerning the following points.

(a) The administrator must have always the map shown the places and the list of machines in his hand.

(b) Take away the important parts from the unused machines and put them in other custody and write the places in detail in red paint in the list of machines, and also, a small wooden board written the effects is attached to the machine.

(c) For the machines in the open air, take special consideration for rotting, that is, to cover them with canvas or to build cottages temporarily for them.

(d) The serial numbers, marks of storing place division etc. are to be clearly painted with large letters.

3) The Administrator and administrative committee are to make the plans as follows and submit them as soon as possible.

Charge section	Articles to be drafted		Period
Administrator	Requests of the storing places of machines under his control supposed to be permitted		20th March
Administrative Committee	Determination of the storing places of all machines		22nd March
Administrator	to draft for the items request to apply to Military Government	(1) the permission of use of warehouse of ex-supply dept. (2) the permission for using the factories not belonged to the industrial section and admittance therein. (3) application to distribute watchmen to prevent from robbing, fire and destroy	25th March
Administrative Committee	Submission of above applications in a lump		25th March
Administrator	Making the map of the location of machines which are outside of building or in cave		the end of March
	The list of Machibes in custody (plan)		//
	-do-	(the real result)	at the beginning of every months
	-do-	(after completed)	as soon as possible after completion of custody

4) REPORTS:-

(a) Every administrator is to produce the list of machines in custody, after filling the present conditions of the warehouse and factories in which custody has not yet completed in it.

(b) Every administrator is to inspect them once a month at least, and to write down the necessary remarks in the list, and at the same time, to report the present conditions to the Chief of administrator.

HEADQUARTERS
29th MIL GOV'T HQ & HQ CO,
Sasebo, Kyushu, Japan

SRD/rm

12 March 1946

Serial: 183

Subject: Sasebo Naval Arsenal.
To : CG I Corps, APO 301
Attn: Military Government Officer.
(Thru: C.O., 95th Mil. Gov't Group).

1. In accordance with Paragraph 5,C Operational Instructions No. 1, Hq. I Corps, 14 Feb. 1946, initial report on the status of subject arsenal is submitted as follows, together with inventory of machinery, as required of paragraph 5,a, (6) of this directive.

2. The Sasebo District Demobilization Board has been appointed by the Japanese Government to operate facilities of the Sasebo Navy Yard for the repair and maintenance of merchant and other vessels operating under SCAJAP and for the repair of occupation force vessels. Facilities of the Yard are also being utilized for processing scrap metal. Authority for this operation was given by SCAP Memo to the Imp. Japanese Government AG 601 (16 Feb 46) GD, copy attached.

3. The Japanese Finance Ministry has appointed the Sasebo District Demobilization Committee as custodian of the equipment located in the Sasebo Navy Arsenal and the Kawashima Machy. Co., located in Haiki, has been appointed custodian for the Sasebo Munitions Factory. Both agencies are equipped with facilities and technically trained personnel adequate to accomplish their assignments. It will, however, probably be necessary for the occupation forces to furnish heavy moving equipment to assist in the return of the largest items of equipment to collection points from areas of dispersal.

4. In an inspection of the above-named plants, no instances of non-compliance with directives or negligence in accomplishment of their mission was detected. Equipment under maintenance appeard to be in good condition. Machinery depersed to tunnels adjacent to the Yard area was being removed to factory buildings for maintenance or for operation. Rust was being removed from machinery taken from tunnels and rust-preventive applied in all cases where the machinery was not being returned to operation.

5. To supplement the authorization to operate given by above-mentioned SCAP Memo (Incl 1), the Sasebo District Demobilization Board has been directed to prepare and submit an application for reconversion, which will be forwarded upon receipt.

BASIC: 29th Military Government letter dtd. 12 March 1946
Subject: Sasebo Naval Arsenal

6. Upon inactivation of the Demobilization Board, expected by 1 May, 1946, representative of the Finance Ministry has stated that a competent agency will be appointed to replace this organization as custodian of the Navy Yard plant.

FOR THE COMMANDING OFFICER:

S.R. DUNNUCK,Jr.
Capt., Ord.

GENERAL HEADQUARTERS
SUPREME COMMANDER FOR THE ALLIED POWERS

AG 601 (16 Feb 46)GD

16 February 1946

SUBJECT: Reactivation of Facilities at Sasebo Navy Yard.

TO : Commanding General, Eighth U.S. Army, APO 343.

1. Memorandum to the Imperial Japanese Government, subject: "Reactivation of Facilities at the Sasebo Navy Yard" is inclosed for your information and guidance.

2. Sasebo had previously been reserved to meet the operational needs of the U.S. Forces and it is understood that such facilities as had been reactivated for this purpose were under the supervision of Commander Service Division 102 and Commanding General, Fifth Amphibious Corps.

3. In view of increased volume of repatriation traffic to and from West Kyushu Ports, it is considered necessary to increase repair facilities in that area. Accordingly, reactivation of Sasebo Navy Yard facilities is extended to include repair, maintenance, scrapping and salvage as indicated in inclosed Memorandum for the Imperial Japanese Government.

4. Plant management will be established by the Japanese Government subject to control measures as provided in our letter AG 045.9 (14 Feb 46) ESS/IN, subject: "Japanese Naval Shipyards, Eighth Army responsibility, after reactivation of."

By command of General MacARTHUR:

H. W. ALLEN.
Colonel, A G D,
Asst. Adjutant General.

1 Incl: As indicated in Par. 1 above.

"Ltr GHQ SCAP, AG 601 (16 Feb 46)GD, dated 16 Feb 46, Subj: "Reactivation of Facilities at Sasebo Navy Yard."

AG 004.04 (MG) 1st Ind.

25 MAR 1946

Headquarters Eighth Army, APO 343.

TO: Commanding General, I Corps, APO 301.

1. The basic communication, with inclosure, is forwarded for your information and guidance. It is desired that your headquarters initiate such action as is necessary to facilitate compliance by the Japanese Government with the provisions therein.

2. The Nippon Seitetsu Kabushiki Kaisha has been designated by the Home Ministry, Imperial Japanese Government, to be its agent for the disposal of scrap iron and steel at the Sasebo Navy Yard, as provided in Operational Directive Number 28, this headquarters, dated 18 November 1945.

3. Letter referred to in paragraph 4 of basic communication has not arrived in this headquarters but will be forwarded when available.

BY COMMAND OF LIEUTENANT GENERAL EICHELBERGER:

AG 004 - BA 2nd Ind GLS/ks

Hq I Corps, APO 301, 10 APR 1946

TO: CO, 95th Mil Govt Gp, APO 929.

1. It is requested that you take all steps necessary to comply with the provisions of the basic communication and paragraph 1 of 1st indorsement thereto.

2. In view of the fact that the Nippon Seitetsu K. K. has been designated by the Japanese Government as the agent for the disposal of scrap iron and steel, it is requested that you do everything possible to assist this company in removing such material from the yard.

3. A company either has been or soon will be designated by the Japanese Government to be the operators of the repair facilities at this installation. As soon as this company is granted a reconversion permit for operation of the yard, you will cause the local representatives of the Japanese Home Ministry to designate that company as official custodian for the yard who will be responsible to you and to the Japanese Government for carrying out the provisions of OD-5 and paragraph 4 of OI 1, this Headquarters.

File Sasebo Naval Arsenal (2)-3)-4: General Info

GENERAL HEADQUARTERS
SUPREME COMMANDER FOR THE ALLIED POWERS

APO 500
16 February 1946

AG 601 (16 Feb 46)GD
(SCAPIN - 741)

MEMORANDUM FOR: IMPERIAL JAPANESE GOVERNMENT

THROUGH : Central Liaison Office, Tokyo.

SUBJECT : Reactivation of Facilities at Sasebo Navy Yard.

You are directed to place in operation those facilities at the Sasebo Navy Yard which can be used for maintenance and repair of merchant and demilitarize Naval vessels operating under Shipping Control Authority for Japan and for the repair of vessels of occupation forces. Facilities which will contribute to salvage and scrapping operations will likewise be reactivated. Facilities which do not contribute to these purposes will not be reactivated.

FOR THE SUPREME COMMANDER:

H. Fitch for

B. M. FITCH,
Brigadier General, AGD,
Adjutant General.

GENERAL HEADQUARTERS
