

The Sierra Madre News is the City of Sierra Madre in print. Any suggestion you may have to make it more representative will be welcomed by the management.

This paper will be as big and full of meaty reading as you help to make it. The merchants determine the size of the paper by their ads. Every citizen is a potential reporter.

FRIDAY, MARCH 3, 1922

VOLUME 16, NO. 21

## PERTINENT COMMENT

ADVERTISED STORIES SUCCEED

When a man gets out after trade, he gives the impression that he has initiative and enterprise. He is evidently not satisfied to do business in the old rut, the same as he or his father or the merchant across the way did last year. So the man who advertises shows that he is looking for new customers, new trade, new friends.

The public take kindly to that type of man. They believe that spirit will be to their advantage. They feel that the man who shows a go-ahead spirit in his selling, will show it in his buying too. They feel that the same initiative will lead him to take extra effort to get values at the lowest possible prices, and to give his customers the advantage.

### Faith in Business

They feel that the man whose initiative is proved by his advertising will show that enterprise by offering his goods at specially good values. That is why newspaper advertising finds immediate response in an increased stream of customers to an advertised store.

Old-fashioned business used to be run on the "Come and Take It" system. A man opened a shop and waited for customers to come around. If he waited a good many years, they got used to his presence and did come around.

### Personal Invitation

Modern business is built on the soliciting system. The retail dealer buys of the man who solicits his trade. He rarely bothers with people who don't care enough about his patronage to solicit it. He feels that they are so out of line with the modern tendency that they are not likely to be an up-to-date or enterprising.

The public feel the same way. They wait to see who solicits their trade before deciding where they should buy. If a man does not solicit their trade in any way, they conclude he is out of the game.

As advertising is the only thoroughly practical way of soliciting trade at a reasonable cost, it is the only way to make it appear that a dealer is playing the game of modern business.

### Advertising Your Town

When one of the merchants puts an advertisement in The News he accomplishes two results.

First, he interests the home public in his business. They form the impression that he is a hustler. They want to see what he has to say about his goods, and subsequently to visit his store.

But, secondly, he interests the wider public outside his town. If you look over the newspapers from some distant city, and find that the merchants are not advertising in those journals, you form the impression that it is a dead town. It would never occur to you to go there to trade.

Also such a paper as the News is compared quite carefully with the sheets in big centers like Los Angeles. Our stores do not pretend to rival the metropolitan store in floor space. But they do business for a great deal less money, and by the use of publicity, they can undersell them. Many of them do that very thing. If they make that fact clear by advertising, a lot of money that now goes to the big center will stay at home.

A newspaper containing a good line of advertising, makes its home town look like a live one, and spreads its reputation far and wide as a hustling place.

### REGISTRATION OF VOTERS FOR CITY ELECTION

L. Dietz, city clerk, will now act as Deputy Registrar of Voters in Sierra Madre, and voters can register until March 10th, inclusive, for the forthcoming municipal election to be held on April 10th.

For the accommodation of those who cannot register during the day, the city clerk's office will be open evenings from 7 to 9 o'clock on Monday, Tuesday and Friday until March 10th, inclusive.

### New Outgoing Mail 5:45 P.M.

#### Additional Service Is Provided on Pacific Electric Line to Los Angeles

Two hours additional time will be provided for the last outgoing mail of the day by the establishment of a dispatch on the Pacific Electric in the evening. Westbound letter and parcel post mail will be sent to the Los Angeles post office and thence re-dispatched.

Closing time for this dispatch will be 5:45 p. m., beginning Monday, March 6.

Notice of the establishment of this new dispatch was received yesterday by Postmaster Morgridge. It has been the subject of numerous requests for many months past. It will prove especially convenient to business men who found it inconvenient or impossible to dispatch the day's business mail as early as 4 o'clock.

With the establishment of this new dispatch, it will no longer be necessary to dispatch mail for Los Angeles and other points west on Tr. 18, the mail which closes at 4 o'clock. That train, however, will continue to carry mail for the east.

Dispatch of westbound mail on Tr. No. 9 at 6:50 a. m. will be discontinued. It was thought by the railway service officials that the quantity of mail deposited in the postoffice between the evening dispatch and that hour in the morning would not be sufficient to justify a trip to Santa Anita station by the mail messenger.

### COMMUNITY CHORUS CALLS FOR CONTRIBUTORS' DOLLARS

The one hundred guarantors of the community chorus will be called upon for their dollars this month, it was announced by Mrs. J. Milton Steinberger, temporary president of the organization, at the sing last Monday night. The collections have not been sufficient to take care of the running expenses and there will be quite a deficit to be made up by the guarantors. The money which will be left over will go into the treasury of the organization as a revolving fund so that the chorus will have money at all times with which to pay bills and will not have to call on the guarantors to meet current expenses. The first night of the sing there was \$29.00 received at the door, but the receipts on the other evenings have been considerably lighter, having fallen as low as \$8.50. The guarantors may pay their dollars to Mrs. Steinberger, George Morgridge or DeWitt Jones.

### Olsen Store Is Like New Place

#### Greatly Enlarged Stock to Occupy Space Formerly Used by Repair Shop

Enlargements and alterations now in progress at Henry Olsen's shoe store will make it a thoroughly modern and attractive establishment. A new addition on the rear provides greatly enlarged shop quarters. The half of the store room formerly occupied by that department will be devoted to stock shelving and equipment for the retail department.

Starting with a small line of children's shoes and men's work shoes, the Olsen shoe store has developed steadily until a complete stock of shoes for all the family will now be offered. The store will fill a great need in helping to round out the business community in Sierra Madre. The lack of a real shoe store has not looked well for the community, as well as being inconvenient.

The repair department in the new addition to the building is a thoroughly modern shop. All the latest equipment is provided. The machinery is mounted on a concrete foundation, eliminating vibration from the building. The machines and work bench are so placed as to provide the maximum of daylight and to save steps.

Mr. and Mrs. Olsen are to be congratulated on the high class of their store. They deserve complete support from the community.

### WHO WILL BE FIRST TO BUILD PICTURE THEATER?

Among many other things that is generally believed to be needed to make Sierra Madre a better town is a first class moving picture theater. For some time the Chamber of Commerce has been trying to interest good moving picture exhibitors in Sierra Madre, and a number of men who are willing to conduct a motion picture of the best grade have been secured and all that is needed now is for some local investor to erect a suitable building. The exhibitors are willing to furnish the theater but none of them is anxious to make as large an investment as would be required to erect a building.

It is pointed out by the picture men that such a building is comparatively cheap in construction and that the returns in the way of rent are usually high.

### ASSOCIATED C. OF C. TO BE AT GLENDORA

The regular monthly meeting of the Associated Chambers of Commerce of the San Gabriel Valley will be held at Glendora next Tuesday night. An effort is being made to secure twenty tickets for the meeting for the Sierra Madre delegation. The last meeting which was held at Glendora was represented by fifteen members of the Sierra Madre Chamber and nearly every one present has expressed a desire to attend the meeting at Glendora and it is believed that there will be enough recruits to easily dispose of the twenty tickets. Reservations may be made by Dean Shaw or the secretary of the Sierra Madre Chamber of Commerce. The price, which includes the dinner, will be one dollar.

### Hotel Topic at Next Luncheon

#### Interesting Discussion Promised With Time Limit on All Speakers

The third business men's luncheon will be held at the Woman's Club house next Tuesday at noon. The subject which will be taken up will be, "A Hotel for Sierra Madre."

The luncheon will begin promptly at 12 o'clock and members coming late will be required to take "pot luck," according to President J. N. Hawks. Speakers on the program will give a few facts about the hotel situation as they see it and the balance of the lunch hour will be given over to open discussion of the proposition.

Because of the limited time that such a meeting affords and in order that every one who has something to say may be heard a time rule has been made and will be strictly adhered to, according to Mr. Hawks. The luncheon will begin promptly at 12 o'clock. Every speaker will be held to a talk of not more than five minutes, at the end of which time he automatically loses the floor and the next speaker called.

The membership luncheons are proving very popular with those who have previously attended and a larger crowd is anticipated at the coming meeting. The members of the Woman's club who are serving the meal at 50 cents per plate, which leaves them only a very small margin of profit. It is the policy of the club to serve the luncheons at such a low cost in order that the citizens of Sierra Madre may have the opportunity of getting together to talk over community problems. The ladies' work is donated.

Reservations for the luncheon must be made not later than Monday noon, in order to give the ladies the opportunity of arranging their menu. Every one wishing to attend may leave word at the office of the secretary of the Chamber of Commerce.

### Leslie Henry Coming

Leslie B. Henry of Pasadena will address the members of the Chamber of Commerce on "General Business Conditions" at one of the noonday luncheons in the near future according to the program committee. Arrangements were made for Mr. Henry to come to Sierra Madre last week when Secretary DeWitt Jones was in El Centro, where Mr. Henry addressed the California Association of Commercial Secretaries. Mr. Henry is well known in Sierra Madre, having been chairman and star salesman of numerous bond drives and other money raising campaigns during the war. His appearance on the Chamber of Commerce program is expected to bring forth a large number of his friends. Mr. Henry is a broker by profession and is considered one of the best authorities on business conditions in the west.

### SHOWING MINIATURES AT L. A. EXHIBITION

Among the miniatures shown at the fifth annual exhibition of the California Society of Miniature Painters are four by Miss Ella Shepard Bush of Sierra Madre. Miss Bush is secretary of the association, which numbers sixteen well known artists. The exhibi-

### WEDDING ANNIVERSARY SURPRISE PARTY

Mr. and Mrs. Robert B. Smith of 198 N. Lima street celebrated their fifth wedding anniversary on Sunday with the aid of a score of friends and relatives who came from neighboring towns to surprise them and spend the day. The guests presented them with a handsome rug.

The celebration made a happy occasion of what otherwise might have been a gloomy one on account of the injury sustained by Mr. Smith last week. While working on a scaffolding at the new home of B. W. Hahn of Lamanda Park, Mr. Smith fell to the ground, a distance of 25 feet. Two ankle bones were broken and he was very badly bruised. Internal injuries were feared but the danger from that source has apparently passed.

### Transfer Aids Edison Program

#### More Funds Available for Development of Water Power for Electricity

Referring to the proposed transfer of the Southern California Edison Company's property within the city limits of Los Angeles to the City of Los Angeles, Mr. John B. Miller, president of the Edison Company, was asked what effect if any this would have on the Edison Company's business. Mr. Miller said:

"The effect of the transfer of the property within the city limits to the city will be eminently satisfactory to the company. It will have no effect whatever on the company's business or standing, except that the company, by reason of the receipt of upwards of \$11,000,000 through the transfer, will be able to speed up its program of water power development just that much faster and on just that much broader basis.

"The volume of the company's business affected by the transfer is only ten per cent of its total business, and will not be affected by the transaction as under the operating agreement the business has been transacted for the last five years substantially the same as it would have been if the transfer had taken place at that time. The only difference will be that the city will take over the actual handling of the retail accounts within the city limits, and the company will continue to supply the city's surplus power requirements on a wholesale basis.

"The effect of the transfer will be more apparent in the speeding up of the water construction so necessary to the development of California than in any other way."

### ACCIDENT VICTIMS IMPROVING

Mrs. V. E. Colwell and son, Max Colwell, whose injury in an auto accident was reported in last week's News have been brought home from South Pasadena and are at their home at 451 W. Central. Further examination did not reveal any more serious injuries than reported. Max's knee cap was not broken but the injury developed water on the knee and may cause serious trouble.

tion is in progress at the galleries of Cannell & Chafin, 720 West Seventh St., Los Angeles, and will continue until March 15.

## Mrs. C. S. Wood Called, Closing Beautiful Life

Mrs. Caroline Shotwell Wood, mother of Mrs. George F. Ferris, died suddenly of heart failure at her home, 585 West Central avenue, on Monday, Feb. 27. She had been a resident of Sierra Madre more than seven years and was well known in Pasadena and Los Angeles.

Although nearly 83 years of age, Mrs. Wood was an active citizen. She was a member of the Chamber of Commerce, the Woman's Club, and the larger circle a Daughter of the Revolution and Colonial Dame. The are but formal titles. One writes her:

"I think Mrs. Wood was an inspiration for good to many more than you know of. We all, living near her, felt it and talked about it so often. It was always 'Isn't she lovely.' I never heard anything less beautiful said of her, but many times things more beautiful."

Those of her own household knew her as the soul of generosity, courage and love.

### Services in Pasadena

The simple services that marked the passing of Mrs. Wood were from the Orange Grove Friends' Meeting in Pasadena, where she was a member. The house was filled with those who came to bid her a last farewell. The speakers were John E. Carpenter of Pasadena, Dr. Emily C. Hunt of Pasadena and Reynold E. Blight of Los Angeles. All bore witness to a character of rare charm and strength.

Mrs. Wood was born in Rahway, N. J., in 1839 of an old Quaker family. She was married in 1858 to the late Thomas S. Wood of Philadelphia. She was educated in the best schools available for women of that day and in 1878 became dean of Swarthmore college, a post she held for four years. She came to California thirty years ago, residing in Claremont and Los Angeles before coming to Sierra Madre.

### MISS WOLFF RESIGNS AS CITY LIBRARIAN

#### Will Take Position as Assistant in the County Library System

Miss Minna Wolff has resigned as librarian at the Sierra Madre public library, and will terminate her services for the city on March 8. She was appointed senior assistant librarian in the Los Angeles County Library, after passing the competitive examination before the county civil service commission at the top of the list.

During her service as librarian Miss Wolff has won a multitude of friends by her quiet efficiency and thoughtful aid in making the library useful and enjoyable to the public. Although they realized she was worth far more than the salary attaching to her position, the meager support afforded the library from city revenue made it impossible for the board of library trustees to offer any inducement to her to remain. Her loss to the library will be keenly felt by the library trustees who have been most familiar with the high character of her work.

If you never before got a kick out of reading an ad, just turn to Jack Mitchell's Ford-Lincoln ad. You will say that anybody who can turn out stuff like that deserves not only to recover from pneumonia but to sell a flivver and a Lincoln before dinner every day.

## AW, WHAT'S THE USE

YOU CAN'T AFFORD A NEW DRESS, YOU CAN'T WEAR THE OLD ONE AND YOU DO WANT TO GO TO THAT DANCE - WHAT TO DO? WHAT TO DO???

YOU DISCOVER A FEW YARDS OF VELVET AND SOME OLD LACE TUCKED AWAY IN YOUR DRESSER AND DECIDE TO MAKE A GOWN

SO YOU PIN AND HOOK AND HITCH AND PULL

YOUR NEIGHBOR COMES IN AND HELPS - AND YOU TUG AND TACK AND SEW AND SWEAR

THEN AFTER FIVE DAYS OF FUSSING AND FUMING HURRAY!! - IT'S FINISHED - BUT GOOD-NIGHT - IT MAKES YOU LOOK AS BIG AS A HOUSE.

AW, WHAT'S THE USE - THERE'LL PROBABLY BE A LOT OF OLD FOGIES THERE ANYWAY

Under auspices of Home of Truth, Los Angeles, founded by Mrs. Annie Rix Miltz. Every Tuesday afternoon, 3 o'clock, 49 East Central.

### Local Happenings

Miss Florence Bandy has been missed this week from her accustomed place in the post office, being confined to her home by the prevailing flu.

Dr. Gilbert Bovard is spending a few days at the home of his aunt, Miss Alice Tufts, of West Montecito while recuperating from a siege of flu, which kept him from his duties at the County Hospital.

Mayor Mitchell spent Monday in Riverside, where he had a case in court.

Mr. and Mrs. Laurance Nourse have returned to their home at Arvin, California, after a short visit with Mrs. Nourse's parents, Mr. and Mrs. E. W. Camp.

Mrs. J. C. Dickson has been spending several days at the home of her daughter, Mrs. J. Le Guin, at Alhambra.

Miss Frances Parks of Hollywood was the week-end guest of Mrs. Roland Adams.

Vinton Hoegge returned Tuesday from a two weeks business trip to Lone Pine, Inyo County.

Mr. and Mrs. Ben Lyon and little son have returned to their home here after an absence of three weeks at San Diego.

A regular meeting of the Ladies' Aid society of the Congregational church will be held Tuesday next at 2:30 o'clock. It will be a business and social session and the invitation to attend is general—not to members only.

Mr. and Mrs. W. E. Walker and their house guest, Mrs. Ida Pettitt, motored to San Bernardino last Sunday and visited the Orange Show.

Mrs. J. E. Appleby and Miss Francis have returned here after spending ten days at the Hotel Lankershim in Los Angeles.

Miss Ruth Mathews of San Francisco is the house guest of Mrs. E. C. Newton.

Mrs. George Humphries, after a severe illness of three weeks, in the California Hospital, Los Angeles, has been moved to the home of her daughter, Miss Hilda Humphries, 2257 Inez street, Los Angeles, where she is still under the care of two nurses and is slowly gaining in strength. Mr. Humphries has made his home with Mr. and Mrs. Alfred Elwood of 134 N. Kingsley Drive, Los Angeles.

Harold Williams and Miss Mabel Smith sprung a surprise on their friends by taking a week end drive to Bakersfield, where Miss Smith's parents reside, and including a wedding in their trip. The ceremony was performed Monday morning by Judge Burnell. They returned to Sierra Madre Tuesday evening.

Mrs. W. G. Leroy received word last week of the death of her daughter, Mrs. George L. Gary of Oakland. Death followed an operation which it was thought might save her life. Mr. and Mrs. Gary were residents of Sierra Madre a number of years ago.

Mrs. O. M. Benton of San Pedro was called to Sierra Madre by the serious illness of her son, Otho Benton, who went through a siege of flu and pneumonia. He has now sufficiently recovered to be about town but is not yet ready to undertake any heavy work.

Mr. and Mrs. Edward D. McIntosh entertained Mr. and Mrs. Harold Simes of Oxnard Sunday at the Hotel Mira Monte.

During the Lenten services of the Episcopal church special music is being planned, particularly suitable to the season. Mr. Hall Perry, who is in charge of the music during the month of March, is arranging for the appearance again of Mrs. Norman Inwood, contralto. A full choral Evening will be sung every Sunday evening, beginning with next Sunday, March 5th.

Beside the special religious services of Good Friday, the choir with Miss Frances Webster as organist are planning a full choral Good Friday Evening service with special musical numbers.

### The March Garden

By Jessie Ward

This is the one month of the year when almost anything in the way of growing plants can be transplanted. There are some that must be planted now before the season advances further. These are the deciduous trees, grapevines and berries. The deciduous fruit trees include the peaches, pears, apricots, plums, prunes, apples, crabapples, nectarines, quinces, figs, cherries, persimmons, pomegranates, walnuts, and almonds.

In the berry plants there are blackberries, raspberries, loganberries and strawberries. I might add that in this line there have been some great improvements in the last few years. You can now plant everbearing strawberries and raspberries, and thornless blackberries. It sounds like a fairy tale, but I know of a party here in Sierra Madre who picked a quart of raspberries from a row of these everbearing raspberries in her yard on New Year's Day. They have borne continuously since June.

#### The Rose Garden

Although rose bushes can be planted any time of the year when they are established in pots or cans, they can now be dug up and transplanted in their bare roots. All the foliage should be pulled off and the bush pruned.

Right here I want to make a few remarks about pruning roses, as I find that very few people do it correctly. First, remember that the blossoms come on the new growth only and let this guide you in cutting away the bush. All old wood should be removed, leaving only the fresh, green canes. Do not shorten these much, as the bush will grow and produce better if it can get up and away from the ground. Do not worry if the bush does not give a symmetrical appearance for it is flowers you want from rose bushes and not ornamental shrubs. For this reason it is much better to have your rose garden in an inconspicuous place on the grounds.

Bedding plants for the flower beds that can be planted now are pansies, schizanthus, English daisies, violets, carnations, begonias, geraniums, lobelia, hydrangeas, forgetmenots, snapdragons and verbenas.

For the perennial border use delphiniums, iris, dahlias, cannas, geum, Shasta daisies, agapanthus or African lilies, and platycodons.

Gladiolus bulbs can still be planted. Trees and shrubs that have been frozen should be cut back to live wood or if they are killed, dug up and replaced with healthy young plants.

This is the time to make alterations in the landscape garden, plant new trees and shrubs, roses, etc., and transplant those that are now growing in the wrong place. It is just as easy to have a garden that is neatly and artistically arranged as one that isn't.

### DISTRICT INSPECTOR TO BE AT LODGE

Sierra Madre Lodge No. 408, F. & A. M., has been transferred to the district composed of lodges in Pasadena, South Pasadena and Alhambra, now called the 70th Masonic district. L. L. Test of Pasadena will therefore again be the inspector over the local lodge. Next Tuesday evening Mr. Test will visit the lodge on the occasion of the stated meeting for March and will be received with official grand honors.

The lodge observed the last Tuesday night of the month with the usual enjoyable social session.

### APPOINTED GENERAL AGENT

William A. Munson, who has resided for some time at 26 W. Alegria, has been appointed general agent for Southern California to represent the International Life Insurance Company. On account of the appointment he is obliged to change his residence to Los Angeles, his new residence address being 227 N. Rampart Blvd.

Mr. Munson says he regrets leaving Sierra Madre. He likes the scenery, the climate and, above all, the people. He is looking forward to the day when he can return and make this his permanent home.

### The Play That Put The Planet On The Map

Scene from "A MESSAGE FROM MARS," starring MR. BERT LYTELL.

### DO YOU KNOW WHETHER YOU'RE SELFISH OR NOT?

If you have a wife you've probably been told you are. It is a fundamental fact in the minds of women that all men are selfish. And it may be added that the ladies never keep this a secret. They come out and say things, among the mildest of which is: "You selfish thing, you never think of anyone else." much to the bewilderment of the accused. There arises in his mind a disturbing doubt: perhaps he is selfish, come to think of it.

Which brings us to the case of Horace Parker, a wealthy young clubman in London, and something of a scientist, an astronomer, besides. He had no idea he was selfish, even though he did, on the evening he was to take his

fiance to an entertainment she had looked forward to a long while, suddenly decide to spend the evening in astronomical study. He put his whim before her very great pleasure, and was forthwith given back his ring. She called him selfish, of course. They always do.

Then came the message from Mars. It came as suddenly as a bolt of lightning, it routed Horace from his snug smugness and finally made a man of him. To reveal how it came and what it was—well, that's the story and a bare, brief narrative would spoil it for you when you see it on the screen, Friday, March 10, at the Congregational church at 7:30 o'clock. Also a very good Bobby Bumps Comedy. A sure cure for the blues.

## WOMAN'S CLUB NEWS

By Press Chairman, Mrs. Besse Palmer Rhodes.

### Regular Meeting

Following a brief business session, the Woman's Club, which held a meeting on Monday evening in conjunction with the Community Sing, enjoyed a novel musical program through the courtesy of the California Music Company. The very wonderful reproducing qualities of the Chickering-Ampico piano were demonstrated in various ways by Professor Harry Devreaux, a well known Eastern concert player, and Miss Alice Andrews gave much pleasure in the singing of several numbers, to the Ampico accompaniment. Miss Andrews has a rich contralto voice, and sang with much feeling, giving every evidence of splendid training. At the close of the musical program the president, Mrs. Milton Steinberger, made several announcements, after which the Sing enjoyed another brief session, closing with the singing of the Star Spangled Banner.

### Palm Beach Trip

The supper and entertainment given on Friday evening of last week by the Woman's Club was a most novel and enjoyable affair and in spite of the rain was patronized by quite a crowd of local people as well as numbers from out of town. The clever arrangement of a Palm Beach, in imitation of the popular Florida resort, was carried out in a most novel manner, a faithful few club ladies assisting in working out the plan, which was conceived by Mrs. Milton Steinberger. On account of the rain, the train, which was to have been erected in front of the club house, was abandoned in a half finished condition, but every other feature was worked out as planned. The interior of the club house was very beautiful, an effect gained not only from the gaily decorated booths, the brilliantly lighted casino and the realistic palm garden, but by a bewildering maze of small, vari-colored electric lights, which, together with many Japanese lanterns, threw a warm, soft glow over all.

Upon entering, one was confronted by two black faced boys, who offered to take you on a sight seeing trip in a large, comfortable wheel chair. The stage was transformed into a casino, where for 25 cents an hour one could play cards. This was in charge of Mrs. Frank Hart and Mrs. W. R. Morgan. E. R. Rhodes, cleverly disguised as a negro, did the "barking" for this concession and added "color" to the scene. Miss Eleanor Bayne, dressed in a pale orchid gown with hat to match, looked the part of the pretty summer girl and reigned supreme over a miniature beach, where fortunes, concealed in shells hid in the sands, served as a "catch" on the line of the fishermen.

A gaily decorated booth fitted up with sports goods by the J. F. Sad-

ler firm, was presided over by Mrs. Pauline Lockwood. The cut flower booth, which was a mass of yellow acacia bloom and artificial poppies with a tiny Kewpie in the heart of each, was in charge of Mrs. Ashley Smith. The candy booth was daintily dressed in pink and blue, decorated with clusters of white blossoms, and banked with palms. From this booth delicious home-made candies of every variety were sold by petite Miss Gladys Walker. The ice cream booth, where cones and eskimo pies were sold, was a dazzling array of ice and snow, an effect gained by the free use of cotton sprinkled with artificial snow. At this booth Mrs. J. E. Buie presided. At the soft drinks booth, which was in charge of Mrs. Roland Adams and Mrs. Laurance Nourse, decoration was effected by the profuse use of the small fruits and foliage of the orange and tangerine tree. An added bit of color was furnished by the dainty green and yellow cap and apron worn by the young matron in charge.

Not the least of the beach attractions was the "Hot Dog" stand, presided over by Mrs. M. D. Welsher, where under the sheltering shade of a large umbrella, hot weiner sandwiches and coffee satisfied the palates of hungry beach excursionists.

The supper, which was served in the palm garden under large Japanese umbrellas, lighted by myriads of Japanese lanterns, was most delectable, and was prepared and served under the capable direction of Mrs. W. E. Walker and assisting ladies. During the serving of the supper a group of white-gowned "girlies" with ukeles, Elizabeth Glidden, Mary Allen, Betty Moore, Virginia Barber and Louise Pruden sang sweetly, and later two young lady entertainers from Los Angeles gave songs, accompanying on the violin and guitar.

The evening was spent in dancing. The affair was an unqualified success and much credit is due Mrs. Steinberger and her assisting ladies to whose efforts its success is due.

### Dancing Class

On Tuesday evening, March 9, the dancing class will hold its first meeting under the new instructors, Mr. and Mrs. George W. Swarthout. Judging by the enthusiasm manifested in this branch of club activity, the class will extend from 8 o'clock to 10 and students are earnestly requested to be on hand promptly at 8 o'clock.

### Drama Section

An increasing interest in shown in the Drama section, which has enjoyed some most instructive sessions.

At a recent meeting much pleasure was derived from the reading of Alfred Brand's "Will o' Bishop's Gate," by Mrs. Milton Steinberger. Mr. Brand is a Pasadena man and the play will be remembered as having been given by the Community Players some months ago with Gilmore Brown acting the lead of "Will."

### Luncheon

A very attractive program, which includes local citizens as luncheon speakers, has been arranged for Monday, the 13th, of which more will be said in next week's News. Do not fail to secure your tickets by Friday evening, the 10th, and remember that any one interested may attend these luncheons by purchasing a guest ticket. Tickets may be purchased at the Sierra Madre Electric shop.

## The Story of Our States

By JONATHAN BRACE  
XV.—KENTUCKY

THE kinship of Kentucky and Virginia is that of parent and child. From Virginia came most of

the settlers of the western state, and with them these pioneers brought Virginia institutions and ideals. It was not until 1750 that the first authentic journey was made by a white man into central parts of the region afterwards called Kentucky.

Further explorations showed that this territory held two important attractions for settlers. The first was the great fertility of what was called the Blue Grass region. The so-called blue grass, from which this state is nicknamed the "Blue Grass State" is in no wise peculiar to Kentucky.

The second inducement for settlers was the fact that there were no Indians living in this region. It was later found that many roving bands of savages crossed the Ohio from the north and sorely harassed the early colonists until Clark's expeditions into Ohio and Indiana checked their invasions. In fact, the name Kentucky is probably derived from the Iroquois word kentucke, meaning "hunting land." Another interpretation is "dark and bloody ground," but this is doubtless incorrect.

The main highways of travel at that time were Daniel Boone's "Wilderness Road" through Cumberland Gap and down the Ohio. Hardy pioneers poured into this new territory in such numbers that in 1792, with the permission of Virginia, Kentucky was admitted to the Union as the fifteenth state with an area of 40,598 square miles. Kentucky has thirteen electoral votes for president. The remarkable physical condition of its population is shown in a report of the volunteers in the Civil war. This gave their average height as nearly an inch taller than the New England troops and with a correspondingly greater girth of chest.

### ALL HIGHWAYS UP NORTH ?

From week to week lengthy press bulletins are received from the State Highway Commission telling of the work of that body in improving California roads. It's all very interesting. It is even spiced now and then with essays designed to prove that the critics of the commission are animated merely by selfish political motives.

One thing is notably absent from these news letters. They seem to avoid studiously any reference to work on highways of Southern California. The only highways worth improving are in the north.

Conference between federal officials and California Highway Commission resulted in the designation of twelve routes in California as suitable for the application of Federal Aid Funds. Not one of the twelve routes lies south of Bakersfield.

To be sure, Southern California has improved most of her own highways by county bond issues. Perhaps Los Angeles county should be content with the honor of contributing thirty or forty per cent of the cost of the highways for the rest of the State, even though it contains a perfectly good forest reserve with wonderful highway routes—on paper.

### : BY THE WAY :

Don't forget that Sierra Madre's school enrollment has more than doubled in the last two years.

Towns which have been fifty or a hundred years in the making could provide their public improvements gradually enough to spread the payments over a comfortable period. But when our western towns want to begin a few steps in advance of what the old home town back there has taken all this time to achieve—well, the expense gives a fine imitation of the sensation of growing pains. But nobody wants to stop growing.

With his knee against her abdomen, one arm around her neck and twisting one of her arms as if to pull it from its socket, a crowd in Los Angeles looked on while the sallow youth made his fiendish attack. Not a soul moved to stop him. Men in the crowd merely looked bored. Only the women showed a sign of interest as they wondered what new gown would be placed on the fair form of wax.

Alfalfa was introduced into Mexico by the Spaniards at a very early date, but did not reach the United States until 1854. And the world has waited all this time for alfalfa candy !

If you are denied a vote at the city election this spring it may be because you have failed to register as a voter since January 1 of this year. Registrations close thirty days in advance of elections. The annual city election in cities of the sixth class will take place on April 10. Registration of voters will therefore close on March 10. If you want to have a hand in selecting city officials this year, see that you are enrolled as a voter.

Sonny boy with a pain in his tummy and a ruffled disposition says: "I don't like mineself!" Would that more grownups would adopt the same philosophy instead of taking it out on some one else.

### THE MINUET

Grandma told me all about it,  
Told me so I couldn't doubt it,  
How she danced, my grandma danced; long ago—  
How she held her pretty head,  
How her dainty skirt she spread,  
How she slowly leaned and rose—long ago.

Grandma's hair was bright and sunny,  
Dimpled cheeks, too, oh, how funny!  
Really quite a pretty girl—long ago.  
Bless her! why, she wears a cap,  
Grandma does, and takes a nap  
Every single day; and yet  
Grandma danced the minuets—long ago.

"Modern ways are quite alarming,"  
Grandma says, "but boys were charming"  
(Girls and boys she means, of course) "long ago."  
Brave but modest, grandly shy;  
She would like to have us try  
Just to feel like those who met  
In the graceful minuets—long ago.  
—Mary Mapes Dodge—1879.

**"BACK AGAIN!!"**

Many thanks to my friends for their kind interest during my late illness. (Sounds like an obituary, doesn't it?) The following lines came to me while I was being cooked (pyrogorically speaking) with a mustard plaster, and a pneumonia jacket. Read 'em an' weep:

**"THE HAND THAT DRIVES THE FLIVVER"**

Great kings have left ambition's marks  
Upon this scarred old Earth,  
And statesmen tried to mould the ways of man;  
The fireside chappie had no chance  
To demonstrate his worth—  
Till Henry built his little Ford tinpan.  
Big Mallet locomotives used to make the mountains ring  
As, thundering, their mighty loads they hurled,  
But now it's changed, and "Henry"  
Has been crowned the traffic king,  
And the hand that drives the flivver rules the world.

Bill Hohenzollern thot he'd change  
A few things here and there;  
He had the means to do it so he tried—  
He brought out great big cannon  
And grim ships that sail the air—  
And then, Poor Bill, he sat right down and cried!  
For a hunk of tin went hummin' right into the battle line  
Its radiator busted, bent, and curled;  
But it never stopped until it put  
A Watch Upon the Rhine—!  
O, the hand that drives the flivver rules the world.

The Yankee home without one is  
A ship without a sail;  
A mec-an-ic who doesn't own a tool;  
A fisherman without a hook;  
Who tries to hook a whale;  
A teach who teaches school without a school.  
So come and see that runabout, that coupe or "sweet sedan,"  
The "fliv," that kept our good old flag unfurled;  
You'll find, perhaps, expensive cars  
That take the rubber fan—  
But the hand that drives the flivver rules the world.

**Copyright Ruling.**  
A United States copyright does not hold good in foreign countries. There is an international copyright association which includes in its membership most of the countries of Europe; also Japan. If one secures a copyright in, for instance, England, it automatically applies in all the countries in the copyright division.

**Too Much to Ask?**  
It is suggested by a public speaker that the voter should know the candidate; should know the duties of the office and should know whether the candidate is fitted for those duties. However, we must not ask too much of many voters or they will be losing all of their interest in our elections. —Detroit News.

**HANDICRAFT  
FOR BOYS**

By A. NEELY HALL

(Copyright by A. Neely Hall.)

**HOMEMADE FLAGSTAFF SUP-  
PORTS.**

The flagstaff holder which is shown in Figs. 1 and 2 is built up of the two blocks A and B (Fig. 3) and a pair of iron or tin straps bent into the shape of C (Fig. 5). Cut blocks A and B of the dimensions given in Fig. 4. Block B is notched to fit over block A, and is fastened to block A with nails driv-

en through both its top and front edges. Bore a pair of holes through block A, one near each end, through which to drive screws into the window frame. To make the back edge of block A fit squarely against the window frame, it must be planed off on a bevel (Fig. 1). The straps C (Fig. 5) can be made out of strips of sheet iron, or out of doubled pieces of tin from a tin can. Make the loop of the

right diameter to fit your flagstaff. Punch holes through the ends of the straps, and fasten the straps to the sides of block B with nails.

Because the flagstaff holder will be left on the window sill permanently, it is a good idea to paint it the same color as the window trim.

With the flagstaff holder placed as shown in Fig. 1, it is out of the way of the window screen. The screen will keep the end of the staff from pushing in too far. Fasten wire or rope stays to the outer end of the staff, and run these to screw eyes screwed into the window frame (Fig. 1).

For the staffs of small flags, a pair of screw eyes screwed into the head

of the door frame (Fig. 6), or into a wooden window-sill, makes a satisfactory a holder as can be had. Use screw eyes of a diameter that will make the staff fit snugly.

Fig. 7 shows a good holder for a flagstaff to be supported in a vertical position. Cut blocks A and B of the size shown in Fig. 8, and bore a hole a trifle larger than the diameter of the staff, through the center of each block, and a screw hole near each end of block A. Nail the blocks together. Holder can be screwed to a porch-rail.

Fig. 9 shows a standard that can be used indoors or out. If you haven't a place for it at home, it is just the thing for a school or Sunday school class flag or banner, or to hold the colors in a boy scout's club room.

Fig. 10 shows how the standard is built up, and Fig. 11 shows a detail of the base. Cut the four feet A by the pattern given in Fig. 12. Fig. 11 shows how these pieces lap one another. Do not nail them together, however, until after you have prepared the center block B (Figs. 10 and 12). You can nail them then directly to block B, and nail through them into the piece adjacent. Cut the boards for the sides of the standard of the right width to fit around block B of the base. Make the length 15 inches. Cut cap E to project one-half inch. Bore the hole a trifle larger than the staff.

**HIS BIG ALASKA BEAR**

Lieut. Commander Benjamin L. Brockway, commander of the United States coast guard cutter Unalga, and the skin of a monster bear he killed near Unalaska. The Unalga recently arrived at Seattle, Wash.

**Cactus Fences.**

Have you ever seen the cactus fences in Mexico? The cactus there grows to a great height. One of them, the organ cactus, has a single straight stem, made up of parts, six-sided, several feet long, joined so as to make a trunk. The joints can hardly be seen at all. Some of the larger stems are six inches in diameter. The Mexicans plant these cactus plants side by side so as to form long and strong living fences.

**Experience Always of Value.**

Some men leap to success, while others achieve it through steady advancement. Those who leap, however, miss experiences that those who advance by slower stages may gain. Experience is a very valuable background for permanent success.

**How to Tell.**

The way to tell the difference between a Japanese statesman and a wooden image is to watch for the expression on the wooden image's face.

### TO LOCATE BEDROCK FOR SAN GABRIEL RIVER DAM

At a meeting of the Board of Supervisors on Thursday a resolution offered by Supervisor Cogswell was adopted authorizing Flood Control Engineer Reagan to proceed as soon as water conditions permit to make borings to determine the feasibility of building the San Gabriel Canyon dam.

Mr. Cogswell stated that this was the first step of a great project which must be pushed vigorously to its ultimate completion. No other one thing is of such vital importance to Los Angeles county at the present time as the controlling of the flood waters of the San Gabriel river and storing them for the purpose of irrigation and power production. This is indeed a big undertaking but that when once completed would be of immense value to this county as well as a source of great revenue.

Through the courtesy of Mr. Welsher the ladies of St. Rita's parish will have a cooked food sale at his store the third Saturday of each month during the year. Herewith our thanks to him for this and previous favors.—The Committee.

### Set Your Own Goal.

It's better to attempt and fail than have no failures to your credit. If you're afraid of the public estimate you can play the little game with your ideals. Set a goal and rate yourself on the percentage of success attained. It will spur you to greater effort and the public will never know how far short you often fall of attaining your own ideal.—Grit.

### MEET TO FORM NEW JUNIOR CLUB

Civic Study to Be Chief Aim of Organization Fostered by Woman's Club

Seven young people met in the Woman's club last evening in response to the invitation of the president, Mrs. Milton Steinberger, to consider forming an organization which shall be to the young people what the Women's Club and Chamber of Commerce are to their elders.

After hearing of the plans outlined by Mrs. Steinberger it was voted to hold another meeting next Wednesday evening. At that time it is proposed to complete the organization by electing officers, adopting by-laws and a name. Muriel Tarr was made temporary chairman, and Carmen Hibbs temporary secretary. Herbert Munson was appointed a committee to bring in a proposed draft of by-laws.

Mrs. Steinberger promises to each one who attends a copy of Mr. Atwood's book entitled "Keep God in American History."

### SCHOOL ELECTION OFFICERS ARE CHOSEN

The annual election of trustees for the Sierra Madre School district will take place on the last Friday in March, which falls on the 31st day of the month this year.

One trustee is to be chosen, the term of Mrs. H. C. Parker expiring. The polls will be open from 1:30 to 5:30 p. m. The officers for the election will be Mrs. Mildred E. Taylor, inspector; and Mrs. Rose W. Snell and Mrs. Lillian W. Young, judges. The polling place will be at the school house.

### Canyon 6,000 Feet Deep.

The famous Grand canyon of the Colorado is 6,000 feet deep in its deepest part, with nearly perpendicular sides, and is one of the most imposing pieces of scenery either in this country or in Europe.

### Removing Ink Stains.

Iron inks are best removed by treatment with warm oxalic acid. If such treatment does not remove the stain completely it is possible that the ink has been a mixture of iron ink and an aniline dye, in which case a second treatment with javelle water is necessary.

### Colonial Theater

314 S. Myrtle Ave. MONROVIA, Calif.

Sunday and Monday, March 5-6—Marian Davies in "Enchantment." Also International News.

SATURDAY, March 11—Paramount Special, "Beside the Bonnie Briar Bush." Also Travelogue and a good Comedy.

First Death Among Pilgrims. The first death among the Pilgrims after their arrival on the coast of America was that of Mrs. William Bradford, wife of the later governor of the Plymouth colony. Before a site had been selected for a settlement and while the Mayflower was yet riding at anchor in Cape Cod bay, Mrs. Bradford fell into the sea and was drowned.

Thousands of Thousands of WEBSTER'S NEW INTERNATIONAL DICTIONARIES are in use by business men, engineers, bankers, judges, architects, physicians, farmers, teachers, librarians, clergymen, by successful men and women the world over.
