Please see attached the current drafts of the DOJ NIAC paperwork for (b)(6); (b)(7)(c) Lane. There's a guidance document and the go-by (b)(6); (b)(7)(c). There are a number of comments in the go-by (b)(6); (b)(7)(c) for you to please review, and then it'll be helpful to have a call about this next week.

I'd really like to take a shot at having that conference call before Christmas but that'd mean getting the last comments straight early next week. Let me know if you'll be available then and if you have any questions.

Thanks and Happy Thanksgiving!
