PLATINA CEMENT.

DR. ACHILLE LION, Dentist, of the Faculty of Paris, after many researches, has discovered this valuable composition, which he has used with the utmost success in plugging decayed teeth, and eradicating tooth-ache. The composition of the Platina Cement, which is entirely mineral, and incorruptible, is liquid when used, hardens soon, and speedily acquires the hardness and consistency of the enamel of the tooth when in its purity. It will last for many years, not shrink, nor discolor, and is the best article to render extraction unnecessary.

PLATINA CEMENT.

DR. ACHILLE LION, Dentist, of the Faculty of Paris, after many researches, has discovered this valuable composition, which he has used with the utmost success in plugging decayed teeth, and eradicating tooth-ache. The composition of the Platina Cement, which is entirely mineral, and incorruptible, is liquid when used, hardens soon, and speedily acquires the hardness and consistency of the enamel of the tooth when in its purity. It will last for many years, not shrink, nor discolor, and is the best article to render extraction unnecessary.
