Americans Wish to Be Heard When War Settlements Made

Attitude Set Forth In Notes to Britain, France, Italy and Japan; Japanese Mandates Over Pacific Islands Bring Forth Statement.

Washington, April 6.—New notes on the subject of mandates have been sent by the American Government to the Governments of Japan, Great Britain, France and Italy.

The notes are understood to be very similar, but the occasion for preparing them is said to have been the receipt of Japan's reply to the original American note protesting against the Japanese mandate over the former German islands in the Pacific north of the Equator.

State Department officials refused to discuss the documents, but it was learned that they were broad enough in terms to cover all American rights growing out of the world war. The notes form a part of the series begun by Secretary Colby and in which the United States insisted upon its full rights as one of the Allied and Associated Powers and also the right to pass finally upon all mandates before their adoption.

In All Settlements.

Paris, April 6.—A note of considerable length from Charles E. Hughes, American Secretary of State, has been received by the French Foreign Office through the American Embassy here. The document, which bears the date of April 4, affirms the rights of the United States in all settlements arising from the world war.

Identical communications were sent to the British and Italian Governments, it is understood, with notice that the text would be issued at the State Department in Washington immediately after all the interested Governments had seen it.

Declared Grave.

Political editor of the Echo de Paris, who appears to have had access to the note, declares he considers it means that the United States declines to recognize any decision of the Allies under the Treaty of Versailles, or then by the Supreme Council or by the League of Nations. He asserts that this is a grave attitude on the part of the United States.

Policy.

It was learned in official circles today that while the communication bears principally upon the action of the Council of the League of Nations last December in approving the mandates passed upon at that meeting, including the Japanese mandate over the North Pacific Islands, it also outlines the policy of the new administration regarding questions arising from the war, and declares the approval of the United States to be necessary for a final settlement.

No Veto.

A disposition to recognize the justice of the American claim was indicated in official quarters, although with the reservation that it was scarcely possible to give the United States the right of veto in the settlement of questions which necessarily had been discussed in the absence of representatives of the American Government.

The reply probably will express the least possible concession to the Allies if the United States is disposed to resume collaboration with them in the settlement of war questions.

VOTERS GET MORE TIME TO REGISTER

Court of Revision Postponed to Third Monday in June

To enable delinquent voters to get their names on the Provincial Voters' List the Government has decided to postpone the Court of Revision for one month. Instead of being held on the third Monday in May it will be held on the third Monday in June.

Instructions to this effect have been issued to all registrars. George H. Mabon, registrar at Victoria has been instructed to send notices to all those whose names were struck off the voters' list automatically through failure to cast their vote at the last Provincial election, informing them that it will be possible for them to be reinstated on the list by filing a fresh affidavit.

The Government is anxious to insure that everyone entitled to vote should have their names on the list, and for that reason it was decided to extend the time another month in order to enable delinquents to be reinstated.

An amendment to the Act presented at the last session of the Legislature has received the Royal Assent and provides that: "Any voter whose name is liable to be struck off the last revised list of voters under clause D of section 19, may at any time, either before or during the sitting of the Court of Revision, file with the Registrar an affidavit in support of his application for re-instatement of his name on the list of voters."

NO DIVIDEND.

New York, April 6.—The Middlesex and Orange County to-day passed the quarterly dividend of five cents a share due at this time. Poor earnings were given as the reason.

EMPLOY NON-UNION MEN.

Denver, Colo., April 6.—Building contractors to-day began employing non-union workmen.

FROST COSTS RAISIN GROWERS ABOUT \$10,000,000

Fresno, Calif., April 6.—Twenty per cent. of the 1921 raisin crop, or about 40,000 tons, was destroyed in the frost that hit the raisin section of the San Joaquin Valley Monday and yesterday, according to a statement issued by W. M. Giffin, president of the California Associated Raisin Company.

Giffin estimates that the money loss to growers will be in the neighborhood of \$10,000,000.

Damaged Timber Areas Viewed From Aeroplane

Vancouver, April 6.—Damage to the extent of approximately \$100,000 in the provincial forest reserves in Nitinat Valley on Vancouver Island resulted from the recent severe storm, it is announced by C. L. Armstrong, of the Forestry Department here, who has just returned from a five-days' air reconnaissance of the district. He went in one of the Jericho Air Station H. S. 2 L. seaplanes, accompanied by Major Basil Hobbs, D.S.O., as pilot, and Photographer C. J. Duncan, and obtained considerable valuable information for his Department.

3,000 Acres. In the Nitinat Valley alone, said Mr. Armstrong, timber on 3,000 acres was destroyed by the storm. It would measure approximately 10,000,000 feet, and is valued at \$18 per thousand. The most extensive damage was done there, he reports, although much minor damage was done on other parts of the island over which the party passed.

An effort was made to determine the losses, if any, in the Great Central Lake district, north of Alberni, but it was impossible, said Major Hobbs, owing to the recent heavy snowfall. The whole country was frozen over, he said, and photographs would not be of any value.

Weather Poor. The party left Vancouver, on Thursday morning last at 11.35, and arrived at Port Alberni at 12.55. The weather was not suitable for photographic work, so preparations for the next day were made. On Saturday morning the machine was flown down the Alberni Canal to the West Coast of the island, but the weather became unfavorable for flying, and Major Hobbs returned early to Vancouver. On Sunday morning he got away early again, and reaching the Pacific Coast, toured through the Nitinat Valley, over Cowichan Lake, across to Chemainus, around Nanaimo, and to Port Alberni via Cameron Lake. Much useful information was gained on that occasion, and many good photographs taken by Photographer Duncan.

Poor Results. On Monday the machine was taken over Great Central Lake and well into the district north of there, but without satisfactory results, although going and coming some photographs of value to the Forestry Department were taken.

Less Than One Per Cent. Damage.

The Hon. T. D. Pattullo, Minister of Lands, gave out a statement today announcing that airplane surveys from Victoria to San Juan Harbor, Nitinat Lake, Port Alberni, Cowichan Lake and Cameron Lake have just been completed by the Forest Branch in order to accurately assess the damage to Vancouver Island timber caused by the wind storm of January 23.

The damage throughout the whole heavily timbered island belt amounts to less than one per cent.

Worst At Nitinat.

The heaviest windfall was found at the head of Nitinat Lake, extending from the lake to the grade of the Canadian National Railway, where the timber on about 3,000 acres has been brought down.

At the head of Cowichan Lake about 100 acres have been wind-fallen, while at Robinson Creek, Cowichan Lake, formerly reported to be heavily damaged, not more than 15 to 20 acres have been damaged.

Alberni-Cameron Lake Escaped. Only scattered trees were found down around Cameron Lake and Alberni, while no damage whatever was done along the Chemainus River.

In this survey from the air, forestmen were able to gather information in a few days which would have required weeks of arduous work by the old methods. Hon. Mr. Pattullo explained that whether or not he found that his original estimate of the value of aerial survey work has been amply justified.

NEVER HEARD OF ALBERT EINSTEIN

"Relativity" Unknown to New York Alderman

New York, April 6.—Unfamiliarity with the identity of Professor Albert Einstein was the explanation given by Alderman E. M. Falconer for withholding his vote on a resolution before the Board of Aldermen extending the freedom of the city to the noted proponent of the theory of relativity and other prominent Zionists who arrived recently.

Passage of the resolution required an unanimous vote, but the alderman's persistent opposition defeated it. Had he known Prof. Einstein was, he explained later, he would have voted in favor of the honor.

Mayor Hylan later called a special meeting of the Board for Friday to reconsider the resolution. Shortly before the vote Mayor Hylan had officially received the delegation of Zionists in the City Hall and had addressed them warmly on the movement to establish a Jewish national homeland in Palestine.

FOREST FIRES CAUSED LOSS OF \$85,715,747

Washington, April 6.—Damage of \$85,715,747 was caused by forest fires which burned over 42,483,307 acres in forty-five states from 1916 to 1920, inclusive, it was reported to-day by the Forestry Service of the Department of Agriculture. A total of 160,318 forest fires occurred during the five-year period, Minnesota being the chief sufferer, with a loss of \$9,895,868.

LIFE SENTENCE IMPOSED ON MAN

St. John, N.B., April 6.—Life imprisonment was the sentence given George Drew and four young penal prisoners, with a whipping, to William Neave, who have been found guilty in the circuit court here of offences against little girls. Judge Crockett said he had heard whether or not the prisoner said he would rather be hanged than put in prison for life.

AMERICAN ATTITUDE.

Seattle, April 6.—For the present Gratian Esmonde, alleged envoy of the Sinn Fein, who is in Vancouver, B. C., will not enter the United States, according to reports made late yesterday to John H. Sargent, Acting United States Commissioner of Immigration for Washington. John L. Zurbrugg, United States immigration inspector in charge at Vancouver, said that Esmonde is under \$7,000 bond and is scheduled to leave Vancouver for Eastern Canada on his return to Ireland.

Canceled.

It is understood that Esmonde wishes to come to Seattle, and an order was issued yesterday by H. H. Gale, Mayor of Vancouver, for police to place Esmonde on a Seattle train. The trip was cancelled, however.

Any application of the purported envoy to enter the United States would be passed on by an Immigration Board. In case permission were granted for his entry he would not be allowed to enter the United States here, Immigration authorities said.

LOWER WAGES FOR SPANISH MINERS

Madrid, April 6.—Many miners in Asturias have decided to accept a reduction in wages amounting to three pesetas twenty-five centimes daily. Circulars have been issued asking the men to increase production.

CHILDREN GIVEN ETHER TO REDUCE COST OF LIVING

Westfield, Mass., April 6.—As a result of an investigation by the school authorities here it has been learned that young children have been given lumps of sugar soaked in ether to reduce their appetites. Children, when questioned, said they were given the ether by their parents to lower the cost of living, and also to quiet those who grew too hysterical.

DATES ARE ARRANGED FOR SPRING ASSIZES THROUGH PROVINCE

The dates for the holding of the Spring Assizes in various parts of the Province have been announced by the Attorney-General's Department. Sitings will be held as follows: Nelson (civil), May 4; Cranbrook (criminal and civil), May 10; Fernie (civil), May 18; Kamloops (criminal and civil), May 21; Vernon (criminal and civil), June 7; Prince Rupert (criminal and civil), June 14; New Westminster (criminal), May 10; Nanaimo (criminal and civil), May 28.

G. T. R. STOCK LOWER IN LONDON

London, April 6.—(Canadian Associated Press)—In the absence of a market, the G. T. R. stock fell yesterday, the resignation of the latter's stocks continues.

ESMONDE TO GO TO NEW YORK

From Vancouver to Ottawa For Passport

Vancouver, April 6.—O. T. Gratian Esmonde, Irish Sinn Fein emissary, under arrest here for alleged seditious utterances, will, if arrangements be made this morning, be carried by train to New York. At Ottawa he will apply for a passport.

Friends of Esmonde here, it is said, are prepared to give all assistance without further trouble. Local authorities are said to be willing to agree to this proposal.

PROPOSAL ACCEPTED.

"If the attitude of the Dominion Government is not of sufficient importance to warrant them taking some action, and since the Canadian immigration officials permitted Esmonde entry to this country, I feel the best course is to accept the proposal that he move along to New York," said Mayor R. H. Gale.

"It is understood that Esmonde will travel via Ottawa, where he would naturally apply for his passport. This would bring the Esmonde matter into close contact with the Federal Government and perhaps some action may be taken. If the immigration officials permit him to enter Canada I at least shall maintain that he is not good enough for Australia to accept he is not good enough for Canada."

Dr. E. Hall, Police Commissioner, Issues Statement

Police Commissioner Dr. Ernest Hall issued a statement to-day in reply to the charges made by Frank Higgins on behalf of J. M. Langley yesterday, that the resignation of the latter was conditional on terms that were not met by the Commission in the hearing on the resignation.

Dr. Ernest Hall stated: "In reply to the statements in the press from an individual who appears to be acting in the dual capacity of City Solicitor and Police Commissioner, and who stated that Mr. Langley's resignation was 'conditional' it might be interesting to know that the resignation of Mr. Langley was worded as follows, this being the exact wording of the communication opened at the last Police Commissioners' meeting: 'I resign my office as Police Commissioner, Victoria, B. C., effective March 31st, 1921, to His Worship the Mayor and Honorable Board of Police Commissioners, Victoria, B. C.'"

"I beg to tender my resignation as Chief of Police after service of twenty-one years with the Department, the same to take effect from the 1st day of April, 1921. My sole reason for resigning is that I intend branching out into another line of business. Thanking you, gentlemen, for past favors, I beg to remain, Your Obedient Servant, J. M. LANGLEY, Chief of Police."

"When additional legal advice is required at the City Hall it will be requested, and it will become an embarrassing condition, and barring 'rush in where angels fear to tread.' Evidently we have stepped upon the serpent's tail and he is beginning to kick," concluded Dr. Hall.

SASKATCHEWAN MAY HAVE GENERAL ELECTION IN JUNE

Regina, April 6.—While no official announcement has been made by the Provincial Government, all signs are pointing to a general election in June is named as the probable date. In anticipation of going to the country political conventions are now being held in all parts of the province. Already about a dozen members of the Martin Government have been nominated.

FIRST RECORD OF STRAP-HANGERS ON AN AEROPLANE

London, April 6.—London has long known the strap-hanger in subway, street car and omnibus, but the first instance of aerial strap-hanging has just been recorded. On the second day of the resumed air service to Paris it was found that one of the departing planes had no seats for three of its passengers. They made the journey standing in the passageway, holding to the baggage racks.

GREEKS SAY ARMY IN GOOD SHAPE

Admit Northern Forces Retired Before Turks Report Towns Occupied by Southern Troops

Athens, April 6.—The offensive of the northern Greek army has ceased, but according to an official communique the troops are in good spirits. Occupation by the Greeks of several places also is officially announced. The troops have retired to their original positions.

The southern army reports Greek occupation of Bourgas, twenty-five miles south-east of Uchak, after driving out the Turks. The report says the Turks numbered 2,900 and the Greeks numbered only 300, and adds: "We have occupied Tchirli, on the Aidin Railway, taking fifty prisoners. The inhabitants warmly welcomed the Greeks, who are clearing the country to the south of Alium-Karahissar."

Satisfied.

Athens, April 6.—Entire satisfaction with the military situation in Anatolia was expressed by M. Gounaris, Minister of War, upon his return to this city from Paris yesterday. Prince George brother of King Constantine, and M. Maximos, director of the National Bank of Greece, accompanied the Minister home from the French capital. None of them would explain what had been done by them in London and Paris, except to say that all misunderstandings between Greece and the Allies had been cleared up.

M. Maximos asserted there was no reason for uneasiness, as the country was amply supplied with funds to carry on the war against the Turkish Nationalists for three months without the necessity of outside help.

HAD PLAIN WORDS FOR HAPSBURG

But Workers Finally Let Train Pass

Buchs, Switzerland, April 6.—Charles Hapsburg, former Emperor of Austria-Hungary, is back in Switzerland after his unsuccessful attempt to re-seat himself upon the Hungarian throne. He crossed the Austrian-Swiss frontier on his return journey from Hungary at 3 o'clock.

VIENNA, APRIL 6.—Five hours' delay in the journey of Charles Hapsburg, former Emperor of Austria-Hungary, to Switzerland from Hungary, after his futile attempt to regain the Hungarian throne, was caused by the holding up of his train last night.

At Frohletten, just to the south of Bruck, in Lower Austria, because of threatened demonstrations against him by workmen of Bruck.

Several thousand men from the industrial towns in the region gathered at Bruck in the evening and declared they would not let Hapsburg pass until they had told him what they thought about him and his adventure.

The workers resisted all pleas of the authorities for several hours but the crowd finally was dispersed early this morning.

On Foot.

Budapest, April 6.—Charles Hapsburg, former Emperor of Austria-Hungary, went to Steinfammer station on foot yesterday, being accompanied by Bishop Mikes and a number of officers, according to a telephone message received here from that city. The entire party boarded the special train which was to take Hapsburg back to Switzerland.

Hapsburg was visibly nervous, pale and haggard. A local military band played the Hungarian national anthem and the crowd uncovered and sang the hymn with faltering voices.

His "faithful." When the guards on board the special train gave the signal for starting Hapsburg re-entered his car, waving farewell and calling out: "Au revoir, my faithful."

The message received here stated the crowd shouted back: "Your majesty, come back as soon as possible."

LETTER LED TO ARREST OF MAN

Scotland Yard Aided With Tacoma Arrest

Seattle, April 6.—Trapped through a letter to his sweetheart in London, Eng., Roy Miller, aged twenty-seven, a marine fireman, was arrested in Tacoma yesterday afternoon by Seattle deputy sheriffs to answer a charge here of complicity in holding up the Motor Inn near Auburn on January 26. The attempted robbery was marked by an exchange of shots between a patron and the robbery. Sheriff and police up and down the coast had been searching for Miller since January 27, when Edward H. Smith, arrested one of the bandits, implicated Miller in an alleged confession.

Got Address.

Sheriff Matt Starwich, learning from a friend of Miller that Miller was attentive to a woman in London, arranged to procure her name and address. Miller was believed to be in hiding somewhere near Seattle. The sheriff wrote Starwich in London, explaining the circumstances of the case. Scotland Yard promptly located the girl. A letter directed Miller to Tacoma, where the London detective force notified Starwich.

Traffic in Munitions Supervised by League

Geneva, April 6.—Belgium has accepted the proposal of the Council of the League of Nations that the international bureau established by the general act of 1890 for control of traffic in arms and munitions perform a similar function under supervision of the League as regards the Treaty of St. Germain.

The international bureau, which by the act was set up under control of Belgium, is thought by the Council to be well adapted to assume the powers of supervision over traffic in munitions conferred on the League by this treaty, adhere to the arms traffic convention as soon as it is invited to do so by the signatories.

PREPARE FOR GOOD ROADS CONVENTION

Event in Halifax Set For May 10, 11 and 12

Halifax, April 6.—Canadians interested in highways and roads of the Dominion, and their wives and friends to the number of about a thousand are expected to invade and occupy Halifax May 10, 11 and 12, when the first annual convention of the Canadian Good Roads Association will be held in the Maritime Provinces, will be in session at the Technical College here. The convention, both in point of attendance and importance, and significant ever held in this city, and for some months preparations for the event have been in progress under the direction of the Nova Scotia Good Roads Association.

Some of the more interesting and important matters to be discussed at the convention are listed on a tentative programme as: Uniform traffic regulations (drive to the right); interprovincial highway connections; Federal aid, a comparison of the Provincial motor truck and motor car taxes, methods of financing roads (bonding); restriction of motor trucks to certain seasons, methods of road maintenance and methods of road making. These subjects will all be discussed by local and imported experts, and the decisions arrived at by discussion cannot fail to have a profound influence on future highway laws and regulations throughout the Dominion.

Trips.
The good road advocates will not confine themselves to listening to lectures and taking part in discussions if the plans of the local committees do not miscarry. Arrangements are being made for their entertainment by Halifax clubs and social groups. If the Spring weather permits, they will be motoring extensively in the vicinity of Halifax and a longer drive through the famous Annapolis Valley and the lands of Evangeline. The delegates will take gain some practical insight into the nature of Nova Scotia highways. The attention of the convention is to be directed especially to roads in the Maritime Provinces.

Men prominent in Provincial and Federal politics and in all walks of life have been invited to attend the convention, which will be presided over by Dr. E. M. Desautels, Minister of Highways of Saskatchewan, is vice-president of the Good Roads Association, and George A. MacNamee, Secretary of the executive committee of the Association, is among those who are taking an active and enthusiastic interest in the 1921 convention.

Those in charge of the local committees are: Reception, R. H. Murray, K. C. President of the Nova Scotia Good Roads Association; entertainment, A. Gordon Watson; publicity, W. H. Dennis; ladies' reception, Mrs. G. Fred Pearson.

SAYS STRANDED MEN ARE FEW

Dominion Steel Corporation Official Denies Report

Sydney, N. S., April 6.—(Canadian Press)—"Hot air" was the comment of a high official of the Dominion Steel Corporation when shown a dispatch from Ottawa alleging that a number of Englishmen lured to this country by promises of high wages were now stranded and penniless in Glace Bay. "No such wholesale importation of men as the dispatch alleges has taken place," said this official, "and although there are always a certain number of immigrants stranded in the district and have been for years past, strange to say, during the present depression such cases are very rare about the Glace Bay mines."

IDLE VANCOUVER MEN TO BE SENT TO PRAIRIES

Vancouver, April 6.—On receipt of information at the Provincial Employment Bureau that 500 men out of work here could be placed in Alberta, Saskatchewan and Manitoba, the City Council yesterday voted \$5,000 towards transporting the men to the prairie provinces. The total cost will amount to approximately \$15,000, and the balance of \$10,000, it is understood, will be provided by the Provincial and Federal authorities.

CAPT. LEROYER, AVIATOR, KILLED

Ottawa, April 6.—Captain J. A. Leroyer, M. C., of Ottawa, was killed in an aeroplane accident at Camp Borden, according to information received here. Details of the accident are lacking.

The late Captain Leroyer made an enviable record in the air service in the war, and was officially credited with crashing seven of the enemy's planes.

A widow and two children survive. Captain Leroyer went to the Yukon last year, blazing the trail for American aeroplanes which flew from the States to the far north.

RAILWAYS SUBJECT OF OTTAWA DEBATE

Meighen Will Move Committee Be Named

Ottawa, April 6.—The Prime Minister, speaking in the Commons yesterday afternoon on the Grand Trunk Railway arbitration, referred to the methods of the Grand Trunk in preparing for the proceedings. The Government felt there should not be any further extension of the time within which the arbitration is to be made, "unless the time contemplated by the original agreement for the transfer of control should be adhered to," he said.

In Senate.
In the Senate there also was an echo of the railway difficulties. There Senator Casgrain gave notice that on Thursday he would call attention to the Grand Trunk Railway.

For a time the Commons passed from railway issues to discussion of the House was again in the railway imbroglio. Hon. A. K. Maclean, Halifax, submitted an amendment calling for the appointment of a committee to inquire into the railways and merchant ships owned, operated and controlled by the Government.

Mr. Maclean's amendment followed the main lines of a motion he had had on the order paper for some time, but withdrew Monday to make way for his new amendment. The idea is that through it information of the situation may be secured from the operating companies. "Through this committee," Mr. Maclean urged, the management of Government railways and merchant marine could convey to the House an account of their stewardship."

An Attack.

But L. J. Gauthier, St. Hyacinthe, who, like Mr. Maclean spoke from the cross benches, could not agree. How, he demanded, could such a committee have more power than the Parliament, which created it?

Mr. Gauthier roundly attacked the present management of the Canadian Government railways. "If a change is not made," he charged, "the country will be ruined. The management of the railways is a duty for the Government to observe. If the employees could not have confidence in the management, then the House could not. Both the employees and the public had lost confidence in the present management of the Canadian National Railway. The management was responsible for the condition of the roads today. The responsibility of management was reposed in a man who always had been tied up in his former position as Canadian Northern and its sixty-five subsidiary companies. Each main line of the railway must have its feeders, but the feeders in this case appeared to be the main line."

Limitations.

The Prime Minister indicated the following as topics into which the suggested committee might inquire: 1. Determination of the information which should be submitted to the House, and when.

2. System of audit, whether as at present or under the Auditor-Generals.

3. Whether or not more details should be given in the annual report of the board of management.

4. Whether it would be well to establish the standing committee permanently. If so, what the duties of the permanent committee would be.

Mr. Meighen was opposed to the committee being given power to establish full details of management with the possible result of impairing efficiency.

On this, the Leader of the Opposition declared that such a committee as outlined by the Prime Minister would be opposed by the Liberals in a body. "All that is permitted," Mr. King exclaimed, "is the appointment of a committee to study academic questions, but instructed to report nothing on the practical operation of the road."

The debate lasted till 1 o'clock this morning, when Mr. Maclean withdrew from the arena. Subsequently the Prime Minister gave notice of a motion for the formation of a committee to inquire into Government railways and shipping along the lines he indicated earlier in the evening, and the House adjourned.

Budget.

In reply to a question by Hon. W. L. Mackenzie King as to when the budget would be brought down, Sir Henry Drayton stated he was unable to announce a definite date. He regretted to inform the House that he could not give the date approximately.

AMERICAN ATTITUDE DISAPPOINTS GERMANS

Berlin, April 6.—German newspapers which comment to-day on the communication from the American Secretary of State regarding the reparations questions are a unit in expressing disappointment. They find in the communication no basis for the optimism which has been professed in some quarters, that the United States would support Germany financially or give her moral backing to obtain a revision of the indemnity demands and the carrying out of the restitution provisions of the peace treaty.

The Pan-German organizations take occasion to criticize the Washington communication for its insistence upon the false assertion that Germany brought on the war and must assume the responsibility for it.

The only light seen by the press is that in a phrase describing that Germany is "morally bound to make reparation so far as may be possible."

MAN LOST LIFE AT FORT WILLIAM

Fort William, April 6.—Ernest Cousins, aged twenty-three, died yesterday from injuries received when he was crushed in the machinery at Elevator D. Monday afternoon. He was an oiler. Cousins' clothing became wound around a shaft, and his left leg and arm were mangled, his right arm broken in four places and four ribs broken.

SAYS FIUME WILL LOSE BIG TRADE

Minister Says Port Cut Into Two Sections

Rome, April 6.—According to The Tempo, the question of Port Barros will be solved by establishing that Port Barros and Fiume, although territorially separated, shall form a single organization under the management of a board comprising representatives of Italy, the Free State of Fiume and Jugoslavia.

Will Lose Trade.
Fiume, April 6.—M. Rubincich, Minister of Communications of the Free State of Fiume, said to-day that Italy had conceded Port Barros and its delta to Jugoslavia, thus cutting Fiume's port into two sections.

Therefore, he added, Fiume would lose her greatest trade, namely lumber export from the hinterland.

WHOLESALE GROCERS TESTIFY IN COURT

Toronto, April 6.—Evidence for the Crown was completed here yesterday in the action brought by Attorney-General Raney against the Wholesale Grocers' Association and certain manufacturers to declare them an illegal combine in restraint of trade. A motion for a non-suit was refused by Mr. Justice Orde, who held that even if the evidence adduced justified a non-suit, in view of the great public interest in the case the defence should be called upon to give evidence.

Counsel for the Crown contended that the Wholesale Grocers' Association endeavored to get manufacturers to sell only to members of the Association, and he contended from the Association's application form in this connection.

LIQUOR VOTE IN NEW BRUNSWICK

Fredricton, N. B., April 6.—The Legislature unanimously adopted a resolution introduced by Hon. W. F. Roberts, Minister of Health, requesting the Federal Government to take a vote on the question of whether the importation of liquor for personal use should be continued in the Province of New Brunswick.

C. N. R. EARNINGS.
Toronto, April 6.—Canadian National Railway earnings for the week ended March 31, 1921, were \$3,987,907, an increase of \$219,227 over the corresponding period last year. From January 1 to date \$26,429,830 represents the earnings, an increase of \$4,884,883.

BOY KILLED HIMSELF.

Pontiac, Mich., April 5.—Angered because his mother refused to hasten preparations for breakfast in order that he might engage in a ball game, Kermit Brown, aged eleven, son of Fred Brown, of Pontiac, shot and killed himself with a shotgun to-day.

GREEK PRINCE.
Paris, April 6.—The Greek Legation here yesterday denied that Prince Andreas of Greece, brother of King Constantine, had died of wounds received while fighting in Asia Minor. Prince Andreas had not left Athens, the Legation declared.

AUSTRALIA HAS BIG WHEAT CROP

Probably 130,000,000 Bushels; Export 100,000,000

Washington, April 6.—(Canadian Press)—A special report has been received at the Department of Commerce from the United States Consul-General at Melbourne, in which a review is given of Australian wheat trade. Dealing with the Commonwealth wheat trade, the report says: "The area under wheat in Australia this year was 11,552,000 acres, only once in 1915-1916 was there a greater area sown in wheat, when the total area amounted to 12,484,513 acres.

"The yield is estimated at about 130,000,000 bushels, for which the Federal Government has guaranteed \$5. per bushel. Payments are to be made in two instalments. Any amount over \$5 obtained by the Wheat Board will, after expenses are paid, be distributed among the growers. The New South Wales Government gives to the growers of that state an additional guarantee of 2s. 6d. making in all 5s. 4d. to New South Wales. The price of wheat to local millers is fixed at 9s. per bushel.

"It is estimated that the quantity of wheat available for shipment will be about 100,000,000 bushels."

CALGARY TEACHERS CONSIDER STRIKE

Calgary, April 6.—Calgary school teachers adjourned a four-hour meeting last night without having reached any decision on a strike. At 12:30 o'clock the Board's offer and threatening a strike at noon Friday unless the Alliance's compromise of fifty-fifty when a motion to adjourn was presented. They will meet Thursday night.

Rhoda Royal's Trained Midget Elephants Lead Splendid Bill

The vaudeville show offering at the Pantages Theatre, commencing with this afternoon's matinee, bulges with interesting features. Topping the bill will be "Rhoda Royal's Elephants."

Victor and Helen are not only intelligent but they are small—midget pachyderms, in the words of their gifted press agent—almost the tiniest of their kind before the public, and part of the marvel of their performance is the completeness of their education. Their tricks are said to be difficult and interesting and to afford the maximum of entertainment to grown-ups as well as children.

Although the elephants will be the most spectacular department of the bill, the comedy stars of the bill will undoubtedly be the De Michele Brothers, Angelo and Tony, two sun-kissed sons of Italy who are among the time-tried favorites of Victoria theatregoers. Musicians of unusual gifts and comedians as well, the De Michele Brothers may be depended upon to provide twenty minutes of sweet melody only broken by hysterical laughter.

More fun is to be expected from Sammy Duncan, a Scotsman, who landed in New York a few weeks ago, made a tremendous hit with his dialect comedy and good songs and was then picked up by Alexander Pantages' eagle-eyed booking agent for the delectation of the Pantages customers. Mr. Duncan joined the bill at Seattle a couple of weeks ago, and reports from the Sound City are to the effect that the reverberations of the resulting laughter have not yet died away.

the sketch "Through the Keyhole," in which the Bruce-Duffet Company is appearing and it is declared to be a surprising affair of fast action and sustained interest. In conception and staging it is novel and a most effective dressing is given to a dramatic story with a surprising climax.

The Misses Rhinehart and Duff are pretty girls, "Two Dixie Misses," who offer an artistic mixture of singing and instrumental music, with a quaintly southern atmosphere. Their costumes are colorful and they are declared to be a pair of unusually clever and likeable girls. Rose, Ellis and Rose offer barrel rolling and gymnastics that should be interesting. The eighth chapter of the serial "Double Adventure" will complete the bill.

Bill Hart is some scrapper, as everybody knows, but in his new Paramount picture, "The Testing Block," now showing at the Columbia Theatre, he is a veritable superman. A straying minstrel band, with a lovely girl who plays the violin, winds through the trails of the California Sierras in the days of gold. Mr. Hart is chief of the bandit gang, and "Sister" (Mrs. Hart) forces them to fight him, one by one, for the right to claim her. He beats them all and, himself half-crazed, seeks the girl and forces her to marry him. That is the beginning of a story of human tragedy and joy, which unfolds in a mighty sequence of compelling incidents. Mr. Hart wrote the story. Lambert Hillier adapted and directed it. The photography was by Joe August, A. S. C. Eva Novak is the leading woman.

Geo. Fitzmaurice, whose latest photoplay creation, "Idols of Clay," is being shown at the Variety Theatre this week, believes that one of the chief duties of a good motion picture director is to keep strictly up to date. "Take the technical side of pictures, for instance," explained Mr. Fitzmaurice. "One must be familiar with all the new productions as they come out. Some company is always introducing a photographic novelty that must be investigated. Scenarists are always on the track of a smoother, more artistic continuity form. As for the players themselves, some are on the wane and

some are just rounding into prominence—a producer must be acquainted with their respective abilities. He must keep up with modern trends in art and literature. His 'sets' must correspond with the latest ideas of the day, and books are available to him in keeping up with current developments in thought. But chiefly, of course, the director must be vitally interested in life itself as it is led by people in all the different statuses of life. Only in this way can he make his pictures really convincing.

Waiting on days on a mountain top to photograph the sun coming through the clouds, standing waist deep in swirling waters for hours, during the raging of the worst storm of the year, were a few of the feats which Alvin Kerkoff and Karl Struss, photographers of Cecil B. De Mille's Paramount picture, "Something to Think About," which is being shown at the Romano for the last time to-day, were called upon to perform in the filming of that production. When Cecil B. De Mille requested the cloud effects and storm scenes attended-to by Wyckoff and Struss-called their assistants into action, selected the best spot for their respective efforts and went to work. It required three days of waiting to secure the glimpse of the sun which the story demanded. And a five hundred-mile trip along the coast of California was made before the proper bit of storm-form coast line was discovered in the midst of a blinding storm. And these facts were but minor details compared to the main task of photographing Gloria Swanson, Elliott Dexter, Theodore Robben, Monte Blue, Claire McDowell, Little Mickey Moore and the other members of the all-star cast in the main action of this superb De Mille production.

To-night at the Princess Theatre is being presented by the Mildred Page Players, "The Little Gray Lady," a comedy drama of rare beauty and charm. The play is one that has been in splendid parts which suit them well. You are in line for a real treat when you attend "The Little Gray Lady." At the performance to-night the last of the framed portraits of Byron Aldern will be presented the one guessing nearest the correct number of words spoken by Mr. Aldern in "Captain Kidd, Jr." Entries in the guessing contest will be a large portrait of Miss Page. The management has decided to give several more of these portraits of Miss Page in response to many requests for the same. Remember "The Captain Kidd contest" for the little folks; it's the best yet. Keep your eyes and ears open, kiddies; it's a prize well worth winning. "The Little Gray Lady" to-night and the balance of the week, with a Saturday matinee.

While most of us are struggling along trying to lay a few dollars on the shelf for a rainy day, along comes a fellow who suddenly receives a gift of a million dollars. No sooner has he recovered from the shock of that surprise than another interested party offers him five million if he will spend the other kind gentleman's donations within a year and is broke at the end of that time. But cheer up, you who are inclined to get discouraged. This didn't really happen, but it does form one of the most unique situations of "Brewster's Millions" which will be shown at the Dominion Theatre all week with Roscoe (Fatty) Arbuckle, the noted comedian, in the starring role. Betty Roy Clark, who supported Mr. Arbuckle in "The Travelling Salesman" is again his leading woman in this picture.

Attracted by advance notices of the talking photoplay "Shell Shocked," a crowded house greeted Sergeant Joe Atherton with his remarkable Canadian production at the Romano Theatre yesterday. To say the least, it was a wonderful exhibition of word synchronization, and the audiences yesterday testified their approval in a whole-hearted and spontaneous manner when the principal actor in the story (Sergeant Atherton himself) apparently stepped off the screen at the happy "fade-away." He has to do as follows: Edgments again and again. It is the first truly successful talking film with vast possibilities, and theatregoers who are lovers of good education and in search of something really clever, and novel, should visit the Romano to-day for the last presentations of the talking photoplay "Shell Shocked."

KIWANIS MINSTRELS AT ROYAL TO-NIGHT Visiting Organization of Vancouver Kiwanis Glee Club Have Novel Entertainment

After some days of very careful planning, and energetic solicitation on the part of the ticket committee, the Kiwanis Glee Club will turn out in full force with their friends to attend the Glee Club Minstrels, of Vancouver Kiwanis, who are to provide a new, and up-to-the-minute entertainment on behalf of the Jubilee Hospital Fund of the local organization to-night.

As there is considerable expense to the undertaking the local committee had to furnish a guarantee of so many in attendance, but from the start that quota and a great deal more has been never in doubt. Through the courtesy of Clifford Denham the Royal Theatre has been secured, and the managing committee of the local club expect to see the Royal filled in every seat for the visiting minstrels to-night.

The programme that is to be given here includes some of the best numbers ever performed by the Glee Club Minstrels of the Vancouver Kiwanis Club, and should be in the nature of a revelation to local audiences of what is possible along these lines. The entertainment, though, of course, under the auspices of the Victoria Kiwanis Club and for the Jubilee Hospital Fund, is open to all who wish to see a first class performance. Tickets were opened for sale at the box office yesterday, and met a ready demand.

The visiting aggregation is being led by Charles J. Royal, one of the well-known entertainers of the Terminal City, who is accompanied by the cream of the minstrel organization on the occasion of their first official visit to their Victoria fellowship. The entertainment lasts for something over two and a half hours, every minute of which is utilized to the full by the genial body of minstrels.

BOWSER LAUDED FOR FIGHTING INCREASE Victoria Conservatives Take Up Issue and Pass Resolution

Members of the Victoria Conservative Association last night passed a resolution endorsing W. J. Bowser, K. C., leader of the Opposition, for fighting the increase in salaries for Ministers of the Government and members of the Legislative Assembly. Regret was expressed that the "Conservative" members did not fit to follow their leader's example on this occasion, especially in view of the expressed inability of the Provincial Treasury to meet the pressing requirements of educational, hospital and other public needs, and also in view of the heavy burdens which the public is already bearing during the time of post-war reconstruction.

H. W. R. Moore, D. B. Plunkett, Lindley Crease, K. C., George Russell and C. T. Cross took part in the verbal commendation of their leader. Conservatives will give a smoker and concert at 8 o'clock to-morrow evening in the clubrooms, Campbell Building.

HOBBY SHOW TO BE BIG "Y" FEATURE Boys to Exhibit Pets, Stamp Collections and Models

The first annual Boys' Hobby Show, in which the boys of Victoria will exhibit pets, collections of stamps and various other things which they have made or own will be an interesting feature at the Y. M. C. A. on Saturday, April 9.

Entries in the show are to be made under the following classes: Class 1—Aeroplanes, kites, etc. Models, boats, bridges, etc. Working models, to be judged by demonstration. Meccano or Erector models. Wireless telegraph, complete set or parts. Class 2—Manual training (a) boys 12 and under; (b) boys 15 and under. Fret saw or school saw work. Class 3—Drawings, free hand, colored maps, etc. Paintings, water color, oils, cartoons, photography, collection of three pictures. Class 4—Collections (a) stamps; (b) coins, autographs, etc. Class 5—Post cards. Natural history collections, flowers, leaves, etc. Class 6—Pets, any kind. These will be exhibited from 2 p. m. to 4 p. m. only, and exhibitors are requested to look after their pets for this period. Special, any article of interest not for competition, i. e., war relics. The rules and regulations governing entries are announced by officials of the Boys' Work Department of the Y. M. C. A. as follows: All exhibits must be the work of or collections made by, boys not yet 18 years of age, except in Class 6 special. Entries must be made to the Secretary at the Y. M. C. A. All exhibits, except pets, must reach the Y. M. C. A. during Friday, April 8, before 5 p. m. This committee will not assume the responsibility for any lost article, but will take every precaution to insure the safety of articles exhibited. Articles may be taken away from the show between 9 and 10 p. m., Saturday, April 9. The show is open to all—any boy may enter. One or more entries may be made in any class. Entry fee 5 cents for 25 cents any number of entries. Ribbon badges will be given for first, second and third best exhibits and medals will be donated to the owner of the best exhibit in each class. Information on the competition may be secured from H. Cross at the Y. M. C. A.

LEFT JURISDICTION OF SUPERIOR COURT

S. T. Manard Ordered Back to United States to Stand Trial

An extradition order was issued by Judge Lampman yesterday afternoon in the case of S. T. Manard, formerly of the Manard Rental Agency, Seattle, who was committed for trial by Judge Brinker, of Seattle, on a charge of grand larceny, and whose case was set down for trial in July. Accused had been admitted to bail in Seattle and had crossed the border, and out of the jurisdiction of the Superior Court before the date of his trial. On a warrant issued by Judge Lampman, the accused was arrested in a local hotel where he had secured work. Manard was ordered to Okanogan, where he will remain for fifteen days prior to being turned over to the United States authorities. City Prosecutor Harrison appeared for the Crown and J. A. Alkman for the defendant, B. C. Ross, Deputy-Prosecutor Attorney of King County, Washington, was present to give evidence. Two witnesses, John W. Milner and Oscar F. Seeger, related a story regarding a proposed purchase of the Hippodrome dancing pavilion in Seattle, wherein Milner, Seeger and a man named Saunders each put up \$100 on account of a required \$2,000 deposit to hold the option. Failing to secure the whole sum, the option could not be taken, and with some difficulty the money was returned. Seeger's cheque was cashed, and it is alleged that this was done contrary to the distinct agreement that the cheques were to be returned unused if the option failed. Attorney B. C. Ross, of King County, insisted the Court that this offence was known in Washington as grand larceny. Mr. Alkman asked for the discharge of his client, claiming that the evidence disclosed a right of

evilt action and no more. His Honor replied that grand larceny in the United States had been defined by a treaty as coming within the category of theft in Canadian law, and he would have to commit the accused for extradition. He has the privilege of applying for habeas corpus to any judge of the Supreme Court, however.

The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor. LEGISLATORS' SALARIES INCREASED. To the Editor:—Why should the working man's wage be reduced and legislators' salaries increased both at the same time? Another thing, why are workingmen in the fellow who should have increases. When God made the earth, He made it for all, not for a select few to do as they like with it. I wonder if our legislators have their incomes taxed. Another thing, why are doctors and clergymen in politics? God intended, if He ever intended doctors to see to the physical needs of His people. But they are like had shepherds who left their sheep to go astray. That is why so many churches are empty to-day. Politics has entered them. What I would like to see done is to have the people think of this increase—soldiers, for instance, who fought "Over there." It's a fact some of them gave us everything to go to fight for right and justice. Another increase is for school teachers, when living is "supposed" to be coming down. Domestic science and manual training are all right in a way, but when the country and cities are hard up these could be done without. Mothers can teach their girls at home. Few girls like it anyway and won't do it at school. They have enough "home work" without it. MRS. ADELAIDE MARSHALL LadySmith.

COAL PRICES

To the Editor:—The burning question, so expensive to the public interest, can be settled in five minutes by the Provincial Government. Let the Government by threatening direct or indirect legislation compel every colliery to sell in certain lots at standard prices at which they sell to the retail trade to any and every one who offers to pay the price in advance. Co-operative buying will then ensure a reasonable retail price. H. MURPHY, 123 John St., Victoria, B. C., April 6.

M. T. HERRICK WILL REPRESENT STATES IN FRANCE

Washington, April 6. — Myron T. Herrick has decided to accept appointment as American Ambassador to France, a post he filled under President Taft and which he occupied at the beginning of the world war. Mr. Herrick's formal nomination will be made soon and he will go to France in the early summer.

WHAT IS INVOLVED.

Representatives of Great Britain's mine owners and delegates from the Miners' Federation have agreed to re-open negotiations for the settlement of the strike which is now paralyzing the industry of the nation.

It is interesting to observe that the present crisis differs from those threatened calamities of the past only because it promises to deliver industrialism as a whole from the hectic condition into which the war delivered it.

It was patent to the people as a whole that the coal-getter was subjected to unfair conditions before the Sankey Commission conducted its investigation.

Any voluntary and friendly act which the City of Victoria may perform for the general good of the adjacent communities will redound to its own credit and contribute towards the development of this section of Vancouver Island.

In other words the miner cannot be permitted to retain a standard of wages which an abnormal condition might have warranted while every other industry has been compelled to adjust its operating costs to the gradual return to commercial stability.

AN AUDITORIUM.

The basic unit of any project for the development of an amusement centre in this city should be an auditorium. The reasons for this are quite obvious. In the first place, apart from every other consideration, including even that of an amusement centre, an auditorium has become an actual necessity in Victoria.

substantial revenue could be obtained; enough, indeed, to take care of the investment and leave a margin to the good.

Considering the demands for an institution of this kind, and the assurance of patronage already available, it is surprising private capital has not interested itself in the matter.

The sole object sought by the Chamber of Commerce in promoting the project is the welfare of the whole city; something which will supply a very definite need and at the same time justify itself financially to the taxpayers.

HISTORY REPEATING?

Either by accident or design the United States frequently manages to jockey itself into some peculiar situations in which an official decree or sentiment runs contrary to the facts as they exist.

A GOOD IDEA.

Any voluntary and friendly act which the City of Victoria may perform for the general good of the adjacent communities will redound to its own credit and contribute towards the development of this section of Vancouver Island.

LEAVING IRELAND.

In corollary to the state of chaos which continues to reign in Ireland is the published information in The London Morning Post that emigration from Queenstown to Canada and the United States has reached record proportions.

GOOD RIDDANCE.

It is suggested in a dispatch from Vancouver that young Esmonds will leave for Ottawa tonight and that his own friends are prepared to give an entertainment that he will not entertain the people of this country en route.

NOTE AND COMMENT

When men like Ben Tillet and Havelock Wilson talk to British Labor their commonsense is usually rewarded with the respect it deserves.

There is no truth in the rumor that a special warrant will be issued to raise the money to pay a staff to classify the applications for jobs under the Liquor Control Board.

As Charles Hapsburg commenced his journey to Switzerland the crowd shouted: "Your Majesty, come back as soon as possible."

HOROSCOPE

WEDNESDAY, APRIL 6, 1921. (Copyright, 1921, by The McClure Newspaper Syndicate.)

This is not a lucky day, according to astrology. Saturn, Mars, Venus and during this sinister planetary government it is wise to be cautious in all business and to pursue established routines of business.

Selfishness is likely to be emphasized at this time. The tendency toward personal viewpoint, which is so evident in many Americans will be increasingly apparent in the coming months.

COURT VACANCY

Someone Tried to Deceive P. E. I. Men. Sydney, N. S., April 6.—A peculiar hoax was perpetrated recently in the Prince Edward Island Legislature according to islanders arriving here today.

USED FOR HOAX

A. E. Arsenault, Leader of the Opposition, one afternoon received a telegram purporting to be from Ernest Meighan and appointing him to a Supreme Court vacancy. The congratulations had hardly died away when a similar message arrived for Hon. J. J. Johnston, Attorney-General.

INDIANS CLAIM THEY KILLED MAN IN SELF-DEFENCE

Prince George, April 6.—Accused of killing an Austrian, two Indians of the Carrier Tribe have been brought here by Provincial Police. The Austrian fled from Kamloops in 1914 to escape internment, and was trapped in the north when killed. The Indians are said to have confessed, but declare they acted in self-defence.

PASSENGER DIES OF SMALLPOX AT ST. JOHN STATION

St. John, N. B., April 6.—Henry Hicks, an Alberta farmer, one of the passengers who arrived at this port some time ago on the steamship Scandinavia, and who with a hundred others was quarantined because they had been in contact with a case of smallpox, died from that disease here yesterday.

HITCH IN PLAN FOR COAL NEGOTIATIONS TO END BIG STRIKE

Transport Workers. London, April 6.—Decision to support the British miners in their strike was reached by the Transport Workers' Federation at a meeting held here this morning.

The vote taken by the transport workers was unanimously in favor of lending aid to the miners. It was decided to meet in conference immediately with delegates of the National Union of Railwaymen and the Miners' Union for the purpose of securing the action on the strike situation by the "Triple Alliance."

At the conclusion of the conference, Robert Williams, general secretary of the Transport Workers' Federation, said: "On recommendation of the executive committee, the conference has decided to give all assistance in our power to whatever extent necessary to help the miners, and at once to enter into negotiations with the railwaymen and the miners for the purpose of taking joint action throughout the remainder of the conference."

The executive committee went from the conference to the headquarters of the Federation to put this decision into effect.

The National Union of Railwaymen held a conference this morning and adjourned at noon until later in the day, when it will hold a joint meeting with the miners. It is probable that following this meeting there will be a full conference of the "Triple Alliance."

The British National Transport Workers' Federation includes most of the big water-side unions, together with unions catering for seamen, carters, cabmen and some general labor unions or a part of their membership. In 1919 the Federation had a membership of 213,000.

London, April 6.—The National Transport Workers' Federation, which voted today to extend aid to the British coal miners in their strike, comprises thirty-five unions with an aggregate membership of about 500,000. A strike ordered by the Federation, if made generally effective, would call out all classes and types of workers engaged in transportation by road, rail or sea.

Important. The services of several of these workers are much more vital to industry, commerce and public convenience in Great Britain than in Canada. In London, for instance, hundreds of thousands of persons are dependent upon the buses as the only means of conveyance from their homes to their places of employment.

London, April 6.—Havelock Wilson, president of the Seamen's Union, is reported to have opposed a subsidy at the conference of the Transport Workers. If the coal miners were going to be subsidized, why, he asked, should not all other workers be subsidized?

WAGES AND OUTPUT.

London, April 6.—Discussing the situation confronted by the coal mining industry, Finlay Gibson, Secretary of the South Wales Coal Owners' Association, declared the amount expended on wages alone during January and February was greater than the total proceeds in February. Yet despite the reduction of the output in January a bonus of from three shillings and six pence per day was paid, and the following in February was even worse.

MAN IN STATES GRANTED "DIVORCES"

New York, April 6.—The Westchester Court grand jury considering the case of a man who is alleged to have conducted a "divorce mill" from an office in New York. This man, whose present whereabouts are not known, is said to have forged names of the Supreme Court Judges to decrees of divorce, and in some cases even to have forged and filed the minutes of divorce proceedings which actually never saw the light in a court.

TELEPHONE RATES CASE BEFORE BOARD

Vancouver, April 6.—When the Board of Railway Commissioners sits here next week to hear the application of the B. C. Telephone Company for increased rates, Corporation Counsel McCrossan will argue for an adjournment to allow this city and other municipalities to submit their views in which to prepare their case against the application.

U. S. APPOINTMENT.

taking options on silver claims of Keno Hill and vicinity. Among them is the American Goldfields Company, which is a branch of the South Africa Goldfields Company. F. W. Bradley, head of the Bunker Hill-Sullivan silver mines of Idaho and the Fraserwell Mines, Alaska, also has options. A large group from Chicago and some English concerns also are investigating the field.

Market for Canadian Shipments Is Poor. London, April 5.—(Canadian Press)—Prices for Canadian lumber in the British market are still at a low level, but there are indications of a bettering in the general demand for lumber in the near future and many dealers report that they are now able to move stocks laid in at 1920 prices.

TORONTO PACKERS' EMPLOYEES IDLE. Toronto, April 6.—The strike situation between the meat packers and their employees remained unchanged this morning.

CHICAGO, April 6.—The first agreement by a Chicago labor union to accept a proposed wage reduction was announced today. The Machinists, Safe-Movers and Riggers' Union voted unanimously to accept a cut of 12 1/2 per cent. proposed by the Contractors' Association.

WILLISTON, N. D., April 6.—The state bank of Williston has been closed by the State Bank Examiner. The bank is capitalized at \$25,000. Inability to meet demands of the Bank of North Dakota is given as the reason.

Actual work on the paving of Government Street was started yesterday when the B. C. Electric Railway Company began delivering new rails to be laid while the city is repairing the street from Humboldt to Cormorant Streets.

MR. WEBB IS SECRETARY. To the Editor:—In yesterday's Times there was a report of the visit of a party of distinguished strangers, in which it was stated that the party was persuaded to land at Victoria, by the representative of a local automobile organization. As there was an inaccuracy in the name of the organization, may I be allowed this opportunity of acquainting the public with the fact that I am the secretary of the Victoria Automobile Club and that any reports that I have any intention of relinquishing the appointment are entirely without foundation.

MANY VISITORS TO "MOUNTJOY" GARDENS

The Women's Canadian Club Funds Benefit Through Kindness of Mrs. Pemberton

Ideal weather added the final touch to the enjoyment of nearly five hundred visitors to the lovely gardens at "Mountjoy" Foul Bay Road yesterday afternoon when Mr. and Mrs. Fred B. Pemberton kindly threw their grounds open to the public under the auspices of the Women's Canadian Club. As a result of the kindness the Jubilee Hospital fund and the Red Cross workshop will share the proceeds, amounting to over \$240. The grounds are looking very beautiful at present with their grassy lawns dotted with daffodils, wild lilies and bluebells, with beds of showy polyanthus of every hue forming a bold splash of color against the verdant background. Here and there a brilliant fuchsia reared his head from the hollow limb of a stately oak. The rock garden with its wealth of purple and white heath, aubretia, saxifrage, rock-roses and other blossoms in bloom, presented a picture of admiration from the host of visitors who explored the many beauties of this lovely old garden.

Mrs. J. F. C. Hyndman, acting president, and Mrs. Pemberton received the visitors. Tea was served in the house, where the forty small tea-tables were occupied most of the afternoon, so heavy was the rush. Mrs. Edwin M. Brown and Mrs. J. H. Fletcher took the tickets. Mrs. C. W. Bradshaw, the energetic convener of the tea arrangements, was assisted by Mrs. Walter Adams, who had charge of the drawing-room, Mrs. R. R. Taylor and Mrs. Perry, of the conservatory, Mrs. Herbert Pender, the dining-room, while Mrs. W. H. Gee, Mrs. A. J. Clyde and Mrs. Spofford, assisted in preparing the refreshments, and The Misses Mildred Clark, Betsy Ingalls, Mary Campbell, Marguerite Morgan, Kathleen Clay, Kitty Collinson, Peggy Humber, Frieda Hunter, A. Taylor, B. Hyndman, Dorothy Hicks, Mrs. Somers, Mrs. Ernest Adams and Mrs. Hodges served tea. Mrs. W. A. Gallifer, the club treasurer, and Miss Sara Spencer presided at the entrance to the grounds. The club is greatly indebted to Mrs. Pemberton for her generosity in throwing open the grounds for their benefit in this and previous years.

Arts and Crafts Club—The Island Arts and Crafts Club will hold a bridge and 500 party in the club rooms, 202-3 Union Bank Building, on Thursday evening, April 14 at 8.15 p. m. Members wishing to attend are requested to send in their names before April 9 to Mrs. W. H. P. Sweeney, telephone No. 2150.

Annual Daffodil Tea—The girls' forward class of St. Andrew's Presbyterian Church will hold their annual daffodil tea on Saturday, next, from 3 to 5 p. m. They will also have for sale: Flowers, home cooking, candy, etc. A good musical programme has been arranged. A cordial welcome is extended to all.

Knights of Columbus—Duoce—For the first time since the war, the Knights of Columbus will hold a ball to-morrow evening, April 7, at the Alexandra ballroom. The Knights are sparing no effort to make the ball a huge success and a large gathering is expected. Good music will be furnished and supper will be served.

THE GOBLINS' BALL Part II

The Queen and her fairies were looking at the beautiful place the Goblins had made of their home under the rocks when from one end there sounded the soft notes of the Cuckoo, for the Goblins had even borrowed him for their wonderful ball. When all the guests turned to look, hundreds of butterflies of all colors flew toward them to tell them supper was ready, and the Goblins led their guests into a room where all the summer flowers were in full bloom.

A big mossy bank was the table and on moss-covered stones the guests were seated. Bees, dressed in their black and yellow coats, buzzed about with honey served on a pink rose leaf plate for each guest, and glow-worms crept silently about, furnishing soft lights as they passed to the fairies a butterfly goblin filled with dew.

Butterflies and eggsplant was so beautifully served that the Fairy Queen said that her own fairy could

They flitted home

Lydia is of Latin origin. She is one of the feminine names derived from places. As Delia comes from the island of Delos, so Lydia became a proper name in honor of the city of Lydia, which played such an important part in early history.

Lydia has a deep and reverent Biblical significance, since the first Lydia was the seller of purple who became converted by St. Paul at Thyatira. Her story is contained in one of the striking passages of the Acts.

Englishwomen, who seem especially given to Scriptural names, adopted Lydia quite early in history. The name flourishes in the pages of English literature, and also has extreme vogue in this country. Curiously enough, it seems to have escaped translation into any other than the English language.

Lydia, a name not in common usage but none the less musical, may possibly be a contraction of Lydia, if such is the case, the name is no doubt the outcome of personal feminine preference, and without etymological sanction.

The yellow jaquith is Lydia's talismanic stone. It will guard her from danger and disease, particularly when she is travelling. The wearer of a jaquith need have no fear of lightning, since the stone is said to be proof against that menacing element. According to ancient legend, a jaquith will break as a warning of the approach of evil. Thursday is Lydia's lucky day and her lucky number, Yellow is her color.

There were nuts dipped in honey that the squirrels had sent, for they were very fond of the fairies and wanted to help with the supper.

Mr. Rabbit had sent the nicest lettuce he had in his garden and everyone said the salad was the best they had ever tasted; but when the desert was served it was so wonderful no one could say a word—all they could do was to eat it.

One of the rose leaf plates was served a wonderful cloud pudding, rose-tinted like the Summer sky, for the Goblins had taken Madam Summer at her word and borrowed everything they could think of.

When the supper was over the butterflies led the guests back to the hall, where the band was playing for the dance, and each little Goblin took a fairy for his partner and tripped gaily over the floor, while the tink-

ling of the bluebells worn by the fairies made it sound, as well as look like, an enchanted place.

But even a fairy party had to end, and while they were dancing in came Mr. Owl, for he had promised the Goblins he would let them know when it was time to go home.

"It is getting late, he solemnly announced, and while everyone was sorry to hear it, the Queen and her fairies thanked the Goblins for the beautiful party and their good time and flitted off home so tired they went to sleep without taking off their wings.

Of course, all the things they had borrowed from Madam Summer the Goblins carried right to her, for she was by this time home and asleep, and leaving them softly by her door, they ran back to their rocks as fast as they could scamper.

And now you know the reason that some morning you have found all the Summer things gone when you went out in the garden, though you thought it was too early for Madam Summer to depart.

GONZALES CHAPTER TO HOLD RUMMAGE SALE

The Gonzales Chapter, I. O. O. E. met yesterday at the headquarters with Mrs. L. B. Kent, the regent, in the chair. With all the members standing, Mrs. Kent deplored the death of Mrs. Acworth Angus, a valued member, and a vote of sympathy was extended to her son in his great loss.

A discussion on the recent children's flower ball revealed that while the attendance was not as large as had been anticipated, the financial result was satisfactory, over \$200 being taken, and it is the intention of the Chapter to make the ball an annual affair. Three new members, Mrs. C. A. Hartley, Mrs. A. Lester Forbes and Mrs. L. R. Davies, were added to the Chapter's roster.

Plans were made for a rummage sale to be held on Saturday, April 16 at a place to be announced later. Many volunteers are needed to collect, price and sell the goods. It is hoped that all members will endeavor to make this undertaking a financial success, as the proceeds will be devoted to the War Memorial Fund.

Two historical pictures will be presented by the Chapter to the Montreux School on St. George's Day, when it is hoped there will be a large attendance of members. Mrs. Kent was appointed to represent the Chapter at the annual provincial meeting on April 19 and 20.

HELP! HELP!

Harkins had lived in his new home but a few weeks, and scarcely knew his neighbors by sight at the time of his fire. On rushing out of the

front door he found two of them already on the scene.

"I say," Harkins cried, excitedly, "will you run to the corner and give the alarm?"

"Very sorry," explained the man,

THE RIDDLE OF THE FROZEN FLAME

By MARY E. AND THOMAS W. HANSHEW

CHAPTER XVI.

Trapped!
"You damned, skulking liar!" Merriton leapt forward suddenly, and it was with difficulty that Cleek could restrain him from seizing the butler round the throat.
"Gently, gently, my friend," interposed Cleek, as he neatly caught Merriton's upthrown arm. "It won't help you, you know, to attack a possible witness. We've got to hear what this man says, to know whether he's speaking the truth or not—and we've got to go into his evidence as clearly as we can. The expression of your face so plainly said, 'What right has he to go meddling in another man's affairs like this?' that it was obliged to confess the fact, for the sake of my self-respect. My friend here, Mr. Lake, is working with me." At this he gave Borkins a keen, searching look, and saw in the man's impassive countenance that this was no news to him. "Now then, my man, speak out. You tell us you heard that revolver when your master fired it from his bedroom. Where are your quarters?"

"On the other side of the 'ouse, sir," returned Borkins, flushing a trifle. "But I was up in me dressing gown, as I'd some'ow thought that something was amiss. I'd 'eard the quarrel 'ad taken place between Sir Nigel and poor Mr. Wynne, and I'd 'eard 'im go out and slam the door be'ind 'im. So I was keeping me ears peeled, as you might say."

"I see. Doing a bit of eavesdropping, eh?" asked Cleek, and was rewarded by an angry look from under the man's dark brows and a sudden tightening of the lines about his mouth. "And what then?"

"I kept about, first in the bathroom, and then in the 'all, keeping my ears open, for I'd an idea that one day things would come to a 'ead quarrel," said Sir Nigel, and had taken Mr. Wynne's girl and—

"Close your lying mouth, you vile beast!" spat out Merriton, vehemently, and don't you dare to mention her name, or I'll stop you for ever from speaking, whether I hang or not!"

Borkins looked at Cleek, and his look quite plainly conveyed a meaning that he wished the detective to notice how violent Sir Nigel could be on occasions, but if Cleek saw this he paid no heed to the heated remark. "Speak as briefly as you can, please, and give as little offence," he cut in, in a sharp tone, and Borkins resumed:

"At last I saw Sir Nigel and the Doctor and Mr. West come up the corridor together. I 'eard 'em bid each other good-night, and the Doctor went into 'is room, and Mr. West returned to the smoking room, and 'eard Sir Nigel's key turn in 'is lock. After that there was silence for a bit, and all 'e ears was 'is moving about and muttering to 'imself, as though 'e was angry about something. Then, just as I was 'eard 'e went back to me own room, I 'eard the pistol-shot, and nips back again. I 'eard 'im say, 'Got you—you devil!' and then without waiting for anything else, I run down to the servants' 'all, which is directly below the smoking room where the other gentlemen were talking and smoking. I peeped out of the window, upward—for it's a half-basement, as perhaps you've noticed, sir,—and there, in the light of the moon, I saw the figure of a man crouching down against the gravel on the front path, and makin' funny sorts of noises. And then, all of a sudden, 'e went still as a dead man—and 'e was a dead man. With that I flies to me own room, frightened half out of me wits—for I'm a peace-loving person, and easily scared. I'm afraid—and then I locks meself in, sayin' over and over to meself the words, 'He's done it! He's done it at last! He's murdered Mr. Wynne, he has! And that's all 'ave to say."

"And a damned sight too much, too, you liar!" threw in Merriton, furiously, his face convulsed with passion, the veins on his temple standing out like whipcords. "Why, the whole story's a fake. And if it were true, tell me how I could see Wynne's body out of the way so quickly, and without any one hearing me, when every man in that smoking room, from their own words, and from those of the doctor here, was at that moment straining his ears for any possible sound? The smoking room flanks straight on the landing, Mr.—Headland—" He caught himself up just in time as he saw Cleek's almost imperceptible signal, and then went on, his voice gaining in strength and fury with every word: "I'm not a giant, am I? I couldn't have lifted Wynne alive and with his own assistance, and if ever I get out of this thing alive, I'll show Borkins exactly what I think of him. And why you should give credence to the story of a lying servant, rather than to mine, I cannot see at all. Would I have brought you here, you, a man whose name—" And then in the excitement which had him in

its grip Nigel felt Cleek's will, powerful, compelling, preventing his giving away the secret of his identity, preventing his telling that it was the master's mind among the criminal investigators of Europe which was working on this horrible affair.
He went on, still in a fury of indignation, but with the knowledge of Mr. Headland's true name still locked in his breast. "Did I bring you here as a friend and give you every opportunity of a very bad cold, this business, to have you arraign me as a murderer? Do not treat me as a suspect, Mr. Detective. I am not on trial. I want this thing cleared up, yes; but I am not here to be accused of the murder of a man who was a guest in my own house, by the very man I brought in to find the true murderer."
(To Be Continued.)

Had An Annoying Hacking Cough GOT NO REST AT NIGHT

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest and keeps the lungs and bronchial tubes in such an irritated and inflamed condition, that unless you get immediate relief the cough tried several remedies, but there is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the lung healing virtues of the pine tree with which is combined wild cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta., writes:—"About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after using four of them my cough has all gone. Now I always keep it in the house."
"Dr. Wood's" is put up in a yellow wrapper; three pine trees the trade mark, and is sold in bottles. Manufactured only by The T. M. Burn Co., Toronto, Ont.

SUPERANNUATION ACT DISCUSSED BY CIVIL SERVANTS

Claim Measure Will Work Hardship Upon Lower Paid Ranks

The monthly meeting of the Victoria Branch of the Provincial Civil Servants' Association was held Monday evening in the Campbell Building.
A letter was read from the Students' Welfare League inviting the Civil Service to enter a candidate for the coveted honor of Queen of the forthcoming carnival, which letter was referred to the Social Committee to be dealt with.
Mr. George Palmer, Secretary-Treasurer of the Branch since his inception, tendered his resignation, an announcement which occasioned universal regret. Many tributes were paid to the retiring officer, and hearty appreciation of his invaluable services was voiced. It was left to the executive to select a successor.

Superannuation Act
The Superannuation Act was then discussed, and it was evident from the tenor of the criticisms that the measure had been closely scrutinized. Undoubted hardship upon the lower paid ranks, coupled with certain features of an unsatisfactory character caused much foreboding. It was stated that the Act inflicts hardship upon two-thirds of the Service, and actuarial evidence pointed to the improbability of the scheme costing the Province anything like dollar for dollar on the amount compulsorily forthcoming from the civil servants since the employees' contribution would pay his superannuation for four years, when he would have attained the age of 69, an age at which the expectation of life is scarcely more than ten years, and the Government funds be drawn upon if at all. The younger Civil Servants felt it was incumbent upon them to provide for their dependents first rather than for their own old age, but the Act was held to stifle existing insurance, and certainly to prevent additional insurance being taken out.

Motions Passed
Two motions were passed, the first to the effect that representations be made with a view to having a draft of the regulations governing the administration of the Superannuation Act submitted to the Civil Service, the second that the Act be referred to the legislative committee in order that amendments might be prepared in readiness for the Autumn session of the Legislature.

Civil Servants desirous of contracting out of the Act, a step which they are apparently at liberty to take, have but a short time in which to make application, since it was understood the April salary cheques will bear the superannuation deductions.

SANTA BARBARA AGAIN
Director E. Mason Hopper and the company filming "Look Before You Leap," the screen version of Thompson Buchanan's successful stage comedy, "The Bridal Path," have returned from their second trip to Santa Barbara, where the exteriors were taken. They are now working at the studio on some comedy scenes which will be decidedly out of the ordinary.

The Health Drink for you who think

THE captains of commerce and industry are always seeking improved ways and means of increasing the efficiency of their organizations—and it is undoubtedly the human element which presents the most baffling problem. Personal efficiency solves itself into keeping one's body and brain as near as possible to the 100% standard, but in these strenuous days fresh air and exercise are very often out of the question. For this reason, the early morning glass of water-sparkling with a dash of ENO is absolutely essential to safeguard the health of every worker, in every sphere of activity.

ENO'S FRUIT SALT

If everyone knew the merits of ENO—this Health Drink would be found in every home, office, and factory throughout Canada—for there is nothing to equal ENO as a regulator of health. Ask your druggist for a bottle and test ENO to your own satisfaction.

ACCIDENT AT SEA ENDS IN COURT

Owners of Tug Alcedo Relieved of All Blame

Vancouver, April 6.—By relieving the owners of the tug Alcedo of liability in respect of loss and damage to a shingle crib an action of considerable interest has been disposed of in the County Court by Judge Grant.

On the night of April 3, 1920, the tug was towing two empty shingle cribs from Vancouver to Lang Bay, about sixty miles up the coast, and during a severe storm the second crib broke away. It was picked up next morning in a damaged condition. The crib was owned by John Smith of Lang Bay, and when he refused payment of \$350, made up of towage of the crib from Lang Bay to Vancouver, the latter part of March, suit was entered in the County Court by Captain W. C. Brewer, the Alcedo's owner, to recover that amount.

John Smith instituted a cross action for \$3,000, basing his claim on damage to the crib and loss of profits during the interval the crib was out of commission. Following the dropping out of the shingle market, and Mr. Smith contended he suffered great financial loss because he was unable to transport a quantity of shingle bolts from Lang Bay for the reason his crib was not working.

By consent the two actions were consolidated, and tried in the County Court.

Negligence was imputed against the tug's crew. It was alleged on behalf of Smith that two distinct towlines should have been fastened to the cribs, instead of, as happened, one tow line to the first crib, and a 100-foot hawser connecting the cribs to-

gether. Counsel for Smith argued this latter practice proved very disadvantageous in storms, and resulted in violent jerking when the cribs were up and down in the trough of the sea. A separate tow line should have connected the nearest crib, and another distinct tow line from the tug should have passed under this crib to the farther crib, maintained counsel.

Judge Grant refused to accept this view and decided the tug's crew was not negligent, and that the accident was a misadventure of the seas for which the Alcedo's crew were in no way responsible. Consequently his honor dismissed with costs the action of Smith vs. Brewer, but allowed with costs the claim of Captain Brewer for towage.

H. B. Robinson was counsel for the Alcedo's owner, and E. C. Mayers conducted the case for John Smith.

SHIP SEQUESTERED FOR PORT CHARGES

Stockholm, April 6.—The American steamer Edgell, belonging to the United States Shipping Board, has been sequestered to insure payment of ship's charges.

The Edgell, bound for New York and Manila, arrived at Karlshamn, Sweden, the latter part of March. Part of her cargo had been damaged by sea water and heating.

C. G. M. M. LISTINGS.

Vancouver, April 6.—The next C. G. M. steamer for Australia will be the Canadian Winner, May 15. She will be followed by the Canadian Highlander, June 5. It is possible the Canadian Skirmisher may take the run of the Winner. The Canadian Inventor will be loading for India by June 20. It is expected that the Egyptian lines will get away on the Canadian Prospector and Canadian Traveller on April 15 and April 25 respectively.

MANY PACIFIC CRAFT CAUGHT IN TYPHOON

S.S. Alabama Maru Washed Ashore; Toyama Maru Also in Bay at Time

Several vessels well known locally were concerned in the terrific storm that swept the southern coast of Japan on Sunday night. The Alabama Maru, says the local O. S. K. office, was due to sail on that date, and was riding at anchor in the bay at Yokohama. She dragged her anchor and went ashore, the report says, along with several other vessels in a similar plight. The N. Y. K. Toyama Maru was due to sail on that date, and was yesterday, and must have experienced the same storm. A number of ships were driven ashore, and eight lives were lost during the first few hours of the storm, which wrought untold havoc among the smaller craft.

The report gives word of small craft being washed far ashore, and larger vessels breaking away from their moorings, through all of which tugs fussed inexorably to try and right the damage. Several tugs fouled while on the job, and a disaster was attended in isolated cases with some loss of life. On shore the hurricane wrought havoc among buildings and all superficial structures, and dealt a severe financial blow to the community in many different ways.

The Golden State, the U. S. Shipping Board vessel, made port during the height of the storm and was a very warm welcome at the hands of all. Three thousand houses were destroyed and the famous bridge across the Tenryu destroyed, it is stated.

KEYSTONE STATE NEARING COMPLETION

To Follow Str. Wenatchee Shortly From New York Yards

Seattle, April 6.—Officers of the Pacific Steamship Company, the Admiral Line, were advised yesterday that the liner Keystone State, a sister ship of the steamship Wenatchee and the second passenger vessel to be assigned to the Seattle-Oriental route by the United States Shipping Board, would be ready for delivery to the company May 21. A sailing schedule for the new vessel is being arranged. She will sail from New York for Seattle June 4. The Keystone State is nearing completion in the yards of the New York Shipbuilding Company, Camden, N. J.

PATHETIC TRAGEDY ON AFRICA MARU; BRIDE SUICIDES

Japanese Honeymoon Broken With Drowning of Bride at Own Hands

With the arrival here of the O. S. K. Africa Maru yesterday afternoon came word of another sad incident that occurred on this eastbound trip. Captain Yamamoto reported that on March 31 on the lady passengers a Japanese lady, Sute Onishi by name, disappeared from the vessel and could not be found after a diligent search. It is thought that the unfortunate lady threw herself overboard in a fit of temporary insanity.

Her husband, Jukichi Onishi, who was returning from the Orient, where he had wedded the lady, appeared heartbroken and could assign no reasonable explanation for the unfortunate action of his bride. Sute Onishi was his second wife, recently met having passed away recently, her husband Onishi with two children in his home on the mainland, whether he was now bound with his bride of a few months.

The passengers state that the bride seemed thoroughly happy during the first few days of the trip, and are at a loss to assign any reason for her occurrence. The tragedy was peevishly reminiscent of a former one that occurred on the same vessel on a recent trip to this coast, when a young man, returning with his bride to this country became suddenly insane and tried for several days to make away with himself. He was caught on several occasions in the act of getting over the ship's rail and was hauled back to safety, and every time promised to think better of the intended self destruction.

At last confined to the ship's cabin, the young man was found hanging from the ceiling, having inflicted a death by hanging himself by means of twisted bedclothes. His bride was demoralized by the loss and was for a long time in charge of the immigration officials here, in a very serious mental condition.

Captain Yamamoto reported a fine trip, with, however, some sharp squalls when a few days out. The customary stowaway made the trip, but was discovered when the ship was only just clear of her Japanese terminal and put to work. He will work his passage back to the Orient, where he will be placed on the shore he tried to leave by this means. He was under surveillance yesterday all the time the Africa was at dock. The Africa Maru carried a large passenger list, as detailed previously, and had fair mails. Eddie Hubbard, the aerial postman, arrived from Seattle via the hood ship route shortly after three o'clock and picked up his quota

MOVES TO NEW OFFICE

CHARLES F. EARLE

District Passenger Agent for the G. T. P. Steamship Company, who is now located in the new offices of the Canadian National at 21 Government Street, with the passenger staff. "Charlie," as he is widely known among transportation men on the Coast, has been identified with the transportation business since boyhood. He joined the forces of the Grand Trunk railroad and served with them in most of the transportation centres from Belleville, Ontario, to this Coast. Prior to the amalgamation of the two lines "Charlie" Earle was head of the passenger department of the G. T. P. and since that date has been officially styled district agent of that department of the Canadian National. Of all the general transportation men in this city, or indeed on the Coast, there is no man with a smile that is backed by ability to put things through.

ENGINES COMING FOR HUDSON'S BAY AUXILIARY SCHOONER

Vancouver, April 6.—The engines for the auxiliary schooner Lady Kindersley are now coming up the coast on the Shipping Board steamer Bakersfield. EMPRESS OF ASIA CARRYING MANY ON EASTWARD RUN

Large Chinese List is Notable Feature of Present Incoming Voyage

The Canadian Pacific Ocean Services liner Empress of Asia has left China for Victoria with the largest load of Chinese passengers that has ever been carried on a P. C. S. steamship, with the exception of the coolies that were brought across Canada during the war. The present load of the Asia is a record for ordinary travel. The include 323 out of Hongkong. They include 335 for Tampico, 107 for Havana, 90 for Boston, and the balance for Victoria, Vancouver and other coast points. The liner Empress of Japan has just left Yokohama and is due April 12. She also has a big band of Chinese nearly 500. They include 90 for Havana, 115 for Tampico, 50 for Boston, and others for Canadian ports.

The Empress of Japan has a cargo of 2,000 tons. It consists of silk, general and perishables.

NAVAL COLLEGE

LOSING PROMINENT INSTRUCTOR SHORTLY

Commander B. S. Hartley, R.N., Retiring From Service at Esquimalt Station

With the retirement of Commander B. S. Hartley, R.N., in August, the Royal Naval College at Esquimalt will suffer a severe loss, and one that will occasion widespread regret on the other members of the staff and the total students body. Commander Hartley has had a long and distinguished career with the Royal Navy, and has been identified with the Royal Naval College in Canada since its inception. The reasons for the retirement of such a valued member of the staff lies in the fact that Commander Hartley has qualified for Foreign Service leave of one hundred and twenty-five days, and is about to enjoy that privilege. His successor has not yet been announced.

Commander Hartley, who was a wrangler at Cambridge, joined the Royal Navy in 1892, and has served in many notable eras of the imperial units. He was intimately identified with the Royal Naval College at Greenwich, and later posted to the College in Canada, at its foundation in 1904. He has been in the department will occasion a blank that will not be readily filled, and is being regarded with the sincerest regret on the part of all who have had the honor of his acquaintance.

FORECAST COASTAL MARINE STRIKE

Workers Threaten to Tie Up Coast Traffic

San Francisco, April 6.—That a coastwise strike by the workers will be called within the next 48 hours was the prediction made last night by officials of the various unions. The Marine Engineers' Benefit Association, a friendly organization of the engineers, has definitely refused to consider the wage cuts proposed by the ship owners.

"We will tie up every ship on the Coast by the end of the week," said T. J. Tegg, secretary of the association. "Their proposal would cut the wages of every man nearly one-third. That means more than \$120 a month to most of the men and they can't stand it, that's all. If we accepted the offer of the companies we would be put on the same working basis as the Japanese and Chinese employees of the foreign boats."

MARINE NOTES

According to word received by the Great Northern office here to-day the N.Y.K. Fushimi Maru, Captain Shimizu, will make quarantine by dusk on Thursday night, and may manage to get up to the dock to-morrow night. The N.Y.K. Toyama Maru was due to sail yesterday from Tokyo and was in the bay for the recent hurricane there which caused considerable damage among ships at anchor.

F. O. Finn, of the Chicago, Milwaukee and St. Paul office here, returned to-day from Seattle, where he has been making arrangements for his accommodation on board the Wenatchee for the Orient. He will take 15-900 passengers to the Far East for distribution there. The folder is one Mr. Finn designed himself, and entitled "Through America via Seattle." C. P. Sargent, of the White Star office in Seattle, returned with Mr. Finn on business trip to this city.

WOULD LEASE BOARD VESSEL FOR NORTH ARRANGEMENTS UNDER WAY FOR SEWARD AND DUTCH HARBOR SERVICE

Washington, April 6.—Proposal for the lease of a United States Shipping Board vessel to be operated on the Alaska Coast between Seward and Dutch Harbor, was considered at a conference yesterday between Secretary of the Interior Fall and officials of the Board. Following the conference, Captain Foley, director of operations of the Shipping Board, indicated that the Board would be willing either to lease or sell a suitable vessel for the service to any private interests that might organize for its operation.

Police Will Be Present To Keep Fans Off Field

Mets and Vets Are Scheduled to Replay Their Drawn Game in the Semi-Finals of Jackson Cup Series on Saturday; Manager Livingstone and Menzies of Mets Suspended; Plump Gets a Warning.

Police will be present and no spectators will be allowed on the field when the Metropolitan and G. W. V. A. soccer teams clash at the Royal Athletic Park on Saturday afternoon. These decisions were reached at a meeting last night of the district council of the B. C. P. F. A., which is conducting the play in the Jackson Cup series.

No chances are to be taken in the replay on Saturday between these teams. The playing field is to be strictly reserved for the players and the soccer fans must be content to remain in the bleachers and grand stands. The blue-clothed chaperones of public behavior will be present to see that the wishes of the council are rigidly enforced.

For Players Only.

Last Saturday's game between the Mets and Vets caused one of the biggest upsets in soccer that the city has heard in many years. The Council believed that the spectators who crowded on to the field had a great deal to do with exciting the players to commit breaches of the rules and in order to prevent a recurrence of this scene the field is to be kept solely for the use of the 22 athletes who will play the game.

There was considerable discussion over the game at last night's meeting and the representatives made known their views in no uncertain manner. Owing to the Saturday fracas the Jackson Cup series was upset. The second round, which acts as the semi-finals, was suspended. The Council decided to have the games replayed on the coming Saturday. The Vets and Mets, however, will not have a chance to replay the whole after their own amusement. They will have to take the field after the Mets and Vets have had a chance to replay the whole after their own amusement.

Wests and Comrades First. The Wests and Comrades first game was suspended. The Wests and Comrades first game was suspended. The Wests and Comrades first game was suspended.

Suspensions Handed Out. Two suspensions were handed out at the Council meeting last night to players and officials who were a little too aggressive in Saturday's football mix-up.

Referees Selected. Referee Ockwell has been delegated the task of handling the Mets-Vets game on Saturday, while Referee Langton will handle the Comrades-Wests match. Referee Pearson has been selected for the finals on Wednesday next.

Ball Players to Report Next Week For Training

Transportation Wired Ball-Tossers Last Night; Most Athletes Will Be Here By Tuesday and First Workout Will Be Held on Wednesday; Interest Becoming Keen Now That Ball Season Is About to Be Unleashed In.

Members of the Victoria baseball team will begin to reach the city to commence their Spring training about Tuesday of next week. Last night transportation was wired to the many players who have signed contracts to play with the Capitals. Some of those who have but short distances to travel will be here at the end of the week, but the bulk of ball-tossers who are in Southern California will not be able to report until the first of next week.

All teams in the Pacific International League will commence their training season within a few days of one another. Bob Brown has sent Billy Partell, his new manager, off to Mt. Vernon, Wash., to train his squad and the Beavers will begin to report towards the end of this week. Charley Mullen, who will handle the Tacoma team this year, has ordered his players to be in camp by Friday for the first workout. The team expects to be in full strength by the beginning of next week.

LADIES' BASKETBALL TITLE IS AT STAKE

First Presbyterian and St. Andrew's Teams Play To-night; Expect Fast Game

To-night at 8 o'clock in the Y. M. C. A. gymnasium the championship of the Ladies' Senior Basketball League will be decided. The First Presbyterian girls will play St. Andrew's Presbyterians in what should prove to be the best ladies' game of the series. Both teams are fast and have shown fine form in the "A" league. Playing all through without losing a game and are now tied for first place.

First Presbyterian girls have won the shield two years in succession, and should they succeed in winning from St. Andrew's to-night, will create a record with three straight wins. St. Andrew's won the championship away back about 1915, when Margaret Burridge was the outstanding star on the team. Jean Burridge, also played on the team. Since then the lassies from First Church have carried everything before them and are again looking upon a possible title.

To-night's game should provide plenty of excitement, as Jean Burridge and Belinda Hamilton are rapid scorers. Dorothy Melville, Clara French and Elizabeth Cuthbert are all showing up very well this season for St. Andrew's.

St. Andrew's is the leading scorer this season on the First's line-up. Dorothy Aird is shooting well. Lily Christie holds down the centre post, and remarkably well while Bessie Forbes and Betty Harkness are both playing a fine defence game.

Bud McKinnon may also get an opportunity to show her speed in to-night's game. "Bud" occupies the utility role and can play any position on the team.

Another Crucial Game. St. Andrew's speedy five who have shown the way all through the season arrived on the night to decide the league leadership. Crusaders have crept up steadily in various ways to extend themselves to capture the "B" honors.

The "B" Senior League is as follows: Crusaders 8 Belmonts 5 Queen's Park 4 Tillamook 3

DOLLAR ADMISSION TO SCOTTISH GAMES CLAIMED EXCESSIVE. Montreal, April 6.—Regarding the forthcoming Scottish football tour The Star says: "Soccer people in this part of the country are still a bit sceptical about the tour."

Team Will Be Alright. "We'll be alright for the championship," said Blankenship this morning. "I have seen most of them work and I know they are all capable ball players. The other managers in the league are not saying very much. I know but I know they are all hot on the job and are trying hard to stop Victoria from scamping to another pennant this year. But we'll try and fool 'em all again."

THE EFFECT OF PRACTICE. When Smithers joined the local football club, he received a doubtful welcome, for he was a weedy youth. The captain told him, however, that he might get on if he practiced. "Shouldn't be surprised, too, if it made you lose that nasty cough of yours," he added. "Don't forget, practice is the thing."

REGIMENTAL ORDERS. By Lieut.-Col. C. W. Peck, V.C., D.S.O., commanding the Canadian Scottish Regiment, the Army. Bay Street, Victoria. AUSTRALIAN BICYCLE RIDERS NOW IN LEAD

Chicago, April 6.—With Koehler and Hill still one lap behind the other teams in the six-day bike race held here yesterday, the Australian team, are leading with 27 1/2 points, with 19 1/2 points for the Belgians.

WHERE'S THE BALL? The poor record of the English cricketers in Australia has been partly due to bad fielding, and fewer catches than have been missed had the team included super-fielders of the class of Jessop and Ranjitsinhji. Perhaps the most remarkable catch ever recorded was one made by the famous Indian at Cambridge. The ball came spinning in his direction, but he hardly moved, and the wicketkeeper, L. H. Gay, called out to him: "What are you doing, Ranji? Run after the ball! It's gone to the boundary!"

CHESS CHAMPIONS IN ANOTHER DRAW GAME

Havana, April 6.—The eighth game of the international chess games between Emanuel Lasker and Jose R. Capablanca was declared a draw last night. There were no moves in addition to those of Sunday night in the first half of the game, which was adjourned after thirty moves.

AMATEUR WRESTLERS AFTER U. S. TITLES

Los Angeles, April 6.—Wrestlers from all parts of the United States are expected to arrive here to-day and to-morrow for the A. A. U. championship contests to be held to-morrow and Friday night at the Los Angeles Athletic Club. More than seventy have entered.

SHAWNIGAN BOYS WIN

Duncan, April 6.—The Shawnigan Lake School, by a score of 5 to 1, defeated the Boy Scouts' team in football at the Recreation grounds here on Saturday afternoon, and by their win will be holders of the Business Men's Challenge Cup for the year. It was a clean-cut game.

FALLS VICTIM TO CITY'S ATTRACTIONS

Well-known Druggist of Calgary Locates Here; Buy Business

Another tribute to the attractions of Victoria is evidenced in the fact that J. G. MacFarlane, who for the past eleven years has operated drug stores in Calgary and before that was engaged in the drug business in Ottawa, has decided to make this city his permanent home.

Mr. MacFarlane acquired the habit of spending his vacations in Victoria and the oftener he visited the stronger became his conviction that this was the ideal city in which to settle permanently.

NINETY-FOUR CASES NURSED BY V. O. N. DURING MARCH

To Be Troubled With CONSTIPATION THE CAUSE OF MANY ILLS

If you do not feel well and go to your family physician, one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels.

If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and those troublesome piles, which cause so much annoyance and misery.

Doesn't hurt a bit! Drop a little 'Fresons' on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble, Caused by Fermenting Food and Acid Indigestion

Gas and wind in the stomach accompanied by that full bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called 'acid indigestion.'

LEADING ARTISTS TO SUPPORT MRS. GIBSON

Attractive Programme For Benefit Concert at Mrs. G. G. Bushby's April 15

Leading lights in Victoria's musical world, anxious to pay their tribute to a fellow-artist who has on many occasions contributed in no small measure to their own success, have volunteered their services in connection with the benefit concert to be given in honor of Mrs. A. J. Gibson, the well-known accompanist, at the home of Mrs. George G. Bushby, 'Clairden,' St. Charles Street, on the evening of April 15.

HENRY C. HALL TO ADDRESS UNITARIANS AT SAN FRANCISCO

Henry C. Hall, of the firm of Hall & O'Halloran, Central Building, Victoria, and J. Randolph Coolidge, Jr., a prominent lawyer of that city, are to be the principal speakers at a great laymen's mass meeting in San Francisco on April 14, the last day of the session of the Pacific Unitarian Conference.

MUTT AND JEFF

SIR SIDNEY HAS MADE ME THE SKIPPER OF HIS YACHT AND NEXT WEEK WE LEAVE FOR A CRUISE OF THE SEVEN SEAS. THE ONLY THING THAT WORRIES ME IS THAT I GET SEA SICK SO EASY!

JEFF, MUTT! I'M GONNA BE SIR SIDNEY'S SKIPPER! LISTEN: DIDN'T YOU TELL ME ONCE THAT YOU KNEW OF A SURE CURE FOR SEA-SICKNESS?

SURE! BUT I PAID TEN BUCKS TO SPINIS FOR THE SECRET, MUTT!

IF YOU WANT A SURE CURE FOR SEA-SICKNESS I'LL SLIP YOU THE DOPE FOR ONE BUCK!

HERE'S A BUCK! WHAT DO I HAVE TO TAKE?

YOU DON'T HAVE TO TAKE ANYTHING: BUT THERE'S ONE THING YOU MUST DO WHEN YOU FEEL THE SYMPTOMS COMING ON!

AND WHAT'S THAT?

GET OFF THE BOAT AND SIT UNDER A TREE AND YOU'LL SOON RECOVER!

ANTHRACITE COAL SHIPMENT

Shipments of anthracite in February, as reported to the Anthracite Bureau of Information in Philadelphia, established a new record for that month, totalling 5,366,401 gross tons. The nearest approach to this figure for February during a normal year was in 1912, when the shipments amounted to 5,375,968 tons, and the next nearest approach was in the year of 1914, when 5,312,082 gross tons were shipped. The shipments last month exceeded those for January, a long month, by 255,543 tons, and exceeded February, 1920 by over 1,000,000 tons.

A Man is just as Young and Strong as his Blood

No man can fight the battles of life and hold his own if his blood is not pure, for rich red blood is what strength is based upon. When you see a strong, vigorous man, who never knows when he is licked, you may wager that such a man has coursing through his veins rich, red blood. Many people have thin, pale blood. They are weak, tire easily, become discouraged quickly, and sometimes feel like giving up the struggle. Such folks need Dr. Pierce's Golden Medical Discovery, which is sold by druggists in liquid or tablet form. Contains no alcohol.

CENTRAL BUTTE, SASK.—"I have used Dr. Pierce's Medical Discovery for a number of years, and am pleased to recommend it as a blood purifier. I know it has no equal, as I used it for my boy. My neighbors and friends were surprised with the results; in fact, I do not think he would be alive to-day had it not been for the 'Medical Discovery.' I also keep it on hand for coughs, as it differs from other cough medicines, instead of upsetting the stomach, as most cough syrups do. It is good for the stomach. I only wish I had known about Dr. Pierce's medicines sooner."—Mrs. FRANK WOOD.

Dark Horse Enters Race, Upsetting "Dope" on Liquor Board

Premier Oliver and members of the Executive carried on their session this morning right through lunch hour and until 2:10 o'clock this afternoon without any break and without reaching any decision.

The meeting to-day was devoted to consideration of the Liquor Control Board and a general discussion of the applicants. This is the first general discussion of the applicants the Executive has indulged in. The Premier explained before the meeting started that the discussion was preliminary to making the appointments.

It was said to-day that there is now a possibility of the personnel of the Board not being announced until next week. Matters have been somewhat complicated by the entry of W. T. McArthur, Vancouver hardware man and politician into the campaign for a commissionership and the big political support that has been swung over to him.

Practically all forecasts of the Board agree that Archibald Mainwaring Johnson, Deputy Attorney General, will be chairman. The chances of Col. H. S. Tobin as representative of the returned men, also look brighter.

MAKES INSPECTION OF BEACH RESORTS

Victoria and Saanich Beaches and Parks Committee on Tour

A tour of all the parks and beaches under its supervision was made to-day by the Victoria and Saanich Beaches and Parks Committee with the purpose of laying out the work that will be necessary during the present season.

It was decided that the camping site for motorists at Mount Douglas should be cleaned up and made suitable for this purpose as soon as possible. An area of about three acres has been set aside for the use of camping motorists adjoining the picnic grounds.

Water will not be laid to the picnic grounds this year as the Committee considers it more likely that a comprehensive water scheme for Saanich will be carried through and the matter can then be taken up. If the by-law fails to pass, however, the Committee decided that next year it would be advisable to pipe water down from a spring on Mount Douglas.

A gang of men started work to-day being called away the broom in the vicinity and it is being uprooted in order that the broom may be eliminated altogether. This was not done, however, without strenuous objection from Alderman Andros. Alderman Todd, on the other hand, contended that in a few years it would prove a serious menace with the entire ground would be covered with broom if it were not done away with at the present stage.

No improvements were considered necessary at Cadboro Bay but at Cordova Bay the bathing facilities will be improved. At Island View Park the party ran into a covey of Hungarian partridges, a number of which were imported some years ago by Mr. Todd and released here. After taking luncheon at Brentwood Hotel, the party paid a visit to Verdier Park.

TO EXTEND WELCOME TO VISITING SHIP

Arrival of S.S. Wenatchee on Saturday Occasion Creates Interest

Representative of Provincial and C.M.P. authorities, of the Chamber of Commerce and other public bodies, will meet the S.S. Wenatchee, which will arrive in Victoria about 4 o'clock Saturday afternoon on route to the Orient, the first of a fleet of five new vessels to be put on the Seattle-Oriental run.

At a Chamber of Commerce Committee meeting this morning it was decided that a handsome presentation in the shape of a floral design should be made and an address of welcome extended to the captain and officers of the vessel.

Following these preliminaries, the boat will be thrown open for inspection by the public, and it is hoped that as many as possible will avail themselves of the opportunity of inspecting this splendid ship. The passengers will be taken for a drive about the city, and the boat will sail about 5 o'clock.

OBITUARY RECORD

The funeral of the late Mrs. Eunice Byers, whose death occurred last Monday at her home, 69 Olive Street, will take place to-morrow afternoon at 2 o'clock from the Sands Funeral Chapel. She was 63 years of age, a native of the United States and is survived by her husband and two sisters. Interment will be made at Ross Bay Cemetery.

The death occurred this morning of Bessie Eunice Boothby, the six-months-old daughter of Mr. and Mrs. Edwin J. W. Boothby of 371 Kerr Street. The funeral will take place to-morrow afternoon at 3:30 o'clock from the above residence. Interment will be made at Ross Bay Cemetery.

The funeral of Melrose Orr, whose death occurred in Germany on January 12, took place yesterday afternoon at 2 o'clock from the Sands Funeral Chapel. Relatives and many friends were in attendance, and the beautiful floral wreaths and sprays testified to the esteem in which the young man was held. The casket was conveyed to Ross Bay cemetery on the gun carriage, draped with the Stars and Stripes, as the deceased was a member of the American army, and at the graveside three volleys were fired by the Machine Gun Brigade, and the bugle sounded "Last post." The services were conducted by Rev. R. M. Thompson, and the pallbearers were Messrs. A. J. Welsh, W. O. D. Rooke, A. Traill, F. Cuddington, G. B. Strick, and J. Cuddeock, all members of the Great War Veterans.

I SUFFERED FIVE YEARS

Finally Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Paris, Ont.—"For five years I suffered from pains caused by displacement of my organs and in my back. All of this time I was unfit for work and was taking different medicines that I thought were good. I saw the advertisement in the papers of Lydia E. Pinkham's Vegetable Compound and took it faithfully. I am now in perfect health and do all my own work. I recommend it to others, and give you permission to publish this letter in your little books and in the newspapers as a testimonial."—Mrs. D. Cassidy, Box 461, Paris, Ont.

Why women will continue to suffer so long is more than we can understand, when they can find health in Lydia E. Pinkham's Vegetable Compound.

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc. If you want special advice, write to Lydia E. Pinkham Medicine Co. (Confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

VERY SMALL SUM WILL SAVE LIFE OF AFFLICTED RACE

Armenian Relief Committee Appealing For Yet Further Assistance

The Armenian Relief committee are continuing their efforts to collect funds for the alleviation of the destitute in that stricken district. Daily word is being received from the devastated area of the piteous sights that meet the eye of the mission worker in this time of crisis.

It would be a surprise to the everyday man to learn what a small sum of money will spell life for the little sufferers in that land, and the price of a life can be had for a very small pittance in these times of famine and destitution. The letters from the Armenian centre show that conditions are appalling for lack of funds, and the stricken people are dying out of sheer lack of will to continue life in these miserable surroundings. The Armenian Relief committee is still keeping open office on Fort Street, where a fuller explanation of the terrible and pathetic objects of this relief fund may be had upon inquiry.

DISTRESS IN THE THROAT CAUSED GREAT ANXIETY

Not an uncommon experience, was that of Mrs. H. S. Wilmet, of Rhulie, N. S.: "My remedies failed, still splendid results were found in 'Catharzone.' I have been a most dreadful sufferer from Bronchial trouble and Catarrh. On damp days I would hawk and suffer great distress in my throat. I used all kinds of medicines but didn't get permanent relief till I used Catharzone. It strengthened my throat, stopped my cough, and made me well." Try Catharzone yourself—see what wonders it works on a bad throat, or colds, catarrh, bronchitis. Different from the old way, because none has the Catharzone. Get the dollar outfit, which includes the inhaler and lasts two months. Small size 50c. Dealers, The Catharzone Co., Montreal.

MANY DRIVEN FROM HOME BY MARAUDING KURDS

New York, April 5.—More than eleven hundred refugees driven from their homes by the activities of the Turkish Nationalists are concentrated in the city of Ismid and surrounding villages at the point of projection of the Peninsula of Ismid and are almost entirely dependent upon the activities of Canadian and American workers of the Near East Relief, and the Armenian Relief Association of Canada for support, it is reported in dispatches received at relief headquarters here from agents in Constantinople.

This number does not include the orphans who have been gathered into asylums of the relief organization. Colonel James P. Coombs, relief director in the Ottoman capital, declares that although more than two hundred bales of Canadian and American clothes have already been distributed that there is urgent need for more, many of the refugees being almost entirely without garments.

Colonel Coombs also reports that efforts are being made to find a suitable building for another hospital because of the necessity for medical relief in Ismid. In addition to the maintenance of one hospital the relief organization is operating several clinics. According to Colonel Coombs, however, the need is too great to be filled by the present facilities.

Larry Samon, Vitagraph's comedy king, continues to use his cartoonist's sense of timeliness in filming and titling his comedies. He has just started one called "The Rent Collector." He recently finished "The Hick," in which his new leading lady, Marvon Aye, is seen for the first time. As the title indicates, part of the action in "The Hick" revolves about a farm, with comedy furnished by cows, mules, chickens and other barnyard denizens; then the action advances to the jazziest of big-city cabarets. Larry directed "The Hick." He was assisted in the direction by Norman Taurag.

COLONY OF AUTHORS IN WEST.

Metro's colony of writers is already composed largely of authors who have given up the lure of the city for the greater attractions of the soil. John Fleming Wilson, well-known author and traveler, who recently joined Metro's staff, has a large ranch in the San Bernardino mountains. Arthur Somers Roche, who recently arrived in Hollywood from New York, is seeking a similar foothold on California soil. John Russell, a product of New York, but an adopted chief of the Samoans, also has acquired a home in the foothills of the San Bernardino.

Ruth Ann Baldwin, of Metro's scenario department, has joined the ranks of Southern California's author-ranchers. Miss Baldwin has sought the isolation considered so desirable by writers on a desert ranch a mile long and nearly as wide.

PUMP MEN NOT TOLD TO WORK

Hitch in British Coal Strike Negotiations

London, April 6.—Speaking in the Commons this evening of the hitch in the scheme to reopen negotiations to end the coal strike Premier Lloyd George said the Miners' Federation had just informed him it was unable to see its way clear to instruct the mine, pump men (whom duty it is to keep the mines clear of water) to resume work during the negotiations.

Mr. Lloyd George declared it would be quite impossible for the negotiations to proceed unless this obstacle was overcome, and he hoped the men representing the miners would exercise their influence to induce the Federation to reconsider its stand on this point.

Cardiff, April 6.—Striking Welsh coal miners are reported to be developing an angry mood and threatening officials and workers at collieries who remained loyal to the mines to conduct pumping operations.

Fear is expressed that several mines already are in such a condition that it will take from six to twelve months to put them in working order. In some cases companies are declared to be considering the possibility of abandoning the mines, and collieries which are more or less exhausted and hardly worth the cost of repair.

MRS. REIFENSTEIN, AGED 67, GAINS 25 POUNDS

Declares She Would Like To Put a Bottle of Tanlac in the Hands of Every Sick Man, Woman and Child in this Country—Never Saw Its Equal

MRS. EMMA REIFENSTEIN, 337 Webster Ave., Syracuse, N. Y.

"I am sixty-seven years of age, but in all my experience I have never known a medicine like Tanlac. Think of it! At my age to gain twenty-five pounds in weight, but that is just what I have done," said Mrs. Emma Reifenstein, of No. 337 Webster Avenue, Syracuse, N. Y.

"If I had it in my power," she continued, "I would put a bottle of Tanlac in the home of every sick man, woman and child in this country, for I know what this wonderful medicine would do for them. For almost two years I was almost a nervous wreck. I did not dare to leave the house or even go up town unless my husband went with me. I was afraid to even cross the street and had a feeling of dread all the time.

"My stomach was weak and easily upset. For days at a time I would go without solid food. I could not rest at night to do any good and felt tired and worn out all the time. Some days I could hardly drag myself across the room and was so weak and miserable I was ready to give up.

"My health is fine now and I eat anything I want and never have a touch of indigestion. I have never felt better than I do now. My recovery is the talk of our neighborhood, as it was generally believed I could not last but a few weeks longer. This grand medicine has brought me health and happiness and I just can't say enough in its praise."

Mr. J. Reifenstein, in commenting on his wife's statement, said: "Her health recovery has been a happy surprise to us all. A few weeks ago I had no idea she would be able to pull through, but now she is in better health than I have ever seen her and the credit is due to Tanlac. We have been married fifty-two years to-day and I don't believe I have ever seen her looking any better."

SQUAD OF VIGILANTS SPOTS THE RECKLESS

Five Hundred Offenders Reported to Toronto Police

Toronto, April 6.—An organization that has been working quietly but effectively for the past six months is the vigilance committee of the Ontario Safety League.

The committee is composed of less than 100 citizens, many of them well known and in most cases motorists, and was designed to supplement the work being done by the police department in making reports on traffic conditions in the city.

The vigilance committee idea was approved by the executives of the Ontario Safety League, and the plan was then submitted to the board of police commissioners for their approval, which was obtained. The members of this organization are asked to report any violations of traffic regulations or infractions of the Motor Vehicles Act, on post-cards, which are provided for that purpose, reporting by number only. These reports when received, are turned over to the police department and placed in the hands of the chief inspector, who interviews those reported and points out to them the error of their ways in a neat three-minute curtain lecture. The plan has worked out very successfully since its inception last October. Over 500 reports have been turned in, and as yet there has been no case of second offence from anyone reported by the committee.

TO-DAYS TRADING IN WINNIPEG MARKET

Winnipeg, April 6.—The local market was much easier to-day, prices fluctuating only 1/2 cent during the session. The volume of business transacted was very small. The close was 1 1/2 to 1 3/4 cents lower.

The cash wheat situation was unchanged, offerings continuing light and a good demand existing. Premiums ranged from 12 to 12 1/2 cents for the top grade in spot position.

The oats market continues steady with prices inclined to be firmer. A small amount of export business in the lower grades of Western Canadian oats was worked this morning. Oats closed 1/2 to 1 1/4 cents lower.

Flax 4 1/2 cents lower, and rye 1 cent lower.

PLANNING FOR PEACE RIVER SERVICE

Alberta and Arctic Transportation Company Building at Clearwater

Edmonton, April 6.—The Alberta and Arctic Transportation Company reports progress on its building programme in the North. A crew of men are now at Cache 24, on the Clearwater River, where they are building the camp for the shipbuilding crew soon to follow.

Alexander Watson, who is coming from Vancouver to take charge of the work on the B. C. Express, is expected here any time now, and operations on the Clearwater camp will be started as soon as the weather opens. A shipment of lumber has already gone forward to the end of steel.

It is the intention of the company to have both the Athabasca boats the B. C. Express and the Slave River, rebuilt in time to take the water about the middle of June. A second crew will go to Peace River shortly to put the steamer D. A. Thomas in commission for the Summer's business, and the Distributor, at Fort Smith, will then be made ready for the season, the entire fleet being in service by the end of June. The Peace River route will begin operations as soon as navigation opens.

U. S. FISHING BOARD CONSIDERING SALMON

Seattle, April 6.—The new State Fisheries Board, which came into official existence April 1, held its first public meeting Saturday, at the State Fisheries Building. This hearing was to determine whether the taking of immature salmon (so-called salmon trout) in the waters of Puget Sound between Olympia and Clallam Bay should be prohibited.

The necessity for taking early action arose out of the fact that the present closed season for the taking of these fish ends on April 15. If their taking after that time was to be prohibited, immediate action by the Fisheries Board was necessary.

About 100 fishermen attended the hearing and a large number of them expressed their views on the question. They were unanimous in agreeing that the taking of these immature salmon is indefensible. They also pointed out that all of them had their appliances in greater part bought for this season and that they could not make use of them for any other purpose, and that they would suffer a great loss if they were deprived of the opportunity to make any use of them whatsoever hereafter.

In addition to the fishermen, dealers in fishermen's appliances joined them in requesting the Board not to make an order totally prohibiting the immature salmon fishing this season. They also agreed that if indefensible and should not be continued after the present season.

Prof. E. Victor Smith of the University of Washington told of the study he has made of the question at the request of State Fish Commissioner L. H. Darwin, and said that the immature salmon, which are caught in April and May and which weigh an average of one and a half to one and three-quarter pounds at that time, would, if permitted to live until September and October, be mature fish and weigh an average of ten pounds.

At the conclusion of the hearing, the board adopted a resolution whereby the law will be changed so that the present closed season, which will expire on April 15, will be continued until May 1, and at the same time announced that regulations which will be adopted later on this year will entirely prohibit fishing for immature salmon or so-called salmon trout in Puget Sound for all time following January 1, 1922.

BOY BREAKS OUT OF TWO JAILS

Eureka, Calif., April 6.—A record of having sawed his way out of two "escape proof" jails within a week has been set by William Clark, aged sixteen, a suspected burglar. Last night he escaped from the reinforced concrete and steel county jail here through the expert use of a saw. He used the same method in freeing himself from the city jail, which is made of brick and steel.

LIBERALS OF CUBA ASK U. S. TO HELP

Washington, April 6.—Formal appeal for the establishment by the United States of a temporary provisional government in Cuba to supercede new general elections was made to the State Department to-day by Dr. Rafael Angulo, chairman of the committee of Liberals in the interest of Jose Miguel Gomez, defeated Liberal candidate for the Presidency of Cuba. The appeal asked that the Provisional Government be headed either by a Cuban or an American as Governor-General.
