WATER TURNED INTO GREAT DRYDOCK FOR FIRST TIME AS WORK NEARS COMPLETION

Largest Drydock in British Empire Will be Open for Business Before End of 1925, Says J. P. Forde; Yarrow's Ltd., Contract Material for Caissons to Arrive This Saturday.

"All work on the base of the drydock has now been completed, and the only remaining work is the placing of caissons, the removal of cofferdams and the installation of machinery on the site of the works," said J. P. Forde, public works engineer in charge of the work of the Dominion Government at Esquimalt where the second largest drydock in existence is now nearing completion and where the great basin is already being slowly flooded with water.

Yesterday afternoon at 3 o'clock, continued Mr. Forde, the water began to pour in. All preparations were made for it, and slowly now the water is being allowed in. There were fifteen feet of water in the drydock to-day, and by Saturday it will be filled with all its 4,000,000 gallons.

High tides and heavy rains have almost inundated the Island of Aserradores, on which is Corinto, most important Pacific seaport of Nicaragua, say reports reaching here. Rail communication with the mainland has been interrupted and the inhabitants fear the island will disappear into the sea.

The drydock basins proper and the connecting tunnels are now completed. Preparations are being made for the removal of the huge stone cofferdam which has been built to keep the site where work was going on free from water, at the highest tide. This cofferdam will be removed in a short time. After that, or probably at the same time, this work is being done, rocks in the entrance channel will be removed.

This work will be of an exacting character. Mr. Forde asserts. The rocks are entirely submerged and while the work will be done from floats above water, charges and other work on the sea floor will be hard to lay. But the pumps are in excess time all will be in readiness, so that when Yarrow's Limited have completed their contract on the entrance to the drydock, and these are finally erected, the huge structure, the greatest drydock in the British Empire, will be ready for operation. This will be for the end of the year.

The installation of machinery to run the five pumps, three of which are 54-inch giants, and two of which are 22-inch auxiliary pieces, will not require much time once the material arrives here. These pumps are capable of clearing the drydock of water in four hours.

The first of the material for caisson construction work will arrive here from the mainland about Saturday. Mr. Forde was informed by Yarrow's Limited. Already primary work on these caissons has been started and their erection will start immediately. When the caissons are completed they will be floated over to their positions at the mouth of the drydock, ballasted with concrete and sunk to position. After they are secured the drydock will be completed. This will be some time before the year.

TIME OF PRAYER IS TO BE SET APART

All Members of United Church Will be Asked to Observe Period

N. W. Rowell Declares Three Churches Maintain Identity in Great New Body

Toronto, June 11.—At an early date, not yet fixed, a period of time will be set apart when all members of the United Church of Canada will be asked to gather for prayer, praise and consecration.

This was recommended to-day to the General Council of the United Church by the Joint union committee reporting through the chairman, Rev. Dr. G. C. Pidgeon. "The present union," said Dr. Pidgeon, "was born in evangelism, and our first great effort should be toward a peopling of our spiritual life."

The chairman told the delegates a resolution would be presented at an early session which, he hoped, would open the way for a still wider union of Canadian churches than that consummated yesterday.

Addressed as Chairman The first business session of the United Church was presided over by Rev. Dr. D. Chown, General Superintendent of the Methodist Church. Dr. Chown solved difficulties in the way of addressing the chair by requesting that he be called "Mr. Chairman."

INHABITANTS FEAR THEIR WHOLE ISLAND WILL DISAPPEAR

Managua, Nicaragua, June 11.—High tides and heavy rains have almost inundated the Island of Aserradores, on which is Corinto, most important Pacific seaport of Nicaragua, say reports reaching here. Rail communication with the mainland has been interrupted and the inhabitants fear the island will disappear into the sea.

DR. SCOTT ELECTED MODERATOR TO-DAY BY PRESBYTERIANS

Montreal Minister Chosen at Session of Assembly of Continuing Church

Toronto, June 11.—Rev. Dr. Ephraim Scott of Montreal was unanimously elected Moderator of the General Assembly of the Continuing Presbyterian Church at the opening session this morning.

Reference was made not only to the long and valuable services Dr. Scott had rendered to the church as pastor and editor, but as also to the large part he had taken in the struggle during the last twenty years.

Following his election, Dr. Scott addressed the convention on the present position of the church. Reports presented After the election of a permanent clerk and the appointment of a business committee, the missionary organization and other committees appointed at the meeting in St. Andrew's Church in 1915 presented their reports and the Assembly adjourned until this afternoon.

WILL DUPLICATE TELEPHONE CABLE

Victoria-Seattle Service to be Improved

To increase the efficiency of telephone service between Victoria and Seattle, President George H. Halse of the B.C. Telephone Company announces that a new cable will shortly be laid between Bellingham and Orcas Island, a distance of about eight miles. This cable will accommodate the heavy traffic between the Gulf Islands and nearby mainland communities, and will permit the reservation of the existing link for through calls between Victoria and Seattle.

President Halse anticipated that the work will be completed before the end of July. If a suitable cable can be obtained at such short notice.

The telephone cable to be duplicated is owned by the International Telephone Company of Bellingham, and is operated by the B.C. Telephone Company.

POWERHOUSE WAS SEIZED BY COAL STRIKERS AFTER FIGHT NEAR NEW WATERFORD, N.S.

Trouble Started When Men of British Empire Steel Corporation Tried to Put Plant in Operation; One Man Killed; One Badly Wounded; Several Persons Sent to Hospital.

New Waterford, N.S., June 11.—William Davis, a coal mine striker, was shot dead, another striker, Gilbert Watson, was shot in the stomach and seriously wounded, and a large number of miners and company police were more or less seriously injured in a fight which took place this afternoon for possession of the Waterford Lake power plant, situated about three miles from the centre of this town.

Several persons, including police, are in a hospital and the police station is crowded with injured. The trouble began this morning when officials and police of the British Empire Steel Corporation took charge of the power station and got up steam preparatory to putting the plant in motion.

About 11 o'clock a body of strikers led by Board Member McKay of the United Workers of America marched to the powerhouse and after a pitched battle which lasted fifteen minutes succeeded in capturing it. In the fight, Davis was killed; Watson seriously wounded and struck with stones, one sustaining a fracture of a leg and the other, Michael O'Hanley, having his back broken.

POLICE MAULLED

There were about forty police at the plant, along with the officials and the maintenance men. Most of them were pretty badly mauled by the strikers, who overpowered the little force which was trying to defend the station.

SEVERAL MISSING

Glouce Bay, N.S., June 11.—General Manager M. J. McCann and a number of British Empire Steel Corporation officials who were working at the powerhouse when it was recaptured by an army of strikers early this afternoon are reported as missing. A number of the police and officials fled to the woods nearby when the little force of company police were overpowered.

TWO ATTACKS MADE

New Waterford, N.S., June 11.—The capture of the New Waterford power plant of the British Empire Steel Corporation this afternoon by miners when one man was killed, was the result of a second assault to-day upon the plant. Early this morning a strong force of company police surprised the strike pickets and, after a fight in which several received minor injuries, succeeded in occupying the power building.

CHRISTIAN SCIENCE CASE WAS ENDED Winnipeg, June 11.—The new famous Christian Science case which followed the death here last November of thirteen-year-old Doreen Watson was closed yesterday when it was announced by John Allen, K.C., Deputy Attorney-General, that a stay of proceedings had been entered against Robert Watson, the girl's father, on a charge of manslaughter. This action follows a decision of the Manitoba Court of Appeal in setting aside the sentence of William Elder, a Christian Science practitioner, Monday last. Elder had been sentenced to serve four months in the provincial jail, but the Appeal Court decided there was no evidence on which the case should have gone to the jury. The child died of diphtheria, and it was brought out at the preliminary hearing that physicians had been refused permission to administer antitoxin, while it was also stated Christ-

A STORY WITHOUT WORDS

UNITED CHURCH (Continued from page 1)

The chairmanship of the council until permanent officials are elected is to alternate among the heads of the uniting denominations. The report of the union committee as presented by Dr. Pidgeon contained reports from the sub-committees on law and legislation, on publicity and on finance. LAW REPORT EXPLAINED N. W. Rowell, K.C., explained the law report and the other departments will be heard this afternoon. Mr. Rowell declared the uniting churches had gone to Parliament seeking legal union without loss of their identity. "All three churches," he said, "live on in the United Church. They have gone on maintaining their identity and it was so recognized by Parliament. No church, he said, had died. This same inalienable right they had secured for the United Church to unite with others without loss of its identity. Almost as important as the union legislation itself was the recognition that these churches were living organisms and had the right to determine their own future. FIRST DIVISION The first division of the Council came on a motion that a new set of rules of procedure be adopted provisionally without discussion. An amendment was proposed that the rules be read and discussed, but was voted down by a large majority. It was decided that the United Church should make application for admission to the World Congregational Council and the Ecumenical Methodist Council and the Alliance of Reformed Churches, world organizations. The Council endorsed an invitation from Westminster Church, Winnipeg, to the Alliance of the Reformed Churches to hold its 1925 convention in that city. This afternoon the Council continued discussion of the church union report and undertook the appointment of committees to work out details of organization. CO-OPERATION URGED Nelson, B.C., June 11.—A plea to the parishes of the Kootenay Diocese to show the greatest kindness toward the non-concurring Presbyterians to the extent of placing churches and halls at their disposal until they are able to build for themselves, featured the charge of Bishop Doull to the Diocesan Synod at its opening session here yesterday. This operation, he suggested, would bear valuable fruit in the future. IMMIGRATION (Continued from page 1) \$50,000,000 NEEDED The committee expresses the opinion that the customary and necessary maintenance of the permanent way, structures and equipment of the National Railway has been provided, that the loan of \$50,000,000 in estimates to meet National Railway expenditures in the present fiscal year is necessary for the purpose of the company. The report calls attention to the statement by Sir Henry Thornton that a plan for the reduction of capitalization is being developed which

NOVA SCOTIA STRIKE (Continued from page 1)

Halifax, June 11.—The Attorney-General for Nova Scotia, Hon. W. J. O'Hearn, called back to the capital from a political tour through the eastern section of the province, gave out the following statement concerning the coal strikers late this afternoon: "I have just returned to town and received official details of the disorders at New Waterford. I have taken steps for securing restoration of order in the community affected, and I can assure you all the energies and resources of the Crown will immediately be directed in that direction."

INCOME TAX CHANGE Ottawa, June 11.—A bill providing for the repeal of Section 25 of the Income Tax Act, 1917, as amended last year, creating a special lien and giving priority to the Government in the case of unpaid income taxes, received second reading in the House of Commons yesterday afternoon and was put through the committee stage. The Bill now stands for third reading at the next sitting of the House.

STATEMENT ENDS SUIT FOR DAMAGES Maxwell Smith Makes Apology to Hamilton Read, Barrister of Vancouver

Vancouver, June 11.—An apology from Maxwell Smith, unsuccessful Liberal candidate in Dewdney in the last provincial election, to Hamilton Read, Vancouver lawyer, has ended litigation wherein the latter claimed damages for libel, which had been set down for trial in Supreme Court here, on June 15. Mr. Read complained of statements contained in a letter written by Mr. Smith to William McDonald, at that time commissioner of the Dewdney Diving District, wherein the defendant was alleged to have stated the authorities in Victoria on account of an unsavoury reputation. "I hereby tender to you an apology for the statements made by me concerning you in my letter to Mr. McDonald," he said. "I understand you will accept an apology from me and discontinue the action against me upon payment of disbursements made by you, and I agree to reimburse you the amount paid by you for court and counsel fees. (Signed) 'MAXWELL SMITH.'"

SUGGESTS HOTEL PROPRIETORS OF COAST CO-OPERATE

Could Increase Tourist Business 50 Per Cent, Says Seattle Man

Should Work With Chambers of Commerce and Publicity Bureaus Supporters of the joint advertising campaign of the five Puget Sound cities, Seattle, Victoria, Vancouver, Tacoma and Bellingham, point to another advocate of co-operation in A. B. Campbell of the Imperial Hotel, Seattle. In speaking of united effort by hotelkeepers Mr. Campbell says: "Pacific Coast hotel keepers can increase their tourist business fifty per cent in two years if they adopt a proper system of co-operation," he says. "They must work with each other and with the railroads, chambers of commerce, and traffic clubs. The coast must boost for the coast as a unit. If the boosting is done properly we will have more tourists in a year or two than we can handle." He believes also that each section should boost the scenic attractions, roads, sightseeing tours and natural advantages of other sections, urge more national and state publicity for the coast resources, and above all advertise the advantages of hotels in other sections. "Tell your guests about the excellent hotels accommodations they can find here to make their visit enjoyable. The other towns and hotels in return will boost for you. "In this way tourists already here can be made to travel more, thus patronizing more hotels. They will go away feeling the Pacific Coast is interested in them and will advertise our attractions and bring their friends at home, and bring more visitors here."

DEATH OF BOY CAUSES CONVICTION (Continued from page 1)

Victorian Brothers of Mercy, who conduct the institution, the judge said during the trial, the boy had been punished and beat him for soiling his clothes. The accused himself had admitted the punishment, and that he had permitted the lad's schoolfellows to beat him. The boy had been beaten, not for being disobedient but for being sick. His sickness was plainly apparent, yet the authorities had the duty to care for him in sickness as well as in health.

PUNISHED THE BOY

The evidence had shown that Brother Usmar did not have the "kindliest disposition" toward the boy. Other inmates, the judge pointed out, had testified that Brother Usmar had punished and beat him for soiling his clothes. The accused himself had admitted the punishment, and that he had permitted the lad's schoolfellows to beat him. The boy had been beaten, not for being disobedient but for being sick. His sickness was plainly apparent, yet the authorities had the duty to care for him in sickness as well as in health.

IN TUB ON HIS KNEES

The child had been placed in the tub on his knees. Brother Usmar said so himself. Was there any reason why Hector should have opened the hot tap himself? And if he did, when there was four inches of water already in the tub, it would have been impossible for the boy to have turned the tap to bring the water already there to the boiling-point. If Hector was insensible to heat and cold, as had been suggested by physicians, why then, had he not placed his hands in the water? They would not have felt the heat more than the rest of his body.

HOLD TO TUB

Mr. Justice Wilson said he was of the opinion the child had held to the sides of the tub as long as he could in an attempt to keep out of the scalding hot water. That would explain why his hands had not been burned and why there was a line of demarcation about the middle of his body. ADDRESSES OF COUNSEL "Forget the outcome," was the admonition to the jury by both the prosecution and defence, counsel in their addresses. Gustave Monette, defence counsel, deprecated wide publication of testimony against an accused before he came to trial and flayed certain sections of public opinion that appeared to want a conviction in this case because Brother Usmar was a cleric and was from Europe. Ernest Bertrand, Crown prosecutor, told the jurors that if they acquitted the accused merely because he did wear a gown, they would be false to their oath and aid those who liked to say that, in the Province of Quebec, there were some classes who could commit any crime with impunity. SAID DEFENCE DESTROYED Two admissions by Brother Usmar himself destroyed the defence he had offered against the charge that he was guilty of manslaughter, declared the prosecutor in his address. The brother, Mr. Bertrand said, had confessed that he had put the child into

the laundry tub in a kneeling position and that while he was upstairs looking for clean clothes, he had heard a loud cry. That the prosecutor argued, demolished the plea of Gustave Monette, counsel for the defence, that the corpse showed the boy had lain stretched out in the water and had become scalded before he knew it, and that the lad had so acted, possibly because of mental weakness which expressed itself in insensibility to pain.

COWPER CASE TO BE PUT ON ASSIZE LIST

Vancouver, June 11.—The trial of F. L. Baker's defamatory libel charge against J. S. Cowper can not take place in police court, it was stated today by lawyers associated with the case, but must be sent to a higher court and be held before a jury, probably at the next assizes in October. The police court hearing will in all probability be brief. The informant is called upon to make out a prima facie case of publication and defamation of character. The accused must then, if he feels any doubt, place his case before the magistrate or reserve it for the higher court. The possible penalty by way of fine is high as \$1,000, and by way of imprisonment as heavy as one year. The habeas corpus application in the Wong Sing case will probably be spoken to only briefly to-morrow and will be stood over for the real argument on Monday.

CHANGE IN PLANS OF AMUNDSEN RELIEF PARTY

Aboard Ss. Ingertre en route to Spitzbergen, June 11.—Lieut. Lutwof Holm, commander of the naval fliers who are on their way to search for the missing Amundsen North Pole party, has received a wireless message from Oslo, the Norwegian capital, stating the Ingertre is to proceed to Advent Bay instead of King's Bay. This is more than double the flying distance to Danes Island, from which Amundsen and his five companions hopped off on their flight to the Pole. The message says the steamer Fram, bearing part of Amundsen's expedition, was sighted by the fliers in Advent Bay. Capt. Johannsen of the Ingertre, however, has not been notified of the change in plan, and the reason for it is unknown to those aboard the vessel.

Pharmacists Chose Victorian Leader

New Westminster, June 11.—At the close of the annual meeting here on Wednesday, the B.C. Pharmaceutical Association, B.H. Aaronson of Victoria was elected president and T. W. Crowder, Vancouver, vice-president. Mr. Aaronson was also re-elected as councillor for District No. 2, Victoria.

CHINESE FORCE WAS DRIVEN IN RIVER Heavy Casualties in Battle of Canton Reported; Many Bodies in Water

Canton, June 11.—Yang Hau-Min, Yunnanese commander, told the Associated Press correspondent here today that Soviet Russia had offered the Yunnanese \$10,000,000 and 60,000 rifles, with appropriate ammunition, provided a certain agreement was signed. General Yang said the offer was refused, but did not say what the proposed agreement contained. The armies engaged in military leaders continued their battle for possession of Canton to-day with new fury, as telling blows were reflected in increased casualties. A force of Kwangtung troops in the attacking Cantonese army was driven into the river last night when an attempt was made to make a surprise landing. Heavy casualties resulted, and at dawn many bodies were seen in the river. The United States gunboat Pampana of the South China patrol was fired upon near Whampoa to-day while conveying a supply launch to the Canton Christian College. The Pampana returned to sea, but no casualties were reported.

CHRISTIAN SCIENCE CASE WAS ENDED

Winnipeg, June 11.—The new famous Christian Science case which followed the death here last November of thirteen-year-old Doreen Watson was closed yesterday when it was announced by John Allen, K.C., Deputy Attorney-General, that a stay of proceedings had been entered against Robert Watson, the girl's father, on a charge of manslaughter. This action follows a decision of the Manitoba Court of Appeal in setting aside the sentence of William Elder, a Christian Science practitioner, Monday last. Elder had been sentenced to serve four months in the provincial jail, but the Appeal Court decided there was no evidence on which the case should have gone to the jury. The child died of diphtheria, and it was brought out at the preliminary hearing that physicians had been refused permission to administer antitoxin, while it was also stated Christ-

TWO GANG LEADERS KILLED NEAR CHICAGO

Chicago, June 11.—As a last resort to establish the exact chain of events which led to the mortal wounding of Walter O'Donnell, gangland chief, and his helper, Harry C. Hassmiller, of Bayonne, N.J., early last Sunday morning, Sheriff Peter M. Hoffman planned to-day to re-enact the affair in its Evergreen Park roadhouse setting. Anthony E. Malion, a beer runner, has confessed shooting Hassmiller. Neither he nor any of the four other eyewitnesses have accounted for the killing of O'Donnell. Both men died with sealed lips. Jack Peoples and Arthur Youngreen, former prohibition agents, came under suspicion yesterday when the sheriff gained information that Youngreen may have been a party to a plot with the two fallen gangsters to do away with Peoples. Youngreen, who had been in hiding in West Baden, Ind., was arrested yesterday and is out on bail.

JEWISH REFUGEES STRANDED IN RIGA

Riga, June 11 (Jewish Telegraph Agency).—"Whither?" (Whither?) the question that the Jewish refugees is the problem confronting many Jewish refugees from Russia stranded here. Five hundred of them who escaped from Russia in the hope of finding a place of refuge across the sea, after waiting months, cannot obtain assurance from the United States consular authorities that they will be admitted to the United States next year. As a result of this the Latvian Government threatens to expel the refugees and send them back to Soviet Russia. Several hundred Jewish refugees, farmers, skilled laborers and artisans, crowded into the Palestine office of the Zionist Organization in Riga and Libau recently, insisting upon permits to proceed to Palestine. The requests were refused because of the lack of "certificates" for entry to Palestine.

Russians Protest Shanghai Events

Moscow, June 11.—All communist central organizations and working men's clubs in Moscow and Leningrad to-day held protest meetings against the shooting of rioting Chinese students by Sikh police in Shanghai May 30. The meetings will be continued to-day and to-morrow in all industrial centres of Soviet Russia. It was announced, and will be followed by street demonstrations. ROBBERY IN KENTUCKY Paducah, Ky., June 11.—Two unmasked men entered the bank at Carrieville to-day, forced the president and cashier to open the vault and escaped with currency and Liberty Bonds worth approximately \$17,000, authorities here were notified. LIGHTNING KILLED MAN Quebec, June 11.—Leo J. Claveau, thirty-five, was instantly killed at Mont-Joli when a lamp he was attempting to pick up was struck by lightning.

NATIVE SONS STATE DEALS FOR CANADA

Kamloops, June 11.—Making public a national policy, the Native Sons of Canada, in convention here yesterday, issued a manifesto stating in part: "It is imperative that the Parliament of Canada shall have sovereign rights. Our Dominion must acquire the constitutional status of a nation, enjoying absolute equality with any other part of the British Commonwealth. The rights hereby demanded should not rest on sentiment, nor assurances of statement, but should be enacted as law by proper Parliaments. Generous safeguards and covenants protecting the vested rights of the provinces and civil and religious liberties, should be preserved."

The organization's aims set forth include the establishment of a national bank which would issue notes, and an appointment of Canadian consular agents and trade commissioners.

"Canada should have its own ambassador and consular service in all leading countries," states the manifesto.

"Other heads deal with marketing, transportation, economy and taxation, immigration and the necessity of repatriating Canadians."

LACROSSE REVIVAL
The grand council decided to lend its support to a movement to revive and support lacrosse, Canada's national game. In an effort to do this, junior lacrosse leagues are to be established and the game supervised by all objectionable rough features will be removed.

LOS ANGELES WILL SEE MANY PAINTINGS
Los Angeles, June 11.—Five hundred of paintings and etchings by leading contemporary artists of North, Central and South America will be brought together here for a three-month display when the Pan-American Exhibition opens November 3 next at the Los Angeles Museum.

The exhibition, in which paintings by artists from Canada and the United States of North America, Mexico and Panama of Central America, and Brazil, Argentina, Peru and Chile of South America, will be exhibited, will mark the first representation in this country since 1915 of the southern continent's art. Argentina in 1915 entered a remarkable exhibit in the Panama Pacific International Exposition at San Francisco.

Paintings by Diego Rivera, of Mexico, considered by art critics as one of the greatest living artists; Juan Charlot, also a Mexican painter, and Manuel Vega, a Cuban, one of the younger Havana painters, will be exhibited.

SARGENT CANVASSES
A few portraits by the late John Sargent will be part of the exhibition. Other prominent North American artists whose canvasses will be shown are Frederick Carl Frieseke, Karl Anderson, John E. Costigan, Mary Cassatt, John F. Carlson, R. W. Dowling, Daniel Garber, R. Grabach, Robert Henri, John C. Johnson, Leon Kroell, Ernest Lawson and Elmer Schofield.

Incidentally, following the close of the exhibition here January 1, 1926, the Latin-American section will start on a tour of the important museums of the United States, and the North American section will be sent to the capitals of Latin America.

Honorio Pueyrredon, Ambassador to the United States from Argentina, has accepted an invitation to speak at the opening of the exhibition.

Security Pact Reports Said to Be Misleading
Geneva, June 11.—European security talk took a new angle yesterday when Austen Chamberlain, British Secretary for Foreign Affairs, made a diplomatic but stinging attack upon the publication of misleading statements about the proposed note of the Allies to Germany.

It appears Mr. Briand, French Foreign Minister, and Mr. Chamberlain agreed not to divulge the contents of the note until it was delivered to Germany. However, some accounts of its contents, alleged to be one-sided and misleading, appeared in print in some countries.

Chamberlain's communique insisted no advantage was to be gained by commenting on the communication before its delivery, and announced the text would be published in a day or two.

While the British refused details, it was understood they objected to articles failing to point out that the proposed pact of security would be mutual as to operation among all four powers, and to those neglecting to emphasize the importance of the role of arbitration in the peace arrangements, which would be proposed by Germany.

TWO MEXICANS TO LOSE CITIZENSHIP
Mexico City, June 11.—Because they did not first secure permission from Congress to fight under the flag of another nation, Generals Calisto Ramirez Garrido and Juan Merino will lose their Mexican citizenship unless they state their purpose of joining the Spanish forces in Morocco.

Their cases were brought before the Permanent Congressional Commission when the Foreign Office forwarded a petition from Sotero Sanchez Melillo, a Mexican resident of El Paso, Texas, for permission to fight the Moroccan war. Ramirez-Garrido and Merino left Mexico some months ago for Spain, and the commission is awaiting proof they have not enlisted under the Spanish flag to take action under Article 21, Fraction II, of the constitution, and declare them expatriates.

NEW GRAIN ACT
Ottawa, June 11.—Disposition of screenings was considered by the Commons' Committee on Agriculture yesterday. A clause in the new Canada Grain Act provides that the Grain Board may take over screenings, make allowances for dockage removed from grain cleaned in public terminal elevators, and allow such compensation as seems proper for all screenings removed. The clause was stood over by the committee.

ISLAND MILL IS RAZED BY FIRE
Spark on Traveling Chain Blamed For \$28,000 Loss

The Highway Mills, just north of Cobble Hill, were burned to the ground yesterday afternoon by fire which is thought to have started from a spark carried in to some sawdust by a traveling chain. The loss is placed at \$28,000, partially covered by insurance.

The mill will be rebuilt, stated F. L. Foss, the president, after the blaze. Upwards of \$4,000 worth of lumber in the yards was destroyed and little was saved.

Forest rangers and others attempted to put out the flames, but the fire had secured too great a hold to be denied. The mill had been operating about a year.

Chemainus News

Special to The Times
Chemainus, June 11.—The two playlets staged at the picture house Tuesday in aid of funds for the Anglican Church proved enjoyable and amusing.

There was a fairly good attendance, a number coming from Crofton. The Rev. B. E. Spurling was chairman, and Howard Brothers six-piece orchestra kindly played delightful musical selections during the evening.

Rev. R. D. Porter and Mrs. Porter, Mayne Island, were guests of Mr. and Mrs. H. B. Halked Monday night and Tuesday.

Mrs. F. Nixon and little son and daughter returned home after spending a very enjoyable holiday in the Capital.

Mrs. Griesbach, who has been the guest of Mrs. E. J. Palmer, Shaughnessy Heights, Vancouver, for ten days, has returned home.

Mrs. C. C. Bennett, Victoria, is staying with Mrs. Arthur Coles, Chemainus River, for a few days.

Mrs. A. Dunne returned to Chemainus at the week-end after spending a very jolly holiday with Mr. and Mrs. Robert Peterkin, Vancouver.

Mr. T. H. Humbird, president of the Victoria Lumbering and Manufacturing Company, has returned home to Spokane, U.S.A.

Case Puzzles U.S. Eminent Physicians

Atlantic City, N.J., June 11.—Confined to his home for more than a year with a peculiar malady caused by the bite of a fly, the case of the Rev. Eugene L. Nixon, thirty of this city, a Methodist minister, has puzzled some of the most eminent physicians of the United States.

Mr. Nixon was bitten by a tsetse fly while he was serving as a missionary in Provence, France.

Dr. L. F. Barker, dean emeritus of Johns Hopkins University, has diagnosed the case as sleeping sickness, caused by the bite of a tsetse fly, but the resultant poisoning has caused such a disintegration of the nerve centres that insomnia instead of sleep has occurred.

Divorce Bill is Debated in Senate

Ottawa, June 11 (Canadian Press)—The Senate yesterday discussed the bill presented to the House by J. T. Shaw, West Calgary, to remove the inequality between men and women on the grounds for divorce. Senator W. B. Willoughby moved a second reading of the bill.

Mr. Allen, Westworth said the bill appeared to be for the purpose of making it easier for a woman to get a divorce rather than to remove any inequalities.

Senator J. D. Reid said he proposed to move an amendment at the next sitting.

Senator Barnard moved the adjournment of the debate.

Ladysmith Board Cuts Down Salaries of School Teachers

Ladysmith, B.C., June 11.—At a special meeting of the Ladysmith School Board it was decided to reduce the salaries of all teachers by five per cent. This action was taken on account of the sixty-per-cent-per-day reduction imposed on the mine employees, who are the chief taxpayers of this city.

FANCY WORK TAUGHT TO COWICHAN WOMAN

Duncan, June 10.—The regular monthly meeting of the Cowichan Women's Institute was held Tuesday afternoon, the president, Mrs. W. W. Dougan, in the chair. After the usual routine business, Mrs. Bryce Wallace kindly gave a practical demonstration of fancy work, showing different stitches to be used and answering many questions. A hearty vote of thanks was accorded to her.

In accordance with an invitation from the King's Daughters, Mrs. C. Moss was asked, and has kindly consented, to give a talk on "Institute Work" at the King's Daughter's convention, which will be held in Duncan on June 24 and 25.

The exhibit of women's work for the Fall Fair under the auspices of the W.I. will be in charge of Mrs. Whidden, Mrs. Allen, Mrs. Matland-Dougan and Mrs. Lamont.

Mrs. F. S. Leather kindly invited the members to her home for the July meeting.

The meeting adjourned and a delicious tea was served by Mrs. Grigg and Mrs. Allen.

Sidney News

Special to The Times
Sidney, June 11.—The regular monthly meeting of the Women's Guild of St. Andrew's Wednesday afternoon at the home of Mrs. A. Roberts there was a good attendance, the president, Mrs. J. W. White, in the chair. The secretary, Mrs. C. Ward, read the minutes and the treasurer, Mrs. Hughes, read the financial report. It was decided that each member should try and make a sum of money by a card party or concert by the end of the year. The meeting next month will be at the home of Mrs. A. L. Wilson. Mrs. Roberts then served tea.

Miss Dolly Thomas of James Island and is staying with Mr. and Mrs. Caulfield, All Bay.

The many friends of Mrs. Cornell, Third Street, will be sorry to hear she is in St. Joseph's Hospital.

RUSSIANS IN U.S. SEND MONEY HOME

Moscow, June 11.—Although no official relations exist between the United States and Soviet Russia, intimate contact by letter is maintained by Russians living in the United States with their relatives in Russia. Tens of thousands of Russians in the homeland are supported entirely by remittances received from sons, daughters, fathers or brothers who emigrated to the United States.

Previous to the World War an average of \$50,000,000 was sent annually to Russia from the United States by Russians settled in America. Although this sum has never been reached since, the remittances gradually are assuming their pre-war level. Last month, for example, a single institution here which makes a specialty of banking business with Americans, handled nearly \$1,000,000 in remittances from Russians in the United States to relatives in Russia.

For a long time Russians here, especially in the villages, had no confidence in the local Russian currency, and insisted on receiving United States greenbacks from their relatives, in preference to Russian rubles. But with the stabilization of Russian money this situation has changed, and during the last six months more than thirty per cent of the remittances transferred through this one bank were in Russian currency.

Apiarist Died at Home in Ontario

Brantford, Ont., June 11.—R. F. Holtermann, one of Canada's best-known bee specialists, was found dead to-day at his apiary home at Nelles-Corners. He had been touring the prairie provinces at the request of the Manitoba Agricultural College and the Prairie Beekeepers' Association.

A Bicycle Built for Two!

Of course, you would not often see a C.C.M. Bicycle carrying two people as shown in the picture.

But it is amply strong enough to do so. A C.C.M. is in reality "A Bicycle Built For Two".

This surplus strength is built into the C.C.M. without adding an ounce of unnecessary weight. It is achieved by the use of the very best materials, by special reinforcements of the frame and by rigidity of construction.

This reserve strength is more important than you might, at first, think. It means safety for the rider and long life for the bicycle. The C.C.M. will withstand unusual strains; sudden jolts, unexpected jars far better than a cheaper machine, while bumping over ruts, railway crossings, stones and rough ground is all in the day's work for the C.C.M.

As an example of the reserve strength of the C.C.M., take the frame. It is not of just ordinary quality. It is of English Seamless Tubing, reinforced at the joints. The forks, too, have a drop forged crown, making them practically unbreakable. The bearings are of flint-hard steel. The spokes of specially-drawn and heat-treated wire. The rims of clear maple, tested for strength.

In fact, every one of the 1,761 parts of a C.C.M. is of superior quality and strength. And when you have

1,761 parts, all of superior quality and strength, the result is a bicycle with a wide margin of safety, superiority and long life—in truth, "A Bicycle Built for Two".

Slip into the C.C.M. dealer's. He will be glad to tell you more about the C.C.M. and show you the new models for men, women, boys and girls.

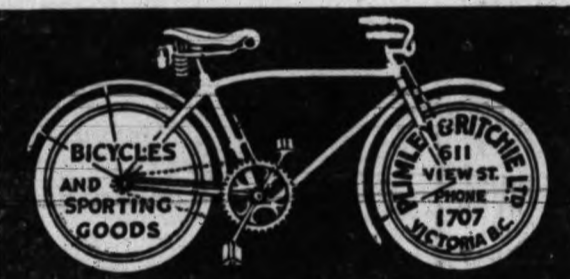

Prices Again Reduced.
This year C.C.M. prices have again been reduced. They are now selling at the lowest prices since pre-war days—\$20 to \$25 less than the after-war "peak" prices. A Big Dollar's value for every dollar you invest.

The new 1925 C.C.M. catalogue, profusely illustrated, free from the nearest C.C.M. dealer or from any C.C.M. office.

TURNING BUSINESS AWAY

FIFTEEN HUNDRED

Shrimers were in the city yesterday afternoon. They were on their way home from the monster gathering at Los Angeles.

All the stores were closed. Just one or two establishments not affected by the holiday ordinance were ready to receive the custom of the visitors.

One of these visitors had traveled more than seven thousand miles since he left home and he remarked as politely as he could that Victoria was the first city he had noticed which closed its doors of commerce for a whole afternoon in the middle of the week.

ARCTIC ISLANDS ARE CLAIMED BY CANADA

Position of Federal Government Stated to Commons by Minister of Interior

Ottawa, June 11.—Canada's claim to the northern archipelago was again asserted in the House of Commons by Hon. Charles Stewart, Minister of the Interior.

Tabling a large map, Mr. Stewart said the claim was to islands lying north of the Canadian mainland up to the North Pole. The limits of Canada's claim, as indicated on the map, formed a great triangle with the mainland as the base and the North Pole as the apex.

The western boundary was a continuation of the boundary between Canada and Alaska. The eastern boundary was a line up Davis Straits, between Canada and Greenland and then followed longitude 60 west to the Pole.

Mr. Stewart roughly defined the territory claimed by Canada as that lying north of Canada, west of Greenland, between 60 and 142.

U.S. COMMENTS New York, June 11.—Commenting editorially upon the claim of Canada to sovereignty in the Arctic, The New York Sun characterizes the Dominion's proposed law, which will demand of all "visitors to the Arctic regions" above the Canadian continental borders that they obtain permits from the Dominion Government, as

"Canada's first step in support of her contention of national possession." The Sun thinks the Canadian "proclamation of sovereignty" is not merely an exhibition of a nominal desire to extend territory, inasmuch as the commercial possibilities of the Arctic are believed to be very great, and "thus economic as well as political considerations must have weight in Canada's projected overlordship in the Far North."

The Sun concludes: "There does not appear to be any danger of a Canadian monopoly of approaches to the North Pole, unless the Dominion is prepared to put forward a new system of geography and defend its claim by force."

Veenstra Takes Gordon Bennett Cup by Landing in Spain

Brussels, June 11.—The Belgian pilot Veenstra, in the balloon Prince Leopold, won the Gordon Bennett Cup balloon race, which started from here Sunday, it was announced yesterday.

Veenstra landed Tuesday night at Cape Tourin, Spain. He traveled a distance of about 822 miles.

FOUND NOT GUILTY Prince Rupert, June 11.—Noganie, an Indian of the Chilcotin tribe of the Williams Lake district, was yesterday found not guilty of manslaughter in connection with the death of Johnson Louis, another Indian. Testimony offered during the course of the trial indicated that Noganie struck Louis during a drunken brawl.

A post-mortem examination of that Louis, who had suffered from heart disease, died from shock.

BANK INFORMATION Ottawa, June 11.—F. L. Church, Conservative, North Toronto, proposes to ask in the Commons for a return showing the names of depositors of the Home Bank for sums of \$100,000 or more who will benefit by the legislation for the relief of Home Bank depositors.

KIWANIS SMOKER GREATLY ENJOYED

Long Programme of Wide Range Given by Clever Artists

The Kiwanis Club last night held a most successful smoking concert at the Knights of Columbus Hall, the long array of artists secured by A. E. Humphries and his energetic committee providing a splendid programme of wide range, suitable refreshments and abundant smokes.

The contributing artists were: Vocal solos, Messrs. Thomas Kelway, Ernest Butterworth, Frank Partridge and Jack Dobbie; comic songs, Messrs. Brydon Macfarlane, Wickenden, Arthur Arnold and Reading; humorous duet, Mr. and Mrs. Groves; lightning sketch artist, Lieut. J. Cossette; concertina solos, Mr. Holmes; instrumental numbers, Wing Chong; and humorous selections, Carl Stoeber and Jack Trace.

Contributions by members of the Morton Musical Comedy Company of the Flightrons were also thoroughly enjoyed, the four turns given being as follows: Vocal solos, Miss Eileen Bennett; song and dance specialty, D. Dumbarton; violin songs, Miss Anita Holt, and comic songs and monologues, Roy Earle.

A. M. Kirk, Marcus Phipps and "Dutch" Calwell provided a brief and dramatic sensation which was greatly enjoyed, the Kiwanians joining heartily in singing "Why Did I Kiss That Girl" at the close of the skit.

The Kiwanis jazz band, consisting of Kiwanians D. Macfarlane, George Balfry, Thomas Kelway, Jack Trace, Harry Beach, Frank Partridge, Norrington, Carl Stoeber and T. Ainscough, provided the concluding selections. Major Watt and Cecil Heston accompanied the artists.

BEDTIME STORY

Uncle Wiggily and the Brook

Copyright, 1925, by McClure Newspaper Syndicate

(By Howard R. Garis)

Not far from Uncle Wiggily's hollow stump, bungalow, a little brook ran over green, mossy stones, singing a jolly little song night and day. It bubbled and murmured and sparkled in the sun, and was, altogether, a beautiful little stream.

Gold and silver fish swam in the brook. Song sparrows and robins fluttered in it to take their baths. Scooter and Tooter, Jimmie and Nipper, the new little rabbit children of Uncle Wiggily, waded in the brook. Jackie and Peetie-Bow-Wow, the dogs, Billy and Havelly No To, the frogs, and Lulu, Alice and Jimmie Wibblywobble, the ducks—all these children had fun in the brook and it was a happy stream.

One day, as Uncle Wiggily was sitting on the bank of the brook, twinkling his pink nose in the sun, some wild ducks flew in the air overhead.

"Come, let's fly down to the little brook and have a swim," quacked one wild duck to the other.

"No, not there—that is nothing but a common little brook," quacked the other ruck. "Fly on until we come to the big river—that is the place for us to swim and preen our feathers."

So the wild ducks passed over the little brook, to get to the big river, and the brook, seeing them go and having heard what the wild fowl said, felt sad and discontented.

"I wish I could grow into a big river," chattered the brook.

"Why not?" asked Uncle Wiggily. "Oh, then I could make a noise in the world!" went on the brook. "I am so little now that only small children play in me—small animal children and little fishes. I want to be a big river, so the bears will splash in me and so that whales and

sea lions will swim through me. I am tired of being a little brook."

"But you are such a lovely, singing little brook," said Uncle Wiggily. "Your water is so clear and cold. I can see the white pebbles over which you run, and the green mossy stones. Besides, you flow into a big river farther down the country and the river flows into the sea. So, really, you become part of the great ocean."

"That isn't enough," murmured the brook. "I want to be big myself, and I think I am going to be, for I see black clouds gathering in the sky. It is going to rain hard and perhaps enough water will fall to turn me into a big river!"

Surely enough it rained hard, and rivulets flowed down the hills into the brook. It rose and swelled, puffing itself over the bank until from a murmuring little stream it turned into a roaring torrent. Mud from the hills slid into the brook that had become a river. Trees and bushes, torn from their beds, were washed down on the flood.

"See how big I am!" See how great I have grown!" cried the muddy river. "Come and play in me now, little animal children!" Come and jump across me, Uncle Wiggily!

"No," sadly said the rabbit gentleman, "we are afraid of you now. When you were a little brook it did not matter if we fell into you, for your water was not deep, and it was clean and clear. But now if any of my little rabbit children slipped and fell in, you would carry them beneath your muddy water to the great ocean. Good-by, little brook. We can not love you any more."

Then the brook felt sad and was sorry it had wished to become a river. For it lost all its friends and though big fishes splashed in it, still they did not stay long.

And then the rains ended. The sun came out. No more water flowed into the brook and it grew smaller and smaller, until once more it was clean and clear, bubbling over the white pebbles and the mossy green stones. Uncle Wiggily hopped to the edge and cried:

"Come, bunnies, and play in our brook, which has come back to us!" "And, oh, how glad I am to be back!" sang the brook. "I was never intended for a big river, and it splashed a diamond drop of water on the bunny gentleman's pink nose, tickling it and making him sneeze 'ker choo! ker choo!' And so the brook went on—forever. And if the box of matches will help the gas stove get supper when the tea kettle gives a party for the coffee pot, I'll tell you next about Uncle Wiggily and the water lily."

Blue-jay is the efficient way to rout a corn. It leaves nothing to your guess-work. You do not have to decide how much or how little to put on. Each plaster is a complete standardized treatment, with just the right amount of the magic medication to end the corn. Simply put on the plaster—it does the rest.

She hated to acknowledge the Corn

So goes the old saying, And few indeed, like to confess a corn. It seems such an undainty thing—an admission of physical untidiness. One may conceal the presence of a corn, but not its ill-effect. It shows itself in the face—and the humor. That twinge in the toe means a frown on the forehead—and a thorn in the disposition. But how foolish to carry a secret-sorrow in your shoe! You can end the pain in ten seconds—and the corn in two days—with a pleasant Blue-jay plaster.

TORONTO VISITOR NOTES PROGRESS

Arthur E. Hawkes Sees Victoria After Twenty Years

Commentation on the signs of progress manifest in Victoria since he was here nearly twenty years ago was made by Arthur E. Hawkes of the Toronto Star, who with Mrs. Hawkes is on a visit to this city. There were evidences everywhere of the strides which Victoria had made in recent years. Mr. Hawkes said, and the trip to the Pacific Coast of Canada was one that every Canadian who was able should take. Although he had not yet had a chance to make a tour of the district, it was obvious at first glances, by the appearance of the downtown section that Victoria had gone ahead.

MRS. RACHEL HAY OF VICTORIA HEAD OF REBEKAH ASSEMBLY

Mrs. F. Walker of This City Elected Secretary at Revelstoke Convention

Revelstoke, June 11.—Over 500 persons attended the investiture of the Decoration of "Chivalry" by the Grand Lodge of the L.O.O.F. in the Y.M.C.A. Auditorium last night. Mrs. M. Robertson of Vancouver was the recipient of the honor. Some thirty cars conveyed the visiting delegates to the summit of Mount Revelstoke Wednesday afternoon. The Rebekah Assembly has elected the following officers: President, Mrs. Rachel Hay, Victoria; Vice-President, Mrs. Grace Elliott, South Vancouver; warden, Mrs. R. A. Hamblin, Trail; secretary, Mrs. Francis Walker, Victoria; treasurer, Mrs. R. C. McKinnon, Revelstoke. The convention concludes to-day when the subordinate lodge will elect officers. The majority of the delegates from the coast expect to return to their homes this evening.

COUNCIL GARDEN PARTY NETTED \$100

Welcome stimulus to the work of the Local Council of Women was given by the garden party held yesterday afternoon at "Pentecost," the home of Miss Crease. The affair was a gratifying success, redounding to the credit of Mrs. Annie Booth, who acted as general convenor. The lovely old gardens made an ideal setting for the affair, with their velvety lawns and stately old oaks and maples, and the various booths did a thriving business, selling out their attractive wares quite quickly. Miss Crease acted as reception committee, while Mrs. H. W. Graves, vice-president, assisted at the seat of custom.

Delicious home cooking was sold by Mrs. Wm. Peden, representing the Victoria Women's Institute, and Mrs. J. A. Campbell, representing the Gibbs and Mrs. J. D. McLaughlin; Mrs. John Hany and plain sewing; Mrs. John Hany and Mrs. Shampine; Mrs. W. L. sold cut flowers, ice cream and strawberries were in charge of Mrs. Keating of Queen Alexandra Review W.E.A., while Mrs. Brooker and Mrs. Kelly of the Esquimalt W.C. found many patrons for the delicious afternoon tea which they dispensed on the tree-shaded lawn. The outstanding support given by the affiliated societies, particularly of the rural districts, the affair was a financial success, netting about \$100 for the Council funds.

Mrs. W. C. Nichol to Open Garden Party at Esquimalt

The ladies of St. Paul's Church, Esquimalt, will hold a garden party and sale of work in the church grounds on Tuesday, June 16, at 3 p.m., at which hour Mrs. W. C. Nichol will formally open it. There will be a fancy stall, aprons, hats, home cooking, candy and Covent Garden. Afternoon tea will be served, also ice cream and strawberries and cream. For the children there will be a fish pond and an Aunt Sally. The St. Paul's tennis club has kindly given the use of its courts for those who wish to play tennis. Admission to the grounds will be free.

TO-MORROW'S HOROSCOPE

By Genevieve Kemble

FRIDAY, JUNE 12

This day may be notable for the removal of some stubborn obstacle or the breaking up of an old crystallized condition according to the major lunar aspect. However, business may be subject to complexities and there is a likelihood of loss through dispute, speculation or litigation. There may also be some anxiety about writings, publications or contracts. Sign all these with care. In all domestic, social and romantic affiliations there may be much activity and pleasant and happy engagements.

Those whose birthday it is may find a long-standing obstacle or condition removed during the year, making way for successful effort. Yet, in business, as in all that pertains to writings, publications or documents, there may be complications. Affix the signature with care, and shun disputes, litigation and speculation. Heart and home affairs should be lively and happy. A child born on this day may be steady, industrious and persevering, but should be trained to be careful with money and avoid law.

Read the ads and PLAN that shopping trip—for it is more interesting to carry out plans than it is to "hop-hazard" your way through life. An advertiser for help knows that if he offers small goods he will attract only small people—or, he SHOULD know it.

POPULAR CIVIL SERVANT MARRIED

One of the prettiest of June weddings was solemnized at St. John's Church, Wednesday afternoon at 2 o'clock, when the Rev. Montague Bruce, assisted by Rev. F. A. P. Chadwick, united in marriage Ivy Cristobal, only daughter of Mr. and Mrs. G. H. Fuller, 15 Elliott Street, and Robert Ernest Burns of the Provincial Lands Department.

The bride, entering the church on the arm of her father, was met at the door by the choir, which proceeded to sing the hymn "The Voice That Breathed O'er Eden." She looked winsome in her imported gown of ivory Beauséant, which was fashioned in draped effect and caught at the side with a cascade of pearls. The plainness of the back was relieved by a ruche of roses of the same material. Her hair, sweet peas and maidenhair fern. She wore the conventional wedding veil fastened with a wreath of orange blossoms.

MISS K. M. GIBSON PRETTY BRIDE AT ST. PETER'S CHURCH

Married Yesterday to Mr. F. B. Stamer at Quamichan; 300 Guests at Reception

Special to The Times

Duncan, June 12.—One of the smartest weddings seen in Duncan for a long time took place at St. Peter's Church, Quamichan, on Wednesday afternoon when Kathleen Florence Louise, daughter of Mr. and Mrs. J. H. Whitmore, "Dogwoods," Quamichan Lake, became the bride of Hugo Frederick Barnabe Stamer, son of Rev. F. C. and Mrs. Stamer of Sandy, Bedfordshire, England. The ceremony was performed by the Rev. F. L. Stephenson, rector of St. Peter's Church, Victoria, who, formerly of St. Peter's, Quamichan, assisted by Archdeacon H. A. Collison.

SAYS BLACK HAND LETTER WAS JOKE

Toronto, June 11.—"It was a joke." This was the statement made by Betty Pecalls, eighteen, a pretty Polish girl, when she was arrested yesterday on a charge of "demanding money with menace." The girl is alleged to have written two letters to a girl friend, Rose Defarri, threatening her with "assaults" if she did not leave \$50.00 on a shelf attached to a post at the rear of the Defarri home. The letters were typewritten and signed with a Black Hand. The girl was arrested when she took a dummy package for the post.

ASK THIS HALIFAX NURSE

She Is Willing to Answer Letters From Women Asking About Lydia E. Pinkham's Vegetable Compound "I am a maternity nurse and have recommended Lydia E. Pinkham's Vegetable Compound to many women who were childless, also to women who need a good tonic. I am English and my husband is American, and he told me of Lydia E. Pinkham while in England. I would appreciate a copy or two of your little books on women's ailments. I have one which I feel a lot stronger. I will willingly answer letters from any woman asking about the Vegetable Compound."—Mrs. S. M. COLEMAN, 24 Uniacke Street, Halifax, Nova Scotia.

Be sober and temperate and you will be healthy.—St. Franklin

Take "Kruschen" and with joy go leaping— Do not let old age come creeping.

That "Kruschen" Feeling

Gardening—Adam's first job—is one of the healthiest and most delightful of occupations. But it is apt to find out your weak spots.

That tiny, tasteless pinch of Kruschen you take each morning in your breakfast cup of coffee or tea, drives it out of your system, the strain of gardening will make its symptoms felt more acutely.

But the man who takes care to keep himself fit and healthy finds nothing but joy in the cultivation of his well-loved plot. That's where Kruschen comes in.

Kruschen you take each morning in your breakfast cup of coffee or tea, drives it out of your system, the strain of gardening will make its symptoms felt more acutely.
