Paris, Nov. 9.—The troubled state of affairs in Constantinople continues, according to dispatches here today.

Two British soldiers were assassinated last night at Kasimovska, according to the Constantinople correspondent of Petit Parisien.

Col. Charpy, commander of the French troops in the Constantinople area, told the correspondent he considered the situation one of the gravest nature.

The Allied generals and commissioners have informed Mustafa Pasha, the governor of Constantinople, and Hamid Bey, Turkish ambassador here, the despatching of the Allies over the attitude the Kemalists have taken since they formally took over the civil government.

Despite Allied protests, Mustafa Pasha has maintained all the demands of the Allies except the high customs duties which he imposed on foodstuffs.

The attitude of the Kemalists becomes stiffer every day and the extremists seem to be in power at Ankara. An application for a postponement of the peace conference at Lausanne before proceeding to that city.

PREUS REMAINS LEAD WITH VOTE YET INCOMPLETE

Dakota County Reduces Early Majority by Small Number.

MANY PRECINCTS OUT Late Returns Increase Overwhelming Vote for Shipstead.

St. Paul, Minn., Nov. 9.—On returns received this morning Governor J. A. O. Preus increased his lead slightly over that of last night in the race for governor against Magnus Johnson.

When Dakota county had reported on governor today, giving Preus 2,360, Johnson 2,425 and Indehus 1,132, the count from 2,709 of the state's 4,478 precincts gave Preus 262,639, Johnson 237,522, Indehus 64,348.

The missing precincts are scattered, with the bulk of them in the northern part of the state, where conditions have made it difficult to collect returns.

In several instances the count has not been completed, the ballot boxes being sealed up to await the meeting of the canvassing board.

Defeat of one of Minnesota's congressmen was made certain yesterday and last night—A. J. Volstead in the Seventh and Halvor Steenerson in the Ninth. The former was beaten by Rev. O. J. Kvale, Independent, and the latter by Knud Wefald, Farmer-Laborer.

# FAVOR COMMISSIONING SUPERIOR FOR DOUGLAS COUNTY

### WOMEN WILL TAKE STEPS TO PROCURE REFERENDUM SOON

### Feel Superior Not Properly Represented on County Board.

### MEETING TO BE CALLED Commission Plan Would Effect Saving for the Workingmen.

Prominent business men, labor leaders and citizens of Superior, in addition to one official, indicate the proposed commission form of government for Douglas county as outlined in "The Herald" Tuesday evening.

In order that Superior, which contributes the greatest share of county taxes, might have a fair proportion of tax appropriations and proper representation in a county organization, many Superior citizens have organized a committee to secure a change from the present board of supervisors. Superior now has but ten members on the board of thirty supervisors, the majority residing in small towns and villages outside the city, all of whom contribute but 25 per cent of the total county taxes.

The suggestion in City Attorney Melvin's plan that a commission form of government for the county would generally alleviate the present conditions, is generally favored throughout the city.

### Referendum to Be Sought.

Initial steps favoring a referendum to procure a commission form of government will be started in the near future by the women's political organizations in Superior, according to Mrs. F. A. McDougall, president of the Superior League of Women Voters, today.

The executive committee of the organization will meet next week in the classrooms of the Olive and Commerce schools where a thorough discussion will be held and a definite plan of action outlined. Every taxpayer and citizen interested in the new project is urged by Mrs. McDougall to be present.

"We feel that superior, which pays 77 per cent of Douglas county taxes, has not enough representatives on the present county board of supervisors," Mrs. McDougall further stated, "that under the existing plan, Superior could never receive the proper allotment of taxes which it deserves because of an organization minority that represents neither population nor assessed property valuation."

### Women's Organization to Act.

Mrs. Mabel Widell, president of the Women's League Progressive Association of Superior, announced today that a movement to sponsor a commission government in Douglas county would be started at their next meeting Nov. 15.

"I believe that a county commission also would effect a saving for the workingmen and also assure proper representation in county affairs for taxpayers of Superior," Mrs. Widell said.

Mrs. Widell explained that the organization, which has organized a mass in Douglas county politics during the campaign, will now devote its activities toward a referendum for a Douglas county commission.

### Labor Leaders Favor It.

Ed L. Lafferty, Superior labor leader, asserted that he favored a commission government in Douglas county because it would materially lessen the taxes of the working people who contribute 45 per cent of Superior's population.

"I have always been in favor of the change," he said. "Superior will never prosper unless the workingmen on the county board of supervisors under the present plan."

## WISCONSIN PRIMARY PROVISION UPHHELD

Madison, Wis., Nov. 9.—Two dissenting opinions by Justice Franz Schwesinger and Justice Burr V. Jones, were filed with the Wisconsin supreme court decision upholding constitutionality of the provision of the state primary election law requiring party candidates to poll at least 10 per cent of their party vote in the last general election before eligible to a place on the general election ticket.

The opinions just filed by the justices in the case commented by Mayor A. A. Bentley of La Crosse, defeated independent Democratic candidate for governor, to get his name on the general election ballot, voice the court's attitude toward the restrictive provisions of the primary law.

Chief Justice A. J. Vinje, writing the majority opinion, said that the 10 per cent provision of the primary law was based on the clearly established legislative authority to reasonably regulate and restrict the right of suffrage, that the selection of the vote for governor as a test of party strength is clearly within their field, and that the requirement of a 10 per cent vote is not an unreasonable restriction.

## INVESTITURE OF TROOP 9, BOY SCOUTS, WELL ATTENDED AT CHURCH

Last evening at the Twenty-second Street Methodist church a very impressive ceremony was held in connection with the Troop 9, Boy Scouts of America investiture. A large crowd of visitors, including the parents of the scouts, and others attended the ceremony, which was sponsored by the Men's club of the church. Refreshments were served by the Men's club.

The second get-together of the newly organized Tomahawk patrol will take place this evening at scout headquarters. This new Tomahawk patrol is composed of all the patrol leaders and their assistants, and its purpose is to more closely cooperate with the scoutmasters in a practical way. Many of the patrol leaders are now giving excellent assistance in the way of acting as examiners in the second and first class tests. Tonight the new patrol will elect officers and talk over plans for special insignia, and there will be an open discussion on problems of the patrol meeting.

## HAWAII CONSIDERS USING WISCONSIN'S ROAD MARKING PLAN

Madison, Wis., Nov. 9.—Wisconsin's system of standardized road marking is now being considered by Hawaii with view towards its use on that island, according to Frank Cannon, secretary of the Good Roads Association of Wisconsin.

A Hawaiian newspaper is urging, Mr. Cannon says, that the "Wisconsin idea" of road marking be adopted in order to guide travelers on the island.

Last year England adopted the numbered system of Wisconsin and its advantages have now been realized by a Pacific island at the other side of the earth.

A large number of states in this country have taken up the Wisconsin marking system and are extending it. The highway commission itself is constantly improving the markers and extending them.

ELECTION TO CAUSE SENATE UPEHAVAL

Leadership and Posts of Importance Affected by Results.

(By the Associated Press.) Washington, Nov. 8.—The election results are due to work a considerable upheaval in the senate, probably in leadership and certainly in important committee posts, despite continued Republican control.

Primarily, the present Republican majority of 24 is reduced to probably 12, as compared with the existing lineup of 30 Republicans and 36 Democrats. Republican leaders have said they would welcome a somewhat reduced and more cohesive majority. They get the reduction, but enhanced obstinateness was declared to be questionable in view of the election of what have been termed radical, progressive or liberal members. Both parties lose powerful veterans and secure strong adherents.

Defeat of Senator Clegg of Minnesota, Frelinghuysen of New Jersey and Dupont of Delaware, all intimate personal associates and champions of President Harding, was coupled with the downfall of three other prominent Republicans. Senators Townsend of Michigan, Calder of New York and France of Maryland, and the prospective defeat of Senator Sutherland of West Virginia. The Democrats on the other hand, lose Senators Pomeroy of Ohio and Hitchcock of Nebraska, the latter a chairman of the Democratic organization, ranking minority member, former chairman of the foreign relations committee and former administration door leader.

For the first time the Farmer-Labor party will make an appearance on the senate floor by the election of Dr. Shipstead of Minnesota, victor over Senator Ross.

Many important committee vacancies, having a deep effect on legislation, must follow the will of the electorate. The finance committee, in charge of tariff and tax legislation, loses Senators Calder, Frelinghuysen and possibly Sutherland, while the interstate commerce committee, expected to deal with the transportation act and the Adamson eight-hour law, together with the railway labor board, loses three members, Senators Townsend and Kettle, Republicans, and Senator Fontaine, Democrat. The foreign relations committee loses Senators Kellogg, Pomeroy and Hitchcock, and the chairman of the committee loses Senator Frelinghuysen, Calder, Hitchcock and Pomeroy. A new chairman also must be chosen for the postoffice committee, headed by Senator Townsend, Senator Sterling of South Dakota is next in line for the chairmanship of the committee on Senator Page of Vermont. If he wins his bid-and-tuck race, more than a dozen new faces will be seen in the next senate.

ELECTED UNITED STATES SENATOR FROM MINNESOTA

HENRIK SHIPSTEAD.

St. Paul, Minn., Nov. 8.—Henrik Shipstead, elected United States senator, now a practicing dentist in Minneapolis, was born in Kandiyohi county, Minn., in 1881. He attended the common schools of his native county and afterward went to Northwestern university, Evanston, Ill., where he graduated in November, 1922. He practiced at Glencoe, Minn., until 1921, when he moved to Minneapolis.

While a resident of Glenwood, Shipstead was elected from Pope county as a member of the lower house of the Minnesota legislature and served one term in 1917. In 1918 he contested the congressional nomination on the Republican ticket with Congressman Andrew J. Volstead and was defeated.

At the convention of the Nonpartisan league and the Working People's Nonpartisan league held in St. Paul in March, 1920, Shipstead was placed in the field for the Republican nomination for governor against J. A. O. Prewer. The latter beat Shipstead in the primary, and Shipstead entered the field as an independent by petition. He was defeated by a decisive vote.

In the present election Shipstead ran as the Farmer-Labor candidate, being nominated unopposed at a convention of that party held in Minneapolis on March 31, 1922.

ELECTION VINDICATES LABOR, SAYS GOMPERS

Washington, Nov. 9.—The results of the election "are a magnificent vindication of every contention made by the American Federation of Labor," Samuel Gompers, president of the federation, declared in a statement last night.

"One after another the stalwart old defenders of privilege, greed, oppression and reaction went down in defeat," he added. "Compulsory labor, injunction, the overriding of law and constitution, the railroad labor board, the sales tax, the ship subsidy—these are things typifying the general conception of the ruling class and condemned so fiercely and overwhelmingly."

SATURDAY WILL BE HOLIDAY HERE

Banks, Public Buildings to Close; Stores From 10 a. m. to Noon.

Duluth will fittingly observe Armistice day as a holiday Saturday. With all public buildings and banks closed for the day, Duluth business men have announced that department stores and shops will be closed from 10 a. m. to noon on Saturday, in order that their employees will be able to see the Armistice day parade and participate in the celebration at the armory immediately following. The stores will be open again from noon until 9 o'clock in the evening.

The city hall, courthouses, the banks and all public buildings will be closed Armistice day, which is a legal holiday in Minnesota.

Special Mail Schedule. In addition, Postmaster Condit has arranged a special holiday schedule for the postoffice during the day. The regular morning deliveries will be made by the carriers in both the business and residential sections of the city, but there will be no afternoon deliveries, he announced in the following schedule issued yesterday: "All lobby windows will be open on week days, and delivery of parcel post will be the same as other days."

Special delivery and lock box service will be continued throughout the day and evening. "Collections will be made in the residence territory by carriers during their regular morning delivery and in the business districts at the same hours as on other week days. Exchanges of mail with the stations and outgoing dispatches will be made as on week days, except that the night mail will close at 9 p. m. instead of 10:30 p. m. One delivery of mail will be made on all rural routes. Same hours will prevail at the main office and at the classified stations, at West Duluth and Morgan Park.

"Supervisors in charge of clerks' schedules will arrange their hours of duty, in consultation with the carriers for the work, as will distribute the curtailment of service as equitably as possible among all of them."

Business at contract stations will be carried on during the hours that the stores in which they are located remain open.

Armistice School Programs. Duluth school children will hold special Armistice day exercises on Monday, members of the board of education decided at their special meeting last evening. Appropriate programs will be arranged at all the schools, it was announced by Supt. Bentley.

INSTRUCTION GIVEN PUPILS IN FIRST AID FOR WATER VICTIMS

Instruction in first aid for drowning persons was given Duluth school children today by Capt. C. A. Hyatt, director of the Red Cross life-saving department, who is conducting a campaign of education throughout the country.

This morning Capt. Hyatt addressed the children at the Lincoln junior high school and this afternoon at the Morgan Park high school. In addressing the boys and girls Capt. Hyatt urged everyone to learn the first-aid methods for drowning persons, showing how easy it is to help a water victim. If several simple methods are known, Capt. Hyatt announced that life-saving classes would be organized by the Red Cross in the city.

CANADA LAYS G. O. P. REVERSES TO TARIFF

Ottawa, Nov. 9.—Republican reverses in the United States were interpreted here as a reaction from the Republican tariff bill.

The passing of the emergency tariff bill, followed by the adoption of a permanent tariff, seriously affected certain classes of Canadian exports, particularly agricultural products. The Canadian government is now negotiating with France, Italy and

JURY AT HERRIN IS DIFFICULT TO SELECT

(By the Associated Press.) Marion, Ill., Nov. 9.—Extreme difficulty in selecting a jury to try the men indicted in connection with the Herrin mine killings last June was foreshadowed when many of the 12 venire men offered excuses for release. Attorneys on both sides believe the selection of the jury will require probably two or three weeks. Indictments against forty-one of

Are you proud of your teeth?

—the right dentifrice will quickly make them gleam white and bright

Listerine Tooth Paste, made by the Lambert Pharmaceutical Company, makers of Listerine, contains just the right cleansing agent. It is hard enough to remove the daily formation of tartar, yet not hard enough to scratch or injure the enamel. You take no chances with it.

It is antiseptic—like Listerine. Listerine Tooth Paste is doing the same thing that Listerine did. Listerine is a safe antiseptic for all uses. It brings into your home an effective weapon against infections. Just so, Listerine Tooth Paste, used conscientiously, makes it easy to give your teeth and gums the right kind of care. Do not neglect, however, to visit your dentist at least several times a year.

Note how quickly your teeth will improve. Get from your drug dealer a tube of Listerine Tooth Paste. The price is 25 cents. Give it a thorough trial—three brushings a day is the best method. Then note how white and bright your teeth will gleam—how the condition of your gums will improve. And know all the while that you are using a dentifrice that is perfectly safe—that cannot injure your teeth.

Avoid dentifrices that attack the enamel. Guard the precious enamel of your teeth. Don't scratch it with a paste containing harsh abrasives. This enamel can never be replaced.

Also avoid soaps and other alkalis. Dental authorities now agree that the ideal dentifrice should contain no soaps or other alkaline ingredients. These work against Nature; they lessen the natural saliva flow and hasten tooth decay. Mild fruit acids, on the other hand, such as Listerine Tooth Paste, contain, aid Nature in preserving the teeth.

Clean your teeth thoroughly and pleasantly. Notice how delightfully fresh and clean your mouth feels after you use Listerine Tooth Paste. It's natural that it should feel so. Listerine Tooth Paste is made to work that way—to clean your teeth thoroughly and pleasantly, and help you keep your teeth and gums in their natural healthy condition.

Listerine Tooth Paste works naturally. Notice how your mouth waters when you use it. That is because the fruit acid elements in Listerine Tooth Paste—grape, orange, apple and grapefruit—stimulate the flow of saliva. Saliva is good for the teeth and gums. That's one of the purposes for which salivary glands are provided. Again notice the clean feeling. Your teeth will feel clean after you use Listerine Tooth Paste thoroughly, because they are clean.

—the paste that's right at the price that's right 25c

# BAYONET, CENSOR AT CORONATION

## Utmost Precautions at Crowning of Rulers of Roumania.

By A. H. HECKER.  
(Special Correspondence of The Duluth Herald and Chicago Daily News.)  
Bucharest, Roumania, Oct. 16.—Alba Julia bristled with bayonets during the coronation of King Ferdinand and Queen Mary, but it was impossible to say so in a cable dispatch. Everything of that sort was carefully cut out by the censor for apparently the Roumanian authorities fear some kind of publicity as much as they dread a Hungarian plot against the royal couple. Several newspaper correspondents were arrested at the time of the coronation ceremonies and one moving picture man was prevented from working. Other correspondents, probably all of us, were followed about by detectives and men in military uniforms. It must be admitted, however, that the Roumanians were extremely courteous despite their suspicious attitude and the foreign office saw a good opportunity for favorable publicity. Correspondents were included among the guests brought to Alba Julia, and we were permitted to tramp where we liked in the city. We even penetrated into the cathedral during the sanctification ceremony preliminary to the coronation. Rumors were to the effect that no news of the extreme precautions taken reached the outside world by telegraph cable.

With another American correspondent it was held by an officer until a representative of the press bureau identified me. But the detention was for only a few minutes and significant only of the precautions taken.

Foreigners Especially Watched.—Long before the ceremony began many suspected persons were escorted from Bucharest and Alba Julia. Foreigners were checked by the police and were carefully watched. The frontiers were closed and troops were stationed in the cities and at 100-yard intervals along the railway lines from Bucharest to Alba Julia. Many trains were sent out to test the track and the bridges.

During the week preceding the coronation an army of detectives installed itself in Alba Julia and 600 troops were stationed near by. 50,000 destined for the military review following the coronation. No one was permitted in the fortifications without a special pass and a foreigner only when accompanied by a known Roumanian. The peasants who were permitted to watch the coronation were hand-picked and were carefully watched. Others would not approach the cathedral, which is on a hill and surrounded by fortifications.

It was interesting to note that no one was present from the group of Transylvanians who, in Alba Julia, in December, 1918, voted for the union with the kingdom of Roumania. The Transylvanians are not contented with the present Roumanian administration, and it is estimated that 2,000,000 Hungarians in Transylvania do not wish to remain with Roumania where they were placed by the peace treaty. The Hungarian minister of Bukarest was not present, neither was the Bulgarian minister. A representative of the former czarist Russian government was present unofficially.

Why Precautions Were Taken.—Why were so many precautions taken necessary at a coronation which should have been an expression of jubilation and indicative of the union of the peoples forming the empire? The reason is to be found in Roumania's political situation developed out of the formation of greater Roumania. One-third of Roumania is Russian; Transylvania has about 2,000,000 Hungarians—perhaps more than the Roumanian population there—the Dobruja contains many Bulgarians; in Bukovina are many Rumanians—Slavs who would perhaps prefer to be included in Czechoslovakia or a non-bolshevik Russia; and in the Danube are many Serbs and Germans, although perhaps this region is tranquil. These minorities, national or ethnic, constitute, whose interests often conflict with those of Roumania, occupy a strong and disquieting place in Roumania's national life.

Should Hungary "come back" as did the Turks, it might be easy for the Hungarians to start an insurrection in Transylvania, and no one would dare predict Russia's future movements.

Roumania was justified, of course, in taking great precautions at the time of coronation. A fanatic from any of the discontented minorities might have thrown a bomb or tried to mine a bridge before the royal train.

King Ferdinand seemed somewhat tired and nervous during the ceremony, but Queen Mary never lost her poise. She seemed to be enjoying herself immensely.

# CONDENSED DISPATCHES

Lindsay, Ont., Nov. 8.—Beatrice Nicholls, 21, was sentenced to fifteen years in Kingston penitentiary after confessing to throwing her new born baby from a train. She declared that the baby had suffered from convulsions.

Saskatoon, Sask., Nov. 9.—Three thousand Russian Mennonites, who are migrating from Russia, have decided to come to Western Canada instead of going to Mexico. H. Schroeder of Aberdeen, Sask., agent of the Mennonite Colonization Association of North America, Ltd., said.

Washington, Nov. 8.—Gov. General Wood expects to surrender his office in the Philippines and assume his duties as governor of the University of Pennsylvania some time prior to Feb. 1 next. Secretary Weeks was informed.

Washington, Nov. 9.—Recognition of the equality of American claims against Germany with those presented by France, Great Britain and Belgium in connection with the maintenance of troops on the Rhine is understood to have been signified in Allied proposals communicated to Secretary Hughes by Ambassador Jusserand of France, Ambassador Geddes of Great Britain, Charge Rossi of the Italian embassy, and Baron De Carter, Belgian ambassador.

Munich, Nov. 9.—Dr. Eugen Von Kauling of the German People's party has been elected premier of Bavaria by the diet.

Chicago, Nov. 8.—With argument for and against dissolution of the temporary restraining order against the federated shop craft concluded late yesterday, Federal Judge James H. Wilkinson took the motion to dissolve under consideration. No indication as to when a decision would be announced was forthcoming from the court.

Washington, Nov. 8.—J. Ogden Ar-

mour, Chicago packer, who recently refused to give the Federal trade commission figures in his private business in the grain markets during the past year, has filed the detailed information with that body. It was announced here, but the accounts will not be made public.

New York, Nov. 9.—Tex Austin, manager of a rodeo at Madison Square Garden, staged for the benefit of the Argonne Association of America, today was summoned to appear before a magistrate Friday on a charge of cruelty to animals. The alleged cruelty was said to have been inflicted in bullwrestling contests.

Chicago, Nov. 9.—As a measure to combat "puppy love" school romances, a resolution providing for a course of study in morals and civics in the elementary grades of the public schools was adopted by the board of education yesterday.

# GERMANY SUBMITS REPARATIONS PLAN TO STABILIZE MARK

Berlin, Nov. 9.—The German proposals delivered by M. Barthou, president of the Allied reparations commission, although the text is withheld, are generally believed to be Germany's request for reparations modifications strongly influenced by the findings of the committee of experts.

The Wirth government proposes organization of an international banking syndicate to negotiate control, stabilization and loan with the cooperation of the reichsbank. The commission also requests temporary exemption from reparations, gold payments and deliveries of goods in kind and coal, and will agree to proceed with the work of building up the devastated areas, which enterprise is to be financed with an international loan.

It was definitely stated today that the commission would not arrive at any decision in Berlin but would reply to the German government from Paris after reviewing the results of its Berlin investigations.

The bureau continues to view the present reparations situation with contempt and in their disregard of the experts' report and the improved appearance of the negotiations, sent the dollar rate beyond 2400.

The report of the experts, Prof. von Kynast, Brand, Jenks and Casel, advocates a two-year moratorium from reparations payments of 3,500 marks to the dollar by utilizing the reichsbank's gold reserve. The report contends that the financial problem cannot be solved unless the dollar is stabilized, and that stabilization would be impossible without a moratorium.

# DEMOCRAT, NAMED BY G. O. P., REED WITHOUT PARTY, SAYS WILSON

St. Louis, Mo., Nov. 9.—United States Senator James A. Reed, who was elected for his third term in the senate in a Democratic victory in Missouri yesterday, after having been repudiated by his party two years ago, is "a man without a party," according to a letter from Former President Woodrow Wilson, which was made public here.

The letter, dated Oct. 27, ten days before the election, was addressed to Former Governor Lon V. Stephens, and stated that if Reed would be elected he would be in the senate "repudiated by Democrats and elected above their own man by Republican votes."

The letter served as a reply to one to the former president by Governor Stephens.

Mr. Wilson's letter: "I am sincerely obliged to you for your letter of Oct. 21. I know entirely how uncomfortable you are to see the situation in Missouri and I value accordingly, the carefully considered information conveyed in your letter. I do not think that I ought to attempt any advice as to the election. I am too far away from what I may call the interior conditions of the state. I feel, besides, that leaders like yourself can be confidently counted upon to guide the local Democratic vote of Missouri to the right course of action.

"Mr. Reed is returned to the senate, he will, of course, be there, a man without a party, repudiated by Democrats and elected above their own man by Republican votes. I should think that the usual organization of the senate would be rendered quite impossible.

"With cordial greetings to all true Democrats, who, like yourself, uphold the real interests and best ideals of the party and of mankind, and with sincere personal regards, faithfully yours, "WOODROW WILSON."

# RAILROAD TRAFFIC AT RECORD RATE

Washington, Nov. 9.—Volume of traffic on the country's railroads assumed record-breaking proportions with the end of October, the American Railway association reporting today the total number of cars loaded with revenue freight by American roads in the week ending Oct. 28 was 1,014,000 cars.

On only one other week in railroad

# MANY YOUNG PEOPLE NOT IN COLLEGE WHO OUGHT TO BE THERE

New York, Nov. 9.—The only students in college today who do not belong there are those who lack any serious objective and are there in a perfunctory and negligent spirit, declared Abram W. Harris, corresponding secretary of the board of education of the Methodist Episcopal church, which opened its annual meeting here Wednesday, and will continue the remainder of the week.

Prof. Harris, former president of Northwestern university and chairman of the vice commission of Chicago, in an address before the board

today, asserted there are not too many students in college.

"I do agree with some educators who say that there are many who ought not to be there, but there are many young people not in college that ought to be," he said. "I favor any sorting-out process which is entirely just, but none has yet been proved to be so. The infinite individual difference and variety of experience and background completely baffle every known method in many cases. After all the actual trial seems to be the only just method. In the freshman year a weeding-out process goes on.

"This weeding out of the various grades of intellects is one of the really great functions of education. Its effect upon this country has been enormous, as it falls into the process of picking leaders of thought.

"The large number of young people in college today does not necessarily mean they are crowding the professions. The great shortage of doctors, dentists, teachers and ministers disproves this, although law may be an exception."

Lost Nominations Ends Life. Yakima, Wash., Nov. 8.—Leo Tittle, recently defeated for the Republican nomination for United States senator, ended his life in his hotel room here yesterday afternoon by taking poison, according to Coroner W. M. Brown. Tittle, a former county treasurer, had been despondent since his failure to win the nomination.

GERMAN FASCISTI WELL ORGANIZED

(Special Cable to The Duluth Herald and Chicago Daily News, Copyright, 1922, Berlin, Nov. 9.—The "gray shirts" of the German Fascisti, a group of Southern Germany call themselves, have organized under the leadership of Dr. Dietrich Hitler, Nationalist, a campaign against the Berlin Socialist government, according to a Munich dispatch to the Berlin News Zeitung.

Members of three anti-republican organizations have held meetings in Augsburg and Bamberg, the object in view. The members have been furnished with uniforms consisting of a gray cap, a black and white armband bearing the Nationalist emblem.

Nuremberg is the center of the Fascist reactionaries and it is there that the first attempt to carry out the plan of re-establishing the monarchy in Bavaria will probably be made.

The Munich authorities, anticipating trouble in the near future, have sent special detachments of police to guard the building of the Munich post, a Socialist newspaper, and the federation of labor building.

VIENNA TO ISSUE \$1,000,000 IN BONDS

(By Paul Scott Mowbray, Special Cable to The Duluth Herald and Chicago Daily News, Copyright, 1922, Paris, Nov. 8.—The city of Vienna is planning to issue \$1,000,000 in bonds to meet the needs of the city.

The city pledges its street car system as security. The foreign banks are said to be taking the bonds at 87 and issuing them at par.

The negotiations for the Chicago bank are said to have been carried on by Vice President Fuchs and Schroeder, now in Europe. Negotiations are also said to be in progress for the acquisition by American interests of a Danube waterpower concession in Austria.

The Austrian government is making it conditional on a loan of \$5,000,000 whereas the American offer is only \$2,000,000.

Finally, negotiations are being opened with certain Americans for a loan of \$1,000,000 with the pictures in a modern art gallery as security.

MUSICIANS WANTED FOR U. S. ARMY SERVICE

Musicians are wanted to enlist in the army, as there are a number of vacancies in the Third regiment band at Fort Snelling, Minn., and several other musical organizations throughout the country, according to word received at the local recruiting offices today.

In addition, there are approximately 500 vacancies throughout the army and these are now being filled by means of a national recruiting campaign.

A special company of 275 men for infantry service and twenty-five for engineering units is being enrolled for immediate duty on the Hawaiian islands.

Among some of the bands in need of musicians are general service schools band at Fort Leavenworth, Kan.; Fourth field artillery, Fort Sam Houston, Tex.; Fourth cavalry, Fort Meade, Tex.; and Seventh field artillery, Hawaii.

SMALL INCREASES IN RETAIL FOOD COSTS

Washington, Nov. 9.—The retail cost of food increased between Sept. 16 and Oct. 15 in all of twenty-six representative cities, from which statistics were compiled, the department of labor announced today.

The increases ranged from less than one-half of 1 per cent in Chicago and Milwaukee to 1 per cent in Philadelphia. St. Paul reported an increase of 1 per cent.

AUGUST DAUGHTON ON TRIAL: GRAND LARCENY CHARGED

Trail in the case of August Daughton, charged with first degree grand larceny in an indictment returned by the September grand jury, began this morning in Judge W. A. Cant's court, with Mason M. Forbes, first assistant county attorney, prosecuting.

Daughton is charged with having stolen fourteen cases of cigarettes from a tax car on the Omaha yards on the night of March 30, while he was employed by the railway company.

Only one hour was required yesterday afternoon by Mr. Forbes to present a case against Ray Martin and obtain his conviction of a charge of first degree grand larceny. The defense introduced no evidence in court.

TO NAME AMERICAN CARDINALS IN 1923

Rome, Nov. 8.—Pope Pius has decided to postpone the appointment of the new American cardinal to a consistory to be held next year. It was learned today. The report that both Archbishop Mundelein of Chicago and Archbishop Hayes of New York would at that time receive the red hat, however, was confirmed in an authoritative source.

Meanwhile notice has been sent to Monsignor Giovanni Bonzano, apostolic delegate at Washington, with regard to his being raised to the purple in the consistory to be held Dec. 11. It is expected this notice will reach Monsignor Bonzano next week and that he will shortly afterward leave for Rome.

NEED \$42,000,000 TO PAY TAX CLAIMS

Washington, Nov. 9.—Congress will be asked for a deficiency appropriation of approximately \$42,000,000 to enable the internal revenue bureau to pay claims arising from taxes illegally collected by the government. It was said today at the treasury.

MAY TAKE WEEKS TO CHOOSE JURY TO SIT IN MINE RIOT CASE

(By the Associated Press.) Marion, Ill., Nov. 9.—Examination of the veniremen from whom will be chosen the jury to decide the fate of the first five men on trial here in district court on charges of murder, brought in connection with the twenty-three Herrin mine killings of last June, was continued today.

The city pledges its street car system as security. The foreign banks are said to be taking the bonds at 87 and issuing them at par.

**GREAT DEMAND FOR SUGAR; RECENT LOW PRICES OVER NOT EXPECTED TO RETURN FOR ANOTHER SEASON AT LEAST.**

BEET ACREAGE SMALL

Farmers Are Getting Good Prices From the Refineries.

By J. C. HOVLE.

(By Special Licensed Wire to The Duluth Herald Copyright, 1922.)

New York, Nov. 8.—The old war-time sugar market is hard, we don't mind the same, it is like, to be put in force by the careful houses this year.

War-time sugar prices are a thing of the past, but producers and refiners are emphatic in declaring that recent low prices may not be expected to return at least until another season.

There is a greater demand and greater competition among refiners than has obtained since 1918, according to dispatches received today from New Orleans. So great has been the call for sugar that most of the Southern cane crop could have been disposed of before this time had planters been willing to accept the prices offered. Many have sold a considerable portion of their crops, but the market is still free to reap the advantages of a rising market which has been strengthened by the shortages of the domestic and foreign sugar beet crops.

About one-third of the cane production has been sold at prices ranging from 5.85 to 5.50 cents a pound for raw sugar and 6.60 and 6.80 cents a pound for plantation granulated. This is about 2 cents a pound above the 1921 level. Syrup is bringing three times as much as last season. Most cane growers are ending the season in good shape.

**Making Beet Sugar.**

Grinding of beets is well under way in the intermountain region, in Kansas and Missouri and in Minnesota and Michigan, and a large part of the crop has already been converted into sugar. The results have been satisfactory in the factories who reported beets being of excellent quality, produced per acre and the good prices for beets under the sliding scale based on the sugar market.

The sugar refining companies are pleased with the quality of beets produced but are disappointed with the increase in production in the beet fields which will run only 60 to 75 per cent of normal.

A wave of potato raising instead of beet culture has swept over the intermountain states. Potatoes for use and production was enormous and last season was curtailed. As a result there is a surplus of beets in many sections the tubers do not run for digging but the beet raisers are happy. There will be a greatly increased beet acreage next year. Refiners have prospects for reasonable profits in spite of the expected bumper crop of cane in Cuba which forecasts a production of over 1,000,000 tons of sugar.

Cane shortages continue to have a depressing effect in various sections despite record crops. Over 2,000,000 bushels of wheat are tied up in Kansas elevators and farmers here, however, men cannot buy more wheat from farmers because they have no space in which to store it. About 4 per cent of the Washington shingle mills have closed down with all shed facilities piled full awaiting care and little hope is expected for betterment before February, 1923.

**Talk of 30-Cent Cotton.**

Dealers and manufacturers in the Atlantic states and New England as well as in the South are beginning to talk seriously of the prospect of 30-cent cotton. The Ford Motor company is in the market for copper and is understood to be buying heavily for future needs. Contracts have been let for a new Ford assembly plant in the Chicago district and Ford production schedules

**BADGER HIGHWAY COSTS RUN HIGH**

Construction and Maintenance Are Estimated at \$36,893,700.

Madison, Wis., Nov. 8.—Highway construction and maintenance in Wisconsin for the present year will cost approximately \$36,893,700, the legislative committee of the county boards' association says in its summary of highway expenditures to be submitted to state county boards Nov. 14.

County funds provide \$18,351,600 of the total available money for highway expenditures in the state, town funds \$18,292,800, street funds, \$5,518,800 and Federal funds, \$1,697,000, the report shows. This does not include funds expended on city streets which are raised in the municipalities.

County funds totaling \$18,351,600 were raised for the following purposes: Federal aid road construction, \$1,895,200 from a direct county tax; state aid roads, \$2,214,700 from a direct county tax; state aid roads, \$2,214,700 from bond issues; county highway maintenance, \$371,900 from direct tax; county highway maintenance, \$1,744,000 from direct tax; motor vehicle fees, county aid, roads and bridges, \$1,050,000 from direct tax; machinery, supervision and miscellaneous, \$1,471,000 from a direct tax.

Towns raised \$8,600,000 from a direct town tax for town road construction and maintenance, \$1,036,000 from a direct tax for county aid roads and bridges and \$694,000 from a direct tax for state aid roads.

**Source of State Funds.**

The \$5,518,800 raised by the state from the following sources: Federal aid road construction, \$1,700,000 from a direct state tax; Federal aid construction, \$1,710,000 from motor vehicle fees; state aid road construction, \$788,000 from the state general fund; special large bridges, \$100,000 from the general fund; state highway maintenance, \$2,051,100 from motor vehicle fees; state highway commission, \$1,650,000 from motor vehicle fees.

Federal funds of \$1,697,000 from Federal taxes, the report shows.

The cost of maintaining the state trunk highway system is supposed to be paid by the state out of motor vehicle fees, the report says. "As a matter of fact, this fund is not sufficient for the purpose and additional funds are being raised from year to year by the counties through tax levies. This maintenance will cost approximately \$2,425,900 in 1922, of which the state will furnish \$2,061,000 out of county taxes levied on real and personal property.

"The counties now maintain over 9,000 miles of county trunk highways in addition to the state trunk highways within the counties. The cost of this maintenance in 1922 is about \$2,350,500. In this instance also the motor license fees are not sufficient for the intended purpose. The counties in 1922 had \$978,800 returned to them out of the motor license fees collected in the fiscal year so that the cost of county trunk maintenance, \$1,374,100, was furnished out of county taxes on general property.

"The counties and towns together must provide at least \$1,374,000 to meet the state aid, while as a matter of fact they provided about \$3,208,700 by direct taxation in 1922 and a further sum of \$9,211,700 in bond issues. This indicates clearly that the counties are pushing highway improvement much more rapidly than state laws demand, as in the given

**POLICE AND COURT BREAK RECORD IN DISPOSING OF CASE**

Arrested in the act of selling moonshine to three sailors at 9:30 o'clock this morning, booked at headquarters at 9:55 o'clock, tried before Judge Wainman at 10:40 o'clock and sentenced to eighty-five days at the work farm at 10:50, was the fate of John Stenberg today. It was the quickest action in a liquor case in the history of municipal court.

Stenberg had obtained a room in the Home hotel, although the hotel is closed. He was caught by Officer Walter Schram selling liquor to three sailors. The sailors had each taken one drink from the bottle.

Officer Schram arrested Stenberg and brought the three sailors in as material witnesses. Stenberg pleaded not guilty before Judge Funke, but with the testimony of the sailors he was found guilty. Harry Weinberg, assistant city attorney, prosecuted the case.

In sentencing Stenberg for the limit Judge Funke said, "The fact that he was caught in the act of selling moonshine and then had the manhood to admit the same, the fact that he pleaded guilty would be taken into consideration, but in this case there will be no leniency of any kind—eighty-five days straight."

**BIG STILL TAKEN IN RAID; WOMAN HELD FOR MAKING LIQUOR**

The best still to be taken by the purity squad was obtained today when Sergeant William Youngberg raided a house at 125 West Second street and took a fifty-gallon still and 100 gallons of moonshine. They were taken to the police station on a charge of manufacturing intoxicating liquor.

Mike Grodzinski pleaded not guilty in municipal court this morning when charged on a charge of selling intoxicating liquor. His trial was set for Nov. 15 and bail was fixed at \$200. He was arrested by Officers Ricketts and Youngberg.

Alexander McDougall was sentenced to twenty days in the work farm by Judge Funke today on a contempt of court charge. He had promised to pay a \$30 fine for drunkenness to adult probation officer, Heika. He told the court that he had forgotten to pay the installments on the fine.

**NEGOTIATIONS TO TAKE OVER D. & N. M.**

Robert Waldron, Mill City Lumberman, to Confer With New Owners.

Negotiations for the taking over of the old Duluth & Northern Minnesota railroad from the Weyerhaeuser interests, which have just purchased the line from the Alger-Smith company, have been started by Robert Waldron, Minneapolis lumberman, and a group of Duluth and Minneapolis business men.

Mr. Waldron, who made an attempt to buy the road during the proceedings in Federal court last summer, said this morning that with the transfer of the line to the Weyerhaeuser interests, as announced in The Herald last evening, he will make an effort to close a deal with the new owners. If successful, Mr. Waldron proposes to create the Duluth & Ontario railroad, running from this city to Port Arthur.

**Many Interested.**

"I still have a number of Duluth and Minneapolis men interested in this projected line, connecting Duluth with the Canadian head of the Lakes, using this old road as a nucleus for the new one," said Mr. Waldron today. "And we have started negotiations with the Weyerhaeuser interests of Cluquet."

"We have not given up hope of saving this line and we feel sure we will be able to make a satisfactory deal with the new owners."

**New Road to Incorporate.**

Mr. Waldron announced that the Duluth & Ontario Railroad company will be incorporated and that papers will be filed in the near future. According to his plan, the new road will run from Duluth to Knife River, the southerly point of the old Duluth &

**CENTRAL HI-Y CLUB MEETS WITH LARGE CROWD; MANY STUNTS**

The Central Hi-Y club met the boys' last night for dinner with one of the biggest crowds of the year. Secretary Carlo Chase of the Virginia Hi-Y was a guest with four of his Hi-Y members, Henry Johnson, president of the Virginia Hi-Y, responded to the welcome given the delegation by President William Coventry.

The club will entertain the dads the latter part of the month, and the entertainment committee of the club, headed by Leo Delighton, will announce the program next week. Mr. Carlson's class put on a short sketch. The attendance prize was donated by the Quillette company and won by Walter Dunn.

Capt. Hyatt gave a demonstration of swimming last night to a crowd that filled the bleachers of the boys' pool. He featured all the strokes and then gave an exhibition of fancy diving.

The Evening Boys' club will meet this evening at 6:15. A splendid program has been arranged and a num-

**DULUTH MAN INJURED ON MILLER TRUNK ROAD**

Eveleth, Minn., Nov. 8.—(Special to The Herald.)—George Gomale, Duluth, is in a serious condition in a local hospital. He was found in a ditch on Miller Trunk highway near Eveleth. It is believed he was struck by a passing motorist who failed to stop.

Because of his serious condition, police authorities are unable to obtain any information from Gomale. A card, bearing the name of Anna Williams, 411 1/2 Chestnut street, Virginia, was found in his possession.

MRS. E. F. GALLAGHER.

E. F. Gallagher, member of the famous vaudeville team of Gallagher and Shean, has been sued for divorce by his wife, according to word from New York. She mentions a member of the Ziegfeld beauty chorus, Gallagher denies the charges.

COMPLETE PLANS FOR ARMISTICE DAY

Program for Whole-Day and Evening Ready, Says Dahlwik.

Complete plans for the Armistice day parade and celebration Saturday were announced this morning by E. H. Dahlwik, chairman of the general committee in charge of arrangements.

Promptly at 10:30 o'clock Saturday morning the parade will start at Fifth avenue west and First street, the marchers continuing down the avenue to Superior street and then to the armory, where a program of speakers and musical numbers will be rendered.

In the evening the American Legion will stage its annual Armistice day ball at the armory, arrangements having been made to entertain 3,000 men and women at the annual dancing party of the former war veterans.

Truce, Grand Marshal.

Col. J. H. Truce will be grand marshal of the parade and will head the marchers to the armory. The first division, composed of city policemen and firemen, Mayor Shively and the city commissioners in automobiles, the National Guard, naval militia and the mail carriers, will form on First street, between Fourth and Fifth avenues west, the head of the line starting at the corner of Fifth avenue west.

Girl and Boy Scouts and the school children of the city will make up the second division, which will form on the courthouse square. In P. Washburn, city recreational director, will have charge of the division and will lead the marchers to the armory. The school children will line up directly behind the mail carriers, followed by the Girl Scouts and the Boy Scouts to the extreme end of the square.

Clubs and fraternal organizations of the city will be in the third division, headed by the Clan Stewart and the Federal building. This division will form on First street, between Fifth and Sixth avenues west, with the head of the line at the corner of Fifth avenue west.

All Veterans to Participate.

The American Legion, Veterans of Foreign Wars, Disabled Veterans, Spanish-American war veterans, Canadian war veterans and G. A. R. will form the fourth division. The Legion and Foreign War veterans' bands will be in the parade, as well as the drum corps of the city firemen and the Spanish-American war veterans.

At 11 o'clock, the hour when the armistice was signed on Nov. 11, 1918, the entire parade will be halted and the marchers will stand at silent attention for two minutes in memory of "the boys who never came back." A salute of twenty-one guns will be fired.

Do not put off piano buying at this time. Such bargains as we now offer cannot be found anywhere in Duluth or any other city.

GAS IN THE STOMACH IS DANGEROUS

Recommend Daily Use of Magnesia to Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis, accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat it with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any drugstore a few ounces of Bispharma Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and flat right out of the body, neutralize the stomach acids, prevent the formation of excess acid and prevent its formation. It is a safe, harmless, and effective remedy for indigestion, heartburn, gas, and sour stomach. It is the best form of magnesia for the stomach. It is the best form of magnesia for the stomach. It is the best form of magnesia for the stomach.

People aged 40 or over should guard against colds, grippe, influenza and pneumonia. The following symptoms indicate physical decay and lessen your resistance to attacks of colds: Constipated bowels—Indigestion. Sour gassy stomach. Pain around the heart. Shortness of breath. Congested liver.

Weak kidneys.

Health, the most precious gift in life, should be carefully watched by everyone. Millions of people today are guarding their health by keeping their system regulated by using Nature's great Herb Tonic—Bulgarian Blood Tea.

The rich juices brewed from the roots, bark, leaves, herbs, plants and flowers of Bulgarian Herb Tea aid Nature to remove vicious body poisons that are mainly responsible for ill health. Bulgarian Herb Tea is recommended by many physicians as a reliable family medicine and drugstore everywhere endorse it as a pure, healthful laxative tonic.—Advertisement.

KENWOOD MAN GIVES VIEWS ON STREET TRANSPORTATION

I have read with a great deal of interest the various comparisons relative to the jitney buses and street cars in your Open Court from day to day...

Not that anyone of us should take sides in this matter of argument or favoritism to the party, but looking at the matter from a business point of view...

Now, in order for any utility to function properly and give public service, also make the necessary extensions to keep pace with the rapid growth of our city...

Also the courtesy and respect shown patrons by the employees all over the system is not surpassed, regardless of where you may travel.

Let us get together on this proposition and take into consideration taxes and money spent on improvements...

A RURAL BOOSTER

Kenwood Park, Duluth, Nov. 5.

LACK OF SOCIAL HONESTY.

To the Editor of The Herald: The principal handicap in the way, I believe, in our present age, is that the majority of the people lack in social honesty...

The smart set will screw the last cent from the steady trifling wage pittance of the common worker...

On the other hand, the common worker lavishes his hard-earned pittance on moonshine with-out even knowing or caring what material comprises the mash while he will talk off with an old cap or pair of shoes...

Next comes the middleman with his fifty weights and measures, and I understand the law calls for correct weights and measures...

You might term this economic slight-of-hand work, "movements of the hand quicker than the eye..."

An old jungle thum of mine got kicked out of a high-toned butcher shop after buying some pork chops...

He says to the butcher, "Ain't you going to let me have your hand?" "What do you mean?" retorted the butcher.

SUSPICIOUS OF YOUNG TURK.

To the Editor of The Herald: Similar to the old man who visited his son-in-law's home on discovering his daughter's little son pounding the stem of the old chair's \$10 briar...

Little she thought, strange and all as her newly adopted appeared, that she would be so soon adopted.

PIMPLES ON CHILD'S FACE

Body and Scalp. Itched Badly. Cuticura Heals.

"My grandchild's face, body and scalp were covered with pimples out of pimples. They itched and burned so badly that he scratched and irritated the affected parts..."

The Second Grand Bol

In offering a few hints the other day on "How Not to Handle Bolls" I formulated two important rules for those who do not yearn to handle a line of bolls...

To the two rules of management of bolls already laid down, I would add another: Never poultice a boll or any lesion that discolors the skin...

Now, children, this corruption and humors is a sad mistake. No more corruption or humor comes out of some of the most prodigious boll than comes out of your finger when you cut it...

Also the courtesy and respect shown patrons by the employees all over the system is not surpassed, regardless of where you may travel.

APPRECIATES COURTESY.

To the Editor of The Herald: I only wish to take up a few lines in your splendid paper to offer a word of praise in appreciation for the service which I have received at other hotels in your city...

## GRAND RAPIDS IS HOST TO N. M. D. A.

Delegates Are Banqueted and Taken on Auto Tour.

Grand Rapids, Minn., Nov. 9.—(Special to The Herald)—An automobile trip to the North Star State, the annual farm, to the Itasca paper mill and the conference factory and other places of interest and about Grand Rapids this morning, and the banquet at the Legion hall last evening, were among the features of the convention of the delegates to the thirteenth winter session of the Northern Minnesota Development association, which is in session here.

Although the session got a late start yesterday because of the inclement weather, the session in the afternoon following the election of officers and the reports of committees.

Mr. Kelly presided as toastmaster of the evening. A good musical program was given by A. J. Glover of Fort Atkinson, Wis., editor of Herald's Dairyman.

State Senator Michael Boylan of Virginia and Dr. E. J. Alway, chief of division of soils, state agricultural college, were the principal speakers this morning. Senator Boylan spoke of the importance of the state which would have if it owned its own export market.

Other officers elected are J. J. Harbo of Two Harbors vice president; M. G. Oile of Bemidji, treasurer, and M. W. Kull of Cass Lake, re-elected secretary. The board of directors will be M. H. Bruggard of J. K. Hols of Bayley, A. B. Wilson of Two Harbors, W. J. Taylor of Grand Rapids, A. N. Tracy of Duluth and John T. Naughton of Keosauqua, the retiring president.

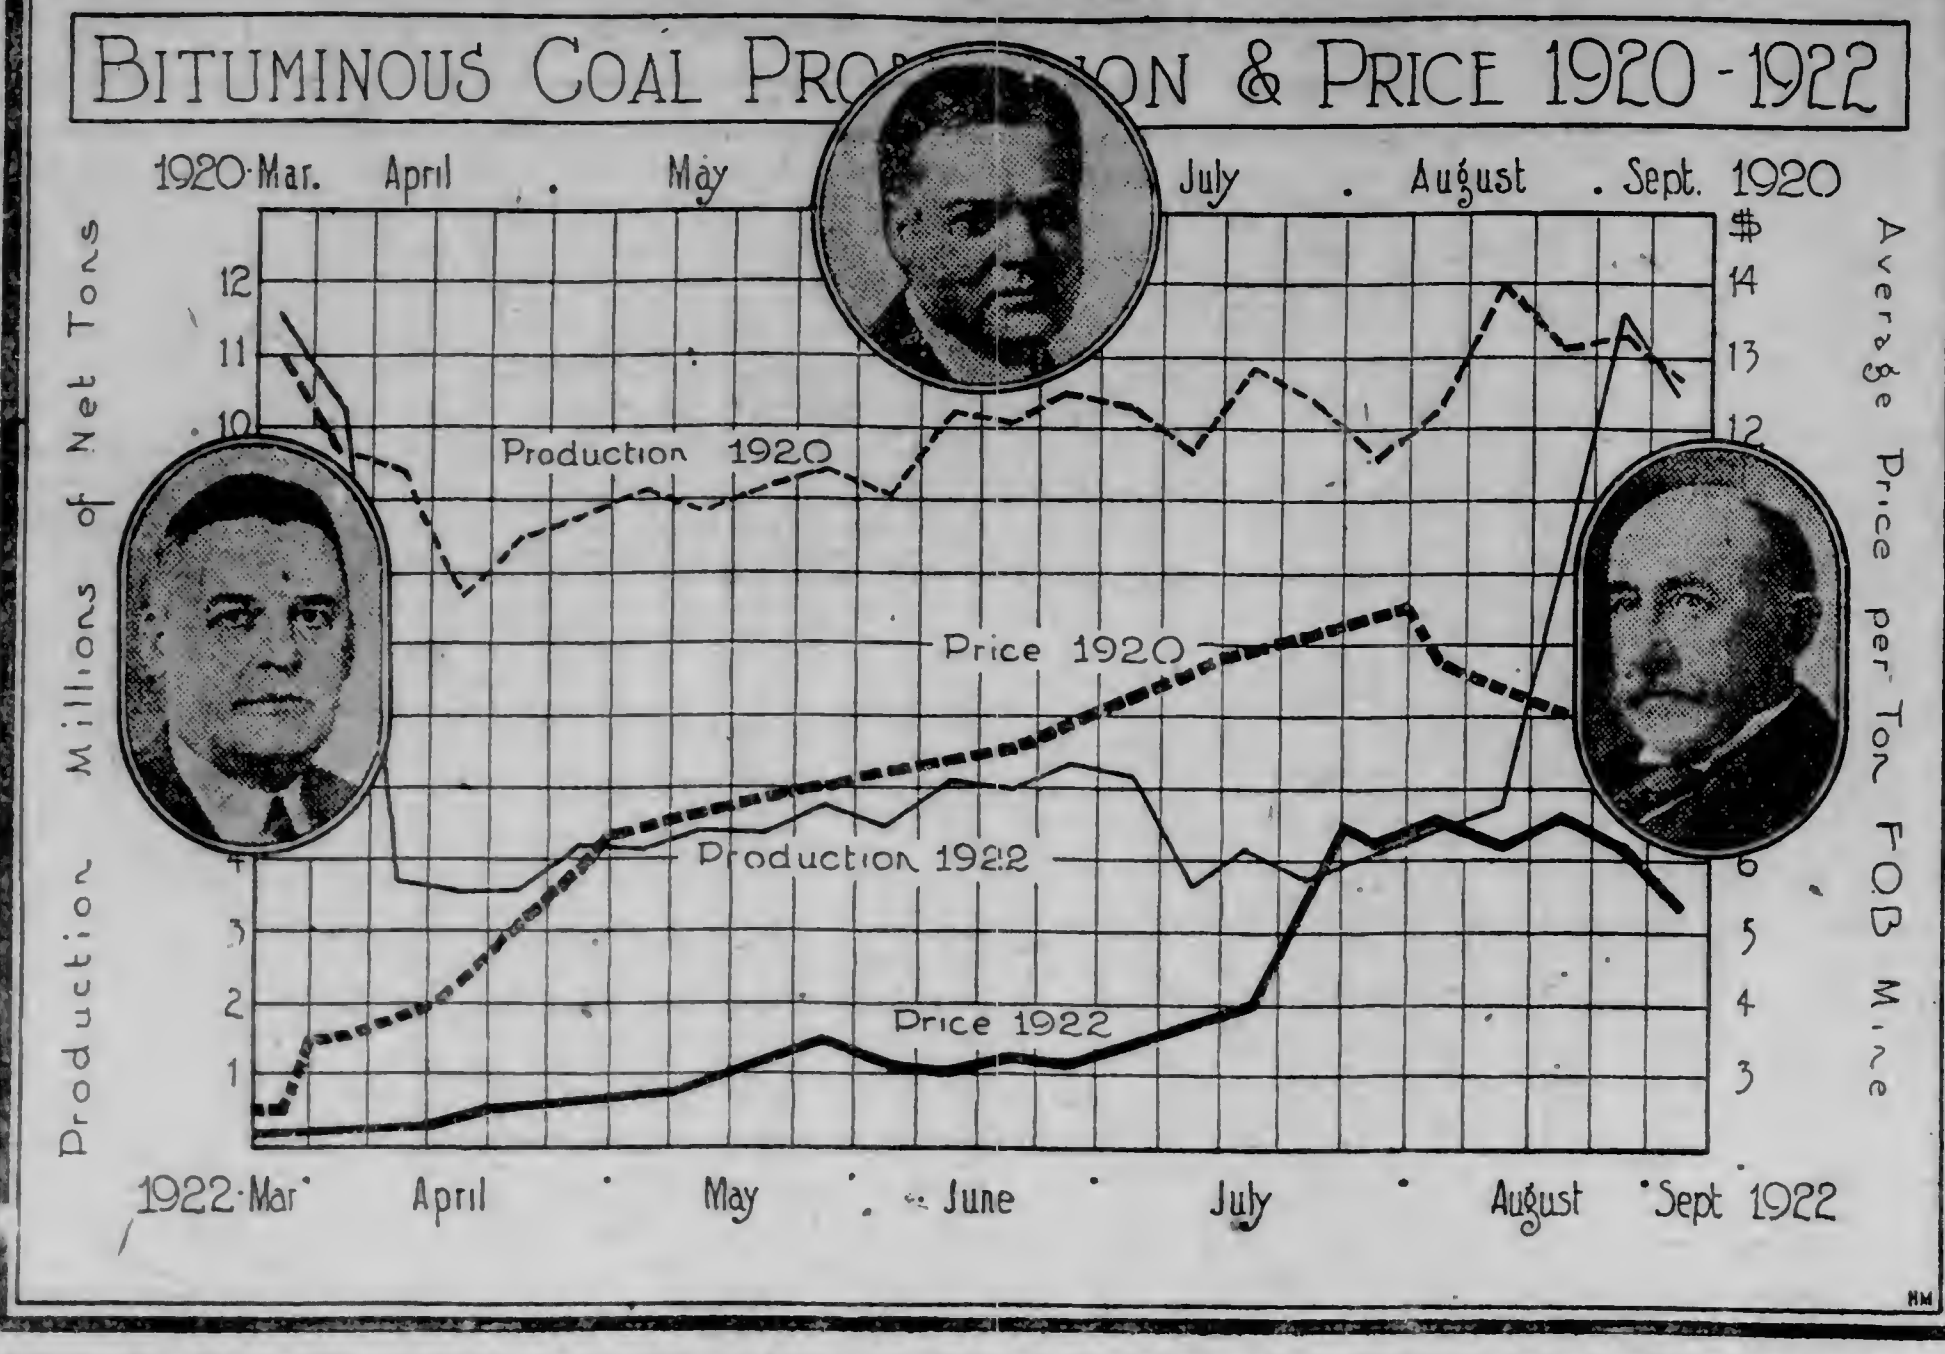

Among the resolutions endorsed by the association are included state farm drainage, the progressive work of the state highway department, asking the state legislature to see that Northern Minnesota is properly taken care of but the transportation committee, that the legislature provide ample funds for the state branch roads, that it provide taxes for mineral reclamation, that proper land clearing support in the 1920s later settlement, and the Theodore Roosevelt highway project, that the state support the farm development movement and particularly the boys' and girls' clubs, that the road appropriations for maintenance be made that with the apparent passage of Amendment No. 10, proper legislation be enacted to put the state farm credits act into effect, and resolutions of condolence on the death of V. M. King of Grand Rapids, former president of the association.

# SHARP CONTRASTS BETWEEN COAL PRODUCTION AND PRICES FOR TWO-YEAR PERIOD SHOW HOW SECRETARY HOOVER'S EFFORTS HELD PRICES DOWN

ABOVE AT THE LEFT, CONRAD E. SPENS; CENTER, HERBERT HOOVER; AT THE RIGHT, JOHN HAYS HAMMOND.

By ERNEST L. PRIEST.  
Every American can draw two valuable lessons from the chart above. In 1920, when coal production was three times what it was last summer, the price of bituminous coal rose to \$12 a ton at the mine and averaged \$8.50 during the period corresponding in the calendar to this year's strike months. There was no attempt to check it or to inform the country of the facts.

In the fall of 1921 the secretary of commerce, seeing that a strike was planned, organized trade associations into a campaign to quietly buy reserve stocks. The strike therefore found the United States with 25,000,000 tons, the largest surplus on record. Then last May, when prices started to skyrocket, Secretary Hoover began the organization of operators under voluntary price restraint agreements, at the same time announcing that he would press for legislation enabling the interstate

commerce commission to embargo producers. The mere announcement of these moves caused prices to drop. When the strike ended, the price agreements ended too. A program of organizing transportation facilities to their fullest and at the same time asking the public through the press to hold off on buying until stocks were replenished continued the emergency measures. Conrad E. Spens, whose picture is on the left, was appointed Federal fuel distributor by President Harding and, in seeing this part of the work through the winter, the two lessons from this story are, first, that the public does not have to endure exorbitant prices or go with-

out proper information concerning attempts to raise the cost of vital necessities past decent levels, and second, that it is dangerous to have to trust in these matters to such emergency campaigns as Secretary Hoover has planned and headed. Leaders of high caliber are not always available. The president has appointed a commission of distinguished men, headed by John Hays Hammond, to get at the bottom of the coal troubles and recommend permanent solutions. The creation of such a commission was strenuously advocated by the department of commerce, and in a recent interview Secretary Hoover asked the attention and support of the whole country for the commission.

## SWEEPING DEMOCRATIC VICTORY IN MISSOURI

St. Louis, Mo., Nov. 9.—The Democrats of Missouri scored a sweeping victory Tuesday by electing in addition to Senator Reed who was carried into office as a result of his 42,000 plurality secured in St. Louis, eleven of his sixteen congressmen, the state superintendent of schools, all three judges of the state supreme court, twelve of the seventeen state senators and a large majority of the 150 state legislators. They will have complete control of the next legislature. In sending eleven congressmen to Washington for the next congress, the Democrats made a gain of nine.

# COUNTY BOARD OPENS PAVING BIDS

## Contracts for Construction of Jail to Be Awarded at Meeting.

Bids for the paving work of the county were opened this morning at the regular meeting of the board of commissioners. Paving and building contractors submitted bids for approximately fifty miles of paving and for the general construction of the roads. The entire morning was spent in opening and comparing the bids.

## Contracts for the general construction of the jail, which has been considered for some time, will probably be awarded at the session this afternoon. Plans and specifications for the building have already been approved. The official tax levy with an increase of about one mill will also be agreed upon at the meeting. Hearing on the resolution of school district No. 45 will be held at the meeting tomorrow morning, and a hearing on the petition for the re-surveying of sections 1 and 2 of districts 59-17 will also be held at that time.

## Would Watch Indians.

One of the petitions to be presented to the board is that from Dr. Porter A. Slatery of the Nett Lake Indian reservation asking that a special police officer be appointed by the county board to watch after the conduct of the Indians during the winter months. In his letter to the board Dr. Slatery states that it is due to the fact that the Nett Lake section is without proper police protection that murders have occurred in the vicinity lately.

## HARVARD FAVORED TO REGISTER WIN OVER PRINCETON

Both Teams Will Be Up to Full Fighting Strength.

## CORNELL - DARTMOUTH West Point Perfects Defense for Notre Dame Attack.

By WALTER CAMP.

(By Special Leased Wire to The Duluth Herald.)  
New York, Nov. 9.—The odds favor Harvard to win over Princeton in the big Eastern game scheduled for next Saturday. But the odds were against Princeton at Chicago a couple of weeks ago and they were in the Harvard camp last year. Princeton's winning history is marked by a succession of seasons on which she had risen to emergencies against odds.

When the Princeton and the Orange and Blue meet at Cambridge Saturday, Princeton will try to duplicate the feat of last year when victory was gained over Harvard through a remarkable run by Gilroy in the last few minutes of the game. After Cornell dropped last year, Harvard had a sure winner in Princeton in the last few minutes of the game. Princeton's victory was due to the fact that Princeton's defense was perfect against Notre Dame's attack.

There was more than a suspicion that Princeton would show something of the "tiger" spirit which she learned well through in pulling out the game against Chicago, but this has not yet been proven. The odds were made last week and two weeks ago were in favor of Princeton. Princeton has displayed the use of the forward pass this year to a greater extent than in any previous year. Princeton has shown more variety in the middle of the field than in any previous year. Princeton is a goal back but he has not yet shown much high quality as a player. Princeton's defense will be the better general on the field. Princeton's defense will be the better general on the field.

Roper put the Flier athletes through a stiff drill before leaving for Cambridge, and Fisher at Harvard devoted much of his program today to perfecting defense attack.

Reports from West Point state that the Army regulars have had little difficulty in solving Notre Dame play as executed by the "males" or second team. It may be a different story when Rockne's men pull off the play.

## INDIAN SOUTHPAW WILL PLAY WITH CHICAGO WHITE SOX

Chicago, Nov. 9.—A left-handed Indian is scheduled to make his appearance on the baseball diamond. He is Jack Williams, a full-blooded member of the Huron tribe, who was signed today by the Chicago White Sox.

Williams, who is 19 years old, is a pitcher. He is 5 feet 10 inches tall and weighs 175 pounds. Last season he was a member of the twirling staff of the Belleville, Ont. club in the Central Ontario league, where he established a record of twenty-seven victories and one defeat. His only loss was a doubtful affair in which an error cost him the game.

Williams' success was due to his wonderful control. He has a good curve ball and plenty of speed and is said to be able to mix both to advantage. He will join the club in the spring when it starts its training quarters.

## PLAYERS TO ASK FOR PORTION OF PURCHASE MONEY

Fabulous Prices Paid for Coast Stars Cause Action.

By JOHN B. FOSTER.

(Special Correspondent of The Duluth Herald.)  
New York, Nov. 9.—The equal winter skirmishes in the "forty years war" between players and club owners have again broken out. This time ball players of ability are rapidly coming to the point where they think that no sale of a player should take place unless the player sold receives a percentage of the amount passing in the transaction. Even the more conservative of the athletes are protesting this idea among their fellow team members.

The contention is made that if a player is sold for \$10,000 the player should receive at least half of that amount because the man who makes the sale is dicker in what the player receives. They insist that it is unfair that any team should reap a bonus of \$50,000 from an individual who has given the team everything he had and virtually put the huge sales profit into the hands of his employer. Players are not much in favor of the sales system anyhow. They contend baseball has gotten to be a racket and they are not going to let it be shifted at any moment when he doesn't happen to be in the picture. "Because he is made out of him by speculation, too little respect is paid in baseball to the individual player."

National league owners cannot understand why the players' union, which has been so successful in talk, seems to have directed all its efforts at the senior major league or team of the American league up to the present time with enrolling with the individual player. National league owners cannot understand why the players' union, which has been so successful in talk, seems to have directed all its efforts at the senior major league or team of the American league up to the present time with enrolling with the individual player.

It annoys the National league owners that the players' union is not conducting its affairs with the same liberality as the American league. They are not willing to let the players' union do as it pleases. They are not willing to let the players' union do as it pleases.

## JIM THORPE'S PIGSKIN BRAVES AFTER BEARS' SCALP NEXT SUNDAY

Chicago, Nov. 9.—Jim Thorpe's Orange Indians of Marion, Ohio, will be here Sunday to face the Chicago Bears in what is expected to be the most open rivalry as well as the most picturesque "post-graduate" football clash of the season.

The Indians, who have won the Running Deer, War Eagle, Thunder, Eagle Feather, Down Wind, and a dozen other Indian names, will travel here to give the Bears a battle they'll long remember.

The Indians are practicing at the little town of La Rue, Ohio, but their headquarters and park are at Marion, Ohio, home of President Harding. Many of the Indians are nationally famous as gridiron stars, chief among them being Left Halfback Guyon and Right End Calac.

Both of these gridiron marvels were with Thorpe on his Cleveland team in the National Football league last fall. They played originally with the Carleton school, as did Thorpe.

It is interesting to note that the players come from tribes as widely scattered as the Mission and Flathead of the coast and the Iroquois and Mohican of the East. The Chippewas predominate on the squad.

## CUBS' BALL PARK WILL BE ENLARGED AT COST OF \$300,000

Chicago, Nov. 9.—Remodeling and enlarging of the Cubs' ball park, increasing the seating capacity from 17,000 to approximately 32,000 at an estimated cost of \$300,000, was announced yesterday by William L. Veck, president of the club. Workmen will begin the job immediately, he said, and will complete the project before the spring opening.

The enlargement, in addition to planned new sections to the grandstand, lengthening of the four lines from the present 340 and 280 feet to 366 feet, increase in the size of the playing field to make it the largest in the United States and the cutting away of three feet of earth from the surface of the field, President Veck declared, will make the park the best improved and largest in the country.

## LEONARD MAY BOX WELTER CHAMPION

Lightweight Title-Holder in No Hurry, However.

By PAIR PLAY.

(By Special Leased Wire to The Duluth Herald.)  
New York, Nov. 9.—Benny Leonard's name and fame caused some excitement uptown today when the report went around that he had signed to fight Mickey Walker in a no-decision bout over in Jersey. Nothing to it. Where the wires got crossed was on a remark of Billy Gibson's to Nick Kline the other night that Leonard was willing to accept a bout in Newark. So Leonard is. But not yet a while. He is in no condition to do battle, he says. He is in no condition to do battle, he says.

As a matter of fact Leonard just now is devoting all his energies to the theatrical business. He had a show on the road, but either the actors all stuttered or the scenery fell apart, anyway the show crashed the way an airplane does a nose dive, because his gums, which were infected as the result of the efforts of a Western dentist to repair a split tooth, are not yet sufficiently healed to warrant taking a chance in the ring.

## BADGER CAPTAIN UNDER HOT FIRE

Charges of Professionalism Seem to Be Ably Supported.

Beloit, Wis., Nov. 9.—Another name popped up yesterday in the case of Jollie Williams, captain of the Wisconsin football team. It is understood that a school in the Western conference has filed protests claiming that Williams had played semi-professional baseball. It now develops that Williams has taken part in basketball ball against professionals.

Illinois is checking up on the past athletic history of Capt. Jollie Williams of the Wisconsin football team. Photographic copies of newspaper stories showing Williams' name in the lineup of a Janesville basketball team that played a series of games against the Fairies in 1920, have been made here and have been forwarded to Urbana. Williams' name appears in the lineup of four basketball games played in Beloit.

Accompanying the photographic reproductions of the sporting pages was an affidavit declaring that the Williams who starred on the Beloit basketball floor against the Fairies is the same Williams who now captains the Badger gridiron team.

Wisconsin officials assert Williams received no money for playing and was not in school at the time he starred for Janesville.

## Notre Dame-Army Game To Sparkle With Passes

Soldiers Confident They Have Perfected Hole-Proof Defense.

By LAWRENCE PERRY.

(By Special Leased Wire to The Duluth Herald.)  
New York, Nov. 9.—When the Notre Dame and Army elevens meet at West Point on Saturday, we will have an interesting and convincing demonstration of the merits of forward passing as opposed to the more conventional line attack. This is not to say that the Army will not have an overhauled game of some excellence, but without doubt the Indiana outfit will make much more of the aerial attack than will the cadets. Notre Dame is committed to this form of advancing the ball and in all details of the passing game may be regarded as its leading and most effective exponent.

Knute Rockne, the coach, believes that while all the factors that go to make up the overhead pass are perfectly attended to it cannot fail to gain. His men are coached to accept an incompleting forward pass in the light of a grave error. Somebody failed to do the right thing at the right time. Another thing, he spends more time upon throwers of the ball than upon receivers. He is one of those who can catch a ball if it comes to him right, says Rockne.

Coach Bill Monat has not let any grass grow under his feet, as his squad will tell you, for they have put in one of the hardest weeks of practice they have experienced this season. Monat is determined that his eleven put up the game of their young careers that will result in a victory for the Maroon and Gold eleven. Old grads have been pressed into service, and are giving nightly instruction in plays, signals and showing the youngsters how they used to do it when they wore the school colors on the gridiron. It will be a well-drilled, fast eleven, with a fighting determination to win at all costs that will stack up against the Duluth Central eleven.

## IOWA COACH SURE HIS MIGHTY TEAM WILL BE WINNER

Hawkeye Graduates From All Over Country to See Contest.

By Thornton Fisher

TONIGHT. A FIGHTER IS OFTEN MORE AWARE OF HIS TOUGH CHIEF SECOND THAN OF THE LEATHER-NECK HE'S FIGHTING. THREE HANDLERS WHO KNOW LESS ABOUT IT THAN OLD STUPID HIMSELF.

Iowa City, Iowa, Nov. 9.—Over 20,000 spectators, the greatest crowd that ever assembled for any kind of an athletic pastime, will see the champion University of Iowa football team play the Minnesota eleven here next Saturday. The occasion is becoming famous for all the old time graduates, and the city will be jammed with people as early as Friday afternoon. The occasion is becoming famous for all the old time graduates, and the city will be jammed with people as early as Friday afternoon.

The "shouting sisters" organization for the scientific propagation of noise, is going to play a part in the rooting. The "sisters" wearing of gold caps and blue carrying gold balloons, will demonstrate the intricacies of the snake dance.

In one of the most satisfying scrimmages for several days, Coach Jones drove his men through a hard workout until past midnight, and carried the ball for long stretches with Locke and Parkin alternating at quarter, the seconds also came back at times and played the ghost ball during late afternoon minutes. While the variety did not mean that the game was not a success, the team was able to turn back the Gophers, and while he is not willing to say that the team is not allowing his men to be lousy, he has defeated Minnesota in the past season, and he has a better team, a fighting eleven that will be the all the way.

## GOPHER FULLBACK IS CARRIED FROM FIELD

Minneapolis, Minn., Nov. 8.—The election day holiday enabled Coach Bill Spaulding to work his team four hours instead of the usual two hours preparation for the hard game with Iowa Saturday at low City. Regulars scrimmaged the freshmen in a real workout, but it was a real one, for Fred Larson, a fullback, was carried off the field with a badly injured leg. It will be necessary to learn whether the "males" at the freshmen were all in, as Coach Gophers and stopped practicing everything the regulars tried. Some of the passes were grounded, intercepted and the line plays were weak. Cox and Larin were unable to get into the "males" and cross and Abrahamson worked on the line.

The Minnesota coaches are planning a brand new attack for Iowa and had the varsity using many of their new trick stunts with indifferent success against the first-year men.

## RECORD HOW TO SEE GOPHERS PLAY IOWA EVEN

Hawkeye Graduates From All Over Country to See Contest.

By Thornton Fisher

TONIGHT. A FIGHTER IS OFTEN MORE AWARE OF HIS TOUGH CHIEF SECOND THAN OF THE LEATHER-NECK HE'S FIGHTING. THREE HANDLERS WHO KNOW LESS ABOUT IT THAN OLD STUPID HIMSELF.

Iowa City, Iowa, Nov. 9.—Over 20,000 spectators, the greatest crowd that ever assembled for any kind of an athletic pastime, will see the champion University of Iowa football team play the Minnesota eleven here next Saturday. The occasion is becoming famous for all the old time graduates, and the city will be jammed with people as early as Friday afternoon. The occasion is becoming famous for all the old time graduates, and the city will be jammed with people as early as Friday afternoon.

The "shouting sisters" organization for the scientific propagation of noise, is going to play a part in the rooting. The "sisters" wearing of gold caps and blue carrying gold balloons, will demonstrate the intricacies of the snake dance.

In one of the most satisfying scrimmages for several days, Coach Jones drove his men through a hard workout until past midnight, and carried the ball for long stretches with Locke and Parkin alternating at quarter, the seconds also came back at times and played the ghost ball during late afternoon minutes. While the variety did not mean that the game was not a success, the team was able to turn back the Gophers, and while he is not willing to say that the team is not allowing his men to be lousy, he has defeated Minnesota in the past season, and he has a better team, a fighting eleven that will be the all the way.

## GOPHER FULLBACK IS CARRIED FROM FIELD

Minneapolis, Minn., Nov. 8.—The election day holiday enabled Coach Bill Spaulding to work his team four hours instead of the usual two hours preparation for the hard game with Iowa Saturday at low City. Regulars scrimmaged the freshmen in a real workout, but it was a real one, for Fred Larson, a fullback, was carried off the field with a badly injured leg. It will be necessary to learn whether the "males" at the freshmen were all in, as Coach Gophers and stopped practicing everything the regulars tried. Some of the passes were grounded, intercepted and the line plays were weak. Cox and Larin were unable to get into the "males" and cross and Abrahamson worked on the line.

The Minnesota coaches are planning a brand new attack for Iowa and had the varsity using many of their new trick stunts with indifferent success against the first-year men.

Among the very best of the popular Beaufort hotel, Minneapolis, Minn., centrally located.—Advertisement.

## ASK EARLY HEARING IN BOAT DRINK BAN CASE

Washington, Nov. 9.—Counsel for one of the American steamship companies which recently opposed in the United States district court at New York the ruling of the attorney general, concerning the transportation of liquor over ocean liners, gave notice yesterday of the intention of his company to ask the supreme court when it reconvenes next Monday to advance their cases for argument on Nov. 20.

Notice has already been given by the foreign steamship companies of the intention to ask the court next Monday to advance their cases for argument on Nov. 20.

## When Shall a Lover Stop "Flirting"?

Must Experiments in "Heart Testing" Be Given Up Before Actual Engagement?—Jealousy Before the Vital Question Has Really Been Popped Has Spoiled Many a Romance.

By Betty Vincent  
Copyright, 1932.

"The other girl" or "the other chap" seems to be the cause of many broken-up love affairs.

When "Miss" or "Belle" or "Lilly" may come in for Jack and that young man openly shows that he is pleased, then Mary-Kate gives Jack "the once over" and declares he couldn't possibly love her.

And when Mary-Kate goes to a frat dance with Lilly or takes a long hike with Clarence, Jack gets up on his ear and puts down "atrocious flirt" under Mary-Kate's name.

In other words all the Mary-Kates and Jacks in the world are constantly on the outlook for "the other girl" and "the other chap," and when they see the sweetheart playing up to someone else it hurts—that's all, and they have the feeling that "they are through."

And yet—just remember that Mary-Kate and Jack are young. They may just love each other, and yet when they meet new friends their own age trace up like a jolly gang of fall wind cutting up with a host of fallen leaves. Mary-Kate is ridiculous when she worries about Jack's apparent flirtation, and Jack has no right to condemn Mary-Kate if she goes to frat dances or takes hikes with other swags.

Youth is only trying love out, and every youth and maiden should be allowed to do a good deal of "trying out" before they finally settle down.

In nine cases out of ten Mary-Kate and Jack actually are "head-over-heels" in love with each other. And if neither of them gets jealous and scrappy they will wed some day. But

let Mary-Kate begin to question Jack's flare-ups or temporary flames and the deal is off. Or let Jack insist that Mary-Kate positively must not dance with other men or receive letters from them and she is just going to show him whose girl she is. Jealousy, and that spirit of ownership before the vital question has really been popped has spoiled many a romance.

Let Jack dance with other girls and flirt with Cupid.

Let Mary-Kate entertain her chum's brother and the boy out-of-town.

It will do them both good and teach them, after all, that there is nobody in the whole world for them but "just each other."

There is a certain type of girl who likes to appear decidedly popular. To tell Jack that she spent the evening with another boy gives her untold pleasure. She loves to flash a love letter from another boy at him and when a dancer is on, of course, she wants to show the world that she has more than one partner.

And there is a certain type of young man who likes to boast about "my girls." Tack of it all he knows he only cares for his own Mary-Kate, but it is rather interesting to have the family and the rest of the crowd see what a lady-killer he is.

Now, the fact of it is both Jack and Mary-Kate are not quite certain about love. They know they like each other, but the world is full of likeable people when you are young. Therefore these young people naturally turn toward other friends. Jack is impressed (for the moment) with the new blonde who dances so lively. He is delighted (for the moment) with the brunette's ripping vivaciousness, but give him time to recover from the exuberance of youth and he will come back to the same conclusion that Mary-Kate is the girl for him.

And in a like manner Mary-Kate is attracted to the chap who wears such striking neck-scarves or tells one such delightful things about one's self. But give Mary-Kate time to think things over and she will decide that Jack is pretty good after all.

Quarrel, bicker, sneer about these "other girls" and "other chaps" and you take it upon your own shoulders. Let things will come out your way. Leave it to Jack and to Mary-Kate.

## Little Benny's Note Book

By LEE PAPE  
Copyright, 1932.

One of my gold fishes was acting kind of funny today and after supper I went to see. Willyum, I don't know what the matter with Walter but he's acting not feeling well, he hasn't his like himself at all.

Walter, Walter who, O you're talking about one of those confounded gold fish, puffed.

Willyum, don't you call him names, suppose the little fellow died, then how would you feel, ma puffed.

Better I mean terrible, wye, wye, rane with him, wick one is he, I don't notice either of them looking pain, puffed.

Ma, this one don't you notice how slow he moves and how he scrapes along the bottom of the aquarium, ma puffed.

Maybe he's just trying to scratch himself, perhaps one of his scales is loose and itches him a little, puffed.

Willyum, I know a sick fish when I see one, ma, see Benny, did you do anything to this fish? she said.

Mam? I said I didn't do anything to it, ma, I didn't do to the other one, I said.

Well, what did you do to them, tell me immediately, ma, said, and I said, I wasn't anything, I just tried to teach them a little trick, it wasn't anything.

What do you mean, was trick? ma said.

I was just trying to teach them to breathe, I said, and ma said, Don't talk nonsense, they can breathe.

Not out of water they can't, I said, it is that so, well, see if you can breathe will you're having your face slapped, ma, said. And she gave me 2 fears cracks and made me go rise up in bed, the only consolation being that I didn't hurt to finish my lesson.

## Announcing an Engagement

By Emilie Hoffman  
Copyright, 1932.

"Letting the cat out of the bag" is a novel way of announcing an engagement. Cut a cardboard disc, paste or sew crepe paper or silk around the edge of this to form a full bag. With wide ribbon catch in the fullness a few inches from the top. Form a handle and loops with the ribbon and some ribbon wire. Add a touch of getting out. This bag might serve as a favor holder or it will make an attractive centerpiece as is.

When the engagement is announced on a birthday, as is so often the case, bluebirds, the accepted messenger of happiness and good luck, seems a most appropriate decoration scheme

## The School Child's Dinner

Copyright, 1932.

It is best to give school children the heartiest meal of the day at noon. This, however, is not advisable where the child must eat rapidly and hurry to and from school, and it is not always feasible, for instance, where the mother can prepare only one dinner a day and this must be at night to accommodate other members of the family.

If the noon meal is to be light, be sure and include a hot soup, preferably a vegetable soup (one cupful) differing in variety to produce daily changes, and with this should be eaten two or three slices of bread and butter, followed by a plain simple dessert.

If a regular dinner is served at noon, this should consist of soup, meat or eggs, vegetables, bread and butter and dessert.

Soups made with dried or fresh vegetables or with barley or rice and a little milk are nutritious. Tomato soup is not advisable for children under 10 years old.

Meat should be included only in the dinner menus in the diet of a child and this should always be warm. Cold meat is generally insufficiently masticated by children. Chicken, lamb, lean beef and mutton are the preferred meats and these may be alternated with fresh fish of a delicate nature and once in a while bacon may be allowed. Fried meats should never be served to children under 10 years of age.

Vegetables should be given every day. A child who has attained the school age may be allowed a wide diversity in vegetables. Even the canned peas, beans and asparagus are allowed, provided reliable brands are used. Children under 10 years are better off if they do not eat cabbage, corn, cucumber, tomatoes, radishes and old beets.

Dessert is not absolutely essential if the child eats ample vegetables (from two to three tablespoonsful) and from two to four slices of bread and butter, but if served it should be of a wholesome variety.

## AFTER DINNER TRICKS

### THINGS FOR BOYS TO MAKE

**Removing end of Can.**

Many uses might be made of tin cans at home and elsewhere were it not for the ragged edge at the open end. Of course, heat will unsocket the ends—but how about holding the can?

There will be no more scorched fingers if you will make a piece of old wire, say wire in good, and encircle the can a couple of times with it. Then twist it tightly. The protruding ends form a handle by which you can hold the can in perfect safety over the flame.

LEROY CRIGLER  
Copyright, 1932.

**The Revolving Cigar.**

A cigar is laid carefully on the crown of a derby hat. The performer holds the hat as steadily as possible, and blows on the cigar. It spins around upon the hat quite rapidly (see figure 1), but does not fall, much to the surprise of the spectators, who give the performer credit for being a clever juggler.

Anyone can do the trick, however. The secret is shown in figure 2. A pin is pushed up through the crown of the hat prior to the beginning of the trick. The center of the cigar is pressed on to the pin point, which forms a fixed pivot on which the cigar revolves when blown.
