ZX 36121 1. The following msg has been received from the Secretary of Defense:

"On the occasion of the signing of the Japanese Peace Treaty I want you to know immediately of my deep satisfaction in the great achievements of the occupation under the command of General MacArthur and under your command. The Peace Conference and the signing of the Treaty by so many Governments were made possible today largely because of the success of the occupation in helping to restore Japan in so short a time to a place of trust and equality among the nations of the world.

FROM: CINCFE TOKYO JAPAN

TO : DEPTAR WASHDC . . . . . PRIORITY

Z 34195 Ref . URMSG DA 45834, 24 Aug 51, following individuals and brief indication of outstanding contributions to occupation are furnished for use in press release at Peace Treaty Conference:

SUPREME COMMANDER FOR THE ALLIED POWERS

GENERAL OF THE ARMY DOUGLAS MacARTHUR: As SCAP, guided and directed the major period of an occupation, without precedent in history.

GENERAL MATTHEW B RIDGWAY: As SCAP, continued the occupation through its final phases to a successful conclusion.

LT GENERAL DOYLE O HICKEY: As Chief of Staff to SCAP, effected the difficult coordination of concluding the occupation and conducting military operations of the theater following the outbreak of hostilities in Korea.

MAJ GENERAL ALONZO P FOX: As Deputy Chief of Staff, SCAP, directed activities of the various segments of the occupatich.

Mr. G ROBERT FLEMING (GS-15): As Special Assistant to the Deputy Chief of Staff, SCAP, had primary responsibility for GARIOA (Government and Relief in Occupied Areas) budget estimates. In this connection he reviewed all estimates for consistency with general policy; for reasonableness in terms of actual need; and for adequacy in terms of defensibility of the justification. He represented the Supreme Commander in presenting and defending the appropriation requests before the Defense Department, the National Advisory Council, the Budget Bureau and the Congress.

Mr. ARTHUR M McGLAUFLIN (GS-15): As a Special Assistant in the Office of the Deputy Chief of Staff, SCAP, he assisted, represented and made policy recommendations to the Deputy Chief of Staff, SCAP and coordinated programs and activities related to the accomplishment of Occupation missions and objectives in Japan. Effected great savings through establishment of management surveys and surveillance over operating expenditures. Represented the Supreme Commander before the Defense Department, the Bureau of the Budget, and the Congress in connection with U. S. appropriation requests for civil affairs purposes, primarily administrative appropriations.

ECONOMIC and SCIENTIFIC SECTION, SCAP

MAJ GENERAL WILLIAM F. MARQUAT: Directed all SCAP activities designed to rehabilitate a war-devastated Japanese economy into a thriving, self-supporting, peace-time economy.

COLONEL WILLIAM T RYDER: Headed a SCAP committee responsible for the writing of the FEC Law for the Japanese Government.

Dr. SHERWOOD M FINE: Coordinated the preparation of economic plans and programs within ESS designed toward the rehabilitation of the Japanese economy. Represented SCAP and JG interests before U. S. Congressional Committees in defense of appropriations deemed necessary for the rehabilitation of the Japanese economy.

Mr. THEODORE COHEN: Conducted basic research and analyses into numerous economic programs and advised the Chief, ESS, concerning major ramifications thereof.

Mr. PETER A McDERMOTT: Initially responsible for the establishment of a SCAP Foreign Trade New York Office to coordinate Japanese trade interests in the United States. Represented SCAP and JG interests at numerous international trade conferences.

Mr. FRAYNE BAKER: Implemented the program of the SCAP Foreign Investment Board and assisted the Japanese Government in the establishment of policies and procedures with regard to foreign investment in Japan.

Mr. JOHN R ALLISON: Principal Financial Advisor of the SCAP Committee for the Establishment of Foreign Exchange Control Law in Japan. Advised the Chief, ESS, on international financial activities and their relationship to Japanese financial programs.

Mr. RUSSELL W HALE: Principal Trade Advisor on the SCAP Committee for Establishment of the Foreign Exchange Control Law in Japan. Supervised the purchase of commodities for the Japanese economy, using commercial account and U. S. appropriated funds.

Mr. ROBERT F AMIS: Represented SCAP and JG interests in obtaining membership in the International Congress for Trade Union, as well as representing SCAP and JG interests at various International Labor Organization conferences held in Geneva.

Mr. KENNETH D MORROW: Supervised the establishment within the Japanese Government of the statistical bureau in trying to bring to the Japanese the most modern principles in this vital field.

Mr. MAURICE M CLASS: Served as Chief of the ESS Industrial Planning Board, engaged in the allocation of critical materiel in the early days of the Occupation.

Mr. PAUL CLEVELAND: Established and administered the Foreign Exchange Account attendant with trade.

Mr. CALVIN VERITY: Prepared plans and policies connected with the rehabilitation of the iron and steel industry of Japan.

Mr. TERRANCE O KENNEDY: Aided in the reorganization of the electric power system of Japan and the establishment of the Public Utilities Commission of the Japanese Government.

Mr. WILLARD S EGEKVIST: Established procedures for the distribution and rationing of foodstuffs within Japan.

Mr. FRANK E PICKELLE: Established procedures in the implementation of the opening of Japan to private trade and formulated original bilateral trade arrangements.

Mr. JOSEPH Z REDAY: Prepared early studies concerning matters in connection with Japanese reparations programs.

Mr. EMERSON ROSS: Established the Statistical and Research Agency of SCAP Headquarters.

Dr HARRY C KELLY: Supervised and encouraged Japanese in establishment of scientific research agencies under democratic principles, as well as technological improvements in Japanese industry.

Mr. EUGENE M REED: Primarily engaged in reviewing and advising SCAP and the Japanese Government with regard to the Japanese annual budgets.

Mr. HARRY F ALBER: Establishment of basic price policies and price bands for Japanese Government.

Mr. CARL C CAMPBELL: Supervised early procurement programs on vital raw materials.

Mr. EDWARD C WELSH: Implemented disbandment of the Zaibats and the deconcentration of economic powers in Japan.

Mr. L HAROLD MOSS: Established procedures designed to improve the overall tax administration in Japan.

Mr. RODERICK M GILLIES: Supervised the activities of the Holding Company Liquidation Commission of the Japanese Government.

Mr. EDMOND C HUTCHINSON: Assisted in the review of the annual budget of the Japanese Government and advised them in management of the public administration.

Mr. CHESTER W HEPLER: Advised the Japanese Government and private labor agencies with regard to labor problems and the establishment of the Central Labor Relation Commission.

Mr. FREDERIC A WILLIAMS: Established procedures designed toward rehabilitation of the Japanese textile industry.

Mr. WILLIAM S VAUGHAN: Offered advice and guidance on technical problems of iron and steel production, with particular emphasis on blast furnace operation.

Mr. FLOYD L WHITTINGTON: Reviewed annual requirements of Japanese food imports using U. S. appropriated funds.

GOVERNMENT SECTION

MAJ GENERAL COURTNEY WHITNEY: As Chief, Government Section, GHQ, SCAP, General Whitney was advisor to General of the Army Douglas MacArthur, Supreme Commander for the Allied Powers, on all matters pertaining to the political reorientation of Japan and supervised the Japanese Government's implementation of SCAP policies in the field.

Mr. FRANK RIZZO: As Special Assistant to the Chief, Deputy Chief, and finally Chief of Government Section, GHQ, SCAP, Mr. Risso advised on the financial provisions in the Constitution of Japan, the SCAP plan for decentralization of the police power, SCAP policies for removal and exclusion from public life of former leaders responsible for policies of aggression and totalitarianism, and supervised and coordinated the latter phases of the political reorientation of Japan.

Mr. CHARLES L KADES: As Deputy Chief, Government Section, GHQ, SCAP, Mr. Kades coordinated the work of GHQ and Japanese experts in the drafting of the Constitution of Japan, supervised the reorganization of the Japanese Government at the national and local levels, and initiated a program for eliminating corruption in Japanese political life.

Lt COLONEL JACK P NAPIER: As Chief, Public Administration Division, and as Executive Officer, Government Section, GHQ, SCAP, Lt Colonel Napier directed the SCAP program for removing and excluding militaristic, ultranationalistic, and other anti-democratic elements from public life in Japan.

Mr. JUSTIN WILLIAMS: As Chief, Parliamentary and Political Division, Government Section, GHQ, SCAP, Mr Williams, pursuant to the SCAP policy of establishment representative and responsible governments, advised and encouraged the Japanese in elevating the legislative branch to the status of highest organ of state power under the Constitution and was responsible for coordinating all legislation implementing the Occupation program.

Mr. OSBORNE HAUGE: As Chief, Public Affairs Division, Government Section, GHQ, SCAP, Mr. Hauge implemented the SCAP policy for eatablishing local autonomy in Japan and initiated a program for popularizing the democratic concepts incorporated in the new Constitution.

Mr. BLAINE HOOVER (deceased): As Chief, Civil Service Division, Government Section, GHQ, SCAP, Mr. Hoover implemented the SCAP policy for reforming the antiquated civil service system of Japan along modern and democratic lines.

PUBLIC HEALTH and WELFARE SECTION, SCAP

BRIG GENERAL CRAWFORD F SAMS: As Chief, Public Health and Welfare, lowered the death rate in Japan by establishment of a welfare program and improvement of medical practices and facilities.

LT COLONEL LUCIUS D THOMAS: For improving public health through establishment of health centers and immunization programs.

COLONEL HARRY G JOHNSON: For modernizing of medical education system and improvement of hospital procedures in treatment of patients.

Mr. IRVIN I MARKUSON: As Public Welfare Advisor, aided particularly in placing help and treatment for the sick, underprivileged and handicapped on a non-discriminatory basis.

MISS GRACE E ALT: For aiding in the development of a law which recognized nursing as a profession, and for advances in nursing educational methods.

Mr. LEONARD R ANTON: As Social Administrator Advisor, aided in the drafting and passage of social insurance legislation.

Dr. SAMUEL R BOZEMAN: For aid in raising biological and laboratory standards to a level comparable to those of the most medically advanced nations, including preparation of medicines.

Mr. LEONARD R PHELPS: For development in the use of statistics in medical work to a point which surpasses some western nations.

Dr CHARLES V VAND: For improving the manufacture of medicines to the point of near self-sufficiency and actual export of some medicines.

CIVIL PROPERTY CUSTODIAN, SCAP

BRIG GENERAL PATRICK H TANSEY: As first Chief of the Section,

COLONEL EDWARD C MILLER as his deputy and for a brief period Chief,

COLONEL Frank E Gillette, as present Chief of the Section, and

Mr. D H BLAKE, as Chief of the Operations Division, all contributed measurably to restoring goodwill for Japan among various nationals of the United Nations through locating, safeguarding, and negotiating for disposal or settlement of claims on foreign-owned property in Japan.

CIVIL TRANSPORTATION SECTION, SCAP

BRIG GENERAL FRANK S BESSON, JR: As first Chief, Civil Transportation Section, commenced the rehabilitation of Japan's entire war-damaged transportation system.

COLONEL HAROLD T MILLER: As Chief, Civil Transportation Section, continued to aid in the rehabilitation of Japan's transportation system, specifically in developing improvement in management of the railways and in return of the Japanese Merchant Marine into world shipping.

COLONEL KENNETH W GILLESPIE and Mr. PAUL E RICHERS: For rehabilitating the war-damaged Merchant Marine to its present state as a balanced fleet of coastal and ocean-going ships contributing to the Japanese economy.

Mr. CHARLES S WOODS: For aiding by technical advice in rehabilitating and modernizing interurban and municipal transportation systems.

Mr. HARVARD R OSMOND: For assistance in the inauguration of the domestic airline which begins operations in September 1951.

LEGAL SECTION, SCAP

COLONEL ALVA C CARPENTER: For implementing the Constitution through establishment of legislation recognizing the status of the Supreme Court as a branch of the government, and for overall legal assistance in foreign trade and finance.

Mr. ALFRED OPPLER: For particular assistance in judicial reforms and in the field of civil liberties.

Mr. THOMAS BLAKEMORE: For reform and modernization of the Civil code, particularly in revising family and inheritance legislation.

Mr. JULES BASSIN: For special assistance in respect to international law and in the preparation of Japan to resume international relations following the peace treaty.

Mr. HARRY STRAITIFF: For economic and legal aid in drawing of contracts for foreign trade, and for enabling Japan to obtain needed funds through legal arrangements with other nations.

NATIONAL RESOURCES SECTION, SCAP

LT COLONEL H G SCHENCK: As Chief, Natural Resources Section maximized

the production of food and raw materials, democratized the social structure of agricultural, forestry, and fishing associations to which membership had formerly been mandatory, and instituted the great land reform program.

Dr. EDWARD A ACKERMAN: For surveying and cataloging Japan's resources for the first time, enabling a determination of the extent to which Japan required aid and could develop such resources.

Mr. ROBERT S HARDIE and Mr WOLF I LADEJINSKY: Carried out the great land reform program.

Dr. WARREN H LEONARD: Improved food and crop production by modernizing the agriculture research program.

Mr. MARK B WILLIAMSON: Introduced the 4-H program into Japan.

Mr. CLAUDE M ADAMS: Set up whaling expeditions to the Antarctic which have greatly aided Japan's food and dollar problems.

Dr. WILLIAM C HERRINGTON: Aided in the rehabilitation of fisheries to bring about sustained yield.

Lt COLONEL HAROLD B DONALDSON: Aided in rehabilitating the forestry industry to bring about sustained yield, conservation and related legislation.

Mr. ROBERT Y GRANT: Increased coal and mineral production, evolved a flood control plan to reduce the annual damage which is four times U. S. loss, and inaugurated a mine safety program.

CIVIL INFORMATION and EDUCATION SECTION,SCAP

LT COL D R NUGENT (Marine Corps): Chief of Section, responsibility for overall guidance of Japanese press and radio in exercise of their newly acquired freedoms and responsibilities and for acquainting the Japanese people with the institutions culture and accomplishments of the western world.

Mr. DON BROWN: For guiding the Japanese press and radio and acquainting the people with the western world as described under Lt Colonel Nugent's contribution.

Dr. KENNETH BUNCE: For separating church and state, eliminating state support of Shinto, and providing Freedom of Religion.

Miss ETHEL WEED: For the emancipation of Japanese women in all fields, as partially evidenced by achievement of the right to vote and the exercise of it to the extent there are now proportionally more women in elected offices of the government than in the U. S.

Mr. MARK ORR and later Dr. ARTHUR K LOOMIS: For rehabilitating the Japanese educational system.

LT COLONEL DANIEL C IMBODEN: Who has become known as the "Abe Lincoln of the Japanese Press" for his help and guidance.

Mr. GEORGE GERCKE: Who has brought enlightenment to over one billion Japanese through the medium of documentary motion pictures now seen by 37 million persons per month.

Mr. ALBERT CREWS: For his aid in rebuilding and reshaping the Japanese broadcasting facilities.

SPECIAL MISSION

Mr. JOSEPH M DODGE: As head of a special mission, conducted a comprehensive surview of Japan's economy and particularly its taxation structure, aiding in recovery and avoided crippling the economy.

DIPLOMATIC SECTION, SCAP

AMBASSADOR GEORGE ACHESON: As diplomatic advisor to SCAP, and U. S. representative on the Allied Council for Japan, fostered Japanese-American understanding and continuously sought the repatriation of Japanese prisoners of war held by the USSR.

AMBASSADOR WILLIAM J SEBALD: Succeeding Ambassador Acheson, continued his work and aided in securing the return of some 100,000 Japanese prisoners of war formerly held by the USSR, as well as aiding materially in the formulation of the Peace Treaty

For G3. Ref CINCFE ltr AG 388 (24 Jul 51)GD, 24 July 51, subject: Installations and Facilities Requirements for Support of US Garrison in Japan.

Incl 2 to referance letter listed real property whose release is planned. This list based on plan to remove all military installations including personnel and facilities required for their support from Tokyo metropolitan area.

Alternate plan now under study here contemplates retention of minimum size headquarters with minimum personnel and facilities to support same in the Tokyo area. Thus some of the property listed in Incl 2 could not be released if alternate plan adopted.

In view of above, recommend that discussion of Incl 2 be held in abeyance pending decision on alternate plan for Tokyo area.

MEMO FOR RECORD:

1. Incoming radio DA 98722, 12 Aug 51, advised that 6th Session of Contracting Parties to GATT scheduled to meet at Geneva commencing 17 Sept 51; transmitted text of U.S. position paper concerning MFN for Japan, as prepared by State Dept. Paper recommended that question of MFN for Japan should not be placed on the agenda of the 6th Session of GATT due to previous inability of U.S. to obtain such consideration from UK and other countries and due to impending peace treaty. Msg also advised that U.S. Trade Agreements Committee had prepared paper for presentation to 6th Session of GATT which would allow Contracting Parties to GATT to negotiate bilaterally outside the framework of GATT with non-GATT countries; msg pointed out that this procedure could provide for accession of Japan to GATT some time in near future without waiting for the next general round of tariff negotiations; requested comments on State position paper.

2. Although SCAP has previously strongly supported obtaining MFN treatment for Japan, in light of self-explanatory factors cited in msg DA 98722 it is considered that the State Dept recommendation is appropriate under present circumstances.

3. ESS has not received U.S. Trade Agreements Paper cited in msg DA 98722 and Messrs. Adams and Anderburg, DS, state that DS has not received the U.S. Trade Agreements Committee paper.

4. Subj msg advises that SCAP concurs in State Dept recommendations and requests copy of U.S. Trade Agreements Committee paper.

ECONOMIC AND SCIENTIFIC SECTION
Finance Division

EMR/REP/zl
17 August 1951

MEMO FOR RECORD:

SUBJECT: Japanese Membership and Quota, IMF

1. Application "Bretton Woods Formula" using preliminary figures indicates Japanese quota 291.2 million dollars. Figures are as follows:

a. 2% national income 1940	$127.3 million
b. 10% average annual imports 1934-38 (including Korea and Formosa)	$106.4 million
c. 10% difference maximum and minimum amounts exports 1934-38 (including Korea and Formosa)	38.4 million
d. 5% gold and dollar holdings 31 Dec 40	6.5 million
Total	$278.6 million
e. Percentage sum a. thru d. equal to ratio annual average exports 1934-38 to national income 1940 (16.1%)	44.9 million
Total	323.5 million
f. 90% of total	291.2 million

2. Representatives of the Ministry of Finance and the Bank of Japan who have been giving considerable thought to this matter are desirous of seeing a quota of about 300 million dollars established for Japan. They feel that such a figure is economically sound and that a much higher figure could not be justified except on political grounds which they would prefer to avoid. In arriving at the figure of 300 million dollars the Japanese have used the Bretton Woods formula and have tested the result by relating quotas of some eleven countries to their respective figures of exports, imports, national income, foreign exchange holdings, etc. Resulting percentages applied to corresponding Japanese items give figures ranging around 300 million dollars.

3. Substituting more recent figures in the formula, a quota of 616 million dollars is obtained. Figures are as follows:

Confidential

Confidential

Memo for Record, Cont'd

a.	2% national income 1950 (Bank of Japan figure)	$182 million
b.	10% annual average imports, years ending June 30 1949-51	$336 million
c.	10% maximum variation exports, years 1949-51	$ 72 million
d.	5% gold and dollar holdings, 30 June 1951	$ 23 million
	Total	$613 million
e.	Percentage sum a. thru d. equal to ratio annual average exports 1949-51 to national income 1950 (8%)	$ 49 million
	Total	$662 million
f.	90% of total	$616 million

4. Above trade figures are subject to refinement. Possibly some invisibles should be included, notably special procurement items. Also the national income figures are subject to question. Use of the recent figures would appear to give a quota figure generally out of line with present quotas of members.

5. Considering the general progress of the Japanese economy in recent years, and in view of Japan's importance as a foreign trading country, it is believed that a figure somewhat higher than that indicated by the Bretton Woods Formula can be justified. Accordingly 325-350 million dollars is suggested for consideration as an appropriate quota.

Memo for Record:

1. Our radio C-66381, 5 July 1951, proposed a standard statement to be used by Washington agencies in applying for Japan's membership in international bodies and requested that such statements, subject to revision as may be considered necessary, be accepted as an announcement of principles to be employed in future cases.

2. DA Radio 96629, 19 July 1951, is reply to above SCAP radio and can be summarized as follows:

a. State suggests substitution of term "SCAP Officials" for phrase "SCAP Observers" since term "Observer" implies to special official status in international conferences and could not be used in all contingencies.

Confidential

Confidential

b. With the above exception , State concurs in proposed statement and if SCAP agrees in above amendment will endeavor to seek Japanese admission to international organizations on this basis.

c. Statement considered in no way to derogate from SCAP's power to resume direct control over matters delegated to Japanese Government should exigencies so require.

d. State considers neither necessary nor desirable to check statement with other govts prior issuance by SCAP.

3. Proposed reply to DA radio indicates concurrence in proposed amendment by State.

Memo for Record on Reverse Side.

ECONOMIC AND SCIENTIFIC SECTION

13 July 1951

MEMORANDUM FOR RECORD:

1. Incoming radio DA 30295, 7 Jul 51, is in reply to SCAP letter dtd 30 Jun 51 to the Fiscal Control Officer, NAFREF, requesting that in view of decision made to transfer all foreign currency funds in SCAP accounts to the Japanese Government at the earliest practicable date, it was desired that excess funds of approximately $2,900,000 held in Washington, resulting from overpayment of liabilities outstanding under PL 820, be transferred to SCAP Commercial Account. The request for transfer of the amount indicated was based on an audit report by the Comptroller General of the U.S. recently received from the FISCO which showed a balance due to SCAP as of 30 Jun 50 of $2,928,552.

2. Subject radio further states that the amount of $2,900,000 indicated is incorrect due to expenditures having been made subsequent to 30 Jun 50; also that excess funds are being held pending possible future utilization by the JG of PL 820 and recommends that remittance of existing excess funds be deferred and made directly to the JG subsequent to the transfer of foreign currency funds if accounts now outstanding are not closed.

3. Outgoing radio states that it is planned to obtain a final clearance statement from MITI prior to 31 July certifying that all adjustments have been completed and that the JG will assume responsibility for settlement of all accounts now outstanding; also that upon receipt of such statement, FISCO will be advised by radio the date it is desired that all excess funds now held be transferred to SCAP Commercial Account; further, that should the need arise for subsequent use of PL 820, not envisaged at present, it would be desired that a new account be opened.

4. The explanation of the incorrect estimate of excess funds held is due to the fact that complete bookkeeping records of operations relative to financing obtained under PL 820 are maintained by the FISCO in Washington and consequently the exact figures of excess funds held are not available in Tokyo. It is estimated however that excess funds now held are not substantially short of $2,900,000.

5. The excess funds accrued as a result of a decision made in Jun 50 to liquidate all liabilities outstanding under PL 820, then estimated to be approximately $27,500,000. In settlement of such liabilities, the FISCO requested that $30 million be remitted, stating that the necessary adjustment would be made subsequent to completion of the current operation. Such remittance was duly effected 13 Jun 50. The current operation has not yet been completed for the reason that a number of claims arising out of weight adjustments still require to be finalized. The basic reason for the delay in completing the current operation is that all cotton procured under PL 820 financing has been purchased on a landed weight basis which has required that the cotton be weighed upon arrival in Japan and a value

MEMO FOR RECORD (Cont'd)

adjustment determined for each shipment, necessitating settlement either by remittance to the shipper or by obtaining reimbursement from the shipper. In this connection, many disputes have arisen between MITI and shippers resulting in prolonged correspondence. Additionally, there has always been considerable delay on the part of MITI in preparing the necessary documents.

6. In Jan 51 on the basis of statements by MITI that all weight adjustments had been finalized, the FISCO was requested to transfer excess funds held as soon as certain specified payments had been effected, and again on 1 Mar 51, the FISCO was requested to transfer the bulk of excess funds held, retaining if necessary an amount sufficient to cover possible future requirements as to claims, etc. However, an audit of NAFREF by the Comptroller General of the U.S. was then in process and the FISCO evidently preferred to defer transfer of any part of excess funds until the operation had been entirely completed.

MEMO FOR RECORD

SUBJECT: Annex A to Administrative Agreement to Implement US-Japan Collective Defense Agreement

1. a. DA msg DA 94597, 21 June 51 affirms decision of Secretary of Defense that Defense Dept actions in regard to Japanese Peace Treaty will be completed immediately, and that negotiations must not be delayed for completion of detailed Annex "A" to Administrative Agreement to Implement US-Japan Collective Defense Agreement (a list of installations and facilities to be retained for support of the post-treaty US garrison).

b. Cited msg quotes a portion of the proposed Administrative Agreement which provides that the United States shall retain, as long as required, all facilities under occupation force control at the time the agreement becomes effective, and those facilities and areas whose procurement and retention are necessary for support of the post-treaty US forces, which is sufficiently broad to cover post-treaty requirements. Msg further states that the Administrative Agreement provides for establishment of an inter-governmental committee to facilitate agreement on matters concerning facilities and areas and the expenses and status of troops stationed therein. These provisions are consonant with CINCFE recommendations submitted in messages C-64631 and C-65301.

2. DA msg 94597 states "Negotiations must not be delayed for completion of detailed Annex "A". However, relief of CINCFE from responsibility for preparation of Annex A, assigned by msg DA 86158 is not specified.

3. Action msg, approved for CofS by Maj Gen Shepard on 29 June 51, sets forth CINCFE interpretation that cited DA msg indicates no reference to Annex A will be made in the Administrative Agreement, requests confirmation of that interpretation, and points out that CINCFE will nevertheless continue preparation of firm post-treaty requirement.

4. Within established policy.

5. Completes action on G4 JN 11668.

C-65301

Reurmsg DA 94116, DTG 151253 Z June 51.

Reaffirm position stated in CINCFE msg C 64631, DTG 100331Z regarding Annex A of Administrative Agreement.

In view of limited time available any list of facilities presented for discussion by State Representative (Allison) by 21 June would be very general and incomplete, and a premature commitment as to "major facilities" as proposed by urmsg could become a source of future embarrassment to the United States government when actual requirements are developed. Considered here that detailed and complete Annex A is highly desirable in negotiating agreement.

If it is imperative to consummate treaty negotiations without completion of detailed Annex A, recommend Administrative Agreement provide that US garrison may retain or procure on demand such real estate and facilities, without exception, as may be required for future use of the United States military forces in Japan, and that an inter-governmental committee be established to facilitate agreement on matters concerning required facilities and installations.

In the meantime we will prepare best list possible in time available prior to State representative's arrival.

MEMORANDUM FOR RECORD:

SUBJECT: Annex A to Administrative Agreement to Implement US-Japan Collective Defense Agreement

1. a. DEPTAR msg DA 94116, 16 Jun 51, indicates State Dept desire that Annex A to Administrative Agreement to Implement US-Japan Collective Defense Agreement (a list of installations and facilities to be retained for support of the post-treaty US garrison) be prepared in time for discussion by State Dept representative 21 June and in time for signature about the middle of August. Cited message also inquires as to feasibility of preparing, prior to 21 June, a complete list of major facilities and a. "...broad statement to cover minor facilities....".

b. CINCFE position that incorporation of Annex A in peace treaty settlement is essential to safeguard US interests, and that preparation of material for Annex A may be expected to be finalized before 1 October was set forth in CINCFE msg C-64631.

2. Proposed message to Dept of the Army is self-explanatory; approved by CofS, initials "H", 19 June 51. Recommend approval and dispatch.

3. Within established policy.

4. Completes action on G4 Journal No. 10893.

C-64631

Reurmsg DA 93190, 6 Jun 51.

Reference paras 1 and 3. Despite practical difficulty of preparation of a complete list of post-treaty installations and areas, it is believed that incorporation of such information in peace treaty settlement is essential to safeguard United States interests.

Reference paras 2 and 4, recommend para 2, page 62, JCS 2180/4, be reworded substantially as follows:

> "United States Forces shall customarily be garrisoned at installations under the control of the allied occupation forces at the termination of the occupation or installations whose procurement and retention is necessary for support of the post-treaty United States garrison, and all such facilities or areas required by them shall remain under control of the United States Forces. The facilities and areas to be retained by the United States forces are specified in Annex A."

Reference paras 2, 3, and 4, it is not believed desirable to issue procurement demands now for facilities which will not be required until termination of hostilities in Korea. Therefore recommend change of wording of para 2, page 62, JCS 2180/4 as indicated above, and inclusion in Annex A of facilities which will be required whether or not presently under occupation force control.

Preparation of Annex A proceeds here. Progress to date includes formulation of basic assumptions and initiation of study to determine facilities required. Apparent delay is due to necessity of determining: facilities to be released; facilities, in addition to those now in use,

ECONOMIC AND SCIENTIFIC SECTION
Labor Division

HGI/tt
4 June 1951

MEMO FOR RECORD:

SUBJECT: Revision of SCAP Statement in Regard to Japan's Admission to ILO

1. References:

a. Outgoing msg CX 63430, 26 May 1951.

b. State Dept msg 020115 Z (June 1, 6 p.m.)

2. The last sentence in paragraph 1 of the SCAP statement on the position of Japan in regards admission as a member to the ILO prior to termination of the Occupation is quoted in radio reference 1a above. It states: "However, the exercise of that authority should not in the interim hamper the Japanese Government in fulfilling its obligations to the ILO."

3. Radio reference 1b above requests that the above quoted wording be deleted and the following substituted in its stead: "However, that authority will not in the interim be exercised in such a way as to hamper the Japanese Government in fulfilling its obligations to the ILO."

4. The amended statement in no way alters GHQ, SCAP policy in regard to the freedom of the Japanese Government to carry out its responsibilities as a member of the ILO. Rather it has been the policy since the beginning of the Occupation that the Japanese be given full freedom and encouragement to conform with internationally accepted standards in the field of labor. It is recommended, therefore, that the request made in radio reference 1b above be complied with. Compliance will necessitate two actions:

a. DS will issue a memorandum to the Japanese Government advising them of the above-mentioned revision to the original statement already delivered to them.

b. Notification of that action will be radioed to the SCAP observer at the ILO conference in Geneva and to the State Dept in Wash, D.C.

Copies of both proposed actions are inclosed for approval.

Confidential

Confidential

5. DS has received word through State Dept channels that immediate action on this requested revision is desired. Although the reason for such urgency was not explained, it should be noted that the ILO Conference opens 6 June with the Japanese participating as observers. If Japan's admission to the ILO is possible, Mr. Amis, as SCAP observer at the conference, as well as the U.S. representative will use the revised statement to meet the objections of other member nations and attempt to gain their support in seating the Japanese as a regular delegation.

6. Concurrences: DS - Mr. J.A. Ballew, 26-7098
Mr. W.H. Sullivan, 26-7695

Mr. H.G. Ihrig 26-8373

H.G.I.

ADDENDUM:

There are objections in principle to the requirement for successive revisions of original SCAP policy statements. These objections will be fully explained in a follow-up radio which will be proposed shortly for consideration by higher authority. However, in view of the urgency of time, the lack of substantive change of intent reflected by this last revision of phraseology and the vital importance to Japan of membership in the ILO, it is believed to be to the best interests of the JG to interpose no objection to the suggested revision.

0109397

FROM: SCAP TOKYO JAPAN

TO : DEPTAR WASH DC. . . . . ,PRIORITY

C-63903 For SAOOA. This message in two parts.

Part 1. Recent dispatches from Kyodo Washington Press correspondent Roy S. Otake regarding inclusion of economic aid for Japan in FY 52 GARIOA Budget causing considerable confusion amongst Japanese press and government circles. Japanese beginning to feel that US may be considering continuation of direct GARIOA economic assistance as well as payment for a portion of the costs of the Occupation. Psychological effects of stimulating false hopes are obviously harmful. Recent dispatches have not appeared in Japanese newspapers as a result of specific denials by this Headquarters of their validity. Local Kyodo representatives have been informed that nothing has transpired to change the plan announced in the official SCAP-DA joint press release of 14 May 51. However, queries by local Kyodo officials to Washington correspondent following interviews with officials this Headquarters have resulted in further confirmations of original dispatches. These dispatches are available to Japanese press and government officials who are now uncertain about extent to which GHQ is abreast of Washington plans. Pertinent portion of press dispatch received by Kyodo 1 Jun 51 is quoted as follows: "High Army Department official concerned with economic affairs of Occupied Areas reiterated to this correspondent that as far as Army Department concerned there is no plan presently repeat presently of dropping its original request for 150 million dollars GARIOA fund of which 120 million slated for Japan as economic aid for 1951 dash 52 fiscal year stop he admitted however that there are certain government Sections outside Army and State Departments which believe this new GARIOA request to Japan could be dropped because of Defense Departments 14 May statement announcing US plans cut Japans Occupation cost stop quote nevertheless far as we concerned unquote he added quote we have not withdrawn nor have we been informed by Budget Bureau which makes final decision for presentation budget request to Congress that our GARIOA request has been dropped unquote.

Part 2. In order facilitate current planning would appreciate information regarding latest status of 1952 GARIOA appropriation request. Particularly helpful to be advised regarding final action of Bureau of Budget; probable date of submission to Congress; and timing and extent to which information regarding components of budget might be made public.

For AGAO-C. Your letter 14 March, our message C 54682, 2 February, your message 43895, 12 May.

1. Consider settlement subject account should await peace treaty. Not considered appropriate that negotiations be initiated for settlement against Yokohama Specie Bank balances in Switzerland. To do so would result in preferential treatment of subject claim and also would be questionable from point of view of Yokohama Specie Bank liquidation.

2. Description of tools given JG which states question of import against Japan's free foreign exchange under study and JG will give definite answer later with advice to you.

4. DA by letter dated 14 March 1951 (Restricted) forwarded copies of letters from Mr. George Santry, 10 East 40th Street, New York, N.Y., together with inclosures which included a list of subject tools with prices in Swiss Francs but which did not include specification details. DA letter stated DA would be pleased to endeavor to obtain such additional information as might be required and in any event would appreciate advice as to SCAP's ultimate decision in the matter.

5. DA's radio 43895 dated 12 May 1951 requested information as to present status of case and that reply be expedited.

6. The attached radio reply to DA states:

a. That settlement of subject acount should await peace treaty decisions;

b. That it is not considered appropriate that negotiations be initiated for settlement of account against YSB balances in Switzerland. That to do so would result in preferential treatment of subject claim and would also be questionable from point of view of YSB Liquidation;

c. Description of tools has been given to JG which states question of import against Japan's free foreign exchange under study and that JG will give definite answer later with advice to DA.

230.033(23 May 51)ESS/FIN 23 May 1951

MEMO FOR RECORD:

SUBJECT: Japanese Navy Wartime Order for Machine Tools From Switzerland

1. DA radio W 99625 dated 23 December 1950 (Secret) queried SCAP re status of an order for machine tools totalling Swiss francs 5,856,387 for Japanese Navy by Japanese Legation at Berne, Switzerland dated 17 July 1945 in favor E. Maurer.

2. Radio stated:

a. Swiss francs were to be paid from balances of Yokohama Specie Bank with the Banque Nationale Suisse which, however, took exception to payment order because of absence of proper signatures and requested submission of new payment order. Japanese surrender suspended further activity;

b. Swiss manufacturer has been assured payment by bank if new payment order from accredited Japanese authorities is submitted;

c. Specification details not available but gave a general description of tools;

d. Subject facts were furnished by New York contact of Swiss manufacturer in belief tools in storage may be useful to Japanese rehabilitation.

3. SCAP reply, radio C 54682 dated 2 February 1951, stated:

a. Investigation of YSB accounts failed to reveal record of transaction (DA radio being secret contents could not be discussed with JG);

b. Foreign exchange funds of JG not available for settlement of pre-occupation obligations which are properly matters for appropriate post-war settlement;

c. Lack of information precludes determination of whether referenced items are suitable for use in local economy and desirable as regular import;

d. If detailed description of types, prices and condition of tools are forwarded will submit same to JG for determination if tools are feasible for import under current import program.
