JUST A PEEP

In this little book we have done the best we could to give you a peep—a glance—just an inkling of the thousands of good things to be found within the covers of our new catalogue No. 73.

We have gone through the big book and picked out the goods we are selling by the carloads; the goods your friends are buying, your neighbors are buying, everybody is buying. We are filling their orders by the thousands. These popular goods are reproduced in this book for your benefit.

If for some reason or other you have neglected sending for our Catalogue 73, we now offer you in these pages one more opportunity to get it, packed free of charge with your shipment ordered from this book.

OUR CATALOGUE 73, EDITION DE LUXE

is without doubt or argument THE LARGEST, HEAVIEST, HANDSOMEST, GREATEST MONEY SAVING CATALOGUE EVER PRINTED. **IT WEIGHS ALMOST 6 POUNDS.**

It is about twice as heavy as any catalogue ever before published by Montgomery Ward & Co., or any other firm.

It is the only 1904-5 Catalogue quoting practically EVERYTHING you or any member of your family will need during the next year. No more sending for special catalogues (clothing samples excepted)—the big book contains quotations on our entire stock.

It is printed on fine, heavy paper, which makes the illustrations print clearly—a delight to the most critical eye.

It quotes a larger stock than ever before.

AND THE PRICES ARE THE LOWEST, as usual, quality considered.

This handsome, heavy edition of our Catalogue (our Edition de Luxe) is too heavy to be sent profitably by mail or express, so we are going to make it possible for you to get one by freight, free of charge.

On the following pages we print an assortment of Groceries used by every American family. You **MUST** buy them sometime, somewhere. If you will send us your order for this Grocery lot now, we will not only save you 15 to 20 per cent

on the cost, but will include three presents (one of them our Edition de Luxe Catalogue), which will be worth more to you than the amount you send us for the groceries.

If you don't want the groceries, order something else from this book—the Edition de Luxe will be packed free with your shipment.

This is undoubtedly the greatest opportunity we have ever offered you.
Will you take it?

Of course, if you don't want this fine large Catalogue, you may send us 15 cents, same as you've always done, and we will send you our 3-lb. (mailing size) STANDARD or regular Edition of Catalogue 73. This Edition is not so handsome as the Edition de Luxe, but contains the same number of pages (almost 1200) printed on thinner paper, same as our previous catalogues have been printed on. Our Standard Edition is far ahead of any catalogue ever printed by any other firm.

If you want the Standard Edition by return mail, send us 15 cents with the coupon herewith:

Standard Edition

Standard size, standard weight, standard paper. Send 15 cents in stamps or coin to partially pay the postage and we will send a copy free, postpaid. The actual postage is over 30 cents, and the cost of the catalogue is almost a dollar; but if you will send 15 cents, to show that you are acting in good faith, we will gladly meet you more than half way and forward a catalogue, all charges paid—15 cents in stamps or coin is all we ask from you. We will supply the difference.

Our Liberal Grocery Offer

We offer here an assortment of Groceries, practically every item of

which is used by every family. (See list and prices on second page following.) At these prices, and with the presents which go with each assortment, the entire lot is yours at less than your dealer could buy it for at wholesale.

Why we Make this Liberal Offer: There are three reasons for it: The first is, that we wish to acquaint you with our low prices on good Groceries. To this end, we are offering these valuable presents as a means of introduction—to make you acquainted with our splendid Grocery values.

Secondly, there are many little items elsewhere in this booklet which you no doubt will want to buy, but which would cost you more by mail or express than by freight. By ordering this Grocery lot, these other articles can be added, the entire shipment going by freight, at a cost of almost nothing per item for transportation.

The third reason: we want you to send us an order heavy enough to be shipped profitably by freight, so we can include a free copy of the largest and best catalogue ever published.

The Important Point to Remember

Our customers are fast learning to have their orders shipped by freight. This means cheapest transportation, and therefore lowest cost for the entire order delivered at your station.

Of course, there are very few things you will want that cannot be shipped alone by mail or express and still save you money. But why not ship by freight and save more?

This is very easy when you remember that we sell EVERYTHING you use or need. A freight shipment should weigh at least 100 lbs. When you see anything advertised that you would like to order, turn to our catalogue and buy it at the lowest price. Then, instead of ordering the single item by mail or express, order something else which will soon be needed by some member of your family, and the entire order can come by freight for what the single item would cost by express.

See the Point?

The great secret of our low prices and success lies in the fact that our customers can supply ALL their wants from our Catalogue at Wholesale Prices, and thus ship by freight with lowest transportation charges.

And even these low freight charges can be still further reduced by asking a neighbor to join you in ordering in the same shipment and divide the freight with you, making it practically nothing for each.

How we can Make this Offer:

We want you to have our new Catalogue No. 73, Edition de Luxe—the largest, handsomest, and best Catalogue ever published.

We believe you know a bargain when you see one, and will therefore take advantage of this Grocery offer. If you are far-seeing enough to order this Bargain Grocery Lot, we are willing to forego our usual profit for this one time in order that you shall receive one of these catalogues, absolutely free of charge.

If you had a bushel of peaches for sale you could afford to give one away in order to sell the bushel, couldn't you?

Where we Get Even

is in the circulation of our Catalogues. We want to send out as many as we can, for every catalogue brings us an order, and every order makes a permanent customer for us.

COMPLETE

Our Great Bargain Grocery Lot No. 100 See Illustration on preceding page

This is in many respects one of the greatest offers we ever made. Never before have we offered presents the value of which is positively as much as the price of the entire order, thus virtually giving you 2 for 1. We have made immense preparations for the landslide of orders which we know will come. Goods have been ordered in car-load lots, for we believe the people know a good thing when they see it and we expect an order from every person who gets one of these books.

The groceries which bear our own name and brands are first-class in every respect. We want you to try them. Every item in this lot is subject to our liberal guarantee and can be returned at our expense if not satisfactory and money refunded. Order the Complete Assortment which, we will not fill orders for separate items. Order Lot No. 100. Write today and secure prompt shipment.

This offer good only until Nov. 30, 1904.

- 10 lbs. Snap (Roasted) Coffee—a real snap.....\$1.70
Snap Coffee consists of the small beans sifted from high grade coffees that sell at wholesale for 25 and 30 cents per pound. You will be pleased with the quality. The only reason we can sell Snap Coffee so cheaply is because the size of the berries is too small to meet the requirements of the expensive grades.
- 10 lbs. Michigan Hand Picked Navy Beans......33
Excellent goods at very moderate price. Nutritive value considered, beans make one of the very cheapest articles of diet.
- 9-lb. Sack Rolled Oats (1904 crop)......30
Fresh Milled from 1904 Crop Oats. No old and stale packages. We have no "left overs." The oatmeal breakfast is the muscle builder and strength sustainer.
- 5-lbs. Fancy Japan Rice (Whole Berry)......25
XXX Grade. One of the most nutritious foods you can buy. Our price saves you 50 per cent on equal quality.
- 1-lb. Can M. W. & Co.'s Pure Cream of Tarter Baking Powder......33
Our Baking Powder is equal to any high priced Baking Powder sold and our price is 25 per cent cheaper than advertised brands. We are giving you an excellent opportunity to learn how much you've been paying for an advertised name.
- ½-lb. Cake M. W. & Co.'s Premium Chocolate......14
This is the season when you want Chocolate for iceing purposes. Don't give the children too much coffee; Chocolate is much more nutritious and better for them.
- 10-Bars Hannah Cobb's Pure Laundry Soap......40
This fine Home Made Family Soap has been a great favorite with our customers for years. It is equal to all and superior to many 5 cent soaps on the market.
- 3 6-oz. Cakes M. W. & Co.'s White Floating Soap......15
For toilet and bath. Strictly high grade in every way. You will find our White Floating Soap to be very superior, the maximum in size and quality at the minimum price.
- 2 ½-pt. Bottles Hannah Cobb's Home Made Catsup......24
Something every family uses. The most nutritious condiment and aid to digestion you can put on your table. New 1904 Catsup, made from red ripe tomatoes, nicely spiced, the finest catsup on the market.
- 3 1-lb. Packages Fancy Seeded Raisins......24
Raisins as an article of diet are worth double their price. They are system regulators and should be eaten with much greater frequency than they are. A rice pudding mixed plentifully with raisins makes a most excellent and healthful dish. These are the best quality Muscatel Raisins, freshly seeded and every package is full weight. This is a good opportunity to try them.

- 2 1-lb. Packages M. W. & Co.'s Corn Starch.....\$0.10
You will be delighted with our Corn Starch. Selected quality, absolutely pure and wholesome.
- 2 No. 2 Size Cans Fancy 1904 Corn......20
- 2 No. 2 " " " 1904 Early June Peas......20
- 2 No. 3 " " " 1904 Whole Tomatoes......20
The Corn, Peas and Tomatoes that we furnish in this lot are the better grades, in regular size cans. They are quickly prepared and handy when unexpected company arrives. We could sell you cheaper grades but are listing here the quality preferred by the vast majority of our customers.

Total for this Excellent Assortment.....\$4.78

The same quality of goods would cost you at retail about \$6.00.

PRESENT No. 1—Handsome Sanitary Bread and Cake Box (See illustration on preceding page) value, \$3.50. FREE
Manufacturers retail price, \$3.50 each. A very necessary and convenient pantry accessory. It is 20 inches high, 19 inches wide, and 14 inches deep, made of heavy plate tin, beautifully japanned and decorated. The two shelves can be removed, and the front opens down, which makes the cleaning of the inside a very simple matter.

PRESENT No. 2—1 Book of 200 Recipes for preparing Rice, one of our most nutritious, easily digested and cheapest articles of diet. A very useful book..... FREE

PRESENT No. 3—Catalogue 73, Edition De Luxe..... FREE

Not counting the large Catalogue which costs us almost a Dollar each, the retail value of this entire lot including the Presents, would be just about \$10.00 in round figures. But to introduce our excellent Grocery Values more thoroughly and give you an opportunity to get our fine Edition De Luxe Catalogue absolutely FREE, we make this entire lot at a price which we cannot see how you can afford to overlook, inasmuch as you will no doubt soon buy these items at higher prices from your local dealer if you don't send us your order now.

A Special Prune Drive

A 25-pound box Fancy Santa Clara Prunes for **84c**

We have 5,000 boxes of these fine, fresh, new prunes—the first of the 1904 crop, for this sale. They come direct from the California fields to your table without being unpacked or handled except in the case.

A FINE BARGAIN

Take it Quick

Medium size, beautiful fruit packed specially for Montgomery Ward & Co., in the famous Santa Clara valley, the finest fruit section of California. These prunes are cleaner, fresher and better in every way than those you would pay 6c per pound for at retail. We guarantee every box to contain 25 pounds, net, of new Santa Clara Prunes.

5⁷⁵ A Clothing Harvest

We have been successful in securing a lot of men's suits from eastern manufacturers, at prices which, with a small margin added to cover cost of handling and filling of orders, will allow you to own them at one-third off our regular prices. We thus keep factories going during dull season, the manufacturers being willing to sell us a certain number of garments at cost, and oftentimes less, to keep his organization together. This also applies to our own force of employes, as sales of this kind, though not directly profitable in dollars and cents, enable us to keep valuable and experienced clerks in place of leaving them off during this, the usual dull season. Order now to secure the pick of the season and just the size you desire. Sizes of the three following lots:

Men's Round Cut Sack Suits for \$5⁷⁵

Same style as illustration. 35 to 44 chest. 30 to 42 waist. 30 to 36 inseam. No larger or smaller, longer or shorter.

Men's Sack Suits, an assorted lot, consisting of our celebrated plain Black Tibbets, easily worth \$8.00 per suit. All wool Pebble Cheviots, plain black but rather rough surface or pebble effect, retail price, \$10.00. Medium light gray small check, all wool Cassimeres, regular retail price, \$8.00. These suits are all nicely and well made, with good quality of either serge or Italian body lining and good grade of trimmings throughout. Most of them have haircloth shape-retaining fronts. All are guaranteed satisfactory and extraordinary value or money refunded with transportation charges. They are medium in weight. Mention first and second choices.

Round Cut Sack Style

Suits made of 7⁵⁰ tailoring fabrics at half price Per Suit

These fabrics are all cassimere and cheviots, full heavy weights for Winter wear, and the patterns consist of dark and medium gray, dark and medium brown, and a few dark blue mixed effects. They are all of splendid quality, none sold for less than \$10.00, and from that up to \$25.00. All are well made with heavy double warp Italian body lining and fine sateen sleeve lining and genuine hair-cloth shape-retaining fronts and stylish cut and well made by our own cutters and tailors during the dull season. We have a big lot of them, but when these are gone there will be no more. When ordering, mention which you prefer, medium or dark gray mixed, medium or dark brown mixed, or dark blue mixed, and we will send you nearest possible to your description. Send today and obtain best value ever sold for this price. Cut in round sack style.

WE 40 Weight, about 6 lbs. \$7⁵⁰

\$12 Fancy 9⁰⁰ W'rst'd Suits

This is a genuine fancy worsted suit, medium heavy weight, and a new pattern for the Fall and Winter season. We contracted for this lot many months ago, and have had thousands of suits made. The fabric is a very strong, firm worsted, having great tenacity of weave. There are several patterns, all similar, medium dark gray mixed with either a very fine invisible overplaid or a subdued stripe. The ground is black, which is relieved by the fine mixture and indefinite pattern, giving a medium dark effect, just right for general purposes. Coats are made up with genuine haircloth shape-retaining fronts, and mohair serge body lining. All garments are nicely tailored and made to fit. These suits retail generally for from \$12.50 to \$15.00. They would certainly be very cheap at \$10.00, but we are going to see how many thousand we can sell at \$9.00. Send order at once, to avoid any chance of delay and disappointment. Men's round sack style.

WE 42 Above described fancy worsted suit. Weight about 6 lbs. \$9⁰⁰

Dry Goods that are Selling Fast—All Bargains

These few dry goods items will fitly illustrate the uniformly good values of our offerings this year. Every section of this popular division is brimming over with just such excellent bargains, and while these are some of the things that others are freely buying, your dry goods wants, whatever

they may be, can undoubtedly be supplied from our mammoth collection with the best results possible. Look over the following numbers; they are well worth your attention—every item is a money saver.

Danish Cloth, 12½c

One of the Most Popular of the New Fabrics.

ZE 305. Danish Cloth, 23 inches wide. The popular, inexpensive dress stuff that is advertised so much and selling so fast that the manufacturers are unable to keep up with the demand. We have stocked up on all colors, and have made our price a specially low one this season. Half wool and half cotton; looks like wool rep or poplin. Makes up nicely for women's or girls' dresses or small boys' suits; washes beautifully and does not shrink. Colors are: Cream, light blue, old rose, tan, gray, cardinal, navy, brown or black. Weight per yard 3 ozs.

12½c

Per yard
Full piece of about 50 yds., 12c per yd.

50c Melrose Suiting, 39c

Looks as well as Dollar Goods.

ZE 212. A soft, fine, beautiful appearing cloth—the pretty melrose weave that makes up so effectively. It is not an all wool cloth, some fine cotton threads are interwoven, which strengthen but are not seen at all. At a dollar a yard it could look no nicer; at 39 cents it should prove one of our most popular dress goods numbers this year. Colors: Brown wine, navy, dark green, gray, cardinal, bright blue, cream or black. Width 35 ins. Weight per yard, 4 ounces.

39c

Per yard

Special Value Black Dress Silks

36-inch Peau de Soie, \$1.50.

ZE 110. A new quality this season and extra fine value. Part of a special purchase of black dress silks that we are advertising now. Peau de Soie is the favorite weave for dress skirts or full costumes, and the yard wide goods are popular because they cut to good advantage. This is a soft, rich silk, with beautiful luster and wears exceedingly well. Width 36 ins. Weight per yard 5 ozs. Per yard

\$1.50

Best Quality All Wool Ladies' Cloth, 45c

A Saving of 20 Per Cent.

ZE 216. A specially low price for this mammoth seller this year. There are some poor all wool cloths on the market, but this is not one of them; this is the grade that smaller stores charge 60c for. The most staple winter dress stuff there is; nothing better for warmth and long service; a good bargain. Colors: Light gray mixture, dark gray mixture, tan mixture, cardinal, wine, dark green, light navy, dark navy, dark tan, medium brown, castor, light gray or black. Width 50 inches. Weight per yard 7 ozs. Per yard

45c

50-in. Mohair Sicilian, 50c

An Exceptional Bargain.

ZE 218. One of the best bargains ever offered in mohair dress goods, and mohairs are having a great run this year. It is a heavier cloth than brillantino, so well adapted for this time of year, especially in the dark colors that we are listing. Considering the width of it, the value of this staple and very popular dress stuff is unusually good. Colors: Brown, dark green, navy or black. Width 50 inches. Weight per yard 5 ozs. Per yard

50c

40c All Wool Moreen Skirting, 25c

Regular 40c Quality.

ZE 492. Just one color of this famous petticoat stuff, black only. Everyone knows what moreen is—the rather stiff, watered fabric that usually sells round about 40c per yard. We bought this at a bargain, which accounts for our wonderfully low price. Splendid wearing stuff, all wool, but you can buy it here now at the price of a cotton fabric. Width 25 inches. Weight per yard 7 ozs. Per yard

25c

Good Melton Skirting 25c

Another Popular Bargain

ZE 228. Another of our very popular dress goods numbers, and there is good reason for it—it's remarkably fine value. A new quality this year, rather lighter than last year's cloth; the correct weight for this season, of similar appearance to the dollar goods and makes up about as well. Cotton threads are interwoven which strengthen the fabric but do not show on the face of the cloth. The very best thing going in moderate priced goods. Colors: Medium gray mixture, dark gray mixture, dark blue mixture, plain navy or plain black. Width 29 ins. Weight per yard 7 ozs. Per yard

25c

Another Good Silk Bargain

ZE 124. A special purchase of about half the regular price. Taffeta ground with satin fig

ures, medium or large, first-class styles; scrolls, flowers and all sorts of good designs, suitable for either waists, skirts or full dresses. We never offered such silk for less than 60c before, and retailers have asked as high

as 75c for the same goods. Width 19 ins. Making weight per yard 2 ozs. Per yard

39c

Our Famous German Table Linens

Wonderful Values.

We make a specialty of the soft German and Austrian linens. The specimen numbers quoted below will furnish a good idea of our fine offerings this season.

German Silver Bleached All Linen Table Cloths

A new importation and very good value in moderate priced goods; a splendid, heavy quality of damask drill in new designs; floral, snow drop, etc. Pure flax all the way through, no stiffening or dressing will improve in the laundry and soon become snow white. In three sizes.

- ZE 561. Size 68x89 inches. Weight 24 ozs. Each **\$1.75**
- ZE 562. Size 68x88 inches. Weight 23 ozs. Each **2.25**
- ZE 563. Size 68x106 inches. Weight 34 ozs. Each **2.75**

Napkins to Match

ZE 564. German Silver Bleached All Linen Napkins, matching in quality and design the cloths quoted above. Size 22x22 inches. Weight 23 ozs. Per dozen **\$2.00**

Irish Table Damask

A Hummer for \$1.00.

Our dollar snow white table damask is a beauty this year, heavy as a board, yet fine, the woven designs showing up with splendid effect; a new quality, and the handsomest we have had for a very long time.

ZE 556. Fine Snow White Double Satin Damask, 72 inches wide, in beautiful floral or snow drop designs; something especially good for the money. Weight per yard 10 ozs. Per yard **\$1.00**

Napkins to Match

ZE 558. Fine Snow White Double Satin Damask Napkins, matching in quality and design ZE 556 damask. Size 24x24 ins. Weight 23 ozs. Per dozen **\$3.50**

All Wool White Saxony Flannel

50c Value for 37c.

This specimen from our flannel section should clearly demonstrate that our values are far beyond the competition of ordinary stores. A strictly all wool flannel and usually retails at from 45 to 50c per yard. Give us an opportunity of saving you some money on flannels this year.

ZE 704. White All Wool Saxony Flannel, 27 inches wide. Weight per yard 3 ozs. Per yard **37c**

Great Bargains in Blankets and Bedspreads

This section is full of life just now and the good things we have gathered together are beginning to scatter in all directions; wherever they go, one thing we feel sure of—good results, for that was what we thought of more than anything else while selecting the goods. The following are good specimens of our high standard of values this year.

Silver Gray All Wool Blankets

ZE 784. Silver Gray Bed Blankets, strictly all wool. A splendid, stocky, soft and well finished blanket that retailers would ask \$4.50 a pair for—something you will like when you get it. Size 60x76 inches. Weight 4 lbs. With fancy striped borders. Per pair **\$3.25**

ZE 786. Silver Gray All Wool Bed Blankets, the same quality exactly as ZE 784, but larger and heavier. Size 60x80 inches. Weight 5 lbs. Fancy striped borders. \$5.50 to \$6.00 at retail. Per pair **\$4.25**

Fringed Quilts with Cut Corners

ZE 680. A splendid value in White Crochet Quilts; the cut corner style so popular now for brass and iron bedsteads. Has a 5-in. heavy knotted fringe and

drapes perfectly round the end posts. A heavy, large size quilt with handsome woven designs. Would be good value at \$2.00. Size, including fringe, 82x93 in. Weight

3 1/2 lbs. Each **\$1.60**

ZE 686. Handsome White Satin Embroidered Bedspread; bright satin around with raised embroidered center design and border—a sightly article. Corners are cut out to allow for end posts of headstead, and it has heavy knotted fringe all around. A beautiful quilt that retailers would charge \$4.50 for. Size, not including fringe, 80x90 ins. Weight 4 1/2 lbs. Each **\$3.50**

MONTGOMERY WARD & CO., CHICAGO

The Damascus Roller Bearing Sewing Machine

LE 78 Mounted on this beautiful Hand Carved, Piano Polished Automatic Cabinet. **\$21⁷⁵**

21⁷⁵

Elegant in Design, Exquisitely Finished, Brilliantly Polished.

The Most Artistic Sewing Machine Cabinet made.

Fitted with Spool Cabinet and Velvet Lined Attachment Compartment. Buy the Best and you will never regret it

Our records of Sewing Machine sales during the past ten years show that over seventy-five per cent of the purchasers have ordered our very finest outfit shown at the time order was received. This applies not only to the machine proper, but particularly to the cabinet or woodwork on which it was mounted. This demonstrates clearly that there is a growing demand for better as well as the more attractive styles, also that our previous efforts in securing the newest and best models in cabinets have been appreciated. In continuation of this policy we now offer our superb Damascus machine mounted on the beautiful Automatic Drop Head Case illustrated here, with the assurance that it is not only an entirely new and distinctive design but the most richly executed, exquisitely finished cabinet in the American market.

Please remember that the Sewing Machine head, attachments, in fact, everything in this outfit, with the exception of the woodwork, are precisely the same as used on all of our other Damascus Machines. In other words, the difference in price is due entirely to the superior construction and finish of the cabinet.

If you can afford to buy the style shown here, by all means order it, as it is not only rich and beautiful in appearance, but delightfully easy running, besides being one of the grandest work-doers made. It will be promptly shipped with the understanding and agreement that if, after ninety days' trial you find that it does not in every way fill your requirements, you are under no obligation to keep it, but if returned your money will be refunded in full, including freight charges paid on shipment.

Isn't It a Beauty?

Description of Damascus Sewing Machine LE 78

The top section or table, also the folding leaf, are substantially made on the laminated or built up cross section principle with the different pieces of solid wood glued together so that the grain of one piece runs in the opposite direction to the one next to it, which makes it very durable, besides preventing warping. These sections are then double veneered with selected and beautifully figured quarter sawed oak veneers finished in a rich dark golden color and given the highest piano polish. The ends of table are neatly rounded and finished in a pretty scroll pattern.

THE DRAWER FRAMES as shown in cut are strongly made of an entirely new and graceful style with richly hand carved fronts; there is also a carved ornament in center of front section.

THE DRAWERS, six in number, are of square shape, well made and fitted with fancy metal pulls.

THE DRAWER FRONTS, Sides and fronts of drawer frames are also double veneered in rich quartered oak, and highly polished.

THE SPOOL CABINET. One of the novel as well as desirable features of this new machine is the spool cabinet, which is fitted in one of the drawers. It is supplied with several spindles for holding the different sizes of thread and silk, also has a cushion for the needles, etc. This section is covered with velvet, has a wood handle by which it may be lifted out or returned when necessary.

THE HEAD is our highest grade Damascus, equal or superior in every way to any machine ever built. Taken all in all we consider we have in this combination the most beautiful, the easiest running and highest grade workdoer in the market today.

THE ATTACHMENTS. This machine, like all other styles of Damascus, has a complete set of the highest grade nickel plated steel foot attachments, as follows: Ruffler or Gatherer, Tucker, Narrow Feller, four Hemmers, assorted widths, Binder, Braider, Quilter and Shirring Plate. It is also supplied with the regular accessories, such as twelve Needles, six Bobbins, two Sewer Drivers and Oil Can filled with Oil. These attachments are placed in one of the drawers which is specially fitted up for them with racks, etc., and is lined throughout with velvet.

AUTOMATIC LIFT. This cabinet has our latest automatic lifting device which works easily and accurately, besides is very simple and durable.

THE STAND is the broad ribbon pattern, light and graceful, at the same time strong and lasting.

ROLLER BEARINGS. As a matter of course this grand machine is equipped with our new special easy running devices, ROLLER BEARINGS AND STEEL BALL AND SOCKET PITMAN, beyond question the greatest improvement ever made in developing the easy running features of the sewing machine.

Ninety Days' Trial

Remember, that in ordering any one of our sewing machines, it is shipped with the understanding and agreement that the deal is not to be considered closed until ninety days after it arrives in your own home IN GOOD ORDER. This gives you a splendid opportunity to test every feature, including the attachments. If you wish to order any other machine for comparison, you have ample time to do so. If our machine does not please you in every way, we do not want you to keep it.

Zimmerman's Patent Autoharp

Although the autoharp has been on the market for many years, it is still one of the most popular instruments of its kind made; as a matter of fact, our sales during the past year have nearly doubled. The reason for this is, it is a musical instrument possessing a splendid quality of tone and so simple in construction and manner of operation that any person, or even a child, can produce perfect chords, either as an accompaniment to the voice in singing or with any other instrument, without any knowledge whatever of music. Besides, anyone capable of singing a tune correctly can with little practice play instrumental pieces with marvellous effect. They are made of seasoned materials, have a perfect sounding board, and are finely finished. Send us your order for one and if after a trial of 10 days you are not satisfied, return it at our expense both ways and we will refund your money. The patent attachment, consisting of 5 bars, is placed directly over the strings and is so constructed that when either bar is pressed down only the strings needed for the

Overshoes**
\$1.90

The Kant-Rip shoe for men is the best work shoe ever devised. We call them the Kant-Rip shoe because there is nothing about them to rip, being as near seamless as it is possible to make them, the only seams being at the top and back where there is little or no wear. The lower seam shown in illustration is only an imitation. They are made from soft, durable, water-shedding oil grain leather with heavy rugged soles firmly riveted to the uppers. They are made on a stylish last, fit fine, wear like iron and make a very neat and genteel appearance. Shoes like these are seldom sold for less than \$2.50 per pair, but as usual our price is way down. Weight, 36 to 45 ounces, according to size, wide widths only. Sizes 6 to 12.

Please compare this line with any similar line of leather top rubber overshoes, and note the superiority of the materials in our shoe. From the Kangaroo calf-skin in the tops to the stitching in the vamps, everything is of the best. The tops are made from pliable Kangaroo calf and can be used over and over again after the rubbers are worn out, and they remain perfectly soft without greasing after being wet. The rubber overshoes are best quality duck, made by a reliable manufacturer, and are as near crack-proof as it is possible to make them. Nothing better obtainable and worth at least \$2.50 per pair. Shoe, Harness and Tinware

Repair Set

A High-grade Set of Tools at Rock Bottom Price **\$1.48**

Hundreds of dollars are wasted every year in paying for repairs which could be done by you just as well as by the person you hire if only you had the tools. You have to hire the cobbler, harness maker, or plumber, and pay him for his time while you stand around and look on, watching him do the work which you could do as well providing you had the tools. We have put together for our customers the best kit of tools for repairing which we have ever seen, and we sell the entire outfit at least two or three times cheaper than it can be bought for at any retail store. The outfit consists of 43 first-class articles, as shown in the accompanying illustration, to wit: 1 Extra Heavy Iron Last for Men's Work, 1 Extra Heavy Iron Last for Boys' Work, 1 Extra Heavy Iron Last for Women's Work, 1 Extra Heavy Iron Last for Children's Work, 1 Extra Heavy Iron Standard for Lasts, 1 Shoemaker's Extra Heavy Hammer, 1 Steel Shoe Knife, 1 Patent Peg Awl Handle, 1 Peg Awl, 1 Wrench for Peg Awl Handle, 1 Sewing Awl Handle, 1 Sewing Awl, 1 Harness Awl Handle, 1 Harness Awl, 1 Bottle Best Leather Cement, 1 Bottle Rubber Cement, 1 Bunch Selected Bristles, 1 Ball Shoe Thread, 1 Ball Shoe Wax, 1 Package Cobbler's Nails, 3/8 in.; 1 Package Heel Nails, 3/8 in.; 4 Pairs Heel Plates, Assorted Sizes, 6 Harness Needles, 1 Harness Sewing Clamp, 1 Harness and Selt Punch, 1 Soldering Copper, 1 Handle for same, 1 Bar Solder, 1 Box Tabular Rivets, 1 Never Fail Riveter, 1 Box Rosin, 1 Copy Directions for Half-Soling, Tinware Mending, etc.; 1 Steel Nipper, 1 Neat Box, all securely packed together. These tools bought at a hardware store separately would cost between \$4.00 and \$5.00. You can repair boots and shoes, tap and heel them, mend your harness or make a new one, mend all kinds of tinware, repair pumps, plumbing and similar work, and do all kinds of leather work about carriages, etc., as well as repair rubber boots, rubbers and overshoes and all kinds of rubber-made articles. The clamp is used for mending harness and filling saws; has a coil spring and is made of iron. You can easily save five times the cost of this outfit in six months doing your own work and make a heap of money doing a little of your neighbor's repairing. "A stitch in time saves nine," and if you have these tools in your house you can make repairs and save a great deal of money which you would have to pay if you let a break go, or hired a man to do your repairing for you. Every tool contained in this outfit is full sized, high-grade and practical. It is the only complete outfit in the market, and thousands have been sold in past years for twice the price, when the outfit contained only half as many tools.

We originally bought of these two jackets (XE 4 and XE 8) 10,000 each, thinking that this quantity would be ample to supply those of our customers who might think favorably of these styles, but we had no more than sent out the first edition of our catalogue before the orders began to come in for them so fast that we felt obliged to arrange for another large lot and are pleased to announce that we have succeeded in securing enough Kersey for another lot as large as the first one, and will continue to sell them at the same price, notwithstanding they cost us 50 cts. each extra on account of having to have them made up in the busy season.

XE 60—This coat is made of good quality heavy weight wool Cassimere. Color, dark Oxford gray. Style same as illustrated, coat collar of velvet, belt in back made very full and is intended to be worn loose, therefore it would be advisable when ordering to order one size larger than is actually required in tight fitting garments. Supplied with patch pockets; unlined. Front has deep facing extending back to arm holes; 45 inches long. Weight, 45 oz. **\$5.75**

Our Dandy Single Harness \$ 11.00

Lowest price ever made on
a Harness of this quality

Per
Set

\$ 11.00

\$11.00 for a high-grade set of harness that cannot be purchased anywhere else for less than \$15.00, and some merchants would not hesitate about asking \$18.00 or \$20.00.

The Dandy Harness at \$11.00 represents a rare bargain. It is not a commonplace set picked up in the open market and offered by us at a good profit price, but the result of over 15 years' experience, many weeks to perfect an arrangement with a manufacturer whereby we can offer this high-grade, nobby harness at the low price of \$11.00.

It's all in the quality. We could, if we desired, sell a set that looks like the Dandy at many dollars less, but that is not what we are trying to do. Anybody can make a low price on a second-rate article, but it takes clever buying and expert knowledge to be able to sell really top-notch articles at a price lower than many firms can buy the same article for. In the Dandy Harness at \$11.00 we offer what we know to be the best set of single driving harness ever put on the market for less than \$15.00.

Is not this a Beauty?
Now that the year's work is almost done you will have plenty of opportunities to use a good buggy harness. Why not order one of these? Just to acquaint yourself with Ward values.

You never saw

Davenport Sofa Bed

A more useful or handy piece of high-grade Furniture was never made.

Combination Davenport Sofa Beds. The popularity of this piece has continued throughout many years. With all the beauty of a sofa by day they combine the advantages of a restful, comfortable bed by night. Added to this is the additional feature of gates which swing out and form complete head and foot boards exactly the same as a bed. When opened as a bed they are like luxurious couches. As a Davenport they afford a splendid opportunity for artistic decoration, and enrich and dignify an interior more than any one article of household use.

RE 205 Waldorf Sofa Bed. No more useful, at the same time ornamental, piece of furniture has ever been made than the Waldorf Sofa Bed. Only a few seconds are necessary to change it from a beautiful sofa to a full sized, comfortable sofa bed. The framework of this style is exceptionally tasty. When closed the sofa is 77 in. long and 33 in. wide. When back is down it is 48 in. wide, in that way making practically a full sized bed. The cut showing the bed open shows that the ends which are hinged on the side produce a full sized head and foot piece. The framework is either of oak finished in golden, weathered or Antwerp, or selected birch finished and polished in mahogany. Weight, 150 lb. Grade E, corduroy or figured velvur plush

"Chicago" Feed Cutter

Bolted Frame. The Best Cutter of this Size Made.

\$625 At Chicago, or Warehouse at Toledo, Ohio.

EE954—This is the strongest, most complete, and in fact the best cheap feed cutter made. It is very simple and extremely durable, the cutting knife is 11½ inches long, made of tempered tool steel, and makes a downward, shearing cut against a hardened cutting edge. It is quickly adjustable to cut ½ in., 1 in., 1½ in., or 2 inches, and makes 3 cuts to one turn of the crank. Shaft is ¾ inch cold rolled steel. Balance wheel is large and heavy, making it easy to run. Feeding device: It has a fluted roll which turns and moves up the fodder the proper distance, and will stop until the knife passes again. Capacity about 150 to 200 pounds of dry fodder, 300 to 400 pounds green fodder per hour. Weight 155 lbs. Price, **\$6.25**

"Dandy" Corn Sheller.

5000 sold in 1904.

EE750—We sell thousands of these little shellers every season, and the demand is growing. There are a dozen or more kinds, somewhat similar in appearance, but there is considerable difference in the construction, material, and the work they do. Our sheller is the original "Dandy," and is easily the best sheller of this style on the market. Is adjustable to large or small ears of corn, and does first-class work. It is made of the best material, very carefully fitted. Has spring tension, large perfect picker wheel, is made heavy and strong, and gives perfect satisfaction. Every one guaranteed. The price is exceedingly low, considering the quality of this sheller. Weight, 15 lbs. Price..... .70c

"Lightning" Grinding Mill

One of the best selling mills we have, especially adapted for power windmills and other light power. It has always given our trade splendid satisfaction.

EE994—Is made of iron and steel, has few wearing parts, is not liable to get out of order, will not choke up, will run empty without injury to burrs. The burrs are so arranged that if nail or any other hard substance gets into the grain they will pass through without breaking the mill. Grinds all kinds of shelled and small grains. Will grind from 6 to 15 bushels per hour if run from 600 to 1,200 revolutions per minute. Requires 2 to 4 horse-power. Can be run by geared windmills or any other power. The burrs are 6½ inches in diameter and accurately fitted. Pulley, 6¼ in. in diameter; 4-in. face. Such a mill usually sells for \$12 to \$15. Weight, 90 pounds. Mill with coarse burrs in, and with extra set of fine burrs..... \$10.20

This Sheller combines every desirable feature to make it a perfect machine of its kind. It is strong, easy running, an excellent separator and cleaner. The FRAME WORK is made of heavy hardwood and is strongly bolted together, making the machine firm and rigid. A Sheller put together as this one costs a little more money than if nailed or screwed together, and will last twice as long as the latter. PANELS are heavy material. SHAFTS are heavy, cold-rolled steel and run in iron bearings run through and bolted to the frame. BALANCE WHEEL is very large. FAN is metal. FEED SPOUT is placed directly over shelling wheel, which grips the ears of corn firmly. The RAG IRON and the SPRINGS are adjustable and can be set close to the shelling wheel for small corn and leave the spring flexible for large corn to pass through without using so much power. SHELLING-WHEELS are geared high so as to give it good capacity. We guarantee the sheller not to choke. Furnished with fan, which takes all the dirt and puts the corn in marketable condition. Capacity, from 10 to 15 bushels per hour. Weight, about 135 lbs.

"Family" Grist Mill \$1⁹⁵

Have Fresh Graham Flour,
Cornmeal, Hominy, Etc.

EE 934 If you own one of these mills you can have at all times fresh Graham flour, cornmeal, hominy, split peas, cracked wheat, fine table or butter salt; in fact, everything that is ground at a custom mill except fine bolted family flour. Can be adjusted to grind fine or coarse. Has heavy balance wheel, making it run easy. It is not necessary to throw THIS mill away because the burrs are worn out, for they can be replaced at any time for only 35 cents. The grinding surfaces are of a very hard material, ground off perfectly true; burrs 4 1/4 in. diameter. Can be attached to box or table. Weight, 30 lbs. Each.....

Bone Cutter if you have chickens**

"Ohio" No. 4 Green Bone Cutter

EE 530 THOROUGHLY WELL MADE AND GUARANTEED TO DO PERFECT WORK. Strong where strength is required, all superfluous weight being avoided by using best possible materials throughout. A green bone 4x6 1/2 may be thrown into the hopper and cut up without clogging. Case-hardened drop-forged cutter-head, possessing the best possible wearing and cutting qualities; will cut effectually the hardest bone, the toughest gristle, making all very fine and adapted for food. These mills cut the bone like meal, leaving no chunks to lodge in the crop. Automatic feed, and may also be used to cut vegetables. Can cut with right or left hand. The No. 4 Cutter is a genuine record breaker for ease of operation, quality of work and speed, readily cutting out a hopper full by hand (2 1/2 lbs.) in two or three minutes, enough for a flock of 25 or 70 hens for one day, and fine enough for little chicks. A SCIENTIFIC ROASTER AND BAKER 47c

We claim it to be the best and most perfect in the market for the reason that it is self-basting, as all steam and moisture is retained in pan when closed and all condensation from top of pan drips over the meat. The roast is made in its own steam, will be of greater weight, more juicy and retain better flavor than in any other pan. It stands on heavy runners. It has a good rack to keep the meat from becoming soaked. It is made of fine smooth steel. Try one and you will never regret it.

PE 621—Lace Curtains with design like the illustration, of fair quality and finished with overlapped stitched edges. Each curtain is 36 inches wide and 3 yards long. The colors are white or ecru. We consider this number good value. Per pair **59c**

PE 631—This is a novelty in lace curtains and they are very popular, as they make very attractive and impressive window draperies. They are a good quality, finished with overlapped stitched edges and are 68 1/2 inches wide and 9 1/4 yards long. They should be hung one to each window as shown in the illustration as the pattern is woven in the curtain, and the effect would be spoiled to attempt to drape it. **WHITE ONLY.** If they are not satisfactory return them at our expense. Price, each..... **90c**

PE 633—These curtains are made of a good strong net with Battenberg insertion and edging, and a real lace bow knot ornament as shown in the illustration. This is a curtain that is strictly up-to-date and will give the best of satisfaction, as they launder nicely and are appropriate for any room. Each curtain is 40 inches wide and 3 yards long, in white only. Weight, per pair, 11 ozs. Price, per pair..... **\$1.95**

Direct from Foundry

So low a price on as good a stove is possible only with us. This price is actually lower than the price most dealers pay. We handle thousands of stoves to their few.

**This is the Lowest Price ever asked for this Stove
It Usually Sells for \$5.00 or Over**

As the illustration shows, it is not only very neatly finished, but every part is made in a way to give it unusual strength. Only the best material has been used in it.

It is also a Clean Stove, easily operated. No ashes or soot can escape into rooms. Ornaments are pure nickel and require no trouble to be kept bright.

Remember, We Guarantee it to do Everything We Say it Will

This is a stove well mounted by experienced mechanics. It has beauty of design and all the parts are carefully made from the very best material. Particular attention is given to those parts which have to stand the greatest wear and tear. It is made to radiate a great amount of heat and there is no skimping in the height or weight of this heater. It is without doubt the best Oak Heater for the money in the world. Many Oak Heaters radiate heat by using a great amount of fuel, but we have overcome that feature in our Derby Oak, as the smallest amount of fuel of any kind, coal, wood, coals, chips or anything that will burn, placed in it will at once produce great heat. It is a good firekeeper, a floor warmer and fuel saver and it is made perfectly air-tight.

Nothing but the best selected pig iron, heavy sheet steel and highly polished nickel is used in the manufacture and ornamentation of this Oak Heater. Greatest care is taken in the mounting and fitting of all the parts. No imperfect pieces are allowed to go into it. We are selling thousands of these Heaters and all are giving the best of satisfaction where used.

The body of the Derby Oak is made of ranged polished steel. The ash pit bottom is sunken to allow the use of a full sized ash pan. Heater has heavy, durable corrugated fire pot; the grate is strong and is of the draw counter-shaking style for coal and operates easily, can be shaken without opening the ash pit door, using the shaker placed at the right hand side of ash pit section; this will prevent ashes and soot from escaping into the room. To burn coal and wood an extra grate will be required and will be furnished at the nominal price quoted below.

The cast iron parts are made from the very best selected pig iron, the feed door is extra large, and perfect control over the fire is secured by draft opening in the ash pit door and check damper in feed door.

It is made in five sizes and the No. 11, No. 13 and No. 15 have only one screw draft register in ash pit door, while No. 17 and No. 19 have extra large ash pit doors, are furnished with two screw draft registers in same.

The Stove is equipped with a large swing cover ornamented with a fine spun metal urn. The nickel plating is very handsome and has a silvery luster and the nickel parts are as follows: Top band, name plate, three foot rails and screw draft registers.

In ordering always state the kind of fuel you wish to burn so that we will know the style and grate necessary for you to have.

The Most Economical Stove You Can Buy

\$4⁶⁹ Burns Anything. Keeps Fire All Night. \$4⁶⁹
More Desirable than a Base Burner.

Our Hot Blast Windsor Heater

Poorer Stoves are selling at retail for double our price.

This is a Wonder for Keeping Fire

This illustration shows our very latest design in a Hot Blast Heater. It has a front feed opening with drop door. This feature is entirely new in hot blast heating stoves and makes it unnecessary to swing the top cover to feed the fire. The great convenience of this device will be readily understood and appreciated. Is so constructed that it will burn any kind of coal, hard or soft, the cheapest grade of siftings, slack, lignite or coke, and requires very little attention. It will keep a fire a long time, and there will be fuel enough in some to heat the room for an hour or two in the morning without replenishing. Requires no more attention than a hard coal self-feeding base burner.

It is made from the very best grade of selected pig iron and heavy sheet steel, and to stand wear and give good service. It is very economical in the fuel it consumes for the amount of heat it radiates.

The body is made of heavy sheet steel; has heavy corrugated cast iron fire pot with cast lining above same, ventilated so as to admit cold air between the body and the lining through the front screw draft and discharging the heated air over the fire makes a smoke and gas consuming as well as hot blast heater. Has a large feed opening with drop door. Has draw center grate which shakes from the outside. The hot blast damper is operated without removing the spring cover. The ash pit is very deep to admit a full-sized built ash pan. The heater is elaborately ornamented; has a fancy awing top cover and elegant spun metal urn. The nickel trimmings are of the very latest design and are of the best possible quality. The nickel parts are as follows: Nickel steel band around top, feed door, three foot rails and screw draft registers.

This heater is made in five sizes, and in the sizes No. 170 and 190 the ash pit door is large enough to admit of having two screw draft registers, while on the other sizes there is only one.

Home Deposit Vaults

One year's rental of equal size space at your bank will pay for one of these Private Fireproof Vaults in the convenience of your own home **\$770**

We offer here a steel fireproof vault that fills a long felt want in the home or office. They provide a safe place for your policies, deeds, jewelry, etc. Keep your papers and valuables private, and give positive protection against fire and water, sneak thieves or dishonest servants.

They are very substantially made of heavy steel plate, with steel hinges and draw bolts, and the locks are non-pickable.

They will never gether dampness, as do some safes, as the filling is perfectly dry; and the doors are fitted with a rubber gasket, which, in case of a fire, will fuse and seal the door, making it absolutely waterproof as well as fireproof.

At the low prices at which we are offering these vaults their cost is as nothing compared to the peace of mind and feeling of security that they give.

They are beautifully finished and shipped packed securely in a solid box, so that when delivery is made the contents need not be made known to those not concerned with your private affairs.

We include with each vault a certificate guaranteeing it to be fireproof and waterproof, and perfect in material, construction and finish.

The Clothes Question

We offer you the most practical and economical solution of the clothes question, ready made or made to order. Our fabrics, fit and finish are unmatched anywhere at our prices. No exceptions. Our prices are lower, quality for quality, than any other firm can offer. No exceptions. The reason—We have the business volume counts, and our ready cash in purchasing secures for us low prices, which firms requiring time and buying in smaller quantities, cannot negotiate. Please excuse us if we seem unusually enthusiastic about our good clothes this season, both ready made and made to order, knowing just how extraordinary are the values we offer and the great saving to be made by ordering of us, we only wish every reader knew the truth, and could know and see the values as they really are. We only quote here one number from our tailoring division, the new "nut brown" fancy Cassimere, quite the rage this season. If other styles are preferred, send for Sample Book V-21, containing samples of fabrics, suits, price from \$10.00 to \$36.00, or Sample Book V-22, price from \$11.50 to \$20.00, according to the price of suit you wish to purchase. Trousers in proportion. See Sample Book Request Coupon on last page.

Made to Order.

Wilson's Fancy Mix Brown Cassimeres. The very latest autumn suiting for fall and winter wear.

VE 697 All Wool Scotch Cassimere, fancy weave and pattern, of the very latest, nut brown shade. The fabric is full heavy weight, about 21 ounces to the yard, for fall and winter wear, and is exceedingly popular this season. Exactly the same as for which agents and other tailoring concerns are asking \$36.00 and \$40.00. The difference is our saving to you on this number alone. The pattern is a medium brown mixture with a fine over-

pleid, indicated by a white silk thread. The surface is of medium smooth finish. This is in every way a desirable fabric, makes up nicely in any style, sack or cutaway frock, and will be worn by thousands this season who are looking for the latest shade and style of fabric.

Men's Workday Clothing

What a satisfaction it is to be properly attired for your work, no matter what may be the nature thereof. If you are occupied with heavy, rough work, subjected to the cold, bleak winds, snow or rain, you should be attired in extra heavy garments made of material of the right texture. Here we have them. Pick out any single garment or, better yet, order the Coat, one of the Vests and Trousers and you will have the warmest, the best and most sensible and practical suit for rough, heavy winter work you ever purchased, and at a moderate cost.

Men's Double Breasted Russian Vests.

Sizes: 36 to 48 chest measure. Average actual weight, 2 1/2 lbs.

WE 315—Very heavy, rough surface, all-wool Cassimere or Dickey Kersey cloth, dark gray plaid effect, similar to WE 330 coat and WE 009 trousers. Made in double-breasted style to button close up to the throat, with two rows of six each black ivory buttons, and has four outside pockets. Lined throughout with a heavy-weight gray cassimere, closely resembling a wool jeans, and interlined with textile buckskin, a fabric that no wind or cold can penetrate.

This garment is a thorough lung protector and is one of the most practical workman's vests in the market. Price.....**\$2.00**

Men's All-Wool Dickey Kersey Trousers.

WE 109—Men's All-Wool Dickey Kersey Trousers. This is a heavy-weight fabric, has a rather rough surface, but firmly woven and is well known on account of its great wearing qualities. The trousers are extra well made, have strongly sewed seams, patent riveted buttons and side pockets. The pattern is a rich, dark oxford gray, with a large overplaid formed by narrow stripes of red and dark green, which run either way across the surface about two inches apart, not loud or conspicuous but just enough color to take away the plainness of a solid oxford. The shade matches exactly WE 330 Reefer and WE 313 Russian Vest quoted on this page. These three garments taken together would make a very practical, warm and sightly suit for the workingman.

Men's All-Wool Dickey Kersey Reefer.

WE 309—An all-wool fabric containing more than ordinary wearing qualities and extra heavy weight. It is firmly woven and has a rather rough, woolly finish.

Made up in double-breasted reefer style with a fine inclined ulster collar with throat tab to match. Has three outside pockets with flaps and is lined throughout with a heavy gray wool flannel. This garment together with WE 313 vest and WE 311 or WE 109 trousers would make an excellent suit for a workman who wishes something better than a common duck. They would insure him warmth and comfort that he would not get from any other woolen garments, and the general appearance of the suit would suggest something better than common working garments. Average actual weight, 4 1/2 lbs. Price, Reefer Coat, only.....**\$4.25**

Men's Heavy Weight All-Wool Rain Proof Trousers.

Sizes: 30 to 42 waist measure, 30 to 36 ins. in. measure. Average actual weight, 3 1/2 lbs. WE 311—Heavy weight all-wool Cassimere, a very closely woven compact fabric and is one of the best wearing materials ever made into trousers. Color dark oxford gray. The fabric has been proofed by the best known chemical process and is nearly impervious to water. It will not absorb the moisture, but if the water is forced through the cloth by a heavy, driving rain, it can easily be shaken out and will not retain any of the moisture in the fabric. These trousers, therefore, will give the protection against wind, wet and cold which no other woolen trousers can. Made with two side, two hip and one watch pockets, patent riveted buttons and double-stitched seams, which will never rip. These trousers, together with WE 330 coat and WE 313 vest, would make an excellent wearing suit, and would afford the wearer warmth and comfort in the most severe weather. Price, Trousers only.....**\$3.50**

A Few of our Very Strong Values in Overcoats

Sizes, all 35 to 44 chest.

Our Special Blue Kersey Dress Overcoat

WE 21—Fine Quality Dark Blue Kersey Overcoats. Our great special value at \$8.50. The fabric is a genuine strictly all-wool dark blue kersey, full heavy weight, about 25 ounces to the yard, which is the heaviest made for dress overcoats of this kind. The body is very compact in weave while the surface is perfectly smooth, hardly any nap noticeable even by rubbing against the weave. The edges are finished raw with two rows of fine stitching. Edges of pocket flaps and all seams are finished the same. The body lining is of heavy double warp leather Italian cloth and sleeves lined with lusterine which is really the very best wearing sleeve lining that is made for overcoats. Coat has two-inch wide velvet collar, and is perfectly finished in every detail. If you buy one of these coats and do not think it would retail generally for \$12.50 or more you may return it at our expense. We have contracted for a great many hundred, all we think we can use, but we sometimes underestimate the demand—so send your order **\$8.50** early. Overcoat style 9.....

Our Special High Grade Oxford Kersey Overcoat, \$13.50

WE 21—Very fine quality Oxford Gray Kersey Overcoats. These are finer coats than usually found in any ready made stock. We know our trade like good quality and that this is true in clothing is evidenced by the way orders are coming for this number. Made with raw edges and seams, mohair serge body lining, satin sleeve lining and fine quality velvet collar, nicely finished and well made throughout. You could not secure one of these coats in any retail clothing store for less than \$20.00. Send your order **\$13.50** now. Style 9.....

Our Nobby Belt Overcoat, Style 15

WE 25—Made of a heavy weight all-wool fancy Cheviot in a golden brown and black stripe effect. This fabric has a rather rough surface, is a fancy weave and a good weight. Black, gray and golden brown are woven into a sort of diagonal or herring-bone effect, and this is divided every two inches by a narrow black and white stripe. Has also a large invisible overplaid of dark red, very subdued and indistinct. Has a very Scotchy effect and is an ideal fabric for this style of garment. These overcoats we make ourselves. They have double warp Italian body lining, lusterine sleeve lining and a removable belt in the back and are excellent fitting, neatly tailored garments. Average length, 50 inches. Weight, 7 lbs. Would sell at retail for \$15.00 to \$18.00. Belt Overcoat, price **\$11.50**
