## A Short Romance. An Idyll of November.

They had always been together, had played together as children, had worked together in the fields, for their homes were in the country, and as they grew older had wandered through the orchards of the old farm and out into the woods beyoud. The years passed, and play-time was over. A home was chosen, and life began in earnest for these two devoted lovers.

It was not from lack of opportunity, nor altogether from propinquity, either, that they loved each other. The farms were in a large and thickly populated district, and there were many for him to select from, many who courted her. But she was his ideal—tall, slender and graceful. The sunlight reflected from her bronze head shed a radiance on all the world for him, and he was her idea of manly perfection. So she gladly gave her love and life into his care.

One day, late in November, a day of Indian summer, when all the world was red and gold with tinted vine leaves and autumn trees, they lunched under a spreading oak. After lunch she slept, he ever watching near. Then, as though from the blue dome above destruction had suddenly been flung upon the earth, the end came. First she heard his voice upraised in protest, then in terror, and at last in agony. Longing to go to him, to help him, or at least to comfort him, she struggled with the overmastering force that held her down, but her struggles were in vaiu. And after that it really mattered very little to either of them that he was boiled with oyster sauce for Farmer Grayson's Thanksgiving dinner, and that she was roasted by young Mrs. Pembroke for the first dinner in a new home.-Life.

## To Be a Boy Again.

The editor of the Evanston (Wyo.) News Register says he received the following a few days ago: "I'd like to be a boy again, without a woe or care, with freckles scattered o'er my face and hayseed in my hair. I'd like to rise at four o'clock and do a hundred chores, and saw wood and feed the hogs and lock the stable doors, and herd the hens and watch the bees and take the mules to drink, and teach the turkeys how to swim so that they would not sink, and milk a hundred cows and bring in wood to burn, aud stand out in the sun all day and churn, and churu and churn; and wear my brother's cast off clothes, and walk four miles to school, and get a licking every day for breaking some old rule; and then get home again at night and do the chores once more, milk the cows and feed the hogs and curry mules a score; then creep wearily up stairs to seek my little bed, and hear dear old dad say: 'That worthless boy, he doesn't earn his bread.' I'd like to be a boy again; a boy has so much fun; his life is just one round of mirth from rise till set of sun. I think there's uothing pleasanter than closing stable doors and herding hens and chasing bees and doing evening chores."

## The Big Silver Dollar.

A despondent editor has been inspired, after looking over his list of delinquent subscribers, to compose the following: "How dear to our heart is the big silver dollar, when some kind subscriber presents it to view; the liberty head without necktie or collar, and all the strange things which to us seem so new; the wide spreading eagle, the arrows below it, the stars and the words with the strange things they tell; the coin of our fathers we're glad that we know it, for some time or other 'twill come in right well; the spread-eagle dollar, the star spangled dollar, the old silver dollar we all love so well."- Maine Farmer,

# New York

Is probably the most handsomely gotten up Music Magazine in the world for the price. Sample copy ten cents, postage paid. It is composed of 36 full size sheet music pages, and issued monthly.

A year's subscription to the New York Musical Echo means:

100 complete vocal and instrumental pieces of music, prettiest selections ever published. All easy to play and sing. The type is large, and only fine book paper is used. The price of this music alone would be Twenty Dollars.

500 elegant fashion plates illustrating the latest fashions in dress and millinery for ladies and misses, also styles for boys and girls.

50 beautiful portraits of ladies' handiwork.

60 grand half-tone portraits of leading actresses, the handsomest women of the day.

Besides valuable reading matter, theatrical and dramatic news, sketches of famous musicians, etc.

# Subscription Price, \$1 a year.

Send ten cents for a sample copy to

THE NEW YORK MUSICAL ECHO CO... 1441 Broadway, New York City.

# Worth Dollars Poultry Raiser

# ADVERTISERS.

Very many FARM-POULTRY readers have just as good stock as the majority exhibited at the large shows this winter. They can just as well sell eggs for hatching at a good price, say \$1 to \$2 per sitting, as other breeders.

To encourage such we will for a limited

time insert in FARM-POULTRY Four line classified ads. (if ordered to appear six times) for \$5 for the whole 24 lines, cash with the The regular price for such space would be \$7.20.

You can get about 30 words, counting address, into a four line ad.

Make a beginning now. Many of our large advertisers commenced small, but do not now hesitate to use one, two or more inches every issue. Get our readers familiar with your name and stock by advertising this spring, and thus add to the profits of your poultry

Send copy and cash with order to
1. S. JOHNSON & CO.,
22 Castom House St., Boston, Mass.

This Ad. will appear once a month.

15 Eggs \$1.00 1.75 30 3,00 60 5,00

# Barred Plymouth Rocks.

FOR HATCHING.

Parent stock purchased from Judge H. B. May last season, and carefully matted by him in February, this season, and carefully matted by him in February, this yeyar. Every hen or pullet that was not considered by him to be first class and in first class condition, was thrown out. Six pens, from nine to fornteen females in a pen. I shall set eggs from every peu, and sell from every pen, and those I sell will be just as good as any I set myself. No eggs that are imperfect in shape or small in size will be sold for hatching, and a good percentage guaranteed to be fertile.

# THE STANDARD POULTRY GRIT OF AMERICA.

MICA GRIT NOT DANGHROUS.

MICA GRIT NOT DANGHAGES

Mr. Editor:—My fowls eat mica grit by the wholesale. I put it in a cigar box (100 size box full) in the
morning, and by moon it is all gone. They cannot
waste it, as the box is uailed to the fence. They have
beeu doing this for two weeks. Now I have stopped
giving it to them autil I hear from you. Is it right
that they should have so much? When I stopped the
mica grit I gave them cracked oyster shells, and while
they can some of this they do not take to it as to the
raica. They have had it from the time they came out

Mica crystal grit is a rock combination of silica, aluminum, iron and magnesium, and beneficial both as a grit and tonic. The fact that the heus eat it so greedily goes to show that there is something iu'it which they crave, and which, consequently, they should have. Keep it constantly before them, as they will not con-

FLOWER CITY INCUBATOR AND BROODER CO.,
(Mention this paper.)

Rochester, N., York,

Every Mother should aveitin the house. It acts promptly, it is always ready for use; it is the best; it is the oldest; it is unlike any other; it is superior to all others; it is used and recommended by physicians everywhere; it has stood upon its own intrinsic merit and excellence while generation after generation have used it with entire satisfaction and handed down the knowledge of its worth to their children as a valuable inheritance. Could a remedy have existed for eighty years except that it possesses great merit for family use?

# OHNSON'S ANODYNE

It was originated in 1810 by the late Dr. A. Johnson, an old fashioned, noble hearted Family Physiciau to cure all ailments that are attended with inflammation, such as asthma, abscesses, bites, burns, bruises, brouchitis, colds, coughs, croup, catarrh, chaps, chilblains, colic, cholera-morbus, all forms of sore throat, earache, headache, la grippe, lame back, mumps, muscular soreness, neuralgia, pains anywhere, scalds, stings, sprains, stiff joints, toothache; tonsilitis, whooping cough.

Of 40 acre Langsban Parm and Artificial Incubation sent you for 2 cent stamp.

Sofa Pillows. Table I beauty

# Perfect Poultry Pictures.

The Pictures of Typical Poultry in pairs. which are appearing in FARM-POULTRY, are pronounced by competent judges to be the best ever printed. They are drawn by the renowned animal artist, FRANKLANE L. SEWELL. We have had several requests for these pictures printed on heavy paper suitable for a port-folio or for framing. Therefore we have had prints of them made on heavy coated paper, size  $9\frac{1}{2} \times 12\frac{1}{2}$ , Artist's Proofs. Each will contain only one breed, picture and description. The expense for all, if gradually secured by our readers, will never be felt, and they will have the most perfect collection of poultry pictures yet produced.

Toledo, Ohio, Dec. 23, '95, I. S. JOHNSON & Co., Boston, Mass.
Gents:—Yours of the 21st at hand, also two proofs, which are certainly very fine.
Am sure if you would state in FARM-POULTRY that you would send these for 25 cents each in stamps you would receive sufficient postage to keep you going for a year, as I think every up-to-date Partridge breeder would obtain one. I think them the finest I ever saw, and a model for us to breed to.

Yours truly,

A. W. Bell.

President Ohio Cochin Club.

# WE HAVE NOW FOR SALE

Barred Plymouth Rock, Cock and Hen. White Wyandotte, Cock and Hen. Partridge Cochin, Cock and Hen. Brown Leghorn (S. C.) Cock and Hen.

## KIRBY & SMITH'S East Chatham, N. Y.

Won at all the Great Shows of America. Boston, 1887 and '58; Buffalo, 1889. Madlsqu Sqnare Garden Shows, New York City, 1890, 1891, 1892, we made a clean sweep.

GREAT NEW YORK SHOW, Madison Square Garden, 1894. Kirby & Smith's Strain of Langshaus made the following wonderful record in open competition with the WORLD'S best: (107 birds competing:) 4 out of a possible 5 Firsts on Blacks; 5 out of a possible 5 Firsts on Whites; 5 out of a possible 5 Firsts on Blacks; 5 out of a possible 5 Firsts on Blacks; 5 out of a possible 15 FIRST PRIZES."

(Mr. Thos. Terry, the successful winner, gave Kirby & Smith's LANGSHANS a special RED INK notice on back of all official catalogues.)

Blood tells. If you wish to win, buy from the winners. We import our Langshans Direct from the Langshan District, China, having received two shipments from there last year.

EGGS from our "Chinese Pen," and from 6 other grand yards; good hatch guaranteed. Write for 20 page, 1894, illustrated catalogue.

On the Barred Ply. Rock class, you need not fear defeat if you have the "Ringlet strain,"
At New York, 1895 and 1896.—In these two years my B. P. Rocks won more than as many again 1st prizes as any other exhibitor, and as many 1st prizes as all competitors combined and same proportion of 2d prizes; also as many specials as all, including \$100 cup in 1885 for finest display. This joint record, comprising the winnings of two successive years, stands unsurpassed—unequaled. My record of 1st and 2d on breeding pens at New York, 1896, has nevel here approached by any P. Rock breeder in like competition, Prime stock for sale, Eggs \$5 per 1878.

# さいかいかいかいかいかい あとおとおとおとおとお For Hatching.

## BY USING THE

# Sheridan's Condition Powder

When hens are laying eggs for hatching, the whole tendency is to strengthen and make more vigorous and healthy, both hens and cock. The natural result is larger, better and more fertile eggs for hatching. We have hundreds of testimonials in proof of this fact. No matter what kind of foods you are feeding always give our Powder with them. It assures perfect assimilation of the food elements needed to maintain health, make young chickens grow rapidly, and bring the pullets to early laying maturity. It prevents all diseases of poultry.

\_arger anu

Those who get best results from using Sheridan's Condition Powder are those who commence with little chickens, giving small doses twice a week; then a little larger doses, and so on to the time when getting the pullets ready for early fall laying, a dose of say one teaspoonful to each quart of food. Continue to use it, as one customer says she does, "from the cradle to the grave," and you will succeed nine times in ten, and have plenty of eggs to sell in the early winter when prices are from 40 to 50 cents per dozen for strictly fresh eggs.

Sheridan's Condition Powder MAKE HENS LAY.

Sheridan's Condition Powder costs less than one-tenth cent a day per hen. No other made like it. Large cans most economical to buy. Sold by all druggists, grocers and feed dealers generally. If you can't get it send to us. We send post-paid one pack for 25c.; five for \$1. A two-pound can for \$1.20; six cans \$5, express paid. Copy of Mr. Boyer's book, "Poultry Diseases," sent free. A year's subscription to FARM-POULTRY and one can, \$2. I. S. JOHNSON & CO., 22 Custom House St., Boston, Mass.

# Caponizing Set, FARM-POULTRY.

Poultrymen can double their profits by Caponizing their chicks. The operation is very simple—the instructions so full and explicit that any man, woman or child, after a careful cading the control of the caponizing of the caponizing is to largely increase the weight of fowl, causing them, in many cases, to grow as large as turkeys and weighing from 16 to 15 pounds, to make the meat a finer and sweeter flavor and very judey and tender. With the proper instruments, Caponizing is wholty mastered by a few moments study. Fully realizing the mecessity of having proper instruments (a supply instrument we have a rranged with rediable instrument manufacturers, to supply us with compacturers.

# Sheridan's Condition Powder

When hens are laying eggs for hatching, the whole tendency is to strengthen and make more vigorous and healthy, both hens and cock. The natural result is larger, better and more fertile eggs for hatching. We have hundreds of testimonials in proof of this fact. No matter what kind of foods you are feeding always give our Powder with them. It assures perfect assimilation of the food elements needed to maintain health, make young chickens grow rapidly, and bring the pullets to early laying maturity. It prevents all diseases of poultry.

# Larger ore

Those who get best results from using Sheridan's Condition Powder are those who commence with little chickens, giving small doses twice a week; then a little larger doses, and so on to the time when getting the pullets ready for early fall laying, a dose of say one teaspoonful to each quart of food. Continue to use it, as one customer says she does, "from the cradle to the grave," and you will succeed nine times in ten, and have plenty of eggs to sell in the early winter when prices are from 40 to 50 cents per dozen for strictly fresh eggs.

Sheridan's Condition Powder MAKE HENS LAY.

Sheridan's Condition Powder costs less than one-tenth cent a day per hen. No other made like it. Large cans most economical to buy. Sold by all druggists, grocers and feed dealers generally. If you can't get it send to us. We send post-paid one pack for 25c.; five for \$1. A two-pound can for \$1.20; six cans \$5, express paid. Copy of Mr. Boyer's book, "Poultry Diseases," sent free. A year's subscription to FARM-POULTRY and one can, \$2. I. S. JOHNSON & CO., 22 Custom House St., Boston, Mass.

To Breeders of Poultry and Pigeons

## Our Price for all is 50 Cents.

Our Price for all is 50 cents.

Place your order at once, so that your name may be properly classified in Directory (now in preparation). Edition 25,000 copies. The business of the coming your will largely go to those whose names are found in this Directory.

George E. Howard & Co.,
Central Power Station, Washington, D.C.

PEEP O' DAY FOUNTAINS.

The cut on the left is our regular Fountain, which is especially adapted for young chickeus. It holds about 3 qts. Price 50 cents each; \$2.50 half doz.; \$4.50 dozen. The other cut is the best and quickest device for watering large chickeus or fowls. It has a 33 qt. galvanized iron dish, and can be hung on a fence or wall in the yard, the opening at the rear being against the fence, and by cutting a small hole through the fence the dish can be drawn out, filled and cleaned without entering the yard. It can be used in any place, and is very durable and couvenient. These two styles of Fountains are used exclusively on the large farm of Mr. Hunter, editor of Farm-Poultry. Price of galvanized iron dish and eage 30c. each; \$1.60 half doz.; \$3 doz. They are shipped flat, making a compact package, and light-express or freight charges. Illustrated catalogne free.

PEEP O' DAY FOUNTAINS,

REVISED LIST.

# Worth Dollars to Every Poultry Raiser.

ALL PREVIOUS LISTS NOW VOID.

There are hundreds of poultry raisers (not all beginners, either) to whom any one of the SPECIAL POULTRY ARTICLES enumerated below, if carefully read and digested, might be worth many dollars. Note the low cost to obtain the same. They are all practical, helpful articles, and worth keeping. FOR 5 CENTS in postage stamps we will send one copy of FARM-POULTRY containing any one article named below; or any six different articles for 25 cents. In ordering give THE NUMBER, ALSO TITLE OF ARTICLE.

These Special Poultry Articles will make valuable matter to keep for future reference and study, and can never be duplicated, for they will soon be out of print. Order early, for our supply is limited.

Perfect Hen House,
Low Cost Poultry House,
Feeding for Eggs,
Money in Hens (by a successful raiser).
The Wandottes (Illustrated Description),
White Breeds (Described and Illustrated).
The Langshans (Illustrated),

This is Common Sense.
Homing Fligeons (How to Train),
Cheap House for Thirty Fowls,
Covert, How to Gure for Poultry Food),
Cocking Apparatus for Poultrymen (IllusWither Evgs (brengring to get same).

# Any one of the 40 Articles above, 5 cents; six for 25 cents.

The complete set of 40 articles as above, together with a "COMMON SENSE BINDER" to del same, if ordered separately, will cost you \$2.75.

IF ORDERED ALL AT ONE TIME, we will send the whole 40 articles and Binder, st-paid, for \$2; or with FARM-POULTRY one year for \$2.50.

Send all orders, stating plainly what you want, and each or stamps to

I. S. JOHNSON & CO., 22 Custom House St., Boston, Mass. 

# Elegant Bound Volume =ARM-POULTRY,

Three Volumes in One, with Complete Full Index.

We will furnish all of the numbers from September, 1889, to September, 1892, (three years) in one book, 760 large

quarto pages, Bound in Cloth; Elegant Embossed, Gold Lettered Back and Side.

Price \$1.75 postpaid to any part of the United States.

" \$1.50 if taken at our office, or purchaser pays his own express.

\$2.50 for the bound volume, express paid, and a year's subscription. THIS OFFER we make to either old or new subscribers.

# **\$10.00**

Messrs, I. S. Johnson & Co.

Dear Sirs: I received the bound volume of Farm-Poultry all right, and to say I am well pleased with it would be a mild way of expressing it, as I consider that I would have to buy and look over \$10 worth of books to get as much information in regard to the care and management of poultry as I have all under one cover and indexed in the three years bound volume of Farm-Poultry.

### THIS GUARANTEED SELF - REGULATING INCUBATOR

1s now used by the United States Government, and evill surely please you. The rush is over, and our simmer prices are on; so it will pay you to huy now, even for future use. Send 4c. for No. 91 catalogue and desires and the control of the control and treatise. BUCKEYE INCUBATOR CO., Spring-field, Ohio.

The illustration on this circular was drawn by the most uoted animal artist in America. It shows a model White Wyandotte heu; a first prize-winner after she had gotten her new plumage last year by the aid of proper care and feeding while shedding her feathers and growing the new crop; also the same hen while moulting. Note the difference. While Moulting; Imperfect plumage, an empty nest and drooping health. After Moulting; Fine exhibition feathers, a full nest, erect carriage and perfect health. How to accomplish the same result for any hen is told below.

### Help the Moulting Hens.

Help the Moulting Hens.

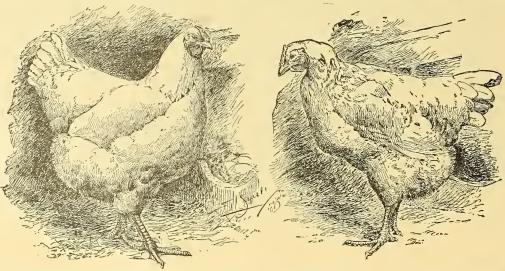

The process of moulting (or shedding the old and getting the new crop of feathers) is a very exhausting one for poultry. The reason for this is that the growing of new feathers requires all the nitrogen and phosphates contained in the food, so that there is an extra demand upon the hen's strength and good health. The elements needed by a hen at moulting, in addition to good food are contained in Sheridan's Condition Powder to a very high degree. Thousands of people have proven it to be worth its weight in gold when hens are moulting. It keeps them in health, helps form the new plumage, and gets them in condition to lay early. A hen rarely lays while moulting. But if you give them during moulting season, Sheridan's Condition Powder daily, in extra doses, they will get to laying much earlier in the fall and lay all winter, larger, better and more fertile eggs for hatching than pullets. You should, during July,

### Make Your Pullets Lay.

Make Your Pullets Lay.

We say: pullets that can lay and won't lay should be made to lay.

It is a fact, pullets hatched in March and April should lay when five months old. Therefore assist the pullets now in forming their first crop of eggs so to speak. It will make a vast difference in the quantity of eggs you will have to sell during the fall and winter months when strictly fresh pullets eggs will retail in large markets for forty to fifty cents per dozen. Every moment gained now is very valuable. The instruction given by the editor of FARM-POULTRY, Mr. Hunter, time and time again, in that paper, has been as follows: Keep the chickens growing so the pullets will come to laying maturity in October. To do this they must be kept in condition to grow, and be strong and healthy as well as be fed upon growing foods. More thau all, care must be exercised to see to it that the food eaten is properly assimilated. Therefore, no matter what kinds of foods you

August aud September, as your old hens show sigus of moultiug, feed them once daily in a hot brau mash, say two heaping teaspoonfuls of Sheridan's Powder for each twelve heus. Do as others do; use Sheridan's Powder freely and help your hens over their moulting quickly; also bring the young pullets to early laying, and you should have as others do who have tried this plan, an abundance of eggs to sell when prices are very high.

"When a hen is in Condition" says one of the highest poultry authorities, "she will lay perfect eggs and plenty of them." Therefore help her through the moulting season quickly by the aid of Sheridan's Condition Powder, that she may be "IN CONDITION" for early winter laying. JOHN R. JONES, of Suffield, Conn., a breeder of prize-winning Javas, says:—"I find Sheridan's Coudition Powder fed once daily in the food, very valuable for moulting hens. It assists in growing new feathers, makes the combs bright red, and gives a rich, beautiful, natural gloss to the plumage. Have used it for years for exhibition birds".

"W. HEGE, of Williamson, Pa., says:—"I received \$5.00 worth of Sheridan's Powder of you. Began to feed the Powder at once; our eggs increased three times the amount in a month's feeding. I can say if the farmer will begiu to feed Sheridan's Powder early in the fall, his hens will be ready to lay when eggs commence to rise."

are using, always give with them once daily, Sheridan's Condition Powder. It assures perfect assimilation of the food elements needed to maintain health, produce eggs, and assist the pullets to early laying. Those who get best results from using Sheridan's Condition Powder are those who commence with little chickens, giving small doses, say an even teaspoonful to a quart of mash food twice a week; then gradually increase the dose to time when getting the pullets ready for early fall laying; give a dose of one even teaspoouful to each pint of food every day.

If you have not followed the above rule this season, then order some Sheridan's Powder at once and feed to your pullets as we direct, and you can iu a degree make up for lost time.

as we direct, and you can iu a degree make up for lost time.

C. A. GRAVES, of West Whately, Mass., says:—"The Sheridan's Condition Powder, is in my opinion, the best egg producer ever discovered. I have fed it for three years and shall continue its use in future to growing stock, as it helps to develop and hasten the maturity of young pullets. It is equally good to keep poultry in health." A. F. HUNTER, of South Natick, Mass., enief editor of FARM-POULTRY, says:—"I find the Sheridau's Condition Powder of the greatest value for the general good health of my poultry. Have cured bad cases of diarrhœa in young chicks with it. Thope you will circulate the Condition Powder far and wide. It is of great value to poultry raisers."

Sold by druggists, grocers, general store and feed dealers. If you can't get it near home, send to us. We send post-paid one pack for 25c; five packs for \$1.00. One large two pound can \$1.20. Six large cans express paid, \$5.00. I. S. JOHNSON & CO., 22 Custom House St., Boston. Mass.

# BUYERS' DIRECTO

# That Is The Place

For an Advertisement the whole year around.

Especially is it valuable to those advertisers who do not wish to run their large ads. through the summer months. You thus keep your name before our readers at a small cost to you.

In time, the readers of FARM-POULTRY will get so accustomed when they want any article, to turn to the Buyers' Directory page, that it will make ads. placed therein worth more to an advertiser than several times the amount of space used in large display ads. As to cost: suppose you have a two line ad. of different breeds under six separate headings. The space used will be twelve lines, and for one insertion will cost you \$3.00. A display ad. of over twice that space, say twentyfour lines one time, will cost you \$7.20, and it would be placed among other displayed ads. in the paper.

Which will do you the most good, in your own judgment? If you are a large user of space in FARM-POULTRY, so that you get the bottom rate of 15 cents per line, then will a twenty line display ad. placed among the other display ads. produce as much for you as six two line ads. under as many different headings in the choicely placed classified ads., the cost being the same? Most certainly not, in our judgment.

We hope to be favored with your order for several small ads. in the FARM-POULTRY Buyers' Directory.

READ CAREFULLY the conditions, etc., in the heading to the Buyers' Directory, in this issue. Write copy for each heading separately, so as to avoid any chance for errors in carrying out your idea when you order. For example, if you wish to advertise three breeds, instead of using a seven or eight line display ad., divide the matter into three two line ads., one for each breed, to be put under proper classification. You will thus get better results and save money. Send all orders and cash to us.

The Practical Poultry Grower,

THE MOST COMPLETE AND PRACTICAL BOOK OF ITS KIND.

THE BEST POULTRY PAPER PUBLISHED IN THE WORLD, and

THE LEADING FARM PAPER IN THE UNITED STATES. Both Papers One Year, including Book, for

**ONLY \$1.10.** 

Believing that every one of our readers should have at least one good agricultural and family journal, we have perfected arrangements whereby we can send that practical and instructive journal, FARM AND HOME in connection with our own publication, FARM-POULTRY, both a full year for only \$1.10. We also sond with each order for the two papers The Practical Poultry Grower, the best and most practical book of its kind, thus giving at least \$2.00 in value for \$1.10.

hook of its kind, thus giving at least \$2.00 in value for \$1.10.

FOR THE FARMER,
FOR THE POLITRYMAN,
FOR THE FRUIT CHOWER,
FOR THE STOCKMAN,
In fact, for all actively engaged, or stall interested in agricultural pursuits, FARM AND HOME will be found invaluable, and as a trial will prove, well-nigh indispensable. It should be remembered that a volume of over 400 pages, teeming with the latest and most reliable information that experience and science can shouly.

THE PRACTICAL POULTRY GROWER,

by Herbert Myrick, assisted by James Rankin, whose many years experience in the business makes him an authority. The book is worth many dollars to any one at all interested in poultry. Among its many features may be mentioned, general care and management; description of portable houses; points on hatching in incubators; how to construct incubators and brooders; feeding for eggs and meat; how to make hens lay in winter, the best methods of preserving eggs, including many receipts that have been sold at high prices; how to avoid disease, etc. It also contains many illustrations of new and practical poultry honses, and a fund of useful and valuable informations of the second and the second

duable information.

Do not delay or fail to take adventage of this remarkably liberal offer Remember we offer and will send ARM-POULTRY Semi-Montläy, the regular price of which is \$1.00, and FARM AND HOME Semi-onthly, regular price 50 cents, and The Practical Poultry Grower, worth 50 cents, both a full year for

This special and remarkably liberal offer, which is made for a limited time only, is open to all—and every subscriber, old or new, can take advantage of it. Do not let it pass. Do not wait until it is withdrawn. Send to-day. Address all orders to

FARM-POULTRY, 22 Custom House St., Boston, Mass.

# Pictures.

The Pictures of Typical Poultry in palrs. which are appearing in FARM-POULTRY, are pronounced by competent judges to be the best ever printed. They are drawn by the renowned animal artist, Franklane L. Sewell. We have had several requests for these pictures printed on heavy paper suitable for a port-folio or for framing. Therefore we have had prints of them made on heavy coated paper, size 9½ x 12½, Artist's Proofs. Each will contain only one breed, picture and description. The expense for all, if gradually secured by our readers, will never be felt, and they will have the most perfect collection of poultry pictures yet produced.

# STANDARD **AMERICAN**

**ENCYCLOPEDIA** 

# Prepared under editorial supervision of John Clark Ridpath, LL.D., author of "Ridpath's Histories," etc., assisted by a large corps of editors and over 100 entinent scholars and specialists. A SUPERB REFERENCE WORK,

treating over 60,000 topics (10,000 more than any other encyclopedia) covering the entire field of human knowledge, thought and endeavor, including the arts, sciences philosophy, history, blography, geography, astronomy, geology, metronology, avigation, exploration, discovery, agricultere, horticiture comberge, finance, ethnology, 200logy, botany, chemistry, physiology mineralogy, electricity, theology, law, medicine, political economy statistics, etc., etc.

### FRESH FROM THE PRESS

THE NEW STANDARD AMERICAN ENCYCLOPEDIA is brought do the present time, and contains hundreds of articles on subjects not treated in any other reference work. Another important feature in which it stands absolutely alone is its very full appendixes, which embrace over 100 subdivisions, blending a BIOGRAPHICAL DICTIONARY, A DICTIONARY OF TECHNICAL TERMS, A GAZETEER OF THE UNITED STATES, ATAITSFICS OF PRESIDENTIAL ELECTIONS, STATE AND TERITORIAL ELECTIONS, RELIGIOUS SUMMARIES, STATISTICS OF THE POPULATION OF THE WORLD, AND A VEHITABLE MINE OF OTHER INFORMATION ON THOUSANDS OF SUBJECTS OF ENIVERSAL INTEREST AND IMPORTANCE

### IT IS NOW THE STANDARD.

Every school, college, court and public library, where the work has been thus far intro-uced, has immediately given it the preference over all others.

# UNTIL

secures IMMEDIATE POSSESSION of the entire set of 8 volumes. Balance payable \$1.50 monthly for one year.

LATE IT IS.

who have LATELY become Kipling, the celebrated wri world. It is the One Gra

You thus secure this Splendid Reference Library at once for continued use and enjoyment.

THE NEW STANDARD AMERICAN ENCYCLOPEDIA is the LATEST OF ALL general reference works. All others are from 5 to 10 years old, and are silent regarding RECENT topics of universal interest. THE "STANDARD AMERICAN" contains hundreds of NEW ARTICLES on subjects not treated in any other encyclopedia, such, for instance, as "THE X-RAY," "ARGON," "HORSELESS CARRIAGES," "THE ATLANTA EXPOSITION," "COLOR PHOTOGRAPHY, "etc., etc., it lists gives biographies of hundreds of people amons, such, for instance, as PROF. ROPNTGEN, discoverer of the "N-RAY," IAN MACLAREN, DR. NANSEN, the explorer; RUDVAID text. Besides this it is the only encyclopedia which presents all the LATEST STATISTES—State, Territorial and National, and of the whole at Practical Reference Library for the Professional and Business Man, the Teacher, the Student, the Farmer, Artisan and Mechanic.

With over 3,500 engravings of superb quality and wonderful variety, including numerons engravings of distinguished Poets, Authors, Physicians, Chemists, Philosophers and Scientists, and with over 300 colored maps and charts from the VERY LATEST EXPLORATIONS and SURVEYS, delineating Continents, Empires, Countries, States, Cities, Towns, Citadels, Solar, Lumar, and Planetary Systems, and every portion of the known world, and forming a Complete and Indexed Atlas of the globe. THE XTANDARD TO

Artisan and Mechanic.

With over 320 centre of superbounding and winderful variety, including nunerons engravings of distinguished Poets, Authors, With over 320 celored maps and clears from the VELY LATEST EXPLORATIONS and SURVEYS, delineating Continents, Empires, countries, States, Cities, Towns, Citadels, Solar, Lumar, and Planetary Systems, and every portion of the known world, and forming a Complete and Indexed Atlas of the globe. THE STANDARD AMERICAN is the best illustrated and the best mapped Encyclopedia in the English Language.

Although the distribution was to close Dec. 1st. we have decided to continue it to Christmas, since the peculiar fitness of the work as a holiday gift makes its introduction in this way most valuable to us.

To scenre widespread and favorable publicity for THE NEW STANDARD AMERICAN ENCYCLOPEDIA, we have decided to place a few introduct ets in each community throughout the country for comparison with all other reference works as to plan, scope, lateness of treatment and general practical durational value. We feel that every set will cereate a demand for others. While the distribution will be general in extent, it will last for a limited time of fiver which our regular subscription sale will legal, at prices ranging from \$48\$ to \$72\$ aset, according to style of binding. Now, however, to quickly and thorons utroduce the work, as above stated, we make the price merely nominal (about the cost of nanutacentry), the distribution to close Dec. 25th at latest, or sooner if onsider a sufficient number of these introductory sets to properly introduce the work at the special price has been distributed.

HOW TO SECURE ONE OF THESE SPLENDID SETS

these introductory sets to properly introduce the work at the special price has been distributed.

SEND 8.1 to THE ENCYCLOPEDIA PUBLISHING CO. 156 Fifth Assence. New York City, and a full set of eight volumes of THE NEW STANDARD AMERICAN ENCYCLOPEDIA, in cloth binding, will be forwarded to you ATONCE. The balance is payable at the rate of \$1.50 monthly for one year, or about 5 cents a day. If you prefer the half Microcco binding, the monthly payment will be \$2,00 monthly for one year. We recommend the half Microcco style, which is particularly elegant and sorthcomes in the half of the payable of the payable of the property of the property of the post of the

# Perfect Poultry Pictures.

The Pictures of Typical Poultry in pairs, which are appearing in Farm-Poultry, are pronounced by competent judges to be the best ever printed. They are drawn by the renowned animal artist, Franklane L. Sewell. We have had several requests for these pictures printed on heavy paper suitable for a port-folio or for framing. Therefore we have had prints of them made on heavy coated paper, size 9½ x 12½, Artist's Proofs. Each will contain only one breed, picture and description. The expense for all, if gradually secured by our readers, will never be felt, and they will have the most perfect collection of poultry pictures yet produced.

AUGUSTA, CA. ROCHESTER, N. Y. CLEVELAND, O.

\*\*<del>\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*</del>

To hope for success, avoid every positivy house fitted up as we direct, without using electric bells. A pamphlet, just from the press, describes in detail how our burglar preventive apparatus is constructed, while an illustration shows what it looks like and how it works. To put this system in operation in poultry noise, smoke house or barn, you probably have nearly all the necessaries about the noise; your actual cash outlay will be very little, and as it is so easy (after you know how) you will do all the work yourself. Immensely superior to any electric bell scheme; it is much cheaper, there being no fat woyalties for patented bells, etc., but just a plain, home made affair, tried and proved well nigh perfect, every part of which may be purchased at your own stores. Mr. F. W. Rudel, of this city, having protected his poultry house as we directed, in speaking of a subsequent attempt to rob him, says;—

"They forced the door, but never placed foot inside, being so badly frightened as to leave behind a number of headless chickens, previously 'borrowed from a neighboring hen-house. It is perfectly harmless and unquestionably a great success,"

Our illustrated booklet, ("Chicken Thieves Folied; or How We Made a Burglar Alarm," has been copyrighted in the office of the Librarian of Congress, and will therefore not appear in any poultry or other publication. A copy will be mailed prepaid on receipt of a Dollar (to cover cost of publishing pamphlet, this advertisement and the mailing expenses). As this may not appear again, wouldn't you better cut it out?

W. H. WIGMAN, No. 48 South 18th Street, Pittsburg, Pa.

That MICA CRYSTAL GRIT is an established fact, goes without saying. Product for the season of 1866 and 1867 is the best ever made. We are prepared to fill orders both great and small. Correspondence solicited.

More ground, for the breeding of high-class Land and Water Fowl, is used than at any other poultry farm of the kind, in the world.

Fifty acres of land, ten acres of which are of water, are used for breeding.

After the birds are old enough, they have a range covering four thousand acres.

BREDDERS OF

Turkeys, Bronze and White; Barred, White, and Buff Rocks; Cornish and White Indian Games; White Wyandottes; Ring Neck Pheasants; Pekin Ducks; Cayuga Ducks; Mallard Wild; Black Wild; Decoy Wild. Eggs and birds in season.

Send for our new Illustrated Catalogue. Telephone councetion.

J. F. CRANGLE, Poultry Manager. E. M. & W. FERGUSON, Prop.

When the Judge Begins
On the Barred Ply. Rock class you need not fear defeat if you have the "Ringlet Strain," which has
proved invincible for my customers at America's leading shows for years past. At New York, 1895-'6
ny B. P. Rocks won more than as many again 1st prizes as any other exhibitor, and as many
1st prizes as all competitors combined, and same proportion of 2nd prizes, besides as many
specials as all competitors, including \$100 cup in 1895 for finest display. This great record of two
successive years at the banner shows of the century, stands unsurpassed, unequaled. My record
of 1st and 2nd prizes on breeding pens at New York, 1896, has never been paralleled in the history
of the breed in like competition. Grand stock for sale. Circular on application. Address,

E. B. THOMPSON,

W. W. Shamapnore, Little Silver, N. J.

Weight 8 pounds, at New York show. Her dam, dam of sire, and grandam of sire were all New York Winners, and all bred by us. All the five prizes on pullets except one were given to our birds in the strongest competition ever seen on the breed.
We have exhibited three times only, at America's Greatest Show, and each time have won the Lion's Share of the prizes; winning last winter in bottest competition with all the noted American breeders, as many regular prizes as any two of them, and all the most important special prizes except one.

The past season we did not exhibit. For 8 years, including the prisent season, our breeding and our strain have won at the largest shows.

PETERSON MAGAZINE ALL

# Grand Easter

Only One Dollar we will send for six months, beginning with the April issue, the Peterson Magazine, Demorest's Magazine, and The Housewife; regular price for the period, \$1.75.

In addition we will send The Peterson Magazine for January, February, and March, 1897,—three exceedingly attractive issues,—making a total value of \$2.00 for \$1.00. The Peterson Magazine is the best of the dollar-a-year magazines. Each month it contains over 100 pages of choice reading, embracing every branch of Literature, Art, Biography, and Fiction, beautified with 80 or more illustrations, embellished with a rich cover, and all printed on fine cream tinted paper.

\$1.00 FLOWER SEEDS FREE. - If you will remit promptly, naming this journal and enclosing to cents extra for postage, packing etc., we will send you a collection of 10 superb varieties of flower seeds in 10 separate packets, the retail value of which is 50 cents.

### OTHER OFFERS.

We will send The Peterson Magazine 9 months and either of the following publications

onths at these reduced p	, ices :

## The Poultryman's Lihrary Poultryman's Library.

#### BOOKS FOR THE BEGINNER,

Poultry books have never been issued which contain more practical knowledge and such plainly written facts, as are found in the Farm-Poultry Series, issued by I. S. Johnson & Co., the publishers of Farm-Poultry, Boston, Mass. Read over the synopsis of the contents of each work, as published below, and see if they are not what you have needed for a long time:

#### PROFITABLE POULTRY FARMING,

By MICHAEL K. BOYER. Tells how to begin poultry farming; how to select stock; how to succeed; all about artificial incubation; how to run a butter and egg farm; how to feed for eggs; how to test eggs; how to combine poultry and fruit, broilers and vegetables; and how to run a general poultry farm. The chapter on duck farming is a complete book in itself, telling all about the large duck plants; how to run duck culture for profit; how to house, feed, hatch and dress ducks for market.

PRICE, 25 CENTS PER COPY.

#### FARM=POULTRY DOCTOR,

By DR. N. W. SANBORN. The most complete work ever issued upon the cause, prevention and cure of poultry diseases, besides giving full explanation on how to have sturdy stock; value of grit; how to properly house and yard; how to diet sick fowls; value of green food, and hints about grain.

PRICE, 50 CENTS PER COPY.

#### A LIVING FROM POULTRY,

By MICHAEL K. BOYER. The only book ever written that tells what steps to take to establish a profitable poultry plant. Tells why men fail and women succeed; how much land is needed; best soil for poultry; buying a farm on installments; brief chat on houses, and how they should be built; review of the breeds, and which are best for eggs, broilers and roasters. The crowning feature of the book is the chapter telling what can be accomplished with capital ranging from fifty to one thousand dollars.

PRICE, 25 CENTS PER COPY.

#### BROILERS FOR PROFIT,

By MICHAEL K. BOYER. The largest and best work ever published upon the subject. It gives both sides; tells the amount of capital, land and time required; the value of incubators, and pointers in running them; explains the brooding system; how to feed and care for chicks; how to dress and ship to market; how to erect a model brooder house, and hundreds of valuable hints which will save money to those about starting, or who are in the broiler business. The book is compiled from the experiences of the pioneer broiler raisers in this country. business. The book raisers in this country.

PRICE, 50 CENTS PER COPY.

Take Notice. Either or all of the above books will be sent, postpaid, at the prices named above for each. Remit by express or post office money order, cash or stamps. Send all your orders to the following address:

#### MAKE MONEY BY PRESERVING YOUR EGGS.

I write to tell the readers of Farm-Poultry that I have discovered a valuable method of preserving eggs at a small cost. No poultryman ean afford to sell eggs at 5 and 6 cents per dozen when in Jan. and Feb. you can get from 20 to 50 cents per doz. I only ask \$\frac{1}{2}\$ for this valuable receipt, and gnarantee the same to keep eggs perfectly fresh as when put down, or refund your money. This is a chance for you to make money. Send for receipt today; agents wanted to sell receipts.

P. B. McCORMAC,
New Concord, O.

## Perfect Poultry Pictures.

The Pictures of Typical Poultry in pairs, which are appearing in Farm-Poultry, are pronounced by competent judges to he the best ever printed. They are drawn by the renowned animal artist, Franklane L. Sewell. We have had several requests for these pictures printed on heavy paper suitable for a port-folio or for framing. Therefore we have had prints of them made on heavy coated paper, size 9½ x 12½, Artist's Proofs. Each will contain only one breed, picture and description. The expense for all, if gradually secured by our readers, will never he felt, and they will have the most perfect collection of poultry pictures yet produced.

### For Sale by Caponizing Set, FARM-POULTRY.

Poultrymen can double their profits by Caponizing their chicks. The operation is very simple—the instructions so full and explicit that any man, woman or child, after a careful reading will be able to perform the operation. The demand for Capons far exceeds the supply. The object of eaponizing is to largely increase the weight of fowl, causing them, in many cases, to grow as large as turkeys and weighing from 10 to 15 pounds, to make the meat a finer and sweeter flavor and very jnicy and tender. With the proper instruments, Caponizing is wholly mastered by a few moments study. Fully realizing the necessity of having proper instruments we have arranged with reliable instrument mannacturers, to supply us with complete sets of instruments for sale,

Price in Velvet Lined Case \$2.75 With FARM-POULTRY one year and Instruction Book, How to Caponize, \$3.25

### THE PHILADELPHIA POULTRY MARKER.

A Record of Chickens?

The different Breeds, Hatches, etc., should be kept.

There is no better or quicker way than by this marker, as over 200 different marks can be made by punching web believen toes, for instance—between first and second toe of right foot can mea. Wymodytte of Plymouth Rock; between second and third toe. White Leghorn or Langshau Keep records; by your private marks you can secure yourself from the chicken thief. They are well made with steel spring and entier; needy nickel plated.

Caponizing Set and Book FREE for 10 new subscribers to Farm-Poultry at \$1.00 each.

I. S. JOHNSON & CO., 22 Custom House Street, Boston, Mass.

You do want every day, a nestful of eggs from September to April, when they will command the highest prices per dozen in the large markets and are in

You don't want your hens to lay much from May to Sept. when eggs sell for only about what it costs to raise them. Your hens better rest until fall or winter.

Getting eggs when you want them is a matter of choice. You can have them or not. It depends wholly upon the care, feeding and management. Four essentials are absolutely necessary to succeed, as follows:—1st. Hatch your chickens in the months of March, April and May. 2nd. Keep them growing so the pullets will mature early and lay by Oct. 3rd. Help your hens over the molting season, so that all will lay early. 4th. Follow the example of successful Poultry-raisers, who by the use of

#### Sheridan's Condition Powder

in the mash food, as directed, are doing all of the above, and increasing their profits yearly. It is a powerful food digestive. Therefore no matter what foods you use in the mash, mix with it daily, Sheridan's Powder; it assures perfect assimilation of the food elements needed to form new plumage; to make pullets mature early; to make hens lay when you want eggs.

Sold by Druggists, Grocers and Feed Dealers, or sent by mail. Large cans most economical to buy. IF YOU CAN'T GET IT NEAR HOME, SEND TO US. ASK FIRST. We send one pack, 25 cts; five, \$1.00, A two-pound can, \$1.20; six, \$5.00. Express paid. Sample copy "best Poultry paper" sent free, I. S. JOHNSON & CO., 22 Custom House St., Boston, Mass.

### BOOKS FOR THE BEGINNER.

Poultry books have never been issued which contain more practical knowledge and such plainly written facts, as are found in the Farm-Poultry Series, issued by I. S. Johnson & Co., the publishers of Farm-Poultry, Boston, Mass. Read over the synopsis of the contents of each work, as published below, and see if they are not what you have needed for a long time:

#### PROFITABLE POULTRY FARMING,

By MICHAEL K. BOYER. Tells how to begin poultry farming; how to select stock; how to succeed; all about artificial incubation: how to run a butter and egg farm; how to feed for eggs; how to test eggs; how to combine poultry and fruit, broilers and vegetables; and how to run a general poultry farm. The chapter on duck farming is a complete book in itself, telling all about the large duck plants; how to run duck culture for profit; how to house, feed, hatch and dress ducks for market.

PRICE, 25 CENTS PER COPY,

#### FARM-POULTRY DOCTOR,

By DR. N. W. SANBORN. The most complete work ever issued upon the cause, prevention and cure of poultry diseases, besides giving full explanation on how to have sturdy stock; value of grit; how to properly house and yard; how to diet sick fowls; value of green food, and hints about grain.

PRICE, 50 CENTS PER COPY.

#### A LIVING FROM POULTRY,

By MICHAEL K. BOYER. The only book ever written that tells what steps to take to establish a profitable poultry plant. Tells why men fail and women succeed; how much land is needed; best soil for poultry; buying a farm on installments; brief chat on houses, and how they should be built; review of the breeds, and which are best for eggs, broilers and roasters. The crowning feature of the book is the chapter telling what can be accomplished with capital ranging from fifty to one thousand dollars.

PRICE, 25 CENTS PER COPY.

### BROILERS FOR PROFIT,

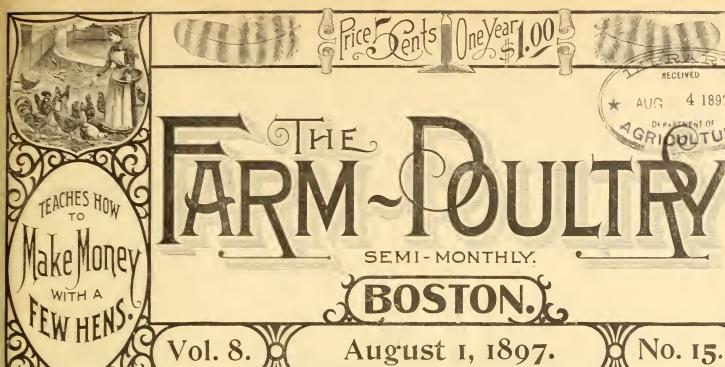

By MICHAEL K. BOYER. The largest and best work ever published upon the subject. It gives both sides; tells the amount of capital, land and time required; the value of incubators, and pointers in running them; explains the brooding system; how to feed and care for chicks; how to dress and ship to market; how to erect a model brooder house, and hundreds of valuable hints which will save money to those about starting, or who are in the broiler business. The book is compiled from the experiences of the pioneer broiler raisers in this country. business. The book is raisers in this country.

PRICE, 50 CENTS PER COPY.

Take Notice. Either or all of the above books will be sent, postpaid, at the prices named above for each. Remit by express or post office money order, cash or stamps. Send all your orders to the following address:

### ADVERTISERS.

Very many FARM-POULTRY readers have just as good stock as the majority exhibited at the large shows this winter. They can just as well sell breeding pens or young stock at a good price, as other breeders.

To encourage such we will insert in FARM-POULTRY classified ads in the Buyers' Directory for 25c. per line. The regular price for such space is 30 cents per line.

You can get about seven ordinary words into a line.

Make a beginning now. Many of our large advertisers commenced small, but do not now hesitate to use one, two or more inches every issue. Get our readers familiar with your name and stock by advertising the same, and thus add to the profits of your poultry husiness.

Send copy and cash with order to

I. S. JOHNSON & CO.,

A Record of Chickens?

The different Breeds, Hatches, etc., should be kept.

There is no better or quicker way than by this marker, as over 200 different marks can be made by punching web between toes, for instance—between first and second toe of right foot can mean Wyandotte or Plymouth Rock; between second and third toe, White Leghorn or Langslan. Keep records; by your private marks you can secure yourself from the chicken thief. They are well made with steel spring and enter; intely pickel plated.

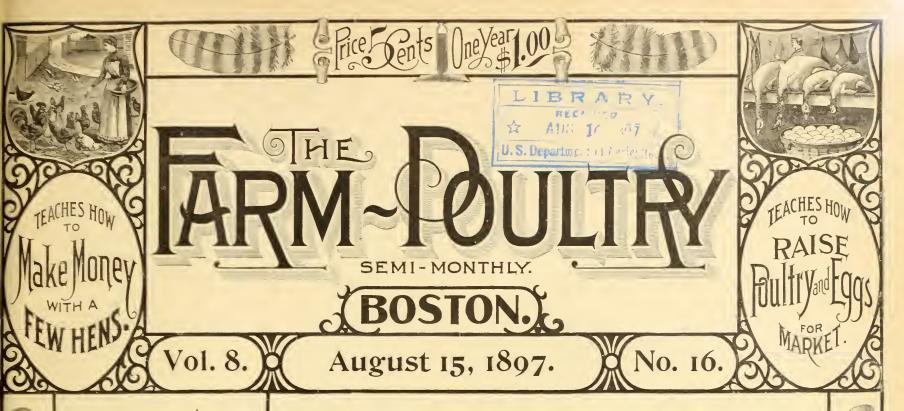

Price postpaid, 25 cts. With FARM-POULTRY one year, \$1.15.

SPECIAL FOR ALL.

Caponizing Set in Case,

#### BOOKS FOR THE BEGINNER.

Poultry books have never been issued which contain more practical knowledge and such plainly written facts, as are found in the Farm-Poultry Series, issued by I. S. Johnson & Co., the publishers of Farm-Poultry, Boston, Mass. Read over the synopsis of the contents of each work, as published below, and see if they are not what you have needed for a long time:

#### PROFITABLE POULTRY FARMING,

By MICHAEL K. BOYER. Tells how to begin poultry farming; how to select stock; how to succeed; all about artificial incubation; how to run a butter and egg farm; how to feed for eggs; how to test eggs; how to combine poultry and fruit, broilers and vegetables; and how to run a general poultry farm. The chapter on duck farming is a complete book in itself, telling all about the large duck plants; how to run duck culture for profit; how to house, feed, hatch and dress ducks for market.

PRICE, 25 CENTS PER COPY.

### FARM=POULTRY DOCTOR,

By DR. N. W. SANBORN. The most complete work ever issued upon the cause, prevention and cure of poultry diseases, besides giving full explanation on how to have sturdy stock; value of grit; how to properly house and yard; how to diet sick fowls; value of green food, and hints about grain.

PRICE, 50 CENTS PER COPY.

#### A LIVING FROM POULTRY,

By MICHAEL K. BOYER The only book ever written that tells what steps to take to establish a profitable poultry plant. Tells why men fail and women succeed; how much land is needed; best soil for poultry; buying a farm on installments; brief chat on houses, and how they should be built; review of the breeds, and which are best for eggs, broilers and roasters. The crowning feature of the book is the chapter telling what can be accomplished with capital ranging from fifty to one thousand dollars.

PRICE, 25 CENTS PER COPY.

#### BROILERS FOR PROFIT,

By MICHAEL K. BOYER. The largest and best work ever published upon the subject. It gives both sides; tells the amount of capital, land and time required; the value of incubators, and pointers in running them; explains the brooding system; how to feed and care for chicks; how to dress and ship to market; how to erect a model brooder house, and hundreds of valuable hints which will save money to those about starting, or who are in the broiler business. The book is compiled from the experiences of the pioneer broiler raisers in this country.

PRICE, 50 CENTS PER COPY.

Take Notice. Either or all of the above books will be sent, postpaid, at the prices named above for each. Remit by express or post office money order, cash or stamps. Send all your orders to the following address:

I. S. JOHNSON & CO.,

Send all orders and cash to

1. S. JOHNSON & CO., 22 Custom House St., BOSTON, MASS.

If your hens are shedding their feathers and not laying, they are out of coudition. The best poultry authorities say, "when heus are in condition they will lay perfect eggs and plenty of them." Then help them over molting time or your egg profit will be lost.

### Sheridan's Condition Powder

will help the molting hens. The process of molting is a very exhausting one. The growing of new feathers requires all the nitrogeu and phosphates in the food, so that there is an extra demand upon the strength. The elements needed by poultry at molting, in addition to good food, are contained in Sheridan's Condition Powder to a high degree. Thousands of poultrymen have proven it to be worth its weight in gold for molting hens. It keeps them in health, helps form the new plumage, and gets them in condition to lay when prices are high. Hens rarely lay when they are molting.

R. JONES, of Suffield, Conn., says:—"I find Sheridan's Condition Powder fed once food, very valuable for molting hens. It assists in growing new feathers, makes bright red, and gives a rich, natural gloss to the plumage. Have used it for years."

When your heus show signs of molting, feed them once daily, in a hot brau mash, Sheridan's Powder. It will help your hens to get their new coat quickly and will bring young pullets to early laying. Do this and you will have as others do who have tried the plan, an abundance of eggs to sell in the fall and winter months when eggs sell from 25 to 45 cents per dozen.

C. A. GRAVES, of West Whately, Mass., says:—"Sheridan's Condition Powder, is in my opinion the best egg producer ever discovered. I have fed it for three years and shall continue its use for growing stock, as it helps to develop and hasten the maturity of pullets."

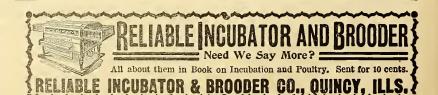

J. W. HEGE, of Williamson, Pa., says:—"I received \$5.00 worth of Sheridan's Powder of you. Began to feed the Powder at once. Our eggs increased three times the amount in a month's feeding. I can say if the farmer will begin to feed Sheridan's Condition Powder early in the fall, his hens will be ready to lay daily when eggs commence to rise."

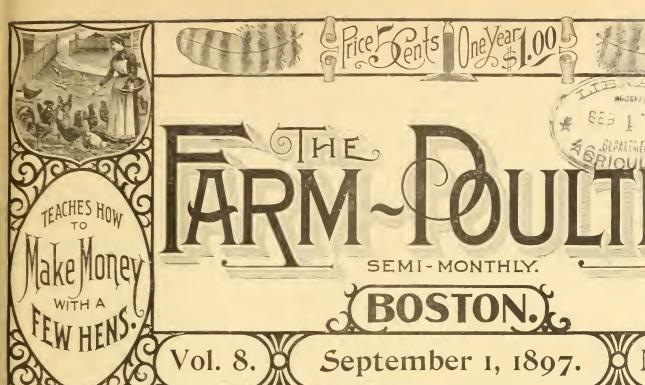

Sold by Druggists, Grocers and Feed Dealers, or sent by mail. Large cans most economical to bny.

IF YOU CAN'T GET IT NEAR HOME, SEND TO US, ASK FIRST.

We send one pack, 25 cts; five, \$1.00, copy "best Poultry paper" sent free.

As seen at Rochester, N. Y., this Season, 1897.

The New Red Cross Currant, the life work of Jacob Moore, by scientific crossing, has fruited here for the first time this season. It has surprised us with its large size, productiveness, fine quality and vigor.

Prof. Maynard, of Amherst College, (Hatch Experiment Station, Mass.) says Red Cross Currant as seen at Rochester aver-ages larger than Fay's Prolific, and is more vigorous. Jacob Moore, the originator, to whom we paid \$1250.00 saw it in fruit here, and says it is twice as large as Victoria, will yield twice as much as Cherry, and is of better quality than any of the older varieties.

P. C. Reynolds, the veteran horticulturist of Rochester, N. Y., says that the Red Cross currant averages larger than Fay's or Cherry, and is sweeter than most other varieties. He says that the clusters are longer, and that the size of the berrles hold out larger to the end of cluster than Fay.

C. M. Hooker, the largest small fruit grower about Rochester, N. Y., says that Red Cross Currant, as seen at our Rochester place, is larger than Fay's, with longer fruit stems, and that the quality is better than Fay's. He says: "the growth is remarkably vigorous, and the plants healthy and free from fungus. Book my order for 100 plants."

John Charlton, the veteran Rochester nurseryman, says Red Cross Currant resembles Fay's in size and style of fruit, but holds out larger in size of berry to the end of the clusters.

The price is 2 year old, No. 1, 20c, each; \$2.00 per 12. One year, No. 1, 15c, each; \$1.50 per 12.

We have a surplus of standard Pear, Plum and Cherry trees; also Currant and Gooseberry bushes at low prices. Send for Catalogue and copy of Green's Fruit Grower. Address.

ROCHESTER, N. Y. Box D.

"Life Among the Lowly,"

#### HARRIET BEECHER STOWE.

To which is added,

How Henry Ward Beecher Sold Slaves in Plymouth Church,

## The Life of Harriet Beecher Stowe.

The Story of the book, and a Key to characters of the story by Prof. Charles Morris, author of "Half Hours with the best American Authors," etc.

It is a remarkable fact, even at this day, that there is no well illustrated or attractively presented edition of this extraordinary work. Such an edition has been long desired by the reading public, but none has heretofore been made. It is to this earnest demand that the present edition is due, the publishers having decided to present this classic work of fiction in a form worthy of its wellearned reputation.

#### DESCRIPTION.

This Cut is Exact Size of the Book. One Royal Octavo Volume, 615 pages, large type, printed on heavy calendered paper. Over 100 original illustrations specially drawn for this Memorial Edition by the Ablest Modern Artists.

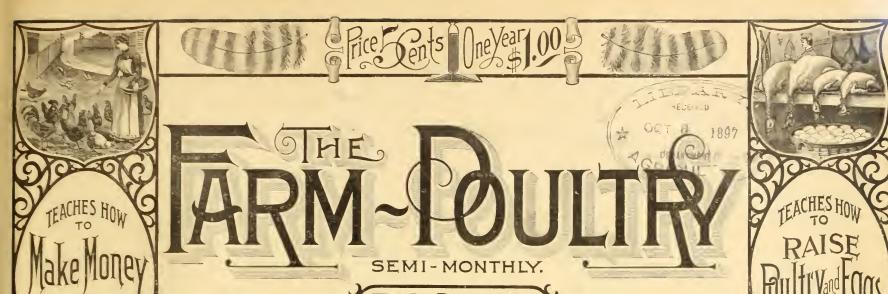

## PRICES, POSTPAID.

Sent to any address on receipt of price.

**CLOTH** STYLE. — Seal Brown Art Cloth, Side and back stamped in Gold, \$2.75.

### Beautiful, Practical. Profitable.

These three points are combined in the PEKIN DUCKS
bred on the Atlantic Farm. The records are proof of the assertiou.

BEAUTIFUL,

because of the many blue ribbons they have won at such shows as Boston, New York, and Wash-

PRACTICAL, because they have produced this season 15,500 ducklings.

PROFITABLE,

PROFITABLE,
because the ducklings are thrifty, consequently
there is but a slight loss; grow quickly and are soon
converted into cash. The cream of these thousands are reserved for breeders; the skin milk is
for the butchers. Do you want the benefit of
these careful selections? If so they are yours at
reasonable prices, and satisfaction guaranteed.

Most Unique Contest of the Age — \$200.00 Paid for Correct Lists made by Supplying Missing Letters in Places of Dashes — No Lottery — Popular Plan of Education — Read All the Particulars.

In the United States four times as much money is expended for education as for the military. Brain is better than brawn. By our educational facilities we have become a great nation. We, the publishers of Woman's World and Jenness Miller Monthly, have done much toward the cause of education in many ways, but now we offer you an opportunity to display your knowledge and receive most generous payment for a little study. The object of this contest is to give an impetus to many dormant minds to awaken and think; also we expect by this competition of brains to extend the circulation of Woman's World and Jenness Miller Monthly to such a size that we shall be able to charge double the present rate for advertising in our columns. By this plan of increasing the number of subscriptions and receiving more money from advertisers of soaps, planos, medicines, books, baking powders, jewelry, etc., we shall add \$55,000 a year to our income, and with this mathematical deduction before us, we have decided to operate this most remarkable "missing letters" contest.

## HERE'S WHAT YOU ARE TO DO.

There are thirty words in this schedule, from each of which letters have been omitted and their places have been supplied by dashes. To fill in the blank spaces and get the names properly you must have some knowledge of geography and history. We want you to spell out as many words as you can, then send to us with 25 cents to pay for a three month's subscription to Woman's World. For correct lists we shall give \$200.00 in cash. If more than one person sends a full, correct list, the money will be awarded to the fifty best lists in appearance. Also, if your list contains twenty or more correct words, we shall send you a beautiful Egeria Diamond Scarf Pin (for lady or gentleman), the regular price of which is \$2.25 prize, and by being careful to send a correct list you have an opportunity of the \$200.00 cash award. The distance that you may live from New York makes no difference. All have equal opportunity for winning.

## PRIZES WILL BE SENT PROMPTLY.

**Prizes will be honestly** awarded and promptly sent. We publish the list of words to be studied out. **In making** your list of answers, be sure to give the number of each word:

I. - R A - | - A country of South

2. - A - | - | - Name of the largest body of water.

3. M - D - E - A - E - A sea.

4. - M -- 0 - A large river.

5. T - A - - S Well known river of Europe.

6. S -- A N - A - A city in one of the Southern States.

7. H ---- X A city of Canada.

8. N - A - A - A Noted for display of water.

9. - E -- E -- E - One of the United States.

10. - A - R | - A city of Spain.

II. H - V -- A A city on a well known island. 12. S - M - E - A well known old fort of the United States.

13. G--R-L-A- Greatest fortifica-

14. S-A-LE- A great explorer.

15. G-L-F---| One of the United States. 30. M-D-G-S-A-Anislandnear Africa.

16. **B** − **S** M − − K A noted ruler.

17. -- CTO-|- Another noted ruler.

18. P-R-U-A- Country of Europe.

19. A - S T - A - | - A big island.

20. M -- | N - E - Name of the most prominent American

21. T -- A - One of the United States.

22. J-F--R--N Once President of the United States.

23. - U - - N A large lake.

2 . E - E - S - N A noted poet.

25. C-R-A A foreign country, same size as Kansas.

26.  $\mathbb{B} - \mathbb{R} - - \mathbb{I}$  A large island.

27. W-M--S W-R-D Popular family magazine.

23. B - H - I - G A sea.

29. A - L - N - | - An ocean.

In sending your list of words, mention whether you want prize money sent by bank draft, money order or registered mail; we will send any way that winners require. The Exeria Blamond is a perfect imitation of a Beal Biamond of large size. We defy experts to distinguish it from real except by microscopic test. In every respect it serves the purpose of Genuine Biamond of Purest Quality. It is artistically mounted in a fine gold-plated pin, warranted to wear forever. This piece of jewelry will make a most desirable gift to a friend if you do not need it yourself. At present our supply of the sexifits is limited, and if they are all gone when your set of answers comes in, the shall send you \$2.25 in money instead of the Scarf or Shawl Fin, copy on shall either receive the piece of jewelry or the equivalent in cash, in addition to your participative interest in the \$200.00 cash prize. This attree offer is an honest one, made by a responsible publishing house. We refer to mercantile agencies and any bank in New York. We will promptly retund money to you if you are dissatisfied. What more can we do? Now study, and exchange slight brain work for cash. With your list of answers send 25 cents to pay for three months' subscription to our great family magazine, Woman's World. If you have already subscribed, mention that fact in your letter, and we will extend your subscription from the time the present one expires. To avoid loss in sending silver, wrap money very carefully in paper before inclosing in your letter. Address: JAMES H. PLUMMER, Publisher,
- New York City, N. Y.

## They Succeed Best

in keeping poultry for profit, who study cause and effect carefully. Many successful Poultry-raisers have learned by experience that the cause of a very bountiful supply of eggs in the fall and winter, when prices rule high is, proper care, feeding and management, which they have learned by experience includes the use in the mash food, once daily,

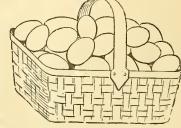

## Sheridan's Condition Powder.

It helps to mature the young pullets early so they will lay when five or six months of age.

No matter what kind of foods you No matter what kind of foods you use, Sheridan's Powder is absolutely necessary to **cause** the desired **effect** namely, a well filled basket of eggs daily. It gets old hens over molting period quickly; it develops to laying maturity the young pullets. It **causes** perfect assimilation of the food elements needed to **effect** growth. elements needed to effect growth, prevent disease and produce eggs.

It is absolutely pure; Highly concentrated; Most economical, because such small doses; No other kind made like it. In quantity it costs less than one-tenth cent a day per hen.

Sold by Druggists, Grocers and Feed Dealers, or sent by mail. Large cans most economical to buy.

IF YOU CAN'T GET IT NEAR HOME, SEND TO US. ASK FIRST.

We send one pack, 25 cts; five, \$1.00, A two-point can, \$1.20; \$ix, \$5.00, Express paid. Sample copy "best Poultry paper" sent free,

FLOWER CITY INCUBATOR AND BROODER CO.,

ROCHESTER, NEW YORK.

Most Unique Contest of the Age — \$200.00 Paid for Correct Lists made by Supplying Missing Letters in Places of Dashes — No Lottery — Popular Plan of Education — Read All the Particulars.

In the United States four times as much moncy is expended for education as for the military. Brain is better than hrawn. By our educational facilities we have become a great nation. We, the publishers of Wornan's World and Jenness Miller Monthly, have done much toward the cause of education in many ways, but now we offer you an opportunity to display your knowledge and receive most generous payment for a little study. The object of this contest is to give an impetus to many dormant minds to awaken and think; also we expect by this competition of brains to extend the circulation of Wornan's World and Jenness Miller Monthly to such a size that we shall be able to charge double the present rate for advertising in our columns. By this plan of increasing the number of subscriptions and receiving more money from advertisers of soaps, planos, medicines, books, haking powders, jewelry, etc., we shall add \$50,000 a year to our income, and with this mathematical deduction before us, we have decided to operate this most remarkable "missing letters" contest.

## HERE'S WHAT YOU ARE TO DO.

There are thirty words in this schedule, from each of which letters have been omitted and their places have heen supplied by dashes. To fill in the blank spaces and get the ammes properly you must have some knowledge of geography and history. We want you to spell out as many words as you can, then send to us with \$5 cents to pay for a three months' subscription to WOMAN'S WORLD. For correct lists we shall give \$200.00 in cash, If more than one person sends a full, correct list, the money will be awarded to the fifty hest lists in appearance. Also, if your list contains twenty or more correct words, we shall send you a heautiful Egeria Diamond Scarf Pin (for lady or gantleman), the regular price of which is \$2.25. Therefore, hy sending your list, you are positively certain of the \$2.25 prize, and by being carful to send a correct list you have an opportunity of the \$2.00 cash award. The distance that you may live from New York makes no difference. All have equal opportunity for winning.

## PRIZES WILL BE SENT PROMPTLY.

Prizes will be honestly awarded and promptly sent. We publish the list of words to be studied out. In making your list of answers, be sure to give the number of each word:

I. - R A - | - A country of South

2. A - | - | Name of the largest body of water.

3. M - D - - E - - A - E - - A sea.

4. - M - - 0 - A large river.

5. T - A -- S Well known river of Europe.

6. S -- A N - A - Acity in one of the Southern States.

7. H ---- X A city of Canada.

8. N - A - A - A Noted for display of water.

9. - E - - E - One of the United States.

10. - A - R | - A city of Spain.

II. H - V - - A A city on a well known island.

12. S - M - E - A well known old fort of the United States.

13. G -- R - L - A - Greatest fortifica-

14. S - A - L E - A great explorer.

15. **C** - **L** - **F** - - - **I** - One of the United States. 30. **M** - **D** - **G** - **S** - **A** - Anisland near Africa.

16. B - SM - - K A noted ruler.

17. -- CT 0 - | - Another noted ruler.

18. P - R - U - A - Country of Europe.

19. A - ST - A - I - A hig island.

20. M -- | N - E - Name of the most prominent American

21. T -- A - One of the United States.

22. J-F-- N-- M Once President of the United States.

23. - U - - N A large lake.

2 ;. E - E - S - N A noted poet.

25. C - A - A foreign country, samo size as Kansas.

26. B - R - - 0 A large island.

27. W-M--S W-R-N Popular family magazine.

23. B - H - I - G A sea.

29. A - L - N - | - An ocean.

In sending your list of words, mention whether you want prize money sent by bank draft, money order or registered mail; we will send any way that winners require. The Egeria Diamond is a perfect imitation of a Real Diamond of large size. We defy experts to distinguish it from real except by microscopic test. In every respect it serves the purpose of Genuine Diamond of Purest Quality. It is artistically mounted in a fine gold-plated pin, warranted to wear forever. This piece of jewelry will make a most desirable gift to a friend if you do not need it yourself. At present our supply of these gifts is limited, and if they are all gone when your set of answers comes in, we shall send you \$2.25 in money instead of the Scarf or Shawl Pin, so you shall either receive the piece of jewelry or the equivalent in cash, in addition to your participative interest in the \$200.00 cash prize. This entire offer is an honest one, made by a responsible publishing house. We refer to mercantile agencies and any bank in New York. We will promptly refund money to you if you are dissatisfied. What more can we do? Now study, and exchange slight brain work for cash. With your list of answers send 25 cents to pay for three months' subscribtion to our great family magazine, Woman's World. If you bave already subscribed, mention that fact in your letter, and we will extend your subscription from the time the present me expires. To avoid loss insending silver, wrap money very carefully in paper before inclosing myour letter. Address:
