

WEATHER FORECAST

For 24 hours ending 5 p. m., Friday: Victoria and vicinity—Moderate to fresh southerly to westerly winds, partly cloudy and cool, with showers.

British Daily Times

WHERE TO GO TO-NIGHT

Columbia—Hunting Big Game in Africa. Royal—Hits Showers. Capitol—Flame of Life. Dominion—Where the Pavement Ends. Playhouse—Company in "David Garrick."

VOL. 62. NO. 112

VICTORIA, B. C., THURSDAY, MAY 10, 1923

PRICE FIVE CENTS

CAPTIVES EXPECT TO BE RELEASED SHORTLY BY CHINESE BANDITS

All Foreigners Held by Oriental Outlaws Are Well; Messages Sent Out By Them; Peking Government Troops Cease Attack on Bandits.

Shanghai, May 10.—All the foreign captives held by the Suichow bandits are well and "having a wonderful time" and expect to be released soon, according to written messages received from four of them by relief workers near Linching, which were relayed here to-day.

The telegram received in Shanghai came to Henry Gensburger from his son, Victor, who is at Tsaochwang with relief parties who are seeking to aid the captives, among whom is Victor's brother, Emil.

In reply to messages sent into the bandit stronghold by the relief workers came four written replies from as many prisoners, Emil Gensburger, Fred Elias, Edward Elias and Theodore Sapere, saying all were well and having a wonderful time. They declared they expected to be released soon and admonished their friends not to worry.

The relief workers' message to Shanghai related that they were engaged two hours' march from the brigands' lair.

In the party seeking to obtain the release of the captives are Lloyd Lehrbas, who was captured by the bandits near Suichow, but who escaped in a few hours and brought to the outside the first story of the affair, and Carl Crow, representing the American Chamber of Commerce of Shanghai and the American Red Cross. Both these organizations are sending supplies into the hills back of Linching for the captives.

Attack Ceases.—The attack by Chinese troops on the bandits who captured Americans and other foreigners and wrecked the Shanghai Peking express train in Suichow has been ordered stopped by the Peking Government.

Still Prisoners.—Peking, May 10.—Previous reports that Major Roland Finger, his son, Roland, Jr., and Major Robert Allen had escaped from the Suichow bandits had been released by them apparently erroneous. The best available information obtained from a number of sources indicates that the two American army officers and their sons still are in the hands of the brigands.

Japanese Comments.—Tokyo, May 10.—The newspaper Jiji compares the Chinese bandit outrage on the Shanghai border with the boxer uprising and says it may necessitate stationing foreign troops in the principal centres of China.

Though Japan has not suffered in the present instance, she cannot remain indifferent, because of her close connections in China, adds the paper. The Chugai Kaisha, a trade and org. aided by parties wishing to embarrass the Peking Government, and this, in its opinion, makes the case more serious.

The Kokumin says the incident shows the necessity of disbanding the provincial armies of China and thus suggests that soldiers were involved. (Concluded on page 2.)

OIL EXPLOSION KILLED SIXTEEN

Small Spark Caused Tragedy at Texas Well

Steam Used to Put Out Stubborn Big Fire

Corsicana, Tex., May 10.—Thirteen identified bodies and three skeletons in an oil lake affire made up the known toll of death to-day from the explosion yesterday of the gusher of the J. K. Hughes Development Company.

The fire continued burning unchecked to-day and was visible for fifty miles. The smoke extended eleven miles from the scene of the disaster.

Seventeen steam boilers were assembled before daylight to-day about the flaming well and arrangements were made to turn on steam from the entire battery in an effort to check the fire.

When the blast came, sixteen, it is known, of the fifty odd men in the two crews and a connecting gang were sucked in by the sheet of flame. About 600 people watching the work of the drilling crews gave accounts of the flare-up.

Some of the workmen were hurled flat on the ground; others tried to creep away from the spread of the fire.

Saw Spark and Ran.—B. E. Simmons, a representative of the J. K. Hughes Development Company, said the men were engaged in taking off the control head and putting on a gate valve.

"I was standing on the derrick floor, handing waste to the workers to wipe out of their eyes the oil which was spouting from the valve," Mr. Simmons said. "When the valve fell back I saw a tiny spark caused by friction of the metals striking, and, sensing disaster, I ran from the well just a moment before the explosion which sent showers of burning oil in every direction.

"It seemed as if I was being pursued by a terrific gust of heat swept past me."

VANCOUVER ISLAND STUDENTS DO WELL

University of B. C. Results Show Praiseworthy Record One M.A. and One M.Sc. From Island

Information has arrived from Vancouver reporting the success of several Victoria and Vancouver Island students in their graduating examinations from the University of British Columbia. The faculty of Arts and Science gives a list which includes the names of several students from the Island. These are as follows: Dorothy H. Walsh (first class honors in Philosophy), Clara Muriel Aylard, Claude Lane Campbell, Francis Lester, of Nanaimo, Malcolm J. C. Dickson, William Stewart and Eric Hugh Quantin. These were all second class passes. The following are passes only: Elsie Doris Wood of Nanaimo, Phyllis Partidge, of Cumberland.

In the faculty of Applied Science Kenneth Beresford Gillie, B. A. Sc., obtained a good pass, graduating as M. A. Sc. In Chemical Engineering Christian Sivertz obtained a first class pass, Curtis Milford Dean received a second class pass for a degree.

Charles Archibald McVitie obtained a first class pass in Metallurgical Engineering. Russell E. Jones gained second class honors in Mining Engineering. Moleworth A. Rice, of Duncan, also gained good marks in this examination to an extra edition of The Asahi, to-day.

Tokio, May 10.—Adolph Joffe, Soviet emissary now in Japan, today confirmed newspaper reports that the Moscow Government had acceded to Japan's request for permits for Japanese to fish in Siberian waters.

Attack Ceases.—The attack by Chinese troops on the bandits who captured Americans and other foreigners and wrecked the Shanghai Peking express train in Suichow has been ordered stopped by the Peking Government.

Still Prisoners.—Peking, May 10.—Previous reports that Major Roland Finger, his son, Roland, Jr., and Major Robert Allen had escaped from the Suichow bandits had been released by them apparently erroneous. HAS INTEREST IN CHESTER CONCESSION

C. A. BARNARD

Lausanne, May 10.—Lamet Pasha, chief Turkish delegate, told a delegation of Turkish newspapermen to-day that agreement had been attained on many minor points by the East Conference, but that no progress whatsoever had been made in regard to those questions on which the fate of the conference depends.

London, May 10.—It is understood in diplomatic circles in Rome, says an Exchange Telegraph dispatch, that the Italian Government, although considering the latest German offer insufficient, will favor the opening of negotiations in order to break the present deadlock on reparations.

The Italian note, the dispatch adds, will be delivered Saturday.

London, May 10.—Great Britain does not intend to exchange views with the United States regarding the latest German reparations note, the House of Commons was informed to-day by Stanley Baldwin, Chancellor of the Exchequer, the Government spokesman.

London, May 10.—The German Government has sent a note to the powers having no part in the Ruhr occupation protesting against the Warden court martial, which resulted in the conviction of Dr. Krupp von Bohlen and other Krupp officials.

The note accuses the French of making the blowing of the breach in the Warden court martial a secret plot was being engineered against the French troops with the object of shifting responsibility for the Warden court martial to the Germans.

As a protest against the sentences of the Warden court martial the Essen, May 10.—This city was visited by another snowstorm early to-day. During the night the temperature dropped to 27.

Dublin, May 10.—The Freeman's Journal, commenting on the apparent collapse of the peace negotiations, says: "If de Valera does not surrender his guns, his pretence of having an imposition. He says this is impracticable. Has he lost control? If so, it is more obvious than ever that a so-called peace without the surrender of arms would be no peace and de Valera's signature would bind nobody."

Under the plan proposed by Mr. Deane and adopted by the trustees, it was stated that there will be thirteen classes at the High School composed entirely of girls and twelve classes composed entirely of boys. In addition to these there will be four mixed classes of older students. This is the best arrangement that can be made with the present number of students and teachers, it was explained.

Separation of the boys and girls at the High School is a plan which the school authorities have experimented before. It is understood that the few separate classes started at the school have been completely successful, so that the system is to be extended to include all but a few of the older students.

Separation of the boys and girls was strongly urged upon the board some time ago by Trustee H. O. Litchfield. He said he thought that students would progress much more rapidly without the distraction of the opposite sex to bother them. With this view the other trustees agreed, on the advice of Mr. Deane.

AGREEMENT ON MANY MINOR POINTS AT LAUSANNE

Lausanne, May 10.—Lamet Pasha, chief Turkish delegate, told a delegation of Turkish newspapermen to-day that agreement had been attained on many minor points by the East Conference, but that no progress whatsoever had been made in regard to those questions on which the fate of the conference depends.

ITALIAN NOTE TO BERLIN SATURDAY

Rome Government Favors Negotiations on Reparations

London, May 10.—It is understood in diplomatic circles in Rome, says an Exchange Telegraph dispatch, that the Italian Government, although considering the latest German offer insufficient, will favor the opening of negotiations in order to break the present deadlock on reparations.

The Italian note, the dispatch adds, will be delivered Saturday.

London, May 10.—Great Britain does not intend to exchange views with the United States regarding the latest German reparations note, the House of Commons was informed to-day by Stanley Baldwin, Chancellor of the Exchequer, the Government spokesman.

London, May 10.—The German Government has sent a note to the powers having no part in the Ruhr occupation protesting against the Warden court martial, which resulted in the conviction of Dr. Krupp von Bohlen and other Krupp officials.

The note accuses the French of making the blowing of the breach in the Warden court martial a secret plot was being engineered against the French troops with the object of shifting responsibility for the Warden court martial to the Germans.

As a protest against the sentences of the Warden court martial the Essen, May 10.—This city was visited by another snowstorm early to-day. During the night the temperature dropped to 27.

Dublin, May 10.—The Freeman's Journal, commenting on the apparent collapse of the peace negotiations, says: "If de Valera does not surrender his guns, his pretence of having an imposition. He says this is impracticable. Has he lost control? If so, it is more obvious than ever that a so-called peace without the surrender of arms would be no peace and de Valera's signature would bind nobody."

Under the plan proposed by Mr. Deane and adopted by the trustees, it was stated that there will be thirteen classes at the High School composed entirely of girls and twelve classes composed entirely of boys. In addition to these there will be four mixed classes of older students. This is the best arrangement that can be made with the present number of students and teachers, it was explained.

Separation of the boys and girls at the High School is a plan which the school authorities have experimented before. It is understood that the few separate classes started at the school have been completely successful, so that the system is to be extended to include all but a few of the older students.

He said he thought that students would progress much more rapidly without the distraction of the opposite sex to bother them. With this view the other trustees agreed, on the advice of Mr. Deane.

Deaths Reported When French Train Fell Into the Rhine

Berlin, May 10.—A telegram from St. Goar, Rhenish Prussia, says a train operated by the French plunged into the Rhine and that twenty-nine bodies have so far been recovered from the water. The report is based on the statements of travelers arriving at St. Goar, who add that the French have cut off access to the scene of the accident. St. Goar is near Bacharach.

GERMANS SENT TO PRISON BY FRENCH

Some of Seventeen Mayence Sentences Ten Years

Essen, May 10.—It has just become known here that a French court martial at Mayence on Monday sentenced seventeen German railwaymen to terms of imprisonment ranging from three months to ten years, three of them being also fined 100,000 marks.

A new order issued by General Degoutte states that all stocks of coal and coke in the Ruhr are now reserved in behalf of the Allied Powers and that violation of the order will entail a minimum fine of 10,000 marks or five years imprisonment or damaging stocks is made liable to a minimum of three months or five years' imprisonment.

Ordered Away.—Karlruhe, May 10.—Chief Railway Inspector Wirth, a member of the Baden Diet and brother of the former German Chancellor, has been ordered to leave the occupied area, according to advices from Alsace.

Taken to Dusseldorf.—Essen, May 10.—Krupp von Bohlen and other condemned Krupp officials were removed to Dusseldorf yesterday, according to Werden advices. Each of the directors was placed in a separate automobile with three soldier guards and the road out of Werden was strongly patrolled by cavalry.

The Krupp management is declared to be exerting the greatest efforts to keep the laborers quiet.

Note From Berlin.—Berlin, May 10.—The German Government has sent a note to the powers having no part in the Ruhr occupation protesting against the Warden court martial, which resulted in the conviction of Dr. Krupp von Bohlen and other Krupp officials.

The note accuses the French of making the blowing of the breach in the Warden court martial a secret plot was being engineered against the French troops with the object of shifting responsibility for the Warden court martial to the Germans.

As a protest against the sentences of the Warden court martial the Essen, May 10.—This city was visited by another snowstorm early to-day. During the night the temperature dropped to 27.

Dublin, May 10.—The Freeman's Journal, commenting on the apparent collapse of the peace negotiations, says: "If de Valera does not surrender his guns, his pretence of having an imposition. He says this is impracticable. Has he lost control? If so, it is more obvious than ever that a so-called peace without the surrender of arms would be no peace and de Valera's signature would bind nobody."

He said he thought that students would progress much more rapidly without the distraction of the opposite sex to bother them. With this view the other trustees agreed, on the advice of Mr. Deane.

BRITISH WARSHIP IS SENT TO MURMAN TO PROTECT FISHERMEN

Soviet Must Not Interfere With Vessels Outside Three-Mile Limit, Commons Is Informed By Ronald McNeill; Release of Crew of Trawler Lord Astor Demanded.

London, May 10.—The British warship Harebell has been ordered to the Murman coast to prevent further Soviet interference with British vessels outside the three-mile limit, and to use force if necessary in performing this mission. The House was informed of this measure to-day by the Under-Secretary for Foreign Affairs, Ronald McNeill.

The Under-Secretary said the Government understood that another British trawler, the Lord Astor, had been captured by a Russian gunboat while fishing ten miles off the Murman coast. The British agent in Moscow, he added, had been instructed to enter a strong protest and to demand the release of the Lord Astor's crew.

The agent was also instructed to demand the immediate unconditional release of the vessel and the repatriation of the crew.

Cheers and Cries.—Mr. McNeill's statement evoked loud cheers from the ministerial benches and cries from the Laborites of "More war."

George Lansbury, Labor member for Poplar, addressing the ministerialists, shouted, "Why don't you send a fleet to New York? You are a lot of cowards. You are afraid of the United States."

At this the Speaker interrupted. Twelve-Mile Limit.—London, May 10.—The Soviet government of Russia, in a note replying to the British protest against the seizure of the trawler James Johnson, claims the right to fix its limit of territorial waters at twelve miles from shore, but offers to submit the matter to arbitration provided here is no question of any infringement of Russian sovereignty and independence.

A Moscow dispatch last night said: Government officials were silent to-day regarding Great Britain's latest note regarding a study of it and the drafting of a reply. The note has not yet been made public through the Russian press, which is tomorrow probably carry the previous correspondence between Hodgins, head of the British Mission, and Maxim Litvinoff, Assistant Minister of Foreign Affairs regarding the seizure of the British trawler James Johnson.

Litvinoff, replying to Great Britain's request for surrender of the trawler, stated that regarding He said Russia's intentions were peaceful and he hoped Great Britain's were the same. He also stated that the court had re-opened the trawler case.

FEDERAL BUDGET SPEECH TO-MORROW

Hon. W. S. Fielding's Announcements Awaited With Interest

No General Expectation of Sweeping Changes

Ottawa, May 10.—(Canadian Press)—To-day, Ascension Day, there is a comparative lull in parliamentary activities. The House is holding no sessions, although one of the committees is taking evidence. Among members the one topic is to-morrow's budget speech, with much speculation as to what it will bring forth.

In one respect the speech will be especially notable. It will be the seventeenth delivered by the present Minister of Finance, Hon. W. S. Fielding, and in that regard Mr. Fielding will probably hold a record among Finance Ministers of the Empire. In the days of the Laurier Government, Mr. Fielding, as Minister of Finance, delivered fifteen budget speeches. The speech to-morrow will be his second as Minister of Finance in the present Government.

No Great Changes.—Mr. Fielding keeps his own counsel as to his financial proposals, but it is not generally expected that he will have any sweeping changes to announce. In the last twelve months there has been an improvement in trade, unemployment has decreased and there has been a comparative betterment in the financial situation of the Dominion, but the year again showed an addition to the net debt. Report has it that Mr. Fielding this year will endeavor to balance his budget. In other words, he will propose to say all classes of expenditure. In his last budget speech he expressed the need for making every possible effort in this direction and there was keen interest in any announcement he may make to-morrow.

British Preference.—Some increases in the British preference are expected especially in view of the situation created by negotiation of the recent trade treaty with France.

There is also a suggestion that some concession may be made to the producers of native wines. During discussion of the French treaty in the House, representations were made that as a result of the treaty producers of native wines had been placed at a disadvantage.

Postage.—There is also some talk of a possibility of a return to 2c postage on letters.

The Cabinet was in session this morning to put the finishing touches on Mr. Fielding's financial proposals.

ARTHUR O'BRIEN APPEAL HEARING IN LONDON MONDAY

London, May 10.—The hearing of the appeal of Arthur O'Brien, who was deported to Ireland in March, will begin in the House of Lords next Monday. As the Lord Chancellor is a member of the Government, he will not take part in the hearing. The court will comprise Lord Birkenhead, who will preside, and Viscount Finlay, Baron Atkinson, Baron Shaw and Baron Dunsedin as judges.

Should the Appeal Court's decision be upheld by the Lords, conviction would have to be given to the deported persons and an indemnity bill would be passed to protect the Home Secretary.

Should the Appeal Court's decision be upheld by the Lords, conviction would have to be given to the deported persons and an indemnity bill would be passed to protect the Home Secretary.

Should the Appeal Court's decision be upheld by the Lords, conviction would have to be given to the deported persons and an indemnity bill would be passed to protect the Home Secretary.

FISHERMEN OF JAPAN OPERATE IN SIBERIAN WATERS

London, May 10.—Permission for Japanese fishermen to operate in Siberian waters, a denial of which by the Soviet Government threatened to cause a rupture with Tokyo, now has been granted, according to an extra edition of The Asahi, to-day.

Tokio, May 10.—Adolph Joffe, Soviet emissary now in Japan, today confirmed newspaper reports that the Moscow Government had acceded to Japan's request for permits for Japanese to fish in Siberian waters.

DR. ROSE FREED FROM DETENTION

Jury Acquits Him of Charge of Illegal Operation

Dr. D. Albert Rose, charged with performing an illegal operation upon Mrs. Annie Mulderig, 2428 Roek Bay Avenue, was found not guilty by the jury at the Victoria Spring Assize to-day. The jury was out about 15 minutes before it returned with its verdict.

Judge's Summary.—In his address to the jury Mr. Justice W. A. Macdonald pointed out that the accused was charged upon February 8, with intent to procure a miscarriage of Mrs. Annie Mulderig by having unlawfully used upon her person an instrument.

As a result of an aggressive campaign conducted over the past week-end on the Mainland, marked by emphasis of the quality of Island berries, the main counter to considerable price slashing competition, Saanich and Gordon Head fruit growers will this year earn a minimum of seven cents per pound, should contracts tentatively made by Manager H. E. Tanner, of the Saanich Berry-growers, be confirmed to-morrow night, when the directorate of both the Gordon Head and Saanich Associations will meet at the Parliament Buildings to consider joint business.

All these contracts are featured by a novel clause which provides that, in the event of any considerable drop in the price of sugar, such benefit shall be reflected to the berry-growers in a proportionate advance in the price to be paid for fruit.

Secure Canning Trade.—In addition to contracting for heavy orders for jamming berries on this basis, the berry-growers have this year.

Idabel, Okla., May 10.—John Pope, confessed slayer of his estranged wife, her father and mother and two children, and Agrotus (Red) Harvey, his confessed accomplice, were sentenced to death by Judge G. R. Barrett here to-day. Jack Pope, Pope's son, who admitted accompanying his father and Harvey to the scene of the killings, was sentenced to life imprisonment.

JAPANESE GROUP GIVEN BIG FOREST LEASE IN SIBERIA

Tokio, May 10.—A Japanese syndicate, in competition with American and Russian capitalists, has obtained a lease of a large tract of forest land in the Maritime Province of Siberia, according to advices received here to-day. The lease, granted by the Soviet authorities, will run for twenty-four years. The Japanese syndicate undertakes to pay the Soviet Government 25,000,000 yen.

VANCOUVER PARTY IN MONTREAL ON WAY TO BRITAIN

Montreal, May 10.—A party of twenty British Columbia business men and several women arrived in Montreal from Vancouver to-day en route to the United Kingdom, where they intend to make known Canadian products, and particularly those of their native province, and advocate more intensive Empire trade. The visitors were taken on trips around the harbor and the city.

FLORENCE CARLYLE, CANADIAN ARTIST, DIED IN ENGLAND

Woodstock, Ont., May 10.—Word has reached here of the death in England of Miss Florence Carlyle, famous Canadian artist and a native of this city.

NEW AMBASSADOR

Tokio, May 10.—(Associated Press) Shigetaka Teraoka, formerly Japanese Minister to the Hague, has been appointed Ambassador to Brazil. It was officially announced to-day.

MAY DAY PARADE ROUTE COMPLETED BY NEW COMMITTEE

Final Arrangements for Celebrations Now Under Consideration

The route of the monster street pageant on May 24 has been determined, and The Times is now able to make an announcement to its readers.

The programme of the parade is as follows: Parade starting from corner of Douglas Street and Queen's Avenue, at 10.30, standard time, proceeding down Douglas to Pandora, to Island Drive, then to Government to Belleville, thence to Superior to Douglas, thence to Beacon Hill Park. Judging of the various exhibits will take place en route, and will conclude at Park. Exhibitors will be required to report to the parade committee at 9.45 sharp at the point of departure, corner of Hillside and Douglas streets.

EMPIRE PROBLEMS CLOSELY LINKED

Amery Speaks of Empire Settlement and Seapower

Tranquility Based on Development of Empire Navies

London, May 10.—(Canadian Press Cable)—Lieut.-Colonel L. C. Amery, First Lord of the Admiralty, addressing a West Australian gathering here last night, said future tranquility could be obtained only by a full development of the navies of the Empire.

The maintenance of seapower, he added, must be based on the great and growing British communities in every part of the world. That was why the problems of Empire settlement and Empire development and the problem of seapower were indissolubly linked.

The great thing for these British communities to do was to cast their bread upon the waters, knowing it would come back a hundredfold. They had no reason to be pessimistic.

TORONTO HAS A LATE SPRING FALL OF SNOW

Toronto, May 10.—This city was visited by another snowstorm early to-day. During the night the temperature dropped to 27.

DE VALERA NOT PREPARED TO SURRENDER ARMS

Dublin, May 10.—The Freeman's Journal, commenting on the apparent collapse of the peace negotiations, says: "If de Valera does not surrender his guns, his pretence of having an imposition. He says this is impracticable. Has he lost control? If so, it is more obvious than ever that a so-called peace without the surrender of arms would be no peace and de Valera's signature would bind nobody."

MURDER CHARGE IS BEING HEARD

Ronald Smith Now on Trial in Assize Court

Accused of Killing Ernest Lionel Lorenz

SUPREME COURT ASKED TO DECIDE. Present U.S. Ruling Is Against Limiting Physicians' Liquor Prescriptions.

New York, May 10.—Federal Judge Knox yesterday declared unconstitutional a law restricting the right of a physician to prescribe for his patients the provisions of the Volstead Act and his amendments prohibiting the prescribing of more than a pint of spirituous liquor every ten days.

MISS WETHERED DEFEATED IN GOLF CHAMPIONSHIP. Burnham, Somersetshire, May 10.—Mrs. Allan Macbeth defeated Miss Joyce Wethered, the titleholder in the semi-final to-day in the British women's open golf championship tournament by two up and one to play.

WOULD DELAY BANK ACT REVISION. Progressive M. P.'s Wish Changes Made at Next Ottawa Session. Ottawa, May 10.—(Canadian Press).—Notice of motion of a postponement of the final revision of the Bank Act until next session and an extension of the charter of Canadian banks for one year was given by A. Speckman, Progressive member for Red Deer, at yesterday's session of the Commons Banking and Commerce Committee.

SEVEN CENTS IS LOWEST PRICE FOR ISLAND BERRIES. (Continued from page 1.) Although, he said, the question of whether liquor is a valuable therapeutic agent is so highly controversial that a questionnaire directed to 28,000 physicians had resulted in a 51 to 49 vote in favor of the use of liquor in certain cases, Congress itself, "in the very legislation under attack," had recognized it as having a legitimate medical use.

SEVEN CENTS IS LOWEST PRICE FOR ISLAND BERRIES. (Continued from page 1.) The "difficulties," he continued, "that, having done so, Congress, without reference to the quantity of liquor actually required for the proper treatment of a particular ailment, and irrespective of the good faith, judgment and skill of the physician in attendance, proceeds to limit the amount to be prescribed to not more than a pint within a period of ten days."

MISS WETHERED DEFEATED IN GOLF CHAMPIONSHIP. Burnham, Somersetshire, May 10.—Mrs. Allan Macbeth defeated Miss Joyce Wethered, the titleholder in the semi-final to-day in the British women's open golf championship tournament by two up and one to play.

HIGH SCHOOL EXAMINATIONS Special to The Times. Duncan.—The quarterly meeting of the Chemainus and District Board of Trade was held in the Court House Tuesday night, with W. B. Trenholm, president, in the chair and fifteen members present.

SEVEN CENTS IS LOWEST PRICE FOR ISLAND BERRIES. (Continued from page 1.) Judge Knox read a 3,000-word decision upholding his contention of unconstitutionality and granting the injunction asked.

In a Persian Market

Played by Princess Orchestra

A. E. Bray, Comd. "His Master's Voice" Record No. 21492

10-inch double-sided 75c

A selection in which the music tells its own story, picturing a scene in an Oriental market place. The camel-drivers approach; the cries of the haggars for "black-sheeps"; the Princess arrives, the jugglers and snake-charmers perform, the Caliph passes through, the Princess departs, the caravan resumes its journey, closing with the call to prayer from the Minaret.

If you liked "In a Monastery Garden" (No. 21622) you will be pleased with "In a Persian Market" which is by the same composer.

Salvage Logs in St. John River

Company Gathering Up Timber Carried Down Stream by Flood

Fredericton, N. B., May 10.—The St. John River Log Driving Company has started a drift drive on the St. John River to salvage the logs carried down the river during the freshet before the boom completely sealed the river at Lincoln, six miles below Fredericton.

longest and most expensive drift drives ever conducted on the river. The water in the St. John River here was five and a half feet lower yesterday afternoon than the highest level reached during the freshet.

NO MARITIME PARTY.

Ottawa, May 10.—That there was no likelihood of the formation of a Maritime party or bloc in the House of Commons was the declaration of Hon. A. B. Cope, Secretary of State, to the Canadian Press yesterday. Recent reports declared such a bloc would be formed.

NOT A PARTY TO ANY COMBINE

Ottawa, May 10.—The management of the Canadian Government Merchant Marine, Ltd., maintain they were never a party to any combine, said Hon. G. P. Graham, answering questions in the House yesterday afternoon. Their spokesman, however, had sat in the weekly sessions of what is known as the North Atlantic Conference for the stabilization of freight rates and the insuring of ships.

A DAWSON DEATH.

Dawson, May 10. William H. Canavan, eighty-two, well-known Yukon pioneer, died here yesterday. He leaves a family in Montreal.

planned.

ONLY FAT CATTLE BEING EXPORTED

Canadian Breeding Cattle Not Yet Admitted into Britain

Ottawa, May 10.—With respect to complaints of differences between Canada and Great Britain respecting the terms of the lifting of the cattle embargo, Hon. W. R. Motherwell, Minister of Agriculture, stated in the House yesterday afternoon that at present it was accepted that only fat cattle and steers were allowed to enter Britain from Canada and that admission of breeding cattle was not yet permitted.

Mr. Motherwell said he had read the cable dispatch quoting Duncan Marshall in an address at Dundee as saying the British Government intended to break its bargain with Canada, but the dispatch was quite contrary to the cables which he had received. London, May 10.—(Canadian Press Cable)—An almost daily feature of the House of Commons proceedings is the questions regarding various aspects of the situation in connection with the removal of the embargo on Canadian cattle. Questions yesterday dealt chiefly with the report that several of the animals recently imported from Canada showed traces of tuberculosis. One questioner wanted the Government to exclude the importation of infected animals, while others were anxious to know what steps had been taken to trace such animals with a view to isolating them.

Sir Robert Sanders, Minister of Agriculture, pointed out that a notable proportion of the cattle in all countries, including Great Britain, were affected by tuberculosis. He had no power to order the isolation of such cattle, and therefore it would be useless to trace the particular animals which were imported. Cattle imported from Canada could be dealt with under the Milk and Dairies Act. As regarded the importation of breeding cattle, the Minister said he was endeavoring to frame regulations confining the admission of breeders to high grade stock.

EXPRESS COMPANIES BILL ADVANCED

C.N.R. Measure Given Second Reading by the Senate

Ottawa, May 10.—(Canadian Press).—The Senate yesterday gave second reading to the bill placing the express companies of the Canadian National Railways under the control of the management of the Canadian National Railway Company. Senator Dandurand explained the purpose of the bill. Senator J. D. Reid, formerly Minister of Railways, strongly opposed the proposal to put the express companies under the control of the railway management. He dealt with a position of the Maritime Provinces regarding trade with the rest of the country and pointed out that all parties had accepted the principle that there should be differential rates in favor of the Maritime Provinces. He recommended that if the National express companies were placed under the Railway Commission that body should be notified that they should preserve the agreement entered into at Confederation. There was, he said, an agreement with the Mackenzie-Mann railway that all traffic should be carried to Canadian ports and if this agreement was not carried out, then the rates would be too high for the Maritime Provinces to do business with the rest of Canada.

Senator Belcourt: What do you mean by an agreement made at Confederation? Senator Reid: Not a session has passed since Confederation that this question has not arisen and there has always been an understanding that there should be no profit made on the Intercolonial. The Intercolonial was never intended to make profits but was to be run at the cost of operation and upkeep.

Several other members from the Maritime Provinces discussed the question and all pointed out the necessity of keeping faith with the Confederation pact.

The Senate adjourned until Monday.

CABINET'S POLICY UPHELD ON VOTE

London, May 10.—(Canadian Press Cable)—In the House of Commons yesterday the Government's policy regarding the recommendations adopted by the International Labor Conference at Geneva in 1921-22 was enunciated by Sir Montagu Barlow, Minister of Labor, who stated that the Government intended to ratify a number of the conventions, including those prohibiting the employment of children under fourteen years of age in the cultural industry and prohibiting the employment of trimmers and stokers under eighteen years.

FACES MURDER CHARGE

Calgary, May 10.—E. E. Trider was committed yesterday for trial on a charge of having murdered Constable Paris of Drumheller at that place. It was stated in evidence that while resisting arrest on a liquor charge last week, Trider drove his automobile into a board fence in attempting to brush Constable Paris off the running board. Paris was fatally injured.

YEAST WITH IRON THE NEWEST SCIENTIFIC TRIUMPH

Pale, thin, underweight folks have a great deal to thank science for because of this new combination called Ironized Yeast. Think what a wonderful thing it is to be able to strengthen weak, anemic blood at the same time, yeast retaining the vitality of iron in the manner already understood and proven in so many thousands of cases. The world always needed a tonic and builder like this—so perfectly balanced that every child, young or old, could take it. You can now not only build yourself up to normal weight, but you can cure the most chronic and intractable cases of anemia and weakness on your bones, but you can at the same time put iron into the blood. And this means permanent and stop-then improvement for many who perhaps heretofore may have despaired because of lack of results from just ordinary tonics.

Scientists now agree that brewer's yeast is the richest source of vitamins known. So thousands of pale, sick and underweight people are gaining health and strength through Ironized Yeast, which is a combination of iron and other valuable tonic ingredients, with yeast imported from Bass, Ale Brewery, England, and especially concentrated under the process recommended by Dr. Seidel, of the Hygienic Laboratory of the U. S. Public Health Service. Get Ironized Yeast from your druggist to-day. It is convenient and pleasant to take, being in handy tablet form. The daily treatment costs only \$1.00. It is guaranteed to give satisfactory results or your money will be cheerfully refunded.

EXTRAVAGANCE IN ONTARIO CHARGED

Liberal Leader Says Farmers' Government a Class Government

Mount Elgin, Ont., May 10.—F. Wellington Hay, Ontario Liberal leader, speaking at a Liberal convention here, said the United Farmers' Government had gained power in Ontario by acceding to the traditional wishes of Canada with a view to legislate in favor of the agriculturists. The Liberals had given this new party every co-operation. They had caused no obstruction in its way, but after a short period they had discovered that the Farmers' Party was a class Government and that its leader had indulged in extravagance unprecedented in provincial history.

Opposes Compromise Toronto, May 10.—"No compromise," declared Hon. Nelson Fairbank, Speaker of the Ontario Legislature, speaking here yesterday. "I stand for Liberalism, its principles and ideals," Mr. Fairbank declared, and he made it clear that he believed the Liberals could not compromise with the United Farmers or any other party.

DINNER IN HONOR OF HON. T. A. CRERAR

Former Leader Guest of Progressive M.P.'s at Ottawa Event

Ottawa, May 10 (Canadian Press).—"We have been passing through some rather difficult times and the difficulties we have are not insuperable. This is a country of optimism. The financial situation is the outstanding problem before us, but we have great assets and if they are developed wisely we need have no fear for the future."

So spoke Hon. T. A. Crerar last night at a dinner tendered to him in the parliamentary restaurant by Robert Forke, Progressive leader, and the Progressive members of Parliament. J. J. Johnston, Chief Progressive Whip, was toastmaster and the health of the former leader of the party was proposed by T. H. McKenna, member for Battledore.

CANADIAN DEGREE FOR U.S. PRESIDENT

Toronto, May 10.—At a convocation to be held in Castle Memorial Hall next Tuesday the degree of Doctor of Laws will be conferred at the port of New York, Hon. Jacques Bureau, Minister of State, by McMaster University. It will be impossible for President Harding to be present at the ceremony, but the degree will be conferred "in absentia."

COST OF CANADIAN CUSTOMS MAN AT NEW YORK DEBATED

Ottawa, May 10.—The Government has not refused to place a Canadian customs officer at the port of New York, Hon. Jacques Bureau, Minister of Customs, Conservative, Vancouver South, in the House yesterday afternoon. Steps were now being taken, he added, to ascertain what would be the cost of maintaining a Canadian official at that port.

NEW LOAN SYSTEM FOR PRAIRIE FARMS

A Saskatchewan Professor Suggests Joint Provincial Mortgage Association

Ottawa, May 10.—(Canadian Press)—That farm machinery companies had seen the error of pressing for a large turnover by persuading prairie farmers to buy agricultural implements which they did not really need was the contention of Professor W. W. Swanson of the University of Saskatchewan, who appeared yesterday afternoon before the Special Agricultural Committee of the House. Professor Swanson said also that debts incurred by prairie farmers to their local storekeepers had been passed to other buyers. Merchants with huge amounts in book debts were still making profits because they added to their prices to make up bad debts, and also in many instances charged interest on the debts.

Credit. Professor Swanson, referring to agricultural credits, urged that there was need for "normal" credit, which would tend to increase production and at the same time keep prices at a reasonable figure. Abnormal credit, on the other hand, might go for speculative purposes only. There was too much buying by farmers of food products which the farmers could grow himself. Professor Swanson believed the banks should be required to furnish working capital to reputable farmers. Further fixed capital was still necessary. The farmer's present scattered debts should be consolidated and the farmer given a new loan. This fixed capital, however, could not be asked of the banks. At present the prairie farmer could secure this fixed capital from mortgage companies at 8 per cent, or in Saskatchewan and Manitoba, from the Government through farm loans at lower rates. The available agencies required supplementing to some extent, he said. He doubted whether the United States system of farm loans was applicable in Canada.

A Joint Association. He believed the prairie provinces should have a farm mortgage association, which should be a joint stock association with a capital of at least \$1,000,000 for each province. Capital for this should come from private sources and debentures up to fifteen times the amount of capital should be permitted to be issued by these associations. These debentures should be free of taxation, but with perhaps a Federal guarantee behind the debentures. The plan he put forward was only tentative. The debentures, he proposed, should be secured by mortgages on farm properties.

Different Rates. An essential part of the plan was that there should be differentiation between would-be borrowers. Men borrowing up to fifty per cent. of the value of their land should pay higher rates than those borrowing only fifteen per cent. Professor Swanson said he was disinclined to favor a government credit plan. There was no same readiness to pay loans from the Government.

HEALING SERVICE IN VANCOUVER

Rev. Dr. Price, the Evangelist, Prayed for Persons Afflicted

Vancouver, May 10.—Nine thousand people crowded into the Arena last night to hear Rev. Dr. Charles S. Price, evangelist. With one exception Dr. Price's patients during the healing service were women.

One woman among the thirty or forty upon whom he laid his hands, fell back in a swoon on the platform and remained there for some time in a state of coma. When she regained consciousness her first act was to throw her hands above her head. The evangelist announced that she had for a long time been unable to raise her hands above her head and that she had suffered from spinal troubles. She had lost all pain, he said.

Most of the women went on the platform bent and walking with the assistance of friends. Most of them left it walking unaided and with apparent ease. A little girl with irons on each leg was carried to the platform by her father, Dr. Price prayed aloud, claiming for the child divine intervention to make her limbs perfect. Finally he arose and admitted that on that occasion he could do no more, but that he was not through.

None of the persons who were treated last night spoke in direct testimony. Dr. Price predicted, however, that they would be back and would testify to their healing. Victorians Testified. Miss Dimmick, of Victoria, was cited as an instance of a patient cured by divine healing. It was pointed out that she had worn an extension to one shoe, one limb being shorter than the other. She had been healed at a meeting in Victoria, said Dr. Price. Miss Dimmick appeared on the platform last night and told of her experience.

A returned soldier from Victoria also testified last night. He had "surrendered to Christ," he said, and found when he awoke one morning that his leg, which had been lame from war injuries, was completely cured.

At a preparatory meeting in the morning a number of cures were claimed. One woman in the audience said that she had been suffering from cancer and had suddenly felt all pain disappear.

BETTER TRADING FACILITIES.

Lack of direct facilities for doing business with the East Coast of Vancouver Island and parts of the Mainland has obviously retarded local transactions with the territory in question.

TRADE UNIONS IN CANADA.

One of the most interesting features of the 1922 report dealing with Trade Union membership in Canada is the reference to the fate of the One Big Union.

There are eighteen of what are termed "non-international" organizations, an increase of three over the year 1921, with totals of 272 local branches and 22,973 members.

Besides the statistics furnished, the report gives particulars concerning certain revolutionary labor organizations of recent formation and the doctrines which their promoters are endeavoring to propagate in Canada as well as in other countries.

BRITISH COLUMBIA'S MINERAL EXHIBIT.

No pains should be spared in the preparation of the mineral exhibit that will form part of British Columbia's "shop window" at the British Empire Exhibition next year.

LOOKING FOR TROUBLE.

Why should the people of Australia have to put up with rebel lecturers from the Irish Free State? Our neighbors to the South of us made it pretty plain to de Valera's missionaries that any sympathy they might have had with the republican cause vanished as soon as Britain gave the South almost as much as the Dominions of the Empire enjoy.

THE MOTOR CAMP SITE.

Somewhere in the region of another thousand dollars are required by the Tourist Group of the Chamber of Commerce in order that the Motor Camp Site at the Gorge may be equipped in the creditable manner desired.

JUST A SHAM.

Obviously the Free State Government realizes the value of de Valera's peace overtures and has decided to have nothing to do with them.

The Freeman's Journal goes to the point when it observes that "if de Valera does not surrender his gun, his overture is a sham and an imposition.

NOTE AND COMMENT

That direct service with East Coast points ought to be a fine thing for Victoria business. We can rely upon our merchants to get in and work up a much brisker trade connection now.

When one reads the salaries paid to film stars one is almost compelled to wonder why out-of-work Prime Ministers and other sundry political fry should have any further use for their poorly paid business.

Great Britain has a good chance to retain the British Amateur golf trophy. The most dangerous of the two American contenders remaining in the running is obviously Francis Ouimet; but his task will be a formidable one.

The woman who wheeled her child in a perambulator from London to Brighton and won this new form of marathon has been charged with wilfully ill-treating, neglecting and exposing her baby in a manner likely to cause it unnecessary suffering and injury to its health.

OUR CONTEMPORARIES

IMMIGRATION STATISTICS

Vancouver Province—Some day, perhaps, we shall have statistics of population that are more trustworthy than those which were used by all parties the other day in the immigration debate.

THE BLACK CAP.

Montreal Gazette:—It is noticeable that judges in Great Britain have been donning the black cap more frequently within the past few months than is usual.

FINDING ONE'S JOB.

Buluwayo Chronicle:—Since the war ended there has grown up in Rhodesia and elsewhere in South Africa almost a new generation of young men who in the ordinary course of things would have found their place in the expanding activities of their country.

VICTORIA MAN IS BANDIT'S VICTIM

Dr. A. M. Lowe, Local Dentist, Captured and Ill-treated; Later Released

Dr. Archie M. Lowe, native son of Victoria and well-known dentist here a few years ago, was among the party of travelers captured and ill-treated by bandits in China this week.

A Vancouver dispatch says that friends of Dr. Lowe have cabled to China to find out what has happened to him. A dispatch from Tientsin last night describes Dr. Lowe's capture as follows:

"A Canadian citizen named Lowe, a merchant, was the victim of a second outrage which followed close upon the heels of the first."

TO MEET FERRIES AT SIDNEY WHARF

Automobile Club to Have Representative in Attendance

The Victoria Automobile Club will take an active share in the development of the provincial motor club, and a joint committee which was acting on that matter will again meet in Vancouver as soon as Mr. Stonery, its chairman, returns from a motor tour to Mexico.

In view of the fact that there is not in existence to-day an efficient map of Vancouver Island for motoring purposes the club has appointed a committee to go carefully into the matter, and a new system of strip maps will be issued in the near future.

The Department of Public Works was thanked by letter, through the secretary, for prompt action in putting the island roads in good condition for the tourist season.

PLANS TO DEVELOP LOCAL INDUSTRY

Exhibit of Manufactures and Products Discussed to Aid Island Producers

Under the auspices of the Victoria Industrial Development Group a meeting will be held to-day with representatives from the different women's organizations of this city to discuss plans for an exhibition of local products in the Chamber of Commerce rooms Friday next week.

TWENTY-FIVE YEARS AGO TO-DAY

At the session of the Provincial Legislature to-day Mr. Hunter presented a petition from a number of the electors of Comox praying the Government to consider the Yukon Railway.

AIM TO ESTABLISH ORTHOPAEDIC HOME FOR B.C. CHILDREN

Women's Institutes Inaugurate Movement to Help Many Sad Cases
Initiated by the Central Park Women's Institute of Vancouver, the Women's Institutes of the province are inaugurating a movement having for its praiseworthy object the establishment of a children's orthopaedic hospital in British Columbia.

Tuberculous Spine. Three cases of crippled children brought recently to the notice of the Institute have been placed in the Vancouver General Hospital, and are being supported by the Institute. One of these cases included a little girl, who through ignorance and neglect had developed a bad case of tuberculosis of the spine. Her home was in one of the adjacent islands and her stepmother, being a member of the small Institute at that point, and knowing that the Institute programme included child welfare, assisted for help with the result that the child is now receiving surgical treatment.

Many Sad Cases. Unhappily these cases are but a few instances of the many crippled children in the scattered sections of the province who, unless properly treated, will remain incapacitated for life. To secure adequate information as to such cases, the Institutes throughout the province are being circulated with a view to securing the fullest data preliminary to the institution of a scheme of relief. The cases particularly aimed at are those of club feet, deformities following infantile paralysis; nutritional deformities such as bow legs, knock knees, etc.; tubercular conditions such as spinal disease, hip disease, and other joint affections, and congenital dislocation of the hips.

Seattle's Example. In working for their splendid goal, the Institutes have before them the example of the Children's Orthopaedic Hospital of Seattle, which was begun in 1907 with one bed in the Seattle General Hospital and has now, under the maintenance and government of the women of that city, grown to a hospital of 120 beds located in a whole block of its own. This hospital has been very generous in its offer of help to the crippled children of this province, but the Women's Institutes feel that if the women of Seattle can accomplish such an undertaking it is also within the scope and powers of the Institute women of British Columbia.

Victoria Review, W.S.A.—The regular bi-monthly meeting of Victoria Review, W.S.A., is expected in Victoria about the May 14 and will be a guest at the Empress Hotel for a few days prior to returning to her home in Ontario. Mrs. J. H. Todd, accompanied by Miss Wigley, left on this afternoon's boat for Montreal, where Mrs. Todd will visit relatives for a time. Miss Wigley will also visit Toronto, and other cities in the East before returning to Victoria at the end of June.

PREVENTION AND CURE WATCHDOG OF SAANICH I.O.N.

Coped With Outbreak of Measles; Examined W. I. Home Nursing Classes
The regular monthly meeting of the Saanich I. O. N. Board was held at the Municipal Hall, Royal Oak, on Tuesday evening, Miss K. Oldfield presiding. Miss Oldfield again drew the attention of the Board to the untidy condition of the grounds and the other matters.

Mrs. Lucas reported the month's activities as follows: District work—Patients nursed, 73; babies born, 5; Metropolitan visits to patients, 25; other patients visited, 15; home nursing and hygiene classes held, 4; examinations held, 1. School work—Schools visited, 15; visits to schools, 27; children examined, 448; children excluded, 66; referred to health officer, 18; referred to family physician, 48; referred to treatment at centre, 15; home school visits, 118; transportation service, 34; other visits, 42; health talks given, 16; little mother's league classes, 7; little mother's pupils examined, 21; number of dental notices to parents, 142.

School work being stopped owing to prevalence of measles in the district, the school nurse had devoted her time to supervising the different areas where the disease had broken out; 500 pamphlets have been distributed, and it was stated that there was no outbreak in the schools. Child welfare work—Babies registered, 141; home visits, 51. At the Health Centre—Resident patients, 8; resident patients discharged, 6; out-patients—dressings, etc., 6; consultations, 7; dental clinics—patients treated, 39; baby clinics, babies attending, 8; tonsil clinics, 1; tonsil operations, 4.

The board and staff gratefully acknowledged the donations: Mrs. MacLachlan, flowers; Mrs. McWilliam, oranges; Miss K. Oldfield, mattress, clothes, \$1 towards equipment for expectant mother; Mrs. Fryatt, eggs; Mrs. Wilkinson, preserved raspberries; Mrs. Holyoake, confecturers; Mrs. E. Watson, plants; Mrs. Straight, flowers. Mrs. Lucas made an appeal for old linen for use at the Centre.

Saanich Health Centre. Examinations in home nursing and hygiene were conducted at the Centre yesterday afternoon, when Lake Hill Women's Institute presented Mrs. Edith Douglas, Mrs. Margaret Simpson, Mrs. Lydia Winkel, Mrs. Annie Ashford, Mrs. Mabel Holyoake, Mrs. Charlotte Akerman, Mrs. Margaret Peckle, Mrs. M. M. Moore, Garden City Women's Institute presented Mrs. Elmer Fryatt, Mrs. Alice Wilkinson, Mrs. Alice Bonham, Mrs. Bella Munro, Mrs. Jessie Hall, and Strawberry Vale Women's Institute presented Mrs. Ellen Hilborne. Afternoon tea was served in the nurses' dining room, Miss Buckley and Mrs. Lucas attending to the wants of the ladies.

RESPONSE TO APPEAL FOR JUBILEE HOSPITAL W. A. DUES IS SLOW
Contrary to expectations, the 1923 dues for membership in the Women's Auxiliary to the Provincial Jubilee Hospital are coming in but slowly. The ladies in charge of the fund at the headquarters at the main door of David Spencer's, Ltd., who to-day include Miss Lettice Scott and Mrs. Verrinder, are hoping that these last few days of the campaign for new members and payment of current dues will be more successful.

Among those who paid dues or generously gave donations yesterday were the Misses Tolmie, Mr. A. Carel, donation; Mrs. Cecil French, Miss Clark, Shawanigan Lake, donation; Mrs. James Lauderdale, Mrs. Ward, Mrs. Ellison, donation; Mrs. MacHaffie, Mrs. A. E. McLean, Miss T. Barnett, Mrs. N. Yarrow, Mrs. Alice S. Painter, Miss Nicholson, Mrs. Vasson, Mrs. Gill, Mrs. A. V. Jones, Mrs. F. B. Pemberton, Mrs. J. H. Hill, and Mrs. S. F. Tolmie. Mr. and Mrs. E. A. Southworth, of Vancouver, are guests at the Empress Hotel.

TO INSTALL ELECTRIC LIGHT IN SAANICH
Gordon Head Women's Institute Secures Co-operation of School Board
The Gordon Head Women's Institute at their meeting yesterday afternoon, found gratification in the readiness of the Board of School Trustees to co-operate with the women in their effort to introduce electric lighting in the district by promising to install it in the schools. A letter thanking the board will be sent by the Institute secretary. There was considerable discussion on the proposal to drop manual training from the Saanich schools, the consensus of opinion being that such a step would be most regrettable and of a retrograde character. An interesting report of the work of the Health Centre was given, and the members will do all in their power to further the establishment of Little Mothers' Leagues in the schools. The June meeting, Peggy Institute Rev. H. T. Archbold will speak on social hygiene. Mrs. E. A. Scott, the president, was in the chair and at the close of the meeting acted as hostess with Mrs. George Watson, serving tea to the members.

WOMAN'S CANADIAN CLUB

Recital by Students of the B. C. Academy of Dramatic Art on Tuesday
The programme of the next meeting of the Women's Canadian Club will be held in the Empress Hotel on Tuesday afternoon at 2.30 will take the form of a dramatic recital by students of the B. C. Academy of Dramatic Art. Those assisting in the programme will include the Misses Muriel Elliott, Genevieve McCadyen, Muriel Bartholomew, Peggy Gourlay, Ella Pottinger, Ethel Bale, Mary Langley, Kathleen Moore, Jeanette Miller, Jeannette Corny, Ethel and Yvonne Stuart, Edith Irwin and Ruth Campbell.

Festival of Art—Tickets are already on sale for the Festival of Art which Gonzales Chapter, L.O.E., is presenting at the Royal Victoria Theatre on the evenings of May 28 and 29, and are finding a ready sale. The committee in charge of the sale of the boxes and loges report splendid success. For reservations telephone Mrs. E. G. Prior, No. 552. The following is list of the patrons: His Honor the Lieutenant-Governor and Mrs. Nichol, Premier and Mrs. Oliver Mayor and Mrs. Hayward, General and Mrs. Ross and Commander and Mrs. Beard.

C.P.R. Social—Patrons of the fortnightly dances held under the auspices of the C.P.R. Social Club will be pleased to hear that the club is putting on another dance on Thursdays evening in the ballroom of the Empress Hotel. Dancing commences at 8.30 and continues until 11.30, and the music will be furnished by Prof. Ozard and his five-piece orchestra.

On Monday evening Mrs. Ed. Hall and Mrs. L. Hatcher were joined home by a miscellaneous shower given at their home on Government Street in honor of Miss Bella Spouse, whose wedding will take place on June 1. The rooms were tastefully decorated with white lilac and blue hydrangeas, the numerous gifts being hung by blue ribbon streamers from a horse-shoe, made of white lilac, underneath which the bride and bridegroom-elect were seated. About thirty guests were present, all intimate friends of the happy couple. Games and dancing were indulged in until the early hours, music being supplied by Mr. E. A. Martin and Miss Spouse, whilst vocal solos were rendered by Miss Miller and Mrs. L. Hatcher. The gifts were numerous and useful.

On Wednesday evening the famous "14th" crew of B. A. A. assisted by a few fellow members, entertained many of their friends at a very delightful dance in the Seaman's Hall. The music being in the capable hands of Ray Kinloch's orchestra left nothing to be desired. Serenades were heard in quite a carnival appearance. A dainty supper was served in the dining room at 11 o'clock. So many flattering comments were heard that it is hoped another such enjoyable function will be held in the near future.

TITLED WOMEN SEEK PAYING GUESTS
British Society Hostesses Reduced to Straits by Hard Times
London, May 10.—One of the significant signs of the times is the number of titled women who are taking boarders because they are hard up. They are advertising for them, too, but they do not call them "boarders." They refer to them as "paying guests"—a term which, it is said, has not yet obtained currency in America. There is no real difference between "boarders" and "paying guests" except that the latter are charged more, while "paying guests" are assumed to be people of some social position. One titled lady advertises that she has a wife circle of titled people among her friends and acquaintances to whom she will introduce "paying guests" and that nobody will know they are not her own particular friends. It is added in the advertisement that "liberal terms" are "expected." "A lady of title," runs another advertisement, "will accept the chaperonage of a few young ladies of good breeding for whom she will guarantee exceptional social advantages, and will organize dances, parties and entertainments." Another advertisement runs, "A lady of title who used to entertain on a lavish scale before the war but is no longer able to indulge her fondness for hospitality on such a generous scale as formerly, will receive some highly recommended paying guests at large and magnificently furnished ancestral mansion standing in midst of beautiful and extensive estate. Only people who have been accustomed to moving in the best society will be received." Rates charged will be considerably more than a first class hotel. One advertisement that appeared recently read: "A few American young ladies whose parents can appreciate value of a refined and cultivated English accent received as paying guests by two ladies of title who will instruct them in the manners of deportment of people who move in the best English society. References exchanged."

Beauty is only skin deep—Keep the skin clean, fresh and beautiful with Lifebuoy. The smooth creamy lather of Lifebuoy wakens up the skin. Lifebuoy makes soft white hands—Fresh, wholesome bodies. Lifebuoy's health odour is delightful.

When you lie awake, think of the secret of sound sleep

Thousands of men and women toss and turn for hours every night while sleep shuns them. They give endless reasons for their wakefulness: insomnia, overwork, nervousness, worry. Because genuine sleep comfort is unknown to them, few put the blame where it belongs — on a wretched, worn-out mattress or spring. They have yet to learn the quieting effect of a luxurious bed on exhausted nerves and bodies. Such super-comfort need not be costly.

The Ostermoor Mattress

Set aside enough time today to call on your furniture dealer and examine the Ostermoor Mattress at \$30—for thirty years the greatest mattress value to be had in Canada. Compare its sleep-inviting luxury with the mattress you are now using, and decide for yourself whether health, energy and personal success are not worth the investment in Ostermoor sleep comfort. Study the whole range of Simmons mattresses, springs and beds, now offered at prices to suit any pocketbook. Simmons Red Label, Green Label, White Label mattresses cost less; each is built of sanitary new materials, and is highest possible quality at its price.

Look for the Simmons Label. Beware of imitations

PENITENT FORM CLAIMED 2,000

Out of These 1,254 Had Cards From Price Mission

According to statistics drawn up by ministers placed in charge of the work left over from the recent Rev. Dr. Price campaign, a registered total of 1,254 people came to the altar. There were many more than this, stated Rev. Dr. Sipprell in making the announcement, but they were not given cards so that a check on these persons could not be kept. Following the advice of Dr. Price for those who came to the altar to select a church of their choice, the following figures indicate the preference shown by those who came to the penitent form: Congregational 8, Lutheran 19, Reformed Episcopal 18, Nazarene 7, Salvation Army 9, Roman Catholic 28, Baptists 54, Presbyterian 195, Anglican 261, Methodist 486.

Altogether some 2,000 persons are estimated to have come to the altar in answer to Dr. Price's appeal to consecrate their lives to Christ. The Evangelist is now conducting a successful campaign in Vancouver, and many Victorians are going over for the week-end.

STAGE SERVICE IS AID TO TOURIST

Outpourings of 250 Agencies Routed Over Island Highway to Nanaimo

Commencing on Sunday week Cameron and Calwell, Limited, will open the initial run of a twice daily service in round-trips between Victoria and Nanaimo over the Island Highway. A car will leave this city at 8:45 o'clock. At the same hour another car will set out from Nanaimo. The stages will cross near Duncan and will arrive at the respective termini about the same hour.

At 2 p. m. cars will leave this city and Nanaimo simultaneously and make the same trip. Thus there will be a twice daily round trip between this city and Nanaimo over the scenic wonders of the Island Highway. The sole exception to the service is that on Sunday next only, no car will leave Nanaimo for the morning run. The service will be fully operating. The facility will be open to the public seven days a week for the balance of the year until weather makes it impossible for its continuance.

Should the service prove popular, as is confidently expected, the Nanaimo terminus may be made the base for further extension by the company which would take in the glorious lake scenery of Cameron Lake and the vicinity. At the moment local stages operated from Nanaimo will take care of all who wish to journey on to Cumberland and way points.

The full advantage of the new service is the more readily realized when it is known that the firm originating the idea is in touch with no less than 250 tourist and ticket agencies and is booked as far as July 2 with reservations for tourists from the furthest corners of the North American continent who are coming to view Vancouver Island's scenic wonders at first hand.

To The Times-to-day, Mr. Calwell outlined the project. There is a pull in the name "Malahat" which is reflected in the through bookings of it in an ideal of Cameron and Calwell to popularize the Vancouver Island lake district as fully as the Malahat is known and admired. The scenic wonders of their mountain settings are without peer. Such is the view of this progressive firm, and the Victoria-Nanaimo extension is the first step to the realization of this vision.

The service now planned has another meaning in that it is opening a large portion of Vancouver Island in the itinerary of tourists, who otherwise would stop at Victoria or at Nanaimo, as the case may be.

On this Victoria-Nanaimo double run the firm will place specially constructed Pierce Arrow and Cadillac models, each capable of carrying fifteen passengers and as much baggage as is necessary for anyone. The cars have a wheel base of 200 inches and are of easy riding quality. The cars are equipped with California type rigid tops.

FRECKLES

Don't Hide Them With a Veil: Remove Them With Othine—Double Strength

This preparation for the treatment of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee. (Adv't.)

TRUSSES

A perfect fitting truss should fit snugly and cause no pain or irritation.

If you require a truss we guarantee you a perfect fit or refund your money. Private fitting room.

Elastic Hosiery, Body Belts. We have all standard sizes in stock.

INSTALLATION OF P. O. BOXES PROCEEDS

May 15 Is Approximate Date for Inauguration of New Boxes

May 15 is the date set for the installation of the new letter boxes, which have been the gift of the Dominion Post Department to the local department. A total of 1150 new P.O. boxes arrived at the Post Office recently and the contract has been let for installation of them.

The change from the old to new boxes will cause little or no confusion whatever, it is felt by Postmaster Bishop and his assistant, who expressed their opinions before the new box system to-day. Whenever the installation of boxes takes place, queues of people will be arranged at the boxes to be removed in the old keys and receive the new ones. No difficulty will be encountered in the finding of boxes. The number will be smaller than the number of the new boxes as installed. George Gardner, assistant Postmaster, has just completed the mailing of circulars to the numerous box holders of this city, in which is stated the approximate date of installation and the new box number for the holder of each box.

The same numbers could not be retained as installation would have been much more difficult while numerically. Numerically the boxes on the top row will commence with ones and go right through until the end of the row. For instance the second 11, the third 21 and so on. The second row will adopt the same method, only will commence with twos, last numeral of every number ending in two. Each row, getting lower and lower until the bottom row is reached, will end with a new numeral. The boxes will be given out in alphabetical order so that names will not be dotted over so great an area. This latter system will greatly facilitate the sorting of mail.

It is the general policy of the Post Office to discourage the use of P.O. boxes on account of the expense and cost of repairs attached to this system. Although new boxes have been secured, the discouragement of the use of boxes will still continue, as it is assumed by no means the best method of distribution. The boxes are a different type to the ones in present use. The doors and locks being of different design.

The System. Under the new system the boxes will be arranged alphabetically and numerically. Numerically the boxes on the top row will commence with ones and go right through until the end of the row. For instance the second 11, the third 21 and so on. The second row will adopt the same method, only will commence with twos, last numeral of every number ending in two. Each row, getting lower and lower until the bottom row is reached, will end with a new numeral. The boxes will be given out in alphabetical order so that names will not be dotted over so great an area. This latter system will greatly facilitate the sorting of mail.

It is the general policy of the Post Office to discourage the use of P.O. boxes on account of the expense and cost of repairs attached to this system. Although new boxes have been secured, the discouragement of the use of boxes will still continue, as it is assumed by no means the best method of distribution. The boxes are a different type to the ones in present use. The doors and locks being of different design.

CARIBOO SHERIFF WANTED LARGE SHARE

Supreme Court Judge Makes Important Ruling on "Possession Costs"

During the hearing of the action of Li Dia, versus Chow Toy Dng and others in the Supreme Court of B.C. recently, R. R. Earle, K.C., of Ashcroft, had occasion to protest a charge made by E. S. Peters of Prince George, sheriff for the county of Cariboo. A sheriff's sale of goods and chattels ordered sold by the court totalled proceeds of \$1,395. Of this, the sheriff, it is asserted, claimed costs of \$952.75, leaving thus \$442.25 for distribution among judgment creditors to the extent of \$2,000 and in satisfaction of legal fees of counsel and others. The sheriff's judgment handed down by Mr. Justice Gregory, the possession costs of the sheriff were entered struck out, in giving the reasons for his decision, Mr. Justice Gregory says in part:

"The fees allowed by the Registrar for possession money cannot be sustained. There is nothing in the Act which justifies the sheriff when not personally in possession of goods seized making a profit on possession fees. He can only charge such possession money as he has actually paid and vouchers should be produced for such payments.

"The sheriff, as to his deputy and under deputy sheriff, as to their possession are most unsatisfactory, and, in view of their cross-examination, I am satisfied that neither of them was in actual possession of the goods excepting temporarily and it is also quite clear that neither of them expected to be paid a stipulated sum per diem together covering the whole period now claimed for. The business they were engaged upon was their usual daily work and not that of keeping possession of the goods seized.

"It would be a scandal in the administration of justice if the sheriff were allowed to charge the large sum of money he claims, (much more than the value of the goods) as possession money. There was no danger of the building or land running away, and the chattels should have been stored. See sec. 142 of County Court Act, chap. 53 R.S., B.C. 1911.

"I cannot be truthfully said in the present case that the chattels were in the custody of either of the officers named—either actual or constructive—they were far from the premises where the goods were and no one on the premises to represent them. The cross-examination shows beyond question that the statements of these gentlemen as to the building being locked all the time was quite untrue.

"Speaking generally of their affidavits they have used language from which no intelligent person could come to any other conclusion than that they were actually personally present on the premises in which the goods were stored (between them) continuously from the date of seizure to the date for which possession money is claimed. This was not the fact and they knew it and the language used cannot be justified by their interpretation of the words meaning of the word 'possession' as applied to sheriff's proceedings.

"The possession money allowed by the Registrar must be disallowed and if the parties cannot agree as to the amount to be allowed they can apply to me again upon proper evidence referred back to the Registrar if they agree. The sheriff must pay the costs of this appeal."

SCHOOL BOARD CUTS CURRENT EXPENSES

Expenses So Far This Year \$11,849 Lower Than in 1922

Drastic economies in all departments have kept public school expenses so far this year \$11,849 lower than at a corresponding time last year, the City School Board was informed last night by Trustee J. L. Beckwith, Chairman of the Finance Committee.

So far this year, Mr. Beckwith announced, the Board has spent \$172,162.27 as against \$182,951.68 at this time last year. Janitors' salaries total \$9,481.31 as against \$10,924.05 last year; light, gas, fuel, and water bills are down to \$9,122.12 as against \$10,952.38; furniture and equipment \$426.86 as against \$1,516.79; educational supplies \$1,222.94 as against \$2,484.75; sundry services \$1,997.87 as against \$2,783.64; domestic science \$284.84 as against \$698.76; technical training \$556.96 as against \$1,128.98; night schools \$159.45 as against \$228.16.

TO EXPECTANT MOTHERS

A Letter from Mrs. Smith Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Trenton, Ont.—"I am writing to you in regard to Lydia E. Pinkham's Vegetable Compound. I would not be without it. I have taken it before each of my children were born and afterwards, and find it a great help. Before my first baby was born I had shortness of breath and ringing in my ears. I felt as if I would never pull through. One day a friend of my husband told him what the Vegetable Compound had done for his wife and advised him to take a bottle home for me. After the fourth bottle I was a different woman. I have four children now, and I always find the Vegetable Compound a great help as it seems to make confinement easier. I recommend it to my friends."—Mrs. FRED H. SMITH, John St., Trenton, Ont.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers, and should be taken during the entire period. It has a general effect to strengthen and tone up the entire system, so that it may work in every respect effectually as nature intended. Thousands of women testify to this fact.

Items, and in a few, more has been spent this year than up to this time in 1922.

The Board last night authorized various repairs to city schools. The largest item was for \$1,000 for the installation of sanitary equipment at the North Ward School. The total cost of the repairs authorized will be about \$4,600.

Fire alarm systems in a number of city schools are defective, according to Fire Chief Vernon Stewart, Trustee P. H. Brown told the Board. He said that the Chief planned to make a report on this matter soon. A new alarm system will be installed immediately in the Boys' Central School.

INSURANCE MEN COMING

Officials of the Dominion of Canada Guarantee and Accident Insurance Company, Toronto, including Col. A. E. Gooderham, President; C.

A. Withers, General Manager, Toronto; C. H. Macaulay, and J. Cecil Stuart, of Vancouver, are expected in the city on a visit on Saturday next.

PHARMACY EXAMINATION

At the semi-annual council meeting of the Pharmaceutical Association of British Columbia, held yesterday in the Chamber of Commerce rooms, Registrar Joseph H. Emery presented the report of the Board of Examiners, as submitted by the chairman of the Board, John Cochran, for the final endorsement of the council. The report was received and adopted by the council. Local candidates successful included: Minor examinations (qualification, certified clerk), Bernard Gough, 377 (W. S. Terry, Victoria).

Jazz

music while you travel

Only by the travel-by-water way can you enjoy the delights of dancing while traveling. The Admiral Line coastwise liners, "H.F. Alexander," "Dorothy Alexander" and "Ruth Alexander," carry splendid jazz orchestras and the after-dinner dances and masquerades staged on shipboard are but one of the many distinctive features that make ocean travel different.

Regular service, frequent sailings, low one-way and round-trip fares between Seattle, Tacoma, Victoria, Vancouver, Portland, San Francisco, Los Angeles and San Diego.

BUY SCHOONER TO REPLACE VESSEL LOST OFF COAST

Lewers & Cooke, Owners of Robert Lewers, Wrecked, Purchase Commodore

Seattle, May 10.—Lewers and Cooke, who have been shipping lumber from Puget Sound to Hawaii for more than thirty years, today concluded negotiations to buy the schooner Commodore to replace the schooner Robert Lewers, which was lost six weeks ago off the West Coast of Vancouver Island.

To obviate confusion that has occasionally led to travelers missing trans-Pacific boats here, the Seattle Port Commission today named its terminals at Smith Cove piers 40 and 41. These were formerly designated Smith Cove piers A and B.

The transportation season to the Kuskoquim district in Alaska will be initiated with the departure from here Monday of the motor schooner Caroline Frances, owned by the Western Whaling and Trading Company.

J. J. Burnside, agent here for the White Pass and Yukon Railroad, announced today that freight would be booked for Yukon River points, including Rampart and Eagle, beginning Tuesday.

NEWS IN BRIEF

The adjourned annual meeting of the Victoria and district branch of the Red Cross Society will be held to-morrow afternoon at 2.30 in the headquarters, Belmont Building.

Those interested in the course of lectures which Miss Olive Snyder has been giving before the Friendly Help Association are reminded that the last of the series will be given to-morrow afternoon in the Friendly Help rooms, Market Building, at 2.30. All members are urged to attend.

Florence Nightingale Chapter.—Members of the Florence Nightingale Chapter, E. D. P. Simpson are requested to donate refreshments for the tea at the Jubilee Hospital on Saturday afternoon in connection with the celebration of National Hospital Day.

To Hold Quilting Bee.—The Victoria Women's Institute will hold a quilting bee in their rooms, Surrey Block, Yates Street, on Friday at 2.30 p.m. All members and friends are invited. Tea will be served, tea cups read and music will enliven the proceedings, so a pleasant afternoon is promised to all who attend.

The co-operation of all local singers is desired in connection with the Maytime Frolic pageant. Ladies and gentlemen who wish to take part in the song programme of this event at Beacon Hill are requested to communicate with Mrs. Rabourne, by telephoning 5767R. Rehearsals will be held at the Central School next Wednesday, Saturday and Tuesday, following.

Minor cuts and a severe shaking were sustained by William Carter, an elderly employee of the Cameron Lumber Company, when he fell from a ladder at that mill yesterday. Constable Shakespeare, of the city police, rendered first aid and took the injured man home in the police ambulance. Despite his age, seventy-six, Mr. Carter escaped practically unhurt.

In a short session of the Spanish police court yesterday afternoon at 11 o'clock, O. J. Simpson was fined \$20 for speeding. S. Sweney, charged with driving to the common danger, was remanded for hearing. Harkin Singh, charged with carrying cattle to lotter on the highway, was remanded for hearing. Ah Wing and A. V. Sowrey were each fined \$5 for light infractions of the regulations.

The organizing committee of the Victoria branch of France-Canada will be held to-morrow at 8 p.m. in the Victoria College. This organization has for its primary aim the development of intellectual, economic, artistic, political and personal relations between Canada and France.

The renovation fund of St. Mark's Church will benefit considerably as the result of the very enjoyable concert given in the Parish Hall last evening. An appreciative audience thoroughly enjoyed the production of Plotow's opera, "Martha," directed by J. Hinton, who also carried the role of accompanist with marked success. Singing of a high standard made the performance a notable one.

Columbia W. A.—The Columbia Diocesan Women's Auxiliary Board at its executive meeting yesterday afternoon made plans for the May meeting to be held at Colwood on Friday, May 18, by kind invitation of the Auxiliary there. A paper by Mrs. Luxton will be one of the special items on the programme. The meeting will commence at 11 a.m. and arrangements are being made for a talyho, leaving 906 Government Street at 10 a.m., to convey members of all parochial branches who wish to attend. Admission will be by ticket only, and those members wishing to attend must procure their tickets not later than Tuesday night, by application to the secretary, phone 7759L.

The supper and entertainment given last evening in the Sunday Schoolroom of St. Columba Church, Oak Bay, under the auspices of the Ladies' Aid Society was a great success from the viewpoint of both the guests and hostesses. The tables which were prettily decorated with broom and accommodated sixty at one sitting were filled from the opening hour at 6 o'clock until the commencement of the programme at 8. From the expressions heard the ladies will have no difficulty in raising, during 1923, their objective of \$1,000 to be applied towards paying off the church mortgage. The programme was greatly enjoyed by the following artists contributing: Miss Moggy, Mr. Lock, Mrs. Andrew, Miss Grace, Miss Jean, Miss Adam, Jack Adam, Mrs. Boulton accompanist.

Will Enter Boat.—The Women's Progressive Conservative Club held a most successful silver tea yesterday afternoon at the Balmoral Hotel by kind permission of Miss Tully. The drawing room was prettily arranged with Spring flowers. Mrs. Frank Marshall and Mrs. Beane were the winners of the card games. The musical programme included numbers by Mrs. A. W. Stokes, Mrs. Styles Sobel, Mrs. McDonagh, Mrs. F. W. L. Moore, with Mrs. Duval and Mrs. L. C. U. Smith as accompanists. Mrs. Brown and Mrs. Barkley gave

Our Sale Continues Macey-Abell Co., Ltd. 617-619 View Street

for the complexion Cypress-Kowles Bowers' Buttermilk Toilet Lotion for sunburn, chapped hands or after shaving.

PAID FINE IN COPPERS

Rendered stoical by many years of giving change for offenders who pay fines into court, Constable Andrew Wood received the surprise of his life to-day when a paper bag with 500 coppers in it was placed in his hands as satisfaction for a \$5 fine. C. Hiras, a baker of this city, had been fined for failure to anchor his horse and rig when the same was unguarded, and explained that he had just completed his collection.

PUBLIC TO VIEW NEW HOSPITAL WING

Saturday's Programme Is Preliminary to Further Campaign Next Month For the first time since building operations were commenced, the general public will be permitted to inspect the new wing of the Provincial Jubilee Hospital on Saturday afternoon from 2 until 4 o'clock, when supervisors and pupil nurses will act as clerks. The Board of Directors are hoping that the public will take advantage of this opportunity to view the hospital and so acquaint themselves with its needs in readiness for the campaign which is to be staged at the end of June or July to raise the additional funds necessary to complete the building.

The opening of the wing to inspection will be but one feature of the programme arranged in connection with National Hospital Day which is being held simultaneously throughout Canada and the United States. Another feature will be the showing of a series of excellent slides depicting the history of nursing, while from 4 until 5 p.m. there will be a demonstration of nursing in the operating theatre. This will include bed-making by Agnes Kingham—Class 1924; the making of a mustard plaster by Helen McQueen of Class 1924; assisted nursing by Mary Purdy of Class 1924; band, hand and eye bandage by Mabel Head of Class 1924, and eye compress by Cora Shaw of Class 1925.

ADDITIONAL QUEENS IN MAYTIME COURT

Interest in Contest Is Stimulated So well sustained has been the interest in the May Queen contest that the rural districts association to the court circle for the Maytime throne.

Exclusively for the benefit of those living in the districts west of the city have been added a Queen of the Forest, a Queen of Agriculture, and a Queen of the Straits. This, it is felt, will provide an outlet for the energy of those outside the city who are taking in the contest, but whose candidature has no official recognition by the committee. The names of the candidates as stated by the committee upon returns received at noon to-day follow: City of Victoria .. 165,000 City of Nanaimo .. 148,800 Royal Canadian Navy .. 106,800 C. P. R. .. 65,500 U. S. R. .. 54,600 City Hall .. 49,700 Rotary Club .. 48,000 Kumtux .. 41,800 B. Fair Company .. 34,800 Ex-Service Men .. 29,400 Gyro Club .. 25,000 Stevenson's .. 20,750 Canadian Medical .. 9,500 The total sale of tickets has now reached a value of \$7,975 contributed to the fund. This sum of \$4,000 was looked for from this source, and has been much exceeded. The committee are enthusiastic in their praise for the untiring effort of managers and candidates who have achieved this result.

METHODISTS IN SESSION

In view of the approaching conference of the British Columbia Methodist churches to be held at the Queen's Avenue church, New Westminster, shortly, the annual Victoria District meeting of the Methodist Church was held at the Metropolitan Church this morning, commencing at ten o'clock. Before all business in connection with the district meeting was concluded, all reports indicated that considerable progress had been made by the Methodist churches of this city and district during the past year.

COURT HOUSE CROWDED

A short list of Supreme Court applications was heard before Chief Justice Hunter in chambers this morning. Chambers were held in the County Court room, every other available space in the building being already occupied. In the Supreme Court room proper the Assize trial was in session, while in the Appeal Court room the grand jury were in session. W. J. Taylor, K.C., on behalf of the plaintiff, moved for a discharge of his client, who was appointed authorized trustee in connection with Griffiths & Hughes, in bankruptcy proceedings. The motion was granted.

HOUSES ENDANGERED

A serious fire broke out at the residence of Thomas Brookler, 657 Monterey Avenue, Oak Bay, at 11.57 o'clock to-day. Residents of nearby houses were warned to stand to, as there was some danger of the blaze spreading. Firemen fought the flames, which obtained an obstinate hold on the premises.

NOVEL ATTITUDE

"Did you inform father that you intend to marry me?" asked the girl. "Yes," answered the young man. "All he said was that he wasn't very well acquainted with me, and he didn't see why I should tell him my troubles."

"VISION OF SIR LAUNFAL" HERE

Arion Club Presents Notable Musical Offering

Whenever the Arion Club (male voices) appears in concert that is sure to be a large gathering of people. This was again evinced last evening at the First Presbyterian Church when this veteran organization gave its last concert of the season before a large audience. The occasion witnessed two interesting events, one of which was the inclusion in the well-selected programme of some numbers, including Charles Wakefield Cadman's "Vision of Sir Launfal," which has already called forth over observation in our columns and the other was the re-engagement of the gifted soprano, Lillian Wilson, of Vancouver.

There is never a doubt of the carefully rehearsed preparations of this body of singers—among whom are many of the city's well-known soloists—and particularly noticeable was this throughout the evening in all that was accomplished. The programme was divided into two parts, in the first of which there were five numbers, opening with the "Prayer of Thanksgiving," an ancient folk song of the Netherlands. The voices in unison, in this was a happy augury of all that followed. The splendid gradation of vocal volume from the pianissimo of the first to the double forte of the last verse was perfect in effect and rendition.

"Matona Lovely Maiden" (Orlando di Lasso 1632-194), unaccompanied, was admirable in its execution and precision, as was also the difficult and more robust "Olaf Trygvason" (Reisiger), in which expression and dynamic effects of the music were a repetition being demanded. "Sylvia" (Oley Speaks), in expression and ensemble, was another example of the capabilities of these accomplished singers.

"Vision of Sir Launfal," the cantata, "The Vision of Sir Launfal," occupied the second half of the programme; the rendering of which made a deep impression, and its interpretation, and in the excellent chorus singing throughout, the hon. chorus singing throughout, the hon. conductor, Howard Russell, me with high commendations from those present at its conclusion. The tenor solos in this were sung by Miss Wilson in the second half of the program, while the baritone part was in the capable hands of H. C. Gunson, a member of the club, whose pleasing voice gave much delight. The organ and piano accompaniment to the work were played by Alfred Gurney and the club's accompanist, E. Holway, with skill and discernment.

DEAR QUANTON TO ADDRESS MEMBERS

Some 150 Directors and Representatives Expected to Attend Arrangements for the annual meeting of the Young Men's Christian Association are nearing completion. The meeting itself will take the form of a directors' and representatives' supper, at which Dean Quanton will be the speaker.

GOES TO HOSPITAL

Major George W. Nicholson, of Sooke Harbor, was admitted to the Jubilee Hospital here to-day for an operation as the result of wounds sustained during the late war.

MRS. HERD HONORED

Presentation Made to Honorary President of Young Ladies' Liberal Club The dance given by the young lady Liberals in the Liberal headquarters last night was well attended, the rooms being taxed to capacity. Zala's orchestra provided the music and refreshments were served under the supervision of Mr. R. Berry and Mrs. J. Pilgrim. During the evening a presentation of an umbrella and bouquet of flowers was made to Mrs. M. Herd, the honorary president of the club. The presentation was made by F. R. Carlow, president of the Liberal Association, on behalf of the officers and members of the young ladies' club.

ADDRESSED GIRLS

Special to The Times Langford Mrs. Carlow, superintending the Diocesan Board of the Junior W. A., visited Langford on Monday afternoon, and addressed thirty-two girls and juniors of the local branches, giving a very interesting talk on the work of the Diocesan Board, and issuing a very cordial invitation to all present to attend the annual gathering of Victoria girls and juniors on Saturday next. Officers of the local senior branch were present to welcome the visitors, who expressed themselves as having enjoyed her visit very much.

Vote for Miss Victoria Irene Arnall

Hudson's Bay Employees' Candidate for Queen of the Victoria Maytime Frolic.

Among the Haidas of the Queen Charlotte Islands

(By THOR DEASY)

One is tempted, at times, to direct the attention of those who are seeking health, wealth and recreation to their own "homeland," of which they know so little, and appear to care less.

The idea appears to govern many, that we live on a group of islands, away out in the Pacific Ocean, storm-bound and isolated — among the original aborigines—who are considered homeless nomads, wandering over the land and water, in cedar canoes, gathering "clams" and "fish" with which to eke out a bare livelihood.

There also appears to be many, old residents of this province, who know no more of the country in which they live, than the environment of the large cities, where day after day, month after month, and year after year, they are real "Cave Men," seeing nothing, and caring less of things outside their business houses and homes. When we tell them of the natural resources, of the wealth, and of the beauty of their surroundings, they are lost in amazement, or they place one in the category with the recount of "fairy tales."

Steamer Visitors.

It has been the good fortune of a few residents of this province to visit the Queen Charlotte Islands, during the summer months. They have called here, on a steamer which "pokes into" the harbors fortnightly, with a number of loggers, millmen, fishermen, freight and mail, and "pulls out" again without seeing anything of the beauties surrounding them. The "giant spruce trees" were a farewell; the "rollers" wave their handkerchiefs, as they pass; the few "settlers" gather on the wharves to bid them "welcome"—and at the same time—"goodbye," and they return to the cities and speak of the "isolation" and of the "benighted foreigners and Indians" out there in the ocean-vertible "Robinson Crusoes."

"Such is life, in the Far West!" In our day we let Oregon and Washington go—for the season that " trout did not rise to the fly of some visitor from the 'Old Country.'" San Juan Island, right across from your city, also went to a foreign country, at the behest of a German Kaiser. The great Alaska territory was bought, right under our noses, by the United States. The whole country around us, was once given to a "Company of Adventurers," from whom we were compelled to repurchase it; and we cared so little for our heritage that it is a wonder we have any left.

Making the Best.

However, we must make the best, of what we have, and it is time we started to appreciate the fact that we still have the richest and the best province in the whole Dominion. The outlying territory is filled with natural resources, found in no other country on earth. If we are content to sit idly by and allow others

to come along and "gobble up" what is before our eyes, the fault will be our own. The only known resources of our islands, now being developed, are our "timber" and our "fish." Is it generally known that the "Giant Spruce," and other timber of our islands cannot be excelled in any country? It is understood that, at certain seasons, millions of salmon actually "rot" on our shores. Are our people aware that the greatest "halibut fisheries" on this coast are off our shores? Has any determined effort ever been made to open up the mineral resources known to exist, where gold was first discovered in this country?

Let any person take the map of British Columbia, and trace thereon the group of islands, eighty-five miles from the terminus of a transcontinental railway, and note the distance between the "Orient" and British Columbia. Let any visitor also note the twenty hours of daylight enjoyed during the Summer months, by residents of the islands. Trace the "Japan Current," and see where the most equable climate in the Dominion of Canada is to be found during the Summer and Winter months. Compare the natural scenery of the islands with Los Angeles and Alaska, and wonder why "tourists" keep "wandering" from one place to the other? Ascertain the death rate in the various countries, and learn that here is a portion of this Province where disease and death are not ravaging the population, due to the fact that sunshine and recreation are valuable to recuperate the tired and worn-out human form of the individuals, who consider that wealth must sometime or other give place to rebuilding of the tired-out city dweller.

Not Mercenary

We are not boosting these islands for any mercenary purpose. We are not inviting "settlers" to take up residence and to take up pre-emptions or farms. It would be useless to ask those seeking employment to visit a country where there is little work. There is no destitution or "dole giving" in this portion of the country, isolated through lack of transportation; but we would say that "capital" is being invested, and many men are being employed on the timber lands along our shores. The "Los Angeles Products Company" with \$5,000,000 and the "Pulp Mills Companies" have many men busily engaged in removing the "spruce" which will add to the wealth of the Government, and aid in furnishing revenue from a portion of the Province which has been an "asset" for many years to the extent of millions of dollars. Timber may not be a "poor man's proposition," but employment is given to a large number of men at fair wages.

When we speak of the "fisheries" it might be well at this season to show where opportunities exist for men with small capital, to make good living and to take up homes. Along the shores of these islands are

Will Be Feature of Final Festivities of Maytime Frolic: Fort at Gorge for Elks' Night Attack Spectacle

open stretches of land above high water mark. With a few acres of land; with a gasoline launch; with a home built, there is no reason why any man, able and willing to work, could not be independent. Where Indians make from five hundred to one thousand dollars a year trolling for salmon, any white fisherman should be able to make a comfortable living. From eight to ten cents per pound is paid for "Spring Salmon" on the fishing grounds within a few miles of the shore line. I have seen Indians and whites catching from ten to twenty large salmon in a day, each weighing from twenty to sixty pounds. This manner of fishing has been indulged in for over thirteen years to my knowledge, and each year has been profitable. Before and after the fishing season the "fisherman" has the opportunity of raising all manner of vegetables for home use. There is room for colonies of fishermen along the shores for hundreds of miles. Halibut may be taken outside any of the bays at any season of the year. Other fish may be caught in abundance. In fact cod and other species are thrown away by the fishermen.

Camping Grounds

We have seen people desiring recreation who come to the islands with their launches, making money during their summer vacation. There are good camping grounds in all directions. Water is plentiful for drinking purposes and we are free from wild beasts and reptiles. Whole families camp while the fishing is going on and enjoy the Summer outing, the "trollers" making money in the meantime. There is no necessity for daylight saving where we have twenty hours of daylight, in June. The traveling "tourist" may also enjoy a trip through the islands on the Canadian National Steamship. Leaving Vancouver the boat travels along the coast, threading in-between islands almost the whole of the journey, calling at the homes of the residents, the camps, mills, canneries, and the two large towns of the Haida Indians. This "tourist" route was placed on the schedule last year and was enjoyed by a number of people. There are good hotels at the towns, such as Massett, Queen Charlotte, Port Clements and other places where people remain until the following trip. The opportunities

for visiting the sandy beaches with the paths and trails through the woods; with the chance of fishing in the streams and of hunting the geese and ducks, give pastime that cannot be excelled. There is no doubt that in the future the long peninsula, at the entrance to Massett Inlet, will have a large tourist hotel for Summer visitors. It is cleared for miles and level with beaches and drives, surrounded by shrubs and trees, where wild flowers grow in profusion.

One of the strange peculiarities of the islands is the fact that geese and other wild birds remain the year round. It has been usual for the birds to travel towards the South in the Fall; but the geese appear to gather on the Queen Charlotte Islands at the time they are migrating from many places hundreds of

HAIDA INDIANS AT MASSETT

miles to the South. Another remarkable feature is the absence of wild animals found in other parts of the Province, such as wolves, panthers and bear, other than the harmless "black bear." The many thousands of acres of unoccupied land on the various islands would support all manner of animals, such as reindeer, moose and fawns, including mountain sheep and goats. Graham and Moresby Islands would make the greatest of game preserves, where thousands of animals might be turned loose, freed from molestation from wild animals which feed on their kind. The few deer put on the islands by the Provincial Government are so tame they come to the doors of the settlers, and they are multiplying; but it would take a great many years to expect a few deer to multiply sufficiently to afford food for the hunter and settler.

Mineral Resources.

In the course of time prospectors will go into the interior of the islands and along the coast line, seeking the minerals and oil, of which there are abundant traces in all directions. It is safe to assert that the best indication of "petroleum beds" are to be found in the interior of Graham and Moresby Islands. The many beautiful lakes are still as they were before the "white man" occupied the territory. No one lives along the shores of the lakes which are many miles in extent, and in which trout have been multiplying for generations. The whole of the west coast of the island, the largest of the group, is uninhabited by whites or Indians. A number of settlers live along the east coast of Graham Island, and at "Sandhill" on Moresby Island. At "Tel-el" River many people from Prince Rupert spent their Summer vacation fishing and bathing. Another half-century will show the same improvement, remarked by the writer, when Vancouver Island was in its infancy. These islands resemble Vancouver Island in many particulars. They have the advantage of the "Japan Current" and the "southeasterly winds" from far across the Pacific Ocean, which creates a mild climate during the Winter months and a cool Summer. As a place in which to spend the long Summer days, either in recreation, or in employment, otherwise the Queen Charlotte Islands will compare with the Summer resorts along the Pacific Coast most favorably.

PERAMBULATOR RACE LEADS TO COURT

Brighton, Eng., May 10.—A sequel to the perambulator race of April 10, in which half a dozen mothers trundled their babies from London to Brighton, a distance of about fifty miles, occurred here yesterday when Mrs. Edwards, of Manchester, one of the contestants, was committed for trial. She is charged with wilfully ill-treating, neglecting and exposing her baby in a manner likely to cause it unnecessary suffering and injury to its health. Edwards is charged with aiding and abetting his wife.

COST OF LIVING.

Ottawa, May 10.—The average cost of the weekly budget for a family of five in Canadian cities was \$10.84 at the beginning of April, as against \$10.78 at the beginning of March. The budget covers twenty-nine staple foods at average prices in sixty cities. The same foods in April a year ago cost \$10.88, as against \$7.41 in April, 1914, and \$16.92 in June, 1920.

QUEENS' CROWNING TO BE IMPRESSIVE

Artistic and Elaborate Arrangements Are Made for Celebration Day

On the morning of May 24 the coronation of the May Queens will take place outside the Parliament Buildings. The queens will arrive from Esquimalt on naval ships, and land from twelve-oar cutters at the float on the Belleville Street embankment at nine-thirty o'clock. Mayor Hayward will present the keys of the city to each of the queens, and accompanied by a guard of honor from the navy yard will meet them at the landing place. The queens will then proceed to the statue of Queen Victoria in the Parliament Buildings grounds, deposit their bouquets, and continue to the scene of coronation, followed by their maids of honor, who will bear the crowns on cushions. Robert R. Webb will officiate as announcer. When the name of the queen is called by him, the yet uncrowned ruler of the May will mount the steps and be introduced to the Lieutenant-Governor by Mayor Hayward. Taking her place upon the throne she will be crowned there-with. The military guard of honor which will be in attendance will present arms as she arises. The queen of the Frolic will be the last to be crowned and she will remain seated on the throne until an address has been delivered. Immediately after the coronation ceremony, the queens, along with the Lieut.-Governor and Mayor Hayward will inspect the guard, and then hasten to their respective floats in preparation for the parade which will begin at ten-thirty. These are the arrangements as they have been decided upon up to the present. In all probability they will not be changed.

VISITORS WILL BE WELCOMED MAY 24

Frolic Reception Committee Is Extending Warm Greeting To All

The reception committee for the Maytime Frolic is making complete plans for the welcoming of visitors to this city during the May Day celebrations. Under the chairmanship of Frank Sahl yesterday the first meeting of this committee was called. It decided to augment their numbers and call in representatives from service clubs, ex-service organizations, fraternal bodies, the Union and Pacific Clubs. They intend to have members of the committee meet every boat and ferry and train for the purpose of welcoming the visitors. It was suggested that the visitors be supplied with souvenirs of some sort, possibly in the shape of some little remembrance like the Buffalo charms issued some time ago by the Victoria and Island Development Association. The committee has asked for suggestions.

RECEPTION COMMITTEE TO MEET VISITORS

The decision was arrived at following a meeting of the reception committee under the chairmanship of Frank Sahl held yesterday that a delegation of representatives from the various organizations in Victoria

meet the boats coming here during the Maytime Frolic celebration days and a welcome given to all visitors. Souvenirs should be given to them also, it was thought by those present. The committee also decided to increase its numbers by inviting the Mayor and aldermen to join them, together with representatives from all the service, army and navy clubs and the Pacific and Union Clubs. The committee will meet again on Monday, it was announced.

How Much Silverware?

To have too much may be an extravagance. But to have too little is certain to lead to annoyance and inconvenience.

The sensible thing is to have enough 1847 Rogers Bros. Silverplate for your every-day use and for entertaining. Then you won't have to make serving pieces do a double duty, or to wash knives and forks and spoons before another course can be served.

In "1847 Rogers Bros." you can purchase most reasonably the things you need. A set of six tea spoons, for instance, in the graceful Ambassador or any other 1847 Rogers Bros. pattern costs only \$3.75. Other pieces—salad forks, dessert spoons, ice cream forks and serving pieces—are priced as sensibly. Yet it will be a lasting satisfaction to own silverware like "1847 Rogers Bros." In beauty, durability and guarantee it leaves nothing to be desired.

Buy to-day those pieces you need to-day. Add to them on a future occasion. Your dealer will be glad to show you the newer 1847 Rogers Bros. patterns, which he always has in stock.

Send for "How Much Silverware," a new booklet which is a faithful guide to reasonable silverware purchases for families large and small.

Avoid Motor Oils

containing paraffin, asphalt or any other non-lubricating substance. Aristo Oil is refined by the most advanced processes, designed to remove everything in the crude which has no lubricating value.

Fluffy Not Flint-Like "Carbon"

All motor oils deposit some carbonaceous residue called "carbon," as all makers of oils know.

But different oils deposit different kinds of "carbon." A hard, gritty, flint-like "carbon"—hard enough to score your cylinders and scratch pistons, rings and bearings—causes these four motor troubles which you can eliminate.

Due to the abrasive action of this flint-like "carbon," cylinders and pistons are scratched and worn.

Parts of this hard "carbon" become incandescent and cause premature firing—pre-ignition results in "knocking."

Spark plugs become coated with the hard "carbon." Thus the spark plug is short-circuited and the motor misses.

The gritty accumulation around the valves prevents proper seating, so a loss of compression results.

You avoid such troubles by using an oil which leaves a soft, fluffy residue instead of the flint-like kind.

Fluffy, Light, Non-Clinging

Aristo Motor Oil leaves but a little—half to a third as much of this other kind of residue.

Soft and fluffy, most of it blows out with the exhaust. It has less tendency to cling than hard "carbon."

It is softer than cylinders, pistons, rings and valves so cannot score or wear them.

It doesn't become incandescent. Ends the missing.

No grit around the valves so compression isn't lost.

Motors run thousands of miles farther without cleaning. You save expense.

Made by the lubrication engineers and specialists of the Union Oil Company, equipped with every facility for the most exhaustive research, this oil is a pure, sure lubricant as fine as knowledge and experience can make.

Famous race drivers have tested it under conditions more severe than any that your car will ever know.

End "carbon" troubles with it. Have a smoother-running, longer-lasting car.

For sale at all first-class garages and service stations.

THE TIMES DAILY PICTURE PAGE

While the wealthy shop keepers, manufacturers and trust magnates of Germany are squandering their millions in wine rooms and cabarets in a wild orgy of spending, the humbler workers are struggling hard to make a living. Picture shows an old German woman working in the fields, trying to help her son eke out a living.

M. Bapt
"ringmaster" of the fleet of five French aeroplanes now attempting a flight around the world.

The F-5-L, former army bomber converted into a seaplane, was forced to land off Coney Island, New York, in the night. Robert Dewey, a relative of the famous admiral, was pilot of the plane. He swam a half mile to shore for aid. Here are shown the plane and four of the survivors (left to right) Eugene Rhodes, Mrs. Muriel Boggs, of Detroit, only woman passenger, Dewey and Joseph S. Haeb.

Hit in Italy

Singing the leading role in "La Traviata," Ida Sylvania, American girl, shown here, is sweeping everything before her in a concert tour of Europe.

Mrs. Eugene Criqui recently arrived from Paris to see her husband, featherweight champion of Europe, fight Johnny Kilbane for the world title. Here Mrs. Criqui hands her spouse a wicked one on the jaw at his training quarters at Manhasset, Long Island. Maybe you don't believe she's his sparring partner, but it makes a good picture, anyway.

Miss Coralea Ramey
nurse of St. Mary's Hospital, Athens, Ga., who is in New York to testify in the investigation into the escape of Gerald Chapman, "master mind" in the million-dollar mail robbery.

The two-mile relay team of Oxford University, recently arrived in America, is training at Franklin Field, Philadelphia, for the University of Pennsylvania relay carnival. Left to right, Miller, Morgan, Hewetson, Captain Milligan, Stevenson and Renwick. Stevenson is a former Princeton track star.

Prominent Figures in the Ontario election campaign: R. R. Hall (left), Liberal member for Parry Sound; R. M. Warren (right), U. F. O. member for North Renfrew.

It isn't every river that can boast oarswomen. If you stroll along the Schuylkill at Philadelphia you would very likely see Miss Ruth Sharpless and other girls out in single shells.

Mrs. Virginia Foster Jorin
formerly of St. Louis, whose husband, Julio Gabriele de Forzano Y. Jorin, has sued Warren McConihe, New York attorney, for \$500,000, charging alienation of affections.

John Hecht, of Brooklyn, N. Y., was driving his flivver sedan peacefully along the street when—crash! This tree suddenly snapped and fell upon the car. Hecht's escape seemed miraculous since he was directly under the tree.

This vest-pocket size movie camera holds 81 feet of film. Miss Rose Sturz is exhibiting it at the International Photographic Arts Exposition in New York City.

Los Angeles handits abandoned their car and left this little spaniel to guard it. He stayed by the wheel five nights and days without food or water. Finally police took the car and one of the officers adopted its guardian.

HOW TO GIVE A PARTY FOR YOUR BOY

The general conception of Greenwich Village inhabitants is that they are a lot of studios, garret-dwelling artists, authors and actors. But here's a glimpse of what the Playboys Ball will be like. Miss Nadya Ben-Dror (left) as a South-American maiden, and Miss Peggy Martin, as King Tut's sister.

This 75-ton whale, towed into harbor at Biloxi, Miss., was the subject of one of the most unusual cases in American legal history. T. J. Desportes brought the whale into port for exhibition after tourists had sighted it. Rojelio Lopez, of New Orleans, obtained a writ of replevin, saying he saw it first. When the defendants gave no bond, U. S. Marshall J. C. Tyler offered it for sale to the highest bidder, because it was "perishable goods." The whale is the first ever exhibited on the Gulf of Mexico.

ATES NEWS OF THE MARKETS

SUGARLESS DAY IS WINNIPEG PLAN

Winnipeg, May 10.—Women's organizations throughout Canada have been asked to co-operate with the Women's Labor League of Winnipeg in instituting a national "sugarless day" as an initial effort to give effect to the boycott being organized against the recent price increase of the commodity. Telegrams have been sent to organizations from coast to coast and Mrs. Armstrong, president of the League, said today that if support is given by the cities, the Dominion-wide day protest against high prices will be launched next week.

WOOL IN LONDON.
London, May 10.—The offerings at the wool auction sales yesterday amounted to 13,223 bales. There was a full attendance and the market brought full recent rates, while other wools of inferior quality were irregular and there were frequent withdrawals.

MAYNARD & SONS AUCTIONEERS

STOCK MARKET

New York, May 10.—Strength in isolated quarters and in some specialties was the outstanding feature of the day's turnover in the stock market. A continuation of the covering movement was in evidence in sections of the list and this class of buying seemed to be mainly responsive for the display of strength. Considerable selling was likewise observable in some of the steel issues. The unfilled tonnage statement of the Steel Corporation for April showing a decrease of about 115,000 tons, as compared with the preceding month, made an unfavorable impression on sentiment and gave tangible evidence of the slowing up which has been in process in many lines of endeavor during the last week or so.

American Locomotive was a strong spot on the afternoon of an increase of dividend rate and the intention of the company to split up the shares of the common stock. California Petroleum and Pan American were in urgent demand. Commodity prices in many instances continued to display an easy trend.

FISHING CRAFT

French Cruiser Brings Seven Survivors to Halifax

Halifax, May 10.—Further losses to the French fishing fleet on the Grand Banks and consequent terrible sufferings among those who man the vessels were reported on the arrival here of the French cruiser Regulus with seven survivors of disasters, several of whom have been placed in hospitals for treatment, suffering from frost bites and exhaustion.

The France and Bretagne, a St. Malo schooner, went down about two weeks ago when she struck an iceberg. Five of the survivors of the schooner were picked up by the Regulus. What happened to the others has not been reported.

Charles Bridgen's case occupied the attention of the court for a few minutes this morning. He is charged with theft of letters from the mails when he was a sort of unpaid letter at the Victoria post office. The case was partly heard at last term of court and was then withdrawn from the jury and put over until the present term. An application was made to amend the indictment but the defence objected vigorously and the court refused to grant the amendment.

This morning presented another indictment to the grand jury covering other letters alleged to have been stolen.

An indictment for stealing, otherwise highway robbery, was presented for consideration by the grand jury against Herbert Burton, who is charged along with Ronald Smith with the murder of Ernest Lionel Lovejoy.

His Lordship pointed out to the grand jury that they were at liberty to inspect all public buildings and records upon request. They could take a look

DETAILS OF COMBINES BILL ARE DEBATED

Commons in Committee Approves Two-thirds of Clauses

Ottawa, Ont., May 10.—The House spent yesterday's sitting in committee stage of the Combines Bill. Clause after clause was reported and adjournment about two-thirds of the clauses had been passed. On clause 19, which provides for the appointment of a registrar, P. F. Casgrain, Liberal Charlevoix-Montpierre, said the man chosen for this post should be a lawyer of at least ten years' experience. There were cries of dissent from various parts of the chamber and the Premier said he thought it would be wise to leave to the discretion of the Governor-in-Council. The clause then carried. There was a brief sharp passage between Mr. Hoeg and Mr. Meighen, Conservative Leader, and Hon. James Murdock, Minister of Labor. It came over appointments by the former Government. "I don't think we ever made a greater mistake than when we appointed my honorable friend," Mr. King said, "with reference to the appointment of Mr. Murdock as a member of the old Board of Commerce."

REGISTRAR POWER TO CALL FOR PRODUCTION OF DOCUMENTS UNDER OATH

Mr. King reiterated that it would be necessary to give power to the Registrar to obtain sufficient information on which to base his judgment whether an inquiry was necessary. Answering Mr. Meighen, he said it was proposed to conduct the proceedings in private. The clause carried.

Beat Men

Clause 10, providing for the appointment of commissioners, prompted Mr. Casgrain to suggest that the men appointed to these posts should be limited to members of the legal profession. There might be cases where the services of a man familiar with industry would be much more valuable. Mr. Meighen asked if the Registrar should be a "creature of the Government," subject to dismissal by the Government. Mr. King said he did not think the expression "creature of the Government" was applicable. The Government would try to appoint men in which the public had confidence and who were qualified to do the work. The Premier agreed that the Registrar should be in the same position as a judge personally he had no objection to an addition to the bill which would make this clear.

ONE WHAT.

Papa: "Where's my umbrella? I'm sure I put it in the hall-stand with the others last evening." Willie: "I expect Mr. Spooner took it when he went home last night." Mabel: "Oh, Willie, The Ideal!" Willie: "Well, when he was wishing good night to you I heard him say, 'I'm going to steal just one!'"

Canadian Press

A. F. Healy, Liberal, North Essex, Ont., referring again to the Canadian Press, said that all the reports he sent out were accurate and there should be no politics of any description in the reports. He believed, however, that a combine did exist, and "that it is not for the benefit of the public that it exists." He thought some provision should be made in the bill that where a Registrar described that a combine existed and this combine was subsidized by the Government in order that it might exist, the Government should cancel the subsidy or any unpaid portion of it during the year in which the discovery was made.

HOMES OR SPECIALTY.

A FINE BUILDING LOT on paved street, total taxes \$12. Price \$250, on your own terms, or \$120 cash.

NOTHING CHEAPER ANYWHERE

CHANCE for the man with small capital. Owner will sell responsible party five acres of first-class land, no rock or swamp, four acres cultivated, new four-room cottage, city water, barn, chicken house and fruit trees. Price \$1,700; terms, \$400 cash, balance in 12 months.

FOR THE CHILDREN

The Sandman Story For To-night "I TOLD YOU SO," SAID MRS. FOX. Things went so badly with Mr. Fox one winter that he decided when spring time came that he would start a farm of his own on the edge of the wood where he lived and raise his own hens and chickens. "It won't pay, Reynard," warned Mrs. Fox. "It is all right for you to carry off Mr. Man's poultry but you wait until Mr. Coon and Mr. Possum and a few others come a-visiting our barnyard; you will find farming poor business for us."

THE REVOLUTION IN AMERICA

The Revolution in America The Resentment of the American Colonies Elizabeth, the virgin queen of England. The first expedition to found a colony in Virginia was made by Sir Walter Raleigh in 1584, and there was no permanent settlement at that time; and the real beginnings of the Virginia date from the foundation of the Virginia Company in 1606 in the reign of James I. (1603-25). The story of John Smith and the early founders of Virginia and how the Indian "princes," Pocahontas, married one of his gentlemen, is an English classic. In growing tobacco the Virginians found the beginning of prosperity. At the same time that the Virginia Company was forerunner of the Plymouth Company obtained a charter for the settlement of the country to the north of Long Island Sound, to which the English laid claim. But it was only in 1620 that the northern region began to be settled, and that under fresh charters.

But it was only in 1620 that the northern region began to be settled, and that under fresh charters.

Men of Different Stamp.

The settlers of the northern region (New England), which became Connecticut, New Hampshire, Rhode Island and Massachusetts, were men of a different stamp from the Virginia people. They were Protestants discontented with the Anglican Church compromise, and republican-spirited men hopeless of resistance to the grand monarchy of James I. and Charles I. Their pioneer ship was the Mayflower, which founded New Plymouth in 1620. The dominant northern colony was Massachusetts. Differences in the religious method and in ideas of toleration led to the separation of the three other Puritan colonies—New Hampshire, Connecticut and Rhode Island.

SAANICH ENDS CONTRACTS WITH TEACHING STAFF

Trustees Plan Lower Salary Schedules; Taxpayers to Benefit

Saanich School Trustees last night initiated drastic action to end the annual growth of their payroll for the teaching staff, deciding unanimously to notify all members of the teaching staff of the termination, on June 30, of all present schedules and contracts.

The Board will offer to re-engage present employees on terms which will abolish the bonus for cost of living instituted in 1920, and end the existing system of paying experience additions of \$75 yearly for the first five years of service, substituting a three-year term at the same rate of increase.

These new proposals will be initiated with a view to maintenance in the current year of a salary list not greater than that provided in the estimates adopted in January last.

Young Teachers Benefit

Preliminary to this action, the Board found it necessary to restore,

to a number of teachers, raises of \$7.50 monthly which were withheld last January. Search of Board records showed that a number of teachers held letters of appointment specifying, in addition to the initial salary, the offer of \$75 yearly increase for a five-year term.

While all teachers affected do not hold such documents, the Board considered differentiation would be unfair, and were convinced that the teacher teachers could make their claims good in Court, an eventuality believed certain in some cases.

Divergent Views

The Trustees were divided on the advisability of ending all raises, Trustee Oldfield urging a three-year term of increments should be continued, to keep in Saanich the younger teachers with experience.

Taxpayers First

Trustee Cheetham maintained the necessity for taxation relief. Trustee Hobbs favored holding a preliminary conference with the teachers, meeting agreement from Trustee Cheetham, who believed the staff would agree to reductions when frankly informed of the ratepayers' view of affairs.

Chairman Holloway objected to this suggestion if the Board was determined upon its course, while Trustee Oldfield anticipated skillful use by teachers of seven per cent of the staff on grounds of high cost of living, as apart from claims based on efficiency.

Trustee Hobbs then moved that a conference be arranged with the teachers, at Tolmie School at 2:30 o'clock on Saturday next, when the Board will submit a basic schedule carrying reductions equivalent to withdrawal of the \$70 extraordinary allowance of 1920, either in that form or on a basis of seven per cent in addition, the Board will agree to con-

EVIDENCE CONTINUED IN TRIAL OF DR. ROSE

(Continued from page 17)

Varied Evidence.

Frank L. Thomson, funeral director, said he remembered the time, February 20, when a foetus was brought to his establishment. The body was brought by the police and was seen by Dr. Price. The witness was not cross-examined.

City Constable Grange Hutchinson said that he was on duty on Bay Street about 1:45 P. M. on February 20. His attention was called to the foetus, and he picked it up. It was wrapped in brown paper, and a newspaper. On the paper was the address Miss L. Andre, 2428 Rock Bay, Victoria.

The defence admitted that the foetus found was the same as was shown to the general director's and examined by Dr. Price.

Mrs. Fanny Hanbury, mother of Annie Mulderig, said she saw Dr. Annie Mulderig at 2428 Rock Bay, when he came to see her daughter. She was not present while he was with her daughter, but he afterwards told her the daughter had inflammation of the bowels.

Did you know what was the matter with your daughter?

No, I did not know anything about it.

Cross-examined she said she did not know why her daughter had gone to Seattle.

To the Court she said she had no family doctor. She did not send for Dr. Rose, and did not know he was in the city.

Deputy Chief H. J. O'Leary, of the city police force, arrested the accused on the afternoon of February 20 on a warrant issued by Police Magistrate Day. In his pocket he found a slip with writing on it, which said "Miss Hendury, 12 noon, 8, 2428 Rock Bay Ave. He also searched the office of accused and found a number of instruments. There was a lounge in the office seven or eight feet long. There was no cross-examination.

Formal proof was given that Mrs. Mulderig obtained quinine capsules from a Douglas Street drug store on a prescription by Dr. Rose.

Had Been Dead Some Days.

Dr. A. Price, health officer of Victoria, remembered February 20 when he saw a new-born babe at Thomson's funeral home. It was a dead female child, which he showed it had been lying dead in the womb for some time. He called at the house February 20, and made an external examination of the woman. She refused to go to the hospital, so he sent to her a member of the Victorian Order of Nurses. Next day he had her taken to the hospital and attended to her there.

Dr. Price examined the instruments found in Dr. Rose's rooms and picked out those that could be used for an abortion. As to when a babe was "viable," that is to say it could live after birth, he put it at seven months. He knew of no case of one that lived when born after six months, though he would not say there were none.

Dr. Price placed this child as having reached about the middle of the sixth month of gestation. This child when delivered had been dead about ten days, though of course there was always room for a margin of a day or two in such cases.

E. G. Hannah.

Earl G. Hannah said he was living here in Feb. He knew Dr. Rose, having met him eight or nine months before the proceedings in the police court. He knew Annie Mulderig. He did not think he introduced her to Dr. Rose but was not sure. He remembered Feb. 19. On that date he went to Mrs. Mulderig's home. He had been there before. Dr. Rose came in and witness went into the kitchen until he left. Witness was leaving when Mrs. Mulderig called him and gave him a package which she asked him to throw away. He took it and threw it into the mill yard across the street.

Cross-examined by Mr. Grant he said he went to the boat with Mrs. Mulderig when she went to Seattle. He was sitting by the bed when Dr. Rose came in. Dr. Rose was in the bedroom when witness left.

Accused Gives Evidence.

Dr. Rose was called in his own defence. He testified that he was a qualified physician and surgeon. He was a graduate of 1889 of Trinity College, Toronto, and afterwards took a course of two years in Great Britain. He had continuous experience in medicine since.

The first he knew of Annie Mulderig was when she telephoned him on Feb. 8. She made an appointment with him and kept it. She told him her name was Miss Hanbury and she was pregnant. She said it was two months, but he could see she was further advanced. She asked him if he could do anything for her and he said he really did not know, without an examination. She was reluctant to be examined but made an appointment to come at 8 o'clock that night.

She came. He examined her with a stethoscope. There was no heart action of the foetus, and he concluded that the foetus was dead. There was no sign of a foetal heart. He could not be sure then that she was pregnant at all, as there might be an enlargement without any pregnancy. He tried to make a vaginal examination but she was extremely nervous and he could not examine her even with his hand. He told her to come back in a day or two and in the meantime he gave her a prescription for subsequent occasions use on her any of the instruments of the kind produced. She was so nervous that he told her he would have to give her a little chloroform. He told her to take some castor oil or some mild cathartic pills.

She came to him the following Sunday about two o'clock. He gave her a little chloroform. She was under it for about two minutes. During this time he examined her with his fingers and found she was aborted. Up to this time he did not know positively there was a foetus. He told her she would throw it off, probably in the course of a few hours, and to send for him. When he got the telephone message he went to her. The foetus had then been born but the afterbirth was still in the womb.

He agreed with Dr. Price that a foetus could be delivered in about ten days, though it might be a little more or less. Under ordinary conditions it is proper medical practice to let Nature take it away.

Fifty Dollars Usual Charge.

As to his charge, he thought then she had a living child of five or six months, and for his services until

childbirth \$50 was the usual charge. The suggestion that she pay partly in advance was her own. His experience was that very often the doctor did not get paid at all. He did not tell the young woman's mother what was the trouble.

"I asked her," said he, "if I had not better tell her mother, and she said 'No.'" The first he knew about the woman being married was on the day he was arrested.

Cross-examined by Mr. Hall, he said he did not report the birth. He had no other reason not to issue a death certificate. He would have reported it to the health officer in due course. When he told the woman to bury the foetus he did not know what she was going to do with it. He had not attended any other cases of confinement in Victoria, but \$50 was what he charged in Calgary.

"Assuming that the foetus was dead on February 8, what should you have done then?"

"I do not see that I could have done anything but what I did."

When he went back and told her that Earl Hannah was arrested he thought it was for throwing the foetus away. He did not know Earl Hannah in the case until that day. He asked her for some money because his work was done.

Witness did not know who was going to pay Gordon Grant for his services. "I haven't the means," said he.

When It Could Be Heard.

Dr. H. M. Robertson, called for the Crown, said the heart of a foetus could be heard in the fifteenth or twentieth week.

"Would you be justified in concluding that if you could not hear the heart of a five and a half or six months' old foetus that it was dead?"

"Personally I would not."

Dr. Robertson described the other symptoms by which he would reach a conclusion in such a case.

"Is it proper for a medical man to give chloroform to an unmarried girl in his office whom he considers pregnant?"

Objection was made by Mr. Grant to this question, and the court declined to allow it to be answered.

This closed the evidence.

DEAN QUINTON'S LECTURE.

The Dean of Columbia has been asked to deliver his lecture on "The Humor and Pathos of a Parson's Life" in Christ Church Cathedral schoolroom on Friday evening at 8 o'clock, under the auspices of the Cathedral Parish Guild. Admission to the lecture is free. A collection will be taken at the conclusion of the lecture on behalf of the funds of the Parish Guild in its work for the cathedral parish and the new building.

MILITIA UNITS PREPARE FOR CAMP

Signallers Wanted for Artillery, and Cavalrymen

A cavalry training camp has been authorized to be held in Kamloops from June 4 until June 12. Captain E. E. Townsley, commanding "B" Squadron of the Fifth British Columbia Light Horse, is appealing for recruits. Transportation, pay and allowances are granted to those attending the camp. The orderly room of "B" Squadron is at the horse show building, Vancouver, and Captain Townsley may be reached through room 210, London Building, Vancouver.

Arrangements are now complete for the artillery camp to open at Sarsce, Alberta, on July 26. The 58th Battery from this city will leave on July 24 after first putting in four days on the plains here with the Fifth Regiment, C.G.A. The battery is appealing for recruits and particularly signallers. Traveling expenses, pay and allowances are granted to those attending camp. Signallers in addition draw a share of any prize money awarded. The battery will compete with 70 other units in Canada for prizes put up by the Canadian Artillery Association. Major T. E. Monk is in command, taking over from Major Wendell Shaw, who left recently for an extended tour.

Blossom-time is calling

WHEN the young Spring lures and the long open road beckons, the call to the motorist is irresistible.
