(Pertaining to Kurimoto Iron Works K.K.)

1. The Office is hereby forwarding to you the attached petition submitted by the Kurimoto Iron Works K.K., contractor, for your authorization to postpone the completion date of packaging the 1,500 ton forging press (32-32-5401) listed in the Allocation Notice 4-63.

Chief,

Petition for Postponement of the Term of Operation for the Forging Press

By the following reasons as under-mentioned, we beg to ask you to favor us with your approval for the postponement of the term of operation of the following service.

Name of Operation: Didmantling & packing service of the reparations equipment at the former Osaka Military Arsenal Area.
Allocation Notice No.: UK No.4 - 65 (For United Kingdom)
Period of Operation: From Aug. 17th, 1949.
To Sept.20th, 1949.
Name of Machine: ₰ 1,500 Forging Press
Inventory No.: 32-32-5401
Reasons:

In connection with the dismantling operation for the machine above mentioned, we had been suspending our operation from Sept. 3rd - 14th, waiting for your further approval on account of the nuts fixed on both ends of the main pillars being impossible to be taken off, although the operation had been continuing for other auxiliary parts such as return cylinders, suspension cylinder, anvil, hammer, ingot holder, etc. on Sept. 14th, as the result of the inspection on the spot of the following personages of the authorities concerned.

Mr. Edmond, Chief of the Reparation Division of G.H.Q.
Mr. Haisel, Chief of the Economic Division of the Osaka Civil Affairs Team.
Mr. Sussman, The Osaka Civil Affairs Team.
Mr. Urakami, Chief of the Osaka Custodians' Office.
Mr. Saeki, The Osaka Finance Office.
Mr. Hara, Inspector.

Since then we have again started our works to finish the operation within designated period, but owing to the above suspension of the work, we came to think it almost impossible to complete within the due period.
Under the circumstances, we heartily ask you for your approval regarding the postponement of the term of operation until the following date as per attached list.

Hoping for your kind consideration, we remain

Sincerely Yours,

K. Mita

1. Reference is made to letter, this headquarters, subject: "Transmittal of Progress Reports", 4 October 1949.

2. On 17 September 1949, a progress report regarding Allocation Notice 4-63 for the period 9 September thru 15 September, was hand carried to your headquarters by Mr John Laffin of your headquarters. Paragraphs 5e and 5f of that report subsequently were found to contain erroneous data regarding gross weight and gross volume, and are therefore rescinded and replaced by the following:

	Number	Gross Weight (metric tons)	Gross Volume (meas. tons)
"e. Packages completed during report period:	80	287.633	363.712
f. Packages completed to date:	71	322.083	441.504"

3. Letter reference paragraph 1 above is amended as follows:

a. Paragraph 3c erroneously indicated that seventy-five (75) packages were completed in the reported period. Correct number of packages completed is thirty-three (33) as cited in the progress report, inclosed therewith as Inclosure No. 7.

b. Paragraphs 5e and 5f of the progress report also contained erroneous data regarding gross weight and gross volume, and are therefore rescinded and replaced by the following:
