

**ELKS' ANNUAL REUNION**

**MANY LOCAL MEMBERS OF THE ANTLERED HERD ARE TO ATTEND**

The committee in charge of the first annual reunion of the California Elks Reunion Association, to be held in Modesto on October 8, 9 and 10, has practically completed plans for the big celebration and is now preparing to offer the many visitors three days of continual performance of entertainment.

Wm. Herman West, S. C. Packer, Dr. H. G. Martin, Geo. H. Melford and J. W. Lawson will be representatives of Glendale lodge of Elks, No. 1289, at this "large" affair. Mr. Lawson is trustee for the southern district of California. This district comprises the fourteen lodges south of the Tehachapi.

A special train of Pullman standard cars will leave Los Angeles on the evening of the 7th of October and in all probability the local delegates will arrange for accommodations on this special. Many other members of the lodge are expected to also make the trip.

A wonderful itinerary has been arranged by the railroad company extending on to San Francisco and back through Santa Cruz and other coast cities via Santa Barbara. Stopovers have been arranged for and the trip as a whole will be a very enjoyable one.

The general features of the program devote the morning of the first day to a general reception of visitors. Arrivals by train will be met by a band and escorted to the various headquarters. At two in the afternoon the delegates and visiting Elks will be invited to enjoy a sightseeing trip in and around Modesto and thence by the state highway to Turlock, where they will be entertained for a short time by the Elks of that city. During the afternoon the first game of the baseball tournament will be held. On the return to Modesto the formal reception will be held either at the Modesto theater or the auditorium. There will be short addresses of welcome, with responses and good music. The evening will be devoted to the first performance of the musical show, "The Elks' Tooth," produced by H. L. Brown with some of the best talent in the state, including the pick of the Bay City lodges. There will also be dancing and informal receptions at the hotels and lodge-room.

On the morning of the second day the delegates to the reunion association will get down to business. In the afternoon there will be a competitive drill on the streets between crack teams from Oakland, San Francisco and Los Angeles, and all others who wish to enter. Following the drills will come the big fun part of the program, a "stunt" competition for cash prizes, open to all comers. Every lodge in the state will be invited to introduce its very funniest stunts and some original ideas in stunts and costumes are promised. There will also be a ball game during the afternoon. In the evening the second production of "The Elks' Tooth" will be given, together with receptions, concerts, etc.

On the morning of the third day the new officers of the association will be installed and the business concluded, and the big event of the reunion, the parade, will be held. The prize of \$65 and \$35 for the best Elk floats and \$50 for the lodge having the most men in line will undoubtedly attract great interest from the San Joaquin valley and the Bay City lodges. The deciding baseball game of the tournament will be played in the afternoon and the festivities will conclude with a grand ball at the Auditorium in the evening.

From present indications the attendance will exceed all expectations. The railroads have granted a fare of one and one-third to Modesto from all parts of California. The Alameda county lodges have already arranged to come on a special train, and it is expected that No. 3 of San Francisco will do likewise, as will also many other lodges bring big delegations. The accommodations committee has listed all the rooms in town and reservations are being made daily from all parts of the state.

**GLENDALE CHAMBER OF COMMERCE**

Regular monthly meeting Friday night at the intermediate school at 8 o'clock. The question of a central park will be the subject for discussion. Everyone knows we must have a park, and to keep up with our neighboring cities it is necessary that we proceed at once to secure one. So come to the meeting and give us your views.

H. A. WILSON, Secy.

**CALIFORNIA MINES**

**PRODUCTION OF GOLD IN 1913 THE LARGEST OUTPUT IN THIRTY-ONE YEARS**

The value of the recoverable gold, silver, copper, lead and zinc produced at mines in California in 1913 according to Charles G. Yale of the United States geological survey, was \$26,812,489, compared with \$26,383,946 in 1912 and \$25,174,677 in 1911. Except in zinc there was an increase in the output of all these metals, although the tonnage from deep mines showed a decline and there were fewer mines reporting production than in 1912.

The mine production of gold in 1913 was \$20,406,958—\$693,480 more than in 1912, an increase of 3.52 per cent. The deep mines of the state produced \$11,570,781, or 56.70 per cent of the total. The increase in gold from deep mines for the year was \$502,966, or 4.54 per cent. The placer mines produced \$8,836,177 in gold, an increase of \$190,514, or 2.20 per cent.

This output of gold in California was the largest in 31 years, the yield in 1883 having been \$24,313,873. Only three times in 49 years has the gold output exceeded \$20,000,000, and if the year 1883 is excluded, the gold output in 1913 was higher than it has been since 1864. The gold is now derived from extensive operations rather than from efforts of individuals or numerous small enterprises. Some of the deeper quartz mines are working as good ore at vertical depths of 3000 to nearly 4000 feet as was found near the surface. The dredgers are now producing 91.56 per cent of the placer gold from ground which was formerly considered worthless for mining, as being too poor in gold, having no "fall" or no drainage, and on which water could not be used advantageously on any scale under the old systems of gravel mining. There are now 63 dredgers in operation in the state, and since the beginning of operations with these machines in California fifteen years ago, the dredge gold output has reached a total of \$63,305,485. From a production of \$206,302 in 1899 the annual output from gold dredges reached in 1913 the sum of \$8,090,294, which is 39.64 per cent of the total gold yield of the state and 91.56 per cent of the total output of placer gold. The hydraulic mines produced \$329,300, or 3.73 per cent of the total production of gold in the state in 1913, the drift mines produced \$192,538, or 2.18 per cent, and the surface or sluicing mines produced \$224,045, or 2.53 per cent.

There were 410 deep mines reporting production in 1913, a decrease of 122 compared with 1912. A total of 2,495,958 tons of ore was treated in 1913, a decrease of 145,539 tons. The siliceous ore treated at gold and silver mills amounted to 1,905,258 tons, yielding \$8,469,245 in gold, or \$4.44 a ton in bullion. From this ore were derived 32,652 tons of concentrates, which contained \$2,063,656 in gold, or \$63.20 a ton. The average value in gold and silver in the ore milled was \$5.57 a ton, of which \$5.52 was in gold and five cents in silver. The 531,189 tons of ore sent to smelters produced \$840,030 in gold, or \$1.58 a ton; and the treatment of 59,511 tons of old tailings yielded \$197,850 in gold, or \$3.32 a ton. Of the total recovery of gold in bullion from ore treated at gold and silver mills, \$1,025,279 was won by direct cyanidation and \$7,443,966 by amalgamation. The total recovery of gold by the cyanide process, including that recovered by the treatment of old tailings, was \$1,289,353.

The production of silver at mines in California in 1913 was 1,378,399 fine ounces, valued at \$832,553, an increase of 78,263 fine ounces in quantity and of \$32,969 in value. Much the larger portion, 1,158,517 fine ounces, valued at \$699,745, was derived from crude smelting ores. Shasta county, as usual, was the largest producer of silver, making an output of 705,634 fine ounces, valued at \$426,203, from the smelting of copper ores, 35,295 fine ounces from siliceous ores, 745 fine ounces from placers, and 99 fine ounces from lead ores—a total yield for the county of 741,773 fine ounces, valued at \$448,021. The deep mines of the state produced 1,343,020 fine ounces of silver, valued at \$811,184, and the placers produced 35,379 fine ounces, valued at \$21,369.

The recoverable copper obtained from California ores in 1913 amounted to 34,575,007 pounds, valued at \$5,359,126, an increase of 1,123,335 pounds in quantity, but a decrease of \$160,400 in value compared with 1912. The decrease in value is due to the lower price of copper in 1913. The largest production came, as usual, from Shasta county, which

**TRUSTEES HANDLE USUAL ROUTINE OF BUSINESS**

**REGULAR MEETING HELD TUESDAY EVENING—MAIN BUSINESS OF SESSION WAS READING OF PROPOSED ORDINANCES AND DISCUSSING SALE OF THE LATE WATER BOND ISSUE**

The regular meeting of the board of trustees of the city of Glendale was held Sept. 8, 1914, at the city hall. Those present at roll call were President O. A. Lane, Trustees Chas. Grist, A. W. Tower, J. S. Thompson and Geo. E. Williams.

After the reading of the minutes of August 31, Fire Chief Herald presented a bill for Edgar Kinser in the sum of \$12.90 for medical attendance and 2 1/2 days' labor incurred by his sustaining an injury to his ankle in jumping off the rear of the fire truck at a fire drill August 25th. On motion the matter was referred to the finance committee.

The regular monthly demands were referred to the finance committee. Demands that were previously referred to the finance committee were reported favorably by said committee and warrants were ordered drawn.

Reports for the month of August were received from the following city officials and placed on file: Building inspector, recorder and city clerk.

On motion ordinance No. 243 was taken up for the third reading and final passage. Read and on motion accepted and adopted.

On motion an ordinance prohibiting the keeping of cows within said city within certain distances from any dwelling was taken up for the third reading. Read and on motion laid over for one week for further consideration.

An ordinance requiring that certain data be kept by persons, firms and corporations engaged in the business of moving household and kitchen furniture, etc., was deferred for one week longer.

Manager H. B. Lynch of the lighting department presented a report for the fiscal year ending June 30, 1914. On motion this report was accepted and placed on file.

He further reported that the Verdugo Springs Water Company had declined to accept bonds in payment of its plant, but they expressed a readiness to hold the proposition open until the city could dispose of the bonds by sale.

Mr. Lynch further stated that Mr. Brand would take \$10,000 worth of bonds besides those to be turned over to him in payment of his plant, this being for the purpose of enabling the city to obtain working capital.

The manager of the light department requested that the board define the days of the year to be considered holidays.

On motion of Trustee Tower the following days were so fixed: New Year's Day, Decoration Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas.

On motion bids for the improvement of Orange street were ordered opened, examined and publicly declared. Bids as follows were opened and examined and referred to the city engineer:

Peter L. Ferry—Check, \$800.  
Grading, per linear foot, 60 cents.  
Macadamizing, per square foot, 4.9 cents.  
Curb, per linear foot, 23 1/2 cents.  
Sidewalk, per square foot, 8 1/2 cents.

J. Hein—Bond, \$1500.  
Grading, per linear foot, 60 cents.  
Macadamizing, per square foot, 7 1/2 cents.  
Curb, class "B," per linear foot, 28 cents.  
Sidewalk, per square foot, 11 cents.

E. A. Baker—Bond, \$800.  
Grading, per linear foot, 49 cents.  
Macadamizing, per square foot, 5 1/2 cents.  
Curb, per linear foot, 28 cents.  
Sidewalk, per square foot, 10 cents.

F. R. Sinclair—Bond, \$600.  
Grading, per linear foot, 35 cents.  
Macadamizing, per square foot, 5 cents.  
Curb, per linear foot, 22 cents.

Sidewalks, per square foot, 8 1/2 cents.  
C. W. Shafer—Bond, \$700.  
Grading, per linear foot, and macadamizing complete, 7 1/2 cents.  
Curb, class "B," per linear foot, 28 cents.  
Sidewalk, per linear foot, 9 1/2 cents.

Miss Marr appeared before the board stating that it had been her impression that the water pipes in the newly improved streets in Verdugo canyon should have been of heavier material, and she commented on the lasting qualities of the pipes put in, and further suggested that the city secure alleyways and extend its water pipe system along streets to be improved in the future.

Mr. H. B. Lynch, who has the matter in charge, stated and his statement was corroborated by members of the board, that the grade of water pipes installed has proved to give satisfaction from twenty to twenty-five years, and in some cases longer. So far as an extension of the system was concerned, the city could not afford at the present time to do anything, since other matters in connection with the new water system were in urgent need of attention.

On motion of Trustee Tower, the entire matter was placed in the hands of the manager of the lighting department, with instructions that should Miss Marr come to no satisfactory understanding with him, the matter be referred back to the board.

Mr. J. N. McGillis appeared, requesting permission to draw banners across the streets of Glendale for the purpose of the propaganda in favor of the dry vote in next fall's campaign; also that the words "Vote Dry," be chalked across the sidewalks wherever practical.

On motion of Trustee Williams the request to draw banners was granted, but regarding the use of sidewalks, as stated above, the same was granted only on condition that the owners of property abutting such walks be satisfied.

Attorney Watkins appeared on behalf of a number of protestants against the proposed improvement of Myrtle street, but inasmuch as it was desirable that the city engineer be present at any discussion of this subject, and he being absent, another hearing was set for next Monday night at 8 o'clock p. m.

On motion the city clerk was instructed to notify all departments of the city service that all law books belonging to the city and which may have been taken to any of the departments during the week, must be returned so as to be available to the city attorney on Monday nights or at any other meeting of the board.

On motion an ordinance establishing the grade on a portion of Eighth street was taken up for a first reading. On motion this ordinance was declared read for the first time and was taken up for the second reading.

On motion this ordinance was declared read for the second time and was laid over till the next regular meeting.

Trustee Tower offered resolution No. 735, which was read and on motion accepted and adopted.

Trustee Thompson offered resolution No. 736, which was read and on motion accepted and adopted.

On motion the resolution ordering in the work on a portion of Myrtle street was laid over for one week.

An application for a permit to do street work by private contract on a portion of Lomita avenue was received from Wm. A. Burns, accompanied by a check of \$5.00. The permit was granted.

On motion of Trustee Tower it was ordered that the police department be instructed to enforce the skating ordinance within the business district of Glendale on the following named streets: Glendale avenue between Second and Fifth; Broadway between Everett street and Central avenue; Brand boulevard between Second and Colorado boulevard.

All members of the local and other Rebekah lodges are cordially invited to attend this meeting and it is to be hoped the order will be well represented.

**USE FOREIGN LABOR**

**THE AMERICAN COMMON LABORER IS NO GOOD AND REASON WHY**

The federal industrial relations commission has been taking evidence on labor interests in San Francisco lately, and before this commission F. S. Edinger, a local contractor, who deals with large bodies of unskilled workers, testified as follows:

"We do not employ many native-born Americans when we can do otherwise. The reason for this is that an efficient American workman usually can get a steady position. The class of Americans who have to take our work generally is the kind we do not want. The cause of this inefficiency most often is drink."

The Mexican laborer, added the witness, is the best man with whom to trust a team in such lines as grading work.

Say, American common laborers, how do you like the picture? By the use of liquor, rendering yourselves unfit for the most common labor, mule driving, being crowded out of that even by the Mexican "greaser." Why not improve the American laborer by voting California very dry? S. P.

**"STATE-WIDE PROHIBITION AN ENEMY OF PROSPERITY"**

The Merchants' and Manufacturers' association of Los Angeles, with a membership of 543, has voted 80 per cent to oppose the dry amendment on purely "economic and business lines," and as students of "economy and business" they are going into literature and with "massable figures" save the taxpayers from bankruptcy threatened by the "drys."

We are told that "this brochure will treat the subject from the calm standpoint of the business man and the taxpayer," and "an effort will also be made to estimate the effect which state-wide prohibition will have on the tourist traffic, with particular reference to Los Angeles."

Calamity awaits the coming of the "brochure." We can estimate the effect of state-wide "wet and wide open" policy on travel for Los Angeles and the entire state, and do so here and now, gratis, for the benefit of our "economic and business friends." Your efforts to float the fair on booze and beer is an open invitation for the steady American citizen to stay at home, and he is quite likely to do so if the "open" is played much finer. S. P.

**WALRUS SLAUGHTER**

That the walrus is rapidly nearing extinction is the warning sounded by the Daily Industrial News of Nome, Alaska. That paper describes the slaughter caused by one crew in a single season. The catch amounted to 723, of which 420 were cows with calves. Many were fatally wounded or shot dead and not recovered. A full-grown bull walrus weighs a ton. The walrus is a tempting bait to the hunter because of the amount of wealth found in the skin, the oil and the rich ivory in the tusks. The disappearance of the walrus means the extinction of the Eskimos, who depend largely on this animal for food supply, fuel, lights, boats and leather.

**KERRIGAN STARS IN "THE SHEEP HERDERS"**

The management of the Glendale theater is to be congratulated upon securing "The Sheep Herders," in which the screen favorite, J. Warren Kerrigan, plays the leading part. A great many patrons have requested this picture to be shown, and the management was able to secure it for tonight. It is a romance of the West, and one of the best plays ever shown in America.

Another instructive picture is "Exposing Handcuff Kings," in which one of the professionals exposes the tricks used by magicians in getting free from handcuffs, chains, etc., in which they are locked.

"The Undertow" is a deep moral drama and "Hungry Soldiers" and "The Stone in the Road" complete the program.

Friday night assures a big crowd with "Lucille Love" in one of the most interesting of the whole series.

**APPEALS FOR PEACE**

The civilized world is asking that all nations engaged in warfare cease the destructive conflict. Pope Benedict is using his influence on Germany and Austria with a view of having peace restored. President Wilson is very desirous that terms of peace be agreed upon.

Cattle guards made of cactus planted in beds across the tracks are working successfully on a railroad in Arizona.

**HOME FROM TRIP EAST**

**HEACOCKS ARE HOME FROM EXTENSIVE TRIP THROUGH EASTERN STATES**

The call of the West, or more nearly correct, the call of school, was partly the reason Mr. and Mrs. A. B. Heacock, who with three of their children, Florence, Corinne and Harold Heacock, have been traveling in the East, returned to their home, 507 West Ninth street.

This happy family returned to their abode and Edwin Heacock, who remained at home, last Saturday just in time to prepare for the opening of school, and while they enjoyed a wonderful trip, are really very glad to be in Glendale again. During their six weeks' absence Mr. and Mrs. Heacock and family visited different places in Kansas and Ohio, including Cleveland, Louisville, Alliance, Kansas, where they participated in the Heacock family reunion, and also went to Niagara Falls and Chicago, the latter place having been their last stop enroute home over the D. & R. G. and Southern Pacific railroads. The trip going was made on the Santa Fe, so a wide and varied territory was covered and enjoyed the while.

After their honeymoon trip they will be at home to friends in Glendale.

GLENDALE, CAL., SEPTEMBER 10.

**RESOLUTION NO. 736**

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DECLARING ITS INTENTION TO IMPROVE A PORTION OF OAK STREET.

The Board of Trustees of the City of Glendale do resolve as follows:

**SECTION 1.** That the public interest and convenience require and it is the intention of the Board of Trustees of the City of Glendale, State of California, to order the following street work to be done in said city, to-wit:

**FIRST:** That Oak Street from the Westerly line of Central Avenue to the Easterly line of Pacific Avenue, including all intersections of streets, be graded, oiled and macadamized in accordance with Map Number 167, Profile Number 50, and in further accordance with Specifications Number 21 for the paving with crushed rock, screenings and asphaltic oil of streets and avenues in the City of Glendale.

**SECOND:** That a cement curb be constructed along both lines of the roadway of Oak Street from the Westerly line of Central Avenue to the Easterly line of Pacific Avenue, including returns at all street intersections, in accordance with Map Number 167, Profile Number 50, and in further accordance with Specifications Number 12 for the construction of cement curbs in the City of Glendale, said curb to be of the class designated as Class "B" curb in said specifications.

**THIRD:** That a cement sidewalk four (4) feet in width be constructed along both sides of Oak Street from the Westerly line of Central Avenue to the Easterly line of Pacific Avenue (excepting along such portions of Oak Street upon which a cement sidewalk four (4) feet or more in width has already been constructed and now exists to the official line and grade), in accordance with Map Number 167, Profile Number 50, and in further accordance with Specifications Number 11 for the construction of cement sidewalks in the City of Glendale.

**SECTION 2.** All plans and profiles referred to in this Resolution are on file in the office of the City Engineer of said City. All Specifications referred to in this Resolution are on file in the office of the City Clerk of said City. Said plans, profiles and specifications are hereby referred to for a more particular description of said work and made a part hereof.

**SECTION 3.** The Board of Trustees of the City of Glendale determines that serial bonds shall be issued to represent assessments of twenty-five dollars (\$25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereon shall be payable by coupon on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second day of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvements within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto and amendatory thereof.

**SECTION 4.** The Glendale Evening News, a daily newspaper of general circulation, published and circulated in said City of Glendale, is hereby designated as the newspaper in which this Resolution of Intention and notice of the passage thereof shall be published in the manner and by the persons required by law.

**SECTION 5.** The Superintendent of Streets of said City of Glendale is hereby directed to post notices of the passage of this Resolution in the manner and in the form required by law, and to cause a similar notice to be published by two insertions in said newspaper in the manner required by law.

**SECTION 6.** The City Clerk of said City of Glendale is hereby directed to post this Resolution of Intention conspicuously for two days on or near the Chamber Door of the Board of Trustees, and to cause the same to be published by two insertions in the manner required by law in said newspaper and also to mail to each property owner whose property is to be assessed to pay the costs and expenses of said improvement, a postal card containing notice of the passage of this Resolution, and calling attention to the

fact that said property is to be assessed for said improvement. Adopted and approved this 8th day of September, 1914.

(Seal) O. A. LANE, President of the Board of Trustees of the City of Glendale.

Attest: J. C. SHERER, City Clerk of the City of Glendale, STATE OF CALIFORNIA ) ss.

**CITY OF GLENDALE**  
 I, J. C. SHERER, City Clerk of the City of Glendale, do hereby certify that the foregoing Resolution was duly passed by the Board of Trustees of the City of Glendale, State of California, and signed by the President of said Board at a regular meeting thereof, held on the 8th day of September, 1914, and that the same was passed by the following vote, to-wit: AYES—Grist, Lane, Thompson, Tower, Williams. NOES—None. ABSENT—None. J. C. SHERER, City Clerk of the City of Glendale. 2212

**NOTICE OF STREET WORK**

Public notice is hereby given that the Board of Trustees of the City of Glendale on the 31st day of August, 1914, did, at its meeting on said day, adopt a Resolution of Intention, No. 734, to order the following improvement to be made, to-wit:

**FIRST:** That the roadway of Broadway from a line drawn 10 feet Easterly from and parallel with the Westerly line of Glendale Avenue to the West line of Everett Street, including all intersections of streets and alleys, excepting therefrom such portions of said street and intersections as are required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting therefrom the following described strip of land, to-wit: A strip of land of the uniform width of 21.72 feet and lying 10.86 feet North and South of, parallel and contiguous to the following described center line, viz: Beginning at the intersection of the Westerly line of Glendale Avenue with the center line of Broadway; thence Easterly along said center line of Broadway to the point of beginning of a curve concave Southerly and having a radius of 5729.61 feet, said point of beginning being situated 210.66 feet (measured on said curve) Westerly from the East line of Everett Street; thence Easterly along said curve to the West line of Everett Street, be graded and paved to the official line and grade, with hydraulic cement concrete base five inches in thickness, with a broken stone and asphaltic cement binder course one inch in thickness and with an asphalt wearing surface two inches in thickness, in accordance with plan Number 160, Profiles Numbers 383, 1003 and 1001, and cross sections Number 161, and in further accordance with Special Specifications for the paving with asphalt pavement of a portion of Broadway in the City of Glendale, adopted therefor by Resolution No. 733 on the 31st day of August, 1914.

**SECOND:** That a cement gutter four and one-half (4½) feet in width be constructed along each line of the roadway of Broadway from the Easterly line of Glendale Avenue to the West line of Everett Street, and that said gutter shall be constructed six and one-half (6½) feet in width across all alley intersections and that a cement gutter two (2) feet in width shall be constructed along the produced center lines of each alley on the North side of said Broadway from the Easterly line of Glendale Avenue to the West line of Everett Street, the center line of each of said gutters being on said produced center line of each alley. Said gutters to be constructed from the property line in each case, to a point distant two (2) feet back from the produced curb lines of Broadway. All gutters to be constructed in accordance with plan Number 160, Profiles Numbers 383, 1003 and 1001, and cross sections Number 161, and in further accordance with Specifications No. 18 for the construction of cement gutters in the City of Glendale.

**THIRD:** That a corrugated iron and concrete culvert of two and four compartments, including one two-compartment manhole and two one-compartment manholes, be constructed on the Easterly side of Glendale Avenue at the intersection of Broadway, together with intakes and laterals therefrom on the North and South curb lines of Broadway, at points thereon respectively 18.75 feet and 7.10 feet East from the East line of Glendale Avenue (excepting therefrom any of the above described culvert which may be included in the following described strip of land, to-wit: A strip of land of the uniform width of 21.72 feet and lying 10.86 feet North and South of, parallel and contiguous to the following described center line, viz: Beginning at the intersection of the Westerly line of Glendale Avenue with the center line of Broadway; thence Easterly along said center line of Broadway to the point of beginning of a curve concave Southerly and having a radius of 5729.61 feet, said point of beginning situated 210.66 feet (measured on said curve) Westerly from the East line of Everett Street; thence Easterly along said curve to the West line of Everett Street), between the points, on the lines and grades and with the appurtenances designated therefor on Plans Numbers 160, 162, 123 and 124, Profiles Numbers 383, 1001 and 1003, and in

further accordance with Specifications Number 16 for the construction of culverts in the City of Glendale. In referring to the curb lines of Broadway and all other intersecting streets, it is always intended that such curb lines shall be construed to mean the curb lines as now established and existing on the streets above referred to.

All distances given fixing the positions of the culverts above referred to are center line distances of culverts. Bonds will be issued as provided for in Resolution of Intention No. 734.

The district to be assessed for the expenses of said work is described in Resolution of Intention No. 734, to which said resolution reference is hereby made for further particulars of said work.

T. W. WATSON, City Manager and Ex-Officio Street Superintendent of the City of Glendale. 2212

**VOTE FOR**

**Attorney FRANK L. MUHLEMAN**

Democratic Nominee  
**FOR ASSEMBLYMAN**  
 In 61st Assembly District

General Election Tuesday, Nov. 3rd.

**NORTH GLENDALE**

Mrs. Hermon Berner and little daughter Pauline of Remington street have returned to their home after spending several weeks at Long Beach.

Mrs. E. C. Muller of Fairview avenue celebrated her return from the East last Friday afternoon by enjoying an outing with a party of friends at one of the popular beaches on Saturday last.

Mrs. Wallace Fryer and son, Master Lloyd, of Howard street, spent the day with Mr. Fryer's parents, Mr. and Mrs. H. F. Fryer, of 1424 North Pacific avenue, last Tuesday.

Mrs. L. M. Lockwood of 707 North Louise street is spending the week with her daughter, Mrs. S. G. Topf of Lark Ellen avenue, Covina.

Mrs. Minnie Muller of Fairview avenue has gone to Los Angeles, where she will remain an indefinite period of time.

The many friends of Mrs. U. S. Newlin of North Louise street will regret to hear that she is confined to her bed as the result of a severe cold.

Mr. Henry Freed of Melrose avenue enjoyed a motor trip to the Whittier oil fields with Mr. McMahan of Fairview avenue Wednesday.

**CALIFORNIA'S ATTRACTIONS**

California has some real attraction for people who have resided for a lifetime in the east and middle west. The man or woman in the east who has never visited the Pacific slope is apt to have a very vague idea of the exact conditions here.

The climate conditions, especially in Southern California, constitute the main difference, and that difference is an important one to people who wish to enjoy the best of health. The summer season in California is not real hot and the winter season is like the spring and fall in the middle states. Even temperature is a characteristic of California weather. There is no such thing in California as being housed up from early in December until the month of March. California is an out-of-doors state—no frozen roads, no need for felt boots and fur coats. The ocean breeze, modified by the influence of the mountains, gives an atmosphere that is bracing and healthful, so much so, that thousands upon thousands of people are in California to get the exhilarating effects of the climate.

The city of Glendale is especially favored on account of convenient location to Los Angeles, one of California's foremost cities, and the people who have chosen to make their homes within the limits of this model city are a thrifty, temperate and honorable class of people. There is a civic pride in the hearts of the people which does not often exist among people in other communities. It is this home pride that does wonders in building up a city of enterprise and true culture.

Miss Katherine Lord reached this city from Antelope valley Sunday last and until the arrival of her parents, Dr. and Mrs. A. N. Lord, who expect to return to Glendale in October, Miss Katherine will be a guest in the home of Mr. and Mrs. David L. Gregg, 206 South Central avenue. Master Malcolm Keyser, who with his mother and little brother of Salt Lake City have been spending the summer at Venice, is also enjoying a visit with his aunt, Mrs. Gregg.

The increase of vaccination along modern lines in India has reduced smallpox to a small place in the mortality returns.

Electrical ovens have been patented that have wire glass sides to enable the process of cooking within them to be watched.

An excellent substitute for horsehair in upholstery is being made in the Bahamas from the waste made in cleaning sisal fibre.

## PERSONALS

Mr. and Mrs. H. D. Goss of 714 West Fifth street spent three days of the fore part of the week at Catalina Island.

Mrs. W. L. Wheeler of Burbank spent the day in Glendale, where she is well known, and has a host of friends.

Mrs. M. Slack and small baby of Los Angeles are patients at present in the Thornycroft hospital, 104 East Ninth street.

Mrs. Claude B. Guitard of 1624 Patterson street is home again from a delightful month's outing at Santa Monica.

Mrs. H. L. Miller of Thornycroft farm has gone to Prescott, Arizona, to spend a week with her brother, a recent visitor in Glendale.

After a month at Santa Monica, Mr. and Mrs. Edwin Kirby Harris are again domiciled in their home, 1632 Patterson avenue.

Mrs. William S. Althouse of 347 Isabel street is entertaining the Wednesday Afternoon Thimble Club in her attractive home today.

Mrs. R. Finley of 123 Elrose avenue is entertaining as a guest in her home her mother, Mrs. L. Peacock, who is visiting here from Fresno.

Mrs. R. H. Reedy of San Luis Obispo has been visiting this week in the home of Mrs. William A. Hough, 619 North Central avenue, Tropic.

Mrs. F. Coleman of Los Angeles is among the recent arrivals at the Thornycroft farm, having come out to this popular resort for a quiet rest.

Mr. E. M. Polley, recently returned from the North, has resumed his work at the intermediate school and is now domiciled at 1111 Lomita avenue.

Mrs. J. S. Thompson of 1545 West Broadway will leave Saturday morning for a two months' visit with relatives and friends in different parts of the East.

Mrs. E. Gilson, who for several weeks has been enjoying a visit in the North, is home again, and will be glad to receive those who call at 221 Belmont street.

Miss George Duffet of 1008 Chestnut street was among the guests who were entertained this week at an Orpheum box party, followed by supper at Levy's cafe.

Mrs. C. W. Burket of 702 West Fifth street had as guest in her home two days the first of the week Mr. Charles Brown, principal of the public schools at Barstow, Cal.

The Glen Eyrie chapter, Order of Eastern Star, will hold a regular business meeting in the Masonic temple at 8 o'clock tonight. A social hour will follow and it is hoped all members will attend, as the chapter is anxious to "get down to business," as it were, after such a long and enjoyable vacation.

Mrs. William A. Hough of Central avenue spent Wednesday in Burbank, where she enjoyed the day with her daughter, Mrs. Glen Craig, formerly Miss Mable Evans of Glendale.

Mr. and Mrs. Ed M. Quinch of 420 West Fifth street are spending the day in Santa Ana, where they are guests of Mr. and Mrs. Leo Doyle, recently located there from Hollywood.

Mrs. William A. Gibson of Ninth street is entertaining Miss Frances Light, who after having spent the summer in Pasadena, expects to return very soon to her home in New York.

Mrs. Virginia Hunter and daughter, Miss Virginia Hunter, have returned to their Glendale home, 1634 Patterson avenue, from Santa Monica, where they have been enjoying the past six weeks.

Mr. E. D. Goode of 329 Cedar street has left Glendale and gone to Imperial valley, where he will locate on his cotton ranch near Calexico. Mrs. Goode, who is still here, will join Mr. Goode later.

Mrs. David L. Gregg and family of 206 South Central avenue have returned from a ten days' outing at Venice, to which place they went after having spent a few days at La Jolla, near San Diego.

Mrs. Andrew McIntyre of 435 Isabel street has at last recovered from a lengthy illness, which confined her to her bed for many weeks, and is now able to be up and enjoy her family and home life.

Mrs. Charles S. Foss and three boys of 131 Elrose avenue, accompanied by her house guest, Miss Edith Foss, and Miss Carol Foss of Glendale, enjoyed one day this week at Venice and Ocean Park.

A box party at the Orpheum was enjoyed Wednesday evening by the Misses Wanda and Francelia Billington of Glendale, Mr. Lamar Johnstone, Mr. Olen Moss and Mr. and Mrs. Harry White of Los Angeles.

Mr. and Mrs. George Albert Mangum and baby daughter Bobbie, who for the past month have divided their summer outing between Santa Monica and Coronado Beach, are again in their home, 1628 Patterson avenue.

Word has just been received that N. F. Reynolds, aged uncle of Mrs. Julia R. Beers, who has been very ill while visiting in the East, is so far improved that it is hoped he will be able to return to California soon.

Col. Caryl Rhys Pryce, former member of the Glendale Kalem company, recently with Carlyle Blackwell's company, has harkened unto the cry of war and has returned to his home in England to enter into the field of battle.

Mr. and Mrs. Gus H. Pulliam will on Saturday move from their present home, 121 Cedar street, to the home of Mrs. Pulliam's father, Mr. George E. Williams, 310 Cedar street, where they will remain until the bungalow at 210 Cedar street is vacated.

Mr. and Mrs. E. M. Hitchcock of 1460 West Broadway, together with Mr. and Mrs. George Allen, formerly of West Fifth street, Glendale, but now of Los Angeles, are home again from a three days' outing at San Diego, to which place they motored in Mr. Hitchcock's new machine.

Mr. and Mrs. Ed. M. Lee, Mr. and Mrs. C. D. Lushy, Mr. and Mrs. H. A. Wilson and Mr. and Mrs. M. P. Harrison, all well known local residents, enjoyed Admission Day vacation at Santa Monica, Ocean Park and Venice, to which places they motored for the day.

Although still confined to his home and the use of crutches, Mr. Horace Hosford of 219 South Central avenue has greatly improved from injuries received by a fall over seven weeks ago, but will be unable to return to his work as chandelier hanger until the first of November at least.

After a delightful four months' visit in Tennessee, Miss Gene McNutt has returned home and will be glad to receive her many friends in her new home on Central avenue, to which place her parents, Mr. and Mrs. S. A. McNutt, formerly of 118 East Park avenue, moved during her absence.

Miss Vera Halloway, who since the closing of school in June has been visiting at her home in Yates Center, Kans., has returned to Glendale to resume her work in the domestic science department of the Glendale Union high school, and as before will make her home with Mr. and Mrs. M. P. Harrison, 245 South Kenwood street.

Dr. Jessie Russell, chairman in charge of general arrangements for the moonlight musical, given at the Charles H. Toll residence last Friday evening by the Parent-Teacher Federation of Glendale, called a special meeting of the different committees at the intermediate school this afternoon, said meeting being in session now.

Owing to the fact that some of the members are still in foreign climes, the Priscilla Club, which adjourned for the summer and which was scheduled to meet tomorrow for a regular social time, will not reorganize for the winter until next Friday, however six of the members are holding a regular business meeting this afternoon at the home of Miss Coral Griffith on Salem street.

## CALIFORNIA MINES

(Continued from Page 1)

produced 27,044,297 pounds, valued at \$4,191,866, an increase of 2,425,747 pounds in quantity and \$129,805 in value compared with 1912. The next important copper producing county was Calaveras, which yielded 5,823,226 pounds valued at \$902,600.

The recoverable lead obtained from California mines in 1913 amounted to 3,514,342 pounds, valued at \$154,631, an increase of 2,369,611 pounds in quantity and \$103,119 in value over the production of 1912. Inyo county was credited with 3,246,432 pounds, valued at \$142,843, and San Bernardino with 237,480 pounds, valued at \$10,449. These two counties produced nearly all the lead output of California in 1913.

In 1913 only two counties in the state reported a production of zinc. These were Inyo county, 963,571 pounds, valued at \$53,960, and Shasta county, 93,914 pounds, valued at \$5259, or a total of 1,057,485 pounds and valued at \$59,219. This was a decrease of 3,288,106 pounds in quantity and \$240,627 in value compared with 1912.

The quantity of siliceous ore that was mined and treated in California in 1913 was 2,031,429 tons, having a total recoverable value in gold and silver of \$11,397,194 and in all metals of \$11,475,261. This is an average value of \$5.61 a ton in gold and silver and \$5.66 a ton in all metals. The 448,439 tons of copper ores yielded a total value in gold and silver of \$824,477 and in all metals \$6,090,696. The average value in gold and silver was \$1.84 a ton, and in all metals (including the copper) \$13.58 a ton.

There were 14,267 tons of lead ore treated, having a recoverable value of \$160,294 in gold and silver and a total value in all metals of \$329,765. The average value per ton in gold and silver was \$11.24 and in all metals \$23.11.

There was no gold or silver obtained from the 1823 tons of zinc ore shipped.

The two largest deep-mine gold camps are Grass valley (including Nevada City), in Nevada county, and Jackson (including Sutter creek), in Amador county, and it is due to these two camps that the counties of Nevada and Amador ranked first and second respectively in 1913 in gold production. In the Jackson district 448,269 tons of ore were treated, yielding \$2,117,962 in gold, or \$4.72 a ton, and \$13,402 in silver, or \$0.03 a ton, making a total production of \$2,131,364 in gold and silver, or \$4.75 a ton. In the Grass valley district 252,607 tons of ore were treated, yielding \$2,830,661 in gold, or \$11.21 a ton, and \$26,082 in silver, or \$0.10 a ton, a total production of \$2,856,743 in gold and silver, or \$11.31 a ton. Three other counties had a production of more than \$2,000,000 in gold—Sacramento, \$2,503,633; Yuba, \$2,491,505; Butte, \$2,269,849. These three counties owe their large production of gold to the dredging industry, from which the bulk of their gold is derived.

The most productive metal camp in the state in 1913 was Kennett, in Shasta county, where the largest smelter in California is situated. The total output at Kennett was 280,657 tons of ore containing recoverable values in gold, silver and copper amounting to \$3,716,430, or \$13.24 a ton. The above figures for gold and silver represent the output of recoverable precious metals at mines, as distinguished from the gold and silver actually recovered in 1913, the final official figures for which, by totals for all states and for the country, are determined and published as joint statistics of the bureau of the mint and the United States geological survey. Similarly the above figures for copper, lead and zinc are based on ore sold or treated in 1913, whereas the final official statistics for actual recovery of these metals by smelters and refiners are given in the general reports (as distinguished from the mine reports) on these subjects by the United States geological survey.

## ENJOY FESTIVE OCCASIONS

Instead of holding their regular business and social meeting this week the girls of the Round Table, chaperoned by Mrs. John Hobbs, enjoyed a dinner and theater party in Los Angeles together. On Monday last the day was enjoyed by these same young ladies at Venice and Ocean Park, where all the joys of those popular resorts were theirs.

Besides Mrs. Hobbs, those who participated in the gay festivities were the Misses Esther Jones, Eunice Jones, Katherine Hobbs, Dorothy Hobbs, Gene McNutt, Lynn McNutt, Blanche Shea and Olive Moffitt.

Mr. Harry Girard, well-known professionally and in musical circles of Glendale, Los Angeles and vicinity, started Tuesday of this week on his second tour over the Pantages circuit. Mr. Girard will go as far east as Cleveland, Ohio, and will be seen again in "The Luck of a Totum." There are, however, slight changes in the cast. Instead of the well-known and dearly beloved Agnes Caine-Brown (Mrs. Girard), who will remain in Glendale during the winter months, Miss Stella Pitch of San Diego will be seen in the stellar feminine role and Mr. Fred Miller will succeed Harry Glazier, who has resumed his studies at Glendale high.

Christianity is putting brakes on the world and arresting its speeding to the bad.

# Glendale Theatre

## TONIGHT'S PROGRAM

"The Sheep Herder," a powerful, 2-reel Kerrigan Western Drama. Shown by request.

"The Stone in the Road," played by the Smalleys and one of the best.

## THREE ACRES

175 fruit trees, all varieties; best of soil; located in Burbank near S. P. depot; 6 blocks to P. E. cars; 3 blocks to bank, postoffice and stores. Six-room modern house; good well and windmill; large barn. This is a splendid opening for someone. Very low price to cash buyer.

KIMLIN AND ROYCE

Sunset 1020J

318 W. Broadway

## AUTOMOBILES IN CALIFORNIA

The good roads in California permit of an almost extravagant use of automobiles. It has been said and truthfully, too, that "a man is never too poor, financially, to own a dog, providing he is a fancier of the canine family." In California it is equally true that a man is seldom too poor to own an automobile. An automobile may be used in California 365 days in the year without inclement weather interfering. It is true there are winter rains, but the roads do not become deep and muddy from the effects of rain in California as in some of the middle states.

A few hours on a Sunday afternoon spent viewing the autos going and coming on a popular boulevard reveals the fact that there are many auto machines of many makes and styles. There is the large, elegantly furnished touring car; there is the medium-sized car; there is the light-weight car, and the most interesting of all is the home-made car. It is just as interesting to give attention to the manner of the drivers as it is to the numerous styles of the cars.

## PLEBEIAN WORK OF FAMOUS HORSES

It is a remarkable fact that many of the most famous horses of the trotting turf years ago were not appreciated until after they had arrived at maturity. With a great many the trotting quality was discovered by accident. It is on record that Flora Temple was once sold for \$13, and the great mare Princess, dam of Happy Medium, brought her breeder about \$40. Tacony pulled a stage and Mack likewise. Abdallah would have been made to haul a fish cart had not his lofty spirit rebelled at the indignity. Billy Button was used as a runner to force the pace of Peralto. Goldsmith Maid was once sold for \$100 and the dam of Eathan Allen was sold at the age of 10 for \$35. Dutchman worked in a brickyard, so did old Columbus, and Andrew Jackson was foaled in one. Charley B. was used to haul stone up from a quarry by derrick and pulley. Godolphin Arabian drew a watering cart in the streets of Paris. Justin Morgan was long a wheel-horse in Vermont. The granddam of Monbars did farm drudgery. The dam of Billy Button hauled garden truck to market and pulled a milk wagon alternately. Gifford Morgan drew slabs from a sawmill and was at one time sold for \$100. The dam of Flying Morgan was used to peddle woodware. The sire of Rarus was worked to a butcher cart, and it is said that the dam of Black Hawk also drew a butcher's cart. The first authentic account of Canadian

Pilot places him in the hands of a Yankee peddler in New Orleans. The dam of Lady Griswold was used by a patent medicine vender. The dam of old Green Mountain Morgan ground apples in a cider mill.—The Horseman.

## HOW TO TREAT A HORSE

Do not buy a horse that is too light for your work! You will gain nothing by overburdening him; he will soon become unsound, and wear out.

Feed him well, if you wish him to work well. Give him three good meals per day (four if he does an extra long day's work), and ample time to eat them.

Let the horse have one day's rest every week. See that he is comfortable in his stable, that it is neither dark nor damp, and that he has a good bed to lie on.

See that his harness fits properly, and is kept clean!

Horses, like human beings, are often thirsty when hard at work, so offer them water frequently. A little oatmeal in the water is very refreshing and sustaining.

Don't use an overhead checkrein; it causes suffering and eventually injures the horse—also it prevents his using his full strength.

If your horse falls, don't shout at him or beat him; help him to get up.

## NO ELECTRICAL STORMS

The southern part of California is not visited by electrical storms. There is no vivid lightning and roaring thunder. There is no danger of live stock being killed by lightning.

The absence of electrical storms is a source of great comfort to people who fear terrific storms. Electricity exists in the air, but serves nature in harmless manner and does not reveal itself in the thunder cloud.

## EUCALYPTUS TREES.

A few years ago there was a great furore in California, and particularly in Southern California, over the growing of eucalyptus trees for timber on a large commercial scale. Many companies were organized. The enterprise, while having certain merits, apparently was overestimated and the results are becoming apparent. One of the last of these concerns to pass is the California Eucalyptus Corporation's plans for creating of a great eucalyptus forest on the Ellwood properties near Tulare. The trees are being grubbed out to make way for alfalfa.

Some persons want Providence to run things to their order.

#### EAGLE ROCK

Duvall and Lee Puthuff, twin sons of Mr. and Mrs. H. Puthuff of College View avenue, celebrated their third birthday last Tuesday with a party. The children enjoyed games until late in the afternoon, when a dainty but delicious luncheon of ice cream, cakes and candies was served in the dining-room. Twin birthday cakes decorated with candles were greatly enjoyed by the "kiddies." Toy crackers that exploded and each containing a prize caused much merriment. The little people bidden to this happy occasion included Helen Ducey, Lois Chambers, Carl Chambers, Junior Buchanan, Wilton Stillwell and Robert Puthuff. The "grown-up" guests were Miss Treadwell, Miss Bailey, Mrs. Stillwell and Mrs. Longest.

Monday a large number of men folks gathered at the M. E. church and at once began tearing part of the building down and this no sooner done than they had the frame work up for the new part of the church. At noon the ladies of that church brought baskets filled with all kinds of good things, including hot coffee and served the dinner cafeteria style. After all had eaten the ladies immediately cleared everything away and the men resumed their work on the church.

Miss Cleo Wilson, Ernest Coonrad, Miss Olive Moe and Lloyd Terrell attended a theater party Monday evening.

J. Q. Adams is now delivering milk in this city from his dairy at Puente.

Mr. and Mrs. Wilson and family of Highland avenue are spending a few days on their ranch near Whittier.

The Christian Scientists of this city began with last Sunday morning to hold services in the Masonic hall.

Mrs. Walker and daughter of Los Angeles are now living in their new bungalow on Harvard drive.

Mr. and Mrs. W. S. Moe and daughter, Miss Olive Moe, were guests of Mr. and Mrs. F. Hammer of Los Angeles Sunday.

Last Friday evening the Eastern Star gave a delicious baked tuna supper in the Masonic hall. The tables were tastily decorated with pink and white asters. Tomatoes cut fancy served as the salad and the dessert was muskmelons cut in fancy shape, filled with ice cream. A large number attended this supper and the ladies realized a neat sum.

Last Thursday evening at Glendale occurred the marriage of John Cline to Miss Elisha Kelly of that city. The bride is well known in Glendale. Mr. Cline is a popular Eagle Rock young man and works for the lumber company. After a brief honeymoon they will return to their home on Glendale avenue, Glendale.

The Presbyterians will hold their prayer meeting this coming Wednesday evening at the home of Rev. Kirkes on Acacia avenue. Rev. Le Clerc will lead the services.

Leora and Janette Durfey have returned to their home at Fresno after spending the summer with Mr. and Mrs. Rowland of Central avenue.

The house on Castle avenue recently vacated by the Sanderson family has been remodeled and painted, which greatly improves it.

The Business Women's Civic Club

of Los Angeles was entertained last Monday evening by Miss Floy Galpin at her home on West Adams avenue. It was a lovely moonlight evening and a tea party was enjoyed in the garden.

Rev. Kirkes and family of Acacia avenue have returned from their camping trip spent at Camp Baldy for several weeks.

Monday evening Mrs. A. Boyce of East Colorado boulevard gave a charming surprise party in honor of Mrs. Cagurn, who expects to move soon from that neighborhood to another part of the city. The house was prettily decorated with roses and geraniums. Delicious refreshments were served to the following guests: Mrs. M. Magoffin, Mrs. M. Lewis, Mrs. G. Shaffer, Mrs. E. Siebke, Miss Young and Mrs. Cagwin.

Wednesday evening Mr. and Mrs. Kingdon of Fairmont avenue gave a delightful dinner party complimentary to the latter's mother, Mrs. Potter, who will make her home here with her daughter. Covers were laid for Mr. and Mrs. J. McOmber, Miss Margaret and Maynard McOmber of Glendale; Mr. and Mrs. W. Potter of Los Angeles and Mr. and Mrs. Kingdon and children.

Saturday Mrs. W. L. Miller, wife of the Eagle Rock Sentinel editor, left for a month's vacation in the East. She will visit her old home at Bloomington, Ills., as well as Chicago and Pontiac, Ills., and Minneapolis.

Monday morning at 6 o'clock members of the Tennis Club met on the court to play their finals, which ended 4-6 in favor of Ernest Coonrad's side. It is now up to the losing side to give a big "feed" and entertainment, which will probably be given in October, which will close the tournament.

Sunday evening Rev. Crouch gave an illustrated lecture on his work among the Indians, at the Methodist church. He has worked among the Yuma Indians and his talk was very good.

#### THIS TOWN

If you can't own the town, don't disown it.

This life is what we make it. So is this town.

In some respects this town is not perfect. Are you?

What this town needs isn't fault-finders, but fault fixers.

This town will never grow on money that is sent to some other town.

The country is growing in population. Is this town keeping up?

The man who begins to plan for this town will soon be calling it "my" town.

This town had to be started by somebody. It has got to be kept going by somebody else.

This town doesn't need boosting any more than any other town, but it needs it just as much.

The pioneers thought this was a good place for a town. Let's make it a poor place for knockers.

The easiest way to make things right at Washington is to begin by making things right at home.

The American people are too wise, after the object lesson they are having, not to insist that a great merchant navy be established for this country. It would have been worth the effort of a generation for the United States to have been prepared for the emergent commercial conditions forced upon it by the great war.
