ANTI-GOUTY ELIXIR
OF
HIPPOLYTE BRINGUIER,
INVENTOR OF THE ANTI-RHEUMATISMA
Tropical Balm.

TELL now all medical science has had no power over the gouty, this terrible disease which has ever made so many victims all over the earth, and still bears daily so many thousands from their own palaces to give them up to the most paltry lazzaretto. It is wanted to recall to our minds the symptoms of this disease too well known to its numerous sufferers. It suffices to name them to appreciate the value of such a remedy against their return. Such is the effect of the ANTI-GOUTY ELIXIR, which is the result of the laborious searches of M. HIPPOLYTE BRINGUIER, already known by the discovery of the anti-rheumatismal TROPICAL BALM, that has had down to this day so great a success. The ANTI GOUTY ELIXIR, particularly designed for curing the fits of the gout, possesses a power so less great, warranted by a long and personal experience of the inventor, and by repeated essays upon numerous victims.

The ANTI-GOUTY ELIXIR is easy to take, and its taste is in no way disagreeable. It can be taken pure or mixed with two or three spoonfuls of tea or coffee. Its effects are felt after a few hours, whatever may be the intenseness of the fit. In twelve hours at most the sufferings disappear, and all its symptoms vanish away.

For sale at the General depot, in New Orleans, at
H. BRINGUIER & CO.

And in the principe drug stores of the United States. ap12 1y
