King Sends Message To Those Attending Press Conference

Tells Men at Empire Gathering in Montreal He Hopes Event Will Benefit the People; Messages Also From Premier Lloyd George and Lord Milner.

Montreal, August 4.—Cables received by Lord Atholstan from the King, Premier Lloyd George and Lord Milner, Secretary of State for the Colonies, on the occasion of the Imperial Press Conference gathering here are as follows:

"I rejoice to think that under your chairmanship the members of the Imperial Press Conference are now assembled in Montreal. This gathering of representatives of all parts of the British Empire marks a fresh epoch in the history of journalism and is an important development of the first conference of 1919 that was memorable for the prophetic utterances of Lord Rosebery in his inaugural speech on that occasion. May your joint efforts be crowned with success and may they, by securing the freedom of the press and in the formation of broader ways to instruct the public, promote that which tends to the well-being, both social and moral, of the world."

(Signed) "LLOYD GEORGE." From Lloyd George. "Please accept my best wishes for the success of the Conference, which by affording to so many representatives an opportunity for counsel and consultation, should prove a powerful factor in the continued welfare and prosperity of the Empire."

(Signed) "LLOYD GEORGE." From Milner. "Please give my cordial greeting to the great gathering. I rejoice especially to think that to-night representatives of United States newspapers will meet the Empire delegates. Such a gathering can and will exert a great influence, which is particularly welcome. International good feeling is the first need of the nation to-day. We hope to reach and meet world peace through such meetings."

(Signed) "MILNER." CONFERENCE MAY BE ABANDONED

Action of Bolsheviks May Upset Peace Discussion in London

London, Aug. 4.—Postponement of armistice negotiations between Poland and Soviet Russia is viewed here as creating a difficult and anxious situation which is likely to involve the abandonment of the proposed conference here between representatives of the Allies, Poland, the Russian Bolsheviks and the Russian border States for the settlement of the Polish question.

Views Differ. London newspapers take widely divergent views regarding the attitude of the Bolsheviks in demanding negotiations for peace coincident with the arrangement of an armistice. Some declare the action of the Soviet Government is perfectly justifiable and reasonable, while others indignantly denounce it as evidence of a determination to allow the Bolshevik armies to reach Warsaw and there dictate terms equivalent to a complete surrender of the Poles and the enforcement upon them of a Soviet armistice conditions was that the Poles must disarm, giving guarantees they would not receive military aid from the Allies and undertake not to renew aggression against Russia.

Winnipeg Polish Girl Goes Home to Help in Fight

Montreal, Aug. 4.—"Yes, I am going home to help my people by joining one of the Polish women's battalions of death," said Miss Mary Krupowak, bright-faced girl of about twenty-two years of age, who has just arrived from Winnipeg, when interviewed at the Polish Consulate here yesterday.

Tokyo, Aug. 3.—(Associated Press.)—Japan will increase her garrison forces in Korea by 4,800 men, it was announced here today.

Greeks and Turks Fight Along Sixty-Mile Front

Constantinople, Aug. 4.—(Associated Press.)—Turkish nationalist forces opened a bitter offensive against the Greeks along a sixty-mile front in Asia Minor on Monday. The battleline extends along the Bagdad railroad westward from Kutahia to Simav.

The Greek forces in Anatolia are being reinforced from Thrace, and, in conjunction with British detachments have advanced eastward from Ismid to Adabazar. The impression is growing here that the Greeks and British will counter the Turkish action in the Smyrna district with movements of their forces through Anatolia and Black Sea ports, thus taking railways and occupying all strategic points.

Izzet Pasha, former Grand Vizier, has been commissioned by the Sultan's Government to go to Ankara and attempt to reconcile the Nationalists with the Government.

The Turks are reported to have evacuated the Adana area, where the

Government Floats New Loan of Three Million

British Columbia securities to the extent of three million dollars will be acquired by a local syndicate for cash this afternoon at the rate of 98.91 for the whole issue. The life of the loan is five years to yield interest at the rate of six per cent. The firms taking part in the purchase are the following well-known bond houses: The British America Bond Corporation, Limited; Gillespie, Hart & Todd, Limited, of Victoria, and the Royal Financial Corporation, of Vancouver. An alternate bid was received from the same syndicate for half the amount of the loan at the rate of 99.97. This was rejected by the Hon. John Hart, Minister of Finance, in favor of the total amount at the somewhat lower figure.

The new loan will be utilized solely for construction work on the Pacific Great Eastern Railway as part of the Provincial Government's programme of railway extension to Fort George. Authority for this flotation was taken during the last session of the Legislature, although at the moment three million dollars only is being borrowed against the four million that will be required—and for which the Act provides—to complete the line to the point named.

Other Bids. Other bids for the new issue were as follows: Hughes, Prime Minister of Australia, speaking here, attacked Archbishop Mannix, who is now on his way from the United States to the British Isles, after having been notified he would be barred from Ireland by the British Government. The Prime Minister's speech was virtually a reply to a statement made public in New York City by Archbishop Mannix on July 29, in which he vigorously denounced Mr. Hughes.

Demonstrations in the United States favorable to Archbishop Mannix, said Mr. Hughes, were carefully suppressed in a manner similar to those arranged in those arranged in Australia, and the people who acclaimed him there were Sinners, or other wild fanatics. Archbishop Mannix does not represent Australia or the Irish or any other question, and is the acknowledged Sinn Féin leader in this country.

When he arrived in Australia seven years ago, the Prime Minister continued, "Australia was free from sectarian bitterness than any other country in the world. Spurred by boundless personal ambition and hatred for Great Britain, Archbishop Mannix has fanned the dying embers of religious bigotry into a fierce blaze, gathering around his every fanatical, alien and Sinn Féin in the country. He worked incessantly during the day to prevent recruiting and helped the enemy, working great harm to Australia."

Referring to an alleged threat by Archbishop Mannix to "deal with Hughes" upon the prelate's return to Australia, the Prime Minister said: "He was—but, first of all, he has to return."

People on Land in Ontario Follow Lead of Town Citizens

Toronto, Aug. 4.—The accession to power of the United Farmers of Ontario Government apparently foreshadowed a new era in prosperity and leisure for the farmer in Ontario, if certain definite predictions can be accepted as a criterion. The farmer and the business men will in the future, as far as privileges are concerned, be different in name only. The weekly half-holiday, acknowledged by city firms as a prime necessity, but which it lately was frowned upon by followers of the pastoral pursuits, is now becoming recognized as "not a necessary evil, but a practical health requirement. Investigations recently made in various centres of Ontario bear out the fact that the farmer is taking his half-holiday regularly. No fixed date has been set, but Wednesday and Saturday generally find the agricultural folk enjoying themselves at picnics and elsewhere to the best advantage.

A. E. Warren to be Western General Manager of C.N.R.

Winnipeg, Aug. 4.—That he expected A. E. Warren, present general manager of the western lines of the Canadian National Railway system, would be placed in charge of the co-ordinated Canadian National Railway and Grand Trunk Pacific Railway systems in Western Canada, was the announcement made yesterday by D. Hanna, president of the Canadian National Railway, on his return from the West.

Speaking of the plan for amalgamation of the Canadian National and the Grand Trunk Pacific, Mr. Hanna said that for the time being the measure would be limited to the co-ordination of operation with a view to economizing where possible.

More Children, More Rent, Says Manitoba Landlord

Winnipeg, Aug. 4.—One of the oddest cases hereabouts of an excuse for increase of rentals has come to light in St. Boniface, where a landlord has given notice to tenants that their rent will be increased \$1 a month for every child in the family. He claims that a man with a family ought to live either in a shack or out in the country.

Chicago Wheat Market Nervous

Chicago, Aug. 4.—Excited general selling brought about a sensational smash in wheat prices today. The market opened at 22.14 to 22.21, and March 22.21. Most of the selling was said to come from country holders anxious to turn their wheat into cash. In a few minutes, however, the market rebounded as much as eleven cents in some cases. The rush to sell appeared to be based largely on unfavorable financial reports, especially from the southwest.

Reds Threaten Allied Citizens

Bolsheviks Say They Will Kill Any Entering Occupied Poland

Refugees Report Reds Shooting Landowners in Polish Area

Allenstein, East Prussia, Aug. 2.—Via London, Aug. 4.—(Associated Press.)—Threats by the Russian soviet forces to execute instantly any civil or military subjects of the Allied Powers who cross the frontier are reported by refugees arriving here from the region to the east being occupied by the Russians. This has caused the Inter-Allied Commission in this district to announce that no person will for any reason be permitted to enter the Russian-controlled zone.

The refugees declare that the Bolsheviks are shooting all landowners and property holders and others suspected of having money. The hearing of a white collar, they assert, is sufficient evidence for a death warrant. Officials of the Inter-Allied Commission declare that the majority of these reports are supported by circumstances indicating their truth.

New York Honors Sir Thomas Lipton

New York, Aug. 4.—A civic reception was held in Central Park last night in honor of Sir Thomas Lipton, owner of the defeated American Cup challenger, Chamrock IV. Mayor Hylan praised Sir Thomas for his sportsmanship and presented him with the flag of the city.

Sir Thomas in reply said the only fault he found with Americans was that they built better boats than he. Sir Thomas said his intention was to issue another challenge next year for the cup.

Settlement Board Intends Justice

Will Prosecute Manitoba Land Dealers Who De-frauded Soldier Settlers

Winnipeg, Aug. 4.—The interests of the returned soldiers and the interests of the Soldiers' Settlement Board are inseparable, declared W. J. Black, chairman of the Board, in an interview here today. "Any statement to the contrary shows a complete ignorance of the whole question," he said. "It is the purpose of the Board to see that justice is done to the soldier settler. If there has been any wrong doing it will be punished. Major Barnett is in the city for the purpose of seeing that justice is done. Mr. Black stated.

Regarding the Amaranth district, Mr. Black said that the re-creation of the land was necessary it would be done.

"In the case of the settlers, it must be clearly understood that they themselves share in the responsibility. It was they who got the Soldiers' Settlement Board into the difficult position. They admit that fact themselves in the sworn statements in Major Barnett's possession," said Mr. Black.

Legal Action. "We will take legal action against conspirators," said E. Eaton Peaton, Director of Land and Loans, who is in the city to reorganize the local branch of the Soldiers' Settlement Board, "we have reason to believe that real estate agents have used their inventive genius to put deals through our office. Where defraudulent is proved, we will go as far as the laws of the country will allow."

Canadian Wheat Board Paying Out \$30,000,000

Winnipeg, August 4.—The first payment on a participation certificate issued by the Canadian Wheat Board was made yesterday. Approximately 900,000 certificates have been issued, it is said, and the first participation is at the rate of thirty cents a bushel. A second payment of at least ten cents a bushel is expected.

The first disbursement will amount to \$30,000,000 or \$35,000,000, according to members of the Wheat Board.

Bolsheviki Asked By Britain if Halt Of Forces Intended

British Government, Irritated By Course of Soviet, Sends Note to Warsaw Asking If Bolsheviki Leaders Purpose to Respect Armistice Line.

London, August 4.—The British Government is irritated over what it believes is Soviet Russia's equivocation over the British suggestion that the Russians halt at the armistice line of demarcation in Poland and begin peace negotiations. It has dispatched a sharp note to the Soviet Government demanding a yes or no answer as to whether that Government intends to listen to the suggestion.

The note, it is reported, contains no threats and is not in the nature of an ultimatum, simply requiring a quick reply as to what Soviet Russia intends to do.

What was regarded here as the ominous silence of Warsaw, so far as official messages was concerned, was broken to-day, but the dispatches contained little to indicate what was going on. The Foreign Office this afternoon received messages dispatched at 3 p.m. yesterday, saying the British Mission to Warsaw was still there, but indicating that it might leave.

An unconfirmed report to-day said that both the British and French Missions had left the Polish capital.

Polish Government To Leave Warsaw

Opinion of Military Men in Paris; May Move to Cracow

Paris, Aug. 4.—Warsaw will have to be evacuated within two or three days, in the opinion of the French and British military experts there, and the Government is expected to be moved within that period probably to Cracow.

A report of the members of the military mission, telegraphed here last night, declared that the Polish army along the River Bug had retreated so precipitately that it had not even destroyed the bridges behind it. This river was Warsaw's last line of defence.

Toward Pomerania. A special Russian cavalry corps, the military men reported, was driving southwest along the border of the Allenstein district, and had yesterday reached a point thirty miles from Miawa, thirty-one miles north-west of Warsaw, on the only direct railroad to Danzig from the Polish capital. These cavalrymen were said to be headed through Miawa into the Polish Corridor to the Baltic, nearby, and thence into Pomerania.

The experts reported that the Polish forces were demoralized on the whole northern and central fronts and were falling back. The military men said they had virtually abandoned hope of the Poles making a stand now.

The Polish armistice delegates reported (concluded on page 4).

Freight Rate Increase Total Put at \$107,000,000

Toronto, Aug. 4.—A total of \$107,000,000 a year is now the estimate placed by the traffic experts of the Canadian Manufacturers' Association and boards of trade as to the aggregate amount of freight rate increases demanded by the railways of the Dominion in the schedule now before the Dominion Board of Railway Commissioners for discussion. Conferences are being held here regarding plans to fight the application for increases.

Statement By Hanna. Winnipeg, Aug. 4.—D. B. Hanna, president of the Canadian National Railway, interviewed here yesterday, sought to justify the applications for increases in freight and passenger tariffs by stating that eighty cents out of every dollar earned by the Canadian National Railway is absorbed by wages and at the present time it costs the Government more than a dollar to carry a dollar.

Liverpool, Aug. 4.—The Government informed the Cunard Company that "prevailing conditions in Ireland may prejudice the ordinary safeguards for navigation," and that therefore, the Government considered it advisable, as a temporary precaution, for passenger ships to proceed to English ports without calling at Queenstown. It requested the Cunard line to make arrangements accordingly.

London, Aug. 4.—A remarkable motion, demanding that the Government arrest and impeach Rt. Hon. SUGAR INQUIRY IN WINNIPEG

Commerce Board Will Look Into Prices Following Retailer's Suggestion

Winnipeg, Aug. 4.—Commissioners of the Board of Commerce met in the Council Chamber of the City Hall here yesterday afternoon to hear any complaints that might be brought before them regarding high prices or profiteering in the necessities of life. No one appeared with a formal complaint, and the only business that came before the Board was a suggestion made by a local retailer that an inquiry be made into the prices being charged for sugar by local wholesalers.

Captain White, chairman, stated that the Board had ruled that retailers should charge wholesalers twenty-four cents a pound, plus freight, and that retailers should be allowed to make two cents profit on each pound sold to consumers. He said the Commissioners would make an investigation on their own account, although formal complaint had not been received.

MAKING EFFORTS TO KEEP DOWN DISEASE

Toronto, Aug. 4.—Miss Violet Trench, an English social worker, gave an address at a luncheon held by the National Council of the Society for Combating Social Diseases yesterday. Miss Trench outlined the policy and objects of the National Council in the United Kingdom, which are to spread a clear understanding and saner point of view regarding a matter which has been attended by many false ideas; to treat disease as disease, bearing in mind that condemnation leads to concealment, which is very dangerous; to raise the moral standard and to bring to bear moral principles and spiritual consideration. Throughout the United Kingdom, Miss Trench said, centres are being established for the treatment of social diseases.

Short addresses were given at the luncheon by Archbishop McNeil, of the Roman Catholic diocese of Toronto, and Dr. C. J. Hastings, Medical Officer of Health of this city.

COMMISSION ON BLOCKADE PLANNED

League of Nations Council Will Make Recommendation to Assembly

San Sebastian, Spain, Aug. 3.—The Council of the League of Nations will recommend to the Assembly of the League at its next meeting that an international blockade commission be appointed to plan for the application of an economic blockade in case of war. It was announced at a public session of the Council here yesterday.

The Assembly of the League will next meet at Geneva next November, and will be presided over by Paul Hymans, the Belgian Foreign Minister.

The International Blockade Commission probably will be composed of equal numbers of the Council and the Assembly of the League of Nations, but may be superseded by another organization after the question has been more fully studied.

To Regulate Traffic.

It was also decided to ask the United States Government to make provisional arrangements either for direct representation at the international conference on the freedom of transit to be held in Barcelona early in 1921, or to participate indirectly.

The object will be to plan ways and means of preventing any country from profiting by its geographical position to hinder the free movement of international traffic, and to arrive at a clearer and more uniform system for regulating such traffic.

DOMINION STATUS FOR IRELAND URGED

London, Aug. 4.—That the Home Rule bill now before Parliament would, if passed, only increase discontent in Ireland and that the only acceptable solution of the difficulty lies in the immediate granting to Ireland of the status of a Dominion within the Empire, is the substance of a resolution passed at a meeting of commercial, industrial and professional men in Cork.

The gathering, for the most part, was composed of Unionists.

Magistrates Resign.

During the last three weeks of July, 12 magistrates in Ireland resigned their British commissions, according to a story published in Dublin, giving their names and reasons. The reasons generally are attributed to protest against the methods of British administration.

The authorities assert that the resignations were due to Sinn Fein "terrorism."

A dispatch from Queenstown last evening said: "Emigration from Ireland without authority from the Home Secretary of the Irish Republic is to be prohibited by a decree which will shortly be issued by the Dail Eireann, the Irish Republican Parliament," according to an announcement by Vice-Chairman Hennessy of the Queenstown Urban Council.

AMERICAN COLONEL GIVES FREE ADVICE TO RHEUMATICS

SAYS IT'S SHEER FOLLY FOR ANYONE TO SUFFER THESE DAYS

Rheumatism can't be cured so long as your system is weak and run-down. You must first build up and get strength to fight off the disease. Ferruzone cures because it builds up, because it renews the blood and dissolves the Uric Acid and the poisons that cause rheumatism.

It is proved right here that Ferruzone does cure.

Col. H. M. Russ, of Edwards, St. Lawrence Co., one of the fine old heroes of the Civil War, was completely restored by Ferruzone. Read his statement:

"I couldn't get around without a cane, and then only with difficulty. Rheumatism took complete control of my limbs.

"Suffering was more intense than hardships on the battlefield. When my doctor had done his best I got Ferruzone.

"Then came a quick change. Ferruzone gave me comfort at once, eased the pain and took the stiffness out of my muscles.

"I am well to-day. Ferruzone cured me completely. I can jump and walk like I did forty years ago."

Be sensible about your case. If your present medicine is useless give it up.

Don't experiment again. Ferruzone is known on all sides to be a cure that does cure. Why not get a supply to-day. The sooner you begin Ferruzone the quicker you'll get well. Price 50c per box or six for \$2.50, at all dealers, or direct by mail from The Catarthosone Co., Kingston, Ont.

MR. MEIGHEN AND CO-OPERATION PLEA

Toronto, Aug. 4.—In the course of a long editorial on the Prime Minister's speech at Portage la Prairie, The Globe-to-day says:

"Mr. Meighen did the right thing, no matter what his motive may have been, in availing himself of the occasion of the first public deliverance as Prime Minister—his address to a non-partisan gathering of the people of Portage la Prairie—to sound a new note. It was a happy circumstance that he had before him the recent, insular deliverance of Premier Taschereau of Quebec, the appeal of an eminent representative of the French-Canadian race for a spirit of co-operation to take the place of the spirit of estrangement. In that appeal, Mr. Meighen joined."

Toronto, Aug. 4.—In the course of a full column editorial on the Prime Minister's Portage la Prairie speech, The Mail and Empire says to-day:

"Mr. Meighen gave a message of broad Canadianism. The things

VANCOUVER ISLAND NEWS

At Montague Harbor.

On Sunday afternoon an open air service was held on the beach at Montague Harbor, Galiano Island. It was a favorite rendezvous for those who cruise among the Gulf Islands in the summer time, and a safe haven of refuge in winter for the tug with its boom and scow in stormy weather.

On Sunday the quiet peaceful bay was visited by about eighty people who formed the congregation at an inspiring service, which was conducted by Canon Paddon, of Mayne Island, Mr. Abbott, from Ganges, and A. R. Merris, of Victoria. The congregation arrived by road from South Galiano and Retreat Cove, and by launch and rowboat from Mayne Island, Ganges and South Galiano.

The service was so much appreciated that it is probable a similar meeting will be held early in September.

Picnic at Newcastle Island.

Nanaimo: The first picnic under the auspices of the Native Sons and Daughters of British Columbia was held on Newcastle Island to-day. The picnic was open to the public and promised to be one of the best good time picnics of the season. There were races for men, women and children, a tug-of-war for ladies, also one for men, and dancing throughout the day entirely free of charge. Excellent prizes have been offered for the races and the tug-of-war.

In the evening commencing at 8 o'clock there will be a grand open-air dance in the pavilion which will continue until midnight.

HAD NONE.

The teacher gazed sorrowfully at the small boy who stood in front of her. He was convicted of the heinous charge of stealing toffee from one of his school fellows.

"An it was his first offence, however, she did not desire to inflict corporal punishment—a moral lecture, she thought, would fit the case. "Bear in mind, Bobby," she concluded, "that these temptations can be resisted; if determination is used. Always turn a deaf ear to temptation."

The child gazed solemnly at her. "But teacher," he exclaimed, "I ain't got a deaf ear!"—Tit-Bits.

COLGATE'S TALC POWDER

"Light as Colgate's Talc"—
passed through a silken mesh

IMAGINE a spider's web which only the shining dew makes clear—then imagine a silkworm's thread as fine.

Imagine a mesh formed by thousands of such gossamer-like threads contained within a single square inch. Conceive this weave to be so fine, so fine that only dust of flower-bloom, or powder as microscopic, could sift through it.

Through so incredibly minute a filter Colgate's Talc is passed. By what other means could come its delicate, breath-like quality—its airiness lighter than thistle-down, lighter than gossamer?

To the tender, sun-sensitive or wind-whipped skin what can be more gratefully cooling, what be gentler or more fragrant than Colgate's Talc?

What talc, while adding its charm to the complexion, merges with it as does Colgate's Talc?

So fine, so very fine it is.
And perfumed to your liking.

NEWS AND NOTES OF THE MINES

Invermere, B.C.—The Toby Creek Mining Company, Limited, of Vancouver, with W. L. Smith as manager are pushing development work on their property near the Jumbo fork of Toby Creek, known as the Silver King. The work of constructing the wagon road to the property is still being carried on and it depends largely on this as to how quickly the larger development work will be pushed.

Later development work is the nature of a crosscut at about 90 feet from the surface towards the hanging wall of the lead on the south of the tunnel. The crosscut is all in very rich shipping ore in a ledge about 80 feet wide, ranging in value to about \$100 to the ton. This ore consists of silver-lead and some gold, the predominating value being silver. From surface indications there is yet about 35 feet to go before the crosscut reaches the hanging wall.

Immediately above the crosscut there is an open cut in some places 30 feet in depth.

C. B. Taylor, of Seattle, Wash., a mining man of wide experience throughout the west, including British Columbia, says in a letter to Mr. King: "I have seen the Silver King and was truly surprised to see such a vast quantity of silver-lead ore. I can truly say that in all my 40 years in most of the best mining districts that I have never seen the equal."

"She broke the engagement. He says it will be a long time before he gets engaged again."
"Why? Did she keep the ring?"

REVENUE FOR STATES FROM RAILWAY RATES

Washington, Aug. 4.—Increased revenues, officially estimated at \$100,000,000 annually, will accrue to the United States Treasury by the advance in railroad transportation rates. The added income, officials said, would be derived from increased transportation taxes—paid by the public—as well as through operation of the income and excise provisions of the revenue laws.

SIR ARTHUR CURRIE PRESIDED AT MCGILL

Montreal, Aug. 4.—It was typical of the first occasion on which General Sir Arthur Currie presided over a public convocation of McGill University as Principal and Vice-Chancellor, that the function should be one of Empire importance, for the conferring of the highest academic honors within the gift of McGill upon four newspapermen representing Great Britain and two of the far-flung Dominions, delegates to the Imperial Press Conference, this week in Ottawa.

The ceremony of presenting the degree of LL.D. to Viscount Burnham and Sir Henry E. Brittain, British delegates; R. S. Ward-Jackson, South Africa, and Thomas Wilson Leys, New Zealand, was carried out with a wealth of academic honor, ceremony and color.

The special convocation was presided over, for the first time, by Sir Arthur Currie, with the full representation of the faculty and government, wearing their scarlet robes of office. The front three rows of seats were reserved for the press delegates, who attended in a body, while the hall at the Royal Victoria College was filled with representatives of Montreal's academic and business life. A large number of ladies were present.

Vancouver, Aug. 2.—(Canadian Press)—There are indications that there will be at least one strenuous struggle when, on October 11, the annual convention of the Army and Navy Veterans' Association of Canada opens here. Winnipeg, Aug. 4.—Miss Alice E. Wilson, of Ottawa, the first woman to be sent out by the Geological Department of the Canadian Government, is making a 200-mile trip down the shores of Lake Winnipeg by rowboat to collect fossils for the Department in Ottawa.

Miss Wilson has as her assistant a young school teacher who was graduated from Royal Victoria College, Montreal, in 1919. The two geologists will begin their explorations starting from Berens River. They plan to make the return trip in six weeks, going south following the east shore of the lake. They are carrying with them their tent, camp outfit and provisions, as well as their geological tools, and are provided with fishing tackle, gun and revolver.

CROP PROSPECTS ON PRAIRIES BETTER

Rains Last Week Broke Hot Spell and Improved Outlook

Winnipeg, Aug. 4.—(Canadian Press)—A Canadian National Railway crop report issued to-day and covering the entire country from Riverview to the western boundaries of Alberta, shows that rains last week broke a protracted hot spell that was seriously affecting both early and late crops in almost every part of that extensive territory and have vastly improved prospects. The rice harvest began last week in the three prairie provinces and a few farmers are cutting their wheat, but the harvest will not be general until next week. Wheat sown on Summer fallowed land is maturing rapidly and under the influence of recent rains, late sown crops are developing rapidly and give promise of fair yields.

GRASSHOPPERS AS FEED FOR CHICKENS

Lethbridge, Aug. 4.—If farmers in Southern Alberta do not get a crop this year they should make a fortune by selling chicken feed. That is the way one farmer reasons things out in the Hillspring country. This particular farmer has a scheme on foot to catch grasshoppers and place them on the market, alive, as cheap chicken feed. He believes he can do better catching them than poisoning the pests and has invented a machine to collect them. This machine will be sixteen feet wide, hauled by two horses, and the hoppers will be collected in a receptacle in the rear, being carried there by the wind from a fan, and the next step would be the market and then the chickens.

NOT A JESSE JAMES.

It will not be the fault of imaginative correspondents up the line if the individual who attacked an aged jeweler in this city and is now being pursued through the Island woods...

Candor, however, impels us to point out that it is impossible to make a James, a Younger, a Tracy or even a benevolent ruffian like old Bill Miner out of the flying Barry. He is not within wireless distance of being a 'bold' bandit, or a desperado of the kind we have mentioned.

IMPETUOUS WINSTON.

It was a very spectacular incident in the adventurous career of Winston Spencer Churchill when he succeeded in eluding the vigilance of his captors during his incarceration as a prisoner of war at Pretoria twenty years ago.

Nobody would deny Mr. Churchill's ability to play his own hand. Herein, however, lies the chief reason why he is quite out of his element at a stage in international events when spectacular displays must give way to reasoned collective judgment.

OTHER PAPERS' VIEWS

Because the Allied nations have scotched the aggressive aspirations of Turkey's nationalist party by the use of armed force it does not follow that an invasion of Russia with two million men should be commenced in reprisals for Soviet success over the Polish armies.

the retirement or punishment of Mr. Churchill. Obviously, Mr. Lloyd George should get rid of his stormy petrel before his gyrations wreck the good work already accomplished and involve Great Britain in complications the consequences of which nobody can estimate.

THE FAMOUS GARDENS.

Through the kindness of Mr. and Mrs. R. P. Butchart, a visit to their beautiful gardens at Tod Inlet will be a feature of the entertainment of the delegates to the Imperial Press Conference during their stay here towards the end of August.

Sufficient reliable information has reached the British Government to enable the Prime Minister and his colleagues to gauge the gravity of Russia's internal conditions. It has been definitely established that if the greater part of the population is to be saved from starvation Russia must resume her trading relations with the outside world before the coming winter.

SOVIET VANITY.

Very naturally Moscow is top-heavy in vanity over the success of Soviet arms; nevertheless Lenin and Trotsky are quite aware of the limit of immediate possibilities. They know the effect of economic pressure which could be brought to bear at any time in the event of a refusal on their part to be reasonable with Poland.

When the people, as a whole, once understand that they have a right to health, they will demand that hospitals be standardized. The arch enemy of middle age and beyond is cancer and our measures both for prevention and cure have not advanced in proportion to the increasing need.

One of the landlords of St. Boniface has increased his rentals one dollar per month for every child in each tenant's

family because he believes that a man with a family either should live in a shack or out in the country. When social legislation has advanced a little more these gentlemen will "get theirs."

Barry and the panther are still at large. Both appear to know the woods and open spaces equally well. There is a price on the head of the panther, but there is none for Barry.

The House of Commons will want to know something about that reverse near Hillah in Mesopotamia in which a British column was surrounded and had to cut its way through a cordon of Arab tribesmen with a loss of three hundred in killed and wounded, one gun and twelve machine guns.

If any reliance may be placed in a Toronto dispatch the Canadian people must believe that one thousand cases of liquor are translated from this side of the international boundary to the other each night.

Six years ago to-day the British Empire accepted the challenge which Germany flung in the teeth of civilization. From every corner of the British Commonwealth of Nations men responded to the call of the flag.

Judging by dearly-bought experience the fact that Mr. Churchill in an article in a newspaper urges war with Russia should be one of the reasons why a war should not be engaged in.

NOTE AND COMMENT

THE ORIGINAL CAUSE.

Considerable of the world's meanness was started by the chap who invented cities.

THE NEW DOCTOR.

The physician of the old school with his top-hat and double-breasted frock coat, who practiced as an individual in all branches of medicine and surgery, has practically disappeared.

When the people, as a whole, once understand that they have a right to health, they will demand that hospitals be standardized.

MINIMUM SALARIES FOR MINISTERS.

No class has been hit harder by high prices than the ministry. Ministerial salaries have been as a rule less than generous at all times, and since the upward curve in living costs began the position of many clergymen and their families has been pathetic.

SAYS VICTORIA BAR PEER OF ANY IN B.C.

(Continued from page 1.)

of which I have always considered as my personal friends. Spoke on Ten Years of Moment. "During my ten years on the bench there have been contentions trials in Victoria. So far, I have never had a single word of difficulty with any member of the bar of Victoria. I have always been exceedingly pleased to get an assignment to come to Victoria because of the high plane on which litigation is carried on here."

"It is very unfortunate, indeed if my remarks last week could have conveyed the impression they did, I was speaking on the spur of the moment. It is possible that I might have used language that might have been so interpreted."

The judge then went on to explain the garnishee case which was before him, when he made his statements. He explained that he did not know that newspaper reporters were in the chambers.

Merely Friendly Appeal. "What I was really referring to was the attitude of unfriendliness in this case," the judge went on referring to the opposing lawyers in the case. "I intended to convey what was a friendly appeal to friends of mine to live up to the traditions of the bar not to the traditions of friendliness in chambers."

"I was not asserting that there had been any lowering of the tone of the bar. I intended to mean not professional ethics, but the friendly attitude in chambers. It was merely meant as a friendly appeal. I had no intention of criticizing or reflecting on the bar or any individual of the bar of Victoria."

"I trust, gentlemen of the Victoria bar, that the cordial relations between me and judges and every member of the bar will continue."

H. A. Maclean, K.C., as president of the Victoria Bar Association, rose and said that no member of the British Columbia judiciary has given more satisfaction to the bar than Your Lordship. He asserted that the relations of the two had always been happy.

POLISH GOVERNMENT TO LEAVE WARSAW

(Continued from page 1.)

turned to Warsaw Tuesday night, and the Polish Government has little hope of the speedy attainment of an armistice. The members of the Allied Mission are convinced that the Soviet Government does not intend to negotiate an armistice, they reported, and they are of the belief that the Russians had set the next meeting of the negotiators for to-day at Minsk, knowing that it would be impossible for the Poles to arrive at that time, making a pretext for further delay.

Undecided. The Polish Government, it is learned, is undecided as to whether it will send emissaries to Minsk. The experts said their gravest concern was the imminent cutting off of Warsaw's direct communications with Danzig, upon which Poland is dependent for military support.

MANY OFFICERS**

Comrade Hart Retires From Presidency of Organization

The election of officers formed the main business of a meeting of the Great War Veterans' Association last evening, when Comrade Stone was elected president, in place of Comrade Hart, who declined to accept the post for another term. The meeting offered to nominate Mr. Hart for honorary president, or life member, but Mr. Hart preferred to remain a private member henceforth. The assembly expressed their good wishes for the retiring president by joining in singing "For He's a Jolly Good Fellow," at the close of the proceedings. Comrade W. N. Winsby was elected vice-president, with Comrade Gordon Smith second vice-president; Comrade J. B. Clearhue, treasurer; Comrade Leighton, recording secretary; Comrade Ason, sergeant-at-arms, by acclamation. Tentative plans for the charter of a steamer to take the local members to attend the sports of the Vancouver G. W. V. A. were drawn up, and left in the hands of the chairman.

Another point under discussion was the advisability of adopting some system of co-operative coal dealing, it being stated that many people were experiencing difficulty in obtaining the requisite quantity of that commodity at a figure that was within their reach.

**PLIMLEY PICNIC
A GREAT SUCCESS**

Programme of Sports Features Enjoyable Affair at Lagoon

Weather conditions and a splendid entertainment programme combined to make the annual picnic of the employees of Thomas Plimley's Garage, held at the second lagoon, Albert Head, yesterday afternoon, a complete success. One hundred and twenty-seven care-free picnickers formed the big jolly party and competed in the various competitions, prizes for which were given by different local concerns which handle products carried by the Plimley house. Arrangements for the picnic were in the hands of a committee consisting of Thomas Plimley, H. E. Bayley, and Captain A. George. Prizes were presented by Mrs. Thomas Plimley, while Mr. Plimley and Charles L. Harris, Secretary of the Island Automobile Association and Editor of "The Island Motorist," acted as referees. Among visitors present were Messrs. Turgeon Brothers and R. Jameson, of the Dominion Tire Company.

AFTER MORE COAL HERE

Canadian Collieries Trying to Increase Output Because of Big World Demand.

Boring to find more coal is being rushed in the Extension field by the Canadian Collieries (Dunsmuir), Ltd., in efforts to increase the output of fuel from this island because of the world's demands, high prices and the export trade that has been started from here to Sweden.

J. M. Savage, general manager of the company, and Thomas Graham, general superintendent, have just completed plans for their development scheme which are being held back only through lack of labor.

A field has just been located at Sable River, near Union Bay. Fuel from this location will be shipping before long. The South Wellington plant is operating at full and is shipping regularly.

Bore holes all over the Extension field show coal everywhere. There are heavy deposits of Oyster Bay. Tests are now being started to find what the prospects are for coal areas under Haslam Flats, which is between the foregoing places.

BRIGHT BOY.

A man who possesses a corpulent figure takes a Sunday-school class. Recently he gave a lesson upon how sin affected the future life. "Well, boys," he asked, in conclusion, "what would happen to me when I die if I had led a bad life?" "The fat would be in the fire," replied one lad, after some reflection. —Tit-Bits

CANADIAN ABBESS MAY BE CANONIZED

The first North American to be canonized will be a Canadian, if hopes expressed by prominent Catholics, based on reports from Rome, are fulfilled.

"St. Marguerite of Canada" is a name expected to be added soon to the list of the saints in honor of the founders of the Order of the Ladies of the Congregation of Notre Dame, which has 121 religious houses and 41,000 pupils in Canada and the United States.

Venerable Marguerite Bourgeoys, as she is known in the history of the church, came to Canada with Siers Maisonneuve, founder of the city of Montreal. She was born at Noyes, France, in 1620, and her tercentenary is being held this year.

All things come to those who wait—except success. Success is the natural outcome of hard work and opportunities seized.

POPULAR TEACHER MARRIED TO-DAY

Miss Mary E. Moir, of Beacon Hill School, Weds Vancouver Man

Lovely floral decorations in the First Presbyterian Church furnished a charming setting for the wedding at 1.30 this afternoon of Miss Mary Emmeline Moir, only daughter of Mr. and Mrs. A. Moir, Hillside Avenue, and Francis Cecil Boyes, son of Mr. and Mrs. F. D. Boyes, of Vancouver. The bride was a popular member of the teaching staff of the Beacon Hill School, where she has been for the past six years, while the bridegroom was until last year vice-principal of the "McDonald School, Vancouver.

The Rev. J. G. Inkster performed the ceremony in the presence of many interested friends. The bridal party standing under an archway of Dorothy Perkins roses. The chancel and lectern were beautiful with masses of roses, Shasta daisies, white phlox and white carnations, with artistic effect. The bride was handsomely gowned in white tulle de chine, hand-embroidered with pearls, with which she wore the conventional veil, and orange blossoms, and carried a bouquet of Ophelia roses and white heather.

She was attended by one bridesmaid and two small flower girls. The bridesmaid, Miss Kate Jackson, wore a charming gown of maize charmeuse with overdress of self-embroidered georgette and becoming black picture hat. Her bouquet was of roses and mauve sweet peas. The Misses Margaret and Kathleen Sherret, cousins of the bride, made dainty flower girls in frocks of white crepe de chine wearing big white bows in their hair. They carried baskets of pink sweet peas, which they strewed in the path of the bridal couple as they left the church. The bridegroom was supported by his brother, James Boyes. The ushers were Will Sherret, cousin of the bride, and Calvin Boyes, brother of the bridegroom.

After the ceremony the bridal party and guests repaired to the home of the bride's parents at Hillside Avenue, where a reception was held. The reception room was artistically arranged with white sweet peas and carnations, the young couple standing beneath a marriage bell of sweet peas to receive the congratulations of their many friends.

A buffet luncheon was served in the dining room, the three-tier wedding cake occupying the position of honor on the table, which was charmingly decorated with pale pink sweet peas, and carnations and raspberries. The many beautiful wedding gifts included a handsome engraved silver casserole from the pupils of the bride's class at Beacon Hill School. The bridegroom's gift to the bride was a string of pearls, to the bride's maid a pearl and amethyst ring, to the flower girls, signet rings, and to the best man and ushers pearl tiepins.

Mr. and Mrs. Boyes left on the afternoon boat for Seattle en route for Portland, where the honeymoon will be spent. The bride is traveling in a smart novelty suit of lawn, and will with her hat en suite. Later they will make their home in Vancouver.

OLD IVORY FINISH

We all like the old ivory finish on furniture, especially on our willow pieces. But the cost of having these things done over is really prohibitive for many housewives. Why not try doing the job yourselves? First give the chairs a coat of buff paint, rubbing it into all the cracks and crevices. And do not be scared at the result, because they will look unattractive indeed at this stage of the painting. Next put on a coat of cream or ivory paint, dipping the brush lightly and painting only the topmost surface. This leaves the buff showing in the lower parts. The result is a perfect "old ivory" finish—exactly like that on the furniture regularly finished in "old ivory" and the cost is negligible. Of course, it is comparatively simple to give your willow furniture a new coat of paint, but this buff and cream effect is something quite different.

AN ABANDONED CLAIM.

The Lawyer—Yes, you have a perfectly good cause of action for breach of promise, and, of course, the defendant will have the privilege of appearing in court and making his defense.

The Client—If he's going to show up there's nothin' done. I don't want to show the world what a poor fish I've hooked.

And do not be scared at the result, because they will look unattractive indeed at this stage of the painting. Next put on a coat of cream or ivory paint, dipping the brush lightly and painting only the topmost surface. This leaves the buff showing in the lower parts. The result is a perfect "old ivory" finish—exactly like that on the furniture regularly finished in "old ivory" and the cost is negligible. Of course, it is comparatively simple to give your willow furniture a new coat of paint, but this buff and cream effect is something quite different.

RAILROAD HEARING AFFECTS CANADA

Minneapolis, Aug. 4.—The difficulties of American and Canadian shippers arising from the present disparity in exchange rates, which resulted in prepayment of freight charges on shipments made from this side of the boundary, are under the advisement of the Interstate Commerce Commission following a hearing before Examiner Mackley yesterday, attended by representatives of all western railways and shippers. P. G. Denison, of Winnipeg, represented the shipper of Western Canada, and A. H. Davis, of St. Paul, the Canadian railways.

The American roads began to require prepayment of freight charges. It was declared, because under the old practice of payment by consignee they lost a portion of their share.

The American shippers protested and the Interstate Commerce Commission issued a conference ruling six months ago prohibiting the practice, but the railroads ignored the ruling because no other practicable method of getting around the difficulty was shown.

This practice, it is claimed, proved a hardship on the shippers.

The Interstate Commerce Commission will co-operate with the Railway Commission of Canada in finding a solution of the problem.

BRITAIN LOSING MIDDLE CLASSES

Birth Rate Commission Says Race Suicide Is Deadly Peril

London, Aug. 4.—The decline and eventual extinction of the middle classes in England, leaving only the wealthy at one end of the social scale and the working class at the other, is predicted as a result of the recent report of the national birth rate commission.

Pointing out the low birth rate of the middle class, which is always referred to by politicians as the backbone of England, the report says: "The classes which have demonstrated superior capacity for the struggle of life in the past by rising in the social scale have, during the recent past, ceased to contribute anything like their fair share to the nation's capital of men and women."

The chief cause of the declining birth rates is declared to be the voluntary restriction. The report says: "Race suicide has begun. While the practice of restricting the family began with the educated and professional classes, it is gradually spreading through the whole community for reasons which are not far to seek. Child bearing, nursing and rearing of children are tedious and full of anxieties, especially if sufficient domestic assistance is not forthcoming. For the middle and upper class the basis of education are very large and threaten to increase."

The moral question, whether it is permissible in any conditions to restrict the family, is discussed in the report and a somewhat hesitating conclusion in the affirmative is reached. But it is said: "The refusal to accept the burden of parenthood on unworthy grounds is not only often an evidence of self-

ishness, but, if it becomes general, will also have as its consequence a slackening of the moral fibre of the nation."

To stimulate the birth rate various suggestions are examined. One is "the endowment of motherhood," but it is pointed out in the report that to do this "the present yield of income tax would have to be doubled."

Another proposal is to take greater care of the unmarried mother and eliminate the enormous mortality of illegitimate children. "It is impossible to view without compassion the terrible mortality among illegitimates nor can society disregard the crying need for rescuing from all possibilities of a subsequent life of vice girls who have fallen, but are anxious to lead a good life." To protect this class, legislation is recommended.

The compulsory notification of social diseases is considered. Forty of forty-eight States in the United States have now adopted it, and the report advises that it should be widely here. The report also favors a "certificate of health" as a "legal obligation for persons contemplating marriage," and to prevent the "irregular unions," it declares that "State assistance to start young couples on landing in this country or after emigration together with State help during pregnancy and the peripartum, would be of great assistance in carefully selected cases."

POLICE STILL HOT AFTER BANDIT

No Arrests Yet, But the Chase Is to Go On

This is the twelfth day since the hold-up of the Stoddard jewelry store and the knocking out of the aged proprietor by James Barry, alleged bandit, who fled up the island in stolen clothing.

The combined police forces of Vancouver Island have been tracking him through the woods. So far no arrest has been made. The bandit is said to be still lurking in the woods between Nanaimo and Union Bay.

Police officials directing the chase of the bandit denied to-day the published statements that they will withdraw their forces and abandon the chase unless some definite results are obtained within a day or two.

"The police are doing everything they can to get this bandit," said Inspector Murray to-day. "And they will keep right after him."

The trouble is that he knows the country thoroughly and in the wild district has an advantage over the police.

"The police are now working out a strategy, hoping to entice the bandit from the wilds."

Employees and managing staff of E. G. Prior & Co., have set aside next Saturday for an all-day outing at Prospect Lake. All employees have been granted a full day's holiday from their various duties instead of the customary one o'clock Saturday closing.

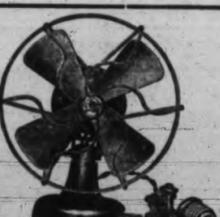

The picnic committee has arranged a tally-ho service, leaving the office on Government and Johnson Streets, about ten o'clock in the morning. Popular games, both field and water, are scheduled for the afternoon. Novel stunts will hold sway.

The Prior management is providing the transportation and is setting aside a full day for prizes, as well as giving everybody the full day off. The store will be closed all Saturday.

VALUABLE WHISKY HAS BEEN MADE

Saanich, Oak Bay and Esquimalt All Have Cases

A session of the Oak Bay police court was held this afternoon when Thomas Ard and Henry Forbes were charged with selling liquor from premises at 2372 Beechwood Avenue.

R. C. Lowe appeared for the accused and obtained bail in the sum of \$1,000 for Forbes, and \$200 for Ard. The hearing was postponed until further evidence had been secured.

Some fifteen cases of whisky were among the exhibits collected by the Oak Bay police, who state the value of the seizure approximates \$5,000.

The police under Chief Syme, last night raided the premises at 2572 Beechwood Avenue. The cellar of the premises was well stocked, being filled with barrels and cases of liquor of all descriptions.

The arrests came after an extended period of surveillance of the house.

In the Saanich police court to-day before W. W. Northcott, J.P., several convictions for riding bicycles after dark without the necessary lights, were secured, Arthur Shaw and Cyril Godson each being fined \$5, while Fred Hodson, charged on the same count, did not appear. J. C. Macdonald, Thomas Pimley, Cameron and Caldwell and H. White were each fined \$5 for allowing motors registered in their names to stand without rear lights after dark. Chief Brogan and his motor squad laid the information, W. B. Montell prosecuting.

In the Esquimalt police court to-day Robert J. Williams was formally charged with the theft of \$115 from the funds of the sergeants' mess at Work Point Barracks. R. C. Lowe appeared for the accused, and represented his defence. W. A. Brethour prosecuted, and asked for a remand until Monday, which was granted, with bail for the accused to be settled later.

NEED NOT PAY TAXES

Soldiers' Property Exempt Under Court Order Until March 31, 1921, Judge Rules.

Returned soldiers who have not been able to pay their taxes have the right to protection under moratorium extensions from municipalities trying to sell property at tax sales, Mr. Justice Murphy decided to-day, when Joseph B. Clearihue asked that properties in Victoria and Saanich on which there are \$450 taxes owing should be protected from such action until March 31, 1921.

Mr. Clearihue explained that the city was not opposing the exemption.

Municipal Treasurer Sewell, of Saanich, explained that no taxes had been paid on this property in Saanich since 1913. He declared that the owner should be called upon to pay, something like now as it would only make it more difficult for him in the end if taxes kept piling up.

"The policy of the Legislature is clear," that it intended that a soldier in this position should not be forced to pay his taxes unless there was some evidence that he is in the position to pay," said the judge.

VERNON PUTS ON BIG CELEBRATION

Vernon, Aug. 4.—Vernon's big two-day celebration started this morning and promises to be a magnificent success. Large crowds are in attendance from Revelstoke, Kamloops, Salmon Arm and all Okanagan points. The programme of sports is the most ambitious ever attempted in interior city. Over \$4,000 in prizes is being offered for championship games of baseball, lacrosse, football, tennis and lawn bowling. A big stampede will take place to-morrow when all the noted cowboy riders and broncho busters of the interior will take part in riding outlaws, horse, fancy roping and bull dogging.

OBITUARY RECORD

Liberals throughout the Province will learn with regret of the death of Thomas George Creed, organizer in 1912 for the Provincial Liberal Party, who died suddenly on Sunday night at the family home, 2965 87th Avenue West, Kerrisdale. Apparently in the best of health, he was stricken with an attack of heart failure and failed to rally. Born in New York over fifty years ago, Mr. Creed spent some time in Spokane as secretary of a mining company and ten years ago came to Vancouver as managing director of the Commercial Loan & Trust Company. His appointment as party organizer was due to his experience of a similar nature for the Democratic Party in the United States. He later was head of the firm of Thos. G. Creed & Co., mining brokers. He is survived by wife in Vancouver, and other relatives in New York. The funeral was held to-day at 3:30 o'clock from Center & Hanna's Chapel, Vancouver.

The funeral of the late Mrs. C. Denton Holmes will be held at the B. C. Funeral Chapel on Friday at 11 o'clock, the Dean of Columbia officiating. Interment will be made in Ross Bay Cemetery.

The funeral of the late Henry Dolby Wright will take place on Thursday, at 1:15 p.m., from the B. C. Funeral Chapel, proceeding to Christ Church Cathedral, where service will be held by Rev. Canon Hinchliffe. Interment will be made in Ross Bay Cemetery.

The remains of the late William Wilson were laid at rest in Ross Bay Cemetery this morning, the cortege leaving the family residence, 1442 Elford Street, at 11:15, proceeding to the Reform Episcopal Church, where service was conducted by the Rev. A. de B. Owen. There were many old-time friends present at the funeral and the floral tributes were mute evidence of the high esteem in which the late Mr. Wilson was held. One hymn was sung, "Lead Kindly Light." The pallbearers were George Jay, J. M. Langlois, J. A. McIntosh, E. H. Hinson, Edgar Pawcett and J. Stuart Yates.

LINER ACHILLES IS TURBINER OF VERY LATEST TYPE

New Holt Ship, Now in Commission, May Shortly Be Seen at This Port

Turbine-driven, and of greater tonnage than any other ship that has yet invaded the Pacific under the Holt flag, the British steamship Achilles, one of the most modern additions to the Blue Funnel fleet, will in all probability be seen at this port in the near future. Word was brought by the liner Tyndareus that the Achilles is now making her maiden voyage from Liverpool to Singapore and Shanghai.

Turbines Mean Speed. The Achilles is a vessel of some 11,000 gross tons and her turbines, which hitherto have been largely associated with the modern passenger type, drive her at great speed. According to information gleaned on the Tyndareus the Blue Funnel line plans to send the Achilles to the Pacific. She will either replace one of the present liners, or will be operated as an additional carrier.

FISH IS VALUED AT OVER TEN MILLIONS

Fine Record For Canadian Fisheries For First Six Months of Year

Ottawa, Aug. 4.—(Canadian Press).—Canadian fisheries, both in amount of product and value, made a good record for the first six months of the year ended June 30. Sea fish landed on both coasts amounted to 2,377,424 cwts., valued at \$10,564,146. For the

same period last year the catch totalled 2,544,773 cwts., valued at \$9,393,495, or \$1,170,651 less than for the first six months of the present year.

TYNDAREUS CUT LOOSE AVERAGING FOURTEEN KNOTS

Blue Funnel Ship, Heavily Laden, Completes Fine Passage From Orient

After hugging the Japanese liner Katori Maru throughout the trans-Pacific voyage, the British steamship Tyndareus, Captain Francis, of the Blue Funnel Line, made her berth at the Outer Docks this morning simultaneously with the Japanese passenger carrier.

The Tyndareus sailed from Yokohama with the Katori Maru, and although the two vessels took different courses they reached this port together.

The Japanese liner was in quarantine just ahead of the British ship and consequently secured her pratique first.

The Tyndareus was heavily laden with a capacity cargo from Oriental ports. She also brought in five European cabin passengers and 600 Chinese in the steerage. The Chinese are mostly returned men, and 540 of the total number came ashore here.

The cabin travelers were Dr. and Mrs. Saunders, Mr. and Mrs. Neale, and Mr. Macdonald, all from Hongkong.

Skipper Satisfied. "We had a splendid passage," said Captain Francis. "An average of fourteen and a half knots is not so bad."

This is the first round voyage of Captain Francis on the Tyndareus, he having succeeded Captain G. L. Stout, Captain Francis is no stranger to the Pacific Coast. When the Blue Funnel ships used to come out from Liverpool via the Suez Canal and the Orient, he was mate on the steamship Ningchow.

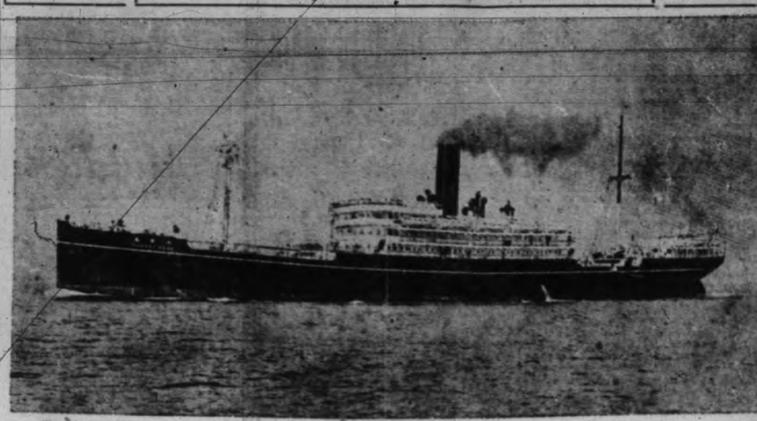

After discharging about fifty tons of cargo here the Tyndareus, with Captain Rucker, Blue Funnel pilot, on the bridge, left her berth at the Outer Docks for Seattle.

Included in her through cargo is a valuable shipment of raw silk.

NOW AT NEW YORK.

The British steamship Bolton Castle, which during her trans-Pacific voyage was temporarily taken charge of by a mammoth python, first details of which were published in these columns, reached New York August 2 from Union Bay, B. C.

WHALING TENDER TO FLY PERUVIAN FLAG

S.S. Elihu Thomson, Well-known on This Coast, Figures in Sale

The American steamship Elihu Thomson, of the North Pacific Sea Products Company, has been sold to Peruvian interests at Callao and will be used as a trader on the South American coast.

The Elihu Thomson is now south-bound from Akutan, Aleutian Islands, for Tacoma, with the barge Fresno in tow. As soon as she has discharged her cargo at Tacoma, the Elihu Thomson will shift to Seattle for delivery to Dawson & Co., Puget Sound representatives for Sudden & Christensen, which firm acted for the Peruvian interests in the purchase of the vessel.

The North Pacific Sea Products Company is an offshoot of the Consolidated Whaling Corporation, which operates a fleet of whaling steamers out of Victoria.

The Elihu Thomson was formerly owned by the Pacific Cold Storage Company, of Tacoma. She was purchased by the North Pacific Sea Products Company about two years ago and has been plying between Puget Sound and the whaling station at Akutan, Alaska. The vessel is the good-looking young Pole was able to make known something of his experiences, which he appeared eager to relate.

WAS PRISONER FOR YEARS IN SIBERIA

Intelligent Polish Youth Gains Liberty, and Is Making His Way Back Home

Wearing a uniform resembling that of the Czech forces and with an ordinary cloth cap crowning his fair locks, a Polish youth leaped over the rail of the Japanese liner Katori Maru to-day and gazed abstractly ashore.

"Ever in Siberia" was the inevitable question, and he flashed a winning smile, accompanied by an expressive gesture peculiar to his race. "I do not speak your language," was the rejoinder in broken English, "perhaps you speak Russian, Italian, German—Yes?"

Unfortunately the interrogator was forced to admit the lack of linguistic ability, and in the absence of a satisfactory interpreter, a good story of Siberia went by the board.

In broken sentences, however, the good-looking young Pole was able to make known something of his experiences, which he appeared eager to relate.

KATORI-MARU HAS NEW COMMANDER

Capt. M. Yoshikawa Replaces Tozawa on Bridge of N.Y.K. Liner

After a good run of twelve days six hours from Yokohama, the Nippon Yusen Kaisha liner Katori Maru, with Captain M. Yoshikawa in command, reached quarantine at the O'clock this morning, dropping anchor in the bay at William Head.

Six hours later she slipped into her berth at the Outer Docks. Captain Yoshikawa succeeds Captain Tozawa as a newcomer to the Pacific service.

All told the Katori Maru carried 466 passengers, including 118 in the saloon accommodation. The saloon passengers who came ashore here were: G. M. Powell, Capt. S. B. Davy, F. W. Barff, Mrs. K. F. Barff, T. E. Watts, Mrs. N. Watts, P. G. Jones, Mrs. O. Lied, Master J. Lied, E. Bourdevat, Miss P. E. Vogel, M. Uchimura, Mrs. F. Mitsuawa, and Mrs. H. Yamaaki.

Fifty-two passengers, principally Japanese, travelled second cabin, and 196 were located in the third class quarters. The steerage list was made up as follows: Japanese, ninety-three; Chinese, forty-six; Filipino, forty; Russian, fifteen; Greek, one; Italian, one; Polish, one.

Seven thousand tons of cargo were stowed in the liner's holds; 4,381 tons being for overland points from Seattle; 1,600 tons coastwise, and 353 tons comprising the silk train consignments. The raw silk freight brought in amounted to 1,454 bales.

The largest shipments were tea, porcelain and toys.

While here, the Katori Maru landed 432 tons of general freight, including 1,655 chests of tea.

She cleared this afternoon for Seattle.

PRINCE GEORGE BACK IN REGULAR SERVICE

Fresh from her adventure in the North the G. T. P. steamship Prince George reached here at 1 o'clock this morning en route from Prince Rupert to Seattle. The steamship bore not the slightest trace of her contact with the reefs of Seymour Narrows. The repairs, which were not extensive, involving the fitting of a new stem bar and a few frames and plates, were effected while the ship was in the Prince Rupert drydock.

The Prince George is taking a full list of passengers on her return trip to Stewart.

NOTED AUSTRALIAN PAYS VISIT HERE

Sir James Burns, Managing Director of Burns, Philip & Co., Arrives on Katori

REFERS TO ARCHBISHOP MANNIX AS FIREBRAND

Will Return Home Via San Francisco After Short Stay on Pacific Coast

Col. the Hon. Sir James Burns, K.C.M.G., chairman and managing director of the Australasian shipping firm of Burns, Philip & Co., arrived here to-day aboard the liner Katori Maru from the Orient. Sir James, accompanied by his daughter, is making a four-months' tour, having taken passage from Sydney, N.S.W., to Japan. After a short stay on this coast he proposes to return to Australia from San Francisco.

Australia is rapidly recovering from the effects of the war, Sir James informed The Times representative this morning when seen aboard the Katori Maru. The country has had its crop of labor troubles, but business conditions are steady and throughout the Commonwealth are evidences of prosperity.

Drought Severe. Many of the Australian ranchers, particularly in the New South Wales, were hard hit by the drought. In that Province alone, 7,000,000 sheep were lost.

Trade With Canada. He spoke of the increasing trade between Canada and Australasia and expressed the hope of closer commercial relations between the two Dominions.

Sir James pointed with pride to the war record of Australia which country sent some 400,000 men overseas to fight the enemy. Sixty thousand of Australia's sons had been killed and 200,000 wounded.

A Firebrand. Sir James was interested in the recent development incident in the movements of Archbishop Mannix and he stoutly denied that the Archbishop voiced the feelings of the people of Australia. "He is a firebrand," said Sir James, "and I am glad to be able to state that the majority of Australians have the common sense not to listen to his rantings."

Company's Operations. The firm of Burns, Philip & Co., of which Sir James is the directing head, operates a fleet of steamships in the coastwise trade and to Java and Singapore. Sir James was born in Edinburgh in 1848 and went out to Australia in 1862. At first he engaged in pastoral pursuits and began his commercial career in 1866. Burns, Philip & Co. represent a large number of steamship companies in Australia, including the Nippon Yusen Kaisha. Sir James commanded the N.S.W. Lancer Regiment for fourteen years, was later Colonel of the First Australian Mounted Brigade and retired in 1907. He is a director of twenty-five Australian companies and president of the Highland Society of New South Wales.

SECOND TO TORONTO

Victoria Seeks More Boys to Sea From Naval Brigade Than Any Other City With One Exception.

Victoria is second only to Toronto in the whole of Canada in the number of boys sent to sea through the Boys' Naval Brigade, members of the Colwood Women's Institute learned last night, when H. T. Ravenhill, chairman of the Victoria Branch of the Navy League addressed them.

Mr. Ravenhill told of the educational programme which he is going to carry out in the rural schools this fall, when he will give addresses on sea power and prizes for essays from the pupils.

Last night Mr. Ravenhill also read a paper on sea power and freedom. The president of the Institute, who presided, said that the members were always pleased to help in the work of the League and asked for some definite object in connection with it for which they could set out to raise money. They invited Mr. Ravenhill out to speak at one of their regular afternoon meetings.

LIQUOR FINE OF \$100

Oak Bay police became inquisitive when they saw the care with which Thomas Ard was carrying his suitcase.

When he was brought up in the Oak Bay police court this afternoon, Magistrate Jay fined him \$100 when he heard that Ard had fourteen bottles of whisky in his traveling bag, and told him that whisky must not be kept in other than dwelling houses.

The magistrate on Friday afternoon at Oak Bay will take evidence in the charge against Henry Forbes of keeping a \$5,000 liquor store on Beechway Avenue.

DEATH NOTE IN JAR WAS FAKE

Seattle, Aug. 4.—Finding of a "death note" in a barnacle-covered glass jar on the beach south of the Endolnye Dock here, threw the police department into something of a flurry, but not for long.

The note asked that Mrs. E. E. Monear, 9235 Sixteenth Avenue Southwest, be notified that her fourteen-year-old son Cecil was at the bottom of Puget Sound. When Detective J. E. Flint took the letter to Mrs. Monear, she pointed out that it was evidently a hoax.

"The barnacles on the jar show that the note must have been written months ago," she explained, "and I saw Cecil just a few days ago. It can't be anything but a joke."

The boy is employed on the tug Enterprise, she said, and he was visited last Thursday by his brother, Clifford, who said he was very much alive, at that time, at least.

NATIONAL DEBT OF STATES REDUCED

Washington, Aug. 4.—The gross national debt of the United States was reduced a total of \$74,464,453 during July, according to a Treasury statement. This leaves the public debt at \$24,222,917,013. The reduction was accomplished through the retirement of that amount of Treasury certificates of indebtedness.

AN UNUSUAL DEATH.

Wenatchee, Wash., Aug. 4.—O. F. McDonald, aged twenty-five, was drowned while crossing the Okanogan River three miles south of Okanogan Monday. The body was recovered yesterday. He was on a horse, which latter stepped into a deep hole and threw him off, at the same time kicking him in the head.

COURT TO DECIDE LIQUOR OWNERSHIP

Quarter of Million Dollars' Worth Involved in Vancouver Action

Vancouver, Aug. 4.—With an objective of a quarter of a million dollars' worth of liquor, seized from the premises of the Canadian Pacific Wine Company, 1062 Homer Street, the legal battle for the possession of the wet goods commenced in dead earnest this morning before Magistrate South.

S. S. Taylor, K.C., with City Prosecutor W. M. McKay, appeared for the crown, while the defending counsel were E. P. Davis, K.C., and C. S. Arnold.

The case is proceeding, while in the cellar of the police station, 536 cases of whisky and 109 barrels, the latter for the most part containing about 35 gallons of liquor each, of a total value of about \$150,000. He is awaiting the decision of the court as to its final ownership, whether it shall become the property of the Government and so be placed by the public through the Government vendor, or shall revert to the company, which lays claim to it.

DECLARED DROWNED.

Revelstoke, Aug. 4.—A verdict of death by drowning was brought in by the jury last night at the inquest into the death of Muriel Armstrong, whose body was found in the Columbia River on July 27.—Deceased was one of four young people who lost their lives by the overturning of a boat on June 27. The other bodies have not yet been recovered.

AMPLE PROOF.

The pathway of love was not lined with rose leaves for poor Reginald, and he was getting tired of it. In fact, what with losing hours of sleep making love and the financial strain, he felt that he had gone far enough. So he felt it was time to give his imitation of the woman that turned when the maiden coyly asked, for the thousandth time: "Are you sure that you love me, dear?"

Reginald drew a deep breath, and then let off steam.

"Yes, I do love you, my darling!" he gasped, in exasperation. "I've missed my last train home for the third time this week; you've been sitting on my knee for three hours till I got past the cramp; your little brother has torn the brim off my new straw hat; your father made me smoke one of his beastly cheap cigars this evening; I've spent my last shilling on those chocolates you've just eaten, and I've never grumbled. Do you think I hate you?"

Answers.

HE DIDN'T, BUT—

She: "Did you have any trouble with your French when you were in Paris?"

He: "I didn't, but the Parisians did."

SOME "DUE" WAS RIGHT.

She: "How kind of you to bring me those lovely flowers. They are so beautiful and fresh. I think there is some dew on them."

Yes, I'm going to pay it off to-morrow.—Selected.

LIFE INSURANCE SHOWS INCREASE

Records of 1919 Will Probably Be Exceeded This Year

Last year all previous records for new business were broken by Canadian life insurance companies. Freed from the restraints and uncertainties that attended the war period, life underwriters were able to make a concerted drive for bigger business and the bigger business they sought came to them, rolling in so fast that conservative onlookers prophesied that many of them would weaken their positions, they contended that no company could bear the heavy cost of initial underwriting of an unprecedented volume of new business without impairing its surplus. These gloomy forebodings came to naught; practically every Canadian life insurance company has added strength to its financial superstructure during 1919.

There was some speculation at the beginning of the present year as to whether or not they would be a continuance of the rapid accumulation of new insurance. Looking back over the first half of 1926 there is little slackening noticed. Most Canadian companies have not only equalled their 1919 half-year totals, but have exceeded them. There is every likelihood that the gross amount of new business to be written in Canada this year will show a considerable increase over the 1919 figure.

Business Insurance Gains.

The same factors have entered into this year's new business as were responsible for last year's statement. The lessened value of the dollar, the reaction from heavy war and influenza losses, the wider distribution of money in the form of high wages among those who formerly invested very little in life insurance are the chief reasons. In addition there is the development of business insurance. An important source of new business this year has been old policyholders. In fact, several of the companies have staged policyholders' campaigns, policyholders' weeks, etc. Agents have found it exceedingly easy to sign up their old policyholders for an increased amount of insurance in line with present day values.

It is hard to state now if the new business will continue to come in so rapidly during the latter half of the year, says the Financial Post of Toronto. One or two companies state that things are not moving quite as fast as they were a few months ago but they trace this more to the holiday season than to any basic cause. Some companies have voluntarily slowed up their campaigns. While not refusing any applications for insurance, they have cut out advertising and every other factor that might lead to new business. This has been in pursuance of a conservative policy to refrain from a rate of increase that might endanger the basic position of the company.

But outside of the few companies in these latter categories all are writing business as rapidly now as at any previous time in their history.

ALASKA HAS NOW REINDEER INDUSTRY WORTH \$2,500,000

Introduction From Lapland to Far North Has Been Encouraging

The immediate and most pressing need of Alaskan native schools according to William T. Lopp, of Seattle, chief of the Alaska division of the Government Bureau of Education, is adequate revenue.

"Dwing to the establishment of an orphanage, necessary by the ravages of the influenza epidemic, the Government appropriation of \$250,000 last year was found inadequate and the sum of \$300,000 was actually spent. This year the appropriation has been increased to \$275,000. Estimates of expenses are exceedingly difficult to make under present conditions with the great stretch of territory for which the division officers are responsible during long months when additional supplies cannot be shipped.

"Teachers and workers are peculiarly dependent on the adequacy and promptness of service rendered in the matter of supplies, and appropriations should be made available as early as March or April instead of as late as July."

"Salaries have been raised," said he, "and the fact that our teachers are furnished teacherages with fuel, light and all other supplies except raw food and bedding, makes their living problem much simpler than that of the teachers in the white schools of Alaska, who report the cost of room and board last year as from \$70 to \$75 a month."

Home a Social Centre

"Moreover our teachers are deeply impressed with importance of the services they are giving. The teacher, usually the charge of a man and his wife, furnishes not only a centre for school work but for all social, industrial and civic activity. One visitor to Alaska, highly characterized the work of the Government school teacher when he said: 'He is the social and economic leader of the Eskimo, their adviser and inspirer in the struggle toward a better life, their counselor and physician in sanitation and health, and their friend who stands for all the American Government means to them.'"

Mr. Lopp called attention to the fact that every school has its medicine chest, and the larger settlements Government physicians and nurses, while hospitals are still unneeded, in those fully organized, regular.

grade school work is being carried on together with practical courses in cooking, carpentry, house building, gardening, sewing and other branches, especially adapted to the needs of the local school.

"The greatest work for the natives, however, and the one least understood and appreciated by the public, has been the introduction and development of the reindeer industry in the northern and western part of Alaska, giving the natives there not only a new means of livelihood, but developing among them an economic power and responsibility of incalculable value to the race. Just as the Government native schools in Alaska pioneered in the matter of making the school a community centre, so our training antedated that of the states when we gave to the Eskimos this new means of livelihood and began their training for it.

"Between 1892 and 1902, 1,280 reindeer were imported from Siberia by the Bureau of Education. These have now increased to 150,000, distributed all over Western Alaska. Two-thirds of these belong to the natives and represent a basic industry worth \$2,500,000 put into the hands of helpless people from whom commercial greed had fled much of their aboriginal rights in the hunting and fishing in their country.

"Thousands of people have wondered at the Government appropriation for reindeer as a part of the Federal support of the schools, not realizing that it is, perhaps, the earliest definite contribution of the United States Government to practical vocational training and adaptation to community needs, guaranteeing to the Eskimos food, clothing and transportation, and at the same time training them into independence and responsible citizenship.

Elks Stage First Gala At Gorge on Saturday

First Swimming Meet of Season Will Bring Out Number of New Swimmers; Two British Columbia Cham- pionships to Be Competed For; Dance in Evening.

Victoria's baby swimming club has anticipated the other swim-
ming organizations and has the honor of holding the first gala of
the season. The Elks Swimming Club, which was formed early in
the Spring and took over the clubhouse of the Foundation Organi-
zations at the Gorge, announces that its first annual gala will be
held on Saturday afternoon next. The swimming pool at the Gorge
is in first class condition and the swimmers will have a good oppor-
tunity to create new British Columbia records.

The club has been fortunate in
being awarded two British Columbia
championships. The titles to be at
stake will be the 440 yards swim and
the fancy diving. A complaint has
been lodged by the Vancouver Amate-
ur Swimming Club that the fancy
diving had been awarded to that
club, but inquiry from the officials
of the B. C. branch of the C. A. S. C.
proved that the Terminal City club
is in the wrong.

Elks Will Be There
Although the Elks club has only
been formed for six months and the
officials have not had a great chance
to secure a large string of swimmers
and train them, they intend to have
entries in every event. Supt. Frank
Crompton, himself an old British Co-
lumbia champion, together with Ar-
buckle Purzer, the captain, and D.
Rylands, the vice-captain, have been
drilling the swimmers and divers
faithfully for several weeks past and
while they are not making any claims
as to the number of events they will
win they announce that they will
have formidable contests in each race.
It would not surprise some of the
swimming folk if the Elks did win a
little silverware to put in their new
show-case.

The programme will be as follows:
440 yards swim, B.C. champion-
ship.
Fancy diving from a ten-foot
spring board consisting of (a) plain
front or swan diver; (b) standing
front jack knife; (c) back dive and
three optional dives from the C.A.S.A.
list.

There will also be several open
events consisting of: Boys 16 years
and under, 50 yards; girls 16 years
and under, 50 yards; boys' diving, 16
years and under; ladies' diving, 100
yards swimming event open to all
bone-fide amateurs; novelty event;
greasy pole.

The Elks have arranged to play a
friendly polo game with the V.I.A.A.
at the close of the programme.
Finish With Dance.
The Elks propose to wind up the
day in a most entertaining fashion.
A big dance will be held in their
dance hall at the Gorge in the even-
ing commencing at 9 o'clock and con-
tinuing until midnight. For season

Five Victoria Marksmen Will Shoot at Ottawa

East. The British Columbia team will consist of eight marksmen, four of whom will be from Victoria.

Col. Peck, V.C. commander of
the Canadian Scottish Battalion in
France, attended the meeting of the
Association last evening and the con-
gratulated the marksmen upon the
brilliant showing which they had
made at the meeting of the B. C. Rifle
Association at the Head Range last
week. He was also glad to know
that the Canadian Scottish would be
represented in the Ottawa meeting
and knew that its marksmen would
worthily uphold the honors of the
famous battalion.

The local marksmen will leave for
Ottawa on Sunday night.

Invitations, friends of the Elks are
asked to "phone Gus Brown at 2812,
or J. Wood at 2948L.

The officials for the gala will be
as follows:
Superintendent, F. Crompton.
Judges, W. Long, Geo. I Warren, A.
T. Wright.
Diving Judges, Hon. Justice Martin,
Geo. Stott.
Announcer, J. Rivers.
Starter, F. Dillabough.
Referee, E. Hooper.
Time keepers, Dan O'Sullivan, W.

BALNAVE WINS FIRST OF AUGUST HANDICAP

V.A.S.C. Brings Out New Swimmers; Make Arrange- ments for Annual Regatta

Out of over a dozen contestants D.
Balnave was successful in winning
the 50-yard handicap race held by
the V. A. S. C. at the Gorge last even-
ing. Tom Wellburn swam second
and Peter Jackson third. This was
the first race of the August handi-
cap.

After the race a polo game was
held between the "A" and "B" teams
of the club. The "A" team proved
too strong for their opponents and
the match resulted in a win for them
by 5 goals to 2.

Swimming Gala.
A general meeting of the club was
held after the polo game, and ar-
rangements were completed for the
holding of the Eighth Annual Club
Gala at the Club Course on Satur-
day, August 21. At this gala the
final of the British Columbia water
polo championship game will be held.
The V. A. S. C. are the present hold-
ers of this championship, having won
from the Vancouver Amateur Swim-
ming Club at English Bay last year.

Other B. C. championships to be
held at the gala are the 100 yards for
ladies and the 50 yards junior. The
programme will be rounded out with
several other children's and open
races, as well as some novelty events

Victoria's No. 1 water polo team,
made up of players of the Y.M.C.A.
and V.I.A.A., lived up to the expec-
tations of Supt. W. H. Davies in their
exhibition game with a picked team
made up of players from the Elks,
Y.M.C.A., and V.I.A.A. clubs last evening.
The "prep" team had little diffi-
culty in beating the combined team,
the score being 7 goals to nil.

Angie McKinnon, Victoria's brilliant
sprint swimmer and all around
athlete, was the star player for the
representative team. He played in
the half back position for the first
time and his showing in this position
was remarkable. Frank Lawrence
at back also played a sterling game.
The pick of the scratch team was
Frank Crompton and Johnnie
Wenger at goal, who played a spec-
tacular game and saved his side from
being beaten by a very decisive score.

The teams were as follows:
Representative Team—Goal, Irving
Blyth (V.I.A.A.); backs, Frank Law-
rence (V.I.A.A.) and Harry Boyd
(V.I.A.A.); forwards, McKinnon
(V.M.C.A.); forwards, D. Grubb
(V.I.A.A.), Jamie Cameron (Y.M.C.A.)

The Ladies Win.
The game between the V.I.A.A.
ladies' team and President Geo.
Warren's joint club team was won
by the girls by a score of 5 goals to 1.
The game was strenuously played and
several of the plays on both sides
had to be cautioned for using spec-
ing tactics. If it had not been for
the splendid defence of Geo. Warren
the girls would have run up a big
score.

The teams were as follows:
Ladies—Goal, Miss Phyllis Gates;
backs, Misses Audrey Griffin and
Florrie Gates; forwards, Misses Edna
Curry and Muriel Daniels.
Men's Scratch Team—Goal, Geo. I
Warren; backs, J. Larsen and T.
Jensen; forwards, K. Darbyshire and
J. Kinsman.

Pictures of the three polo teams
are to be taken tomorrow evening.
Swimming practices and polo games
will also be held. All players are re-
quested to be at the club quarters at
7 o'clock sharp. The girls' team is
playing an exhibition game with a
team representing the Rotarians at
Elk Lake tomorrow. Mrs. Martin, cap-
tain of the team, is expected in the
city tomorrow, when the full team
will get into final practice in an at-
tempt to bring the first ladies' water
polo championship to this city.

Young Takes a Turn at Blanking the Beavers

Veteran Twirler Let Vancouver Down With Four Hits; Hoagland's Wild Pitches Allowed Enough Runs to Win Game; Both Teams Playing Brilliant Ball.

For eighteen consecutive innings the Capitals have blanked the
high-touted Beavers and the sorrel-topped visitor, Bob Brown, is
worrying so much that he will probably be grey before the week
is ended. The Beavers have been fighting hard to crawl up among
the leaders of the league, but their greatest efforts here are avail-
ing them little. Their best pitchers have been unable to stop the
pennant-winning Capitals. On Monday evening Russell James
kept the Beavers away from the plate and last evening the veter-
an Cy Young did not let one Brownie get farther than third base.

Vancouver and Victoria are play-
ing the best ball that has been seen
here this year. The pitchers have
been very effective and the fielding
has been sensational. The recovery
of Jimmie Church at third has
greatly bolstered the Capitals and
has robbed the visitors of the ef-
fectiveness of their attack. The out-
fielders are grabbing flies in the out-
field that look almost like safeties.

"Toots" Brown made a phenomenal
catch in the second inning last
evening. Wilson lifted a Texas League
behind third base. Brown by a won-
derful run got his fingers on the ball
just before it touched the ground.

Young Had Everything.
Young pitched a game that was on
par with his one-hit game against
Tacoma. He was steady throughout
and only yielded four hits, two of
which were for extra bases from
Wiggins' bat. But when the Beavers
managed to get a man on the path
Cy snuffed out the batters as ef-
fectively as a gas attack. In every
inning by the second and seventh
only three men faced the veteran
opponent. His two wild pitches
only 29 men confronted him.

Young Hoagland, who Bob Brown
hopes to peddle to the big leagues at
the end of the season, was Young's
opponent. During the nine innings
enough to defeat him along. Hoag-
land uncocked one of his wild heaves
and Elliott scored.

Brown boasted the score by one in
the fourth when he walloped the ball
out of the stadium for a home run.
Hoagland went to pieces in the
seventh when the Capitals drove in
three runs. Brown drew a pass but
was forced out at second by Carman.
Dempsey rattled the boards in right
field for a single and Zienke scored
Carman with a double to left. Cun-
ningham lifted a high fly to McNab
and Dempsey scored on the throw-
in. Zienke brought in the last run
of the game on Hoagland's wild pitch.

Victoria scored a run in the first
inning which would have been
enough to win the game. Elliott and
Leard's out move along. Hoag-
land uncocked one of his wild heaves
and Elliott scored.

ONE MORE MONTH OF BASEBALL; HOT RACE

All Teams Are Strengthening For Last Lap; Victoria Signs Two More Twirlers

One month from to-day, and the curtain will be rung down on baseball in the Pacific International League. At the present time Victoria is leading the League with Yakima trailing three games behind.

In preparation for the final drive the four leading teams are scouting about for good material to strengthen their line-ups. During the greater part of the season the clubs have had to get along with fourteen players, but after August 1, the managers are allowed to carry a staff of twenty-four.

Victoria Strengthening. The Victoria Club is strengthening for the last lap. Yesterday Ray Alexander, a dependable right-hander, arrived in town and wore a uniform at the Stadium last evening.

Tacoma Going Well. Victoria is battling a series with Vancouver this week, and so far has taken two games. Yakima is playing Spokane and is taking most of the games, due to the Indians' finding a greasy spot in the schedule.

Next week will provide one of the most sensational and thrilling series that the Capital has ever seen. Yakima will make its first appearance on the diamond this season and the Leardites will meet their old rival, the Beavers.

GOLFERS PLAY OVER TWO 18-HOLE COURSES

Chicago, Aug. 4.—For the first time in the history of golf, an open tournament was played to-day over two 18-hole links on the grounds of the Olympic Field Country Club, where all the leading tournament professionals also contested the first 36-holes for the open championship of the Western Golf Association. Play started at 8 o'clock on both courses and those who played course number one in the morning used course No. 2 in the afternoon.

Harry Vardon and Edward Ray, British professionals, were unable to compete because of exhibition dates.

NO UPSETS YET IN TACOMA TOURNAMENT

Tacoma, Aug. 4.—No upsets among the favorites marked the second day's play of the Pacific Northwest Tennis Championships here yesterday. The feature match was a three-set affair in which Nicklausen, of Spokane, defeated Gerald Todd, of Tacoma, 6-2, 10-12, 6-3.

AMID SHRINES AND FLOWERS IN JAPAN

At Nikko and Kyoto Foreigners Get Vision of Old Japan

Many feet are now treading their way to the shrines in the temple cities of Japan. says the third of a series of bulletins from the National Geographic Society on the places which will be visited by members of Congress on their trip to the Orient.

Eager Americans will stroll along the shady streets of Nikko to the tombs of the Shoguns and drink in the indescribably beautiful scenery, their lips all the while murmuring the Japanese word kekko (beautiful), which the Japanese say one never learns to pronounce until he has seen the city of Nikko.

On Board the U. S. S. Princess Matloch, Aug. 2.—Patricia J. McDonald, of the New York Athletic Club, America's leading entrant for the 15-pound shot, put at the Olympic Games, injured his right thumb to-day while working with the medicine ball during the practice of the American Olympic team members.

A two-hour run by the Marathon race entrants was the feature of the routine training of the squad to-day. Practice in giving the American cheer has been adapted to the parade drill of the athletes.

The St. Andrew's and Caledonia Society has also made a splendid donation to the meet.

LACROSSE PLAYERS TO PRACTISE TO-MORROW. All lacrosse players in this city, juniors and seniors, are asked to attend a practice at the Royal Athletic Park to-morrow evening at 6.30 o'clock.

The seniors have gathered a team which is almost the equal of last year's champions and will be capable of drubbing any Mainland team which comes over here seeking the Mann Cup.

The junior lacrosse team has some likely looking material. Any boys 15 years and under are asked to turn out and help swell the ranks of competing players. It is hoped to arrange a series between the local juniors and the lads from Sidney.

Fat Men Excited. The fat man's race has evoked a great deal of interest, especially since the Lounger has announced his intention of making the pace. He, however, will find that this is no lounging or loafing proposition, as there are quite a few entries from well known gentlemen of substantial girth and stout heart who are determined to lay their fat fingers on at least one of the many splendid prizes which are being offered.

The prizes will be handed over by W. J. M. Teifer, the Assistant Secretary of the Army and Navy Veterans, in whose charge they have been placed.

In order to round out the day's proceedings a splendid smoking concert will be staged in the Army and Navy Club at 8 o'clock on Saturday evening. Some splendid talent has been secured and those attending are assured of a very enjoyable evening.

DEATH IN DREAMS.

Dreams, or perhaps they should be called nightmares, have often led to the death of the persons experiencing them.

Not long ago a girl dreamt that her lover had fitted her and told her that she must kill herself. In her dream-terror she jumped out of her bedroom window, and succumbed later from her injuries.

In another case a husband dreamt that his wife had committed suicide after killing their two children. He thereupon, in his sleep, tried to kill himself with a razor, inflicting injuries which, together with the shock, ultimately proved fatal.

A London chemist, dreaming that he had swallowed poison by mistake, rose from the chair in which he had fallen asleep and, so vivid had the dream been, he went to the shop and took an antidote. But this, in the absence of real poison, began to poison him, and before he realized the mistake the error was beyond repair.

In another case a man, after a heated argument with a visiting friend, dreamt that his guest was in his room molesting him. He actually felt rough hands on his body, jumped out of bed, and ran to his friend's room. There he attacked his innocent "assailant" so violently that the latter was confined to bed for several weeks.—Tit-Bits.

SENSATION ACT HEADS "PAN" SHOW

"Submarine F-7" Is Realistic Stage Drama; Other Offerings of Merit

Headlining a bill of Pantages Vaudeville which is expected to be one of the best variety offerings of the summer season, is a sensational dramatic sketch depicting a tense situation in which eight men are found trapped in a disabled submarine fathoms under water. "Submarine F-7" plays the featured position on the new programme of variety that opened at the Pantages this afternoon, and maintains its place among the superlative stage sensations of the day. With all hopes of saving themselves apparently gone, a crew of eight officers and men on a realistic submarine stranded on a rock under water in "shown." The bravery of the marine in the

darkest hour and the vivid manner in which the production is presented is startlingly realistic. The special added-attraction of the bill is Carl McCullough, a young man of winning personality, with luring Irish tones in his voice who offers a group of songs and stories. He also presents a clever imitation of a department store information clerk, directing customers, and as an evidence of his remarkable versatility he presents his version of how David Warfield and Harry Lauder would sing "Just For a Night."

Aeroplane Girls, two attractive young ladies in sensational gymnastics on trapezes, flying in midair while suspended from two aeroplanes which are revolving rapidly, is one of the most daredevil acts in vaudeville to-day.

Brown and Jackson, a tall, lean, angular comedian and a handsomely groomed woman, present a comedy sketch, "At the Training Quarters." Miss Jackson has a charming voice, while Brown introduces music on the saxophone.

DOMINION

TO-DAY
WALLACE REID

"THE DANCING FOOL"

Mack Sennet Comedy—The Gingham Girl. Burton Holmes Travel Pictures

DOMINION

Wallace Reid, the handsome screen star, is very lucky. He has been able to make play out of his work because his starring roles recently have called upon him to do exactly the things that he enjoys doing. Take "Excuse My Dust" in that speedy photoplay, Wallie had the role of a speed demon auto salesman. Now, if there is anything Mr. Reid is keen for out of hours it is dashing about in a fast racing car.

Then came "The Dancin' Fool," which is at the Dominion this week. In this picture Wallie is cast as a rube who comes to New York and becomes a sensation as a cabaret dancer. Again in the breezy player was right in his element. He likes jazz music and he loves to dance. With attractive Bebe Daniels as a partner he practiced long hours on the studio stage at a series of unique dances that, it is claimed, will prove sensational when shown on the screen.

"The Dancin' Fool" was adapted by Clara Kennedy from Henry Payson Dowd's well-known magazine story of the same name. Sam Wood directed the film, and it is a Paramount Arctcraft.

VARIETY

If it is gigantic thrills and sensations for that hunger will be satisfied with "The Lost City," a new sensation in fifteen smashing episodes which starts at the Variety Theatre this week: it is claimed that the serial is crammed full of the biggest kind of thrills and excitement from start to finish. The story is laid in the African jungles and desert lands, and not only employs the strange uncivilized people of this dark continent, but nearly all of the ferocious animals which inhabit that adventuresome quarter of the world. Lions, tigers, leopards, elephants, alligators, zebras, giraffes, gorillas, etc., all enter the

story, affording thrills and excitement, the like of which has never been attempted for a screen production. A few years ago it would have been impossible to obtain players to take the chances they are compelled to take in a serial sensation, and which eight men are found trapped in a disabled submarine fathoms under water. "Submarine F-7" plays the featured position on the new programme of variety that opened at the Pantages this afternoon, and maintains its place among the superlative stage sensations of the day. With all hopes of saving themselves apparently gone, a crew of eight officers and men on a realistic submarine stranded on a rock under water in "shown." The bravery of the marine in the

leading roles of the story, but the entire company for the manner in which they have put the realism into the production. The other added attraction at the Variety this week is Louis Joseph Vance's engrossing novel of adventure, "The Dark Mirror," which has been pictureized by Thomas H. Ince, with Dorothy Dalton as the star, in a Paramount Arctcraft. Miss Dalton has two vividly contrasted roles and is said to give a spirited performance in each. Charles Giblin was the director.

COLUMBIA

"Footlights and Shadows," Olive Thomas' newest Selznick Picture, which closes its engagement at the Columbia to-day, sets a new mark of achievement for both the star and producer. For Miss Thomas offers opportunities for emotional and dramatic acting greater than any of her previous photoplays, and for the producer it represents possibilities in the line of elaborate staging and artistic effects that very few, if any, screen attractions have brought forth. The element of mystery and suspense is well developed in this new play, which deals with the strange adventures of Gloria Iwen, a beautiful actress who is the star in the "Midnight Revue." Her strange experiences begin when, in the middle of the night, a man admits himself to her apartment with his own key. He then collapses with brain fever, and Gloria, to avoid scandal, announces him as a distant relative. Then follows a series of complications which make the solution of the plot of the most intense interest.

ROMANO

Buster Keaton is back. This statement will mean much to those who recall his wonderful comedy stunts in Paramount-Arbuckle comedies before he went to France to fight. The inimitable Buster makes his reappearance with the heavyweight star in "Back Stage," which appears at the Romano Theatre again to-day. In this screaming burlesque, "Fatty" plays the role of the stage carpenter in a small town "opry house." Mollie Malone is the heroine, and Al St. John the villain. Other merry-makers help along this frolicsome farce, which relates the adventures of a band of travelling players with the home talent, represented by Arbuckle and his pals. Lots of it. "Fatty" and Mollie find solace in their mutual affection after the villain is thwarted. The humor in "Back Stage" is of that sort for which "Fatty" Arbuckle is famous.

WILL PRODUCE "THE THIEF" AT PRINCESS

Thrilling Drama Will Be Staged by Mildred Page Players

The offering to-night and the balance of the week at the Princess Theatre will be the thrilling and highly romantic drama, "The Thief." This play comes with a long record of past triumphs to its credit, and the mystery and charm which permeate the plot of "The Thief" will hold the audience spellbound.

Phil Goodwin, who is well-known in Victoria, is joining the Mildred Page Players and will be given a splendid opportunity in "The Thief." Mr. Goodwin has just completed a successful season with the Ralph Cloninger Stock Company in Salt Lake City.

Jiffy-Jell users should write to the makers for a list of aluminum molds. Molds, spoons and measuring cups are supplied to users free. The flavor is not artificial. The sweetening is sugar, not saccharine. Women who once try it will always get it. Your grocer has the flavors. Try pineapple and loganberry first.

DEPUTY MINISTER

PLEASED WITH TOUR

N. F. Parkinson Has Left For Mainland; Future of S. C. R. Work

That the work of the Soldiers' Civil Re-establishment in caring for the disabled veterans in hospitals and re-training them after leaving the institutions, will be carried on for at least two more years, was the statement made Tuesday by Deputy Minister N. F. Parkinson, of the department, who returned to Vancouver Monday from an inspection of the branch work on Vancouver Island Friday and Saturday.

He pointed out that while the information and service work of the S. C. R. has been completed, the activities of the medical department will not cease for many years, owing to the recurrence of war disabilities among the veterans, adding that as long as the hospitals are operated by the department, the vocational training and care of the handicap cases will be continued by the vocational department. Most of the vocational schools will be closed by the end of the year, but the men coming from treatment will be placed in private schools, or trained in industrial plants under the supervision of the vocational branch.

The Deputy Minister places little belief in the rumor that the S. C. R. will be eventually conducted by the Department of Militia and Defence, stating that the whole idea of the organization from the start was to remove the rehabilitation of the veterans from the jurisdiction of the military to a civilian body.

Accompanied by Major E. Flexman, director of vocational training in Canada, Mr. Parkinson will leave for Calgary this evening.

W. H. BRANDES, of Des Moines, Iowa, who declares he gained twenty pounds in thirty days after taking Tanlac and now feels like a different man.

SEVEN NOTABLE BOOKS AT VICTORIA LIBRARY

By Edna Marwick.

"Wild Life in Canada." Angus Buchanan.

"North Americans of Yesterday." F. S. Dellanbaugh.

"Great Adventure of Panama." P. Bunau-Varilla.

"Pan-Islam." G. W. Bury.

"Through Deserts and Oases of Central Asia." Miss Ella Sykes and Sir Percy Sykes.

"Seaways of the Empire." A. J. Sargent.

"English Hours." Henry James.

"I go to study the birds and animals and all of nature's things. There's no rest in the cities." These were the words of Angus Buchanan, as he set forth upon his wanderings in the great unpeopled North; wanderings which he has described for us in his book, "Wild Life in Canada."

He has felt, and one feels as one reads, the attraction of that vast lone land that sleeps in the lap of a mighty Destiny through endless Summers of lovely garbing, and Winters of drear, snow wastes." The book gives very valuable knowledge of the wild life of the Northern regions.

Ethnological Research.

The natives of North America were more remarkable than has been popularly appreciated. They possessed, as a rule, strong personality, great physical vigor, quick intelligence, and dauntless courage." A very valuable and interesting study of the "North Americans of Yesterday" is the book of that name by F. S. Dellanbaugh. It is a comparative study of the Indian life, customs, and products, on the theory of the ethnic unity of the race.

On Roof of the World.

Few works dealing with Chinese Turkestan and the Pamirs, have been published of late years, although the heart of Asia, where the empires of Great Britain, Russia and China meet, can never fail to excite our interest. "Through Deserts and Oases of Central Asia," by Miss Ella Sykes and Sir Percy Sykes, is the description of a journey through Chinese Turkestan and on the "Roof of the World." The book deals also with the geography and history of the country, and the customs of the people.

A small book, intended to raise questions and suggest lines of investigation is "Seaways of the Empire," by A. J. Sargent, who holds the chair of Commerce in the London University. Eminently practical, free from technical language and extremely interesting throughout, it should appeal to every one engaged in foreign trade, as well as to students of transportation.

"English Hours" is a series of fugitive papers descriptive of England, happily illustrated by the drawings of Joseph Pennell. Here is no bewildering curiosity about everything and nothing, this is not a tourist's guide-book, but interpretations of English life, characterized by tonic freshness.

"Thirty days ago or a little more, I only weighed 125 pounds, but now balance the scales at 145 pounds and Tanlac did it," declared W. H. Brandes, a well-known and highly respected citizen of Des Moines, Iowa. Mr. Brandes has been looking after the plumbing work of the Des Moines Public Schools for the past nineteen years. "And many of the teachers and scholars I look since I began taking Tanlac," he said. "I suffered from indigestion of the worst kind for the past year or more and was often so weak and dizzy I couldn't stand up, let alone walk. Nothing helped me. I finally had to take my bed and stay there for several weeks. Finally a friend persuaded me to try Tanlac and I have never seen or heard of anything to equal it. It relieved me entirely of indigestion and put me right back on my feet. I have not only gained twenty pounds in weight, but I feel like a new man in every way. I just think Tanlac is the finest thing ever sold in a drug store."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Laining's Drug Store, Esquimalt Road.

FOUR BIG PICNICS BEING HELD TO-DAY

Four big picnics are being held by local organizations to-day at various delightful spots outside the city. Probably the biggest of these affairs will be the big Rotary Club picnic at Elk Lake, where some 300 people are expected to gather during the afternoon.

At Cadboro Bay the butchers of the city will make merry and join in a long programme of sports.

The first joint picnic of the Victoria and South Saanich Farmers' Institutes is being held at Sidney Experimental Farm. A big list of athletic competitions and a baseball game are to be the features of the afternoon's festivities.

Employees of the firm of Smith & Champion are spending the day at Deep Cove, where a delightful picnic is under way.

SOUTH AFRICA HAS MAYFLOWER

SOUTH AFRICA HAS MAYFLOWER

is Preparing to Celebrate Centenary of Arrival of First Settlers

Cape Town, South Africa, Aug. 4.—South Africa has its own Mayflower in the little ship Chapman, the first of a fleet of sailing ships which a hundred years ago brought to its shores a body of British settlers who left an enduring mark on the country.

It is a coincidence that in the very year in which America will be celebrating the tercentenary of the arrival of the Pilgrim Fathers on the Mayflower, South Africa is celebrating the centenary of the arrival of British settlers, or, as they are commonly called, the 1820 Settlers. At that time the Cape had been under British rule less than a quarter of a century, and was occupied almost entirely by Dutch settlers, who had mostly settled in the western districts owing to the distress and economic pressure resulting from the Napoleonic wars.

The British government decided to promote the settlement of the eastern province. On this project they were prepared to expend £250,000. The scheme was eagerly taken up, and out of a large number of applications some 4,000 men, women and children were selected and never has so small an expedition been more fruitful. The settlers proved to be of the true pioneer blood, and although they found a wild country, uninhabited except by savages, teeming with wild beasts, under totally unfamiliar conditions and faced with every imaginable hardship and difficulty, they soon began to make progress, and to-day their descendants are scattered throughout South Africa, bearing some of the most honored names in the community.

The first batch landed on April 10, 1820, at Port Elizabeth, then a barren sandy beach, now a busy and prosperous seaport and manufacturing centre, and before their descendents had passed they had reclaimed from barbarism the whole of the eastern province, one of the richest and fairest portions of South Africa, and dotted with busy towns, villages and smiling farmsteads.

At the suggestion of the Prime Minister, Gen. Smuts, the special celebration of the centenary has been postponed till next year owing to the abnormal conditions caused by the war and the difficulty of making suitable arrangements. The hope is also expressed that next year the Prince of Wales will be present.

The pain may come from strained, weakened ligaments and muscles—from the swelling and inflammation from a dislocation—from bruise, cut, boil, abscess, run-around—from lands and feet swollen from Rheumatism—from a stiff neck—from sore throat or tonsillitis—from toothache or headache.

which would undoubtedly add much to the success of the celebration.

The chief centre of the event will be Grahamstown, a small but flourishing town in the eastern province, which a hundred years ago was the centre of the activities of the settlers, and where this year a local celebration is being held by the Wesleyan church, which played a very prominent part in the religious and social life of the early settlers.

France Fines Them, Sends Them to Jail and Makes Them Pay For Newspaper Advertising.

Paris, Aug. 4.—They have a sharp way with food profiteers in France. Three leading members of big provision firms operating on the Paris market were arrested a few weeks ago for having sent telegrams to production centres in the country countermanding orders in order to maintain prices which had broken suddenly.

M. Emile Lecouffe especially became famous throughout France as a result of the publication of the telegram: "Landslide in little peas. All orders cancelled." Three months imprisonment and \$1,000 fine for him and for Victor Quenaille, director of a big stock slaughterhouse, two months imprisonment and \$1,200 fine.

FATHER WAS STUMPED.

Mr. Binks was a commercial traveller, and only came home at long intervals. On one of his returns he was telling his five-year-old son all about his wanderings.

"And then I came home," he finished.

"And did you come in a train, daddy?" asked Johnny.

"Yes, sonny."

"And did you see the ears of the engine?"

"Of course not!" laughed daddy.

"Engines don't have ears."

"Oh, yes, they do," persisted the small boy. "Haven't you ever heard of the engineers, daddy?"—Pearson's Weekly.

"BLOOD BROTHER" AWAITS VENGEANCE

Friend of Late Essad Pasha Awaits Trial of Assassin

Paris, Aug. 3.—Vengeance for the assassination of Essad Pasha, head of the Albanian delegation, is being quietly awaited by a "blood brother" of the Balkan leader, according to a circumstantial story by a writer published by The Excelsior.

This man, now rich and influential in France, the story goes, was one of several poor young men who thirty years ago met Essad Pasha, then known as the "Black Dagger" of Abdul Hamid, in Constantinople, when he was a student at the law.

Fearing Essad Pasha, they protested they were poor to play with such other's death, and he, in return, by placing his revolver on the table as a threat.

"To meet this, the 'blood brother' put down his dagger, poisoned, he said. Essad showed his surprise, then his pleasure.

"Young man," he exclaimed, "this is the first time anyone has dared defy me. Men like you are rare."

Essad Pasha took his own dagger, opened a vein in his wrist and also opened a vein in the wrist of the young man, and each sucked a few drops of the blood from the other and they became "blood brothers," according to Albanian custom, sworn to avenge each other's death.

"I am ready," the "brother" now is quoted as saying, "to keep my oath, but I have confidence that the French courts will make it unnecessary for me to interfere."

Rustem Aveni, arrested on the spot for shooting down Essad Pasha, is in the latter's waiting, and is mobile in the downtown district recently is awaiting trial. He was a student who posed as the avenger of Albanian wrongs.

PLAN INSECT WAR

Horticulturists Enlist Aid of Calosoma Beetle to Fight Damaging Moths.

New York, Aug. 4.—The Calosoma beetle, which was first introduced into this country in 1906 to fight tree destroying gypsy and brown

tail moths, has spread rapidly and is already well established in New England States according to reports given out by collectors from the American Museum of Natural History. Recently gypsy moths have been discovered in New Jersey and parts of Long Island, and plans are being made now to establish colonies of beetles in the infected regions to fight the moths.

The enemy of the gypsy moth is a habitant of Europe and Japan. In 1896 it was introduced into Massachusetts. A year later specimens were found in Connecticut. In 1914 New England was again visited by a plague of the moths, and it was decided to import beetles to fight them. In 1915, 1916 and 1917 the species was planted in various sections of Massachusetts and Connecticut, and from there it spread through Rhode Island, Vermont, New Hampshire and even up into Maine. Investigation has shown that already the Calosoma beetle has become our best ally against the gypsy moth, and as it reproduces in satisfactory quantities, the outlook for its future usefulness is promising.

BONDS YIELD HIGHEST NOW

Money Inflated, But It Is the Time to Save It

The bond market in British Columbia during the past month has shown considerable activity. The Provincial issue of \$2,500,000 was successfully disposed of, principally in the U.S., and the proceeds will be utilized in paying off the balance of the Pacific Great Eastern Railway Company's note for \$4,500,000. Burdick Bros. say in their latest investment suggestions, Canadian Government victories have been active, the public showing a strong buying tendency. In this it is plain that the public are commencing to realize the advantage of purchasing bonds. Money is inflated, consequently the buying power of bond incomes is lessened. Normal conditions are returning which means that bond incomes will purchase more and more, and this will have the effect of making bonds worth a great deal more. It is obvious that bonds now yielding 6 per cent. to 7 per cent. will sell from 10 to 15 points higher in normal times, because the interest return from them will buy 50 to 100 per cent. more commodities than at present. Consider buying bonds with inflated money. It is easier to save now when money is worth so little, but when the cost of living and prices generally go down, inflation has decreased, the investor then finds himself in possession of a security of great intrinsic value, bringing him a good income return; and comparatively he has paid a very small price for it.

The increasing large sales in Victoria during June and July is really indicative of the fact that the real worth of these excellent bonds is getting more universally appreciated. The position of the bonds, too, is strengthened by the announcement of the Dominion Government that no further borrowings will take place during the current year, a fact which ensures an absence of "bond-pit" throughout the country. It is the most vital importance for large investors to remember that under the new Dominion income tax regulations, they must secure a yield of approximately 8 per cent. on bond investments, other than non-taxable issues, in order to make a profit by switching from tax free bonds of the Victory type. The various Acts and Amendments passed by the Government are rather confusing, but boiled down, the gist of the legislation now in force is that three grades of income taxes are operative. Thus on a \$4,000 income there will be a \$2,000 exemption, leaving a taxable balance of \$4,000 at 4 per cent. normal tax equalling \$160; plus one per cent.

News of Markets and Finance

A MIXED AFFAIR ON WALL STREET TO-DAY

(By Burdick Brothers, Ltd.) New York, Aug. 4.—The principal feature of today's market was the unexpected easing of the money rate and the unfavorable development of the foreign situation. The press in England has very serious view of the situation. These two opposite factors developed today's market into a narrow range of prices.

WANT TO FIGHT CANCELLATIONS

Head of Dress Manufacturers Asks Business Men to Combat Evil. Since the business slump that began in a few traders as early as February and in most of them late in May and June, various organizations of manufacturers and wholesalers have passed resolutions calling for drastic action against the acceptance of cancellations of orders and have suggested uniform signed copies of orders, to be used by all members of each organization as a remedy for the evil. "I am naturally in favor of all associations such as ours going on record against the cancellation evil and pledging themselves to its suppression," said Mr. Lewy, "but business men who are prevented by passing resolutions are very much mistaken. To begin with, until every industry has agreed upon a universal order blank, nothing can be accomplished on a large scale. But the principal trouble is that resolutions are passed which obligate members to follow a general course of action, which is all very well until some particular case crops up which makes it impossible for them to stand by their pledge. Then they are accused of bad faith. In many cases, cancellations are due not to irresponsibility on the part of the retailer, but to causes which he has no control. In such instances allowances must be made. Then, again, there are others where the retailer, believing that the great extent of his business justifies him in exacting special terms, places his orders subject to clauses to which no self-respecting manufacturer should agree. I know of one case, in one of the needle trades, where a manufacturer lost a large order because he refused to accept an order form which gave the retailer almost unheard of freedom in making use of the cancellator practice. The manufacturer rejected the order. Then he was told he could get no more business unless he accepted the retailer's terms. But a little while later, when the manufacturer found himself in virtual control of a certain popular style, this retail house came to him

NEW POTATOES LOWER THAN EVER

Sharp Reaction to High Prices For Old Varieties Last Spring. While the price of old potatoes went higher than ever known on the market, new potatoes are lower than they have been, at this time of the year, for many years," says Commissioner R. C. Abbott, Coast Markets' Commissioner, Vancouver, in his weekly market letter, dated Saturday. There has been a heavy drop in the price of garden stuff, with the exception of cauliflower. These prices have not been so noticeable in local sales as in quotations in cartload for shipment.

Hot house tomatoes remain in good demand. The quality and grading of these are excellent this year. B. C. eggs are scarce and the price is high. Indications point to a decided advance inside of ten days. Poultry is coming in well, and prices remain steady. The demand is firm for good stuff. Fruit. Mr. Abbott reports that shipments of raspberries and loganberries are light. "B. C. cherries are apparently in the greatest demand, and especially Okanagan Bings," says Mr. Abbott. "Last week all shipments combined would equal three carloads. The Bings and Lamberts will usually clean up, but it is questionable whether or not the large quantities of Windsors and some shipments of other small varieties will get away without loss. As far as the cherry trade of Vancouver is concerned, the Bing and Lambert are the two sweet varieties in demand, and growers who have unnameable, small, all pit varieties would, in my opinion, do well to either cut the trees down at once and plant some good varieties or bud or graft their present trees. There are a lot of these trashy varieties come in every year and they cause considerable worry to every person concerned, and more especially to the shipper when he gets his returns. Shipments of new apples are now arriving in earnest and the market is rapidly sliding down the hill, the prevailing price being \$6.00 per box. B. C. Royals and Moorpark Apples are arriving by express and the Bings and Lamberts are exceptionally small but the Moorparks are excellent. B. C. shipments of peaches, so far, are of the poor varieties.
