"The Land of the Sky"

PREFACE

The publishers take pleasure in presenting this, the 1923 edition of the Asheville, N. C. city directory, feeling confident that it will meet the approval and needs of the community. The volume will be found to be as complete and comprehensive as any work of its kind published. It represents an active, growing, progressive city, whose people have set out to accomplish great things and the progress of the city is the result of the energy and enthusiasm of its inhabitants.

A careful survey of the past year shows Asheville to be one of the most active industrial cities in Western Carolina. Every industry has been working to capacity, turning out Homespun, Mica, Coffins and Caskets, Furniture, Machinery, Creamery Products, Leather, Sheet Metal and many other products. Despite the conditions under which every city in the United States has been placed in the year 1922, Asheville has forged ahead in her usual manner. Shipping delays, shortage of materials, limited supply of gas and coal were some of the difficulties which every industry faced. Nevertheless, Asheville's products continued their journey throughout the world. Among other additions to her commercial life is that of one more National Bank, which makes two National and a grand total of nine banks within reach of it's citizens and to serve her business and private life.

Asheville citizens generally are thrifty and own their own homes. The diversity of her industries, good working conditions, and the additional capital which is being constantly added, places Asheville manufacturers in position to secure plenty of skilled workmen. While Asheville is known mostly for her wonderful ideal climate and azure skies, yet her many other permanent industries cause a prosperous state of affairs to exist at all times.

The directory, as in past editions, show many changes, which are particularly obvious in the street or householders department, where the names are grouped according to location.

The directory is a story of the people. It lists all the people, rich and poor alike, tells who they are, what they do, where they live. The directory is a permanent history and the old directories form a complete record of the city, it's changes and progress.

Thru the publishers' membership in the Association of North American Directory Publishers, directories of the leading cities of America are kept in it's library in Asheville for the use of it's patrons and the public. Copies of the Asheville directory are sent to the principal cities of the United States and Canada; thus the directory represents Asheville throuout the country and is a constant booster for the city. Directory advertisers are thus accessible to all the buyers of America who must consult the classified lists of the directory to purchase any commodity intelligently. Nothing advertises a community like it's city directory and it is true in many cases that a city is judged by it's Directory.

In conclusion we wish to thank those who by their patronage has made it possible for us to publish this work and to those who so graciously extended their help by furnishing our name gatherers and compilers with the necessary information.

It has been customary for the directory publishers to estimate the population and this directory shows Asheville and it's immediate suburbs to be

42,300.

"LAND OF THE SKY"

In the Heart of the Blue Ridge.

Asheville is located on the "Asheville Plateau" at an average elevation of 2,250 feet, and on the Southern Railway, 23 hours from New York, Chicago, Memphis, New Orleans, with adequate Pullman service. Finest climate on earth, with mean average temperature of 55 degrees.

Asheville is on the Southern National Highway, Old Hickory Highway, Wildcats Highway, eastern branch of the Dixie Highway system, and on the Buffalo Trail and Boone Highway. These give Asheville opening for heavy motor traffic to and from the East and West. Splendid automobile roads from Asheville to Greenville, Asheville to Spartanburg, Asheville to Charlotte, and north to New York City, and Asheville to Knoxville and Chattanooga.

The marvelous climate of the "Land of the Sky" has been recognized by the best authorities in the country, including the United States Government, for rest, recreation and the restoration of strength and bodily vigor, and combines to the greatest degree, all factors that make for the most perfect human comfort the year around. Within a hundred mile circle around Asheville are located the highest mountains in Eastern North America, with Mt. Mitchell 6,711 feet above sea level, as the climax of Eastern altitude. Twenty-three of these peaks are higher than Mt. Washington. Sixty-four peaks within this radius are 6,000 feet and up. Over \$2,000,000.00 has been expended on 164 miles paved concrete and asphalt-macadam highways and bridges in Buncombe county during the past two years.

ASHEVILLE HAS:

Tourist Camp Ground, five public parks, and two of the finest 18-hole all-turf gold courses in the South.

Fifty miles of paved streets, eighty-five miles paved sidewalks; has recently completed a \$500,000.00 high school; has twenty-one splendid graded school buildings, four of these with additions to existing school buildings to be completed during 1922-23, at a cost of over \$600,000.00. Value of the city school property, nearly \$2,000,000.00. Value of private school property over \$1,000,000.00. 1920 census 28,504 population. Directory census including suburbs 50,000 population.

Building permits first seven months of 1922 amounted to \$2,112,392. Building permits for Asheville and suburbs over \$3,000,000.00.

Gravity system water supply from 17,000 acres of virgin forest on slopes of Mt. Mitchell and the Craggy mountains. Daily supply nearly eight million gallons.

Has motor equipped fire department; sixty-three fire alarm stations; 380 fire hydrants; modern garbage incinerator; 271 street-arc lamps; 350 tungsten street lamps; 108 5-light street lamp posts.

Commission government with three commissioners giving full time; Mayor Commissioner of Finance; Commissioner of Public Safety; Commissioner of Public Works. Value of property in Asheville over fifty million dollars.

Asheville is headquarters for the Great Smoky Mountain Club with 20,000 acres of forest lands stocked with small game and some bear, and nearly sixty miles of trout streams well stocked with speckled trout.

Asheville growing rapidly; business conditions good; new citizens cordially welcomed. For further information write

In Case of Fire Call "Fire Department"

- 1 Locate the fire alarm box nearest your home
- 2 Stay near the box when pulled for fire to direct the firemen
- 3 In case of fire, call Fire Department. Speak distinctly when calling the Department by phone. Give the exact location of the fire.

Don't say "Come to my house quick"

4 Keep on the sidewalk when apparatus is going to a fire

5 Give right-of-way to the Fire Department when it is responding to an alarm

6 Realize that the Fire Department is ready at all times to respond to fires within thirty seconds after an alarm is sent in. That delay in sending in an alarm is responsible for nearly every large fire that occurs. With snow on the ground and a two-mile run up hill, the Department must be notified quickly to be of any service. The most efficient service rendered if the Department arrives within three minutes after the fire breaks out

7 Own a fire extinguisher if possible

8 H have two six-quart pails always handy

9 Give the firemen credit when they deserve it

10 Look for exits in theatre halls and public buildings

Citizen Want Ads

BRING RESULTS
READ BY 60,000 PEOPLE

How many people do YOU
number among your friends and
acquaintances?

How many could you reach in
a hurry—by mail, phone or per-
sonal call?

The number is insignificant—
PRACTICALLY NOTHING—
when compared with the thous-
ands who live here.

Yet there is a way of getting
in touch with men and women
you never saw—whose NAMES,
OCCUPATIONS, RESIDENCE,
NEEDS you know absolutely
nothing about.

It is through CITIZEN WANT
ADS. A few lines under the dif-
ferent classifications on the
want pages, such as "Help
Wanted," "For Sale," "Lost and
Found," etc., reach just the peo-
ple you want to reach. This is
demonstrated day after day to
all who use Citizen wants ads.

Every day we hear of someone who used a CITIZEN WANT AD and
received far more results than they had expected.

"USE THEM—THE COST IS SMALL"

When Writing Advertisers Please Mention The Directory

Because—

of its

- Editorial Power
- News of the World
- City and State News
- Authoritative Feature Articles
- Authentic Market and Financial Reports
- Cartoons of Local and World Events

Is the reason why 60,000 people read THE CITIZEN daily, and for this reason it has a maximum productive power for advertising.
