

FAMINE IN RUSSIA CAUSES MILLIONS TO FLEE HOMES

Maxim Gorky Writes That More Than 29,000,000 Persons Are Suffering

By FRANK E. MASON, International News Service Staff Correspondent

BERLIN, July 30.—The famine in Russia expects to join me soon. Heff tells of 1891. More than 29,000,000 Russians are feeling the pinch of hunger. More than 6,000,000 Russians, mostly peasants, are in flight from their homes.

The foregoing statements were contained in a letter received today by Madame Gorky from her husband, Maxim Gorky of Moscow.

Madame Gorky, whose stage name is Marie Andrejeva, is in Berlin on theatrical business. She is not engaged in relief work.

"I have no authority to speak officially and, anyhow, I have been absent from Russia for three months," said Madame Gorky. "My husband expects to join me soon. He tells me that as soon as the autumn harvest comes in all will be well. I have just received a letter from my husband, in which he says:

"The distress is appalling and is getting worse. Already the famine is greater than the terrible days of 1891. Great caravans are traveling from the villages, wandering on the plains as far as the eye can see. It is a reminder of the great flight of the Tartar tribes. Millions of men, women and children are engaged in the hopeless search for food."

Gorky is organizing a committee at Moscow to secure both internal and external help for the sufferers.

ALMOND GROWERS HOT AFTER TARIFF

(Special to the Daily Press)

SAN FRANCISCO, July 30.—Opposed by a powerful combination of importers, brokers, and representatives of Southern European almond interests, California almond farmers face a desperate situation in Washington, where the opposition lobby established in the Senate may not only defeat the almond growers in their fight for a minimum five and fifteen cent tariff on unshelled and shelled almonds, but may cause the loss of the slight advantage gained in the House when a four and twelve cent rate was written into the Fordney tariff bill. The foregoing is the gist of a message received here today by officials of the California Almond Growers Exchange from T. C. Tucker, exchange manager, who is in Washington to present the growers' case to the Senate Finance Committee, the last hope of the almond farmers to secure the imperative necessary minimum protective duty.

Only the intense united effort of every individual and organization in California concerned in saving the State's \$65,000,000 almond industry from being overwhelmed by the peasant-produced almond of Southern Europe can save the situation at this late date, said Tucker in his message. Disclosure of the strong financial interests fighting the California almond farmers has spurred Exchange officials to a final last ditch fight to secure the five and fifteen cent duty. Dispatches from Chicago a few days ago told of a combination there of the leading Chicago importers, wholesale grocers, and brokers representing foreign and domestic firms, who had organized to defeat the California almond growers in their tariff fight.

Chicago Grain Market

CHICAGO, July 30.—Reports of sales of flour equal to 2,500,000 bushels of wheat to Soviet Russia induced some buying of wheat, the opening today, but selling influences predominated and opening prices were lower. July was led 1/2 to 1 1/2 off, Sept. 1/4 to 1/2 off and Dec. 1/4 down. Trade in corn was moderate and mixed with prices 1/4 to 3/8 higher for Sept. and 1/4 lower for Dec. Commission houses were on both sides of the market in oats with trade light. Prices at the start were unchanged to 1/4 lower for all deliveries. Dullness prevailed in the provisions market with prices slightly lower.

HIGHWAY BOARD IS AGAIN CRITICISED BY AUTO CLUB

Failure to meet the vast economic needs of suburban and farming communities on the part of the State Highway Commission is charged by the Automobile Club of Southern California in a statement following a survey of the situation in Imperial Valley and elsewhere.

"Untold economic loss has been entailed," says the Club, "by building portions of important main lines and laterals and failing to complete the roads. Bonds were voted with the explicit understanding with the people that main lines should be completed. Patchwork highways are of little value and no road begins to function in the service of the people until it has been completed.

"A notable example of delay in constructing state highways that have been promised is the highway from Los Angeles to Imperial Valley and through the settled portions of the valley to El Centro. The demand for completion of this road has been made and reiterated over a period of many years, yet this vitally important thoroughfare, one of great utility as well as convenience has not been built.

Funds Expended
"The total area of farmland under cultivation in Imperial Valley in 1920 was 547,485 acres. The estimated production for the year was 1,386,074 tons.

"The funds expended by the State to July, 1920 are as follows:

El Centro to Yuma, \$80,656.00; 81 miles Wilite Pavement, \$44,365.95; overhead, \$18,753.20; maintenance on above, \$19,597.00; trifolium to Kane Springs, 6.99 miles, \$70,939.04; reconstruction on above, \$14,542.77; 11.12 extension from Kane Springs, \$321,702.85; overhead, \$61,077.70; maintenance on above, \$4,763.20; total expenditure, \$631,544.48.

"It will be noted that nearly two-thirds of a million dollars has been expended and that the people are still denied the use of a completed road. Of the portions of highway constructed many failures have occurred. Between Trifolium and the north line of Imperial County, eleven miles will be reconstructed and widened next fall. This work will practically close this road until some time during the summer of 1922. No surveys have been made for that portion of the road between Trifolium Waste and El Centro.

Where Highway Has Failed
"Pavement is completed from San Diego to the west foot of Descanso Mountain and from El Centro to Myers Canyon Bridge and from the top of Mountain Springs Grade to the Tecate Divide. This pavement is of 4-inch and 5-inch thickness and is 15 feet wide. The remaining 40.2 miles is graded 24 feet wide.

"The result of the piecemeal construction policy in Imperial Valley is emphasized by the fact that portions of the highway have failed and will be reconstructed before the people have ever had the use of the completed highway."

LARGE BUNGALOW COURT IN GLENDALE

Lee Etting and Mr. and Mrs. Art Glade of 219 West Lomita, who recently moved here from Grand Island, Neb., and bought the property where they live, are further showing their confidence in Glendale's future by having plans drawn for a bungalow court to be built on two lots, 100x175, on the south side of Lomita, about half way between Brand and Louise. The lot was bought of W. S. Perrin, through Farris C. Brown, realtor. They expect to build nine bungalows and probably six garages. There will be a court in the center, extending back to the rear bungalow, and electric lights will light it brilliantly. Work on this project will begin in a few days.

American Legion Banquet

Because of the farewell banquet tendered last night to Huron Pitts, state commander of the American Legion, at the Hotel Vista del Arroyo in Pasadena last night, the regular weekly meeting of the local post was postponed until next Friday. E. O. Kiefer, commander of the Glendale Legion, James F. McBride, Dr. H. C. Smith and W. B. Kelley attended the banquet as local representatives.

BAY CITY EXTENDS HEARTY WELCOME TO KNIGHTS

(By International News Service)
SAN FRANCISCO, July 30.—Approximately two-thirds of the 20,000 delegates and their ladies to attend the thirty-ninth annual International Supreme Council of the Knights of Columbus, which will formally open August 2, have already arrived in San Francisco. Although the convention itself does not open until next Tuesday, three days of preliminary events had been arranged, starting today, for those who have come in advance.

One of the largest delegations from the East came by special boat via the Panama Canal. They sailed from Baltimore three weeks ago, touching at Havana and several other ports en route. Several special trains brought other delegations. Delegates will continue to arrive until the convention opens.

The initial event on the programme today was an automobile sightseeing tour of points of interest in and near San Francisco participated in by practically all who arrived so far. The automobile trip will continue into the afternoon, and stops will be made at the Marine Hospital and Letterman General Hospital in the Presidio here, where hundreds of wounded and disabled American veterans of the World War will receive comforts from the visiting K. C.'s and be the guests of the Knights at entertainments to be staged at both institutions. Tonight San Francisco Council, 615, K. of C., will conduct an exemplification of the third degree to a large class, with the supreme officers of the order conferring the degree.

As a special feature for the ladies tonight arrangements have been made for them to tour San Francisco's famous Chinatown, while the San Francisco Council initiates candidates at their hall.

Sunday special Knights of Columbus services will be held in all churches. In the afternoon a brilliant exemplification of the fourth degree to a class of 200 candidates will be held under the direction of Supreme Master John H. Reddin. In the evening a formal banquet will be held at the Palace Hotel.

Not all of the time will be devoted to ceremonials, for the programme calls for visits to the bay cities and an aeroplane pageant led by Captain Eddie Rickenbacker tomorrow afternoon. Monday will be spent in automobilizing "down the peninsula," taking in points of interest, with a picnic luncheon at noon.

The convention will formally open Tuesday.

MANY MORE PUPILS FOR GLENDALE HIGH

The Board of Trustees of the Glendale Union High School yesterday adopted the budget for 1921-1922. Though no figures will be given out by George U. Moyses, principal, pending the organization of the various sections of the budget passed upon, it is understood that expenditures for the coming school year will exceed those for the past year completed.

This increase in the budget is accounted for in part because of a steady growth in attendance, according to Mr. Moyses, who estimates that the average enrollment for 1921-1922 will approximately 20 per cent greater than the average for the past year. This will make the high school enrollment for next year exceed 1200, as compared with 1063 last year.

Appreciating the increased demand for auto repair work by students, the Board of Trustees voted to remodel a section of the woodwork rooms to provide a separate room for the auto shop. While this will separate the auto shop from the machine shop, it is believed that the space thus provided will still be insufficient.

After a tour of inspection of the grounds, the trustees made provision for improvements which will include a drainage system to clear the athletic field and girls' playground of rain water, and a retaining wall to support the outer embankment of the athletic field.

Ross V. Miller was elected as teacher of general science, replacing Walter Nurse, who resigned recently to accept a position in the Los Angeles schools. Mr. Miller comes from Whittier, where he has been two years in high school work.

WASHINGTON.—William J. McCarthy, of Boston, today was appointed by Revenue Commissioner Blair as a general prohibition agent.

(By International News Service)
DUBLIN, July 30.—General Sir Nevil Macready, commander in chief of the British troops in Ireland, General Cameron and General Strickland, for whom a supreme court writ was issued yesterday, surrendered to the court today. Simultaneously, the court ordered the release of two Sinn Fein prisoners, who were under death sentence, pending an appeal of their case.

Steel Plants Resume

MONESSEN, Pa.—Plants here of the Pittsburgh Steel Company and of the American Sheet and Tin Plate Company, resumed operations today after many weeks of idleness.

Jeweler in Trouble

CHICAGO.—Unset diamonds and other jewels, valued at \$70,000, were seized today in a North Side apartment as the result of a federal investigation of a gigantic smuggling ring, discovered here yesterday. The gems were found sewed in the lining of a coat said to belong to a Hyman Fineman, Los Angeles jeweler, arrested yesterday and held in \$2000 bond on a charge of smuggling.

President Goes to Sea

WASHINGTON.—President Harding and his party of guests on the Mayflower, en route to Plymouth, Mass., had fine weather as they passed out to sea today.

Italy Opposes France

ROME.—Italy is opposed to the French proposals that more allied troops be sent into Upper Silesia, Foreign Minister Della Torretta told the chamber of deputies today.

Studebaker Dividend

SOUTH BEND, Ind.—The Studebaker corporation today declared the regular dividends of 1 3/4 per cent each, on preferred and common stock, payable September 1 to stockholders of record at the close of business August 10. Rumors of an extra dividend were denied by A. R. Erskine, president of the corporation.

Mrs. Harrison Freed

RIGA.—Mrs. Margaret E. Harrison, of Baltimore, has been freed by the soviet government in Russia. Her release was secured by United States Senator Joseph Irwin France, of Maryland.

Will Release Americans

RIGA (via London).—Americans held as prisoners in Soviet Russia will be immediately released in exchange for American aid in combating the famine and disease epidemic now prevalent throughout Russia.

Mary Defeats May

NEW YORK.—Miss Mary Browne, of San Francisco, was scheduled to meet Miss Marie Wagner, New York, in the challenge round for the New York state tennis singles championship today. Miss Browne won her way into the challenge round by defeating Mrs. May Sutton Bundy in the final of the annual state tournament.

Obregon Optimistic

MEXICO CITY.—President Obregon today said that he considered the international situation with the United States as "good," adding that there never will be any conflict with a foreign government so long as Mexico complies with its foreign obligations, as she is now doing.

"Wonder Girl" Coming

NEW YORK.—France's "wonder girl" in the tennis courts will soon be seen in action on this side of the Atlantic. Mlle. Suzanne Lenglen, international women's tennis singles champion, was scheduled to sail from France today to compete in our national championships.

School Board Meets Tonight

The Board of Education of Glendale will meet tonight at eight o'clock in the offices of R. D. White, superintendent of schools, in the Intermediate school building. A final draft of the city school budget for the coming year will be prepared for review by the board of county supervisors. Details of the proposed bond election will be discussed.

BOOSTERS DISCUSS GLENDALE AVENUE IMPROVEMENTS

Two leading committees of the Glendale Avenue Improvement Association met last night in the municipal building, Los Feliz road and Brand boulevard, to consider points to be emphasized in the movement for the improvement of that thoroughfare. They were on the road committee, comprising F. A. Marak, chairman; J. F. McClish, secretary of the association; and O. W. Tower, and the committee to promote the electrifying of the Salt Lake railroad, consisting of Harry Levy, president of the association; Herman Nelson, Mrs. Mabel Tight, G. B. Woodbury, and Spencer Robinson, mayor of Glendale.

Two petitions setting forth the matters to be promoted by these two committees and submitted to the City Council were prepared. Signers will be secured, not only on Glendale avenue, but on cross streets running north and south for a distance of several blocks, and, in the course of the next two weeks, a mass meeting will be called, at which the matters covered by the petitions can be presented to the public and be generally discussed.

Road Committee's Aim

The aim of the road committee will be to secure the widening of the thoroughfare at San Fernando and cut off the acute angle that now exists; also to secure the necessary dedications for sidewalk purposes at the north end of the street. The council will be asked to start legal proceedings to bring about the improvements mentioned in the petition.

The second petition will set forth the injustice of burdening the avenue with a railroad which is limited to freight traffic, and will ask the council to take steps to secure the abandonment of the Salt Lake right of way or its electrification, and in the event of the Salt Lake, an appeal on the part of the city to the railroad commission.

Trolley Line Wanted

Mr. Levy, who heads this committee and who is the moving spirit of the movement called attention to the expansion expected in the service of the Glendale-Montrose line, which is considering extending its system to La Canada and Tujunga, and suggests that a Glendale avenue trolley line will be needed in connection with that service.

'BUY AT HOME' TO BE EXPOSITION SLOGAN

A campaign to make the week beginning August 27 a "gigantic buy-at-home week," has been newly launched by the Chamber of Commerce, in support of the Merchants' Exposition, to be held here from that date until September 3, at the old Chautauqua grounds, corner Harvard and Orange streets.

Bearing out the slogan: "Buy it in Glendale if it is just as good or better and costs no more," J. A. Rhoades, secretary of the Chamber of Commerce, addressed a letter to members of the chamber, asking that they support the exposition. The letter goes on to say:

"Let's show the people of our city and surroundings that we have in our stores just as good merchandise, will give them just as good service, just as reasonable prices and closer personal attention than they can get elsewhere in California."

Representatives, from whom business men of the city may get information in regard to the Expositions, the letter points out, are to be found at the Chamber of Commerce. Elmo La Breque, R. Marvin Greathouse or G. T. Cavenagh, directors of the Pacific Coast Exposition Company, will call on any person, desiring information, upon request.

MANHATTAN LIMITED TRAIN IS HELD UP

ALTOONA, Pa., July 30.—The Manhattan Limited, fastest train on the Pennsylvania railroad between New York and Chicago, was held up and robbed by several masked bandits early today at an isolated spot in the fastnesses of the Allegheny mountains, about 30 miles west of this city. Letters were rifled of an unknown sum in the mail car, and one mail clerk was shot and slightly wounded during an argument with one of the robbers.

Straight Ahead!

Building permits issued by the City of Glendale during July total \$362,525, making total value of building permits since the beginning of the year; \$2,319,924. This record again emphasizes the boast that Glendale is the fastest growing city in the Universe. "Straight Ahead" is the city's motto and it should be the aim of every citizen to adopt it as his own in all matters connected with the advancement of the city's interests.

REORGANIZED STATE GOVERNMENT PLAN NOW IN EFFECT

(By International News Service)

SACRAMENTO, July 30.—California's reorganized state government, with 75 agencies consolidated in seven major departments, started to function at 9 o'clock this morning, after state officials affected by the plan had been sworn in and had filed their commissions and bonds.

In addition to the reorganization bills, 500 other measures passed by the last legislature became effective today. The remaining 375 bills which were passed by the legislature and signed by the governor, will become law between now and August 2, except for three measures held up by the referendum and which will be submitted to the people at the general election. The measures which will go to the ballot are the Wright prohibition act, the so-called Lawyers' bill, which prohibits trust companies from handling legal work, and the State Housing act, prohibiting the use of redwood shingles in the construction of buildings within the limits of incorporated cities.

The Seven Departments

The seven major departments which took over a goodly portion of the State's business today, are: Department of Civil Service, Department of Institutions, Department of Industrial Relations, Department of Public Works, Department of Agriculture, Department of Education and Department of Finance.

The new laws which were written on the State statute books today cover a wide scope. The so-called soldier aid bills, which provide benefits for former service men, come first in importance. These measures provide for:

1. The sale of land to veterans in the state in amounts not in excess of \$15,000, to be paid for in 40 years with interest. Creation of a veterans' welfare board to carry out the program.
2. The issuance of \$10,000,000 worth of bonds by the State to be used in furtherance of the operations of the welfare boards.
3. Loans to former service men not to exceed \$5000 in each case, for the purpose of buying homes.
4. Assistance in vocational training with monthly allotments for such training, not to exceed \$40 for each man.

Agricultural Program

The agricultural program, which becomes effective today, is largely a protective one, providing against the spread of injurious insects, tuberculosis among cattle, weed pests, etc.

The foreign language school law, placing all Oriental schools under the jurisdiction of the State Department of Education, is considered to be of vital importance. It was passed following charges that the Japanese schools were teaching young Japanese here the doctrines of the Imperial government, in opposition to the principles of Americanism. Such schools must now furnish English versions of their text books to the State, and their teachers must be examined by the State.

The contraband drug act was introduced and passed with a view to breaking up the narcotic traffic in the state by imposing drastic punishment on drug vendors. It makes the illegal sale of narcotics a felony, punishable by not more than one year in jail for the first offense and not more than five years for the second offense.

Elks' Smoker Tonight

A "Smoker" will be given tonight at the Elks' Club House, which is a very exclusive affair, as the announcements reads "for Elks only." Secretary W. H. Kimball states that an excellent program has been prepared for the enjoyment of the Outrigger Herd.

R. D. WHITE RETURNS FROM HIS TRIP TO EAST

Superintendent of Glendale's School Tells of Work of National Association

Richardson D. White, superintendent of city schools, was back at work at his office this morning, having returned last night from a month's vacation which took him to the convention of the National Educational Association, held in Des Moines, Ia., early in July.

Important matters coming before the convention, which Mr. White attended as a representative of the Glendale City Teachers' Club, included resolutions adopted in regard to salaries and teachers' insurance. It was the general belief, he said, that salaries for teachers are not yet commensurate with their work, in many parts of the country.

The further need of Americanization in our schools, and the use of motion pictures for educational work, were discussed with much favor. Simplified spelling was tabooed. Miss Charl Williams, superintendent of schools of Shelby county, Tennessee, was elected national president of the educational association, replacing Fred M. Hunter, superintendent of schools of Oakland, Calif.

After leaving Des Moines, Mr. White visited Chicago, St. Louis and Cape Girardeau, where he formerly taught in the Teachers' college there. On his return trip to the coast he stopped off for several days in Kansas City. From San Francisco he went to visit relatives in the Santa Clara valley for a week, before returning to Glendale.

Describing his vacation as having been "mighty fine," Mr. White pronounces it restful to be back in Glendale. The weather, here, he says, is a relief from the almost unbearably hot days in the middle west. There is a big contrast between business conditions here and through the central states, Mr. White pointed out, declaring that every line of business endeavor there had been curtailed.

FINE FLOWERS FOR FERNANDO FAIR

A meeting of chairman of plants and flowers under the Women's Division of the San Fernando Valley Fair to be held September 13-18, was held at the home of Mrs. Francis Reese of Burbank. Mrs. Charles W. Houston, chairman of the Glendale committee for this department, was present.

The list of flowers for which prizes will be offered was reviewed and the statement made that a prize will be given for anything fine or unusual not listed, provided there are two or more exhibitors. Mrs. Houston says it is the understanding that all flowers shown in this department are from the home gardens of the exhibitors. Special awards will be made for the largest collection of flowers grown in one garden and for the most beautiful floral baskets containing more than one kind of flowers. It is expected that a copy of the premium list will be mailed to every member of the Tuesday Afternoon Club, and it can be secured by any one who will write the fair management for it. Exhibits can be entered as late as September 10 and all flowers will be judged the opening day.

Mrs. Houston will soon appoint the ladies who are to assist her on this committee and she is anxious to interest the women of Glendale to the end that the community may be creditably represented.

WORK STARTS ON NEW COMMERCE BUILDING

Work has begun on the Chamber of Commerce building at 140 and 142 South Brand. It will be 51x130 and two stories in height. Building Inspector Marek says the numbers assigned this building are correct, though one of them is already appropriated. This will necessitate renumbering of nearly all the stores in the Goodnow and Kent buildings. The contractors for the Chamber of Commerce building are W. S. and Clarke May and Major W. H. Hillman.

J. C. Barnett Building

J. C. Barnett, who is building a fine home at 1104 North Brand, now lives at 631 North Central. He formerly owned the Brandale Apartments, at 718 South Brand, selling the same to Mrs. Harry A. Sibley.

EXCLUSIVE AGENTS FOR MAXWELL CARS

The Maxwell Sales Corporation of Detroit, Mich., today completed arrangements whereby E. V. Jellison and H. H. Kinner, of the J. & K. Garage, recently opened at 1006 South Brand boulevard, will become exclusive agents in the San Fernando Valley for Maxwell touring cars and trucks.

The proprietors of the J. & K. Garage announce that they propose to maintain a sales and repair department that will operate under the motto of service and efficiency and to this end have stocked up with the best line of accessories obtainable.

In addition to having the exclusive agency for Maxwell cars, Mr. Jellison, in discussing his business, pointed out that he will be the sole dealer in Savage tires through the valley. He will also control the Pacific Coast sales of Keaton rim parts which are manufactured for every make of car on the market.

In an effort to select the best type of oil that they might handle, Jellison and Kinner finally determined upon Dearborn oil believing it is the best lubricant for automobile use. Other lines of accessories that will be included in their stock are of the utmost dependability, they assert.

With this array of exclusive lines of merchandise Mr. Jellison and Mr. Kinner have succeeded in stocking their garage with the largest and most complete list of automobile accessories and goods in Glendale. They believe that in handling the Maxwell car and truck they have secured the agency for the best machine at its price on the market.

'THREE SEVENS' AT GLENDALE THEATRE

Tonight's Program Will Include Usual Saturday Vaudeville Show

Hunted by a mob intent upon lynching him, "Harry the Goose" fell into the hands of Daniel Craig, whom he had known in the state penitentiary as "Three Sevens." Craig declared his intention of taking the convict back to the prison and "Harry the Goose" protested angrily, saying that was no way to treat a former fellow prisoner. Craig, however, not only felt in honor bound to get the jail bird behind the walls again, but had given his word to Joan Gracie, who loved him and believed in him in spite of his conviction on a murder charge, that he would do so. Craig gave Harry his choice of returning to prison or being lynched by the mob.

The situation arises in "Three Sevens," an Antonio Moreno production directed by Chester Bennett, which will be shown with the vaudeville show at the Glendale Theatre today. It is based on the popular novel of the name by Perley Poore Sheehan.

"Harry the Goose," murderer of his sweetheart, and four other dangerous criminals, had been released by Craig unintentionally when he made his own escape from the penitentiary by sawing the lock out of his cell door and intimidating the guards. One by one he returned the desperate outlaws and finally proved his innocence of the crime for which he had been imprisoned.

"Three Sevens" provides an excellent vehicle for the dashing, daring Vitagraph star.

'GENERAL CUSTER' IN NEILAN'S PICTURE

"Bob Hampton of Placer" Again Feature Film at Palace Grand Today

When Marshall Neilan engaged the services of Dwight Crittenden to portray the part of General Custer in his spectacular picturization of "Bob Hampton of Placer" he did so for more reasons than because of the fact that Crittenden is a good actor.

Mr. Crittenden is the nephew of the late Captain J. J. Crittenden, a member of Custer's staff, who lost his life fighting at the side of the General in the famous "Last Stand" against the Sioux. This battle has been reproduced on the screen by Mr. Neilan as the big climax to his presentation of "Bob Hampton of Placer," which will be the attraction again today at the Palace Grand Theatre.

As a result of his relationship to Captain Crittenden, the Neilan actor

FORDSON TRACTOR BECOMING POPULAR

"The Fordson tractor is daily growing more popular in the industrial field," states J. B. Greves, assistant manager of Los Angeles Branch of the Ford Motor Company. "Among the satisfied users in Los Angeles and vicinity is the Patten & Davies Lumber Company, who find that the sturdy Fordson displaces from four to six horses in their yard operations."

"This progressive lumber company found the Ford car and truck indispensable in maintaining their reputation for prompt deliveries, and when the Fordson tractor was made available for general hauling by the addition of rubber-tired wheels, they were quick to obtain this equipment. So satisfactory did it prove that an additional tractor has been purchased for their San Pedro yards. They report that the Fordson takes the place of two teams, and is being maintained at a cost at which the horse is fed."

has made the research of the life of General Custer and the incidents leading up to his famous battle, together with the customs of the people of the American frontiers in those days, his life's hobby.

Thus in the production of this film, which has as its basis various historical facts, Mr. Neilan found in Dwight Crittenden a valuable asset to the success of the picture. His make-up for the part of General Custer has been photographed and submitted to various other authorities on the subject who have not only endorsed it as being correct, but have stated that the resemblance is remarkably striking. Others in the all-star cast of this special are James Kirkwood in the title role; Wesley Barr, Marjorie Daw, Pat O'Malley, Noah Beery, Tom Gallery, Priscilla Bonner and others.

Those who saw Ben Turpin in "Love's Outcast" at the Palace Grand last night declare that Mack Sennett's film star has attained the apex of dramatic talent. Ben's stock in trade is a severe affliction of strabismus. His roving eyes hypnotize the audience.

NEW FORD BUILDING NEAR COMPLETION

Anyone running into Jesse Smith, local Ford agent, will surely be met with a winning smile and a hearty "How-de-do." The reason for the congeniality is the development of the new Ford building on the corner of Colorado and Orange streets, and the great demand for Ford cars.

This new building is one of the largest and most up-to-date business buildings in Glendale, and comprises some exceptionally fine features. It is twice the size of the present location, and the complete equipment of machinery which is being installed will take care of every need of the Ford owner.

This agency is to be divided into several departments, as follows: The shop, which is constructed so as to care for the repairs on fifteen cars at one time; the service floor, which is almost as large as their present building; the gas and oil pumps, exclusively for Ford machines; the stock and accessories room, handling Ford parts, accessories, tires and etc.; the ladies' rest room, a distinct feature in that it is the largest of its kind in town and is to be fitted up with furniture, mirrors and many other conveniences, and the office and sales room, with entire new equipment.

Mr. Smith reports that Ford sales are booming right along and that some of the models are hard to get and keep on the floor. He urges those who contemplate the purchase of the touring cars or roadsters, to place their orders early, if they desire delivery within the next thirty or sixty days.

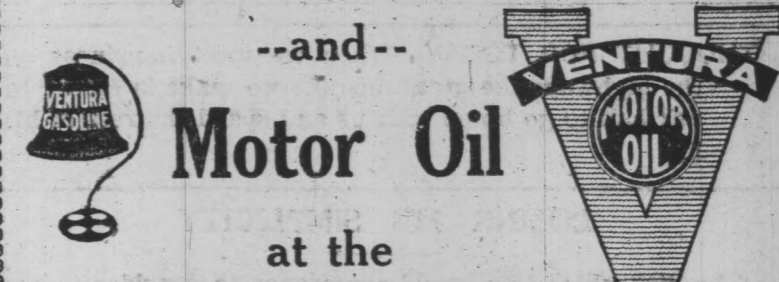

Watermelon Feast

Members of the Men's Bible Class of the First Methodist church, most of whom belong to the Brotherhood of that church, enjoyed a watermelon feast in the church banquet hall last evening, followed by a program of unusual interest.

W. F. Tower presided, and called first upon F. H. Vesper, who gave an entertaining account of his recent Alaskan trip.

Genuine Common Sense

Ford
THE UNIVERSAL CAR

The Sedan
Equipped with Electric lighting and starting system, demountable rims, non-skid tires, both front and rear, tire carrier and extra rim.

Many Ford owners can afford to own and operate any car they may choose, but they prefer a Ford "because it is a Ford." For, "because it is a Ford" means dependability, ease of operation in traffic, ability to park in small spaces—and it means quick, sure transportation. And "because it is a Ford" means pride of ownership, good taste and genuine Common Sense. A Ford gives all that any car can give—plus real utility, minus extravagance. The demand for Ford Cars of all types is greater now than ever before; yet, due to tremendously increased production it is possible to secure reasonably prompt delivery—if you act at once.

THOUGHT FOR TODAY—When we meet happiness on the highways the great mistake we make is failing to ask him to go home with us and spend the rest of his life.

LOSING ITS SIMPLICITY

The difficulties of a world conference to consider universal disarmament are already beginning to show themselves, emphasizing the fact that President Harding must use every ounce of his ability and ingenuity. The original idea was to discuss plans for limiting the armaments of Great Britain, Japan and the United States. That was Senator Borah's proposition. But each day brings new complications to the fore.

The invitation from Mr. Harding had no sooner gone forth until it was evident that France and Italy would join, and now it seems likely that China will be represented. With Japan and China taking a part in the disarmament conference, diplomatists see the scope of the parley broadening to include the very annoying Far Eastern question and the perplexities of the Pacific. The following Associated Press dispatch from Washington indicates the possibilities of the conference:

"Press reports from Japan, indicating that the question of full participation is one of the liveliest debates there, are taken as a welcome sign. The same may be assumed also with regard to London dispatches, indicating that British opinion hopes for a complete acceptance by Japan.

"While the preliminaries are in a waiting stage, officials are considering some of the concrete questions of procedure the conference will have to face when it is assembled. It is understood that some thought has been given to the possibility that European questions, particularly those growing out of the world war, may find their way into the discussion. It is realized that powers like Italy and France have problems, which to them are just as pertinent to a disarmament negotiation as the Far Eastern questions are from the viewpoint of the United States, and that such problems cannot logically be denied consideration.

"There also has been some thought of Russia's possible relation to the skein of diplomatic reconstruction to be woven by the powers. There is a profound realization that the resources and capabilities of the Russian nation cannot be left out of consideration, even though the Russian people have no representative present to speak for them.

"The possibility that the labor element may be recognized as an influential factor in the conference was suggested today by a meeting between President Harding and Samuel Gompers, head of the American Federation of Labor."

The question is bound to present itself to Mr. Harding: Would it not be wiser to limit the discussions and purposes of the conference to disarmament alone? Is it, after all, essential that all the great international problems be threshed out, or, at least, attempted to be settled? Everyone knows the complications and tedious work of the Versailles treaty, and yet the statesmen who drafted that treaty saw the futility of attempting to solve all the problems and referred many to the League of Nations, a creature set up by them.

Is it plausible that Mr. Harding can solve all these problems during the course of a disarmament conference? Will the statesmen summoned by him be any better fitted to grapple with world questions than the men who met at Paris?

The calling of the disarmament conference will be a magnificent achievement for humanity, but will it not be better to limit the scope at the outset? These are debatable questions, but they must be answered by the diplomats who gather at Washington. The conference will not be such a simple thing, after all.

We can understand how some car owners get along with so little oil, but it is rather difficult to understand how they get along with so little toil.

The announcement that there are more males than females in the United States is obviously an error. Perhaps they have classified neuter lounge lizards as males.

WOMAN'S COZY CORNER

By JOSEPHINE FRANCE

Wise spending for clothing, as for everything else, does not mean going without what we need or can legitimately afford. It means deciding definitely what we really want, and how much we ought to pay for it, and then trying to procure it as economically as possible, and to get from it the maximum of service.

Here are a few simple rules for the care of your clothing, once you have chosen materials or well-shaped, well-fitted garments with a view to getting the very best values for your money that will make it last longer, look better and cost less:

Outergarments

Hang carefully when not in use. Plenty of rods and hangers save space and prevent wrinkles.

Keep covers over delicate garments or others worn only occasionally, to protect against dust and rubbing.

Do not keep partly-soiled garments in an unpaired place. They are likely to become discolored.

Undergarments

Reinforce, in making, parts subject to hard wear. Sew buttons on children's garments through several thicknesses of cloth to prevent tearing out. Run a few threads back and forth in the heel and toe of a new stocking.

Darn promptly small holes in stockings and other knitted underwear. A stitch in time saves the garment. Rub a piece of soap across the end of a run to stop the run until you can mend it.

Wash stockings frequently. It prevents continued strain on the same part of the stocking, and rotting and change of color from perspiration.

Wash new stockings before wearing; this prolongs their life.

Wool

Brush and shake outergarments after each use. Brush with the nap. Keep tailor-made garments carefully pressed. Cover with a thick, damp cloth and use a heavy, hot iron. Some of the special boards and cushions used by tailors are convenient and may be made at home.

Silk

Remove dust by wiping it carefully with a piece of velvet, a soft cloth or with a clean, soft brush.

Avoid pressing with hot iron; the heat injures the fiber and sometimes the color.

Remove shine by sponging and pressing. Use one tablespoon of ammonia to one quart of tepid water.

Wash out silk stockings, socks, and underwear frequently; it prolongs their service.

Shoes

Have shoes carefully fitted. Well-fitting shoes look better and wear better, besides being more comfortable. Poor quality shoes are seldom economical.

Alternate two pairs; they last longer. Slip shoe-trees into shoes when you take them off; it makes them keep their shape longer.

Keep shoes clean and well-brushed; a good dressing well rubbed in prolongs the wear of leather and kid.

Clean canvass shoes on shoe-trees to prevent shrinking. Sponge with a little water and soap that contains whitening or use a commercial cleanser.

Dry wet shoes slowly on shoe-trees or stuffed with paper.

Laundry Hints

Have your clothespins and line clean.

Hang like clothes together.

Hang all clothes wrong side out.

Hang garments by bands, belts or seams.

Dry white cotton and linen clothes in the sun.

Dry colored material in the shade.

Dry woolens in shade or indoors.

Lay knitted and crocheted articles flat and dry them indoors.

Remember That:

Sunlight—Bleaches and whitens white cotton and linen material; Hardens and shrinks woolens; Yellows white silks and woolens; Fades colors.

Anything hotter than lukewarm injures silk, and may change or remove color from any fabric.

STUDIO NEWS AND GOSSIP

Trixie Friganza, Farmerette

Trixie Friganza has a farm in Southern California which is so near Los Angeles that every evening she can see the bright lights of the film capital from the porch of her bungalow. Trixie will soon take a flier in pictures and her vehicle will be a recent stage success scenarioized to fit her embonpoint and her manifest mimic talents. Trixie is very fond of her farm and she dotes on her chickens. "Eat 'em!" she exclaimed in response to a very natural question. "I should say not! Why, my chickens know me! They almost call me Trixie. I know all their names, and their love affairs, and which is jealous of the other's children. Can you imagine eating anything you've named? Just think of calling 'Here, Jim! Here, Jim!' and then, zowie, hitting a trusting bird over the head. No, no one ever will eat those chickens while Trixie is around." And Trixie has a fig tree. "There is a big, strong fig tree in the next yard," said Trixie, "and I bought a little girl fig tree, thinking maybe they would flirt. And they did. Our fig tree turned out to be a perfect mother. See, a whole family of figs has moved right in. Oh, I certainly love my ranch."

California Story for Screen

Stewart Edward White's California story, "The Gray Dawn," is to be filmed by Benjamin B. Hampton. The story has to do with early times in the Golden State and particularly with pioneers, residents of San Francisco, who made history in ways that would not be considered entirely proper in this enlightened day and age. When the story was first published in a weekly magazine it created considerable talk and not a little anger in exclusive Coast circles, for in the drawing of his characters the author did not juggle with the truth at the expense of his art. The picture is bound to be a screen sensation, for Hampton proposes to make it one of his most ambitious screen offerings.

The waiter replied, "Sorry, sirs, but we can't serve."

personal touring the country making personal appearances in theatres showing pictures of which he is the star. He has devoted his stage time to re-nouncing his title of "he-vamp" and denouncing the press agent responsible for the appellation. Lew really was a popular screen actor before he was exploited as the male Theda Bara of the silversheet and when the boosting campaign was in full swing he seemed to enjoy the distinction his press agent had thrust upon him. But it was in the nature of a boomerang and hence Lew's disclaimer of approval or responsibility. He is now in Los Angeles, but is due in New York soon to begin work as the star of a story that will restore him to the good graces of the fans who resented the "he-vamp" exploitation idea.

Began as Boy Soprano

T. Roy Barnes, who has just been engaged as leading man for Ethel Clayton, Paramount star, started life as a song book seller with Al G. Fields, became a boy soprano, learned magic and did conjuring, became star in "Katinka," played leads in half dozen big musical comedies and entered pictures with a varied experience that took him to the top right off the reel.

War Veterans Make Picture

Disabled world war veterans, who have been in training under the Federal Board for Vocational Education at the various studios in Los Angeles, have just completed a film entitled "Say, Buddy." The production, from financing to actual presentation, has been handled by trainees, and the film is owned by them. The plan for the distribution of this film is to get it all over the United States, in even the smallest communities, for "Say Buddy" carries a message to every disabled ex-service man in the United States, being proof of what can be done if the disabled man is given half a chance. It is a comedy-drama with an excellent plot, and not a set of cold facts.

ANNOUNCEMENT

Who's who? Come to the Central Christian Church at 9:30 tomorrow morning and you will find out. All young people are cordially invited.

ALPHA OMEGA.

CARD OF THANKS

To all the friends whom, by their loving notes of sympathy, beautiful floral offerings and singing, expressed to us their deep sympathy in the loss we sustained in the death of our son, David Taggart, we express our thanks.

MRS. WINIFRED TAGGART AND FAMILY.

NOTICE TO GIRLS OF GLENDALE

Owing to the fact that so many of the leaders and girls of the Christian Circle Club are taking their vacations during the month of August, we have decided to discontinue the meetings for that month. It is hoped that the girls will get in touch with their friends and let them know of this announcement. Then boost for a big meeting the first Tuesday in September.

NOTICE

A special call meeting of the Oak Street Improvement Association will be held at the home of Mr. and Mrs. J. F. Tatlow, 311 Oak Street, this Saturday evening, at 8 o'clock p. m. Several of our Councilmen have promised to be present. Matters of vital importance relative to the improvement of our street, will be discussed. All taxpayers and residents of Oak Street, also others similarly situated, are urged to be present.

MRS. J. F. TATLOW,
Secretary-Treasurer.

25 per cent discount on all repair work during the month of August.

'IDENTITY' CARDS AT AUTO CLUB'S OFFICE

The Glendale office of the Automobile Club of Southern California is in receipt of a supply of Theft Identification cards to be used by motorists in registering their machines with the Theft Bureau of that organization. These cards, according to M. B. Towman, Glendale representative, are given free to all motorists, members and non-members alike and by calling for the same at the Automobile Club office here, employees will be glad to assist in making out the cards. Inasmuch as the theft of automobiles in Southern California has increased 90 per cent over that of a year ago, the automobile club is making an appeal to its members and the motoring public in general that they take due precaution in locking their cars before leaving them parked on any street. If this is done the theft of automobiles will be greatly reduced. These cards, as are supplied by the automobile club, will be made out and filed with them, the recovery of stolen cars will greatly increase.

WHITE TAKES OUT BUILDING PERMIT FOR 'CLETRAC'

Forerunner of New Business Center—Ultimate Cost of Plant About \$25,000

Harry D. White today obtained two permits for buildings on his triangular lot at the northeast corner of Brand boulevard and San Fernando road. When completed this plant will represent a construction outlay of more than \$25,000. The permits issued today are for an office building and a sales building. Each will cost in excess of \$5000. Because of the contention of the building inspector that one of the proposed buildings would be in the fire district limits, there was a slight delay in the issuance of the permits, but members of the City Council decided that this slight objection could be overthrown, and directed the public works department to issue the permits. The office building, 25 by 100 feet, will face southwest on San Fernando road and the salesroom, of the same size, will face north on Forest. Both will be of frame and stucco, and a beautiful arch will connect them and form an entrance from Brand boulevard to the enclosed yards, which will be beautified with trees, shrubs, flowers and lawn.

Mr. White has deeded to the city the corner section of his lot, made by San Fernando road and Brand boulevard, and this will be rounded off to make a sweeping southeasterly curve. The city is planning to cut off the corner where Glendale avenue and Forest street intersect, and the Pacific Electric railway will be asked to cut back their parkway at Brand and San Fernando road. This will cause a merging of Glendale avenue into Glendale boulevard by two sweeping curves.

Lowe's July Record

The following report shows the number and nature of the cases disposed of in Judge Lowe's court during July, and the amount of fines collected:

Speeding, 37; cutting corners, 10; open mufflers, 84; turning between intersections, 14; parking in safety zones, 16; parking near fire hydrants, 5; ignoring signals, 1; drunk, 1; reckless driving, 3; obtaining money under false pretenses, 1; no license plates, 4; driving on wrong side of road, 3; improper lenses, 2; assault with intent to commit murder, 1.

Total number of cases, 182; total in fines, \$1015.

Miss Elizabeth Watkins, 112 South Everett street, accompanied by her brother and his daughter—J. M. Watkins and Miss Mae, of Anderson, Ind., and Miss Daisy Rider, attended the Indiana picnic held today at Exposition park.

Mr. and Mrs. H. E. Bartlett of North Brand boulevard, and Dr. M. D. Lewis, have recently returned from Catalina, where they have been enjoying a little cutting. Dr. Lewis, a returned missionary from India, is a cousin of Mrs. Bartlett.

The Loyal Women's Bible Class of the Christian church held its postponed monthly meeting Friday afternoon, at the home of Mrs. F. M. Ream, 830 South Glendale avenue. Music and a few contests constituted the informal program.

Mrs. A. Farish, a prominent vocalist of San Diego, is the guest of Mr. and Mrs. Charles Cressey, 512 West Vine street. Mrs. Farish hopes to be able to locate in Glendale very soon.

Edward French, who was a member of Rev. Clifford A. Cole's congregation in St. Louis, stopped off this week to visit him while on his way to San Francisco, to which city he had been transferred by the director of the aerial mail service.

Word has been received from Mr. and Mrs. Theo. F. Peirce, of 317 West Vine street, who have been on an extended trip to Washington, D. C., and other eastern cities, that they are in Chicago and on their way west, and will be home in a few weeks.

Mrs. S. A. Chase of 1439 East Wilson avenue has so far recovered from the operation she underwent last March that she now declares she has not felt so well in years. She and her husband are planning to visit their son, Frank Case, at Potrero, in the near future.

John F. Hart, who, with his wife, has been a guest of Mr. and Mrs. E. B. Elias of 104 West Cypress street, left for his home in Fresno this week. Mrs. Hart and baby daughter, Elizabeth Jeanne, will remain with her aunt, Mrs. Elias, for a couple of weeks longer.

Mr. and Mrs. Floyd Mercer and daughter Ruth, of 319 North Jackson street, have returned from Alhambra, where they attended the annual ten-day summer session of the School of Missions, Mrs. Mercer going as a delegate from the Central Christian church of this city.

Mr. and Mrs. Michael Gannon of 318 West Colorado street are in receipt of a message to the effect that Mr. Gannon's sister and her husband, Mr. and Mrs. W. J. Sykes, and their son, of St. Louis, would arrive tonight from San Francisco, where they have been visiting for a few days.

Mr. and Mrs. F. Griggs and baby, and Mrs. Griggs' brother, H. L. Phillips, of Oklahoma, have arrived in Glendale, and will be the guests for the rest of the summer of Mr. and Mrs. Peter Diederich, 327 North Maryland avenue. Mrs. Diederich is a sister of Mrs. Griggs and Mr. Phillips.

John Watson, 530 North Central avenue, and William Justema, 140 South Central avenue, returned yesterday from a week's auto trip to San Francisco by the Coast route, and return by way of the Inland route. They visited many points of attraction, including Golden Gate park and the Sequoia National forest, and report a wonderful time.

Mrs. Margaret Campbell and daughter, Nettie, have sold their home at 316 East Dryden street to Mrs. Jennie G. Brown of this city. Mrs. Campbell and daughter will return to their former home in Pennsylvania, the young lady going reluctantly, because she has become much attached to Glendale. Her mother, however, pines for old scenes and old friends. The sale was made through the agency of Lee and Guy Thomas.

Mrs. Jennie Darling and her daughter, Mrs. H. A. Hill, of 108 South Everett street, were agreeably surprised yesterday at the unexpected visit of Harry Barsby, of Denver, Colo., and his brother, Edward Barsby, of Los Angeles. The two families were close neighbors a number of years ago when living in Geneva, Neb. At that time the Messrs. Barsby and Mrs. Hill attended school together. He is in California for a month's visit with his brother.

Dudley C. Newcomb of Los Angeles was a visitor at the home of Mr. and Mrs. L. T. Rowley, 334 West Vine street yesterday. Mr. Newcomb, who is brother of Mrs. Rowley, has just completed a course of vocational training under government supervision. During the war, as a member of the 32nd division, he was severely wounded in the Argonne offensive. He is planning to attend a reunion of his division in Detroit the latter part of August.

Mr. and Mrs. C. P. Irons, with their three children, of Indianapolis, Ind., who have been visiting Mr. and Mrs. George B. Pratt, 356 Myrtle street, left yesterday by automobile to return home by way of the Pacific highway. Mr. Irons is a cousin of Mrs. Pratt. The trip to California was made over the Lincoln highway by machine. More than two weeks was spent by the Irons in and about Glendale, which they pronounced as having been one of the most pleasant parts of their trip. En route to Indianapolis they will stop over for two weeks in Yellowstone park.

CLOSING EXERCISES OF BIBLE VACATION SCHOOL HELD

Dramatic Presentation of the Story of Baby Moses Was Feature of Program

A big audience attended the closing exercises of the Daily Vacation Bible School at the Glendale Presbyterian church last night, and witnessed the dramatic presentation of the story of the Baby Moses, put on by the kindergarten department, with Susan McCurdy enacting the role of Mother; Mary McAllister, Miriam; Marian Van Arsdol, Princess, and Gordon Heal, Moses.

In the second drama, the story of Ruth was given in tableau form, with the parts taken by junior boys and girls, and the story told by Miss Bessie Field. Marie Martin had the role of Ruth; Margaret Woelfel was Naomi; Lucille Cilley, Orpah; Charles Woodworth, Boaz, with a background of gleaners and elders. It made a pretty scene and was consistently, through simply, costumed.

Rev. Louis Tinning, assistant pastor, announced the honor students who had been at every session since school opened, as follows:

Junior boys—Dana Furbeck, Lawrence Reynolds, Lewis Brown, Milford Brunner, Frank Wyckoff, James Edmonds, Paul McAllister, George Hall, Ralph Stanley, Rolli Babcock, Bertrand Foster, Edgar Colvin, Paul Johansson, John Henderson.

Junior girls—Mabel Harrison, Jennie Leitch, Helen Stanley, Margaret Damff, Dorothy Damff, Adriene Lawrence, Lucille Lilly, Pearl Taylor, Madeline Bellue, Katherine Schenkil, Mildred Linville.

Primary department—Harriet Reynolds, Estella Sooy, Marjorie Osborne, Barbara King, Margaret Johansson, Vera McAllister, Lee Littell, Louise Henderson.

Kindergarten—Keith Rapp, Harvey Kaylor, George Osborne, Joy Miller, Virginia Henderson, Sidney McCurdy, May McAllister, Susan McCurdy.

On notebook work students were graded according to spelling, completeness, correctness and neatness. Marie Rapp made high score with a credit of 96 per cent, and to her was given the special award. Others who received honorable mention were Ruth Stein, Helen McCormick and Lucille Cilley.

The little drama, "Joseph and His Brethren," was then given by junior boys, who enjoyed their roles very much. The four scenes represented the brethren at the Wells of Dothan, Joseph at the court of Pharaoh, before and after the interpretation of the dream, and a scene in which the aged Jacob again meets his son, who has become ruler of Egypt. Following was the cast: Joseph, Howard Fallis, Reuben, Kenneth Lewis; Simeon, Darrell Korb; Judah, Frank Wyckoff; Issachar, Paul McAllister; Zebulun, George Hall; Jacob, Charles Meech; Pharaoh, Lawrence Reynolds; Hern, James Edmonds; Butler, Rolli Babcock; Benjamin, Leroy Shugart; Dan, Ralph Stanley; Asher, Lewis Brown; Gad, Dana Furbeck; Naphtali, Edgar Colvin; Levi, Elmer Patterson.

Songs and recitations of verses which had been committed to memory by the students, completed the program, after which parents inspected exhibits of interesting work in sloyd, needlework, etc.

Tools Stolen

Zechiel Brothers, Los Angeles contractors, who are constructing a residence at 524 West California street, today reported to the police the loss of tools valued at \$100. They believe a thief is at large.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful.

SUPERSTITION WINS

(By International News Service) COLUMBUS, Ohio, July 30.—Failing to pay alimony, Walter Bell was sentenced to spend several days in the County Jail here. Common Pleas Judge Kinkead ordered his release, but, at the urgent request of the prisoner, he was permitted to remain in jail until the day after the expiration of his sentence. Why? Judge Kinkead had ordered Bell's release on the 13th. Bell is a colored man.

GLENDALE W. C. T. U. HAS ANNUAL PICNIC

About forty-five ladies met Friday at the home of Mrs. Edith Dockeray, 723 South Louise street for the annual picnic of the Glendale W. C. T. U.

A fine buffet luncheon was served and then the ladies were called to order, with Mrs. Ruby Mottern, president, in the chair. Devotional exercises were led by Mrs. P. E. Keim, honorary evangelistic superintendent. Then came songs by Mrs. Lucius Rochardson and daughters, and by Zora Glassey, the little mascot of the Union, which were much enjoyed.

Mrs. Julia D. Phelps, state vice president, spoke of the big task ahead of the national W. C. T. U. in its campaign to double its membership, saying that an enrollment of one million is the goal at which it aims. She also urged redoubling of efforts to promote the enforcement of prohibition, asking those present who could possibly do so to attend the national convention to be held in San Francisco, August 18 to 23, and quoted the national slogan, "A Dry World in 1925."

Mrs. Hattie Doughty, state superintendent of the Y. P. B. U., and president of the Los Angeles Union, spoke of the need to enlist young people in the fight for purity and right, because we must look to the young for the workers of the future. Dr. Libby Ashcroft, county superintendent of Child Welfare, spoke briefly, and asked for a supply of posters to be used at the San Fernando Fair.

Several visitors were introduced, the list including Mrs. Rumber of Georgia, Mrs. Huzhey of Hollywood, Mrs. Perkins of Illinois and Mrs. L. A. Morey and Mrs. Len Ormsby who were members of Mrs. Dockeray's Union in South Hollywood.

Being Nice to Him

Pianist Rachmaninoff told in his New York flat the other day a story about his boyhood.

"When I was a very little fellow," he said, "I played at a reception at a Russian count's, and, for an urchin of seven, I flatter myself that I swung through Beethoven's Kruetzer Sonata pretty successfully."

"The 'Kruetzer,' you know, has in it several long and impressive rests. Well, in one of these rests the count's wife, a motherly old lady, leaned forward, batted me on the shoulder, and said:

"Play us something, you know, dear."

MISS NELLIE ROWE HOSTESS AT PARTY

Miss Nellie Rowe of 216 South Orange street was hostess at a pleasant gathering last night at her home, 216 South Orange street, at which about eighteen young people were entertained, the guests of honor being Miss Alice Wright and A. F. Harwood whose engagement was recently announced.

A color scheme of pink and gold dominated the floral and other decorations of the refreshment table at which guests found their partners by matching the divided halves of pink paper wedding bells which bore the names of the honorees.

Games, music and the presentation of a little one-act play entitled "The Time Table" by Walter Kohl and the hostess, constituted the informal entertainment.

This is said to be the first of several social evenings which Miss Rowe purposes to give.

Owen from 911 Melrose; L. Thurston, from 1228 East Harvard; Frank Welch to 107 East Los Feliz; W. V. B. Milliken to 406 West Elk; Mrs. C. G. Eyeman to 315 East Maple; John Clark to 235 South Cedar; Anna Beddome to 336 Geneva.

Light meters were ordered installed as follows, in new buildings approaching completion: C. R. Wells, 334 Arden; John Paul, 632 East Elk; A. V. McDowell, 1024 South Glendale avenue.

Doughnut Man to Move

Frank H. Wyman, the Quality doughnut man, who has built up quite a large business in his line during the past few months in his little shop on North Adams, has leased one of the rooms in Julius Krantz's new building at Brand and California and will open up there about August 15. His number is 104 West California. He will greatly enlarge his business in the new location.

Bible School Closes

The Vacation Bible School at the West Glendale Methodist church closed with an exhibit of the work of the children and a nice program of exercises and songs, followed by a candy treat. About thirty mothers and children were present.

Garage Changes Hands

The Hall Brothers have purchased the South Glendale Garage at 1416 South San Fernando road, from Harry Dane, former proprietor, and are now specializing on Ford repairing. They are from Nebraska, where they were in the garage business, and are experts at their line of work.
