L. MILLER'S HAIR INVIGORATOR,

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND

FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, where there is the least particle of vitality or recuperative power remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the head.

FOR BEAUTIFYING THE HAIR, imparting to it an unequaled gloss and brilliancy, making it soft and pliable in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unrivaled preparation, have induced the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use, and the numerous testimonials from *Kindred and other cutaneous diseases*, causes the proprietor to give it unreservedly, and guarantee a rich, full and flexible appearance, and also where the hair is becoming thin and falling, it will give strength to the roots, and cause the growth to those parts which have become bald, causing it to yield *a fresh and vernal hue*.

There are hundreds of ladies and gentlemen in New York who have been restored to their natural hair by the Invigorator, when all other preparations had failed, in fact it has in his possession letters of unsolicited testimony, to the above facts, from some of the highest respectability. It will effectually prevent the *hair from turning gray* until the latest period of life, and where the roots of the hair has already changed its color, the use of the Invigorator will restore it to its original appearance, thus giving it a dark, glossy appearance. As a perfume for the toilet and Hair Restorative it is particularly recommended, having all the requisites to make it a first class article. It affords in *dressing the hair*, which, when mixed with the Invigorator, a little only is required to produce the desired effect. Those who have been made victims of the various nostrums of the day, by the indulgence of the *dandruff habit actively* which some ought to be withstood, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, as a means to save the children's Hair institute to be weak. The use of it by the children for a few months, will be found to be a means save any impurities that may have become connected with the scalp, the removal of which is necessary before the healthy growth of the Hair could take place, or prevent its fall.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper also, L. MILLER'S HAIR INVIGORATOR, N. Y., blown in the glass.

Wholesale Depot, 38 Dey street, and sold by all the principal Merchants and Druggists throughout the world.

AYER'S SARSAPARILLA,

A COMPOUND REMEDY, designed to be the most effectual *Alterative* that can be made. It is a concentrate extract of Pure Sarsaparilla, so combined with other substances of still greater Alterative power as to defy its effects upon the blood and the system. Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Scrofulous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:

Scrofula and Scrofulous Complaints Eruptions and Eruptive Diseases, Tetters, Pimples Blotches, Tumors, Salt Rheum Scald Head, Syphilis and Syphilitic Affections, Mercurial Diseases, Rheumatism, Neuralgia, Liver Complaint, Dropsy, Heart Disease, Erysipelas, Elephantiasis, Bone or Nodes, and indeed all the affections which arise from the vitiated state of the blood.

This compound will be found a great promotor of health, when taken in the Spring, to expel the foul humors which fester in the blood at that season of the year. Many a sickly, miserable person might realize how much disorders are inducing in the body. Multitudes can, by the aid of this remedy, spare themselves from the usual distresses of foul blood and internal corruption, through which the system will arrive to rid itself of corruptions, if not assisted to do it. Keep the blood pure, and the health of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities breaking through the skin in pimples, eruptions, or sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it whenever you find it foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy good health for a long time after cleansing the blood. Keep the blood healthy, and all is well; but with this fluid impure, there can be no health. Scrofula can be no lasting health. Sooner or later something must go wrong and the great machinery of life is disordered and overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing some remarkable cures. But the world has been greatly deceived by preparations of it, partly because the drug alone has not all the virtues that it ought to have, but more because the full variety of ingredients to be concentrated extracts of it, contains but little of the virtues of Sarsaparilla, or any thing else.

During late years the public have been deluged by large bottles, pretending to give a quart of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often hurtful ingredients. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla, Yellow Dock, and the many other nostrums that flood the market, until the name itself is fairly despised, and has become synonymous with imposition and deception. We will not insult the intelligence of the afflicted to suppose we intend to dwell reason the name from the low level to which it has fallen, but we think we have enough for believing it has virtues which are irresistible by the ordinary efforts of disease, if we intended to resort in order to secure their complete eradication from the system, the remedy should be judiciously taken according to the directions on the bottle.

Dr. Mott's Chalybeate Restorative Pills of Iron.

An aperient and Stomachic preparation of IRON perfect of Oxygen and Carbon by combination in Hydrogen. Sanctioned by the highest medical authorities in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared to it for the speedy cure of the blood, depression of vital energy, pain and otherwise sickly complexions indicate its necessity in system. Its combination with Carbon in this form of Iron renders it more powerful than any hitherto known, and it has proved absolutely unrivalled in the following diseases:

In Debility, Nervous Affections, Dissipation, Dyspepsia, Constipation, Disorders, Dysentery, Incipient Consumption, Scrofulous Complaints, Chronic Diarrhœa, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Female Complaints, Jaundice, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of energy, by the influence of tropical climates, or constitutional debility, a few days' use of this restorative has proved successful to all those who have given it a fair trial, by promoting the appetite, fortify their system, in advance, with Hostetter's Celebrated Stomach Bitters, which, acting through the digestive organs, will thereby promote that healthy action. The irritation created by suppressed bile also frequently causes a hard, dry cough, known as the Liver Cough, which this remedy will relieve in a few days, and not permit us to go into all the symptoms of Liver Complaint, which will be found to yield to no other preventive and remedy. Let persons who are of bilious habit, or who inhabit districts of country subject to this demon, fortify their system, in advance, with Hostetter's Celebrated Stomach Bitters, which, acting through the digestive organs, will thereby promote that healthy action. The irritation created by suppressed bile also frequently causes a hard, dry cough, known as the Liver Cough, which this remedy will relieve in a few days, and not permit us to go into all the symptoms of Liver Complaint, which will be found to yield to no other preventive and remedy. FEVERS

have been divided into remittent, intermittent and yellow, but there can be little doubt that all epidemic fevers are caused and propagated by malaria or bad air. It has been described as a poison, acting upon the malarious diseases, but this is a mere assumption, unsupported by proof. The Stomach Bitters has been unquestionably proved from miasma or gaseous poison engendered by the sun from rotten vegetable matter and foul water. It is a well known fact that wherever the sale of the Stomach Bitters has been introduced into the interior of fever districts, the fever and ague and bilious remittent fever has ceased to be an object of dreading. The reason is obvious. The vegetable deposits left by the receding waters of the Mississippi, and other swamps and marshes, and the decomposed leaves and rotten wood a rich compost for the farmer's crops, but a poor soil for the health of his family. Experience has proved that the Stomach Bitters is a safeguard against fever and ague, and the other forms of bilious remittent fever, and that the liver complaint, dyspepsia, constipation, and kindred complaints, which generally indicate the approach of fever, will be thrown off by a timely use of this restorative.

CONSUMPTION AND BRONCHITIS,

so frequently in the spring of the year, in the form of **WEAKNESS, WANTING, and every form of DEBILITY,** its curative properties are unrivaled.

It may be taken without disrelish by the most delicate patient, and has produced without effort in the most sensitive stomach. Its superiority in this and other important characteristics of genuineness and purity is manifested by it the commendation of the most eminent physicians throughout the United States, and the written testimony of the faculty of the best medical institution in the country, the Professors of the
