BOTHA HAS GONE TO GERMAN EAST AFRICA TO WITNESS THE END

Germany's Last Colony About to Become Part of British Empire; Smuts Has Driven Enemy From Central Railway; British Now Have Port of Sadani; Belgians Hold Ground at Lake Tanganyika

London, Aug. 7.—Gen. Sir Louis Botha, prime minister of the Union of South Africa, has arrived in German East Africa to witness what is believed here to be the last phase of the operations against Germany's one remaining colony. Gen. Botha was present at the recent fighting north of the German Central railway which resulted in a British advance to and occupation of the lines at Kilimatindé and other points.

Meanwhile, with the occupation of Ujiji, (on the shore of Lake Tanganyika, only a few miles south of Kigoma, the terminus on Lake Tanganyika of the Central railway) by the Belgians and of Sadani and other coast ports by the British, the Germans apparently are afforded only the opportunity of retreating into the southeastern corner of the colony, where the Portuguese forces, on the border of their East African possession, are awaiting them.

Rapid Progress.
London, Aug. 7.—Rapid progress in the southward drive of the British through German East Africa is reported in an official statement issued to-day. The Germans have been driven from the line of the Central railway at Kilimatindé and other points, says a report from Lieut.-Gen. Jan Christian Smuts, commanding the British expedition, and are being pursued by the British forces.

Lieut.-Gen. Smuts states that the minor port of Sadani (on the Indian Ocean) was occupied by our naval forces on Aug. 1, slight opposition only being experienced. Other naval operations are in progress at various points along the coast line," says the official report.

"Having reached the German central railway at Kilimatindé, Dodona and Kikomba, Lieut.-Col. Vandeventer, pursuing the enemy forces, dislodged them from this area in the direction of Mpusu."

GERMAN SUBMARINE, SAY U. S. NAVAL MEN

Washington, Aug. 7.—Navy officers said to-day no American submarines were known to be anywhere in the vicinity of Cross Island, off the coast of Maine. They thought the boat sighted there might be the German submarine Deutschland, which started on her homeward voyage, or her sister ship the Bremen, said to be bound for the United States.

BRITAIN'S TRADE.

London, Aug. 7.—The board of trade report for July shows that exports increased £1,948,504 and imports increased £1,591,546 during the month. The principal increases in exports were £1,750,000 in cotton, £1,640,000 in wool and £1,531,000 in iron and steel.

DAMAGED ZEPPELIN DOWN AT HANOVER

The Hague, Aug. 7.—One of the zeppelins damaged while participating in the recent raid on the English coast descended at Hanover, according to a dispatch received here to-day.

KING AND QUEEN NOT COMING TO CANADA

London, Aug. 7.—Reports that King George and Queen Mary intended visiting the overseas dominions were denied officially to-day.

AUSTRALIANS NOW ARE IN SIGHT OF MARTINPUICH, COURCELETTE; THEIR ACHIEVEMENT NORTH OF THE SOMME

With the British Army North of the Somme, Aug. 6.—Via London, Aug. 7.—"When we go, we go," say the Australians. "We do not try for a nibble, but a big bite at the cherry." And they got a big and important bite north and west of Pozieres.

The Germans were surprised and even the British staff was somewhat surprised when it was found that reports were correct and they had taken every rod of the front which they had attacked with their usual swift rush. Some 600 prisoners were started back, but even after their surrender their lives were not safe, for they had to pass through the German curtain of shell fire behind the Australians, which had been maintained in increased volume all day.

With this additional front the British now hold five miles of the former German second line. The Australians are in sight of Martinpuich and Courcellette. This new advance was at right angles to the former German first line. The German front taken was part of a maze of dugouts and trenches of the new German first line in a sharp V. Beyond is the spot, on the summit of a hill where the British attack of July 1 met its heaviest losses and was re-

pushed by machine guns brought out of dugouts. Now this whole section could be put under enfilading fire of British guns.

"Whenever I look at that new German salient," said an officer who suffered on the Ypres salient, "I feel avenged. We had never had a worse one."

In the war for position the general opinion is that the value of this latest gain cannot be over-estimated and the heavy bombardment which is proceeding in that neighborhood indicates that the Australians will have a stiff job holding this new position. Universal satisfaction is expressed by the British staff at their success thus far in maintaining their gains, although German artillery concentrates in increasing force and arrivals of reinforcements of German infantry continues to be reported.

Never have operations been more a battle of guns than this week. Through the days of the recent period, when the British were not attacking with infantry, the shell fire has been increasing. German prisoners report heavy casualties from the periodical fire of British long-range guns on the villages and camps anywhere from the front line to four to ten miles in the rear.

Italian Govt. Taking Over Concerns Which Have German Capital

Rome, Aug. 7.—Reports that Italy has broken off all relations with Germany were confirmed by an official announcement made here to-day. The government is taking over all concerns financed by German capital. The text of the official statement follows:

"The commercial treaty between Italy and Germany has been denounced. Business relations with Germans have been prohibited. The government has been authorized to assume control of all concerns financed by German capital."

British Workingmen Say Wilhelm, Tirpitz, Von Bissing, Must Die

London, Aug. 7.—One of the biggest demonstrations by workingmen that has occurred here during the war, took place in Trafalgar Square yesterday. The great gathering demanded reprisals for the execution of Capt. Fryatt, who was master of the British steamship Brussels, by the Germans in Belgium, speakers urging the impounding of all German property in the United Kingdom and the hanging of Kaiser Wilhelm, Admiral von Tirpitz and Gen. von Bissing, German governor of Belgium, as "common malefactors," before the conclusion of peace.

IN GERMAN E. AFRICA TO SEE GEN. SMUTS'S VICTORY; GEN. BOTHA

Gen. Haig's Men Repulsed Attacks Made East of Pozieres

FRENCH BEAT ENEMY BACK EAST OF MEUSE

London, Aug. 7.—Several small counter-attacks by German troops east of Pozieres, north of the Somme, last night were repulsed, the war office announced to-day.

The Germans are bombarding positions between the Ancre and the Somme.

French Report.
Ezria, Aug. 7.—The repulse of German attacks on the Thiamont work and in the Vaux-le-Chapitre wood, east of the Meuse, was announced in a statement issued by the war office this afternoon.

The text of the statement follows: "North of the Somme and in the region of Chaulnes, south of the river, there was intense artillery fighting." "On the right bank of the Meuse (Verden front) after artillery preparation, German troops delivered an attack at the Thiamont work. Checked by our curtain of fire, the enemy was not able to advance, being thrown back on leaving his trenches. In the Vaux-le-Chapitre wood an attack was delivered by the enemy at about 7.30 o'clock last night after a heavy bombardment. It was broken by the fire of our artillery and machine guns and failed completely.

"On the remainder of the front the night was calm." "In the Air." "On the Somme front our aviators engaged in numerous combats. Three machines were brought down, one near Roigis, the second in the vicinity of Omiecourt and the third north of Nesle. Three other enemy machines were damaged seriously and compelled to land behind their own lines. Finally, two captive balloons were destroyed.

"On the night of August 6-7 French aerial squadrons carried out the following operations successfully: 29 bombs were dropped on the railway station at Metz-Sablons, 30 on the railway station at Thionville, 25 on factories at Rombach, north of Metz, and 12 on military camps near Etain."

Toward Martinpuich.

London, Aug. 7.—The following official statement was issued last night: "The enemy made two attacks early this morning on the ground we had gained northwest of Pozieres. In one of the attacks, by the use of liquid fire, he temporarily forced us back along one of the trenches which he had captured, but later we recovered all but about 40 yards of the ground we had lost."

"In the afternoon we made some progress along the trenches east of Pozieres in the direction of Martinpuich." "Considerable artillery activity was reported near Carency and Loos." "South of St. Eloi we raided enemy trenches, causing many casualties." "The improved weather enabled our artillery to do useful work in connection with aeroplanes, and we destroyed several gun emplacements."

At High Wood.

The following official statement was issued yesterday afternoon: "The enemy's artillery was active during the night, shelling various areas and behind the front between the Ancre and the Somme. A little further progress was made by us at High Wood."

"Northeast of Arras the enemy, apparently alarmed by one of our patrols, opened a heavy bombardment lasting 14 minutes."

"The situation is unchanged."

Two Aeroplanes.

Paris, Aug. 7.—The following official statement was issued last night: "On the right bank of the Meuse the Germans bombarded violently from 5 (Concluded on page 4.)

TURKS WERE CHASED FOR EIGHTEEN MILES ON SINAI PENINSULA, LOSING 3,145 UNWOUNDED MEN TO BRITISH

Cavalry Was Sent Out and Lured Enemy, Who Seemed to Wish to Attack, Into a Trap; Then British Pursued the Turks Beyond Katia; 1,600 Captured Turks Have Been Taken to Cairo; 70 Germans Among Prisoners

London, Aug. 7.—The number of unwounded Turks captured by the British troops in the battle of Ruman was 3,145, according to a statement issued by the war office to-day.

The statement says that the Turks were pursued for 18 miles. The pursuit continued beyond Katia, which is 26 miles east of the Suez canal.

The text of the statement follows: "In reference to the fighting in the Katia district, of the Sinai Peninsula, the general officer commanding in chief in Egypt reports that our artillery, rifle and machine gun fire was most effective and that the Turkish losses in killed and wounded appear from all accounts to have been very heavy. Late on the evening of August 5 territorial infantry gallantly carried a strong rearguard position. Our pursuit of the Turks has continued for a distance of eighteen miles and they are now well clear of the Katia-Um-alshiba line."

The number of unwounded prisoners taken by us now amounts to 45 officers and 3,100 men, and they are a fine body of men."

Ruman is a village on the Sinai Peninsula about 22 miles east of the Suez canal, lying about 30 miles southeast of Port Said. Katia is four miles east of Ruman, being 26 miles east of the canal. There was fighting in the region of Katia earlier in the war.

Taken to Cairo.
Cairo, Aug. 7.—Sixteen hundred Turkish prisoners have arrived here. They were part of the army which attacked the British positions at Ruman. Into a Trap.
London, Aug. 7.—A description of how the Turks were drawn into a trap at Ruman, on the Sinai peninsula, by British cavalry is given in a dispatch from Cairo to the Exchange Telegraph Company.

The dispatch says that cavalry was sent out to entice the enemy, who had shown a disposition to assume the offensive. The British horsemen fought an admirable rearguard action, drawing the Turks on until their flanks were turned by a mounted division. A whole Turkish brigade was compelled to surrender. Among the prisoners are 70 Germans, including 36 officers. A complete battery of German guns also was taken.

"balanced menus" was a scientific one of no value to them in everyday house-keeping and cooking, are to learn from this cookery teacher that it is merely a matter of giving their family enough of all the different food element which makes for proper nourishment. How to give them the right amount of proteins, carbohydrates, fats and minerals will be explained very clearly, and interested women will find out that it is just a matter of using a little knowledge and a good deal of common sense. There will also be a most attractive lesson in fireless cookery. Mrs. Brown-Lewers will show how to take a cheap cut of mutton, truss it and tie it up a bit and make it look exactly like roast duck. This will be put into the fireless cooker and allowed to take care of itself. Another use for the cooker will be in the freezing of the ginger mousse. A pastry lesson is also on to-morrow's programme. In fact the entire afternoon is full of interest, and women interested in any branch of good cooking will find something of profit and value to them in attending the second session of the Daily Times Better Foods, Better Homes School in the Princess Theatre.

There will be another lecture on Wednesday afternoon, and one on Wednesday evening at 8 o'clock. Thursday afternoon at 3 o'clock Mrs. Brown-Lewers will talk about left-overs, and

Some of the housewives of the city are saying that Mrs. Brown-Lewers is the most interesting woman that they have ever heard talk.

Good judgment and practical ideas are Mrs. Brown-Lewers's strong points, and she delivered to the big crowd which attended the opening session of the Daily Times Better Foods, Better Homes School in the Princess Theatre this afternoon, a message that was of universal interest, and should result in better cooking for all who heard it. The talk to-day on "Freshand Cookery" was a logical introduction to a series which will be continued through to Friday.

To-morrow afternoon Mrs. Brown-Lewers's subject will be "Why We Balance Our Menus," and will handle this subject in a most illuminating manner. Women who have felt that the term

Village Taken From the Bulgarians by King Peter's Troops

Paris, Aug. 7.—The Serbian army has won another success along the Macedonian front, according to a Havas dispatch from Salonica, taking the village of Remli, near Prosla, which had been occupied by the Bulgarians. Rumanian reports that the Bulgarians had delivered successful attacks against the Serbians south of Monastir are unfounded, the dispatch declares.

RUSSIANS PUSHING ON TOWARD LEMBERG; FURTHER SUCCESSES

Strongly Fortified Positions South of Brody, in Northern Galicia, Captured, Petrograd War Office Announces; Entire Ridge on Which Stand Villages Taken Now in Hands of Czar's Forces

Petrograd, Aug. 7.—Further successes won by Russian forces along the Sereth and Graberki rivers, in Northern Galicia, south of Brody, were announced by the war office to-day. The Russian troops captured strongly-fortified positions in the region of the villages of Zvyjin, Kostiniec and Reniuv.

Petrograd, Aug. 7.—In Northern Galicia the Russian forces have struck another hard blow at the Teutonic allies and occupied along the Sereth and Graberki rivers, south of Brody, six villages and the entire ridge on which they are located.

Furious fighting marked the engagement, the Russians being forced in the villages to drive their adversaries from house to house. The Austro-Germans at last reports were bombarding their lost positions.

SUBMARINES SEEN OFF MAINE COAST

American Coastguards Saw Two at Entrance of Bay of Fundy

Machiasport, Maine, Aug. 7.—Captain Small, of the Cross Island coastguard station, reported this morning that his station had sighted a large submarine westbound. Its nationality could not be determined, but the captain said he had no doubt that it was an undersea craft. The submarine was coming to the surface when it was sighted, and after running awash fifteen minutes, again submerged. It was thought the vessel might be the German submarine Bremen. So far as can be learned, there are no United States submarines off the Maine coast.

The lookout who sighted the submarine later said that he had picked the vessel up in clear weather five miles to the southeast. As the vessel came to the surface the lookout heard several blasts from the signal horn at the Canadian lighthouse on Seal Island. It is believed that the keeper of the lighthouse was signalling to the keeper at Grand Manan light, that a submarine had been sighted. (Grand Manan is a New Brunswick island.)

Immediately after the whistles sounded the submarine submerged. A few minutes later a haze set in and it was impossible to see more than four miles of Cross Island.

Lewell W. Dunn, the lookout on Cross Island, later reported that he had sighted a second submarine considerably smaller than the first one.

In the fighting the Russian troops captured a regimental commander and 149 other officers and more than 3,500 men, and also took numerous machine guns and bomb-throwers.

Berlin admits that the Russians have gained the left bank of the Sereth river.

German Claim.
Berlin, Aug. 7.—An official statement issued to-day says that in the Carpathians German troops have gained the Plaik and Desakowata heights, on the Chermos river.

VENIZELOS FIGHTING FOR FAIR ELECTION
Informs Greeks Through Athens Paper Ministers Doing Underhand Work

Athens, Aug. 7.—Former Premier Venizelos, in the Herald, throws down the gauntlet to his opponents, openly charging that the ministers of war and of the interior are working secretly to prevent fair elections. M. Venizelos says the Liberals are ready to accept the verdict of the country, if honestly obtained, but have no intention of accepting an electoral result that they do not consider fairly secured.

The anti-Venizelists already have planned, in case of defeat, to secure a judicial annulment of the election, on the ground that the entire military powers are preventing free campaigning in Macedonia.

FIRE IN ITALY.

Paris, Aug. 7.—A great fire in a forest near Savona, Italy, along a front of nearly three miles, is reported in a Havas dispatch from Rome. Two thousand soldiers have been sent to fight the fire, the cause of which is unknown.

A LESSON TO TURKS AND GERMANS; SUEZ CANAL ADEQUATELY DEFENDED; ENEMY TROOPS NOW ON OPEN DESERT

London, Aug. 7.—"The net results of the battle of Ruman, east of the Suez canal, are the capture or destruction of more than one fourth of the Turkish effectiveness before us on the Sinai peninsula and the pushing of the remainder out into the blazing desert beyond the Katia oasis," said Major-General F. B. Maurice, director of military operations, Imperial general staff, in explaining to the Associated Press to-day the significance of the latest operations on the Sinai peninsula, in which the British troops captured 3,145 unwounded prisoners and pursued the Turks for 18 miles, inflicting a severe defeat.

"You will recall that in the previous attack on the canal we were busily engaged elsewhere. Consequently we were acting on the defensive in Egypt in positions prepared for that purpose behind the canal. Since then we have advanced our position into the desert as fast as physical conditions warranted. The Katia oasis possesses a surprising quantity of water, but it is brackish and has a disastrous effect upon Europeans. The Turks, however, suffer no evil effects from its use. This fact gave the enemy a considerable advantage. However, by advancing slowly we established ourselves firmly in

entrenchments behind Ruman and awaited the Turkish advance from El-Arish, an advance of which we had constant news from our air service.

"The Turks not only made a front attack on our entrenched positions, but attempted to get around our left flank. Our artillery, infantry and cavalry cooperated not only in repelling, but in attacking the enemy, with such satisfactory results that he is liable to have an uncomfortable time recrossing the desert at this season of the year. Our advance has reached within a short distance of the edge of the Katia oasis. There is no question the Germans encouraged the latest Turkish attempt on the canal in an effort to prevent us from sending any of our forces to the western front, but the disastrous result shows we have provided adequately for the safety of the Suez canal. In accomplishing this we suffered comparatively few casualties, many of which consist of slight wounds."

The newspapers here express the liveliest satisfaction at the result of the battle of Ruman. The British leaders are commended for tiring the Turks and bringing them to action. It is pointed out that the Suez canal is more secure now than even during the past twelve months.

Return of Popular Liberal Candidate Conceded Even by Many Conservatives. Duncan, Aug. 7.—From now until polling day the political fight in Cowichan will be between Kenneth F. Duncan, the popular Liberal standard-bearer, and Capt. W. H. Hayward.

Conservative workers are promising all kinds of good things, from new roads to boy babies, in return for political support, but fewer promises in this district, like the German mark, appear to be at a heavy discount.

BREWSTER VISITED BURNS LAKE REGION

More Evidence of Dissatisfaction With Tories' Handling of Land. Burns Lake, B. C., July 9.—More than ever one realizes that this is a province worth fighting for; worth dying for, if need be, that later generations may enjoy the blessings of fresh institutions in such surroundings.

Passing through the Nechaco and Bulkley valleys brings a revelation of the agricultural possibilities of the province, for here are to be found some of the finest lands there are in British Columbia. It brings, as well, confirmation of the assertion so often made that there is no available land within reach of transportation.

AT FRANCOIS LAKE

The meeting at Francois Lake, over which J. H. Spodgrass presided, was held in a large log barn, clean and comfortable and fitted with a platform, on the shores of the lake. It was attended by a large proportion of the settlers of the immediate district, many from the other side of the lake, and some from the Ootsa lake country.

The road from Burns Lake to Francois Lake has no carpet upon it. Like so many others, it runs up and down hill instead of following easier grades.

FRANCOIS LAKE

Here in Burns Lake an excellent meeting was held in the lobby of Laidlaw's hotel, Mr. Laidlaw presiding. Some forty settlers had gathered and listened until train time to a discussion of public questions which met with their approval.

Signs Multiplying Riding Will Have Liberal Representative After Election

Quessel, B. C., Aug. 1.—In the home town of John A. Fraser, former senior member for Cariboo and now Bowser candidate for the constituency, reduced in size by the creation of Fort George constituency to the north, he is no more sure of a majority than in the mining towns of Barkerville and Stanley. Even Conservatives here are betting that Yorston will be elected, and the Liberals look for a two-to-one vote over the constituency. Mr. Yorston, himself, is working hard and believes he can force his rival competitor to lose his deposit.

Quessel had a fire last winter, with the temperature down to 49 below zero, which wiped out the best block in the town, including its two hotels. In the matter of accommodation, however, the traveler will not miss the hotels, having two home-like places where transients are received, to choose from. Beautifully situated, its citizens have every reason to be proud of Quessel.

Mr. Brewster's party came down from Prince George on board the gasoline mail-boat Circle W., owned and operated by Captain J. M. Collins. Two canyons and several rapids were safely run, and with the swift tide of the Fraser in favor the 99 miles was quickly covered. The trip is a pleasant one, with its occasional exciting moments. It is easy to see why the Fraser is muddy, the high clay banks at this northern end being in a constant state of erosion and tons of earth being car-

ried into the river and swept onwards to the sea.

Only Five or Six Now.
Dear browsing on the precipitous banks or coming down to the stream to drink give an idea of remoteness from settlement, but there are occasional clearings on shelf or bench. But the manner in which the agriculturist is being driven from the country is to be seen even here. At Woodpecker Island, for example, there were 60 settlers a month ago; to-day there are but five or six remaining. Some eight or ten miles north of here is pointed out the cabin of Robert Brittle, a hale and hearty septuagenarian and a pioneer of Cariboo. His lovely, old-world garden runs to the edge of the bank and is a delight to the senses.

Mr. Brittle had a chat with the Times correspondent after the meeting here, and had much to tell of old and new days in Cariboo. He was quite hot over a fake story sent to the Vancouver News-Advertiser at the time Mr. Bowser was here. He told the Times man that he was represented as having come in many miles to see and hear the premier, with whom he had a long interview. "All lies," he said, and he qualified this statement with his opinion of the premier with emphatic adjectives.

Just before Mr. Brewster's visit Mr. Fraser left for Barkerville, with the intention of going round by Kethley, Quessel Forks and the Horsey, which would have effectively kept him out of the way of the Liberal leader. This did not please the members of the Conservative executive in Quessel, and an imperative call was sent to the old mining town for his return. This he thought it well to obey.

Yorston Popular.

The chances of election in the Cariboo are entirely against J. A. Fraser, the Bowser candidate, and several prominent residents are willing to wager that he will lose his deposit. Everywhere John M. Yorston goes he receives hearty endorsement, and promises of support come in from all sides. Some attempt is being made to influence public opinion here, and all through the province, by the free distribution of News-Advertisers and a scurrilous and lying gutter-snipe of a weekly publication. Judging from the remarks some settlers make the premier and Mr. Fraser will have some work to do this. The Cariboo electors are a shrewd and hard-headed lot, and they resent being treated as if their opinions are to be altered or swayed by the utterances of papers of the class mentioned.

"What does Bowser take us for?" was heard on several lips at the meeting held by the premier here. Mr. Bowser's speech was not one of appeal to the intelligence of any audience, much less that of an audience in Cariboo. At all his meetings in the north he has been referring in a slurring way to Mr. Brewster and Mr. Macdonald as business and professional men, and he seems to have lost his head completely. This is being counted as another sin to his discredit, and on the whole his visit to these districts has not done his cause any service. When Mr. Fraser, at the Brewster meeting, asked the Liberal speakers to remember that they were going to speak to an intelligent audience people laughed derisively at this reference to themselves by the candidate of the man who had treated them as if they were unintelligent.

Patronage.

Politically Mr. Fraser has made himself unpopular throughout the riding through his profits from patronage. As a speaker put it at the Liberal meeting, "He has done for himself more than he has done for Quessel or the Cariboo." It is true that his business is conducted as a limited liability concern, but his townsmen are satisfied that being so "limited" in its membership this is only a cloak to get over the independence of Parliament. Act. Mr. Fraser's story has had the effect of road gangs and all possible patronage for several years, and when it is remembered that the road expenditure has been enormous in this district—over a quarter of a million on the road to Barkerville alone in the last few years—it can be imagined what this must have amounted to.

It is freely said here that except at election time the only way to get work on the roads is to belong to the Conservative Association or to owe a bill to J. A. Fraser. The other day a Quessel man who has been working with a gang was notified that if the bill he owes Fraser was not paid by Saturday night he would be dismissed.

Case of Stewart.

Speaking of dismissals, Mr. Fraser is somewhat of Premier Bowser's autocratic type and has no use for freedom of speech or thought. Within a day or two J. A. Stewart, chief clerk in the assessor's office here, an old country Conservative, has resigned as a protest against Fraser's attempt to interfere with his private liberty. Recently Mr. Stewart expressed in private the opinion which, as already stated, is general here; that Fraser's company is only a cloak to get around the laws. This came to Mr. Fraser's ears, it was reported to Mr. Bowser, and an inquiry has been ordered. Fraser takes the ground that a civil servant has no right to express an opinion even privately. Presumably that means an opinion adverse to Mr. Fraser, seeing that no action has been taken against public employees who talk in favor of the government or road superintendents who accompany him on electioneering tours.

In the adjoining constituency of Fort George, Hon. W. R. Ross is being shepherded by a road superintendent over political meadows, and being introduced to the electors, who, to continue the simile, the government seems to consider silly sheep. Nothing is heard of the wrong of open participation by civil servants or government employees in politics so long as it is in support of the government. Of course that is nothing new in Victoria, where certain well known officials are offensive partisans.

P. G. E. Grade.

The grading of the Pacific Great Eastern—along here the people say that P. G. E. stands for "Pats Gats Everything"—is a fearful and a wonderful thing. South of here it is to be seen very often from the Cariboo road, which it crosses on the level and overhead, and which it has in places

contract with the province, and a part that was always made much of by the government, was that local labor, material and supplies should be used as far as possible. As a matter of fact the labor employed has come from outside and local merchants and producers along the line were told that they could sell supplies to the contractors, provided their prices were below the figures paid outside! Needless to say, little or nothing was sold by them.

Commissions.

The costly agricultural and labor commissions visited this city but without any benefit to it or value to the commissions. When the former came in two days after its scheduled time, its members being afraid of the rain, there was only one man to meet them in addition to J. A. Fraser. The only man who desired to confer with them was John Holt, who asked some pertinent questions about the encouragement given by the government to the Canadian thistle on the roads of the district. The road superintendent was called in for an explanation and the commission moved on. The labor commission did as little work here.

Why the government is so anxious to lend six millions to the P. G. E. no one here can understand, seeing that the company could not hope to finish the line within a year even if it had ties and the existing grade was in shape. The eighty miles of steel in stock or on order would not lay the track beyond here if it was at this end. Being at the southern end it could only lay eighty miles north of Clinton in any case, but at present much less in the Lac la Hache section for over eighty miles.

Not One.

Mr. Bowser told the audience here that he had asked Foley, Welch & Stewart to employ pre-emptors; and that 1,500 men would be at work in a couple of weeks. So far not one of the fifteen hundred has secured employment, and no settler has benefited to any extent.

Much dissatisfaction exists among settlers along the P. G. E. line, both by reason of the delay in completing it and the little value it has been to them during construction days. Part of its

ITALY AND GERMANY.

A declaration of war between Italy and Germany may be expected at any moment, for the Italian government's action in severing all commercial intercourse with the chief enemy state can be interpreted in no other way.

EGYPT AND EAST AFRICA.

British cavalry forces by a brilliant coup have scored a striking success about twenty-two miles east of Suez Canal, where a Turkish division was making itself something of a nuisance.

To-day's dispatches also contain news of another British success in an outlying theatre, General Smuts's troops having reached Killmattine Station on the Central Railway.

COMMON MALEFACTORS.

The execution of the Kaiser, von Tirpitz and von Blasing as common malefactors prior to the negotiation of peace was demanded at a mass meeting which was held on Trafalgar Square yesterday.

Shortly after the murder of Captain Fryatt Mr. Asquith made this significant statement in the House of Commons: "When the time arrives they (the government) are determined to bring to justice the criminals, whoever they may be, and whatever their positions."

BOWSERISM VS. CONSERVATISM.

Is Bowserism Conservatism in a political sense? It is no more so than Roblinism was Conservatism in Manitoba. In the prairie province the overwhelming majority of the electors realized that their welfare imperatively demanded the destruction of the system of Sir Rodmond Roblin and his colleagues were the directors; that as long as the country was governed by men of their crude conception of public duty the future of the country was bound to be seriously compromised.

the last hours of Roblinism and the present stage of Bowserism. Here, as it did in Manitoba, the administration is trying to impress the public with evidences of last-ditch repentance. All at once it has pledged upon the statute books laws, all attractive in appearance but some of them fearfully and wonderfully made and inoperative, embodying practically everything its opponents have been urging and it has been steadily rejecting for ten years.

BLACKLIST JUSTIFIED.

The New York Journal of Commerce prints an article on "the useful art of keeping one's head." It is a timely and interesting comment upon the impudent protest of President Wilson against the British blacklist of firms carrying on trade with the enemy.

So far as there is an offence against the United States, the authors of it are those within its jurisdiction who undertake to carry on that trade for Englishmen who are violating the law of their own country.

These "blacklisted" firms need only to make it clear that they are not trading for English subjects in any trading with England's enemies, and stop doing it if they have been acting for them, and then the matter can doubtless be rectified, so far as they are concerned.

The Kaiser is said to be swinging a scythe in the harvest fields of Germany. If that be true, Hunnish agricultural methods are about as primitive as its system of waging war for world domination.

For reasons that appealed to British statesmen but had little force outside the realms of statesmanship, Great Britain proved herself the bulwark of Turkey. But when the Turk became the ally or the vassal of the Hun all his claims to consideration were abrogated.

DIES IN CALIFORNIA

Erick Ulin, Formerly Manager at Taylor Mills, Well Known Here.

News has been received here of the death in San Francisco, California, of Erick Ulin, formerly manager of the Taylor Mills. The deceased was very well known in Victoria, having lived here until his retirement three years ago from the big firm with which he was associated as manager and director.

The late Mr. Ulin succeeded John Taylor as manager of the Taylor Mills, and was with the company when the big fire occurred in July, 1911. He was about fifty-two years of age, and is survived besides his widow by two daughters, all of whom are living in San Francisco, where the family removed about two years ago. Their home in Victoria was at 1517 Fernwood road. Mr. Ulin was a member of Victoria-Columbia Lodge, No. 1, A. F. & A. M.

Information Wanted—John Boam, aged 58, a native of Buxton, England, who was last heard from in British Columbia, is requested to communicate with the British consul, Los Angeles, California.

Business Girls' Club—A club picnic will be held at Willows Beach on Tuesday. Supper will not be served until 6:30, but members may meet at the beach as soon as possible after office hours. Take an Uplands car.

Will Be Heard To-morrow—The trial of James E. Hatt, for attempted suicide, will come up in Oak Bay police court to-morrow.

GREAT BARITONE IS
HEARD HERE AGAIN

Robert Watkin Mills Sings at
Metropolitan; New Pastor
Preaches Sermon

A vast congregation, the like of which is seldom seen in Victoria, gathered last evening at the Metropolitan Methodist church, being attracted partly by the announcement that Robert Watkin Mills, the great English baritone, was to sing, partly by the fact that Rev. H. S. Osborne would preach.

The first number in which the famous baritone took a solo part was Pergolesi's "Lord Have Mercy Upon Me," in which the vocal control, phrasing, and finesse of a great singer became apparent at once.

New Pastor Preaches. Rev. H. S. Osborne, the new Metropolitan pastor who comes here to succeed Rev. Dr. C. T. Scott, preached the sermon in the evening. His text was from James IV, 17.

Great Furniture Sale

ENTIRE STOCK TO BE CLEARED OUT THIS MONTH

We are moving from Pandora Avenue. We do not want to move one single piece of Furniture from our old stand, and if low prices and high quality have any attraction we will have no cause to do so. We find we have carried too high a grade of goods for our present location. It's our loss and your gain. Hundreds have taken advantage of our clearance sale, and many new homes have been furnished with new, class Furniture at practically factory prices. New goods have arrived, intended for our present store. These all go at clearance prices.

FOG ROBBED IXION OF SPEED RECORD

Thirteen Days Two Hours Was Actual Steaming Time of Holt-Liner From Yokohama

But for the fact that the British liner Ixion, of the Blue Funnel line, was hampered by dense fogs, a new speed record for Holt trans-Pacific ships would undoubtedly have been established. At least this is the opinion of Chief Engineer John Brown, who, as it is well known, has the reputation for getting the very best out of a ship. The exact steaming time of the Ixion between Yokohama and Victoria was 13 days 2 hours, and her best day's run was 362 miles.

Unfortunately the steamship bumped into thick fog shortly after getting clear of the Japan coast, the atmosphere being so dense that the navigating officers were unable to take sights for nine days. As it was impossible to keep the vessel on her regular course in steering by dead reckoning much valuable time was lost, with the result that the ship was unable to reach William Head as previously calculated. Had it been clear on the Pacific it is probable that the Ixion would have made port early on Saturday.

As it was she failed to make the quarantine station until 10 o'clock Saturday night and was forced to swing at anchor overnight. She came to her berth at the outer docks at 6:15 a. m. yesterday, having been granted pratique at daybreak. The Ixion brought in 17,000 measurement tons of cargo, made up principally of tea and hemp. Stowed in the various holds were approximately 40,000 cases of tea, 25,000 bales of hemp, 5,000 bales of gunnies and large shipments of miscellaneous freight. The raw silk consignment amounted to 900 bales, valued at about half a million dollars.

The Ixion came in under the command of Capt. W. Black, who exchanged ships with Capt. Stout, the latter's period of service on the North Pacific run having expired. Capt. Black was formerly mate of the liner Talithybus and came here with that vessel on her maiden voyage. He has been out of the trans-Pacific trade for three years. His last command was the steamship Priam, plying between the United Kingdom and the Orient.

Another newcomer to the Ixion is C. C. Taylor, second officer. J. M. Douglas returned as third engineer of the liner. Mr. Douglas is a resident of Vancouver, and up to the time of his joining the Ixion when she last left the coast, was in business at the Terminal City. He is an engineer by profession, and when the third engineer's berth suddenly became vacant at Seattle last trip, he offered his services to fill in the breach.

Purser Wakeham has lost none of his cheerfulness since last here and is glad to be back on the coast.

While at Hongkong the Ixion entered the Talkoo drydock to have two new propellers fitted.

SIMLA GOES SOUTH.

The British barge Simla, of the Union Oil Company's fleet, in tow of the Red Slack tug Defiance, passed out about 8 o'clock last night bound from Vancouver for Port San Luis. The tanker Captain A. F. Lucas is on her way up the coast from San Francisco with fuel oil for the G. T. P. and Vancouver Sugar Refinery. She is due tomorrow night.

ENA FOR SURF INLET.

The C. P. R. steamer Princess Ena has proceeded to Vancouver to load a cargo of machinery for Surf Inlet. Mining development at the northern point has resulted in the placing of orders for improved machinery, and the Ena, which recently returned from a trip to Vladivostok, is taking the material north.

CITY OF PUEBLA DUE.

The Pacific Coast Steamship Company's steamer City of Puebla is due in port this afternoon from San Francisco with shipments of California freight. Since her last visit here the City of Puebla has been operating in the trans-Pacific trade.

NEW BEACON INSTALLED

Aga Light Now in Operation at Surf Inlet, Campania Sound.

Another Aga beacon has been added to the increasing number of this type of light now being installed on the British Columbia coastline. It is announced by the marine department that the beacon authorized for Surf Inlet has been erected on the south Surf Island, Campania Sound.

The aid consists of a concrete base with a staff surmounted by an 8-ft. ball, and on top is a lantern of the Aga type, giving a quick occulting flash which can be seen from all approaches. The installation was effected by the D. G. S. Estevan.

COMPLETES LONG CRUISE.

After a five months' cruise, which has taken her as far north as the Alaska boundary, the Dominion light-house tender Leebro, Capt. Hunter, is back in port. She has been engaged in overhauling buoys and beacons. The Leebro left here last March.

WAIKAWA FOR AUSTRALIA.

The Union Steamship Company of New Zealand's steamer Waikawa, from B. C. ports and Portland, has left San Francisco on her return trip to Melbourne via Suva. She carries a large cargo of paper from Powell River and Portland.

TRAVEL KEEPING UP.

Another large list of tourists are proceeding north by the G. T. P. steamer Princess George, Capt. D. Donald, which got away on time this afternoon on her trip to Alaska. When this vessel leaves Vancouver at midnight all her accommodation will be taken up.

SAYS FAREWELL TO NORTH PACIFIC RUN

Titan Departs on Final Voyage in This Service; Protesilaus to Replace Her

Departing on her farewell voyage from Victoria, the Blue Funnel liner Titan, Capt. J. W. Read, which for the past eighteen months has been operating in the trans-Pacific service, steamed from the outer docks yesterday forenoon laden with 18,000 tons measurement of lumber, flour, canned salmon, automobiles and other cargo. As the liner came alongside from Seattle she was very low in the water, drawing 30 feet forward and 31 feet aft, indicating the gigantic amount of freight stowed away below decks. The cargo will be discharged at Yokohama, Kobe and Manila and Hongkong.

The Titan's place in the Hongkong-Victoria service is to be taken by the liner Protesilaus, which is scheduled to reach here on October 4. After completing the discharge of her cargo in the Orient the Titan will be switched to the Yokohama-Liverpool trade via South Africa.

Prior to leaving port yesterday Capt. Read expressed himself as sorry to leave the trans-Pacific service, but he hoped it would not be long before he was again on the run. His genial personality and never-failing courtesy won for him a host of friends, not only in Victoria, but at every port included in the itinerary of the Titan on this coast. Many members of the local shipping fraternity were on hand at the docks yesterday to wish the best of luck to Capt. Read and the officers of the ship under his command.

When the Titan ultimately got away she was two weeks behind schedule. She was originally posted to sail on July 25, but the operation of loading the vessel was considerably handicapped by the longshoremen's strike on Puget Sound.

GREAT BEAR NOW IN ARCTIC WATERS

Nome is Base From Which Dash Will Be Made to Herschel Island

Seattle, Aug. 7.—The schooner Great Bear, bound for Herschel Island and Vihjalmur Stefansson, Arctic explorer who is "somewhere north of America," reached Unalaska Saturday, ten days and sixteen hours out from Seattle.

In a wireless message received here, John Borden, Chicago millionaire, half-owner and first mate of the schooner, says: "We leave here to-morrow for Nome, stopping en route at the Pribilof Islands."

Sixty-five native children at the Jessie Lee mission at Unalaska, which is near the eastern extremity of the Aleutian Islands, rejoiced to see the Great Bear come into port. Mr. and Mrs. K. F. Winchell and Miss Clara Cook, who are going to spend two years in charge of the mission, were guests of Capt. Louis L. Lane and John Borden on the Great Bear. Previously they had been shipwrecked in the steamship Dora while en-route to their post.

At the Pribilof Islands the Great Bear will lose Mrs. Alice Hanna and her baby, who will join Mr. Hanna on St. George Island. Mr. Hanna is the government official in charge there.

When the Great Bear reaches Nome Mrs. Lane, Miss Robson and Miss Anita Allen will join the party and a number of well-known Northern characters will be signed on as part of the crew for the dash to Herschel Island and points eastward.

SHIDZUOKA ON TIME

N. Y. K. Liner Sailed From Yokohama on Thursday for Victoria.

Right on schedule the Nippon Yusen Kalaha liner Shidzuoka Maru, Capt. Noma, left Yokohama on Thursday, August 3 on her twentieth voyage to Victoria. The Shidzuoka is due here on August 17. No definite word has been received by the local agents regarding the departure of the liner Awa Maru from Seattle, but it is expected she will get away early this week. The Awa was originally posted to leave here about July 27. The liner Sado Maru, due to sail August 8, is expected to be two weeks late in putting to sea. No advices have been received concerning the movements of the liner Tanba Maru, which was scheduled to leave Yokohama for Victoria on August 2. She will be considerably behind time in leaving the Japan coast owing to delay on this side of the Pacific last trip.

MELMORE ARRIVES OUT.

The steamer Melmore, formerly owned by the Union Steamship Company, is reported to have arrived at Callao on August 3 from Vancouver. The Melmore was sold recently to Dingwall, Cotts & Co. to be used in the west coast of South America trade.

CITY IS EXPLOITED BY AMERICAN LINE

Victoria is Well Advertised by Chicago, Milwaukee & St. Paul Railway

That Victoria is being given valuable publicity through the medium of the Chicago, Milwaukee & St. Paul Railway Company's advertising department, is the information received by J. G. Thomson, city passenger agent for the C. M. & St. P. Co. in a letter from S. D. Roberts, general advertising agent of the railroad company.

Mr. Roberts says: "In all our North Pacific literature we have written up and exploited both in word and picture your city as one of the cardinal attractions of the coast. Victoria is always mentioned in all of our North Pacific coast advertising carried in the East and central west as one of the desirable places to visit and as a city that can be reached in connection with the high class train service maintained on 'The Olympian' and 'The Columbian'."

"In the literature which goes with the sets of stereopticon slides that we keep in constant circulation, we have also included reference to the city in the feature."

"I think therefore that the efforts of the Milwaukee road to boost Victoria will equal, if not surpass, the advertising that any other except tenant lines are giving the city. It is of course a splendid North Pacific coast feature, and we will continue actively in the future as we have in the past to exploit it to the utmost in all the advertising, both in newspapers and the booklets we get out."

CHARLOTTE RESUMES TRIANGULAR SERVICE

Completes Last Alaska Cruise and Will Relieve Victoria To-morrow

Terminating her third and last round trip in the Alaska tourist trade this season, the C. P. R. steamship Princess Charlotte reached Vancouver from Skagway at 9 a. m. to-day and will come on to Victoria this afternoon.

The operation of this fast and palatial craft on the northern run has been a decided success, the total accommodation of the vessel being taken up on each cruise. In view of the popularity of this splendid steamer in the Skagway service it is expected that the C. P. R., in line with its policy of developing the Alaska tourist trade, will place her on the northern route next season.

For the remainder of the season the Skagway service will be maintained by the steamers Princess Alice and Princess Sophia, which vessels will alternate on a weekly schedule out of Victoria and Vancouver. When the tourist travel begins to slacken in September the Princess Alice will also be withdrawn, when the winter schedule will be announced. Following her return here next Monday the Princess Alice will make two more round trips to Skagway, leaving northbound on August 13 and September 1.

It was announced to-day by Capt. J. W. Troup, manager of the C. P. R. coast steamships, that the Princess Charlotte will return to the triangular service to-morrow, relieving the Princess Victoria. Within the next day or two the gulf schedule will be rearranged, when it is probable that the Princess Charlotte will resume her old schedule, leaving here at 4.30 p. m. for Seattle.

The Princess Sophia will leave Victoria on Friday night for Skagway via Vancouver.

PRETTY SPEED TEST WITNESSED IN STRAITS

Princess Victoria Defeated Prince George by Few Minutes in Run From Seattle

Winning a pretty speed contest with a few minutes to spare, her rival being the G. T. P. steamer Prince George, the C. P. R. steamer Princess Victoria gave an extra shrill blast on her whistle as she passed into the Inner harbor this afternoon from Seattle.

Under ordinary circumstances the two vessels would have had no opportunity to try conclusions as a full half hour separates the departure of the boats from Seattle. On this particular occasion, however, the Princess Victoria was 30 minutes late in getting away from the Sound port, and as the Prince George left practically at the same time it was the most natural that a contest should ensue between the rivals.

The passengers on both ships had an exciting time during the run across the straits. Both steamers got away from Seattle practically together, and after getting clear of Elliott Bay the two oil-driven boats travelled almost neck-and-neck until off Brothie ledge, when the order was given to ease up to pass the end of the breakwater.

The Princess Victoria was slightly ahead and passed into the harbor just ahead of the Prince George.

Three minutes after the C. P. R. boat gave a blast from her siren, the G. T. P. ship similarly announced her arrival. By trying conclusions with the Princess Victoria the Prince George reached port one hour ahead of her schedule.

CTORIA BOWLERS RETAIN BARNARD CUP

ur Strong Vancouver Rinks Defeated After Keenly Contested Games

The Victoria lawn bowlers again demonstrated their superiority over mainlanders after an afternoon's play on the green of the Victoria Lawn Bowling Club on Saturday. Vancouver brought four strong rinks in an endeavor to lift the Barnard Cup but the Victoria bowlers were lying in their usual good form and skipped three out of the four total rinks being Vancouver 77, Victoria 106. Revenson's rink defeated the Vancouver rink skipped by Taggart 21 to 10. Fairful's Victoria rink beat Brown's Vancouver rink 41 to 13, and phant's Victoria rink won from Gray's Vancouver rink 23 to 21. In the only bowler form than that which was displayed by the Victoria rink, it was so overwhelmingly defeated. Fairful in the cup competition, it led like an easy victory for Hutchison. However, Brown's rink played in a better form than that which was displayed in the club series and defeated their opponents by 3 points.

As there are a great many lawn bowling clubs on the mainland and the bowlers are very enthusiastic at the game, a meeting will be held in Vancouver in the near future to form a provincial association. With bowlers of the province well organized a great deal more interest would be taken in the game. The score of Saturday's matches was:

Vancouver — McQueen, McLaughlin, Taggart (skip), 13; Victoria — Grier, Chambers, Stevenson, (skip), 21.
Vancouver — Larkie, Walker, Saunders, Brown (skip), 13; Victoria — Grier, Greenhill, Langley, Fairfull (skip), 41.
Vancouver — Swanson, Henderson, Fisher, Berry (skip), 21; Victoria — Grier, Wright, Doswell, Olliphant (skip), 23.
Vancouver — Stewart, Herman, Hutchison (skip), 36; Victoria — Grier, Walker, Webster, Dunn (skip), 21.
Totals — Vancouver, 77; Victoria, 106.

GEORGE CONSIDINE DIES IN NEW YORK

New York, Aug. 7.—George F. Conside, once manager of famous boxers, Sudding Jim Corbett and Kid McCoy, and a former stakeholder at big ring contests, is dead at his home here, it is learned today. He was stricken with mastoiditis on Saturday and died after a short illness.

Pleider Jones seems to have his stumps browned all primed for a dash inland. When they took the measure of the local Sox yesterday they entered their fourteenth straight victory and are nearing the record of the Giants in the National. These great 6-season spurts are a feature of Jones' teams. When he was manager of the Chicago White Sox, a big mid-season drive was an annual affair and in 1906, the year he won the pennant, his team won 20 straight victories.

LACROSSE VETERANS TURN OUT IN FORCE

Strenuous Practice Held at Royal Athletic Park Yesterday Morning

About thirty lacrosse players turned out yesterday morning at the Royal Athletic park and a strenuous workout was the result. The old boys and the young players were about evenly divided, and it looks as if there will be no trouble in fielding two strong teams. Several of the members of Victoria's former Mann Cup team were out and showed that their years' lay-off has not slowed them up to any appreciable extent. The veterans who donned their uniforms again worked hard and did not give much away to the youngsters. Among the veterans who turned out were Lester Patrick, Joe Hancock, Bob McGinnis, Angie McGinnis, Chris Mederich, Alie McGreggor, Everett Taylor, Doc, Noel, Bill Mitchell, Ernie Cotton and Johnny Johnson.

GIANTS DROP TWO TO GREAT FALLS

FREEMAN'S BATTING

FEATURE OF GAMES

Civil Service Captain Carries His Bat for 135; Radcliffe Bowls Well

Saturday's Virtue cup cricket games brought forth many surprises, the Congos and Albions putting up a great fight against the Five C's and the Incegs respectively before being beaten. The Civil Service registered their second win of the season by defeating the Victoria C. C. The feature of the day's cricket was the play of Freeman in the Civil Service vs. Victoria game at Beacon Hill. Besides making a score of 135, not out, he took 2 wickets for 12 runs. In this game the best the Victoria club could do was 21, while the winners were able to amass a total of 222. The score:

Civil Service — W. R. M. B. Lloyd, c; Sargent, b; Hill 15; C. Speak, c; Shepherd, b; Verrall 12; W. Speak, b; Verrall 12; S. W. Barclay, b; Verrall 10; H. Lethaby, c; H. Wyles, b; Gurney 10; E. D. Total (for 4 wickets) 67

In the game at the Jubilee Hospital grounds, the Five C's won from the Congregationals after a spirited match. The Congregationals, who were able to field only 8 men, went to bat first and were retired for the small total of 99 and it looked like an easy win for the Five C's. However, in their turn at bat the Five C's had lost 9 wickets for 6 runs, when a stand was made and 24 more added to their score. In the second innings the churchmen did not fare very well at the hands of the opposing bowlers and were dismissed for 44. The Five C's made 16 for 2 wickets in their second try. Radcliffe's bowling was the feature of the game, the Five C's star getting 5 wickets for 18 in the first and 3 for 19 in the second innings. Payne, with 28, and Bradford, with 19 not out, were the best with the bat for the winners, and Erickson and Sutton starred for the Congos with 20 apiece. The score:

Congregationals—1st Innings: A. J. Collett, c; Payne, b; Leff 19; H. W. J. Edwards, b; Radcliffe 15; W. M. Sutton, b; Radcliffe 23; E. R. Lock, b; Radcliffe 23; P. A. W. Erickson, b; Radcliffe 23; H. Rowbottom, b; Radcliffe 9; H. Davies, not out 9; Extras 2

Montreal, Aug. 7.—Shamrocks retained their lead at the top of the National Lacrosse Union Saturday by winning from Ottawa 18 to 16 in Montreal. Besides giving a fine exhibition of pitching, in which he struck out 13 of the opposing batters, Shakespeare helped win his own game by knocking out 3 hits in four trips to the plate. The Bapcos were minus the services of Hall, Balcom and Pettiev.

The Wests started the game by scoring one in the first innings and followed with two more in the second. They added another pair in both the seventh and eighth, and put over three counters in the ninth. The Bapcos were not able to do anything with Shakespeare's pitching until the seventh, when they scored one run. In the ninth the Bapcos became dangerous when they scored five runs and had the bases full with two out. However, the Victoria West star tightened up at this stage of the game and struck the next Bapco man out. The work of Carroll, Brown and Moore for the Wests was a feature of the game.

The same two teams will meet again on August 26 for the city championship, the proceeds of the game to go to the Returned Soldiers' fund.

Forest Mills, N. Y., Aug. 7.—The Eastern stars completed their rout of the Western racquet experts here Saturday afternoon in the second half of the inter-sectional tennis tournament, winning two of the three matches played and the tournament by six matches to one. The only victory of the California stars was that in which William M. Johnston and Clarence J. Griffin, of San Francisco, the national doubles champions, defeated F. B. Alexander and Karl H. Behr, of New York, by a score of 7-5, 6-3, 2-6, 6-3.

Telephone Supervisors Are Expert at Adjusting Matters

Perhaps a patron of the Telephone Company is put out for a moment when, on a question being asked, the reply is received, "One moment, please," and you are connected with a supervisor. Do not blame the operator. During that moment three or four calls may have come in that demand her immediate attention. So the supervisor takes up the matter where the operator left off.

In an Exchange like Victoria, there are seven supervisors. They adjust any special request, look after calls that subscribers want put through, but which seem to be delayed; and, in short, take off the shoulders of the operators any duty that might interfere with service being given readily to other subscribers.

The supervisors are promoted from the operating staff, and are selected for their fitness in being able to handle the more exacting requests. The aim of the Company is to meet the public satisfactorily, no matter what service may be demanded in the way of completing a telephone call.

VOTING ON WARSHIP PROVES A FARCE

Polling Continued at Esquimalt To-day; Difficulties Encountered by Officials

Only 29 votes were cast Saturday on H. M. C. S. Rainbow at Esquimalt, and of those only one went to Esquimalt, 19 to Victoria, 2 to Saanich, 13 to Vancouver, 2 to New Westminster, and 1 to Cowichan.

The only ones who were found to be qualified were the members of the Naval Volunteers. It is stated that an attempt was made by W. H. Price, on behalf of the Conservative organization, to poll the other men, but it was conclusively proved to the satisfaction of the returning officer that they had no legal right to the ballot.

There is reason to believe that of the men who voted Saturday a large percentage cast their ballots for Liberal candidates. They were not backward in expressing their opinions on provincial conditions. There were no ballot papers for Comox, Newcastle or Prince Rupert constituencies, so arrangements were made to continue the polling to-day to give a chance to vote to any who could qualify for those and other ridings.

In fact, on the result of the meeting the future of cricket in Victoria hangs in the balance."

LIBERAL LEADERS

HEARD AT MERRITT

Audience Showed What It Thinks of Such Actions as Pooley's

Merritt, B. C., Aug. 7.—A gratifying reception was given to the Liberal leaders here on Saturday night as well as to ex-Mayor Joseph Walters, the Liberal candidate in Yale. Over 400 people, the biggest political meeting ever held here, assembled in the Rex theatre with Isaac Eastwood in the chair, and until eleven o'clock the night remained deeply interested auditors.

Merritt is looked to by the Liberals to give a handsome majority for Mr. Walters, whose ability and integrity are known and appreciated here. The shouts of applause which greeted him when he rose as the first speaker caused him to remark: "That does not seem as if I was the unpopular candidate which the local government press represents me as."

Pooley's Action. The amazing action of R. H. Pooley in Esquimalt, as told in Saturday's papers, was referred to by M. A. Macdonald in terms of scathing condemnation. He described Pooley as a little autocrat, a tiny tin god, a small imitation of his master, Bowser. The building shook with the outburst of cheering and applause which broke loose when Mr. Macdonald said: "We ought to sweep the whole corrupt rule out of our mouths."

Mr. Brewster referred to the scorn and ridicule which was heaped on John Oliver seven years ago for proposing what government supporters called a toboggan slide over Hope mountain. The wisdom of that fine old Liberal and patriot had been justified in this, as in so many other things, and the Nicola valley now had the once-despised toboggan slide as a means of quick communication with the coast.

Speaking of the appointment of H. B. Thomson as chairman of the shipping commission, the leader said that unless within the last few days he had got the matter into his head, he did not know the stem of a ship from her stern, nor had he any knowledge of ship measurement. Mr. Thomson, however, was in no worse position than the government, which had no idea what measurement the proposed bonus would be payable on, although there was a range from 32 to 100 cubic feet in the various methods of measurement.

Patronage Evil. What the leader had to say about the abolition of the patronage system met the same emphatic approval here that it has elsewhere. Every person of the province is suffering under it and the news that it is to be smashed by a Liberal government is welcomed everywhere, but meanwhile, as Mr. Brewster says, the lash is being laid hard over the backs of the people "by the little kaiser in Victoria," the contemptible tactics of Pooley in Esquimalt being repeated in one form or another throughout the province.

Candidate's Address. Mr. Walters dealt with the agricultural credit system, expressing the opinion that record of the government taught that the present act would not be administered impartially, but would be used to reward friends. He also spoke of the composition of fuel oil and its effects on the Nicola valley colliery industry. In this connection Mr. Macdonald, following him, said the matter was one for the federal government, but a Liberal government at Victoria would exert its influence to secure justice for it. It was a striking commentary upon the inaction of the present government, he said, that the C. N. P., happily aided by this province, went outside it for coal for its locomotives. Mr. Walters, who has a son on active service, made an incidental appeal to all the eligible men to enlist in his election campaign. He stated he did not court popularity with those who favored corruption, graft and retention of the present government.

The excellent spirit among the Liberal candidates is very noticeable. F. W. Anderson drove over 65 miles from Kamloops to assist Mr. Walters by presence and voice, although he had in view a hard week's campaigning himself. Speaking of J. P. Shaw and his Indian commission pickings of \$30 a day for 365 days a year and expenses, Mr. Anderson said the excuse was being put up by Mr. Shaw's friends that he had been ransacking his life traveling among savage tribes of Indians. As a matter of fact Mr. Walters's opponent had been fattening at the public trough. M. L. Griffmet accented a vote of thanks to the speakers, moved by Mr. Anderson.

There was no one to say a word for the Bowser candidate, although an invitation was extended three times to accept the freedom of the platform. In Lytton. In Lytton, always looked upon as a centre of Toryism, a meeting was held on Saturday at noon. Although the hour was inconvenient there were 45 present. Rev. Leonard Dawson, who

was a delegate to the last Conservative convention, was the chairman. The meeting was distinctly Liberal in its sympathies. There was one interruption. A nephew of Alex Lucas, the Bowser candidate, wanted to defend the local road superintendent, but the chairman remarked that the audience knew what political superintendents all such were. The young man later gave his reason for opposing a change of government as being that while the present government had stolen nearly all there was to steal, another government might be worse. A bystander remarked that this was the reason a conductor caught knocking-down faces gave why he should not be fired.

The party motored yesterday to Princeton, 72 miles south, and four meetings will be held in Similkameen in the next two days.

MONARCHS' REPLIES TO KING GEORGE

Fresh Proof Russia, Japan and Serbians Firmly Linked With Britain

London, Aug. 7.—Answers to the telegrams he sent to the heads of various allied nations on the second anniversary of Great Britain's entry into the war have been received by King George.

The message from Emperor Nicholas of Russia, dated at general headquarters, says: "I am equally determined that we in Russia will make good the sacrifices which my brave troops and people have given in a just cause, which will bring the reward of peace and peace, for which we will fight, shall be secured by complete victory over our enemies." From the emperor of Japan the following was received: "After all the trials of the great defensive battle, the indomitable armies of the allies now are marching forward steadily and successfully on all fronts. I beg your majesty to believe that I am entirely in accord with you in the strong determination to carry on the struggle until our common cause for right and freedom shall be fully vindicated."

The message from King Peter of Serbia said he received "with satisfaction" his fresh testimony of an inflexible determination to bring about the triumph of the noble cause.

WIDOW OF HEROIC CAPT. FRYATT WILL GET \$1,750 A YEAR

London, Aug. 7.—The government has recommended the granting of an extra pension of £100 annually to the widow of Capt. Charles Fryatt, besides the sum to which she is entitled under the government's compensation scheme. The Great Eastern Railroad, of one of whose ships Capt. Fryatt was the master, is also granting his widow a £250 annuity.

MUCH DAMAGE DONE BY HAIL IN SASKATCHEWAN

Regina, Aug. 7.—The damage done by hail last week in this province will run into many thousands of dollars. Additional information now has been received of the loss in different parts, and as a result of the storm the loss in the Radville district is estimated at \$200,000. At Manor and Carlyle, in the southeast of the province, 15,000 acres are reported to have suffered. For the first time in the history of the Strassburg district severe damage is reported from hail. Farmers in the Watrous district also have suffered heavily, the losses ranging from 25 to 100 per cent.

\$1,250,000 SET AS VALUE OF APPAM

Norfolk, Va., Aug. 7.—Judge Waddill to-day refused the petition of the British libellants in the Appam case, asking that the vessel be delivered to them by a prize court order pending the result of an appeal to the supreme court. The decision, however, was conditional upon the respondents giving a proper supersedeas bond. Appraisers appointed by the federal district court to-day fixed the value of the Appam at \$1,250,000.

WILL LOOK ON OTHER SIDE FOR DEUTSCHLAND

Washington, Aug. 7.—British warships will try to capture the German submarine Deutschland on the other side of the Atlantic, it was intimated in diplomatic quarters here to-day. It was said the capture of the submarine off the American coast might cause sympathy for Germany in this country.

ITALIAN STEAMSHIP BEAT OFF SUBMARINES

Re d'Italia Saved From Destruction by Guns She Carried for Defence

New York, Aug. 7.—The Italian steamship Re d'Italia, with three American passengers on board, from Genoa, was chased for seven hours by three submarines while in the Mediterranean, and was saved from capture or destruction by use of her defence guns mounted aft, according to the report of her master, Capt. Amadeo Pinetti, on the arrival of the ship here yesterday.

The captain said he believed one of the submarines was hit by a shell, although his only evidence was the column of water which arose. No other shells were fired at the Re d'Italia, Capt. Pinetti said, and all he saw of the submarines were the periscopes.

THE POPE WILL SEND PROTEST TO GERMANY

Regards Deportation of Inhabitants of Northern France as Cruelty

Paris, Aug. 7.—The pope, after careful study of the protest of the French government against the deportation of inhabitants of Northern France, has decided to make a protest to Germany, according to a news dispatch from Rome received here.

The protest was sent to the pope by the Bishop of Lille and the Archbishop of Rheims. It is stated that the pope will ask Berlin that at least the women and the young girls be sent back to their homes and that he will publicly express his disapproval of the action of the German authorities if his protest is ignored.

TURKS TOILED HARD ONLY TO FAIL AGAIN

Got to Ruman in Face of Huge Difficulties; Routed by British

London, Aug. 7.—The latest attempt of the Turks and their German helpers to reach the Suez canal has proven a greater failure than the earlier reports indicated. Lieut. Gen. Sir Archibald James Murray, commander of the British troops in Egypt, reports to-day that besides taking more than 3,000 prisoners in the battle with the Turks at Ruman, his forces inflicted very heavy losses on them and had continued the pursuit of the retreating troops for eighteen miles, clearing the Turks from Katia basin.

Military writers are unable to fathom the reason why the Turks ventured upon their rash attack. The only conclusion reached is that the Turkish military authorities were misled as to British preparations for defeating the canal and hoped to make an impression on the rebellious Arabs who are extending their hold on important places in Arabia.

ANXIETY REGARDING BRITISH TROOPS NOW IN HANDS OF TURKS

London, Aug. 7.—Apprehension exists as to the fate of the British soldiers captured at the time of the surrender of Kut-el-Amara to the Turks. Lord Robert Cecil said in the House of Commons to-day that repeated inquiries had been made at Constantinople to ascertain the whereabouts of these prisoners, but that no reply had been received from the Porte. This, he said, inspired considerable misgivings, as the prisoners had been compelled, after the fall of Kut-el-Amara, to cross the desert at the worst season of the year.

DEATH ANNOUNCED OF SIR ARTHUR MARKHAM

London, Aug. 7.—The death of Sir Arthur Basil Markham, Bt., Liberal M. P. for the Mansfield Division of Nottinghamshire and wealthy mine owner, is announced by the Weekly Dispatch. Sir Arthur was one of the severe critics of the coalition government and was one of the most active members in the House of Commons. As recently as August 4 Sir Arthur questioned Mr. Asquith as to the number of his official private secretaries and inquired whether any of them were yet of military age.

Sir Arthur had been ill for months and told friends recently that he had only six months more to live. He suffered a sudden relapse on Saturday morning. At the last general election Sir Arthur Markham was elected by a sweeping majority of 7,188.

RUSSIANS WILL BE READY TO INVADE GERMANY NEXT YEAR

London, Aug. 7.—A famous engineer who has just arrived from Petrograd, states that while Russia will do wonders this year, she will not be in a position to begin the real invasion of Germany until 1917.

Japanese gunners are handling the big guns for the Russians.

BRILLIANT WORK BY TROOPS OF AUSTRALIA

Germans Could Not Hold Ground North and West of Pozieres

With the British army on the Somme front, Aug. 6—via London, Aug. 7.—Under a merciless concentration of shell-fire the Australians are holding their gains north and west of Pozieres to-day after their advance on a front of two miles. The Germans counter-attacks to retake the lost ground and all have failed.

In one of the counter-attacks the Germans came forward holding up their hands. Behind them the British guns had placed curtains of shell fire through which it was impossible for them to retreat, while the Australians' machine guns and rifles, mowing them down, made it hopeless to continue the charge. It was death whichever way they moved—death if they stood still or lay down in the bullet-swept space—and they surrendered rather than continue their vain efforts.

Their last previous attack having been by the right flank, the British renewed the offensive by the left flank after a week of bombing and sapping. Here the task fell to the Australians, who added another victory to their brilliant record in the taking of Pozieres. In grilling heat, under a blazing sun, they had been working in a continuous shell fire, digging their new trenches in the open, Pozieres facing the German second line trenches on the left of the break the British already had made in their previous attacks.

This was one of the remaining important positions on the high ground which had been contested so bitterly with all the gun power, cunning and stubbornness both sides could bring to bear. Upon this section of strong field fortifications with deep dugouts the British kept up a tornado of shell fire of 40-calibres. They smashed the defences into irregular mounds of earth which had no semblance to trenches.

Not only did the German guns return the compliment on the Australian front line, but kept up curtains of fire behind it. The Germans managed to dig their way over as fast as what they had destroyed. Evidently the German staff had determined this ridge summit must be held at any cost, but the enemy troops could not hold it before the overwhelming rush of the Australians and British.

STRONG AUSTRIAN POSITIONS CAPTURED BY ITALIAN TROOPS

Rome, Aug. 7.—Italian troops have captured strong Austrian positions commanding communication between the Travenanese valley and the Sare to-fano region, says the war office. Several Austrian attacks on the slopes of Monte Zebbo, on the Sette Comuni plateau, were checked by Italian artillery.

On the lower Isanzo Italian troops gained possession of nearly the whole of Hill No. 35 and held it against violent counter-attacks.

MINE-SWEEPER AND OTHER VESSELS SUNK

London, Aug. 7.—The admiralty announces that the British mine sweeper Clouston was torpedoed and sunk in the Levant on August 3. Five members of the crew are missing and five were wounded.

EDITOR OF VORWAERTS ARRESTED IN BERLIN

London, Aug. 7.—The arrest of Dr. Ernest Meyers, editor of Vorwaerts, of Berlin, is reported in a telegram received at Amsterdam from Berlin, as forwarded by the Central News Agency.

Vorwaerts is the leading Socialist newspaper of Berlin and its editor has been in conflict previously with the German authorities for his writings. In February he was sentenced to imprisonment for one week on a charge of inciting class hatred and disobeying orders of the military authorities. Dr. Meyers's pamphlet, "Who is responsible for the war?" and the "Annexion Mania," attracted wide attention.

GAINS BY RUSSIANS IN NORTH GALICIA

Strongly Fortified Positions South of Brody Taken by Czar's Troops

Petrograd, Aug. 7.—An official statement issued to-day says: "A squadron of seven enemy aeroplane bombers bombarded several points in the region east of the Stockhod river, causing but little damage." "At some places along the Stockhod the enemy took the offensive, but everywhere was repulsed." "Our offensive continues in the region of the Graberki and Sereth rivers, south of Brody, in northern Galicia. Our troops captured strongly fortified positions of the enemy in the vicinity of Kovel, the villages of Sevygin, Kostinca and Rensiv. Fierce bayonet encounters took place in the woods in that region. The enemy made counter-attacks. Engagements are proceeding under difficult conditions owing to uninterrupted rains having made the soil almost a morass."

HINDENBURG CAN NOT HOLD KOVEL FOR LONG

Russians Will Advance and Take Town, Petrograd Observers Say

Petrograd, Aug. 7.—Since the loss of Brody by the Austrians and the successful operations of the Russians against the Germans which resulted in their gaining the whole of the line along the Stockhod and the capture of several fortified villages considerably west of Kovel, the situation on General Brusiloff's front has remained virtually unaltered.

The Russians by no means have lost control of the initiative, but another wave of most energetic German resistance has set in and the newly-organized German army, which is composed of all available reserves and fresh recruits, has undertaken the task of changing its tactics from passive resistance to a most active counter-offensive. Field Marshal von Hindenburg's personal direction of the operations in this field is quite apparent, but it is not thought by observers here that he can more than temporarily check the advance of the Russian forces upon Kovel.

The Russians have succeeded in consolidating all the position they won in the recent battle between the Stockhod and Kovel, except one village, which they were compelled to yield before a determined German counter-attack. Meantime, the Russians by gaining control of the northern part of the Stockhod, where it crosses the Pink marshes, seemingly have effectively eliminated all danger of further flank attacks by the Germans and now are in a position to continue their progress along the direct routes to Kovel without fear of the possible encircling of their right wing.

NORTH ONTARIO MAY HAVE GOVT. SMELTERS

North Bay, Ont., Aug. 7.—The establishment by the government of customs smelters in Northern Ontario was hinted at in a speech here on Saturday night by Hon. G. Howard Ferguson, minister of lands, forests and mines, when he said he would not be surprised if the government took upon itself the task of establishing customs smelters, which would be a benefit to the small mine-owners in this part of the country.

GERMAN DOCTORS TO ENGLAND FROM N. Z.

Newport News, Va., Aug. 7.—Two German physicians were prisoners aboard the British steamship Walmate when she arrived here yesterday from Wellington, N. Z., for English ports. The captain said he had been instructed to turn the men, put aboard at Wellington, over to British officials. His understanding was that they were to be exchanged for two British civilians interned in Germany.

AN OVERSEAS AGENCY STORY.

Berlin, Aug. 6.—(Wireless.)—It has been decided to abandon the steamship service between Bergen, Norway, and Iceland, because of British interference with vessels traversing that route, according to an Overseas News Agency dispatch from Bergen to-day.

INTEREST INCREASE IN TENNIS TOURNAY

Many Matches Played at Victoria Club Courts; Saturday's Results

Saturday was a gala day at the tennis Red Cross tournament at the Willows courts, from 2.15 to 6.30, matches being under way all the time.

The first of the games on Saturday turned out to be a fine struggle, Jephson, winner of last year's tournament, defeating Rev. Mr. Ryall, of Chemainus, ex-champion of Manitoba, in two long sets, 7-5, 7-5.

In the men's doubles two good matches were played between Garrett and Brown and Leeming and Leeming, the latter pair just losing in the second set, 7-5, and Martin and Jephson vs. Fairbairn and Phelan, won by the former after a long second set, 8-6.

Ladies' doubles—Mrs. Clute and Mrs. Schwengers beat Mrs. Rickaby and Mrs. Pocock, 6-1, 6-2; Miss Leeming and Gordon beat Miss Bone and Bone, 7-5, 4-6, 7-5.

Mixed doubles—Miss Clayton and Davis beat Miss Gordon and Smith, 6-2, 6-1; Mrs. Rickaby and Ryall beat Miss Meaton and Cleer, 6-0, 6-1; Miss Huddell and Heyland beat Mrs. Broome and Capt. Broome, 6-2, 6-0; Miss Idiens and Brown beat Miss Williams and McQuade, 6-3, 6-1.

Owing to sickness and other reasons three of the scheduled matches did not come off, but through the kindness of Messrs. B. F. Schwengers, H. G. Garrett, G. Clute and Mr. Fairbairn an exhibition men's doubles was played on No. 1 court, which resulted in a set all, 6-3, 6-2. Flashes of championship form were exhibited during this game by all four players, and showed the wonderful progress the youngest player of the four (Mr. Clute, has made, having only taken up the game last season.

As the veterans' competition will not commence until next Wednesday or Thursday, the entry list will be kept open until that time, the committee believing that there are a number of veteran tennis players in the city and district, and even on the Mainland, who might do themselves and the Red Cross funds good by entering. The consolation men's singles commence to-day, in which there are eligible 32 players. A number of the games will take place this afternoon. The draw for this afternoon is as follows:

3.30 p.m. Miss Appleby vs. Mrs. Schwengers; Mrs. Broome vs. Miss J. Wootton; Miss Neame vs. Miss Idiens; Mrs. Leeming and Leeming vs. Miss Bryant and Miss Ross.

4.30 p.m. Schwengers and Wallon vs. Barnacle and Sparks; Lindsay and Clute vs. McKenzie and Yates; Gurney vs. Fairbairn; Davenport vs. White (consolation); Case vs. Forbes (consolation).

5.30 p.m. Miss Lawson and Humphries vs. Miss Clayton and Davis; W. C. Brown and Heyland vs. Robertson and Edwards; Dr. Higgins vs. Martin; Miss Appleby and Tuckwell vs. Miss Ross and York; Miss Rickaby and Lindsay vs. Mrs. Leeming and Hurnell; J. G. Brown vs. Sproule; Melndoe vs. Simpson (consolation); Harper vs. Flett (consolation).

The committee hope that players will try and be on hand ready to play at the hour set for their matches, as it will facilitate the work of allotting courts.

The splendid service of the ladies' committee in connection with the arrangements for the serving tea drew forth unstinted praise, and Mrs. Leeming, the lady president, and her corps of assistants have earned the thanks of all who were present. Tea will be served every day during the week in the pavilion but next Saturday, when the finals are being played off. It is the intention to have the club's marquee erected on the lawn on that day, as there will not be room enough to serve the large number of visitors expected on that occasion in the pavilion. A separate booth will be provided where ice cream and other dainties can be purchased, which will be under the supervision of Miss Appleby and Miss Ross with a number of assistants, and home-made candy will be sold under the direction of Miss Mona Rickaby, who will also have her own corps of assistants. This will be the big day of the tournament, and the social features have not been forgotten. The week just passed has been a great success from every point of view.

The recruiting sergeant—But you surely are not eighteen yet? The recruit—I should have been, sir; but I was ill for a couple of years.—Sketch.

Miss K. Hudson, the former winning in two sets, but only just winning by 7-5 in the first set.

One of the games that was expected to be close, the ladies' doubles, between Mrs. Rickaby and Mrs. Pocock against Mrs. Clute and Mrs. Schwengers, was very one-sided.

In the men's singles Wilson defeated Meharey after a fine struggle for three sets, the former's placing being the feature of the games.

The most interesting games in the mixed doubles was that between Miss Leeming and Gordon vs. Miss Bone and Bone, won by the former after three hard sets. It will be interesting to the public to know that Miss Leeming is only 18 years of age and is rapidly becoming an expert at the game. She won the girls' junior championship cup last year, did well in the recent handicaps, and in the mixed doubles of this tournament has only to win another round to reach the semi-finals. It is also interesting to note that one of her opponents, Mr. Bone, is a well-known veteran who has qualified a number of years for the veterans' competition (40 years and over). Another mixed doubles that was keenly contested was that between Miss Idiens and Brown vs. Mrs. Williams and McQuade, the former pair winning rather handily.

This was the third win of the day for Mr. Brown, and he also has qualified several years ago for the veterans' class. Miss Appleby and Tuckwell had a hard struggle to win their second set, 8-7, from Miss N. Jones and Jones.

The complete scores for the day's play was as follows:

Ladies' singles—Miss Bradford beat Miss K. Hudson, 7-5, 6-1.

Men's singles—Jephson beat Ryall, 7-5, 7-5; Martin beat Phelan, 7-5, 6-1; Archibald beat Whitaker, 6-0, 6-1; Sproule beat McArthur, 6-2, 6-1; Clute beat Hurnell, 6-2, 6-2; Yates beat Edwards, 6-2, 6-2; McQuade beat Yates, 6-1, 6-4; Davis beat Austin, 6-2, 6-3; Wilson beat Meharey, 6-4, 4-6, 6-2.

Men's doubles—Garrett and Brown beat Abell and Davenport, 6-1, 6-1; Cleer and Wilson beat Cusack and Forbes, 7-5, 7-5; Jephson and Martin beat Fairbairn and Phelan, 6-2, 8-6; Virtue and Archibald beat Case and McArthur, 6-0, 6-4; Garrett and Brown beat Leeming and Leeming, 6-3, 7-5.

Ladies' doubles—Mrs. Clute and Mrs. Schwengers beat Mrs. Rickaby and Mrs. Pocock, 6-1, 6-2; Miss Leeming and Gordon beat Miss Bone and Bone, 7-5, 4-6, 7-5.

Mixed doubles—Miss Clayton and Davis beat Miss Gordon and Smith, 6-2, 6-1; Mrs. Rickaby and Ryall beat Miss Meaton and Cleer, 6-0, 6-1; Miss Huddell and Heyland beat Mrs. Broome and Capt. Broome, 6-2, 6-0; Miss Idiens and Brown beat Miss Williams and McQuade, 6-3, 6-1.

Owing to sickness and other reasons three of the scheduled matches did not come off, but through the kindness of Messrs. B. F. Schwengers, H. G. Garrett, G. SQUAD OF BANTAMS LEAVE FOR SIDNEY

Guard Withdrawn From Beacon Hill and Sent to Brigade Camp

More Bantams were sent to Sidney this morning when the guard from Beacon Hill was recalled to the brigade camp to join the battalion in training there. Several recruits enlisted by the energetic recruiting squad of the 143rd Battalion went with them.

The Bantams have a distinct advantage in the work of recruiting in the fact that they stand high in point of seniority, and in consequence can take the preference accorded by the recent district order to the senior battalion.

There is one other battalion, the 131st, which outranks the Bantams in seniority, and it is expected to leave shortly for overseas, and the 143rd stands next in line for departure.

On Sunday a Britisher who has been residing in the United States arrived by the Princess Victoria and enlisted in the 143rd Battalion.

HAS SCALP WOUND

Pte. Fleming of This City Now at General Hospital, Lincoln.

Private Robert Fleming, who was reported in the casualty list as wounded, has been admitted to the Fourth Northern General hospital at Lincoln, suffering from a scalp wound and gas poisoning. He left Victoria with the 10th Battalion, but for the past three months has been attached to the 15th Battalion.

Pte. Fleming is a son of Mrs. Fleming, 1037 Johnson street. He is formerly employed by the firm of R. Angus & Co., and was a member of the Y. M. C. A. He resided in Victoria for four years previous to enlistment, coming direct from his native city of Glasgow.

IS SERIOUSLY ILL

Sergt. James A. Green in Connaught Hospital, Aldershot; Left With 163rd Battalion.

Mrs. Jax A. Green, 1746 Second street, received the following telegram, reporting the illness of her husband: "Sincerely regret to inform you Sergt. James Alexander Green, Infantry, officially reported seriously ill in Connaught hospital, Aldershot, August 3, pneumonia."

Sgt. Green enlisted at the outbreak of war with B. C. Horse and was transferred with that unit to the 2nd C.M.R. He left for England with the 163rd. He is 24 years of age and was born in Grey county, Ontario, coming here 10 years ago. He is a barber by trade and was employed in the Vernon barber shop previous to enlisting. Pte. Green had a brother, Pte. C. C. Green, killed in action a short time ago and has another brother, Pte. Sid Green, who is at Salonica and has been reported ill. His wife and one child live at 1746 Second street.

PASSENGER HURT IN STREET CAR ACCIDENT

Uplands Line Tied Up Yesterday Afternoon When Car Goes Off at Split Points

Traffic by street car beyond the corner of Port street and Empress avenue, Oak Bay, was tied up for an hour and a quarter yesterday, following an accident to car No. 128, in charge of Conductor Richard C. Gibson, out-bound to Uplands, which fouled the tracks at this point.

The accident was due to split points at the junction between the main line and the branch via Willows park, the car being thrown square across both tracks, and thus preventing another car passing. Motorist Joseph Le Fromouville was at the wheel.

The impact when the car fouled the tracks threw a passenger, Mrs. W. M. Warren, from her seat, and her arm was broken. The police patrol wagon was called, and she was taken to the Jubilee hospital for treatment. The other passengers were shaken, but not injured.

Traffic was restored about 2 o'clock, the accident having happened at 12:45 p.m., at a busy period of the day when many people were using the Uplands line to reach Cadboro Bay beach.

A motor cycling accident on Quadra street, near the intersection of Inverness road, just outside the city limits, led to Miss Fraser, corner of King's road and Work street, requiring medical attention. It is understood she was riding behind the driver. In falling her arm was hurt, and after being treated by Dr. Bechtel she was taken home.

ENJOYABLE GARDEN PARTY

Sodality of Children of Mary Entertain at Oak Bay Hotel Grounds.

The garden party given by the Sodality of the Children of Mary last Saturday afternoon in the Oak Bay hotel grounds was a great success, both socially and financially. The day was perfect and every possible arrangement had been made for the pleasure and comfort of the guests. A gramophone supplied all the latest music and kept things going at a lively pace. Clock golf provided much amusement. This part of the programme was ably attended to by Messrs. J. McBrady, W. Mellor and L. MacSweyn.

The fancy work booth, which contained a variety of dainty hand-made articles, was prettily decorated in blue and white. This was in charge of Miss L. Gray, the popular president of the sodality, assisted by Misses S. Allan, M. Finnerty, Drake and Johnston.

The candy booth, with its dainty green and white decorations, was besieged all afternoon. The Misses S. Bayntun, T. Bellean, M. McKay and A. Mellor were kept busy dispensing the delicious candy.

A record business was transacted at the home-cooking booth, which was decorated in pink and white. Miss G. Hartnell, assisted by Misses Phoebe and Clarissa Tourigny, had charge of the home-cooking booth.

The tea rooms, under the able management of Mrs. Galea, were thronged all afternoon. The following ladies assisted in serving tea: Mesdames M. Goulding, Clark, Part, MacSweyn. The tea tables were decorated with marguerites.

The proceeds of the garden party amounted to \$100. Heartly thanks are extended to J. A. Virtue, who kindly loaned the hotel grounds, and to the Ladies' Aid Society, who assisted the sodality.

Basket Picnic.—Lodge Princess Alexandra, Daughters of England, has completed arrangements for the annual basket picnic to Cordova Bay on August 8. A motor trolley will leave the corner of Yates and Douglas streets at 10:45 a.m. Hot tea and milk will be provided by the committee. Members and their friends are cordially invited.

OUR 10-YEAR GUARANTEE. The beauty of having dental work performed here is not simply our promise of superior service, but you get our absolute 10-year guarantee. This is your positive assurance of perfect work, perfect materials, perfect satisfaction.

Open Daily From 9 a.m. to 8 p.m. Also on Saturday Afternoons. Dr. Gilbert's PAINLESS DENTAL PARLOES. 1804 Government Street, Cor. Yates. Vancouver Offices: Dominion Bldg., Hastings, West.

The Demand For Our Services

Speaks Well For the "Gilbert" Standard of Painless Dentistry. If all Dentistry were equal in character and efficiency, you would be safe in going to any Dental Office for treatment. But Dentistry is like everything else—it varies. In some offices it is impossible to obtain good work—in others, again, only the finest work is performed. As a rule, where the good, dependable work is produced, the prices are terrific—beyond all sensible limits. So that is why it is hard for the average uninformed person to decide on a dentist—why so many Victorians go to Seattle.

You are perfectly safe in coming to Dr. Gilbert's for Dental work. Not only are we recognized—even by leading B. C. Dentists—for the high character and quality of our work, but our prices are just and fair—in fact, the lowest prices in Victoria.

Come in and have your mouth and teeth examined. It is surprising how reasonably we can restore those neglected teeth to a beautiful and useful condition. Estimates are free.

ADVERTISE IN THE TIMES

CAMPAIGN OPENED BY ESQUIMALT LIBERALS

Candidate and Others Addressed Electors on Saturday Evening

ENTHUSIASTIC MEETING AT THE REX THEATRE

R. H. Pooley Scored for Threats Made at Conservative Gathering

"This contest is not one of personalities but of principles," were the opening words of A. W. McCurdy's speech at the Liberal smoker at Esquimalt on Saturday evening. Conservatives are opposed to changes in policies and well established forms. Liberals stand for progress, reform, a vast increase in the political power of the people, with the object of benefiting the masses.

It was a large and enthusiastic body of voters that gathered to listen to the maiden speech of the newly chosen Liberal candidate, and to express their disgust at the action of R. H. Pooley in threatening to secure the dismissal from the navy yard of four men who were opposing him politically. The meeting was in marked contrast to that of Thursday. On Saturday night everyone was sociable, smiling, jubilant. On Thursday there was absolutely no sociality, and the audience waited over half an hour for the arrival of the candidate.

"The Conservative party is new in this province," continued Mr. McCurdy. It was established in provincial politics thirteen years ago. It stands for concentration and coercion, whereas the Liberals stand for expansion and freedom."

Later, the speaker said, he would very likely go into the record of the government, and especially into the question of the public accounts. All knew that the people's money should be expended according to law, of late it was known that large sums of money had been expended contrary to law. The diversion of about seven millions of dollars from a trust account and the paying of it to the Pacific Great Eastern railway was one case in point. There were numerous items in the public accounts to which objection could be taken. The setting aside of \$120,000 for the transportation of officers on duty, not otherwise provided for in the estimates of 1915, and \$80,000 for the same purpose this year, were items that needed explaining. When the new government was formed, as it would be soon after the election, he was sure the finance minister would see that the public money was spent according to law.

Right of Personal Liberty.

In the present contest in Esquimalt the issue had already been created by his opponent, continued the speaker, was to circle around the great constitutional question at the basis of our liberty. In that hall last Thursday, within a few hours after nomination, the keynote of the contest had been sounded. One of the most important of all questions was that of personal liberty of the subject. (Applause.) The right of personal liberty had been secured to the British race through years of trial and suffering. Their fathers bled for personal liberty and the American colonies were lost through arbitrary methods. The rebellion of 1837 was the result of the adoption by the government of such methods as those enunciated at the meeting of his opponent on Thursday evening. When they thought of the keynote struck at that meeting he could not understand how free-born Britons could remain silent.

For some years there had been a canker eating into the very soul of the Conservative party, and that canker was Bowserism; intimidation and coercion were the keynote of Bowserism. He did not think that any man would stand for those principles.

Mr. McCurdy then read from the report of the speech of R. H. Pooley and A. Lockley, where these men threatened Messrs. Wise, Jasper, Luscombe and Saunders with dismissal from the navy yard because they were members of the Liberal executive. He explained that the men were not civil servants, but were employed in the service of the king in the defence of the empire. If the threat should be carried out there would be a tremendous protest. (Great and continued applause.)

Rev. R. Hughes.

Rev. R. Hughes gave a short but powerful address on prohibition. His story of the coercion of Gallie fitted in perfectly with the humor of the audience, who had just been given a practical example of what coercion meant. He told how the greater part of Canada had either gone dry or was going dry, and thought every man should satisfy his conscience on the matter. The saloon-keepers knew where they stood. He asked them to vote for prohibition.

F. C. Staopool.

F. C. Staopool announced at the outset that he was going to ask them to return Mr. McCurdy on the 14th. "There is nothing alien about him, he is true blue," he said. "He talks real Liberalism, and if he keeps it up he is all right. The foundation of Liberalism is freedom. Mr. Pooley has put the contest on a new basis, it is no longer a matter of policies but of men. The test of a business man is to show a credit balance at the end of the year. Not only is it necessary to show honesty but ability is equally important. Mr. Bowser has said that he saved the country a million and a half, but I have not been able to find it.

"Edward Saunders is a married man with a family. He has served 23 long years in the British navy, retiring as chief petty officer of his ship. He has a son on the Halifax station. Has Pooley a record like that?"

"F. G. Luscombe is a married man with a family. He has served in the navy for 11 years. Has Mr. Pooley done anything like that?"

"Charlie Jasper served four years in the navy and for nine years was a member of the Fifth Regiment. Can Mr. Pooley show a record like that? He had the chance.

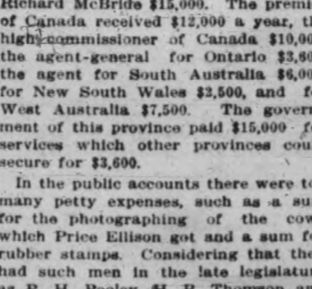

"George Wise is a married man with a family. He has worked long and hard. He too is denied the right of living. Can we stand for that? I want and I know you won't. No man with the red blood of a British subject in his veins will stand for that." (Applause.)

The gathering closed with the National Anthem.

Have you smoked "Nobleman" Cigars lately?

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y.—"For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not do it. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation."—Mrs. JOHN A. KOENIG, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good; but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (Confidential), Lynn, Mass.

PIONEER BURIED ON SATURDAY AFTERNOON

Funeral of Late William James Roper Held From Christ Church Cathedral

The funeral of William James Roper, whose death took place early last Friday morning, was held on Saturday afternoon at 3 o'clock from the late residence, "Sherborne," Beach drive. Half an hour later services were held at Christ Church cathedral, many old-timers and former residents of the upper country being present in the big congregation which nearly filled the church.

Many beautiful flowers were on the casket, among them being an anchor from the Navy League Chapter, I. O. D. E., of which Mrs. Roper was formerly regent. The hymns sung were: "O God, Our Help in Ages Past" and "Eternal Father." Rev. H. St. J. Payne, rector of St. Mary's church, Oak Bay, officiated at the services.

There were eight pallbearers, as follows: the Hon. D. M. Eberts, Dr. O. M. Jones, Messrs. R. H. Pooley, H. O. Graham, W. E. Scott, C. Cornwall, R. M. Marpole, and Lindley Crease. Interment was at Ross Bay cemetery, and many joined the cortege which went out from the cathedral.

ONE MAN IN CUSTODY

Is Accused of Attack on Chinese Mute in Central Park.

Taking advantage of a statement in the morning paper yesterday that warrants were out for their arrest, two of the three young men accused of the serious charge of assaulting a Chinese mute, a domestic servant with a prominent Chinese family, while she was crossing Central park on Thursday night, have apparently left Victoria.

The city prosecutor stated in the city police court this morning when the third man, Roy McGregor, aged 20, was charged with the offence, that the others, whatever their position might be in the matter, showed the feeling in their minds by not being accessible to arrest. He therefore asked for substantial bail for the man in the dock.

R. C. Lowe appeared for prisoner, who has not been asked to plead, and the magistrate set bail at two sureties of \$100 each. The hearing will probably proceed on Wednesday.

The case in point arises from the intervention of Constable Phipps in an incident which occurred at the bandstand in the above named park after dark on Thursday, or early on Friday morning.

With regard to the market cases, in which a number of defendants are accused of keeping their stalls open for the sale of meat after one p. m. on Saturday, July 29, the city prosecutor stated to-day that after the submission of the written opinions promised, the hearing might not go on next Wednesday.
