APO 500
18 April 1947

MEMORANDUM FOR: IMPERIAL JAPANESE GOVERNMENT

THROUGH: Central Liaison Office, Tokyo

SUBJECT: Expansion of Radiotelegraph Service Between Japan and the United States, and Between Japan and Hawaii.

1. Reference is made to Memoranda for the Imperial Japanese Government, as follows:

a. File AG 600 (8 Oct 45)GD,(SCAPIN 107), dated 8 October 1945, subject: Establishment of Expeditionary Force Message Service Between the United States and the Tokyo-Yokohama Areas.

b. File AG 676.3 (1 Dec 45) CCS, (SCAPIN 379), dtd 1 Dec 1945, subject: Establishment of Sender Composition Message Service Between the United States and the Tokyo Area.

c. File AG 311.23 (18 May 46)CCS, (SCAPIN 969), dated 18 May 1946, subject: Sender Composition Message Service for Approved Private Companies.

d. File AG 311.22 (8 Jun46) CCS, (SCAPIN 1009), dated 8 June 1946, subject : Inauguration of EFM, SCM Private, Government and Press Message Service Between Japan and the Hawaiian Islands.

2. The establishment of private message service between the United States and Japan by the Imperial Japanese Government is authorized, effective 16 April 1947.

3. Private messages with prepaid reply (R^P) from the United States or Hawaii addressed to non-accrediddted organizations or persons in Japan, including Japanese natinnals, and private messages filed by non-accredited organizations or persons in Japan, including Japanese nationals, utilizing reply paid vouchers in payment of the charges for such messages to the United States and Hawaii, are authorized effective 16 April 1947.

4. Private messages with prepaid reply (R^*) between Japan and the United States, and between Japan and Hawaii are not authorized for accredited organizations or persons.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 713013

BASIC: Memo to CG (SCAPIN 1612)

5. Private messages may be sent by any organization or person in the United States or Hawaii to any organization or person in Japan, but only by the organization or person in Japan specifically named in a reply paid voucher to any organization or person in the United States or Hawaii.

6. Private messages between Japan and the United States, and between Japan and Hawaii, will consist of:

a. Messages pertaining to personal and family affairs.

b. Business, financial and commercial messages of a non-transactional nature limited to the ascertainment of facts and exchange of information.

7. Henceforth messages as described in paragraph 6b above, exchanged between representatives of private companies in Japan and their offices in the United States or Hawaii, charges for which are paid in the United States or Hawaii on a specifically authorized "transferred account" basis, will be considered private messages instead of SCM.

8. Private messages will include the classifications FULL RATE, CODE (CDE) DEFERRED (LC) and NIGHT LETTER (NLT). CDE private messages may be sent from Japan to the United States or Hawaii only by those individuals and private company representatives specifically authorized by General Headquarters, Supreme Commander for the Allied Powers. Rates for private message classifications will be the same as for similar classifications in the SCM group.

9. Private messages between the United States and Japan, or between Hawaii and Japan, will be subject to all applicable censorship rules and regulations. Exceptions will be sepcifically provided for by General Headquarters, Supreme Commander for the Allied Powers.

10. Portuguese language is authorized in addition to those languages already permitted between the United States or Hawaii and Japan.

11. All private messages originating in Japan for transmission to the United States or Hawaii, payments for which are provided for in reply paid vouchers, will contain in the preamble the indicator ANSTORE (answer to reply paid message), which will be written in by the accepting office.

12. The handling of private messages containing reply paid indicator (RP$_____) in the address, including issuance of vouchers and use or refund of vouchers, will be accomplished in accordance with tht provisions of the International Telegraph Regulations (Cairo 1938), Article 56, Paragraoh 465, except that:

a. The number of words in any such message filed from Japan to the United States or Hawaii must be limited to prevent the charge from exceeding the amount contained in the reply paid vouchers.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 773013

BASIC: Memo to SCAP (SCAPIN 1612)

b. No refund of an unused portion of any such prepayment will be made unless such portion amounts to at least $0.50.

13. The procedure to be employed in refunding unused amounts of reply paid vouchers, or the payment of the United States carriers' shares of the used amounts of reply paid vouchers, will be as follows: The Ministry of Communications will deduct such amounts from its proportion of Ministry Payment Certifficate do llars derived from prepaid messages destined to the United States or Hawaii during the per period in which the refund or apportionment is made, and include such amounts in the sum deposited with the Transfer Agent for Telephone and Telegraph Message Funds, to the credit of the United States carrier concerned, for the same period. The final monthly traffic accounting statements will include indentification of all ANSTOREP messages sent over the circuit during the period concerned, and appropriate entries in these reports will indicate amounts which have been refunded to the American carriers in accordance with requests therfor, with sufficient data to identify the messages concerned.

14. Direct correspondence between the Civil Communications Section, General Headquarters, Supreme Commander for the Allied Powers, and the Ministry of Communications, regarding operating and accounting procedures within the scope of this memeorandum, is authorized.

FOR THE SUPREME COMMANDER:

R.M. LEVY
Colonel, AGD
Adjutant General.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 773013

GENERAL HEADQUARTERS
SUPREME COMMANDER FOR THE ALLIED POWERS

MEMORANDUM:

SUBJECT: Information of General Application Pertaining to Directive Number(SCAPIN 1612), file AG 311.23 (18 Apr 47)CSS, this Headquarters, dated 18 April 47. subject: Expansion of Radiotelepgraph Service Between Japan and the United States and Between Japan and Hawaii

1. With reference to memorandum number (SCAPIN 1612) this Headquarters to the Imperial Japanese Government, the following is published for the information of all concerned.

2. On authority of Washington, restrictions affecting radiotelegraph service between Japan and the United States have been relaxed to permit the inclusion of personal and social messages ; businessñ commercial and financial messages of an informational and non-transactional nature, to any person or organization in Japan.

3. Non-accredited persons in Japan receibing such messages from the United States and Hawaii have been unable to reply due to lack of access to U.S. Military Payment Certificates.

4. Establishment of private message service and introduction of reply paid (RP) message service between the United States and Japan, and berween Hawaii and Japan, will enable non-accredited persons and organizations in Japan to reply to such messeges by utilizing the reply paid vouchers provided with RP messages.

5. Surveillance by the Occupation Forces will be the responsibility of the Eighth Army and will consist of that required to insure proper handling, routing and delivery of the messages described in reference SCAPIN.

6. Command instruction spertaining to the execution of surveillance will follow through command channels.

MEMORANDUM:

SUBJECT: Information of General Application Pertaining to Memorandum to Imperial Japanese Government, file AG 676.3 (26 Dec 46)CCS, (SCAPIN 1420), dated 26 Dec 46, subject: Authorization for Retention on Inactive Status of Certain Radio Facilities

1. Reference is made to Memorandum to Imperial Japanese Government, file AG 676.3 (29 Aug 46)CCS, (SCAPIN 1166), dated 29 August 1946, subject: Control of Radio Communications. This memorandum as amended authorizes Japanese radio stations, defines the permitted classes of stations and directs the dismantling of all others.

2. The twelve radio stations listed on Inclosure attached, hereto, are not authorized to operate by the reference memorandum. The Japanese Government is directed to preserve these stations intact, thereby exempting them from the requirement that unauthorized radio stations be dismantled.

3. Existing instructions with regard to surveillance of Japanese radio stations are modified to permit the Japanese Government to retain the radio stations listed in attached Inclosure.

MEMORANDUM FOR : THE IMPERIAL JAPANESE GOVERNMENT.

THROUGH : Central Liaison Office, Tokyo.

SUBJECT : Release of Telephone Exchange and Telephone Equipment from Plants Named for Reparations.

1. This authorizes the release to the Japanese Ministry of Communications of telephone and telegraph exchanges and telephone and telegraph equipment from aircraft factories, arsenals, privately owned munitions plants, and laboratories held in custody for reparations in accordance with the following memoranda from General Headquarters, Supreme Commander for the Allied Powers, to the Imperial Japanese Government:

a. (SCAPIN-629), file AG 004 (20 Jan. 46) ESS/GD, dated 20 January 46, subject: "Custody Control and Protective Maintenance of Japanese Aircraft Plants, Arsenals and Laboratories."

b. (SCAPIN-1134), file AG 387.6 (13 Aug. 46) ESS/IN, dated 13 August 46, subject: "Reparations Selections within Privately Owned Munitions Plants."

2. An inventory of the main items of equipment located in the plants and installations from which the subject equipment is released will be made by the Imperial Japanese Government and furnished to General Headquarters, Supreme Commander for the Allied Powers, by 1 December 46.

3. Communications equipment in any plant or installation covered by this memorandum which is being used by the Occupation Forces will become the property of the Japanese Ministry of Communications but will be continued in service in its present manner and location as long as it is required to meet Occupation Forces' requirements. The inventory of equipment which is to be made in accordance with paragraph 2 will indicate which installations fall in this category.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 713013

4. Direct correspondence between General Headquarters, Supreme Commander for the Allied Powers, and the Japanese Ministry of Communications on technical matters within the scope of this memorandum is authorized.

Dear Lt.:

Subject: Plans for converting to use at Dependents Housing Projects communication facilities formerly used by the Maizuru Naval Admiralty

We would herewith express our deepest gratitude for the enormous aid you have given on the arrangement and betterment of Japanese communication facilities.

We have made every possible effort to meet the strong demands for the rearrangement and extension of communication, but due to a shortage of spare parts of equipment, we have been contemplating to convert few idle equipment to other worthy purposes, thus to meet the requirement for arrangement of communication.

In order to make the best and rapid use of communication equipments taken over by Osaka Bureau of State Property, we set up plans for practical use of open and aerial wires or cables as well as poles and underground cables.

Equipments fixed in Maizuru Local Military Government, Police Station, Rehabilitation Bureau and Municipal Office, which can be used as they are, will be left as they are according to the respective demands, and as for others, we h have started releasing them in accordance with the following specification, so that it is highly hoped by us that your kind and special cooperation will be granted us to do this job.

Sincerely yours

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715 013

MEMORANDUM

) May 1'

SUBJECT: Report concerning the machines at the SONOBE Evacuated Plant of OSAKA Military Arsenal.

TO : Lieutenant-Colonel, James F. Hyland, Commanding Officer, 103d Mil Government.

1. The machines located at SONOBE, FUNAIGUN, KYOTO Prefecture that previously have been refered to us for information by Lieutenant-Colonel, James F. Hyland, are now belonging to the Evacuated Plant of former OSAKA Military Arsenal, being under custody of the Home Ministry.

2. It becomes a question whether these machines would be the objects of reparation or not, because the OSAKA Military Arsenal has been pointed out as an object of reparation and blocked out, according to the Directives on the date of 20 January, 1946 from the SUPREME Commander of Allied Forces.

3. In case of these machines being to be pointed out as the reparation objects, the custody of them should be turned over to the hands of Financial Ministry from the Home Ministry.

To provide for such a case, the Financial Ministry has appointed a s uperviser of these machines and has dispatched him to the spot.

Then the custody of these machines will soon be turned over to the hands of the Financial Ministry.

4. Major Ben Lock, 94th Military Government, OSAKA will come to inspect the spot to decide whether these are to be objects of reparation or not, and if these are to be reparation objects, he will also decide whether these are to be gathere d in a convenient place for the custody of them.

5. We are now preparing for the removal of these machines, if it needs according to Major Ben Lock's decision to be expected after his inspection trip.

6. The Kyoto Prefectural Agricultural Association is now planning to utilize a part of these machines to manufacture agricultural implements and household utensils.

The Japanese Governme nt should like to have this plan realized, considering it to be a very useful plan unde r the present urgent situation of the shortage of agricultural implements.

The application for pe rmission to carry out this plan is now particularly submitting to the Commanding General, 1st Corps, through Major Sheffie ld.

Your Obedie nt Servant

Atsushi Kimura

Governor of Kyoto Prefecture.

         b. Technical education of the reserving operators who will be the crews of special transporting vessels and minesweeping vessels.
      Transmitting Station.
         a. Regulation of the electric waves of transmitter.
         b. Teaching the way of operating the transmitter to the reserving operators who will be the crew of special transporting vessels and minesweeping vessels.
5. Object of training special members.
   Considering the present state of affairs that the operators on board the repatriation ships and minesweeping vessels are unskilled and in consequence the communication is not carried out smoothly, we want to develope rapidly their skill in foreign transmitting and receiving and to make them acquainted with the international communication law.
6. System of controling organ(as shown on other leaf No.1)
7. System of communication (as shown on other leaf No.2)
8. Inventory of communicating installation (as shown on other leaf No.3, No.4)
9. Others.
   The transmitting Station wastransferred to the Osaka Communication Bureau under date of 10 Feb. 1946 by the direction of S.D.M. on 31 Dec.1945 , and the installation and apparatus are now used by the Demobilization Bureau, borrowed in succession.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Kyoto File

MEMORANDUM

9 May 1946

SUBJECT: Report concerning the machines at the SONOBE Evacuated Plant of OSAKA Military Arsenal.

TO : Lieutenant-Colonel, James F. Hyland, Commanding officer, 103d Mil Government.

1. The machines located at SONOBE, FUNAIGUN, KYOTO Prefecture that previously have been refered to us for information by Lieutenant-Colonel, James F. Hyland, are now belonging to the Evacuated Plant of former OSAKA Military Arsenal, being under custody of the Home Ministry.

2. It becomes a question whether these machines would be the objects of reparation or not, because the OSAKA Military Arsenal has been pointed out as an object of reparation and blocked out, according to the Directives on the date of 20 January, 1946 from the SUPREME Commander of Allied Forces.

3. In case of these machines being to be pointed out as the reparation objects, the custody of them should be turned over to the hands of Financial Ministry from the Home Ministry.

To provide for such a case, the Financial Ministry has appointed a s upervisor of these machines and has dispatched him to the spot.

Then the custody of these machines will soon be turned over to the hands of the Financial Ministry.

4. Major Ben Lock, 94th Military Government, OSAKA will come to inspect the spot to decide whether these are to be objects of reparation or not, and if these are to be reparation objects, he will also decide whether these are to be gathere d in a convenient place for the custody of them.

5. We are now preparing for the removal of these machines, if it needs according to Major Ben Lock's decision to be expected after his inspection trip.

6. The Kyoto Prefectural Agricultural Association is now planning to utilize a part of these machines to manufacture agricultural implements and household utensils.

The Japanese Governme nt should like to have this plan realized, considering it to be a very useful plan unde r the present urgent situation of the shortage of agricultural implements.

The application for pe rmission to carry out this plan is now particularly submitting to the Commanding General, 1st Corps, through Major Sheffie ld.

Your Obedie nt Servant

Atsushi Kimura

Governor of Kyoto Prefecture.

MEMORANDUM FOR: IMPERIAL JAPANESE GOVERNMENT.

THROUGH : Central Liaison Office, Tokyo.

SUBJECT : Modifications of Short Wave Broadcast Service for Japanese Repatriation Camps in China, Formosa and Manchuria.

1. It is directed that the present short wave broadcast service transmitting programs to Japanese repatriation camps in Formosa and Manchuria be modified to provide increased signal strength in areas presently served and to provide service to the Shanghai and Tsingtao area as follows:

a. Transmitter Number R-1 at Kawachi Transmitting Station, Minami-kawachi-gun, Osaka-fu, operating on 15225 kc (day) and 9505 kc (night) will supply 10 kilowatts power to each of two (2) antennas. One antenna will be directed toward Formosa and the other toward Shanghai, China and Tsingtao, China. The call signs will be JLT3 (15225 kc) and JLW2 (9505 kc).

b. Transmitter Number T-2 at Kawachi Transmitting Station, operating on 15140 kc (day) and 9560 kc (night) will supply 10 kilowatts power to one (1) antenna directed toward Peiping, China; Tienstsin, China and Changchun, Manchuria. The call signs will be JLW6 (15140)kc and JZA (9560 kc). Since tubes are not available for the Kawachi Transmitter at present, transmitter T-2 at Nazaki, Yukigen, Ibaragi-ken will be substituted until such time as tubes are available. This headquarters will be notified five(5) days prior to transfer of operation from Nazaki to Kawachi.

2. The short wave broadcast service described above will commence on or about 10 June 1946.

3. Present short wave broadcasts to Formosa and Manchuria on 6190 kc and 11705 kc will be discontinued on the date of change-over to the service described in paragraph 1.

4. The program to be transmitted will be the number one network program of the Broadcasting Corporation of Japan or other programs approved by General Headquarters, Supreme Commander for the Allied Powers.

5. Direct correspondence is authorized between the Board of Communications, the Broadcasting Corporation of Japan and interested Staff sections of General Headquarters, Supreme Commander for the Allied Powers.on matters pertaining to program content and time of transmission.

MEMORANDUM FOR: IMPERIAL JAPANESE GOVERNMENT.

THROUGH : Central Liaison Office, Tokyo.

SUBJECT : Inauguration of EFM, SCM, Private, Government and Press Message Service between Japan and the Hawaiian Islands.

1. This memorandum is to confirm the verbal instructions of General Headquarters, Supreme Commander for the Allied Powers, to the Japanese Board of Communications regarding inauguration of radio telegraph service between Japan and the Hawaiian Islands on 7 May 1946. Transmission and reception of EFM, SCM, Private, Government and Press messages was directed under the provisions hereinafter set forth.

2. Definitions. a. SCM (Sender Composition Message) is a message freely composed by the sender, from or to military or accredited civilian personnel, and shall be sent prepaid from Japan and the Hawaiian Islands.

b. Private Message is one including commercial and/or personal contents, and shall be sent collect (receiver to pay), from Japan, and shall be sent prepaid from the Hawaiian Islands. This service is available only to non-accredited persons, firms and corporations located in Japan who are specially authorized by the Supreme Commander for the Allied Powers to send and receive messages over the radio telegraph circuits between Japan and San Francisco.

c. Accredited Personnel, for the purpose of this memorandum, is defined as those persons in Japan having APO or FPO addresses, or the equivalent addresses of personnel of allied powers jointly occupying Japan.

d. Non-accredited Personnel are those not having addresses as stated in paragraph c above.

3. The procedures relating to censorship, the "beyond" rates in Japan, acceptance and places of acceptance of messages in Japan, delivery of messages, and financial settlements, shall be the same as those in effect (or which may in the future become effective) for messages passing between Japan and the continental United States.

4. Messages between Japan and Hawaii will be handled over the Tokyo-San francisco and Tokyo-Los Angeles circuits, and thence relayed to the Hawaiian Islands. Until otherwise advised, Press Wireless, Inc. is authorized to handle only Press and Urgent Press messages between Japan and

MEMORANDUM:

SUBJECT : Information of General Application Pertaining to Directive SCAPIN - 1009, file AG 311.22 (8 Jun 46)CCS, this Headquarters, dated 8 Jun 46, subject: "Inauguration of EFM, SCM, Private, Government and Press Message Service Between Japan and Hawaiian Islands".

1. With reference to subject memorandum, the following is published for the information of all concerned.

2. Radio telegraph service has been inaugurated between Japan and the Hawaiian Islands on the same basis as between Japan and continental United States to meet the substantial demand for direct communication service between these areas.

3. Private messages were made a separate classification to provide communication facilities for commercial companies now in Japan upon the invitation of the Occupation Forces.

4. The rates for service between the Tokyo area and Oahu Island are the same as are now in effect between the Tokyo area and San Francisco and Los Angeles. An additional charge has been made per word for service between Tokyo area and the islands of Hawaii, Kauai, Lanai, Maui and Molokai of the Hawaiian Islands group. This was done to compensate the communications system operating in the Islands for relaying messages from Honolulu to the outlying islands. No additional charge, however, is applicable to EFM messages.

5. Surveillance by the Occupation Forces will be that required to insure proper handling, routing and delivery of the messages described in reference SCAPIN.

6. Command instructions pertaining to the execution of surveillance will follow through command channels.

MEMORANDUM FOR: IMPERIAL JAPANESE GOVERNMENT.

THROUGH : Central Liaison Office, Tokyo.

SUBJECT : Radio Telegraph Circuits between Japan and Amami O-Shima and Miyako Jima.

1. This memorandum is to confirm the verbal instructions of General Headquarters, Supreme Commander for the Allied Powers, to the Japanese Board of Communications on 16 May 1946, regarding transmission and reception of radio telegraph messages between Japan and the islands of Amami O-Shima and Miyako Jima.

2. The Japanese terminal of the radio telegraph circuits to Amami O-Shima and Miyako Jima will be moved from Kagoshima, Kyushu to Fukuoka, Kyushu. Required equipment installation and rearrangement at the Fukuoka terminal to operate these circuits will be accomplished by or before 30 June 1946.

3. Pending completion of the move directed in paragraph 2 above, the messages handled by the Kagoshima terminal shall be submitted to the District Telecommunications Censor at Fukuoka via land line telegraph before they are transmitted from persons in Japan to persons outside of Japan, and before they are delivered to persons in Japan from persons outside of Japan.

4. Radio telegraph messages between Japan and any point outside of Japan, as presently defined, will not be transmitted or received by the Kagoshima radio terminal subsequent to the date the circuits from Amami O-Shima and Miyako Jima are terminated at Fukuoka.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 715013

GENERAL HEADQUARTERS
SUPREME COMMANDER FOR THE ALLIED POWERS

APO 500
29 May 1946

MEMORANDUM:

SUBJECT : Information of General Application Pertaining to Directive Number (SCAPIN 989), file AG 676.3 (29 May 46)CCS, this Headquarters, 29 May 1946, subject: "Radio Telegraph Circuits Between Japan and Amami O-Shima and Miyako Jima".

1. With reference to subject memorandum, the following is published for the information of all concerned.

2. The islands of Amami O-Shima and Miyako Jima lie outside the territorial limits of Japan as presently defined. Communication between Japan and these islands is international in classification and therefore messages are subject to censorship regulations.

3. The District Telecommunications Censor at Fukuoka reported that messages passing between Japan and these islands were not being censored prior to transmission or delivery. The volume of traffic handled does not warrant placing personnel in the Kagoshima terminal as censors.

4. Movement of the radio terminal from Kagoshima to Fukuoka was directed to facilitate censoring of messages to or from Japan and to provide for more effective surveillance over international telecommunications circuits.

5. Surveillance by the occupation forces will be necessary to insure that the movement of the Kagoshima radio terminal to Fukuoka is completed within the specified time limit, and the proper routing of messages by the Kagoshima terminal during the interim period while the terminal is being moved.

6. Command instructions pertaining to the execution of surveillance will follow through command channels.

MEMORANDUM FOR: IMPERIAL JAPANESE GOVERNMENT.

THROUGH : Central Liaison Office, Tokyo.

SUBJECT : Telegraph Delivery of International Radio Messages Addressed to Army Post Offices.

1. It is directed that the Japanese Board of Communications arrange to deliver expeditionary force and senders composition messages received over international circuits addressed to Army post offices as follows:

a. Forward by telegraph those messages addressed to Army post offices located in cities other than Tokyo as directed by SCAP.

b. Deliver messages from the terminal telegraph offices, including Tokyo, to Army post offices to be designated using scheduled messenger service or other normal means employed in delivering domestic telegrams.

2. The Board of Communications will be furnished the initial list of cities to which it is desired that service directed in paragraph 1 be provided and will be informed concerning changes and additions to the initial list as required.

3. Arrangements will be made to furnish to the Director of the Tokyo Central Telegraph Office instructions necessary to determine the delivery and routing of the messages.

4. Instructions contained in this memorandum supersede and cancel instructions contained in paragraph 9, (SCAPIN 379), AG 676.3 (1 Dec 45)CCS.

5. Statements of service rendered for relaying incoming messages from the United States to localities outside of Tokyo in accordance with this directive will be furnished the Occupation Forces in the same manner as those submitted for other services.

AG 311.7 (24 Sep 45) CI

24 September 1945

MEMORANDUM FOR : IMPERIAL JAPANESE GOVERNMENT

THROUGH : Central Liaison Office, Tokyo.

SUBJECT : Clarification of Censorship Directive.

1. Your message dated 15 September 1945 asking for clarification of the memorandum issued by the Supreme Commander for the Allied Powers on 10 September 1945 regarding censorship has been received.

2. The answers to your questions are as follows.

a. Communications from the Supreme Commander for the Allied Powers to the Japanese government will be regarded as "officially released" only when they have been cleared by the Public Relations Office, General Headquarters.

b. Official announcements by local occupation headquarters will be treated in the same manner as official announcements by the Supreme Commander in that they will be regarded as "officially released" only when cleared by the Public Relations Office of the local occupation Headquarters.

c. Communications from the Commanders of local occupation Forces stationed in various districts of Japan will be regarded as "officially released" for publication only when cleared by the Public Relations Office of the respective local Occupation Force Headquarters. The information regarding the occupation by any advance units of various areas of Japan will be treated as "released" when cleared by the Public Relations Office of that advance unit.

d. At the present time no broadcasts originating in Japan are to be permitted except those originating from Radio Tokyo. With reference to local news broadcasts concerning the occupation by Allied troops, such news can be initiated by the local radio station if it has been cleared by the Public Relations Office of the Occupation Troops in each respective area. The broadcasting of local comments regarding foodstuffs and local environmental conditions is permitted so long as such broadcasts are first cleared through the Press, Pictorial, and Broadcast Division of Civil Censorship Detachment.
