## Directory Borrowers

(From 1907 Montreal Directory.)

Many are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers; not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but business men who continually need it for reference, yet are too close-fisted to buy one. These are the individuals who carry off your Directory "just for a few minutes," which generally means A FEW DAYS unless you send for it before; then you have scarcely housed it before some one else presents the request "Please lend me your Directory for a few minutes?" Perhaps you won't see it again for a week; yet this same borrower will tell our solicitor that he has no use for a Directory, he "knows everybody" and "everybody knows him."

# The North Adams Transcript.

## A HOME PAPER IN A COMMUNITY OF HOMES

The Transcript has admirable resources for covering all of the daily events, both of greater or less importance, in its territory. No other newspaper in this field gives such early or complete reports of all happenings bearing upon the life of this community.

The Transcript receives the reports of the Associated Press, the most perfect news-gathering service in the world, and also has special representatives in many cities.

Stories of local interest are illustrated with photographs reproduced by the Transcript's photo-engraving department.

### Advertising Department

The Transcript prints 6,000 copies daily.

In North Adams the Transcript sells over 25 per cent more papers than do all its North Adams, Springfield, New York and Boston contemporaries combined.

The out-of-town circulation averages daily over 2,500 copies, Adams and Williamstown taking most of them. This fact is of vital interest to every live North Adams merchant.

The readers of the Transcript embrace all classes. The paper is read from front page to last.

Advertising space in the Transcript costs less per 1,000 bona fide circulation than in any other newspaper in Berkshire County.

Circulation books are open to inspection at all times.

A. W. HARDMAN, Publisher.

## Directory Borrowers

*(From 1907 Montreal Directory.)*

Many are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers; not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but business men who continually need it for reference, yet are too close-fisted to buy one. These are the individuals who carry off your Directory "just for a few minutes," which generally means A FEW DAYS unless you send for it before; then you have scarcely housed it before some one else presents the request "Please lend me your Directory for a few minutes?" Perhaps you won't see it again for a week; yet this same borrower will tell our solicitor that he has no use for a Directory, he "knows everybody" and "everybody knows him."

## To Find a Name

*You must know how to spell it. It is not uncommon for members of the same family to spell their name differently, preserving the pronunciation. A few instances as follows: Brown, Browne; Cain, Kain, Kane; Cavanaugh, Cavanough, Kavanough; Chase, Chace; Cohen, Cohn, Kohn; Kelley, Kelly; Kenney, Kenny, Kinney; Miller, Mueller, Miehler; Paine, Payne; Read, Reed, Reid; Rider; Ryder; Hines, Hynes; and especially the French names.*

*Directories are arranged and printed in exact alphabetical order. If the examiner knows the way the name is spelled and follows out the order of the alphabet, he will save time and vexation of spirit.*

We wish to thank the enterprising business and professional men whose names appear in Black Type in this Book, for the hearty support given us, and hope that others in the future will support a legitimate medium, which not only offers the best advertisement of their business, but also advertises our city.

The patrons of the City Directory can rest assured that it is our purpose to keep the Directory up to its present high standard, and new features will be added from time to time, as they present themselves.

Respectfully,

## Training Schools

Mark Hopkins School, North Adams

Broad Brook School, Williamstown

Briggsville School, Clarksburg

Candidates for admission to any of the Normal Schools must have attained the age of sixteen years and must be free from disease or infirmity which would unfit them for the office of teacher. Their fitness for admission will be determined:—1, by their standing in a physical examination; 2 by their moral character; 3, by their high school record; 4, by certificate or by a written examination; 5, by an oral examination.

Candidates will be received upon certificate if they have attained a standing of at least 80 per cent in the following subjects: English, Latin or French; Algebra, Plane Geometry; United States History and Civil Government; Physiology, Physics or Chemistry; Physical Geography or Botany; Drawing, Music. Reasonable allowance in equivalents will be made in case a candidate, for satisfactory reasons, has not taken a study named for examination. Successful

experience in teaching is allowed to be taken into account in the determinations of equivalents in the entrance examinations.

Times of Examination.—Entrance examinations for candidates will be held September 8 and 9, 1908, June 24 and 25, 1909,

General Two Years' Course.—This course is designed primarily for those who aim to teach in public schools below the high school grade.

Three Years' Course —This course includes the subjects of the two years' course and additional elective studies from the mathematics, science, language, art and psychology. This course will fit graduates for highest grammar grades and departmental teaching.

Kindergarten Primary Course.—This course extends through a minimum of two years and includes such studies of the two years' course as immediately pertain to kindergarten work, instruction in the history and theory of kindergartens, and practice in teaching.

Special Course for Teachers.—Teachers of several years of successful experience in teaching, who give evidence of maturity, good scholarship, and of aptness to teach, may with the consent of the principal and of the board of visitors select a course, including the course in psychology and pedagogy, and when such course is successfully completed they shall receive certificates for the same.

School and Home Gardening: Nature Study—This course is arranged to prepare departmental teachers of school and home gardening and nature study in grades preceding the high school.

The length of time required to complete this course depends on the scholarship and previous teaching experience of the candidate. A graduate of a first-class high school who has had no experience in teaching will require three years to do the work; a graduate of a normal school (Massachusetts) will require one year, if without experience in teaching. The time required by college graduates and by teachers of recognized ability will be determined by individual considerations.

Agriculture and Horticulture: Nature Study—This course is arranged to prepare departmental instructors for all grades in public schools (including the high), and supervisors of the work in districts, towns or cities.

Four years will be required ordinarily to complete the course. Graduates of normal schools will require two years of additional

---

work, much of which will be done at the college. For college students this course will be a constituent part of their educational course, and most of the pedagogical work will be done at the normal school. Graduates of colleges and teachers of recognized ability may take elective courses, the time required being determined by their respective qualifications.

In addition to these courses, special opportunities are offered for professional preparation for departmental teaching, in elementary grades, of—

Manual Training—Carpentry, cabinet work; bent iron, brass and copper work; paper and cardboard work; textile weaving, basketry; printing.

Domestic Arts—Cooking; sanitation; sewing; laundering; emergency aid and home nursing.

These courses are open to high school graduates, normal school graduates, college graduates, teachers of recognized ability, and others who possess the requisite qualifications. The length of time required to complete a course will depend on the technical skill, scholarship and previous teaching experience of the candidate.

Drawing, English, science, mathematics and pedagogy will be included in some measure in each industrial course.

Vacation Courses.—Teachers desirous of spending their vacations at the school are cordially invited to come at any time. Observation work, study of elected subjects, participation in regular and special courses, and preparation of teaching material are offered in all departments of the normal and training schools.

Tuition.—Tuition is free to all residents of Massachusetts. For others the tuition is fifty dollars a year. Text books and supplies are free as in the public schools. State aid to a limited extent may be granted to deserving persons, citizens of Massachusetts, after they have been in attendance for at least one term, provided they do not live in towns where normal schools are situated.

The Dormitory.—The dormitory provides accommodations for sixty students. Two students occupy one room. The rooms are furnished with the exception of bedding and towels. The price of board is \$160 for the school year, payable in advance, in four payments, one every ten weeks, beginning with the opening of school in September.

We wish to thank the enterprising business and professional men whose names appear in Black Type in this Book, for the hearty support given us, and hope that others in the future will support a legitimate medium, which not only offers the best advertisement of their business, but also advertises our city.

The patrons of the City Directory can rest assured that it is our purpose to keep the Directory up to its present high standard, and new features will be added from time to time, as they present themselves.

Respectfully,
