TRIAL OF CREECH ON FRAUD CHARGE
Superintendent of Labor Bureau Before County Court

Andrew Sharp Watkins, attendant at the Wilkinson Road Mental Home, at whose instance the charge was laid against Stanley Harvey Creech of attempting to obtain by fraud the sum of \$150 from the Government, proved a reluctant witness to-day when the case came on for hearing before Judge Lammman in the County Criminal Court. Mr. Creech is Superintendent of the Labor Bureau here.

H. A. Maclean, K. C., for accused, while cross-examining Watkins declared that there had been a little game on in the Cameron-Sutton-Creech matter, and he forced witness to admit that he had been approached by Thomas Cameron at Colquhoun and had a conversation with Mrs. Sutton before the charge was laid.

"Did not Cameron tell you if Creech were arrested and fired that Cameron would get his job?" demanded Mr. Maclean, to which witness answered: "Possibly, yes."

The First Case. In answer to Mr. Maclean witness admitted meeting Mrs. Sutton, who told him that the Cameron-Sutton-Creech matter had been discussed and she had been approached by Thomas Cameron at Colquhoun and had a conversation with Mrs. Sutton before the charge was laid.

When the cheque was produced, made out in favor of Watkins for \$150, and endorsed first by him and then by Creech, Watkins admitted it was his signature.

Col. Robertson. Colonel F. A. Robertson was the first witness. He said he had charge of the Watkins loan file and identified the cheque, signatures and correspondence in which accused was for the loan and guaranteed its repayment.

Mr. Maclean—"What did he want and whom did he represent?" Witness—"He wanted to see the cheque issued to Watkins. He didn't represent anybody. He looked at the signature and seemed satisfied. He noticed it was endorsed by Watkins and Creech and mentioned that no doubt Creech identified Watkins at the bank, and for that reason signed it."

Cameron, he said, Mr. Twigg advised witness to see C. L. Harrison, the City Prosecutor, which witness did and then laid an information against Mr. Creech for swindling \$150, the property of Watkins.

Mr. Maclean—"If, as you say, that was not a loan to you, how did you dare to swear to that. Was it your money?"

Witness replied that Cameron had told him that there was a book that had something in it that would help to prove the case.

Identification of Signature. Robert Donald Smith, secretary of the B. C. Returned Soldiers' Commission, also identified the papers and signatures. He said the matter first came up when H. D. Twigg appeared on the scene and asked to examine the Watkins loan file.

Mr. Maclean—"Did you authorize Mr. Twigg to go over to the Parliament Buildings and assure them you were able to repay the loan?" Witness—"No."

Question—"But before that you had a visit from Thomas Cameron?" Watkins—"Yes, two or three days before."

Mr. Maclean—"He was looking for chickens?" Watkins—"Yes."

NEWS GIVEN ON WHEAT MARKETING
Commons Committee Hears Opinions About Wheat Board

Ottawa, April 7.—(Canadian Press)—The two main objections to re-establishing the Canada Wheat Board were dealt with this morning by Hon. J. A. Maharg, former member of the House of Commons, who spoke for the wheat growers before the Commons Committee on Agriculture.

Mr. Maharg said those objections were to the compulsory feature of the board and the interference with the consumer's purchasing facilities.

The farmers placed their faith in the board rather than control the whole of the wheat crop of the whole of Canada, which check fluctuations than actually to raise the price, Mr. Maharg declared.

Under the title of "The Spring of Business Activity," and in conjunction with the business course of the Alexander Hamilton Institute of New York, Edward W. Beatty, president of the Canadian Pacific Railway, has contributed an authoritative article dealing with business activity in Canada.

Some extracts and aphorisms from the pamphlet are as follows: "Eliminate effort and you drain the Spring of life. It is not attainment so much as the striving for it that lends zest to our existence."

In regard to "Man's Struggle with Nature," he says: "It is not only the first law of nature; it is the first law of business. Every man struggles to maintain his own for himself."

Regarding "Interference of the State as a Regulating Factor in the World of Business," he writes: "The Exercise of State Interference can be just as excessive as business enterprise. It is, as it were, a corrective medicine. Now medicine may be sometimes used for the wrong man. It does not, however, follow that in order to be well we should be fed only on pills."

Looking out of the prairie provinces, and their lands were going to the loan companies. Hon. H. H. Stevens remarked that thousands went to British Columbia well provided with money and retired.

Thinking twice and read the store advertisements before you buy one article. It's like looking before you leap for the sake of a successful landing.

word, our individuality will always be guided in the right direction. Such a spirit will conduce more than anything else to success, but the success will not be achieved at the cost of the public welfare, and it will obviate all likelihood of the public wasting time, energy and money in attempting to run your business for you.

"If I may be permitted to give an instance from the history of the company which I have the honor to serve, I should like to illustrate my argument from the case of the Canadian Pacific Railway. That railway holds the unique record of being the only large private railway enterprise in the world that escaped the fate of being taken over by its government, even temporarily as a result of the Great War."

This was merely a vivid expression of the cardinal policy of the men who established the company that courted and considered to be the watchwords of this private enterprise. These men were all imbued with an intense patriotism and belief in building up their country. Service was the very breath of their nostrils. The result was that they established not only a successful railway, able to weather severe financial storms, but they also established a popular railway in which the people of Canada had confidence.

Ambition
The mainspring of the world's progress is ambition. You want to do something fine, you want your children to be fine, you want a fine business so you are ambitious for your children, your business and yourself. If you have sufficient self confidence, or confidence in your children and your business, the things you are ambitious for are obtainable. Lack of confidence is a rock of ages and a stumbling block of unthinkable proportions. The merchant who lacks confidence, who is a timid advertiser, shares the fate that is meted out to the half-hearted in every walk of life. He never realizes his dreams—his ambitions become dead things.

ROB ROSE GARDEN OF CHOICE BUSHES
Almost beneath the nose of the chief law officer of the Crown in British Columbia, vandals last night robbed the Provincial Government of some of the choicest products of the Province. The name of the number of fancy rose bushes. These were lifted from their beds near the fountain, Parliament Square where they had been installed by Chief Gardener John Partridge in person with the hope that their flowering glories would, this Summer, attract the eyes of visitors. The city police have been notified and constables will this Summer, search the gardens of Victoria to locate these unusual blooms.

IMMIGRATION POLICY FORMED

Will Be Announced Shortly in Canadian Commons

Ottawa, April 7.—Immigration estimates passed the House last night after some discussion, and after an intimation that the Government would announce its immigration policy when the general immigration estimates are under consideration. The amounts were \$212,265 for salaries and \$50,000 for contingencies. It was shown that immigration to Canada in 1921 totalled 148,000, as compared with 48,000 in 1916, but statistics of those who had left Canada were not available.

London, April 7.—(Canadian Press Cable)—The Bishop of Birmingham, presiding at a meeting convened by the National Council of Public Morals to discuss the re-invigoration of the British race, said he regarded emigration as one means to the desired end.

The Duke of Devonshire spoke on the attractions of Canada and declared it was important that there should be a greater flow of Britishers to Canada than at present. Sir Rider Haggard said the Dominions were seriously under-populated. He did not favor sending out the nation's young men and women. He preferred the family migration or the block settlement system. He believed it would be cheaper for the Government to bear the whole cost of sending out emigrants and even to buy the land on which they could settle, than continue the present system of doles and poor law relief.

Sir Joseph Cook, Australian High Commissioner, urged the claims and needs of Australia, emphasized the Antipodean determination to "keep white" and not mix with inferior races. Australia, he said, wanted British emigrants and British capital to promote development.

FIRST OF NINE LOCKS OPENED

Canalized River System in South Australia

London, April 7.—Hon. W. Hague, Minister of Public Works, of South Australia, formally opened the Blanchetown Lock, the first of a series of nine locks to be built by South Australia to harness the Murray River and insure a continuous navigable waterway and irrigation supply from Wentworth to the mouth of the Murray River, says Reuters' correspondent in Adelaide Australia. The work of constructing the locks was begun nearly seven years ago, but it has been delayed by industrial troubles. When the whole project is completed there will be a permanent navigable waterway of 1,066 miles and a vast increase of irrigable lands.

WINE AND WHISKY THROWN AWAY BY DUBLIN EXTREMISTS

Belfast, April 7.—About 100 members of the "Irish Republican Army" forced their way into the bonded stores of the customs house in Dublin last night, according to a dispatch received here, and smashed the casks containing wine and whisky. The damage is estimated at hundreds of thousands of pounds. The wine and whisky are believed to have been shipped from this city. (Southern extremists recently have destroyed much merchandise shipped from Belfast following the lifting of the boycott on such goods.)

The Kidneys

The office man and the outdoor worker suffer alike from derangements of the kidneys.

Backaches and headaches are among the symptoms. In some cases Bright's disease soon develops, others suffer from high blood pressure until hardening of the arteries sets in.

In order to forestall painful and fatal diseases prompt action should be taken at the first sign of trouble.

Mr. A. D. MacKinnon, Kirkwood, Inverness county, N.S., writes:

"I can highly recommend Dr. Chase's Kidney-Liver Pills to all suffering from weak kidneys. I suffered from kidney disease for a long time. I may also say that for three years I was nearly always troubled with headaches, and no treatment seemed to do more than afford temporary relief. It was finally told of Dr. Chase's Kidney-Liver Pills, and after using a few boxes was completely relieved. I have also used Dr. Chase's Ointment with the best results, and never fail to recommend these wonderful remedies."

NATIONAL DEFENCE BILL ADVANCED

Commons Leaves Mounted Police Outside the Measure

Ottawa, April 7.—The bill to create a Department of National Defence stands for third reading in the House of Commons. It was put through the committee stage in the House last evening, an important amendment being made to exclude the Royal Canadian Mounted Police from the scope of the bill. The new department will therefore comprise only the Military, Naval and Air Forces.

When the bill was last before the House objection was made to the inclusion of the Canadian Mounted Police on the ground that it was essentially a civil organization. Last evening Hon. George P. Graham, who was in charge of the bill, himself moved the amendment, and it was carried without objection.

Another amendment made affects the superannuation allowance of officers to be retired. The original bill authorized the Government in such cases to add from one to three years to the actual term of service. An amendment reduces the years which may be added to from one to two years.

Plans for the retention of experienced and highly trained military officers were made in the course of the committee stage.

Opinions. When the clause providing for the inclusion of the Royal Canadian Mounted Police in the amalgamation of departments came up, Mr. Graham stated that there appeared to be a difference of opinion in the House as to whether this department should be included. He was not inclined to combat the view that it would be unwise to take in the Mounted Police, but he warned the House that it would be impossible to effect as great economies through the amalgamation if this department was excluded. He was aware that many members were of the opinion that the Mounted Police force should be greatly decreased and confined to the unorganized territories, but he questioned whether police work could be left to the provinces at present.

For Law and Order. Rt. Hon. Arthur Meighen congratulated the Minister of Militia on his decision. The Mounted Police were part of the defence forces of Canada, but were for the purpose of maintaining law and order. The damage to the country was a natural work of the Department of Justice. It could be as economically managed and as much economy could be accomplished under the Justice Department as under the Department of Militia.

M.P.'S DEBATED MANUFACTURE OF IMPLEMENTS

Ottawa, April 7.—(Canadian Press)—The House of Commons voted \$52,324 salaries and \$4,900 contingencies when the Civil Government estimates of the Customs and Excise Department were taken up last night. This is an increase of \$110,745 over last year.

The House heard a lot about drawbacks after several Progressives had asked for information and Hon. Jacques Bureau, the Minister, had replied that the benefit Canada got lay in having the raw materials manufactured in Canada. Hon. T. A. Cramer remarked that official Opposition members who had cheered seemed to be in high glee, but would the Minister tell him if the drawback system did not mean dearer implements for Canadian farmers. If the material was imported and duty paid, were the manufacturers able to sell implements cheaper in the United States than to Canadian farmers because under the drawback system 90 per cent. of the drawback was given to the manufacturer when the goods went back over the line? Progressive members cheered loudly, and again when their leader asked, "And will the Minister say that this is a desirable policy for Canada to follow?"

Mr. Bureau contended that the use of the materials in Canada, the keeping of Canadian workmen in employment and consequent circulation of money in wages were a compensating balance.

Hon. J. B. M. Baxter took issue with the statement that farm implements were dearer because of the duty. W. Caldwell, Progressive, Carleton-Victoria, said Ford cars were \$260 higher in Canada than in the United States. This was evidently a case of the advantage of duty. It was also a fact that in towns in New Brunswick and Maine, a few miles apart, farm implements in the Canadian town were dearer in the case of one machine by \$65 than in the American town. Fertilizer also was higher in Canada.

ACCIDENTS IN BRITAIN.

London, April 7.—Official figures just published show that there were 3,345 fatal accidents last year, caused by vehicles in the United Kingdom last year, just eight more than in 1920.

The number of accidents which did not prove fatal, but resulted in personal injury, however, increased by more than 6,000 to 61,900.

In London there were 571 fatal street accidents last year, and 22,647 that were not fatal.

NARCOTIC DRUG ACT OF CANADA TO BE AMENDED

Ottawa, April 7.—The Government will bring down an amendment to the Opium and Narcotic Drug Act looking toward the prevention of the illicit drug traffic, it was stated in the House last night by Hon. H. S. Beland, Minister of Health, in reply to Hon. H. H. Stevens. The Department of Health's estimates of \$147,307.50 for salaries and \$17,000 for contingencies, passed the House with practically no discussion.

Dr. Beland also promised an opportunity to discuss the medical examination of immigrants when the main estimates of his Department were under discussion. Royal Mounted Police estimates of \$12,245 for salaries and \$5,000 for contingencies, were brought up. Hon. G. F. Graham, sponsoring the vote, said that in view of the plan to reduce the force, it was not considered necessary to continue engaging permanent clerks, and therefore he moved a reduction of \$5,825.50 in the salary estimate. The vote as reduced immediately passed.

ALLEGED ATTEMPTS TO MURDER JEWS

Moscow Soviet Leaders Say Black Hundred Busy

Moscow, April 6.—(Associated Press)—The official Soviet Rosta Agency to-day says there have been several attempted pogroms in Moscow, where the Black Hundred Monarchists are carrying on an anti-Semitic propaganda in connection with the regulation of church treasures. The news agency declares the apparent object of these activities is to strengthen opposition to the requisition. The Soviet authorities have announced that more than ten tons of silver and 127 pounds of gold have been requisitioned so far from the churches, all of which, says the Rosta Agency, will be used exclusively to buy food for the famine sufferers.

LABORITES DEFEATED

London, April 7.—With the exception of Poplar and Shore-ditch, where five and six seats respectively were gained with increased majorities, also successes in St. George's-in-the-East, Mile-End and Bernonsey, the Laborites were crushingly defeated in the poor law guardians' elections. This was notably the case in London, where Lewisham, Hammersmith, Chelsea, Fulham, Lambeth, Paddington, Bethnal Green and Westminster ousted the Laborites from their seats. In Woolwich they now number 11, as compared with 18 prior to the elections; Stepney 3, compared with 14; Wandsworth 11, compared with 21; Islington 5, compared with 14; Southwark, 1 out of 30, and Marylebone, 3 out of 24.

BIG PRICE FOR STAMP.

Paris, April 7.—A penny British Guiana stamp, issue of 1856, black on carmine, sold yesterday for 300,000 francs at the auction sale of the famous Baron Ferrari collection. This price, plus the state tax, making a total of 352,500 francs, was the highest price ever paid for a stamp in France. The specimen was sold to an American.

DODD'S KIDNEY PILLS

TO CANADIANIZE PRAIRIE SETTLERS

Rev. Dr. Chown Opposes Block Settlement Plan

St. Catharines, Ont., April 7.—That conditions among the foreigners on the Canadian prairies were disgraceful was a statement of Rev. Dr. S. D. Chown, General Superintendent of the Methodist Church in Canada, in an address yesterday before the St. Catharines and District Ministerial Association. Marriage, he said, was altogether too devoid of sentiment and merely an economic convenience. Conditions of living were appalling, the house being generally of only one room, one end of which was occupied by the cattle. Beds they had none, boards being laid along the floor by the side of the walls for sleeping purposes. Sanitary laws were unknown and unenforced. He denounced the present system of segregation, because there was no possibility of connecting the people with Canadian ideals. In his opinion, the only way to save the prairies was to distribute the immigrants among the white population and abolish the settlement of whole blocks of land with foreigners. By contact with a high level of living they could be imbued with different ideals from those obtained in their own country, said Dr. Chown.

FUNDS FROM U.S. ARE USED ABROAD

Washington, April 7.—Large increases in the offerings of foreign bonds, especially foreign Government bonds, in this country during the past few months were reported today by the Federal Reserve Board. From the beginning of the year to March 15 the Board said that the total of foreign dollar loans issued in this country was \$263,000,000, while during the year 1921 the total was \$550,303,000. Of the total during the present year, \$231,500,000 represented foreign Government and municipal loans, while \$31,500,000 was corporation loans.

INCREASED OFFERINGS OF FOREIGN BONDS IN REPUBLIC

The whole question of international investment of capital and the rehabilitation of foreign countries, it added, "is evidently assuming fresh importance. This is partly due to the fact that the market for capital has improved and that the possibility of placing capital issues is considerably greater than on former occasions."

You can't afford to live uncomfortably. Look for a new boarding place, in the classified advertisements.

ANTI-COMBINE BILL IN ONTARIO

Effort to Prevent Fixing of Prices

Toronto April 7.—An anti-combine bill was introduced in the Ontario Legislature yesterday afternoon by Attorney-General Raney. In explaining its purpose, Mr. Raney stated that it attempted to cope with methods of placing restrictions on resales. At present, manufacturers frequently stipulated that wholesalers should sell their products at a certain price or incur penalties. Sometimes they even went a step farther and set a price at which the retailer should sell the goods. Another practice was for a number of manufacturers or other persons to refuse to trade or deal with any person in their association or outside of it who refused to abide by the prices fixed.

REFUNDING LOAN TO BE FLOATED

Ottawa, April 7.—Provision for the floating of a refunding loan some time during the present fiscal year by the Federal Government was made in the estimates for charges of management yesterday afternoon. The item in question totalled \$265,000, which is an increase of \$148,425 over last year. One hundred thousand dollars of this increase came in the provision for "enslaving" clerks, etc., for the flotation of a loan, which Hon. W. S. Fielding stated was necessary this Fall. The balance of the increase was made up largely in provision for express charges. These, the Minister of Finance stated, were increased because of the heavier output of Canadian gold, which was shipped through the mint at Ottawa to the United States.

VETERANS URGED TO TAKE WORLD VIEW

St. John, N. B., April 7.—R. B. Maxwell, president of the G. W. V. A., in an address here last night, urged the G. W. V. A. members to develop an international viewpoint, but advocated an active interest in local and civic affairs.

Diffusing the international aspect of the veterans' organization, Mr. Maxwell said they would exert a great influence on those who might want to begin another war, as the men who must do the fighting would not go to war unless they went in the cause of right.

TAG DAY FOR MILK.

It may not be common knowledge that over one thousand children in the public schools of Victoria are being provided with a liberal daily ration of milk by the O. M. Jones Chapter of the Daughters of the Empire. It is none the less true and it is gratifying to learn that many of the children who come from homes whose larders are not always supplied with as plentiful a stock of nutritives as could be desired are developing stamina as a result of the ministrations of this enterprising body of Victoria women. Some of the children pay a nominal fee for the milk supplied; but in most cases it is provided without cost from the funds which the Chapter has raised from time to time during the last three years. It is because of the marked improvement that is to be noted in the general appearance of the children that this phase of the activities of the Chapter are to be continued and extended. That involves the collection of more funds and that is the why and the wherefore of to-morrow's tag day. It is unnecessary to dwell upon the hygienic benefits that must follow in consequence of this particular form of public service; it is taken for granted. We merely ask that Victoria will be just as generous to-morrow as it has been on many a previous occasion of like nature.

NEW SOUTH WALES.

Success for the National Liberal Party in South Australia and Labor's decline in Queensland may have been factors in the downfall of the Dooley Government in New South Wales. Viewed from this range this latest defeat which Labor has suffered would seem to suggest that a general reaction has set in throughout the Dominion against the continued state of industrial unrest.

New South Wales furnishes the rest of the world with many and novel experiments in Government ownership and operation of industry. Not a few of these departures were actuated by a belief that private contractors for the vital public service were reaping rewards which the Government considered should belong to the State. On this basis, and with a general verdict against the legitimate enterprise of private capital, the people discovered themselves partners in brick works, refrigerating plants, and numerous other projects which have never ceased to be the target for Opposition criticism. All this has taken place in the very centre of industrial Australia—a section of the country most frequently and seriously involved in the numerous strikes of the last three years. The defeat of Mr. Dooley and the swing of the pendulum in other parts of the country do not guarantee the return of Premier Hughes to office after the coming general election; but the combination of developments that has given the National Liberal Party added prestige should at least augur well for the Commonwealth.

THE R. C. M. P.

Popular opinion in this country will welcome the decision of the Dominion Government to remove the Royal Canadian Mounted Police from the jurisdiction of the Department of Militia and Defence and restore it to the control of a civil branch of the public service. Although this magnificent force has already lost some of its identity through its altered name its absorption by any other organization would gradually deprive it of traditions which are indissolubly linked with the modern development of this Dominion. It is true that the greater number of its members have borne arms for the Empire; but the men of

this force are soldiers only to the extent that they constitute the national police.

As the "riders of the plains" these men have written an unparalleled chapter of this country's history. What the outside world did not know about the heroic exploits of this magnificent force three or four decades ago the historian has related in the meantime. Its romanticism and picturesqueness have furnished the producer of modern films with material of untold value. But the law-abiding Canadian who would consent to the abolition of the R. C. M. P. or any policy that would destroy its appeal, even to the most unimaginative, would be difficult to find.

NARCOTIC DRUG ACT.

According to a letter which the Victoria Gyro Club has received from Dr. Tolmie we are informed that there is an opinion in Ottawa that the Narcotic Drug Act is sufficiently elastic to enable the Magistrate to impose a penalty upon the illicit trader that should thoroughly dampen his ardor. But it is suggested that the way is not so clear to alter the law to the extent that it would abolish the option of a fine. While both these arguments may be true and sound from a legal standpoint, the average individual who has any regard for the serious inroads which the drug traffic has made into the lives of the people of this country will not be able to understand why the law could not be made stricter so as to put the trafficker out of the way.

EDUCATION COSTS.

While there will continue to be a difference of opinion between the members of the British Cabinet and the Geddes Economy Committee as to what percentage of the retrenchment programme that is contained in the Committee's report should be put into operation it is interesting to observe what Mr. Lloyd George and his colleagues think of the suggested cut in the country's education costs. Eighteen million pounds would be lopped off if the Committee's suggestion were to be adopted; but the Cabinet—recognizing the vital importance of education, and particularly technical training—does not propose to consent to a reduction of more than six and a half millions. To go further than this would be tantamount to a reversal of the policy adopted by the Government immediately following the war. It was recognized then that increased facilities would have to be provided for technical education if the rank and file of Britain's artisans were to compete with the average German worker. For this reason this particular branch of the public service has received special attention during the last three years and more money has been expended upon its development.

THE REAL TROUBLE.

What Colonel Archer Shee let out of the bag some time ago at the Unionist Convention at Liverpool has been released again by Sir William Joynson-Hicks. "What I object to is the application of Liberal principles to a Conservative policy," said the mover of Wednesday's resolution of censure upon the Prime Minister and his colleagues. But there is no news in the reminder. Of course it goes hard with the resolute opponents of Mr. Lloyd George when they see him getting away with fresh laurels all the time. But what can the "die-hards" do about it as long as there are so many Unionists in the House who are satisfied with the "application of Liberal principles to a Conservative policy?" In any case Wednesday's vote shows pretty clearly that Mr. Lloyd George is in no danger from Parliament at present.

USELESS WORDS.

While the City Council is quite right to refuse to be moved by any communication "demanding" this, that or the other, it should bear in mind that a hungry man is apt to pay scant regard for decorous phrasing. He will always study the best means of obtaining the next meal before consenting to ponder over a book of synonyms. At the same time it may be sup-

posed that the Amalgamated Society of Carpenters and Joiners will take the hint that its communications to the City Council in future will be more favorably received if they are couched in terms that are less offensive than the one which evoked the comment of Alderman Todd on Monday night.

NOTE AND COMMENT

It is now understood that Mr. Lloyd George and Mr. Austen Chamberlain have come to an arrangement to postpone the general election in Britain until the Fall. "This week's business would seem to justify the course."

The Seattle Times is under the impression that fifty-three of our Sunday traders were arrested last Sunday. We assure our contemporary across the way that it was a very painless and quite a good-humored procedure.

While a warm advocate of the limitation of naval armaments Lord Lee does not believe that the battleship has lost its prestige as the basis of sea power. He is rather inclined to discount most of the suggestions which purport to enthrone the battling aeroplane as the prime factor of the future. The world still hopes there will be no further practical demonstration of organized destruction on the sea or in the air or under the sea or on the land.

BRITISH AND FRENCH TO MAKE THE GENOA MEETING A SUCCESS

(Continued from page 1.)
 nomic Conference, is accepted as a symbol by the Genoaese that Genoa has discovered a new world, and that the ancient Italian city, again moulding history, will prove the central point for the rebuilding and saving of the Old World, suffering from the effects of the Great War.

Nothing could be in greater contrast to the stately modern Washington as the seat of a great conference than Genoa, for here almost everything suggests the remote past—an antiquity antedating the Christian Era. Ancient palaces and churches, rambling thoroughfares, some so narrow that they seem mere sword clefts in piles of ruins, meet the eye on arrival, while numerous strolling guardsmen and occasional bodies of troops moving slowly through the city instinctively warn that Genoa is about to be the theatre of an immense world effort to bring about order.

Hope. Hope and confidence pervade all. It is the universal expression and opinion that at Genoa the nations must and will do something to save Europe, and that if the statesmen fail, then Europe will fall into hopeless confusion and possible anarchy. If anything were needed to prove the strange urgency of political conditions, the arrival of the Russian Soviet delegates furnished it. They came with the secrecy and military precision formerly reserved for kings and emperors.

COMMUNISTS OF ITALY WELCOME SOVIET DELEGATES

Santa Margherita, Italy, April 7.—The Russian Soviet delegates to the Genoa Conference were visited today by the Italian Communist Deputies, Bombacci, Graziani and Marabini, who greeted them in the name of their Italian compatriots. M. Tchitcherin, Soviet Foreign Minister and head of the Russian delegation, in answering, declared the cordiality shown the Russians by their Italian brothers afforded them the greatest satisfaction.

The conversation lasted more than half an hour. The Communist Deputies assured the Russians they believed no untoward incident would occur during the conference, but stated the Italian communists were ready to offer any attack on the Soviet delegation.

SEMENOFF ARRESTED IN NEW YORK CITY

(Continued from page 1.)
 mourn that my men did so by ghastly error. For this tragedy, however, my men suffered. I court-martialed and shot Lieut.-Colonel Popoff because he was in command of the men who fired on the box car sheltering your splendid soldiers. Likewise I court-martialed and kicked out of my splendid army General Dodomez because he was partly responsible. I recall no looting such as I am charged with. There is a possibility that my men took these goods. How am I to tell? Innumerable suits of this sort have been filed. All is chaos.

For Money. "Why am I come to America? Ah, if you were to see but a portion of the misery that is upon Siberia, the land that is nearest my heart, you would not ask. I am come to ask for money, that the starving women and children and the brave men of Siberia be saved with bread. I am coming as the humanitarian."

Then, too, Madame Semenoff is not well. She will undergo an operation. She says now that she will go to jail with me. That will kill her. Ah, Semenoff, the Cossack the man who has been painted red with blood, is but a woman at heart." General Semenoff has been made defendant in a suit brought by the Yurevata Company in which it is charged that the theft by his troops of the company's goods forced it into bankruptcy. The order for his arrest Justice Delehanty said, grew out of the suit.

ANOTHER ARTICLE ON GRAND TRUNK

London Paper Gives Views on Arbitration

London, April 7.—(Canadian Press Cable)—The Outlook, the weekly paper which recently expressed itself strongly against Canada's treatment of the Grand Trunk Railway shareholders, returns to the Grand Trunk matters this week. It admits that its own advertisement announcing the publication of the original article a fortnight ago headed with the question "A dishonest Dominion?" was declined by several newspapers in London.

This week's article in The Outlook, referring to the defence in Canadian papers of the Grand Trunk arbitration, says the defence appears to fall under two heads. The first of these is that the Canadian Government advanced large sums to keep the Grand Trunk Railway from bankruptcy and the second that the Grand Trunk accounts were deliberately falsified. The Outlook declares that this is no defence to its charge alleging that the Grand Trunk Railway stock was being taken without payment of a penny for it.

"The charge that the company's officials falsified the books is essential to the Outlook's case against individuals." The Outlook says "it has nothing in the world to do with the value of the property belonging to innocent shareholders."

Further, the paper says: "We were careful to say in our first issue that we held no brief for the Grand Trunk Railway, which, for all we know, may have been the worst managed concern in the world." The Outlook wants the views "of our Canadian friends" concerning the stipulation in connection with the arbitration that there should be three arbitrators, one for the Canadian Government, one for the Grand Trunk and the third to be chosen by the other two. "As the time drew near for the arbitration," says The Outlook, "the Government withdrew this offer, and insisted that the third arbitrator must be a Canadian judge."

The Outlook asks: "Why was not the Government content with the first arrangement? Perhaps in view of the fact that many millions of pounds of English money is involved, an Englishman might have been proposed."

FEDERAL CABINET IS CONSIDERING NEW LIQUOR LAW

Ottawa, April 7.—Hon. H. H. Stevens, Conservative Vancouver Centre, drew the attention of the Government in the Commons yesterday afternoon to a press report that the Attorney-General of British Columbia had proposed important Federal legislation for the restriction of importation of liquor into those provinces where it is sold. He asked whether the Government proposed to bring down such legislation. Premier King stated the subject was under consideration. No final decision had been arrived at yet.

ICE WILL BE PLACED IN CARS WITH SPEED

Vernon, B. C., April 7.—The Canadian Pacific Railway has completed at Okanagan Landing an extension of its ice house, giving about 29 per cent. additional storage capacity. Besides this there will be an improved method of icing cars which will enable the workmen to crush the required ice in advance of arrival of cars, so that when they come off the lake, loads may be sent to the icehouse and the entire trainiced with one movement of the switch engine. It is expected that cars will be iced in about four minutes each, it was stated by Superintendent McNabb, who was in the city this week.

LORD CRAWFORD INVITED TO JOIN BRITISH CABINET

London, April 7.—(Canadian Press Cable)—Premier Lloyd George has invited Lord Crawford to become a member of the Cabinet. He was formerly Junior Lord of the Treasury and President of the Board of Agriculture and Fisheries. He was Lord Privy Seal in 1918-19. Sir William Sutherland, Coalition Liberal member for Exeter, Junior Lord of the Treasury, has been appointed Chancellor of the Duchy of Lancaster, in succession to Viscount Peel, now Secretary of State for India.

VERNON CUSTOMS AND EXCISE FIGURES SHOW INCREASE

Vernon, B. C., April 7.—Although there has been a sharp decline in the customs receipts at different offices throughout Canada, George Ross, Collector of Customs here, announced today that for the year ended March 31 the returns at the Vernon office showed an increase of more than \$5,000. The excise taxes amounted to \$14,181.16 and the customs duties to \$25,990.02, a total of \$39,171.18, an increase of \$2,256.51 over the previous year.

BARRACKS SEIZED BY "REPUBLICANS"

Belfast, April 7.—The barracks at Falcarragh, seven miles from Dunfanaghy, have been seized by "republican" forces.

MORE NEWSPAPERS BURNED.

Belfast, April 7.—Three men armed with revolvers left a train at the Dunfanaghy Road depot in County Donegal to-day, held up the officials and burned the bundles of newspapers from Belfast.

DENIED ONTARIO LIQUOR WAS TO BE SENT TO B. C.
 Toronto, April 7.—Herbert Lennox, Conservative, North York, speaking in the Legislature last night during the budget debate, said the Attorney-General or his department had offered to give up liquor seized in the Rainy River district to the men who owned it if they would not take it into the United States, "but would let them have it they would keep the citizens of British Columbia."

Attorney-General Raney said the assertion was absolutely false. Mr. Lennox said "that if he could not prove before the Public Accounts committee that the Attorney-General had made the offer, or his department, then I am not worthy to be a member of this House, and I will no longer be a member."

Mr. Lennox spoke for over three hours. He declared that the Attorney-General's game was to employ thugs and criminals, and that these men were kept and were being kept to-day by the Attorney-General to assist him in enforcing the Ontario Temperance Act.

ARBUCKLE TRIAL NEARING ITS END
 San Francisco, April 7.—Closing by the prosecution of its introduction of rebuttal witnesses was expected to follow closely the declaration of defence counsel yesterday that it had completed its case in the third trial of Roscoe (Fatty) Arbuckle on a manslaughter charge growing out of the death of Miss Virginia Rapp.

Several witnesses for the prosecution late yesterday stated that in a long and intimate acquaintance with Miss Rapp they had never known her to be subject to attacks of illness such as the defence contends caused her death. Cross-examination of the defence witnesses, Mrs. Winifred Burkholder of New York, was resumed at the start of this morning's session.

MRS. NICHOL URGES SUPPORT OF GIRL GUIDE MOVEMENT

Summer School for Officers Planned at Busy Meeting

In the absence of Mrs. Tyrell Godman through illness, Mrs. Walter Nichol, Provincial Commissioner of the Girl Guides for British Columbia, presided at the meeting of the local association on Wednesday afternoon.

A letter received from Mrs. Godman said in part:

"At the present time this town is falling behind other towns in Canada. This is because the movement is receiving so little backing, and the hard work is all put on the officers, who, seeing how keen the children are, cannot help doing more than they should be asked to do. We have the great advantage of having Provincial headquarters in the town, but if other townships more progressive, they will naturally wish to have the headquarters nearer.

"We have planned some most interesting and lasting work, of which you will hear for the summer, but it will be impossible to carry it out unless we have public support.

"I hope all will join the town Association. In Vancouver they have a large committee who enjoy the work, and how creative it is. In Duncan the committee are so anxious to push the movement forward, that they have learnt the Ten Guide Laws and all kinds of equipment were bought. The child's ideal is in each of their hearts."

The financial report for the past quarter showed that \$23.65 had been received and \$19.23 expended, leaving a balance of \$4.42 in hand.

Headquarters "Shop."

Miss Colton, Honorary Provincial Secretary-Treasurer, gave a report of the work accomplished by the Provincial Headquarters during the first two months of its existence, showing that the organization had already sent help and suggestions for starting Committees to Keremeos, Nanaimo and Sidney. The matter of uniforms was well in hand, as it was hoped to make that really "uniform" throughout the Province. A library had also been established at Provincial Headquarters, where officers can obtain books on Guide subjects. The material for the uniforms, badges and all kinds of equipment were to be kept at Provincial Headquarters to supply companies all over the Province. Although this "shop" would eventually be self-supporting, it necessitated an outlay of capital to start it, which was one of the objects for which the Provincial Council were appealing for funds.

At the close of Miss Colton's report Mrs. Nichol remarked on the necessity of public sympathy and support. She wanted to see a large number of people interested in the movement, and if adequate support was not forthcoming the Guides would have to be disbanded. The Provincial Commissioner concluded: "I hope you will all join with me in doing all you possibly can to interest everybody, not only mothers of children, but everybody you can, in the Girl Guide Movement, and try to get as many associate members as possible."

Summer School.

Miss Leighton, District Commissioner for Victoria, then reported on the Summer School for Officers. Through the kindness of Miss Barton, St. Margaret's School was put at the disposal of the officers for use as a training school during the Summer holidays. It was proposed to run this school for ten days, from the 19th to 29th of July. Miss Denny, Commissioner for Cowichan, and a member of the Royal Red Cross, had previously consented to take charge of it, and there is a chance of getting a Red Cord Guide from England.

It is hoped to get people from all over the Province to attend. The details have not yet been worked out, but there will be classes on various subjects and a camp fire every evening, where the ideals and methods of training underlying the work will be discussed.

Temporary Committee Formed.

After further discussion as to the formation of committees, it was proposed to disband the present local committee and that a temporary committee should be formed of the ladies present and that this committee will try to bring other prospective members to a general meeting to be called for Monday, April 24, at 4:30. This was seconded and carried, the following ladies being on the temporary committee:

Mrs. J. S. T. Alexander, Mrs. E. F. Aytton, Mrs. J. W. Gibson, Mrs. J. H. Gillespie, Mrs. D. Miller, Mrs. Curtis Sampson.

Miss Hunter, captain No. 4 Company, then brought forward a suggestion for a garden fete to be held during the Summer, in order to get funds to attend the rally at Duncan. This was held over for consideration at the general meeting.

A short further discussion took place and the Provincial Commissioner closed the meeting with a few words in which she expressed the hope that the interest in the Girl Guide movement in Victoria would grow much wider.

PRINCESS THANKS METCHOSIN KIDDIES

Metchosin, April 7.—Following is a copy of a message from Princess Mary sent through the Lieutenant-Governor to the children of Metchosin, in charge of Miss Sprinkling, principal of Metchosin School.

"Among the many congratulatory cables received by the Princess Mary on the occasion of her wedding, was one from the children of Metchosin. "Being somewhat at a loss as to whom to address a reply, a request has come to me to undertake the task of conveying her Royal Highness's thanks to the proper person, and I hope that you will express to the children her keen appreciation of their good wishes."

W. NICHOL, Lieutenant-Governor.

Mrs. Arthur McCallum has left to spend a few weeks in California.

Mr. and Mrs. J. E. Mathews, Lampson Street, are leaving to-day for Roberts Bay, near Sidney, for the Summer months.

Miss Ethel Rhodes has returned to her home on Terrace Avenue, after visiting Mr. and Mrs. Chesley Janion, in Vancouver for a few days.

Mrs. O. B. Fleming, of St. Patrick Street, who is leaving the end of this month to reside in Vancouver, was guest of honor at a bridge tea yesterday afternoon, given by Mrs. F. Lloyd Murrie, Beach Drive.

Dancing will be from 9 till 12 o'clock at the supper-dance which is to be given at the Empress Hotel to-morrow evening. An attractive programme of dance music has been arranged.

Mrs. Bolt, regent of the J. Unit Chapter, I. O. D. E., has arranged the card party and dance to be held this evening in aid of the chapter funds, in the Harmony Hall. Mrs. Hopkins has charge of the supper arrangements.

Mrs. C. A. MacKenzie, accompanied by her daughter, Mrs. Mary MacKenzie, left on Wednesday for Seattle and Southern California. En route they will spend a few weeks visiting with friends in San Francisco. Mrs. MacKenzie expects to return to Victoria in June.

On Tuesday evening a quiet wedding was solemnized at St. Barnabas Church, when Helen Brady, second daughter of Mr. and Mrs. G. L. Jones, became the bride of Mr. Harry King. The happy couple left on the midnight boat for Vancouver and later take up their residence at Ocean Falls.

Mr. and Mrs. G. S. M. Warlow who had been resident in Victoria for several years, and recently at Brenta Lodge, left yesterday afternoon for England on an extended visit. Prior to their leaving, Mr. and Mrs. Warlow were the guests of Major and Mrs. H. C. Holmes, Newport Avenue.

On April 19 the Sidney A. A. will hold their annual dance in Berquist Hall, Sidney. A large attendance is expected. The committee in charge is working hard to make this dance a success. Dancing will be held from 9 to 2 and refreshments will be served. The Flying Line stages will leave Victoria at 8 o'clock, returning after the dance.

Yesterday noon at Breadalbane, the Rev. Dr. Campbell celebrated the marriage of Mr. Ernest Hills and Miss Jennie Murchie Crawford, both of this city. The bride wore a traveling suit of taupe gaberdine, with hat to match. She was attended as bridesmaid by her sister, Miss Mary McPherson Crawford, in a gown of blue serge. Her mother, Mrs. Mary Crawford, handsomely gowned, who gave the bride in marriage, was mistress of honor. After the ceremony Mr. and Mrs. Hills left by the afternoon boat for Vancouver en route to England.

The members of the Victoria Club have completed arrangements for their sale of work which is to be held on Saturday from 3 to 6 in the club rooms in the Campbell building. Miss Haddon is to be in charge of the "white elephant" and the book stall; Mrs. E. E. Evans will have delicious home-made candy for sale; Miss On Lee, in native costume, will tell all good things in store for the future, as well as delineations of character; the Rev. Dr. Campbell will be in the hands of Mrs. O'Neil Hayes, and Mrs. Barr, of Vancouver, will have for sale a most fascinating collection of fancy artificial flowers in the very latest styles.

A surprise party took place last night at the home of Mr. and Mrs. J. W. Corning, Rockland Avenue, when a large number of their friends invaded the premises and danced into the early hours of the morning. The floral decoration of the very daintily arranged supper table was carried out with sweet peas and anthuriums with charming effect. The party was composed of Mr. and Mrs. E. A. Macan, Mr. and Mrs. A. R. Green, Mr. and Mrs. Willgress, Mr. and Mrs. H. G. Wilson, Mr. and Mrs. C. E. Hammond, Mr. and Mrs. T. O. Mackay, Miss McClimont, Mrs. W. Martin and Mrs. McGuckin, of Winnipeg; Mrs. W. Cadmore, Mrs. Carey, Winnipeg.

Mrs. Zimmern has the reputation of being a delightful speaker, well versed in social and economic questions of the hour, and her address should be of direct appeal. The meeting will assume the attributes of a social function, for tea will be served at the conclusion of the address. Mrs. R. G. Morrison will also sing two pieces of songs. The affair will commence at the usual hour, 3.15.

As the result of a municipal election recently held in Des Lacs, N. D., the offices of chairman of the Village Council, two trustees, treasurer, marshal and justice of the peace all went to women candidates. "Bigger, better and cleaner Des Lacs" was the women's campaign slogan.

LUX For Men's Shirts

Shirts can be kept soft and lustrous if you launder them with Lux. Save them from being rubbed to pieces and yellowed with impure chipped soaps. The thin, satin-like wafers of Lux which are made by our own exclusive process and dissolve instantly in hot water.

How to use LUX with men's silk or other shirts

Whisk one tablespoonful of Lux into half a bowlful of very hot water until you get a rich suds. Add cold water until lukewarm. Dip the shirt up and down, squeezing the suds through and through the garment, especially through the soiled spots. Do not rub. Rinse in three lukewarm waters. Roll in a towel to dry. When still damp, press with a warm iron on a well padded board. Pongee should be ironed when entirely dry.

Lux is unequalled for washing fine garments. It is sold only in sealed packets—dust-proof!

THE LOVE PETAL

Another Big, Gripping Story by the Author of "A Gamble in Beauty," Which Recently Created Such a Sensation

By **NANCIBELLE HALE**

"No, I'd rather go home. I'll be all right, thank you. Don't bother. I hate to complain, but I just don't feel like dancing any more to-night."

Emory tenderly placed her cape about her shoulders and she clutched it with the queer, Hamlet-like gesture which the new style necessitated. "Neata, we can't keep on like this," Emory said when they were once more in the car and had crossed 33d Street to Fifth Avenue. The silken curtains of the shop windows had been pulled down for the night and the triumphs of the modistes were hidden from the eyes of way-farers.

"We must come to some understanding," he continued. "It is more than human can bear. At times I believe I am strong enough to drift along—to worship you and wait. Again there come moments when I think I must have your decision at once—to have you for myself or to leave you forever. I don't know which would be worse, never to see you again or to keep on seeing you almost daily with no change in our relationship. A man can't be satisfied with mere companionship, you know."

"You have been splendid, Emory—I don't know what to say. I enjoy your good-fellowship, but, as I have told you, I do not love you enough to be your wife. You would not want me without love, would you?" Her voice trembled. Her poor, puzzled brain was tired to exhaustion.

Marriage to Emory would effectually end the dormant hope that Colin would change his mind and would come to her and beg her forgiveness. Her mother and aunt, she knew, would be gratified at any marital arrangement which would remove the cessation of financial difficulties. They preferred Colin Campbell above all men to be sure, but they would easily overlook Emory's shortcomings because of the fortune which he had recently inherited from his father. She wondered if she were brave enough to tell him that she had her mother's sake. She knew of many unhappy marriages in her set. Had her friends entered the bargain with their eyes open, as she would be doing if she married Emory?

It was cowardly to drift—to hope that each day would bring a solution to the problem which confronted her, without expending any effort on her own part. She could not forever mourn her lost lover. Her spirit revolted against such pusillanimity. She would reinforce her courage with dignity and self-respect and fight this feeling as something material. "I want you under any conditions," declared Emory gruffly.

"I've been thinking—wondering," mused Neata. "I don't promise, Emory, but I will try to care for you. More than that I can't say. Give me a month. At the end of that time I will give you my answer."

"I ask nothing more," breathed Emory. He exulted in this small success. Gaining Neata's consideration of his offer of marriage was more than he had thought possible. He thrilled to the touch of her hand on his arm, placed there as a mark of confidence and friendship. He picked it up and, driving with one hand, turned the little white glove member over, raised it to his burning lips and kissed the pink palm peeping through the opening where the pearl clasps joined together.

The shrill ringing of the telephone next her bed awakened Neata. Neata did not wish to answer. She preferred to turn over and hide her eyes from the impudent light—to return

to the dream which had left her lips smiling. Again the ring—insistent—commanding attention.

Neata sighed impatiently, threw back the pink satin comforter and removed the silk and china doll which hid the ugly telephone instrument when it was not in use.

She pushed a pillow comfortably under her back and, grasping the phone, leaned her head against the rounded headboard of her ivory bed which was ornamented with square panels of willow, on which wreaths of rosebuds were painted.

"Hello," she said sleepily. "This is Aunt Tres," came the rapid-fire voice. Mrs. Ribsdale seemed always to have so much to say that her words fairly tumbled over each other.

"Sorry, dearie, to call you so early," she continued. "I realize what an ungodly hour it is—barely ten. However, I received my dividends on my Canadian Pacific stock in this morning's mail and it's much more than I had expected, so I thought we would celebrate. I want you to have a new frock—anything your heart desires. Fling on your things and I'll be around in an hour and we'll trail downtown to see what's to be had. "Auntie, you're a dear," said Neata. She was young enough and woman enough to become excited over the prospect of selecting raiment regardless of price. She repented the

lurch thoughts which, at times, she harbored towards her aunt.

"I am charmed at the prospect of assuming the role of a millionaire for the day. We'll have a great old time. After choosing the frock, we can have tea at the Ritz. You're a peach, Auntie. I'll dress immediately."

She hung up the receiver and joyfully jumped out of bed. She hummed a charming refrain from a current musical comedy, a bit of old Ireland transplanted to the metropolis. She did not know the title of the song, but, to the accompaniment of the rust of water in the tub, she sang, somewhat off key. "I can hear ye callin', while the dew is fallin'."

When Aunt Tres arrived, she was ready and waiting. "Shall we take a cab?" asked Mrs. Ribsdale, the they reached the curb. "No," said Neata. "The air is wonderful to-day. I'd like to climb on a bus, if you would just as soon. It is so much cooler than it was last night. I fancy I should accomplish any task—the atmosphere is so bracing."

They walked to the corner and hailed a bus, which drew up beside the curb several feet further down the street than where they stood. Neata wondered whether any one ever rightly gauged the distance it would require the big, green vehicles to travel before coming to a stop. People were always running after the double-decker omnibuses, which rattled strangely about without riders.

Mrs. Ribsdale hung heavily on the round iron railing at the side of the winding stairs leading to the roof. She carefully climbed atop the vehicle, which was now moving rapidly. Fortunately a back seat was empty and into that she sprang.

"It's all very well when one gets to a seat," she said jocosely. "But it's a perilous trip to reach here."

"It is difficult," agreed Neata. "I always feel as though I am going to pitch overboard and I have visions of being mashed beneath the wheels of traffic. But it seems that anything that is carefully planned must be striven for strenuously and it is much more delightful, I think, to ride on top than inside."

The conductor, in his uniform which tried bravely to assume a khaki tinge, apologetically extended his metal fare-receiver. Neata gave him a dollar bill and he handed back to her ten dimes. Again he helplessly extended the fare box, in which Neata inserted two dimes, each of which registered with a ring.

"I never ride on a bus that I don't think how ridiculous all that wasted effort is," said Mrs. Ribsdale, who had unshakable opinions on most subjects. "Why should that great bulk of humanity—her descriptions of persons were not frequently complimentary—"return to you your change and then you be compelled to give him back your fare? It is an extravagant waste of time. He should retain sufficient money to pay the fare and return the difference to the passenger."

"It's not his fault, auntie—it is a

rule of the company. I suppose they evolved that scheme so that the conductors could not cheat. I have heard of men serving as conductors on surface cars and becoming rich off the money they took from passengers and failed to ring up in their boxes. That would be impossible with this method of registering fares."

"The company could well afford to lose what the men stole," stated Aunt Tres in a tone which brooked no argument.

Breaking All Records; Arriving on Sunday

New Record Will Be Established by Empress of Asia

Canadian Pacific Liner Will Reach Quarantine at 4 o'Clock Sunday Afternoon; S. S. Pine Tree State Is To-day 750 Miles Behind Empress Liner.

Setting a new mark in trans-Pacific steaming time and out to clinch all arguments as to the speed supremacy of the Western ocean, the British liner Empress of Asia, Captain L. D. Douglas, of the Canadian Pacific Steamships, Ltd., is to-day cleaving her way through the ocean at a speed of twenty knots. Over the horizon, and driving along at nineteen knots, the American liner Pine Tree State, Capt. M. M. Jensen, of the Admiral Line, is trailing along in her wake without losing any revolutions.

Chief Engineer of SS. Pomona Buried at Sea

Seattle, April 7.—H. F. ISOLATED MEN GET NEWS ONCE A YEAR

Three Whites in Far North Anxiously Await Arrival of Cutter

Seattle, April 7.—While the Coast Guard cutter Algonquin is outfitting here for her annual cruise to the Bering Sea and Aleutian waters a lone white man on tiny Attu Island, 800 miles from the jumping off place is beginning to count the weeks until next June when the cutter will make her yearly visit to the rocky isle. He is J. W. Walker, a former Coast Guard man now engaged in trapping and trading.

On the Semich Isles fifteen miles from Attu are two white men, one named A. B. Somerville and the other named Williamson, who are equally isolated. Somerville has a permit allowing him to raise blue foxes in the Semich group.

When the Algonquin makes the distant isles in June, these three white men will learn for the first time that President Harding's armament conference actually was held, that it resulted in treaties and that the treaties were ratified by the Senate. They will also learn for the first time that the Irish free state is a reality, that the Republican majority in main was cut down in a recent election, that Charles Harbord is dead, that the Marshal Joffre visited America. The lone whites of the farthest isles didn't learn until last summer that Harding had been elected President the previous fall.

Attu Island is 825 miles west of Unalaska and 2,450 miles from Seattle. In a way the plight of the three white men this year is not as severe as it was last year. They had to wait a long time last year to learn who won the Dempsey-Carpenter fight and they waited in an agony of suspense.

The Algonquin, the Haida, the Mojave and the Unalga will form the Bering Sea patrol, including the Pribilof patrol against pelagic or open sea sealing. They will visit remote islands and communities in Bering Sea, Alaska Peninsula and Aleutian waters. They will carry mail to the off-shore fleet, act as floating courts in the remote waters and communities and provide medical care for all who need it.

PRESIDENT HELD BY HEAD WINDS

Reached Port This Morning From San Francisco After Rough Trip

Delayed by strong head winds which she bucked most of the way up the Coast, the Admiral Line steamship President, Capt. Geo. Zeh, arrived in port at an early hour this morning from San Francisco. She was approximately eight hours behind schedule.

Killed at Sea. According to word received by the Admiral Line from Capt. Gerard T. January, master of the liner Keystone State, Frank Eklonan, a seaman aboard the Keystone State was instantly killed on Tuesday last by being hurled violently against the deck house by a heavy sea.

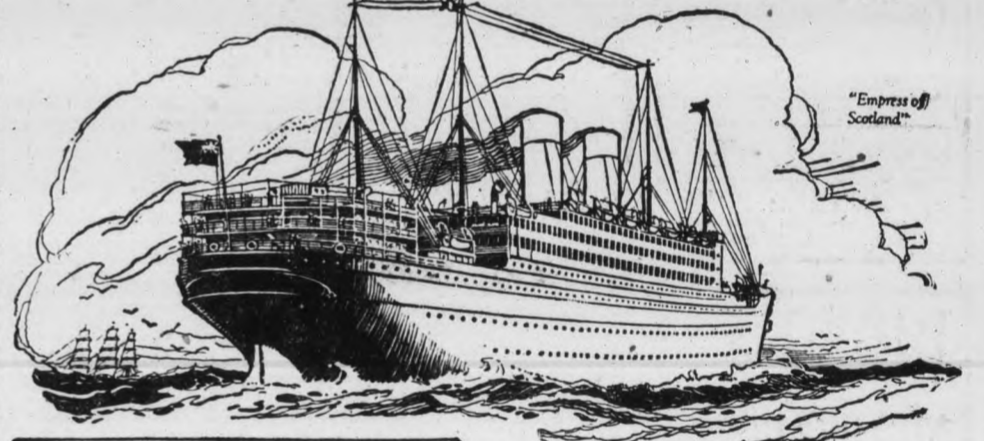

LIGHT LIST ON JAPAN

With one of the lightest passenger lists of the year, the C.P.S.S. Empress of Japan cleared from this port last night for Yokohama and Hongkong. The last of the "clippers" carried a full cargo, but her popularity as a passenger carrier appears to have waned. The Japan, although thirty years old, is a fine ship, but she is overshadowed by the larger and more speedy Expresses. She is on the market, and the question is repeatedly being asked, how long will the Empress of Japan remain under the Canadian Pacific flag?

NEWS IN BRIEF

Local Council of Women.—The Local Council of Women will meet at headquarters, Union Bank Building, at 2 o'clock Monday afternoon.

Cricket Meeting.—A general meeting of the Albion Cricket Club will be held this evening at the offices of Helsterman, Forman & Co. at eight o'clock.

Postpone Trip.—The trip to Goldstream of the Vancouver Island branch of the Alpine Club, which was to take place to-morrow, has been postponed, and will take place in one week's time.

St. Joseph's Auxiliary.—Owing to the date of the next meeting falling on Good Friday, the regular business meeting of the Ladies' Auxiliary to St. Joseph's Hospital will be postponed until Friday, April 21.

L. A. of Boys' Naval Brigade.—The Ladies Auxiliary of the Boys' Naval Brigade will hold the monthly meeting on Friday evening at 8 o'clock, at the Connaught Seamen's Institute. All members are requested to be present.

British-Israel Lectures.—Rev. M. W. H. Milner's illustrated lecture on the "Migration of Israel, From Assyria to Britain" will be the feature of to-night's British-Israel meeting in the Congregational Church.

To Lecture On Abbey.—At the Emmanuel Baptist church this evening, H. J. Pollard will give an address on Westminster Abbey, illustrated by a number of beautiful slides. The address will be under the auspices of the Canadian Girls in Training group.

Kumtuku Club.—The Kumtuku Club will hold a business meeting on Monday evening at 8 o'clock in the Alexandra Club, Pemberton Building. As many important matters affecting members are to be discussed it is hoped that there will be a full attendance.

Club Doors Restored.—On behalf of the St. Leo Club, W. A. Brethour this morning applied to Magistrate Jay in the city police court for restoration of the club doors which were recently ordered to court as evidence in a charge against the club. The court made the order.

Bicycle Club.—The regular week-end run of the Victoria Bicycle Club will take place to-morrow, starting from Plimley and Ritchie's at 2.30 o'clock. The club intends to journey out to Royal Oak, where games will be indulged in. Membership is open to anyone who wishes to join and a thorough good time is assured.

Says Unemployed Radical.—After hearing complaints from Alderman E. S. Woodward, secretary of their organization, that leaders of Victoria's unemployed are trying to force the city into serious financial difficulties, the Trades and Labor Council, at its meeting this week, decided to send two delegates to meetings of the Unemployed Council in the near future.

After Industries.—The Esquimalt Board of Trade had a lively meeting last night. It was enthusiastically agreed that the year 1922 should be devoted solely to getting new industries established in the municipality. A membership campaign was launched, and each member will be asked to sign up two more before the next regular meeting. It was decided to again wait on the Esquimalt Council this evening to confer on the drydock situation.

Tolmie Parent-Teachers.—The re-naming of the old Tolmie School by the School Board and the purchase of basketball and sports equipment with the funds of the Association were matters discussed at last night's meeting of the Tolmie Parent-Teachers' Association. A social evening was spent following the business session. Miss Carne, Mr. Clark, Mrs. Wright and daughter, the Misses and Master Cross and Messrs Thorne and Michin were the artists. Refreshments were served.

French Play Production.—Mrs. Gertrude Huntley Green has arranged a charming little prelude to the French play to be presented at the Little Theatre to-morrow evening. The prelude will take the form of a trio in which Mrs. Alec. Scott will sing, Miss Scott, cellist, and Mrs. Green, violinist. The play written by Madame Sanderson is being presented by members of the Alliance Francaise and students of the Victoria College. The proceeds go to the fund for the disabled soldiers of France.

Overseas Club Met.—Forty members of the Overseas Club met yesterday afternoon in the private dining room at the Hudson's Bay store by kind permission of the management. Miss Smith gave an interesting talk showing the benefits she had derived in various parts of the world from membership in the Club Mr. Pease, of the S. P. C. A., described the Anti-Vivisection Bill and a number of members endorsed it warmly. During the afternoon Mr. Meadus played and sang delightfully much to the pleasure of the members. The next meeting of the Club will be held on the first Tuesday in May.

Sir James Douglas P. T.'s.—Sir James Douglas Parent Teachers' Association met in Fairfield Hall, and after the usual business Mrs. Graves spoke on playground supervision. Miss Mossey and Miss Neild rendered piano solos. Mr. and Mrs. Ernest Semple and their pupils studied greatly to the pleasure of the evening by their rendering of Rossini's Italian in Algeria. The pupils performing were Mrs. Holt, J. Brinton and N. Griffin.

Lawyers Disagree.—In the city police court this morning an interesting point of court procedure arose when the hearing of a serious charge against J. P. Croft was remanded for one week. The accused is charged with an offence against the new statute protecting girls between the ages of 16 and 18 years. The court learning it was essential to have a witness who could not yet appear, the hearing was remanded until next Thursday, with provision for a further remand from time to time. J. A. Akman for the accused asked that he should be excused from appearing at the first of these formal hearings. City Prosecutor Harrison maintained his presence to be essential to have a witness who could not yet appear, willing to excuse counsel. Although Magistrate Jay supported the City Prosecutor's view, Mr. Akman was dissatisfied, and on a set-to-voce argument until the next case was heard, and resumed the controversy at the rising of the court.

"ANTI-NUISANCE LEAGUE" TO FIGHT AGAINST TAG DAYS

Most Victorians will buy tags to-morrow to assist the Dr. O. M. Jones Chapter, I. O. D. E., in its good work of supplying pure milk to school children. But some people, who object to tag days on principle, plan to wear a neat little patchboard badge announcing that they want no tags, and will not assist the I. O. D. E. ladies.

Intimation that an "Anti-nuisance League" had been formed to oppose tag days in general reached Mayor Marchant to-day. The Mayor received through the mails merely says, "No tags. Anti-nuisance League." The sample tag is neatly printed and has a bright red ribbon attached to it.

GOLD BOOM ORDERS START TO COME TO VICTORIA FIRMS

Victoria business is already beginning to feel the stimulating effects of the gold discoveries in the Cariboo.

To-day a \$1,000 order for groceries and other supplies came from the Cariboo to Simon, Leiser & Co., wholesalers here, and the order was filed immediately and sent away. It came from the firm of Etheridge & Bailey, Mr. Bailey is brother of Joe Bailey of Victoria. They have an hotel four miles from the Platt discovery claim, Cedar Creek.

OTHER CITIES ARE STOPPING RELIEF

Discontinue Unemployment Aid at End of April

In cutting off unemployment relief in April the Victoria civic authorities are acting in accordance with the employment plans of other Western Canadian cities. Mayor Marchant telegrams to-day after he had received telegrams from the chief magistrates of Calgary and Vancouver.

Mayor Adams, of Calgary, wired as follows: "The Dominion Government policy of extending relief work until April 15 and general unemployment relief until April 30. We refuse to give relief to any single men who did not register here before April 1."

Acting Mayor Owen, of Vancouver, said in his wire: "Vancouver still gives relief work until April 15, which \$25.50 is paid and does of \$24.50 per month to married couples without children, and an allowance of \$2.50 for each child per month. Relief to single men will go on until April 17."

Mayor Marchant announced to-day that the Friendly Help Society would take over all relief work after the present relief system is terminated at the end of this month. He conferred on this with Miss Lawson, Secretary of the Society, to-day.

IN SUPREME COURT.

The dispute about the will of the late Mrs. Sarah Kermod, which came before Mr. Justice Gregory in the Supreme Court for adjudication, was settled by the disputants after a very lengthy conference in His Lordship's private office, where he successfully played the part of peacemaker.

Interesting developments in the normal every-day life of mankind are called to your attention in the advertisements.

HEAVY CUTS IN PANDORA ASSESSMENTS

Local Improvement Commissioners Order Big Reductions

Heavy reductions in the local improvement assessments on Pandora Avenue land from Government Street to McGregor Avenue have been ordered by the Local Improvement Commission. It was announced at the City Hall to-day.

Briefly the Commission has decided on the following assessment changes on Pandora Avenue:

- From Government to Quadra Streets, north and south sides, a further reduction of fifty per cent on the existing charge for street widening and street extension.
- From Quadra Street to Cook Street a reduction in the existing assessment of \$15 per front foot to \$10 per front foot on the north side and on the south side a reduction on the present assessment of \$11.25 to \$7.50 per front foot.
- From Chambers Street to Fernwood Road, north and south sides, a reduction on the present assessment charge of \$15 per front foot to \$7.70 per front foot.

No changes will be made in the existing assessment of \$7.70 per front foot between Cook Street and Chambers Street on the north side nor in the existing assessment of \$3.40 per front foot on the south side. The Commission also ordered that no change be made in the present assessment of \$7.70 per foot between Fernwood Road and McGregor Avenue on both sides of the street.

City Treasury officials have not yet calculated the exact effect of the Commission's decisions in dollars and cents. It is apparent, however, that, as a result of the reductions ordered, a considerable volume of local improvement charges will fall upon the taxpayers as a whole.

The Local Improvement Commission will start next week to consider reduction of local improvement charges on Fort Street, it was announced to-day.

CLERGY BEHIND CLOSED SUNDAY

Congratulate Mayor and Assure Him of Support

Manson Asked to Allow Prosecutions Here

Congratulating him on his recent efforts in this direction, a delegation of local ministers, members of the Ministerial Association, waited upon Mayor Marchant to-day to assure him that they would stand behind him in his plans for enforcing the Lord's Day Act in the future.

After his conference with the ministers the Mayor announced that he and members of the Police Commission would wait upon Attorney-General Manson this afternoon and ask him for permission to prosecute stores which remained open last Sunday. "I have absolutely no intimation of the Attorney-General's attitude on the subject as I have never discussed it with him," the Mayor stated. "However, I shall explain the situation to him and leave the matter to his decision which, of course, is final."

The clergy this morning only wished to express their appreciation of the Police Commission's efforts to enforce the law and to assure us that the work of the Police Commission is the most encouraging of us."

SUNDAY LAWS PUT UP TO MANSON

Lord's Day Officials Greet Attorney-General

Police Commissioners Ask for Prosecutions

Officials of the Victoria branch of the Lord's Day Alliance headed by Rev. Dr. W. L. Clay, are interviewing Hon. A. M. Manson, Attorney-General, this afternoon with regard to the enforcement of the Sunday laws in this city.

Dr. Clay, in explaining his mission at the Parliament Buildings, said: "We have come here simply to greet a new official and to assure him that so far as we are concerned that in all attempts made to fulfill his oath of office he will have our support."

Dr. Clay objected to the word "blue," which some persons are using in connection with the enforcement of Sunday laws here. He explained that the term "blue laws" is being used publicly to prejudice people against the Sabbath regulations of the country and that Sabbath observance here is not blue law or anything like it.

Accompanying Dr. Clay were the Rev. William Stevenson, of Emmanuel Baptist Church, and the Rev. William C. Frank, of Hampshire Road Methodist Church.

Police Commissioners are also interviewing the Attorney-General this afternoon urging that he give his permission for the prosecution of persons who do not obey the Sunday observance edicts here.

It was said this afternoon at the Parliament Buildings that it is not likely any announcement regarding the Attorney-General's attitude will be made until he has had a chance to discuss it in executive council. So far the Government has not discussed the matter at all. In fact, up until this afternoon the Government has had no communication or request from Victoria. Vancouver Police Board has applied for permission to prosecute persons who publish or deal in Sunday newspapers, but does not desire action against anyone else.

HART ALREADY BUSY ON DRYDOCK FIGHT

Delegation at Work Gathering Facts

T. B. Booth of Nanaimo to Go With Party

The drydock delegation which will go to Ottawa to assure that construction of the big basin at Esquimalt will be completed, is already busy gathering data to support its claims, the Hon. John Hart, head of the delegation, said to-day.

"Before the delegation goes to Ottawa we will personally go over the 'site of the dock,'" said Mr. Hart. "So that no time will be lost in getting everything done that will assist in making our fight at Ottawa successful, we have already made arrangements for the general examination of the dock itself and the general situation to be augmented by the advice of officials who are conversant with all the facts in connection with it."

Reliable information is to be obtained regarding the extent of the work that has already been undertaken, and also as to the expense that the Federal Government will have to bear should it definitely decide to abandon the construction of the dock.

Mr. Hart also explained that he, with the other members of the delegation, Henry C. Hall, K.C., and William M. Level, are collecting information from shipyard authorities as to the necessity of the dock here.

T. B. Booth, who was Liberal candidate for Nanaimo in the last Federal election, is planning to accompany the Victoria delegation.

A message from the Victoria Liberal Association has gone forward through Captain Harbord, its President.

TRAIL OF GOLD HAD GROWN COLD

Because \$100 of estrated ball money had been paid over to the city treasury, Magistrate Jay this morning refused to re-open a charge against Roy Black of being intoxicated on April 2, in which the accused had made no court appearance.

R. C. Lowe explained that Black had been unable to appear at Monday's session of the court because he was at that time in hospital. On Wednesday the applicant had appeared at the police station and interviewed Chief Fry on the matter, later retaining counsel.

Since that interview with the Chief of Police the estrated ball had been handed over to the city treasury. Magistrate Jay was informed that it was the intention of Black to plead guilty to the offence, which carries a minimum penalty of \$50, but believed that under the circumstances supported with medical certificates, he was entitled to the leniency of the court.

Magistrate Jay stated he no longer had any control over the money in question, the application should be made to the City Council, which would doubtless ask for a report from him, which he would gladly give.

Y.M.C.A. TO HOLD QUARTERLY MEETING

Three City Organizations to Meet; Stanley Brent on a Visit

Stanley Brent, National Secretary of the Y. M. C. A. for the Western Provinces, arrived in town to-day and will attend the quarterly conference which is to be held at the Y. M. C. A. to-morrow.

The conference will be held at the local organization's quarters all day to-morrow, and representatives from New Westminster, Vancouver and Victoria will attend and make their reports. They will also draw up plans for the next quarter's programme. Seven members are expected to come over from the mainland.

The board of directors' meeting of the local Y. M. C. A. was held last night. Three reports were made of the season's activities. Archie McKinnon, assistant physical director, gave a very interesting report, which showed a successful period in the gymnasium classes, while James McKeown reported on activities of the employed boys' classes. Joe Barrett, house superintendent, reported on the social activities of the Y. M. C. A. orchestra had been formed and also mentioned the social events of the Young Men's division, including their closing banquet. The indoor picnic held by various department stores and clubs were also reported on.

V.D.F.A. Will Field Team of All-Stars

Will Proceed With Former Arrangements and Put on a Game With Vancouver on Good Friday—Local Council of B. C. F. A. Drops the Subject—Juniors Play To-morrow

From what information could be obtained this morning it looks as though the Victoria District Football Association will handle the exhibition game here during the Easter holidays between the Vancouver and Victoria "all-star" teams.

There has been some controversy over the matter, the local council of the B. C. F. A. having made arrangements for a Victoria all-star team to play against the Mainlanders on Saturday afternoon.

Two soccer games are on the board for to-morrow. One will be for the junior championship of Victoria and will be staged at the Royal Athletic Park, and the other will be between the trial teams for the "reg" soccer squad which will meet Vancouver on Good Friday.

The Wests and Saanich Thistles will engage in the game for the junior championship. The winners of this game will clash with the junior champions of the Mainland in Vancouver for the British Columbia championship.

Two Good Teams. The teams have met in two previous encounters, the Wests winning the first by 1-0 and the Thistles taking the second by 3-2. There is very little to choose between the two and the game should be very interesting.

The Wests have the following players on the field: Tooby, Watt, Goodacre, Judd, English, Crawford, Sargeant, Passmore, Dunn, Hardie, Sellen, McLennan, Underwood and Clark.

To Pick Team Afterwards. The two teams picked to play for places on the Victoria all-star eleven will meet to-morrow afternoon at 3 o'clock at the Stadium.

Paris Wants to See Dempsey and Lewis in Rough and Tumble

Parsons, Kans., April 7.—Paris wants to see "Strangler" Lewis meet Jack Dempsey in a rough and tumble fight, according to Billy Sandow, Lewis's manager. Before leaving for Tulsa yesterday Sandow said the French capital had offered a big guarantee if Dempsey would accept the wrestling champion's challenge.

Many Chess Masters to Play in London

Eight Countries Will Be Represented at Tournament; Opens July 31

London, April 7.—Eight countries are represented among the entries so far approved for the Masters' Tournament of the London International Chess Congress, which begins on July 31. Cuba's contingent to the Congress includes the following acceptances: J. R. Capablanca, Seniorita Maria Teresa Mora, Seniorita Mora's entry is the only one recorded to date for the Women's Open Tournament beginning August 7.

The British Chess Federation announces that, in addition to Senior Capablanca's, the following acceptances have been received from those invited to compete in the Masters' meeting:

V. L. Wahltuch (England), A. Aljechin (Russia), E. D. Bogoljubov (Russia), M. Euwe (Holland), G. Maroczy (Hungary), Davide Marotti (Italy), R. Reo (Switzerland), S. Tarakover (Austria), and M. Vidmar (Yugoslavia).

WEISMULLER BREAKS STILL ANOTHER MARK

Chicago, April 7.—Johnny Weismuller, of the Illinois Athletic Club, established a new world's record for the 500-yard swim last night in the national A. U. senior championship. He made the distance in 5:46.4-5, defeating Norman Ross, who had set the former record of 5:53.3-5. Ross is also an I. A. C. swimmer.

HUSKIES WILL MEET V.I. IN HOT TUSSLE

Second Series of Games in City and District Basketball League To-morrow

The second round in the City and District basketball league augurs well for two more thrilling fixtures to-morrow night at the Y. M. C. A. The K. of C. and St. Andrews will play the opening game, which will commence at 8:15 o'clock. The V. I. A. will follow with a hot game against the Huskies.

The St. Andrews are noted for their team work, and with Barclay back on the force will put up a pretty neat struggle for a place in the next round. The K. of C. is a new team this season, but a lot can be expected from this fast aggregation when they meet the St. Andrews bunch. The following are the players for the two teams.

St. Andrews—Day, Barclay, Ed Cobley, Bill Erickson, Earl Squire, Harry McCrae and Hugh Jackson.

K. of C.—Jack Carlin, Geo. Tripp, Bert Dunn, John Macdonald and Rivers.

A Real Hot Game. The teams in the second game are better known to the public. The Huskies intend to keep in the running and will not be expected to let the old clan stage the hottest fight they have ever put up this season against the V. I. A. team which has always been relied upon to supply the necessary competition for thrilling tussle. Vernot Jones, who has been out of the game for some considerable time owing to injuries received at Duncan, will resume his old position on the line-up, and will greatly strengthen the force.

The line-up will be as follows: V. I. A.—Fairall, Passmore, McIlride, Huxtable, Kennedy, (Captain) Broadbent and Dunn.

Huskies—Tommy Peden, Tommy Nite, Stan Moore, Vernon Jones, John Brindley and Gus McIntyre.

TWO EXTRA INNING GAMES YESTERDAY

Seattle Lost to Frisco, While Los Angeles Won With Homer Over Portland

Sacramento, Cal., April 7.—With Canfield hit temporarily out of winding on the seventh inning of the Moringfield combat yesterday. This brought Shea back to the mound with a baseball walked Cooper, forcing Kraus over. The next two batters were casualties, Brook and the following inning with a single and before the first inning was on the hit, three batters had been struck out, three hits for six bags had been recorded and five runs went into the Oaks' run alley. Kunz was touched in the ninth and a run by Lafayette in the tenth, a belated rally in the home half of the final period. It failed to cover the margin, however, and the game went to Del Howard's crew for three straight; score 10 to 8.

Oakland R. H. E. Sacramento 10 11 2 Krause and Yonker; Canfield, Kunz, Shea and Stangor.

Seattle Won in Tenth. San Francisco, April 7.—Seattle's drive in the tenth inning, knocking the score at four all, forced San Francisco to an extra inning to win yesterday, 5 to 4. The Seals' early lead was compiled when Ellison's homer into the left field bleachers scored two ahead of him in the first inning. In the tenth, sea lined out a single, was advanced by Klidner's sacrifice and scored on Kamm's single.

Seattle R. H. E. San Francisco 5 8 2 Ten-inning game. Yesterday's first announced an argument among of lower-league run, some holding that ball did not leave the grounds, the batsman was entitled to a three-base hit only. The final score was 5 to 3, then changed to two to one, and ultimately made three to one.

Portland R. H. E. Los Angeles 1 7 0 Thirteen innings. Middleton and Elliott; Lyons, Thomas and Daley.

Two Straight for Vernon. Salt Lake City, Utah, April 7.—Jackie Day, held the Bees to two hits yesterday, and Vernon won the second game of the series from Salt Lake 3 to 1.

The Piece of Gold the Mainland Wants

THE MANN CUP

This handsome trophy, made of 14K. gold and valued at \$2,000, is emblematic of the amateur lacrosse championship of the world and is held by the Victoria Lacrosse Club. The other day the officials of the club received a letter from Secretary Taylor, of the Vancouver-New Westminster League, offering the Capital a berth in their circuit. The price of that berth will be the Mann Cup. President Moresby, of the local club, is now consulting with other officials and will reply to the letter. It is practically certain that Victoria will keep both hands on the cup and tell the Mainland that if it wants the cup it will have to come over and win it on the field, just like the Capitals did.

TORONTO WRESTLER DIES OF BROKEN NECK

Toronto, April 7.—Injured in a wrestling match during the Ontario wrestling championship bouts on March 10 last, William McEwen, 25, died last night of a broken neck. An inquest will be held. A wife and two children survive.

NO PROVISION MADE TO ROB BOOKMAKERS

London, April 7.—Justice Astbury yesterday decided that a trustee in the bankruptcy court was unable to recover from a Brighton bookmaker £955 paid by cheque by a bankrupt to meet betting losses. The suit was one of five by trustees in the bankruptcy court. In view of the importance of the question, all concerned desired that the present action be regarded as a test case.

INTEND TO RAISE REGISTRATION FEE

McNeill, of D. F. A., Wants Money to Wipe Off Deficit of Scottish Tour

Winnipeg, Man., April 7.—Advocating an increase in the fee charged on each registration card issued to 10 cents to 25 cents as a means of overcoming the deficit resulting from the unfortunate ending of the Scottish tour last year, President D. Macneil, of the Dominion Football Association, is confident of an early recovery in the financial standing of the Association. He hopes, within a short time, to see the big deficit caused by the disastrous United States programme started by the Scots, combined with the loss sustained in the Connaught Cup series, wiped out entirely. Mr. Macneil's fee will be put before the delegates at the next annual meeting.

GILMAN IS WINNER OF SILVER TROPHY

Ashley Gilman was the winner of the silver spoon which was put up for competition by Pimley and Ritchie among the members of the Winchester Junior Rifle Club. The runner up for the trophy was John Bowcott, who came a close contender, being only one point behind. The scoring was done on the basis of 20 points for a P. Marksman being equal to 24 points for a sharpshooter, of which class Ashley Gilman belongs. The following were the scores made at the Thursday meet:

Eric Freestone 16.17 Dirk Vink 23.25 D. Bunnell 20.19 Ashley Gilman 24.25 Leslie Osborne 21.22 Cyril Wallis 18.18 Alfred Wallis 18.18 John Bowcott 20.20 Archie Doherty 19.21 James Scott 16.12 Fred Wyatt 23.00

Alberta Champions Will Likely Play British Columbia Amateur Hockey Winners

in Victoria or Vancouver—President Watson Back

Arrangements have practically been completed for the staging of next year's elimination series between the British Columbia and Alberta amateur ice hockey champions in either Victoria or Vancouver. Percy Watson, president of the British Columbia Amateur Ice Hockey Association, who has just returned from the annual meeting of the Canadian Amateur Hockey Association held in Toronto, took up the question of having the games staged on the coast while in the East and he as good as received sanction to do so.

In the past the British Columbia champions have always had to travel. They have never had a chance to play before their home crowds. This winter towers were staged in Calgary, where the winners staged on the coast while in the East and he as good as received sanction to do so.

Next Winter the schedule, however, will be reversed. The Alberta champions will come to the coast and test their ability. The fact that the games will be held in the Province will result in all teams taking the season more seriously. The Victoria and Vancouver squads will settle down to their task with more enthusiasm. Not only will there be the British Columbia series ahead of the winners, but the Vancouver and Victoria leagues will be first round of the Allan Cup series will be open to the provincial champions.

President Watson reports considerable work accomplished at the annual meeting of the C. A. S. A., but was a little disappointed over the way in which much of the important work was switched over to committees. Several of the amendments to the constitution which the British Columbia delegate brought up had to be turned over to a committee and no action was taken at the meeting.

VANCOUVER TRIALS ON ELECTION CHARGES

Vancouver, April 7.—Graham Campbell and Frederick Gosby will face trial before Judge Cayley next Monday afternoon on the charge of conspiracy to effect the election of H. S. Clements in Comox-Alberni by illegal means. This was decided yesterday when after several applications in behalf of Campbell for the privilege of electing for speedy trial, H. S. Woods, Crown Attorney, reported to Judge Cayley that the Attorney-General would not object to the election. C. M. Woodworth, counsel for Campbell, initiated the move for speedy trial in behalf of his client, Gosby, who is not represented by counsel, joined in the ap-

plication, but Woodford A. Bird, who made the affidavit on the Federal election eve, which led to the arrests, and who is charged jointly with Campbell and Gosby, has not elected and stands on the list for indictment at the present assizes.

BASKETBALL GAME AT SOOKE HARBOR

(Times Correspondence)
Sooke Harbor.—The return basketball match between the local branch of the Girl Guides and the Sooke Boys' Naval Brigade drew a large crowd of spectators to Charter's Hall, and a splendid game was given by both teams, with some pretty combination play. The hard and enthusiastic practice which the boys had put in since their beating in the first match was very evident and the first half gave the small advantage over the Guides in the second half, but almost as soon as this commenced the Naval Brigade's centre forward, P. O. C. Barbour, added another basket. This, however, was balanced by a fine shot from Lillian Helgesen, one of the Guides' guards. Excitement was running high and the game was put in some fine work. Robert Davidson, of Otter Point, who played a splendid game throughout, put in a good basket, and Jim Poirier added another, with yet another good shot from C. Barbour which resulted in one more basket for the boys. Here it was that the Guides team met with a misfortune in losing one of its best players and the captain of the team, Gretel Nicholson, who fell, and though she pluckily rose after a few moments and continued in the game, she was obliged to be replaced, her position being taken by Verna Cullum (guard), whose place was taken by Susan Pike. The Guides succeeded in scoring one more basket, this being made by Verna Cullum. The staying power of the young seamen showed itself and when the whistle blew the game resulted in a score of 16 to 7. The boys lustily cheered their opponents, upon whom they had evened up, and everyone was delighted with the play on both sides. Robert Acreman ably acted as referee. He and Thomas Wright have both given much time in attending the practising of the teams. The teams, with the scores made by each player, were:
Guides—Gretel Nicholson (captain), Jean Nicholson (2), Irene Helgesen, Lillian Helgesen (3), Verna Cullum (2).
Naval Brigade—P. O. C. Barbour (captain), R. Davidson (5), Jim Poirier (4), H. Fontoules and T. Barbour.

RABBIT RECAPTURED.

(Times Correspondence)
Metchosin.—Worthy of note and of interest to rabbit breeders is the news that a selected and pure bred New Zealand Red two-month-old rabbit, which escaped from its confinement last August, was recaptured by its owners, Capt. and Mrs. T. Barclay, of Crosstracks Egg Farm.

FARMERS WANT NEW WHEAT BOARD

(Ottawa, April 7.—(Canadian Press)—The farmers of the prairies have no confidence in the present open grain market system, declared James Robinson, second witness for the Canadian Commission on Agriculture, in his evidence before the Commons Committee on Agriculture yesterday afternoon. Clerks, storekeepers, laborers and gamblers in wheat, he said, had gambled in the wheat market and got their profits out of the farmers' prices. Under a wheat board, the witness believed, the farmer would get the maximum return from his produce. When the Wheat Board was formed in 1919 there had been an impression prevalent that the Board was formed to keep the price down. The farmer had started out prejudiced against the Board, but from experience had learned to have confidence in it. Mr. Robinson had not met a farmer in Manitoba or Saskatchewan this year who was not anxious to see the Board re-established. "The farmers want to see the profits come to a double pocket instead of going to speculators," continued Mr. Robinson. Mr. Robinson said that in 1919 it took three bushels of wheat to buy a sack of flour when both were controlled. On last year's prices it took five bushels of wheat to buy a sack of flour.

\$100,160 FOR THE GOVERNOR'S STAFF

Ottawa, April 7.—Civil government estimates for the office of Governor-General's secretary, amounting to \$33,560 for salaries and \$66,600 for contingencies, were approved by the Commons in committee last evening. Public works and civil government estimates went through the House with a reduction of \$5,000 to provide for new appointments if required.

NAMES NOT PUBLISHED.

London, April 7.—(Canadian Press Cable)—Captain G. T. Ramsden, Coalition Unionist member for England, asked in the House of Commons yesterday whether in view of the fact that certain newspaper proprietors had acquired a large monopoly of the press throughout the country, thereby dictating to a large section of the community their personal policy and opinions, all newspapers should be compelled to publish their proprietors' names on the front page of the papers.

Premier Lloyd George replied that if the proposal were carried out it might, in many cases, disclose the name of a company, which would be ineffective for the purpose desired.

REDISTRIBUTION.

Ottawa, April 7.—The Government feels that the question of redistribution might well stand until the next session of Parliament, Premier King informed Right Hon. Arthur Meighen, in reply to a question in the House of Commons yesterday afternoon. It was not supposed there was any desire for a general election between now and the end of the year, the Premier said. "The Government had no desire to delay the bringing down of such a measure," Premier King said, but it did not wish to proceed with undue haste. A measure of redistribution was one that was likely to occur

Metchosin, this week in fine condition. The animal is an unusually fine buck and the owners are particularly pleased at the capture, which strangely enough was within a few yards of its former home.

Birds.

A number of very beautiful birds have been seen during the past two or three days around the Metchosin district, resembling very closely the English Bullfinch and the English Sparrow. They are particularly extraordinary vivid and beautiful in coloring they are, but they do not appear to be song-birds.

CONCERT AND DANCE TO RAISE FUNDS FOR NAVY LEAGUE

(Times Correspondence)
Sooke Harbor.—With the opening of the Spring season at Sooke Harbor a large number of people are expected in connection with the regular band concert which is being arranged for on Saturday, April 22. This is to be given in the park-like grounds in rear of the Sooke Harbor Hotel, overlooking the beautiful Sooke River, which has been kindly loaned for the occasion by Major Nicholson. The full brass band of the Victoria Boys' Naval Brigade is to play under Bandmaster Rumsby. A small admission of 25 cents for adults and 10 cents for children is to be charged and the funds will be entirely devoted to the splendid work of the Navy League of Canada. Invitations have already been extended to the Lieutenant-Governor and Mrs. Nichol, to Admiral Sir Edmund and Lady Pears, to the Victoria Automobile Club, to the Rotary Club, the Kiwanis Association, etc., and a most enjoyable afternoon is anticipated. In the evening a dance will be given in the hotel, the proceeds of which will likewise be devoted to the Navy League. It will be remembered what a splendid dance and cabaret for the same purpose was given last year upon the same date and how everyone enjoyed the occasion.

SOOKE FERRY IS TO BE DISCUSSED

(Times Correspondent)
Sooke Harbor.—The monthly meeting of the Sooke Harbor Development Association will take place in the Sooke Hall on Monday evening next, April 10. The East Sooke Farmers' Institute has communicated with the Secretary earnestly asking that the matter of the long talked of Sooke Ferry to connect the East Sooke side with the Sooke Main Road on the opposite side of the Inlet may be taken up. It is expected that there will be quite a number of people over for the meeting. The matter for this meeting upon a subject which interests the residents on both sides of the Inlet and a matter which is now being considered by the Department of Public Works.

WAS TROUBLED WITH HER LIVER FOR OVER 4 MONTHS

When the liver becomes slow, sluggish and torpid it is not working properly and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow among which are, sick or bilious headaches, heartburn, water brash, jaundice, floating specks before the eyes, pain under the right shoulder, coated tongue, bad breath, yellow eyes, etc.

MILBURN'S LAXA-LIVER PILLS

quickly remove the secretions, clear away the effete and waste matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood. Mrs. Alice Mehill, Napanee, Ont., writes:—"I was very badly run down for over four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials and I am a different person to-day. I can safely recommend Laxa-Liver Pills to any one troubled with liver trouble. Price, 25c a vial, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. (Advt.)"

MAN MISTOOK PORTRAIT FOR POSTER; TOOK IT

San Francisco, April 7.—The management of a San Francisco hotel was distraught yesterday when it was learned that a portrait of Edith Mason, prima-donna of the Chicago Opera Company, had disappeared from its place of display in the lobby. It was the work of Matteo Sandona, a San Francisco artist, and was valued at \$1,000. A porter explained the mystery.

An Australian who came to the city during the opera company's engagement to arrange an Australian tour for two of the songsters had mistaken the portrait for a poster, had the porter wrap it up, packed it in his baggage and started on the ocean trip home.

He was sent a wireless message explaining the value of the picture and asking its speedy return.

MANY FAMILIES IN SOUTH AFRICA NEED ASSISTANCE

London, April 7.—(Canada Press Cable)—After touring the Rand districts concerned in the recent miners strike, says a Reuter's cable from Pretoria, the administrator of the Transvaal estimates that there are 5,000 families left indigent by the strike, of whom the majority will have to be aided over the approaching winter season.

BRITISH SURPLUS WAR MATERIALS ARE DISPOSED OF

Property and Supplies of Tremendous Aggregate Realized

New York, April 7.—Sales of British surplus war materials and property and trading account transactions, from the Armistice up to June 30, 1921, realized a total of \$582,324,756 for the Government. The surplus stocks were held in over 500 depots, about half of which were emptied by the selling operations.

Official figures of the British Disposal and Liquidation Commission received by the Bankers Trust Company, of New York, from its English Information Service, indicate that, apart from the trading account, sales in Great Britain amounted to \$217,378,374, and sales abroad totaled \$272,940,789. These amounts are for the period from the Armistice to March 31, 1921. Amounts from disposal of raw materials credited on the separate trading account totaled \$278,570,870.

The sales abroad were of horses and other animals, stores and materials. The amounts of sales in the various countries were:

France and Belgium	£49,416,633
Rhine area	3,268,736
Italy	3,508,095
Egypt	3,593,678
Black Sea area	3,408,656
Mesopotamia	1,927,176
India	4,192,990
U. S. and Canada	2,882,011
Other theatres of war	1,942,774

In Great Britain the larger sums realized were from the following:

Non-Ferrous metals	£46,623,923
Textiles, leather and equipment	31,813,744
Chemicals and explosives	26,973,765
Mechanical transport	16,686,711
Plant, machinery, R. R. Material	15,669,095

The value of stores disposed of to contractors in lieu of cash payments was \$2,718,519. Surplus stores valued at \$1,591,455 were also supplied without payment to the Ministry of Munitions. The sales of surplus stores to June 30, 1921, represented 88 per cent. of the total quantities up to that date.

The Board reports that severe trade depression, labor and transport troubles, and general monetary stringency made difficult the work of disposing during the latter part of 1920 and the first half of 1921. Only \$58,597,821 of the \$217,378,374 realized from direct sales in Great Britain was obtained in the year ending March 31, 1921, and only \$28,235,477 of the \$272,940,789 realized abroad was obtained in the same period.

FORCED LOAN IN GREECE IS PLAN ADOPTED

Athens, April 7.—The Chamber of Deputies yesterday passed the first reading of the Bill authorizing a forced loan of 1,500,000,000 drachmas (about \$67,500,000), with an amendment forbidding the cutting in two of banknotes as provided in the original Bill. Under this arrangement half of each note would remain in circulation, representing half of the note's value, while the other would be converted into a bond of the compulsory loan.

VERNON TO BUY PUMPING ENGINE

Vernon, B.C., April 7.—The City Council will ask the ratepayers to authorize the borrowing of \$37,000 to purchase a small Diesel engine from Pentiction which will be added to the present power plant. The Council at present is faced with the problem of supplying more power and if this addition is made the needs of the city will be taken care of for three years.

STEADINESS PREVAILS IN STOCKS TO-DAY

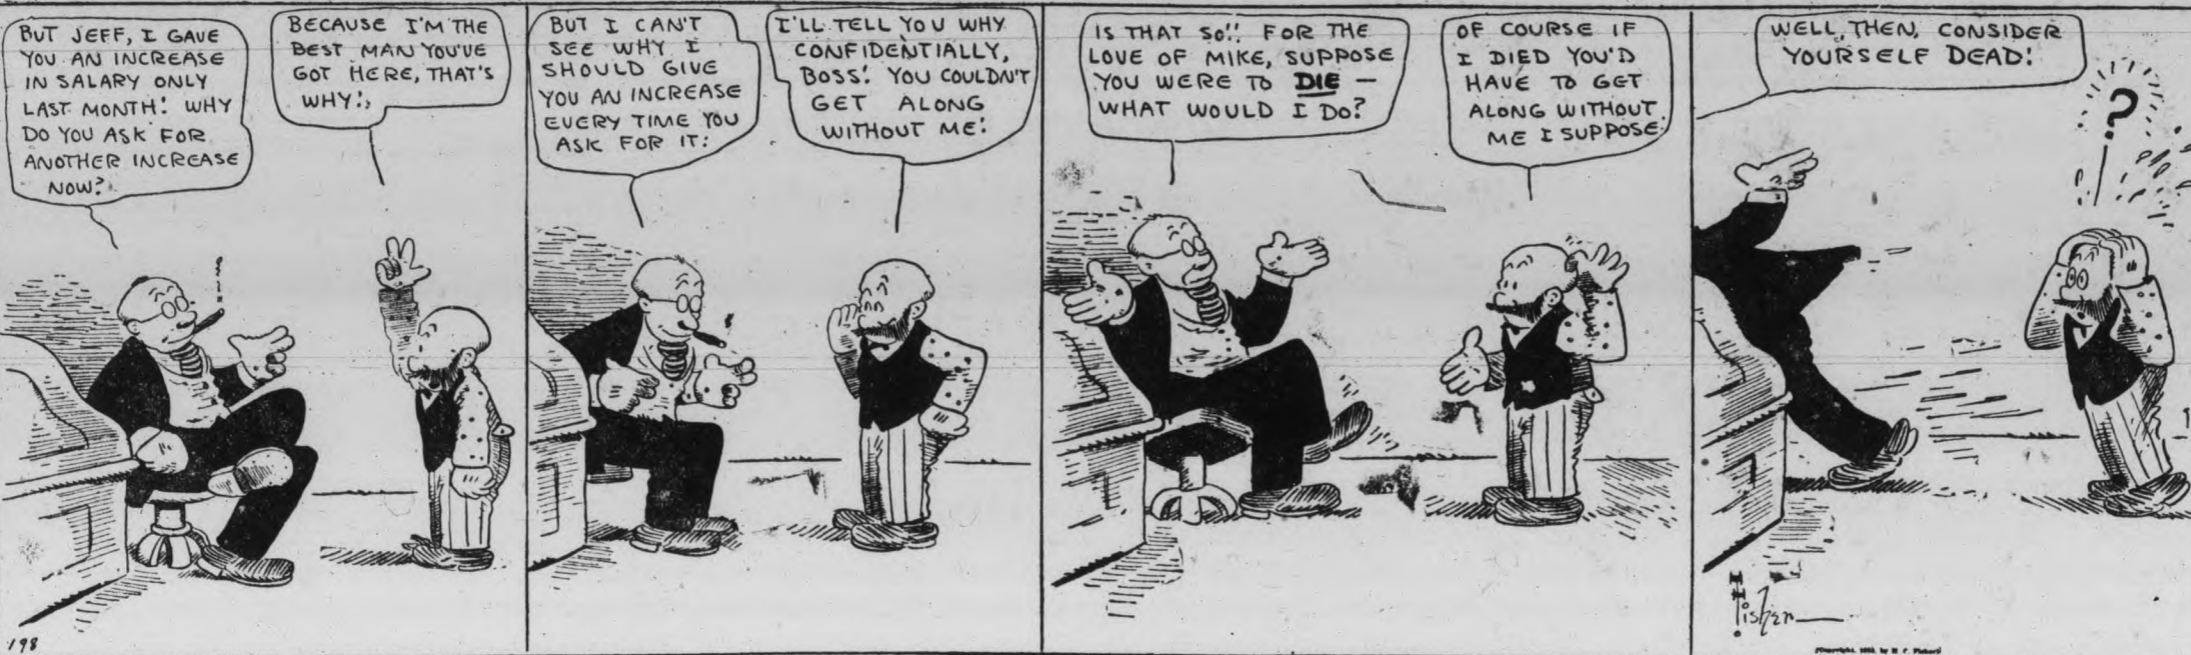

(By Burdick Bros., Ltd.)
 New York, April 7.—The outside trading for stocks broadened in today's trading, but sales reached the highest volume for any day thus far this year. Early realization of sales and profit-taking offerings were well absorbed, and the market subsequently developed strength in many quarters.

In the final trading the Mexican oil shares and some of the standard issues forged to the front and scored substantial gains. The copper market also showed an increase over the previous months of this year. The market for iron and steel showed strength in the red metal shares recently. Household electric was a feature on the upside on the stock market as the next dividend was expected to be paid. In the final dealings, however, there was practically no market for the stock continues to show constructive price tendencies.

AUTO LIVERIES MUST NOT SELL GASOLINE
 New Method to Circumvent Sunday Restriction Necessary

Because the method of enforcing the Lord's Day Act has been detrimental to the business of the Victoria Auto Livery, Limited, the Police Commissioners have been notified by Manager J. C. Macdonald that an action for damages may be brought against the Commission unless a change is effected.

This possibility is due to the fact that liveries are expressly exempted from restrictions by the statute itself. Mr. Macdonald's letter is as follows:

"In connection with the recent decision to carry out a general enforcement of the Lord's Day Act, I beg to call your attention to the fact that the Victoria Auto Livery, Limited, of which I am president and manager, has been subjected to warnings and oversight by the police in this connection, notwithstanding the fact that this business is not only covered by the Lord's Day Act, but is specially excepted in the Act itself. It specially excepts, among other things, the hiring of carriages and boats for the personal use of the hirer or his family and one has only to look up the dictionary to find that the word carriages, covers any four-wheeled vehicle.

"This action of the police and the inclusion of the Victoria (Drive Yourself) Auto Livery, Limited, in the list of places which must close down, has already done the company heavy damage and unless cleared up is calculated to injure it permanently. This would leave me no other alternative, acting on behalf of the company, than to hold the City responsible."
 In explanation of the attitude of the authorities, Chief Fry this morning stated that the Sunday operations of auto or other liveries are not being restricted in any way but the police have warned the operators not to sell gasoline or spare parts on Sabbath.
 It being pointed out that it is the

ordinary practice of auto liveries to rent the cars by the hour and charge customers for the gasoline used, Chief Fry remarked that such a practice would certainly come within the terms of the rescript, but would be circumvented by the increasing of the hour rates for hiring charged Sunday clients. "There is no attempt to prevent the hiring of automobiles from drive yourself liveries," he summarized.

TO ENTERTAIN ESQUIMALT
 Ward One Liberals Invited Neighbors to Social.

Ward One Liberals have extended an invitation to the Esquimalt Liberal Association to spend a social evening with them in the Liberal Club next Tuesday evening, the regular meeting night of Ward One. As Ward One and the Esquimalt district adjoin, Liberals in these two areas have much in common, and a real good time is assured for next Tuesday. A game of five hundred will be played, followed by dancing. Refreshments will be served.

NELSON LIBERALS ARE PREPARING
 Committees Struck For Provincial Convention

A special meeting of the Nelson Liberal Association this week struck committees to make the local arrangements necessary in connection with the approaching provincial Liberal convention, due early in June. The committees were named as follows:

Reception and billeting—W. J. Sturgeon, W. E. Ferguson, Dan McDonald and E. R. Redpath.
 Entertainment—W. H. Jones, R. Smillie, W. Rutherford, E. P. Dawson and W. J. Meagher.
 Kenneth Campbell, now member-elect for Nelson, resigned the presidency of the association. Vice-President J. R. Hunter was the unanimous choice to succeed to the president's chair. J. A. McDonald was elected vice-president, succeeding Mr. Hunter. The newly elected officers both addressed the meeting, expressing their thanks.

STREET CAR ACCIDENT
 Mrs. C. R. Kinney Caught by Coat and Dragged Some Distance.

What might have proved a very serious accident occurred on Tuesday afternoon last, when Mrs. C. P. Kinney, of 1722 Bank Street, was alighting from a Willows car at the corner of Fort and Quadra Streets. On stepping from the car Mrs. Kinney's coat was caught in the door of the car as it was quickly closed, causing her to fall and be dragged some distance before the fabric parted to release her. Leaving the street between the doors, Medical assistance was called, although it was found that no bones were broken. Mrs. Kinney is confined to her home suffering from nerve shock and bruises.

E. W. CLARKE APPOINTED
 Victoria Man Goes to Vancouver as Horticulturist for Lower Mainland.

W. R. Robertson, Provincial horticulturist, announces the appointment of E. W. Clarke, of Victoria, as district horticulturist for the Lower Mainland, to succeed F. R. Goodman, who has resigned to take up ranching in the Osoyoos district in the Okanagan.
 Mr. Clarke is one of the first graduates in horticulture from the University of British Columbia. His headquarters will be in the Court House, Vancouver, and his jurisdiction extends from North Bend to the Coast in all matters pertaining to fruit and horticulture extension and inspection work.

The new inspector served in France as a lieutenant with the 7th Battalion. He is an athlete of no mean capabilities and during his last two Summers spent in the Okanagan as an inspector in the S. C. H. school. His special occasion to play baseball and lacrosse on some of the best teams of the valley. He ranked high when taking his course in the school of bayonet fighting in Winnipeg before proceeding overseas, and in the early days was attached to the Boy Scouts, and later the Irish Fusiliers, in which he took a keen interest.

Mr. Clarke, who was born in Victoria, is a son of the chief Dominion Fruit Inspector last night. In R. G. L. Clarke, who thirty-two years ago homesteaded in the Fraser Valley and has been in the Dominion service since that time, ten years, and before that, for seven years, was in the Provincial Department of Agriculture as an inspector.

JAPAN TO STAY IN B.C. LUMBER MARKET

Will Continue Heavy Demand, Japanese Buyer Says

Japan will continue its present heavy demand upon the British Columbia lumber market according to Y. Sato, of Kobe, a rich Japanese trader who is here with a party of Japanese businessmen at present. The party, which is staying at the Empress Hotel, includes: W. L. Macquarrie, San Francisco, manager of the American Export Company; C. J. De Shiell, lumber inspector of Tacoma, Wash., and T. W. Leach, Tacoma representative of the American Export Company; K. Hori, of Osaka; T. Sasaki, of Kobe; T. Tomiyama, of Kobe, and T. Tomijima, of Kobe.
 "We are looking for cedar chiefly," Mr. Sato explained last night. "In Japan we do not paint our building material so that only lumber which retains its natural color is suitable for our purposes. The use of hemlock is rapidly growing in Japan," he added. "The reason why Japan is buying so much lumber here now, and will continue to do so is the fact that the Japanese Government has banned production of lumber from our own forests in order that they may be conserved."
 The party will tour the southern part of the Island before leaving for the Mainland.

WILL FORM HIGH SCHOOL ALUMNAE

Graduates to Organize in Interests of Students

Preliminary plans for the formation of an Alumnae Society of former Victoria High School students were drawn up at a meeting of old students last night. The aims and objects of the new organization will be explained to the High School Faculty next Wednesday by a committee which was appointed last night, and it is expected that the society's work will be well under way within a few weeks.
 Harold Tait, who presided last night, explained that an alumnae society would be of great value in promoting the interests of the present and future student bodies of the High School and would, as well, serve to renew the friendships and associations of the former students. As a great number of Victorians had attended the High School and cherished happy memories of the institution, an organization like that proposed, he said, should have a large and energetic membership.
 After a committee has discussed these plans with the High School Faculty next Wednesday an organization meeting will be held in the near future when officers will be named and definite plans drawn up. It is probable that this meeting will be preceded by a re-union dinner in the High School. During the Summer the new organization will arrange picnics, flannel dances and athletics, under present plans.

IN NEW QUARTERS

L. U. Conyers & Co. Take Over Premises on Fort Street.
 L. U. Conyers & Company, one of the oldest and best known real estate firms in Victoria, are now settled in their new quarters in the Campbell Building, corner of Fort and Douglas Streets, where the Bank of Toronto was located until recently.
 The firm was for fifteen years in the premises just vacated in the old Vernon Block which has been purchased and is being altered for use by the Woolworth Company as a five, Ten and Fifteen Cent Store. With L. U. Conyers, Sr., associated H. W. Wilders and during the years of their business association in this city some large deals have been put through.
 The new premises are very commodious, bright and attractively fitted out, the location being an ideal one for the purpose. Both Mr. Conyers and Mr. Wilders have long resided in Victoria, and their clientele is a large one.

TYEE COPPER COMPANY.

An advertisement in the Island papers announces the voluntary liquidation of the Tyee Copper Company. This company, a British organization with headquarters in London, England, has played a large part in the development of Vancouver Island mining.
 It was organized in 1900 to develop the Tyee mine at Mt. Sicker, and the results were immediate. An aerial tramway was constructed, and a smelter was erected at Ladysmith. The company operated here from 1902 to 1907, when the ore body was exhausted.

VIENNA CROWD SANG THE FORMER ROYAL ANTHEM

Vienna, April 7.—A requiem mass for the late Charles Hapsburg in St. Stephen's Cathedral yesterday precipitated Vienna's first royalist demonstration as a direct outcome of the death. The church was filled with nobility, and many members of

THE COUGH WITH THAT TICKLING SENSATION

A little tickling in the throat; now and then a dry, hacking cough; you think it is not bad enough to bother about, but every hack makes a breach in the system, strains the lungs and prepares the way for more serious trouble.
 How many people have lost a good night's rest by that nasty, tickling, irritating sensation in the throat? The dry, harsh cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.
DR. WOOD'S NORWAY PINE SYRUP
 is just the remedy you require to stop the irritating, tickling cough on account of its soothing, healing and expectorant properties.
 Mrs. P. Johnson, Fort Albert, B.C., writes:—"I have suffered for years off and on, with a tickling cough. I could not sleep nights and had to sit up in bed to get relief. In fact, I coughed so I used to vomit. I tried different doctors' prescriptions until I heard of Dr. Wood's Norway Pine Syrup. I tried it and found great relief after I had taken the first bottle and have not been troubled since. I shall always keep it in the house."
 Be sure and get "Dr. Wood's" when you ask for it. Price, 35c and 60c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont. (Advt.)
