### VETERAN SEAMAN WILL SAIL TINY CRAFT FROM VICTORIA TO ENGLAND

Commander Eustace B. Maude, R.N., Seventy-seven Years of Age and Resident of Mayne Island, Will be Here Thursday on Voyage of Peril and Adventure.

"I will be in Victoria on Thursday and will make my final preparations for departure for England in my little boat, which I propose to sail down the Pacific Coast, through the Panama Canal, and across the Atlantic Ocean," said Commander Eustace B. Maude, R.N., speaking over the long distance telephone from his home in Mayne Island to The Times this morning. His boat is a twenty-five foot dory-type sloop, named the Half Moon, and the veteran navigator is seventy-seven years of age, but as hearty a seaman as ever stepped a plank.

Commander Maude says that he will reach Panama in about sixty days after leaving Victoria, but he will not hug the coast during this trip. Instead, he will head well out to sea, get into the path of the trade winds and steer a direct course for Panama. He will take along with him a copy of Shakespeare's works, neatly and compactly bound in gold leather and with this little volume of a good author in his hand, the tiler lashed, the canvas straining in wind and the tiny sloop cutting the green Pacific rollers, Commander Maude will set his first course on a long voyage.

There will be fifty gallons of fresh water aboard the Half Moon, fifty gallons of gasoline in her tanks to feed the engine if the wind fails and food which will last for 100 days. The engine is a horse-power affair, is powerful enough to drive the dory against adverse weather or through calms. Fresh water and possibly more gasoline will be picked up at Panama and a new supply of food, vegetables, bread, flour, tea, sugar and various other supplies. The boat is well fitted with spare canvas, spars and stays, and Commander Maude, an expert seaman, will effect his own repairs at sea if any are necessary.

From the time the Half Moon passes and loses sight of Cape Flattery, there will be no further sight of shore until she approaches Panama. Then she will seek a passage through the canal and into the Atlantic. Commander Maude is setting forth upon what will probably be the greatest adventure of his life-time.

A VARIED CAREER  
Commander Maude retired from the navy and settled on Mayne Island twenty-five years ago. He joined the navy in 1861. He was with the old "Revenge" in that year. She was a modern ship of her day, with sails and steam, sails being the mode of propulsion. Steam was just beginning to make its appearance.

ON QUEEN'S SHIP  
Later Commander Maude was first lieutenant aboard Her Majesty Queen Victoria's own yacht, the Victoria, and Albert. His last command was the ironclad Temeraire.

He has been through actions on the Malay Peninsula and has hunted and fought with pirates on the China Seas and out of Alexandria.

Commander Maude does not think he is undertaking a voyage of any great hazard. He has a sea anchor which he will use in bad weather when he wants a turn below. And he believes the trip will be restful and enjoyable in the extreme.

He will arrive here on Thursday from Mayne Island and will then give definite statements as to the time of his departure and other particulars of his contemplated voyage.

22,000 CASES OF WHISKY SEIZED  
Sir Broderick Hartwell's Smuggling Expedition to U.S. Ends in Failure  
Only 6,000 Cases Sold, Shareholders in Britain Are Informed

London, April 28.—The London Daily Mail, which recently told of Sir Broderick Hartwell's misadventure in whisky running off the United States coast, now says he has circled his supporters to the effect that he lost everything in the debacle. Of the 61,000 cases in the shipment the United States authorities are declared to have seized more than 22,000. About \$300,000 were sold and the proceeds spent on vessels, coal and other things.

### LORD BYNG MAY SERVE A SECOND TERM IN OTTAWA

London, April 28.—(Canadian Press cable)—The Canadian Press learns authoritatively that there is no question of the British Government's willingness to permit Baron Byng of Vimy to extend the period of his office as Governor-General of Canada if he himself is willing to remain for a second term. His Majesty's present advisers would certainly prove most ready to accede to such a course.

Ottawa, April 28.—A former announcement whether or not Baron Byng of Vimy will remain for a second term as Governor-General of Canada is not expected for the present, at any rate. The question, it is learned, has not yet been discussed with the British authorities, although the Canadian Government, it is understood, has intimated to Lord Byng that a second term would be welcomed.

Sugar Prices Fell  
New York, April 28.—Prices of raw and refined sugar here touched new low levels for the year to-day. Continued favorable crop developments in Cuba led to increased offerings from that quarter, resulting in a decline to 43 cents a pound duty paid. Last prices of refined sugar fell to 5.55 cents for fine granulated.

Federal Tax on Beer in Ontario  
Ottawa, April 28.—The beer which is to be sold in Ontario will be subject to the Federal excise tax of 12½ cents a gallon. The Department of Customs and Excise has ruled that 44 per cent. beer comes within the definition of beer in the Excise Act of Canada. In its ruling the department makes no mention as to whether or not the beer is intoxicating.

Roosevelt Hunting Party to be Aided  
Simla, India, April 28.—The Indian Government has completed arrangements to assist Theodore and Kermit Roosevelt on their hunting expedition into Central Asia. It was announced to-day.

U.S. AIRSHIP TO FLY TO PORTO RICO  
Lakehurst, N. J., April 28.—The United States naval dirigible Los Angeles is at her mooring mast here to-day preparatory to her scheduled flight to Porto Rico to-night. Captain George W. Steele will be in charge of the flight.

EXPLORES WHO PLAN TO CLIMB MOUNT LOGAN ARE TO START NORTH SUNDAY  
Seattle, April 28.—Prepared to climb Mount Logan, highest point in Canada, and outfitted for the summer, a Canadian Alpine Club and Government party of eleven is assembling here from various points in Canada and the United States.

CHARGE AGAINST AIRMAN DISMISSED  
Vancouver, April 28.—The charge of driving to the common danger laid against Flight Lieut. A. L. Morfee of the Royal Canadian Air Force, following a crash between his car and one driven by W. Moulden, Port Coquitlam, was dismissed in police court here to-day. Magistrate Jamieson classing the accident as unavoidable.

### NEW YORK WILL HAVE MAY DAY POLICE GUARDS

New York, April 28.—Extra police guards will soon be placed at all public buildings, prominent churches and a number of residences of well known men here, it became known to-day, as a precaution against possible activities of radical groups on May Day. For some time special operations have been watching the activities of groups of radicals who, it was felt, might possibly be influenced by the recent outrages in Bulgaria.

### EXPLOSION IN HOME DEMOLISHES WALLS AND INJURES WOMAN

Mrs. Norman G. Martin Wrapped in Sheet of Flame When Gasoline Exploded in Fairfield Home This Morning; Victim of Accident Staggered From House With Clothes on Fire; Has Fighting Chance for Life.  
Severely burned by flames following a terrific explosion at 183 Bushy Street at 10.35 this morning Mrs. Norman G. Martin lies at the Jubilee Hospital with a fighting chance for life. Three people were in the house when an electrically-driven washing machine in the bathroom blew up. Gasoline, it is thought, became ignited by a spark from the circuit. The explosion was heard for many blocks, and forced out the interior walls of the room.

A sheet of flame roared through the gap created by a blown-out door casing and enveloped Mrs. Martin who stood some distance away. Choking from inhalation of the flame and with her clothes on fire, Mrs. Martin ran screaming from the house, to stumble to her knees at the foot of the steps outside.  
Mrs. Atkins and Leonard Stevens, neighbors, smothered the flames, but not before the unfortunate woman had sustained terrible burns and shock.  
Mrs. Martin's mother-in-law of the pantry of the home at the time and Mrs. Knudsen, by the explosion, which threw provisions jars off the shelves and bulged in the wall over her head. A little girl was in another portion of the house and escaped without injury.  
Prior to the explosion Mrs. Norman Martin had been washing a coat in the automatic machine, and had apparently left it to return to the kitchen when the eruption came. Gasoline, used in the washing mixture, is attributed by fire and police authorities as the probable cause of the explosion, the terrific force of which completely demolished the bathroom and blew out doors and windows elsewhere.  
The glass in the bathroom window was forced out completely and a panel blown clear out of the door, which had apparently been shut to keep the fumes out of the kitchen. The top portion of all exterior walls of the narrow room were bulged outward, and the fractured door set free to a couch in the kitchen.

FIREMEN CALLED OUT  
It was in this state firemen from the city main fire hall found the premises when they arrived in answer to the call. The fire was easily extinguished.  
Ambulance and doctors were also summoned by neighbors willing to lend their assistance.  
Mrs. Martin was lying wrapped in blankets when the police and ambulance arrived. She was conveyed to the Jubilee Hospital in a Cameron and Caldwell ambulance, where Dr. Vye and Dr. Sinclair attended. After preliminary examination medical advisers stated that Mrs. Martin had a fighting chance of recovery.

HEARD MANY BLOCKS  
The explosion was heard for many blocks from the scene. An unknown cyclist passing at the time was the first to reach Mrs. Martin and by his promptitude probably saved her from still more serious injuries.  
(Concluded on page 2)

CREDITS FOR BRITISH IN UNITED STATES  
New York, April 28.—The Federal Reserve Bank of New York has completed an arrangement, in which other reserve banks will participate, to place \$200,000,000 in gold at the disposal of the Bank of England. It is understood that the re-establishment of a free gold market in London, it was learned officially late to-day.

BORAH'S OPINION  
Chairman Borah of the Senate Foreign Committee said he did not regard the Hindenburg election as "Germany's" dishonouring.  
"I have no doubt," he said, "that there will be a recrudescence of the monarchy in Germany."  
(Concluded on page 2)

New Motors For Big U.S. Dirigible  
Washington, April 28.—New engines will be installed soon in the United States navy dirigible Shenandoah to increase her cruising radius from 4,000 to 5,000 miles. The five 300-horsepower Packard engines now in the airship will be replaced with three of the new 700-horsepower Packard engines.

### AUSTRIAN PAPERS DEPLORE ELECTION OF HINDENBURG

Vienna, April 28.—Field Marshal von Hindenburg's election to the German presidency is regarded here as a serious blow to the idea of an Austrian union with Germany and is deplored by the newspapers of all parties.

### SEES DELAY FOR ARMS CONFERENCE; PREMIER BALDWIN

London, April 28.—Premier Baldwin, replying to a question in the House of Commons to-day regarding the possible summoning of another disarmament conference, declared he did not see any sign of an early call for such a conference from any quarter.

### STEEL HELMET MEN TAKE POSSESSION OF HANOVER, GERMANY

Hanover, Germany, April 28.—The steel helmet monarchist organizations seem to have taken possession of Hanover and are celebrating exultantly the election of von Hindenburg as President of Germany. At their favorite restaurants and cafes members of these organizations are singing themselves hoarse day and night, shouting "Hail, Hindenburg," singing patriotic songs and imbibing freely.

### SAY PROGRESS OF GERMANY IS NOW HINDERED

U.S. Government Circles Hold View Election of Hindenburg Clogs Wheels  
Economic Disturbance Expected; French Papers Print Columns on Election

Washington, April 28.—Its psychological effect outside of Germany rather than what it may portend as a new direction in German politics appears to be the chief concern in official circles here in viewing the triumph of Field Marshal von Hindenburg in the German presidential election.  
Continued official silence regarding the election did not conceal to-day a reaction of surprise in Soviet Russia, where people had been led to believe the aged military leader had little chance of success. His triumph is especially unwelcome to the Russian Communists, who know his avowed hostility to Bolshevism.  
Some Soviet leaders believe that when he has been a few months in office von Hindenburg may attempt to have Friedrich Wilhelm, Hohenzollern, former Crown Prince, appointed Regent, with the ultimate object of completely restoring the German crown.

New Intoxication Test is Adopted  
Birmingham, Eng., April 28.—Repetition of the words "British Constitution" has been dropped by the Birmingham police as a test of persons suspected of having imbibed too freely.  
Instead, the suspects are requested to step at a lively pace along a chalked line, pick up a hat at one end and then bow four times to the captain in charge of the test.

WINNIPEG MAYOR STATES WESTERN ONTARIO WANTS TO BE PART OF MANITOBA  
Winnipeg, April 28.—Western Ontario, from Rainy Lake to the Manitoba boundary, is ripe for union with the province of Manitoba, according to Mayor R. H. Webb, who has returned to Winnipeg after a visit made to Fort Frances in connection with highway matters. Mayor Webb stated he found indications that inclusion in Manitoba and secession from Ontario would be welcomed.

Extensive Fight To Rid B.C. of Cattle Disease  
By Times Staff Representative  
Ottawa, April 28.—The most carefully planned campaign in the history of Canada to eradicate a contagious tuberculosis will be started in British Columbia shortly as a result of the success of the mission carried out here by Hon. E. D. Barrow, Provincial Minister of Agriculture. Mr. Barrow announced to-day that he and experts of the Federal Department of Agriculture had worked out a comprehensive scheme whereby the two departments would co-operate in combating the whole province by districts for that cattle disease, with the ultimate object of ridding British Columbia completely of it. Mr. Barrow said he was greatly pleased with the results of his work here.

### RUSSIANS EXPECT MONARCHIST MOVE SOON IN GERMANY

Soviet Leaders Look For Hindenburg to Appoint F. W. Hohenzollern Regent  
News of Election of Old Army Leader Greatly Surprised Moscow Circles

Moscow, April 28.—News of the election of Field Marshal von Hindenburg as President of Germany was received with astonishment in Soviet Russia, where people had been led to believe the aged military leader had little chance of success. His triumph is especially unwelcome to the Russian Communists, who know his avowed hostility to Bolshevism.  
Some Soviet leaders believe that when he has been a few months in office von Hindenburg may attempt to have Friedrich Wilhelm, Hohenzollern, former Crown Prince, appointed Regent, with the ultimate object of completely restoring the German crown.

### PEDESTRIANS INJURED

Hamilton, Ont., April 28.—When William Best of Port Dover, Ontario, drove his automobile on the sidewalk at King and Park streets in an effort to avoid a collision with another car, he struck three pedestrians, one of whom, John Keating, may die.

### FARMER IN ONTARIO KILLED BY LIGHTNING

North Bay, Ont., April 28.—Struck by lightning while sleeping in bed with his wife and little child, S. Cooper, a young farmer living about four miles from South River, was instantly killed Friday evening during a severe lightning storm. It was reported here to-day. The blankets on the bed caught fire and the wife and child received minor burns.

### WINEYARD IN ONTARIO KILLED BY LIGHTNING

North Bay, Ont., April 28.—Struck by lightning while sleeping in bed with his wife and little child, S. Cooper, a young farmer living about four miles from South River, was instantly killed Friday evening during a severe lightning storm. It was reported here to-day. The blankets on the bed caught fire and the wife and child received minor burns.

Webb, who has returned to Winnipeg after a visit made to Fort Frances in connection with highway matters. Mayor Webb stated he found indications that inclusion in Manitoba and secession from Ontario would be welcomed.

## WHOLE EMPIRE ON GOLD BASIS IN NEAR FUTURE

Britain To-day Restored Former Condition; Canada Already Was on Gold Basis; Action Soon by Other Dominions; British Government Will Reimpose McKenna Duties July 1.

London, April 28.—Winston Churchill, in his maiden budget laid before the House of Commons to-day, placed Great Britain on a gold basis and announced the reimposition of the McKenna duties on imported luxuries.  
After finding additional sources of revenue through increased death duties, a tax on silk and a few other articles, the Chancellor of the Exchequer went to the relief of the general British public by a straight cut of sixpence in the pound in the income tax. In announcing Great Britain's return to the gold standard, Mr. Churchill declared there would be complete Empire unity in this policy. Canada already was on a gold standard basis, he said. South Africa had notified him of her intention to revert to the gold standard from July 1, while Australia from to-day would abolish existing restrictions on free gold exports, and New Zealand would follow a similar course.

OTHERS FOLLOW COURSE  
Mr. Churchill declared Holland and the Dutch East Indies, which are very important factors in the world's commerce, would act simultaneously with Great Britain to-day in restoring the gold standard. Upon the completion of Chancellor Churchill's statement on the budget the House of Commons voted to accept all the proposed measures.  
SPECIAL LICENSE  
London, April 28.—The gold standard in Great Britain will be restored, dating from to-day, by a special license to the Bank of England, in accordance with the plan announced by Winston Churchill, Chancellor of the Exchequer, in his budget speech in the House of Commons this afternoon.

THE BANK'S SPECIAL LICENSE, Mr. Churchill said, would operate from to-day pending the formal lapsing on December 31 next of the act prohibiting the export of gold bullion.  
Mr. Churchill characterized the yield from internal revenue during the past year as "extraordinary." Excess profit and corporation profit taxes showed a deficit of £2,000,000, but these were "moribund" taxes and were more than made up by the yield from the income tax, super tax and death tax.

THE CONSUMING POWER of the British people, Mr. Churchill maintained, declared Mr. Churchill.

ACCURATE FORECAST  
He said he realized that the surplus of the last financial year was a fortunate circumstance with remarkable accuracy with the budget's revenue from spirits, tobacco had fallen £2,000,000 below the last budget estimate, but beer had advanced by £1,000,000.

Mr. Churchill said he was making arrangements to obtain credits in the United States for not less than \$500,000,000, with possible expansion. The credits would only be used if and when required, and he did not expect it would be necessary to use them.  
Mr. Churchill postponed the reimposition of the McKenna duties upon imported luxuries.

TREASURY NOTES  
With regard to the re-establishment of the gold standard, Mr. Churchill said he would introduce a measure providing for the issue of treasury notes as well as Bank of England notes, which would be convertible into coin, but only at the option of the Bank of England.

THE RE-ESTABLISHMENT of the gold standard, he said, did not necessarily mean a return to gold coinage. Mr. Churchill appealed to all branches of the people to continue the use of notes.

Simultaneously with these provisions, he said, the Bank of England would be obligated to sell gold bullion in amount not less than 400 tons ounces in exchange for legal tender at a fixed price of £3 17s. 10½d. per standard ounce.

NANAIMO CHIEF IS VISITING SEATTLE

Police Head is at Work There in Connection With Bank Robbery Charge

Seattle, April 27.—Chief of Police Shirras of Nanaimo, B.C., here today in connection with the case of the three men arrested last week on a charge of being involved in the \$42,000 robbery of a bank in Nanaimo, December 12 last, said he would determine to-day whether it would be necessary to bring witnesses from Canada to identify the suspects, Ed Gorman, Alfred Castro and James Burns. He will remain in Seattle several days.

Chief Shirras said he did not believe there was any possibility that Ross Watson, former Seattle detective now awaiting trial in connection with the \$42,000 robbery, would be released if Castro should be identified as one of the bandits.

"Because of the desperate character of the men with whom we are dealing," Chief Shirras said, "I prefer to say as little as possible until we have completed our case against them. Their accomplices, not yet in custody, are watching our every movement. For that reason I prefer to work with the local police as quietly as possible for the present."

"The character of weapons found in the lodging of the three men held here are enough to inspire caution in any one dealing with them."

The weapons to which Chief Shirras referred were revolvers and sawed-off shotguns found by Seattle detectives in the house occupied by Castro and Gorman on the night of their arrest.

DECLARATION FOR WORK IN COAL MINES

Company Head in Nova Scotia Says That is Better Than Relief Measures

Montreal, April 28.—Charitable organizations that have taken up the appeal of the hungry people in the Cape Breton coal strike area were warned to give serious consideration to the "advisability of taking sides in any industrial dispute," in a statement issued here last night by Roy Wolvin, president of the British Empire Steel Corporation. By supplying the striking miners and families with food and clothing, the public had adopted such a questionable course, he maintained.

Mr. Wolvin claimed the best contribution that could be made to relieve distress in the mining districts was employment for the miners.

"The British Empire Steel Corporation has offered such employment to many of the unemployed, but producing coal and distributing weekly payrolls sufficient to prevent distress," he said.

He charged that the officers of the United Mine Workers of America had refused to submit any reduction of wages to a vote of the miners themselves.

"We have tried to show these officials that a reduced daily wage rate would permit the sale of larger quantities of coal and furnish more days' work per year and more yearly wages than a high daily wage rate," Mr. Wolvin concluded.

ROUND-UP OF COMMUNISTS EUROPE'S PLAN

Police Forces of the Old World Are Said to Have Made Agreement

London Morning Post Predicts Action by Government of Great Britain

London, April 28.—Col. Cecil Malone, a former coalition Liberal member of Parliament, who has just returned from the Balkans, states that the police forces of Europe have agreed upon a general round-up of Communist activities and the expulsion of suspected aliens within the next few days.

Great Britain at least contemplates such a step as that outlined by the London Morning Post, which states the Government will take direct action against Communist activities here almost immediately. The methods to be followed are not disclosed, but the newspaper says one of the first steps will be to amend the law and that it is assumed another will be to cut off the financial supplies which have supported Communist activities here.

"So long as the immunity conferred upon the Soviet representatives here by the late Government," says the paper, "an immunity which extends to the Soviet mail bag, is continued, this (cutting off of financial support) is impossible."

MOVE IN MICHIGAN OPPOSED BY C.N.R.

Resolution Passed by Legislature Calls For Taking Over of D.G.H. and M. Railway

Washington, April 28 (By Canadian Press)—A move which has been started in Michigan by the Legislature to have that state take up an option which it claims on the Detroit, Grand Haven and Milwaukee Railway is described by Labor, a labor organ published here, as a deliberate plan to cripple Canada's public-owned railway system. The paper charges that "interests" opposed to public ownership are back of this move, which it describes as "one of the most amazing propositions ever submitted to" a legislature of the United States.

A resolution calling for the taking over of the option has been passed by both houses of the Michigan Legislature and is reported to have the approval of Governor Groesbeck.

The Detroit, Grand Haven and Milwaukee was formerly a part of the Grand Trunk. It is claimed by Sir Henry Thornton, according to Labor, to be an integral part of the Canadian National System and its possible loss would be a serious matter for Canada's big road. Labor declares the State of Michigan will not operate the branch, but will hand it over to some United States railroad at a handsome profit.

FOR INVESTMENT The paper says, in part: "Under the charter granted the road many years ago the State of Michigan, it is claimed by the supporters of the resolution, has the right to buy the property for the amount of the actual investment, which is said to be only a little more than half its market value."

"It is not proposed that the state shall retain the road. The advocates of the resolution frankly declare the state can easily dispose of the property to some American transportation system at a profit of \$10,000,000."

"The supporters of this extraordinary proposal argue the state would be justified in forcing the purchase because under the road's special charter the state has been helpless in its efforts to make the Grand Trunk perform needed work of improvement and service or pay a just tax."

CHARTER HONORED It is not contended that the Canadian National since it came into possession of the Grand Trunk, has violated its charter. In fact, the courts of the state have held that the road was complying with the provisions of its charter.

"The supporters of the resolution, however, hold the charter itself is unjust to the people of Michigan, and should be wiped out through the purchase of the road by the state."

"There is reason to believe the scheme to purchase the road was suggested to the politicians who are in control of the state government of Michigan by the Pennsylvania or some other trunk line which desired to get control of the D. G. H. and M. because of its importance as a connecting link."

"At the same time, by taking the road away from the Canadian National, that great experiment in government ownership can be seriously crippled."

STATEMENT BY THORNTON Labor declares that "in order that the Canadian National might get its side of the story before the people," it wired Sir Henry Thornton and publishes the following as a "signed statement" received from the Canadian National president in reply: "The Detroit, Grand Haven and Milwaukee is an integral part of the Grand Trunk Western Railway system which became a part of the Canadian National system when the latter system was formed."

"The Canadian National Railway and its predecessor, the Grand Trunk, have put into the properties comprising the D. G. H. and M. \$25,497,530. Furthermore, this line furnishes to the Canadian National Railways a traffic route by car ferry across Lake Michigan of great value and strategic importance, together with valuable Detroit terminals."

"The present administration of the Canadian National Railways has endeavored to fulfill all of its obligations to communities served in the state of Michigan and elsewhere and to the employees on its lines."

OUT OF CLEAR SKY "We had no reason to assume that a material dissatisfaction existed until out of a comparatively clear sky the project to dispossess the Grand Trunk Western of the D. G. H. and M. appeared."

"It is difficult to understand the motives which may have prompted such a movement, but it would have seemed the part of wisdom and justice if any dissatisfaction existed that the proper authorities should have made the situation known to the Canadian National Railways and given us an opportunity, by negotiation or otherwise, to have corrected whatever may have given cause for complaint."

"It is not beyond the realms of speculation that one of more important trunk lines may be seeking the acquisition of the D. G. H. and M. for the purpose of forming a direct traffic connection with other trunk lines on the western side of Lake Michigan."

"The Canadian National Railways system desires to live in peace with its neighbors and has never pursued a policy of aggression."

"We will, with such strength as we can command, resist the exploitation of our property, relying on the justice of our cause and the reputation which we think we enjoy for fair dealing with our patrons and our employees."

"HENRY W. THORNTON."

MONTREAL CLEAN-UP Montreal, April 28.—The Committee of Sixteen, in a letter addressed to A. J. A. Brodeur, chairman of the executive committee, has accepted his offer to give its members a chance to clean up commercialized vice in Montreal. Mr. Brodeur is considering the offer.

350 pairs of a special Holeproof Silk Hose with reinforced hile toes and heels in black, white and the wanted colors; sizes 8 1/2 to 10. Splendid value at, per pair.....\$1.00

SAYS MILITARISM STRONG IN GERMANY

Jiji Shimo, Tokio Newspaper, States Others' Confidence in Germany Shaken

Tokio, April 28.—The election of Field Marshal von Hindenburg as President of Germany is likely to produce a serious effect on the susceptible European political situation, the opinion of Japanese newspapers.

The Jiji Shimo says: "The election bears eloquent witness that the worship of militarism still holds a firm grip on the German nation," adding that it is afraid the election detracts greatly from the world's confidence in the German policy of peace.

The Tokio Asahi thinks the result was accelerated by indifferent treatment of Germany by the Allies since the war, and believes the people are reverting to the old policy of warring might.

CAUTION NEEDED The Yamato and The Tokai Shosha see a tendency towards imperialism, and say that unless special care is taken, the powers may take an unfavorable attitude towards Germany.

The Hochi and the Tokio Nichi Nichi view the result less seriously, believing it was due to the personality of Hindenburg. The Nichi Nichi admits, however, that the people find themselves in a position of return shortly to the old imperialistic theory, but says the future depends more upon the attitude of the powers than the people themselves.

HEAD-FIX FOR Sick and Nervous Headaches

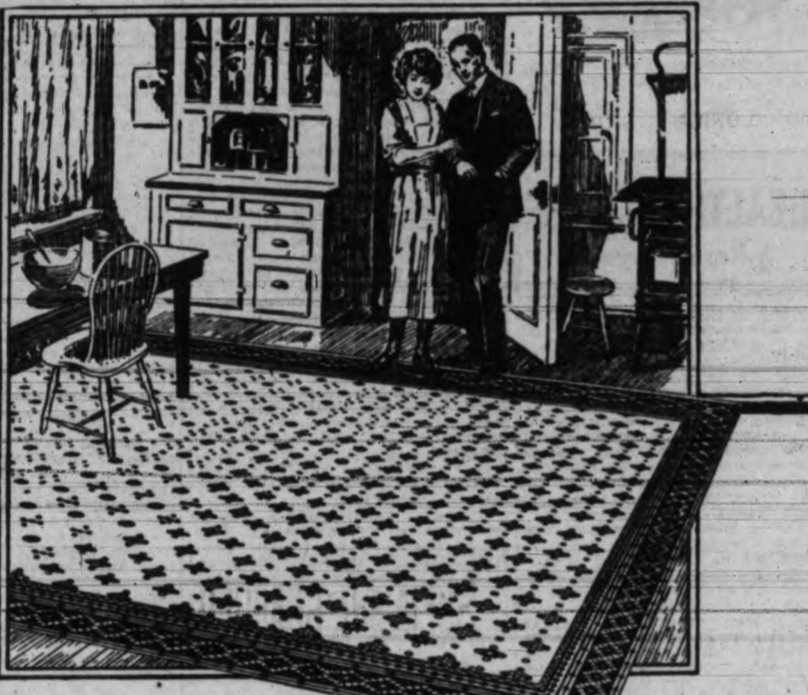

Five Workmen at Mine Were Killed

West Newton, Pa., April 27.—Five construction workmen were killed in an explosion at the Humphrey Mine of the Westmoreland Coal Company near here last night. One man on the tipple when it was wrecked by the force of the blast was blown to bits, and the bodies of the other four were found early to-day about 100 feet inside the mine.

DEATH INVESTIGATED

Williams Lake, B.C., April 28.—Humors of foul play emanating from the death of an Indian named Johnson, who died in March last at Chedoke, 30 miles north of Williams Lake, have resulted in a police officer and a physician leaving to examine the body. Another Indian, Nicholas, who had quarrelled with the deceased man, is being held in the Williams Lake jail.

The only guaranteed Gold-Seal Congoleum is identified by the Gold Seal shown below. It is printed on the face of every guaranteed Congoleum Gold-Seal Art-Rug and on every few yards of Congoleum By-the-Yard. It is your protection against substitutes. Be sure to look for it when you buy.

—and it takes but a moment to clean this Congoleum Rug—

Woodwork, stove, table and cabinet all spick and span; everything in "apple pie order"—and the Congoleum Gold-Seal Rug so clean it looks like new! What woman wouldn't enjoy having a kitchen like this?

It's easy to keep both kitchen and dining-room spotless with Congoleum Rugs on the floors. For these sanitary, labor-saving floor-coverings are so wonderfully easy to clean! They've a smooth, seamless surface that crumbs and spilled liquids cannot work into. Go over them with a damp mop and every trace of dirt is removed in a jiffy.

Many Beautiful Patterns They lend such good looks to the other furnishings! Indeed, so varied and beautiful are Congoleum patterns that you should have these artistic rugs throughout your home. There are fascinating Orientals, dainty floral motifs, and the conventional tile design illustrated above—every one a true masterpiece of rug designing!

Congoleum Rugs hug the floor without fastening, yet never curl up at the edges.

Congoleum Rugs are easy to move. Just roll them up—then unroll on the floor in the new home—it's no trouble at all.

Be sure to see these popular rugs at your dealer's. Notice particularly the tough wearing surface, which ensures long and satisfactory service. Being so low in price, it is real thrift to use Congoleum Rugs throughout your home.

Popular Rug Sizes—Popular Prices
9x3 ft. \$5.25 9x7 1/2 ft. \$12.00 9x12 ft. \$19.00
9x4 1/2 ft. 7.50 9x9 ft. 14.00 9x13 1/2 ft. 21.35
9x6 ft. 9.75 9x10 1/2 ft. 16.50 9x15 ft. 23.70

Gold-Seal Congoleum By-the-Yard 95c sq. yd.

Congoleum By-the-Yard The same sanitary, flat-lying, durable material as Congoleum Gold-Seal Art-Rugs, for use where it is desired to cover the entire floor. It is made two yards wide in many unbordered patterns.

CONGOLEUM CANADA LIMITED 1270 St. Patrick Street, Montreal, Quebec

Belong to design No. 548, an Oriental creation. Also design No. 536, a very popular design.

GRAVE INFLUENCE ON EUROPE'S AFFAIRS

London Telegraph Says Election of Hindenburg Renews Feelings of Anxiety

London, April 28.—The London Daily Telegraph, dealing with the election of Hindenburg as President of Germany, says: "There should be no more brutal and unanswerable comment upon the political record of the Republican parties which five years ago had the moulding of Germany's future in their hands."

"The election, however, does not fear restoration of the dynasty of which von Hindenburg is the loyal servant, and although it admits the first effect upon French opinion has been disastrous, it does not see a prompt tightening of the purse strings by the United States, until it will be seen what happens in Germany."

"Until that is seen," adds the paper, "it will be advisable for us to refrain from taking too tragic a view of the election, but it cannot be regarded as other than bad business for Europe as introducing anew a grave element and anxious feeling into what lately looked to be a promising situation."

PERSONAL SUCCESS

Amsterdam, April 28.—The Amsterdam Sandelblatt expresses the Dutch view of the election of Hindenburg as German President as follows: "The election of Hindenburg clearly shows how greatly the German people are still dominated by sentiment as opposed to political feeling. Von Hindenburg is the personification of Germany's power and glory, while Marx is the personification of Germany's present distress."

ALARMING SYMPTOM

Rome, April 28.—The Giornale D'Italia says the election of von Hindenburg is an alarming symptom of the general situation existing throughout Europe, although the Journal does not believe the election is a serious source of complications in the near future, as a coup d'etat in Germany under present circumstances would be impossible without civil war resulting.

Fifteen Soldiers of France Killed in Morocco Fight

Paris, April 28.—A captain and fourteen men of a French colonial unit in Morocco were killed and eleven soldiers wounded in a fight with 400 rebels early in April, the Government announced to-day. The battle, which occurred near Trefila, lasted three days and three nights. The attacking rebels retreated, leaving forty dead.

LIQUOR RULING

Regina, April 28.—Possession of liquor purchased at a Government store in a place other than a dwelling house or a guest room in a hotel, with the seal on the original package broken and part of the contents consumed, was legalized in a brief judgment delivered by Magistrate Heffernan in police court here yesterday. By virtue of the judgment, charges of "having" against Thomas Thirde, resident of Craven, Sas., and John Hughes, Regina, were dismissed. Thirde's case was made a test case and the judgment was reserved after the evidence had been taken early last week.

SHEPPERD TRIAL

Chicago, April 28.—William B. Shepperd, charged with the murder of William Nelson McClintock, his foster-son, from whom he inherited a \$1,000,000 estate, will be tried May 18 before Judge Lynch.

INJURING CANADA

IN ONE OF HIS GLOOM-iest hours more than twelve months ago Rt. Hon. Arthur Meighen declared in public that he had in the drawer of his desk at Ottawa a list of a little more than one thousand industrial establishments in Canada which had to suspend business on account of the tariff policies of the Mackenzie King Government.

The Toronto Star challenged Mr. Meighen to produce his list or hold his peace. He failed to produce it and seems to have discarded the ditty for his supporters to improve.

Mr. Stevens has been to the Coast since he added another 1,200 establishments to his leader's list—and he has not found it convenient to produce his. If Mr. Meighen's life depended upon his finding his list, he would now be making preparations for his departure from this world.

Actual facts prove that their statements are positively without foundation. They are playing party politics and they know it. It is becoming the habit of the Conservative Leader and his following to paint Canada in the blackest of colors before the world in the hope that in the doing of it they may obtain some temporary political advantage.

They are playing party politics and they know it. It is becoming the habit of the Conservative Leader and his following to paint Canada in the blackest of colors before the world in the hope that in the doing of it they may obtain some temporary political advantage.

These are not exaggerated suggestions. The larger Californian cities were built up because their own people willed and worked for the building. They believed in their cities and put their belief to practical test.

DR. FRANK CRANE

On TREES
THE American Tree Association of Washington, under the leadership of Charles Lathrop Pack, asks the members of a community jointly owning a town forest not for one minute to tolerate a citizen who leaves a match smoldering in the woods.

It asks why not have a community forest near town, why not a Memorial avenue?
Tree planting time is at hand. Now is the time to make the plans for a town forest for next year while everybody is thinking about trees.

Many towns own properties in the form of hospitals, asylums, poor farms, or other institutional establishments. Many of these are on land that has reverted to the community for non-payment of taxes, or land that is lying fallow and being eaten by weeds.

Most cities and towns have water reservoirs that must be protected by a watershed of trees in the interior of public health.

Why not create a Memorial forest?
Going farther than this feature of general education, the town forest becomes an adjunct of the schools. Within its confines nature and forestry can be studied.

Thus the town forest can pay for itself in dollars and cents, declare dividends every day in the year in healthful and valuable services to the community, and open the door to the work of conserving the many gifts of Nature.

As a part of the educational campaign the American Tree Association wants thousands of new members in the tree planting army. It will send you, for a two-cent stamp, tree planting suggestions and a tree day programme.

It will send you an application blank so that your tree can be registered on the national honor roll. The Association wants you to celebrate the centennial of Arbor Day in 1975 by planting the trees now.

The week of April 27 is National Garden Week. This date coincides with Forest Protection Week.

What finer memorial than a tree? This is an army all should join.

The suggestion of the American Tree Association is entitled to our heartiest support.

Words of wise men
Discouragement seizes us only when we can no longer count on chance.

Everywhere in life, the true question is, not what we gain, but what we do.

Human improvement is from within outwards.

Nothing can work you damage, except you bring the harm that you sustain you carry about with you, and never are you a real sufferer but by your own fault.

Charity is the virtue of the heart and not of the hands.

A cheerful temper, joined with innocence, will make beauty attractive, knowledge delightful, and wit good-natured.

The strongest principle of growth lies in human choice.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of publication.

RUINED BY FREE TRADE
To the Editor—About six months ago I heard a distinguished, well-known and successful gentleman just returned from a visit to the Old Land, giving public expression to misgivings about the prospect ahead for the British motor-car industry, now that a Free Trade Chancellor of the Exchequer was requiring it to operate under Free Trade conditions.

It is a sure no one will be more delighted than I at the misgivings have been unfounded. In your issue of Saturday you state that the British motor-car industry during 1924 underwent remarkable expansion, showing an increase of more than 50 per cent compared with the gross production of 1923.

FREE TRADER
To the Editor—In your issue of April 23 you publish an account of a meeting of the Saanich Fruit-growers' Association, and in fairness to members opposed to powers who control the association, I will ask you to give publicity to this letter in your columns.

SAANICH FRUIT-GROWERS' ASSOCIATION
To the Editor—In your issue of April 23 you publish an account of a meeting of the Saanich Fruit-growers' Association, and in fairness to members opposed to powers who control the association, I will ask you to give publicity to this letter in your columns.

WHO'S WHO IN HISTORY TO-DAY

TUESDAY, APRIL 28

EDWARD IV
English king, first of the Yorkist rulers following his overthrow of Henry VI. of the House of Lancaster, was born at Rouen, France, on April 25, 1441.

JAMES MONROE
Fifth President of the United States, renowned as the author of the doctrine declaring against the intervention of European powers in matters relating to the American continent, was born in Westmoreland County, Va., on April 28, 1758.

JOHN ABERNETHY
English surgeon, died at Enfield, near London, on April 25, 1821. He possessed great influence in his profession, probably due less to his learning than to his powerful, attractive and somewhat eccentric personality.

HEINRICH VON TREITSCHEK
German historian and publicist, died on April 25, 1896. He wrote many historical essays, in which he advocated the idea of Pan-Germanism. Interest in his works was revived by the World War.

HEALTH & DISEASE

X-Ray in Diagnosis
The X or Roentgen Ray is an electro-magnetic wave, invisible, traveling in straight lines and capable of penetrating dense or opaque objects.

The stomach and intestines, being hollow organs with thin walls, are visualized by filling them with a dense substance as barium mixed with the swallowed liquid or food. With the patient standing in front of the X-ray in a darkened room, the stomach and intestines then become sharply outlined and their appearance may be studied on the fluorescent screen.

Medical men find the X-ray of growing importance in aiding them to arrive at correct diagnosis, at the same time recognizing its limitations. Some of the most common conditions demonstrated by X-ray are diseases of the lungs, such as tuberculosis, heart changes in size and position, changes in the internal organs, disease of the bones, abscessed teeth, kidney or gall stones and commonly to show the presence of fracture in and position of broken bones.

ASCULAPUS
"Whereas, by virtue of the large amount of Asiatic labor employed in such industries the amount of payroll expended in the Province is not commensurate with the exploitation of our natural resources, and is a detriment to the general progress and development of the Province.

"And whereas, it has been the policy of governments in the past to encourage immigration to this Province to settle on the land to promote the agricultural industry.

"And whereas it is impossible for such settlers to make a living in the agricultural field with practically fifty per cent of the industrial market to which they hope to cater.

"And whereas the merchants of the Province find practically fifty per cent of the industrial payroll does not purchase from them or consume merchandise manufactured in this country, thereby preventing the natural expansion of their business.

"And whereas, the only remedy for the conditions now existing is the adoption of a Minimum Wage Bill that will remove the unfair competition now prevailing, and give the white worker an equal and fair chance with the Asiatic in the labor market.

"Be it therefore resolved, that the signatories to this petition request the Honorable the Minister of Labor to prepare and present to the House at the next session of the British Columbia Legislature a Minimum Wage Bill for male labor, of not less than \$3.75 per day, with the necessary exceptions to protect the agricultural industry with respect to farm labor and clearing of land."

ORIENTAL EXCLUSION

URGED BY MEETING

Total Exclusion of Orientals and Minimum Wage Bill Resolutions Adopted

Further Meeting Under Auspices of Native Sons Left to Call of Chair

A resolution calling for total exclusion of Orientals from Canada was called to consider the report submitted by a special committee on the Oriental question. Some 160 delegates were present at the Sons of Canada Hall when W. D. Todd, of the Native Sons of Canada, called the meeting to order.

The total exclusion resolution was moved by E. E. Gould, of the City Temple Service Club, and was seconded by Mrs. Harrison, of the W.B.A.

Rev. A. K. McMinin, representing the Ministerial Association, opposed the resolution on the ground that it was unchristian.

F. E. Carlow, in proposing the total exclusion resolution, stated that as long as the Orientals were allowed to have free agency in this country, with their lower standards of living, the white man could not hope to compete.

Harry Langley opposed the resolution and pointed out that it dealt with the problem of Orientals who might come to this country in the future, but left the matter of Orientals already established in the country.

W. E. Pierce's opinion was that the Orientals now here could be dealt with locally, but the total exclusion resolution was necessary at this time to prevent the influx of further Asiatics, he said.

DISTRIBUTION OF PAYROLLS
F. E. Carlow, in speaking to the resolution proposing a Minimum Wage Bill, gave it as his opinion that the city suffered from lack of proper distribution of payrolls, especially those built on municipal sources.

For example, he said, comparing 1,000 men employed in Victoria in the lumber industry and a like number in the State of Washington, the distribution of the payrolls was very different. In Washington 1,000 men working at \$3.50 per eight hour day made \$3,500 per month, which was spent by them in the community.

In Victoria, of 1,000 men employed in the mills, 500 were Orientals, earning \$3,000, which was of no benefit to the white community and was not spent here. The white workers remaining worked at wages of from \$1.50 to \$2.50 per week, which had control over only about \$35,000 per month, as compared to \$3,500 in distribution across the line from the State of Washington.

The Eight Hour Bill, as passed recently by the Provincial Legislature, said Mr. Carlow, had aggravated the distribution in this connection in that it should, to his mind, have been passed in conjunction with a Minimum Wage Bill to balance it.

Secretary Langley moved that the committee carry on with its work, and bring in further resolutions for conducting an intensive campaign; that the various bodies of the city be asked to contribute financially, also the business men of the city.

TWO resolutions were carried and three others postponed to be taken at the next regular meeting. The resolutions carried were in favor of Oriental exclusion and a Minimum Wage Bill. They read as follows:

Moved by F. E. Gould and seconded by Mrs. Harrison: "That Orientals, both Chinese and Japs, be totally excluded from Canada, and that every organization represented be asked to endorse this resolution and submit it to the Minister of Immigration at Ottawa immediately.

Moved by F. E. Carlow and seconded by W. F. Fullerton: "Whereas, by means of the unfair competition of Asiatic labor in the industrial market in full of the Province only a small portion of white people are able to secure employment; and whereas, by virtue of such competition, the standard of living is low, the white worker is forced to accept a wage not commensurate with the white men's standard of living.

"And whereas, by virtue of the large amount of Asiatic labor employed in such industries the amount of payroll expended in the Province is not commensurate with the exploitation of our natural resources, and is a detriment to the general progress and development of the Province.

SEWERLESS HOMES

TROUBLE ESCUMALT
Delicate Question to be Canvassed by Engineer and Health Officer

After lying dormant for ten years before successive councils the question of rigid enforcement of the sewer regulations was tackled by the Esquimalt Council last night. Five by-laws were ordered destroyed and upwards of thirty-five others will be expected to connect to the corporation sewers without undue loss of time.

In some cases, it was frankly admitted, this action would prove a hardship to those who might be forced to put in sewers at a cost of over the value of the building. On the other hand many had mortgaged their homes to comply with the law, while to their right and left were either who had "scoff-laws" and apparently proud of it.

The whole question was one of extreme delicacy, the council discovered, wherein the problem of one party would conflict with those of another until chaos would be the result unless enforcement was against one and all. After considerable discussion, in which the power of the corporation to enforce connection where necessary was fully realized, the meeting handed the problem over to the municipal engineer, H. F. Bourne, and medical health officer, Dr. J. S. McCullum, for action.

As the council sees it, all who can do so should connect their premises up to the sewers without delay. Where a moderate time is requested in which to bring about what it will not be refused, it is understood. In some cases where an actual health menace exists no connection or destruction will be enforced at once.

By its action the council has taken the stand that it has the power to enforce totally of observance of its sewer regulations and expects the same before the end of the month. It should be aimed at without further delay. Enforcement, the most delicate phase of the problem, was handed over to the corporation officers with an admonition to "use their discretion." The council and the courts, however, will stand behind their action.

A delegation of campers urged in favor of the petition to the same end that the ten years' practice of camping near Esquimalt beaches be not disturbed. The camps were sanitary, but the various bodies of the city, besides putting out beach fires and generally acting as good citizens, have petitioned for this in the petition for consideration later.

Esquimalt was notified of the impending call of H.M.S. Capetown in a letter from G. J. Desbarres, Deputy Minister of National Defence. The warship will be at Prince Rupert from July 23 to August 5; Esquimalt from August 7 to August 18; Esquimalt from August 18 to August 22, said the communication. The council filed the letter for consideration when the date approaches.

Miss E. Harcourt, proprietor of a kindergarten school, won her contention over the trades license asked of her by the police, who are the collectors of municipal revenue in Esquimalt. Establishments of this nature were outside the intention of the licensing provisions and no fee would therefore be collected.

The police, however, had been right in trying to collect, added the council somewhat ambiguously. J. Saunders was awarded new insurance business up to a point where municipal risks on road equipment are now evenly carried by incidents and ratepayers in the district.

The quarterly report of Messrs. L. Bay, Boiston and Holden, auditors, showed that Esquimalt's financial standing of the municipality was on its usual high plane financially. The report showed the repayment in full of the \$10,000 loan from the bank in 1924 and the first advance of \$25,000 on the current year's borrowings under the usual by-law.

Results from a recent fire of serious proportions the council ordered a systematic inspection of windows to settle on the land to promote the agricultural industry.

"And whereas it is impossible for such settlers to make a living in the agricultural field with practically fifty per cent of the industrial market to which they hope to cater.

"And whereas the merchants of the Province find practically fifty per cent of the industrial payroll does not purchase from them or consume merchandise manufactured in this country, thereby preventing the natural expansion of their business.

"And whereas, the only remedy for the conditions now existing is the adoption of a Minimum Wage Bill that will remove the unfair competition now prevailing, and give the white worker an equal and fair chance with the Asiatic in the labor market.

COULD NOT SLEEP NIGHTS
Pains and Headaches Relieved by Taking Lydia E. Pinkham's Vegetable Compound

Dublin, Ontario.—"I was weak and irregular, with pains and headaches, and could not sleep nights. I learned about Lydia E. Pinkham's Vegetable Compound by reading the letters in the newspapers and tried it because I wanted to get better. I have got good results from it as I feel a lot stronger and am not troubled with such bad headaches as I used to be and am more regular. I am gaining in weight all the time and I tell my friends what kind of medicine I am taking. You may use my letter as a help to others."—Mrs. JAMES RACHO, Box 12, Dublin, Ontario.

Halifax Nurse Recommends
Halifax, N. S.—"I am a maternity nurse and have recommended Lydia E. Pinkham's Vegetable Compound to many women who were children, also to women who need a good tonic. I am English and my husband is American, and he told me of Lydia E. Pinkham's Compound. I have a copy of a copy of two of your little books on women's ailments. I have one which I keep to read. I will willingly answer letters from any woman asking about the Vegetable Compound."—Mrs. M. COLEMAN, 24 Uniacke St., Halifax, Nova Scotia. (Adv.)

CANADIAN WOMAN WRITER HAS DIED

Miss Katherine Hughes Was Noted Journalist and Short Story Writer

Ottawa, April 22.—News was received here today of the death in New York of Miss Katherine Hughes, short story writer and journalist and former vice-president of the Canadian Women's Press Club.

Miss Hughes was a talented writer and her death cuts short a brilliant career. In the course of her active participation in the field of journalism, Miss Hughes held many important positions and her writings based on some of her assignments in the United States and England have proved of outstanding value.

She compiled a masterly volume on the life of Sir Wm. Van Horne, and was the author of "Archbishop O'Brien, Man and Churchman," as well as numerous short stories and articles for Canadian and United States magazines.

Miss Hughes, who was well past middle age, will be buried in New

CITY TEMPLE LADIES' AID GAVE PLAYLET TO BIG AUDIENCE

The City Temple Ladies' Aid presented an entertainment entitled "Strictly Business," on Friday last in Semple's Hall, Victoria West.

The audience, which was a capacity one, were keenly interested from start to finish, and are hopeful of seeing many more productions by the ladies who exhibited such exceptional talent.

TO-MORROW'S HOROSCOPE

By Genevieve Kemble
An active and eventful day is to be forecast from the dominant lunar and mutual figures. There is promise of abrupt upheaval, involving change or travel; and while there are signs of advantage, yet the financial outlook is not promising and there may be complications through letters, contracts or publications.

Those whose birthday it is have the promise of an eventful year, with probably change and travel, which should bring benefits if more than usual care be taken in the matter of letters, contracts and publications.

Beauty A Gleamy Mass of Hair

35c "Danderine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance.

SAYS WORLD PEACE LIES IN HANDS OF WOMEN WITH VOTE

In the few remarks she made while in the vessel which brought her to this country, Mme. Ste. Croix expressed the opinion that giving the vote to women in all the countries of the world would lead to world peace.

Distinguished French Woman Says Her Sex Should Have Wider Responsibilities

Montreal, April 22.—Mme. Avril de Ste. Croix, president of the National Council of Women of France and an officer of the International Council of Women, believes there is little hope of the nations of the world ever attaining permanent peace among themselves until the women of all these nations are given their proper share in the governing of their countries.

COVICHAN HEALTH CENTRE NAMES YEAR'S OFFICERS

Duncan, April 22.—The annual meeting of the Covichan Health Centre took place on Friday afternoon, the president, Mrs. Moss, O.B.E., in the chair. All officers re-elected: president, Mrs. Moss; vice-president, Mrs. Owens; secretary, Mrs. R. H. Whidden; and treasurer, Mrs. T. Pitt. It was decided to form a transportation committee this year to look after the arrangements for the car used by the health nurse, and the Rev. W. H. H. A. Patterson will be asked to return to-day to her home in Seattle.

WELL BABY CLINIC

Mrs. Moss submitted the fifth annual report, touching on the various branches of the work, viz: nursing services, school service, orthopaedic cases, dental clinics, well-baby clinics and chest clinics.

The necessity for a nurse to work exclusively among the Covichan Indians has been recently realized by the Health Centre committee, who again appealed to the Indian Department for such an appointment.

Financial aid has been received from the City of Duncan, the Municipality of North Cowichan, the King's Daughters, the Covichan Chapter, I.O.D.E., the Cowichan Women's Institute, the Cobble Hill Women's Institute, the Shawanigan Women's Institute and the Vimy Women's Institute. Thanks are also due to Mr. A. R. Wilson for auditing the accounts.

AMONG INDIANS

To Dr. H. E. Young, Provincial Health Officer, the Committee and the district owe a deep debt of gratitude. Mrs. Moss continued, the financial help has been as ungrudging as his courtesy, encouragement and sympathetic understanding of the many problems which have to be faced.

Miss J. M. Jeffares has now been in charge of the Health Centre for more than a year and largely to her initiative and advice to her committee, the work has developed in every department.

WOMAN'S MAIN SOCIAL AND PERSONAL

Mr. W. S. Day, of Vancouver, is a visitor in Victoria to-day. Mrs. Fife and Miss Fife, of Winipeg, are visitors in Victoria and are guests at Cherry Bank.

Mr. J. Keathley-Hankin, of the Sun Office, Vancouver, is a visitor in Victoria. Mr. M. P. McCaffrey, of Prince Rupert, is a visitor in Victoria and is a guest at the Empress Hotel.

Messrs. John Russell and E. H. Russell, of Toronto, are visitors in Victoria. Mr. H. S. Wood of Vancouver is a visitor in Victoria and is a guest at the Pacific Club Hotel.

Mrs. Brentzen arrived in the city this morning from Vancouver and will return to the mainland to-night. Mr. and Mrs. Arthur Merton left this afternoon for Vancouver, where they will spend a few days.

Miss Lowe of New York is visiting in Victoria as the guest of Mr. and Mrs. Roland Powell, Mass Street. Mr. Charles Doering, of Duncan, was a visitor in Victoria yesterday and left on the midnight boat on a business trip to Vancouver.

Mr. Lyman Root, of Toronto, Canadian manager of the Sun Fire Office, is on a visit to the Pacific Coast and will be in Victoria to-morrow. Mr. J. J. Seitz, manager of the Underwood Typewriter Company, Toronto, is at the coast on business and will be in Victoria to-morrow.

Mr. and Mrs. Gordon Young (nee Edith Hodgson), of Los Angeles, Cal., have been visiting with Mrs. Holley, Yates Street, left yesterday to spend a few days with friends in Seattle.

Mrs. Guilkey of Los Angeles, who has been visiting with Mrs. Holley, Yates Street, left yesterday to spend a few days with friends in Seattle. Mrs. W. J. Seitz, manager of the Underwood Typewriter Company, Toronto, is at the coast on business and will be in Victoria to-morrow.

Mrs. J. W. de B. Farris of Vancouver, formerly of Victoria, was elected president of the University Women's Club at the annual meeting on Saturday evening.

Mrs. E. P. Walsh, who for the past few weeks has been the guest of Mrs. L. C. Howell, Hampshire Road, Oak Bay, is returning to-day to her home in Vancouver. Mrs. Graham-Gardiner, who has been spending the past few months at Devonshire House, left on Saturday for Calgary, where she will spend the summer with relatives.

SOOKE HARBOR

Mr. King is a visitor of Mr. and Mrs. John King. Mr. and Mrs. Eccles and family from Kamloops are visiting here. Mr. and Mrs. John Musgrave and Miss Wright have returned home after spending the winter in Europe.

Mr. W. Fox has returned from his visit to Victoria. Miss Lillian Helgenson has gone back to high school after passing a few days with her parents.

Mr. K. McMillan has been visiting in Sooke. Mrs. Hembrow and Miss Felton have returned to Victoria. Much sympathy is felt for Mr. (Edgar) Brown, his family, also for Mrs. Gray, at the loss of their father, who died on Friday at her home at Roche Harbor.

ELECT COMMITTEES FOR CARNIVAL BALL

Charlesworth, chairman of music committee, Victoria's Crystal Garden Carnival. Refreshments—A. H. Kerr, T. P. McConnell, A. E. Humphries, Mrs. W. H. P. Sweeney. Floor—Mrs. McConnell, J. B. Seattle, president, Rotary Club; Dr. Howard Miller, president, Kiwanis Club; Harold Buttress, president, Gyro Club; Miss M. A. Wigley, president, Victoria's Crystal Garden Carnival; and B. R. Kerr, general chairman of the carnival committee.

MUMTAZ BEGUM IN TEARS ON WITNESS STAND AT BOMBAY

Indian Dancing Girl Identifies Bloodstained Clothing of Merchant

Bombay, April 22.—Mumtaz Begum, dancing girl and former favorite of the Maharajah of Indore, broke into tears to-day when called upon to identify bloodstained bits of clothing that belonged to Abdul Kadir Baula, rich Mohammedan merchant, who was killed at Malabar Hill, near Bombay, on January 12. Nine men accused of the murder of the merchant, who was the Nautch girl's protector after he escaped from the Maharajah of Indore household, pleaded not guilty yesterday when their trial began in the Bombay high court before a special jury.

Mumtaz to-day told the story of her life with the Maharajah of Indore, in whose household she spent ten years as a dancing girl. During that time she was not allowed to leave Indore without the Maharajah, and when her baby was born her relatives were not allowed to see her.

Mumtaz to-day told the story of her life with the Maharajah of Indore, in whose household she spent ten years as a dancing girl. During that time she was not allowed to leave Indore without the Maharajah, and when her baby was born her relatives were not allowed to see her.

PRETTY WEDDING AT ESQUIMALT

Miss Evelyn M. Knight Becomes Bride of Joseph Carver

A very pretty ceremony took place at St. Paul's Garrison Church on Saturday, April 22, when the Rev. P. C. Chapman united in marriage Evelyn Margaret, second daughter of Mr. and Mrs. J. Knight of Esquimalt, and Mr. Joseph Carver, son of Mr. J. Carver of Stafford, England. The bride entered the church in the arm of her father, and looked charming in a dress of cream satin over pink and trimmed with lace, she wore a becoming tulle veil and wreath of orange blossoms, and she carried a shower bouquet of carnations and roses. Mrs. J. Bennett, the matron of honor, wore a becoming dress of blue baronette satin. Miss Josephine Knight, sister of the bride, Miss Irene Brunson and Miss Ivy Harding were the three bridesmaids, and looked very pretty in dresses of fast crepe in pale blue and mauve, trimmed with silver. The two dainty flower girls were Gladys Knight and Agnes Bennett. Mr. J. Bennett was best man, Mrs. Knight, mother of the bride, wore a handsome gown of brown crepe with a design in blue and hat to match.

A reception was held at the Rex Theatre. Some 250 guests were seated at tables prettily decorated with lilac and marigolds and centred by the handsome three-tiered wedding cake. After supper dancing was indulged in till shortly before midnight. The 500 wedding presents testified to the esteem in which the young couple were held by the community. Especially noticed were a handsome clock from the bridegroom's messmates aboard H.M.C.S. Armentiers, and a silver percolator from the staff of the Standard Laundry, of which the bride was a member. The happy couple left on the night boat for Vancouver, where the honeymoon will be spent, the bride traveling in a handsome dress of navy blue with coat to match. A short silk hat with blue and silver veil completed the costume.

Home Cooking Sale.—Rose Court Junior W.B.A. will hold a sale of home cooking at David Spencer's Limited on Saturday morning.

UPLANDS GOLF CLUB DANCE TO EQUIP NEW QUARTERS

The Uplands Golf Club has completed arrangements for its dance at the Alexandra Club on Thursday evening, the proceeds of which will be used for the furnishing of the ladies' quarters. Dancing will be from 8 until 2 o'clock and some cooking will have charge of the music. Six tables of bridge are being arranged for those who do not care to dance and the supper arranged by the ladies in the capable hands of the Alexandra House management. It is hoped that old and new members of the club will patronize this affair and thus avail themselves of the opportunity of becoming acquainted. Tickets may be obtained from the Uplands Club House, from Strath's, Gordon Ellis or members of the committee.

MUMTAZ BEGUM IN TEARS ON WITNESS STAND AT BOMBAY

Indian Dancing Girl Identifies Bloodstained Clothing of Merchant

Bombay, April 22.—Mumtaz Begum, dancing girl and former favorite of the Maharajah of Indore, broke into tears to-day when called upon to identify bloodstained bits of clothing that belonged to Abdul Kadir Baula, rich Mohammedan merchant, who was killed at Malabar Hill, near Bombay, on January 12. Nine men accused of the murder of the merchant, who was the Nautch girl's protector after he escaped from the Maharajah of Indore household, pleaded not guilty yesterday when their trial began in the Bombay high court before a special jury.

Mumtaz to-day told the story of her life with the Maharajah of Indore, in whose household she spent ten years as a dancing girl. During that time she was not allowed to leave Indore without the Maharajah, and when her baby was born her relatives were not allowed to see her.

PRETTY WEDDING AT ESQUIMALT

Miss Evelyn M. Knight Becomes Bride of Joseph Carver

A very pretty ceremony took place at St. Paul's Garrison Church on Saturday, April 22, when the Rev. P. C. Chapman united in marriage Evelyn Margaret, second daughter of Mr. and Mrs. J. Knight of Esquimalt, and Mr. Joseph Carver, son of Mr. J. Carver of Stafford, England. The bride entered the church in the arm of her father, and looked charming in a dress of cream satin over pink and trimmed with lace, she wore a becoming tulle veil and wreath of orange blossoms, and she carried a shower bouquet of carnations and roses. Mrs. J. Bennett, the matron of honor, wore a becoming dress of blue baronette satin. Miss Josephine Knight, sister of the bride, Miss Irene Brunson and Miss Ivy Harding were the three bridesmaids, and looked very pretty in dresses of fast crepe in pale blue and mauve, trimmed with silver. The two dainty flower girls were Gladys Knight and Agnes Bennett. Mr. J. Bennett was best man, Mrs. Knight, mother of the bride, wore a handsome gown of brown crepe with a design in blue and hat to match.

A reception was held at the Rex Theatre. Some 250 guests were seated at tables prettily decorated with lilac and marigolds and centred by the handsome three-tiered wedding cake. After supper dancing was indulged in till shortly before midnight. The 500 wedding presents testified to the esteem in which the young couple were held by the community. Especially noticed were a handsome clock from the bridegroom's messmates aboard H.M.C.S. Armentiers, and a silver percolator from the staff of the Standard Laundry, of which the bride was a member. The happy couple left on the night boat for Vancouver, where the honeymoon will be spent, the bride traveling in a handsome dress of navy blue with coat to match. A short silk hat with blue and silver veil completed the costume.

Home Cooking Sale.—Rose Court Junior W.B.A. will hold a sale of home cooking at David Spencer's Limited on Saturday morning.

For all Dainty Things

The filmy, dainty things of sheerest weave and most charming hue—things some people never dreamed could be washed—are perfectly safe in the pure, rich suds of Lux. Just dip them up and down in the abundant Lux lather. No rubbing, to roughen their delicate texture or streak and fade the lovely colours. And not only once, but many times, can they be laundered. Each time they come from the gentle Lux bath as charming as though they were new.

SECTION OF ISLAND HIGHWAY CLOSED

From End of Langford to Mill Road From Wednesday to Saturday

4 out of 5 are marked

There's no way to get around it. Dental statistics show that four out of every five over 40—and thousands younger, too—are victims of Pyorrhea. Do you want to avoid this dread disease?

Prevent tooth decay below the gum-line

As the soil nourishes the tree roots, the gums nourish the teeth. And as the tree decays if you bare the roots, so do the teeth decay when gum shrinkage starts in.

This condition—one of the first stages of Pyorrhea—is very common and something that ordinary tooth pastes are powerless to prevent. If not checked promptly it will lead to loss of teeth and serious organic diseases.

If used in time and used consistently twice daily, Forhan's will prevent Pyorrhea or check its progress. It will preserve the gums in their pink, normal, healthy condition, safeguard your health and keep your mouth clean, fresh and wholesome.

Forhan's is more than a tooth paste; it checks Pyorrhea. Thousands have found it beneficial for years. For your own sake ask for and get Forhan's For the Gums. At all druggists, 35c and 60c in tubes.

Formula of E. L. Forhan, D. D. S.

Forhan's, Limited, Montreal

Forhan's FOR THE GUMS

More than a tooth paste—it checks Pyorrhea

Just as the stability of a lighthouse depends upon a firm foundation, so are healthy teeth dependent upon healthy gums

Canada-Australia Treaty Discussed
Ottawa, April 22.—D. H. Ross, Canadian Trade Commissioner in Melbourne, who is now in Ottawa, is to leave for Australia to conduct further negotiations in regard to the Canadian-Australian trade treaty. This was announced by Premier King in the Commons yesterday afternoon. The question came before the House when Right Hon. Arthur Meighen, Conservative leader, quoted a dispatch from Melbourne which stated Premier Bruce had said the discussion of the treaty could not be reopened and that Australia was awaiting the action of the Canadian Parliament. Premier King added that the dispatch did not represent the facts.

BEER IN ONTARIO
Toronto, April 23.—Premier Ferguson stated today that the 1.5 per cent beer regulations were practically completed and that he anticipated that the beer would be on sale throughout Ontario on or about May 15.

BEDTIME STORY
Uncle Wiggily's Shower Bath
Copyright, 1925, by McClure Newspaper Syndicate.
(By Howard R. Garis)
A few days after he had married Mrs. Jump, the rabbit widow, who gave the bunny gentleman such a jolly surprise by bringing to his bungalow forty-seven little children rabbits she owned—a few days after this, Mr. Longears thought he would hop out and look for an adventure. "You will not be homesome, will you, my dear?" he asked his new wife. "Well, just a little," she answered. "But Nurse Jane and I can find plenty to do I suppose." For the muskrat lady housekeeper continued to live with Uncle Wiggily after the wedding. "Some day you must come adventuring with me," Uncle Wiggily said to his wife, and she promised that she would. Then the bunny gentleman began looking for his tall silk hat, which he wanted to wear as he hopped over the fields and through the woods. "Have you seen my hat, Nurse Jane?" asked Mr. Longears. "Why, no, I haven't. I saw one of the bunny children picking it off that hat tree a little while ago," answered Miss Fussy Wuzzy. "I thought they were bringing it to you." "No, they didn't give it to me," said Mr. Longears, and he twinkled his pink nose sort of apprehensive like, for he remembered how, at the wedding breakfast, Nippoo, one of

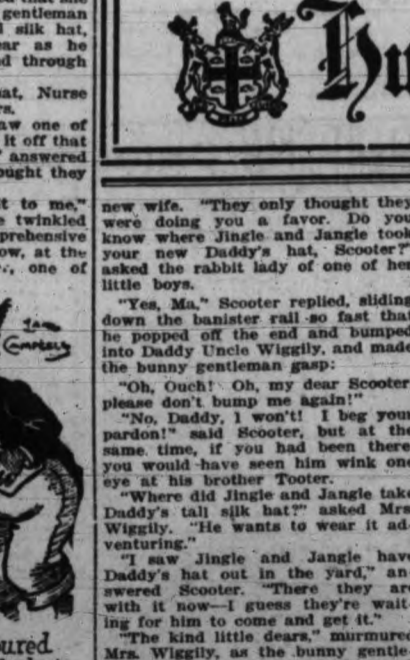

Healthy Babies are the Result of Proper Feeding

The early care of the baby lays the foundation for its later life.

About the sixth month baby needs additional nourishment to make teeth and build the bone and muscle needed for the approaching sitting up, creeping and walking period. It is at that time, too, that breast milk begins to fail. To supply the strength needed for this period of activeness, physicians prescribe cereal foods. The simplest, safest way is to use Nestlé's Milk Food. Nestlé's is a perfect blend of both milk and cereals, a proven strength-building

Food. The finest cow's milk is dried to a powder and to this are added wheat-biscuit, wheat malt, and cane sugar. To prepare, just add water and boil one minute. In tests on thousands of infants Nestlé's Milk Food was found to agree with 93%. If You Do Not Nurse Baby use Nestlé's Milk Food entirely. A splendid substitute when for any reason mother's milk is not available.

new wife. "They only thought they were doing you a favor. Do you know where Jingle and Jangle took your new Daddy's hat," Scooter? the rabbit lady of one of her little boys. "Yes, Ma," Scooter replied, sliding down the banister rail so fast that he popped off the end and bumped into Uncle Wiggily, and made the bunny gentleman gasp. "Oh, Ouch! Oh, my dear Scooter, please don't bump me again!" "No, Daddy, I won't! I beg your pardon!" said Scooter, but at the same time, if you had been there, you would have seen him wink one eye at his brother Tooter. "Where did Jingle and Jangle take Daddy's tall silk hat?" asked Mrs. Wiggily. "He wants to wear it adventuring." "I saw Jingle and Jangle have Daddy's hat out in the yard," answered Scooter. "They are waiting for him to come and get it." "The kind little dears," murmured Mrs. Wiggily, as the bunny gentleman started out toward the yard, where, in the middle of the lawn, he saw his hat. Standing near it and looking down at it were Jingle and Jangle. Uncle Wiggily jumped out in a hurry, picked up his hat and put it on his head. But, as he did so, a lot of water poured out of his tall, silk hat and gave him a shower bath. "Oh! Ugh! Wuff! What's this?" cried Mr. Longears, dripping wet. "Who put water in my nice, new hat?" "We—we did," said Jingle and Jangle. "We did, Uncle Daddy! We didn't know you wanted your hat right away and we put water in to make believe it was an ocean for our dolls to go swimming in. And now you've spilled our ocean!" sobbed Jingle. At first Uncle Wiggily was sort of provoked like and angry, but he never could stand to see children

A lot of water poured out of his tall, silk hat. Mrs. Jump's little rabbit boys, had stuck a pin in his leg—in Uncle Wiggily's leg, you know. "Which little rabbit had my hat, Nurse Jane?" "I think it was Jingle and Jangle, the two little girls," was the answer. "There are so many children that it is hard to keep track of them. It's like the old lady who lived in a shoe, Uncle Wiggily." "Well, yes," Mrs. Jump did bring me quite a lot of children," Uncle Wiggily said with a laugh, "and we seem to discover new ones every day. But I love them all—every one." Indeed Mrs. Jump had a large number of rabbit children when she married Uncle Wiggily. They seemed to run all over the bungalow. "And now they have taken by tall, silk hat!" sighed Mr. Longears. "But I don't believe the cute little dears meant any harm," said his

Hudson's Bay Company

INDIVIDUAL, NOT CAUSE, TRIUMPHED
Berlin Socialist Paper's Comment on Hindenburg's Election as German President
Berlin April 23.—Dealing with the election of Field Marshal von Hindenburg as President of Germany, Vorwarts, the Socialist newspaper, says: "An individual, not a cause, was victorious on April 28. In the opinion of The Berliner Tageblatt, the danger lies not in the person of Hindenburg, but in the intrigues of his entourage, and it draws attention to the irony of the fact that the 'paladin of Wilhelm II will now be obliged to take the oath to the Republican constitution between the Social-Democratic President of the Reichstag and under a Republican flag.' REAWAKENED IDEALISM
The Kreuz Zeitung, a monarchical paper, says: "The so-called sentimentality which

## CHILDREN OF SAANICH TO NAME MAY QUEEN

Vote Will be Taken in the Schools

Special to The Times  
Sidney, April 27.—The North Saanich Women's Institute held their regular monthly meeting at the home of Mrs. Hammond, East Road. There was a good attendance. The president, Mrs. Jeffrey, was in the chair. It was decided to hold Children's Day at Beach House on June 3, and to have a May Queen chosen by the children's vote in the schools of North Saanich. A special meeting will be called to arrange details.

### BULB MARKET

It was arranged to try and start a bulb market for North Saanich, so those growing bulbs should have a better opportunity to sell their flowers. Mrs. Hammond was made convener. Mrs. Hammond then served tea.

### LEFT SIDNEY

Captain and Mrs. Peterson and family have left Sidney where they have lived for many years and have gone to live at Prince Rupert, going there in their own boat from here.

## Galiano Island News

Special to The Times  
Galiano Island, April 25.—A jolly dance was held at the schoolhouse in aid of the hall. About fifty people were present. Music was supplied by Mr. Seese's gramophone, and G. Geoghegan played the accordion. A quality supper was served by Mrs. Bellhouse and Miss Phyllis, who were given a hearty vote of thanks for their hard work.

Mrs. Alfred Cayzer gave an entertainment at her home to the mothers of her music pupils and her Bible class. A delightful tea was served by Mrs. Cayzer assisted by her daughter. Among those present were Mrs. Murcheson, Mrs. Twiss, Mrs. Stewart, Mrs. Page, Mrs. Radford and Mrs. Morgan. Miss York, Nigel Morgan and Allan Stewart played several pieces. Barbara Twiss and Rosamund Murcheson, in big sun-bonnets and piniflowers, sang "I Don't Want to Play Young Brides" and then sang in kinemas, "Two Little Maids From Japan." Jack Page recited and Nigel Morgan Edwin sang "You Must Not."

## Chemainus News

Special to The Times  
Chemainus, April 25.—Chemainus auto camp site which comprises two lots, has been bought by James Goldsmith. He is now busy clearing it in order to build a house.

A lot and shack owned by a Chinaman has been bought by de Lane, who has cleaned and enlarged the shack, and is now opening it as a store.

Mr. and Mrs. J. Chatters has taken up their residence in the house recently rented from Mrs. Stephen Slinger.

Miss Norah Dwyer was the weekend guest of her parents, Mr. and Mrs. W. Dwyer, Duncan.

The Misses Peggy and Alice Dyke spent the week-end at Crofton.

Chemainus baseball team are hard at work practicing for the coming season. The first game of the Mid-Island Baseball League will take place at Chemainus May 10, Chemainus vs. Nanaimo.

Mr. Young spent the week-end at Crofton, the guest of Mr. and Mrs. Murray Ure.

Mr. W. C. Cray has accepted the position of assistant fire warden of the Deep Bay district.

Mr. and Mrs. Cray and Miss Rosemary Cray are leaving this week for Courtenay. They will be away six months. During their absence they have rented their home to Mr. and Mrs. Alken of Vancouver.

Mrs. Basil Baylle is visiting friends in Vancouver.

Mr. and Mrs. Irving P. Smith, Mrs. Randall Jarrett and Miss Grace Murray were present at the funeral of Billy Muir, the young Chemainus athlete, who died in Victoria last week.

## Sooke News

Special to The Times  
Sooke, April 25.—The St. Andrew's team were victors in a game of basketball played at Charter's Hall on Saturday evening against Sooke "A." The home team kept well ahead until half time, they were then caught up by St. Andrew's who came out on the long end of the score by 48 to 41.

# Cowichan Golfers

## Move to Front In First Half of Game

Special to The Times  
Duncan, April 27.—In the first match of the series for the Dickie Cup played on the Cowichan golf links, the home team were victorious by a score of 22 to 28.

Thirty-six holes singles were played with a point for each nine and a point for the match. The next match will be played on the Nanaimo links in May.

The players and full scores were:  
Cowichan  
H. F. Prevoast ..... 2  
R. L. Challenger ..... 3 1/2  
K. F. Duncan ..... 3 3/4  
A. H. Peterson ..... 4  
G. G. Sharr ..... 4  
R. Murgrave ..... 4 1/2  
W. B. Poyel ..... 4 1/2  
J. S. Robinson ..... 3 1/2  
L. Leeming ..... 3 1/2  
H. H. Punnett ..... 1 1/2  
A. H. Lomas ..... 1 1/2  
W. L. B. Young ..... 1 1/2

Concurrently with the Dickie cup being played for at Duncan by "A" teams of Nanaimo and Duncan, "B" team journeyed to the Coal City and won out by 31 points to 23. A very pleasant day was spent on the Nanaimo links and the Cowichan club were very hospitably entertained.

The following are the scores:  
Singles  
Cowichan Golf Club  
H. W. Dickie ..... 0  
G. Wright ..... 2 1/2

Special to The Times  
Duncan, April 25.—The lady members of the Cowichan Golf Club whose handicaps are 22 and over, took part in a Tombstone competition on Saturday afternoon for prizes donated by Mrs. Lloyd-Wallis. The winners were Mrs. C. W. Daruca who finished out the nine holes with two strokes to spare.

Others competing were Mrs. W. H. Dickie, Mrs. H. A. Paterson, Mrs. W. H. Edgell, Mrs. H. Fry, Miss K. Whitton and Miss Jeffers. The finals in the Robinson Cup were contested by Mrs. W. B. Harper and Miss K. Robertson being the two ladies to come successfully through. In the semi-finals Miss Whittton defeated Miss G. A. and Mrs. Harper defeated Mrs. Duncan one up.

## GIRL PUPILS AT DUNCAN ENTERTAIN

Special to The Times  
Duncan, April 25.—The entertainment and social evening given by the "Wee Macgregor Klites," pupils of Miss Graham-Brown, and the "Duncan Nightingales," pupils of Mrs. R. King, Friday evening, was a most delightful affair in every way, and after the kiddies had finished their turns, refreshments were served and dancing indulged in until nearly midnight.

# SEALS ARE UNMOLESTED IN PILGRIMAGE TO PRIBILOFS

## Two American Cutters Are Guarding Herds Passing North to Bering Sea; Seals Were Sighted Off Queen Charlotte Islands Several Weeks Ago.

The United States coastguard cutter Snobomish and Unalaga, are now in the northern Pacific Ocean protecting the vast herds of seals which are making their way to the breeding grounds, and which, in years gone by, were the prey of the sealers of Victoria and Seattle who roved the northern waters in their quest. In the days of early sealing on this coast, before the protective treaty went into effect, Victoria was one of the greatest sealing ports, if not the greatest of any in the world. Her ships were successful in competition with the vessels of foreign sealing fleets and fortunes were made and lost in the north.

Victoria's old sealers, which for so long were anchored in the inner harbor off Point Ellice, are no more. But the spirit of the days when they sailed forth in quest of pelts on their adventurous voyages still lives with many a veteran skipper who dreams of sending another fleet north on this port.

The seals are allowed to breed unmolested and the herds are growing slowly.

## CONTRIVERSY CONTINUES

Many people in Victoria urge that the sealing industry would mean much to this port. Others claim the market is so small that there would be no use bringing in the pelts, and that all sealing enterprises would be financial failures. The herds, too, would soon be wiped out, they argue.

## NEW SYSTEM OF RATES ADOPTED

Shipping Men Will Bring Views Before Inter-coastal Conference

San Francisco, April 25.—The traffic bureau of the San Francisco Chamber of Commerce was yesterday advised that the plan proposed by the American-Hawaiian line for a new system of rate making on westward intercoastal freight shipments has been adopted in principle by the United States inter-coastal conference. Details are still to be worked out. It was announced, but it is expected that it will be operative by May 1.

A committee of five members, consisting of the secretary of the conference as chairman and two representatives each of the differential and non-differential lines will be appointed to consider all proposed rate changes before they are submitted to the conference for action.

The procedure will be similar to a great extent to that followed by the railroads. On application by a shipper for a change in rates, the committee will set a date for the hearings, and will allow ample for the preparation and presentation of data.

## POSITIONS BY WIRELESS

ESTEVAN, 8 p.m.—ROCHELLE, bound Vancouver, 370 miles from Vancouver.  
CANADIAN FARMER, bound Victoria, 412 miles from Victoria.  
CANADIAN WINNER, bound Victoria, 260 miles from Victoria.  
CANADIAN SCOTTISH, bound Victoria, 620 miles south of Plattery.  
WAIOA, bound Vancouver, 749 miles from Plattery.

Prince Rupert—Cloudy; southeast fresh; bar. 29.90; temp. 52; sea rough.  
Alert Bay—Overcast; southeast fresh; bar. 30.29; temp. 52; sea moderate.

Estevan—Overcast; southeast light; bar. 30.10; temp. 52; sea smooth.  
Burr Harbor—Overcast; calm; bar. 29.92; temp. 50; sea smooth.  
Dead Tree Point—Cloudy; fresh southeast; bar. 29.94; temp. 48; sea moderate.

## Vancouver Island Egg-Laying Contest

Year 2—Weekly Report, No. 25, Week Ending April 24, 1925  
Conducted by the Dominion Experimental Station, Sidney  
(Registration)

Table with columns: Pen, Owner and Address, Breed, 1-10 (number of eggs), W (weight), T (total weight).

The following table gives the production of the individual birds for the week under columns numbered 1 to 10. "W" gives the total weekly hen production and column "T" the total number of eggs for the pen to date. The difference between the weekly total and the records of the individual birds is the result of eggs laid on the floor.

# WILL SAIL TO ENGLAND

## Intrepid Navigator, Commander Eustace B. Maude, Seventy-seven years of age, will make voyage from here to England in twenty-five-foot boat, Half Moon.

Intrepid navigator, Commander Eustace B. Maude, seventy-seven years of age, will make voyage from here to England in twenty-five-foot boat, Half Moon.

## UPHOLDS PEARY'S NORTH POLE CLAIM

### Capt. D. B. MacMillan Does Not Share Capt. Bernier's Doubts About Success

Schnecktoy, N. Y., April 25.—There is no doubt whatever that the late Admiral Robert Peary, of the United States navy, reached the North Pole. Capt. Donald B. MacMillan, Arctic explorer, said here yesterday when informed that Capt. Joseph E. Bernier, also a veteran Arctic explorer, had said at Quebec that it was highly improbable Admiral Peary could have verified his claim.

Captain MacMillan, who was a member of the Peary expedition, said that if Capt. Bernier meant the "mathematical" North Pole, an imaginary needle point atop the earth, it was entirely possible Admiral Peary had not found that, but it would be impossible for anyone to be certain he had set his foot directly upon this needle point.

## U.S. and German Ships Collide on Coast of Belgium

Antwerp, April 25.—The United States Shipping Board freighter Inniko was in collision with the German motorship Isis, near here today. A dispatch to Lloyd's says the Inniko, with a seventeen-foot hole in her No. 1 hold, had been holed to prevent her sinking, and that the Isis is taking water. The Inniko left New York for Antwerp April 14.

## VESSELS MOVEMENTS

Stockholm at Halifax from New York.  
Thuringia at Halifax from Hamburg.  
Canadian Carrier at Quebec from Liverpool.  
Montreal at Quebec from Glasgow.  
Tuscania at New York from Glasgow.  
Melita at Antwerp from St. John.

## TIMES SHIPPING CHART

Table with columns: OCEAN VESSELS TO ARRIVE, COASTWISE MOVEMENTS, C.G.M.M. MOVEMENTS.

## SUNRISE AND SUNSET

Table with columns: Day, Sunrise, Sunset, Hour, Min.

## TRANS-PACIFIC MAILES

Table with columns: Ship, Date, Time, Agency.

The time used to Pacific standard for the 130th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The Bureau for height, speed, and direction of surface currents is to distinguish high water from low water. Where of full continuous data, the tide rise of full continuous data, turning two successive tidal periods without turning.

# Coast Navigator Dies on Holiday

Capt. H. Stacey, for many years in the service of the Union Steamship Company, died in his early forties, passed away in California to-day, according to word reaching the local offices of the Union Steamship Company this morning. Capt. Stacey, who commanded the steamship Cameo until recently, and who was only spending a short holiday in the South before rejoining this ship, met his end suddenly. The cause of death is not yet known here, and it is believed that he was in the best of health before he left.

## GIANT CRANE IS TRUSTED IN GALE

### Mass of Steel Bends Like Cheese When Terrific Wind Sweeps Ontario

Midland, Ont., April 25.—Considerable damage was done yesterday by one of the worst wind storms in the history of this district. The storm lasted only a few minutes, but it completely wrecked a big traveling crane at the Midland coal dock. The crane, which was a substantial steel structure about seventy feet high and 300 feet long, was caught by the gale and bent and twisted like a straw in a total wreck.

## SEVENTH SPECIAL TRAINS ARE BOOKED FOR PACIFIC COAST

E. Jenks Hendry, traveling agent Southern Pacific Company and C. W. Stringer, assistant general passenger agent Southern Pacific Lines at Portland, who were visitors in Victoria yesterday added their forecast to the many already made that the Pacific Northwest will see its greatest tourist season this Summer. There are 10 special trains booked to Portland from Eastern points, they said, and 4 special car parties. The majority of these tourists will pass through British Columbia before returning and Victoria will get a share of them. Portland is raising a fund of \$250,000 for the entertainment of the many visitors who will be at that city in connection with national conventions.

## Notice to Mariners

Mariners are notified that the unwatched light on Griffiths Island at Green Point Rapids, is reported not burning. This will be attended to as soon as possible.

## T.S. "CARDENA" Sails from Vancouver Friday, 9 p.m.

Alert Bay, Port Alberni, Prince Rupert, Anox and STEWART  
Tickets and Information UNION STEAMSHIP COMPANY OF BRITISH COLUMBIA LIMITED No. 1 Belmont Bldg. Phone 1525

## Mill Bay Ferry DAILY SCHEDULE, INCLUDING SUNDAYS

NEWS IN BRIEF

The Oak Bay Voters' League will meet to-morrow evening to discuss the Uplands agreement. Alderman A. E. Todd, C. P. Hill and J. O. Cameron have been named as the Chamber of Commerce committee to confer with the Real Estate Board on succession duties.

The City Council was last night informed by Clerk Sewell of Saanich, that the Municipal Council has "tabled" for further consideration the city's proposal to asphaltate the northeast sewer question.

The advisability of permitting Oriental hold stalls in the public market will be among the subjects to be discussed at the annual meeting of the agricultural group of the Victoria Chamber of Commerce which will be held to-morrow evening.

Last evening the St. Andrew's Presbyterian Young People's Society held its regular weekly meeting in the lecture room of the church. It being the monthly literary evening, the meeting was in charge of Miss Jeanne Black.

The pet show arranged by the S.P.C.A. will be held on Saturday, May 2, at the Weller Building, corner of Humboldt and Douglas streets. Animals should be taken to the building on Saturday morning between 8 a.m. and 10 a.m. and must be removed after 5 p.m. on the same day.

Three hundred bus-ess men from Toronto and neighboring states will visit Victoria next March, the Victoria Chamber of Commerce is advised by the Houston Chamber of Commerce.

The death occurred last evening of Mrs. Alice Coyne, wife of Albert E. Coyne of New York, at the residence of her sister, Mrs. J. Grant, 934 Queen's Avenue. She was born in Ross-shire, Scotland, and resided in New York, New York, is survived by her mother, two sisters and a brother in Scotland, a sister in South Africa, one in Seattle, and three sisters here, Mrs. J. Grant, Mrs. A. K. Morby and Miss J. M. Robertson. The remains are reposing at the B.V. Funeral Chapel and funeral arrangements will be announced later.

The funeral of the late Charles James Harrington, who passed away at his home, 425 Beaufort Street, last Friday, took place yesterday afternoon at 2:30 o'clock from the St. Andrew's Episcopal Chapel. Relatives and many friends were present, and the casket was covered with many beautiful flowers.

Mr. and Mrs. George Edward Bath of 2540 Fernwood Road are called upon to mourn the loss of their only daughter, Alice Mary Stuart, aged seven years and nine months, who passed away this morning. The little girl was born in Winnipeg and is survived by her parents and two brothers. The funeral will be held at 2 o'clock at the B.C. Funeral Chapel.

LIGHTING SERVICE TO TAKE PLACE INSTALLED SOON

Extension of electric lighting services of the British Columbia Electric Railways Company to the northeast end of Elm Lake is probable in the course of the next few weeks, signing of a few more contracts for service being the only further requirement for the extension. Manager S. J. Hall, of the lighting and power division of the company, this morning stated that authority for the extension will probably be granted this week, and will be assured if an additional dozen contracts are received.

Conversion of the company's interurban terminal building on Douglas street into a power house is almost completed, and the new quarters will be occupied about May 15. The cost of the alterations and furnishing is estimated at \$16,000, and will provide demonstration quarters of the most up-to-date type, housing over \$15,000 worth of the most modern domestic and commercial gas and electric equipment.

EXPLOSIVES FOUND

Reposing snugly in an innocent gunny sack, fourteen sticks of dynamite were discovered on the former Indian reserve yesterday afternoon and handed over to the city police. The explosives were found in the jail yard at the Flanagan Street station, sufficient to blow up the jail and all its inmates. The dynamite was abandoned apparently because frozen, but is now thawing out nicely and is ready, the police believe, for instant action, its future destination is not yet certain, but it will not be in the jail yard, say the police.

HARDING MEMORIAL AT VANCOUVER

Built of British Columbia granite, with bronze statuary, this beautiful tribute to the late President Harding is being erected in Stanley Park, Vancouver, by Kiwanians.

FIRE HALLS ALERT

In a message to Chief Vernon Stewart shortly after noon to-day F. Napier Denison, superintendent of the Dominion Meteorological Station at Gonzales Hill, states that the humidity gauge has dropped to a reading below 25, far well within the state known to fire inspection officials as "dangerously dry." Fire halls throughout the city are standing by, expecting a sudden accession of fire under the circumstances. A reading of 40, it is explained, is considered low while a drop of a further 10, indicates a very dry day. Below 30 the air is said to be conducive to combustion aiding the spreading of fires.

UNIVERSITY PLAYERS TO VISIT VICTORIA

Will Present "You and I" at Royal For Kiwanis Club After waiting more than a year for the amateur producing rights of Mr. Philip Barry's New York success, entitled "You and I," the University of British Columbia Players' Club has succeeded in making arrangements for its production, and it will appear at the Royal Victoria Theatre on Friday, May 8, under the auspices of the Kiwanis Club. The proceeds are to be devoted to the Maturity Ward of the Jubilee Hospital.

By the Waters of Minnetonka

Two young Indian lovers. Their tragedy lay in the fact that they belonged to hostile tribes, and marriage was against tribal laws. To escape torture they fled to the shores of mysterious Lake Minnetonka, where they drowned themselves together. Upon the story is based the charming song which Frances Alda sings. Hear it to-day.

MASTER OF EXPORTER GRILLED ON STAND Severe Cross-examination by Counsel For Merchant Marine

UNION OFFICERS ON TRIAL TO-DAY Twenty-two Men Charged With Violating Injunction

WHEELING, W. Va., April 28.—Federal Judge William Parker to-day began summary trial of 22 officials and members of the United Mine Workers of America charged with violating a Federal injunction forbidding union activities at the mines of the West Virginia-Pittsburgh Coal Company at Collieries, W.Va.

MAY VISIT US—His Majesty Hsuan Tung, deposed Manchurian emperor, who was granted a yearly income of four million dollars and control of the city of Peking when dethroned in the first Chinese revolution and who later was deprived of all holdings, is contemplating a visit to this country.

SAFER An old-time pupil started an academy for teaching the noble art, and amongst his pupils was a rather waddy youth. Unfortunately, the latter at his first lesson happened to run into one of the old-timer's famous hooks, with the result that he took the count and had to be sent home in a cab.

LINCOLN'S BED.—When a corner section of the historic Taylor Hotel at Havana, Ill., caved in, crushing the frame drug store below, a bed in which Lincoln slept when he rode the circuit in Illinois caught on the edge of the floor. It can be seen hanging in the air.

WINS WEALTH FOR AIDING IN SICKNESS—Mrs. Minnie Jean Walker of Little Rock, prominent society and club woman, has been awarded \$100,000 on a contested will of an eccentric elderly woman who bequeathed her the money for her loving kindness and care during illness.

Election Petition Affidavits Filed

which it is contended will fulfill the onus cast upon the petitioners of the North Vancouver election to set up a case of fraud or palpable opportunity for fraud were filed in the Victoria registry of the Supreme Court this morning by R. S. Lennie, solicitor for the four defeated candidates who are striving to unseat J. M. Bryan, M.P.P.

Censorship Lifted Now in Portugal

Lisbon, April 28.—Through the mediation of President Gomez, a reconciliation has been effected between the Antonio Maria Silva and Jose Domingos Santos, leaders of the Right and Left factions, respectively, of the Democratic Party of Portugal.

COURT OF APPEAL UPHOLDS CONVICTION OF DOMINION CLUB

Vancouver, April 28.—The conviction by Magistrate H. C. Shaw of New Dominion Club for keeping liquor for sale was sustained by the Court of Appeal to-day when the court unanimously dismissed the club's appeal from a judgment of Mr. Justice Morrison, who had refused to quash the conviction.

DYE WORKS EMPLOYERS HAVE NARROW ESCAPE

Ottawa, April 28.—Several employees narrowly escaped death or serious injury, one man was hurt through an open door, several windows were shattered and other damage was caused when a drying machine exploded in the premises of Langley's cleaners and dyers, here this afternoon.

FORMER VICTORIA RUGBY PLAYER SUES FOR \$250,000 FEES

Vancouver, April 28.—The \$250,000 commission suit by Dal Thomas, broker and former International Terminal Grain Company and the Vancouver Terminal Grain Company, was called for trial in Supreme Court this morning.

NOVA SCOTIA MINERS Idle Eight Weeks

Sydney, N.S., April 28.—"The fight will go on until victory for the miners is assured, whether it takes two weeks or two months," declared John W. McLeod, president of District 26 of the United Mine Workers of America, in commenting on the present strike situation in the Cape Breton coal fields. All local unions have passed unanimous resolutions of confidence in the district executive. The strike is now in the eighth week.

UNITED STATES STEEL EXTRA DIVIDEND OF FIFTY CENTS A SHARE

New York, April 28.—Directors of the United States Steel Corporation to-day declared the regular extra dividend of 50 cents a share on the regular quarterly payments of \$1.25 on the common and \$1.75 on the preferred shares.

"HERETIC" INVITED TO PREACH—The Rev. William Montgomery Brown, former Protestant Episcopal Bishop of Arkansas, who is to preach in New York at the Church of St. Mark's in the Bowery.

At the meeting to be held in Christ Church schoolroom, Quadra Street, on Thursday evening at 8 o'clock, an address will be given by the Rev. A. de B. Owen, rector of the Reformed Episcopal Church.

TO PRESENT PRIZES TO KEYBOARD STARS

Victoria Typewriting Champions Will Receive Medals Thursday The presentation of the prizes won in the Canadian typewriting contest of April 4 will be made on Thursday evening at 7:45 at the Elk's Hall, New Weller Building, 1012 Douglas Street.

HUNDREDS PAY RESPECTS TO SIR AUGUSTUS NANTON

Winnipeg, April 28 (Canadian Press)—Hundreds of citizens, paid their last respects to one of the city's most outstanding citizens, Sir Augustus Nanton, esteemed not only because of his attainments in the business and financial world, but because of his sterling qualities of mind and heart, to-day.

SEVERE CROSS-EXAMINATION BY COUNSEL FOR MERCHANT MARINE

Vancouver, April 28.—Captain William Bradley, master of the wrecked steamship Canadian Exporter, was subjected to a grueling cross-examination to-day by E. C. Mayers, counsel for the Canadian Government.

ASKED FOR CHART

The skipper was grilled severely on a statement that he was not supplied with a certain chart that he asked for. "I am not sure whether I asked verbally or by written requisition," the witness said, "but it was not in my original requisition because I did not know until three or four days before sailing that we were to go to Portland."

chart in that requisition" counsel asked. "I may not have checked up my charts by that time to know that I needed it," was the answer.

Winnipeg, April 28.—The fight will go on until victory for the miners is assured, whether it takes two weeks or two months," declared John W. McLeod, president of District 26 of the United Mine Workers of America, in commenting on the present strike situation in the Cape Breton coal fields.

# PACKETS WILL HAVE HOCKEY TEAM IN LEAGUE NEXT YEAR

## Coast League May Be Revived Next Season

Seattle Fans Will Own and Control Team and Have Ice Surface in New Civic Auditorium; Portland Will Secure Franchise and Pacific Coast Hockey Association Will Be Revived With Four Teams, Reports Say

Seattle, April 28.—The popular winter sport of ice hockey will come back into its own in Seattle, as a result of the approval of the civic auditorium plans by the Chamber of Commerce yesterday. A team owned and controlled by Seattle capital will represent this city in the Pacific Coast Hockey Association race, as soon as the auditorium can be completed.

William J. Coyle has an option on the franchise, and expects to operate a team, it is announced.

"If things are arranged so that I can get action on my franchise, Seattle will have a sextette on the ice this season," Coyle said. "And it will be a team owned by Seattle men for the interests of the Pacific will be taken over by local business men."

Coyle would make at this time.

If a league is formed there is a chance that Portland, Victoria and Vancouver will also enter teams. There is also a probability that the circuit may be enlarged to six teams, with two Canadian cities possibly Saskatchewan and Regina, in the circuit. But things point to the formation of a four-team league.

This is very interesting news for Coast hockey fans. It has been known that "Wes" Coyle has been anxious to secure a hockey team for Seattle but the one obstacle has been an arena of sufficient size and suitability in which to stage the game. The new civic auditorium, however, will be available for ice hockey in the winter season.

It was impossible to find out anything official on the creation of a new league on the coast this morning owing to the absence from Victoria of Lester Patrick, manager of the Victoria Hockey Club. Lester left last night for Calgary to attend a meeting of the Western Hockey Association. Some intimation may be made at the league meeting on plans for the winter of 1925-26.

**CUT OUT LONG TRIPS**

A league comprising Seattle, Portland, Vancouver and Victoria would be a very compact affair and would not entail the tedious long trips that the clubs in the W.C.H.L. experienced during the past season. Victoria and Vancouver were forced to make long journeys around the prairies and these particularly affected the Victoria Cougars.

Just what would happen to the W.C.H.L. should the four clubs enter is subject to speculation. Things have not been going well in prairie hockey towns. Edmonton and Saskatoon both are expected to leave the league last year. Kenny McKenzie, manager of Edmonton, said several weeks ago that he was willing to sell his team, but later changed his mind considerably and added that he hoped to stay in. There may be a reversion to the four-team league on the prairie with Calgary, Edmonton, Regina and Saskatoon entered. This would cause a considerable saving in transportation.

Interesting things are apparently in store for the hockey fans and they will keep their ears close to the ground for further news.

**FRANK SAYS LITTLE**

Vancouver, April 28.—"Nothing definite has been decided on as to next season's hockey plans as far as the Pacific Coast teams are concerned," Frank Patrick, manager of the Vancouver club, stated this morning in response to a story from Seattle last night that a new league would be formed with a team representing the city of Seattle. "At the present time I have nothing further to make public," he declared.

## STEEL-SHAFTED CLUBS WANTED IN EASTERN CANADA

Toronto, April 28.—If the governing body in golfing will say so, the steel-shafted club will make its appearance with official sanction on Canadian courses and in Canadian competition this season. It has been asked to cable its opinion to the Royal Canadian Golf Association. Acting on the decision of the committee who met on Friday in Ottawa, E. L. Anderson, secretary of the Royal Canadian Golf Association, yesterday wrote Henry Guilen, secretary of the Royal Ancient Club, giving him what he believed was the view of Canadian golfers on the matter, and asking for an answer by cable that a ruling might be made at an early date.

## Travelers Will Most Likely Be Back In League

Are Expected to File Their Entry at Meeting of League on Thursday Night

It is now practically certain that the United Commercial Travelers will re-enter the Victoria Amateur Baseball League. A meeting of the league will be held on Thursday night in room 600, Belmont House, and it is stated that the Travelers will file their entry for readmission to the league.

All the clubs were out at the Royal Athletic Park on Sunday morning getting their teams into shape. The C.P.R. looked as good as ever and has secured several of their last year's players, including Harry and Roy Copas, Colin Campbell, Art Minnis and Birkenhead. It is not yet known who Falcon Campbell and Matty Malcom, star hurler for the team last year, will be with the Sons of Canada this season. It is rumored that "Matty" Malcom, star hurler for the C.P.R. last year, will not be out this season. "Matty" is about the best pitcher who has thrown a ball around here for some time and if he fails to turn out he will surely be missed.

## Oaklands Defeats Wards In Opening Lacrosse Tussle

Holders of Gyro Cup Winners in School Lacrosse by 6-3; Big Crowd Attends

School lacrosse got off to a fine start yesterday afternoon at the Central Park when teams from the Oaklands and North Ward schools hooked up in an exciting match before about 500 students and other folk. Oaklands won out by 6-3.

It was the opening game of the schedule which will determine the holder of the Gyro Cup.

Oaklands made the game safe in the first period by running in five goals. It is just as well they did, for once the North Wards found their feet, they came on fast. The Wards were a little careless in their checking in the first period, and let the Oaklands lad romp through for many shots on goal.

**SIX GOALS IN A ROW**

Wilfred Jones, Williams, Art Chapman, Alex McMillan and Charlie Chapman each scored a goal in the first quarter for Oaklands. Charlie Chapman annexed the sixth goal for his team right after the start of the second quarter. Seabrook then put North Ward in the game by scoring. In the third quarter North Ward scored twice on shots by Forbes and Giatt.

In the fourth quarter play was very even and the Wards showed up very well.

**JIMMIE McGRÉGOR REFERRED**

The next game in the league will be played to-morrow afternoon at Central Park between South Park and George Jay. The face-off will be at 3.30 o'clock.

## RIFLE SHOOTING

A practice shoot of the 16th Canadian Scottish was held over the three ranges at Clover Point on Sunday. Cpl. W. Beaumont was high man. The scores were:

Cpl. B. W. Beaumont	250 250 165 21
Capt. Holland	25 35 30-83
Capt. P. R. M. Wallis	27 30 21-84
Pte. A. E. Williams	22 25 25-72
Capt. W. E. Williams	25 25 21-85
C.S.M. W. Lacey	23 25 23-84
Sgt. W. E. Mitchell	25 29 27-84
A. E. Kennedy	27 25 25-83
C.M.E. Kennedy	26 25 24-82
Capt. Alexander	20 30 22-82
Pte. A. McConnell	29 29 21-79
Sgt. C. Courts	29 24 21-79
Pte. C. Courts	24 25 25-75
Capt. H. B. Batten	24 24 23-71
Cpl. F. Whitford	24 25 21-70
Pte. J. W. Haine	18 25 25-69

The first spoon shoot of the season will be held next Saturday.

The committee of the association is asked to meet at the office of Capt. Gillespie, Fort Street, on Wednesday evening, April 29, at 8 o'clock sharp.

## Canadian Wrestler And Boxers Seeking Titles at Winnipeg

Winnipeg, April 28.—Finals were reached in eleven of the fifteen classes in the Dominion boxing and wrestling championships, which opened at the Board of Trade Building last night under the auspices of the Winnipeg Light Infantry A.A.

In all, there were eighteen bouts staged, ten of which were in the wrestling and eight in the boxing.

The boxing bouts produced by far the most action, the wrestling bouts were hard-fought in nearly every instance. Thirteen outsiders performed, seven winning and six going down to defeat.

Classes in which the finals were staged were:

Wrestling—Featherweight, lightweight, welterweight, sevenweight, light-heavyweight and heavyweight. Boxing—Bantam, feather, welter, middle and heavy.

The tournament will continue Wednesday.

A. M. McLaughlin, Winnipeg, threw five Jessup, Winnipeg, with a head and body hold, in fifty-seven seconds. They are light-heavyweights.

By his defeat of Raho, D. R. Scott entered the final of the lightweight class. He previously had thrown Frank Garrison, Winnipeg, in 1.47, with a body hold and half-nelson.

Coleman and Stockton, being the only two entrants in the light-heavyweight class, will have to meet again to decide the championship.

## SOCCER TOUR CANCELLED

Montreal, April 28.—The proposed tour of the Aberdeen Soccer Club of the Scottish League through the United States and Eastern Canada has been cancelled according to word received here from New York.

# GAY PARTY AT OPENING OF VICTORIA BOWLING CLUB

The most successful opening in the history of the Victoria Lawn Bowling Club was held on Saturday afternoon, when Mayor Pendray, Aldermen Cullin, Marchant and Dewar and sixty bowlers and their friends gathered on the beautiful greens at Beacon Hill. Mayor Pendray and Alderman Marchant rolled the first bowls.

Those in the above picture are as follows: Front row, from left to right, Alderman W. Marchant, J. Paterson, A. Read, James Raeside, H. Mills, Harry Rennie and James Munro. Second row, sitting, Dave Dewar, secretary-treasurer; Thomas McCosh, president; Mayor C. J. Pendray, R. McDonald, vice-president; D. McLean, honorary president, and Alderman Cullin. Third row, standing, H. Dorrell, A. B. McNeill, Harry Wright, W. Barber and Alderman "Bob" Dewar. Many members of the club are grouped in the background.

The most successful opening in the history of the Victoria Lawn Bowling Club was held on Saturday afternoon, when Mayor Pendray, Aldermen Cullin, Marchant and Dewar and sixty bowlers and their friends gathered on the beautiful greens at Beacon Hill. Mayor Pendray and Alderman Marchant rolled the first bowls.

## Holland Clears Way Winner of First Division May Be Decided Saturday

Paris, April 28.—Charles Van Rossum, general secretary of the Dutch Olympic Committee, has informed Baron Pierre de Coubertin, president of the Olympic Committee, that Holland is certain to organize the 1928 Olympic games. Van Rossum has been in conference with Baron de Coubertin for the past three days.

"Even should the Dutch Government fail to make an application for the games," Van Rossum said, "you may be sure Holland will not request any change in the Olympic schedule. Funds will be found elsewhere."

Thus the possibility of Holland passing up the 1928 Games has been temporarily removed from the agenda of the Prague Olympic Congress which opens its sessions May 25.

It developed during the conversations between Van Rossum and Baron de Coubertin that Los Angeles had been unofficially sounded as to whether that city would assume the task of staging the 1928 games in the event of Holland's not being able to hold them. A negative reply was received from the California City, which expressed a desire to maintain its 1932 date for holding the games.

It is reported that the Holland Olympic Committee has been guaranteed funds by local sporting organizations.

## Zionist Is Picked To Win Two Thousand Guineas To-morrow

Newmarket, Eng., April 28.—If the lameness of Pearson could have been foreseen there would doubtless have been a larger number of horses left in the Two Thousand Guineas than is the case, but so great is the reputation of the Manton crack that most owners took the opportunity of reducing the liabilities by paying the forfeit and withdrawing their horses last week.

Against Khan's Zionist, who has the advantage of a couple of races this year and is one of the fittest animals in the field, will be confidently backed to-morrow and will likely be a warm favorite.

**KING'S ENTRY**

Everybody would be delighted to see the King win his first classic with Runnymede. This good colt, who carries the royal colors, has already won a race this year, the Brandon Stakes at Newmarket.

Another likely contestant in the Two Thousand is Sir Edward Hulston's Cojash, who ran third in the Esher Cup.

Jack Jarvis, trainer for Sir George Dullough, will saddle St. Becon, who is something of an unknown quantity. He has run only once this season at Newmarket, and though he won in easy fashion, his opponents were of so moderate quality that the victory indicated little.

After a run-away victory at Epsom, Markman comes into the picture to-morrow.

Jack Joel's colt should render a good account of himself, for his sire, Sunstar, won both the Two Thousand and the Derby in 1911.

Probably the majority of the horses left in, numbering twenty-one, will be sent to the post.

The probable starters and jockeys in the Two Thousand Guineas are as follows: Runnymede, J. C. Childs; Postlaw, J. Evans; E. Beason, B. Elliott; Buccleuch, H. Jells; Ooajah, S. Smyrke; Manna, Steve Donoghue; Markman, F. Fox; Zionist, B. Carslake; Sungod II, F. O'Neil; Solaris, M. Beary; Dalmeary, F. Winters; Field Argent, R. Jones; Constantius, M. Beasley.

## Carl Mays May go

Cincinnati, April 28.—Whether Carl Mays, leading regular pitcher of the Cincinnati Reds last year, shall be given his unconditional release, will depend upon the result of an examination to-day.

Mays has been unable to pitch this year on account of a lame shoulder which has refused to yield to treatment. Club officials were hopeful that the examination might reveal that the condition was only temporary.

## RUTH FAMILY DOING WELL

New York, April 28.—Babe Ruth, champion home run hitter of baseball, who has been in St. Vincent's hospital here for two weeks following an attack of influenza while on the Southern training trip with the New York Yankees, is showing steady improvement, hospital authorities said yesterday.

Mrs. Ruth, who suffered a collapse last week and also is a patient at the hospital, is reported to be gaining daily.

## FROM ONE JACK TO ANOTHER

New York, April 28.—Jack Dempsey, heavyweight champion, appeared before the New York State Athletic Commission to-day, failed to answer directly the question as to whether he stood ready to meet his challenger, Harry Wills. The champion said that the matter was up to his manager, Jack Kearns.

**ELECTED PRESIDENT**

Montreal, April 28.—J. Bruce Stewart, of the local Heather Curling Club, was elected president of the Canadian branch of the Royal Caledonian Curling Club at the annual meeting of the body held here over the week-end.

**TUNNEY'S TRAINING**

New York, April 28.—Gene Tunney will leave here to-morrow for Sulphur Springs to start training for his bout with Tom Gibbons at the Polo Grounds June 5.

**GOLF CORRECTION**

In the second round of the third flight of the club championship of the Caledonian Golf Club, F. H. Blandfield defeated G. D. Tyson one up, and not by default as was previously recorded.

# Giants Heading Away For Another Pennant

## McGraw's Team Win Last Ten Games and Chicago and Cincinnati Are Only Clubs That Keep Anywhere Near Them; Yankees Badly Beaten by Philadelphia While Detroit, With Game Practically Won, Let St. Louis Race Home in Ninth

New York, April 28.—Baseball fans in the east to-day were inclined to look to Western teams for opposition of sufficient potency to save the National League from a runaway race.

Piling up the victories in their last ten starts the New York Giants, have opened their drive for a fifth straight pennant with a smashing attack that has thus far wilted all eastern opposition. Cincinnati and Chicago have held their heads above the smoke of the New York push so well that either may be in a position to check the champions. A few days ago, the Reds appeared to stand out as the West's hope, but the Cubs, by their victory over the former leaders yesterday, 5-7, compelled the crippled Cincinnati team to share second place with them after defeating League for the first time this season.

The Athletics to-day share second place with the Washington Senators in the American League. The Senators' home win over Boston 7-5, and Philadelphia's blanked the Yankees 5-0.

The Chicago White Sox combined daring base-running and timely hitting with the wisdom of Cleveland pitchers to elect the Indians 12-4.

Detroit failed to recover from their losing slump with Manager Cobb in the lineup for the first time this season. Although the Tigers pounded three pitchers for a right defoy apparently had the game won, the St. Louis Browns came through with a seven-run rally in the ninth and beat the Tigers 10-8.

## McCRAW HAS BEEN IN BASEBALL FOR 35 YEARS YESTERDAY

New York, April 28.—John J. McGraw, manager of the champion New York Giants of the National League, yesterday celebrated the 35th anniversary of his entry into professional baseball.

McGraw made his start with the Glen, N.Y., club of the Oil and Iron League, on April 27, 1890, when he was 17 years of age. In the language of the man who last year piloted the New York club to its fourth consecutive pennant, he was a "terrible bust." He said to-day he played so poorly after his first games that he was benched. The Olean club had lost all of the game in which he appeared.

McGraw, who had been a pitcher prior to joining the Olean club, later made good as a third baseman and in the middle of the season of 1891, joined the Baltimore Orioles.

McGraw's career has been a remarkable one. He has won four National League pennants and has been manager of the New York Giants for 25 years. He is one of the most successful managers in the history of the game.

## Opening Match of Wednesday Cricket League To-morrow

Wednesday League cricketers will play their first match to-morrow, when the University School and Brentwood College meet at Mount Tolmie. The game will commence at 3 o'clock.

Seven teams will play in the league this year, and keen competition is expected. Last year the Tillamook won the honors for the second consecutive year, but they will have strong opposition this season. The Hudson's Bay think they have a chance of winning the title, while the United Services have been practicing hard, and will take a lot of beating. The Tillamook will have most of their last year's team, and are confident of carrying off the honors for the third year.

On account of Brentwood College only being able to play until the middle of June, it has been arranged for them to play each team once, and each of their games will count double points.

## COAST LEAGUE

Seattle, April 28.—Seattle captured the final game of the series with Vernon yesterday, 4 to 2. The Indians played errorless ball behind Sudds Sutherland, who held the Tigers to seven hits.

**BATTERIES**—Rudolph and Whiney; Sutherland and Baldwin.

**BEAVERS WON SERIES**

Portland, Ore., April 28.—The Beavers won the series from Oakland, three games to two, by taking yesterday's postponed engagement, 4 to 2.

**BATTERIES**—Delaney and Baker; Levens and Crosby. Only two games scheduled.

## "Ted" Lewis Returns To States to Fight

New York, April 28.—"Kid" Lewis, English welterweight, formerly holder of the world's title, returns to New York to-day on the steamer Baltic, after an absence of three years. He is accompanied by Pop Humphries, English bantamweight, and Phil Richards, featherweight, all of whom are seeking to enter the United States ring.

## WILLIE HUNTER IN A TIE

Los Angeles, April 28.—Willie I. Hunter, former British amateur golf champion, tied with Hut Martin for low qualifying score at the Southern California professional tournament opening at Rancho Golf Club here yesterday. They turned in cards of 70 for the 18 holes. Tom Stevens and George Kerrigan both scored 73.

AT THE THEATRES

NIGHT SEA BATTLE ONE OF MANY BIG SCENES IN 'SEA HAWK'

Once in a long time there comes to the screen a photoplay of such magnitude, such general excellence and such stirring appeal as to lift it high above all others and establish it as a new high standard for attainment. Such a photoplay is "The Sea Hawk," a First National Picture, produced and directed by Frank Lloyd and the current attraction at the Capitol Theatre.

AT THE THEATRES

Capitol—"The Sea Hawk," Dominion—"Sackcloth and Scarlet," Playhouse—"A Night in Venice," Coliseum—"The Story Without a Name," Columbia—"The Tenth Woman."

combination of an exceptionally fine story, a theme which grips one at the outset and tightens it with each succeeding scene, a superb piece of direction and a remarkable histrionic demonstration by every member of the unusually large and well known cast.

Among the many unique and beautiful photographs and dramatic scenes of the big production is a night sea battle between the large English frigate "The Silver Heron," commanded by Sir John Killigrew, and the Moorish galleon, commanded by Asad, basha of Algiers, and bearing as passengers Sir Oliver and Rosamund, his sweetheart. Sabatini's description of the attack and the chase which followed amounted to a brief paragraph, but to give action to the event in the making of the picture required many hours, the time and assistance of a fleet of ships, a full moon, not to mention an innovation in motion picture photography. But Mr. Lloyd's version of the moonlight battle in "The Sea Hawk" was real and so stands out as one of the many noteworthy achievements in the visualization of the unusual drama.

A Powerful Presentation of the World's Most Sensational Romance

Frank Morton Company In "A NIGHT IN VENICE"

the plot unfolds in absorbing detail the life and love stories of two sisters, whose characters stand out in startling distinctness. Polly, the younger of the two is a spoiled girl of nineteen, imbued with the independent spirit of youth. Her handsome, she packs her grip and starts out West under the pretense of visiting relatives. She registers at a mountain resort, becomes involved in a flirtation with one of the hotel guides. And it is Joan, played by Miss Terry, who comes to the rescue when she encounters difficulties.

All through the picture there is Polly taking all Joan giving everything, sacrificing everything even her good name to shield her sister. It's a great woman picture, this one! Real, appealing.

"THE TENTH WOMAN" IS EXCELLENT STORY WONDERFULLY FILMED

An excellent story, skillfully directed, a splendid cast, and beautiful settings may all be mentioned in connection with the photoplay at the Columbia Theatre last night "The Tenth Woman." It is an adaptation from the novel of the same name by Harriet T. Comstock.

It does not try to solve any great world problem; it is not a satire on life; it does not attempt to present a new situation. It presents different phases of life, with which all are familiar, handled with the skill of an adept. To Director James Flood, undoubtedly, should be given most of the honors, for it is conceded that a director can create an exceptional story and a wonderful cast and still make a terrible picture through poor technique. In this case, however, Harriet T. Comstock's story lent itself exceptionally well to screen translation, and the cast could not be improved upon.

Beverly Bayne, who recently returned to the scene, and June Marlowe, a very new celebrity of the cinema world are especially convincing in their roles of "The Tenth Woman." An excellent characterization of Barry Compton, others in the cast are Alex Francis, Edith York, Edw. Raymond, McKee, "Buddy" Post and Gilbert Holmes.

STAR OF PLAYHOUSE SCORES GREAT SUCCESS IN "NIGHT IN VENICE"

It would be no more than fair to warn the general public that those with whom laughter does not agree should not go to the Playhouse this week because one would have to be deaf, dumb and blind not to laugh at the antics of Frank Morton in "A Night in Venice."

In a blackface role, he is a great success. The story concerns a globe-trotting nobleman and his black valet, who arriving on the shores of Italy, are tempted to purchase a tourist hotel. "Smoke" is made the chef, but find to his terror, that the place is haunted by the ghosts of ancient deities. These, appearing on the scene, the consternation of the superstitious black man can well be imagined. These and other comedy scenes kept the house roaring from start to finish. Gladys Vaughan, Roy Earl, Dave Dumbleton, Roy Earl, and Hilda Cook give excellent support, with the Bennett Sisters, Anita Holt and others contributing to the musical end of what promises to be a most entertaining programme. On the screen, the pictured version of Du Maurier's famous stage play, "Tribby," is featured.

ADVENTURE-ROMANCE FILM AT COLISEUM DRAWS BIG CROWDS

The much-heralded Paramount picture, "The Story Without a Name," made from Arthur Stringer's radio adventure-romance, recently featured as a Prize-Tite story in Photoplay Magazine, opened at the Coliseum Theatre yesterday. Agnes Ayres and Antonio Moreno are featured in the principal roles. Moreno has the role of a young scientist and inventor who has been experimenting in secret for the U. S. government. The picture opens with the first test of his invention, and with it the "death ray" makes its motion picture debut.

Here's a feature that has gotten pages of publicity in the papers of the nation of late brought to the screen in as timely a production as we've seen in many a long day. And the novelty of the picture does not end here by any means. The radio, too, plays a prominent part in the production, which is a fast-moving melodrama—a de luxe thriller in other words.

"The Story Without a Name" was adapted to the screen by Victor Levin. It includes in the supporting cast such well-known names as Tyrone Power, Dagmar Godowsky, Maurice Costello, Louis Wolheim, Ivan Linow and Jack Bohn. Irvin Willat directed.

Here's something out of the usual run of pictures. A lecture entitled, "Across Canada," illustrated with eighty beautiful slides portraying many of Canada's outstanding scenes of interest, will be given at St. Paul's Lutheran Church, corner Princess Avenue and Chambers Street, in the social rooms of the church, Wednesday evening at 8:15 o'clock. The lecture, which is given under the auspices of the Missionary Service League, aims to be educational, patriotic and entertaining. Special music will also be provided. The slides are being shown by courtesy of the C.N.R. A collection will be taken to cover incidental expenses. The members of the "Royal Messengers," the Boys' Club of the St. Paul's, are invited to attend in a body with their parents.

GYPSY DANCER—Mlle. Isabella Ruk, a descendant of ancient Roman rulers, is one of the big hits of the Concerts Mayol. Revue in Paris, with her gypsy dances, learned while living in roaming caravans of her race.

CANADIAN PRESS LEADERS REVIEW YEAR'S PROGRESS

E. Norman Smith, President, Points Out That Co-operative News Service of Canadian Daily Papers is Free and Independent of Outside Influences; Its Prestige is Growing Among Ministers, Members of Parliament and Leaders in Other Divisions of Canadian Public Life.

Toronto, April 28—Addressing the annual general meeting of the Canadian Press to-day, the president, E. Norman Smith, who is vice-president of The Ottawa Journal, said: "Gentlemen of the Canadian Press: "In this, my sixth annual address as president of the Canadian Press, I am tempted to draw a picture of the striking developments in your organization that have occurred during that period. I refrain because to-day a great many matters have to be brought to your attention and there are a number of reports on the progress of the year that deserve more than passing consideration.

"Perhaps I may be permitted to congratulate you again on your absolute freedom from outside entanglements, and on the fact that you have not been personally a great deal of anxiety. One had the feeling that perhaps something had been done to bring about, or something had been left undone to avoid, an extreme measure that did violence to the warm relationship that had continuously existed between the Canadian Press executives and its employees and the esprit de corps which we had fostered ourselves existed in the organization.

"The strike, of course, caused the members of the Canadian Press a great deal of inconvenience, but they had been kept informed of the negotiations as they progressed and to a man they seemed to realize, first, that the very vital principle of arbitration and sanctity of contract were at stake, and secondly, that the management had done everything within reason to avoid a break. The whole staff of the Canadian Press, other than the Morse operators, rose to the occasion.

"I have had opportunities for noting in particular the growing respect for the Canadian Press among Ministers and members of Parliament and political writers in Ottawa and the increasing recognition of the very important part it plays in the life of the people of Canada. And you, gentlemen, have probably observed an agreeable appreciation by the public of the worth of the Canadian Press. This is a seal of high newspaper ideals.

elation of the hearty co-operation and assistance I have received from every member of the board of directors. "When last year Mr. Macklin insisted upon retiring from the position of first vice-president, I had the honor of suggesting and the pleasure of seeing created the office of honorary president. Mr. Macklin's acceptance of that position has resulted to the Canadian Press the benefit of his good judgment and long experience, and enabled your organization to do honor to one who more than anybody else is entitled to the affectionate cognomen, 'Father of the Canadian Press.'

"I have also received much consideration at the hands of our members from the Atlantic to the Pacific. CENTRAL CONTROL "Nor can I leave unsaid my appreciation of the worth of your general manager, Mr. Livesey. Do not think for convenience as you may the operation of a national public utility such as the Canadian Press, there must ever be a definite and unequivocal central control. As president I have been simply an adviser, a liaison officer, so to speak, between the management and the board of directors. This was all Mr. Livesey required, because I venture to say there is no one with a more thorough grasp of the needs of such an organization as yours, or better able to handle satisfactorily as they arise the multitude of varying problems that are presented from day to day.

"The character of the staff with which Mr. Livesey has surrounded himself and the spirit that makes for good service that he has been able to instill into that staff are but an evidence of his exceptional fitness for the position."

FIVE BILLION FEET A YEAR IS RATE OF TIMBER DEPLETION

Canada Cutting into Forest Resources at Rapid Pace, Figures Show

Almost Half of Consumption Is Destroyed Uselessly, Experts Report

By Times Staff Representative Ottawa, April 28—Canada is using its forest resources at the fast rate of over five billion cubic feet a year. This is the enormous figure estimated by the Dominion Bureau of Statistics after compiling exhaustive returns for the year of 1923. Standing timber to the amount of 2,671,054,863 cubic feet was cut in 1923 for useful purposes. The rest of the total of five-billion cubic feet was made up of timber destroyed by fire, insects, fungi, windfall and other destructive agencies.

"The Province of Quebec heads the list for forest production both for value of material produced and for its equivalent in standing timber. It heads the list in the production of pulpwood both for domestic use and for export and also in the production of firewood, square timber, fencing materials and miscellaneous products for export. It comes second on the list of provinces for the production of railway ties, logs for export and wood for distillation.

Ontario is the second most important province on the list for total production, leading in the production of railway ties and wood for distillation and taking second place in the production of logs and bolts for saw mills, pulpwood for domestic use and export, square timber, and miscellaneous products and exports.

British Columbia comes third on the list for total production, but leads in the production of logs and bolts for domestic use and export and telegraph and telephone poles. This Province comes off round mining timber. New Brunswick and Nova Scotia come next in order, being important producers of logs, pulpwood and firewood. Nova Scotia is the most important producer of round mining timber in the Dominion. Forest production in the three prairie provinces and Prince Edward Island is made up chiefly of firewood, logs and fencing materials, together with pulpwood in Manitoba and round mining timber in Alberta.

panies are rapidly closing down their higher cost mines in "an attempt to meet the fierce competition prevailing." "The unvarying reason given for this unprecedented slump in the British coal trade was the impossibility of meeting foreign competition, especially German and to a lesser extent French and Belgian. In the export trade under existing wage arrangements," he said, "has secured contracts usually allotted to British colliers, not only by underbidding but giving long terms of credit. "Conscience is harder than our enemies. Knows more, curses with more nicety. —George Elliot.

## Inexpensive Puddings

By BELLE DE GRAF

### STEAMED RAISIN DUMPLING

**Dough**  
1 cup sifted flour  
1/2 teaspoon salt  
2 level teaspoons baking powder  
2 level tablespoons shortening  
1/2 cup (about) of milk

**Filling**  
1 cup chopped seeded raisins  
2 tablespoons fine cracker or bread crumbs  
1/2 lemon, juice and grated rind  
2 tablespoons sugar

Sift dry ingredients, rub in shortening, then add milk gradually mixing dough with a knife. Turn on to a slightly floured board and roll about 1/8-inch thick. Cover with raisin filling and roll up as for jelly roll; pinch ends firmly together. Place on a buttered plate and set in a steamer, cover closely and set over boiling water; cook one hour keeping water constantly boiling. Do not remove cover during cooking or pudding will not be tight.

### RICE DAINTY

1 cup cooked cold rice  
1/2 cup seedless raisins  
1/2 cup whipped cream  
2 tablespoons powdered sugar  
1 teaspoon vanilla

Fold raisins, sugar, whipped cream and vanilla into the cooked rice. Heap in a glass dish or sherbet cups and serve very cold.

## CO-OPERATION

The California raisin growers believe in Co-operation. It has been the chief essential of their success.

In the early days the great San Joaquin Valley was a desert; to-day it is compared in richness to the famous Valley of the Nile.

This wonderful change was accomplished through co-operation; neighboring farmers joined to harness the melting snows in the high Sierras, leading them in irrigation canals through the sun-scorched plains. And to-day they have the most fertile land in the world.

National prosperity is based on inter-community co-operation. "You and I" succeed only when the "YOU" is considered from a national viewpoint, and the "I" from a community standpoint. We cannot lift ourselves by our own boot straps; we must depend to a greater or less extent on the "other fellow" for success.

There is a romance behind the jolly SUN-MAID which greets you smiling from every red and blue package and from billboard and street-car cards. Some twelve or fourteen years ago the Raisin Growers in the San Joaquin Valley were indeed objects of pity, for they were entirely at the mercy of speculators who took away their profit and left them helpless. Some, more determined and perhaps more desperate than the others, banded together to better their conditions, and the first idea of co-operation was conceived. To-day they own a number of up-to-date packing plants, employing hundreds of men and women, and sell directly to the wholesale trade under their well-known brand—the SUN-MAID trade mark.

To-day the SUN-MAID RAISIN GROWERS' ASSOCIATION is among the largest co-operative associations successfully handling any one product, and as such is the criterion of all co-operative enterprise, and maintain their own sales organization throughout the world.

Not so long ago one heard of Raisins only at holiday time when they came dressed up in ribbons and in fancy containers. For cakes, it required the services of the entire family to prepare them by stoning. Nowadays in the Sun-Maid factories huge mechanical hands do this for us, and hygienic sterilizing plants thoroughly clean the Raisins so that when we open the familiar red and blue cartons they are ready to be used immediately without cleaning or preparing in any way whatsoever.

Any time now is RAISIN TIME! Whether it is breakfast, when a few added to your favorite cereal changes it from the "usual" to the unexpected, or the snack after the show when Raisin Toast, quickly prepared on your electric toaster, with a cup of chocolate makes a delightful lunch. Any time of the day Raisin dishes are welcome and correct.

Now in China, Japan, Great Britain, Holland, Sweden, South America and France, people are making more raisin dishes, and everywhere Raisins are known the SUN-MAID stands supreme as the standard and mark of superior quality in product and manufacture. This high standard is sustained by constant research and laboratory work.

Everywhere the slogan "HAD YOUR IRON TO-DAY?" flames beside the smiling SUN-MAID, the representation of HEALTH, ENERGY and BEAUTY.

### CABINET PUDDING

1 1/2 cups scalded milk  
1/2 cup sugar  
2 eggs  
1 cup seeded raisins  
1 teaspoon vanilla  
Nutmeg

Take slices of dry cake and cut into finger length strips; place a layer of cake strips in a buttered baking dish. Cover with a layer of raisins, then another layer of cake

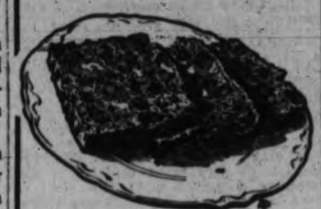

and raisins, having last layer of cake. Beat eggs slightly, add sugar, then hot milk and vanilla. Pour over cake and raisins, sprinkle nutmeg on top and set pudding dish in a pan of hot water. Bake in a moderate oven until firm in the centre.

### RAISIN PUFFS

1 egg  
1/2 cup sugar  
1 cup flour

1 cup seedless raisins  
2 teaspoons baking powder  
1/2 cup milk or water  
1 teaspoon vanilla  
2 tablespoons melted shortening

Sift dry ingredients; add raisins, beat egg, add milk, combine mixture and beat until smooth. Add flavored and shortening. Pour into buttered custard cups and bake in a moderate oven. Serve with an orange or pineapple sauce.

We are demonstrating Electric Toasters all this week at our Langley Street Showrooms.

Come in and taste for yourself that there is nothing quite so delicious and appetizing as toast made the Electric way.

## B. C. ELECTRIC

Phone 123

Place a standing order with your baker, grocer, or bread salesman for RAISIN BREAD on Wednesdays.

He will then deliver it or reserve it for you every week—fresh from the ovens, fragrant with the rare, rich goodness of Sun-Maid Raisins. To make sure of having this famous mid-week treat every Wednesday, phone your standing order now.

Your Baker

Endorsed by bakers everywhere and by the Bread and Cake Bakers' Association of Canada

## Raisins are a Spring Tonic

Among the best Spring tonics are Raisin dishes, made with Sun-Maid Raisins.

Every Spring the miracle-of-growth seems more wonderful. All thought and energy feels the lift and urge to be up and doing, but the body, tired still from the stress of Winter, is sometimes a drawback to accomplishment. At this time exercise and diet can do a tremendous lot in helping everyone recover from "Spring fever"—the growing school child and the fagged business man alike.

No one appreciates being told to do things because "it's good for you," but wise mothers and wives manage to prescribe without the patients knowing they are being treated.

There is nothing used in the production of Raisins except the beneficial influences of Nature, the moisture from the melting Sierras, and the sunshine of California. When they are taken in from the vineyards all that is done to them is cleaning and packing, except in the case of the blue package Muscats which are seeded.

In these sun-cured grapes there is stored valuable nutriment—mainly

fruit sugars. These sugars make up seventy-five per cent. of raisins and they are in a form which makes them more easily digested than other sugars, and therefore, more healthful.

And in case you are reducing, you need have no fear for fruit sugar—it builds up without adding weight.

It is well to know why this is true. In the first place, these sugars place Raisins among the energy (carbohydrate) foods. Raisins contain valuable mineral salts, too, iron, for which Raisins have been known, is only one of the minerals in them. Calcium, magnesium, a large amount of potassium and phosphorus are also found. Even the skins are good for us, as they add the necessary "bulk" or "roughage" to the things we eat.

Food, however, must not only be wholesome and nutritious, but the housewife must see to it that the dishes are prepared in an appetizing and attractive manner, and that they are not unduly expensive.

Raisins, fulfilling every needed requirement—appetizing, healthful, inexpensive—take an important place in the family diet.

When you mean raisins say "Sun-Maid."

ADDS HER BIT—Miss Nora Tee Heung, daughter of Heung Hui-Ling, former premier of China, is doing all the carpenter work for the Oriental Bazaar at the International House, New York City, for the benefit of the building fund of the Cathedral of St. John the Divine.

Wall Street TO-DAY

Last Minute News on Stocks and Financial Affairs

New York, April 28 (By R. P. Clark & Co., Ltd.)—The stock market performed in a very orderly manner to-day. In some of the prominent industrial fair price gains were recorded. It began to look as though any adverse factors which may have developed are pretty well discounted. Securities which have of late registered prominent declines were in evidence, and scored good advances, and can still easily muster pronounced strength.

New York, April 28 (By R. P. Clark & Co., Ltd.)—The Wall Street Journal's stock market edition to-day says: Monday's tempest in the stock market over the "Hindenburg" incident was completely forgotten to-day on the announcement that the restrictions on gold exports by the Bank of England had been lifted. Bankers hailed this development as the most far-reaching step towards the stabilization of world finance since the acceptance of the Dawes plan, and this sentiment was reflected in a generally improved tone in the financial and commodity markets.

In the wake of an advance in sterling to within 2 1/2 cents of parity, wheat rallied five cents and stocks showed relief from the persistent professional pressure which has recently kept them in an unsettled state. Break activities of a constructive character occurred in Reading and other representative rails and in Continental Can, Coca-Cola, Shoe, Savage Arms, Fleischmann and various other industrial specialties.

Call money's easement to 3 1/2 per cent stimulated the upward movement, which attained increasing spirit as the afternoon progressed.

Stimulated by the prospect of splendid first quarter earnings statements from the Steel Corporation after the close, stocks forgot their apprehension over the German situation, displaying relatively buoyant behavior in the early dealings. American Chemical paid was a feature of special strength in the specialty class, selling at points higher. The advance was started by reports that the company was about to take profits on some of its real estate holdings in Florida, about 1,800 acres.

Stocks were under pressure early by a drive on Industrial Alcohol, based on statement that increased exports to this country of alcohol might drive wood alcohol producers in this country out of business. Insiders were the principal buyers on the way down, setting the orders through Price and Schwab. This support reflected the attitude of the management with regard to German competition, which was expected to be a serious one.

CHICAGO GRAIN

Chicago, Ill., April 28 (By R. P. Clark & Co., Ltd.)—Wheat: Our sharp advance in sterling reflected the better financial conditions abroad, and this with the rally at Liverpool at the close started considerable short covering, but the main factor in making for higher prices was the persistent buying which was in evidence to-day, and has been for several days, accumulating having been going on while the market was under pressure of bearish crop news. These promises to be little what sent out on delivery, and it is probable that any wheat sent out will be wanted by mills and shippers.

Brazil Increases Cotton Production

Washington, April 28.—The International Institute of Agriculture to-day advised the Department of Agriculture that the Brazilian cotton acreage would be smaller for the current year than last year but production would be larger. Acreage was estimated at 1,572,000 acres compared with 1,965,000 last year, and production at 8,050,000 bales compared with 5,075,900 last year.

Mill Landslide Cost \$1,300,000

Montreal, April 28.—The disastrous landslide on Price Brothers' property on Kenogami last year, in which 200 men were killed, did damage amounting to \$1,300,000 and considerably curtailed the output of the company's mills, according to a report made public to-day. Trading profits amounted to \$3,128,125 against \$2,408,368 last year. Added to the amount brought in by the sale of assets and liabilities available for distribution was \$4,628,444, compared with \$4,115,111. The general statement of the company's activities shows the former at \$65,797,157, up from \$59,075,150.

Nipissing Mines Output Dropping

Toronto, April 28.—Decreased output from Nipissing mines was obtained in 1924, according to the annual report of the company, now made public. The report shows production of 2,094,222 ounces with net value of \$2,104,628 as compared with 2,483,545 ounces, valued at \$2,340,700 the previous year. Ore reserves are lower. The estimated silver content thereof being 1,510,129 ounces, a decline of approximately 600,000 ounces.

Wheat Climbs Fast On Firmer Market

Chicago, April 28.—Unusual advances in wheat prices took place here to-day, amounting in some cases to 5 1/2 cents a bushel, with May quoted at 149 1/2. The advance accompanied the budget statement that England had arranged for \$300,000,000 credit in the United States.

Winnipeg, April 28.—Displaying a complete reversal from yesterday's sluggish sentiment, the wheat market here to-day showed signs of renewed strength and with offerings generally restricted, May delivery scored an advance of 3 1/2 to close at 157 1/2. July gained proportionately at 153 1/2 while October was 3 1/2 higher at 131.

Liquidation in the nearby future which has featured trading during the past week, was not in evidence to-day.

Liverpool cables came unchanged to one penny higher, causing shorts to cover at the opening, prices advancing against weak opinion. Strength at Chicago materially held the bullish trend here.

Winnipeg, April 28 (By R. P. Clark & Co., Ltd.)—Wheat: With the exception of one or two small dips the price tendency was steady, the market finally closing about top. Trade was not large and trade was again without offerings were very light throughout, no one evidently caring to take the short side, and market had a sold out appearance.

The average investor in mining stock is best with a multitude of problems, most of which can be avoided if he adopts ordinary measures of precaution. It is surprising how many purchasers of stocks will pay out their good money without even making a casual investigation of the salesman's claims regarding the offering.

## Tax Sale Illegal When Theatre is Made Into Church

Taxes on the Community Church, the old Variety Theatre on Government Street, were debated last night by the City Council, when a proposal to cancel the tax sale proceedings of October 1924 was reluctantly moved by Alderman A. E. Todd, after the city solicitor had advised that the tax proceedings were illegal. The taxes for 1922 and 1923 were unpaid, and 1924 taxes are uncollectable as the council has decided the building is now a place of worship. The council preferred to defer action until a further report as to the city's ability to collect the 1922-23 taxes, is received.

## COUNCIL TO ASK RIFLE RANGE BE CLOSED NEXT YEAR

### Regulars Cease Shooting Now, Mayor is Promised

The City Council last night received a formal protest from Dallas Road residents against continued rifle shooting at Clover Point range. Mayor Pendray reported that Brig.-Gen. Ross had been interviewed and had promised that regulars would cease firing and the militia units of the city would probably not practice after June, and not more often than on Saturday afternoons. Alderman Dewar urged that Ottawa be asked to close the range permanently, and Alderman Cullin supported the suggestion.

### SARCASTIC

Alderman Clearihue proposed that the council ask Ottawa to remove the regular forces to Vancouver. "If we urge this with sufficient energy maybe we can get attention to that request."

Alderman Todd offered a reward of \$100 to any alderman who can show us any city in the world where a rifle range is located in any way comparable with Victoria, in the very centre of the city.

Alderman Clearihue was confident that riflemen would refuse to travel to Heil range. He asserted that range to be unusable in Spring, because of swampy ground. Lack of transport was also an important factor.

On motion of Alderman Woodward, the council approved of Mayor Pendray's actions for this season, and appointed Aldermen Todd and Mara to co-operate in securing abolition of Clover Point range next year.

## AMALGAMATION OF RAILWAYS URGED

### W. D. Euler Suggests Union of Services Under National Management

Ottawa, April 28.—W. D. Euler, Liberal, North Waterloo, chairman of the House committee of National Railways and Shipping, in the debate on the budget yesterday afternoon, strongly advocated amalgamation of the Canadian Pacific and the Canadian National railway systems. He mentioned a saving of \$100,000,000 having been given him "by as high an authority as we have in this country."

The Shaughnessy plan of amalgamation Mr. Euler severely criticized. "The Canadian people did not desire a monopoly of railways in Canada under any private company."

"If we must have a monopoly, it must be a public one," he said. "We are not going to place ourselves at the mercy of a private railway."

He believed the people of Canada would destroy any Government that would attempt to hand over Canada's railways to the C.P.R. and would wipe out any candidates approving the monopoly.

**BENEFITS EXPECTED** "A union of these systems, under national ownership would offer good deal more than the Shaughnessy plan," he said. "It would give the country the benefit of the savings effected and not the Canadian Pacific Railway."

Mr. Euler summed up the benefits of the amalgamation under these heads:

1. It would enable the Government to reduce taxation by one-third, or at least one-quarter.

2. It would restore confidence, encourage the Canadian people to go ahead, knowing that light was breaking at last on the financial horizon.

3. It would stimulate trade, lower the cost of living, encourage enterprise, lead to more rapid development of natural resources and solve the general freight rate problem.

4. On it could be based a practical scheme for extinction of the national debt.

**STAMP TAX** Mr. Euler called the stamp taxes "nuisance" taxes and urged a return to the pre-war rates of postage.

Business stagnation, Mr. Euler said, was due in Canada to over-industrialization, lack of confidence and high taxation. He thought the tariff should insure a fair portion of the Canadian market for Canadians.

**INCREASED TRADE** E. R. E. Chevrier, Liberal, Ottawa, discussed the desirability of increased trade relations with South Africa and urged the appointment also of an "Ambassador to Washington" and suggested changing Mr. Roy's title in Paris to "Ambassador" instead of "agent."

Registered as the eighty-eighth Budget speaker and the twentieth of his party to speak, A. Knox, Progressive, Prince Albert, Sask., promised brevity. He told the Government its Budget would not add to its popularity in the West. He advocated aeroplane maps of the Lake La Ronge area in Saskatchewan on account of the number of prospectors going in for its minerals and urged a survey of the area. He regretted Mr. Motherwell's lateness in changing his attitude on the Hudson Bay Railway project, but thought the suggestion of

retaliation urged

Amherst, N.S., April 28.—Because commercial motor truck drivers in Amherst will be compelled to take out New Brunswick licenses to make freight hauls over New Brunswick roads, they intend to apply to the Nova Scotia Government for a retaliatory measure.

NOT FOR BEGINNERS—Major Phillip W. Booker of Fort Bragg, is shown riding in the Pinehurst Horse Show, and going in for an acrobatic feat not listed on the programme.

## WILL TRY TO CROSS CANADA BY MOTOR ON ALL-CANADIAN ROUTE

An attempt to cross Canada by automobile from Halifax to Victoria will be made this Summer, the Victoria and Island Publicity Bureau is advised. Killian V. R. Lansingh of Cambridge, Mass., will make the attempt in an effort to win the Victoria Canadian Highway Association medal. If he succeeds he will be the first motorist to cross Canada over an all-Canadian route.

## Paper Money of Canada Refused by Bank of Russia

Moscow, April 28.—The Russian State Bank has issued orders against the acceptance of Canadian paper dollars by any of its branches. Thousands of dollars' worth of counterfeit Canadian notes, originating apparently from Montreal, have found their way into Soviet Russia during the past few weeks, with the result that all Canadian paper money is regarded with suspicion.

## FIRST CARNIVAL FUNCTION DELAYED

### Conflict With May Day Ball of Trades Council Causes Postponement

Conflicting dates between the Princesses ball at the armories on Thursday next and the Trades and Labor Council May Day ball were laid before the City Council last night by the Trades and Labor Council. Alderman Woodward, considered that priority rested with the Labor ball, of which half the net profits will be handed to the family of the late Phil. R. Smith, he stated. He pointed out that the Trades Council had been preparing for some weeks to offer Victoria a worthy entertainment, while the first announcement of the June Carnival had been made over the past week-end.

Mayor Pendray believed that a change in date would be fitted upon. The council unanimously supported forwarding the request of the Trades and Labor Council to the June Carnival Committee with approval of the suggested deferring of the Princesses' ball. To secure prompt action by Manager Winkel, Clerk Bradley was instructed to leave the Council chamber and telephone the resolution.

Manager Winkel was summoned to the Council and undertook to postpone the proposed Carnival Queen introductory ball until Wednesday, May 6.

**EXPRESS THANKS** The following letter has been received from Samuel A. Howard, chairman of the May Day ball committee:

"I desire to thank the management of the Princesses' ball, advertised for Thursday night next, for so kindly consenting to postpone same in order not to clash with the May Day ball of the Victoria Trades and Labor Council. The council will reciprocate by promoting to the utmost the sale of Princesses' ball tickets during the progress of the May Day function."

"May I take this opportunity of asking the general support of the public of the May Day ball next Friday. It is hoped to donate a good-sized cheque to the relatives of the late Phil. R. Smith, whose life of altruistic service for mankind deserves more recognition than it has yet received. The overhead expenses are being kept as low as possible in order that there may be no unnecessary charges. The ball has the support of the Mayor and aldermen, all of whom have purchased tickets for the function. Tickets may be obtained at many stores and clear stands, from Alderman Woodward at the City Hall, and from the National Motor Company Limited, 831 Yates Street.

**RETALIATION URGED** Amherst, N.S., April 28.—Because commercial motor truck drivers in Amherst will be compelled to take out New Brunswick licenses to make freight hauls over New Brunswick roads, they intend to apply to the Nova Scotia Government for a retaliatory measure.

## ROTARY TO HEAR HON. DR. SUTHERLAND ON ISLAND ROADS

### Excursion to Duncan Tomorrow to Meet Nanaimo Rotarians

Hon. Dr. W. H. Sutherland, Minister of Public Works, will be the guest of honor of the Victoria and Nanaimo Rotary Clubs to-morrow evening at a joint supper to be held at the Duncan Agricultural Hall. Dr. Sutherland will speak on the development and maintenance of roads on Vancouver Island.

The Rotary Club excursion will leave the Chamber of Commerce, Government Street entrance at 2 o'clock, and will make the journey by way of the Mill Bay ferry. At 4 o'clock the Rotary fountain erected by a committee headed by W. J. Terry at Mill Bay will be inaugurated with short addresses.

The supper will take place in the Agricultural Hall at 6:30 o'clock. Over one hundred Victoria Rotarians and their ladies are expected to be present, and the Nanaimo delegation is stated to be over fifty strong.

The Victoria Rotarians will take their popular orchestra to the celebration.

## WORK ON PRAIRIE FARMS IS AHEAD OF SPRING OF 1924

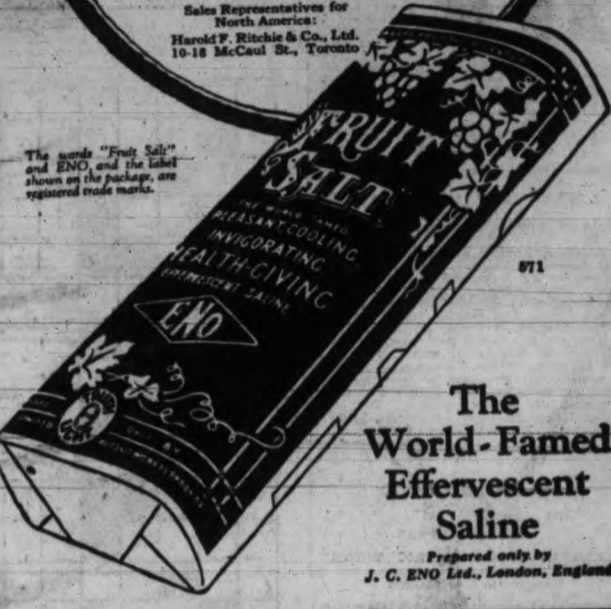

Winnipeg, April 28 (Canadian Press)—Heavy and general rains which fell throughout the three prairie provinces during the last week temporarily delayed land operations, but prospects of improved weather conditions promise early resumption. While liberal moisture is reported at practically every point, the additional precipitation will materially benefit the higher lands, where seeding had been delayed, according to the weekly crop report of the Canadian Pacific Railway's agricultural department, issued to-day.

Despite the present delay, farmers generally are further advanced with ploughing and seeding than they have been for many years. The early start has encouraged farmers to work their land unusually well, and indications point to a moderate increase in the acreage under cultivation.

**OUTLOOK IN B.C.** In British Columbia the report summarizes the situation as follows: Conditions generally are very favorable for seeding and planting operations. Apple trees are coming into blossom. The extent of winter damage to the fruit crop will not be determined until about the middle of June, although the early varieties do

## The Spirit of Leadership

For leadership, for knowledge, for wealth, or for sheer glory of achievement, Britons have penetrated the furthest parts of the earth. But no place is so remote that ENO's "Fruit Salt" does not reach it. All over the world Britons unite in the time-proved practice of drinking ENO first thing every morning. ENO promotes inner cleanliness in the way intended by Nature. For sheer goodness, purity, pleasant taste and safety, ENO's "Fruit Salt" has no parallel. It is indisputably the leader.

The World-Famed Effervescent Saline Prepared only by J. C. ENO Ltd., London, England

## Ontario Farmers State Optimism

Toronto, April 28.—The Ontario Department of Agriculture, in its weekly report to-day, stated that a

feeling of optimism prevails in all sections of Ontario. Spring grain fields are showing green and seeding is general. Orchards are advancing rapidly, with a heavy bloom of practically all varieties of apples in most sections. In the earlier districts, cultivation is well advanced in corn, root and other late crop land. Early potato planting is general and sugar beet seeding will be in progress this week.
