COMMANDER

Major R. S. KROLAK
1-30 June 1968

SUBORDINATE UNITS2. LOCATION

- 1-30 June 68: Headquarters, Company "A" with detachments of Engineer Support Company and H&S Company located at Dong Ha, RVN.
- 1-30 June 68: Detachment of Company "A" located at Camp Carroll, Thon Son Lam and Ca Lu, RVN.
- 15-30 June 68: 1st Platoon, Company "A" located at Da Nang, RVN.
- 1-30 June 68: Headquarters, Company "B" with detachment of Engineer Support Company and H&S Company located at Cua Viet, RVN.
- 1-30 June 68: Detachment of Company "B" located at Quang Tri and Viet Nam.
- 1-30 June 68: Headquarters, Company "C" with detachment of Engineer Support Company and H&S Company at Dong Ha, RVN.
- 1-30 June 68: Detachments of Company "C" located at A-4, C-2, C-3 and A-3 RVN.
- 1-30 June 68: Headquarters, H&S Company with detachments located at Quang Tri Combat Base, RVN.
- 1-30 June 68: Headquarters, Engineer Support Company minus detachments located at Quang Tri Combat Base, RVN.
- 1-30 June 68: Detachment of H&S Company attached to Companies "A", "B" and "C", RVN.
- 1-30 June 68: Detachments of Engineer Support Company located at Phu Bai, Dong Ha, Cam Lo, Rockpile, Carroll, Con Thien, Cua Viet, Cam Lo, Khe Sanh, RVN.

A. INTELLIGENCE

1. In mid June Capt. T.F.NEWMAN assumed the duties as the Battalion Intelligence Officer. The Intelligence Officer attended daily S-2 briefing at MACV, Quang Tri, and periodically checked with the G-2 and G-3 in Dong Ha in preparation for the daily briefings for the Battalion Commander and Staff Officers. The briefings included both the local and overall tactical situation in the 3d Marine Division TAOR, which remained fairly quiet during the month.

2. Reports of negative friendly aircraft (enemy soviet-type Helicopters) in and around the DMZ continue to be received. After discussing these occurrences with DASC at the Division CP, the actual confirmation of the presence of enemy Helicopters remains an illusive goal. The initial incident which sparked the interest in the appearance of enemy Helicopters was the alleged helo/fixed wing attack on a US Navy swift boat near the DMZ. It has since been acknowledge by the USAF that they were responsible for the sinking of the ship but the presence of "negative friendly aircraft" in the vicinity is still credible.

D. TRAINING

1. Training during the month of June consisted of GMS training outlined in PART IV, SECTION D.
2. The Third Marine Division Land Mine Warfare and Demolitions, conducted by this unit trained 68 personnel. Special courses were arranged by the Quang Tri Combat Base Defense Coordinator, for personnel from all units at the combat base, including US Army and US Air Force. The school sent out a contact team to 3d Shore Party Bn to train personnel in use of mine detectors. The school itself was moved from a tent to a strongback tent with walls, storage area and an instructors office.
3. Due to the increased incidence of mine and booby trap wounds in the Third Marine Division TAOR, three contact teams of three men from each letter company, were trained. They will work directly with the regiments the company is serving and conduct one-day course of instruction that includes a VC trail practical application. The Commanding General, 3d Marine Division, and G-3 Training showed renewed interest in the school and contact teams.
4. Special training for eight operators of the AN/PRC-25 operators was conducted by Communications Platoon.
5. COATIP Training for newly-joined personnel was given to 25 Marines during the month. In addition to the one-day In-country Indoctrination/Personal Response School, phases of the COATIP Training are included in the Land Mine Warfare School.
6. A total of 73 personnel were included in FAM fire details from the S-3.
7. The Tunnel Teams continued to train.

C. OPERATIONS

1. General: During June, the 3d Engineer Battalion remained in general support of the 3d Marine Division and its attachments. Employment of the battalion was in the dual role of combat support and combat service support.

2. General Combat Support

a. A total of 1,449,640 meters of road were covered by 3d Engineer visual/deliberate sweeps during June, an average of 55,344 meters a day. The following road segments were swept:

b. Sweep teams were provided to accompany Rough Riders from Camp Barroll to Dong Ha and back on a daily basis.

3. Direct Combat Support

a. General support of infantry operations was provided through task organized engineer units of the battalion. This support was provided primarily by the three letter companies with detachments from H&S and Engineer Support Company providing communications, cooks, medical, equipment, and utilities support. This support was provided at every combat base and outpost under the operational control of 3d Marine Division. The primary combat missions concerned mine sweeps, demolitions and field fortification construction. During the month, the battalion participated in Operations NAPOLION/SALINE II, LANCASTER, SCOTLAND II.

b. "B" Company continued its support of the 3d Marines and 1st Amtrac Battalion in the CUA VIET and CAMP HIGJOHN area. One squad was in general support of the 3d Marine Division at Quang Tri Combat Base.

c. "A" Company continued to support the 4th Marines. One platoon from "A" Company supported the 26th Marines in the Danang area.

d. "C" Company continued to support the 9th Marines from the company rear at Dong Ha.

4. Combat Service Support

a. Roads and Bridges: Two route reconnaissances were made and the spreading of dust suppression materials at Quang Tri continued. Roads for Headquarters Battalion and 3/12 were graded and a culvert for 3d Medical Battalion was installed.

b. Field Fortifications: This organization continued to assist other organizations with materials and manpower to improve existing field fortifications, including defensive wire and bunkers. Plans were made to add another 7,200 meters to the Quang Tri Combat Base wire in order to enclose the new ammo supply point.

c. General Construction: Projects for the month included installing forms for concrete work, bunks for Dyemarker bunker and pot shack construction. Major project was preparation of 150' x 150' helicopter pad at Camp Carroll. This project will be completed upon the arrival of MSA1 matting.

d. Utilities: Utilities Platoon continued to maintain generators at QUANG TRI, DONG HA, DANANG and CAMP BIGJOHN.

Water Points issued 4,042,850 gallons of potable and 698,350 gallons of non-potable water. Water Points were maintained at CAMP CARROLL, DONG HA, THON SAN LAM, C-4, CAM LO, CUA VIET, LZ STUD and QUANG TRI. During the month water points were put in operation at CAMP BIGJOHN and A-3. Control and operation of the C-2 Bridge water point was assumed from the 11th Engineers. Shower units were operated at DONG HA, QUANG TRI, THON SON LAM, CUA VIET, CAM LO, CAMP CARROLL and LZ STUD.

e. Drafting and Surveying: A major effort was made to reorganize the surveying operation, train new personnel and obtain new components. In addition to drafting work, the drafting section also serves as the battalion sign painting shop.

D. COMMUNICATIONS

1. MAINTAINED RELIABLE RADIO COMMUNICATIONS WITH ALL SUBORDINATE ENGINEER UNITS.
2. SET UP CENTER-FED $\frac{1}{4}$ WAVE LENGTH WIRE ANTENNA FOR MORE SATISFACTORY HF RADIO COMMUNICATIONS WITH DANANG.
3. RELOCATED BATTALION MESSAGE CENTER, TECH SHOP, AND RADIO AND WIRE SECTION WORK AREAS.
4. MAINTAINED TELEPHONE COMMUNICATION WITHIN THE BATTALION AND TO ADJACENT UNITS.
5. REVISED COMMUNICATION EQUIPMENT RECORDS IN ACCORDANCE WITH TM-4700-15/1.
6. HELD COMPLETE AUDIT OF COMMUNICATION EQUIPMENT PUBLICATIONS IN CONJUNCTION WITH SL-1-2, AND PLACED NEEDED PUBLICATIONS ON ORDER.
7. TOOK OVER RESPONSIBILITY FOR EQUIPMENT RECORDS AND CUSTODY OF P-153 AND P-158 MINE DETECTORS.
8. COMPLETED INSPECTION VISITS TO COMMUNICATIONS PERSONNEL LOCATED AT THE ALPHA AND BRAVO COMPANY HELD POSITIONS.

E. Logistics

1. During June the 3d Engineer Battalion conducted logistic and service support operations from Quang Tri. Support was also provided to Companies "A" and "C" operating from Dong Ha and to Company "B" at Cua Viet. Expansion of Base Support functions continued as additional units moved into the Quang Tri area.
2. The Battalion has received and issued the new M151A1 Jeeps.
3. Shortages of gas masks and flack jackets have remained a problem throughout this month.
4. Due to the operational commitment of the letter Companies during the last month, 64% of the new chrome barrels for the M-16 rifles have been replaced.
5. The relocation of the Battalions' assets from Gia Le to Quang Tri was completed on the 10 of June 1968.
6. All Mighty Mites have been turned in to FISC-B except one that is on temporary loan to Headquarters Battalion.
7. The construction of 25 Dye Marker bunkers was completed by "C" Company at A-3 on the 17th of June 1968.

F. CIVIL AFFAIRS

The organization was approached by the Chieu Hoi advisor, Mr. Dan Griffin, in Quang Tri City and asked to give some assistance in building a road to the village and constructing a fishpond. The S-2, Heavy Equipment Chief, and Operations Chief went out to recon the job.

The battalion could not attempt this job at the present time due to our operational commitments. If the necessary engineer equipment becomes available, the battalion will attempt to assist TRAMY TE LANG village, located in the vicinity of YD351507.

S-1 SEQUENTIAL LISTING OF EVENTS

- 4 June 1968: Hardship Discharge Board met to consider the request of Lance Corporal Lewis R. ESLINGER 2239777/1371 USMC request disapproved and forwarded to Commanding General, 3d Marine Division.
- 7 June 1968: Battalion Commanding Officer returned from R&R.
- 15 June 1968: New Manning Level received.
- 15 June 1968: Captain J. W. GRESHAM returned to CONUS.
- 16 June 1968: Reassignments were made as follows: Capt T. F. NEWMAN from Exec O of Engr Supt Co to S-2, Capt R. L. SEABORG asg as CO Co "A" vice Capt W. B. NYE reassigned as S-4, Major J. F. BAXTER Jr. reassigned from CO Engr Supt Co to S-3 vice Major T. H. AIKEN Capt FORD reassigned as CO Engineer Supt Co vice S-4, Capt A. S. JONES reassigned from S-2 to duty as CO H&S Co, 1st Lt. R. J. BELL assigned as Exec O vice CO H&S Co.
- 17 June 1968: 2ndLt P. D. DONIVLEN and 2ndLt R. PACKARD reassigned to 2/9 and 2ndLt T. R. TROMPETER and 2ndLt D. E. WEIR reassigned to 1/26 for duty.
- 21 June 1968: Bn ExecO, S-1 and the Bn Surgeon made Staff visit to Company "B" Cua Viet.
- 22 June 1968: Battalion Promotion Board held for selection of 40 to Corporal and 48 to Lance Corporal.
- 22 June 1968: Summary court-martial held on Private C. I. JOHNSON 2369038 USMC Co "C" for violation of Article 113 UCMJ.
- 22 June 1968: Verbal order from Adjutant-3d Marine Division for reassignment of 20 Sergeants or below for duty with 1P Company.
- 24 June 1968: Submitted names of 20 personnel for reassignment to 1P Company to Division Adjutant.
- 30 June 1968: Sergeant James B. PERDUE 2043806 USMC left on emergency leave for 15 days to CONUS.
- 1-30 June 1968: Casualties sustained.
3 KIA, 19 WIA

B. S-2 SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

- 17 June 68 Capt. T.F. NEWMAN relieved Capt. A.B. JONES and assumed the duties as the Battalion S-2.
- 19 June 68 S-2 contacted by Chieu Hoi advisor, Mr. Dan Griffin, and asked to build a road and a fish pond at TRAM Y TE LANG Village-vicinity YD351507.
- 21 June 68 S-2 Reconned Chieu Hoi Village job, which was disapproved because of present commitments.
- 22 June 68 S-2 attended General Davis's briefing at Div CP. At 2250 Quang Tri Combat Base received fourteen enemy rockets, none of which landed in our area.
- 26 June 68 S-2 to G-2 Collections to secure CHICOM grenades and mines for our Land Mine Warfare School.

c. S-3 SEQUENTIAL OF SIGNIFICANT EVENTS

- 3 June 1968 Work begun to add 3,200 meters of defensive wire to Quang Tri Combat Base perimeter so that there will be an area available when additional battalion rears move here.
- 16 June 1968 Major BAXTER assumed duties as S-3 from Major AIKEN, who is now full time Executive Officer.
- 19 June 1968 MCB 11 completed connecting 8" water line from their water point to 4" water line at 3d Engineers Battalion's water distribution point, thus increasing the reliability and capacity of the Quang Tri Combat Base water system.
- 21 June 1968 Lt Wintersteen supervised the clearing of RT one outside Dong Ha, which was littered with ordnance from the ammo dump explosion the previous day. Personnel from the Army 59th EOD team, 26th General Support Group, predicted that it will take two or three months to completely clear the remaining ordnance from the dump.
- 23 June 1968 Lt Col COOK, G-3 Training, called to start arrange to increase capability for booby trap training in the division by sending out contact teams from each of the letter companies.
- 24 June 1968 Major BAXTER and Lt Col WACHTER went on a recon to check area where 7,200 meters of defensive wire will be strung around ammo supply point at Quang Tri Combat Base. Project is estimated to take three weeks of actual work with about 65 men on the job.
- 26 June 1968 Two mine incidents within a few hours in the Quang Tri area, one just inside the new perimeter where a water trailer hit a mine and the other on Rt One where an ARVN truck hit a mine, caused increased care in mine sweeps and a complete check of the area inside the new perimeter.
- 27 June 1968 A prefab bunker, out of culvert and light timbers, is being prepared for the CG's inspection. It will be packaged and sent to infantry units in the field.
- 30 June 1968 Triple security gate installed for CAP unit on Rt One between Quang Tri and Dong Ha.

D. S-4 Sequential Listing of Significant Events

- 2 Jun 68 G-3 was given 4 M422 Mighty Mites for a 30 day temporary loan.
- 4 Jun 68 Capt. FORD left for R&R to Hawaii.
- 10 Jun 68 Convoy arrived from Gia Le.
- 11 Jun 68 Lumber was lifted to A-3 for construction of Dye Marker bunkers. Two bundles of 2x6's were dropped by the chopper at A-3 from 175' in the air due to incoming.
- 12 Jun 68 26th General Support Group (Army) informed this organization that it could send vehicles with its convoy at anytime.
- 13 Jun 68 Base Coordinator advised this organization that 3d Motor Transport Battalion was supposed to supply water for the Battalion Rears at Quang Tri Combat Base.
- 17 Jun 68 Capt NYE reported aboard as new S-4.
- 18 Jun 68 S-4 visit to "A" and "C" Companies at Dong Ha.
- 20 Jun 68 Base Coordinator informed this Battalion that it was responsible for supplying water to the Battalion Rears.
- 22 Jun 68 Lt. BELL published order on the procedure for issue and turn in of mine detectors. Issued 58,176 BF of 3x12 to 11th Engineer Battalion, this depletes the stock of 3x12 for the TSFC material.
- 25 Jun 68 2,000 gal. water tanker at "C" Company was requisitioned Headquarters Battalion, Motor Transport.
- 28 Jun 68 Received 1,610 sheets of $\frac{1}{2}$ " plywood.

Subj: After Action Report, Operation Scotland II

Ref: (a) Battalion Order 3100.1B

Encl: ✓(1) Chronology

1. In support of 3d Battalion 9th Marine Regiment from 6 June 1968 through 19 June 1968 in the Scotland area south of route 9. The 2d and 3d Battalions of 4th Marine Regiment were also supported.

2. Members of 3d Platoon, Co "A", 3d Engineer Battalion in support of the operation were as follows:

2ndLt B. E. Hagensen	12 days
SSgt Stanton	8 days
LCpl Williams	12 days
Cpl Watts	12 days
LCpl Imes	12 days
LCpl Dove	8 days
PFC Hurd	2 days
LCpl Pozzi	9 days
LCpl Butler	4 days
PFC Winston	12 days
PFC Smith	12 days
PFC Goodall	9 days
Cpl Carey	12 days
LCpl Faust	12 days
PFC Adair	12 days
PFC Grato	12 days
LCpl Mendoza	7 days
LCpl Gallion	12 days
PFC Heard	12 days
PFC McLaughlin	12 days
Cpl Cortright	12 days
PFC Simmons	12 days
PFC Reeves	12 days
PFC Cruz	9 days

The following personnel were evacuated from the field for the indicated reasons.

SSgt Stanton	8 June	Cramps
--------------	--------	--------

Tab-1

LCpl Dove	8 June	Cramps
LCpl Mendoza	12 June	R&R
LCpl Pozzi	14 June	Fever
PFC Hurd	14 June	Eye injury
PFC Goodall	14 June	Jungle Rot
PFC Cruz	14 June	Jungle Rot

SSgt Stanton and LCpl Dove subsequently returned to the field on 13 June. There were no hostile - inflicted casualties sustained by the platoon.

At the request of the Commanding Officer of 3/9, Lt. Hagensen submitted the names of three members of his platoon to be written up for outstanding work in the field. The names submitted were:

Cpl Carey
Cpl Butler
PFC Smith

3. The assigned engineer mission was that of close combat engineer support. To accomplish this mission the engineer element was initially comprised of a platoon CP group including an on - call tunnel team which moved with the battalion command group and demolition teams attached to each of the four rifle companies. This changed during the operation when the demolition team attached to Company "K" was sent to 2d Battalion 4th Marines. The tunnel team was then attached to Company "K", 9th Marines.

4. Major items of equipment employed: None.

5. Materials Expended:

- a. 485 lbs of C-4
- b. 1965 feet of detonating cord
- c. 304 feet of time fuze
- d. 125 non - electrical blasting caps
- e. 24 40 lb shaped charges
- f. 8 bangalore torpedoes
- g. 1 cratering charge
- h. 29 booster assemblies
- i. 58 lbs NVA TNT
- j. 20 lbs NVA dynamite
- k. 6 NVA non - electric blasting caps

6. Chronology; See enclosure (1)

7. Engineer Observations

- a. The enemy road was from 10 to 15 feet wide, and consisted of a swath cut out of the woods. The surface was dirt smoothed over.
- b. The bridges were built by filling the area of a creek with large sharp edged rocks and stones. The depth of the stones was about 3 feet, 18 feet long, and 18 feet wide. This allowed the water to drain under the rock surface.

c. The helicopter was destroyed on orders from 3/9. It was in fairly good condition but the tactical situation prevented it from being retrieved.

8. Lessons Learned:

- a. Use adhesive from strips of C-4, M - 118 for securing the blasting cap to the det cord in setting up a trunk line.
- b. If boosters are not used, then the clips should be saved for connecting of plastic coated det cord since this det cord is very difficult to tie.

9. Recommendations:

- a. Provisions should be made with S-4 of the unit supported for emergency resupply of demo, when out in an unexplored area and a bunker complex is discovered. The explosive could be carried externally from a helicopter.

R. L. SEABORG

CHRONOLOGY

5 June 1968

Lt. Hagensen and 21 men joined 3/9 at LZ Stud. Lt. Hagensen, SSgt Stanton and LCpl Williams joined the Battalion Command Group, as did Cpl Watts's tunnel team, comprised of himself, LCpl Imes and LCpl Dove. LCpl Pozzi, PFC Winston, PFC Smith and PFC Goodall were attached to Company "I". Sgt Cortright, PFC Simmons, PFC Reaves and PFC Cruz were attached to Company "K". Cpl Carey, LCpl Faust, PFC Adair and PFC Grato were attached to Company "L". LCpl Gallion, LCpl Mendoza, PFC Heard and PFC McLaughlin were attached to Company "M".

6 June 1968

Helo - lifted into operations area at XD 946278 and set in for the night.

7 June 1968

Sgt Cortright's team blew one NVA 5 ftx 5 ftx 3ft spider hole using 2½ lbs of C-4. No demo work was performed by the other teams.

8 June 1968

No demo work was performed by any team. 3/9's location was XD 943284.

9 June 1968

Sgt Cortright's team left Company "K", 3/9 and joined 3/4 at Khe Sanh. Cpl Butler's team blew 75 NVA electric caps and two 60 MM rounds. Cpl Carey's team cut an LZ by hand. No other teams performed demo work.

10 June 1968

LCpl Gallion's team destroyed 25 NVA cratering charges, consisting of a 12 inch section of bamboo stuffed with explosive; 25 NVA blasting caps; 1 lb TNT; and a small quantity of handtools. Used 2 lbs of C-4. No other demo work was performed.

11 June 1968

Sgt Cortright's team left Khe Sanh with 3/4 and landed at an LZ near XD 8832292 where they set in for the night. LCpl Gallion's team blew 3 NVA bunkers using 7½ lbs of C-4 and 2 lbs NVA TNT in the approximate vicinity of XD 924296. Cpl Watts and LCpl Imes went to Company "K", 3/9. LCpl Dove became a heat casualty. No demo work was performed by either Butler's or Carey's team.

12 June 1968

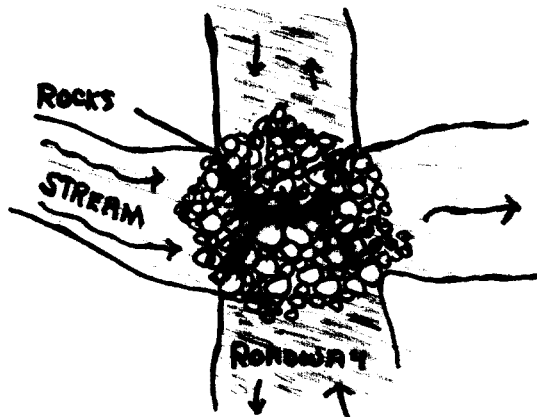

Battalion CP moved to XD 926275. LCpl Gallion's team destroyed 8 NVA bunkers using 6 to 8 sticks of NVA dynamite; destroyed one rock culvert using 45 lbs of NVA TNT in a hole dug in the center of the road; and made one abatis. LCpl Mendoza left team for R&R date. Cpl Watts's team blew one 60 MM round with 1½ lbs of C-4. Cpl Butler's and Cpl Carey's team performed no demo work.

13 June 1968

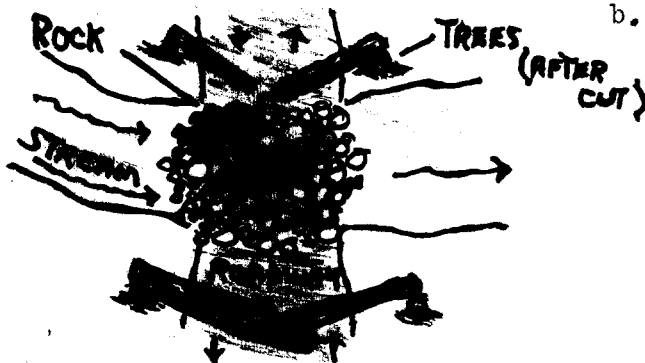

Battalion CP located at XD 910260. No demo work was performed by any team.

14 June 1968

Sgt Cortrights team left 3/4 to join 2/4, but was taken to Dong Ha instead. Cpl Butler's team destroyed one HU E1 helicopter and 10,000 rounds of M-60 ammunition at XD 918257, using 25 lbs of C-4. Machine guns were removed servicable. The charge was placed near the fuel tanks. Cpl Carey's team destroyed a rock culvert/ford and made one abatis.

- a. X - charges
15 lbs in outer charges
30 lbs in center charge

- b. Trees were then cut to fall across the roadway.

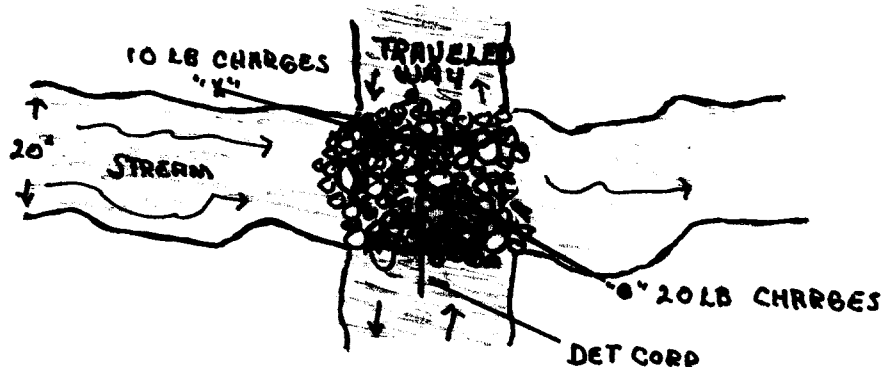

LCpl Gallion's and Cpl Watt's team performed no demo work.

15 June 1968

Battalion CP located at XD 910260. LCpl Gallion's, Cpl Watts' and Cpl Butler's team blew an LZ, using $62\frac{1}{2}$ lbs and 8 bangalore sections. Cpl Butler's team also destroyed 100 rounds 81 MM using 40 lbs of C-4. Charge was molded around the rounds and was dual primed. Cpl Watts' team returned to CP after LZ was finished.

16 June 1968

LCpl Gallion's team destroyed a rock culvert/ford, using 120 lbs of C-4.

LCpl Gallion's team also made a crater across the road using 12 shaped charges.

Cpl Watts used $22\frac{1}{2}$ lbs of C-4, helping to destroy road.

Cpl Careys' team aided in this shot with $22\frac{1}{2}$ lbs of C-4.

Cpl Butler blew down the side of a hill to cover the roadway, and destroy a rock culvert/ford. Materials used were 12 shaped charges, 125 lbs of C-4, and 1 cratering charge.

17 June 1968

LCpl Gallion's and Cpl Watts' team performed no demo work. The battalion was helo - lifted to LZ Loon when Cpl Carey's team was preparing an LZ to extract bodies that were left by 1/4. From there all demo units were air lifted to Khe Sanh.

18 June 1968

Remained at Khe Sanh - no demo work.

19 June 1968

All teams returned to Dong Ha.

Total Demolition Work

- a. 11 bunkers
- b. 1 sider hole 5x5x3
- c. Handtools
- d. 1 helicopter and 10,000 rounds of M-60 ammunition
- e. 2 abatis
- f. 1 landing zone
- g. 3 rock craters
- h. 3 road craters
- i. 25 bamboo cratering charges
- j. 100 rounds of 81 MM
- k. 2 rounds of 60 MM
- l. Cut trees across roadway

Other Work

- a. Cut and cleared one LZ.

CHRONOLOGY

20 June 1968

"B" Company with Cpl DEUBELL, LCpl ROSS, PFC TEPIDINO, and PFC NICHOLSON night marched to YD-101537 to set cordon.

21 June 1968

"A", "C", "D", and CP Group left by helicopter to their respective LZ's and set cordon in vicinity of YD-093518. RF's and PF's searched the village.

22 June 1968

SSgt PARRISH suggested to S-3 1/9 that Engineers be attached to Delta Company to make search of village in 101513 area. S-3 concurred. All Engineers were then attached to "D" Company's platoons. The Engineers had two (2) MedEvac's this day. One (1) PFC HONSBERGER with sprained wrist, and one (1) PFC FREUND with possible heat exhaustion. Used 1/2 lb. C-4 to destroy 1 ChiCom grenade and 1-82mm dud round in place.

23 June 1968

Delta Company with Engineers attached, entered the village in the YD 101503 area to search for caches of arms, ammo, rice, and medical supplies. The area was also suspected to have bobby-traps. After an all day search, only 70 detainees were held and with negative results on finding any caches.

24 June 1968

Delta Company with 16 Engineers proceeds to YD 101503 area to set up blocking Force. Enemy emplacements found and destroyed by the Engineers in this area are as follows:

a) 1 bunker (8'x4'x2.5'), internal charge, 8 lbs. C-4

ENCLOSURE (1)

JSP:dpp
1300

- b) 1 bunker (8'x4'2.5'), externally, 7 lbs. C-4
- c) 1 bunker (6'x4'x3'), internally, 3 $\frac{1}{2}$ lbs. C-4
- d) 1 spiderhole (2'x3'x3'), internally, 1 $\frac{1}{4}$ lbs. C-4
- e) 1 bunker (6'x3'x3'), internally, 5 lbs. C-4
- f) 1 bunker (3'x5'x3'), externally, 3 lbs. C-4
- g) 1 bunker (3'x6'x3'), internally, 2 $\frac{1}{2}$ lbs. C-4
- h) 1 bunker (8'x4'x2.5'), externally, 7 lbs. C-4
- i) 1 bunker (3'x5'x3'), externally, 2 $\frac{1}{2}$ lbs. C-4
- j) 1 bunker (5'x5'x3'), internally, 2 $\frac{1}{2}$ lbs. C-4
- k) 1 bunker (3'x5'x3'), internally, 2 $\frac{1}{2}$ lbs. C-4
- l) 1 bunker (10'x10'x4'), internally, 7 $\frac{1}{2}$ lbs. C-4
- m) 1 bunker (3'x5'x4'), internally, 2 $\frac{1}{2}$ lbs. C-4
- n) 1 bunker (3'x5'x3'), internally, 2 $\frac{1}{2}$ lbs. C-4

All of the above bunkers were of log and mud construction with the exception of 1 bunker (5'x5'x3'), that was reinforced with engineer stakes. Engineers also destroyed 1-60mm dud round by using $\frac{1}{2}$ lb. C-4 to blow in place. 1/9 Bn S-3 sent word for all Engineers to rejoin the Bn CP Group in the YD 092516 area. Delta Company provided a platoon for security to the CP area.

25 June 1968

S-3 requested four (4) Engineers to remain in the YD092516 area with Bravo Company until 2 July 1968. Cpl FLEMING, LCpl BLIZZARD, PFC STONE, and PFC TEPIDINO remained. The remaining twelve (12) Engineers proceeded to Camp Carrol with the CP Group and the Engineers were released to return to Dong Ha.

| | 2. LCpl E. L. Hinton | 2338435 |
| | 3. PFC E. L. Faulkner | 2390705 |
| | 4. PFC C. L. Terrell | 2405295 |

Tab 4

g. Chain Saw Team

- | | |
|----------------------|---------|
| 1. LCpl J. H. Witty | 2338872 |
| 2. PFC C. B. Stewart | 2397337 |

PFC Faulkner and PFC Terrell were killed in action. Cpl Cloud and LCpl Hinton were wounded in action.

3. Mission - To provide close combat engineer support.

- a. Teams #1, #2, #3 and #4 were attached to the battalions.
- b. The platoon CP stayed at the regimental command post.
- c. Team #5 and the Chain Saw Team were kept under direct control of the platoon CP to be employed as needed.

4. Major Items of Equipment - 1 Chain Saw

5. Material Expended

- a. 2000 lbs of C-4
- b. 500 lbs NVA TNT
- c. 600 ft Time Fuze
- d. 1000 ft Det Cord
- e. 250 Blasting Caps
- f. 250 Fuze Lighters
- g. 50 - 40 lb Shape Charges
- h. 50 - 40 lb Ammonium Nitrate (Cratering - Charge)
- i. 5 gallons of fuel for Chain - Saw

6. Chronology (See Enclosure)

7. Engineer Observations

- a. The culverts encountered were really fording places where the NVA had ~~just~~ filled the stream with rocks to make the road passable. This type culvert was found hard to blow, and would probably be easy to replace.
- b. The NVA used $\frac{1}{2}$ lb of TNT with blasting cap, fuze lighter, and 4 to 5 seconds time fuze as concussion grenades.
- c. Most bunkers encountered were built well and consisted of a large amount of overhead cover.
- d. The enemy road was, in most cases, ~~was~~ concealed from aerial observation by bending trees over the road.

8. Recommendations: None

9. Lessons:

- a. All men should be told how important "Halizone" Tablets are in the field, and strict "Halizone" discipline should be enforced by all personnel.

R. L. Seaborg
R. L. SEABORG

CHRONOLOGY

- 6 June 1968 - Regimental CP group left Camp Carroll at 1315 and arrived at Khe Sanh at 1345. Spent the night at Khe Sanh.
- 7 June 1968 - Regimental CP group departed Khe Sanh and arrived at LZ Robin at 0815. Demo teams #1, #2 and Chain Saw Team Helo lifted to LZ Torch in support of 1/4.
- 8 June 1968 - Teams #3 and #4 Helo - lifted to LZ Torch in support of Regimental CP. Members of Teams 1, 2, 3 and 4 used (10) - 40 lb shape charges and (10) - 40 lb ammonium nitrate charges to crater enemy road. Results were two (2) large craters approximately 12 ft in diameter and 8 ft deep. Teams 1, 2, 3 and 4 blew approximately (20) 2 man fighting bunkers along the road, using 5 lbs of C-4 per bunker.
- 9 June 1968 - Regimental CP group and team #5 built one (1) 8x8 prefab bunker for regimental FSCC. Teams 1, 2, 3 and 4 used (18) - 40 lb shape charges and (18) - ammonium nitrate charges to crater enemy road. Results was three (3) large craters approximately 10 ft in diameter and 8 ft deep. Teams 1, 2, 3, and 4 blew one (1) enemy bridge constructed out of stone. Used approximately 50 lbs of C-4. Result was the bridge was completely destroyed. Team #4 Helo - lifted from 1/4 to 3/4. Team #5 Helo - lifted from LZ Robin to 3/4.
- 10 June 1968 - Regimental CP group built one (1) 8x8 prefab bunker for regimental COC. Teams #4 and #5 waiting at Khe Sanh with 3/4 waiting to jump off into the assault. Teams #1, #2, and #3 destroyed enemy bunker complex of approximately (30) 2 or 3 man fighting bunkers and (2) larger CP type bunkers. Used approximately 100 lbs of C-4 total. Result was the bunker complex was completely destroyed. Chain Saw Team cut fields of fire and one (1) small LZ approximately 45 ft x 100 ft.
- 11 June 1968 - Teams #4 and #5, with 3/4 in the assault, destroyed approximately 50 enemy 2 or 3 man bunkers. Used 5 lbs C-4 per bunker. Teams #4 and #5 blew captured grenades approximately (50) and AK-47 rounds approximately (2000). Teams #1, #2 and #3 blew culverts on enemy road. Used 40 lbs of C-4 on each culvert. Result was (3) culverts destroyed. Teams #1, #2 and #3 blew approximately (20) enemy grenades. Chain Saw Team cleared fields of fire and cut approximately (5) large trees 20" in diameter so that they fell across the enemy road.
- 12 June 1968 - Teams #4 and #5 blew approximately (25) enemy 2 man bunkers, using 5 lbs C-4 per bunker, also blew approximately 30 enemy grenades. Cpl J. F. McCallum returned from the field to go on R&R. Team #1 now led by LCpl J. F. Miskimen. Teams #1, #2 and #3 blew approximately (10) 2 man fighting bunkers along enemy road. Used 5 lbs

Enclosure (1)

C-4 per bunker. Also used (15) cratering charges and 15 - 40 lbs shape charges to crater the road (3) times. Result was 3 craters approximately 12 ft in diameter and 8 ft deep. Chain Saw team cut fields of fire.

- 13 June 1968 - Teams #1, #2 and #3 blew approximately 20 enemy grenades and approximately 100 AK-47 rounds. Teams #4 and #5 blew (15) 2 man fighting bunkers using 5 lbs C-4 per bunker; also blew approximately 25 enemy grenades. Chain Saw team cut fields of fire.
- 14 June 1968 - Team #2 now in support of 2/4 used (7) 40 lb shape charges and (7) ammonium nitrate charges to crater enemy road. Result was one (1) large cut 20 ft in diameter and 12 ft deep. Teams one and three blew 15 enemy grenades. Teams #4 and #5 blew (6) 2 man fighting bunkers using 5 lbs C-4 per bunker. Chain saw team cut fields of fire.
- 15 June 1968 - Team #2 Helo - lifted to LZ Stud. Teams #1 and #3 blew 10 enemy grenades and approximately 500 AK-47 rounds. Teams #4 and #5 blew bunker complex consisting of one (1) CP type bunker and (5) 2 or 3 man living bunkers. Used total of 35 lbs C-4. Chain saw team cut fields of fire.
- 16 June 1968 - Team #2 at LZ Stud. Teams #1 and #3 blew one (1) culvert on enemy road using 40 lbs C-4. Teams #4 and #5 blew 40 enemy grenades and approximately 100 AK-47 rounds. Chain Saw team cut fields of fire.
- 17 June 1968 - Regimental CP group Helo - lifted to LZ Loone to retrieve bodies and check for booby - traps. Blew 2 RPG rounds, no booby - traps encountered. Team #2 at LZ Stud. Teams #1 and #3 blew 10 enemy grenades. Team #4 Helo - lifted from LZ Torch to Camp Carroll. Team #5 blew 10 enemy grenades and approximately 200 AK-47 rounds. Chain Saw team cut fields of fire.
- 18 June 1968 - Regimental CP group Helo - lifted from LZ Robin to Camp Carroll. Teams #1 and #3 Helo - lifted to LZ Cates, team #2 at LZ Stud. Team #5 at 0630 was over run by reinforced NVA battalion. Result was that PFC Faulkner and PFC Terrell were killed in action. Cpl Cloud and ICpl Hinton were wounded in action. Chain Saw team to LZ Cates.
- 19 June 1968 - Teams #1 and #3 and Chain Saw team at LZ Cates. Team #2 returned to Camp Carroll.
- 20 June 1968 - Teams #1, #3 and Chain Saw team returned to Camp Carroll.

Enclosure (1)

Total Demolition Work

- a. 5 Craters 12 ft diameter 8 ft deep
- b. 3 Craters 10 ft diameter 8 ft deep
- c. 1 Crater 20 ft diameter 12 ft deep
- d. 3 Large and one small culvert
- e. 1 Bridge
- f. (25) 2 man living bunkers
- g. (151) 2 or 3 man fighting bunkers
- h. 3 CP bunkers
- i. 240 Enemy grenades
- j. 2 RPG rounds
- k. 2900 AK-47 rounds

Other Work

- a. Cut one LZ 45x100 with chain saw
- b. Cut 5 - 20" in diameter trees across enemy road
- c. Built two and reclaimed two prefab bunkers

BATTALION BULLETIN 1500

From: Commanding Officer
 To: Distribution List

Subj: Battalion Training Schedule

Ref: (a) BnO 1500.4B

Encl: (1) Training Schedule for all Companies

1. Purpose. To publish the monthly training schedule for the month of June.

2. Action.

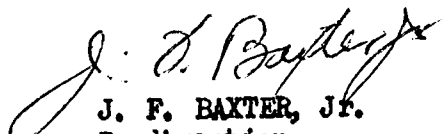

a. The enclosed training schedule will be carried out by all units of this command. Company Commanders will insure an acceptable level of training is maintained for personnel under their supervision.

b. Companies will conduct MOS and General Military Subjects Training to the maximum extent consistent with the combat support mission of this battalion. Due to the fact that a large portion of 3d Engineer Battalion personnel are working in groups smaller than squad-sized in separate locations, most training will have to be conducted by relatively junior NCO's. Attached Engineer personnel may also be included in training given by the unit they are supporting. Time, location and instructors will be selected by unit commander.

c. Training conducted will be reported on the daily summary. The report will include topic, period of instruction and number of personnel present.

3. Self-Cancellation: 1 July 1968.

Subject: Logistics Summary as of 27 June 1968

Ref: (a) AG, 3d Mar Div msg 2995268 Jun 68

Encls: (1) Status of Communications/Electronics Equipment
 (2) Status of Engineer Equipment and Engine Generators
 (3) Status of Motor Transport Equipment
 (4) Status of Ordnance Equipment
 (5) Critical Repair Parts

1. SUPPLY SITUATION

a. Supply support of this organization has been downgraded since FLSG-B changed to #2 walk throughs only. Previously all priorities were being walked through. Continuous support was maintained for most smaller items such as tent poles, toilet paper, patches, etc., when all priorities were walked through. It is highly recommended that FLSG-B return to the walk through of all priority requisitions for better service of small items.

b. A shortage of small jungle utilities still exist and is now becoming critical. Flack jackets still remain very critical. This organization has approximately 50 unserviceable flack jackets and for the past 60 days we have not been able to exchange any of them for serviceable ones at FLSG-B. On 11 May 1968 this organization requested 150 gas masks through Division Supply. As of this date no gas masks have been received and there are approximately 70 Marines in this organization without gas masks, the situation is very critical.

c. The IX program still is non-effective. (Only two items were received this month through the IX program, this gave this organization a total of three items received in the last 60 days. At the present time there are 38 items outstanding. Due to this large number of outstanding IX items this organizations repair capability is beginning to be effected.

d. This organization is presently operating 11 water points which produce 1,200,000 gallons of water per week. It has been our experience that chemicals are very rarely received on a timely basis. Soda Ash,

NTH, and Alua are not kept in stock at FASG-B causing hardship and unusual delay in receipt of those needed chemicals. At the present time there is a critical shortage of Soda Ash, NTH, and Alua in this Battalion with no relief in sight.

c. Arrangements for a replacement for the 3d Engineer Battalion supply officer should be considered as 1st Lt. A. L. HARRIS is scheduled for rotation the end of July or the first part of August. For continuity purpose and handling of one of the largest supply accounts in the Division an early replacement is recommended.

2. NOT APPLICABLE

3. CHAPTERS II AND IV

a. Summary

1. The large number of items being assigned an unserviceable and beyond economical repair condition code with no end item available as replacement is once again responsible for the degradation of the supply and equipment operational status. During the month of June, 4 M-15 tractors and 1 H-82 scraper were coded. Items received were 1 550 Grader, 15 bath units and 8 3,000 gallon water tanks.

2. The shortage of 4" plywood still exists. Division Supply has advised that PIC has purchased the needed plywood from KSA, DaNang, but as of this date it has not been received and the situation still remains critical.

b. NOT APPLICABLE

c. Critical Items (Mandatory items for reporting)

<u>ITEM</u>	<u>ITEM</u>	<u>STATUS</u>
4240-542-4450	GAS MASK, SMALL (NOTE: At present all sizes of gas masks are critical. About 70-80 people have no gas mask at present.)	Critical
4240-542-4451	GAS MASK, MEDIUM (NOTE: See above.)	Critical
4240-542-4452	GAS MASK, LARGE (NOTE: See above.)	Critical
2610-569-0817	TUBE 750x10 (NOTE: Priority 1/2 requisitions for 200 days. Currently causing D/L of 2 items of equipment.)	Critical
2610-262-8677	TUBE 900x20	Non-Critical
2610-591-2843	TUBE 1100 (NOTE: The Battalion Tire Shop recently burned resulting in a short supply of most tires and tubes.)	Short Supply

REQ	ITEM	STATUS
2610-592-2121	TIRE 1100x15 (NOTE: Same as above.)	Short Supply
2920-570-3057	STARTER (FM274A2) (NOTE: Full starter is a high usage item. Ø2 requisition long outstanding.)	Critical
2910-570-3045)	CARBURETOR (FM274A2) (NOTE: A problem exists as this I/A item is hard to identify in parts manual. None on requisition.)	Critical
2920-571-8366	IGNITION PARTS KIT (FM274A2) (NOTE: Priority Ø2 requisition long outstanding. Currently causing I/L of many of the Battalions' M274A2's)	Critical
5820-086-7149	ANTENNA BUZZER AB-591	Non-Critical

c. (1) Number of MCI by month - 948

4. ISS APPLICABLE

5. NOT APPLICABLE

6. OPERATIONAL SITUATION

a. The Battalion continues to run a high 3d echelon deadline rate. The biggest problem area is the tractors; M-15's and M-18's. At present 4 of the 5 M-15 Tractors on hand are deadline, 5 of the 11 M-18 Tractors held by this Battalion are on 3d echelon deadline.

EQUIPMENT	ALLOWANCE	O/H QTY	QTY I/L	
			2d ECH	3d ECH
Tractor M-15	15	5	0	4
Tractor M-100	7	8	3	3
Tractor M-18	23	11	0	5
Crane Mobile 150/46	2	1	0	1
Air Compressor 105 CFM	3	5	0	1
Air Compressor 125 CFM	3	0	0	0
Dozer M-16	4	2	0	1
bat. Unit	26	40	2	4
Water Purification Unit 1500 GPH	12	8	2	3

Chain saws	36	24	3	4
Mine Detector M-153	35	73	0	27
M51A2 Dump Truck	24	26	2	4
M52A2 Truck Tractor	0	3	0	0

(3)

b. 6 items were submitted to the Direct Exchange Program and only 2 items were returned.

7. NOT APPLICABLE

8. OTHER MAJOR ITEMS OF EQUIPMENT

a. See enclosures (1) through (4).

9. PROPERTY SITUATION

a. Property Disposal. Letters of unserviceable property were received for 10 major end items.

b. Laundry. There is still no laundry service provided to all units at Quang Tri. The lack of facilities necessitates washing by hand or using either the long ha or local indigenous facilities. The services that can be provided at long ha are adequate, but transportation and internal management as well as the non existence of adequate laundry bags have so far prevented the use of this facility.

c. Bath Unit. Shower points were operated in accordance with the 2/3 mission. At present the Battalion holds its authorized allowance of 26 bath units. With additional 14 units, this organization is far in excess of its allowance. The older units will be rotated from the field and returned to stock as excess.

d. Bakery. The Battalions' bakery continues to provide all bakery products with the exception of bread. Bakery goods produced in the Battalion Bakery are excellent and are sufficient to meet the needs of this organization. During the last month the bakery has been moved into a hardback hut.

e. Ice. With the increased temperature, the quantities of ice being received were totally inadequate. The needs of the Mess Hall are approximately 900 lbs. daily or 45 blocks. At present the Battalion has been able to draw only 14 to 16 blocks of ice a day.

f. Food Services.

(1) The performance of the Food Services section remains outstanding. An average of 950 men are fed each day at the Battalion Mess Hall.

g. Mortuary Services. This organization had (5) persons KIA as of 27 June 1968.

h. Graves Registration. NOT APPLICABLE

i. Portable Water. Battalion water points produced 4,130,950 gallons of water this month in support of Division units.

10. NOT APPLICABLE

11. NOT APPLICABLE

12. NOT APPLICABLE

13. TRANSPORTATION

a. A Motor Transport Chief is scheduled to report aboard the 27th of June. A letter to increase manning level to (2) two EMCO 3516, is being written.

b. The largest maintenance problem with the M151A1 Jeep are the generators.

c. This organization has completed its move from Gia Le to Quang Tri.

14. NOT APPLICABLE

15. PERSONNEL

a. Logistic Personnel.
