Chapter I—Civil Aeronautics Board

[Regs., Serial No. 362]

PART 228—FREE AND REDUCED-RATE TRANSPORTATION

FREE TRAVEL FOR POSTAL EMPLOYEES

At a session of the Civil Aeronautics Board held at its office in Washington, D. C. on the 12th day of April 1946. (Amendment No. 6 of § 228.1 of the Economic Regulations)

The Civil Aeronautics Board, acting pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a) and 405 (m) thereof, hereby makes and promulgates the following regulation:

Effective immediately, subparagraphs (3) and (6) of paragraph (a) of § 228.1 of the Economic Regulations, as amended, are hereby amended to read as follows:

§ 228.1 *Free travel for postal employees*—(a) *Postal employees to be carried free.* * * *

(3) The Assistant Postmaster General who at the time has jurisdiction over all the air mail service, his confidential assistant, and his Deputy Assistant Postmaster General.

(6) The Superintendent, Thirteenth Division, Railway Mail Service, located at Seattle, Washington, and the Chief Clerk and Assistant Chief Clerk, Railway Mail Service, located at Anchorage, Alaska, when travelling between Seattle, Washington and Alaska or within Alaska on official business relating to the transportation of mail by aircraft to, from and within Alaska.

(Sec. 205 (a), 52 Stat. 984, 49 U.S.C. 425 (a); sec. 405 (m), 52 Stat. 997, 49 U.S.C. 485 (m))

By the Civil Aeronautics Board.

FRED A. TOOMBS,
Secretary.

Maritime Commission and War Shipping Administration may assign MM preference ratings to the deliveries specified in paragraphs (1) through (4) below within limits prescribed by CPA Priorities Policy Decisions, and only upon individual applications which show that the materials or equipment cannot be obtained without priorities assistance by the latest date and in the minimum quantity practicable:

(1) *Ships' stores.* Deliveries to or for the account of the Maritime Commission or War Shipping Administration of ships' stores for use on shipboard;

(2) *Maintenance and repair of ships.* Deliveries to private ship repair yards of materials and equipment needed for immediate incorporation into ships under the control of the Maritime Commission or War Shipping Administration which are being repaired in the yards;

(3) *Ship yard inventories.* Deliveries to private ship repair yards for inventory purposes of the kinds of material normally stocked in the minimum quantities necessary for the repair and maintenance of ships under the control of the Maritime Commission or War Shipping Administration; and

(4) *Ship construction and conversion.* Deliveries of materials and equipment to be incorporated into ships which are being constructed, outfitted or converted under contracts with the Maritime Commission or War Shipping Administration.

(e) *Restrictions on rating authority.* (1) Any preference rating certificate which assigns a rating to the delivery of tires or tubes shall before issuance be reviewed and approved by the Civilian Production Administration.

(2) [Deleted Apr. 17, 1946.]

(f) *Redelegation of authority to assign ratings.* The authority delegated to the Army and Navy Munitions Board in paragraph (c) may be redelegated by the Board only to authorized officials of the agencies enumerated in paragraphs (b) (1), (b) (2) and (b) (3). The authority delegated to the Maritime Commission and War Shipping Administration in paragraph (d) may be redelegated by them only to authorized officials of those agencies.

(g) *Method of assigning ratings.* (1) [Deleted Sept. 12, 1945.]

(2) Preference ratings assigned under this directive shall be assigned on Form WPB-542, or as prescribed in subparagraph (3) below.

(3) When any Government agency having the authority assigns a preference rating to deliveries to be made to or for its account, it may do so by placing the rating on the purchase order or contract and endorsing the order or contract with a certification substantially as follows: "By authority of the Civilian Production Administration the preference ratings indicated are assigned to the deliveries on this purchase order or contract." This certification may be placed on a purchase order or contract

by means of a rubber stamp or printed on the order or contract form. The certification need not be signed separately if the purchase order or contract is signed by an official who is authorized to assign the ratings on behalf of the agency which is placing the order or contract. This method of assigning the rating may not be used when the assignment of the rating is subject to review and approval by the Civilian Production Administration before issuance.

(4) [Deleted Apr. 17, 1946.]

(5) Every rating assigned under this directive on a form or certification shall be assigned in the manner prescribed therein without attaching any further conditions or qualifications, except that in approving any Form WPB-542 for tires or tubes the Civilian Production Administration may limit the use of the rating to a specific make of tire or tube, or may provide that delivery may only be obtained from a specified supplier.

(h) *Application and extension of ratings.* Ratings assigned under this directive may be applied and extended only in accordance with applicable regulations of the Civilian Production Administration.

(i) [Deleted Sept. 12, 1945.]

(j) *Authority to change destination of shipments or to allot materials.* Specific authority to issue on Form GA-209 instructions to contractors and subcontractors for change in destination of shipments of items being produced for Army or Navy programs, or authority to allot specific materials for specified purposes, may be delegated from time to time to officers of the Army and Navy respectively, by the Civilian Production Administrator or Director of the Bureau of Reconversion Priorities of the Civilian Production Administration.

(k) *Directives and delegations of authority superseded.* This directive supersedes Directives 23, 31 and 32 and all individual delegations of authority to assign preference ratings which have heretofore been issued by officials of the War Production Board or Civilian Production Administration to the Army and Navy Munitions Board or to any service of the Army, to the Army Air Forces or to any Bureaus of the Navy or Maritime Commission or to the War Shipping Administration.

(l) [Deleted Apr. 1, 1946.]

Issued this 17th day of April 1946.

JOHN C. HOUSTON, Jr.,
Director,
Bureau of Reconversion Priorities.

Chapter XI—Office of Price Administration

[RMPR 208, Amdt. 12]

PART 1389—APPAREL

MAXIMUM PRICES FOR STAPLE WORK CLOTHING

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 208 is amended in the following respects:

1. The first sentence of section 2.2 is amended to read as follows:

Sec. 2.2 *List prices (Rule 1).* The ceiling price for a garment priced under this section is the "base price," determined under paragraph (a) below, multiplied by the applicable percentage listed in Appendix B.

2. The first sentence of section 2.3 (b) is amended to read as follows:

(b) *How to calculate the ceiling price.* The ceiling price for a garment priced under this section is the formula price, determined under (1) below, multiplied by the applicable percentage listed in Appendix B.

3. In the example in section 2.3 (d), the sixth, seventh, and eighth lines following the table are amended to read as follows:

Adjustment from Appendix B:¹

1.28 x \$12.48: \$15.97 ceiling price reported.

4. Footnote 1 to the example in section 2.3 (d) is amended to read as follows:

¹ The adjustment of 1.28 assumes that the base prices of Lot Nos. 991 and 807 were established pursuant to a price list issued after January 1, 1942. Accordingly, Part A of Column 3 of the table in Appendix B is applicable.

5. The first sentence of section 2.4 (b) is amended to read as follows:

(b) *How to calculate the ceiling price.* The ceiling price for a garment priced under this section is the formula price, determined under (1) below, multiplied by the applicable percentage listed in Appendix B.

6. In the example in section 2.4 (c), Line Nos. 6 and 7 are amended to read as follows:

Adjustment from Appendix B:²

1.28 x \$16.65½: \$21.31½ ceiling price for Lot No. 669.

7. Footnote 2 to the example in section 2.4 (c) is amended to read as follows:

² The adjustment of 1.28 assumes that the base price of Lot No. 667 was established pursuant to a price list issued after January 1, 1942. Accordingly, Part A of Column 3 of the Table in Appendix B is applicable.

8. Section 2.6 is amended to read as follows:

SEC. 2.6 *Maximum prices in other cases (Rule 5).* (a) The maximum price of a garment of staple work clothing which cannot be priced under Rules 1, 2, 3 or 4 shall be a price, in line with the level of prices established by this regulation, determined by the Office of Price Administration upon application by the seller. The application shall be filed with the Apparel Price Branch, Office of Price Administration, Washington 25, D. C., setting forth the following:

(1) Description of body material (including type, weight, width, finish, net cost per yard, and the source of supply).

(2) Size range in which the garment is to be made.

(3) Number of yards per dozen used in fabricating the garment.

(4) Lot number of the garment.

(5) Requested prices, terms and discounts to each class of trade.

(6) Names of three competitors, and their prices to the same class of trade for similar garments made of the same body material.

(7) A sample of the garment.

Pending action on such an application, a person must not sell or deliver the garment except in accordance with the provisions of section 5.6 (b), (Adjustable pricing agreements).

(b) In connection with any order issued under this section, the maximum price of a garment which is the same as a garment specifically priced in such order, except for the substitution of body material, shall be a price calculated in accordance with the formula set forth in section 2.4 (Rule 3). The definitions and reporting requirements of that section shall be applicable to prices determined under this paragraph. (However, this paragraph shall not be applicable in those instances in which the order issued under this section contains a formula similar to that provided in section 2.4.)

(c) Maximum prices authorized by orders issued under this section prior to April 15, 1946, may be adjusted in accordance with the table set forth below. In

order to determine the amount of the adjustment applicable to a particular garment, you must know the effective date of the order and the body material used in the garment. The adjustment may then be derived from the table by finding, for the body material used in the garment, the "percentage multiplier" applicable for the period in which the order was first effective. The new maximum price is calculated by multiplying the price originally authorized by the applicable percentage multiplier.

For example: An order under section 2.6 issued and effective November 17, 1945, established for the M Manufacturing Company the following maximum prices:

Lot No. 1, men's 8 oz. sanforized denim pant	\$12.48
Lot No. 2, men's 1.65 sanforized covert one-piece work suit.....	16.70

Inasmuch as the order was issued between September 1, 1944, and December 1, 1945, M determines the adjustment from column 4 of the table below. The percentage multipliers for 8 oz. sanforized denim and 1.65 sanforized pants covert listed in column 4 are 1.24 and 1.30, respectively. Accordingly, M's new maximum price for Lot No. 1 is \$12.48 x 1.24, or \$15.47½; M's ceiling for Lot No. 2 is \$21.71 (\$16.70 x 1.30), plus 4% of \$21.71, or \$22.58 (see the note following the table).

APPENDIX B—ADJUSTMENTS TO BE MADE IN BASE PRICES OF GARMENTS PRICED UNDER SECTION 2.2 AND IN FORMULA PRICES OF GARMENTS PRICED UNDER SECTIONS 2.3 AND 2.4.

The amount of the adjustment to be made in the base price of a garment being priced under section 2.2 (Rule 1), or in the formula price of a garment being priced under section 2.3 (Rule 2) or 2.4 (Rule 3), to find its ceiling price, is given in the table below. The amount of the adjustment is dependent on the following three factors:

(a) The body material of which the garment is made (column 1).

(b) The weight and finish of the particular body material (column 2).

(c) The date of the "last issued written price list" pursuant to which the base prices were established for garments priced under section 2.2 (column 3). If the base prices for garments priced under section 2.2 were established pursuant to a price list issued on or after January 1, 1942, the seller must use Part A of column 3. If they were established pursuant to a price list issued prior to January 1, 1942, he uses Part B.

The maximum price for a garment is obtained by multiplying the base or formula price by the percentage indicated in the table below.

NOTE: For garments made from jean, drill, twill or poplin materials purchased after September 17, 1945, which were sold and delivered on an adjustable pricing basis, instead of taking the applicable adjustments listed in the table below, you are limited to the adjustments shown in the Table II (as revised by Amendment 11, issued April 9, 1946) which was part of this Appendix prior to April 17, 1946.

Example 1. Manufacturer X has determined a base price for his 8 oz. (2.00 yd.) sanforized denim dungaree, under Rule 1, of \$10.80 per dozen. This base price was derived from a price list issued March 6, 1942.

X consults Part A of the table (since the base price was established pursuant to a price list issued after January 1, 1942) and finds that the adjustment listed for 8 oz. (2.00 yd.) sanforized denim is 1.28. 1.28 x \$10.80 gives \$13.82 per dozen as the maximum price for this dungaree.

Example 2. Manufacturer Y desires to find his maximum price for a men's 1.65 sanforized covert work pant. Under section 2.3 (Rule 3), he has found a formula price of \$17.42 per dozen for this garment. The base price under section 2.2 of the whipcord work pant which was used in arriving at the Rule 3 price of \$17.42 was established by a price list issued December 20, 1941.

The adjustment listed in Part B of Column 3 for 1.65 sanforized covert is 1.25. 1.25 x \$17.42 gives \$21.77½ as the maximum price for this lot number.

Example 3. Manufacturer Z has determined a base price for his 2.20 sanforized denim one-piece work suit, under Rule 1, of \$29.00 per dozen. This base price was derived from a price list issued March 10, 1942.

The adjustment listed in Part A of Column 3 for 2.20 sanforized denim is 1.28. \$29.00 multiplied by 1.28 equals \$37.12. Inasmuch as this is a one-piece work suit, according to the note to the table, Z takes 4% of \$37.12 (or \$1.48) and adds this amount to \$37.12. Therefore, Z's maximum price for this garment is \$37.12 plus \$1.48, or \$38.60 per dozen.

Example 4. Manufacturer A has determined a base price for his 2.85 sanforized jean shirt, under Rule 1, of \$13.00 per dozen. This base price was derived from a price list issued March 5, 1942.

Between December 10, 1945 and April 17, 1946, A sold and delivered quantities of this shirt (which was made from fabrics purchased after September 17, 1945) at the ceiling price in effect on July 1, 1945, and reserved

9. Section 5.9 is amended to read as follows:

SEC. 5.9 How this regulation may be amended. Any person who seeks a modification of any provision of this regulation may file a petition for amendment

of general applicability in accordance with Revised Procedural Regulation No. 1 issued by the Office of Price Administration.

10. Appendix B is amended to read as follows:

the right to collect the difference, if any, between that ceiling and any higher ceiling which may thereafter be established by the Office of Price Administration. By virtue of the note set forth above, A may not collect on these contracts the difference between his July 1, 1945, ceiling and \$16.12 (\$13.00 times

1.24, the adjustment listed for 2.85 jean in the table below). He is limited to the difference between his July 1, 1945, ceiling and \$13.05 (\$13.00 plus [0.175 cents, the adjustment listed in Table II as revised by Amendment 11, times 29.5 yards, the yardage consumed per dozen shirts]).

17. Section 6.5 (b) (3) is revoked.

18. In the examples of labelling in section 6.5 (b) (5), the figures "\$2.08" and "\$1.14" are amended to read "\$2.58" and "\$1.30," respectively.

19. In sub-paragraphs (2) and (3) of section 7.2 (a), the figures "\$1.61," "\$1.64," "\$14.88" and "\$15.13" are amended to read "\$1.90," "\$1.93," "\$17.33" and "\$17.68," respectively.

20. Section 7.3 is amended to read as follows:

SEC. 7.3 Ceiling prices for sales by manufacturers of thirty yard minimum boys' bib overalls. Ceiling prices for sales by manufacturers of thirty yard minimum boys' bib overalls shall be as follows:

(1) Location of seller's place of business	(2) Sales to group I retail sellers and to wholesalers	(3) Sales to group II retail sellers
East and central region	\$15.14	\$17.93
Mountain and Pacific region	15.49	18.28

NOTE: The ceiling price of a thirty yard minimum boys' bib overall which is of standard quality, i.e., a "second" or "imperfect," is found by taking the ceiling price of a first quality garment found in the table above and deducting 10%.

All prices are f. o. b. seller's place of business, net 30 days. Manufacturers of these garments must also observe the special quota rule set forth in section 2.7.

Sales by manufacturers to any person who is not a wholesaler (as defined in section 3.2) or a Group I or Group II Retail Seller must be made at prices listed in Column (2).

21. In the third and fifth paragraphs of the notice in section 7.4 (a), the figures "\$1.61," "\$1.64," "\$14.88" and "\$15.13" are amended to read "\$1.90," "\$1.93," "\$17.33," and "\$17.68," respectively.

22. Paragraphs (b) and (c) of Appendix F are amended to read as follows:

(b) The seller should then divide the total of these costs by the total number of garments in all the lots.

(c) Finally, the seller should add to the figure found in (b) an amount equal to the product obtained by multiplying that amount by the percentage listed in Part A of Column 3, of the table in Appendix 3 for the body material of which the garment is made. The resulting figure is the "average supplier's price" for the garment.

Example: X, a Group I retail seller, purchases men's 3.60 sanforized chambray shirts from the Y Manufacturing Company, the Z Company, and the A Company, all bearing the same lot-number. During the period January 1, 1944 to June 30, 1944, X received the following shipments:

	(1) Lots of this garment received (dozen)	(2) Net cost per dozen on each lot	(3) Total net cost
1.....	120	\$8.50	\$1,020.00
2.....	60	8.62½	517.50
3.....	240	8.75	2,100.00
	420		3,637.50

Column (3) + column (1) = \$8.66 per dozen. X then finds, in Part A of Column 3 of Appendix B that the adjustment applicable to 3.60 sanforized chambray is 1.32. 1.32 x \$8.66 equals \$11.43. Accordingly, X's "average supplier's price" for these shirts is \$11.43 per dozen.

This amendment shall become effective April 17, 1946.

NOTE: The reporting and record keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 17th day of April 1946.

Administrator.

and filed with the Division of the Federal Register.

Section 1378.4 (e) is amended to read as follows:

(e) This Maximum Price Regulation 157 and the General Maximum Price Regulation shall not apply to:

(1) Any of the finished fabrics designated in Schedule A of Direction No. 11, issued March 17, 1945 (amended July 14, 1945) by the War Production Board under its General Conservation Order M-317 when sold and delivered to the War Department pursuant to prime contracts entered into on or after April 18, 1946.

(2) Grey goods sold and delivered pursuant to contracts entered into on or after April 18, 1946, for use by prime contractors in fulfilling contracts entered into with the War Department calling for delivery of any of the finished fabrics, or of moisture vapor-proof wrapping material made in part of the marquisettes, designated in Schedule A of Direction No. 11, issued March 17, 1945 (amended July 14, 1945) by the War Production Board under its General Conservation Order M-317.

This amendment shall become effective April 18, 1946.

PART 1340—FUEL

[RMFR 137, Amdt. 21]

PETROLEUM PRODUCTS SOLD AT RETAIL ESTABLISHMENTS AND CERTAIN OTHER RETAIL SALES OF LIQUEFIED PETROLEUM GAS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation No. 137 is amended in the following respects:

1. Section 9 (b) (2) is added to read as follows:

(2) Aviation gasoline—(i) December 1941 may be used. Where a seller in the States of California, Oregon or Washington made no sales from a retail establishment of aviation gasoline below 87 octane ASTM in March, 1942, the seller's maximum price shall be the highest price charged to a purchaser of the same class by such seller at each retail establishment during December, 1941, for each grade of aviation gasoline below 87 octane ASTM plus or minus the increases or reductions provided for in section 10.

(ii) Six cent margin. A seller of aviation gasoline of less than 87 octane ASTM delivered into fuel tanks of aircraft at an airport in the States of California, Oregon and Washington may, if he chooses, fix a maximum price for each grade of motor fuel by adding six cents per gallon to the applicable maximum tank wagon price of the reference seller for the point where the retail establishment (airport) is located.

This amendment shall become effective April 23, 1946.

Issued this 18th day of April 1946.

PART 1352—FLOOR COVERINGS
[MPR 65, Amdt. 4]

RESALE OF FLOOR COVERINGS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith, and it has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 65 is amended in the following respect:

1. Section 1352.51d (f) is amended to read:

(f) The seller's selling price for the article not exceeding his maximum price established under § 1352.51 of this regulation.

This amendment shall become effective on April 17, 1946.

NOTE: The reporting provisions of this amendment have been approved by the Bureau of the Budget, in accordance with the Federal Reports Act of 1942, as amended.

Issued this 17th day of April 1946.

PART 1381—SOFTWOOD LUMBER
[RMFR 402]

WESTERN RED CEDAR LUMBER

Maximum Price Regulation 402 is redesignated Revised Maximum Price Regulation 402 and is revised and amended to read as set forth below:

A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register. The standards and specifications used in this regulation were, prior to such use, in general use in the Western red cedar lumber industry.

ARTICLE I—SCOPE OF THE REGULATION

Section 1. *Prices higher than ceiling prohibited.* (a) On and after April 22, 1946, regardless of any contract or other obligation, no person shall sell or deliver, and no person shall buy or receive in the course of trade or business, any Western red cedar lumber for direct-mill shipment at prices higher than the maximum prices fixed by this regulation, and no person shall agree, offer, or attempt to do any of these things.

No. 77—2

(b) Prices lower than the maximum prices may, of course, be charged and paid.

SEC. 2. *What products are covered.* This regulation covers all Western red cedar (*Thuja plicata*) lumber produced in those parts of Oregon, Washington, and Canada lying west of the crest of the Cascade Mountains, and in California and Alaska. Any such lumber produced in these areas is covered, regardless of the kind of mill or plant in which it is produced, with the exception of mouldings, railroad cross and switch ties, and shingles. Mouldings are covered by Maximum Price Regulation 601—Softwood Mouldings, ties by Maximum Price Regulation 556—Western Railroad ties and Wooden Mine Material, and shingles by Revised Maximum Price Regulation 164—Western Softwood Shingles. As to other items, this regulation applies whether the particular item is specifically priced in the price tables or not.

SEC. 3. *What transactions are covered—(a) Direct-mill shipments.* The maximum price for direct-mill shipments applies to all shipments, other than those out of distribution yard stock, no matter who the seller is, and no matter whether he usually is known as a mill, wholesaler, retailer, or anything else. (The prices for yard sales may be found either in Maximum Price Regulation No. 215 or in the General Maximum Price Regulation.)

(b) *How to tell a mill from a distribution yard.* The term "mill", as used here, covers what are known in the trade as sawmills, planing mills, and concentration yards. Three types of establishment are described below: The first, (1), a typical sawmill or planing mill; the second, (2), a typical concentration yard; and the third, (3), a typical distribution yard. An establishment which resembles (1) or (2) more than it does (3) is considered a mill; and one which resembles (3) more than it does (1) or (2) is considered a distribution yard.

(1) "A typical sawmill or planing mill" is an establishment which is chiefly engaged in manufacturing West Coast species of lumber from logs or rough lumber by sawing or planing, and which is located in or near a lumber producing area;

(2) "A typical concentration yard" is an establishment which concentrates and prepares lumber for commercial shipment, which keeps in stock mostly West Coast species of lumber, which has its lumber brought in chiefly in rough green form by truck from small local sawmills and sells chiefly for rail shipment, and which has been located at its particular site to be near the lumber producing area;

(3) "A typical distribution yard" is a wholesale or retail lumber yard as defined in 2d Revised Maximum Price Regulation 215—Distribution Yard Sales of Softwood Lumber.

(c) *No quantity limits.* There are no quantity limits on the transactions covered by this regulation. All direct-mill sales, large or small, are covered.

SEC. 4. *What persons are covered.* Any person who makes the kind of sale or

purchase described above, for himself or others, is subject to this regulation. The term "person" includes an individual, corporation, partnership, association or any other organized group, their legal successors and representatives, the United States or any government or any of their political subdivisions or any agency of any of the foregoing.

ARTICLE II—MAXIMUM PRICES AND TERMS OF SALE

SEC. 5. *Basic prices and cash discount—(a) Basic prices.* The maximum prices f. o. b. mill are set forth in Article V—Price Tables.

(b) *Cash discounts.* If cash is paid the maximum price must be reduced by the seller's August 1941 cash discount. For example, if the August 1941 discount for cash was 2%, and the maximum price without discount according to this regulation is \$30.00, the maximum price when cash is paid is \$29.40. A seller, not in business in August, 1941, must allow 2% cash discount for payment within 10 days.

SEC. 6. *Direct-mill retail sales.* An addition of \$3.50 per thousand board feet may be made on a sale of less than 18,000 ft. BM (or less than carload if by rail), to any buyer who does not purchase for resale, where the shipment originates at a mill and the seller:

(a) Sees that the lumber is delivered to the job site at such time and in such manner as the buyer specifies;

(b) Gives the buyer the privilege of exchanging the lumber and returning unused material; and

(c) Agrees to make good any shortage promptly from stocks kept on hand for this purpose.

The size of the sale is determined by the total quantity involved in the transaction without regard to whether it is broken up into smaller orders or deliveries.

SEC. 6a. *Distributors' direct-mill sales—(a) Definitions—(1) Direct mill distributor.* A direct-mill distributor is a person who has been registered and assigned a registration number as required under paragraph (b) of this section, and who makes either a wholesale-type or commission-type sale of lumber covered by the regulation.

(2) *Wholesale-type sale.* A wholesale-type sale is a direct-mill sale in which the seller buys lumber from a mill or concentration yard or wholesaler and takes title to and delivers the lumber to the buyer in substantially the same form.

(3) *Commission-type sale.* A commission-type sale is a direct-mill sale through a commission-man. For purposes of this section, a commission-man is a person who represents, and customarily sells lumber in carload quantities for, two or more independently owned mills or concentration yards, receives his compensation from the mills in the form of commission based on the amount of the lumber sold, and operates independently of both buyer and seller.

(b) *Application for and granting of registration as a direct-mill distributor—*

(1) *Application.* All persons desiring to operate as direct-mill distributors must

apply to the Lumber Branch of the Office of Price Administration, Washington 25, D. C., for, and receive, a registration number before charging or receiving the additions provided in paragraph (c) of this section. Applications shall contain all information relative to the applicant's connection with any saw mills, concentration yards or other lumber producers which may have any bearing on the question of "control relationship" as described in paragraph (c) (5) of this section, including specifically any financial interest, any arrangement for distribution of profits, any loan arrangements, family relationship by blood or marriage, past employer-employee relationship, and any other direct or indirect beneficial interest between the applicant and such other operation.

(2) *Registration.* Upon the filing of an application as set forth in (b) (1) of this section, the Office of Price Administration shall issue an order registering the applicant as a direct-mill distributor. The issuance of an order of registration is proof merely that an application has been filed, but does not constitute a finding by the Office of the existence or non-existence of a "control relationship" with a mill. Paragraph (b) (5) sets forth when an addition may not be made by a direct-mill distributor, even though registered.

(3) *Distribution yards.* Distribution yards subject to Second Revised Maximum Price Regulation 215 do not have to be registered and may charge the mark-up or receive the commission permissible on direct-mill distributors' sales when making a direct-mill sale, subject however to all the conditions and limitations set forth in paragraph (c) of this section on a sale by a registered direct-mill distributor.

(c) *Direct-mill distributors' additions*—(1) *Wholesale type sales.* Except as specified in subparagraph (5) of this paragraph registered direct-mill distributors may add 5 percent to the basic f. o. b. mill prices established in or approved under this regulation on wholesale type direct-mill sales of lumber covered by the regulation. The distributor's addition must be evened out to the nearest quarter dollar per M'BM, or, in the case of plastering or fence lath, or shingles, to the nearest 5 cents per 1,000 pieces. For example, if the maximum price for a particular item is \$32.00 f. o. b. mill, the ceiling price for a wholesale-type sale is \$33.50. This mark-up applies only to carload quantities if shipped by rail, except that sales for resale purposes in less than carload quantities may carry a direct-mill distributor's mark-up when shipped in a pool carload; or to quantities of 5 M'BM or more if shipped by truck or water.

(2) *Commission-type sales.* Except as specified in subparagraph (5) of this paragraph, the f. o. b. mill maximum price on commission type direct-mill sales of lumber covered by this regulation and made through a registered direct-mill distributor is 3 percent higher than the basic f. o. b. mill prices established in or approved under this regulation. The f. o. b. mill price, including the distributor's commission must be evened out to the nearest quarter dollar per

M'BM, or, in the case of plastering or fence lath, or shingles, to the nearest 5 cents per 1,000 pieces. The mill must allow the direct-mill distributor making a commission-type sale a commission at least equal to the excess over the basic f. o. b. mill prices. For example, if the maximum price for a particular item is \$35.00 the mill ceiling on a commission-type sale made through a registered direct-mill distributor is \$36.00 and the mill must allow the distributor at least \$1.00. This mark-up applies only to carload quantities if shipped by rail, except that sales for resale purposes in less than carload quantities may carry a direct-mill distributors' mark-up when shipped in a pool carload; or to quantities of 5 M'BM or more if shipped by truck or water.

(3) *Mill's price or realization on commission type sales.* This section increases maximum prices only on sales by direct-mill distributors. The mill's price, or realization after deducting a commission of at least 3 percent may never be higher than the basic mill prices established in this regulation. The mill, of course, may sell at a price at which it will realize less than its regular ceiling.

(4) *Pyramiding prohibited.* The price additions permitted in this section may not be made more than once to the basic f. o. b. mill price in the regulation regardless of the number of persons participating in the transaction. For example: if direct-mill distributor making a "commission-type" sale sells a car of \$30.00 lumber to a yard which, in turn, sells for direct-mill shipment to a consumer, the mill's ceiling price on the sale through the distributor is \$31.00 (3 percent addition) and the yard's ceiling price to the consumer is \$31.50 (5 percent addition). Note that the yard cannot add its 5 percent either to the \$31.00 on a purchase through a direct-mill distributor making a commission-type sale, or to \$31.50 if the purchase was from a direct-mill distributor making a "wholesale type" sale. In both cases, the 5 percent may be added only to the basic f. o. b. mill price of \$30.00.

(5) *When additions may not be made by registered direct-mill distributors.*

(i) On any sale for which the invoice from the mill or concentration yard does not contain the statement, "This mill has no control relationship with any direct-mill distributor."

(ii) On any sale which carries an addition for a direct-mill retail type sale.

(iii) On any sale of less than carload quantity when shipped by rail, except that sales for resale purposes in less than carload quantities may carry a direct-mill distributors mark-up when shipped in a pool carload; or of less than 5 M'BM when shipped by truck or water.

(iv) On any sale of lumber which originates from a mill or concentration yard which has a control relationship with a direct-mill distributor. However, where a sale is made to or through a direct-mill distributor under this section, and the invoice rendered by the mill contains the statement referred to in subdivision (i) of this paragraph, the direct-mill distributor may legally make the mark-up or addition unless the direct-mill distribu-

tor knows or has reason to know that the mill's statement is false.

A "control relationship" includes any of the following relationships:

(a) *Profit sharing, direct or indirect.* This means a financial interest by a direct-mill distributor in the profits, return or realization of a mill or concentration yard, or by a mill or concentration yard in the profits, return or realization of a direct-mill distributor, and includes common ownership or control of a mill and direct-mill distributor by a third person. It also includes any arrangement whereby a distributor or producer shares in the profits of the other, whether such arrangement is written or oral, direct or indirect. It does not include such interest as arises from a genuine indebtedness of such distributor or producer to the other where the obligation of the debtor is limited in amount to repayment of the loan plus a rate of interest no greater than the maximum legal rate of interest in the State where the loan is made, or no greater than 6%, if no maximum rate is prescribed.

Where a mill or concentration yard is a corporation, stock ownership of 10 percent or less of the total outstanding stock issue by a direct-mill distributor is not a "control relationship."

(It is to be noted that the section of the regulation which makes it unlawful to pay or receive any purchasing commission or other compensation over the permissible maximum prices, remains in effect. In this connection, the granting of a loan on unusually low rates of interest, or in any other unusually favorable terms, would ordinarily constitute additional compensation in violation of such prohibition.)

(b) *Family relationship.* A family relationship exists if an owner or any part owner of a mill or concentration yard, or any member of his family, has any interest in a direct-mill distributor, (or vice versa) and such interest was acquired on or after January 1, 1942. Member of a family means any person related to an individual or his spouse by blood or marriage within the fifth degree.

(c) *Past employer-employee relationships which were terminated after December 31, 1945.*

(d) *Report of changes.* Where a direct-mill distributor has made an application for registration and any of the facts set forth in the application, have changed, or new facts have arisen since the filing of the application, having any bearing on the question of "control relationship," either before or after registration has been granted, he shall file a written report of such change or addition with the Lumber Branch of the Office of Price Administration, Washington 25, D. C., within 10 days after such a change. Reports shall be deemed filed on the date received, or, if sent by registered mail, on the date of mailing.

(e) *Suspension of licenses.* Any person making a sale under this regulation is subject to the provisions of Licensing Order No. 1. A violation of any provision of this regulation is a violation of the seller's license. Violations of the license or of this regulation may result in suspension of the license in accordance with

the provisions of the Emergency Price Control Act of 1942, as amended.

(f) *Distributors' invoicing requirements.* The invoice on any distributors' direct-mill sale must be plainly marked "wholesaler's direct-mill sale", or "commission-man's direct-mill sale", or "distribution yard's direct-mill sale", as the case may be, and must show the name of the direct-mill distributor and his registration number.

Sec. 7. Sales on delivered basis—(a) Rail charges. (1) Only two methods of selling are recognized by this regulation. Any other method is prohibited, as a device to evade the ceiling by manipulation of freight.

The two permitted methods are: on a delivered basis using the estimated weights in Article VI, or on an f. o. b. mill basis with actual freight (figured, of course, on actual weights) to be paid by the purchaser.

The two methods may not be combined in a single transaction; that is, a seller may not sell on a basis which gives him the benefit of favorable estimated weights but require the use of actual weights on items where estimated weights would be unfavorable to him. Note that sales described as "ceiling delivered", or as f. o. b. mill with freight paid or included to a given destination, are to be treated as sales on a delivered basis. In such cases, the given estimated weights must be used. However, sales f. o. b. mill with seller to pay the freight to a stated destination and include it in his invoice to the buyer is a sale on an f. o. b. mill basis and settlement on the basis of the actual weights must be made.

(2) The estimated green weights may be used only when green lumber is actually specified and shipped.

(3) The transportation charge, when estimated weights are used, must be evened out to the nearest quarter-dollar per 1,000 feet board measure or surface measure, as the case may be.

(b) *Common or contract carrier (other than rail).* Where transportation is by common or contract carrier (other than rail) the only rule is that actual cost of transportation may be added to the f. o. b. mill ceiling.

(c) *Private truck.* When shipment is by truck owned or controlled by the seller, the following amounts may be added for transportation: For distances up to and including 10 miles, \$1.50 per M'; over 10 and up to and including 20 miles, \$2.00 per M'; and over 20 and up to and including 30 miles, \$2.50 per M'. Where the distance is greater than 30 miles, the seller may charge the amount of the railroad charge at the carload rate for the most similar haul or \$3.00 per M', whichever is greater. Distance as used in this paragraph, means the distance from the mill to the point of destination as measured by the speedometer. No addition may be made for the return trip.

(d) *Trucking to rail shipping point.* When a truck haul precedes rail shipment, as when a mill located away from a railhead hauls lumber by truck to the railroad, no addition may be made for the truck haul. However, a mill may apply for special permission to make an addition for a prerail truck haul where its

rail connection has been abandoned since September 5, 1941, and it has no comparable rail shipping point.

The application should be made by letter to the Lumber Branch of the Office of Price Administration, Washington, D. C. The addition may not be made on quotations or sales until permission has been received.

(e) *Truck delivery after rail haul.* When truck delivery to yard or job site follows a rail haul, and is specified in the order, the actual cost of truck delivery may be added. This may include the actual cost of handling and reloading involved in transfer from rail cars to trucks.

(f) *All-truck haul.* When an all-truck haul ends in delivery to the job site, no special addition may be made above the charges provided in paragraphs (b) and (c) of this section.

(g) *Government bill of lading.* Where shipment is made on government bill of lading, the maximum price payable to the seller may be computed by determining what would be the maximum delivered price on the basis of estimated weights and commercial rates and subtracting therefrom the commercial rate times the actual weights.

Sec. 8. Mixed car or mixed truck shipments. (a) \$2.00 per MBM additional may be charged for a mixed car or mixed truck shipment. No addition may be made for a mixed cargo shipment without special authorization under section 12.

(b) A mixed car shipment consists of four or more items as defined in paragraph (c) below, of at least 1000 board feet each. A mixed truck shipment consists of four or more items of at least 250 board feet each.

(c) For the purpose of paragraph (b) the following classifications of lumber regardless of species, whether covered by this or other price regulations, constitute separate items whether one or all classifications within a group are loaded.

1. Boards and strips (any working not listed below), dimension, plank, timbers and box.
2. Flooring.
3. Siding.
4. Ceiling, partition.
5. Finish, thick clears, shop.
6. Lath, shingle Band sticks (12 M pieces min. truck or car).
7. Gutter.
8. Casing and base, Mouldings, Battens, Lattice.
9. Shingles, shakes, stained or natural, any species (20 squares minimum truck or car).
10. Downspout, capping, grooved roofing.

Sec. 9. Sales for export. The maximum prices for export sales of Western red cedar lumber are governed by the Second Revised Maximum Export Price Regulation.

Sec. 10. Lumber produced in Canada. The maximum prices for lumber produced in Canada west of the crest of the Cascade Mountains and sold in the United States shall be the maximum prices f. o. b. mill set forth in the Article V plus additions for transportation permitted by section 7. However, the amount of the transportation addition may not be greater than if the shipment had originated at Seattle, Washington.

Sec. 11. Maximum prices for Alaskan lumber—(a) The maximum prices f. o. b. mill for shipments originating in Alaska shall be the maximum f. o. b. mill prices set forth in Article V plus an amount equal to freight under the Maritime Commission's published freight rate from Seattle, Washington, to the mill's shipping point, including surcharges, War Risk insurance, and wharfage and handling charges under the published Seattle Wharfage and Handling rate for comparable lumber.

(b) The maximum delivered prices for shipments originating in Alaska shall be the maximum price arrived at according to paragraph (a) plus transportation charges permitted by section 7.

Sec. 12. Items, services, or extras not listed. (a) If a seller wishes to sell an item which is not specifically priced in the price tables, or wishes to make an addition for special workings, specifications, services, or other extras for which additions are not specifically permitted, he must apply to the Lumber Branch, Office of Price Administration, Washington, D. C., for a maximum price. He must provide the following information:

- (1) The requested price;
- (2) A complete description of the item to be priced;
- (3) The price differential between it and the most comparable item in the price tables, between October 1, 1941 and June 1, 1942, from the seller's own records, or if that is impossible, from the experience of the trade. If no established price differential which can be used for comparison existed, a detailed analysis of the calculation of the price should be furnished;
- (4) Applications under this section will be considered only when accompanied by a true copy of an order or of a customer's inquiry which forms the basis of the application, and a written statement by the purchaser showing that none of the items specifically priced in the regulation will serve the purpose for which the stock is to be used, and that it has been his custom to purchase lumber on these special specifications.

(b) As soon as the request has been filed, quotations and deliveries may be made at the requested price, but the same shall be subject to approval by the Office of Price Administration and payment may not be made until the price has been approved.

ARTICLE III—SPECIFIC DUTIES AND PRIVILEGES AND PROHIBITED PRACTICES

Sec. 13. Invoicing. An invoice must be rendered in all sales as follows:

(a) *Basic price.* All invoices must contain a complete description of the lumber to show whether the price is proper or not. Any working, specification, or extra which affects the maximum price must be mentioned in the description. The amount added for these does not have to be separately shown.

When an invoice does not contain a complete description of an item shipped, the maximum price which may be charged or paid for that item is that of the lowest priced item to which the incomplete description could be applied, or

\$18.00 per M'BM if the invoice does not contain any description.

(b) *Transportation charges.* In delivered sales, the invoice must contain the:

- (1) Point of origin of shipment;
- (2) Destination;
- (3) Rail rate (if estimated weights are used; otherwise the actual amount for transportation); and in the case of the sales of imported lumber, the method of calculation of the freight addition;
- (4) The words "direct-mill shipment."

(c) *Delivery and related charges.* Any separate charge which the seller is permitted to make for truck delivery after rail haul must be separately shown on the invoice.

(d) *Direct-mill retail sale.* If the price exceeds the basic mill price because of a "direct-mill retail sale" mark-up authorized in this regulation, the invoice should show the amount of the mark-up separately labeled "direct-mill retail sale."

(e) *Statements as to "control relationship."* A mill or concentration yard must make either one of the following two statements on all invoices issued by it, whichever statement is applicable:

(1) This mill has no "control relationship" with any direct-mill distributor.

(2) This mill has a "control relationship" with a direct-mill distributor.

If a mill or concentration yard makes a statement on an invoice that it has no control relationship with a direct-mill distributor, and such statement is false, the maximum prices at which the lumber, covered by such invoice, may be sold by it, is 5% less than the f. o. b. mill prices set forth in the price tables. However, the direct-mill distributor who makes the addition or mark up under this section shall not be considered as buying or selling above the ceiling prices where the mill's invoice bears a statement that it "has no control relationship with any direct-mill distributor" even though the mill's statement is false, unless the direct-mill distributor knows, or has reason to know, that such statement is false.

SEC. 14. What records must be kept.

(a) All sellers and buyers of Western red cedar lumber must keep for inspection by the Office of Price Administration records which will show a complete description of the items of lumber sold (i. e., grade, condition of dressing, quantity, etc.) the name and address of the other party to the transactions, the date of sale and the price for each item.

(b) Such records must be retained for the duration of the Emergency Price Control Act, as amended.

SEC. 15. Prohibited practices—(a) General. Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to changes in credit practices and cash discounts and to devices making use of commissions, services, transportation arrangements, premiums, special privi-

leges, tying agreements, trade understandings and the like.

(b) *Specific practices.* The following are some of the specific practices prohibited:

(1) Getting the effect of a higher price by changing credit practices from what they were in August 1941. This includes decreasing credit periods or making greater charges for extension of credit.

(2) Refusing to ship except in specified or restricted random lengths, or in mixed cars, or under other circumstances which bring the seller an extra return.

(3) Selling as specified lengths or widths, a specific lot or shipment of lumber which is substantially equivalent to random lengths or widths, or reselling intact as specified lengths or widths a specific lot or shipment bought by the seller as standard or random lengths or widths, unless specifically permitted in the price tables. This prohibition shall not apply to shipments or deliveries which have been sorted out as to widths and lengths and then resold.

(4) Grading as a special grade lumber which can be graded as a standard grade; or wrongly or falsely grading or invoicing lumber.

(5) Making additions for special specifications, services, or other extras which are not specifically permitted.

(6) Refusing to sell on an f. o. b. mill basis, and insisting on selling on a delivered basis.

(7) Failing to invoice properly and in accordance with the requirements of this regulation.

(8) Unnecessarily routing lumber through a distribution yard.

(9) Quoting a gross price above the maximum price, even if accompanied by a discount the effect of which is to bring the net price below the maximum.

(10) Making additions for kiln-drying or other services, treatments, or specifications unless they are expressly ordered by the buyer.

(11) Making the buyer take something he does not want in order to get what he does want; for example, making a buyer who orders No. 2 boards take all the upper grades that develop.

(12) Breaking up an order or apportioning deliveries in order to get the \$3.50 direct-mill retail sale addition.

(13) Applying additions permitted by the footnotes to the tables in Article V unless the order in writing expressly requires the working, grade, size, length, or condition for which the additions are permitted.

(c) *Adding commission to ceiling prohibited.* It is unlawful for any person to charge, receive, or pay a commission for the service of procuring, buying, selling, or locating lumber, or for any related service (such as "expediting") which does not involve physical handling of lumber, if the commission plus the purchase price results in a total payment by the buyer of lumber which is higher than the maximum price of the lumber. For purposes of this regulation, a commission is any service charge or payment which is figured either directly or indi-

rectly on the basis of the quantity, price, or value of the lumber in connection with which the service is performed.

This prohibition has no application to the case of a bona fide employer-employee relationship where the employee serves only one employer insofar as lumber procurement is concerned, and where the compensation paid by the employer is a fixed salary and is not based directly or indirectly on the quantity, price or value of the lumber in connection with which the service is rendered.

(d) *Combination grades.* Lumber sold on combination grades may not be sold above the maximum price for the lowest priced grade actually named in the combination. For example, the maximum price for lumber sold as No. 2 and better is the maximum price fixed for No. 2. It is permissible to quote with higher and/or lower grades developing, but when the lumber is shipped, the quantities falling in each grade must be tallied separately on a board foot basis, separately identified by grade and separately invoiced at prices not in excess of ceiling prices for the respective grades.

SEC. 16. Adjustable pricing. Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

ARTICLE IV—MISCELLANEOUS

SEC. 17. Petitions for amendments and applications for adjustment.—(a) Petitions for amendment. Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1 issued by the Office of Price Administration.

(b) *Applications for adjustment—(1) Who may apply.* Any producer of lumber, the major part of whose total production in 1945 was Red Cedar lumber subject to this regulation may apply for adjustment if he can show that:

(i) Increased costs result in hardship which will impede his production of Western Red Cedar lumber and that

(ii) His existing maximum price is less than manufacturing costs if his current over-all profits are favorable in relation

to those of a representative peace-time period; or that his existing maximum price is less than total costs if his current over-all profits are comparable to his over-all profits for a representative peace-time period; or that his existing maximum price does not afford a reasonable profit if current over-all profits are unfavorable compared to those in a representative peace-time period.

(2) Factors which may also be considered. The following factors are relevant to the consideration of whether maximum prices are at such a level that production or supply of Western Red Cedar lumber is impeded or threatened:

(i) Whether greater efficiency in production or merchandising can reasonably be expected so that an adjustment would not be necessary.

(ii) Whether the seller previously sold Western Red Cedar lumber at a price which was below his total unit costs.

(3) Form and contents of application. The application shall be filed with the Lumber Branch, Office of Price Administration, Washington 25, D. C. and must contain:

(i) Profit and loss statements, in the detail normally prepared by the applicant, covering the company's entire operations for the years 1936 through 1939, the last calendar or fiscal year preceding the filing of such calendar or fiscal year and the available interim periods for the current calendar or fiscal year.

The filing of these data is optional, provided reports are available from the Bureau of Internal Revenue. Should the applicant prefer, this information will be requested by the Office of Price Administration directly from the Bureau of Internal Revenue.

(ii) Operating statements for Western Red Cedar lumber, for the last calendar or fiscal year preceding the filing of the application, the last quarter of such calendar or fiscal year and the available interim periods for the current calendar or fiscal year.

(iii) A tabulation showing the production of Western Red Cedar lumber for the last calendar or fiscal year preceding the filing of the application, the last quarter of such calendar or fiscal year and the available interim periods for the current calendar or fiscal year.

Companies which have previously submitted any of the above required data may omit such items from the data submitted with their applications and indicate when they were submitted.

If any of the above information has been submitted prior to application on OPA forms A & B for any of the specified periods or if the exact information required in this section has been reported as part of a prior application for adjustment of a maximum price, the applicant may so indicate and omit these periods from the current application.

SEC. 18. Enforcement. (a) Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for suspension of license provided for by the Emergency Price Control Act of 1942, as amended.

(b) War procurement agencies and

their contracting or paying finance officers are not subject to any liability, civil or criminal, imposed by this regulation. Persons who make sales covered by this regulation to war procurement agencies and buyers to whom lumber has been allocated by any such agencies are, however, subject to all the liabilities imposed by this regulation. "War procurement agencies" include the War Department, the Navy Department, the United States Maritime Commission and the Lend-Lease Section in the Procurement Division of the Treasury Department, or any of their agencies.

SEC. 19. Licensing. The provisions of Licensing Order No. 1 licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

ARTICLE V—PRICE TABLES AND GENERAL NOTES

The maximum prices for Western Red Cedar Lumber, f. o. b. mill, for one thousand feet board measure or other measure where so designated, shall be as follows:

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13).)

- Lengths:
 1. Specified lengths, add \$3.00.
 2. Random lengths as set forth in Standard Grading and Dressing Rules No. 12, paragraph 734.
 Working charges:
 3. Rabbeted siding, add \$2.50.
 Miscellaneous:
 4. For old bundling where new bundling specified, add \$2.00, the usual percentage of short lengths to be included.

Miscellaneous—Continued.
 5. Deduct \$1.00 for orders totaling 35M' or more in one shipment of items listed in tables 1, 2 and/or 3; except on shipments where orders specify separated lots, and where a lot contains less than 35M', the deduction does not apply on the less-than-35M' lots.

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13).)

- Grain:
 1. For vertical grain clear A grade add \$2.00.
 Lengths:
 2. Specified lengths add \$1.50.
 3. Random lengths as set forth in Standard Grading and Dressing Rules No. 12, paragraph 734.
 Working charges:
 4. Rabbeted siding add \$2.50.
 Miscellaneous:
 5. For old bundling where new bundling specified add \$2.00, the usual percentage of short lengths to be included.
 6. Deduct \$1.00 on orders totaling 35M' or more in one shipment of items listed in tables 1, 2 and/or 3; except on shipments where orders specify separated lots, and where a lot contains less than 35M', the deduction does not apply on the less-than-35M' lots.

TABLE 4—DROP SIDING AND RUSTIC

Table with 4 columns: Regular loading, R/L 4' to 16' or 20' dry, bundled, mixed grain, per M'BM; Band better; C; D. Rows include 1 x 4" patterns 120 and 122, 1 x 6" patterns 105 and 106, etc.

Additions and deductions per 1,000 feet board measure. (See Sec. 15 (b) (13).)

Grain:

- 1. For vertical grain: 4" to 6" wide, add \$5.00. 8" to 12" wide, add \$10.00.

Lengths:

- 2. Regular loading: 3% 4' and/or 5'-7% 6' and/or 7'-9% 8' to 16' or longer. 3. Short lengths: 3' to 7' in all widths, deduct \$15.00 per M'BM. 4. Specified lengths, add \$5.00 up to 15'; 16' to 20' add \$10.00 to R/L price. 5. Additions for omitting short lengths: 7' and shorter \$2.00, 9' and shorter 3.00, 10' and shorter 5.00, 12' and shorter 6.00.

Miscellaneous:

- 6. Patterns not conforming to association standard patterns or finished to greater overall size add \$2.00.

TABLE 5—FLOORING—CEILING

Table with 4 columns: Regular loading, dry, mixed grain, per M'BM; B and better; C; D. Rows include 3/4" x 3" S1S, R/L 4' to 16' or 20', 3/8" x 3" S1S, R/L 3' to 7', etc.

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13).)

Grain:

- 1. For vertical grain, add \$5.00 for 1"; \$2.50 for 3/4" and 1/2".

Lengths:

- 2. Regular loading: 3% 4' and/or 5', 7% 6' and/or 7', 90% 8' to 16' or longer. 3. Specified lengths, add \$5.00 per M'. 4. Shorts: 3' to 5' deduct \$15.00; 1' to 2 1/2' deduct \$25.00 from R/L 4' to 16' price.

Thickness:

- 5. For 3/4" thickness, deduct \$2.00 from 1" price of same width.

TABLE 6—FINISH

Table with 4 columns: Regular loading, R/L 6' to 16' or 20' mixed grain, dry, S2S or S4S ALS, per M'BM; B and better; C; D. Rows include 1" x 2", 1" x 3", 1" x 4", etc.

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13).)

Grain:

- 1. Specified grain add to mixed grain same size and grade: 14" to 18" widths \$15.00, 20" to 24" widths 20.00.

Lengths:

- 2. Regular loading: 5% 6' and/or 7'; 95% 8' to 16' or longer. 3. Accumulated shorts deduct from the R/L price of the same size and grade: 1' to 2 1/2'-2' to 6" widths \$30.00, 1' to 2 1/2'-8" to 12" widths 35.00, etc.

- 4. Specified lengths add to the R/L price of the same size and grade: 6' to 15' \$5.00, 16' to 20' 10.00, etc.

- 5. Omitting lengths from R/L specifications add to the R/L price of the same size and grade: 6' and 7' \$1.00, 9' and shorter 3.00, etc.

- 6. Fractional lengths add \$3.00 per M'BM to the specified length price of the next longer length and compute footage on next longer length.

- 7. Fractional and odd widths not listed, same price as next wider listed width. Compute footage on nominal fractional or odd rough width.

- 8. For 3/8" to 1/2" S2S net, deduct \$10.00 from 1" prices of corresponding size and grade. 9. For 3/8" to 1/2" inclusive S2S net, deduct \$5.00 from 1" of corresponding size and grade.

- 10. Shims, 3/8" surfaced hit and miss or full rough thickness, price by adding \$2.50 to 5/4 price of corresponding size and grade, and reduce this price by 3/4 and compute on 1" surface measure.

- 11. Surfaced green, deduct \$5.00 from surfaced dry price.

- 12. Surfacing thicker and/or wider than American Lumber Standards add \$3.00 to the standard surfaced price.

- 13. Resawing add \$4.00.

- 14. Selecting B and Better all clear (eliminating knots and sap), including boat lumber, add \$10.00 to the B and better price of the same size and length.

- 15. Tank stock, paragraph 777, add \$5.00 to the B and better price of the same size and length.

- 16. Pipe stock, paragraph 727, add \$4.00 to the B and better price of the same size and length.

- 17. Casing, Base and Jamb, 1 x 4" and thicker, and/or wider, use corresponding finish price, size and weight.

- 18. Rough dry deduct \$3.00 from surfaced dry price. Rough green deduct \$8.00 from surfaced dry price.

TABLE 7—THICK CLEARS

Table with 4 columns: Regular loading R/L, 6' to 16' or 20' dry per M'BM S2S or S4S mixed grain; B and better; C; D. Rows include 5/4", 6/4", and 8/4" x 2', 3" and 4", 5/4", 6/4", and 8/4" x 5", etc.

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13).)

Grain:

- 1. Specified grain add to mixed grain same size and grade: 5/4" x 14" to 18" widths \$15.00, 6/4" x 20" to 24" widths 20.00, etc.

- Lengths: 2. Regular loading: 5% 6' and/or 7'; 95% 8' to 16' or longer.

Lengths—Continued

- 3. Accumulated shorts deduct from the R/L price of the same size and grade: 1' to 2 1/2'-2" to 6" widths \$30.00, 1' to 2 1/2'-8" to 12" widths 35.00, etc.

- 4. Specified lengths add to the R/L price of the same size and grade: 6' to 15' \$5.00, 16' to 20' 10.00, etc.

- 5. Omitting lengths from R/L specifications add to the R/L price of the same size and grade: 6' and 7' \$1.00, 9' and shorter 3.00, etc.

- 6. Fractional lengths add \$3.00 to the specified length price of the next longer length and compute footage on next longer length.

- 7. Fractional and odd widths not listed, same price as next wider listed width. Compute footage on nominal fractional or odd rough width.

- 8. Fractional and odd thickness not listed, add \$3.50 to next less listed size and compute footage on actual rough measure.

- 9. Surfaced green, deduct \$5.00 from surfaced dry price.

- 10. Surfacing thicker and/or wider than American lumber standards add \$3.00 to the standard surfaced price.

- 11. Resawing add \$4.00.

- 12. Selecting B and better all clear (eliminating knots and sap), including boat lumber, add \$10.00 to the B and better price of the same size and length.

- 13. Tank stock, paragraph 777, add \$5.00 to the B and better price of the same size and length.

- 14. Pipe stock, paragraph 727, add \$4.00 to the B and better price of the same size and length.

- 15. Casing, base and jamb, 5/4 x 4" and thicker and/or wider use corresponding finish price, size and weight.

- 16. Rough dry deduct \$3.00 from the surfaced dry price. Rough green deduct \$8.00 from surfaced dry price.

TABLE 8—NO. 1 SHOP

Table with 2 columns: Mixed grain rough, dry, R/L, 6' and longer; Per M'BM. Rows include 4/4" x 6" and wider, R/W \$40.00, 5/4" x 6" and wider, R/W 43.00, etc.

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13).)

- 1. For surfacing add \$3.00. 2. For No. 2 shop developing deduct \$12.50. 3. For green deduct \$5.00.

TABLE 9—GUTTER

Table with 2 columns: B & Better green (Ohio or Boston pattern), R/L, 8' and longer; Per M'BM. Rows include 3" x 4" \$80.00, 4" x 4" 85.00, etc.

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13).)

Lengths:

- 1. Specified lengths add to the R/L price of the same size and grade: 15' and shorter \$5.00, 16' to 20' 10.00, etc.

- 2. Specified 16' and longer: add \$10.00.

- Miscellaneous: 3. All other patterns, except Ohio or Boston, add \$10.00. 4. For dry stock add \$5.00.

TABLE 10—DOWNSPOUT

Table with 3 columns: Dry R/L 3' and longer per lineal foot (includes all members); B and better; C. Rows include 2 5/8" x 2 5/8"-1 3/8" inside diameter \$0.12, etc.

- 1. Regular loading random length is as follows: "B and better" "C" 10%, 3' to 7' 10%, 8' and longer 90%, 8' and longer 90%, 3' to 7' "B and better" may be included in the "C" at the "C" R/L price.

- 2. For specified lengths, add 2¢ per lineal foot.

TABLE 11—PICKETS

No. 1 pickets, dry square or gothic point per 1,000 pieces, S4S, bundled	3'	3½'	4'	5'	6'
1 x 2"	\$28.00	\$31.00	\$33.00		
1 x 3"	32.00	36.00	42.00	\$46.00	\$57.00
1 x 4"	31.00	38.00	45.00	51.00	70.00
1½ x 1½"	28.00	33.00	41.00		
1½ x 1½"	38.00	45.00	49.00		

1. Number 2 pickets, deduct \$3.00 per M pieces from No. 1 price.

TABLE 12—BATTENS

Regular loading R/L 6' to 16' or longer dry bundled per 100 lineal feet:

3" flat	\$0.70
2" O. G.	.80
2½" O. G.	1.00

1. Regular loading, 10% 6' and 7', 9% 8' and longer.
2. Specified lengths, add \$0.10 per 100 lineal feet.

TABLE 13—LATH

Green or dry, bundled per 1,000 pieces:

Additions and deductions per 1,000 feet board measure. (See sec. 15 (b) (13)).

Lengths:
1. Specified lengths add \$3.00 to R/L price of same size and grade.
2. Fractional lengths add \$1.00 to the specified length price of the next longer length. Compute footage on next longer length.
3. 4' and 5' lengths, all grades (No. 3 and better) may be included in No. 3 at R/L No. 3 price.
Widths:
4. Fractional or odd widths same price as next wider even width. Compute footage on fractional or odd rough width.
Thickness:
5. For 5/4" or 6/4" add \$3.00 to 1" price of the same width and grade.
Working charges:
6. Surfaced green deduct \$3.00.

Miscellaneous:

7. Selected knotty red cedar, paneling, any working, add \$5.00 per M'BM to price of corresponding width and grade.
8. No. 4 rough or surfaced, dry or green, 1 x AW-R/L \$15.00. Use green weights for green and dry weights for dry.
9. Rough dry deduct \$2.00.
10. Rough green deduct \$5.00.
11. Shims (see note 8, general notes) ½" and thinner add \$2.50 to 5/4" price of corresponding size and grade and then reduce this price by ¾; ¾" and thicker add \$2.50 to 6/4 price and reduce this price ¼. Compute on 1" surface measure.

Additions and deductions per 1,000 feet board measure. (See Sec. 15 (b) (13)).

Lengths:
1. Specified lengths 8' to 20' add \$3.00 to R/L price.
2. Odd or fractional lengths add \$1.00 to the specified length price of the next longer even length. Compute footage on next longer even length.

Widths:
3. Odd or fractional widths not listed same price as next even wider width. Compute footage on nominal odd or fractional width.

Thickness:
4. Odd and/or fractional thicknesses not listed add \$3.50 to the next less listed size. Compute footage on nominal odd or fractional rough measure.

Working charges:
5. Surfacing add \$2.00 to corresponding rough price.
6. Surfacing ¼" off add \$3.00 to corresponding rough price.
7. T & G, grooved for splines, and outgauging add \$5.00 to the rough price.
8. Square butting add \$1.00.

Miscellaneous:
9. Rough dry, stock up to 6" thicknesses, add \$5.00.
10. No. 4 rough or surfaced, dry or green, 2" and thicker x A. W.-A. L. \$15.00. Use green weights for green and dry weights for dry.
11. All heart foundation lumber, 3" and thicker, paragraph 760, add \$5.00 to No. 1 price.

Additions and deductions per 1,000 feet board measure (see sec. 15 (b) (13)).

Lengths:
1. Omitting 4' to 9' add \$2.00.
2. Lengths 21' to 24' add \$2.00.
3. Specified lengths add \$5.00.

GENERAL NOTES

1. All grade and size terms and "paragraph" references and measuring terms appearing in this regulation refer to, and have the meaning given in the Standard Grading and Dressing Rules No. 12, issued by the West Coast Lumbermen's Association, effective March 1, 1943.
2. The reference "N. B." and "O. B." as employed in siding schedules is descriptive of the manner in which lengths are bundled. "N. B." or new bundling is as defined in paragraph 734 of Standard Grading and

Dressing Rules No. 12. "O. B." or old bundling contemplates lengths 3 feet and longer in multiples of one foot, with each length bundled separately. Random length shipments of "N. B." and "O. B." includes 33½% of 7' and shorter lengths.

3. No. 4 covers the down-fall which otherwise would be wasted. May be rough or surfaced. Defects include splits, cheek, shake, skips, rot, stain, worm holes, knot holes, wane and other defects which in combination will not impair the lumber for the purpose intended.

4. No lumber is sold on less than 1" count. All lumber is priced per 1,000 feet, board measure, except downspouts, pickets, battens, lath and lattice which are priced as designated.

5. Ripping and/or resawing not otherwise provided add \$1.00 per M'BM; for diagonal or tapered add \$5.00 per M'BM, and product of strip to be shipped.

6. For bundled where not provided add \$1.00 per M'BM; on standard bundled items, where not bundled deduct \$1.00 per M'BM.

7. Prices in all tables applying to items covered by American Lumber Standards apply to any standard working when finished A. L. S. size.

8. Shims: Shims are hoards that are too thin to be surfaced to standard thickness but of sufficient thickness to surface hit and miss to ¾", ½", ¼", ⅜" or 1½" of may be rough if full thickness.

9. No part of the premium for Selected B and Better provided in footnote 14, table 6 or in footnote 12, table 7, may be charged except for direct mill shipment and where final delivery is to boat builders or other industrial users who have historically required and used this grade.

10. No part of the premium provided in tables 6 and 7 for paragraphs 777 and 727 may be charged except on direct mill shipments and where final delivery is to manufacturers of wooden tanks or other containers historically requiring tank stock and pipe stock grades.

11. The premium provided in tables 6 and 7 for specified grain may be added only to either vertical grain or flat grain as specified by buyer. In no instance shall the premium be charged for both V. G. and F. G.

PART 1352—FLOOR COVERINGS

[RPS 57, Amdt. 7]

WOOL FLOOR COVERINGS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith, and it has been filed with the Division of the Federal Register.

Revised Price Schedule No. 57 is amended in the following respects:

1. Section 1352.1 (a) is amended to read as follows:

(a) On and after April 8, 1946, the maximum price for any unit of wool floor coverings for which the manufacturer has a maximum price properly established under this section, or under § 1352.10a, on that date, shall be 105 percent of that properly established maximum price, exclusive of any increases or adjustment charges in such maximum price permitted by any order, schedule or

regulation of the Office of Price Administration.

2. Section 1352.1 (b) is amended to read as follows:

(b) The maximum price for sales of any new unit of wool floor covering differing only in color or pattern from a unit which has a maximum price properly established under paragraphs (a) or (c), or under § 1352.10a, is the same as the maximum price for the unit already priced, provided such change in color or pattern does not reduce the cost of producing the new unit.

3. Section 1352.1a is amended to read as follows:

§ 1352.1a *Adjustment of maximum prices.* Each manufacturer of wool floor coverings may increase his maximum prices established under § 1352.1 or 1352.10a of this revised price schedule for his sales of the wool floor coverings which he manufactures by 4 1/2 percent: *Provided*, That the amount of such increase is separately stated as an adjustment charge on each invoice or other written evidence of sale.

4. Section 1352.1b (f) is amended to read:

(f) The seller's selling price for the article not exceeding his maximum price established under §§ 1352.1 or 1352.10a of Revised Price Schedule No. 57.

This amendment shall become effective on April 17, 1946.

NOTE: The reporting provisions of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942, as amended.

Issued this 17th day of April 1946.

PART 1347—PAPER, PAPER PRODUCTS, RAW MATERIALS FOR PAPER AND PAPER PRODUCTS, PRINTING AND PUBLISHING

[MPR 459, Amdt. 5]

GUMMED KRAFT SEALING TAPE

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 459 is amended in the following respect:

In Appendix A, subparagraph (b) (1) is amended to read as follows:

(1) Maximum delivered price for sales of standard gummed Kraft sealing tape as set forth in paragraph (a), of this Appendix plus an amount not to exceed \$0.75 per one hundred 1 inch wide rolls.

This amendment shall become effective April 23, 1946.

Issued this 18th day of April 1946.

PART 1366—USED CONSUMER DURABLE GOODS

[MPR 429, Amdt. 7]

CERTAIN CONSUMER DURABLE GOODS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Maximum Price Regulation No. 429 is amended in the following respects:

1. The first paragraph of section 1 (e) is amended by deleting the words "and time clocks."
2. The second paragraph of section 1 (e) is amended to read as follows:

But this regulation does not cover sales of mechanical refrigerators (covered by Maximum Price Regulation No. 139); frozen food cabinets and lockers, farm freezers and commercial ice cream cabinets (covered by General Maximum Price Regulation) nor does it cover the sale of business machines such as counting, accounting, recording, reproducing and writing machines, time clocks, registers, and machines for handling checks, mail, fares or tickets, or for sorting or changing coins (covered by General Maximum Price Regulation for sales by manufacturers of their own makes and by Maximum Price Regulation No. 536 for resellers).

This amendment shall become effective on the 23d day of April 1946.

Issued this 18th day of April 1946.

PART 1365—HOUSEHOLD FURNITURE

[3d Rev. MPR 213, Amdt. 4]

NEW COIL AND FLAT BEDSPRINGS AND METAL BEDS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith; and it has been filed with the Division of the Federal Register.

Third Revised Maximum Price Regulation No. 213 is amended in the following respect:

Section 9 (b) (1) (iii) is added to read as follows:

(iii) If, prior to April 23, 1946, maximum prices have been established by an individual pricing order, or under the automatic pricing provision of section 9 (b) (1) of this regulation, for sales of any article covered by this regulation which is not listed in section 16, the manufacturer shall compute new maximum prices for his sales of that article, as follows:

(a) He shall determine the weight of the wire in the article.

(b) He shall determine the weight of the angles, flats and strips in the article.

(c) He shall add to his maximum price established under that individual pricing order or under the automatic pricing provision of section 9 (b) (1) of this regulation, the increase in his material

cost, figured at \$9.00, per ton, in the case of wire; and \$7.00, per ton, in the case of angles, flats and strips.

The manufacturer's new maximum prices, so computed, the weight of the wire, and the total weight of the angles, flats and strips, in the article shall be reported to the Office of Price Administration, Washington 25, D. C., before the article is first offered for sale at a price higher than the maximum price previously established for the article by the in-line order, or under the automatic pricing provisions of section 9 (b) (1) of this regulation. If the reported maximum price is incorrectly calculated, the Office of Price Administration will issue an order establishing the correct maximum price for sales of the article, which maximum price shall apply to all sales of the article after April 23, 1946.

Retail maximum prices established by such in-line order, or under the automatic pricing provision of section 9 (b) (1) of this regulation, shall not be increased in any amount.

This amendment shall become effective on April 23, 1946.

NOTE: The reporting provisions of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942, as amended.

Issued this 18th day of April 1946.

PART 1499—COMMODITIES AND SERVICES

[2d Rev. SR 14, Amdt. 24]

HOG AND SHEEP SUPRARENAL GLANDS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Second Revised Supplementary Regulation No. 14 is amended in the following respects:

1. Paragraph (a) of section 1.2 is amended by the addition of the following sentence at the end thereof: "It also applies to any person who sells or delivers hog and/or sheep suprarenal glands."

2. Subparagraph (3) of section 1.2 (b) is added to read as follows:

(3) *Hog and sheep suprarenal glands.* As used in this section 1.2 hog and sheep suprarenal glands means suprarenal glands obtained from the slaughter of hogs and sheep, and selected in accordance with standard commercial practice.

3. Subparagraph (3) of section 1.2 (c) is added to read as follows:

(3) For sales and deliveries after April 23, 1946, of hog and/or sheep suprarenal glands, the applicable maximum selling prices, f. o. b. shipping point, shall be as follows:

Hog suprarenal glands.....	Per pound	\$2.50
Sheep suprarenal glands.....		2.50

4. Paragraph (d) of section 1.2 is amended by the addition of the follow-

ing sentence to be added at the end thereof: "Similarly, at the time of or prior to the first invoice on and after April 23, 1946, covering the sale of hog or sheep suprarenal glands each seller shall notify each purchaser of the maximum prices set forth in this section."

5. Paragraph (e) of section 1.2 is amended by changing the words "pancreas glands" appearing therein to read "pancreas and/or suprarenal glands".

This amendment shall become effective April 23, 1946.

Issued this 18th day of April 1946.

PART 1499—COMMODITIES AND SERVICES

[2d Rev. SR 14, Amdt. 25]

LUMBER PRESERVATIVELY TREATED BY NON-PRESSURE METHODS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Second Revised Supplementary Regulation 14 to the General Maximum Price Regulation is hereby amended by adding a new section to Article III to read as follows:

Sec. 3.13 Lumber preservatively treated by non-pressure method—(a) Persons covered. Any person who sells lumber impregnated with a wood preservative by a non-pressure method is subject to this regulation.

(b) *Maximum prices f. o. b. plant.* The maximum price f. o. b. treating plant for lumber preservatively treated by a non-pressure method shall be the sum of the following:

(1) The highest price, f. o. b. plant, charged by the seller during March 1942 or otherwise established under the General Maximum Price Regulation, for a given species, size and grade of treated lumber less the untreated lumber cost, including inbound transportation, for that same item of untreated lumber received from the supplier who furnished the largest quantity of that item to the seller during 1942.

(2) The current "mill ceiling" (untreated) price for the species, size and grade of lumber to be sold.

(3) Actual inbound transportation charges, not exceeding the charges permitted under the Maximum Price Regulation covering mill sales of untreated material of the particular species involved. Where treating-in-transit rates are used, this item (3) is not to be used, but the seller shall compute transportation, both inbound and outbound, under paragraph (c) below.

(c) *Delivered sales, and treating-in-transit.* (1) Where treating-in-transit rates are used, the maximum price at final destination is the sum of items (1) and (2) in paragraph (b) plus the through rate from the original loading-out point indicated on the freight bills surrendered in connection with the outbound shipment. To these freight

charges may also be added the transit charge.

(2) Where transit privileges do not apply, the additions for inbound transportation may not exceed the actual weights of the untreated material times the actual inbound rate. The maximum addition for outbound freight is an amount equal to the actual weight of the treated material times the actual outbound rate.

(d) Within a period of thirty days after the first use of any maximum price computed by means of any one of the formulas set forth in this section, the seller shall submit a report to the Lumber Branch, Office of Price Administration, Washington 25, D. C., in the form of a statement setting forth the type of preservative used, the treatment process used, and the factors considered in arriving at the selling price, separately listing, in dollars and cents, the various formulary items as well as the computed maximum selling price.

(e) Any person who did not sell lumber preservatively treated by non-pressure methods in March 1942 shall file an application for a maximum price with the Lumber Branch, Office of Price Administration, Washington 25, D. C. The application shall set forth:

(1) A complete description of the lumber preservative and treating method for which a maximum price is sought.

(2) The maximum price proposed by the seller together with a detailed explanation of the method by which the seller calculated such price.

(3) The reasons why the seller believes the proposed price to be in line with the level of maximum prices established by this amendment.

The seller shall also submit such additional pertinent information as the Lumber Branch may require. The Lumber Branch will establish a price for the applicant which is comparable with the average of the prices established under this amendment for his competitors. Any maximum price established under this subsection (e) shall be subject to adjustment by the Lumber Branch at any time.

Note: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This amendment shall become effective April 23, 1946.

Issued this 18th day of April 1946.

Chapter XVIII—Office of Economic Stabilization

PART 4003—SUPPORT PRICES; SUBSIDIES

[Directive 41, Amdt. 4]

LIVESTOCK SLAUGHTER PAYMENTS

Pursuant to the authority vested in me by the Stabilization Act of 1942, as amended, and by Executive Order 9250 of

October 3, 1942 (7 F.R. 7871), Executive Order 9328 of April 8, 1943 (8 F.R. 4681), Executive Order 9599 of August 18, 1945 (10 F.R. 10155), Executive Order 9651 of October 30, 1945 (10 F.R. 13487), Executive Order 9697 of February 14, 1946 (11 F.R. 1691), and Executive Order 9699 of February 21, 1946 (11 F.R. 1929); It is hereby ordered:

Directive 41 is amended by the addition of paragraph (e) to section 7 to read as follows:

(e) (1) Reconstruction Finance Corporation is also directed to withhold payment of subsidy claims upon certification by a District Director of the Office of Price Administration or the Secretary of Agriculture (or his duly authorized representative) that the slaughterer's report, after correction for errors, filed with the Office of Price Administration or the Department of Agriculture pursuant to Control Order 2 or War Food Order No. 75-7, shows that he has slaughtered livestock in excess of his authorized quota.

(2) The withholding shall apply to the cattle subsidy (exclusive of extra-compensation payments), calf subsidy or hog subsidy, depending on which species of livestock the slaughterer has slaughtered in excess of his authorized quota, due the slaughterer on the particular species of livestock slaughtered at the particular establishment during the accounting period involved.

(3) The appropriate District Director of the Office of Price Administration and the Secretary of Agriculture or his duly authorized representative shall, as promptly as possible, certify to Reconstruction Finance Corporation:

(i) The name of any slaughterer whose report, after correction for errors, filed pursuant to Control Order 2 or War Food Order No. 75-7, shows a slaughter of any species of livestock in excess of his authorized quota for such species of livestock; and

(ii) The address of the establishment and the accounting or quota period for which the report is filed; and

(iii) The species of livestock for which the slaughterer's report shows a slaughter in excess of his authorized quota.

(4) If a slaughterer has exceeded his authorized quota by an amount which is not in excess of 3 percent of such quota or 2000 pounds live weight, whichever is larger, he may apply to the Secretary of Agriculture or the Price Administrator, at Washington, D. C., depending on whether his report was filed with the Office of Price Administration or the Department of Agriculture, for a release of the subsidy withheld pursuant to this paragraph (e). Upon a finding by the Secretary of Agriculture or his duly authorized representative, or the Price Administrator that the slaughterer's excess slaughter was due to extenuating circumstances and that the release of the subsidy withheld would not be inconsistent with the stabilization program, the Secretary of Agriculture or his duly authorized representative or the Price Administrator may so certify to Reconstruction Finance Corporation, and thereupon the subsidy withheld shall be payable forthwith.

Issued and effective this 16th day of April 1946.

CHESTER BOWLES,
Economic Stabilization Director.

FORM AND SERVICE OF DOCUMENTS**

Section 201.54 (originally designated § 4.14) is amended to read:

§ 201.54 *Bill of particulars.* Within five (5) days after receipt of service of the complaint, the respondent may file a request for a bill of particulars with the Commission for service upon the complainant. Within ten (10) days after receipt of such request, complainant shall file with the Director of the Division of Regulation and serve upon respondent either (a) the bill of particulars requested or (b) a reply to such request setting forth the particular matters contained in the request which are objected to and the reasons for the objections. The time for filing answer to complaint shall be extended to a date ten (10) days after receipt by respondent of the bill of particulars or of notice of the Commission's disallowance of same.

¹Not filed with Division of the Federal Register.

Section 201.73 (originally designated § 6.03) is amended by inserting before the words "bills of particulars" the words "requests for" so said section shall read:

§ 201.73 *Complaints and other documents served by Commission.* Complaints filed pursuant to § 201.41 (originally designated § 4.01), amendments to complaints, petitions to intervene, requests for bills of particulars, and memoranda filed pursuant to §§ 201.121-201.131 (originally designated §§ 9.01 to 9.11), inclusive, will be served by the Commission, and the mailing date shall constitute the date of service. Therefore, in addition to and accompanying the original of every document filed with the Commission for service by the Commission, there must be a sufficient number of copies for service on each party to the proceeding.

DEPARTMENT OF THE INTERIOR.

General Land Office.

[Misc. 1829187]

WISCONSIN

**RESTORATION ORDER NO. 1171 UNDER FEDERAL
POWER ACT**

APRIL 9, 1946.

By Departmental order of December 1, 1943, creating Power Site Classification No. 347, the following described land, an island in the Flambeau River, was withdrawn for power purposes:

4TH PRINCIPAL MERIDIAN

T. 35 N., R. 5 W., sec. 11, lot 8.
The area described contains 3.71 acres.

Pursuant to the determination of the Federal Power Commission (DA-1, Wisconsin) and in accordance with Departmental Order No. 1799 of March 19, 1943, 8 F.R. 3743, the above-described land is hereby declared open to disposition under the public land laws, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1063), as amended by the act of August 26, 1935 (49 Stat. 838, 846, 16 U.S.C. sec. 818), and to the special restriction that no building or other improvement shall be so located or constructed on said land as to interfere with, or be subject to interference by, the construction and operation of any power development by the United States or its licensees.

This order shall not become effective to change the status of this land until 10:00 a. m. on the 63rd day from the date on which it is signed. At that time the land shall, subject to valid existing rights, the provisions of existing with-

drawals, and the provisions of section 24 of the Federal Power Act as above stated, become subject to application, petition, location, or selection as follows:

(a) For a period of 90 days, commencing on the day and at the hour named above, the public land affected by this order shall be subject to (1) application under the homestead laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U.S.C. sec. 682a), by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U.S.C. sec. 282), subject to the requirements of applicable law, and (2) application under any applicable public land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) For a period of 20 days immediately prior to the beginning of such 90-day period, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on the first day of the 90-day period, shall be treated as simultaneously filed.

(c) Commencing at 10:00 a. m. on the 91st day after the land becomes subject to application, as hereinabove provided, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public land laws.

(d) Applications by the general public may be presented during the 20-day period immediately preceding such 91st day, and all such applications, together with those presented at 10:00 a. m. on that day, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for this land, which shall be filed in the General Land Office at Washington, D. C., shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circ. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Subchapter I of Title 43 of the Code of Federal Regulations and applications under the small tract act of June 1, 1938, shall be governed by the regulations contained in Part 257 of that title.

FRED W. JOHNSON,
Commissioner.

The areas described aggregate 23,675.19 acres.

2. These lands are located in a desert area about 140 to 150 miles east of Los Angeles near the southern boundary of San Bernardino County. Tps. 1 N., Rs. 10 and 11 E., and T. 1 S., R. 9 E., are immediately north of the Joshua Tree National Monument, and the remainder of the lands within 12 miles of the Monument. All the lands are located within the Twentynine Palms community, named for the original oasis which long has been a feature of this region, and adjoin or are near other public domain previously classified for leasing under the small tract program. U. S. Highway 60-70 from Los Angeles connects with a macadam road about 13 miles east of Banning to Twentynine Palms. Many of the roads from Twentynine Palms are graded gravel and can be traveled throughout the year. The lands are within a rather broad alluvial valley, except those in T. 1 S., R. 9 E., which are located in Pinto Cove at the base of the northern extremities of the Pinto Mountains. The lands involved range in elevation from 1,300 to 2,300 feet above sea level.

3. Water for the entire area is obtained from ground water supplies. The group of springs located in the south-central portion of T. 1 N., R. 9 E., have furnished a dependable supply of good quality water for many years. Water has been obtained from wells throughout the area ranging in depth from 30 to 275 feet. The depth to water under the classified lands cannot be very accurately determined due to the presence of numerous faults and because only a few wells have been drilled in these townships. The cost of drilling and equipping the deeper wells probably will be found to be more feasible as a group undertaking rather than by individual action. Water from developed wells is sold and delivered locally. This is a common practice in the vicinity of these

lands, and is often the cheapest and most desirable method of obtaining culinary water. It is possible that some of the water companies operating in the communities will provide water if sufficient settlement takes place.

4. Pursuant to § 257.8 of the Code of Federal Regulations (43 CFR Part 257, Cum. Sup., as amended by Circ. 1613, February 27, 1946), a preference right to a lease is accorded to those applicants whose applications (a) were regularly filed, under the regulations issued pursuant to the act, prior to 8:30 a. m. on March 4, 1946, and (b) are for the type of site for which the land subject thereto has been classified. As to such applications, this order shall become effective upon the date on which it is signed.

5. As to the land not covered by the applications referred to in paragraph 4, this order shall not become effective to permit the leasing of such land under the small tract act of June 1, 1938, cited above, until 10:00 a. m. on June 13, 1946. At that time such land shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for other preference-right filings.* For a period of 90 days from 10:00 a. m. on June 13, 1946, to close of business on September 11, 1946, inclusive, to (1) application under the small tract act of June 1, 1938, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U.S.C. secs. 279-283), subject to the requirements of applicable law, and (2) application under any applicable public land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) *Advance period for simultaneous preference-right filings.* All applications by such veterans and persons claiming preference rights superior to those of such veterans filed on or after 8:30 a. m. on March 4, 1946, together with those presented at 10:00 a. m. on May 24, 1946, shall be treated as simultaneously filed.

(c) *Date for nonpreference-right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on September 12, 1946, any of the land remaining unappropriated shall become subject to application under the small tract act by the public generally.

(d) *Advance period for simultaneous nonpreference-right filings.* Applications under the small tract act by the general public filed on or after 8:30 a. m. on March 4, 1946, together with those presented at 10:00 a. m. on August 23, 1946, shall be treated as simultaneously filed.

6. Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by

duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

7. All applications for the lands referred to in paragraphs 4 and 5, which shall be filed in the District Land Office at Los Angeles, California, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circ. 324, May 22, 1914, 43 L. D. 254), to the extent that such regulations are applicable. Applications under the small tract act of June 1, 1938, shall be governed by the regulations contained in part 257 of Title 43 of the Code of Federal Regulations.

8. Lessees under the small tract act of June 1, 1938, will be required, within a reasonable time after execution of the lease, to construct upon the leased land, to the satisfaction of the Commissioner of the General Land Office, improvements which under the circumstances are presentable, substantial, and appropriate for the use for which the lease is issued. Leases will be for a period of five years, at an annual rental of \$5 for home, cabin, health, convalescent, and recreational sites, payable yearly in advance. The rental for business sites will be in accordance with a schedule of graduated charges based on gross income, with a minimum charge of \$20, payable yearly in advance, the remainder, if any, to be paid within 30 days after each yearly anniversary of the lease.

9. The land covered by applications filed subsequent to 8:30 a. m. on March 4, 1946, will be leased in tracts of approximately 5 acres each with dimensions of about 330 by 660 feet where the applications describe the tract in accordance with the regulations (43 CFR 257.16, 257.17), except that the land classified for business and for combination home and business will be leased in 1¼-acre tracts approximately 165 by 330 feet. The longest dimensions of all such tracts shall extend as follows:

In T. 1 N., R. 8 E., north and south;
In Tps. 1 N., Rs. 10 and 11 E., north and south;
In Tps. 2 N., Rs. 8 and 9 E., east and west;
In T. 1 S., R. 9 E., east and west.

but where only one 5-acre tract in a 10-acre subdivision is embraced in a preference-right application mentioned in paragraph 4, the register is authorized to accept an application for the remaining 5-acre tract extending in the same direction so as to fill out the subdivision, notwithstanding the direction of the tract may be contrary to that specified just above for the particular township.

10. Leasing under applications filed subsequent to 8:30 a. m. on March 4, 1946, for business and for combination home and business purposes of the SE¼SE¼ sec. 13, T. 1 N., R. 10 E., shall start at the corner common to secs. 13 and 24 of that township and secs. 18 and 19, T. 1 N., R. 11 E.; such leasing of the S½ lots 1, 2 of SW¼ and S½SE¼ sec. 18 and N½ and SE¼ sec. 19, T. 1 N., R. 11 E., shall start in the SW¼SW¼ sec. 18 and in the NW¼NW¼ sec. 19 at the corner common to secs. 13 and 24, T. 1 N., R. 10 E., and secs. 18 and 19, T. 1 N., R. 11 E.; such leasing of the E½SE¼ sec. 11 and SW¼SW¼ sec. 12, T. 2 N.,

R. 8 E., shall start in the SW¼SW¼ sec. 12 at the northeast corner of this subdivision, and from each of these starting points each additional unit leased shall adjoin a leased tract in order to facilitate consolidation of the business center. A deviation from this practice will be permitted, however, if circumstances arise where it would be advisable to have a particular type of business separated from the main business center.

11. All inquiries relating to these lands shall be addressed to the Register, District Land Office, Los Angeles 12, California.

Commissioner.

RECORD OF WORKING HOURS BY EMPLOYEES IN PULPWOOD OPERATIONS

NOTICE OF OPPORTUNITY TO SHOW CAUSE WITH RESPECT TO PROPOSED AMENDMENT

In the matter of the amendment to the record keeping regulations, Part 516, issued pursuant to authority contained in section 11 (c) of the Fair Labor Standards Act of 1938.

Notice is hereby given of opportunity to show cause why the following proposed amendment to Title 29, Chapter V, Code of Federal Regulations, Part 516, issued September 15, 1941, pursuant to authority contained in section 11 (c) of the Fair Labor Standards Act of 1938, should not be adopted by the Administrator:

§ 516.2 (b) *Record of hours worked by unsupervised employees engaged in woods operations on pulpwood, including the hauling of pulpwood in or from the woods.* An employer of an employee who is employed in woods operations on pulpwood, including the hauling of pulpwood in or from the woods, away from supervision under circumstances in which it is impracticable or impossible for the employer to ascertain the number of hours worked by the employee in any way other than on the representation of such employee, may instruct and require such employee to enter on an appropriate form, furnished by the employer, the number of hours the employee has worked on each day during the workweek.

The employer shall give full and detailed instructions to such employee with respect to the entries to be made on the form to the end that the employee may fully understand the nature and purpose of the report as the basis for determining the straight-time and overtime compensation to be paid to him and the necessity for completeness and accuracy of the entries to be made by the employee. Such a record, when signed by the employee as a true and accurate statement of the hours he has worked, shall be kept and preserved by the employer and, with respect to the hours worked by the employee away from supervision, shall be considered to meet the requirement of

these regulations insofar as they require the recording of the hours worked each day, provided that the employer has used such means as are reasonably available to determine that the hours actually worked by such an employee have been accurately recorded.

All objections, protests or statements in opposition to or in support of the proposed amendment should be filed in writing with the Administrator of the Wage and Hour Division, 165 West 46th Street, New York 19, New York, within 15 days following the publication of this notice.

Signed at New York, New York, this 10th day of April 1946.

L. METCALFE WALLING,
Administrator.

P. C. WILSON

ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re application of P. C. Wilson, Canton, Ohio, for construction permit. Docket No. 6915, File No. B2-P-4117.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 27th day of March, 1946;

The Commission having under consideration the above application of P. C. Wilson, for a permit to construct a new standard broadcast station at Canton, Ohio;

It is ordered, That the said application be designated for hearing in a consolidated proceeding with the application of W. J. Marshall, Cleveland, Ohio (File No. B2-P-4497), upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the areas and populations proposed to be served.

4. To determine whether the operation of the proposed station would cause objectionable interference with the service proposed in the pending application of W. J. Marshall, Cleveland, Ohio (File No. B2-P-4497), and/or with any other pending applications for broadcast facilities, and if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with services rendered by any existing broadcast station and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice concerning standard broadcast stations.

7. To determine upon a comparative basis which, if either, of the applications in this consolidated proceeding, should be granted.

By the Commission.

NOTICE OF HEARING

In re applications of Press Wireless, Inc., dated November 8, 1945, for modification of licenses to delete special provisions limiting communication between applicants two stations to service messages and traffic originating in or destined to points outside the 48 states, and the District of Columbia; class of service, fixed public press; class of stations, point-to-point telegraph; locations, Hicksville, New York; Los Angeles, California; File Nos. 317-MLH-A, 316-MLH-A.

You are hereby notified that the Commission having examined the above-described applications, and being unable to determine upon examination of such applications that public interest, convenience or necessity would be served by the granting thereof, has designated the matters for hearing for the following reasons:

1. To determine whether there is a public need for additional telegraph communication channels for handling domestic press telegraph traffic between New York, N. Y., and Los Angeles, California which cannot adequately be met by existing wire facilities.
2. To determine applicant's financial ability to provide the necessary physical equipment, offices and qualified personnel in order to render efficient and eco-

nomical domestic press telegraph service between New York, N. Y. and Los Angeles, California.

3. To determine the nature of the service proposed to be rendered by applicant, including the charges, practices, classifications or regulations in connection with such proposed service and the speed, transmission qualities and scheduled hours of operation which applicant expects to provide for such proposed service.
4. To determine the relative efficiency and economy of the proposed domestic press telegraph service between New York, N. Y. and Los Angeles, California to be rendered by applicant as compared with that provided by The Western Union Telegraph Company.
5. To determine the extent to which applicant's authorized frequencies and facilities would be used for rendering the proposed service and further to determine whether applicant's use thereof is the most efficient and economical use of such frequencies and facilities.
6. To determine, generally, what effect the rendition of the proposed service by applicant will have upon the international communications service rendered by it, and particularly, whether the use of frequencies by applicant for the proposed service will result in interference with operations conducted by it on the authorized frequencies used for international communications service.
7. To determine any other relevant facts which would indicate whether or not a grant of the above applications would serve public interest, convenience or necessity.

The applicant is hereby given an opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.384 (a) of the Commission's rules and regulations. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's rules and regulations.

The applicant's address is as follows: Press Wireless, Inc., 1475 Broadway, New York, N. Y.

Dated at Washington, D. C., April 10, 1946.

LUCK-McDONALD Co.

NOTICE OF HEARING

In re application of Dr. Leslie Haltom Luck and Myron Birdsel "Patt" McDonald, d/b as Luck-McDonald Company (new); date filed, November 21, 1945; for construction permit; class of service, standard broadcast; class of station, standard broadcast; location, Fort Worth, Texas; operating assignment specified: Frequency, 1360 kc, power, 1 kw night,¹ 1 kw day¹; hours of operation, unlimited. File No. B3-P-4413.

¹ D. A.—night and day.

You are hereby notified that the Commission has examined the application in the above-entitled case and has designated the matter for hearing in consolidation with the application of Fort Worth Broadcasting Company, Fort Worth, Texas (File No. B3-P-4439, Docket No. 7369) on the following issues:

1. To determine the legal, technical, financial and other qualifications of the partnership and the partners to construct and operate the proposed station.
2. To determine the areas and populations which may be expected to gain primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.
3. To determine the type of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.
4. To determine whether the operation of the proposed station would involve objectionable interference with any existing broadcast stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast services to such areas and populations.
5. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in any pending applications for broadcast facilities, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.
6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice concerning standard broadcast stations.
7. To determine whether the erection of the antenna system proposed herein would be consistent with Civil Aeronautics Administration requirements.
8. To determine on a comparative basis which, if any, of the applications in this consolidated proceeding should be granted.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.384 of the Commission's rules of practice and procedure. Persons other than the applicant herein and the applicants already made a party by consolidation, who desire to be heard must file a petition to intervene in accordance with the provisions of §§ 1.102, 1.141 and 1.142 of the Commission's rules of practice and procedure.

The Applicant's address is as follows: Luck-McDonald Company, c/o Dr. L. H. Luck, 806 Houston Street, Fort Worth, Texas.

KELO, SIOUX FALLS, S. DAK.¹PUBLIC NOTICE CONCERNING PROPOSED
ASSIGNMENT OF LICENSE

The Commission hereby gives notice that on March 15, 1946, there was filed with it an application (B4-TC-475) for its consent under section 310 (b) of the Communications Act (47 U.S.C.A. 310) to the proposed assignment of license of standard broadcast station KELO, Sioux Falls, South Dakota, from the Sioux Falls Broadcast Association, Inc. to the Midcontinent Broadcasting Co., State Theater Building, Sioux Falls, South Dakota. The proposal to assign said license is based upon an agreement of February 27, 1946, entered into between Sioux Falls Broadcast Association, Inc. and Midcontinent Broadcasting Co. pursuant to which the former agreed to sell to the latter all the real and personal property of KELO for a consideration of \$100,000 plus 50 shares of licensee's common capital stock owned by Sam Fantle, Jr. Of this amount \$50,000 in cash and the 50 shares of stock together with a promissory note for \$50,000 signed by purchaser and endorsed by Sam Fantle, Jr. and his wife, Evelyn Fantle, payable \$10,000 a year beginning July 1, 1947, with 3% interest per annum shall be placed in escrow with the Northwest Security National Bank of Sioux Falls, South Dakota. The selling corporation shall deposit with said bank a deed to the realty and bill of sale of the personalty described in the contract. The money deposited and note as well as the deed and bill of sale are to be delivered to the respective parties upon the closing date which is to be not later than 30 days following the effective date of the Order of the Commission consenting to the transfer. If within one year from date of the agreement the Commission has not consented to the transfer or if the Commission has denied such consent either party may cancel the agreement upon notice. Within 6 months from closing purchaser shall remove its office equipment and other personalty from the premises occupied by KSOO and separation is to be made of other properties between KSOO and KELO. Further details as to the arrangements and the application may be found from an inspection of the papers on file at the offices of the Commission.

In the Commission's decision of September 6, 1945, granting the application for transfer of control of the Crosley Corporation (Docket No. 6767), it was announced that public hearings would be held to consider proposed new rules and regulations for the handling of assignment and transfer applications including provision for public notice by the applicant and the Commission of the filing of such applications and pertinent details in cases where a controlling interest is involved. Thereafter on October 3, 1945, the Commission also gave public notice (10 F.R. 12926) that pending the issuance of such proposed new rules, hearing thereon, and final adoption, such applications would be deferred unless applicants desired to follow the procedure

¹ Section 1. 364, Part I, Rules of Practice and Procedure.

proposed in the WLW decision, and supplement their applications so as to come within the framework of the announced procedure including the provision for public notice. Pursuant thereto the Commission was advised on April 2, 1946, that notice would be inserted in the "Daily Argus Leader," a newspaper of general circulation in Sioux Falls, S. Dak., twice a week for three weeks beginning April 9, 1946, of the proposed assignment of the license and acquisition by assignee of the properties of KELO.

In accordance with the procedure proposed in the WLW decision and that announced in the Commission's release, no action will be had upon the KELO application for a period of 60 days from April 9, 1946, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above-described contract.

ELECTRONIC TIME, INC.

ORDER DESIGNATING APPLICATION FOR CON-
SOLIDATED HEARING ON STATED ISSUES

In re application of Electronic Time, Inc., for construction permit. File No. B1-PEX-87.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 10th day of April, 1946;

The Commission having under consideration the application of Electronic Time, Inc. (File No. B1-PEX-87) for a construction permit for a developmental AM broadcast station in New York City, to broadcast the time of day on a frequency between 25 and 30 megacycles (to be selected by the Commission) for reception by watch-size receivers capable of operating only on this frequency; and

It appearing that several individuals have filed with the Commission affidavits protesting the grant of the application of Electronic Time, Inc., which affidavits raise a question regarding the general qualifications of the applicant to receive the permit applied for; and

It further appearing that this application raises a number of issues which cannot be resolved on the basis of information now before the Commission;

It is ordered, That this application be, and it is hereby, designated for hearing, for the purpose of determining:

1. The legal, technical, financial and other qualifications of the applicant corporation, and of its officers, directors and stockholders to construct and operate the proposed station.

2. The program of development, experimentation and research which the applicant proposes to conduct, its tech-

nical facilities therefor, and the means whereby it proposes to finance this program.

3. The program service which applicant intends to develop and render and whether, and the extent to which, this service is rendered or could be rendered by radio stations in established broadcast services, or by other facilities.

4. The frequency or frequencies, power, and type of emission necessary or adequate technically to conduct the program of development, experimentation and research proposed by applicant.

5. The type of non-experimental authorization or authorizations, if any, for which applicant proposes to make application to the Commission, in the event of the grant of its present experimental application and the successful outcome of its proposed program of experimentation and development.

6. The need for modifying the Commission's Report of Allocations above 25 megacycles, dated May 25, 1945, to permit the assignment of a frequency to applicant's proposed developmental station in the 25-30 megacycle band, and to permit the establishment of a service consisting of time-reporting broadcast stations such as that proposed by the applicant.

THE MIDDLE WEST CORP.
SUPPLEMENTAL ORDER RELEASING
JURISDICTION -

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 16th day of April A. D. 1946.

The Commission having on February 12, 1946 and April 2, 1946 issued its orders herein under section 12 (d) of the Public Utility Holding Company Act of 1935 and Rule U-44 thereunder permitting to become effective the declaration, as amended, of The Middle West Corporation ("Middle West"), a registered holding company, regarding the sale by it at competitive bidding, pursuant to Rule U-50, of 84,000 shares of common stock, par value \$1.00 per share, of Midland Realization Company ("Realization Company"), a registered holding company; and

The Commission in said orders having provided that the proposed sale of said common stock should not be consummated until the results of competitive bidding have been made a matter of record in this proceeding and a further order entered by this Commission in the light of the record as so completed, jurisdiction having been reserved for such purpose, and jurisdiction having been reserved in such orders over all fees and expenses to be incurred in connection with the proposed transaction; and

Middle West having filed a further amendment to said declaration stating that in accordance with the permission granted in said orders of the Commission it offered the said common stock for sale pursuant to the competitive bidding requirements of Rule U-50 and received the following bids:

Group heading bid	Bid per share	Gross proceeds to middle west
The First Boston Corp. and Central Republic Co., Inc.	\$36.75	\$3,067,000
Kidder, Peabody & Co.	34.79	2,922,360
Lazard Freres & Co.	34.60	2,906,400

It further appearing that Middle West has accepted the bid of the group of seven firms ("Purchasers"), headed by The First Boston Corporation and Central Republic Corporation, Inc., identified as follows:

Purchaser	Participation (No. of shares)
The First Boston Corp.	15,900
Central Republic Company, Inc.	15,900
Blyth & Co., Inc.	15,900
Dean Witter & Co.	15,900
Lee Higginson Corp.	10,630
Shields & Co.	6,000
G. H. Walker & Co.	3,770

84,000

It having been represented by or on behalf of said Purchasers that it is the present intention of each of them to hold the said common stock of Realization Company until the dissolution of that company, and to participate in said dissolution to the extent entitled; but that no representation is made to the Commission, nor is there any arrangement or understanding among Purchasers that such stock will be so retained, but that, on the contrary, a public offering may be made by any or all of said Purchasers of their respective holdings of such stock, particularly if the dissolution of Realization Company is unduly delayed; and

The Commission having examined said amendment and having considered the record herein and finding no reason for imposing terms or conditions with respect to the price to be paid for said common stock; and finding that the fees and expenses incurred by Middle West in connection with the said proposed sale are nominal and not unreasonable;

It is ordered, That the jurisdiction heretofore reserved with respect to the competitive bidding employed in connection with the sale of said common stock and of all fees and expenses incurred in connection with the said transactions be, and the same hereby is, released, and that said declaration, as further amended, be, and the same hereby is, permitted to become effective forthwith subject to the terms and conditions prescribed in Rule U-24 and to the further condition that the text of this order, together with the text of the findings and orders of the Commission in this matter dated February 12, 1946, and April 2, 1946, respectively, shall be furnished to all prospective buyers of the common stock of Midland Realization Company in connection with any offering of such stock by Purchasers or any of them.

By the Commission.

PEOPLES LIGHT AND POWER CO. ET AL.

SUPPLEMENTAL ORDER REGARDING SOLICITATIONS

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 15th day of April, A. D. 1946.

In the matter of Peoples Light and Power Company and subsidiary companies, File No. 54-67; Peoples Light and Power Company, California Public Service Company, Texas Public Service Farm Company, Texas Public Service Company, West Coast Power Company, File No. 59-64.

The Commission having by order dated September 14, 1945, approved the plan of Peoples Light and Power Company filed pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, which plan, among other things, provided for holding a meeting of stockholders for the election of a new board of directors and outlined the procedure for the nomination and election of said directors;

The Commission having reserved jurisdiction to review or to pass upon any revision of the procedure set forth in the plan for the nomination and election of a new board of directors;

Peoples having requested the Commission to clarify the procedure for the nomination and election of directors so as to specify to what extent, if any, solicitations with respect to said nomination and election of directors are subject to the provisions of the act and the rules and regulations promulgated thereunder; and

The Commission deeming it appropriate in the public interest and for the protection of investors and consumers to require that all solicitations with respect to the nomination and election of directors of Peoples Light and Power Company (now, by change of name, Texas Public Service Company), as provided for in its plan as aforesaid, shall comply with the provisions of section 11 (g) of the act and with the provisions of Rule U-62 except paragraph (g) thereof;

It is ordered, That all solicitations with respect to the nomination and election of directors of Peoples Light and Power Company (now, by change of name, Texas Public Service Company), as provided for in its plan as aforesaid, shall be required to comply with the provisions of section 11 (g) of the act and with the provisions of Rule U-62 except paragraph (g) thereof.

ASSOCIATED ELECTRIC CO. AND ARIZONA GENERAL UTILITIES CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 16th day of April 1946.

Notice is hereby given that a joint application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Associated Electric Company (Aelec), a registered holding company and a subsidiary of General Public Utilities Corporation, also a registered holding company, and by Arizona General Utilities Company (Arizona General) a subsidiary of Aelec; and

Notice is further given that any interested person may, not later than April 24, 1946, at 5:30 p. m., e. s. t., request the Commission in writing that hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said application-declaration which is on file in the offices of said Commission, for a statement of the transactions therein proposed which are summarized as follows:

Aelec proposes to sell to Graham County Electric Cooperative, Inc., and the Towns of Safford and Thatcher, Arizona, its entire investment in Arizona General for an aggregate base price of \$410,000, subject to certain adjustments as provided in the contract of sale. As of December 31, 1945, Aelec's investment in Arizona General consisted of \$149,500 principal amount of 6% first mortgage bonds due December 1, 1945; \$86,000 principal amount of open account indebtedness; and 10,000 shares of common stock, without par value.

Under the terms of the contract of sale the purchasers are to participate in the purchase of the securities and open account indebtedness of Arizona General in the following proportions:

Purchaser	Shares of stock	Bonds and open account indebtedness	Aggregate base purchase price
		Percent	
Graham County	2,617	26.1687	\$107,291.67
Safford	6,444	64.4400	264,204.00
Thatcher	939	9.3913	38,504.33
	10,000	100.00	410,000.00

The contract of sale provides that all payments to be made by the Towns of Safford and Thatcher to Aelec are to be made in cash unless said Towns hereafter reach a mutually satisfactory

agreement with Aelec for the payment of all or part of such amounts by the delivery to Aelec of duly authorized revenue obligations in principal amounts, bearing interest rates, and in form and containing terms and provisions satisfactory to Aelec in its sole discretion, and also provides that in the event said Towns hereafter reach such mutually satisfactory agreement with Aelec, the obligation of Aelec under the agreement to sell and convey any or all of its closing position in Arizona General is conditional upon the simultaneous consummation of the sale by Aelec, upon terms and conditions satisfactory to it in its sole discretion, of all the revenue obligations so received by Aelec from Safford and Thatcher. All payments to be made by Graham County Electric Cooperative, Inc. to Aelec under the agreement are to be made in cash. The contract of sale further provides that none of the parties to such contract shall be obligated to transfer any rights or securities or to make any payments unless, on the closing date, the other parties are prepared simultaneously to tender performance in all acts required by the contract to be performed by them on the closing date.

In connection with the foregoing sale, it is proposed that Arizona General sell to Aelec, for a consideration of \$1.00, the 80 shares of capital stock of Atlantic Utility Service Corporation, owned by Arizona General, or assign to Aelec the right of Arizona General to receive dividends, whether liquidating or otherwise, upon such stock.

Aelec has indicated that it considers sections 9 (a), 10, 12 (d) and 12 (f) of the Act and Rules U-43 and U-44 promulgated thereunder as being applicable to the proposed transactions. That portion of the proposed transactions in respect to the sale of securities of Arizona General to the Towns of Safford and Thatcher, Arizona, is exempt from the provisions of section 12 (d) of the act by virtue of paragraph (b) (3) of Rule U-44. The acquisition of such securities by the Towns of Safford and Thatcher is not subject to the provisions of the act.

Aelec states that it desires to consummate the above described transactions as a further step towards compliance with the provisions of section 11 (b) (1) of the act and in pursuance of the order of this Commission dated August 13, 1942, as amended, in the matter of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation (File No. 59-32), directing said Trustees to dispose of their interest in certain companies, including Arizona General. In this connection Aelec has requested that the Commission find that the carrying out of the proposed transactions is necessary to effectuate the provisions of section 11 (b) of the act and that its order herein conform to the definition of the term "order of the Securities and Exchange Commission" contained in section 373 (a) of the Internal Revenue Code, as amended, and contain the recitals, specifications and itemizations required by section 1808 (f) of the Internal Revenue Code, as amended.

By the Commission.

AMERICAN & FOREIGN POWER CO., INC.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE AND GRANTING EXEMPTIONS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 12th day of April, A. D. 1946.

In the Matter of Theodore V. D. Berdell and George C. Wintringer, Protective Committee for the Holders of American & Foreign Power Company Inc. Preferred Stock, File No. 68-66.

A declaration and amendments thereto, having been filed with this Commission, pursuant to section 12 (e) of the Public Utility Holding Company Act of 1935 and pursuant to Rule U-62 of the general rules and regulations under the act, by Theodore V. D. Berdell and George C. Wintringer, acting as a committee, proposing to solicit authorizations from the holders of preferred stock of American & Foreign Power Company Inc., a registered holding company subsidiary of Electric Bond and Share Company, also a registered holding company; and

Declarants having requested that the declaration shall become effective when ordered by the Commission; and

Said declarants having applied for certain exemptions, pursuant to Rule U-100 of said general rules and regulations, from certain conditions imposed by said Rule U-62 upon persons making solicitations; and

It appearing from said declaration, as amended, that declarant Theodore V. D. Berdell is the senior partner of the investment firm of Berdell Brothers, that he is a professional broker, that the business of the firm is principally that of executing on the New York Curb Exchange, for other brokers, without advice of any kind, unsolicited specific orders for the purchase or sale of securities either at a specified price or at the market, and that an application is made for an order exempting the firm of Berdell Brothers (but not any individual members thereof) from the requirements of Rule U-62 (g) (2) to the extent only that said firm may execute, without giving advice of any kind, unsolicited orders, received from other brokers (and not from members of the public), to purchase and sell securities of American & Foreign Power Company Inc. or its subsidiaries or of Electric Bond and Share Company; and

It appearing from said declaration, as amended, that, except as exemption is obtained by declarants, the document evidencing the authorizations which declarants propose to solicit provides, pursuant to the provisions of Rule U-62 (h) (1), that declarants shall comply with paragraph (g) of Rule U-62; and

It appearing from said declaration, as amended, that declarants propose to represent holders of both the \$7 and \$6 preferred stocks of American & Foreign Power Company Inc., except that, in the event a conflict of interest should arise between holders of the \$7 preferred stock and the \$6 preferred stock, declarants will take no part in any controversy in respect thereto, and that an application is made for an order exempting declarants from the requirements of Rule U-62 (j) so that declarants may represent holders of both said stocks except as conflicts of interest between them may arise; and

The Commission having considered the declaration and applications for exemptions, as amended, and finding that the requirements of Rule U-62, except as to the matters comprised within such applications for exemptions, are complied with, and it appearing to the Commission that certain of the conditions imposed by Rule U-62 upon persons making solicitations, as applied to the proposed solicitation by said Theodore V. D. Berdell and George C. Wintringer, acting as a committee as aforesaid, are not necessary or appropriate in the public interest or for the protection of investors or consumers, and the Commission deeming it appropriate, in the public interest and in the interest of investors, that said declaration, as amended, be permitted to become effective, and that said applications for exemptions be granted;

It is ordered, Pursuant to said Rule U-100, that the requested exemptions from the requirements of paragraphs (g) (2), (h) (1), and (j) of Rule U-62, be, and the same hereby are, granted, and that said declaration, as amended, be, and the same hereby is, permitted to become effective forthwith, subject however to the terms and conditions prescribed in Rule U-24.

By the Commission.

BUFFALO NIAGARA ELECTRIC CORP.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 15th day of April 1946.

Buffalo Niagara Electric Corporation, a subsidiary of Niagara Hudson Corporation, in turn a subsidiary of The United Corporation, a registered holding company, having filed a declaration pursuant to the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder regarding a proposal by Buffalo Niagara Electric Corporation to discharge its note, dated November 1, 1945, in the principal amount of \$1,000,000 by payment to Niagara Hudson Power Corporation, the holder thereof, of such principal amount plus accrued interest at the rate of 2% per annum to the date of payment, such note being payable on or before February 1, 1952; and

Said declaration having been filed on March 25, 1946, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to the act and the Commission not having received a request for hearing with respect to said declaration within the period specified in said notice or otherwise, and not having ordered a hearing thereon; and

The Commission finding that the proposed transactions are not in contravention of the act or any rules and regulations promulgated thereunder and that the proposed transactions satisfy the requirements of sections 12 (c) and 12 (f) of the act and the rules thereunder insofar as they are applicable and that it is appropriate in the public interest and in the interests of investors and consumers that said declaration be permitted to become effective;

It is hereby ordered. Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24 that the aforesaid declaration be, and the same hereby is, permitted to become effective forthwith.

NORTH CONTINENT UTILITIES CORP. ET AL.
NOTICE OF FILING AND NOTICE OF AND ORDER
FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 16th day of April, A. D., 1946.

In the matters of North Continent Utilities Corporation and Subsidiary Companies, File No. 54-74; North Continent Utilities Corporation and Subsidiary Companies, File No. 59-69.

The Commission by order entered on November 16, 1943, having approved a plan providing for the liquidation and dissolution of North Continent Utilities Corporation ("North Continent"), a registered holding company, filed by that company and its subsidiary companies, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, and having by said order, pursuant to section 11 (b) of the act, directed North Continent to take such action as may be necessary to cause its liquidation and dissolution;

Notice is hereby given that an application or declaration (or both) has been filed by North Continent together with its wholly-owned subsidiary company, Great Northern Utilities Company ("Great Northern"), with respect to certain proposed transactions relating to North Continent's said plan.

All interested persons are referred to said application or declaration (or both), which is on file in the office of the Commission, for a statement of the transactions therein proposed, which are summarized as follows:

No. 77—5

Great Northern proposes to sell to Marias River Electric Cooperative, Inc., a Montana corporation, its electric and gas properties located in Toole County, Montana, for a base price of \$640,050, in cash, subject to certain adjustments. Great Northern also proposes to sell certain other of its properties in Toole County, Montana, as well as its physical properties located in Glacier County, Montana, to Glacier County Electric Cooperative, Inc., a Montana corporation, for a base price of \$343,450, subject to certain adjustments. The properties involved in both sales constitute all of the operating properties of Great Northern. The net proceeds of these sales will be applied toward the payment of Great Northern's indebtedness to North Continent, represented by five demand promissory notes in the aggregate principal amount of \$845,000 and open account indebtedness of \$22,286.22, and the balance, if any, will be retained temporarily in the general funds of Great Northern. Thereafter, Great Northern will be liquidated and dissolved, and its remaining net assets transferred to North Continent.

North Continent proposes to sell to Fred H. McPhillips, of Kevin, Montana, all of the outstanding shares of capital stock, consisting of 1,000 shares of the par value of \$10 per share, of Southern Utilities Company, Limited ("Southern Utilities") for \$6,500 in cash. The contract of sale provides that prior to delivery of said shares, the assets of Southern Utilities shall consist solely of property and plant account, and its liabilities solely of its capital stock, with certain minor exceptions. Southern Utilities' current assets will be applied to the discharge of its current and accrued liabilities (which, except for the liability on customers' deposits and on accrued taxes, are owing to Great Northern or North Continent) to the extent that such current assets shall suffice therefor; North Continent estimates that such current assets will be sufficient to pay such liabilities except for a portion of the amount owing North Continent; any unpaid amounts owing to North Continent are to be cancelled.

Said promissory notes and \$10,000 of said open account indebtedness due from Great Northern to North Continent, and the shares of capital stock of Southern Utilities, are pledged with the trustee under the indenture securing the First Lien Collateral and Refunding Gold Bonds, Series A, 5½%, due January 1, 1948, of North Continent. North Continent proposes to deposit with said trustee the funds received by it from the payment by Great Northern of the aforesaid promissory notes and open account indebtedness, from the liquidation and dissolution of Great Northern, and from the sale of the capital shares of Southern Utilities, to be used by said trustee in making further ratable payments upon the unpaid principal amount of said bonds (\$1,569,750), as provided in North Continent's said plan. It is estimated that ratable payments so to be made will aggregate \$972,800.

It appearing to the Commission that it is appropriate in the public interest and

in the interests of investors and consumers that a hearing be held with respect to said matters, and that said application or declaration (or both) shall not be granted or permitted to become effective except pursuant to further order of this Commission;

It is ordered. That a hearing on said matters under the applicable provisions of the act and the rules of the Commission thereunder be held on May 3, 1946, at 10:00 a. m., e. d. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On that day the hearing room clerk in Room 318 will advise as to the room where the hearing will be held.

It is further ordered. That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing above ordered. The officer so designated to preside at the hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a Trial Examiner under the Commission's rules of practice.

It is further ordered. That, without limiting the scope of the issues presented by said application or declaration (or both) otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the considerations to be received, and the fees, commissions, and other remuneration to be paid, in connection with the proposed transactions, are reasonable in amount.
2. Whether competitive conditions were observed in connection with the proposed sales.
3. The propriety of the proposed accounting treatment on the books of the applicants and declarants.
4. Whether it is necessary or appropriate to impose terms or conditions in the public interest or for the protection of investors or consumers.
5. Generally, whether all actions proposed to be taken comply with the requirements of the Public Utility Holding Company act of 1935 and the rules promulgated thereunder.

It is further ordered. That notice of said hearing is hereby given to North Continent Utilities Corporation, to Great Northern Utilities Company, and to all interested persons, said notice to be given to North Continent Utilities Corporation and Great Northern Utilities Company by registered mail and to all other persons by publication of this notice and order in the FEDERAL REGISTER and by a general release of the Commission distributed to the press and mailed to the mailing list for releases under the act.

It is requested that any person desiring to be heard in these proceedings shall file with the Secretary of this Commission on or before April 30, 1946, an appropriate request or application to be heard, as provided by Rule XVII of the Commission's rules of practice.

By the Commission.

NIAGARA FALLS POWER CO. AND GORGE VIEW
PARK, INC.

ORDER PERMITTING DECLARATION TO BECOME
EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania on the 16th day of April 1946.

Gorge View Park, Inc., and its parent, The Niagara Falls Power Company, which is a subsidiary of Buffalo Niagara Electric Corporation, which is a subsidiary of Niagara Hudson Power Corporation, which, in turn, is a subsidiary of the United Corporation, a registered holding company, having filed a joint declaration pursuant to the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder regarding: (1) The surrender for cancellation by The Niagara Falls Power Company of all of its holdings of the capital stock of its wholly-owned subsidiary, Gorge View Park, Inc., an inactive real estate company having no assets and whose only liability is an open account advance in the amount of \$2,555.43 owing to The Niagara Falls Power Company; (2) the forgiveness by The Niagara Falls Power Company of such open account indebtedness; and (3) the dissolution of Gorge View Park, Inc. pursuant to the laws of the State of New York; and

Said declaration having been filed on March 25, 1946, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to the act, and the Commission not having received a request for hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that the proposed transactions are not in contravention of the act or any rules and regulations promulgated thereunder and that the proposed transactions satisfy the requirements of sections 12 (b), 12 (c) and 12 (f) of the act and the rules thereunder insofar as they are applicable and that it is appropriate in the public interest and in the interests of investors and consumers that said declaration be permitted to become effective;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration be, and the same hereby is, permitted to become effective forthwith.

OFFICE OF PRICE ADMINISTRATION.

[Order 136 Under 3 (e)]

HODGMAN RUBBER CO.

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.3 (e) of the General Maximum Price Regulation, it is ordered:

(a) *Applicability of this order.* This order applies to all sales of Style #733 Plafote manufactured by the Hodgman Rubber Company, Framingham, Massachusetts.

(b) *Maximum prices.* The maximum prices for sales of the commodity described in paragraph (a) of this order are as follows:

	Distributors	Wholesalers	Retailers	Retail
Style No. 733 plafote, size 1" x 34"	Each \$4.25	Each \$4.72	Each \$5.76	Each \$9.60

Terms. The above prices for sales by the manufacturer, distributors and wholesalers are subject to the same cash discount and freight terms in effect for each seller to each class of purchaser during March 1942.

(c) *Notification of maximum prices.* With or prior to the first delivery of the commodity described in paragraph (a) to a distributor, wholesaler, or retailer, the seller shall give the purchaser a written notice of the maximum retail price applicable to such sales as established by paragraph (b) of this order. If the purchaser is a distributor or wholesaler, the notification shall include the maximum distributor's or wholesaler's maximum price as established by paragraph (b) of this order and a statement that each purchaser is required by this order to notify any retailer to whom he sells of the maximum retail price as established by paragraph (b) of this order. If such purchaser is a distributor the notification shall also include a statement that the distributor is required to notify any wholesaler to whom he sells of the maximum price applicable to sales by wholesalers as established by paragraph (b) of this order.

(d) *General provisions of the General Maximum Price Regulation apply.* All provisions of the General Maximum Price Regulation that are not inconsistent with this order shall apply to sales covered by this order.

(e) *Revocation and amendment.* This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

[Rev. SO 119, Order 163]

NIAGARA DUPLICATOR CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed

with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* Niagara Duplicator Company of 128 Main Street, San Francisco 5, California, may compute its adjusted ceiling prices for the duplicating machines which it manufactures, as follows:

(1) For an article which has a properly established ceiling price in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by 13 per cent.

(2) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this order.

(3) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Resellers' ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

(1) A reseller who had a properly established maximum price in effect before this order was issued for an article covered by this order may add to that maximum price an adjustment charge in the same dollar-and-cents amount as the adjustment charge authorized by this order for, and which he has paid to, his supplier.

(2) If the reseller did not have a properly established maximum price for the article in effect before this order was issued he shall first determine a maximum price (exclusive of adjustment charges), and to that price he may add an adjustment charge in the same dollar-and-cents amount as the adjustment authorized by this order for, and which he has paid to, his supplier. To find his maximum price (exclusive of adjustment charges) for this purpose the reseller shall add to his invoice cost, less an adjustment charge stated on that invoice, the same percentage mark-up which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage markup is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(3) If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to the seller's terms, discounts and allowances on sales to each class of purchaser in effect during March 1942, or thereafter properly established under OPA regulations.

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.

(e) This order may be revoked or amended by the Price Administrator at any time.

(f) This order shall become effective on the 18th day of April 1946.

Issued this 17th day of April 1946.

Administrator.

[MPR 64, Order 278]

TENNESSEE STOVE WORKS

APPROVAL OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 11 of Maximum Price Regulation No. 64, it is ordered:

(a) This order establishes ceiling prices for sales at retail of Model M-17 Magazine Circulating coal heater manufactured by the Tennessee Stove Works, Chattanooga, Tennessee, as follows:

Model	Ceiling prices for sales to ultimate consumers			
	Zone 1	Zone 2	Zone 3	Zone 4
M-17.....	Each \$42.75	Each \$44.75	Each \$46.50	Each \$48.50

These prices are subject to each seller's customary terms, discounts, allowances and other price differentials in effect on sales of similar articles.

(b) The manufacturer, before delivering any stove covered by this order

after the effective date of this order, shall attach securely to the front of each stove a tag or label which plainly states its retail ceiling price in each zone, together with a list of the states included in each zone. This tag or label may not be removed until after the stove has been sold to an ultimate consumer.

(c) For purposes of this order Zones 1, 2, 3 and 4 are those defined in Order 246 under Maximum Price Regulation No. 64.

(d) This order may be revoked or amended at any time by the Price Administrator.

(e) This order shall become effective on the 18th day of April 1946.

Issued this 17th day of April 1946.

BORG-WARNER CORP.

APPROVAL OF MAXIMUM PRICES

Order No. 187 under section 11 of Maximum Price Regulation No. 64 is revised and amended to read as follows:

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register; and pursuant to section 11 of Maximum Price Regulation No. 64; It is ordered:

(a) This revised order establishes maximum prices for sales of two models of electric ranges manufactured by Norge Division, Borg-Warner Corporation, of Detroit 26, Michigan, as follows:

(1) For sales in each zone by wholesale distributors to retail dealers, the maximum prices, including the Federal excise tax, are those set forth below:

(2) For sales in each zone by retail dealers to ultimate consumers, the maximum prices, including the Federal excise tax, but not including any state or local taxes imposed at the point of sale are those set forth below:

Administration. The label shall also include a statement that the ceiling prices shown on the label include the Federal excise tax, delivery, installation with connection to the electric facilities provided by the purchaser, and a one-year warranty. The label shall also state that the ceiling price may be increased by \$3.50 if a "pigtail" is required and is furnished by the dealer. This label may not be removed until after the range has been sold to an ultimate consumer.

(d) For purposes of this revised order, Zones 1, 2, 3, 4 and 5 comprise the areas of the continental United States marked on the map of the United States furnished to the Office of Price Administration by the manufacturer. This map is hereby incorporated herein by reference. Copies of the map are on file with the Secretary of the Office of Price Administration in Washington, D. C., as well as with each Regional and District office of the Office of Price Administration. These maps are open for inspection by the public.

(e) This revised order may be revoked or amended by the Price Administrator at any time.

This revised order shall become effective on April 18, 1946.

Issued this 17th day of April 1946.

E. H. SHELDON & Co.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register, and pursuant to Second Revised Order No. A-3 under § 1499.159b of Maximum Price Regulation No. 188, it is ordered:

(a) *Manufacturer's maximum prices.* E. H. Sheldon & Company of Muskegon, Michigan, may increase its current maximum prices for sales of the nine models of wood shop benches which it manufactures by the dollar and cent amount appearing opposite each model listed below, provided the amount of such increase is separately stated on each invoice or other written evidence of sale, as an adjustment charge.

Catalogue bench No.:	Recommended adjustment
N-10 shop bench.....	\$7.81
N-12 shop bench.....	7.42
N-13 shop bench.....	6.87
N-14 two student shop bench.....	8.11
N-16 four class shop bench.....	11.53
N-20 six class shop bench.....	10.57
N-23 instructor's shop bench.....	12.32
N-24 four class double shop bench.....	16.82
N-26 four class double shop bench.....	15.89

(b) *Maximum prices of purchasers for resale.* A reseller who had a properly established maximum price in effect before this order was issued for an article covered by this order may add to that maximum price an adjustment charge in the same dollar-and-cents amounts as the adjustment charge authorized by this order for, and which he has paid to, his supplier.

If the reseller did not have a properly established maximum price for the article in effect before this order was issued he shall first determine a maximum price (exclusive of adjustment charges), and to that price he may add an adjustment charge in the same dollar-and-cents amount as the adjustment authorized by this order for, and which he has paid to, his supplier. To find his maximum price (exclusive of adjustment charges) for this purpose the reseller shall add to his invoice cost, less an adjustment charge stated on that invoice, the same percentage mark-up which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of articles to which, according to customary trade

practices, an approximately uniform percentage mark-up is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(c) *Terms of sale.* The provisions of Supplementary Order No. 153 shall not apply to resale prices determined under this order. Maximum prices adjusted by this order are subject to each seller's terms, discounts, allowances, and other price differentials in effect during March 1942, or which have been properly established under the applicable OPA regulations.

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale, showing a price adjusted in accordance with the terms of this order, the seller shall notify the purchaser in writing of the methods established in paragraph (b) of this order for determining adjusted maximum prices for resales of the articles covered by this order. This notice may be given in any convenient form.

The provisions of Supplementary Order No. 153 shall not apply to resale prices determined under this order.

(e) *Revocation or amendment.* This order may be revoked or amended by the Price Administrator at any time.

(f) *Effective date.* This order shall become effective on the 18th day of April 1946.

Issued this 17th day of April 1946.

For the reasons set forth in an accompanying opinion, and in accordance with § 1340.210 (a) (6) of Maximum Price Regulation No. 120; *It is ordered:*

Producers identified herein operate named mines assigned the mine index numbers, the price classifications and the maximum prices in cents per net ton for the indicated uses and shipments as set forth herein. All are in District No. 8. The mine index numbers and the price classifications assigned are permanent but the maximum prices may be changed by an amendment issued after

the effective date of this order. Where such an amendment is issued for the district in which the mines involved herein are located and where the amendment makes no particular reference to a mine or mines involved herein, the prices shall be the prices set forth in such amendment for the price classifications of the respective size groups. The location of each mine is given by county and state. The maximum prices stated to be for truck shipment are in cents

per net ton f. o. b. the mine or preparation plant and when stated to be for rail shipment or for railroad fuel are in cents per net ton f. o. b. rail shipping point. In cases where mines ship coal by river the prices for such shipments are those established for rail shipment and are in cents per net ton f. o. b. river shipping point. However, producer is subject to the provisions of § 1340.219 and all other provisions of Maximum Price Regulation No. 120.

H. P. RANDALL MFG. CO.

ESTABLISHMENT OF MAXIMUM PRICES

For the purposes set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 9, 10 and 11 (c) of Revised Maximum Price Regulation 136, *It is ordered:*

(a) H. P. Randall Manufacturing Company, Demopolis, Alabama, may sell, f. o. b. plant, each Randall trailer described in sub-paragraph (1) below, at a price not to exceed \$79.54 plus federal excise tax, and state and local taxes on the sale or delivery of the trailer and the cost of transporting the trailer to the purchaser, if any.

(1) *Description.* Marvel Junior, Model 101, two-wheel utility trailer, 3/4-ton capacity, all steel welded frame, body dimensions 48" wide x 84" long x 12" high, equipped with 6.00 x 16, 4-ply tires.

(b) H. P. Randall Manufacturing Company is authorized to suggest to resellers a resale price for the trailer described in paragraph (a) (1) consisting of the following:

(1) *Suggested resale price.* \$113.63.

(2) *Charges.* (i) A charge for transportation, if any, not to exceed the actual rail freight charge from the factory at Demopolis, Alabama, to the railroad freight receiving station nearest to the place of business of the reseller.

(ii) A charge equal to the charge made by H. P. Randall Manufacturing Company to cover federal excise taxes.

(iii) A charge equal to reseller's expense for payments of state and local taxes on the purchase, sale or delivery of the trailers.

(c) A reseller of Randall trailers in any of the territories or possessions of the United States is authorized to sell each of the trailers described in paragraph (a), at a price not to exceed the applicable price established in paragraph (b), to which it may add a sum equal to the expense incurred by or charged to it for payment of territorial and insular taxes on the purchase, sale or introduction of the trailer; export premiums; boxing and crating for export purposes; marine and war risk insurance; and landing, wharfing and terminal operations.

(d) H. P. Randall Manufacturing Company shall furnish to the Automotive Branch, Office of Price Administration, Washington, D. C., not later than September 30, 1946 detailed unit costs based on actual production during March,

April, May, June, July and August 1946. These unit costs, however, shall be computed in accordance with Section 10 of Revised Maximum Price Regulation 136 in order to be on a comparable basis to those used for this price determination.

(e) All requests not granted herein are denied.

(f) This order may be amended or revoked by the Administrator at any time.

NOTE: Where the manufacturer's invoice charge to the reseller is increased or decreased from the previous invoice charge because the manufacturer has a newly established price under section 8 of Revised Maximum Price Regulation 136, due to substantial changes in design, specifications or equipment of the trailer, the reseller may add to its price under paragraph (b) the increase in price, plus its customary markup on such a cost increase, but in the case of a decrease in the price, the reseller must reduce its price under paragraph (b) by the amount of the decrease and its customary markup on such an amount.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

BROADWAY LAMP SHADE CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.158 of Maximum Price Regulation No. 188; *It is ordered:*

(a) This order establishes maximum prices for sales and deliveries of certain articles manufactured by Broadway Lamp Shade Co., 878 Broadway, New York, N. Y.

(1) For all sales and deliveries to the following classes of purchasers by the sellers indicated below, the maximum prices are those set forth below:

Article and Model No.	For sale by manufacturer to		For sale by any person to consumer
	Jobber	Retailer	
Hand made satin or taffeta over parchment paper lamp shade with fluted acetate skirt—braided-trimmed top and bottom:	Each	Each	Each
8"—1400.....	\$2.34	\$2.75	\$4.95
9"—1400.....	2.97	3.50	6.30
14"—1400.....	5.10	6.00	10.80
15"—1400.....	5.95	7.00	12.60

These maximum prices are for the articles described in the manufacturer's application dated March 12, 1946.

(2) For sales by the manufacturer, the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. For sales to persons other than consumers they are f. o. b. factory, 2% 10 days, net 30. The maximum price to consumers is net, delivered.

(3) For sales by persons other than the manufacturer, the maximum prices apply to all sales and deliveries after the effective date of this order. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(4) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to

the Office of Price Administration, Washington, D. C., under the Fourth Pricing Method, § 1499.158, of Maximum Price Regulation 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this order. That tag or label shall contain the following statement, with the proper model number and the ceiling price inserted in the blank spaces:

Model No. -----
OPA Retail Ceiling Price—\$-----
Do Not Detach

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the manufacturer shall notify the purchaser in writing of the maximum prices and conditions established by this order for sales by the purchaser. This notice may be given in any convenient form.

(d) Jobbers' maximum prices for sales of the articles covered by this order shall be established under the provisions of section 4.5 of SR 14J.

(e) This order may be revoked or amended by the Price Administrator at any time.

MORGAN CIGAR CO.

ESTABLISHMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion accompanying this order, and pursuant to § 1358.102 (b) of Maximum Price Regulation No. 260; *It is ordered, That:*

(a) Morgan Cigar Company, 1403 N. Howard Avenue, Tampa, Florida (hereinafter called "manufacturer") and wholesalers and retailers may sell, offer to sell or deliver and any person may buy, offer to buy or receive each brand and size or frontmark, and packing of the following domestic cigars at the appropriate maximum list price and maximum retail price set forth below:

Brand	Size or frontmark	Packing	Maximum list price	Maximum retail price
Juan de Fuca....	Panetelas....	50	Per M \$2.50	Cents 11

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

PAUL A. PORTER,
Administrator.

DAVIDSON COAL CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES AND PRICE CLASSIFICATIONS

For the reasons set forth in an accompanying opinion, and in accordance with § 1340.210 (a) (6) of Maximum Price Regulation No. 120; *It is ordered:*

Producers identified herein operate named mines assigned the mine index numbers, the price classifications and the maximum prices in cents per net ton for the indicated uses and shipments as set forth herein. All are in District No. 13. The mine index numbers and the price classifications assigned are permanent but the maximum prices may be changed by an amendment issued after the effective date of this order. Where such an amendment is issued for the district in which the mines involved herein are located and where the amendment makes no particular reference to a mine or mines involved herein, the prices shall be the prices set forth in such

amendment for the price classifications of the respective size groups. The location of each mine is given by county and state. The maximum prices stated to be for truck shipment are in cents per net ton f. o. b. the mine or preparation plant and when stated to be for rail shipment or for railroad fuel are in cents per net ton f. o. b. rail shipping point. In cases where mines ship coals by river the prices for such shipments are those established for rail shipment and are in cents per net ton f. o. b. river shipping point. However, producer is subject to the provisions of § 1340.224 and all other provisions of Maximum Price Regulation No. 120.

suant to section 16 of Maximum Price Regulation 592, It is ordered:

(a) The Crossman Company, South Amboy, New Jersey, may increase its maximum net f. o. b. and delivered prices established under Maximum Price Regulation 592 to each class of purchaser for sales of fireclay by amounts not in excess of the following:

Fireclay:	Adjustment per ton
Bondrite	\$0.40
No. 451 Series	1.70
No. 452 Series	2.50
No. 453 Series	3.00
All other grades80

(b) Notwithstanding the provisions of paragraph (a) above, the Crossman Company may establish adjusted maximum prices for truck deliveries which reflect customary percentage differentials over prices established for carload deliveries by rail.

(c) Any person purchasing fireclay manufactured by the Crossman Company for the purpose of resale in the same form may increase his presently established maximum prices under the General Maximum Price Regulation by a dollars-and-cents amount not exceeding his actual dollars-and-cents increase in cost resulting from the increase permitted in (a) and (b) above.

(d) Notwithstanding the provisions of paragraph (c) above, a reseller's maximum price for sales of fireclay to a particular class of purchaser may be increased to the Crossman Company's maximum price to that same class of purchaser where the reseller customarily purchases at a discount off the manufacturer's list price and resells to the same class of purchaser.

(e) Order No. 9 under section 16 of Maximum Price Regulation 592 is hereby revoked.

(f) All requests of the application not granted herein are denied.

This order may be amended or revoked by the Office of Price Administration at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

Imperial Demand.	Perfectos f.....	50	Per M \$75	Cents 10

¹ Prices apply to this brand and frontmark using only Connecticut Shade grown (Type 61) wrappers of grades specified in application. Attention of manufacturer is directed to average retail price ceiling requirement of Maximum Price Regulation 260.

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same price class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same price class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same price class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely com-

petitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

WALDOCK PACKING CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

On March 8, 1946, The Waldock Packing Company, Sandusky, Ohio filed an application for the establishment of maximum prices on sales of the sausage product known as "Blood and Tongue Sausage" and made in accordance with the individual secret formula submitted by the applicant. That application was assigned Docket No. 6036.3-389-2 (a)-71.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in the opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices other than at retail for the sausage product known as "Blood and Tongue Sausage" and made by The Waldock Packing Company in accordance with the individual formula submitted to the Office of Price Administration with the application for this order shall be determined by the seller as follows:

(1) The base price for this product is established at the following amount per hundredweight:

\$24.50

NOTE: If sold not boxed, 50 cents per cwt. must be deducted from the above price.

(2) To the base price should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage which is not Kosher sausage, all beef sausage or sausage containing meat and meat by-products from swine only. In determining the proper zone differential to be added, the zone descriptions provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of "Blood and Tongue Sausage" to a wholesaler, peddler-truck-seller, or intermediate distributor, The Waldock Packing Company shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Blood and Tongue Sausage" have been established by the Office of Price Administration at the base price of \$24.50 per hundredweight, to which may be added the zone differentials provided in section 12 (b) of MPR 389 (See section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler-truck-seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That, with the first delivery of "Blood and Tongue Sausage" to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Blood and Tongue Sausage" have been established by the Office of Price Administration. We are required to inform you that if you are a retailer, you must figure your ceiling price for this item in accordance with the provisions of Maximum Price Regulation No. 336.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraph (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of the application not herein granted are denied.

(f) This Order No. 44 may be revoked or amended by the Price Administrator at any time.

This Order No. 44 shall become effective April 17, 1946.

Issued this 17th day of April 1946.

AMERICAN FOUNDRY AND FURNACE CO.
ADJUSTMENT OF MAXIMUM PRICES

Second Revised Order No. 109 under section 16 (b) (1) of Maximum Price Regulation No. 591. Specified mechanical building equipment. Adjustment of maximum prices for sales of certain specified furnaces manufactured by the American Foundry and Furnace Company of Bloomington, Illinois, and other products manufactured by them. Docket No. 6123-591.16-115.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 16 (b) (1) of Maximum Price Regulation 591, Revised Order No. 109 is designated second Revised Order No. 109 and is revised to read as follows:

(a) *Adjustment of maximum prices for the American Foundry and Furnace Company of Bloomington, Illinois.* (1) This order authorizes the American Foundry and Furnace Company, Bloomington, Illinois, to increase its net prices in effect in March, 1942 for its cast iron warm air furnaces and casings, including repair and service parts therefor, and miscellaneous cast iron and sheet metal products as covered by Maximum Price Regulation No. 591, to each class of purchaser by 18 percent.

(b) *Maximum prices for resellers.* The maximum prices for sales by a reseller of any of the commodities for which adjustment is granted the American Foundry and Furnace Company, (a) above shall be its maximum prices to each class of purchaser in effect on April 17, 1946, plus the actual dollars-and-cents increase in present acquisition costs effected by the American Foundry and Furnace Company of Bloomington, Illinois, pursuant to this second revised order.

(c) *Notification to all purchasers.* The American Foundry and Furnace Company shall send the following notice to every purchaser of the commodities covered by this second revised order at or before the time of the first billing after the adjustment granted is put into effect:

Second Revised Order No. 109 under section 16 of Maximum Price Regulation No. 591 authorizes an 18 percent increase in March 1942 net prices for sales of cast iron warm air furnaces and casings including repair and service parts therefor, and miscellaneous cast iron and sheet metal products as covered by Maximum Price Regulation No. 591, manufactured by the American Foundry and Furnace Company of Bloomington, Illinois.

Resellers may add the actual dollars-and-cents increase in their acquisition cost resulting from the adjustment granted the manufacturer, to their existing prices.

This amendment shall become effective April 18, 1946.

Issued this 17th day of April 1946.

[RMPR 506, Order 85]

GALENA GLOVE AND MITTEN CO

AUTHORIZATION OF MAXIMUM PRICES

Order No. 85 under section 4 (b) of Revised Maximum Price Regulation 506, Maximum Prices for Staple Work Gloves. Granting maximum prices to Galena Glove and Mitten Company and other sellers. Docket No. 6062-506-4b-34.

For the reasons set forth in an opinion issued simultaneously herewith, *It is ordered:*

(a) On and after April 18, Galena Glove and Mitten Company, Dubuque, Iowa, may sell and deliver to any purchaser, and such purchaser may buy from it, the staple work glove number enumerated in the following table at or below the prices set forth in Column A of this table. Wholesalers who purchase this number from Galena Glove and Mitten Company may make "regular sales" at wholesale of such glove, at or below the prices set forth in Column B of the table. Ceiling prices for "special sales" at wholesale shall be determined in accordance with section 3 (b) of Revised Maximum Price Regulation 506.

Style No.	Glove description	Column A Manufacturer's prices		Column B
		Group I, ceiling	Group II, ceiling	Wholesale prices
PT12	Men's gunn pattern, knit wrist, two thumb, nap out canton flannel glove (husking glove); thumbs 12 oz. brown flannel shell, 8 oz. white flannel liner; glove 12 oz. white.....	\$2.41	\$2.62	\$2.79

(b) The maximum prices authorized in paragraph (a) are subject to the following:

(1) The instructions for manufacturers and wholesalers which preface the No. 77-7

tables in Appendix A of RMPR 506, including those relating to the pricing of "seconds."

(2) The provisions in section 4 (a) of RMPR 506 with respect to a manufacturer's "wholesale percentage," and the quota of deliveries which must be made at Group I prices.

(3) The marking and informational requirements of section 6 of RMPR 506. In addition to these requirements, Galena Glove and Mitten Company, on all deliveries of the style number listed in paragraph (a), made pursuant to this order, on and after April 18, 1946, must place the letter "S" following the lot number or brand name stated on the label, ticket, or other device used to mark the gloves.

(c) The definitions in RMPR 506 shall apply to this order.

(d) Galena Glove and Mitten Company must furnish each of its customers, who, on or after April 18, 1946, purchased or purchases the style number listed in paragraph (a) for purposes of resale, a notice in the form set forth below. Galena Glove and Mitten Company must also notify each such customer (other than a seller at retail) that he is required in turn to transmit to his customers a copy of the notice set forth below. The notice may be attached to the invoice or may be stamped or printed on the invoice.

This notice is sent to you as required by Order No. 85 under section 4 (b) of Revised Maximum Price Regulation 506 issued by the Office of Price Administration. It lists ceiling prices fixed by OPA for the work glove number enumerated in the table below, manufactured by Galena Glove and Mitten Company.

OPA has ruled that Galena Glove and Mitten Company may sell this number at or below the prices listed in Column A below, subject to the provisions of section 4 (a) of RMPR 506 with respect to the quota of deliveries which must be made at Group I prices. Wholesalers in turn are authorized to make regular sales at wholesale of this number at or below the prices listed in Column B. Retailers will determine their ceiling prices on this number in accordance with section 2 of RMPR 506.

Style No.	Column A Manufacturer's prices		Column B
	Group I, ceiling	Group II, ceiling	Wholesale prices
PT 12 S.....	\$2.41	\$2.62	\$2.79

You will note that the letter "S" follows manufacturers' lot number or brand name. This letter indicates that these gloves have been specifically priced by OPA under section 4 (b).

(e) This Order No. 85 under Revised Maximum Price Regulation 506 may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

REGIONAL ADMINISTRATORS

DELEGATION OF AUTHORITY

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, General Order No. 68 is amended in the following respects:

1. The phrase "Building Materials and Construction Price Branch" in paragraphs (a) and (f) is amended to read "Building and Construction Price Division."

2. Section (b) (2) is amended to read as follows:

(2) Maximum prices thus set forth shall not exceed the general level of prices as fixed by the regulation which would otherwise be applicable; *Provided, however,* That where the existing level of prices so determined or the prices previously set under this order are no longer generally fair and equitable in the particular community or defined area, they may be adjusted to the extent necessary to eliminate such unfairness and inequity.

This Amendment No. 4 shall become effective April 17, 1946.

Issued this 17th day of April 1946.

COPCO STEEL AND ENGINEERING CO.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 160 under Revised Supplementary Order No. 119. Docket No. 6123—SO 119—58.

Adjustment of maximum prices—Steel Window Sash (Basement Residential) manufactured by the Copco Steel and Engineering Company, Detroit, Michigan.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 13 of Revised Supplementary Order No. 119, it is ordered:

(a) *Maximum prices for Copco Steel and Engineering Company, Detroit, Michigan.* (1) The above manufacturer may determine his maximum prices for his line of Steel Window Sash (Basement Residential) by increasing by 18 percent his prices in these items in effect on October 1, 1941 to each class of purchaser.

(2) Since the provisions of this order are not intended to reduce properly established maximum prices, the manufacturer may continue to use as his maximum prices to each class of purchaser his properly established prices in effect under Maximum Price Regulation No. 591 in the event that such prices exceed the prices in effect to each class of purchaser on October 1, 1941 plus the increase provided for in (1) above.

(3) The maximum prices set forth above shall be subject to discounts and allowances including transportation allowances and price differentials which are at least as favorable as those the manufacturer extended or rendered or would have extended or rendered to each class of purchaser on commodities in the same general category.

(b) *Resellers' maximum prices.* All resellers of the commodities covered by this order (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their presently established maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted the manufacturer by this order.

(c) *Notification to all purchasers.* The manufacturer shall send the following

notice to every purchaser of the commodities covered by this order at or before the time of the first invoice after the adjustment granted by this order is put into effect:

Order No. 160 under Revised Supplementary Order No. 119 authorizes an 18 percent increase in October 1, 1941 net prices for sales of steel windows Sash (basement residential) manufactured by this company.

Resellers (but not manufacturers who purchase such item for use in the manufacture of other products) may add to their existing maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment by Order No. 160.

(d) All prayers for relief not granted herein are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective April 18, 1946.

Issued this 17th day of April 1946.

(b) Retailers of articles which the manufacturer has sold at an adjusted maximum price determined under this order shall determine their maximum prices as follows:

(1) Retailers who must determine their maximum prices under Maximum

Price Regulation No. 580 shall compute their ceiling prices under that regulation as it has been modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.

(2) A retailer who determines his maximum resale price under the General Maximum Price Regulation shall compute his ceiling prices under that regulation as modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.

(3) The provisions of Supplementary Order No. 153 shall not apply to the determination of ceiling prices for resales of articles covered by this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances on sales to each class of purchaser in effect during March 1942, or thereafter, properly established under OPA regulations.

(d) The manufacturer shall file the report described in Section 5 of Supplementary Order No. 133 with the Office of Price Administration, Washington 25, D. C. He shall also comply with the invoicing and reporting provisions of sections 8 and 9 of Order No. 4800 under Maximum Price Regulation No. 188.

(e) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. FRUEHAUF TRAILER CO.

AUTHORIZATION OF MAXIMUM PRICES

Order No. 80 under Supplementary Order 142. Adjustment provisions for sales of industrial machinery and equipment. Fruehauf Trailer Company; Docket Nos. 6085-SO 142-452-10 and 6085-SO 142-136-2.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to Section 2 of Supplementary Order 142, *It is ordered:*

(a) Fruehauf Trailer Company is authorized to increase its maximum net prices in effect prior to the effective date of this order for truck trailers and extra, special and optional equipment sold as original equipment and trailer replacement parts by a percentage not to exceed 3.6 percent. The adjusted maxi-

mum prices shall be subject to the same discounts, extra charges and terms of delivery to the applicable class of purchaser in effect prior to the effective date of this order.

(b) Resellers of applicant's truck trailers and extra, special or optional equipment sold as original equipment shall increase resale list prices in effect prior to the effective date of this order by a percentage not to exceed 3.6 percent. The adjusted maximum prices are subject to the same discounts, extra charges and terms of delivery in effect prior to the effective date of this order.

(c) The applicant shall adjust resale list prices for its trailer replacement parts in accordance with Section 2 (d) (1) of Supplementary Order 142 as amended and shall notify resellers of the adjusted resale list price in accordance with section 10 of Maximum Price Regulation 452. In the case of maximum prices for non-list sales by resellers under Maximum Price Regulation 453, the applicant shall notify resellers of the dollar and cents amounts of adjustments in the applicant's non-list prices. Resellers shall determine adjusted maximum non-list prices in accordance with section 7 of Maximum Price Regulation 453.

This order shall become effective April 17, 1946.

Issued this 17th day of April 1946.

[SO 94, Rev. Order 105]

WAR DEPARTMENT ET AL.

SPECIAL MAXIMUM PRICES FOR REALES OF CERTAIN NEW MILITARY VEHICLES

Order No. 105 under Supplementary Order 94 is redesignated Revised Order 105 and is revised and amended to read as follows:

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and in accordance with section 11 of Supplementary Order 94, it is ordered:

(a) *What this order does.* This order establishes maximum prices for resales of any new self-propelled motor driven vehicle or any vehicle drawn by it, except those covered by Revised Price Schedule 85, originally sold to the War Department, Department of the Navy, United States Marine Corps, or the United States Coast Guard, and which have been or may be purchased from any United States Government agency.

(b) *Maximum prices.* (1) The maximum prices for resales of new self-propelled motor driven vehicles, except those covered by Revised Price Schedule 85, shall be as follows:

(i) For resales by a distributor to a dealer or exporter, the total of:

(a) The Government selling price increased by the application of a .95 divisor.

(b) A transportation charge from the location of vehicle at the time of the Government sale to the distributor's place of business, but not to exceed the lowest common or contract carrier rate.

(c) Assembly costs, if the vehicle has been assembled by the distributor, not to exceed \$175.00 for up to 2½ ton capacity and not to exceed \$250.00 for over 2½ ton capacity.

(ii) For resales by a dealer who purchases direct from the Government disposal agency, the total of:

(a) The price paid the Government disposal agency.

(b) A mark-up of 33% on the Government sales price if the vehicle is not over 1½ ton capacity or does not exceed 16,000 lbs. gross vehicle weight, and 42% if the vehicle exceeds such capacity or weight.

(c) A handling charge of \$15.00 per vehicle.

(d) A transportation charge from the location of vehicle at the time of the Government sale to the dealer's place of business, but not to exceed the lowest common or contract carrier rate.

(e) Assembly costs, if the vehicle has been assembled by the dealer, not to exceed \$175.00 for up to 2½ ton capacity and not to exceed \$250.00 for over 2½ ton capacity.

(iii) For resales by a dealer who purchases from a distributor, the total of:

(a) The price paid the Government disposal agency by the distributor.

(b) A mark-up of 38% on the Government selling price if the vehicle is not over 1½ ton capacity or does not exceed 16,000 lbs. gross vehicle weight, and 47% if the vehicle exceeds such capacity or weight.

(c) A handling charge of \$15.00 per vehicle.

(d) A transportation charge from the location of vehicle at the time of the Government sale to the dealer's place of business, but not to exceed the lowest common or contract carrier rate.

(e) Assembly costs, if the vehicle has been assembled by the distributor and the dealer has been billed for such charges or if the vehicle has been assembled by the dealer, not to exceed \$175.00 for up to 2½ ton capacity and not to exceed \$250.00 for over 2½ ton capacity.

(2) The maximum prices for resales of trailers shall be as follows:

(i) For resales by a distributor to a dealer or exporter, the total of:

(a) The Government selling price increased by the application of a .95 divisor.

(b) A transportation charge from the location of trailer at the time of the Government sale to the distributor's place of business, but not to exceed the lowest common or contract carrier rate.

(c) Assembly costs, if the trailer has been assembled by the distributor, not to exceed \$15.00 for up to 1 ton capacity and not to exceed \$75.00 for over 1 ton capacity.

(ii) For resales by a dealer who purchases direct from the Government disposal agency, the total of:

(a) The price paid the Government disposal agency.

(b) A mark-up of 42% on the Government sales price.

(c) A handling charge of \$15.00 per trailer.

(d) A transportation charge from the location of trailer at the time of the

Government sale to the dealer's place of business, but not to exceed the lowest common or contract carrier rate.

(e) Assembly costs, if the trailer has been assembled by the dealer, not to exceed \$15.00 for up to 1 ton capacity and not to exceed \$75.00 for over 1 ton capacity.

(iii) For resales by a dealer who purchases from a distributor, the total of:

(a) The price paid the Government disposal agency by the distributor.

(b) A mark-up of 47% on the Government sales price.

(c) A handling charge of \$15.00 per trailer.

(d) A transportation charge from the location of trailer at the time of the Government sale to the dealer's place of business, but not to exceed the lowest common or contract carrier rate.

Assembly costs, if the trailer has been assembled by the distributor and the dealer has been billed for such charges or if the trailer has been assembled by the dealer, not to exceed \$15.00 for up to 1 ton capacity and not to exceed \$75.00 for over 1 ton capacity.

(iv) In the event the actual assembly costs for any trailer exceed the amounts hereinbefore set forth, the distributor or dealer performing such services may apply to the Regional or District Office of the Office of Price Administration in the Region or District in which he is located for an allowance of his actual assembly costs and any Regional Administrator or District Director is hereby authorized to issue an order compensating him for such actual assembly costs.

(c) *Taxes.* There may be added to the maximum prices hereinbefore set forth the amount of any State and municipal tax upon, or incident to, the sale, delivery or use of such vehicle.

(d) *Invoice of sale.* Every reseller of any of the vehicles covered by this order shall furnish his purchaser with an invoice of sale setting forth the name of the Government disposal agency, the Government selling price and separately stating any assembly and transportation charges.

(e) *Export sales.* The maximum prices at which any seller may export any of the commodities covered by this order shall be determined in accordance with the provisions of Maximum Export Price Regulation, as revised.

(f) *Definitions.* (1) "Distributor" means any person who sells to purchasers for resale.

(2) "Dealer" means any person who sells to ultimate consumers.

(g) *Relation to other regulations and orders.* This order with respect to the commodities it covers supersedes any other regulation or order previously issued by the Office of Price Administration.

(h) *Revocation and amendment.* This order may be revoked or amended at any time.

This order shall become effective April 18, 1946.

Issued this 18th day of April 1946.

PAUL A. PORTER,
Administrator.

Regional and District Office Orders,
[Pittsburgh Order G-3 Under MPR 426]

FRESH FRUITS AND VEGETABLES IN
PITTSBURGH DISTRICT

For the reasons stated in an opinion issued simultaneously herewith and pursuant to the authority contained in section 8 (a) (7) of Maximum Price Regulation No. 426, this order is hereby issued.

SECTION 1. What this order does. This order determines that Cleveland, Ohio, and Buffalo, New York, are the customary carlot receiving points for the items listed in the appendices which are delivered to wholesalers in the Erie area described in section 2. Appendices A and B list the fresh fruits and vegetables affected by this order. Appendix A sets forth the lowest carlot transportation allowances which may be added to basing point prices at the customary carlot receiving points. Appendix B provides for less-than-carlot maximum hauling allowances which may be added to the total of the maximum basing point price and Appendix A allowances when deliveries are made from the customary carlot receiving points to the Erie area or from a carlot receiving point in the Erie area to a point outside the free delivery zone.

SEC. 2. Where this order applies. This order applies in the counties of Clarion, Crawford, Erie, Forest, Mercer, Venango, and Warren in the State of Pennsylvania.

SEC. 3. Freight from basing points to Cleveland and Buffalo. The freight from basing points to Cleveland or Buffalo, which may be added to the maximum basing point price, is the appropriate amount shown in Appendix A.

SEC. 4. Less than carlot hauling allowances. (a) A wholesaler, delivering in less than carlot quantities from the customary carlot receiving points to a wholesaler in the Erie area, may add the appropriate amount, indicated in Appendix B.

(b) A wholesaler, receiving a carlot in the Erie area, or a jobber, delivering from the premises of such carlot receiver to a point outside the free delivery zone, may add the appropriate hauling allowance in Appendix B.

(c) Appendix B allowances may not be added when a carlot is received and delivery is made within the free delivery zone.

SEC. 5. Definitions. (a) The term "free delivery zone", as used in this order, shall mean the area within the corporate limits of the municipality in which the carlot or trucklot is received.

(b) Unless the context otherwise requires, the definitions contained in Maximum Price Regulation No. 426 and in the Emergency Price Control Act of 1942, as amended, shall apply to other terms used in this order.

SEC. 6. Effective date. This order shall become effective at 12:01 a. m. on April 15, 1946.

[Pittsburgh Order G-2 Under MPR 426]

FRESH FRUITS AND VEGETABLES IN PITTSBURGH, PA., DISTRICT

For the reasons set forth in an opinion issued herewith, and pursuant to the authority contained in Maximum Price Regulation No. 426, this order is hereby issued.

SECTION 1. What this order does. This order establishes allowances which may be added to the maximum prices of certain fresh fruits and vegetables for certain delivered sales by service wholesalers and secondary jobbers, delivered to the premises of the buyer situated in the area described in section 2. In no case does this order apply to a carlot or pri-

mary receiver or anyone who receives a carlot or trucklot of an item named herein; no allowances are provided for such sales.

SEC. 2. Where this order applies. This order applies in the counties of Washington, Armstrong, Westmoreland, Beaver, Greene, Butler, Fayette, Lawrence, and Allegheny, in the State of Pennsylvania.

SEC. 3. Determination of Pittsburgh Free Delivery Zone. For the purpose of this order the Pittsburgh Free Delivery Zone includes Pittsburgh, Aspinwall, Avalon, Bellevue, Ben Avon, Braddock, Brentwood, Carnegie, Castle Shannon, Crafton, Dormont, Edgewood, Etna, Greentree, Homestead, Ingram, McKees

Rocks, Millvale, Mt. Lebanon, Mt. Oliver, Munhall, Rankin, Sharpsburg, Swissvale, Wilkinsburg.

SEC. 4. Determination of delivery allowances—(a) Within the Pittsburgh Free Delivery Zone. There shall be no additions for deliveries to purchasers located in the Pittsburgh Free Delivery Zone.

(b) Outside the Pittsburgh Free Delivery Zone. Secondary jobbers or service wholesalers, for sales delivered to the premises of purchasers located outside the Pittsburgh Free Delivery Zone, may add the following amounts to the maximum prices of secondary jobbers or service wholesalers for deliveries within the Pittsburgh Free Delivery Zone:

SEC. 5. Relationship to maximum price regulation No. 426. In determining total selling prices on the sales of those fresh fruits and vegetables enumerated in section 4, a service wholesaler or secondary jobber shall apply the following rules:

(a) The allowances established in this order, for service wholesalers and secondary jobbers making delivered sales to the premises of a purchaser located outside the free delivery zone, may be added to the ceiling prices determined under Maximum Price Regulation No. 426, and Order No. G-1 issued by the Pittsburgh District Office. Less than these maximum prices may always be charged.

(b) The additions set out in section 4 shall supersede any permitted additions for delivery outside of the free delivery zone of the wholesaler heretofore established under Maximum Price Regulation No. 426, as amended, or any order issued thereunder.

(c) For undelivered sales by service wholesalers and secondary jobbers whose places of business are located inside or outside the Pittsburgh Free Delivery Zone, there shall be deducted 5¢ per container under 50 lbs. gross weight, and 10¢ per container for containers 50 lbs. or more gross weight from the delivered prices computed according to this order.

SEC. 6. Definitions. (a) When used in this order, the term "delivered" means delivered to the buyer's premises and, in the case of retailers, delivered to the retail store. (b) Unless the context otherwise requires, the definitions set forth in Maximum Price Regulation No. 426, as amended, and in the Emergency Price Control Act of 1942, as amended, shall

apply to the other terms used in this order.

SEC. 7. Effective date. This order shall become effective at 12:01 a. m. on April 15, 1946.

[Region IV Order G-4 Under RMPR 251]

PLUMBING SERVICES, AND INSTALLED PLUMBING AND HEATING FIXTURES AND MATERIALS IN CHATHAM COUNTY, AND SAVANNAH, GA.

For the reasons set forth in the accompanying opinion and under the authority conferred upon the Regional Administrator for Region IV of the Office of Price Administration by section 9 of Revised Maximum Price Regulation 251, *It is ordered:*

1. This adopting order establishes dollars-and-cents ceiling prices for plumbing services and installed plumbing and heating fixtures and materials which ceiling prices are set forth in the appendix following section 3.

2. This order covers ceiling prices for plumbing services and installed plumbing and heating fixtures and materials in Savannah and Chatham Counties, Georgia.

3. All the provisions of Order No. G-2 (Basic Order No. 1) for Region IV, under section 9 of Revised Maximum Price

Regulation 251, are adopted in this order and are just as much a part of this order as if included herein. If Regional Order No. G-2 (Basic Order No. 1) under section 9 of Revised Maximum Price Regulation 251 is amended in any respect, all the provisions as amended shall likewise, without further action, be a part of this order.

APPENDIX

Maximum prices of plumbing services and sales of installed plumbing fixtures and materials. The maximum amount which may be charged for plumbing and allied services customarily performed in this area by plumbing contractors shall be the "maximum hourly service rates" as provided in sub-paragraph (a) below, plus the maximum prices of the plumbing fixtures and materials as set forth in sub-paragraph (b) and (c) below:

(a) *Maximum hourly service charge.* The maximum hourly charge for plumbing services shall be the straight time hourly rate set forth in Column A or the legal wages paid per hour multiplied by the markup in Column B, whichever is lower, together with any applicable overtime:

Types of labor service	Maximum hourly service rates	
	Column A Straight time charges per hour	Column B ¹ Markup factor of legal wage rates paid
Master plumber.....	\$3.00	\$1.64
Journeyman plumber.....	3.00	1.64
Apprentice plumber.....	1.25	1.64
Helpers or laborers.....	1.00	1.64

¹ In calculating the hourly service rate per hour in Column B, the resulting figure may be rounded to the nearest 25¢. In no instance, however, shall the resulting figure be in excess of the amount in Column A.

(b) *Maximum prices of installed plumbing fixtures and materials.* The maximum amount which may be charged for any fixture and materials, involved in the process of repairing or installing by plumbing contractors as defined in this order shall not exceed the manufacturer's list retail price or the invoice cost of such fixture or materials plus a markup not in excess of 33 1/3% on cost, whichever is less.

(c) *Maximum prices of sub-contracted work.* The maximum amount which may be charged for any necessary sub-contracted work such as sheet metal work, pipe covering, plastering, painting and electrical work, incidental to the installation or repair of plumbing shall not exceed the actual cost of such sub-contracted work plus a markup not in excess of 20% on cost.

This order may be revised, amended, revoked or modified at any time by the Office of Price Administration.

This order shall become effective April 8, 1946.

Issued March 27, 1946.

[Region VI Order G-31 Under RMPR 122]
PENNSYLVANIA ANTHRACITE IN CHICAGO REGION

Pursuant to the authority vested in the Regional Administrator of Region VI by § 1340.260 of Revised Maximum Price Regulation No. 122, as amended, and for the reasons stated in an opinion issued herewith, it is ordered:

(a) *What this order does.* This order adjusts the maximum prices for the sale of Pennsylvania Anthracite of all dealers whose coal is obtained from all rail and dock facilities and whose maximum prices for the sale of such solid fuels are now established under area pricing orders of Region VI of the Office of Price Administration.

(b) *Geographical applicability.* This order applies to all sales where the buyer receives physical delivery within the areas covered by each area pricing order in Region VI, which includes the states of Illinois, Iowa, Minnesota, Nebraska, North Dakota, South Dakota, Wisconsin, and Lake County, Indiana.

(c) *Price adjustments.* (1) On Pennsylvania anthracite obtained from mines by all rail or dock facilities, the sale of which is covered by maximum prices established by Region VI Orders G-1 to G-16 under Revised Maximum Price Regulation No. 122 inclusive, and appendices thereto, and any other Region VI area pricing orders issued under that regulation, such maximum prices for Pennsylvania anthracite received by a dealer which has been identified by his supplier prior to its resale as anthracite with an ash content in excess of OPA quality standards shall be the maximum prices established by such various area orders less the following amounts:

	<i>Per ton</i>
Egg, stove, and nut.....	\$1.00
Pea.....	.80
Buckwheat No. 1.....	.60
Rice (buckwheat No. 2).....	.50

Such anthracite shall be kept separate in storage and delivery from all other anthracite.

(2) All dealers covered by this order selling Pennsylvania Anthracite which has been identified by his supplier prior to its resale as anthracite with an ash content in excess of OPA quality standards, must place the following legend on the invoice, sales-slip, or receipt:

Price reduced because of high ash content.

(d) This Order No. G-31 shall remain in effect in each area covered by a Region VI area pricing order until such area order is amended to reflect the price adjustment provided herein and to supersede this Order No. G-31.

(e) *Effect of order on Revised Maximum Price Regulation No. 122.* Insofar as any provisions of this order may be inconsistent with any provision of Revised Maximum Price Regulation No. 122, as amended, the provisions contained in this order shall be controlling. Except as herein otherwise provided, the provisions of Revised Maximum Price Regulation

No. 122, as amended, shall remain in full force and effect.

(f) This order may be revoked, amended, or modified at any time.

This order shall become effective immediately.

Issued this 4th day of April 1946.

R. E. WALTERS,
Regional Administrator.

(ii) Mine index Nos. 52, 53 and 132 only-----	15.25
(iii) Mine index Nos. 55 and 116 only-----	15.45
(iv) Mine index Nos. 40, 77 and 117 only-----	15.70

In appendix No. 15, paragraph (b), Price Schedule, subsection III is amended to read as follows:

	Delivered per ton
III. High volatile bituminous coal from district No. 15 (Kansas, Missouri, and part of Oklahoma):	
A. Production group No. 1 (all mines located in Cherokee, Crawford, Bourbon, Neosho, Labette and Wilson Counties, Kans.; and Barton, Jasper, Dade, Cedar, and that portion of Vernon County lying south of an east and west line drawn through the town of Nevada, Mo.) (strip mines):	
1. Washed egg—size group No. 3 (all wished double screened coals with a top size larger than 3" but not exceeding 10", bottom size 1 1/4" and smaller, including 3" x 1 1/4")-----	\$9.58
2. Standard nut—size group No. 6 (double screened coals with top size larger than 2" but not exceeding 3"; bottom size 1 1/4" and smaller, including 3" x 1 1/4")-----	9.23
3. No. 2 nut—size group No. 7 (double screened coals with a top size larger than 1 1/4" but not exceeding 2") washed coal only-----	8.68
4. Stoker—size group No. 11 (double screened coals with a top size 1 1/4" and smaller, bottom size larger than 1/4" but not exceeding 3/8")-----	8.23
B. Production group No. 2 (all mines in Linn County, Kans.; and Bates, Henry, St. Clair, Miller, Morgan, Pettis and Johnson Counties; and that portion of Vernon County lying north of an east and west line drawn through the town of Nevada in Missouri) (strip mines):	
1. Furnace or egg—size group No. 3 (double screened coals with a top size larger than 3" but not exceeding 10", bottom size larger than 1 1/4")-----	8.83
C. Production group No. 3 (all mines located in Boone, Callaway, Audrain, Randolph, Clark, Macon, Moniteau, Linn, Grundy, Harrison, Adair, Chariton, Schuyler, Putnam, Cole, Howard, Monroe, Warren, Lincoln, Sullivan and Ralls Counties in Missouri) (strip mines):	
1. Furnace or egg—size group No. 3 (double screened coals with a top size larger than 3" but not exceeding 10", bottom size larger than 1 1/2")-----	8.88
2. Fancy nut—size group No. 5 (double screened coals with a top size larger than 2" but not exceeding 3", bottom size larger than 1 1/4")-----	8.38
3. Special stoker—size group No. 11 (double screened coals with a top size 1 1/4" and smaller, bottom size larger than 1/4" but not exceeding 3/8")-----	7.83
4. Washed screenings—size group No. 13 (all washed screenings top size not exceeding 1 1/4" x 0)-----	7.43
D. Production group No. 10 (all mines located in McIntosh and in Okmulgee Counties, Okla.):	
1. Lump—size group Nos. 1 and 2 (all single screened lump coal with a bottom size 3" and smaller; all double screened coals with a top size larger than 10") from deep shaft mines only-----	12.30

	Delivered per ton
III. High volatile bituminous coal from district No. 15—Continued.	
D. Production group No. 10—Con.	
2. Special stoker—size group No. 11 (double screened coals with a top size 1 1/4" and smaller, bottom size larger than 1/4" but not exceeding 3/8") from deep shaft mines only-----	\$9.60
E. Production group No. 11 (all mines located in Tulsa, Wagoner, Roger, Craig and Nowata Counties, Okla., and all that part of Muskogee County, Okla., north of a line drawn straight east and west across Muskogee County, along the southern limits of the town of Perum, Okla.) (strip mines):	
1. Lump—size group Nos. 1 and 2 (all single screened lump coal with a bottom size 3" and smaller; all double screened coals with a top size larger than 10")-----	10.68
2. Standard nut—size group No. 6 (double screened coals with a top size larger than 2" but not exceeding 3", bottom size 1 1/4" and smaller)-----	10.03
3. Special stoker—size group No. 11 (double screened coals with a top size 1 1/4" and smaller, bottom size larger than 1" but not exceeding 3/8")-----	9.18

This Amendment No. 116 to Order No. G-16 shall become effective March 25, 1946.

FEDERAL POWER COMMISSION.

[Docket No. G-713]

MISSISSIPPI RIVER FUEL CORP.

NOTICE OF APPLICATION

APRIL 15, 1946.

Notice is hereby given that on April 5, 1946, an application was filed with the Federal Power Commission by Mississippi River Fuel Corporation (Applicant), a corporation organized under the laws of the State of Delaware and having its principal place of business at St. Louis, Missouri, and authorized to do business in the States of Illinois, Missouri, Arkansas and Louisiana, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain additional facilities to its existing natural gas transmission system, as hereinafter described.

Applicant owns and operates a natural gas transmission system commencing with a main compressor station at Perryville, Louisiana, in the Monroe Field in northern Louisiana, and continuing with a main trunk transmission line through the States of Louisiana, Arkansas and Missouri into the State of Illinois. It purchases natural gas in the Monroe gas field and transports and sells same to utility distributing companies for resale for domestic, commercial and industrial purposes, and also sells gas directly to industrial consumers for consumption. Its principal sales take place in the States of Illinois and Missouri in the vicinity of Alton, East St. Louis and St. Louis.

Applicant proposes to construct and operate certain additional facilities to its existing natural gas transmission system, by which it proposes to increase the deliverable capacity of its pipe line system by approximately 50 million cubic feet per day to an estimated 183 million cubic feet per day. This is to be done by constructing a series of loop lines and adding additional horsepower at all of Applicant's compressor stations except the Perryville Station. The looping will consist of 264.5 miles of 22-inch line, 13 miles of 12-inch line and 1 mile of 6-inch and 10-inch manifold river-crossing lines. The loop lines will consist of a series of partial loops in each section of the line up to Twelve Mile Station, and about 18 miles north of that station a 22-inch loop line will extend in a northeasterly direction and cross the Mississippi River in the vicinity of St. Genevieve, Missouri, and then continue in a northerly direction through the State of Illinois to a point of connection with the present Alton line of Applicant where the same crosses the Mississippi River. The loop line will then continue along the Alton line for approximately 9 miles to a point near the city limits of East St. Louis, Illinois.

In addition to the 264.5 miles of 22-inch loop line, 13 miles of 12-inch loop lines and 1 mile of 6-inch and 10-inch manifold river-crossing lines, Applicant seeks authorization to install the following compressor units:

Number of units—horsepower compressor units:	Location
2-600	Crosset Station.
2-1,000	Glendale Station.
2-600	Sherrill Station.
1-1,000	West Point Station.
3-600	Nuckles Station.
1-1,000	Biggers Station.
1-1,000	Neelyville Station.
1-1,000	Twelve Mile Station.

Applicant stated that the service proposed to be rendered by Applicant is primarily that of meeting the increased demands of Applicant's existing customers, both utility customers to which gas is sold for resale and industrial customers to which gas is sold for consumption. All of the utility customers have shown increased demands during the past winter which were much greater than had been anticipated, and in order to meet these increased demands and the increased demands of Applicant's industrial customers Applicant states it is necessary for it to construct the proposed facilities.

It is also proposed to render additional service by selling natural gas to Missouri Natural Gas Company, a utility distributing company in southeastern Missouri, which is one of Applicant's existing customers and which proposes to distribute natural gas for all purposes in the following communities:

	Population
St. Genevieve, Mo.	3,000
St. Marys, Mo.	650
Perryville, Mo.	4,000

Estimated customers are 1200, and the estimated annual consumption of natural gas will be 80 million cubic feet.

Applicant proposes to connect additional main line customers in Missouri located in the vicinity of St. Genevieve, these being Mississippi Lime Company, St. Genevieve Lime Company and Peerless White Lime Company. These prospective customers will use natural gas for industrial use in the operations of their lime plants and will purchase gas on both a firm and interruptible basis.

The Missouri Natural Gas Company is the only gas company in southeastern Missouri and purchases all of its natural gas from Applicant. Other gas companies in the territory served by Applicant are Laclede Gas Light Company and St. Louis County Gas Company, both of which purchase natural gas from Applicant and serve a mixed gas in the city of St. Louis and St. Louis County; and Illinois Power Company and Union Electric Company of Illinois which purchase from Applicant natural gas and distribute it in the communities of East St. Louis and its environs, and Alton. All of said companies supply the general public with mixed or natural gas service in the areas in which Applicant is operating and proposes to operate. There are no natural gas pipe line companies in this area. No gas companies operate in that portion of the State of Illinois from Applicant's proposed crossing of the Mississippi River to the junction with its existing Alton line.

Applicant states that its natural gas supplies are obtained from Hope Producing Company, Interstate Natural Gas Company, Inc., Southern Carbon Company, United Carbon Company and United Gas Pipe Line Company. All of the suppliers, other than United Gas Pipe Line Company, will be supplying their contract requirements from the Monroe Field under contracts heretofore made and expiring in the year 1951. Applicant has recently, on September 7, 1945, entered into a new agreement with United Gas Pipe Line Company under which its quota of Applicant's gas requirements will come from the Carthage Field in Texas, and under which agreement Applicant can call upon United Gas Pipe Line Company to meet Applicant's full requirements, including any deficiency not served by its other producers, for a period of 20 years ending in 1966.

Applicant's proposed total capacity after the installation of the additional facilities will be 195,000 Mcf at Perryville, and its total sales capacity will be 183,000 Mcf. The discharge of its compressor stations will be 415 pounds to 425 pounds, and the suction pressure will vary from 200 pounds to 306 pounds.

Applicant further states that Applicant has been engaged in selling natural gas in the territory through which it operates and primarily in the St. Louis-East St. Louis-Alton area since 1930, during which time Applicant's sales of natural gas have increased substantially, and particularly during the past three years the increased demands made by utility customers for service from Applicant have continually increased. It was not expected that the demands made upon Applicant's system would exceed its capacity to make deliveries for some period of time, but in December of 1945 unexpected demands were made upon Applicant's capacity which resulted in the delivery on December 19, 1945 of 91,156,000 cubic feet of natural gas to its utility customers. The highest previous peak day was 70,604,000 cubic feet. In order to supply these utility customers and to meet the demands of domestic and commercial consumers it was necessary for Applicant to cut off and interrupt all of its firm, direct-sale gas customers for a period of about 24 hours. This resulted in a number of shutdowns of plant operations and the loss of time and service by hundreds of employees, but it was necessary to do this in order to protect the domestic consumers.

Applicant's present industrial consumers are planning increases in their plant capacities and have advised Applicant that they will require additional quantities of natural gas. Applicant also has had inquiries from present industrial concerns in the St. Louis-East St. Louis-Alton area seeking additional gas, and from new concerns which are proposing to build plants in that area.

Applicant estimates the total overall cost of the proposed additional facilities will be \$11,574,000. This does not include any cost of financing, which is not known, and is made up of estimates consisting of the following:

Additional compressor units, 10,- 200 hp.....	\$1,173,000
22" loop line, 264.5 miles.....	9,792,000
12" loop line, 13.0 miles.....	234,000

Regulator and meter stations....	\$50,000
Relocation of Nuckles Station....	25,000
Total.....	11,574,000

Applicant proposes to finance such additional facilities by a bank loan and by long-term borrowing from institutional lenders. Negotiations are currently under way, but as yet no commitment has been made from any financial source for consummating said loan. However, Applicant believes that it will be able to finance the total construction costs in the manner indicated.

Applicant has submitted a pro forma statement showing estimates of total revenues expected from the proposed new facilities, total fixed charges and total operating expenses, as follows:
