1. Returned.

2. Examination and study of the proposed T/O's prepared by all Mil Govt Teams shows a wide variance. It is understood that all teams are understaffed in Officers, DAC's and Enlisted Men. However, a reasonable viewpoint should be taken considering the strength of the Army as a whole, possible housing of personnel of all categories, and the absolute necessities of each team. The proposed T/O's show either too little or too great an increase over the present T/O's.

3. It has never been possible to fill the present T/O with DAC's and it is doubtful if this condition will improve in the future, so the expectation of filling such an increase of that category is not considered reasonable.

4. The majority of EM should be of relatively high rank in order to have some prestige in their work and contacts with civilian authorities and other representatives of the community. It is not considered necessary or advisable to have EM as cooks, drivers, mechanics, or in most cases clerks. The driver situation will have to be solved by schools conducted by the Motor Officer and Motor Sergeant.

5. A sample T/O for an Intermediate Team is attached hereto. It is recognized that this will not fit all teams, nor is it meant to. It is submitted only as a guide. Variation is welcomed and desired, within reasonable limits. Consideration has been given to the fact that conferences, leave, illness, etc. is a personnel consuming factor and allowances were made accordingly. Thus, each section should include at least 2 officers or DAD equivalent.

6. The number of Officers, Enlisted Men and DAC's listed below for each type team is considered a total which might be approved by higher authority. An increase for teams operating ports will be necessary. A suggested strength is as follows:

AFO #24 Unit 3

SUBJECT: Suggested Table of Organization for Major Military Government Team

TO : Commanding Officer
Kyushu Mil Govt Region
Hq & Hq Det, AFO #929

1. In compliance with 1st Ind your Hq to Ltr this Hq dated 27 September 1947, subj: "Planning Table of Organization for Military Government Units", submitted herewith suggested T/O in quadruplicate.

2. Each section of this Team was planned to be self sufficient.

3. It is pointed out that this Team has three (3) ports located within its prefecture that necessitate a Port Quarantine Officer on duty with each facility. Ports are located at Nagasaki, Sasebo and Hario. One (1) Captain to supervise the three ports has been indicated on suggested T/O. Military Police are shown on a separate section. At present this organization has five (5) MP's on DS from the 34th Infantry to police this city during visits of merchant and Allied ships. No tactical troops are available in this city for this necessary detail.

4. No enlisted drivers have been shown on suggested T/O pursuant to 1st Ind your Headquarters. This Hqs feels that supplementing T/O with Japanese drivers is not desirable as their qualifications are not such to make this practicable or economical to the Government. For over one (1) year this Hqs has made every effort to secure the best qualified Japanese drivers available, to give these drivers a strict training program and to enforce 1st echelon maintenance. Despite all these measures the rate of deadlined vehicles while using Japanese drivers indicates their use undesirable. It is pointed out that Army T/Os do to be

5-410

assign one (1) driver to be with each vehicle. It is difficult to see why Military Government should be made an exception.

2. The inclosed suggested Table of Organization for Kagoshima Mil Govt Team will meet the personnel requirements of this team at any foreseeable period of peak operations, when augmented with Japanese employees.

3. Under this T/O, Labor has been established as a separate section, due to the instigation of a labor training program, and the expansion of labor surveillance.

4. Service troops, (such as mechanics, cooks, etc.) have been cut to an absolute minimum. Present Japanese Labor Manning Tables allow for sufficient Japanese personnel to perform these duties.

5. Of primary importance on this suggested Table of Organization is the increased number of vehicles. A large increase is required if the personnel provided for are able to perform efficiently. A nominal increase of vehicles would increase the efficiency of this team under its present T/O.

DECLASSIFIED E.O. 12065 SECTION 3

1. a. To fully carry out all of the functions of Military Government, this team must have a staff of Japanese Nationals in addition to the following American Personnel:

Officers	-- 16
Enlisted Men	- 45
D.A.C.	-- 12
	73

b. 85 to 100 Japanese Nationals will be required to completely round out all of the functions of the team. These will be required as interpreters, investigators, clerks, typists, drivers, cooks, mess attendents, laborers, maids, cleaners, etc.

2. In addition to the above four (4) ports have been designated to be opened, necessitating the use of troops as Customs and Quarantine detachments. It is contemplated that two (2) officers and four (4) enlisted men be assigned to this duty for each port.

3. D.A.C.'s can be substituted for all officers and non-commissioned officers other than those covered under Administration and Troops.

4. Transporation required is as follows:

2- Sedans
2- Trucks, 2½ Ton 6x6
2- Trucks, 3/4 Ton
20- Trucks, 1/4 Ton
2- Trailers, 1 Ton
10- Trailers, 1/2 Ton

SUBJECT: Transmittal of Personnel and Ordnance Requirements

COMMANDING OFFICER, Kyushu Military Government Region, APO 929

1. Submitted herewith is the Personnel and Ordnance Equipment Requirements as deemed necessary for the proper and complete functions of this Team.

2. This report is based on the assumption and it is the hope that more experienced and mature personnel will be assigned. Personnel are required to do a great amount of work alone. While on inspections and in the office, it is necessary to make decisions, initiative and mature judgement are essential to be able to gain and maintain the respect of the Japanese populace.

Commanding Officer, Saga Mil Govt Team, APO 929

1. Returned.

2. Examination and study of the proposes T/O's prepared by all Mil Govt Teams shows a wide variance. It is understood that all teams are understaffed in Officers, DAC's and Enlisted Men. However, a reasonable viewpoint should be taken considering the strength of the Army as a whole, possible housing of personnel of all categories, and the absolute necessities of each team. The proposed T/O's show either too little or too great an increase over the present T/O's.

3. It has never been possible to fill the present T/O with DAC's and it is doubtful if this condition will improve in the future, so the expectation of filling such an increase of that category is not considered reasonable.

4. The majority of EM should be of relatively high rank in order to have some prestige in their work and contacts with civilian authorities and other representatives of the community. It is not considered necessary or advisable to have EM as cooks, drivers, mechanics, or in most cases clerks. The driver situation will have to be solved by schools conducted by the Motor Officer and Motor Sergeant.

5. A sample T/O for an Intermediate Team is attached hereto. It is recognized that this will not fit all teams, nor is it meant to. It is submitted only as a guide. Variation is welcomed and desired, within reasonable limits. Consideration has been given to the fact that conferences, leave, illness, etc. is a personnel consuming factor and allowances were made accordingly. Thus, each section should include at least 2 officers or DAC equivalent.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNBS

6. The number of officers, Enlisted Men and DAC's listed below for each type team is considered a total which might be approved by higher authority. An increase for teams operating ports will be necessary. A suggested strength is as follows:

MINOR TEAM

Officers	Enlisted Men	DAC
9	32	8

INTERMEDIATE TEAM

Officers	Enlisted Men	DAC
12	38	10

MAJOR TEAM

Officers	Enlisted Men	DAC
16	45	12

7. A new T/O along the aforementioned lines will be prepared in five copies and forwarded so as to reach this headquarters on or before 7 October 1947.

1. Reference: TWX, this headquarters, Cite #GE615, dated 232330/Z.

2. All Mil Govt units, Kyushu, have been requested to write up and submit a T/O that will fit the needs of each organization. This T/O is in no way connected with nor will it affect existing approved manning tables for Japanese labor. Correspondence concerning the above to reach this headquarters in five copies not later than 30 September 1947. Special couriers will be dispatched if necessary.

3. Subject T/O will include the suggested ratings and the number of Officer, Enlisted Men and War Department Civilians necessary to fully staff and fully operate a Mil Govt unit that would be at full operating strength as suggested by your proposed T/O.

4. It is suggested that the T/O be made up to fit the needs of each particular Mil Gov Team as of April 1948. This date is arbitrary and is only used as a suggested time due to the work load imposed upon Mil Gov units in the spring of the year when crop planting, crop surveying, land surveying, construction, yearly planning, etc. places a heavy strain on all section of Mil Govt operations.

5. In the past, no provisions were made in the T/O for couriers, teletype operators, mess, motor pool, orderly room, supply, message center, reports section, port quarantine, customs, immigration, etc. Personnel to operate all of the above were drawn from existing personnel within the organization or else filled by Japanese hired on the Occupation Force payroll. It is requested that all Unit Commanders give careful

DECLASSIFIED E.O. 12065 SECTION 3-402/NNBS NO.

consideration to housekeeping and overhead requirements so as not to drain personnel from those sections that are engaged in the operational aspect of Mil Govt.

6. It is the opinion of this headquarters that Mil Govt is an operating agency that should be staffed with highly skilled technicians and specialists. The need for Enlisted Men in Grades 5, 6 and 7 should be slight due to the high calibre of men required and due to the specialized nature of Mil Govt operations which require individuals who must have the respect of the Japanese at all times.

7. Attached herewith as Inclosures #1 and #2 are suggested forms which may be used to indicate the personnel required and the build-up of the proposed T/O. Utilization of this form will assist in presenting a uniform request to higher headquarters and its use is recommended.

8. Justification for increase in personnel should be explained in accompanying basic communication and aforementioned inclosures used only to indicate the number and grade of personnel desired and what their duties would be.

9. In line with the proposed T/O it is also requested that consideration be given to the transportation requirements and that the needs of each unit be indicated on a form as suggested by Inclosure #3.

NOTES TO ACCOMPANY

ORGANIZATIONAL CHART FOR MILITARY GOVERNMENT UNITS IN JAPAN

Note (a) - Procurement officers are not provided in unit schedules of organizational chart except in the case of the Tokyo-Kanagawa Military Government District, Hq, and Hq. Co., because of the variable procurement load prevailing in the different prefectures. To provide for this contingency, additional officers and civil service employees are allotted as indicated in Note (d) below. The estimated requirements for full time procurement personnel are as follows:

IX Corps - Tohoku Reg. Det. (2); Hokkaido Team (4); Miyagi Team (3); Saitama Team (2)

I Corps - Kinki Reg. Det. (1); Aichi Team (3); Kyoto Team (2); Hyogo Team (4); Osaka Team (7); Fukuoka Team (3)

Chugoku Region - Okayama Team (1); Hiroshima Team (2)

Note (b) - Two (2) additional officers are allotted to the Kinki Reg. Det. for special assignment as custodial officers at the Osaka Mint (provided for in Note (d) below).

Note (c) - Two (2) additional officers (or civil service employees) are allotted to the Kinki Reg. Det. for Export-Import affairs (provided for in Note (d) below).

Note (d) - Additional officers and civil service personnel, not included in unit schedules of organizational chart, are allotted to the following regional detachments to provide for the special functions indicated in Notes (a), (b) and (c) above. These spaces are included in tables referred to in paragraphs 1 a and 1 b of Letter of Instructions - Military Government Units in Japan.

	Officers	Civil Service Employees
Tohoku Reg. Det.	6	5
Kinki Reg. Det.	11	13
Chugoku Reg. Det.	3	0

Appropriate headquarters are authorized to attach these bulk allotment personnel to subordinate military government units as necessary to augment the strength of units performing the special missions indicated in Notes (a), (b), and (c) above.

Note (e) - Organizational chart positions, for which no personnel are specifically provided either in the basic chart or in Note (d) above, must be filled by assigned or attached personnel in addition to their primary duty.

1. Reference is made to Eighth Army radio, cite DX 75121 FD, dated 26 June 1946, which directed the inactivation of all military government units under control of this headquarters; and to Eighth Army radio, cite DX 73195 DB, dated 27 June 1946, which contained instructions as to disposition of morning reports. The instructions contained therein are republished in Inclosure 1 hereto.

2. Effective 0001 Item, 1 July 1946, and pursuant to paragraph 5, AR 220-5, dated 16 December 1944; and letter, GHQ AFPAC, file AG 320.3 (27 June 46), GA, subject: "Allotment of Theater Overhead Grades and Strength", dated 27 June 1946, the Bulk Authorization Units designated in Inclosure 2 hereto are hereby established, and are assigned and attached as indicated.

3. Effective 1 July 1946, the personnel and equipment, formerly assigned to each Military Government unit which is being inactivated 30 June 1946, are reassigned to the Bulk Authorization Unit being established 1 July 1946 as indicated in Inclosure 3 hereto. Previous radio instructions that all personnel and equipment are reassigned to Military Government Section, Headquarters Eighth Army, are revoked. Effective 10 July 1946, Corps Commanders, and Military Government Region Commanders directly under this headquarters, will effect such redistribution of personnel and equipment as is necessary to fill up remaining Bulk Authorization units established under their control by Inclosure 2 of this order, but not listed in Inclosure 3. Detailed Tables of Organization, and Tables of Equipment and Supply Allowances are prescribed in Inclosures 4 and 5 hereto (to be published later). Upon publication of these tables, personnel will be reassigned or absorbed as necessary in order to meet authorized strengths, and equipment will be requisitioned or turned in as necessary.

4. Morning reports prepared as of 30 June 1946 for each inactivated unit will be completed to indicate the unit to which personnel are being reassigned and these morning reports will be disposed of in accordance with existing regulations. Morning reports prepared from 1 July 1946 to date of receipt of this letter and retained as directed in Eighth Army radio, Cite DX 73195 DB, will now be completed to designate the appropriate unit listed in Inclosure 3 hereto, and will be forwarded in accordance with existing regulations.

5. Custody of funds of each inactivated unit will be transfer-

red to the commanding officer of each corresponding Bulk Authorization unit indicated in Inclosure 3. No expenditures will be made until final disposition of these funds has been directed by this headquarters (see Inclosure 6 when published).

6. In order to clarify the duties, responsibilities, and courts martial jurisdiction of commanding officers, it is hereby directed that the Bulk Authorization units established by this order will correspond to the echelons of command as indicated below:

MG District	Separate Regiment
MG Region	Separate Regiment
MG Team	Separate Battalion

7. Reports of inactivation will be submitted as prescribed in Inclosure 1. Reports of completion of establishment of bulk authorization units indicating designation, location, attachment, and further attachment, will be submitted to this headquarters by Corps, and by Military Government District and Region Commanders not attached to a corps.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNBS

WD RR 1-1, Section IV, Paragraph 17.

17. Perfection of Personnel Records.

These records, including medical, are the bases upon which the War Department and the Veterans Administration must adjust individual problems throughout the lifetime of the veterans of this war. Continuing experience with similar records from World War I has proved that there is no such thing as an inconsequential detail in any personnel record. Therefore, the commanding generals of theaters and major commands will insure that the records of each officer and enlisted person are perfected in the manner required by current regulations prior to the departure of an individual from their commands. Well-qualified teams of trained personnel will be stationed in overseas ports, disposition centers, reception stations, and separation centers for the purpose of reviewing and correcting these records. Final entries on discharge certificates will show separation from the last tactical or administrative and tactical unit, or similar element to which he was assigned, rather than from the element of which he was a part while moving to a disposition center, reception station, or separation center.

WD RR 1-6, Section VIII, Paragraph 37.

DISPOSITION OF ORGANIZATIONAL RECORDS

37. Elements Demobilized Overseas.

a. Records of category IV elements demobilized in overseas theaters and commands will be retired to the temporary records depot established in the theater or command for preliminary processing and periodic shipment to Organization Records Branch, Office of The Adjutant General, Savannah Army Service Forces Depot, Savannah, Georgia, as described in Circular No. 416, War Department, 1944, subject: War Department Records Administration Program.

b. Clinical records and noncurrent administrative files of military hospitals demobilized in overseas theaters and commands will be handled in accordance with the instructions of the commanding generals thereof. X-ray films no longer required will be salvaged in accordance with current theater policy.
