SPOT INTELLIGENCE

Hour: 1125
Date: 10 October 1949

SUBJECT: Chinese Celebration of 10 October

TO : Chief of Staff

1. Information:

a. Reference is made to Spot Intelligence Report, subject as above, dated 1400 hours, 9 October 1949, which reported additional information concerning the Chinese celebration to be held in KYORITSU Public Hall, Kanda, Tokyo.

b. Information contained in reference spot was obtained from usually reliable Japanese sources. Since there is a slight variance, in part, with information in the previous spot, same subject, the following information is submitted to clarify the apparent discrepancy.

c. The Chinese organizations are the real sponsors of the celebration, however a Communist dominated preparatory committee is apparently using the occasion to launch the "China-Japan Friendship Society", and while the celebration is historically cultural and social in nature, the occasion is apparently being used as a cover for political activities in support of the Chinese Communists.

2. G-2 Comment: MIYAZAKI Koichiro, reported to be the responsible person for the rally, is a member of the Japan Communist Party and has figured prominently in many previous communist rallies and demonstrations. One of the speakers, HIRANO Gitaro, heads the China Research Institute, a well known Communist front organization; UCHIYAMA Kanzo, the second speaker, is a prominent sino-phile who recently accompanied NOSAKA Sanzo (JCP leader) on a speaking tour in Japan to encourage trade with the Chinese communists.

3. Action:

a. CIC continues to observe.

SPOT INTELLIGENCE

Hour: 1300

SUBJECT: Chinese Celebration of 10 October

TO : Chief of Staff

1. Information:

a. On 10 October, Chinese organizations plan a grand celebration in the KYORITSU Public Hall, Kanda, Tokyo, at 1300 hours. As announced in Akahata, 6 October, this "Double Tenth" celebration will have a three-point program: (1) to commemorate the founding of the Chinese Republic by Sun Yat-sen, (2) to honor the establishment of the new "Peoples' Republic" in China, and (3) to inaugurate a "China-Japan Friendship Society".

b. The following organizations are sponsoring the rally:

General Association of Overseas Chinese Residing in Japan ("a Communist-controlled unit", according to a member of the Chinese Mission), Tokyo Chinese Merchants Federation, and the Chinese Alumni Association in Japan.

2. G-2 Comment:

a. Formation of the "China-Japan Friendship Society" has long been urged by the Japan Communist Party. Presumably, it will be patterned after the "Sino-Soviet Friendship Society", recently established in Peiping by Chinese Communists, and the "Japan-Soviet Friendship Society" already existing in Japan under Soviet guidance. Organizations promoting this Society are said to be the China Research Institute and Democracy Protection League (two influential Communist front organizations), and the General Chinese Association, now reportedly dominated by left-wingers.

b. It is thought that the 10 October celebration may develop into a pro-Chinese Communist demonstration.

3. Action:

a. CIC will observe and report any developments.

b. Following agencies notified: ADC, Deputy Chiefs of Staff, SCAP & FEC, DS, GS, PM, A-2 FEAF, Hq & Sv Gp, G-2 8th Army.

SUBJECT: Defection of Chinese Nationalist Diplomatic Corps in Paris

TO : Chief of Staff

1. Information:

a. Reference International News Service release, dated 7 Oct 49, which contains the following information regarding the defection of the Chinese Nationalist diplomatic corps in Paris, France:

(1) Members of the Chinese Nationalist diplomatic corps in Paris were reported Thursday to have turned Communist and refused to let the Nationalist Ambassador-designate into the Embassy building.

(2) The regular Chinese Ambassador TSIEN Tai was injured in an automobile accident ten days ago. The Nationalist Government at Canton regarded TSIEN as having resigned, and ordered TUAN Mao-lan, Counselor to the London Embassy, to assume the position of Ambassador.

(3) The Paris staff has barred the new appointee from the Embassy, reportedly because of a wholesale "conversion" to Communism.

2. G-2 Comment/Deductions:

a. This is the first available information regarding reaction of Nationalist diplomatic personnel in foreign countries to the formation of the Communist People's Republic of China. It may be an indication of the degree to which the Communists have infiltrated loyal members of their party into the Nationalist Government at the Embassy level. If defections of this nature should occur among Nationalist diplomatic personnel in other countries it would prove extremely embarrassing to the Nationalist Government and would also complicate diplomatic relations with that government.

(2) The regular Chinese Ambassador TSIEN Tai was injured in an automobile accident ten days ago. The Nationalist Government at Canton regarded TSIEN as having resigned, and ordered TUAN Mao-lan, Counselor to the London Embassy, to assume the position of Ambassador.

(3) The Paris staff has barred the new appointee from the Embassy, reportedly because of a wholesale "conversion" to Communism.

b. The Ministry of Defense of the Republic of Korea announced on 3 Oct 49 the relieving of Korean Army Chief of Staff Maj Gen CHAE Byung Duk and 1st Division commander Brig Gen KIM Suk Won. On 4 Oct 49 Brig Gen SHIN Tai Yong was appointed Acting Chief of Staff from former position of Asst Chief of Staff for Civilian Components.

Gen SHIN is considered to lack the qualifications for the position of Acting Chief of Staff and probably will be a stooge.

2. G-2 Comment/Deductions:

SPOT INTELLIGENCE

Hour: 1700
Date: 4 October 1949

SUBJECT: Government Impounds Assets of Leftist Korean Organizations

TO : Chief of Staff

1. Information:

a. Reference is made to Spot Intelligence Report dated 1040 hours, 8 September 1949, subject: "Japanese Government Issues Order to Disband Choren", which contained the information that the Attorney General's Office had ordered the dissolution of the Leftist League of Koreans Residing in Japan and the Democratic Youth League of Koreans Residing in Japan.

b. A source close to the Japanese Government reports that the Attorney General's Office has directed that all assets of organizations formerly affiliated with the recently dissolved Korean organizations be impounded. Seven organizations, including all branches, are named as being included in this order. They are (1) Democratic Womans League of Koreans Residing in Japan, (2) Central Industrial Company, (3) Korean Student's Union, (4) Korean Education League, (5) Emancipation Press, (6) Korean Liberation Relief Society and (7) Korean Youth Community.

c. Report indicates that all bank deposits of listed organizations have been frozen effective 0100 hours, 4 October 1949, and all properties and tangible assets are to be impounded and reported to the Attorney General's Office by 8 October 1949.

2. G-2 Comment: This action represents a decisive and effective move against the leftist element among the Koreans in Japan. Much of the property of the dissolved organizations has been surreptiously transferred to the Womans League and other organizations. The Emancipation Press was the organ paper of the League of Koreans and the Central Industrial Company was a large holding company formed by the League of Koreans as a fund raising enterprise. The Korean Liberation Relief Society has in recent weeks shown signs of expanding to assume the functions of the defunct League of Koreans.

He continued by condemning the Yoshida Cabinet, expressing his gratification for the establishment of a people's republic in China and voicing his belief that Soviet Russia's possession of the atom bomb will contribute greatly to world peace. Oyama also stated he believed the atomic bomb should be controlled by all nations of the world.

d. SUBJECT: Korean Patrol Vessels Molest Japanese Fishing Boats

TO : Chief of Staff

1. Information:

a. CIC reports two Japanese fishing boats were fired on and seized by Korean Patrol vessel 26 September 1949, while fishing in legal fishing grounds at a point eight miles west of Ushi-shima (near TSUSHIMA Island). Japanese boats, the Chidori-maru, 19 tons and Masuyoshi-maru, 8 tons, were taken into custody after several shots had been fired at them without causing damage or casualities. The Korean vessel took the Japanese boats to Pusan, Korea (South) where they were detained for one hour. Ships and crew members with the exception of the Captain and chief engineer of the Chidori-maru were allowed to return to Tsushima, Nagasaki, Prefecture, with instructions to make no report of the incident to Occupation Forces in Japan.

b. CIC reports that at about 1200 hours, 1 October 1949, four Korean patrol boats, presumed to be out of Pusan, Korea (South), forced forty Japanese fishing boats back to Tsushima Island, Nagasaki Prefecture. Report indicates that Japanese boats were more than two miles within legal fishing boundaries when forced back by the Korean vessels.

2. G-2 Comment: Although the president of the Republic of Korea has suggested that the Tsushima Island rightfully belongs to Korea it is not believed that the action of the Korean vessels represents an attempt to substantiate a claim for Tsushima Island but rather it represents the impetuous action of a local commander of the Korean Navy.

SUBJECT: Meeting and Demonstration Planned by Leftist Organizations

TO : Chief of Staff

1. Information:

a. CIC reports that a meeting and demonstration will be held at Hibiya Park and vicinity from 1100 hours to 1630 hours, 2 October 1949.

b. Sponsoring organizations include the Democracy Protection League, All-Japan Liaison Council of Labor Unions and the Society to Preserve Peace (Heiwao Mamoru Kai). All organizations are Leftist or Communist-dominated.

c. While sponsors state the attendance will be around 30,000, G-2 estimates it will not exceed 10,000.

d. The demonstration as reported will start at Hibiya Park and proceed to Shiba Park, by way of Avenue "A", 10th Street and the Ginza.

e. Following the rally, petitions concerning resolutions passed at the meeting will be presented to GHQ, Allied Council for Japan and the Premier.

2. G-2 Comment: A directive issued by the Japan Communist Party early in September 1949, announced that an "International Peace Protection Day" would be held 2 October 1949, in accordance with a proposal made by the World Federation of Trade Unions that such an annual day of celebration would be held throughout the world. This directive reveals that the rally is to center around labor interests in the statement: "The strife for peace protection is also the strife for forming an international chain for the masses centered around the labor class." This Communist-sponsored celebration appears to be both a follow-up to the Peace Preservation Conference held last April in Tokyo in conjunction with the Paris "World Congress of Partisans of Peace", and a build-up for the international WFTU convention scheduled to be held in Peiping in November. It is believed that the Japan Communist Party hopes to utilize the rally to revive some enthusiasm among extreme-left labor circles which are still discouraged by the failure of their summer "offensive".

1. Information:

a. CIC reports that a meeting and demonstration will be held at Hibiya Park and vicinity from 1100 hours to 1630 hours, 2 October 1949.

b. Sponsoring organizations include the Democracy Protection League, All-Japan Liaison Council of Labor Unions and the Society to Preserve Peace (Heiwao Mamoru Kai). All organizations are Leftist or Communist-dominated.

c. While sponsors state the attendance will be around 30,000, G-2 estimates it will not exceed 10,000.

d. The demonstration as reported will start at Hibiya Park and proceed to Shiba Park, by way of Avenue "A", 10th Street and the Ginza.

e. Following the rally, petitions concerning resolutions passed at the meeting will be presented to GHQ, Allied Council for Japan and the Premier.

2. G-2 Comment: A directive issued by the Japan Communist Party early in September 1949, announced that an "International Peace Protection Day" would be held 2 October 1949, in accordance with a proposal made by the World Federation of Trade Unions that such an annual day of celebration would be held throughout the world. This directive reveals that the rally is to center around labor interests in the statement: "The strife for peace protection is also the strife for forming an international chain for the masses centered around the labor class." This Communist-sponsored celebration appears to be both a follow-up to the Peace Preservation Conference held last April in Tokyo in conjunction with the Paris "World Congress of Partisans of Peace", and a build-up for the international WFTU convention scheduled to be held in Peiping in November. It is believed that the Japan Communist Party hopes to utilize the rally to revive some enthusiasm among extreme-left labor circles which are still discouraged by the failure of their summer "offensive".

SUBJECT: U.S. Merchant Vessels Detained by Chinese Navy

TO : Chief of Staff

1. Information:

a. Reference ALUSNA, Shanghai Radios 300115, 300157, and 300915 (AG Nos. 14827, 14847, and 15013) which contain the following information regarding the detention of U.S. merchant vessels by the Chinese Navy:

(1) The U.S. merchantmen "Flying Independent" and "Flying Clipper", loaded out of Shanghai, have been detained by the Chinese Nationalist Navy and ordered to return to Shanghai to unload Chinese passengers and cargo.

(2) A sister ship the "Flying Trader" has been detained and prevented from entering Shanghai.

(3) In the absence of U.S. recognition of the Nationalist blockade, the Master of the SS "Flying Independent" has asked for U. S. Naval intervention.

2. G-2 Comment/Deductions:

a. The three vessels involved in this incident are owned by the Isbrandsten Steamship Company of New York. The "Flying Independent" and "Flying Clipper" entered Shanghai 19 Sep. They had secured entry permits from the Nationalist Government on the ground that they would evacuate U.S. personnel. The Nationalist Government announced that if the vessels attempted to carry Chinese passengers or cargo they would be turned back. The "Flying Trader" previously had announced its intention to enter the port of Shanghai on 30 Sep. This action confirms the effectiveness of the Nationalist blockade in the Shanghai area.
