FROM: Chief, Doc. Div.

TO : All Personnel

1. A great many reference and background books from the Document Division Library have not been available for general reference for many months due to the practice of individuals who take these books out with or without signing for them and keep them for long periods in their offices or billets. It is requested that each person in IPS make a careful check this week to see which IPS books are in his possession, and return all not urgently needed to Miss Mattison in Room 361.

2. During the week of 2-6 June a team from the Files Unit will call on each person and office, listing all books still retained by each individual and requesting from him a signed statement that there are no other IPS books in his possession.

3. Your cooperation is requested in this drive, whose purpose is not to deprive you of any book you need or are using, but to put back into circulation and make available to all, many valuable books which must at present be classified as "lost, strayed or stolen".
