ROOSEVELT WINS MORE DELAYS AT SARATOGA WITH PAVING

TEMPORARY CHAIRMAN CITY COUNCIL PROCEDURE OF STATE CONVENTION IS FOUND FAULTY

Elected After Bitter Fight—Delegates Repudiate Vice-President Sherman Work on Certain Streets Cannot Be Done Until Consent of Governor-in-Council Obtained

(Times Leased Wire.) Saratoga, N. Y., Sept. 27.—After one of the most bitter fights in the history of New York politics, Theodore Roosevelt was elected temporary chairman of the Republican state convention today over Jas. S. Sherman, vice-president of the United States.

Sherman was repudiated by the delegates in open convention after he had been twice elected temporary chairman by the state committee and after his name was presented to the convention by State Chairman Timothy L. Woodruff.

Roosevelt was elected amid scenes of wild excitement. His name was presented to the convention by Delegate Hicks after Woodruff, in a long speech, had defended the action of the state committee, citing letters from Roosevelt himself in regard to the chairmanship.

Hicks' nomination of the former president was the signal for a bitter attack on the colonel by Abe Gruber, a delegate.

Gruber's remarks were the sign for all animosity of the delegates in both factions to break forth, and they hissed, cat called and cursed each other, so that the speaker could scarcely be heard and the voice of Roosevelt himself, who rose and demanded order that the attack on him might proceed, was drowned in the confusion.

Gruber loudly continued speaking, and when he had finished Delegate Pendergast arose and defended him.

When the roll call was completed and the result announced the Roosevelt delegates began a remarkable demonstration for the colonel.

The final vote was: Roosevelt, 567; Sherman, 445.

The Roosevelt delegates stood on their chairs and cheered and threw hats, canes, umbrellas and coats in their enthusiasm at the victory.

The defeat of the "old guard" was more complete than was predicted even by the wildest supporters of the colonel.

Theodore Roosevelt, head of one faction, this morning issues a statement denouncing the "boss" controlling the other faction.

The statement follows last night's session of the state committee, in which, after hours of bitter wrangling the committee endorsed Vice-President Sherman for temporary chairman, declaring that charges of trickery had been used to secure his election in the first place were false.

In his statement today the colonel declared that the action of the state committee puts in its clearest light the real nature of the contest today.

There never has been a state convention, he says, to which it is better worth going than this, for never was the issue so clearly drawn between honesty, political honesty and honesty in public life, and that peculiar baseness in political management which has made the worst political obnoxious.

The fight is squarely against corruption and unclean bosses, and that which has bred corruption in men and which has kept corruption in the state committee and who now come here to dominate the state convention. They are the very men responsible for the corruption which produced Senator Aldrich for all that has been discredited in the party management. They will now be deeply discredited. The bosses resent the effort of the plain people, constituting the great bulk of the Republican party, to rescue the party from the faction which used it only to further base and selfish purposes.

The issuance of this statement today made more evident the fact that there will be no quarter in the fight that has been waged.

The Progressives to-day are determined, following the action of the state committee last night to make no concession.

BANDITS LOOT MAIL CAR OF EXPRESS TRAIN

Robbers Make No Attempt to Molest Passengers and Escape With Booty

(Times Leased Wire.) New Orleans, La., Sept. 27.—Sheriffs possess and bloodhounds to-day are on the trail of the train robbers who late last night held up and robbed the mail car of the California limited at Avondale, 10 miles from New Orleans. It was reported early to-day that the robbers had been surrounded in the lowlands above Avondale.

The robbers made no attempt to molest passengers and no one outside the mail car knew a robbery was going on until after the bandits fled and the mail clerks gave the alarm. The robbers secured five pouches and two bags of registered mail.

The limited left New Orleans at 9 o'clock and was ferried across to Avondale, reaching there at 10 p. m. While it was standing on a siding waiting for the rest of the train still on the bank, the robbers entered, backed the mail clerk against the wall and threw out the registered stocks.

Another hitch has occurred in the matter of permitting the Worwick Company to proceed with the paving contracts recently awarded by the city council for the improvement of Fernwood road, Richardson street, Rockland avenue and Fort street. At last evening's meeting of the board the city solicitor advised that owing to the procedure followed in calling for tenders for the above last-mentioned streets the contracts could not be signed, and that in the case of Fernwood road the consent of the lieutenant-governor-in-council would first have to be obtained before the work of laying asphalt could be proceeded with on that thoroughfare.

Mayor Morley, in respect to Fernwood road, said the only question confronting the board was one of policy. Was the board agreeable to proceeding with the work on the assumption that there would be no difficulty in getting the consent of the lieutenant-governor-in-council?

City Solicitor McDiarmid said that on Fernwood road the whole work of improvement ordered under an old by-law had been done except the laying of macadam. Owners along that thoroughfare having now petitioned for asphalt instead of macadam gave rise to the present difficulty. The consent of the lieutenant-governor-in-council would have to be obtained before the new assessment could be made.

In the case of Rockland avenue and the other streets the situation was different. Here the council made the mistake of calling for tenders for the work on the pavement before receiving the necessary petitions, and no authorization bylaw had been passed. He could not see how the city could, under the circumstances, let the contracts unless the board was prepared to take the money out of general revenue.

Replying to a question from his worship, Mr. McDiarmid said it might take a month to get the consent of the lieutenant-governor-in-council.

After some further debate it was decided to make application to the governor-in-council along the lines suggested by the solicitor and also offer Mr. Worwick the return of the cheques which he had deposited with the city.

The better part of an hour was wasted in reading a very lengthy letter from Amanda Rumball, Fernwood road, who, in an effort which was intended to be very funny, drew attention to certain alleged grievances which she has against the city. The mayor protested against the time of the board being taken up with the reading of communications of this sort, and the writer will be informed that if she couches her complaint in proper language and is more brief the matter will receive careful attention.

The city solicitor drew attention to the need of the board arranging that the outlet for the sewer at Ross Bay should be widened. In view of the decision in the Olliphant case, which had recently been before the courts, he thought it important that the matter should be taken in hand before the advent of the rainy season. The letter was referred to the city engineer.

D. K. Chunnans, having refused to pay the bill entered in the city having had to tear down some old shacks belonging to him on Herald street, the city solicitor was instructed to commence action.

It was decided to call for competitive plans for the erection of the public convenience at the causeway, and Mayor Morley and Ald. Bannerman and Sargison were named a committee to draw up specifications to meet the requirements of the city.

Ald. Langley, Bishop and Sargison were named a committee to consider arrangements for a fitting public reception on the occasion of the arrival of the cruiser Rainbow from England at Esquimalt on November 7. The provincial government will be asked to co-operate.

George Morphy, barrister and solicitor, headed a deputation of property owners from the vicinity of Bridge Street, who protested against the action of the streets committee in deciding to grant a permit to Moore & Whittington to build a wash and door factory in that vicinity after having assured the property owners that the board would first inspect the site. Mr. Morphy assured the board that the owners would fight the application to a finish, and the council then decided that they would get reports from the city engineer and the city assessor before taking any further action in the matter.

STRIKE VEIN OF COAL

NAVAL DEFENCES OF AUSTRALIA

Admiral Henderson Will Prepare Report for Commonwealth Government

Melbourne, Sept. 27.—Admiral W. H. Henderson has arrived here to inspect the naval defences of Australia similarly to the manner in which Lord Kitchener inspected the land defences and forces. The admiral will report to the Federal Government the best methods of defence for ports and harbours. He is reported to have declared that he thinks the coast line very bare and open to attack. Lord Kitchener, it is known, condemned the northern bases of the continent, especially Thursday Island, as being entirely open to attack. Admiral Henderson will in all probability insist upon better protection of the coast line, so as to guard against any invasion from the northern nations.

POLICE INVESTIGATION ORDERED AT SEATTLE

Committee of Council to Inquire Into Charges Made by Acting Mayor

(Times Leased Wire.) Seattle, Wash., Sept. 27.—With Chief of Police Wapenstein hurrying back from Los Angeles, where he has been trying to enjoy a vacation, and with friends searching the waters of British Columbia for Mayor Hiram Gill, also on recreation bent, the city council today goes on record almost unanimously as being in hearty accord with the clean up campaign of the "boy councilman," acting mayor Max Wardall.

At a meeting last night, the council passed resolutions commending Wardall's war on alleged graft in the police department and voted to conduct a thorough probe of police methods and the administration. A committee of five was appointed to investigate the charges of graft made by Wardall.

JUBILEE EXHIBITION IS FORMALLY OPENED

Large Attendance, Grand Array of Exhibits and Promise of Fine Weather All Indicate a Great Success This Year.

TO-MORROW AT THE FAIR

- 10:00 a. m. Judging of heavy and light horses, continued.
- 10:00 a. m. Judging of dairy cattle, sheep and hogs.
- 10:00 a. m. Stock judging competition. Sections 126 and 127. In the horse show building.
- 11:00 a. m. Lecture on institute work by Mrs. A. T. Watt, in woman's building.
- 2:30 p. m. Trapeze performance.
- 2:15 p. m. Opening of B. C. field and track championship meet.
- 3:00 p. m. Rough riding exhibition.
- 3:30 p. m. Acrobat performance.
- 4:15 p. m. Elephant performance.

With an attendance larger than at any "first day" in the history of previous fall fairs, with the sun smiling down, with bunting gaily streaming in the gentle breeze, to the crash of music from brass bands and the accompanying cheers from an immense crowd of spectators, the Jubilee Exhibition, under the auspices of the B. C. Agricultural Association of Victoria, was formally opened at 2 o'clock this afternoon.

Everybody was happy, but happier than anyone was George Sangster, the general secretary of the society, who has worked so indefatigably for the success of the event which bids fair to become historic in the annals of successful exhibitions in British Columbia.

On all sides were heard expressions of delight at the fine array of exhibits, the list of attractions and the splendid arrangements which had been made for the comfort and pleasure of the visiting throngs.

Promptly at the hour set for the opening, 2 o'clock, His Honor Lieut. Governor Paterson, accompanied by Hon. Richard McBride and other dignitaries, and escorted by a guard of honor composed of drafts from the Military Cadets, Boy Scouts and Boys' Brigade, entered the grounds. There they were met by Mayor Morley and the officers of the association. The party was escorted through the buildings and thence to the grandstand.

In his brief speech declaring the fiftieth annual exhibition of the B. C. Agricultural Association open, His Honor expressed the heartfelt pleasure at the evidences which met his gaze on every hand that the event was likely to prove the complete success it ought to be. The large attendance, the enthusiasm of the crowds, the wealth of exhibits, all attested the interest which was taken in the fair and at the same time indicated a measure of prosperity which was very gratifying to all who had the interests of the province at heart.

His Honor took occasion to compliment the hard-working secretary and his capable staff on the splendid work they had done in their efforts to make the event a success and he felt certain that the success attendant on the opening ceremonies.

After the formal opening the Lieut. Governor and party were received in the woman's building by Mrs. Richards, president of the Women's Auxiliary of the Agricultural Society, assisted by her fellow workers, Mrs. Spruce and Mrs. Sprague. After viewing the main floor exhibits, the party became the guests of the Island Arts Club members, where they were entertained at a very prettily served tea on the large balcony, which was beautifully decked with flags and Chinese lanterns and festooned with ivy.

At 3 o'clock a parade of Military Cadets, Boy Scouts and members of the Boys' Brigade was held in front of the band stand. The young soldiers presented a fine appearance and they were loudly applauded as they performed their evolutions.

At 4 p. m. Lieut. Governor Paterson opened the Vancouver Island arts and crafts exhibit, there being a large attendance for the ceremony.

Thursday afternoon has been declared a public holiday by Mayor Morley to give all Victorians an opportunity of inspecting the fair. It is anticipated that there will be a record attendance on that day.

Fruit Display

Owing to the extensiveness of the fruit display in the main hall the committee had to re-arrange the tables and opened this morning and adjourned.

add several more in order to prevent the crowding of the exhibits. The largest part of this building has been devoted to the fruit and floral exhibit, while the remaining space has been allotted for industrial displays. All those who visited the fair to-day commented on the completeness of the fruit exhibit and stated that they had never seen such a fine collection in the history of the B. C. Agricultural Association.

The quality of the fruit is far in advance of that at any preceding show, and this is due principally to the enthusiastic manner in which the fruit growers of this province have taken hold of the proposals made by several fruit experts who recently visited British Columbia.

The delicate perfume of the myriads of beautiful flowers exhibited permeates the air in this building and everyone is loud in praise of the display.

The largest exhibit of general products of the farm in the main hall is made by the Sooke institute. This shows off to good advantage the remarkable agricultural resources of the nearby district. Mr. Grant, of Toyval Oak, has a large exhibit on the same lines as the Sooke district, as well as Mr. Taft, of Oak Bay. One of the most interesting exhibits in this building is that of the Victoria Mushrooms & Producing Co., Ltd., in which the different stages in the growth of the mushroom are shown and the various processes it undergoes before it is ready to be bottled as mushroom sauce.

Nothing behind in interest are the exhibits in the machinery hall, some of which are highly educative. The manufacturers and importers of this city have entered several fine exhibits which proved especially attractive to the children, who swarmed the fair grounds. At the extreme end of the building is situated a large seagoing launch exhibited by Styles & Co., which is equipped with every modern convenience. It measures 36 feet in length and carries a 14-horse power heavy duty engine. Several of the exhibits of E. G. Prior & Co. are operated by gasoline engines, and prove interesting to both the layman as well as to the mechanic.

Poultry Exhibits. W. E. Nachtrieb, who is in charge of the poultry hall, stated this morning that the entries for this year numbered more than 200 over last year, and that the committee has been experiencing a great deal of difficulty in providing sufficient coops for the chickens. The strongest exhibit is in the utility class, which includes the Plymouth Rocks, Wyandottes, Rhode Island Reds and

PAY FINES UNDER PROTEST

(Special to the Times.) Winnipeg, Sept. 27.—The closing episode in the recent lockout of masons and bricklayers was the payment of fines assessed by the union on five men who sought to form a national union. Payment was under protest pending an appeal to the international executive.

AVIATOR DIES FROM INJURIES

Domodossola, Sept. 27.—Geo. Chavez, the Peruvian aviator, who was injured when his monoplane fell near here last week after he had flown across the most dangerous part of the Alps, died here at 2:30. He suffered agonies until shortly before his death, when he lapsed into a state of coma from which he did not rouse.

TORPEDO BOAT GOES ASHORE

Berlin, Sept. 27.—The German torpedo boat "S-69" was refloated to-day at Kiel, having gone ashore late yesterday during flotilla evolutions. The craft carried 16 men. The vessel sustained slight damage. An earlier report erroneously stated that two torpedo boats had sunk in the roadstead near Kiel.

LITTLE GIRL IS MURDERED AT GODERICH

(Special to the Times.) Goderich, Sept. 27.—Mystery still surrounds the foul murder of little Lizzie Anderson, whose body was found on Sunday morning in the cellar of an old unoccupied house on the outskirts of this town.

Inspector Greer, of the provincial police, is here working on the case with the assistance of the local officials, but admits that no likely clue to the identity of the fiend or fiends has yet developed. The girl's clothing had been cut from her body with a knife. Detective Greer's theory is that more than one man was involved. He says it would be impossible for one man to have handled the girl alone and carried her into the cellar, even in a stunned or inactive condition. The inquest was opened this morning and adjourned.

OWNERS CHAFE UNDER DELAY

CRISIS REACHED IN FORT STREET TANGLE

Attorneys for Mrs. Mary Bowker Protest Against Tardiness of Civic Authorities

The tangled Fort street widening scheme was up again at last evening's meeting of the city council, Messrs. Elliott, Maclean & Shandley, the legal advisers of Mrs. Mary Bowker, a property owner on that thoroughfare, protesting against the continued delay in proceeding with the scheme. Nothing was done about the matter, the city solicitor giving it as his opinion that the point which had been raised as to the jurisdiction of the city to interfere with the cement sidewalks which had been laid under a local improvement by-law should be settled by a decision of the courts.

The letter from Messrs. Elliott, Maclean & Shandley read as follows:

Gentlemen—On behalf of Mrs. Mary Bowker, owner of Lots 71 and 72, Block 23, Fort street, we desire to call your attention to the fact that the method of proceeding or rather neglecting to proceed, under the provisions of the above by-law, has occasioned serious injury.

By section 86 of the Municipal Clauses Act it is provided that every by-law passed by the council shall be registered in the office of the county court for the district in which the municipality is situated, by depositing with the registrar a true copy of the by-law certified by the municipal clerk, and under the seal of the municipality.

On searching at the registry office of the county court of Victoria, in Victoria, we were advised by the registrar that by-law number 682 of the city of Victoria was, on the twenty-fourth day of June, 1910, registered pursuant to the above provisions.

Then, by section 91 of the Municipal Clauses Act it is provided as follows:

"In case a by-law by which an assessment is made or a rate is imposed has been registered in the manner hereinbefore specified, no application to quash the by-law shall be entertained after the expiration of one month from the registration, nor shall any person assessed under or subject to a rate under such by-law be entitled to plead any defect in such by-law as a valid defence against a claim for payment of such rate except by application to quash the by-law made within the time aforesaid."

Plans have been prepared for the erection of buildings upon Lots 71 and 72 aforesaid, and contractors have actually entered upon the ground and are proceeding with the work, and now we gather, from what appearing in the local press, that your honorable body is in some doubt as to whether or not to proceed under the above by-law.

If section 91 means anything, it means that everybody assessed under the by-law has to pay. Such being the case we do not see how any decision, judicial or otherwise, can add anything to or take anything away from, the force of the by-law and the protection afforded it by section 91, there having been, as we gather from the search in the county court registry, no proceedings taken to quash the by-law within one month from the 24th of June, 1910.

We trust therefore that your honorable body will be good enough to make public a determination to proceed under the by-law without further delay.

It will be recalled that the city solicitor recently advised the city not to proceed with the widening proposition, he being of the opinion that, owing to the fact that permanent walks exist on Fort street between Douglas and Cook streets, the portion affected by the widening by-law, nothing can be done until the termination of the debentures issued for this sidewalk work, the widening process materially affecting the vested rights of the property owners who are entitled to the sidewalks as laid down, while the debenture holders have a claim against the whole of the property benefited. On this advice the council had decided to drop the street widening scheme and instead to defend a friendly action which A. P. Luxton, K. C., one of the property owners, should bring to test the validity of the widening by-law.

On the communication from Elliott, Maclean & Shandley being read last evening, Mr. McDiarmid said, he had nothing to add to the advice he had previously given the council and the letter was received and filed.

REDMOND AND O'CONNOR REACH NEW YORK

Leader Says When Ireland Has Home Rule People Will Remain at Home

New York, Sept. 27.—John Redmond, the Irish Nationalist; T. P. O'Connor, Jos. Devlin and Daniel Boyle, who accompany him on his tour of America in behalf of Ireland, arrived here yesterday.

"Within six years the population of Ireland has decreased one-half," said Mr. Redmond. "The greater portion emigrated to America. As a consequence it is reasonable to presume that unless conditions are changed six years will see nearly all the Irish race here. Great as this calamity would be for America, it would be a greater calamity for Ireland."

"It is to prevent it that I am here to appeal for help. Once Ireland has Home Rule people will be willing to remain and many who have left will return."

Everyone Seems to Be Taking "Fruit-a-tives"

Demand Always Increasing

Because "Fruit-a-tives" Cures

The real value of any article may be judged by the demand for it. Steadily increasing sales are the surest indication of intrinsic merit. This applies to a medicine, as well as to a breakfast food.

First introduced to the public in Ottawa the fame of "Fruit-a-tives" quickly spread until to-day these fruit juice tablets are known and used in every section of the Dominion.

The only reason for this extraordinary demand is that "Fruit-a-tives" is the only medicine in the world made of fruit, and is the only remedy that will positively cure Constipation, Biliousness, Indigestion, Dyspepsia, Backache, Headache, Neuralgia, Rheumatism, Bladder and Kidney Troubles. One has only to read the testimonial given to "Fruit-a-tives" by some of the best known and most highly esteemed people of Canada, to appreciate the wonderful amount of good that this grand fruit medicine has done and is doing for the sick and suffering.

TELEGRAPH RATES TO BE INVESTIGATED

Railway Commission Will Inquire Into Companies Doing Business in Canada

Winnipeg, Sept. 27.—A national investigation of the methods of the telegraph corporation doing business in Canada will doubtless follow the ruling of Chairman Mabce, of the board of railway commissioners for Canada, in session here during the past week, on the complaints made by the Winnipeg Board of Trade and Winnipeg Grain Exchange, to the effect that the companies in their tolls were discriminating against the west in order to make up for the small percentage of profits reaped in Eastern Canada.

Chairman Mabce, after hearing the evidence of several witnesses, postponed the case, and stated that he would petition the minister of justice at Ottawa to appoint counsel to represent the public in a complete and thorough investigation into the workings of every telegraph company doing business in the Dominion, to be held before the commission. This investigation will involve the C. P. R., C. N. R., and Great Northwestern Telegraph companies and smaller companies.

S. B. McMichael, assistant to the general manager of the G. N. W., in giving evidence to the commission, stated that the G. N. W. was owned by the Western Union Telegraph, and was a part of that system. Evidence placed before the commission was to the effect that Mr. McMichael said that with the company it was necessary to charge greater rates in the west in order to make up for the deficits east of the Great Lakes.

Business men generally, but especially those members of the board of trade and grain exchange actively in the west, are jubilant over the decision of the railway commission that a full investigation must be held into the rates charged by telegraph companies on business in and out of Winnipeg. It is pointed out that the decision is of immediate interest to all business men of Canada, because a general investigation is promised into rates all over Canada connecting with Winnipeg, or in other words, a review of the rates in every part of the country.

FOUND DROWNED.

Vancouver, Sept. 27.—The body of Esther Johnson, a young Swedish woman, who came to this country last summer to join her sweetheart, but for some unknown reason is supposed to have thrown herself into the waters of the Fraser river at New Westminster on August 11th, was found on Sunday in a little bay at Bowen Island.

The badly decomposed remains were yesterday positively identified as those of the unfortunate young woman. A party of employees of the powder works of Bowen Island, while exploring a small inlet discovered the body floating in the water at the furthest extremity of the inlet, which in places was so narrow that it was with difficulty that a small rowboat could pass through. Constable Munroe, of the provincial police, took charge of the remains and had them brought here.

Miss Johnson met her sweetheart, Peter Peterson, in Sweden, but when he decided to emigrate to this country she remained at home. After several years he sent her transportation to this city. She arrived, and met him at his farm. On the evening of August 11th she left him beside the river, and since then nothing has been seen of the woman. It is presumed that she ended her life while mentally unbalanced.

AUSTRALIAN LAND TAXES.

Melbourne, Sept. 27.—Much political excitement has been caused by the land taxation proposals of the Fisher administration. The taxes are of a penal nature and have aroused fierce opposition. It was thought, however, that the states of the Commonwealth would take means to render their own land taxes less burdensome, so as to afford relief to the taxpayers. In one state, South Australia, this was exactly the opposite of what took place. The Labor ministry, instead of reducing the tax, actually increased it. Its land owners are up in arms against the government whose avowed desire is the nationalization of the land and the destruction of private ownership.

CIVIC NOTICE.

Re Municipal Election, 1911.

The attention of persons desiring to qualify as "Householders" for the purpose of voting at the Municipal Election to be held on the 2nd Thursday of January, 1911, is drawn to Section 6 of the "Municipal Elections Act," which provides that "in the case of the holder of a Trade License, or in the case of a householder, he, or she, shall, during the month of October in each year, make, and cause to be delivered to the Clerk of the Municipality a Statutory Declaration made and subscribed before a Supreme or County Court Judge, Stipendiary or Police Magistrate, Commissioner for taking Affidavits in the Supreme Court, Justice of the Peace, or Notary Public, in form, and to the effect of Form 1 in the Schedule to the said Act in the case of the holder of a Trade License, and of Form 2 in said Schedule in the case of a householder."

"HOUSEHOLDER" shall extend to and include any person of the full age of twenty-one years who occupies a dwelling, tenement, hotel or boarding house, who has been a resident in the Municipality from the first day of January of the current year, and who shall, unless exempted by the provisions of the proviso at the end of sub-section (11) of Section 22 of the Statutes of 1906, being the "Municipal Clauses Act" as amended (which exempts certified efficient militiamen and persons over the age of 60 years from paying road tax), have paid directly to the Municipality all rates, taxes or assessments, which are not chargeable on land, which rates, taxes or assessments so paid shall amount to not less than two dollars, due to the Municipality for the current year, other than water rates or taxes, or license fees for dogs."

Section 7 of the said Act further provides that "No declaration shall be accepted by the Clerk of a City Municipality, unless it be delivered within 48 hours after it is made."

Section 13 further provides that "No person who is not a British subject shall have his name placed upon any Municipal List of Voters."

A SPLENDID EXHIBIT.

For the first time in the history of the B. C. Agricultural Association the exhibition was practically all in order for the official opening this afternoon.

"DOING THINGS" VICTORIA.

The McBride organ in this city, whose allegiance to the government is unquestioned, but whose loyalty to Victoria is at least half-hearted, urges the people not to be down-cast over the report of the University Commission.

Yet it is true that the actings of governments may determine to some extent the immediate future of cities and localities.

mately appertain to the capital in other parts of the province. In this respect the British Columbia government differs entirely from the governments of every other province of the Dominion.

The Grand Trunk Pacific Railway, for example, has as yet no direct connection with Victoria. It is not even a completed line as far as its western connections are concerned.

The settled policy of this government as displayed in repeated unfriendly acts was no doubt manifested in its attitude upon the university question. We may be sure that whatever influence it possessed with the university commission, and there is no question that that influence was considerable, was exercised against the interests of Victoria.

A PROMISE AND ITS REDEMPTION.

In his speech at the banquet in Vancouver last Friday night, Hon. W. J. Bowser is reported as saying: "I do not know whether at that time we promised a university or not, and whether we will redeem our promise or not will soon be known."

was that the commission would be fulfilling a pledge made by him if the site proved to be in Vancouver. Did he desire the impression to go abroad among his constituents that after a hard fight he had been able to land the University in Vancouver?

Thursday having been declared a public holiday, it is only reasonable to suppose that the schools will be included in the arrangement.

Hon. Duncan Cameron Fraser, Lieut.-Governor of Nova Scotia, is dead. Mr. Fraser was in every respect a splendid type of public man.

Engineer Rust, with whom it was proposed to replace Engineer Smith at the city hall, has been threatened with suspension in Toronto.

More than one provincial premier is apparently aspiring to the position of leader of His Majesty's ultra-loyal opposition in the Dominion House.

Naturally Henker Heaton was much to the fore when the Institute of Journalists discussed press cable rates in London a few days ago.

While Newfoundland still holds aloof politically from the Dominion of Canada, her premier, Sir Edward Morris, proposes to get into closer touch.

Father Vaughan says that Catholics are devoted to the flag of England, and that "their patriotism is the fairest bloom that rises out of the taproot of their religion."

We send ten million dollars' worth of cattle to Great Britain in a year and nearly half a million dollars' worth to the United States.

The house fly is said to be the most dangerous insect on earth. He carries on his feet worse poisons than the rattlesnake and on account of his size is difficult to fight.

stroyer for this past will be a philanthropist of the highest type. The directors, aided by the exhibitors and others, have made the Jubilee Fair the best yet.

Eastern municipalities are complaining because they cannot sell their 3 1/2 per cent. bonds at par. Another reason why the people should come west.

PRESS OPINIONS

No Land Policy.

Recent criticisms of the provincial government's lack of a land policy has aroused the Colonist to make some sort of defence for it.

For three years the Saturday Sunset has been making "proposals" to that end though the Colonist has not yet betokened any exuberant joy over them.

All that need be done to cause joy in the Colonist office is that the government survey its lands, impose settlement restrictions, place information conveniently for the settler, which it can do with its various agents, and advertise the fact that lands and information are available.

The Colonist itself admits there is plenty of room for preceptors but it does not recommend that the government open them for preemption by surveying them and printing information about them.

The display of fancy stock, such as canaries, pigeons, and rabbits, is very large. It is doubtful if anyone will pass the building without visiting it.

The children are first taught the blending of primary colors, then form. In the latter, the eye is trained, for the shapes are not drawn, but must be formed by the space left for them.

This fine exhibit occupies a large space and is most attractively displayed. Mounted on green, the large sheets at once attract the eye on entering the woman's building.

To Englishmen who have lived in one of the great dominions it seems astonishing that the people of Great Britain and Ireland should attempt to govern not only themselves, but a vast Empire, by one parliament.

Toronto is signaling its control of an electric light and power plant by making a demonstration of light possibilities and going right out after business, just as a live business firm should.

Proportion is taught by applying designs to suit given spaces and wonderful geometric designs are the result. In the collection of work shown by the Chinese school, there are hundreds of original geometric designs.

light and shade. The moon's reflection in the water and the dark shadows made by a boat are cleverly depicted. Hiawatha's canoe is also a good study in shading.

In the senior second division, samples of scroll work applied to many designs form one of the most interesting features of the exhibit.

The exhibit is far in advance of anything previously shown and reflects the greatest possible credit not only on Miss Mills, the art supervisor of the city schools, but on the several teachers who have so painstakingly second her efforts throughout the past year.

This is a creditable one in every way, and it is most interesting to see the different stages of progress of the work of little fingers. The small tots begin with small calico bags.

The restaurant building proper is occupied by James W. Robinson, and that experienced caterer is prepared to attend to the appetites of hundreds. The dining rooms look very attractive; he has a large number of good waiters, and with the high quality of meals which he serves he is certain of large patronage.

The Young People's Society of Knox church, Spring Ridge, met last evening for the first time this season for the purpose of electing officers for the ensuing year. There was a good attendance, a fact which promises well for the coming meetings. The following officers were installed: Hon. president, Rev. Jos. McCoy, pastor; president, Oswald McCoy; vice-president, S. J. Drake; secretary, Alfred M. Howell; treasurer, Miss Ethel Stevenson; press representative, Vaughan M. Galbraith; executive committee, the foregoing officers, Misses E. Walker and E. Howell, Rowland Jones and C. M. Gordon; organist, Miss Jamieson. It was decided to hold the meetings on the second and fourth Mondays of each month. The meeting adjourned till October 10, the next regular meeting night.

On Sunday the James Bay Methodist church held a most successful Rally Day. The church was tastefully decorated with flowers and plants. Rev. A. M. Sanford, Vancouver, preached at the morning and evening services and addressed the rally of the school in the afternoon. At this service the Sunday school had its record attendance, 241. The programme prepared by the general Sunday school board was used, emphasizing three points, "To know, to love, and to do God's will." After the evening service a short after meeting was held, bringing to a close one of the most interesting services held in the church. The choir rendered special music and in the morning Miss Dilworth and Mr. Gilbert sang a duet. "In the Cross of Christ I Glory," and in the evening Ernest Petch sang "Lead Kindly Light."

The coroner's jury which sat yesterday afternoon with Coroner Hart to investigate the circumstances surrounding the death of Lee Quoy Yee, the Chinaman found hanging by the neck in a barn on the farm of Mow Yu, returned a verdict of suicide while temporarily insane.

For having two rock pheasants in his possession on Sunday John Harbia was fined \$30 by Magistrate Jay. The prosecution was laid by R. Gidley, game warden, who stated that he had seen the accused on Wilkinson road with the birds. The case commenced yesterday morning but had to be adjourned for a time in order to secure an interpreter.

The provincial police have commenced prosecutions against Herbert Hartnell, steward of the steamer Iroquois, on the Sidney Islands run, and against the Sidney and Nanaimo Transportation Company, Ltd., owners of the boat, on a charge of selling liquor to passengers while in port, without having a license. The charge against the steward is laid at North Pender Island, and there are five charges against the company for offences alleged to have been committed at Salt Spring Island, North Pender Island, Ganges harbor, South Pender Island and Beaver point. The charges are based on the alleged sale of liquor to passengers while the boat was docked at the harbors named. J. A. Aikman appears for the prosecution and W. C. Moresby for the defence. The case was called in the provincial court yesterday and remanded for one week.

CITY COUNCIL AND THEATRE

SIMON LEISER EXPLAINS THE LATEST PROPOSAL

Asks for Free Site on Douglas Street, Back of Empress Hotel

As a result of representation made to the city council last evening by Simon Leiser, a special committee, consisting of the mayor and Ald. Mable, Sargison and Langley, was appointed to confer with that gentleman in regard to plans for the city co-operating in the movement to secure a first-class, up-to-date theatre for the city.

Mr. Leiser asks that the city give a free site for the building on the corporation property on Douglas street, just at the rear of the Empress hotel, the trustees of the theatre guaranteeing 5 per cent on the value of the land.

In his address last evening Mr. Leiser explained the result of the visit to Marc Claw, of the theatrical firm of Klaw & Erlanger, as told in last evening's Times. Mr. Leiser said that Mr. Claw had thought the site on Douglas street a magnificent one, that the scheme was a thoroughly excellent one and would have his support to the extent of \$10,000. Mr. Leiser urged that the council should co-operate on the lines which had been proposed last year, and have the necessary by-law submitted to the people at an early date.

The mayor said great credit was due to Mr. Leiser for the pluck he had displayed in behalf of the project. He was deserving of the thanks of the council and the citizens generally. The one objection that he saw to the proposal as outlined by Mr. Leiser was that the city would not benefit from the accumulating value of the ground.

Ald. Mable thought the best way to proceed was for a small committee to be appointed to go into the matter with Mr. Leiser and report back to the council. Personally he was heartily in favor of the project.

Ald. Bishop seconded the motion for the appointment of a small committee, pointing out that it was the complaint of visitors that while Victoria was a very pretty place, one of the greatest drawbacks was the absence of amusements.

Ald. Langley thought the board had better proceed cautiously, as he had seen it stated in the press that another theatre scheme was well under way.

Mr. Leiser assured Ald. Langley that there was little likelihood of the scheme he alluded to interfering with the project to build a theatre on Douglas street.

Buy The Times

Look for that trademark. You may need to pay a trifle more to have it on the bed you buy. But it is worth the little more when it is "IDEAL" quality. Worth more, because the snow-white enamel remains white (does not turn dingy gray, or yellowish). Worth more, because that "IDEAL" trademark guarantees the buyer a metal bed that will not rattle, nor become wobbly; nor ever look cheap. Worth far more than the little extra price—perhaps forty cents—for forty technical reasons. We who make and guarantee "IDEAL" Metal Beds believe many people think betterness is valuable when it affects sleep. ATTEMPT TO STEAL FIGHT PICTURES

Gang of San Francisco Thieves Followed Films Up the Coast to Vancouver

While the films of the Johnson-Jeffries fight pictures were being transferred from the Canadian express office to the Vancouver opera house on Friday night an attempt was made to steal them. Not so long ago a similar attempt was made in San Francisco and the police are of the opinion that the same gang of thieves came up to Vancouver to pull off their planned coup. J. L. Kemper and C. W. Williams, with Walter Bicketts, were on their way with the films to the opera house when they noticed that they were being followed by two men. When passing Dunsmuir street the two strangers tried to grab the bag, but did not succeed. An exciting race began, in

which the leaders of the films got the best of it. After reaching the Vancouver hotel the police were notified but no trace of the would-be thieves could be found. A specially-engaged detective has now to keep guard over the films. Depicting clearly every move of each fighter in the now famous battle at Reno, July 4, the pictures of the Jeffries-Johnson fight were presented by the management of the Vancouver opera house for the benefit of the press. Every person present praised the display, and all expressed the opinion that the pictures were as good as any ever shown on the coast. The fight pictures proper were as good as could be wanted. Every blow of the fight was as clear as if the men and not their shadows were performing. The fight, as stated before, was all Johnson, but the degrees by which the Galveston black wore down the Californian were interesting in the extreme. In short, the pictures were good, and can be commended to the public as a performance that should not be missed. The first public show in the Victoria theatre will be given to-morrow afternoon with a final performance to-morrow night.

night. The Victoria club meets to-morrow night at the Balmoral. The dates for the cup and officers of the provincial union will be selected on Saturday.

Shake Up, Victoria—The hockey cup has been won twice in succession by Vancouver. If the students win it this year they win it for keeps. What about it, Victoria?

Attempted Holdup—When the Jeffries-Johnson fight pictures, which are to be shown here to-morrow afternoon and night, were being taken from the C. P. R. station to the Vancouver opera house, there was a deliberate attempt to assault the lessees and steal the pictures.

Spokane at Last—It is the first pennant to the Indian town. For twenty long years Spokane has had no banner, and in the Northwestern the Indians have never been at the top. The winners since the league started in 1901 are: Portland, Butte (two in succession), Boise, Everett, Tacoma, Aberdeen, Vancouver, Seattle and Spokane. The honors have been fairly well distributed, except where Butte butted in for two years running.

California Racing—President Thomas H. Williams, of the California jockey club, announces from New York that the California club track at Emeryville will open November 12th, and the meet will run well into the spring. Oral betting will be the plan, as last year was successful there.

James Baird Defeated—Harry Vardon defeated the champion this month over Glasgow links. He won the morning match by three and two, and in the afternoon won again with 72 to Baird's 75. Vardon's score was a record for the course.

Irish League Football—Following are the results of Saturday's Irish league games: Shelbourne 0, Bohemians 0; Derry Celtic 3, Cliftonville 3; Glentoran 3, Linfield 0; Belfast Celtic 0, Distillery 0.

Victoria's Chance—Seattle papers report that to-morrow a meeting of the Northwestern league will take place in Seattle to decide on the future of the league. If Dugdale goes to the Coast league, Brown, of Vancouver, is expected to go with him. If he does not then it is a six-team Northwestern and Victoria.

WELLS IS MODEST ON CHAMPIONSHIP CHANCE

Englishman Whom McIntosh Picks to Beat Johnson Says He Wants Weight and Experience

London, Sept. 27.—"Bombadier" Wells, whom Eugene Corri considers the coming boxer, and the man some day likely to regain the world's championship for the white race, takes a modest and sensible view of his prospects.

"Naturally I was very pleased to learn that Mr. Corri thinks so highly of my fighting powers," he said. "An opinion from such a judge of boxing as Mr. Corri puts heart into a young fighter. But I am sensible enough to know that I cannot do anything with Johnson yet awhile. I might be able to stand up to him for ten rounds or so, but then I should go under, simply because I have not the physique to last longer.

"First of all, I want more weight before I can do anything big. Stripped, I am just 182 pounds, but I am steadily going up. My height and reach are all right, and I have size in my favor, for I am only twenty-three.

"Next, I want experience. I have only had two fights in England, both of

which I won easily. In India I fought fifteen fights and won them all. Most of them were against men heavier than myself. When I won the championship of India my opponent weighed 233 pounds. I came back from India with the express purpose of trying to win the championship of England.

When I have done this I shall begin to realize that I am some one.

"I have never seen Johnson, box, but from all accounts I should say that he was a magnificent defensive fighter. In my opinion, the men who have fought Johnson have made the mistake of not trying to 'wear' him more—in not forcing him to lead and give them an opening. To beat a man like Johnson you must hit him hard and often, and the only chance of hitting a man with such a defence is to compel him to lead and give you an opening. If I had to fight the 'nigger' I should keep on feinting till he was compelled to lead. Then there would be my chance.

"I am sure this is the only plan. The negro has shown that he can keep a man off as long as he likes, and then wear him down. I hope he may yet have to show whether he can take continual hammering from a man strong, quick and clever enough to give it to him."

COOPER KEITH CUP

DATES ARRANGED

Officers for Rugby Season Elected — Provincial Series Not Yet Decided Upon

The Rugby matches for the Cooper-Keith cup, which is at present held in Victoria by the Capital City representative fifteen, and is now lying insured at the James Bay club house, will be played November 12th and December 17th. The first game is here and the second at Vancouver.

No arrangements are made for the provincial series, the Rugby Union officials waiting to see if the Nanaimo team is able to take the field this year.

It is probable the contest will be between the Capital and University towns.

No arrangement has been made for combining with Vancouver to go south to play California. The situation remains as before: Vancouver can go if it wants to, with or without any Victoria players who care for the trip. It will, however, be a Vancouver team.

These plans were discussed at last night's meeting of the Rugby Union of the province, with Vice-President Bill Vancouver, in the chair, Gavin Davis was present from the Terminal City, and W. Newcombe, L. Sweeney and A. Spaulding were there for the Victoria club. These elected the following officers for the year:

President, J. Cooper-Keith, Vancouver; vice-presidents, J. E. Miller, Victoria; H. R. Hindmarsh, Nanaimo; secretary-treasurer, W. A. Newcombe, Victoria; executive committee, Gavin Davis, Vancouver; J. P. McKinnel, Nanaimo; W. H. Spaulding, Victoria. Referees were selected as follows: J. C. Barnacle, F. A. Macrae, A. D. B. Scott and W. C. Moresby, Victoria; S. S. Coburn, J. S. Tait, J. Jenkinson, A. McKay and J. Hebron, Vancouver.

STALLINGS, DEPOSED, GETS MUCH SYMPATHY

Ban Johnston Censured for Support of Hal Chase in New York Nine Squabble

(Times Lensed Wire.)

New York, Sept. 27.—The dethronement of George Stallings from the management of the New York Americans has brought down upon the head of Ban Johnston the censure of nearly every sporting writer in New York. The critics blame Johnston for his alleged bitter fight against the Highlanders' recent pilot, and declare that probably Stallings made his charges of "quitting" against Hal Chase in good faith.

The critics, after reviewing the latter records of Chase at the initial sack for the Highlanders, assert that, although Stallings undoubtedly was honest in his charges that Chase purposely played poor ball, the charges were not provable. The records show that Chase accepted his chances at first with only the usual number of misplays ever attributed to "The peerless first sacker" and if Chase actually did "lay down" it was in the inside team play, which could not be shown in the player's averages but undoubtedly would affect the standing of the team.

Praise is lavished on Stallings for his good work with the New York team, the writers pointing out that he took the poorest team in the league and lifted it to second in the league.

AFTER DOCTOR'S FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Toronto, Canada.—"I shall endeavor to describe to you how I felt before I began taking Lydia E. Pinkham's Vegetable Compound. I scarcely knew what it was to be well. I had awful bearing-down pains and usually before my monthly periods I suffered terribly and had to go to bed. I was not able to walk across the floor the pain was so bad. I doctored for a long time, but the doctor's treatment did not do me any good. I gave up all hopes of ever being well again until one day my husband saw the Compound advertised in the paper. He decided to get me a bottle, and I am thankful he did. I had not taken one bottle before I began to feel better, and I kept on taking it until now I am during maternity and childbirth. I can thoroughly recommend my Vegetable Compound to any woman who is afflicted with female troubles."

Mrs. J. M. TWEEDALE, 188 Nassau St., Toronto, Canada.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

ANOTHER BRIBERY CASE.

San Francisco, Cal., Sept. 27.—After many lengthy delays, the trial of Theo V. Halsey, indicted "outside man" of the Pacific States Telephone Company, charged with having offered a bribe to former Supervisor Mamlock of the Ruff board, to influence his vote granting franchise in San Francisco to the Home Telephone Company, began yesterday. Assistant District Attorney McNutt in his opening statement said that the prosecution would prove that Halsey offered Mamlock \$5,000 for his negative vote on the company's application.

Mamlock testified that he had entered a room in the Mills building and received \$5,000 in two separate payments from Halsey with the understanding that he should vote against the rival company's franchise application.

DOCTOR NOW FACES CHARGE OF MURDER

Nurse Breaks Down and Tells of Death of Girl at San Francisco

San Francisco, Cal., Sept. 27.—Following the confession of Marie Messerschmidt, nurse, in which the sordid details of the death of Eva Swan were given to the police, a charge of murder was filed yesterday against Dr. Robert Thompson, alias Dr. James Grant, in whose office the Swan girl is alleged to have died and who is said to have caused her body to be buried in the cellar of a house in Eureka street, where it was found Friday night.

The complaint was sworn to by Detective Sergeant Ed. Wren. Miss Messerschmidt's confession is regarded by the police as the first link in the chain of evidence. It is doubly strong, they say, because it not only charges the physician with performing the operation that caused the girl's death, but shows that Dr. Thompson knew ten days before her death that she could not survive and that he made preparations for the disposition of the body several days before death occurred.

Miss Messerschmidt's confession was obtained after it had been ascertained that she broke down when shown a photograph of her mother, now dead, and the confession followed; Paul Parker is kept under surveillance. According to Miss Messerschmidt's confession, the girl was alone when she died. Her body was found the next morning by Dr. Thompson, who then sawed it up and packed it away in the trunk in which it was removed to the cottage in Eureka street. He did not bury it in the yard, she said, because it was moonlight.

BRITISH GENERAL DEAD.

Sir Frederick Forestier-Walker, Governor of Gibraltar, Passes Away.

General Sir Frederick Forestier-Walker, governor of Gibraltar, passed away recently at Tenby, Pembrokeshire, where he had been staying for the benefit of his health.

Sir Frederick, who was sixty-six, was sent out to command the forces in South Africa on the recall of Sir William Butler. On the formation of the field force in the Boer war Sir Frederick was appointed to the charge of the line of communications. His promotion was extraordinarily rapid. Entering the Scots Guards from Sandhurst he was a captain at twenty-one and a full colonel at thirty-four. He reached the grade of a general officer at the early age of forty-four, after twenty-five years' service.

His war service was entirely confined to Africa, where he first served in the Orlizand expedition in 1875; then in the Kaffir and Zulu campaigns of 1878-9, when he was present with Sir Redvers Buller and Sir Evelyn Wood

at some of the hottest fighting; next in the Bichuanaland expedition, 1884-5; and, lastly, in the late war. Among other posts which he filled was commander of the troops in Egypt from 1889 to 1895. Last year he was appointed to succeed temporarily the Duke of Connaught as High Commissioner in the Mediterranean.

One Hundred Million Dollars

Was made last year by those who owned property in the live and growing Cities of Western Canada

What Portion of This Did You Make?

From the most accurate figures obtainable, it is found that the assessed value of real estate in the live and growing cities of Western Canada last year increased more than \$100,000,000. This does not include improvements, but the actual increase in value of real estate in these cities. The Winnipeg Free Press, securing its figures from records which have been gathered from original sources, finds that in eight Western Cities the increase in real estate values of land alone, and not improvements, for the past five years has averaged 562 per cent, or an average annual increase of 112 per cent for each of these cities during the past five years.

WHAT DO THESE FIGURES INDICATE? They indicate that an investment in the live and growing cities of Western Canada is as safe and sure as anything can be, and that your investment is almost certain to make you a big profit each year. Judging the future by the past, it is impossible to make any other calculation. WHAT DOES THIS MEAN TO YOU? It means nothing unless you participate in the profits, and you can do this only by buying real estate, and by buying it now. The time to buy is when a city has passed the experimental stage, when its natural resources and position assure the building of a large city, along broad lines. VICTORIA has reached her stride, and is forging ahead at a rapid rate. She is growing faster than at any time in her previous history, property has increased millions in value in the last two years, and yet it is cheap compared with prices of other cities in the West. TO GIVE THE WORKINGMAN with small capital a chance to participate in the profits to be made out of Victoria Real Estate at the present time, we have placed on the market

The Evening Chit-Chat

BY RUTH CAMERON

The eternal length of a rainy Sunday spent with a crowd of people who were comparative strangers to each other, impels me to a few remarks on the art of general conversation.

If you want to be welcome on rainy Sundays and similar occasions when conversation is the chief amusement, let me suggest that before you start to tell any anecdote you ask yourself: "Is it intrinsically interesting? That is, if it has no connection with myself or my friends, will it still be worth telling?" And if you can't say, "yes," don't tell it.

I've often heard a bore defined as a person who talks about himself continually but I don't think that's right. I know people who talk about themselves perpetually, but who are nevertheless very delightful companions. The point is they have had such interesting lives that what they tell about themselves is intrinsically interesting, that is, would be so even if it had no personal connection.

Try also to lose the idea that a bare statement, that you or some of your friends have been to some particular place or done some special thing, is a good conversational coin.

For instance, if a bright story about newspaper life is told, there is always someone to pipe up: "I have a friend, who was a newspaperman once. He wrote the political news," or, if a picture of some beautiful spot is being admired the same variety of bore volunteers the absorbing information, "I was near there once when I was travelling for a shoe factory, but it was our busy season and I couldn't get time to go over."

Remarks like that go well enough with people who have reason to be interested in you and your friends, and where you have or haven't been; but as general conversation with comparative strangers—well, they're certainly counterfeited currency, which only the obligation of politeness ever makes people accept as the real thing.

Stories involving for their comprehension much knowledge of any sort—of some business or sport, or locality, for instance—and told to people who do not possess that knowledge, are another variety of bad conversational coin. No one except a conversational genius can give brief explanations that really explain, and many a story or incident that is perfectly good when told to the right person, becomes an unmitigated bore when loaded down with explanations—and foisted off on people who haven't the ghost of an idea what it all means, but who smile and say:

ed by his brother, Mr. David Leith, Vancouver. The bride, who arrived in the city from her native land on Wednesday, wore a very pretty gown of cream silk poplin with pale pink beaver hat—and carried a bouquet of white, roses and carnations. The bridesmaid wore a pretty white frock with black picture hat, and carried pink carnations. Breakfast was served at the home of Mrs. L. W. Kemp. Mr. and Mrs. Leith have taken up their residence in Victoria.

The handsome block now going up on Courtney street just above Douglas for George Carter & Son, Ltd., is expected to be completed and ready for occupation about the middle of October.

The structure is one of two storeys, the upper floor consisting of one large hall which has been constructed for the use of the Local Society of Friends (Quakers). The Friends have for some time past been meeting in Broad Street hall on Sunday mornings, and their growing membership and need of holding other meetings than that on Sunday morning necessitated other arrangements being made for the ensuing winter.

This hall will seat over 200, is of neat design and well-lighted. A ten days' Local Society Planning to Have a New Hall.

CHARMING EVENING GOWN.
For evening wear, here is a charming gown of cream lace and canary satin. The latter serves as trimming on bodice, where it is prettily scalloped, and again on skirt where it confines the fullness of lace at knee depth. Here again the scallops are used in a charming manner, forming a heading for the deep hem of satin. The draped girde is caught at intervals with oval gold buttons, whose centres are emeralds.

MOTHERS!

Cuticura Soap and Ointment afford instant relief, permit rest and sleep and point to a speedy cure of torturing, disgusting eczema, itching, irritations and chafings of infants and children.

"Yes, yes, I understand," just to get the agony over with.

There is plenty of mutual ground on which even complete strangers, if they have average intelligence, can meet.

There are enough personal anecdotes in most of our lives that are intrinsically interesting enough to be told even to strangers.

There is almost always some special common interest that any two or three people can find to talk about.

If people would realize these possibilities of limitations, and try to live up to them, and within them, it seems to me there would be far fewer bores in the world.

Everything for the Man

It's "Three and a Tiger" that we feel like when we look carefully into the perfections of Semi-ready Clothes.

This season the models will arouse your enthusiasm just as they have ours.

High-class tailoring, with the full purpose behind of satisfying you—are some of the minor causes behind the huge growth of the "Semi-ready" way of today in tailoring.

Remember—it is tailoring—and tailoring "better than the best tailor's best"—at savings which accrue to organization and system.

ALONSO GARRIBOLDI

NO MAN can serve two masters; nor can any shop maintain two standards of quality.

Semi-ready Clothes are made and tailored in a shop where the same high quality—the same standard of quality in workmanship is maintained.

The same tailors who make the \$25 and \$30 suits make those at \$15, \$18 and \$20. There is no cheap cloth nor cheap work in a Semi-ready Garment. Every suit is tailored under the one roof—the only way that high-class craftsmanship can be maintained—the only tailoring shop in Canada maintaining that policy.

NA-DRU-CO LAXATIVES. are new and entirely different from ordinary preparations. They accomplish their purpose without disturbing the rest of the system, and are therefore the ideal laxative for the nursing mother, as they do not affect the child. Compounded, like all NA-DRU-CO preparations, by expert chemists. If unsatisfactory we'll gladly return your money.

WILL REPAIR PRINCESS MAY DAMAGED STEAMSHIP IS NOW AT ESQUIMALT

Rejected Bid of B. C. Marine Railway Company Has Been Rejected and Accepted. This afternoon the damaged C. P. R. steamship Princess May was towed to the ways of the B. C. Marine Railway Company, at Esquimalt, and will be repaired by that firm at a price considerably below the amount of their bid, \$85,000, which was rejected, along with the six others submitted, as being excessive.

SEAMEN OF WRECKED CARNARVON BAY SAFE

Castaways From Mate's Boat Rescued From King's Island by Passing Steamer. Melbourne, Sept. 27.—The mate's boat, containing thirteen men of the crew of the ship Carnarvon Bay, which was wrecked at the south end of King Island over a week ago, succeeded in making a landing on the island, from which they were rescued by a passing steamer and landed in Tasmania. The men were all well. The captain's boat, containing the other survivors, was picked up by the steamer Tarella a week ago and landed in this city.

MARINE NOTES

The grain handlers' strike at Portland continues and a dispatch from that port says that several of the vessels awaiting cargo there may be sent to Puget Sound. Capt. K. Sato, Japanese S. S. Tamba Maru, reports, July 10, 1910, in latitude 51 deg. 40 min. N. longitude 157 deg. 42 min. W. passed a large floating tree about fifty feet long and four feet in diameter with many branches. If this tree be found by another vessel it will make a good aid in ascertaining the ocean current.

BETTER DEMAND FOR TONNAGE—Wheat and Lumber Freights Are Firm

Because of a more reasonable frame of mind on the part of holders in the north, wheat prices have reached a level where exporting is possible, and this has created a better demand for tonnage, says the San Francisco Commercial News in its weekly review of the coast charter market. The result has been a good charter market at hardening rates, with 27s 6d ruling figure, and even 28s 9d paid for some cargoes.

HEAVY CATCHES AT WHALING STATIONS

Over 850 Mammals Taken at Sechart and Kyoquot by West Coast Whalers. Advice from the West Coast state that over 850 whales have so far been taken at the Sechart and Kyoquot stations. The catch to date is 800 at Kyoquot and 260 at Sechart. At present two whalers are working from Kyoquot, two at the Ross Harbor station in the Queen-Charlotte, and one at Sechart. Bad weather has interfered with the operations of the West Coast whaling companies during the past two weeks. The steamer Otter, under charter to the Pacific Whaling Co., arrived from the West Coast yesterday with a full cargo of whale oil and products.

SCHEDULE OF QUEEN CITY TO BE CHANGED

Rivers Inlet Calls Discontinue After Wednesday—Hardy Bay Farthest Call. Changes in the winter schedules of the steamers Queen City and City of Nanaimo have been announced by the C. P. R. The Queen City will commence her new sailings on Monday, October 3rd, when she will leave Vancouver for Comox, arriving the following day at 11.15 a. m. Returning she will leave at 1.15 p. m. and arrive at Thursday, October 6th, the steamer will leave Vancouver for Hardy Bay, the Rivers Inlet calls being discontinued, and will arrive on Friday evening. Leaving Hardy Bay the same night she will be back at Vancouver on Sunday afternoon. During the winter the same schedule will be maintained, the steamer going to Comox on Monday, returning Wednesday and leaving for Hardy Bay every Thursday, returning Sunday.

RECEPTION ON TACOMA MARU LOCAL BUSINESS MEN TO BE ENTERTAINED

Arrival of First O. S. K. Liner to Be Celebrated—Fortnightly Sailings Scheduled. Arrangements are being made by the agents, R. P. Rithet & Co., for the holding of an informal reception to shipping men, members of the board of trade, the press and business men of the city, on board the Osaka Shosen Kaisha liner Tacoma Maru, which is due here on October 5 from Hongkong and Japanese ports, inaugurating the O. S. K.'s new service between Puget Sound and the Orient via Victoria. The O. S. K. steamships, although running into Sound ports for some time past, have not yet called at Victoria, but the liner's new schedule, including stops at this port for all the liners both inward and outward. At present four of the new liners are in service, the Tacoma Maru, Panama Maru, Seattle Maru, and Chicago Maru. The sixth of the fleet will be ready next year and will make her first call here May 29 next year. The Mexico Maru, now almost completed, will be due to arrive here on Oct. 24, and leave for Victoria on her maiden voyage November 15. A fortnightly service will be maintained by the company, which is operating in connection with the Chicago, Milwaukee and St. Paul Railroad into Tacoma. All the steamships employed are new vessels, equipped in the most modern manner and averaging over 3800 tons register each. About the fleet is completed by the addition of the Mexico Maru and Canada Maru a total net tonnage of nearly 25,000 tons will have been added to the already large tonnage which has given Victoria supreme place in Canada as a port of entry.

FIREMEN'S DANCE

Splendid Entertainment Provided for Event Which Is to Come Off To-night. Under the auspices of the members of the Victoria Fire Brigade an invitation dance will be given this evening in the recreation hall at headquarters. Preparations looking to the success of the event have been in hand for some weeks; and as there is every assurance of a large attendance it is anticipated that a conspicuous success will be achieved. The hall has been very prettily decorated for the occasion and the musical programme to be rendered by Miss Thain's orchestra is one of rare merit. Dancing will commence at 9 o'clock and terminate at 1 a. m. At midnight a buffet supper will be served.

"CHARLEY'S AUNT"

It was good, deliciously good, to hear the genuine hearty laughter that greeted last night's performance of "Charley's Aunt," at the Victoria theatre. It was not merely a laugh, but a stream, and it continued all through the performance. Huron L. Blyden did not miss a chance to show what a clever comedian he really is, and as Donna Lucia D'Alvadores, he brought out every bit of wit there is in the part, and there certainly is plenty. The other members of the company more than upheld the principal figure and the most discerning critic could find absolutely nothing to find fault with in any one of them. "Charley's Aunt" will appear only once again, to-night.

LAUNDRY DRIVER IS BEFORE THE COURT

Charge of Failing to Turn in Money Being Heard by Magistrate. The charge of failing to turn in money received from customers to the extent of \$68.25, made against Walter Clarke, formerly a driver for the company, by the Standard Steam Laundry Company, Ltd., has been commenced in the police court after many adjournments, and is being continued this afternoon. H. R. Savage, manager of the company, said the accused had entered the employ of the firm about a year ago, and was paid \$4 per week and ten per cent. on all money collected or paid in from the route. A month ago he became suspicious that money was not being turned in and had an examination of the accused's account, when the shortage was discovered. On cross-examination he admitted that to give a perfect check the slips should be called in every day. He had called them in twice since Clarke was employed by the firm, and that in the last two months.

NO DYSPEPSIA OR STOMACH DISTRESS

Settles Your Out-of-Order Stomach and Ends All Indigestion Five Minutes Later. There would not be a case of indigestion here if readers who are subject to stomach trouble knew the tremendous antiferment and digestive virtue contained in Diapiesin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sourst, acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath. Ask your pharmacist to show you the formula, plainly printed on each 50-cent case of Diapiesin, then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, belching Gas and Eructations of undigested food, water brash, Nausea, Headache, Bloating and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh. If your stomach is sour and full of gas, or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from stomach misery and perfect digestion of anything you eat is to follow five minutes after, and besides, one case is sufficient to cure a whole family of such trouble. Surely, a harmless, inexpensive preparation like Diapiesin, which will always, either at daytime or during night, relieve your stomach misery and digest your meals, is about as handy and valuable a thing as you could have in the house.

DUNCAN FAIR BEST IN YEARS SPLENDID DISPLAY IN ALL CLASSES

Competition Keen at Cowichan Agricultural Association Show

(Special Correspondence.)
 Duncan, Sept. 26.—The fall fair this season was the best in years. All available space in the Agricultural hall was in use, the sheds for cattle and horses were filled and some of the stock had to be tied to the fences outside. The old poultry house and the new one were both filled. The quality of the exhibits was excellent. This was particularly so of the horses and of the fruit. With one or two exceptions the judges were supplied by the agricultural department. One authority was heard to say that the exhibit of fruit could not be surpassed in any part of British Columbia and it was remarked that at no fair in British Columbia would the horses of Cowichan as a whole take an inferior place. The showing of flowers during the past three or four years has shown a steady improvement both in regard to quality and particularly in arrangement. The entry list in almost all classes of flowers was large and scarcely a clumsily arranged exhibit was seen.

The table decorations were a feature of the show, there being 15 beautifully decorated tables. Autumn leaves played an important part. The table winning first prize was that of Miss MacKenzie. The second table by Mrs. Walker was very dainty with pink sweet peas and asparagus fern. A table in pink roses with a pile of rose centres and roses leaves served by a committee of King's Daughters with Miss Wilson at the head, and as a result about \$75 clear will be added to the convalescent home and emergency hospital fund. A number of side-shows were present for the first time at a Cowichan fair and were well patronized.

The judges were: Vegetables, Mr. Carpenter, department of agriculture; sheep and swine, Mr. Jull; cattle and poultry, Mr. Jull; horses, J. McCleave, Victoria; and Dr. Swenerton, Vancouver; butter, Mr. Seljup, Cowichan creamery; writing, Mrs. H. D. Wellburn, assisted by Mr. Woodworth of Duncan High school; paintings, Miss Chambers; flowers, Mr. Bridgman, Victoria; photos, Mr. Tompstone; domestic science and ladies' work, Mrs. Pope, W. E. Scott, deputy minister of agriculture; and A. E. Craddock, secretary of the Agriculture Fair Association, kindly judged grain and corn.

The secretary, J. E. Hall, reports that there is a greater general interest taken in the annual fair each year, which he thinks is partly owing to the great growth of the district. The officers of the society have all worked hard this year to help the show. The officers follow:—Hon. president, W. H. Hayward; president, H. D. Evans; vice-president, J. E. Barclay; second vice-president, G. M. Hadwen; secretary-treasurer, J. E. Hall; executive, F. H. Christmas, F. H. Maitland-Dougall, H. W. Bevan, A. P. Robertson, A. A. Muttter, A. C. Aitken, A. Peterson, D. Evans, J. Paterson, and L. Solly. The following completes the list of prize-winners:

T. C. JOHNSTON, 620 JOHNSON STREET
PHONE 2050.

John Mason in "The Witching Hour."
"The Witching Hour," in which the Shuberts will present John Mason at the Victoria theatre on Thursday evening, has, by reason of its originality of ideas and force of dramatic intensity, come to be regarded as a foremost drama of the decade. An absorbing story of inherited prejudice and accidental crime is unfolded in Mr. Thomas' most skillful manner, with several exciting climaxes, while a background of love and romance, extending over three generations, is provided.

The chief originality and charm of the play, however, lies in its fascinating theories of the power of mind to read mind. This would seem to be an abstract theme, from which to build a play, but Mr. Thomas has admirably succeeded in keeping his drama entertaining from the rise of the curtain. The playgoers need not be frightened by any seeming overdose of intellectuality, for Mr. Thomas is a past master of the art of telling a footlight story, and the imaginative phases of "The Witching Hour" are so happily and poetically introduced and so interwoven with comedy that the little-known theories involved are impressed upon the audience without effort, and in such a way as to arouse curiosity and inspire fresh interest and thought.

Viola Allen in "The White Sister."
Miss Minna Gale, of the Viola Allen Company, playing "The White Sister," is engaged, in writing her reminiscences, which are soon to appear serially in one of the magazines. As leading Booth, Miss Gale became closely attached to those great men, and her intimate recollections of them should be well worth reading. She was Ophelia to Booth's Hamlet on the occasion of the latter's farewell to the stage. Her Shakespearean performances at the head of her own company, subsequent to Booth's death, were marked by their extraordinary insight and subtlety.

Miss Gale retired from the stage 14 years ago, becoming Mrs. Archibald Haynes, and has been living in Australia. As a mere spectator of events theatrical her view point broadened considerably. Her performances of the Countess Charamonte in Marion Crawford's last play, in which she is to support Miss Allen, is an event to be looked forward to with interest. The engagement is set for the Victoria theatre, Saturday, October 1st.

At the Lyceum.
The show at the Lyceum this week exceeds the promises of the management, and the overflowing house that greeted "Mudoon's Picnic" yesterday and the laughter and applause bestowed upon the performers, bids fair for a big week's business at this popular playhouse.

Commencing Monday, October 3rd, Manager Hunt will present, by request, "The Rajah," which was the strongest musical comedy presented by the Hunt company during their previous engagement in this city. Special pains will be taken to stage it. New scenery, new costumes and electrical effects are being obtained, and no expense will be spared to make this the banner bill of the season. An enjoyable time is promised all who attend the Lyceum, where popular prices prevail. Every Friday night will be known as amateur night. There will be a matinee every afternoon at 3 o'clock, and two shows nightly.

Crystal Theatre.
The management of this house, are presenting a programme of the very first class. Several fine features will be offered during this week. The programme for to-day merits attention. "The Ascot races of June, 1910, and Ascot Sunday at Booter's Lock are two fine Old Country features which cannot fail to appeal to all Britishers and sportsmen in general. It might be mentioned that there are only two series of the same class of subjects which will be

SUFFERED THREE YEARS
THIRTY Dr. Morse's Indian Root Pills cured his Kidney Trouble

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. F. A. Thomas, of Sudbury, Ont., is one of those who know it. He writes: "For over three years I suffered from kidney disease. First I thought I had sprained my back, for suddenly the pain would catch the small of my back and it would be impossible for me to straighten myself up for several minutes. A dull ache across the kidneys was always present, my urine was thick and cloudy, and passing it caused a burning, scalding pain. Tried medicines, but they failed. I was advised to try Dr. Morse's Indian Root Pills, as they had cured my wife years before. A few boxes straightened me completely. I now enjoy the blessings of good health, which is due to this remedy." Don't neglect kidney trouble—it's too dangerous as well as too painful. That old, reliable family remedy, Dr. Morse's Indian Root Pills, has cured thousands and will cure you. It is equally effective in curing constipation and its attendant evils, biliousness, indigestion and sick headaches, and in purifying the blood. 25¢ a box at your druggist.

presented during exhibition week. The other subjects for to-day are all genuinely good. "Strayed from the Ranch" cannot be over estimated as interesting and appealing. "Not Guilty" is another picture of strong dramatic character. "The Husband's Sacrifice" and "Aunt Hanna" are two splendid comedies. Geo. McLellan is prepared to give a fine illustrated song of the best kind. The Crystal is certainly a place for best quality entertainment.

PUBLIC APATHY TO BLAME FOR FIRES

Chief Fire Warden Says Much Loss Could Have Been Prevented

Chief Fire Warden Gladwin, in his report for August, comments sharply on the apathy shown by citizens generally in co-operating with the fire wardens. In many cases individuals could stop a fire in its incipient stages, but either let it alone or think their duty is done in reporting it to a fire warden or other government official. In the course of his report Mr. Gladwin says: "The weather on Vancouver Island and the north coast has been exceptionally dry and windy for this district. The number employed for the month on staff includes one chief fire warden, one official clerk, four district fire wardens, six district fire wardens, and 283 assistant fire wardens, a total of 295. The men employed to fight fires by the government, besides the staff, totalled 3,233 men, or a grand total of 3,528 men. The work of these men engaged by the government succeeded in saving a vast amount of timber and private property, including ten towns, hundreds of settlers' buildings, eleven large saw mills and lumber, seventeen logs on sidways cut logs on sidways, protected and cut off the fire with fire guards, and timber limits estimated at two billion and a half of standing timber."

The causes of fire were as follows: Unknown, 106; lightning, 58; C. P. R. locomotives, 43; campers, 42; settlers, 35; donkey engines, 13; prospectors, 8; G. N. locomotives, 7; Grand Trunk right-of-way, 2; survey parties, 2; fires, 2; B. C. E. P. 1. The most and most destructive fires originated from the C. P. R. and G. N. R. locomotives, loggers' donkey engines, prospectors and campers, one very bad fire being set by an insane rancher. The timber damaged by fire, but if cut off within two years will be saved, is estimated at 64,117,000 feet. One million feet of standing timber was destroyed; 675,000 feet of cut logs on sidways burned; together with 2,171 cedar telegraph poles; 4,347 cedar fence posts; 424 railway ties; and 2,600 shingle bolts, making a total of 21,157 of timber destroyed by fire. The value of improvements destroyed is estimated at \$9,185. L. e., 30 acres of peat land, one barn, four tons of hay, one government bridge, half a mile of road, cribbing, one small house, nine mill houses, one cabin and fence, half mile of dume, 7,200 feet of chutes and half-mile of fence. The report concludes:

"In the past, thousands of acres of splendid timber for mining props and scaffolding has been destroyed by fire, and in passing I cannot help but mention the narrow-minded public spirit shown by a great many people in regards to trying to extinguish small fires when they see them started, near at hand. In several instances this season letters were sent to the fire wardens to come and put out fires, when perhaps the fire warden was a day's journey from them; and when the fire warden arrived it took a large crew of men, and in some cases cost hundreds of dollars to extinguish the fires. The only excuse given was: 'they did not think the government would pay them for any work they would do fighting fires.' I claim it is the duty of every citizen to help at once to extinguish any small fire he may see and apply for recompense to the government afterwards."

GIRL'S FRIENDLY WORK EXTENSION

Meeting Held Yesterday Afternoon to Discuss Plans for Local Society

A large gathering was held yesterday afternoon in the schoolroom of Christ Church cathedral, in order to talk over the work in connection with the Girls' Friendly Society. The object of this association is not like that of the Y. W. C. A., which is doing an excellent work in furnishing young girls who are strangers in the city with a home, but to help them to cope with the temptations around them. Briefly outlined, its aim is not to reform girls who have become in any sense outcasts from society, but to safeguard and train them so that they will never need to be rescued. Any girl of good character may become a member if she is a communicant of the Church of England. An associate must try in every way to be the true friend of the little band of girls of whom she takes charge. In the early days of the society associates, through want of tact, made many failures. The successes, however, have been much greater. There are now 35,000 associates and 186,000 members, and the badge of the G. F. S. girls for a girl friends wherever she goes.

Bishop Perrin, in a short address, expressed his pleasure at seeing so many present and hoped it augured well for the interest taken in the work of helping girls in Victoria who, for any reason, needed help. The society, he said, had been founded thirty years ago by a good woman with the purpose of developing spiritual life among the girls who were its members.

Mrs. C. E. Cooper said that to many the idea of a society was distasteful yet the union of many persons had accomplished much that was greatest and best in the world. The need of all girls for friends was great, and it was very desirable that not only strangers but girls living at home should become members of the society so that each might help the other.

Purity of life, dutifulness to parents, faithfulness to employers, temperance and thrift were virtues especially fostered by this society. The need of such teaching was very great in these days. Mrs. Cooper closed with the hope that the women of the Empire would grow strong and sweet, pure and noble. A branch of the society was formed in Victoria by Miss Perrin many years ago in St. Barnabas parish. Later, one was formed in St. James' under the superintendence of the late Mrs.

A PASSING SHOW

New Grand Theatre The big laugh of the Grand show (his week is Harry Van Fossen, the black face man, with a lot of foolish nonsense and a considerable amount of horse sense buried in it, keeps his audience in a state of uproar all the time he is on the stage.

Van Fossen is a natural born comedian, and has worked out some of the strangest sentences the English language has ever offered. These would not be accepted by literary authorities but they serve their purpose. They comprise a word juggle and make "his customers," as he calls his audience, laugh. As a singer he is an entertaining as musical but as a dresser he is unique. Celeste, a peerless wonder of the wire, certainly owns his title through skill; for his exciting performance is exceptional in every part. Standing high on the wire on one foot, the wire

is suddenly slack and wire and man come down rapidly but Celeste never loses his balance or position, and completes his thrilling act on the lowered wire, assuming all kinds of positions and postures. Rice and Provost, those clever acrobats, perform in "Bumpy Bumps," being a series of acrobatic stunts that get the applause, and please mightily. The tumbler of the turn is exceptionally clever, the acrobat entirely comic, and both work fast, and seem to take big risks of accident in the phenomenal stunts they do.

A pair of entertaining musicians, who can play every instrument under the sun, and who perform here on half a dozen different ones, are West and Miss Van Sichel, and a second black-face turn with Patti and Cushing as the performers makes the fifth turn. These two latter gentlemen cause roars of laughter by their absurdities and are loudly applauded for their song and ghost scenes.

Thomas J. Price with an illustrated song and dramatic moving pictures are the other two turns.
