Is Growing"*

Almost 300 Varieties of
the Newest and Best
GLADIOLI

Fall Price List, 1931

TERMS OF SALE

All prices made are for cash. However, we will hold goods until March 1st, 1932, if 25% is paid down to hold order.

Prices here hold until issuance of spring list in January, 1932.

All stock is offered subject to prior sale.

We never substitute varieties without your permission. If you can use substitutes, please note. In case size is sold out, we will substitute next size unless forbidden, giving at least equal value.

No item filled for less than 20c. If list states 10 bulbs for 10c we will fill order for that amount. If it states, for instance, 100 bulbs for 90c, please order at least 20c worth. No order accepted for less than \$1.

All prices in this catalogue include packing and transportation to any place in the United States or Canada. We ship to Dec. 1st in the fall and after March 1st in the spring at our own risk. If you wish your bulbs during the winter you assume the possibility of their loss by freezing. We reserve the right to ship by either mail or express.

On account of the present fluctuation of foreign exchange, we must ask customers in foreign countries to remit by international money order or United States exchange. Foreign currency will be credited only at exchange rate current when received.

IMPORTANT—READ CAREFULLY

A fall list is just an advance offering, put out to allow those who wish to be sure to get certain varieties to procure the pick of the previous season's crop. More people are realizing this all the time and profiting thereby.

In getting out this list, we have tried to economize on space, shortening descriptions and listing each variety in just one quantity. To do this we have figured out the following system.

Where listed by 1000 only, divide by 8 to get the 100 price. If listed by 100 only, divide by 8 to get the 10 price. Where the 10 price only is given divide by 9 for the each price.

The above may take a little figuring but we have tried to make prices so it works out easily and we believe this system is equitable to all. As is usual five or more will be sold at 10 price, 25 or more at 100 price and 250 at 1000 price. On many kinds we can supply bulbs in thousands and bulblets by the quart. Write us.

SIZE OF BULBS

We are following the usual classifications but are listing the two largest sizes as large, the two middle sizes as medium and the fives and sixes as small. We planted very few bulbs larger than No. 6 but on an average our large bulbs will probably run 75% first size and in many cases 100%.

As you notice, we offer bulblets of almost all kinds. We do this without recommendation as to their purchase. Some of them will grow easily while those of others will require lots of attention to get any great per cent to germinate.

All bulbs guaranteed true-to-name and free from disease.

DISCOUNTS

We will give a discount of 5% on all orders of \$10 from this list, 10% on \$25 orders, 15% on \$100 orders. These discounts apply to cash orders only. Liberal count guaranteed.

Until November 20th only, we make the following offer on cash orders in addition to discounts above: With a \$6 order, we will include free your choice of a medium size bulb of either Wings of the Morning or Blue Moon; with a \$10 order a medium size bulb of each; with a \$20 order, 2 large of Wings of the Morning and 1 large of Blue Moon; with a \$35 order, 3 large of each; with a \$50 order, 5 large of each; with a \$100 order, 12 large of each.

The above unprecedented bargain is made for two purposes: to encourage early buying and to distribute these two novelties as widely as possible. Offer ends November 20th, positively.

PANSY SEED—We are agents for Mrs. Merton G. Ellis' famous pansy seed. If you grow pansies, let us know your wants. This strain is outstanding.

Wings of the Morning
