DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Fertilizer

INDUSTRIAL SURVEY CHECK SHEET

Inspector: J.G.Hedderman Date of Inspection: 9 Mar 51

1. Name of Company: Nissan Chemical Industrial Co., Oji Plant

2. Location of Company: Toshima-cho, Kita-ku, Tokyo-to.
   Cho or Town City or Gun Prefecture

3. Number of Employees: 200 plus 130 temp. workers(fertilizer plant only)

4. Principal Product: Calcium Superphosphate, Mixed fertilizer

5. Monthly Volume in Yen (Production): Ca-superph. ¥ 100,000,000(11,000 tons)
   Mixed f. ¥ 32,000,000 (2,500 tons)

6. Stock Pile of Products: ¥ 40,000,000 (4,000 tons)
   Increasing or Decreasing ~~No remarkable change~~

7. Shortage or Difficulty in Obtaining Production Materials: None

8. Product for Export: ~~None at present~~
   If any, to where:

9. Increase or Decrease in Production over Normal (3 months' average): Ca-superphosate ---- No change
   Mixed fertilizer ---Increasing
   If any, due to what factor: Improved efficiency

10. Increase or Decrease in Production Cost: No change
    If any, due to what factor:

11. Increase or Decrease in Labor Force: No change
    If any, due to what reason:

12. Electric Power:

	Allocation	Consumption	Am't of Bill
November ~~1949~~ 1950	2,407,000 KWH	2,614,190 KWH	¥ 1,633,573
December ~~1949~~ 1950	2,583,000 KWH	2,584,579	¥ 1,612,174
January 1950 1951	2,700,000	2,698,537	¥ 1,639,184
Current Month	2,692,000	1,782,498	¥ 1,358,790

13. Any delay in wage payments? None If so, how far in arrears

14. Management's recommendations regarding operational difficulties, if any

15 Remarks:

Stock pile of phosphate rock as of Feb. end ------3,600 tons
Monthly consumption amount----------6,000 tons
Amount already arrived------800tons
Amount due on Mar. 10----- 1,000tons
Amount due on or after 25 Mar.-----3,000tons
If amount due arrives in time, no shortage-----

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

LABOR RELATIONS SURVEY

1. Is there a trade union? yes
2. Name of union: Nissan Kagaku Oji Kojo Rodo Kumiai
3. Number of members: 1625
4. Union affiliation, prefectural: none
5. Union affiliation, national: Gosei Kagaku Sangyo Rodo Kumiai Rengokai
6. Does the union have a constitution? yes
7. Any Communist activity in the union? none
8. Approximate number of known Communists: none , 4 communistes discharged last November
9. Is there a trade agreement? yes Date established: 1 Mar. 1951
10. Attitude of management toward the union (briefly)

cooperative

11. Any problems in labor relations (briefly)

no problem

1. MITI production quota 11,600 tons while capacity 22,000 tons

2, The company has a capacity to produce 22,000 tons fertilizer per month. However, MITI allocates only pyrites, phosphate rock, electricity to produce 11,100 tons of fertilizer per month and sell to Federation of Agriculture, Federation of National Purchasing Association and general dealers. The officials state that the planned production this year is 1,400,000 tons throught Japan. Total production capacity is 3,000,000 tons. The official states that after MITI and MAF contact total 1,400,000 tons was isufficient for the current year.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Fertilizer

INDUSTRIAL SURVEY CHECK SHEET

Inspector: Mr. Hedderman Date of Inspection: 9 March 1951

1. Name of Company: Nitto Ryuso K.K., Tokyo Plant.

2. Location of Company: 138 1-chome, Hirai Edogawa-ku, Tokyo-to
(Chō or Town / City or Gun / Prefecture)
Telephone (78)-852~854.

3. Number of Employees: 67

4. Principal Product: Calcium Super Phosphate

5. Monthly Volume in Yen (Production): ¥7,885,000 (1007 metric tons)

6. Stock Pile of Products: ¥10,179,000 (1,300 metric tons)
Increasing or Decreasing (not dead-stock) no remarkable change

7. Shortage or Difficulty in Obtaining Production Materials: see remarks backside

8. Product for Export: none
If any, to where:

9. Increase or Decrease in Production over Normal (3 months' average): 14% increase
If any, due to what factor: due to less production during November and December in 1950

10. Increase or Decrease in Production Cost: slightly increased
If any, due to what factor: due to increased price of sulphuric acid and packing material

11. Increase or Decrease in Labor Force: 2 increase over the previous inspection
If any, due to what reason: to prepare for production of mixed fertilizer

12. Electric Power:

	Allocation	Consumption	Am't of Bill
November ~~1949~~ 1950	34,000 KWH	14,510 KWH	¥31,963
December ~~1949~~ 1950	34,000	18,910	35,280
January ~~1950~~ 1951	24,000	16,440	33,849
~~Current month~~ February 1951	29,000	17,330	34,365
March 1951	29,000		

13. Any delay in wage ~~payments?~~ none If so, how far in arrears

14. Management's recommendations regarding operational difficulties, if any

15 Remarks:

1. Figures on electric power ~~allocations~~ due allocations exceed consumptions considerably. This is ~~because~~ due to the allocation ~~which was made~~ based upon the actual consumption during the same period of the previous year? Power consumption in January 1950 was 26,000 KWH.
2. The record is incorrect on labor force.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

LABOR RELATIONS SURVEY

1. Is there a trade union: yes
2. Name of union: Nitto Kuyso K.K. Tokyo Jugyoin Kumiai
3. Number of members: 68
4. Union affiliation, prefectural: none
5. Union affiliation, national: Federation of all Japan Calcium Super Phosphate Labor Union
6. Does the union have a constitution? yes
7. Any Communist activity in the union? none
8. Approximate number of known Communists: none
9. Is there a trade agreement? yes Date established: established Jun 1948 renewed 15 Dec 1950
10. Attitude of management toward the union (briefly) mild toward labor union
11. Any problems in labor relations (briefly) not in particular

Remarks 1. Production quantity of Calcium Super Phosphate

July	1950	---	937 metric tons
Aug.	"	---	932
Sept.	"	---	1337
Oct.	"	---	1340
Nov.	"	---	620
Dec.	"	---	833
Jan.	1951	---	1203
Feb.	"	---	1007

Remarks 2.

Designed capacity to manufacture Calcium Super Phosphate	3,000 metric tons
Designated amount by MITI	1,300 " "
actually produced amount	1,000 " "

The production is limited by the quantity of sulphuric acid they can purchase. During February they could not purchase over 600 metric tons of sulphuric acid by which they produced 1,000 metric tons of calcium super phosphate.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Fertilizer

INDUSTRIAL SURVEY CHECK SHEET

Inspector: Mr. Hedderman Date of Inspection: 9 Mar. 1951

1. Name of Company: Nissan Chemical Industry Ltd.
2. Location of Company: 1 chome, Komatsugawa, Edogawa-ku, Tokyo-to
   Cho or Town City or Gun Prefecture
3. Number of Employees: 350 (including temp. workers)
4. Principal Product: Sulphuric acid, Calucium super phosphate
5. Monthly Volume in Yen (Production): 32,951,000 yen(5,251 tons) ofCSP
6. Stock Pile of Products: ¥ 2,000,000 (558 tons)
   Increasing or Decreasing no change
7. Shortage or Difficulty in Obtaining Production Materials: at present none difficulty in getting phosphate rock is anticipated
8. Product for Export: none
   If any, to where:
9. Increase or Decrease in Production over Normal (3 months' average): no remarkable change
   If any, due to what factor:
10. Increase or Decrease in Production Cost: probably increasing,but detail is unknown because cost caluculation is made at their head office pooling all plants
    If any, due to what factor:
11. Increase or Decrease in Labor Force: 30 temporary workers are being hired.
    If any, due to what reason:
12. Electric Power:

	Allocation	Consumption	Am't of Bill
November ~~1949~~-1950	210,000 KWH	201,096 KWH	189,000 yen
December ~~1949~~ 1950	178,725	220,440	516,364
January ~~1950~~ 1951	168,768	175,440	223,301
Feb. 1951 ~~Current Month~~	156,495	187,140	414,677
Mar. 1951	230,000		

13. Any delay in wage payments? none If so, how far in arrears
14. Management's recommendations regarding operational difficulties, if any

15 Remarks:

end of March 1,700 tons phosphate rock
" April 2,700 tons "

under negociation with union on trade agreement

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Industrial Survey

During the month of Jan. sulphuric acid production increase 9 % over the previous month. The increase is due to the following reasons.

a. Increased shipment of pyrite ore from the Matsuo Mine, Iwate Pref.

b. Also 300 tons more shipment covering back allocation.

Further Information

1. The sulphuric Acid Association along with the Matsuo Mine Co. submitted a pettition to the T.M. requesting that more freight cars be allocated for the transportation of ore from the mine to Tokyo acid plants.
2. The stock pile at the Matsuo Mine were on spontaneous combustion.
3. For the month of Dec. the T.M. allocated 8 special freight trains, and 6 for Jan.
4. The amount of stock pile at the Matsuo Mine is not known by the company officials.
5. The Co. officials stated that for the month of Feb. they are expecting a decrease in shipments due to the possible shortage of freight cars. This appears to be true as the official at Onagigawa Freight station inform the Co. officials of possible freight car shortage.

Also in Jan~~here~~ was a reduction of two ore special freight trains.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

LABOR RELATIONS SURVEY

1. Is there a trade union? none
2. Name of union:
3. Number of members:
4. Union affiliation, prefectural:
5. Union affiliation, national:
6. Does the union have a constitution?
7. Any Communist activity in the union?
8. Approximate number of known Communists:
9. Is there a trade agreement? Date established:
10. Attitude of management toward the union (briefly)
11. Any problems in labor relations (briefly)

no problem at present

- Capital ¥998,000
- Date established 30 July 1942
- Plant manager Mr. T. Ono
- Machinery, equipment,
  Crusher (for Barium Nitrate) with 3 HP electric motor
  pestle & mortar set (for Kalium Nitrate) with 5 " "
- Number of buildings used for production 6,
  warehouse 4, magazine 3, office 1, others 8.
- average wage ¥3,000 Per month.
- The Korean conflict is considered to have effected the price of production material. Barium Nitrate, Kalium Nitrate and powdered aluminium have shown increase of price by 50%, 30% and 50% respectively.
- material on hand as of 30 Sep.
  aluminium powder 5,980 tons, Barium Nitrate 700 kg, Kalium Nitrate 104 kg.
  sulphur 226 kg, black gun powder 2,800 kg.
- Production quantity during the period from July to September 1950

Pest Extermination Pelorator.	Limitation by SCAP.	Quantity Produced.	Starter	Quantity Produced
July.	330,000 set	3,680 set	got permission	365,000 pcs.

INDUSTRIAL SURVEY CHECK SHEET

Inspector: H. Suzuki F. Yokoyama Date of Inspection: 10 Oct. 1950

1. Name of Company: Nitto Ryuso K.K. Tokyo Plant.

2. Location of Company: 1385, 1-chome, Hirai, Edogawa-ku, Tokyo-to
(Cho or Town / City or Gun / Prefecture)

3. Number of Employees: Total 65, {Engineer 5, clerical 13 {male 11 female 2, labor 43 {male 41 female 2, temporary worker 4}}

4. Principal Product: Calcium super phosphate

5. Monthly Volume in Yen (Production): ¥10,371,964 (for Sept.) (See reverse too)

6. Stock Pile of Products: ¥9,600,000 (1,238 ton). as of 30 Sep.
Increasing or Decreasing decreasing

7. Shortage or Difficulty in Obtaining Production Materials: none

8. Product for Export: none
If any, to where:

9. Increase or Decrease in Production over Normal (3 months' average): 20 % increase
If any, due to what factor: Shipment of H_2SO_4 into the plant has become smoth.

10. Increase or Decrease in Production Cost: no remarkable change
If any, due to what factor:

11. Increase or Decrease in Labor Force: no remarkable change
If any, due to what reason:

12. Electric Power:

	Allocation	Consumption	Am't of Bill
November 1949	34,000	18,980	40,052.00
December 1949	34,000	14,340	43,537.00
January 1950	24,000	10,210	30,615.00
Current Month	20,000	17,970	35,097.00

13. Any delay in wage payments? none If so, how far in arrears

14. Management's recommendations regarding operational difficulties, if any
None

15 Remarks:

6. The company expects sale of Calcium saper phosphate will decrease during Nov. Dec & Jan., resulting in increase of stock although stock is decreasing at present.

Capital ¥50,000,000
Date established. 1918
Percentage of operation against full capacity 90%
Average wage, staff ¥13,995 worker ¥11,295.
The Korean Conflict effects little the price of raw material used by the plant.

A

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

LABOR RELATIONS SURVEY

1. Is there a trade union: Yes
2. Name of union: TOKYO KOGAKU JYUGYOIN (Employees) UNION
3. Number of members: ca 600
4. Union affiliation, prefectural: None
5. Union affiliation, national: "
6. Does the union have a constitution? Yes
7. Any Communist activity in the union? None
8. Approximate number of known Communists: None
9. Is there a trade agreement? No Date established: Expired Dec '49
10. Attitude of management toward the union (briefly) very co-operative
11. Any problems in labor relations (briefly) None

Management's recommendations:

1). Price raise of export products: 50% up is hoped.
Reason: in case of 8×30 binocular,
f.o.b. Yokohama ¥1415
retail price in USA ¥4015 (3~4 times!)
if compared with pre-war price:-
present materials & wage 100~200 times of pre-war
their products only 30 " "

2). Long term contract hoped. ~~Such as~~ For instance 2 year contract breaking down so many pieces in Jan. Feb. ....
Reason: It takes 3~4 months to complete a certain product after ~~order~~ the receipt of order. and markets always flactuate ~~very~~

3). Now trying to tie up with reliable dealer in US who has good ~~agency~~ sales-net.
~~Example~~:

   ZEN NIHON KINZOKU RODO KUMIAI, FUJIMITAKA-Branch
3. Number of members: 830
4. Union affiliation, prefectural: None
5. Union affiliation, national: ZEN NIHON KINZOKU RODO KUMIAI
6. Does the union have a constitution? yes
7. Any Communist activity in the union? yes
8. Approximate number of known Communists: exact number unknown about 80 including sympathizer
9. Is there a trade agreement? no revision on pending Date established:
10. Attitude of management toward the union (briefly)

~~Had~~ the Union state that the faith of company lack in everything
The managing side state that the political ~~war~~ strife is aheadding the economical strife

11. Any problems in labor relations (briefly)

On 15 Aug. strike started. On 16 Aug management side closed the plant, and forbidded union member to step into the plant.

On 16 Aug, the management side declared to close the plant and forbidded the union member to step into the plant. But actually the labor union ~~doo~~ does not accept the declaration and are operating machines at random. Regarding the ~~th~~ handling of reparation ~~plant~~ machines, management side proposed to decide maintenance members and let them to take care of those machines. This proposal was refused by the unit and the unit declared to take care of those machines with all members. And this is one of the excuse for the members to enter the plant.

Request 1. guarantee of ¥2,000 basic salary at an average regardless of production
guarantee of ¥5,630 at the lowest class.
2. no revision of labor agreement.

Now collective negotiation is going on.
In the plant 4 slogans are posted
above mention two requests and
③ refusal of munition production (refusing of P.D.)
④ opposition against making Japan a Military base.

5. Monthly Volume in Yen (Production): (July) 24,369,000

6. Stock Pile of Products: ¥ 119,000,000
   Increasing or Decreasing decreasing

7. Shortage or Difficulty in Obtaining Production Materials: None (Principal material: light alloy brass, silica, boric acid (No price raise due to Korean War)

8. Product for Export: July'50 Binocular, camera, lense ¥25,110,000
   If any, to where: mostly USA

9. Increase or Decrease in Production over Normal (3 months' average): increased ca. 65%
   If any, due to what factor: improved efficiency (in other word, efficiency used to be too low)

10. Increase or Decrease in Production Cost: decreased 20% (rough estimate)
    If any, due to what factor: increased production

11. Increase or Decrease in Labor Force: No change till July'50
    If any, due to what reason: (See back)

12. Electric Power:

	Allocation	Consumption	Am't of Bill
November 1949	124,000	123,540	212,689
December 1949	120,000	119,862	205,680
January 1950	82,500	102,684	392,783
Current Month (July)	119,500	106,866	205,216

13. Any delay in wage payments? No, lately If so, how far in arrears

14. Management's recommendations regarding operational difficulties, if any -
Difficulty: This company is now in the worst financial situation.
Reason: ① All of the products before the end of war were special optical instrument for military use, Consequently, they have no old market.
② They have not much experience in peace time products, so they had to spend much money on research and trial production to improve design and quality which made production cost high.
③ Slow revolution of fund as usual with this industry.

15 Remarks:
Counter-measure:
① They have 280 million Yen debt as of end of June'50. It's hopeless to get any more loan.
② Discharge of employee is the only possible measure at present.
