

LA ABEJA.

NEW-ORLEANS, 18 DE JUNIO 1830.

Hubo en Cádiz una gran quiebra, y es la de la casa de D. Miguel Lobe...

El general Sr. Martín que tanto á figurado en la guerra de la independencia de la América meridional ha llegado á esta ciudad procedente de Bruselas.

Se asegura que una diputacion de las provincias de Navarra, Biscaya, y Guipúzcoa se hallan en Madrid con el fin de representar directamente al rey los votos de estas provincias privilegiadas...

Se opina que á consecuencia de una carta del lord Wellington dirigida á S. M. C. se ha agitado la cuestion del reconocimiento de las autoridades independientes de la América bajo ciertas condiciones.

88. MM. Napolitáns deben salir de Madrid el 14 del corriente, y llegaran el 26 á Bayona.

ESTADO DE JALISCO.

Tu nombre nos recuerda ideas alhagües, mas, y nos presenta imágenes seductoras; es, nosotros vimos hacer en tu seno el fruto de la esperiencia humana, el divino sistema que, rigiendo, nos hiciera dichosos...

Qué, la sociedad que compone el Estado de Jalisco no volverá á ser libre, si renunciará ya en su seno la ley? Será siempre el labirinto de partidos desastrosos? Parece que un ciego fatalismo nos persigue y abate...

No la ocurrido cosa particular en el Sur, segun las comunicaciones del general Bravo que alcanzan hasta 19 del corriente. Para el completo restablecimiento del orden ha dispuesto dicho Sr general que una parte de su division marche sobre Teipán y Coyuca-La fuerza con que cuenta el faccioso Alvarez no llega á doscientos hombres, la mayor parte de paisanos y civicos de la Sierra.

Risa dá oír decir á los facciosos, que el vencedor de Tamalipa traza planes para contrariar el nuevo orden de cosas. No saben ya de qué mentiras valerse para suponer que el gobierno está contrariado por la opinion general, la cual los derrocó á ellos desde su altura, quemándoles las alas y haciéndoles representar el papel de Icaro.

El capitán D José Maria Mellado, cuyo consejo de guerra anunciamos al publico, ha sido condenado á la perdida de su empleo y á ocho años de confinacion en el punto de la república que designe el gobierno.

El Señor A. BEAUVAIS, candidato á la plaza de Gobernador del Estado de la Luisiana, será sostenido en Julio próximo por un gran número de ELECTORES.

Mr. A. BEAUVAIS will be supported by a great number of voters, at the next election, as Candidate for the place of Governor of the State of Louisiana.

We are authorized to announce that Mr. A. D. ROMAN will be supported as a Candidate for the office of Governor.

JEAN GUADIZ, BARBIER ET PERRUQUIER, Phonnieur de prémier le public et ses amis.

A que Banaedi, 12 dia courant, il ouvrira de nouveau sa boutique de BARBIER ET PERRUQUIER, dans la rue Royale, No. 501, entre St. Pierre et Toulous.

THE BEE.

NEW-ORLEANS, FRIDAY (Morning) JUNE 18, 1830.

The papers received by yesterday's mail furnish no later advices from Europe than those already received.

An extensive failure has occurred at Cadix, that of D. Miguel Lobe, a very eminent merchant of long standing, and 70 years of age.

Out of 400 souls, which were on board of the ship Newry, at the time of her shipwreck, between 40 and 50 were drowned, and not 200, as was at first stated.

CONGRESS—WASHINGTON, May 18. MOLASSES AND RUM.

The engrossed bill to reduce the duty on molasses, and to allow a drawback on rum, distilled from foreign molasses was next read the third time and put on its passage.

Mr. Baringer moved the previous question; caring that debate might arise on the bill, and endanger it by delay.

Mr. Vance moved to lay the bill on the table which was negatived; and the previous question being seconded and agreed to, the question was put on the passage of the bill, and decided in the affirmative, by Yeas and Nays, 117 to 60.

So this bill was passed, and ordered to be sent to the Senate for concurrence.

THE FRENCH EXPEDITION TO ALGERIENS.—We have much in the English, as well as in our late French papers, on the state and prospects of the French expedition against Algiers, and the arguments pro and con.

The lion and the tiger dare not attack him, and even the elephant is often found dead in the forests, pierced with his horn. His disposition is pacific, but he becomes ferocious from hunger or from abuse.

Singular Suicide in France.—A circumstance has just taken place in Rochefort, which, from its fatal termination and the mystery which even yet involves the principal actor in it, has caused no slight sensation in that part of France.

On the 1st of February, at six in the morning, a stranger alighted from the Bordeaux coach at the Ville de Londres, and whose general appearance, and the embarrassment displayed in his replies to the usual questions put by the police, excited the suspicion of one of their agents.

Count de Bourmont left Paris for Toulon on the 20th April. M. de Polignac is entrusted with the Portfolio of the Minister of War during his absence.

The Russians consider the peace with the Porte merely as a truce. The armaments continue without relaxation, and notwithstanding the account that they are about to withdraw behind the Balkan yet a sufficient Russian force is kept at Adrianople to insure that city to the Russians.

From the Boston Palladium. The Unicorn, or One Horned Rhinoceros.—One of these extraordinary animals has been brought, for the first time, to this country, by a Vermontese, and is now exhibiting in this city.
