ADMIRAL FISHER ADVOCATES A SMALL NAVY

MR. FARRIS ASSURES BOARD OF COMMERCE ALL AVAILABLE HELP

Ambiguity of Chief Commissioner Robson's Wire Leads to Suggestion For Specific and Intelligent Direction; Defines Police Duties

Although he fails to understand why the Board of Commerce, three weeks after its creation, should have deemed it sufficient to send a general telegraphic order to "get busy," the Hon. J. W. deB. Farris, Attorney-General of British Columbia, stated to the Times representative this morning that his Department in particular and the Government in general will do everything possible to assist the activities of the Board now in session. Mr. Farris points out that had it not been for the limitations of Provincial jurisdiction, British Columbia would have tackled the high cost of living problem in this Province long ago.

The following telegram from Chief Commissioner Robson was received by the Attorney-General last night:

"It is necessary in the public interest that there be close co-operation between Dominion and Provincial authorities in efforts to prevent and punish profiteering and other commercial offences which are injurious to the public, notably combines hoarding, and price extortions. Please consider this if necessary with your Premier and colleagues as matter of grave importance. This Board hopes that you will instruct your Provincial Police to be active in this connection and that you will appoint counsel to represent your Province and bring profiteering offences before the Board for treatment under the Board of Commerce and Combines Act. Conference is desirable and will be freely arranged upon request. Your reply will be appreciated."

Mr. Farris has sent the following reply to the telegram set out above: "H. A. Robson, Chief Commissioner Board of Commerce, Ottawa: "Replying your wire we are willing and anxious to co-operate in every way in preventing profiteering but have had no communication from your board as to initiative being taken by you or plans formulated for general action throughout Canada. Under Combines Act I cannot prosecute until your board has investigated and given me written permission. Do I understand that your board is to wait for cases to come to your attention, and merely act judicially or that active investigations are to be instituted by competent experts under your direction. Our police will be instructed to be active, but police activities do not usually extend to investigation of combines and other large trade and industrial machinations. If public are to be protected properly police work should be directed and so-ordinated by federal agents and adopted the emblem of comprehensive policy. Think conference advisable. Will be Ottawa fifteenth."

"While I want to withhold criticism until I have fuller and more definite information," observed the Attorney-General in connection with the request from Chief Commissioner Robson. (Concluded on page 14.)

SAYS INFLUENCE OF JAPAN GROWING

Marquis Saionji Returns to Tokio From the Peace Conference

Tokyo, Sept. 2.—(Associated Press)—Marquis Saionji, former Premier of Japan, and head of the Japanese delegation at the Peace Conference, arrived here from Paris to-day and was given an enthusiastic welcome at the station. An untoward incident occurred following an address to the crowd by a student who denounced Marquis Saionji, claiming that his work in Paris had been a failure. Several workmen threw stones at the station but no damage was done.

Marquis Saionji is quoted as saying: "Every nation is disappointed with the results attained at the Peace Conference, but the League of Nations has produced a great change in the position of international politics. Her political interests are now becoming world-wide."

CANADIAN CAMP AT RIPON TO BE CLOSED

London, Sept. 3.—The Canadian camp at Ripon will be closed on Friday. Brig-General Ormond, commander of the camp, will sail immediately afterward for home.

Sir J. Davies Says British Shipyards Can Hold Their Own

London, Sept. 3.—"I am satisfied Great Britain can hold her own in shipbuilding unless a great change is brought about in the United States," said Sir Joseph Davies in an address at Cowes to-day. Sir Joseph said he had come to this conclusion after a visit to American shipbuilding yards.

King of Italy Will Give Up His Crown Properties Soon

Rome, Sept. 3.—King Victor Emmanuel has decided to surrender all the crown properties in favor of the peasants and for national work for former soldiers. The Premier will announce this in parliament.

HONDURAN TROOPS DEFEAT REBELS

San Salvador, Republic of Salvador, Sept. 3.—Honduran Government troops under command of General Flores have completely defeated and scattered revolutionary forces numbering 1,500 men led by General Lopez Gutierrez, according to an official statement issued at Tegucigalpa.

WILL PROBE REASONS FOR HIGH MILK PRICES HERE

The civic authorities of Victoria will apply to the Board of Commerce for an investigation of the reasons for the high price of milk prevailing in the city at present. This action has been decided on following the receipt of information from City Health Officer Doctor Price, who has warned the City Council that the present price of milk and the consequent small consumption will result in "a marked deterioration in the health of children" and "many deaths of infants." If an epidemic were to strike the city, Dr. Price declares, there would be nothing short of a "catastrophe" develop, as milk under such circumstances would be an "absolute necessity."

START HUNT FOR ALLEGED MURDERER

Provincial Police Searching West of Sooke for Man Suspected of Triple Murder

A man hunt for John Smith, alleged to have murdered three fishermen near Port Angeles yesterday, has been started along the south coast of the island from Sooke Harbor westward by Provincial Police officers. While the American police suspect that Smith has made his way across the Straits to Vancouver Island and has landed somewhere near Sherringham Point, up to a late hour to-day officers on board the Provincial Police boat, which started from Sooke this morning, had secured no trace either of the fugitive or of the craft in which he is supposed to have crossed the water.

"COMMUNIST LABOR PARTY" OF STATES

Chicago, Sept. 3.—Three hundred representatives of the left wing faction of the Socialist Party of the United States who recently withdrew from the parent body, have organized the Communist Labor Party of America and adopted the emblem of the Soviet Republic of Russia with the motto, "Workers of the World Unite." The emblem consists of a scythe and a hammer surrounded by a wreath of wheat. A suggestion that a torch be added to the emblem was voted down.

TWO YEARS' ARTS COURSE AT HIGH SCHOOL IN VICTORIA

Vancouver, Sept. 3.—A two-year course in arts in connection with the University of British Columbia will be given henceforth at the Victoria High School. The decision to create this affiliation between the University and the Victoria institution was made at a meeting of the Senate of the University last night. The conditions and terms of the affiliation will be determined by a committee composed of Dr. L. S. Klinek, President of the University; Dean Robinson, Professor Robertson, E. B. Paul, Victoria Municipal Inspector of Schools, and William Burns.

The question came up when the report of the University Senate committee appointed last April to confer with the principals of the High Schools of Victoria, Oak Bay and Esquimalt regarding affiliation to embrace the first two years of the arts course was laid before the Senate. Professor Killam, as chair-

LIBERALS DEMAND ELECTION INQUIRY

Ottawa, Sept. 3.—The Liberals demand an inquiry into the alleged manipulation of the soldier votes during the last election.

Mr. McKenzie's proposed resolution reads:—"Whereas, the following telegram was dispatched in code from Winnipeg by the Hon. Arthur Meighen, one of the Ministers of the Crown, to Right Hon. Sir Robert L. Borden, Prime Minister of Canada, on or about November 20, 1913, and when deciphered read as follows: "Would like 1,000 soldier votes at large for Manitoba, of which 300 for Selkirk, balance divided between Provencher, Macdonald and Springfield, or same proportion of division no matter what our allotment may be. (Signed) Arthur Meighen."

ALLIED COUNCIL TO SEND ULTIMATUM TO ROUMANIA

Paris, Sept. 3.—The Supreme Council to-day decided to send an ultimatum to the Roumanian Government regarding its course in Hungary.

A dispatch from Paris last night said that the Supreme Council yesterday again had considered the failure of Roumania to respond in writing to the notes of the Council and discussed the sending of a representative of high standing to Bucharest to insist upon an immediate reply. The difficulty encountered by the Council was in finding a satisfactory representative who was willing to undertake the task.

AUSTRIANS TOLD THEY MUST PAY ALL ALLIES DEMAND

Paris, Sept. 3.—The reply of the Allied Powers to the counter-proposals of the Austrian delegation, which was handed to the Austrian delegation at St. Germain yesterday afternoon at the same time as the completed draft of the peace treaty, said in part: "1.—The Allied and Associated Powers have given most careful consideration to the observations of the Austrian delegation on the draft treaty of peace.

"The reply of the Austrian delegation objects to the draft treaty on the grounds that in view of the dissolution of the Austro-Hungarian monarchy, Austria ought not to be treated as an enemy state at all, and that in consequence she ought not to be made in any special way inheritor of responsibilities in regard to reparation, to which the Austro-Hungarian monarchy undoubtedly would be liable did it still exist.

Statue of Victoria Is Shipped to This City From Britain

London, Sept. 3.—The statue of Queen Victoria ordered by the British Columbia Government before the war, to be set up in front of the Parliament Buildings at Victoria, B. C., is being shipped to-day, and it is hoped that it will arrive in time for the Prince of Wales to unveil. The statue has been at the Royal Exchange.

"It is now evident that this ultimatum was no more than an insincere excuse for beginning a war for which the late autocratic Government at Vienna, in close association with the rulers of Germany, had long prepared and for which it considered the time had arrived.

"The Austrian delegation appears to think that responsibility for these acts rested solely on the Hapsburg dynasty and its satellites, and that by reason of the dissolution of that monarchy through the victory of the Allies the people of Austria can escape responsibility for the deeds of the Government, which was their own Government and which had its home in their capital.

No Escape.

"In the opinion of the Allied and Associated powers, it is impossible to admit the plea of the Austrian delegation that the people of Austria do not share the responsibility of the Government which provoked the war, or that they are to escape the duty of making reparation to the utmost of their capacity to those whom they and the Government they sustained so grievously wronged. The principle upon which the draft treaty is based must therefore stand.

"Until the signing of peace, the people of Austria are, and will remain, the enemy of the Allies."

FISHERIES TREATY HAS BEEN SIGNED

New Canadian-American Pact Protects Fraser Sockeye Salmon

Seattle, Sept. 3.—A Washington, D. C. special dispatch to The Seattle Post-Intelligencer says: "While the text of the sockeye salmon treaty, between the United States and Great Britain, signed here yesterday, is withheld from publication until the Senate has removed the seal of secrecy from it, representatives of Puget Sound fishing interests learn that it is far from favorable to the American contention put forward in the hearings conducted by the Joint Commission.

"In fact," said one man identified with Puget Sound fishing interests to-day, "our information is that it is contrary to the facts developed in the testimony, and also contrary to the understanding reached at the Seattle meeting of the Commission."

BRITISH ADMIRAL HELPS TO PREPARE PETROGRAD ATTACK

Helsingfors, Sept. 2.—Admiral Cowan, commander of the British squadron in the Baltic, has arrived here in connection, it is understood, with preparations for an attack on Petrograd. Admiral Cowan intends, it is said, to confer with members of the British Military Mission here on the plans for the attack.

Berne, Sept. 3.—The Russian Bolsheviks have proposed peace negotiations following the rout of their forces which are surrounded, according to an official announcement received here.

The foregoing dispatch, which does not refer to any particular district in Russia, probably has reference to the Lithuanian front, where the Bolsheviks were said to be offering to make peace.

Success at Kiev.

London, Sept. 3.—Anti-Bolshevik forces occupied the southern out-

EX-FIRST SEA LORD WOULD SCRAP A LARGE PART OF BRITISH NAVY

Fisher's Proposal Creates Sensation; He Declares Half Navy Already Obsolete and Says a Large Navy Is No Longer Needed

London, Sept. 3.—The demand of Admiral Baron Fisher of Kilverstone, former First Sea Lord of the Admiralty, for the virtual scrapping of the navy, half of which is declared already obsolete, on the ground that a big navy is not required now that Germany has been defeated, has been printed in all the newspapers here and has caused a great sensation. Naval experts consider that Baron Fisher's proposal is much too drastic and fears are expressed that there is imminent a great fight between the advocates of a small and a big navy.

The campaign for administrative economy is gaining momentum daily. Rt. Hon. Andrew Bonar Law, Government leader in the House of Commons, and Rt. Hon. J. Austen Chamberlain, Chancellor of the Exchequer, came to London to-day especially to attend a meeting of the Cabinet.

It is understood that the discussion centred about the national finances.

PLENTY OF SUGAR, SAYS REFINERY MAN

But People Should Not Hoard, Commerce Board Is Told

Montreal, Sept. 3.—There is plenty of sugar to go round if everybody keeps his head, said D. Lorne McGibbon, of the Atlantic Sugar Refineries, Ltd., at the close of the session of the Board of Commerce here yesterday afternoon. His reply was in answer to a question by Hon. H. M. Robson, chairman of the board, who asked: "Is there any justification for domestic hoarding of sugar?"

"The retailer is not hoarding," said Mr. McGibbon, "but the public is. Sugar may go up a cent or two, but nothing like the advance that is rumored. A cent or two a pound, however, is a great advance to the sugar merchant. My personal opinion is that before Christmas the wholesale price, which is now \$10.50, will be \$11.00 or \$11.75."

STATUE OF VICTORIA IS SHIPPED TO THIS CITY FROM BRITAIN

London, Sept. 3.—The statue of Queen Victoria ordered by the British Columbia Government before the war, to be set up in front of the Parliament Buildings at Victoria, B. C., is being shipped to-day, and it is hoped that it will arrive in time for the Prince of Wales to unveil. The statue has been at the Royal Exchange.

CHARGES AGAINST MICHAEL KAROLYI

Berlin, Sept. 2.—Via London, Sept. 3.—Baron Radzensky, brother-in-law of former Hungarian Premier Count Stephen Tisza, has filed charges with the police at Budapest against Count Michael Karolyi, also a former Premier, alleging that Count Karolyi agitated for the murder of Count Tisza and participated in the crime, according to a Budapest dispatch to The Times Zeitung.

Belgrade, Sept. 3.—People's Commissary for Military Affairs during the Soviet regime in Hungary, is reported to have been arrested near Lake Platten, and it is said a huge sum of money belonging to the Austro-Hungarian Bank was found in his possession.

KING MAY ATTEND LABOR CONGRESS

Appeal by Sovereign at Big Glasgow Meeting Is Suggested

London, Sept. 3.—The Trades Union Congress which will assemble in Glasgow on September 8 promises to be the largest ever held in the United Kingdom. Already 348 delegates have been appointed to attend the Congress representing more than 2,225,000 workers.

A suggestion has been made that King George, who is at Balmoral, should be invited to attend the opening session, some of the labor leaders believing that a personal appeal from the sovereign to the workers to make a special effort in the national interest would have a great effect.

INTERNATIONAL CONGRESS

The Parliamentary committee of the Congress yesterday considered a request for representation at the International Labor Congress in Washington in October.

It is believed that the controversy between the alternatives of direct action and constitutional agitation will be fought out during the coming fortnight in discussions by the coal miners' conference and the "Triple Alliance" composed of the transport workers, miners and railwaymen, and finally by the Glasgow Congress. The belief is expressed generally that the decision will be against direct action.

TO SEND DELEGATES TO CONFERENCE

Winnipeg Labor Council to Be Represented at Ottawa Event

Winnipeg, Sept. 3.—The Winnipeg Trades and Labor Council, after discussing the question of the industrial conference to be held between the Government and representatives of labor, upon recommendation from its defence committee that representatives be not sent, decided that the interests of labor would be prejudiced were such representatives withheld. It was felt that a much stronger protest against the action of the courts in refusing bail to the eight strike leaders now held could be made by the representatives voicing such protests in person. Representatives therefore will be sent to the conference.

Concurrence was made by the Council in the recommendation of the defence committee to hold next Sunday as "protest Sunday," as a protest against the refusal of bail to the strikers now held in the provincial jail. Regarding the Dominion-wide strike as suggested by the defence committee, it was felt that the movement, being in such a weak state as a result of the recent strike, was not in any position to declare a strike of such magnitude on such short notice.

Alderman Ernest Robinson, secretary of the Council, was elected to represent the Council at the Trades Congress which is to open at Hamilton on September 22.

One Big Union
A resolution calling upon all workers to observe Wednesday, September 17, as "protest holiday" was endorsed at a meeting last night of the Central Council of the One Big Union. The report of the defence committee on the industrial convention at Ottawa was endorsed. It also was decided to name next Sunday as "protest Sunday."

"Protest Monday" also is a protest against the holding of the eight strike leaders in jail without bail.

At Vancouver.
Vancouver, Sept. 3.—The Vancouver Trades and Labor Council (International) now has an affiliated membership of approximately 5,000, according to A. Farniole, organizer for the American Federation of La-

bor and the Trades and Labor Congress of Canada. He states that the Vancouver Trades and Labor Council (One Big Union) membership has dwindled to approximately 2,500, of whom 1,000 are members of the loggers' union.

Withdrawals from the Old Council of trades unionists who have not a new body as yet, number about 4,500. He bases his figures on the membership of the old Council on the per capita figures for June.

The street railwaymen's union decided last night to withdraw its delegates from the old Trades and Labor Council, the One Big Union organization. The decision was arrived at by a heavy majority.

G. T. P. IS UNABLE TO PAY INTEREST

London, Sept. 3.—Announcement was made by Grand Trunk Pacific officials that they were without funds to meet the four per cent. debenture interest, which was due Monday.

The announcement called forth a variety of comment from the newspapers here. The Telegraph's financial editor declared it unthinkable that the Government, as the receiver, should leave the bondholders in the lurch, although he felt the attitude of the Dominion authorities to Canada's pioneer railway had been so ungenerous that one cannot avoid the suspicion that it was intended to use the Grand Trunk Pacific as a lever to enforce confiscatory terms on the parent company.

The Daily Chronicle counselled bondholders to be patient, and advised them not to sacrifice their holdings.

The Financial News declared that since Sir Alfred Smithers had arrived in Canada it had been a case of hope deferred and much sickness of heart. The Star said a more sympathetic policy would have to be adopted if British investors were not to lose faith in the Canadian administration, although it admitted that these debentures had now reached a price which gave bargain-hunters opportunity to indulge in a little risky speculation which might easily yield a handsome profit in the long run.

BIG GOLD STRIKE MADE NEAR KENORA

Winnipeg, Sept. 3.—News of another sensational gold strike, this time in the Contract Bay district, seventy miles from Kenora, was brought to Winnipeg yesterday by Robert Wachman, a Chicago salesman, who claims to have made the find.

The strike, according to Wachman, is a pay streak containing from \$200,000 to \$300,000 gold to the ton, surrounded by ore that will mill more than \$100 to the ton.

Wachman, prospecting while on a vacation, shares the credit of the strike with Gus Larsen, who has been a prospector for twenty-five years.

NEW BYE-ELECTION BILL AT OTTAWA

Ottawa, Sept. 3.—S. W. Jacobs, member for George Etienne Cartier (Montreal), proposes again to present in this bill to require the holding of bye-elections within sixty days of a constituency becoming vacant. The bill is based on legislation in force in the United Kingdom. It was presented last year, but was still on the order paper at prorogation.

BACK TO RUSSIA.

Paris, Sept. 3.—Catherine Breckovskaya, known as the "Grandmother of the Russian Revolution," has left Prague and is returning to Russia.

Clogged Nostrils Open Breathing Made Easy, Catarrh Cured!

New Method Very Successful

It is a new method of treatment, that of medicated air, and cannot fail to be beneficial. It goes wherever air can go, thus reaching all the affected parts. It purifies as by fire, simply burning up the disease germs. Catarrh is a non-poisonous and healing agent; it therefore acts upon the mucous tissues of the throat, nasal passages and bronchial tubes, destroying all microbes, life, and at the same time heals up all the inflamed parts.

As a cure for Catarrh, Bronchitis, Asthma, La Grippe, as a strengthener for the throat, Catarrh is not equalled.

It is a guaranteed cure, and is highly endorsed by prominent physicians who use Catarrh in their practice.

Sufficient Catarrh for two months' use, price \$1; smaller size 50c, at all dealers.

JIM WALSH SPENT A LOT OF MONEY SEEKING HEALTH

Had Tried Three Years Ago to Find Relief From Trouble; Praises Tanlac

"I have spent a lot of money in the last three years trying to find a medicine or treatment that would overcome my troubles, but I didn't get any better until I commenced taking Tanlac," said Jim Walsh, living at 410 Cordova Street, Vancouver, while talking to a Tanlac representative the other day.

"There is no doubt about Tanlac being a real medicine," continued Mr. Walsh, "and during all the time I was in such bad health, it is the only medicine that I found that would do just what they claimed it would do. My stomach was in bad condition, and many times I have had to leave the table before finishing a meal on account of cramping pains. Then for two or three hours I would be all bloated up with gas so bad that it would get up into my chest and cause pains all around my heart. At times I would get so dizzy that I would fall if I didn't catch hold of something, and I frequently had bad spells of headache. I can remember a single night during the three years that I slept well, and finally got so weak and run-down that I was hardly able to get up and didn't feel like doing any work at all."

"Then I heard about Tanlac, and everything I want and I never suffer the least bit afterwards. No more gas after meals and no more sour stomach. The headaches are gone, too, and I never have those dizzy spells and more. I can eat a big meal any time I can get to it, for I just feel hungry all the time. I sleep like a log every night now, and get up every morning ready for a hearty breakfast and a hard day's work. I don't feel all tired out and exhausted after a hard day's work like I did before I took Tanlac. I have gotten back all my strength and energy, and have gained a good deal in weight. Yes, sir, Tanlac has done me a world of good, and that is why I never lose an opportunity to say something good about it."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas—Adv.

RUSSIAN PLOTTER WILL BE DEPORTED

Vancouver, Sept. 3.—The Hotel Vancouver and the headquarters of the Russian Consul in Vancouver, M. Ragozine, were slated for blowing up by Theodore Razonoff, who yesterday was ordered deported by a special Immigration Board, according to the evidence of a Royal Northwest Mounted Police operative.

This was the evidence given by the Mounted Police detective. "On another occasion he stated that if a revolution happened in Vancouver he did not care for his own life; he would be the first to blow up the Russian Consulate headquarters and the Hotel Vancouver. The Russian Consul was not in favor of the present Soviet Government in Russia, as he gave information to the Kolchak Government. The Hotel Vancouver Hotel was the home of rich capitalists."

Razonoff was considered one of the cleverest men about whom the Mounted Police have their net of evidence, and the ending of the case in favor of the prosecution is considered by police heads to conclude one of the most carefully worked up cases in the history of the force. Razonoff is a man of considerable brains and clever. Between early in January and when the police arrested him this summer after the Winnipeg strike, seventeen men of the Mounted Police at one time or another were shadowing him. Only three succeeded in getting into his confidence.

LARGER GRANTS FOR RETURNED MEN ASKED

Ottawa, Sept. 3.—As a result of the four-day executive session of the Dominion command of the Great War Veterans' Association, held here, a conference was held with the Prime Minister yesterday to urge the establishment of a commission to determine the practicability of extending further aid in the re-establishment of returned men. This action was taken in furtherance of the demands made by the annual Dominion convention at Vancouver, when the now famous "compromise" resolution was adopted.

After a thorough discussion of the subject, Sir Robert Borden gave his assurance that the decision of the Government would be announced at an early date.

The representatives nominated by the G. W. V. A. for the proposed commission have been summoned to Ottawa to act in conjunction with a sub-committee of the Dominion executive in anticipation of early developments.

THEFT OF FURS.

Winnipeg, Sept. 3.—Charles and Mabel Lucas, alleged to have received a large part of \$20,000 worth of furs stolen from a firm in this city, appeared in police court yesterday charged with receiving stolen goods. They were remanded for one week.

According to the police, \$5,000 worth of the furs have been recovered, a large quantity of them in Regina. A number of suspects are being held by the police pending an investigation.

BLOCKADE LIFTED.

Washington, Sept. 3.—The Allied blockade against Germany was lifted yesterday. Restrictions remain, however, on dyes and certain other commodities which will be under the control of the Reparations Commission, as was the case when the blockade of Germany was lifted.

EX-OFFICERS GO TO CENTRAL AMERICA

Brig.-General Critchley and Others Leave Britain to Go Ranching

London, Sept. 3.—A party of former officers of the British forces held a meeting here yesterday with the purpose of getting acquainted preparatory to their departure to-morrow for Central America, where they will take up life on a ranch under the supervision of Brigadier-General Alfred Critchley, former commander of the Royal Air Force.

Brigadier-General Critchley originated the plan "in recognition of the desire on the part of many other demobilized officers for a healthy sporting and adventurous open air life, combined with unlimited possibilities of a commercial nature."

On the ranch, which is located in the centre of a well-stocked sporting area, it is proposed to breed horses, cattle and sheep and grow cotton and other crops. The estate belongs to General Critchley. It is planned to divide the land among the members of the party after the first years spent on it.

All the members of the party who will leave to-morrow are single men, but married men who are former officers of the British forces will be welcomed to membership in the club after the inauguration of the enterprise.

Brigadier-General Critchley, who was born in Calgary twenty-nine years ago, is widely known in Canada as a sportsman and hunter and polo, golf and tennis player. He was a member of the Strathcona Horse at the outbreak of the war and went to Europe and served with the first Canadian Contingent. He was awarded the D. S. O. in 1915.

WINNIPEG PROCEEDS WITH HOUSING PLAN

Winnipeg, Sept. 3.—This city is going ahead with its housing scheme immediately, having already received applications from eighty-three prospective purchasers, most of whom are returned soldiers. Providing the houses can be constructed before winter sets in, the city is prepared to expend up to \$276,000 on the scheme this year.

FOR GOOD ROADS.

Winnipeg, Sept. 3.—A Macgillivray, Provincial Highway Commissioner of Manitoba, who returned from an inter-provincial conference of Government good roads representatives yesterday, announced that Manitoba's share of the \$20,000,000 appropriation from the Federal Government for construction of good roads will amount to \$1,602,265.

POLITICAL POT IN BRITAIN IS BOILING

Sept. 3.—Political activity will be resumed long before the re-assemblies in London. Mr. Lloyd George is expected to remain in France another fortnight. In this city centres about a campaign by the newspaper which is reminiscent of that which overthrew the Asquith Government. It seeks to make Mr. Hon. Bonar Law, the Chancellor of the Exchequer, the scapegoat for governmental mistakes and blunders, and exonerate the Minister on the ground that Mr. Law was virtually acting as Minister in London while Mr. Lloyd George was engaged in the work in Paris. The aim of the campaign seems to be to discredit the conservative section of the Government and to prepare the possibility of the next generation of bringing in a Labor

joy of feeling fit and rewards those who keep the laws of health, keep the habits regular.

BEECHAN'S PILLS

Sole of any Medicine in the World. Sold everywhere. In boxes 25c.

BENSON'S Corn Starch

Desserts—Rolls Sauces

BENSON'S is pure prepared corn starch, delicate and nourishing, unexcelled for all cooking purposes.

It improves the texture of bread, biscuits and rolls if one-third of the flour is substituted with Benson's Corn Starch. It makes pie crusts light and flakey.

There is a recipe for the most delicious Blanc Mange on the package, together with a dozen other uses. Benson's is the best Corn Starch for making sauces and gravies smooth and creamy.

LEMON PIE

(Enough for one medium sized pie)
1 cup sugar, 1/2 cup lemon juice, 1/2 cup boiling water, 1/2 cup cold water, 2 egg yolks, 2 egg whites, 3 tablespoons powdered sugar.
Mix corn starch, sugar, lemon juice, grated rind and beaten egg yolks. Add boiling water slowly, stirring constantly. Cook until thick and boiling. Cook for a half hour and cover with a meringue made of the stiffly beaten egg whites, and powdered sugar. Brown meringue in a slow oven.

Pie Crust

2 cups flour, 1 teaspoonful baking powder, 1 teaspoonful salt, 1/2 cup shortening, 1/2 cup cold water.
Write for booklet of recipes

W. T. BENSON & CO'S CANADA PREPARED CORN FOR CULINARY PURPOSES
This most delicious of all preparations for LANCHEON, PUDDINGS, CUSTARDS, FRUIT SAUCE, etc., is universally recognized to be superior to any preparation of a similar kind from the United States or Great Britain.

SAYS RATIFICATION URGENT MATTER

Borden Advises Commons to Approve German Treaty Without Delay

SPEAKS OF THE NEW STATUS OF CANADA

Ottawa, Sept. 3.—Moving in the Commons yesterday afternoon that the peace treaty with Germany be ratified, Sir Robert Borden described in detail the provisions of the treaty, with the accompanying covenant of the League of Nations and the labor convention. He spoke of Canada's new status in the family of nations, as exemplified in the representation at the Peace Conference and on the Council of the League.

"On behalf of my country," Sir Robert declared amid cheers, "I stood firmly on solid ground. In this, the greatest of all wars, in which the world's liberty, the world's justice—in short, the world's future destiny—were at stake, Canada had led the democracies of both the American continents. Her resolve had given inspiration, her sacrifices had been conspicuous; her effort was unlimited to the end. The same spirit which made her capable of that effort and sacrifice made her equally incapable of accepting at the Peace Conference, in the League of Nations or elsewhere a status inferior to that accorded to nations less advanced in their development, less amply endowed in wealth, resources and population, no more complete in their sovereignty, and far less conspicuous in their sacrifice.

Honor and Justice.

"I commend this treaty to the consideration and approval of the Canadian Parliament, claiming, not indeed, that it has no imperfections, but that it does in truth embody terms consistent with honor and justice, and that the most earnest endeavor of those who framed it was to ensure the future peace of the world."
The Prime Minister dealt with the deliberations on the treaty. He said that probably there was no nation whose representatives were absolutely satisfied with every disposition contained in the treaty. However, there was the outstanding fact that thirty-two nations, widely divergent in status, in power and in political development, had given their undivided assent to a treaty which, whatever its imperfections, was designed in all sincerity to assure the future peace of the world.

Urgent Matter.

Dealing with the need for ratifying the treaty, Sir Robert said the pledge had been given that this treaty would be submitted to Parliament, and this pledge was now fulfilled. There was

IRON

Patented Iron helps put astonishing strength and energy into the veins of men and being used by the greatest of men, nervous, run-down women, says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital, New York, N. Y., and Westchester County Hospital. "I prescribe it regularly in cases of depleted energy, anemia, loss of strength and endurance. In my opinion, there is nothing like organic iron—Nurated Iron—to quickly enrich the blood, make beautiful, healthy women and strong, vigorous, iron men." Satisfaction guaranteed or money refunded.

Sold by C. H. Boves and all other druggists.

he said, the greatest urgency for securing ratification of the earliest possible moment. The bill making provision for carrying into effect the terms of the treaty, so far as Canada was concerned, would afford opportunity for such further debate as might be desired.

Ex-German Colonies.

Dealing with the loss of Germany of her colonial empire, the Prime Minister said this measure was entirely necessary in justice to the native tribes inhabiting those countries. The reduction of the German army and navy had been provided for, and the security afforded by the covenant of the League of Nations was thereby made greater.

Reparations, penalties and the trial of those responsible for the starting of the war also were dealt with, and the Prime Minister referred to the future outlook for world peace.

Recalled War.

Sir Robert recalled the dark days through which the people of the Allied nations had passed at times during the war. "It is fitting," he said, "to recall for a moment the irretrievable disaster seemed more than once to wait on the threshold of the Allied nations and to acknowledge our profound thankfulness that the peace we are now to consider is founded upon victory and not upon defeat; fitting also to renew and emphasize our grateful acknowledgment of the indomitable valor of the Allied armies, which made victory possible, and to recall with solemn pride the glorious achievements of our own heroic army. Those who had passed from the inconceivable devastation and destruction of France and Belgium to the smiling and untouched countryside of Germany are not wont to regard the terms of this treaty as unduly severe.

An Aspiration.

"As far back as the dawn of history men have been conscious of the evils of war, and from the earliest times war-wearied nations have held high hopes of a future in which war should cease. Such, to-day, is the universal aspiration of mankind. That aspiration is founded not only upon ideals of liberty and justice, but upon the instinct of self-preservation."

Short Debate.

There was a short but animated discussion when the Prime Minister had concluded. Hon. W. S. Fielding, who has now taken his seat immediately to the left of Mr. Maclean, the latter occupying Sir Wilfrid Laurier's old seat, wanted to know what the effect would be if Canada should refuse to ratify.

Sir Robert sharply replied that it would mean the defeat of the Government in presenting the treaty for ratification; that Mr. Fielding and his colleagues would be called upon to take their seats on the Treasury benches. Canada, he said, had stepped out from a treaty assented to by the rest of the Empire.

Discussion of League.

Although the discussion was brief, it was evident that any opposition will centre around the League of Nations covenant. Under this members of the League undertake "to respect and preserve as against external aggression the territorial integrity and existing political independence of members of the league."

The Address.

At the beginning of the day's session, Dr. H. P. Whidden, Brandon, in moving the Address in reply to the Speech from the Throne, emphasized the importance of the matters which were to be discussed during the session.

Dr. Whidden deprecated the class consciousness which at present characterizes much of Canadian life. As a cure for industrial unrest, he advised the adoption of the principles for which 60,000 Canadian soldiers had died in Flanders and France. Righteousness, freedom, truth and justice were the important reasons

CARSON ATTACKS LORD NORTHCLIFFE

Says Viscount Wishes to Be Prime Minister of Britain

Belfast, Sept. 3.—Sir Edward Carson, in opening a new anti-Home Rule campaign here last night, made a fierce attack upon Viscount Northcliffe, the newspaper proprietor whom he styled as "the greatest absentee Irish capitalist and the greatest example of an Irishman who under the Union has made untold wealth in England."
"He has been a man-hunter," said Sir Edward. "He hunted Earl Kitchener Field Marshal French, Admiral Viscount Jellicoe, Viscount Milner and J. Austen Chamberlain, and most recently Premier Lloyd George."
"I have thought this over and believe I have found a solution to the question. It is to make Viscount Northcliffe Prime Minister. The only disadvantage would be that as Prime Minister he would have to meet in Parliament face to face those he assailed and could not attack them from the editorial armchair."
"What is a statesman? He is a man who, when it pleases Viscount Northcliffe, betrays every interest entrusted to him."

CARPENTERS PAID MORE IN WINNIPEG

Winnipeg, Sept. 3.—An agreement between the contractors' section of the Builders' Exchange and the carpenters was ratified at a meeting of wages will be seventy-five cents an hour and an increase of five cents, to eighty cents, next year, the working day to be one of eight hours, or forty-four hours a week.
The agreement also provides that in the event of the cost of living further increasing, the wages shall be raised, the amount to be determined by a committee of both parties.

NOW NO MILITARY GOVERNOR OF BERLIN

Berlin, Sept. 2.—Via London, Sept. 3.—The abolition of the office of Military Governor of Berlin, which has just been effected, marks the passing of a Prussian military institution dating back to 1658. The military administration for the city now devolves upon the local command of the regular army organization.

BULGARIA TO HAVE USE OF DEDEAGATCH

Paris, Sept. 3.—(Havas).—The Aegean seaport, to which the Allies have decided to give Bulgaria access under the treaty is Dedeagatch, together with the railway leading to that port.

WINNIPEG SENTENCE.

Winnipeg, Sept. 3.—George Wilson was fined \$1,000 and costs, with the alternative of six months in jail, by Magistrate Macdonald in police court here yesterday on a charge of violating the Manitoba Temperance Act. The maximum penalty was given Wilson as his record showed four previous convictions under the Act.

DENIAL BY HAPSBURG.

Berne, Sept. 2.—Via London, Sept. 3.—Former Emperor Charles of Austria-Hungary, has written to a Swiss friend protesting against rumors regarding alleged Hapsburg intrigues in Switzerland. He says he has always "faithfully kept his promise to abstain from politics" while in Switzerland.

MR. WINKLER ILL.

Winnipeg, Sept. 3.—Hon. Valentine Winkler, Provincial Minister of Agriculture, is in a very serious condition at his home, suffering from influenza.

To Discard Freckles, Tan, Pimples, Blotches

The use of creams containing animal grease sometimes causes hair to grow. You run no risk of acquiring superfluous hair when you use ordinary mace wax. There is nothing better for a discolored skin, as the wax actually absorbs the offensive cuticle—gradually, gently, so there is no detention indoors and no inconvenience. The discarded complexion naturally is replaced by a clear, smooth, healthy one—full of life and expression. It's the sensible way to get rid of a freckled, tanned, over-red, blotchy or pimply skin. Just procure an ounce of mace wax at any druggist's and apply nightly like cold cream, erasing in the morning with soap and water. It takes a week or so to complete the transformation.

THE COST OF LIVING CAMPAIGN.

The Chairman of the Board of Commerce has communicated to the Attorney-General of each Province a request that the Provincial Police be instructed to examine the food conditions of its locality, including the supplies of food on hand and the prevailing prices, and to report the result of its examination to the Board. The Provinces also are asked to engage counsel to prepare cases to be submitted to the Board where it is suspected that extortionate prices are being charged, the Board to appoint sub-commissioners to investigate specific complaints.

This action of the Board of Commerce follows the announcement a few days ago that it had arranged for co-operation with the United States authorities for a continent-wide campaign against the cost of living. The two Governments, however, are not proceeding in the same way. The activities of the United States authorities are being directed by the Federal Attorney-General, who paved the way for his course by securing the enactment by Congress of drastic legislation against profiteering and hoarding and who already has instituted proceedings in the regular courts against people charged with violating the Federal law. Further, his plans are being carried out by Federal agents operating in every state and an appropriation of \$1,500,000 has been made by Congress to finance the campaign.

No such machinery has been created for the prosecution of the crusade in Canada. Instead of direct Federal action and recourse to the courts in proceedings instituted by Federal agents, a Board of Commerce has been organized which will hear complaints in sessions to be open to the public, and will give "orders" regarding hoarded food and prices, based upon the evidence submitted to it. The Board is not to do its own investigating, except in "specific complaints;" the Provinces are asked to do that and even institute proceedings before the Board. In fact the Provinces are expected to do the bulk of the work, to locate profiteers, prepare cases and engage counsel to place them before the Board.

In this lies a rather familiar suggestion. Superficially, at any rate, it looks as if the question of responsibility for action and relief in regard to the food question is being made into a shuttlecock, passed from the Dominion Government to the Board of Commerce and from the Board to the Provinces. In these circumstances the campaign is in danger of ending innocuously in the air. We recognize, of course, that the Federal Government ordinarily has no special organization for investigation in the Provinces, whereas the Provincial Governments have their own various services and no doubt can secure the co-operation of the municipalities, but those Provincial and municipal services have numerous other important duties to perform.

The Board of Commerce is charged by the Dominion Government with dealing with this specific question, and it seems to us therefore, that a Federal organization to facilitate its work should have been created. There certainly is a marked difference between a procedure under which, as in Canada, a Board merely sits to hear cases arising from investigation and preparation by Provincial Governments, and that of the United States, under which the Federal Department of Justice conducts its own investigation with its own organization and institutes its own proceedings in the courts of the country under laws specifically passed by Congress to meet the situation. The Provinces, of course, will co-operate with the Board, but it should be clearly understood that if the results are not up to expectation it will be because of the circumlocutory procedure which has been adopted, the responsibility for which belongs to the Government at Ottawa.

NEBRASKANS OBJECT.

It was only to be supposed that certain amendments to the Land Settlement and Development Act, which became law after the 1918 session of the Provincial Legislature, would annoy a number of foreign absentee owners. Not a few protests already have reached the Government through the mail. The Land Settlement Board, however, has formulated its policy for dealing with all cases of dispute and if, under its powers of compulsory sale, the absentee owner is not satisfied with the Board's appraisal he has the right of appeal. Nebraskan holders of British Columbia lands apparently do not believe in confining their protests to correspondence through the mail, for, according to a dispatch from Omaha yesterday, a special representative is on his way to Victoria to voice an objection in person.

The dispatch indicates that many Omahans purchased land in this Province eight or nine years ago and a notification from the Land Settlement Board that these holdings have been appraised at five dollars an acre is regarded as a virtual confiscation of their property. It would be interesting to know the original purchase price and just what Nebraskan holders of the lands in question intended to do with their non-productive acres. We can understand that the people of Omaha do not take a very keen interest in British Columbia affairs or they would have learned some time ago that speculating in the choicest lands of the Province is no longer permitted.

A DRASTIC LAW.

The law under which Attorney-General Palmer of the United States is conducting a vigorous campaign against profiteering and the undue hoarding of food is as follows:

That it is hereby made unlawful for any person wilfully to destroy any necessities for the purpose of enhancing the price or restricting the supply thereof; knowingly to commit waste or wilfully to permit preventable deterioration of any necessities in, or in connection with their production, manufacture, or distribution; to hoard as defined in Section 6 of this Act, any necessities; to monopolize or attempt to monopolize, either locally or generally, any necessities; to conspire, combine, agree, or arrange with any other person, (a) to limit the facilities for transporting, producing, harvesting, manufacturing, supplying, storing, or dealing in any necessities; (b) to restrict the supply of any necessities; (c) to restrict distribution of any necessities; (d) to prevent, limit, or lessen the manufacture or production of any necessities in order to enhance the price thereof; or (e) to exact excessive prices for any necessities; or to aid or abet the doing of any act made unlawful by this section.

The penalty for an infraction of this law is a fine of \$5,000 or two years' imprisonment. Federal agents operating throughout the country have been clearly instructed in the precise interpretation of these provisions and the cases prepared by them will be dealt with in the courts. The Washington Government, therefore, takes direct responsibility for the direction of the nation-wide campaign against profiteering which, being a national problem is being tackled in a national way, with all the resources of the Federal Government behind the official in charge of it.

SHOULD SET THE EXAMPLE.

Many of the business houses of the country promised to take back all their employees who left their posts for active service. Nearly all those promises have been kept. In some instances, however, the fortune of war has taken away the business and there are no positions to restore. But what is true of the private concern in some cases is not true of the Dominion Government. The Government of this Province, for instance, entered into a solemn obligation with its employees. The arrangement was taken over, amplified and complied with by the new administration. Employees of the Ottawa Government joined the colors with a sense of security for the future in the event of their return to Canada. After considerable discussion and a warm advocacy of its establishment by the half of the Sacred Heart convent, it was decided that for the present year the University will accept Spanish or logic in the place of either mathematics or physics in a senior matriculation.

An expensive programme of this kind may have been necessary in an isolated instance or so; but as a general rule the private employer has needed no official prod in this connection. It is pertinent to ask, however, whether the Dominion Government is living up to its promise to the members of its civil service. According to the Secretary of the Provincial Returned Soldiers' Commission three members of the Federal public Works Department have applied for re-instatement after honorable war service only to find that there is no work for them to do. These men were promised their positions although, of course, the mere fact of a job on return from active service had nothing to do with their patriotism. Nevertheless, it was a promise and until the Dominion Government keeps to its bargain the country will object to the costly and often unnecessary "drive" on the private employer, who has not been found wanting save in a very few cases.

THE NEW STEAMSHIP LINE.

With a new steamship line linking British Columbia with France there should be sufficient incentive for the exporters of this Province to develop a connection of considerable profit. When the Kron Princessin Margareta loads her cargo here next week she will inaugurate the commencement of the new service. It may not be possible to take advantage of the added facilities to a very large extent for some little time, but it should be practical, however, for British Columbia enterprise to seize what opportunities there are to ship surplus commodities to Europe by direct route. Much depends, of course, upon rates and time of transit. On that account if the exporters of the Province find an expansion of their business possible it should be safe to predict a quick improvement in the conditions of transport.

WARSHIP BUILDING TO STOP.

The British Government has ordered work to be stopped on all warships on the Clyde, except those about to be launched. A similar order has been issued at all shipyards in Great Britain. When it goes into effect many thousands of workmen will have to be discharged and absorbed in other lines of industry.

Without any apparent official detailed declaration of policy with regard to the navy it is difficult to discuss the significance of this new order. It may be, however, a demonstration to the world of Great Britain's willingness to reduce armaments as well as an indication that the Government is about to begin a policy of rigorous retrenchment. Obviously, if the League of Nations is to be used as a brake upon preparations which lead to war somebody will have to take the lead in the first essential precaution.

DEAD OR ALIVE?

To fool with the buzz-saw a second time has been held a high test of folly. What shall be said of a Ways and Means Committee that, cautiously extending its fingers to the Canadian Reciprocity Act, murmurs, "I wonder if that darn thing is as still as it looks?"

TWO YEARS' ARTS COURSE AT HIGH SCHOOL IN VICTORIA

(Continued from page 1.)

University, but the committee recommended that the privilege be given.

With McGill. Professor Killam, in presenting the argument of the Senate to report as it did, explained how the Victoria School Board had held affiliation privileges with McGill University previous to the creation of the University of British Columbia. The committee believed that these rights of first two years' university course in the Victoria High School would create an active and stronger relationship and sentiment to the central body.

Opposition. Principal Vance opposed the motion, declaring that these should be one university doing all the university work in the Province. Eventually the result of granting such privileges to the Victoria School Board would be that Victoria would be approaching the Government for support for university work, he declared.

Dean Robinson was in favor of the privilege being extended, believing it would broaden and strengthen the power and effect of the University of British Columbia. Professor Robertson believed it would be a success if the power were given subject to arrangements satisfactory to the Senate and Faculty of the University with relation to staff, equipment and courses.

Decentralization. Dean Clement, of the Faculty of Agriculture, opposed the proposal on the ground that it would decentralize higher education in the Province. Such steps had been taken in other provinces, he said, and it was not advisable to follow in view of the results there.

Dean Robertson thought the expense of such an undertaking should be borne by the community desiring the privilege. Though in technical work, as Dean Clement had in mind, it might be desirable, yet in the interest of education throughout the Provinces it would be a good thing. Nothing so stimulating to high school life, he added, as active relations with higher courses of education.

COMMITTEE.

Finally it was moved that the Senate approve of affiliation for the first two years in arts, the conditions and terms to be determined by a committee composed of President H. S. Klitch, Dean Robinson, Professor Robertson, E. B. Paul and William Burras.

During the discussion, Rev. Dr. W. L. Clay and Inspector Paul, of Victoria, took an active part in advocating the adoption of the principle of affiliation.

A Curriculum Change. After considerable discussion and a warm advocacy of its establishment by the half of the Sacred Heart convent, it was decided that for the present year the University will accept Spanish or logic in the place of either mathematics or physics in a senior matriculation.

PLENTY OF SUGAR, SAYS REFINERY MAN

(Continued from page 1.)

ish West Indies sugar was \$6.10. It is now worth \$6.

BRITISH COLUMBIA FRUIT.

The most acute situation which claimed the attention of the Board was the shortage of sugar in British Columbia, the facts surrounding which were presented by R. M. Winslow, representing the British Columbia Fruit Growers' Association and Jobsber Winkler, secretary of the United Fruit and Sugar Company, which until the next three weeks, when the largest movement of fruit would be made, serious loss would follow. It stated that the estimated quantity required would be an allowance of one pound of sugar to four of fruit.

A number of letters and telegrams from various parts of Canada were read by Captain W. W. White, secretary of the Board, which called attention to the shortage of sugar and the necessity for immediate alleviation of the situation.

Plan Dropped.

"We are told that 2,000 tons of sugar will save the situation in British Columbia," said Mr. O'Connor, "and we are prepared to ship that quantity provided the British Columbia and the Dominion refineries will join in shipping 300 tons each."

It was pointed out that this plan might be impossible, as it appeared that the British Columbia and Dominion refineries already were taxed to their utmost capacity, and the proviso suggested was withdrawn.

Will Make Shipments.

The representatives of the various refineries then undertook to ship to their order, to such points in the West as might be designated, and to transfer from their order to that of the persons to whom the sales are made upon satisfactory credit arrangements being completed, at a price of \$10.50 f.o.b. Montreal, the buyer to pay the freight, and Mr. Winslow who also represents the British Columbia Traffic and Credit Association arranged to handle the financial end of the work.

Mr. McConnell, a refinery man, called attention of the Board to the fact that certain statements reflecting unfavorably on the refineries had appeared in the newspapers, and he asked that the Board take the opportunity of placing the refineries in a proper light before the public, assuring the Board that the interests which he and those assembled represented were always ready to co-operate with it and relieve any differences or solve any problems that might present themselves.

From Halifax. Ottawa, Sept. 3.—There is every expectation that the sugar shortage in the West will be relieved shortly. As a result of representations made by the Board of Commerce and the Acadia Sugar Refining Company, Halifax, has arranged to ship nine cars a day for domestic trade. That is the limit of the Acadia Company's shipping capacity. The company also has notified the Board that it will continue to do its utmost to relieve the situation.

LIBERALS DEMAND ELECTION INQUIRY

(Continued from page 1.)

Profiteers' Gains.

Hon. Rodolphe Lemieux has given notice that he will ask the Government on Thursday if it has received from the G. W. V. A Dominion Convention held in Vancouver on July 4, of this year, a resolution calling upon the Government to take away all excessive profits made between 1914 and the proclamation of peace, and use the said moneys for the benefit of the widows and orphans of soldiers, and for totally disabled soldiers and for the re-establishing of the returned soldiers in civil life.

Liberal Unionists.

Hon. W. L. Mackenzie King, Leader of the Liberal Party, to-day made some comment on the fact that Hon. W. S. Fielding has taken a seat in the front row of the Opposition benches on the floor of the House of Commons.

"Mr. Fielding's seat at the same desk with D. D. McKenzie," said Mr. King, "should be an all-conclusive answer as to the attitude of the Liberal Opposition toward the conscriptionist Liberals. It is another evidence of the Liberal Unionists far from being excluded from the Liberal Party, are welcome, and will be welcomed in the most cordial way. The Liberal Party to-day, whatever may have been its differences, desires the co-operation of all those who believe in its policies and its principles, our look is toward the future, not the past."

LETTERS

Letters addressed to the Editor and intended for publication must be short, and clearly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

GOOD ROADS.

To the Editor: I wish to correct a statement in an account of Alderman Harvey's Island trip, which appeared in a recent issue of The Times, regarding the condition of the roads. I have been over these roads and must say that they are all that could be desired outside of pavement. Everywhere I met tourists from the adjoining states who were high in praise of our roads. It is true they show some signs of wear, but there is a much larger amount of travel this year than formerly. I also wish to add a word of praise for the hotels, they are all doing their best for the comfort and pleasure of the tourist.

WM. PENMAN.
Windsor Auto Stand.

RECEIVES IMPORTANT POST.

Ottawa, Sept. 3.—Miss Roberta MacAdams, soldier representative in the Alberta Legislature, has been appointed District Director of the Home Branch of the Soldier Settlement Board for Edmonton, Alta. Miss MacAdams was elected at the general election of 1917. She was born in Sarnia, where her father was a prominent newspaper man. The late Honorable W. J. Hanna was her brother-in-law. Miss MacAdams went overseas in 1915 and was on the staff of the Orpington Hospital; and, after her election in 1917, she made a tour, at the invitation of the Red Cross Society, of the hospitals of France. She took a very active part, both at home and overseas, in the welfare of the soldier.

FARMERS' CANDIDATE.

St. Jacobs, Ont., Sept. 3.—At a convention of delegates of the United Farmers of Ontario here, Gavin Barbour, of Crosshill, was unanimously nominated as candidate in North Waterloo in the forthcoming Provincial election.

THE LABOR BAND.

To the Editor.—In your Saturday issue there is a letter from a correspondent signing himself "Carpenter," pertaining to the Labor Band. In the first place, it would be in order to give a brief outline of how the band came into existence. The members of the Laborers' Riggers' and Fasteners' Local 38, I. L. A., considered the time was ripe for labor to have a band of its own. So they voted \$500 to put it on a good financial basis. A committee of six was elected to look after the interests of the said local. Mr. Beattie to represent the band and the remaining five the Local. The agreement was that the Laborers, Riggers and Fasteners have full jurisdiction over the funds and band, and in case of a dispute all property other than personal to revert back to the Laborers' Riggers' and Fasteners' Local 38, I. L. A. It makes no difference whether a person be a carpenter, doll's eye weaver or a dog catcher. The only stipulation is that all must belong to a union. Now, it seem to me, sir, by the tone of your correspondent's letter that he has had an injustice done him. My advice to him is, if he has any kick coming in regard to playing in the band is to drop a line to Mr. Davies, secretary-treasurer Labor Band, K. of F. Hall, or to attend in person. I can assure your correspondent, as being one of that committee, that he will get a square deal as far as I am concerned as an individual. There has been so much camouflage of late in Local 38, A. C. I. L. A., it is about time it was cleared up.

GOVERNMENT STREET. OPPOSITE POST OFFICE

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, September 2, 1894.

The officials in the city and the Government have been not the intended visit to this city of Prince Gregoire Galitsan, lieu general of the Russian army and member of the Council of the army.

The Alaska excursion steamer Queen, which a week ago was and dry on Cormorant Island, in a position many considered a very dangerous one, is now continuing her trip to Alaska.

The sealing schooner Arctes, Captain Douglas, arrived home day from a sealing cruise in Japanese waters.

Imperial Forces Club—The club on the sixth floor Central Building at 130 of Thursday. All former men the Imperial regiments are to attend. ★ ★ ★

No Free Water—The city to supply free water for the Central swimming bath. The Council informed last night that the water supplied free from Mar to May, 1918, was \$450, or an of about \$20 a month.

As Easy As Setting Your Watch

Yes, it's very easy to hear the living voices of the great musical artists right in your own home at any time. Edison Tone Tests have proved conclusively that you cannot distinguish the voice of the artist from

THE NEW EDISON Re-Creation

of it when both are on same stage at the same time. Call in any time and hear just one selection on the new Edison—then compare it with what you have heard. If you wish to purchase one of the late models for your home on terms of payment just say so and you can arrange it.

THE VICTORIOUS DEAD

Alfred Noyes, in London Daily Mail.

I.
Now, for their sake, our lands grow
lovelier.
There's not one grey cliff shouldering
back the sea,
Nor one forsaken hill that does not wear
The visible radiance of their memory.

Our highlands are not lovelier as of old,
For all their crags with that pure light
are crowned;
And round our Sussex farms, from fold
to fold,
Tread where you will, you tread on
haunted ground.

There's not one place where a poor beast
could roam
That is not filled with tendered
shadows now.
There's not one lane that used to lead
them home
But breathes their thoughts to-day
from every bough.
There's not one leaf on all these quick-
growing trees,
Nor wayside flower but breathes their
messages.

II.
Peace? I recall an acre of the dead
Marked with the only sign on earth
that saves.
The wings of death were hurrying over-
head,
The loose earth shook on those un-
quiet graves.
For the deep gun-pits, with quick stabs
of flame,
Made their own thunders of the sunlit
air;
Yet—as I read the crosses, name by
name,
Rank after rank, it seemed that peace
was there.

Sunlight and peace—a peace too deep
for thought.
The peace of tides that underlie our
strife.

III.
The peace with which the moving
heavens are fraught.
The peace that is our everlasting life.
The loose earth shook. The very hills
were stirred,
The silence of the dead was all I heard.

IV.
And they said this: We have no more to
pray,
To all men's praises we are deaf and
blind,
We cannot even help, if they betray
Our hope—to make earth better for
mankind.

Only our silence, in the night, shall
grow
More silent, as the stars grow in the
sky;
And, while they deck our graves, they
shall not
That our eternal peace has passed
them by.

V.
For we have heard them say, before we
perished,
They lacked the power, but not the
will, to good.
Then, when the foeman struck at what
they cherished,
We saw them move the mountains
where they would.
What can be done, we know. But—
have no fear!
If they fall now, we shall not see or
hear.

VI.
Now, in this morning of a nobler age,
Though night-horn eyes, long taught
to fear the sun,
Would still delay the world's great
heritage,
Make firm, O God, the peace our dead
have won.

For Polly shakes the tinsel on its head,
And points us back to darkness and to
hell,
Cackling "Beware of visions," while our
dead
Still cry, "It was for visions that we
fell."

They never knew the secret game of
power,
All that this earth can give they
thrust aside
They crowded all their youth into an
hour,
And, for one fleeting dream of right
they died.
Oh, if we fail them in that awful trust,
How should we hear those voices from
the dust?

VII.
You, broken-hearted, comfort you
again!
Eternal Justice guards the gift they
gave.
The goal of all that struggling hope and
pain
Is not the siphon's universal grave.

Our sun shall perish; but they cannot
die.
Their realm of light is far more true
than ours.
Behind the veil of earth and sea and
sky
They live and move and work with
nobler powers.

They thrust wide-open every long-
locked portal
Of man's dark mind to that eternal
light.
Cast off this earth in proof of things
immortal,
And built an altar that outshines our
night.
The faith they proved is of immortal
worth,
The souls that proved it are not dust
and earth.

VIII.
A little while we may not see their
eyes,
Or touch their hands, for they are far
too near:
But soul to soul, the life that never dies
Speaks to the life that waits its free-
dom here.

They have made their land one living
shrine. Their words
Are breathed in dew and whiteness
from the bough;
And, where the may-tree shakes with
songs of birds,
Their young unwhispered joys are
singing now.

By meadow and mountain, river and
hathorn-brake,
In sacramental peace, from sea to sea,
The land they loved grows lovelier for
their sake.
Shines with their hope, enshrines their
memory.
Communes with heaven again, and
makes us whole,
Through man's new faith in man's im-
mortal soul.

New City Solicitor.—H. F. Pringle,
the new City Solicitor, attended his
first City Council meeting last night.

By Discriminatory?—That the new
Trades Licenses By-law is discrimi-
natory against photographers, as drug
stores are allowed to remain open at
all hours and are direct competitors
was the contention of J. Howard A.
Chapman, who spoke to the City
Council last night. Alderman Sargent
stated that the druggists were feeling
the pinch as much as the photogra-
phers, although in a different way. He
thought that the by-law should stand
at least for the year. The Council
agreed with this suggestion.

DAVID SPENCER, LIMITED

A BEDTIME STORY

UNCLE WIGGILY AND THE SPAGHETTI

Copyright, 1919, by McClure Newspaper Syndicate (By Howard B. Gans.)

"Nurse Jane, what are you going to do this evening?" asked Uncle Wiggily Longears, as the bunnymouse gentleman came in on the porch of his hollow stump bungalow after supper.

"Why, Wiggily," answered the muskrat lady housekeeper, simple like and unaffected, "I don't know that I had anything special in mind to do, I could run over to see Mrs. Puss-Fuss the kitty lady, and ask her about that new out-stitch she makes around the edges of her dust cloths."

"How would you like to come to the moving pictures with me, Nurse Jane?" asked the bunnymouse gentleman. "Something like that," answered Miss Puss-Fuss Wiggily.

"And then what do you say to a little supper afterwards?" asked the bunnymouse gentleman. "Something simple, you know and undeterious like."

"Oh, that will be lovely!" cried Nurse Jane. "Are you sure it won't cost too much? You know the price of living is so high and—"

"Well, just have some spaghetti macaroni and cheese," said Uncle Wiggily. "That will not cost much."

Coconut Wafers

A delightfully sweet biscuit. A sprinkle of toasted coconut gives it an added flavor.

Som-Mor Biscuit

With its rich flavor, Som-Mor Biscuit makes a delightful snack at any time.

Packed in triple sealed striped packages only.
NORTH-WEST BISCUIT CO., LIMITED
Makers of "Som-Mor" Biscuit

"I do!" said a harsh voice, and in he came the bad old fox. "I came to have supper with you, or rather, off you, went on the bad chap. "I haven't had any supper in a long time. Some one told me you were here, and so I came right along."

"Oh, said Uncle Wiggily. "Well, I wish you hadn't. Nurse Jane and I were just having a little supper, and—"

"Don't let me keep you from it, growled the fox. "Go right on eating. Your supper will taste all the better to me. As soon as you have finished I'll begin to eat."

"Oh, please don't take my supper!" begged the bunnymouse.

"Yes, I shall take it!" snapped the fox.

"Oh, have some spaghetti instead!"

WOMAN'S DOMAIN

E. C. Dawson, of Regina, is a guest at the Empress Hotel.

Mrs. F. N. Powell, of Ottawa, is a guest at the Empress Hotel.

Mr. and Mrs. Frank Carrel, of Quebec, are staying at the Empress Hotel.

Miss Phipps has returned to Victoria after being the guest of Mr. and Mrs. J. G. Woods, of Cardero Street, Vancouver, over the holidays.

Mrs. G. C. Baker, of Victoria, has gone up to Cumberland on a two weeks' visit to Mr. and Mrs. R. L. Rideout.

Mrs. J. L. Laxton, of Stanley Avenue, is visiting her cousin, Mrs. W. E. Graveley, of Vancouver, for a few days.

Mrs. J. W. Ambrey, of this city, was the guest of Mr. and Mrs. James M. Savage at Beaufort House, Cumberland, over the week-end.

The Rev. W. Shipway, who occupied the pulpit of St. Barnabas Church for the month of August, has returned to his home in Spokane.

Mrs. R. M. Marpole and Mrs. J. B. Johnson, of Vancouver, were the guests of Mrs. G. C. Baker and Mrs. Noel Money at Qualicum for the week-end.

Miss Isla Tucker and Miss Adele McLeod have returned to Victoria from Vancouver, where they have been visiting friends during the school vacation.

Miss Sadie Hunter, of Victoria, spent the week-end in Vancouver as the guest of her parents, Mr. and Mrs. A. C. Hunter, Twenty-second Avenue West.

Mrs. James Ogden Grahame returned to her home in this city on Sunday after spending the past week in Vancouver, visiting her sister, Mrs. Cowdry.

Mrs. W. E. K. Hays, of Trail, B. C., who has been visiting in Victoria for the past two months, left today for her home, accompanied by her little daughter.

Mr. and Mrs. A. C. Claxton and family, who have been guests at the James Bay Hotel for the past ten days, left on this afternoon's boat for Vancouver, en route for their home at Kamloops, B. C.

Rev. A. deB. Owen, of the Reformed Episcopal Church, accompanied by Mrs. Owen and family returned during the week-end from Shawanigan where they have been holiday-making for the past seven weeks.

Miss Alma Russell, of the Provincial Library, who went to Vancouver to attend the congress of the Pacific Northwest Library Association, remained over for the week-end, as the guest of Mrs. J. Johnstone, 1855 Twelfth Avenue West.

On Monday morning, at the residence of the officiating minister, at 61 Salsbury Drive, Vancouver, Howard D. Reid and Dorothy Darlington, both of Whonnock, B. C., were united in marriage by Rev. George Fisher. Mr. and Mrs. Reid will reside in Victoria.

A pretty wedding was solemnized on Saturday evening, August 30, at the home of the bride's parents, Mr. and Mrs. W. A. Cumyow, 1460 First Avenue, Vancouver, when their eldest daughter, Grace, was married to Mr. Cecil B. Shiu Lee, of Victoria, by Rev. Dr. E. D. McLaren. To the strains of the wedding march, played by Miss Ida Jeffrey, the bride, carrying a shower bouquet of roses, and attired in a beautiful dress of ivory duchess satin, entered on the arm of her father. She was attended by her sister, Aileen, who was daintily dressed in pink taffeta, overdressed with figured nylon. Her youngest sister, Margaret, was flower girl. Hugo Street, Esquimalt, acted as best man. Following the ceremony, there was a reception at which a large number of guests were present. The bride and groom, on their way to the Sound cities, they will take up their residence at 139 Cook Street, Victoria.

At St. Paul's Naval and Military Church, Esquimalt, on Saturday a pretty wedding took place in the presence of a large assembly when Florence Elizabeth, eldest daughter of A. E. Levings, of 412 Ker Avenue, was married to Thomas James, eldest son of Mr. and Mrs. Thos. Brunson, 611 Pioneer Street, Esquimalt, by Rev. W. Baugh-Allen officiating. The bride, who wore a smart suit of fawn with hat to match, carried a shower bouquet of pink and white roses. She was given away by her father, and attended by one bridesmaid.

"I never eat spaghetti," snarled the fox.

"Well, I didn't ask you to eat it!" quickly answered the bunnymouse. "Try it on the outside—this way!"

With that he threw a lot of the long strings and cords of spaghetti around the fox. Uncle Wiggily wound the bad chap all up tightly in the cords of the stringy stuff, and the fox couldn't get loose at all. His jaws were tied and so were his jaws, so he couldn't bite a piece of cheese to say nothing of Uncle Wiggily's soup.

"There, how do you like spaghetti?" asked the bunnymouse, when the fox was all tangled up in knots.

"Oh, I don't like it at all!" was the answer. But the fox could not help himself. And soon all tied up in spaghetti as he was, a policeman dog took him away. So he didn't get the bunnymouse's soup after all, and Nurse Jane and Mr. Longears had a fine time eating more spaghetti.

And if the apple pie doesn't jump in the bird cage with the gold fish when they're playing tag with the pussy cat, I'll tell you next about Uncle Wiggily and the tester-tauter see-saw.

maid, her sister, Constance, who wore a becoming frock of blue silk poplin. The Misses Irene and Jessie Brunson, sisters of the groom, were winners of a dainty supper was served to about forty guests. The bridegroom's gift to the bridesmaid was a ruby and pearl brooch, and to the best man a pearl tie pin. The bride and groom were the recipients of numerous and beautiful gifts. Mr. and Mrs. Brunson left on the midnight boat for Vancouver, and later will make their home in Victoria.

NAVY LEAGUE TAG DAY NEXT MONTH

Owing to the kindness of the Ladies' Auxiliary to the Great War Veterans and the authorities at the City Hall, the date of the Ladies' Auxiliary Tag Day has now been changed from October 18 to October 11, in order that the B. C. division of the Navy League of Canada in Victoria may fall in line with other divisions of the Navy League throughout the Dominion by holding a campaign for funds and membership on October 21, the anniversary of the Battle of Trafalgar.

It is to be hoped that the public of Victoria will realize the splendid services rendered the world in general by the British Navy and Mercantile Marine in facing the enemy and perils of the sea, and keeping open the sea lanes on all seven seas during the last four and a half years.

FLOWER GUILD TO HOLD TAG DAY

The Flower Guild is to hold a tag day in the city on September 20, the proceeds of which will be devoted to its work for the returned men. Throughout the war the Flower Guild has worked unceasingly for any and every patriotic cause, its members assisting at every tag day. Nor was their effort confined to tagging, for the guild raised much money by the sale of flowers at the incoming boats and in the Empress Hotel, the proceeds of which have been devoted to the assistance of returned soldiers. Many a man temporarily stranded while awaiting his first pension cheque or war gratuity has had reason to thank the Flower Guild for monetary aid, while a number of families of returned men have been helped with gifts of furniture through the Guild.

Rev. A. de B. Owen, President of the Guild, has invited the assistance of other organizations in this street collection, and conversers and would-be taggers are requested to communicate with him at telephone No. 3457R.

COL. A. HAGGARD IS LEAVING VICTORIA

Sale To-day of Unique Collection of Eastern Curios and Rugs

Connoisseurs and collectors have been much interested in the announcement that Col. Andrew Haggard, D. S. O., is selling his unique and valuable collection of Soudanese and Egyptian bronzes, and fine Oriental rugs, the sale taking place by auction at his residence, 806 Cook Street, this afternoon.

Col. Haggard's collection was acquired during his long sojourn in the East, he having been in the Egyptian Army from 1883 till 1888, serving in the Egyptian campaign, in connection with which operations he was awarded the D. S. O. Later he was long a resident of the Soudan.

It will be a matter of regret to Victorians to learn that Col. and Mrs. Haggard are leaving Victoria almost immediately. They will spend a month in Vancouver before going to Kamloops for the winter months, and expect to return to Victoria for a short time before leaving for England towards the latter part of next year. They came to Victoria from Cowichan Lake some few years ago.

SIBERIAN TROOPS THANK RED CROSS

Mrs. Harold Fleming of the Red Cross Society has just received the following letter from Miss Sheriff-MacGregor who passed through Victoria some months ago with General Powell on the way to Siberia. The supplies referred to were shipped almost entirely from Victoria and Vancouver.

"British Military Mission, Ekaterinburg, June 16, 1919.

Dear Mrs. Fleming.—We are working hard with the British and Russian troops and are lucky enough to have some of the gifts from Victoria to use in the hospital and to give the officers and soldiers who were short of nearly all comforts. I cannot tell you how grateful we are and I shall be very much obliged to you if you will let your workers know how much their kindness is appreciated.

"We have no idea how long we are to be here. The Bolsheviks are still strong and must be crushed.

With kind regards and renewed thanks, I am sincerely,
E. SHERIFF-MACGREGOR."

Enclosed with Miss Sheriff-MacGregor's letter to Mrs. Fleming were copies of two letters of appreciation sent to the Red Cross at Ekaterinburg. The letters read as follows:

"British Military Mission to Siberia, Ekaterinburg, Russia, June 15, 1919.

Dear Miss Sheriff-MacGregor.—On behalf of the British officers, non-commissioned officers and men of the British Military Mission in Ekaterinburg, I would ask you to convey our thanks to the donors of the many most useful and necessary gifts and comforts we have lately received.

Situated as we are many thousands of miles away from our homes, we have found it difficult in a town which has but lately been recaptured from the Bolsheviks to provide ourselves with a number of much needed articles, and but for the timely arrival of the goods, we would have had to go without them.

You may assure our many friends that we appreciate their generosity and kindness in giving us the gifts.

Yours sincerely,
JAMES M. BLAIR, Brigadier General."

"1-9th, Battalion The Hampshire Regiment, Ekaterinburg, Russia, June 15, 1919.

Dear Miss MacGregor.—On behalf of the Warrant Officers, N. C. O's, and men of the 1-9th Battalion, The Hampshire Regiment, I want to convey the most cordial thanks for the gift bundles that we have received from you.

The bundles contain articles most necessary to the comfort of the troops and I cannot sufficiently express the feelings of gratitude which are felt towards the kind ladies who spent laborious hours in making and getting together these gifts.

I should be glad if you could let them know of the appreciation which their kindness has met with from the British troops which have been three and a half years away from home.

Yours sincerely,
A. ROBSON, Major, Commanding 1-9th Bn, Hants Regt."

The Youthful Visitors at Green Dale, Cowichan Lake, have kindly donated the sum of \$2 to the Victoria branch of the Navy League, through Mrs. Shallcross, of Oak Bay. The secretary of the Navy League wishes to express the thanks of the Victoria branch for this donation, and also for the thoughtfulness of the youthful visitors in making this donation to their funds for the institution work of the league.

VANCOUVER BALL FOR PRINCE NOT A MILITARY AFFAIR

In deference to the wishes that the Prince of Wales has expressed on several occasions since his landing in Canada, the ball which is to be tendered to His Royal Highness in Vancouver is to be placed on an democratic basis as possible.

This ball had completed tentative arrangements as to the place where the ball was to be held and with regard to decorations, music and refreshments.

APPEAL FOR JAM FOR ORPHANAGE

It was decided to wire General Leckie at Victoria, asking him to invite the civic authorities to take charge of all arrangements, and an answer received from the general officer commanding stated that he approved of this move and had communicated it to Colonel Henderson in Ottawa for approval.

"Such a course as civic control might be followed with great advantage," said Brigadier-General Odium, chairman of the committee. "The committee has never had the slightest intention of arrogating to any officers any control over the function, but has simply been acting on behalf of the general public. Pending the receipt of a reply from Ottawa, the committee is not taking any definite steps in arranging the function, and if requested to carry on will do so, in co-operation with the civic authorities and any others who may be interested in the work. At the present time the committee has all its plans ready, including the music and the arrangements for the seating of the spectators, all made with the idea of accommodating the largest number of people possible.

Mrs. Munsie Retires From Home Committee; Many Donations Received

The ladies' committee of the Protestant Orphanage met on Tuesday at the Home, the president, Mrs. McTavish, in the chair, and the following ladies attending: Mesdames McCulloch, Higgins, Miller, Todd, Hiscocks, Sayward, Beard, Andrews, Huckle, Walker, Sherwood, and the Misses Toimie, Brak and Harter.

The house committee reported weekly visits during the month and finding everything running smoothly and in the usual excellent order. Two children had been admitted and two had gone out during the month, leaving seventy at present in domicile. Three picnics had been given them, one at "Riffrington" by Mr. and Mrs. Andrew Wright, and two at the beach by the Rotary Club, and the sincere thanks of the ladies committee are tendered these kind friends, also to those ladies and gentlemen who generously conveyed the children to and fro by motor on all three occasions.

ALDERMAN PRAISES ENTERPRISE SHOWN BY VICTORIA TIMES

Council Aroused Over Ability to Get Information First

ALDERMAN PATRICK ALLEGES CONSPIRACY

A prolonged aldermanic storm accompanied the receipt by the City Council last night of the resignation of City Assessor George McElroy and City Plumber Inspector Herbert P. Shade. While the Council appeared to agree that the charges made in the letters from the two officials in question were not grounded in fact, its wrath was directed chiefly to the press and this paper, in the columns of which the resignations were forecasted yesterday. Alderman Patrick charged that some sort of conspiracy existed among civic employees, but Alderman Andrews went further and admitted that the aldermen's information in city affairs was derived chiefly from the evening paper. After discussion of a more or less acrimonious nature the resignations were received, and arrangements made to advise the resigning parties of the vacancies. Alderman Fullerton remarking that there would be no difficulty about securing competent men.

Resigns as Protest

Mr. McElroy's letter of resignation stated that he was severing his connections with the civic service as a protest against the Conciliation Committee which, he said, had promised a substantial increase in salary whenever it was found necessary to draw up a new assessment roll. The resignation, he stated, was the "outcome of their failure to keep their promise."

Mr. Shade's resignation protested against the treatment accorded city officials as a whole, because "it does not afford an adequate and faithful performance of the duties which I and others are expected to perform." These communications roused the anger of the Council immediately.

Mr. McElroy's statements are wrong," objected Alderman Patrick emphatically. "It was understood that he was to continue at his present salary until there was a revelation. Mr. Patrick stated, 'How is it,' queried the alderman, opening a discussion of the activities of the press. 'How is it that these resignations appeared in the press before it came before the Council? I think we are entitled to get it first.'

Complaint For Times

"Oh well, we always get our news of civic affairs from the evening paper," rejoined Alderman Andrews, demanding if the newspaper reporters were allowed to see the Council files. When Mayor Porter assured his colleagues that newspaper men did not now see the files, Alderman Andrews voiced the opinion that the reporters must be "mind readers."

"Any way, we shall have no trouble in getting men to fill the vacant places," he said. "I am sure," recalled his famous declaration, "that he could fill the whole City Hall with new officials in one day."

In answer to a query from Alderman Cameron the Mayor explained that Mr. Shade objected to being shouldered with the duties of Building Inspector without an increase of salary.

A Conspiracy?

"His case never came up before," objected Alderman Patrick. "He always seemed satisfied. There must be a conspiracy of some kind about this City Hall, what with officials resigning, and the papers publishing the reports before the Council files." Alderman Fullerton and Andrews both expressed their entire agreement with the idea that a conspiracy existed.

"I read in The Times to-night," pursued Alderman Patrick, "that Mr. Hannington resigned because he could not get a big enough salary from the city. This is not true, he resigned because he got a better position."

"We are certainly losing two excellent officials," the Mayor observed with regret, as the resignations were adopted.

"Oh, don't worry yourself, Your Worship, we can get plenty of men," Alderman Fullerton replied as a parting shot.

LOCAL BAKERS "COME BACK" WITH DEFENCE

Declare Cost of Living Commissioners' Report Is "Pernicious"

"Pernicious and foreign to the first principles of either business or common sense." Living Commission-ers' report of July 15, 1919, quotes the average cost of delivering one pound of bread in Victoria as 1.349c; as the grocer has to re-deliver 50 per cent. of the bread he handles, over probably a greater radius than the baker, he is entitled to the same allowance for such service.

"By these means, the alleged profit on 50 loaves, or 50 pounds of bread, is reduced by 39c. to an actual margin of 14 per cent. instead of 25 per cent. This 14 per cent. will be further reduced by cost of handling the bread in the store, paper and twine for wrapping, interest on credit accounts and bad debts, so that his net profit will not be more than 5 per cent."

"The second point raised is as unpractical as the first one, and entirely ignores local conditions. 'Sixty-five per cent. of Victoria's bread supply is sold through the grocer and 35 per cent. is delivered direct to the consumer.' The cost of producing one pound of bread based upon the Cost of Living Commissioner's own figures for the month of April, with no allowance for invested capital or rent. 'Add two ounces for extra weight of Victoria loaf, 90c.; add 5 per cent. for interest on capital and rent, 40c. Total cost, 1.349c. Average sale price of bread, 8.700c. per 18-ounce loaf; deduct cost as above, 8.590c. leaving .110 profit."

"In face of this position the Commissioner's suggestion is pernicious and foreign to the first principles of either business or common sense."

"VICTORIA BREAD & CAKE MANUFACTURERS' ASS'N. H. AMPHLET, Secretary.

MUST PROVIDE FOR FIRE PROTECTION

Esquimalt Council Is Faced With Submission of By-law Soon

Ratepayers of Esquimalt will likely be given the chance of deciding at the next municipal elections whether the municipality is to have modern fire equipment and not be dependent on the good will of Victoria in case of a serious conflagration.

Councillor Wise told last evening of interviewing Chief Stewart about the whole fire protection situation of Esquimalt. The Chief told him that although the taxpayers of Victoria provide and pay for the apparatus in the city, the city machines would go to the aid of Esquimalt in case of humanity in a big fire and not stay back. But the city apparatus could not be expected to go out for small fires.

"The Chief advised us to get down to bedrock," continued Councillor Wise, "and buy a machine. He said that a modern type of machine would have cost \$7,490 some time ago when the question came up. The same machine to-day would cost \$11,400. A fire station with three men would cost \$360 a month, with incidentals amounting to \$20.49. And altogether to start with a modern fire protection plant we would need \$20,000."

Councillor Porter said that with wear and tear the cost would be \$6,000 a year. He explained the new Duplex pump with which the modern fire fighting machines are equipped which make water from low pressure mains available for the most heavy hose work.

"We can only put up a by-law at the end of the year to the people," said Reeve Coles. "We will have to put such a measure before the people, and see if they want this fire protection. It is going to increase their taxation a bit."

RULES COUNCILLOR OUT OF ORDER

Reeve Coles and Councillor Bride Again Have Warm Words

"Behave yourself like a gentleman," was the order of Reeve Coles to Councillor Bride at the meeting of the Esquimalt Council last night, when the Councillor got up in an effort to castigate the Reeve over a report of a previous meeting of the council which appeared in The Times.

The report was of what the Reeve said in connection with the representation of Esquimalt at the approaching Municipal Convention at North Vancouver and he declared he didn't want the representative of the Esquimalt Council to go there to ask any "fool questions."

The Times reported Councillor Bride as interjecting then the question, "Were you referring to me?" The report continued to quote the Reeve as replying, "If the cap fits let it go at that."

Councillor Bride last night brought a clipping of the newspaper report, and asked the Reeve whether it was correct. The Reeve said it was with the possible exception of the word "cap," which might have been "hat." The Councillor also read a letter from The Times to him saying that the report was correct with this exception.

"I ask you now, did you intend this remark to apply to me?" asked Councillor Bride last night. "I am not going to get into a controversy with you over what the newspapers print," replied Reeve Coles. "It is no good you trying to draw me into anything."

"Did you make use of these quotations," asked Councillor Bride. "Behave yourself like a gentleman," replied the Reeve. "I rule you out of order."

"I won't sit down," cried the Councillor. "I would like to know how you are to rule me out of order. I am going to stop the likes of you doing such things."

The Councillor amid protests from the Reeve then commenced to read the letter he had received from The Times declaring the report was correct on the authority of the Reeve, and then said, "You know you didn't say it, and you are not man enough to get up and say you didn't. What have you to say about that?"

"It is about time you woke up to facts and did things decently," the Councillor replied.

"Is that so," the Reeve finished off and adjourned the meeting.

BUILDING BOOM MAY OCCUR IN TOWNSHIP

Miscellaneous Issues Engage Attention of Esquimalt Council

"If we keep on we will be having a big building boom down here," said Councillor Mesher at last night's meeting of the Esquimalt Council, after the Council had approved plans for and granted permits for six new structures in the municipality.

The sanitary inspector is to look into the smells along the road from the Coach and Horses Hotel down to Yarrows works, following a complaint to the Council last night from Yarrows, Ltd., about the "objectionable smells at the main approach to our yards." Yarrows, Ltd., also complained about the condition of the sidewalk leading down to their property, saying that it was dangerous, should be renewed and made wider.

Some of the councillors said that Esquimalt Council had no rights on the property through which this sidewalk runs, as it is wholly on private property. The engineer is to see what can be done about the situation.

The Council adopted the recommendation of their sanitary inspector that owners of a number of houses on Gore Street be given the option of having the houses put into sanitary condition or having them destroyed. It was decided to compel all houses on Head Street east of Gore Street to connect with the sewer.

Mrs. William Porteous asked the Council for a sidewalk on Lyle Street because of the bad condition of the road there in wet weather.

GORGE BRIDGE IS TO BE TESTED SOON

Craigflower Accident Calls Attention to Another Contingency

Prevention of an accident through collapse at the Gorge bridge, similar to the accident on Craigflower Bridge Monday afternoon when the Clark truck went through the bridge because of the failure of some of the underwork of the structure, was aimed at by action taken last night by the Esquimalt Council.

SETTLES QUARREL WITH SLAP IN FACE

Charles J. Mills, who formerly lived in Victoria, but is now living in Seattle, came over here on Labor Day. He entered the motor car of a former acquaintance, William Marlow, who drove him to a house in James Bay. Before Mills left the automobile Marlow slapped him in the face with his open hand. Mills had Marlow hauled in the Police Court to-day.

"I am guilty, Your Honor, but we have settled the matter between ourselves," said Marlow. The Court was informed that the slap in the face was the method taken of settling a quarrel that had been long outstanding between the two men.

City Prosecutor Harrison said that there had been no direct occasion for the assault.

"I hope the feeling between the parties will be much more friendly," said Magistrate Jay in letting them go.

WILL DECORATE FOR PRINCE'S VISIT

Township Will Be En Fete For Heir to Throne's Coming

What Esquimalt is to do in the way of decorating for the coming visit of the Prince of Wales was placed in the hands of Reeve Coles by the Council last night. The Prince will spend one whole day at Esquimalt, visiting the Navy Yard in the morning, luncheon at the Military Hospital at noon, and visiting the Convalescent Hospital in the afternoon.

Councillors said that Esquimalt should do something in the way of dressing up a bit for the Prince, because of the importance of the port from a naval standpoint, but they didn't know how much residents of the municipality would be willing for them to spend of the public money.

"It was finally decided to request all Esquimalt citizens to decorate their places with flags and bunting, while the Reeve will see what else can be done."

"Is it the intention to decorate the Municipal Hall?" asked Councillor Porter.

"I don't know whether it should be done or not," said another of the councillors.

"Perhaps whitewash it," suggested a third.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Frezzone on an aching corn. Instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful.

NAMES COMMITTEE TO FRAME AMENDMENT TO REALTY BARRIER

At the regular general meeting of the G.W.V.A. held yesterday, it was resolved by a large majority vote to appoint a committee of four to act in conjunction with committees of the same number from the Real Estate Exchange and the Soldier Settlement Board to discuss the amendment to the Soldier Settlement Act which eliminates real estate men from the business incidental to the transfer of properties to soldier farmers.

It was plainly indicated that the meeting possessed an open mind on the subject, and was not prepared to take any stand until the matter had been thoroughly investigated and a report submitted to the next general meeting.

Customer: "I should like to know why the potatoes at the bottom of the sack you sold me last week are so much smaller than those at the top."

Greengrocer: "Well, mum, potatoes is growin' that fast now that by the time a sackful is dug the last ones is about twice the size of the first!"

BOYS' SCHOOL SUITS Of Wearing Quality

We have received a shipment of School Suits, the wearing qualities of which can not be beat. This material is spun from "Nova Scotia double and twisted yarn," and is known all through Canada as a wear-resisting cloth. These Suits are made in the latest belted sack style, with loose all round belt and buckle; slash pockets, and two pairs of smartly cut Bloomer Pants. If you want a suit for wear, don't forget to inspect this assortment. We are only too pleased to show you. The colors is heather mixture, and sizes range from 8 to 18 years. Prices, \$19.00, \$21.00, \$23.50, \$24.50

We also carry a large assortment of Boys' Shirts, Collars, Ties, Braces, Underwear, Stockings, etc., the prices of which are very moderate.

have faded from the screen, leaving
us bewildered by what we have seen.
Just such a photo-drama is "The
Still Alarm," which is running at the
Variety Theatre this week.

The story of the picture is taken
from the melodrama of the same
name which was written by Joseph
Arthur and which made its appear-
ance as a stage play back in the
eighties. Its success was instant,
and since that time "The Still
Alarm" has been packing theatres
throughout the country as has no
other production of the American
theatre.

PANTAGES
Porter J. White, who appears in a
sensational playlet at the Pantages
this week in which he plays one of
the strangest characters ever con-
ceived, is the actor who made his
name in the legitimate drama. His
wonderful creation of "Mephisto" will
be remembered for its malevolent in-
tensity and finished artistry. In
speaking of the experience of some
friends, he remarked, "Some years
ago, I went into vaudeville as a
sort of recreation. I wanted to rest
up from a particularly hard season.
The character I played, "Robert," in
"The Proud Prince," being a peculi-
arly wearing one. I went into the
vaudeville field much as a man may
go in for a holiday. I found I had
made a mistake. After my first per-
formance in vaudeville, I realized
that the other parts I had played
had been more in the line of pastime.
The little playlet, although funny
but eighteen minutes, taxes every
nerve. The vacation proved a de-
lusion."

Mr. White's present vehicle, "The
Hideaway," is a gripping drama
with its scenes laid in the Northern
Canadian woods. A man of national
repute has disappeared from his usual
haunts. He has gone to the north
woods to fight against the influence
of alcohol. There, a series of strange
coincidences link him with a very
beautiful young woman and a ro-
mance, which is terminated in the
final moments of the play.

Concerning Your Fall Shoes

IF you would secure service and satisfaction from your shoes this Fall, it is more than ever important that you should go to a reputable dealer in whom you have confidence, and see that the maker's trade-mark is on the shoes you buy. This for the reason that leather is now scarcer than at any time during the war, prices are higher, and some grades of leather are to-day almost unobtainable at any price.

Millions of pairs of shoes, millions of feet of leather, have been bought for the Nations of Europe whose stocks of footwear were entirely wiped out by the war. This has more than offset the reduction in demand for army shoes. And coming upon a supply of material which was already scarce, it has resulted in a situation which, for the time being, is serious.

Therefore, unless you have first-hand technical knowledge of shoes and leather, you must rely more closely than ever this Fall upon the reputation of the maker and of the retailer.

The retailer who has a reputation to sustain will not endanger it for the sake of a little extra profit. And no established manufacturer will stamp his trade mark upon goods which do not represent good value at a fair price.

The chances are that you do not feel any great interest in the leather market, or in the conditions which govern the manufacture and distribution of shoes. But you ARE interested—vitaly interested—in securing for yourself and your family reliable footwear at fair prices. And the value which you receive for your hard-earned dollars is inexorably determined by those same conditions which govern what we call the shoe trade. You cannot control them, any more than we can. But you CAN control your method of buying, so as to get the greatest possible value for every dollar you spend.

So we think it only just and proper to tell you, at the commencement of each season, what the conditions really are, so that you may base your buying judgment upon them.

To Buy Wisely This Fall:
FIRST: Go to a reliable dealer whose reputation you know and whose judgment you can trust; and
SECOND: Make sure that the trade mark of a manufacturer whose standing is known is stamped upon the shoes you buy.

Our booklet, "How to Buy Shoes," is gladly sent without charge to any address in Canada. Please address inquiries to our head office at Montreal.

**The Quadra Street
Burial Ground**
By Philip King.

Did these bones cost no more in
the breeding but to play at loggatt
with "em? Mine ache to think on
it.—Shakespeare.

Meandering about the streets of
Victoria on a sultry August afternoon
it was a pleasing change from sea-
son-end bargains in dry goods, boots
and shoes on view in the shop win-
dows, and the clang of street cars, to
catch a glimpse of green trees with
convenient seats underneath in a
quiet grassy plot. A delightful little
park it appeared at first, but it
proved to be an old burial ground.

The writer, a visitor in the city, has
found this spot on Quadra Street the
one of most interest.

Instead, however, of the tombstones
and monuments marking the place of
the dead—as commonsense would sug-
gest—they have been lifted from the
graves and placed in tidy rows par-
allel with and close to the fence. Even
the heavy slabs, designed to protect
as well as mark to graves, are also
laid flat in rows, the inscriptions
thereon are being worn away by the
boots of children at play. A few of
these slabs together with some of
the largest monuments, however, still
remain in position, probably being
too large to be easily displaced. With
these exceptions the graves are un-
marked, for the ground where the
pioneers of the Province lie buried
has been converted into a public
thoroughfare.

Currie Welcomes—H. J. Young, sec-
retary of the Army and Navy
Veterans' Association, 216 Pembro-
ton Building intimates that arrange-
ments for the general reception com-
mittee for General Currie's welcome
next month should be passed to him
for attention of the committee.

"Is your wife one of those women
who look at their husbands and say,
"I made a man of him?" asked the
impertinent friend.

"No," answered Mr. Meekton.
"Henrietta is very unassuming. She
merely says she has done her best."

**The Quadra Street
Burial Ground**
By Philip King.

are quaintly-voiced epitaphs and
emblems symbolic of what was the
trade, profession, religion or nation-
ality of the deceased. An anchor,
enclosed by a wreath of oak or laurel,
tells us that this marked the grave of
a sailor or an officer of the King's
Navy—for many a gallant seaman
rests here forever; his last voyage
done. The thistle, the shamrock or
the rose appear often—mute but elo-
quent symbols of undying love for
an forgotten land across many
seas. Sometimes the name is a
woman's. Then, intuitively, one reads
between the lines the
anguish of years of homesickness of
these exiles in the wilderness.

The Masonic symbols are, perhaps,
the most numerous of all, the inscrip-
tions generally stating the stones to
have been erected by brother Masons.
Most of these young men seem to
have died alone and far from home.
The conclusion is inevitable—this
ancient and honorable order in those
early days fulfilled the best traditions
of their organization and were in-
deed brothers in adversity.

In fact, the dates on these weath-
ered stones carry one far back, a half
century and more—but it seems a
visionary past, for time has drawn
his scarf of years between, and one
scarcely able to turn from this green
resting-place when a simple tomb-
stone holds us. Here one is not bid
to stay and read of the good qualities
of the dead, nor of his age, indeed,
to this grave there is no time; 'tis
even only yesterday that this pierced
stone, enclosing its tiny space, was
set to mark a resting-place. Cut
deep in simple characters on its moss-
coated surface at the eastern end is
the one word "Baby." So intimate
in its appeal, yet so distant in its
delicate grave there is no time; 'tis
even only yesterday that this pierced
stone, enclosing its tiny space, was
set to mark a resting-place. Cut

The Garden Party in aid of St. Mary's Memorial Hall is postponed until to-morrow, September 4, and will be held at the Victoria Preparatory School, Saratoga Avenue—wet or fine. Dancing in the evening.

For Boys' Sweaters and Pants go to the Beehive. Best English makes and some of the oldest stock; strong stockings for school use, 3 for \$1 and 50c; girls' and misses' hats for fall, just in.

Complaints of Dogs.—Herbert Kent complained again about the dog nuisance in a letter to the City Council last night. Some of the aldermen agreed with Mr. Kent's contention that dogs were altogether too numerous in the business district. The letter was referred to the Pound Committee.

Girls Corner Club.—A large attendance of members and their friends are expected at the Corner Club rooms, Oddfellow's Hall, Douglas Street on Thursday next, when the first meeting of the club will be held after six weeks' vacation. A dainty supper will be served at 6.15 p.m. All business girls and any who are strangers in the city will be made especially welcome.

Would Cost Large Sum.—The civic authorities have been informed by City Engineer F. M. Preston that repairs necessary to prevent flooding of a large area by Bowker Creek would cost \$70,000, and would entail the establishment of a permanent concrete culvert from Hampshire Road in Oak Bay to Fowl Bay Road. Mr. Preston advised that the work should be started by Saanich, the city and Oak Bay in conjunction. It is not probable that the city will decide to adopt such a course.

I. O. D. E. CHAPTER MET.

The monthly meeting of the Robert Valentine Harvey Chapter, I. O. D. E., was held on Tuesday afternoon in the Jones Building, the Regent, Mrs. C. R. Jones, in the chair.

Much correspondence was read, including a letter from Miss Harvey, of London, Eng. There were two speakers, Miss Campbell, of India, and Mrs. V. S. MacLachlan, who spoke of the proposed new health centre for Saanich, the members all expressing their willingness to help in this splendid memorial to the fallen soldiers.

The Treasurer reported a substantial sum from the teas served by the Chapter at the University School during the cricket tournament week.

Three new members were proposed and seconded—Mrs. V. MacLachlan and the Misses, Jean and Carol Toimie.

Why Put It Off?—The buying of that new dinner set. They will never be cheaper. A dandy 34-piece set for \$24.15; other sets of 27 and 29 pieces at \$28, \$32 and \$45. Call and look them over, at R. A. Brown & Co.'s Union Store, 1302 Douglas St.

Will Sell Logs.—The city will sell to the Shawanigan Lake Lumber Company a considerable quantity of logs now lying about the shores of Sooke Lake at \$4.50 per thousand feet.

Dr. Forrest Leader has moved to the Winch Building, 604 Fort Street.

OFFICIAL ASKED TO KEEP HIS JOB

Plumbing Inspector Refuses to Consider Promise of Reward Next Year

The city aldermen asked me, through the Mayor, to reconsider my decision to resign from the civic service," Herbert P. Shade, City Plumbing Inspector, told a Times representative this morning in answer to some harsh criticism meted out to him by the City Council last night. "The aldermen promised that if I would reconsider my determination they would reward me next spring. However, as I was not positive that they would be in their respective positions next year I could not consider this idea at all. The City Council of 1919 does not represent the people of Victoria. The citizens of Victoria are not mean. They are at least fair if not generous. They want officials in the City Hall to be happy and satisfied in their positions. Some of the aldermen claim to know more in three months than many of the officials know in many years' service. One of the aldermen said last night that the Council could get 1,000 applications for my position. I regret very much to say that exactly expresses their frame and limit of mind. And now I understand the Council intend to advertise for a man to fill my position, and to start him off at the same salary that I am getting after sixteen years' service."

ONLY INJUNCTION PREVENTED SALE OF CATHEDRAL

City Contemplated Selling St. Andrew's For Taxes, Official Admits in Court

Edwin C. Smith, City Treasurer and Collector, admitted on examination at the Court House to-day that the City was preparing to buy and sell St. Andrew's Roman Catholic Cathedral, at View and Blanshard Streets, and the property in connection with it, if the Bishop of Vancouver Island had not brought action against the city. "You would have sold the Cathedral and the lands for taxes, in fact, you contemplated selling them until a temporary injunction was granted," E. A. McDiarmid asked Mr. Smith after he had been sworn. Mr. McDiarmid is acting for the Bishop. "Oh, yes," replied Mr. Smith.

To-day's evidence on the case was examination for discovery. H. E. Pringle, city solicitor, is representing the city.

The Bishop in his statement of claim, declares that under the Victoria City Relief Act of 1918 and the Victoria City Act, the collector of taxes for the city, Mr. Smith, is compelled to sell the Cathedral and the Cathedral property for taxes. A declaration that the Cathedral and property will be sold, the date of the Cathedral sale had been fixed as May 25 of this year, but legal action taken by the Bishop prevented this.

A declaration that no rates or taxes have been lawfully imposed or settled upon the lands and an injunction restraining the city from offering the property for sale are what the Bishop is seeking in his action.

Exemption from municipal rates for the Cathedral, the Bishop claims under section 197 of the Municipal Act.

"In disregard of the provisions of the 'statute,' the Bishop's claim proceeds," the defendants assumed to assess, settle, impose and levy rates and taxes upon the said lands and buildings thereon, and now claim that there is an arrears upon such land and buildings the sum of \$10,968.11 for general taxes and \$2,961.65 for local improvement taxes."

Mr. Smith's claim, to-day produced the assessment records, which showed the reduction of the assessment of the three lots on which the Cathedral stands at View and Blanshard Streets from 1914 to 1918. These figures were taken out of the assessment roll by Mr. McDiarmid as follows: 1914, \$127,150; 1915, \$114,000; 1916, \$82,050; 1917, \$72,250; 1918, \$51,730.

Mr. McDiarmid brought out the fact that the assessor's assessment for 1918 of one of the three lots was \$21,920. This was reduced to \$15,590 by the commissioners sitting under the Victoria Relief Act. Proportional reductions from the assessor's figures were made for the other two lots, bringing down the final figures for 1918 to \$51,730.

FINED FOR FAILURE TO MOVE OLD HULK FROM VICTORIA HARBOR

For some time Capt. Clarke, Harbor Master, has been making efforts to remove the old schooner Libby from West Bay, Victoria harbor, where she is an eyesore. To-day he had H. B. Peterson, owner of the vessel, brought into the Police Court. This schooner has been lying in West Bay in Victoria harbor and is a hulk now," the captain said to the Magistrate. "If she should be allowed to lie there for another winter she would be a complete wreck."

The captain said that he had given Mr. Peterson formal notice that the hulk had to be removed before August. Now it is September and nothing has been done, he declared.

A representative of Mr. Peterson told the court that what remains of the Libby will be taken away when the next low tides come in the middle of the month. Magistrate J. J. fined defendant \$20, however.

Saanich Tax Sale.—The Saanich tax sale, which concluded at noon to-day, was the smallest held in the municipality for some years. The total turnover amounted to \$11,000. The demand for acreage was brisk, but the sales of lots were small.

ASSESSMENT WAS CUT BY SIXTY PER CENT.

Victoria Woman's Liberal Association will meet second Monday, September 8th.

Garden Party To-morrow.—Owing to the rain, the garden party arranged by the Ladies' Guild of St. Mary's Church, which was to have been held at the residence of Mrs. A. E. Hodgins to-day, has been postponed until to-morrow. The new venue will be the Preparatory School for Boys, at the residence of F. Askley Sparks, Saratoga Avenue, and as there is ample accommodation in the school, the fête will be held wet or fine. The dance in the evening will be held indoors, where there is an excellent floor. Instead of in the open-air as previously planned.

VICTORIA LADY FOUND DROWNED

Mrs. E. M. Boys, Daughter of Mrs. R. B. McMicking, Meets Sad End

Vancouver, Sept. 3.—"A body believed to be that of Mrs. E. M. Boys, Royal Hotel, was washed up on the sands of English Bay bathing beach, where it was found by the lifeguard this morning," according to a Province message.

In a small purse was a note which was deciphered as follows: "My name is Mrs. E. M. Boys, Royal Hotel, Granville Street, Vancouver. If anything happens to me, phone my dear friend, Mrs. P. Rismuller, The Aldine Street, Suite 4, telephone Seymour 32431. My body is in English Bay."

Another name was on the note. It was "J. D. Grayson, 201-202 London Building, Seymour 3454."

Inquiry at the Royal Hotel was answered by the statement that Mrs. E. M. Boys registered there on August 7. "She was a quiet, reserved little woman who evidently had not been accustomed to work for her living. She applied for a position as switchboard operator at the hotel. Several days ago she stated at the hotel that she expected to go to work at the Vancouver General Hospital."

Mr. Grayson, who is an old friend of the family, informed The Province that Mrs. Boys was the widow of H. J. Boys, formerly an Alaskan mining man who was killed at the front.

The late Mrs. Ethel May Boys was the second daughter of Mrs. R. B. McMicking, of the Ansdale Apartments, and the late Alderman Robert Burns McMicking, a well-known pioneer of this city. Born in Victoria, she received her education in the local schools and had lived here practically all her life. In August, 1915, she was married to Herbert James Boys, a former mining engineer of the Yukon and interior country, who was at that time a sergeant in the 67th Battalion. Later he transferred to the 141st Battalion, winning his commission on the field, and, after nearly three years' service, succumbed to wounds on May 10, 1918. Since his departure for overseas service, Mrs. Boys had been living with her mother, until her departure for Vancouver a few weeks ago.

Dr. A. E. McMicking, of Linden Avenue, brother of the late Mrs. Boys, left on this afternoon's boat for Vancouver to arrange for the necessary formalities.

BOARD MAKES SOME MINOR CHANGES TO GAME REGULATIONS

Blue Grouse Season Extended by Twenty Days For This Island Only

CLOSED SEASON FOR WILLOW GROUSE NOW

As a result of the meeting held at the Parliament Buildings on August 19, called for the discussion of the Game Regulations by the sportsmen of Victoria and the Game Conservation Board, there will be no material change in the schedule already announced by the Board for Vancouver Island, with the exception of the regulations respecting Willow Grouse and Blue Grouse.

Instead of there being an open season for both varieties from September 13 to September 28, as prescribed by Order-in-Council, Blue Grouse may now be hunted on Vancouver Island between September 13 and October 18, both dates inclusive. As for Willow Grouse the season is to be a closed one altogether on Vancouver Island. In other words the open season for Blue Grouse has been extended by twenty days and the season for Willow Grouse closed completely. Deputy Attorney-General Johnson made the foregoing announcement this morning.

Other Resolutions.

The following were the various resolutions passed at the meeting in question, all of which have been duly considered by the Board; action, however, has not been taken, except in the case of the two varieties of Grouse mentioned above: That a closed season be maintained for European partridges on Vancouver Island; that the season for Blue Grouse be open from September 13 to November 23, both days inclusive, and that the bag limit be twelve in any one day; that the present duck season as declared by Order-in-Council remain, in view of the explanation made regarding the Migratory Birds Treaty; that the open season for Quail be from October 15 to December 15.

Continuity of Season.

There will be no change in the open season for European Partridges as the Board finds, on investigation, that these birds abound in sufficient numbers to allow of a short season. The Board reached the conclusion that there exists no justification for a long season for Willow Grouse on Vancouver Island, and its decision to close the season altogether was arrived at after a considerable amount of inquiry. By the amending of dates in respect of Blue Grouse the principal objection of the Vancouver Island sportsmen will have been disposed of and the continuous hunting season will now extend from September 13 to January 31 of next year, a period of four and one-half months, which the Board considers should be satisfactory.

COMMISSIONER TO SPEAK HERE TO-NIGHT

Francis R. Jones, F. R. G. S., special commissioner of the Overseas Club and Patriotic League, reached the city to-day and will to-night address a public mass meeting at the Alexandra Club. Mr. Jones is a man of wide experience, a fluent and witty speaker, and his address should be of interest to every Victorian. His subject will be "The British Empire in War and Peace." He will deal with such important topics as the promotion of British Trade within the British Empire, the conservation of the manhood of the Empire, and the influencing of British emigration into the British Dominions Overseas. He will also speak on war time experiences in London, and give some account of his recent visit to France, Belgium and Germany as the guest of the Canadian military authorities. The meeting will open at 8.30, and will be presided over by Douglas E. McLaren, president of the local branch of the Overseas Club.

EXPLAINS POLICY FOR OTTAWA CONFERENCE

Explaining the policy he would adopt at the forthcoming Industrial Conference, President of the Victoria Trades and Labor Council, secured a vote of approval from the Retail Clerks' Association last evening.

He indicated that some of the lines he would take up were enforcing the development of the natural resources of the country by means of taxation, adoption of the principal of proportional representation and industrial councils. With regard to the issue with reference to compulsory abolition of strikes, he expressed the sentiment that while these councils would almost remove friction, the workers should not surrender the strike weapon absolutely. Those who took part in the discussion were: President Talbot, Messrs. Thomas, Parker, Maurice, Briggs, Highland, Hollins and Bryant.

It is the intention of Mr. Woodward to meet a deputation of the labor leaders to-morrow afternoon to discuss with them further the policy he will adopt at the conference.

Canvassers have been out during the last week in connection with the effort of the James Bay Athletic Association to raise \$5,000 to make necessary repairs to the clubhouse and to provide a speed launch for the purpose of coaching the crews.

The James Bay Athletic Association is one of the oldest athletic organizations in the City of Victoria, having been in existence since 1890.

Besides rowing, rugby football, association football, basketball, baseball track athletics, swimming, canoeing, handball, tennis, boxing and wrestling have been indulged in, and it is the aim of the club to again have representative teams in these branches of sport.

The N. P. A. O. regatta to be held by our club here in July 1920 will attract crews from Vancouver, Portland, and possibly Coeur d'Alene and Nelson, which means that a considerable number of members of these clubs will visit Victoria.

New York, Sept. 3.—William T. Tilden, II, of Philadelphia, and William M. Johnston, of San Francisco, finalists in the national lawn tennis championship at Forest Hills, to-day will form with R. Norris Williams, II, of Boston, and Wallace F. Johnston, of Philadelphia, the American team to meet the Australian four in a team-match beginning to-morrow, the United States National Lawn Tennis Association announces.

Two doubles matches will be played to-morrow, Tilden and Johnston facing Randolph Lycett and R. V. Thomas, and Williams and Johnston playing Norman E. Brookes and Gerald L. Patterson. In the singles on Friday, Lycett will meet Johnston, Thomas will engage Williams, and the doubles will bring together the Brookes-Patterson and Tilden-Johnston pairs.

VICTORIA MAN WINS QUARTER MILE TITLE Successful Capital City Competitors at North Vancouver

Senior Championships. 100 yards race—L. L. Cowan, 10 4-5; N. Dillabough. 150 yards race—L. A. Copping; L. E. Birkley. 16-lb. shot—J. Cameron, 48 ft. 9 in.; 2, R. Gill.

120 yards hurdles—J. A. Stewart, 18 sec.; 2, H. A. Eckhardt. One mile race—Farr, 4 min. 4-5 sec.; 2, A. A. Copping. 3, D. Heyland.

16-lb hammer throw—J. Murdoch, 145 ft. 6 in.; 2, Cameron; 3, McDermid. 440 yards race—L. W. Crawford, 53 3-5 sec.; N. Dillabough. Pole vault—H. A. Eckhardt, 10 feet; 2, J. Cameron.

Beasley practically abandoned athletics in 1915, during which season he was in Toronto and a member of the Central Y. M. C. A. where George Goulding, the world's champion walker, was in charge.

Beasley comes of an athletic family. His father was a champion mile runner and walker years ago in Toronto, and also played lacrosse with the Rosedale Club, one of the greatest teams that ever represented the Queen City.

After being put through many difficult tests in swimming and diving, the award of merit was granted to F. Johnston of the Victoria Amateur Swimming Club by Warren Long, the Royal Life Saving Society Examiner on Monday.

A glance at what Hal Beasley, British Columbia's all-round athletic star, is accomplishing this season during the four years out of the spangles, demonstrates that the wisecracks who predict failure to the athlete who tries to stage a "comeback" are guesswork.

Four Years Out. The Vancouver boy at 27 years of age, the head of a small but happy family, who promises to add to his collection of trophies before the end of the year, has been out of athletics for four years before he donned the spikes this summer.

Senior in 1910. It was in 1910 that the speedy youngster made his debut in senior company, and he started off that year by winning the British Columbia, doing the century dash in 19 1-5 seconds, and the 220 yards in 22 2-5 seconds at the Victoria exhibition.

ONE ARMED GOLFER STARS AT QUALICUM Made Eighteen Holes in 87 and Was Second in Holiday Tournament

A one armed golfer was second in the sealed handicap golf tournament staged by patients at Qualicum Military Hospital which finished Monday.

Sealed Handicap. Burgess (83 plus 4), and Honeyman (109 minus 6). Lieut. Laker (114 minus 12), and Budger (105 minus 6).

Children with a score of 95 was first in the second class. Miss Money being second with a score of 103. Score: Sealed Handicap. Lieut. Smitheringale (116), and Childs (101 minus 6).

MISS HILDA HUDDLESTONE The elementary, proficiency and bronze medalion tests were accomplished by Miss Kathy Robertson, Miss Elsie Huddlestone, Miss Hilda Huddlestone, and Mrs. Lawson, pupils of Mrs. R. W. Hibernon.

Minor Leagues to Fight Drafting American and National Leagues Agree Not to Draw on Players

New York, Sept. 2.—Any attempt by major baseball league owners to draft minor league players will be fought in the courts and by other means, according to a statement issued here to-night by David L. Fultz, president of the new international league.

Chicago, Sept. 2.—Club owners of American and National Leagues will not draft star players from the minor leagues this fall.

BECKETT WINS OVER McGOORTY BY KNOCKOUT London, Sept. 2.—Joe Beckett, the British heavyweight champion, knocked out Eddie McGoorty, the Oklahoma, Wis., boxer, in the seventh round of their scheduled twenty-round bout here to-day.

CRUTTENDEN WINNER OF PROVINCIAL GOLF TITLE Edmonton, Sept. 2.—Playing splendid golf, A. E. Cruttenden, Calgary St. Andrews, won the open championship in the provincial golf tournament at Edmonton Golf and Country Club this afternoon.

VICTORIA BOWLERS LOSE Three rinks from the Victoria Lawn Bowling Club visited the Terminal City greens Monday morning. They were beaten by the locals by fourteen shots.

THE HOLE IN THE TIRE. Not the big hole in the center, but the hole in the tread—that will ruin the tire! Patching is not permanent; buying a new casing is expensive. There's one safe and sure solution of the tire problem—vulcanite! Let us do your vulcanizing and forest your tire troubles.

STANDING OF LEAGUES

Table with columns: League, Won, Lost, Pct. Pacific Coast League, National League, American League.

TENNIS TOURNAMENT

Yesterday's play resulted as follows in the final division of the American tennis handicap on the Victoria Club's courts: Miss Scott and Hinks (15 3-6) beat Miss King and Miss Swan (scratch), 6-3, 5-7, 6-3.

JAMES BAY OARSMEN AFTER CUP TO-NIGHT

The final of the James Bay Athletic Association Cup, four for the Gumerfelt Cup to-night, over the harbor course is expected to prove a great battle for the trophy.

ACADIE BUILT IN 53 WORKING DAYS; WORLD'S RECORD ON NEXT SHIP

Efficiency at Foundation Plants Here Responsible for Phenomenal Construction Work, but Better Time Predicted—Mrs. J. J. Havaside Sponsor at To-night's Launching

Built in fifty-three working days! Such is the construction record in the wooden hull 222, which will be launched at 6 o'clock to-night from the Point Ellice yard of the Foundation Company. The vessel will be christened Acadie by Mrs. J. J. Havaside, jr., wife of J. J. Havaside, jr., of the San Francisco firm of Havaside, Withers & Davis, which concern has the contract for the rigging of the French ships built here. Mrs. Havaside will be supported by her husband, and Bayly Hipkins, vice-president and Northwest manager of the Foundation Company, and Mrs. Hipkins, will also be present on the launching platform. The party returned early this week from a cruise to Anyox, B. C.

MANAGER OF C. P. O. S. ATLANTIC SERVICES

Commander Thomas Fisher, C.B.E., R.N., Has Seen Considerable War Service

Commander Thomas Fisher, C.B.E., R.N., who has been appointed general manager of the Atlantic lines of the Canadian Pacific Ocean Services, Ltd., with headquarters at Liverpool, is a native of Birmingham, Eng., and underwent training at Dartmouth in the old wooden warship Britannia. He spent four years in China during the Boxer rebellion, and subsequently passed his examinations and secured rapid promotion, becoming a lieutenant at the age of twenty years. He served in the Mediterranean on H. M. S. Euclyptus. After having qualified in gunnery, he served on the staff of the Director of Target Practice, and subsequently joined the H. M. S. Belleophon as gunnery officer, and after taking the staff course, was selected as a lecturer at the Naval College, Portsmouth, Eng. At the outbreak of the war he was appointed to the staff of the Admiralty, and was in charge of part of the organization dealing with questions relating to neutral shipping. He took part in the supervision of movement of cargoes on neutral vessels by means of transport of their coal supply at ports both at home and abroad. In 1916 he acted as technical representative in negotiations for the use of neutral shipping by the Allied powers, and incidentally gained valuable knowledge of European shipping interests. He served on various Government committees, dealing with the Allied powers, and incidentally gained valuable knowledge of European shipping interests. He served on various Government committees, dealing with the Allied powers, and incidentally gained valuable knowledge of European shipping interests.

World's Record.

Hull 214, the next of the Foundation ship to be sent afloat, will mark a world's record for wooden ship-building construction. This vessel, which will be christened the Quebec, is under construction at the Point Ellice yard, and is expected to be launched in forty-five working days, a construction record that will eclipse anything that has yet been established for this class of ship.

Time on Acadie.

Actual construction work on the Acadie vessel to be launched to-night, was begun June 21, giving an elapsed time of seventy-four days. From this, however, has to be subtracted four days covering the sympathetic strike, ten days covering the half-Saturdays, and the non-working days eliminated leaves fifty-three days in which construction was actually carried on.

Ogden Point Hustling.

Unstable records are also being set up by the Ogden Point outfitting plant fitting out the ships of the French fleet. Last week two ships were sent on their trials and delivered to the French Government, and from this time forward a completed ship will be turned out every seven days. George H. Wayland, superintendent at Ogden Point, says a trial ship has been arranged every Monday. The next trial will be held on Monday next when the Trois Rivières will be put over the course.

NEW NAVIGATION AID TO COST \$300

The Dominion Government has authorized the installation of a bell in conjunction with the beacon at Shoal Point. The Marine Department will go ahead with the installation at once. The approximate cost of the installation of the aid, it is said, will be \$300.

IS RETURNING TO PACIFIC

The Great Northern and her sister ship, the Northern Pacific, are to be operated by the United States Government as transports between San Francisco, Honolulu, Manila and Vladivostok. Both vessels were formerly in the passenger trade between San Francisco and Astoria. The Northern Pacific is due to leave Philadelphia within the next few days for the Pacific via the Panama Canal. During her period of war service on the Atlantic the Great Northern carried 30,000 to France.

CONQUEROR COMING TO ROYAL ROADS TO SIGN ON CREW

Laden with a full cargo of lumber shipped at Genoa Bay, the American schooner Conqueror will arrive in the Royal Roads early next week to sign on a crew before clearing for Cape Town, South Africa. The Conqueror is a new vessel and owned by Lind, Rolph & Co., of San Francisco.

KATORI MARU HAS ALL BERTHS TAKEN

Outbound for Japan and China the Nippon Yusen Kalesha liner Katori Maru is due to leave the Outer Roads here this evening. She will take out over 300 passengers and a full cargo of general freight for China, Japan and the Philippines. Every berth aboard the Japanese liner has been sold for her voyage to the Far East.

BRITAIN SENDS BUCHANAN TO ITALY

London, Sept. 2.—The following diplomatic appointments are announced: Ambassador to Italy, Sir George W. Buchanan. Ambassador to Spain, Sir E. W. Howard. Minister to the Territory of the Serbs, Croats and Slovenes, Sir Charles Alban Young. Minister to the Netherlands, Sir Ronald W. Graham. Minister to Poland, Sir Horace G. M. Rumbold. Minister to Switzerland, Theophilus Russell. Minister to Sweden, Colville Adlan Derun Barclay. Minister to Finland, Lord Acton. Minister to the Czechoslovak Republic, Sir George Russell Clerk. Minister to Cuba, William A. F. Erskine.

COLONEL BENNETT TRANSFERRED HERE

Succeeds Lieut.-Col. Moore as Assistant Adjutant-General

Calgary, Sept. 3.—Lieut.-Colonel C. C. Bennett, D. S. O., will leave Friday for Victoria. He has been assistant adjutant-general of District 13. Lieut.-Colonel F. Gilman, D. S. O., of the Royal Canadian Dragoons, will succeed him here. Col. Bennett will take the position in Victoria of Assistant Adjutant-General now filled by Lieut.-Col. Moore, who will retire on a pension. Lieut.-Col. Moore has been in M. D. No. 11 for the last eight years, first holding the position of District Staff

HIGHER EXPRESS RATES NOW IN FORCE IN THE DOMINION

Winnipeg, Sept. 3.—The recently authorized increases in express rates are now in force, having become effective September 1. Postponement of the date on which the new tariff should become operative was requested by the Winnipeg Board of Trade, but was refused by the Board of Railway Commissioners, according to a wire received from Ottawa today by P. G. Denison, transportation manager of the Board of Trade.

ARCHITECT TAKES HISTORIAN'S PLACE

Harrison Steamer Will Leave Liverpool September 5 For Victoria via Panama

Liverpool offices of the Harrison Direct Line have advised Harold S. Cove, local representative for Baid & Guthrie & Co., Pacific Coast agents, that the British steamship Architect will replace the Historian in the September sailing from United Kingdom ports for British Columbia. The Architect has been at this port a number of times before. She is scheduled to sail from the Mersey on September 5. This is the vessel which has been selected to carry the Queen Victoria monument which is to be erected in front of the Parliament Buildings here.

ORATOR DAMAGED.

The Harrison Line steamship Orator, while going alongside the Bal-four-Guthrie dock at Vancouver, slightly damaged her stem. The vessel will sail to-morrow, however, on her return voyage to the United Kingdom. The Orator is taking on 1,500,000 feet of lumber at Vancouver and will complete her outward cargo at San Francisco.

TAHITI ARRIVES

The steamship Tahiti, of the Union Steamship Company of New Zealand, passed up to Vancouver yesterday afternoon from Australasia.

ASIA OUT TO-MORROW

The C. P. O. S. liner Empress of Asia will sail from this port to-morrow night for the Orient with a full saloon list of passengers.

GRAY HAIR

Dr. Tremaine's Natural Hair Restorative, used as directed, is guaranteed to restore gray hair to its natural color or money refunded. Positively not a dye and non-injurious. For sale in Victoria by Dr. & Hincocck, Druggists, corner Yates and Broad Streets.

PRINCE OF WALES EXPRESSES THANKS

Deeply Touched By Warm Welcome He Received in Ottawa

Ottawa, Sept. 3.—The following messages were exchanged yesterday between the Prince of Wales and Sir Robert Borden:

"Sir Robert Borden, Ottawa: I am deeply touched by the kind and cordial way in which I was received in the capital of the Dominion. The Government, Parliament and the people of Canada have given me a wonderful welcome and I wish to convey my deep appreciation of it to you, as Prime Minister. Please convey my thanks to everyone and tell them how much I am looking forward to returning to you after my visit to the West, which I know I shall enjoy enormously."
(Signed) "EDWARD, P."

"Ottawa, Sept. 3: "His Royal Highness, the Prince of Wales, Montreal: "My colleagues and I send our warmest thanks for your very kind telegram, which I have just received. The remarkable demonstration of enthusiasm and affection which has been evoked by the visit of Your Royal Highness is a sincere expression of the feeling of the Canadian people. We trust that your visit to the great Western provinces was both deeply interesting and thoroughly enjoyable. A whole-hearted and eager welcome awaits you on your return."
(Signed) "R. L. BORDEN."

ACTORS' STRIKE IN STATES IS ABOUT TO BE SETTLED

New York, Sept. 3.—Settlement of the actors' strike within twenty-four hours was confidentially predicted today by members of the Actors' Equity Association. Those who believed the end of the controversy was at hand based their hopes on a report that the Managers' Association, by a vote of thirty-six to six, decided last night to accord recognition to the Actors' Equity Association and that the Actors' Fidelity League, the rival of the Equity Association, had temporarily ceased its campaign for membership.

CASTLE FREIGHTERS OUT

After coaling at Comox two vessels of the Castle fleet, the Lowther Castle and the Muncester Castle, have put to sea. The former is bound for Shanghai and the latter to New York.

QUESTION STRENGTH OF POINT ELLICE BRIDGE

Now that the Craigflower Bridge is out of commission, traffic naturally will be increased over the Point Ellice Bridge.

The question is, will the Point Ellice Bridge stand heavy trucks like that which crashed through the Craigflower Bridge Monday?

Some of the city aldermen have their doubts about this, and expressed them at the City Council meeting last night. In reply to these fears City

Engineer Preston stated that the side of the bridge on which the street car tracks were laid would stand the heaviest traffic, but he had his doubts about the other side.

Mayor Porter thought the city should restrict the size of the traffic allowed on the bridge to prevent any possibility of an accident.

After further discussion the city engineer was authorized to pave the bridge with wooden blocks.

Mrs. Wiggs: "Ain't you speaking to Mrs. Oldcat now?"

Mrs. Biggs: "I'm speaking to her all right, but not in a nice manner."

CO-OPERATION TO WELCOME GENERAL

Intend to Give Sir Arthur Currie Reception Worthy of His Record

A desire to extend to General Sir Arthur Currie a welcome on his return to Victoria worthy of his great record overseas was the general expression of those present at a meeting held last night in the executive council chamber of the Parliament Buildings at the call of the Minister of Finance, the Hon. John Hart. In order that all bodies in the city should join hands in the cordial welcome home that it is planned to give Sir Arthur a general invitation was extended to the meeting. Representatives of the different associations represented expressed their intention of co-operating in making Sir Arthur's homecoming memorable and demonstrative of the feelings which the citizens of his own city hold towards the leader of the Canadian forces.

Represented at the meeting were: The Provincial Government, the military and ex-service organizations, British Campaigners, Army and Navy Veterans' Association, Canadian Club, Rotary, the City Council, the Board of Trade, the Real Estate Exchange, the School Board, the Women's Canadian Club, the various auxiliaries of ex-service organizations, and a number of other local bodies.

The Presentation. The Hon. John Hart mentioned that it had been planned to make a presentation of a piece of plate to Sir Arthur on the steps of the Parliament Buildings, after which he would be asked to attend a public reception in the buildings. The banquet of the British Campaigners, the luncheon by the Canadian Club to the General and the luncheon in honor of Lady Currie by the Women's Canadian Club were other events which had been arranged.

A general committee of the fifty persons present, with the Hon. John Hart as chairman, was appointed, and an executive committee was named composed of the following: General R. E. G. Leckie, C. M. G., D. S. O. (chairman); H. J. Young, of the Army and Navy Veterans' Association (secretary); and the following: Mayor Porter, Capt. Martin, Mrs. Jenkins, Mrs. Spofford, John Cochran and F. A. Pauline, M. P.

A man took a friend to the opera. The music, good as it was, sounded a little noisy, more especially when the bang of drums and the crash of cymbals occurred at intervals. But the friend's face remained unmoved.

"Doesn't this glorious volume of sound affect you?" asked the host.

"Oh, not in the least," was the calm reply. "You forget I am a boiler-maker."

THIS WOMAN FOUND HEALTH

And Escaped an Operation by Taking Lydia E. Pinkham's Vegetable Compound.

Haaslhurst, Ga.—"I have used your remedies for only ten months, and they saved me from an operation. Before I took Lydia E. Pinkham's Vegetable Compound I was so ill from a female trouble regard to your condition, I was forced to stay in bed for a week at a time with weakness and pain, but your medicine has done so much for me that I am recommending it to all suffering women. It certainly is a great medicine and is a sure road to health for women. You may publish this letter if you like."—Mrs. W. C. Little, R.F.D. A, Haaslhurst, Ga.

Women who suffer from headaches, nervousness, backache, the blues and other symptoms of a functional derangement should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such ailments of women after other medicines have failed.

If you want special suggestions in regard to your condition, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of long experience is at your service, and your letter will be held in strict confidence.

VANCOUVER ISLAND NEWS

Lieut. Robert Sheffield, accompanied by his wife has returned to Port Alberni after an absence of five years most of which time was spent with a Canadian infantry battalion in France and Belgium. Mr. Sheffield, who was a South African veteran had been a resident of Port Alberni from the time the clearing of the townsite commenced and was one of the first colonists from this city after the outbreak of the war in 1914. He enlisted with the B. C. Horse but was later transferred to the 5th Battalion. He now wears a double row of service and honor ribbons and in addition, four gold stripes for the four times he was wounded on active service. Mrs. Sheffield, who was Miss Madeline Alice Burton, of Southampton, England, and to whom he was married seven months ago, was one of the first nursing sisters of the Imperial army to see service in Flanders, crossing the channel to the war zone with the original "Cometables" and experiencing the retreat from Mons. She has been decorated with the Military Medal and the Mons Star. Mr. and Mrs. Sheffield intend to make their home in this district.—Port Alberni News.

Miners Hold Election. The underground employees of the Canadian Western Fuel Company, Nanaimo, took a pithead ballot on Thursday for representative on the Agreements Committee, the ballot resulting in E. C. Gibson being elected by acclamation to represent No. 1; Thomas Smith and J. R. McKenzie to represent Protection, while the representative for the effect from the ground which he has been suffering from, which put him in the hospital in England for 12 months.

Pte. Gamlin Greeted. Chemsalus excelled itself in the welcome to the returned boys. Pte. Tom Gamlin arrived amid cheers and handshakes from his many friends, while Mrs. Gamlin journeyed to Victoria to meet him. The townspeople formed a line and presented a dinner at the Gamlin home. Pte. William Cathcart arrived the night of the 25th, hale and hearty, and feeling little the effect from the wound which he has been suffering from, which put him in the hospital in England for 12 months.

Coal Under Port Alberni. The prospects of the City of Port Alberni becoming a coal mine owner are not now as good as they were made to look when Herbert Carmichael, director of the Alberni Land Company, submitted a proposition to the Council, says the Port Alberni News.

Mr. Carmichael was under the impression that the disposal of city lots by tax sale would mean that the under surface mineral rights would pass to the purchaser. These rights were reserved by the Alberni Land Company and the E. & N. Railway Company when townsite lots were sold in the usual way. The Land Company was not so anxious, Mr. Carmichael said, to have these rights protected for itself as it was to have them kept intact so that they might be available for future development. If they got into possession of individuals who lived here, there and everywhere, it would be almost impossible to get them again into such collective shape that anything in the way of development could be done with them. Therefore a valuable asset to the community, becoming scattered, would be lost. It would be acceptable to the Council on Monday following, if the company make provision to have the rights reserved for itself. There would be no difficulty, as far as he could see in the city, and the company working together.

The Council, not being able to satisfactorily grasp this prospect of sudden wealth, and not being inclined to let a good thing escape, decided to take legal advice before committing itself. This advice, which was received from the solicitors and read at the meeting of the Council on Monday following, was: "We are in receipt of your letter of August 29, and do not think that the purchaser at a tax sale will acquire any interest in the minerals which did not belong to the person whose lands were sold." "Where the minerals on the land belong to the E. & N. Railway Company and the Alberni Land Company limited, you could not assess the owner of the surface as the owner of the minerals, but you should make

two assessments, one for the surface and one for the minerals. "When you sell the lot you only sell the surface of the whole lot excepting the minerals which are registered in the name of the railway company or the Alberni Land Company."

"The certificates of title already issued show that the owner of the surface is not the owner of the minerals and the registrar would not issue a certificate of indefeasible title to the municipality, or a purchaser from it, at a tax sale so as to include the minerals when the title in the Land Registry office shows that the person that you assessed did not own the minerals."

A copy of the solicitor's letter was ordered to be sent to the Alberni Land Company.

Back From Overseas. Pte. Ernest Fisher, son of Mr. and Mrs. G. P. Fisher, of the 102nd Battalion in 1915, returned overseas with that battalion, transferring for service in France to the 7th Battalion. He served with the corps for five months, making the trip with the Canadian contingent to Germany. He stayed in England seven months waiting for transportation home. Pte. Fisher was fortunate enough to come through the big struggle without being wounded or gassed.

Presentation Made. At the last regular meeting of Court Newcastle, No. 9225, in the presence of about seventy members, Bro. E. D. Combs was the recipient of a handsome token in the shape of a Forester's jewel, in recognition of his services for the court and order during the past year. The presentation was made by Bro. Andrew District Secretary Vancouver Island District, who eulogized the good work accomplished by Bro. Combs in the past, and hoped he would still be able to carry on for the good of the order. Bro. Rutledge, of Court Alpha, Duncan, and Bro. Jenkins, of Court Canmore, Victoria, were then installed to the offices of district chief ranger and district sub-chief ranger, respectively.—Ladysmith Chronicle.

Price of Coal. Beginning Monday the price of coal at the pithead in Nanaimo was raised from \$6.25 to \$6.70. According to information from Victoria coal in the capital will go up another fifty cents a ton in price on Wednesday following the advance in flour and sugar. The last advance was fifty cents a ton early this summer. The latest advance will bring the price up to \$11.25 a ton. The reason given for the advance is that prices of other necessities are continually rising thus forcing a higher production cost on coal.—Nanaimo Herald.

Will Exhibit. There are prospects that the Comox Valley will be well represented in livestock at the Vancouver fair next month. Quite a number of breeders are preparing to send their beasts down to the big show. The district will also be represented as regards garden stuff and fruits at the New Westminster show, the directors of the fair fall deciding to send an exhibit there.

Comox Good for Bees. It is the deliberate opinion of F. Dundas Todd, Provincial Inspector for Vancouver Island, that the Comox Valley presents better prospects for bee keepers than any other part of Vancouver Island. He was attracted to Comox by a false rumor of foul hives; fortunately there was no truth in it and Mr. Todd is very pleased with the progress of the science of beekeeping in the Comox Valley. He is always ready to jump to any portion of his district on any report no matter how wild since he considers that prevention is much better than cure. In this case he heard the rumor on Saturday morning and left Vancouver on the boat at once.—Comox Argus.

Ladysmith Fall. The directors of the Ladysmith Agricultural Exhibition announce with much regret that owing to the illness of the secretary it has been impossible to complete the price list and catalogue in time for the date set for the exhibition. It was therefore decided at the last meeting of the directors that the exhibition for this year would have to be cancelled.

MILITARY POLICE

Corps and Friends Held Merry Picnic at Cordova Bay Saturday.

The Victoria Detachment of the Canadian Military Police Corps, with their wives and families, held their first annual basket picnic at Little Cordova Bay on Saturday, leaving the Public Library, Yates Street, at 10 o'clock in tally-ho supplied by Cameron & Caldwell.

On arrival at Cordova a well-arranged and keenly-contested programme of sports was gone through as follows:

Children's race, 2 to 4 years—1, Dorrie Ancell; 2, Conny Lains; 3, Verda Webster.

Children's race, 5 to 7 years—1, Nellie Nash; 2, Lawrie Steadman; 3, Peggy Northcott.

Children's race, 8 to 10 years—1, Harold Nash; 2, Betty Brogan; 3, Irene Alton.

Boys' race, 11 to 14 years—1, G. Hastings; 2, Harold Nash; 3, Percy Lains.

Girls' race, 11 to 14 years—1, May Brogan; 2, Marjory Hastings; 3, Gladys Parker.

Young ladies' race—1, V. Hastings; 2, N. Stewart; 3, M. Brogan.

Married women's race—1, Mrs. Ancell; 2, Mrs. Brogan; 3, Mrs. Hastings.

Fat man's race—1, Corpl. Hastings; 2, Sergt. Brogan; 3, Lance-Corpl. Roe.

Men and women three-legged race—1, Lance-Corpl. Lains; 2, J. Abbott, Jr.

Men's race (over 40 years)—1, Lance-Corpl. Williamson; 2, Lance-Corpl. Roe; 3, Lance-Corpl. Parker.

Egg and spoon race (girls)—1, M. Hastings; 2, Alice Nash; 3, J. Brogan.

Egg and spoon race (boys)—1, H. Nash; 2, P. Lains; 3, G. Cambrey.

Balloon race (girls)—1, M. Cambrey; 2, G. Parker; 3, J. Cambrey.

Boy and girl three-legged race—1, G. and M. Hastings; 2, V. Hastings and M. Brogan.

Children's wheelbarrow race—1, G. and M. Hastings; 2, H. and A. Nash.

Men and women three-legged race—1, G. Roe and Mrs. Brogan; 2, Mr. and Mrs. Hastings.

Wheelbarrow race, lady and gentleman—1, Mr. and Mrs. Hastings; 2, G. Webster and Mrs. Brogan.

Thread and needle race—T. Birch and Mrs. Hastings.

Twelve entries in quoits, won by Sergt-Major Birch.

The committee in charge of arrangements wishes to express their appreciation and thanks to the merchants in Victoria, Esquimalt and Saanich municipalities for their donations of prizes, also to Mrs. Hope for the supply of ice cream, and to Major Hope, Assistant Provost Marshal, for his donation towards defraying expenses.

Dad (to Freddie, who has brought home a new golf ball): "Are you sure it was lost?"

Freddie: "Oh, yes, dad. I saw the man and his caddy looking for it."

The cook was having a day off, and she came down wearing a very stylish frock.

"Why Mary?" said the lady of the house admiringly, "what a nice dress. It would be hard to distinguish the mistress from the cook."

"Don't you worry mum," replied Mary. "The cooking would tell."

Castoria, or Something Else?

FLETCHER'S CASTORIA is particularly a preparation for Infants and Children made agreeable to the taste, acceptable to the stomach and pleasant in its action. It has been in use for over thirty years and has always been one of the most highly esteemed of all cathartic preparations.

It has one great advantage over other preparations of its kind in that while it opens the organs readily and completely, it does not have a tendency to produce subsequent constipation so much to be dreaded.

Fletcher's Castoria having been prepared solely for our little ones, should not be confused with ordinary cure-alls or preparations primarily compounded for grown-ups. The child's organism, so delicate and tender, requires specially prepared medicines and foods, the one no less than the other, as mother-love well knows, and mother-love can not be deceived.

Children Cry For Fletcher's CASTORIA

Bringing Up Baby. When Adam ate the Apple we heard nothing about its effect on his stomach, but we do know, or ought to know, about the effect of all eatables given our children. This knowledge is necessary to all mothers, and the deaths among infants indicate that much information along this line is needed.

On this subject many works have been published, but most of them so technical and complicated as to be unintelligible to the lay mind. Food, hygiene and proper clothing must be learned by all mothers—they must study them, know them. Do you?

Around every bottle of Fletcher's Castoria is a booklet in plain, everyday language that all can understand, put there by the advice and approval of physicians. Will you read it?

Fletcher's Castoria has been in use so many years that it is a waste of words to praise it, but because of the many substitutes and imitations we endeavor to protect the babies by keeping before the public the signature of Chas. H. Fletcher and a copy of the wrapper. It is your only safeguard.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher
