were there nearly six years.

His talk was good and the  
colored views wonderfully  
fine. He told of the Okapi  
of which they got a good  
many specimens, old & young.  
They are only got through help  
from the natives. The only living  
one they saw was a young one,  
they are caught by patiently &  
native weapons - Guns not allowed  
We saw views of dead ones  
puffed up, & one little one  
alive. I talked a little with  
Mr. Chapin.

through the day with fog.  
Dr. Thelored Kennedy called here  
at 10 A.M. in a limousine and  
we picked up Dr. Thos. Groves &

not interfere but little is out.  
Lilacs not out yet! Parkmans

A few trees in white here & there.

We dined at the homestead

lovely, peaceful time.

The limousine took us back  
I reached home by 4.30.

Dr. B. H. R. called Estie and  
told me of his going to Jeffrey

At last I can resume  
my diary. Miss Brown has  
kept it for me since Dec. 17.  
My sickness began Dec. 19.

I am improving steadily.

To-day I was up by 10.30,  
and took a nap in the P.M.

I have felt quite nicely  
and have written several  
letters and have distribu-  
ted a number of sheets into  
my boxes. Nearly everything  
is distributed, except the 1917  
Cros Co., N.H. plants.

The weather is very cold  
and the coal must be used.

I haven't had such an  
attack before. The doctor  
says it is acidosis, the  
presence of acetone in the  
system being out of place.  
I hope I am getting well  
over it.

At the Coop. this morning  
I got the bunch of post  
cards I ordered from  
Paris nearly 3 mos. ago.  
I ordered 200 within the  
city limits & connected in  
some way with the war.  
These are quite different  
from that - I am ex-  
amining them. They are  
in sets of about 5 or  
6 pictures each and only  
a portion a Paris views  
& in no way connected  
with the war. A num-

MEMORANDA

The services were very beautiful  
Then a small number of us  
went to Mt. Lebanon where  
Mr. Evans read the commitment  
service. The sun shone on  
the grave. The wound feet  
beside it was concealed  
by the flowers brought up ahead  
of us. George & Mary waited  
and covered the grave with  
flowers & put wreaths on  
Father's & Mother's graves.

It is very lovely here  
this evening. 38 years we  
have lived together.

I am so weary.

24 letters came this A.M.  
in the 1<sup>st</sup> mail. I have  
such a number. Kind  
loving words. The Shakes-  
peare Club has adjourned the  
next meeting. Everybody is  
so kind & tender -

### A TRIBUTE.

Genuine sorrow was caused by the passing away of Mrs. Walter Deane on Thursday, March 22. The funeral took place on Saturday, the 24, in Christ Church. Rev. Mr. Evarts, the pastor, and Dean Rousmaniere, of St. Paul's Cathedral, officiated; the choir sang some favorite hymns, the flowers were numerous and very beautiful. The church was well filled with relatives and friends, who will sadly miss the cordial greetings, the tender sympathy and loving interest of Margaret Chapman Deane. C.

War between the United States and Germany has begun. President Wilson today signed the resolution directing him to use the armed forces and all the resources of the United States against the Imperial German Government. Both houses of Congress had previously passed the resolution, the Senate on Wednesday night by a vote of 82 to 6, and the House this morning at three o'clock by a vote of 373 to 50. This country today stands beside the Entente Allies. Appeals for American expert advice and other assistance in prosecuting the war are coming from some of the present European belligerents. Reports from Russia indicate that an American commission of national character would be welcomed there to cooperate in financing munitions and transportation operations. Italy likewise is welcoming American cooperation, and the hopes expressed there of help from the United States in the way of credit, food and increase in means of ocean transportation. Germans have the faculty of always doing the wrong thing at the wrong time. The

- Pheasants -

I saw a fine ♂ bird, as we were returning to Forest Hills through Morton St. He was on a ploughed slope 100-150 ft. from the road.

As we were going along the highway beginning by the arched *Caryocarpium* tunnel, and filled with autos, suddenly a small brown pheasant ran across the road in front of us, very close.

May 30

As I was walking this P.M. on Coolidge Ave. on the grassy path along West Auburn fence, the opposite sidewalk being filled with people, I nearly stepped on a ♀ Pheasant that ran with a whirl from the short grass and darted over the road into Clark Cemetery.

This afternoon we were startled by the fire department coming up & stopping in front of our house. The Yehulla's chimney had caught fire and it took some  $3/4$  hour to stop it. The chimney <sup>was</sup> full of soot, and many <sup>trunks</sup> were emptied into it. The chimney also was reported full of angles & there was a shelf full of soot & moreover in it some 50 people gathered about the house. I guess there won't be another fire there a good while.

Volley Is Fired and Taps Sounded at  
Mount Auburn Cemetery for Lieutenant  
Robert Williams, Cavalry O. R. C.,  
Whose Funeral Is Held in the Chapel

Lieutenant Robert Williams, son of Mr. and Mrs. Arthur Williams of Brookline, and a member of the Cavalry O. R. C., was buried with military honors this noon from the chapel at Mount Auburn Cemetery. Besides a number of his fellow officers in the National Army, there was a large gathering of friends of the family and men of his class, Harvard, '11.

The services were conducted by Rev. Abbot Peterson, minister of the First Parish Church, Brookline, and he used the King's Chapel service. W. Russell Sanborn, at the organ, played two hymns during the service—"Father, United by Thy Grace" and "For All the Saints." Before the service Mr. Sanborn played Händel's "Largo" and at the close the "Andantino" by Lemare.

Draping the casket were the national colors, and on the colors rested Lieutenant Williams's cap, belt and sword. Sixteen officers, associates of Lieutenant Williams, came from Camp Devens to act in honorary capacities. Eight of them were pallbearers, and they were led by General S. S. Sumner, U. S. A., retired, and Colonel S. Reber. The other eight officers from Camp Devens acted as ushers. Assisting them in this service were these friends of Lieutenant Williams: Ralph Hornblower, Stephen W. Sabine, Richard Harding, Dr.

Charles G. Mixer and Second Lieutenant Hiram E. Tuttle.

The body was taken from the chapel by a group of non-commissioned officers who had carried it in. On the way to the grave the funeral cortège was preceded by a platoon from Fort Banks, commanded by Lieutenant George McManis. Mr. Peterson, the minister, accompanied the family and friends, and at the grave read the committal service, after which the platoon fired a volley over the grave, and Bugler Brimer sounded taps.

Another new year has begun - How will it end? It has been another cold day, clear & bitter, but not as cold as yesterday -

I have of course been in the house, but I am getting on nicely - I was up by 10 A.M. & I have been busy all day -

Wentrop Scudder called this A.M. and Catherine Mrs. Sprague - It was so kind of him to come out from Boston.

Mary Dexter is still feeling very poorly but is improving. I sent her over to-day. Miss Broom attended to it - several phone talks and some letters written I want to get through the Xmas letters. Mrs. Strong called to-day.
