**OUR 39TH YEAR IN ALABAMA**

Chase, Alabama,  
September 20, 1929.

TO THE TRADE:

Again it is a buyer's market. You will find that we have had this fact in mind when pricing this list. A buyer's market is always a critical market in that the buyer is not obliged to take "the best he can get" and be glad to get it, as is the case in a seller's market, but he has the pick of the whole United States and usually takes plenty of time to look around and decide where he is going to get the greatest value for his money. We invite this inspection. Quality considered, we honestly believe that our prices are as low as even this market warrants.

In comparing our prices with others we do ask that you bear in mind the fact that we have thirty-nine years of experience behind us; that we have equipment for the proper lifting, protecting, grading and packing nursery products, second to none; that the heads of this business are personally in touch with every detail of it and take great pride in it.

Our nursery never looked better than it does today. Our location is unusual in that we have two lines of railway right at our packing house doors, both express companies, both telegraph companies and the post office all within a stone's throw of our office. If you are not already acquainted with our "rush" service, give us a trial.

With deep appreciation for the many favors shown us by the nursery trade all these years, we are,

Yours very truly,  
CHASE NURSERY COMPANY.

Our thirty-ninth year in Alabama.

**SPECIAL NOTICE**—This list is intended for the **TRADE ONLY**. If it reaches people **NOT** entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not sell at retail. We do not pack dealer's orders on our grounds. We do not authorize dealers to use our name.

## TERMS AND CONDITIONS

### SHIPMENTS

Please state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests without assuming responsibility.

**The risk and cost of transportation belong to purchaser.**

### TERMS

Usual terms to parties of known responsibility.

Where buyer's credit is unknown to us, cash is required before shipment, or references with time for investigation.

No orders are accepted until we believe buyer good for the account.

Cash Discounts: For payment within 10 days of date of invoice, 2%.  
For payment in full before shipment, 3%.

NOTE: Packing charges on all l. c. l. shipments are extra and must be estimated and included in remittance before the 3% is deducted. If over or under estimated final adjustment to be made promptly after receipt of invoice.

### PRICES

We quote prices, per 10, per 100, per 1,000, as our stock warrants, and will supply nurserymen and dealers at prices named regardless of the size of the order, **except in cases of long assorted lists of small quantities, when an additional charge will be made to cover the extra labor involved. Prices are subject to market changes.**

Prices do not include packing charges except on bulk car shipments—see "Boxing," page 3.

### GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heavier stock. Our rule is, "WHEN IN DOUBT, PUT IT IN THE LOWER GRADE." Detailed information as to our method of grading Hedge Plants and Roses is given elsewhere in this list.

### LIABILITY AND CLAIMS

We are not liable for injury to stock from frost, hail, fire, or other causes beyond our control, and book all orders with this understanding. While we use every means at our command to secure prompt delivery, **we are not liable for delays in transit; our responsibility ends upon delivery in good order to railway company.** Remedy for loss must lie between the buyer and the railway company, but we will gladly render all the aid we can. All claims must be made immediately after receipt of stock.

### NON-WARRANTY CLAUSE

We give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any nursery stock, seeds, bulbs or plants we sell.

OUR OFFICE AT CHASE

**CODE WORDS—TELEGRAPHIC ORDERS**

When more than one grade is listed, a code word is used. Much expense can be saved in telegraphic orders by using these code words.

**BOXING**

Charges as low as possible for well-made boxes, paper-lined:

	7½ ft.	9½ ft.
30 x 30.....	\$3.50	\$4.00
24 x 30.....	3.25	3.50
24 x 24.....	3.00	3.25
18 x 24.....	2.50	2.75
18 x 18.....	2.25	2.50
15 x 15.....	1.75	.....
12 x 12.....	1.50	.....

On orders for roses, small shrubs, etc., we can frequently use dry goods cases or shoe boxes at lower cost, and shall endeavor at all times to make lowest possible charges.

Bales: 25c to \$3.50, according to size.

There is no packing charge on bulk car loads.

**REFERENCE**

As to our standing and responsibility we refer to any bank or business house in Huntsville, Alabama, the Commercial Agencies, and the leading nurserymen of the United States.

ILLINOIS, March 27, 1929—"We received shipment out of storage on the 22nd, and it came through fine and we are well pleased with the stock, especially with the young lining out stock. It looked like real healthy subjects for young stock."

OHIO, March 23, 1929—"We have just finished unloading the car of evergreens from you, and they are certainly nice and were so well packed that the boys complimented your method of packing."

NEW YORK, November 20, 1928—"We wish to comment on the excellent stock received from you, and thank you kindly for the prompt attention given our order. It was indeed a pleasure to receive these select plants."

## SUPPLIES

PRICES—All prices on Supplies are subject to market changes.

### TERMS ON SUPPLIES:

*All prices are net, subject to market changes, and are for CASH WITH ORDER except to parties with an established rating. We have to buy far ahead, lock up our money for months and, as the margin of profit is very small, we greatly appreciate prompt payment of all supply invoices.*

Note: Orders for half-dozen will be supplied at the dozen rate.

## KNIVES

Some of these knives are especially made for us by one of the great cutlery makers who has a reputation for quality. All knives offered are dependable brands, selected after testing out in our own nursery work.

### HEAVY IMPORTED BUDDING KNIFE WITH IVORY TIP ( $\frac{3}{4}$ SIZE)

This is a REAL Budding Knife. Well made, heavy brass lining; blade of highest quality steel; ivory tip. Price each, postpaid, \$1.65; per dozen, \$18.00, postage extra.

### STATIONARY HANDLE BUDDING KNIFE ( $\frac{3}{4}$ SIZE)

Note shape, size and "hang" of blade. Blade does not fold and so is not as convenient for the pocket, but it is a mighty good budding knife at a low price. Each, postpaid, 50c; per dozen, \$5.00, postage extra.

## WHETSTONE

The best Budders and Grafters Whetstone. Pocket size, Carborundum. Each, postpaid, 20c; per dozen, \$2.00, postage extra.

The two Remington combination nursery knives listed below were added to our stock about five years ago after a thorough tryout in our own work. They are good.

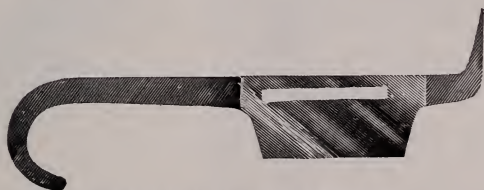

### BUDDER AND GRAFTER COMBINATION

Two Blades, 1 Budding and 1 Grafting. Lined with brass; is strong and well made. Cannot be beat for a high-grade pocket knife. Price each, \$1.50, postpaid. Price per dozen, \$16.50, postage extra.

### PRUNER AND BUDDER COMBINATION

Stag Handle, Two Blades, 1 Pruning and 1 Budding. First quality materials used throughout. A compact tool for all summer work on the small nursery. Price each, \$1.50, postpaid. Price per dozen, \$16.50, postage extra.

### GRAFTING CHISEL

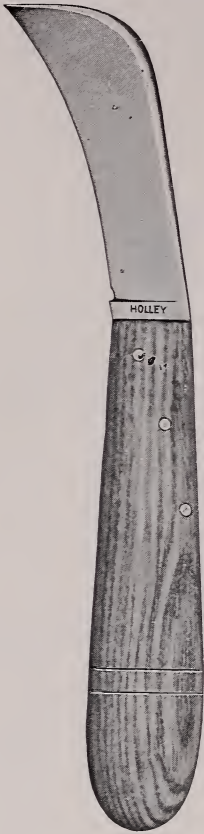

For top grafting large limbs. All metal, 9 inches long, cutting edge  $2\frac{3}{4}$  inches. Strong wedge on end. Price each, postpaid, \$1.35.

LOUISIANA—"The Jumbo Grafting Knife is the kind of tool we have been looking for for pecan work. We are sure that it will sell on sight to any one who grafts pecans; have shown it to several, all wanted to buy it."

MISSISSIPPI—"I am sending in a pair of French shears for 'Steve' to fix up. A new handle will make the whole shears as good as new, I think. These French shears are the best I have ever used."

TENNESSEE—"We have tried the waxed grafting thread, and think it is just right."

C. A. G. Pruner

**C.A.G. PRUNER**

Stationary handle; full length 8 inches; length of blade 3¼ inches; well balanced "hook" and easy on the operator. Handle of hardwood fastened with three rivets set diagonally. After testing out this knife in our own work we offer it to the trade as the best Pruning Knife of reasonable cost that we can find. Price 85c each, postpaid; \$8.50 per dozen, postage extra.

Stationary Grafter (¾ Size)

**STATIONARY GRAFTER**

(Blade does not fold)  
A bully good "stiff" Grafting Knife well made of fine steel. Price each, 65c, postpaid; \$6.25 per dozen, postage extra.

**C.A.G. GRAFTER**

It is more knife for grafting and general use for the money than any on the market. Makes a good serviceable pocket knife. Cocoa handle. 65c each, postpaid; \$6.25 per dozen, postage extra.

C. A. G. Grafter (¾ Size)

**JUMBO PECAN GRAFTING KNIFE**

Extra size and strength for field grafting Pecans or other heavy stocks. Length over all 8 inches; blade 3¼ inches; fastened in solid handle with three strong pins. Best quality cutlery steel. Price, each, postpaid, 95c; per dozen, postage extra, \$10.00.

## DOUBLE-BLADED PECAN BUDDER

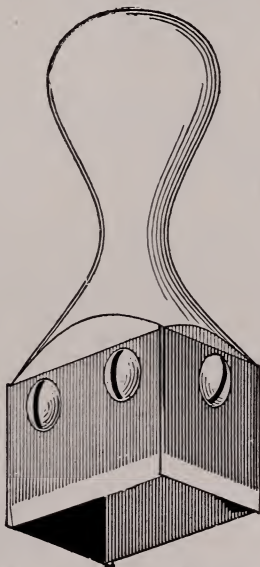

(For Ring Budding)

Two straight-handled, high-grade knives set perfectly true with blades 7-8 inch apart. Fastened with special screw and dowel pins; easily taken apart for sharpening, and just as easily reassembled. Preferred by many Pecan budders over all other makes or styles. Price, postpaid, each, \$1.85.

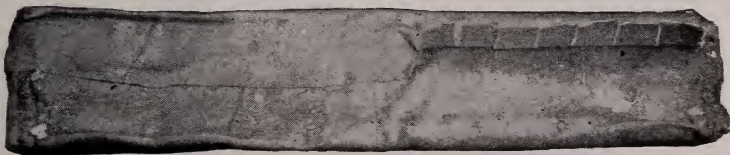

## JONES PATCH BUDDER

Designed especially for budding Nut Trees or other subjects which cannot be propagated by ordinary methods. With this Budder, Pecans, Walnuts, Hickories, Chestnuts, Persimmons, etc., may be budded successfully.

Made of aluminum, machined perfectly true and nicely finished. The blades are made from safety razor blade steel, but of heavier stock. With full directions for budding Nut Trees, handling buds, preparing waxed muslin, etc. Price, \$2.00 each, postpaid.

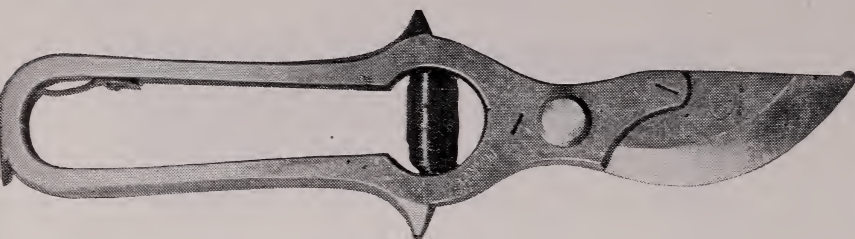

The Jones Patch Budder (Patented)

## WAXED MUSLIN

Waxed, ready for use, in connection with above knives, for wrapping buds of nut trees, etc., in strips about 7x36 inches. A strip will wrap about 50 buds on nursery seedlings, less on large stocks or limbs. The cut shows strip notched ready for tearing. Per strip, postpaid, 20c; six strips, postpaid, \$1.00.

OHIO—"Mail one pair French Shears. Can't get along without this grade of shears for my personal use—it's my hip-pocket companion."

## FRENCH PRUNING SHEARS

We have imported and used and sold these French Shears for more than twenty-five years. We have tried out many other makes but, all things considered, we regard them as **THE GREATEST VALUE IN PRUNING SHEARS**. They are beautifully made of high-grade metal, easy to operate, grip just right for continuous work. We import these direct from France in increasing quantity.

The 9-inch is best for "cutting back" and all heavy work.

The 8-inch is just right for making hard wood cuttings.

The 7-inch is exactly right for cutting scions, pruning and cutting roses, greenhouse work, etc.

Note: The size now listed as 7-inch measures a trifle over seven inches though heretofore described as 6-inch.

Extra Springs for French Shears, Roller type. Each, post-paid, 20c.

Note: All French Shears are now supplied with Volute Springs, but we carry the old style Roller type spring in stock. In ordering state **SIZE AND TYPE**.

PRUNING SHEARS—Continued

AMERICAN  
9-INCH

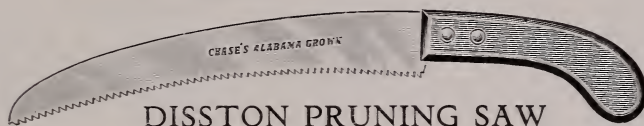

This is a low-priced, well-built, heavy pruning shear of the best value for the price we can find. Have handled these for many years. Where a cheap shear is wanted this is the one. Weight, 14 ounces. Volute steel spring. Price, per pair, postpaid, 90c; per dozen, \$9.00, postage extra.

Note: We can furnish extra springs and extra bolts, each, postpaid, 15c.

VOLUTE SPRING

For American 9-inch Shears.  
Each, 15c, postpaid.

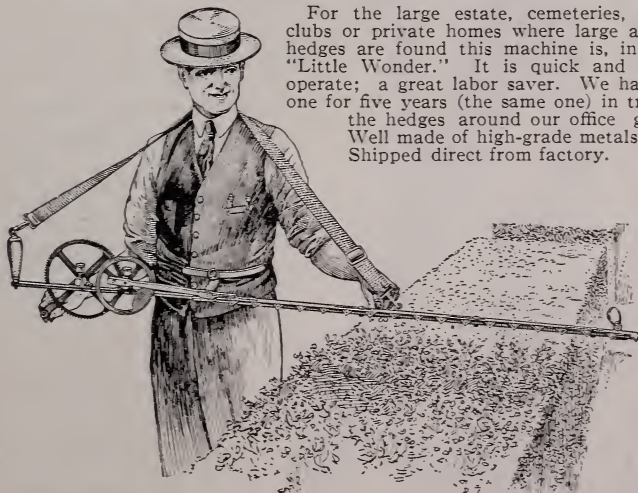

DISSTON PRUNING SAW

Should be in the kit of every gardener, landscape planter and nursery salesman. Draw-cut, easy on the operator; fast, clean and keen cutting whether on large limbs or small branches. Made by the great firm of Disston, the best pruning saw per dollar we know of. Price, each, postpaid, \$1.10; per dozen, postage extra, \$10.00.

Orders for half-dozen at the dozen rate.

“LITTLE WONDER” HEDGE TRIMMER

For the large estate, cemeteries, country clubs or private homes where large and long hedges are found this machine is, in fact, a “Little Wonder.” It is quick and easy to operate; a great labor saver. We have used one for five years (the same one) in trimming the hedges around our office grounds. Well made of high-grade metals. Shipped direct from factory.

Price, 30-inch blade, \$25.00; 40-inch blade, \$27.50; 60-inch blade, \$35.00.

Prices f. o. b. shipping point in Pennsylvania.

Also electric driven, equipped with portable motor and 1,000 feet of waterproof extension cord. Descriptive circular telling the whole story mailed on request.

PRUNING SHEARS

HEDGE SHEARS

Cronk's Improved; riveted through ferrule. Not too heavy, 8-inch blades; notched. Best size for continuous and rapid work. Price, \$2.40, postpaid; at Chase, \$2.25.

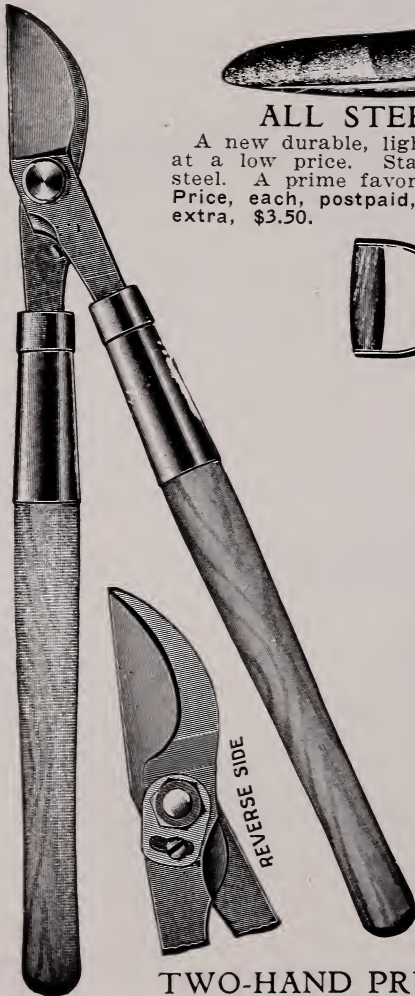

ALL STEEL TROWEL

A new durable, light-weight, all-steel trowel at a low price. Stamped from one piece of steel. A prime favorite with all trowel users. Price, each, postpaid, 35c; per dozen, postage extra, \$3.50.

D. HANDLE  
DIBBLE

The polished steel point is 8 inches long tapered from a diameter of 1¼ inches at handle. Handle of wood which gives just the right balance. Easy on the operator and well made of high-grade metal. Price each, postpaid, 90c; per dozen, postage extra, \$9.50.

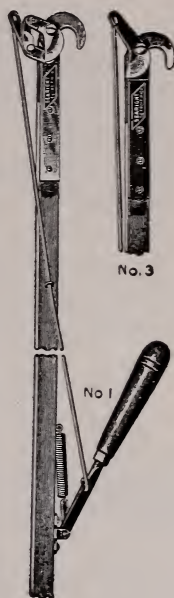

TWO-HAND PRUNERS

After trying them all we have gone back to this heavy Cronk single-cut as the most satisfactory. Well built by master builders. Length 26 inches, extra long ferrules, patent lock-nut. Weight 3¼ pounds. Price, \$3.25, postpaid; at Chase, \$3.00.

## LONG POLE TREE TRIMMER

Having many calls for a reliable tree trimmer mounted on a long pole, we have, after investigation, stocked the Bartlett Compound Lever tree trimmer. The cut is self-explanatory, but note that the connecting rod between knife and lever crosses the pole, throwing one-half of the strain on one side of the pole and one-half on the reverse side. This makes for great strength, and the pole does not warp or bend, as is the case when rod is mounted on one side. The pole is in one piece, not jointed.

## JOINTED POLE TREE TRIMMER

The same head is used, but the pole is made up in four-foot sections. Note that by buying a 16-foot jointed pole, you can easily make up an 8-foot, 12-foot or 16-foot as the job requires.

8-foot Jointed Pruner, made up by using the top section and handle section. Weight, 5 lbs.

**Price, Each, \$6.60.**

12-foot Jointed Pruner, made up by using the top section, handle section and one intermediate section. Weight, 7 lbs.

**Price, Each, \$7.40.**

16-foot Jointed Pruner, made up by using top section, handle section, and two intermediate sections. Weight, 9 lbs.

GENUINE OLIVER AMES  
9-POUND, D HANDLE NURSERY SPADE

With Tapered Blade

Half-dozens, all spades and handles, at the dozen rate.

For continuous hard nursery digging we can find none better than this heavy double strapped genuine Oliver Ames Nursery Spade. The straps (both sides) run full length of handle; blade is tapered from 7½ inches at top to 5½ at point. Weight, 9 lbs. Price, each, \$3.50; per dozen, \$39.00.

EXTRA HANDLES

For Above Spade

Riveted and bent to fit. Will save many a good spade now in the discard because of broken handle. Price, each, 70c; dozen, \$7.50.

GENUINE OLIVER AMES  
7-POUND, DOUBLE-STRAPPED NURSERY SPADE

With Tapered Blade

The best light nursery spade, a little under seven pounds; double strapped full length. Tapered blade with corners rounded. Price, each, \$2.75; per dozen, \$31.00.

GENUINE OLIVER AMES  
9½-POUND, LONG-HANDLED, DOUBLE-STRAPPED,  
PECAN SPADE

With Square Blade

For Pecan growers particularly, who need extra length of handle coupled with good weight and great strength. Same spade in every way as the 9-pound Ames D. Handle Nursery Spade except that it has a long, straight handle and a square blade, which works better in sandy or light soils. Weight, 9½ lbs.; handle 4½ feet long. Price, each, \$3.75; per dozen, \$41.50.

MISSISSIPPI—"We received Pruning Saw which we ordered as a sample, and are asking that you ship us today one dozen of these Pruning Saws. We are going to use them as Xmas gifts."

## BOX MAKER'S HATCHET

Improved

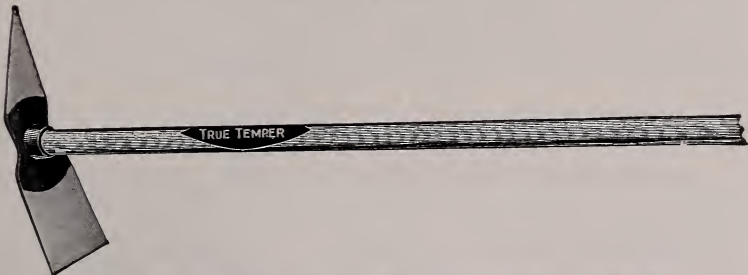

### ALL METAL HATCHET

This Box Maker's and all-purpose hatchet is good value and will get lost as quickly as one costing three times the price. Made of heavy steel, weight just right (17 lbs. per dozen). We have used them exclusively in our box shop for many years. Price, each, 75c; per dozen, \$7.75, postage extra. Half-dozens at the dozen rate.

## SPADING-DIGGING FORK

**SPADING-DIGGING FORK**—English model; square tines 12 inches long. Far easier on operator than any flat tine fork. Costs more than the usual run but worth more; will outlast many cheap ones. Very strong; fork, shank and strap is one piece of steel. If you have never used a square tined fork you will get a real "kick" out of this one—and it's time you changed. Price, each, \$2.25; per dozen, \$25.50.

## SOUTHERN QUEEN WEEDING HOE

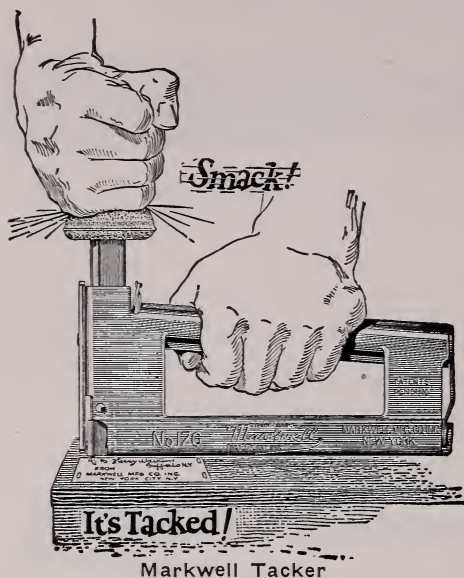

For general nursery work the most satisfactory weeding hoe. Blade is 3½ inches wide. The tapered point is mighty handy in closely planted stocks. Price, each, \$1.25; per dozen, \$12.50.

**TEXAS**—"We received the two spades ordered from you, and are very much pleased with them. You may send us two more of the same kind—the new 7-pound genuine Ames spade, tapered blade, with corners cut."

**CALIFORNIA**—"Was away from home when the Grafting Thread ordered from you arrived, but when I returned, I examined same and find it to be the best quality grafting thread we have ever used."

**ILLINOIS**—"I bought some grafting thread from you and another manufacturer, and I like your thread the best. It is larger and does not cut the fingers as much in wrapping, also it is some stronger."

**LOUISIANA**—"Thank you for sending the painted labels in place of the plain ones. I think they are far better than the plain labels and well worth the extra cost."

Markwell Tacker

## NEW "MARKWELL" TACKER

After a thorough test, we have adopted this "Markwell" Tacker as the very best machine of its kind. Uses a chemically-attached ready cut staple, therefore has no cutting blades to get out of order or clog. Loads 105 staples at a time. Reserve chamber in handle holds 420 staples. Costs a little more but will last for years. Unconditionally guaranteed for 12 months. Price, Tacker, \$5.00, postage extra; Staples in packages of 5,040, \$2.75, postage extra.

## HOTCHKISS STAPLES

We will carry Hotchkiss Staples in stock as usual. These fit the Hotchkiss Tacker, which we have now discontinued in favor of the "Markwell" described above. Always specify "Hotchkiss" when the staples are wanted for that machine. Hotchkiss Staples, price per box, \$1.50, postage extra.

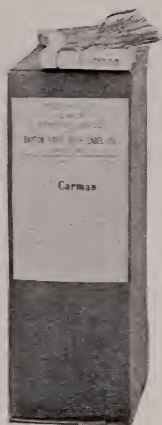

## ALABAMA MULE SKIN MITTENS

**MULE SKIN MITTENS**—The old reliable; made of Alabama Mule Skin, nearly as durable as buckskin. We can find no heavy work-glove or mitten that gives greater value for the money. Price, per pair, postpaid, 90c; per dozen, \$10.00, postage extra. Orders for half-dozen at the dozen rate.

**PAINTED FLORISTS 6-INCH POT LABEL**—Same as above except painted white on one side. Price per 1,000, \$2.75.

**PLAIN FLORISTS 8-INCH POT LABEL**—We dropped this size a year ago but have reinstated it because of numerous requests for this size which is  $8 \times \frac{3}{8}$ ". Packed 250 to the box. Price per box, \$1.25.

**PAINTED FLORISTS 8-INCH POT LABEL**—Same as above except painted white on one side. Packed 250 to box. Price per box, \$1.60.

(Please always state if wanted Plain or Painted.)

SHEET COPPER PERMANENT LABEL

An indestructible label for use on trees, shrubs, etc., as a PERMANENT MARKER. Directions: Lay label on folded newspaper; write with very hard pencil or wire nail, bearing on to indent metal. Give wire one turn around branch, securing end in loop. Remove to smaller branch every two years to prevent cutting wood. Price, per 10, postpaid, 35c; per 50, postpaid, 75c; per 100, postpaid, \$1.35.

CORDAGE, TWINE, BURLAP, ETC.

Bale of Wool Twine

**WOOL TWINE**  
**Four Ply**—For tying in bunches; in balls of about one pound each; packed in bales of about 150 pounds each. Per pound, less than bale lots, 20c; per pound in full bale lots, 18½c.

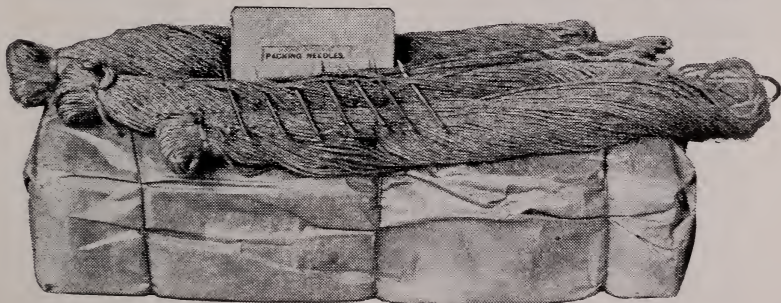

**WOOL TWINE**  
**Three Ply** — For bunching small fruits, roses, etc., this is plenty strong, and because of the greater yardage it is cheaper than the four ply. Price, 1c per lb. over 4 ply.

**EXPRESS CORD**

For heavy bales. Two-ply Sisal. Just the thing for express bales. Single end, on reels of about fifty pounds each. Cannot break reels. Price 17½c per pound.

Reel of Sisal Cord

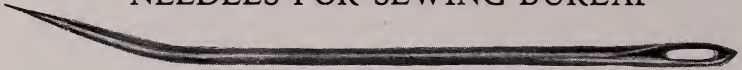

**JUTE SAIL TWINE**

This is a smooth working, strong, 4-ply Jute Sail (sewing) Twine for sewing burlapped bales, seed bags, etc. In skeins (hanks) of half pound each, 12 pounds to package.  
 Price, per pound .....32c  
 Price, in 12-pound packages, per pound .....30c

**NOTE:** To keep your sewing twine in skeins (either cotton or jute) from kinking and snarling, first, cut through all threads where the "tie string" surrounds them; let someone hold one end of the "many ends" or tie fast to something; step back full length of the cut string and grasp other end between the knees, reach out and divide the skein into three parts and "plat" or braid them for two feet or so **AND THEN SLIP THE END FROM BETWEEN YOUR KNEES THROUGH A LOOP IN THE "PLAT"** and pull straight. Your twine will lay flat, each string, just the right length, will pull free as needed.

NEEDLES FOR SEWING BURLAP

**BEST GRADE**—Five-inch, large stiff shaft, wide, flat shank, sharp point and large eye. Per dozen, postpaid, 55c.

BURLAP

SELECTED ONCE-USED, CLEAN BURLAP

40-Inch 8-Ounce

New burlap is still too high; this once-used, strong, 40-inch material is just as good as new. It has been once used, largely on rugs and furniture; is in mostly large pieces, and is clean; has been carefully sewed into 100-yard bolts, and packed four bolts to the bale.

Price, per yard, in 100-yard bolts .....7½c  
 Price, per yard, in 400-yard bales .....7c

DUTCH BURLAP SQUARES

(Open Mesh Burlap)

For balling evergreens. The roots quickly come through the open meshes. Balled "in Dutch" you plant "as is," simply ease ball down into hole and fill in the dirt without worry as to "rootbound" plants. You do not crack or break balls trying to cut away excess burlap or slitting "to let roots out" as is the case when using heavy, closely woven burlap. Comes only in squares cut in the following sizes:

	Price Each
14x14 inches .....	2c
16x16 inches .....	3c
20x20 inches .....	4c
24x24 inches .....	5½c

The price each is for any quantity f. o. b. Chase. Write for prices on full bales (500 squares).

BOX LINING PAPER

KRAFT PAPER

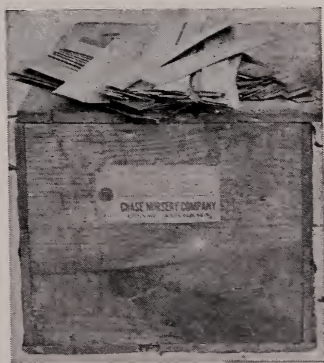

The same high-grade Kraft paper that we have handled for many years, the best we can buy. It is more economical than cheaper grades because of greater yardage and strength. Has body enough to resist moisture to a considerable degree. One of our customers says that he "used again" the paper from boxes of nursery stock received from us—and those boxes had been in cold storage for ten weeks. Put up in rolls of about 50 pounds each; widths 30, 36 and 40 inches. Cannot break rolls. Price, per pound, 7c.

"DRY WRAP" DUPLEX PAPER—Two sheets of Kraft cemented together with asphalt. In rolls of 100 yards each, width 36 inches, per roll, \$2.25.

BOX STRAPS

STEEL BOX STRAPS—One inch wide, 9 inches long, thin, soft steel, strong enough to hold the heaviest box. You can drive an ordinary nail through it without punching. About 2,300 pieces in 100 pounds. Less than 50 pounds, per lb., 9c; 50-lb. boxes, per lb., 7¾c.

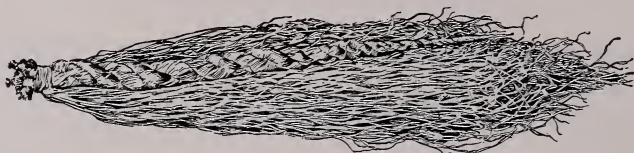

50-lb. Box Steel Box Straps

GEORGIA—"Enclosed is our voucher covering the order for Grafting Wax. We received the Wax today, and I might remark that we find the composition of this wax particularly good for our purposes."

ILLINOIS—"The Mule Skin Mittens were promptly put in use and found the best we have ever had in years of experience. Kindly send another pair soon as possible."

IOWA—"I have been trying out the grafting thread which you sent me some time ago. This thread seems to be just what we want. There is just enough wax to allow wrapping dry. That, to me, is a big factor since we do not have to use the hot water dip to soften the wax in order to make it stick."

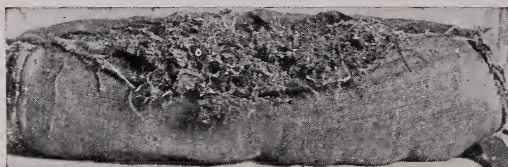

## RAFFIA

Best quality. One pound will wrap about 2,500 average peach stocks when June budding, or about 1,000 average rose stocks. Put up in bundles ready for quick shipment. Prices:

In lots less than 5 lbs., per pound .....	40c
In bundles of 5 lbs., per pound .....	35c
In bundles of 10 lbs., per pound .....	32c
In bundles of 25 lbs., per pound .....	31c
In bundles of 50 lbs., per pound .....	29½c
In bundles of 100 lbs., per pound .....	28½c

Write for price on full bales of about 220 lbs. The high prices on Raffia will continue for another year at least as Madagascar has not yet recovered from the awful destruction by hurricane more than a year ago. We have secured, we think, a sufficient stock to take care of our friends through this budding season.

## SPHAGNUM MOSS IN BURLAPPED BALES

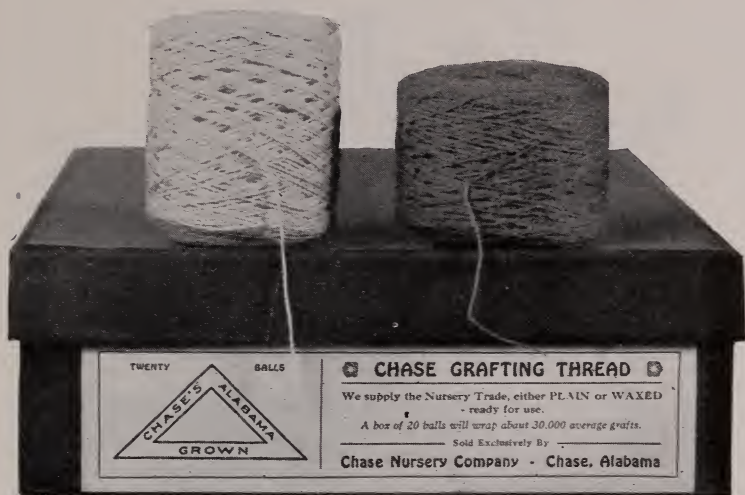

New fresh stock from Wisconsin. In burlap-wrapped bales size 14x16x46 inches. The material is almost bone dry and its weight (around 20 lbs. when received) is not guaranteed. Almost indispensable to Florists and Plant Shippers and for packing down bud sticks. Price, per bale, \$1.75; in 10-bale lots, \$1.65 per bale.

## PEAT MOSS

Imported, finely ground dehydrated Peat Moss for mulching seed beds, cuttings, cold frames, plunged potted stock, etc. Almost universally used and now regarded as a necessity. Packed in wire-bound slatted and burlapped bales, size about 18x24x36 inches. Weight around 185 lbs., but varies because of evaporation of moisture. After trying out three different brands in our own work we regard this as best value. Price, per bale, f. o. b. Chase, \$3.75. (Can often ship direct from New York at a saving in freight and at lower cost. Write for price f. o. b. there.)

TEXAS—"The pruners received from you, are the best we have ever used."

## CHASE GRAFTING THREAD

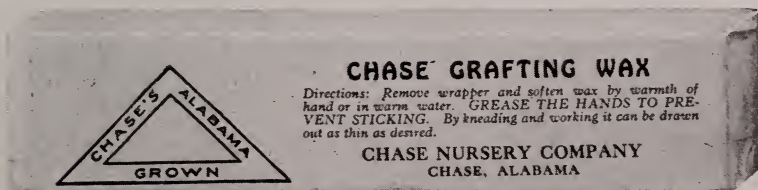

For years we used and sold a thread made in New England. Its manufacture was discontinued and we and many of our friends were up a tree. A helpful (Rotarian) cotton mill owner near by undertook to help us out and has produced a thread that exactly fills the bill. It is a shade stronger — by request; has been thoroughly tested out. All our grafts the past season were wrapped with it. Samples were sent out to large users and all have OK'd it. Our supply is sure at all times. While it does not wrap as many grafts per box yet the cost is so much less that it actually wraps more per dollar. A box of 20 balls will wrap about 30,000 average grafts. This thread is packed under our label and WE GUARANTEE SATISFACTION.

Per ball, unwaxed, postpaid, 12c.

Per ball, waxed, postpaid, 20c.

Per box, 20 balls, unwaxed, postage extra, \$1.60.

Per box, 20 balls, waxed, postage extra, \$2.90.

## CHASE GRAFTING WAX

After the makers of Lion Brand quit we had to find a new source of supply and have secured a grade of Grafting Wax that we think equal in every respect. This is packed under our label with instructions on each package. Prepared ready for use in top grafting, applying to cuts after pruning, etc.

Price,  $\frac{1}{4}$  lb. cake, postpaid, 20c;  $\frac{1}{2}$  lb. cake, postpaid, 35c; per pound, postage extra, 50c.

DISCOUNT ON QUANTITY ORDERS

On orders for 3,000 and over, with no change in form or size, the following discounts will apply:

- 3,000 at the 1,000 price less 3%.
- 5,000 at the 1,000 price less 6%.

Note the large size (No. 8). This tag has plenty of room for address and Inspection Certificate on one side without crowding.

Always send copy showing how tags are to be printed. Samples on request.

Note—The No. 5 Tag is too small for Inspection Certificate. The No. 7 is too crowded if Inspection Certificate and address are used on one side. The No. 8 size is the best where Certificate is to be printed on the address side.

IF YOUR JOB CALLS FOR AN UNUSUAL AMOUNT OF TYPESETTING THERE WILL BE AN EXTRA CHARGE TO COVER.

Please compare our tag prices with others and in so doing remember that we use only HIGH GRADE tags as described and that we include strings. Our prices are right.

The Ideal Nut Cracker

IMPROVED IDEAL NUT CRACKER

This model has a good, polished finish, giving it a much better appearance than the old model which we have handled for many years. The Ideal Nut Cracker operates quickly and easily with no danger of hammered fingers. It keeps the shells from flying all over and gives you "whole meats." Comes in an attractive box, makes a very welcome holiday gift. Simply place the nut in the cracker, place the palm of the hand over nut and turn the handle just enough to crack the shell and there you are.

## DIRECTIONS FOR FUMIGATING NURSERY STOCK WITH HYDROCYANIC ACID GAS

---

The necessary equipment consists of an air-tight chamber (box or room), a glazed earthenware vessel, a measuring glass graduated to ounces, and a set of accurate scales. The necessary chemicals are either Cyanide of Potash (98%) or Sodium Cyanide (96-98%) and Sulphuric Acid (specific gravity 1.83). Care should be taken to secure either the 98% Cyanide of Potash or 96-98% Sodium Cyanide, otherwise an insufficient amount of gas would be generated. This chemical must be kept in air-tight containers and so packed will keep indefinitely. It is a deadly poison and should not be left where it will fall into the hands of children or careless persons, and should never be handled by a person having open sores, cuts or bruises on his hands. The gas is colorless and if inhaled in quantity is fatal; smaller amounts induce headache or dizziness.

The best commercial grade of Sulphuric Acid should be used. This acid must be kept in a glass or earthenware vessel tightly stopped with a glass or lead stopper. Be sure that your fumigating box or room is air-tight or gas-proof.

The standard formula for fumigating each 100 cubic feet of space contained in the fumigating house is as follows:

One ounce Cyanide of Potash (98%) or  $\frac{3}{4}$  of one ounce Sodium Cyanide (96-98%).

Two Fluid ounces Sulphuric Acid.

Four Fluid ounces Water.

The glazed earthenware vessel should be somewhat larger than is necessary to hold the chemicals. A one or two-gallon jar is perhaps the best container.

The trees as dug and brought from the field should be placed in the fumigating house, care being taken to see that they are free from any considerable quantities of mud or dirt. The trees should not be fumigated when they are wet, as it has been shown that in this condition they are likely to be injured by the gas. When the compartment is full of stock, close all openings except the door. Place the jar on the floor near the middle of the room, pour in the required amount of water, and then slowly pour in the acid. The cyanide, previously weighed and inclosed in a tight paper bag, is now dropped into the jar and the operator leaves immediately and closes the door tight. The steps in this operation should never be varied. If water is poured into the acid, a violent action takes place and may be the cause of injury to the operator. Inclosing the cyanide in a paper bag makes it convenient and safe to handle and retards the generation of the gas for a moment after being dropped, thus allowing time to leave the room and close the door securely.

Keep the door closed for forty minutes, at the end of which time the door and window should be thrown open, care being taken to avoid the outward rush of the gas. After fifteen minutes of airing, the room may be safely entered and the stock removed, being now ready for packing or heeling in. After fumigating the contents of the jar should be buried.

Buy chemicals of your local druggist if you can secure Merck's cyanide in unbroken, original packages, and sulphuric acid that has been kept in a glass-stoppered bottle.

## BAILEY'S NURSERY MANUAL

We are often asked about the best books on nursery practice and methods. If there is a better guide than this book by Dr. L. H. Bailey, we do not know of it. Contains 456 pages written in simple, non-technical language with hundreds of illustrations covering the propagation of plants from seeds, cuttings, layers, budding, grafting, etc. Postpaid, \$2.50 per copy.

THE IVY-FRAMED SIGN BY OUR OFFICE DOOR

NEW JERSEY—"Please mail me one dozen of your Stationary Grafter Knives. I saw some of them today being used by a friend of mine. He is using them for Blueberry grafting and cuttings, the wood of which is exceedingly tough, and he advised me that he liked them and gave me your address."

## Certificate *and* Fumigation

Entomologist's Certificate of Inspection will accompany all shipments unless we are otherwise instructed.

Where state laws do not require certificates we can ship under plain tag if desired.

We are prepared to fumigate with Hydrocyanic Acid Gas, and will do so when requested or where State Laws require it.
