TO THE DRUG TRADE:

The kind appreciation which has attended our previous endeavors to furnish the Trade with a COMPLETE and *reliable illustrated* list, has caused us to renew our efforts to maintain the *supremacy* in this our *fifth yearly issue*. While it is fully understood that prices are subject to market changes, still the list will be found exceedingly convenient in replenishing stocks, or for those embarking in the trade.

We offer a Drug Stock *unequaled* in the Northwest, in extent and variety, embracing almost every item connected with the *Drug, Chemical, Paint, Oil, Glass, Dye Stuff, Perfumery and Patent Medicine* trade.

We beg leave to assure our friends, that we are thankful for their favors of the *past*, and that no effort shall be wanting to deserve their confidence in the *future*.

When large quantities of goods are ordered, and there is an opportunity to do better than *quoted prices*, our customers may confidently rely upon having the advantage of it.

We aim to handle goods only of the *best obtainable* quality, and *most reliable manufacture*, neatly put up by experienced employees. We sell on *prompt* time, and the prices attached to orders will be *as low* as reliable goods can possibly be handled.

Parties ordering for the first time will see the propriety of giving City (preferred) or other references as to their responsibility. *Our terms are invariably Cash* within 30 days. As we sell goods on close margins, we shall expect prompt pay.

We shall not follow the custom of sending out traveling agents^s on almost every road diverging from the city, being satisfied from experience that goods can be sold at a *lower margin* of profit by customers sending us their orders *direct* by mail, and we will rely on *low prices, prompt shipments, and superior quality* of the goods we handle. Experience fully justifies us in our judgment, that this principle is the *correct one*, and the Trade may rest assured of getting the benefit of any decline in value of goods, and the prices will be as low as if the purchaser were in market.

Very respectfully,

VAN SCHAACK, STEVENSON & REID.

SPECIAL NOTICE TO THE TRADE.

Our friends and customers will not be the losers by sending us their orders direct by mail; traveling salesmen from other Drug houses, offering to sell from OUR LIST, or duplicating from our prices current, do not always give you the BENEFIT OF ANY DECLINE IN THE MARKET, as we aim to do, regardless of the cost.

The injustice of using another's labor in this way is apparent to all, and our attention has been called to it by many of our business friends. We do not hesitate to send out a *priced* list, which we do to keep our friends advised in regard to the market.

We know those who have so long dealt with us must feel we are always ready, and the *first* to meet the market on *low figures*.

VACCINE VIRUS.

Owing to the increased and widely extending demand for

ANIMAL VACCINE VIRUS

Stables have been established for its propagation in the vicinity of Chicago, and we are now prepared to distribute it while in the best possible condition.

For immediate use, Points are the most reliable of all forms of stored virus. They are charged on both sides of the pointed end. Crusts are less reliable, but can be kept longer.

Vaccine Virus must be kept *cool* and *dry*. Envelop it in tin-foil or tissue paper, and bury it in pulverized burnt alum, or Plaster of Paris, and keep in a tightly corked bottle.

This virus is the product of heifer inoculations, from the celebrated *spontaneous case* of *Cow Pox* discovered at *Beaugency*, in *France*, in 1866, and has never passed through the human subject.

Scarify thus  in three places. The scratches should produce a very slight appearance of blood. Aim slightly to break up the cuticle. If blood flows, wait and wipe it off before applying the virus. The charged points should be slightly moistened by cold water from the point of the lancet, and immediately rubbed over and into the scratches. Time and patience are essential to success. One Point is sufficient for two insertions.

Crusts are to be dissolved into the consistency of pus, with cold water, and then spread abundantly over and worked into the scarified surface. Time must be given for the virus to be absorbed and the surface to dry, before the clothing is re-applied. No *plaster* or *dressing* must be used. In cases of young children, it is *always* best to have the arm *entirely freed from clothing* before commencing the operation. Or *moisten the crust well* and "POCKET" it in at least three places.

Points must be used within ten days after the package is received. A *total* failure in the results will entitle the party to a duplicate package without charge.

Cow Pox Virus is efficient, protective and safe, and is less liable to complications than humanized virus.

TILDEN'S FLUID EXTRACTS.

We have always in stock a full supply of these Celebrated Standard Fluid Extracts, representing, with few exceptions, for each fluid pint, sixteen troy ounces of the crude material; the exceptions being the compounds prepared according to the Pharmacopœia. Put up in 16 oz. bottles, each package labeled with directions and dose. We confidently recommend the goods as now prepared by Messrs. Tilden & Co., as *fluid extracts*, and not *mere tinctures*.

In ordering Fluid Extracts, be particular to specify Tilden's.

Straight, with white, pink, green or blue ground, and gold letters, shaded in color.

EXTRA HEAVY BALSAM OR OIL BOTTLES. 

These Bottles are preferable for oils to the ordinary ground stoppered article, in that, instead of the liquid running over the outside, it is caught in a cup, and returns through an aperture, into the bottle, preventing all waste, and keeping the bottle and the shelf clean.

## LETTERED MOULDS.

We have made arrangements for supplying Moulds for the insertion of names of our customers in their Flint Glassware, which is becoming very general in the larger towns. The price of the labeled ware is not increased, after the first expense of the plate and mould.

Parties sending out special preparations, will find the moulded ware very desirable. We get up monograms, designs, &c., when requested. We annex prices of moulds for a few styles of bottles. No order taken for less than one case, and a special discount made when six sizes moulds are ordered at once.

THE BEST AND LATEST STYLE OF  
FRENCH OR ITALIAN BRONZE DRAWER PULL, (seen in parts,)  
With Sliding Glass Label.

New, Chaste, Elegant and Improved Style. Is made of the best bronzed metal, finished in superior style, and can be had in light, dark or antique bronze, combining strength with elegance. The label being placed at a greater angle than in any other Pull, allows it to be read on the lowest drawers, while in a standing position, without the slightest difficulty. There being room enough to use all the fingers in pulling out the drawer, makes it much easier to handle in case the drawer sticks or is heavy.

The size given is that of the frame, exclusive of the Pull. We can also furnish a Paper Label, black letter on white ground. This being protected by a glass in front, forms an equally durable article, is very neat and attractive in appearance, and at the same time the price is very moderate. We recommend them to those to whom economy is an object.

The smallest size will suit our No. 1 Drawers, the medium size will be required for the No. 1½, and the large Pulls are for the large drawers of Wholesale Druggists.

Fig. 2.

Fig. 2 represents a new Pull with frame for a curved label.

The ends of the scroll underneath the frame project sufficiently to allow the fingers to be inserted to pull out the drawer. This has all the advantages of Fig. 1, and is preferred by many as being neater in form, while it has the advantage of great compactness. The extreme length is 4 inches, and the width 2 inches. It allows a label 3½ inches in length, giving ample space to allow the lettering to be distinct and legible. We have applied for a patent for this design.

Paper Labels can be furnished with either style of Pull at once. We will furnish for any of the Pulls, the Glass Label, either black letters on white or gold ground, gold shaded black letters on white ground, gold letters on any colored ground, and with or without gold border. Generally the more simple the label, the better the effect; when very ornate the letters must be small and less legible.

## THE NEW PATENT NURSERY

# Pocket Spirit Stove.

— THE —

**FRIEND**

OF THE

**SICK ROOM**

You can use any vessel for the top that will stand heat. None goes with the Stove.

The best selling article in the line yet brought before the public

The NEW STOVE, by the aid of a few drops of Alcohol, will

**Cook a Chop or Steak, Boil Water, Eggs, &c.**

2 Tablespoonfuls of Alcohol will burn for Half an Hour, and will Boil 1 Pint of Water in from 5 to 7 Minutes.

As a HEATING LAMP for the nursery, or other purposes, it is the best ever invented. No traveler should be without one.

Men who take their meals at the shop, will find this just the thing to get up a hot dinner with.

The inside of the stove being filled with the indestructible substance, *Asbestos*, (which absorbs the spirit), can neither explode, boil over, nor get out of order.

It can be folded up and put into a box that goes with it.

# DR. MOLESWORTH'S Vaginal Injecting <sup>and</sup> Suction Syringe

Is Indorsed and Recommended by more than Nine-Tenths of all the  
Physicians who have examined it.

The Vaginal Injecting and Suction Syringe is the ONLY instrument that will carry a cleansing or medicated wash to EVERY and ALL parts of the vagina and mouth of the womb.

This is the ONLY instrument that dilates and detaches from the walls, and removes by suction, without injury, all impurities or foreign matter that may be upon the walls and in the folds of the mucous membrane of the vagina, or within the mouth of the womb, if open.

This is the ONLY instrument with which you can make a thorough application to the mouth of the womb and upper part of the vagina, without INVERTING your patient—this instrument making a perfect application either in a standing, sitting, or horizontal position.

## DR. MOLESWORTH'S Intra-Uterine Injecting

— AND —

### VACUUM SYRINGE.

*Tube 10 Inches long.*

As the tube of the Intra-Uterine Injecting and Vacuum Syringe is a double Canula, the operator, by closing the mouth of the escape tube, can retain the fluid within the cavity as long as the pressure on the bulb is continued, when by removing the pressure from the bulb, a suction is caused, which will draw all the fluid

back into the bulb, or the escape pipe may be opened and allow it to escape through that, or that and the suction may both be used.

The tube being susceptible of different curvatures, this Syringe can be used as well and with equal facility for injecting the BLADDER and Urethra, both in the Male and Female, as for the uterine cavity.

As the bulb is readily detached from the tube, the bulb may be charged as often or as much fluid used as desired without removing the tube, or when a large quantity is desired, the ordinary Pump Syringe can be attached with ease.

For prices see page "Syringes."

## ACKNOWLEDGMENT.

---

We avail ourselves of this opportunity—which the confusion arising from the *great fire* rendered it impossible for us to do in many instances—to perform the pleasing duty of returning our *most sincere* thanks to those kind friends, both at home and abroad, who upon the first announcement of the destruction of our warehouse, tendered their sincere sympathy, many of them in a most substantial manner—the promptness of our customers in their remittances enabling us to meet all our obligations *100 cents on the dollar, and promptly at maturity.*

Truly yours,

*Van Schaack, Stevenson & Reid.*

Van S., S. & R.'s Headquarters after the Great Fire.

## EDITORIAL FROM

## SCHOOLEY'S CHICAGO DRUG REPORTER.

## THE OLD SALAMANDER

Has become "familiar as a household word" to the Drug Merchants of the Northwest. This title is most appropriately attached to the Wholesale Drug House of Messrs. VAN SCHAACK, STEVENSON & REID, who were the leading Drug House burned out in our memorable fire, and were the

## FIRST WHOLESALE DRUG HOUSE

RE-ESTABLISHED ON THEIR OLD SITE IN THE BURNT DISTRICT.

This is of itself no unmeaning evidence of pluck and enterprise, and when we consider the extent and elegance of their present stores, the credit due for the enterprise is greatly enhanced. Less than eight months after "the great fire," (having occupied the Wabash Avenue Baptist Church in the meantime) we find this firm fully re-established *on the old site*, with a larger stock and more commodious building than before.

We chanced to visit Messrs. Van S., S. & R.'s capacious warehouse a few days since, and our call was both pleasant and instructive. The building, *erected expressly for the business*, has all the conveniences that long experience can suggest—heated by steam, and handling goods by steam power. The stores, 92 & 94 Lake Street, corner of Dearborn Street, are of stone, fifty feet wide, and including the basement, occupy five floors admirably arranged, the two stores being thrown into one, supported by iron columns, and present, altogether, the most spacious and elegant appearance of any Drug Store we have seen in this country or Europe. No business seems to require a longer apprenticeship or more extensive information, than that absolutely essential to the *successful* Jobber of Medicines. The whole habitable globe seems to have paid tribute in making up the variety of this Drug Stock, including most of the medicinal combinations known to the Pharmacopœia.

Each department is under the supervision of practical heads, which no doubt largely accounts for the order and perfect working of all. We rejoiced to look over the *foreign* invoices, showing that Messrs. Van Schaack, Stevenson & Reid were fully alive to the benefits to be derived by Chicago Merchants importing goods direct in bond to this Port, and thus saving at least *two profits*, which they can divide with their customers. We saw their invoices from London, Paris, Messina, Germany, etc., for goods lately arrived and in transit.

Messrs. Van S., S. & R. have for a number of years issued a wondrously complete Druggist Illustrated Price Current, in book form, they being the originators of thus posting up the Drug Trade of the Northwest, and we are glad to hear through numbers of the trade throughout the country, that they consider the Book issued by Messrs. Van S., S. & R., *the most complete, the most easy of reference, the most fully illustrated, and the most reliable of any published.*

A peculiarity of the management of the business of this firm, is that they employ no *drummers* or "tourists," but rely upon close prices and first-class goods. We can easily see how advantageous this plan can be made to the Merchant, both buyer and seller, and surely in the case of Messrs. Van S., S. & R., it has been a great success for years, and we commend an investigation to all our Merchants of

"New Chicago, the glory of the Northwest."

The trade of Messrs. Van Schaack, Stevenson & Reid is immense, and a *growing* one. Handling goods only of the most unquestioned genuineness, has insured the confidence of the trade from Ohio to Nevada, and the pre-eminent success to which they have attained is attributable to the confidence of the trade that their goods are always as represented, and the natural result of inflexible integrity, energy, ability, and a thorough knowledge of their business.

# For the Convenience of Dealers

REQUIRING

## Show Colors for Window Globes,

Van Schaack, Stevenson & Reid

SUBMIT THE FOLLOWING :

### BLUE.

1.—Take of Sulphate of Copper, 1 ounce ; Solution of Ammonia, half pint ; Water, a gallon. Dissolve the Copper salt in a pint of water, filter, add the Ammonia, add afterwards the rest of the water. This Solution is of a beautiful dark shade. A Light Blue Solution is obtained as follows :

2.—Take of Sulphate of Copper, 8 ounces ; Water, a gallon ; dissolve and filter. The addition of a pint of Solution of Acetate of Ammonia renders it more decidedly blue, and similar to the next.

3.—Take of Carbonate of Copper, 6 ounces ; Nitric Acid, 12 fluid ounces ; Water, a gallon. Dissolve the Copper salt in the Acid, and add the water.

### GREEN.

1.—By mixing Solutions of *Tersulphate of Iron* and *Sulphate of Copper*, various shades of Green can be obtained.

2.—A beautiful Emerald Green is obtained by adding to a Solution of *Nitrate of Copper*, a little of a Solution of *Bichromate of Potassa* : (too much of the latter renders it brownish green.)

3.—A similar color of a much darker shade is made as follows :—Take of Sulphate of Copper, 10 drachms ; Bichromate of Potassa, 6 drachms ; Solution of Ammonia, half pint ; Water, a gallon. Dissolve the salts separately in half a pint of water, mix the filtered Solutions, add the Ammonia, and when the precipitate has been dissolved, add the water.

4.—Take of Carbonate of Copper, 8 ounces ; Muriatic Acid, 2 pints ; Water, a gallon. Dissolve the Copper salt in the Acid, and add the water. This Solution has a splendid light green color.

5.—Take of Sulphate of Nickel, 8 ounces ; Water, a gallon. Dissolve and filter. This Solution is scarcely superior to No. 4, and is more costly.

### PURPLE.

The cheapest and best is made by dissolving pure Crystallized Permanganate of Potassa in distilled Water, in the proportion of 1-4 to 1-2 grain to the fluid ounce. Avoid dust and all organic substances while preparing it.

### RED.

1.—Take of Bichromate of Potassa, 4 ounces ; Water, a gallon. Dissolve and filter. This Solution has a yellow tinge ; the following is more of a brownish red color :

2.—Take of Iodide of Potassium,  $\frac{1}{2}$  ounce ; Iodine, 2 drachms ; Water, a gallon. Dissolve the Iodide and Iodine in 1 ounce of water, then mix the Solution with the water.

3.—Take of Cochineal, 1 ounce ; diluted Sulphuric Acid, 1 drachm ; Water, a gallon. Powder the Cochineal, triturate it successively with the water in several portions, filter and add the Acid.

4.—Take of pure Carbonate of Cobalt, 8 ounces ; pure Muriatic Acid, 1 pint ; distilled Water, 1 pint. Mix the Acid with the water, dissolve it in the Cobalt, heat to boiling, and filter. This is of a very fine rose red color, and may be considerably diluted for large globes.

### YELLOW.

1.—Take of Bichromate of Potassa, 3 ounces ; Carbonate of Soda, 3 ounces ; Water, a gallon. Dissolve the Bichromate of Potassa in half a gallon, and the Soda in a pint of water ; pour the latter Solution slowly into the former, and when the evolution of Carbonic Acid ceases, add the rest of the water.

2.—Tincture of Chloride of Iron, 1 pint ; Water, 7 pints. Mix them.

3.—Solution of Tersulphate of Iron, 8 fluid ounces ; Water,  $7\frac{1}{2}$  pints. Mix them. This Solution has a brownish red tinge ; by the addition of a little Sulphuric Acid, the color becomes of a purer yellow. Too much Acid renders it pale and nearly colorless.

VAN SCHAACK, STEVENSON & REID.

For the convenience of our friends and customers intending to re-label their shop furniture with glass labels, we submit the following

DIRECTIONS FOR MAKING THE CEMENT :

*Take one-third Beeswax to two-thirds Rosin, heat in an iron kettle until it is well dissolved.*

DIRECTIONS FOR ATTACHING GLASS LABELS.

Melt the cement in an open pan, with a gentle heat, to the consistency of syrup ; pour it on the back of the label with a spoon, then apply the label to the bottle with a gentle pressure. The bottle must be kept in a horizontal position, and laid away in the same position for about three hours, in order to allow the cement ample time to harden. After the cement is hard, cut around edges of the label with a square-pointed putty knife, scraping off as much as possible with the knife, then clear off the residue with a cloth saturated in benzine or turpentine. Care must be taken not to bend the label out of its original shape ; the ends must not be forced down, but an equal pressure applied to all parts of the label. If the labels are bent out of their original shape, they will be liable to crack

when the cement gets hard. In order to ensure uniformity in putting on the label, a gauge must be made of wood, for each size of bottle, to measure from the bottom of the bottle to the bottom of the label. Parties ordering labels without bottles, must, in all cases, give circumference of a medium size for each side of the bottle to be labeled ; this can be done by putting a strip of paper around the parts of the bottle where the label is to be attached. The circumference of a medium bottle, of each size, will enable us to supply the labels of the proper bend.

Care should be taken to have the bottle dry and free from grease.

A piece of thin board, or wooden paddle, is the safest thing to use in putting on the Cement,

Van Schaack, Stevenson & Reid.

# THE ADVANTAGES OF THE Elastic Truss & Supporter

OVER ALL OTHERS IS, THAT

**IT CAN BE WORN NIGHT AS WELL AS DAY.**

It will retain the rupture **EASILY** even where no **METAL SPRING** will or **CAN POSSIBLY** do it. It will not **Chafe** or **Annoy** in the least. It is a **Complete Support** to the **Abdomen**, removing entirely the weight or pressure of the intestines upon the rupture. These instruments cause no pressure upon the spine, as nearly all **Metal Trusses** or **Supporters** do. Thus all danger, in wearing this **Truss**, of **Spinal Disease** or **Paralysis**, is avoided. It will effect

## **Radical Cures in Most Cases,**

If worn as directed. **Hernia** can be cured with as much ease and certainty as a broken limb, but it is as useless to attempt to cure **Rupture** with a **Truss** that cannot be worn **Night as well as Day**, or one that will not retain the **Hernia** completely and constantly, until adhesion is perfected, as it would be to cure a broken arm or leg, by stripping off the splints and bandages, and moving the broken parts every few hours; but as a broken bone will begin to knit or heal in about eight or nine days, if held securely together that length of time, so in most, we may say in nearly all, cases of **Rupture**, cures will be effected, if the pressure is retained constantly and invariably the same.

## **THE ELASTIC ABDOMINAL SUPPORTER,**

*In all cases of Prolapsus Uteri, Prolapsus Ani or Piles,*

Will be found to be a **COMPLETE REMEDY**, as it effectually sustains the whole weight or downward pressure of the Bowels upon the **Womb**, **Bladder**, **Rectum**, etc., thus **Curing** by removing the **Cause** of all **Abdominal Weakness**.

**CAUTION.**—Some unprincipled persons are endeavoring to take advantage of the popularity of the **Elastic Truss** to palm upon the public an inferior, and, in most cases, a worthless instrument under our name. No one should purchase an **Elastic Truss** except at our office, or of reputable druggists, physicians, or of

### EXPLANATION OF THE CUTS.

Fig. 1—*a*, sack of silk, linen or cotton net, which will not interrupt the action of the respiratory organs of the skin; *b*, an opening, with an elastic ring or band, *c*, which keeps the material of the sack closed around the penis and exterior portion of the testicles; *d*, an elastic band, which encircles the body and passes around the hips downwards towards the penis, as in Fig 3, is made either with or without buckles, as in Fig. 2, or permanently, as in Fig. 1; *g, g*, elastic straps, passing over the buttocks and attached to sack, *a*, beneath, which keeps the sack, *a*, in position, so as not to pinch the testes; and in whatever position the person may put himself, the sack will remain in place—the straps, only, yielding, and accommodating themselves to the movements.

# THE CELEBRATED

## PRATT'S ATOMIZING COLOGNE, (AND ATOMIZER.)

**T**HIS new and elegant perfume is now being placed before the public with a feeling of certainty by its manufacturers, that it will stand at the head of all Colognes ever before in the market, and that all who use it will accord in saying that it is a reliable article. It is made by an entirely new process, and from the finest imported materials, rendering it everything that is required,

**A FINE AND LASTING PERFUME,**  
and not expensive. This fact, in connection with the elaborate way in which it is put up, cannot but induce lovers of perfumery to at least try it.

In connection with the above inducement, the manufacturers have invented an **ATOMIZER**, so simple that they attach it to each bottle of their Cologne, making both complete in the 50 cent size. This Atomizer is acknowledged by all who have used or examined it, as **FAR** superior to any ever in use, being simple, compact and durable, and can be used wherever the old and expensive ones are, Everybody should have one of them, as they are a great saving in the use of Perfumes, and of great benefit in the sick room for spraying disinfectants. Remember, the small bottle put up in box with Atomizers, retails at 50 cents, and the Cologne separately, small bottle, 25 cents, large, \$1.00. Early orders will *secure* a package of scented sample cards. Wholesale prices: Small cologne, \$1.75 per doz.; *small cologne, with Atomizer with each bottle, \$3.75 per doz.*; large cologne, \$8.00 per doz.

DAVIS & KIDDER'S Magneto-Electric Machine.  
(See page 157.)

By turning the crank the armature is made to revolve rapidly on an axis of its extremities, passing close to the poles of the magnet, become charged with magnetism, which they lose as they leave the poles, and become charged with the opposite magnetism, as they approach the opposite poles at each half revolution. The electricity thus induced is powerful in proportion to the rapidity of the revolution, but is not directly available to give shocks, without a break piece, or spring, on the axis, which alternately breaks and completes the circuit of the coils, at which moments a very energetic reactive current is excited, which is amply sufficient for all medical purposes. The apparatus thus described, is precisely the same as used in *Davis & Kidder's Patent Magneto-Electric Machine*.

At each end of the machine are the conductors; at the farther corner of the box on the left is represented a sliding rod which controls the position of the straight armature, in relation to the poles of the magnet. By moving this on or off the poles, the strength of the shocks may be regulated.

a compact package.

# HUMAN OSTEOLOGY.

The cause of the difference in price of these preparations will be found to exist in the quality of the same, whether the bones contain in their extremity more or less grease, or none at all.

### *Abdominal Belts, Thigh Stockings, etc.*

#### Explanation of the Letters.

- H**—Centre of Thigh.  
**I**—Uppermost part of Thigh.  
**K**—Two inches below tips of Hips.  
**L**—Navel.  
**M**—Two inches above the Navel.

#### Directions for Measuring for Elastic Stockings.

Indicate the measure around the limb in inches, opposite the lines of the cut.

For Stocking to cover the entire limb, measure at I, H, G, F, E, D, C, B, A, also give length of limb from F to floor at B, and from F to I.

For Stocking to reach to H, measure at H, G, F, E, D, C, B, A, also from F to floor at B.

For Stocking to reach to E, measure at E, D, C, B, A.

For Anklet, measure at D, C, B, A.

For Knee Cap, measure at G, F, E.

Hypodermic Syringe, Pocket.

Physician's Vial Case, Morocco, 24 vials, 1½ dram.

Tooth Forcep, Stump curved.

Stethoscope, Flexible.

Cupping Apparatus,  
Scarificator.

A side view of the Female Pelvis, showing the application of DR. BABCOCK'S UTERINE SUPPORTER, holding the Prolapsed Uterus up in its place without interfering with any other organ, or producing any irritation or inconvenience in wearing.

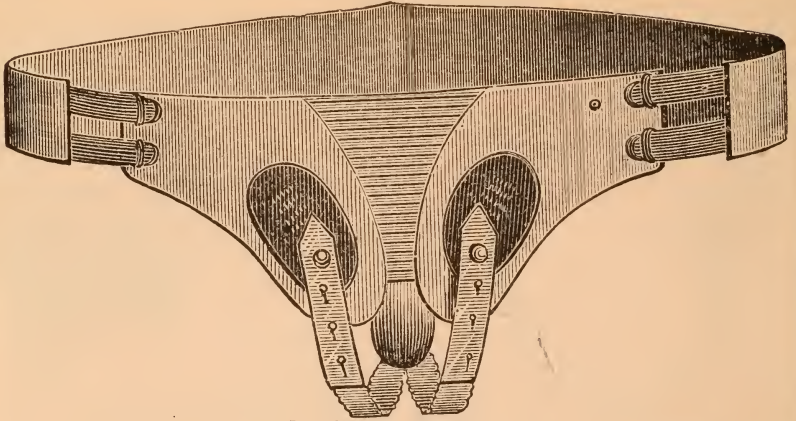

**DR. L. A. BABCOCK,**  
**INVENTOR, MANUFACTURER AND SOLE PROPRIETOR.**

Dr. L. A. Babcock's pure silver Uterine Supporter is the best instrument now in use for any displacement of the womb, because it is perfectly simple in its structure and made to fit the parts exactly. It has no straps or strings to hold it in its place, and does not have to be taken off every time there is a movement of the bowels, or micturition. It has no rubber to bend by the natural heat of the body, or to chafe and irritate the parts, producing leucorrhœal discharge and weakness.

**PRESCRIPTION BOXES**—For Pellets or Triturations. Round; with shoulder; lined with pure white paper; covers fitting tightly; easily carried in the pocket; very much cheaper than vials and corks for prescribing pellets and powders; equal number white and red colors in each package. Exact size given in the cut.

London Supporter.

THE OF  
 GREAT THE  
 SUCCESS (ΚΕΝΤΑΥΡΟΣ) DAY.

**CENTAUR LINIMENT**  
**WHITE WRAPPER,**

Will cure Rheumatism, Neuralgia, Bruises, Stiff Joints, Burns, without a scar, Swellings, Gout, Poisonous Bites and Stings, Salt Rheum, Caked Breasts, Sore Nipples, &c., and all flesh, bone and muscle ailments.

**CENTAUR LINIMENT--YELLOW WRAPPER,**

Will cure Spavin, Ring-bone, Wind-Galls, Scratches, Sweeny, Sprains, ordinary cases of Big Head, Poll Evil and Spring Halt, Harness-Galls, Screw Worms in Sheep, and all skin, flesh, bone or muscle ailments upon animals.

From the fact that some of the ingredients of this Liniment are equally adapted to the animal and human frame, it has been called after the Centaurs of old, who were half horse and half man.

The marvelous effects of Centaur Liniment have produced the natural consequences attending the introduction of a certain, sure and safe remedy. Wherever it has been tried, it becomes a matter of neighborhood conversation, and orders are pouring in for it perfectly surprising to us. No article ever acquired such a rapid endorsement and extensive use. Sells for 50 cents and one dollar per bottle.

**CHILDREN CRY**—for PITCHER'S CASTORIA. It regulates the stomach, cures wind colic, and causes natural sleep. It is a substitute for Castor Oil. Pleasant to take as honey. Retail at 35 cts. a bottle.

# CUTLER'S POCKET INHALER

And Carbolate of Iodine Inhalant.

## *A MOST WONDERFUL REMEDY*

For all Nasal, Throat and Lung Diseases. Its curative properties have proved superior to anything hitherto used or known, affording relief in some cases in a few minutes.

## IT WILL CURE CATARRH.

It has cured Catarrh, where all other remedies have failed. It is in fact the only real Catarrh remedy. Bronchitis yields to it, and Consumption, if taken in any kind of season. The character of the disease, upon using the Inhaler, is rapidly changed for the better.

In Asthma it has no equal. Every case is either cured or benefited.

Coughs, Sore Throat, Hoarseness, and Loss of Voice, are relieved at once. It is used by Nilsson, Kellogg, and Eustaphie, and by hundreds of Clergymen and Public Speakers. It will correct the most offensive breath, rendering it as sweet as an infant's.

## IT IS A PREVENTIVE OF DISEASE,

And with this Inhaler, one may bid defiance to the whole catalogue of infectious diseases, plagues and miasms. The Inhaler can be carried about the person as handily as a pencil case, and used with the same facility as a cigarette or a smelling bottle. All physicians approve it. Sells readily. ## MAGUIRE'S BENNE PLANT THIRTY YEARS' REMEDY.

Diarrhœa, Dysentery, Cholera Morbus, Summer Complaint, Flux, Children Teething, and the Great Preventive of Asiatic Cholera.

This extraordinary medicine, the fame of which is spread broadcast throughout the country, is undoubtedly superior to any remedy ever offered to the public for the complaints for which it is intended. We have in our possession testimonials furnished voluntarily by: Col. Long, late Chief Topographical Engineer Bureau at Washington; Gen. Fitz Henry Warren; Gen. Pleasanton, and others of the army; Father P. J. DeSmet, the celebrated Indian missionary; also officers of the navy, surgeons, hospital stewards, commanders of nearly every steamer plying on the Mississippi and tributary rivers, Western Sanitary and Christian Commissions, army chaplains, and others too numerous to mention. Likewise highest encomiums of the press, praising its valuable medicinal qualities in the highest terms. No other medicine has such recommendations. We can refer to His Excellency, B. Gratz Brown, Governor of Missouri; Hon. Frank P. Blair, Jr., U. S. Senator, and Hon. Joseph Brown, Mayor of the City of St. Louis, and many other State officials, for whose names there is no space in this advertisement. Sold by druggists and medicine dealers everywhere.

SOUR-MASH, FIRE-COPPER,  
**BOURBON AND PURE RYE WHISKIES.**

**W. A. GAINES & CO.,**

PROPRIETORS AND DISTILLERS. OFFICE, FRANKFORT, KY.

We distil our WHISKIES in the SOUR-MASH, FIRE-COPPER way only, under our direct personal supervision, from the finest selected Corn, Rye and Barley-Malt, using only that grown in our own, the celebrated BLUE-GRASS region of KENTUCKY. We have a never-failing supply of clear and delicious water, varying but little in temperature, and of the most desirable chemical analysis. We ferment WITHOUT the aid of CHEMICAL or FORCING-YEAST, or ANY YEAST WHATSOEVER, but use a portion of the spent-beer of the previous distillation as leaven. By this slow and natural process, only the richest starch contained in the grain is converted first into sugar, and thence into spirit. We both mash and distil WITHOUT the use of LIVE STEAM, singling in COPPER, and DOUBLING SLOWLY by the means of WOOD FIRES PLACED DIRECTLY UNDER OUR SMALL COPPER DOUBLERS.

This our process of fermenting and distilling, is the SLOWEST, and by far the MOST EXPENSIVE, requiring more time, labor, and constant watchfulness, and the yield of spirit to the bushel of grain is much smaller than when chemical yeast and live steam are used.

Uniting both scientific and practical knowledge with long experience and incessant care, sparing no expense to produce the finest goods, we have obtained for our Whiskies an enviable reputation, particularly with those who deal only in fine goods, and whose customers demand a STRICTLY PURE, RICH, FULL-FLAVORED, NUTRITIOUS and BENEFICIAL STIMULANT.

To guard our patrons and others against the numerous imitations of our Old Crow and Hermitage Whiskies, we give above our patented trade marks, which are burnt on the head of every barrel, without which none is genuine.

**No. 1. PLAIN COSMOLINE. The most efficacious virtue from Petroleo. PETROLEO VIRTUS VALIDISSIMA.**

The attention of the Medical Profession is called to this valuable remedial agent. Cosmoline is highly purified, refined, and concentrated Petroleum, prepared without the use of ACIDS or ALKALIES. It has an absolute non-affinity for oxygen, or moisture; a perfectly bland, soothing, oleaginous substance, applicable to the most sensitive condition, even to the eye, without the slightest irritation; and yet so homogeneous and dense as to exclude atmospheric action, and all other malific influences. Cosmoline is one of the three greatest discoveries of modern times. We have had PAINLESS OPERATION, BLOODLESS AMPUTATION, and now have A PERFECT APPLICATION.

When used as a Surgical Dressing, and the bandages adhere to the wound, the subsequent applications may be made upon the exterior of the last fold, which it will penetrate at once, thus avoiding the danger of re-opening the wound.

For Burns and Scalds, it is INVALUABLE. It allays the acute inflammation almost immediately, and thoroughly protects the injured parts from the action of the atmosphere. If used promptly and ALONE, the wounds heal rapidly, even in severe cases, without any sloughing, and usually without leaving any scars.

For cuts, lacerated surfaces, all kinds of inflammation, poisoning, and skin diseases generally; for piles, and diseases of the rectum, uterus and urethra, by injection. Hundreds of uses for it are suggested to the physician who knows its positive virtue. It is incapable of decomposition, fermentation, or becoming rancid on any sore in any climate or temperature.

Cosmoline Cerate combines readily with Sulphur, Iodine, Bromine, etc.; with Camphor, Gums and Resins, etc. It does not combine with Proof Spirits, Ammonia, or Caustic Alkalies. Coming from the same primitive source as CARBOLIC ACID, it has a peculiar affinity for that valuable remedy, and forms a SUPERIOR vehicle for it; on account of its simple and positive character it is vastly superior to Olive Oil, Lard, etc., as a menstruum for other external applications.

For general purposes, we prepare it of the consistency of Jelly, which is fluid at 85° Fahrenheit. For special purposes, (Injections, etc.,) we furnish it fluid at 32° Fahrenheit. Its non-affinity for oxygen or moisture, renders it a perfect protection against rust when applied to Surgical Instruments.

**9. COSMOLINE—Substitute for Lard.**

Attention is called particularly to this form of Cosmoline as a base for Cerates and Ointments, supplying a long felt want. It is a perfectly pure menstruum, free from every therapeutical objection, and possesses positive medical virtue; besides, IT WILL NEVER BECOME RANCID in any temperature or climate, being incapable of decomposition, remains firm at 105° F., and will not become fluid under 130° F., and is easily manipulated.

Goulard's Cerate, Oxide of Zinc, Red Precipitate, and similar Ointments, may be kept in a perfect condition for years IN ANY CLIMATE.

## Liebig's Meat Extract,

— MANUFACTURED BY THE —

# San Antonio Meat Extract Factory

### *SAN ANTONIO, TEXAS.*

Received the Medal of Merit at the Vienna Exposition, 1873. Also the GRAND SILVER MEDAL at the American Institute Fair, 1874.

Proven by analysis to be the best preparation in the market.

SCHOOL OF MINES, COLUMBIA COLLEGE, NEW YORK, Feb. 4, 1874.

I would further say that the results of the analyses are in favor of the SAN ANTONIO MEAT EXTRACT FACTORY'S product in almost every particular.

Very respectfully yours, C. F. CHANDLER, Ph. D.,  
Professor of Analytical and Applied Chemistry.

I have made several analyses of Meat Extracts for the purpose of comparing them with the San Antonio Meat Extract. In all the particulars that Liebig has pointed out as forming a good Meat Extract, the San Antonio excels all others.

SAM. R. PERCY, M.D., Prof. Materia Medica,

NEW YORK, November, 1874. 47 West 38th St., N. Y. M. C.

The SAN ANTONIO MEAT EXTRACT answers perfectly all demands made on good Meat Extract in regard to taste and flavor.

WIESBADEN, GERMANY.

DR. R. FRESENIUS.

The analyzed Extract is to be considered at least equal to the Fray-Bentos Extract. Besides this, it dissolves clear in water, is free from unpleasant taste, contains no fat or glueish substance, and is therefore not more subject to "souring" than the Fray-Bentos Extract. A. OBERDORFFER, Analytical Chemist.

HAMBURG, GERMANY.

The analyzed Extract equals in its component parts Liebig's Company Meat Extract (Fray-Bentos Extract). As advantages of the broths prepared from the San Antonio Extracts may be mentioned the milder taste and the more agreeable roast-like flavor, and also that the analyzed Extract is much cheaper.

VIENNA, AUSTRIA.

DR. J. H. POHL, Imperial Professor.

Testimonial of Prof. Dr. WILLARD PARKER :

I have examined the SAN ANTONIO MEAT EXTRACT, an analysis of which has been made by Prof. C. F. CHANDLER, of Columbia College, and for which Mr. R. DANNHEIM is General Agent. I regard it useful as a tonic and as an article of diet in Health and Sickness when properly prepared. I permitted a Jar of the Extract to remain exposed to the air at a temperature of 70° F. No decomposition took place, nor change in the agreeableness of its flavors.

## CATHARTIC PILLS

**For all the purposes of a Laxative Medicine.**

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative PILL. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel nor any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these PILLS rapidly cure:—

For **Dyspepsia** or **Indigestion**, **Listlessness**, **Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action. For **Liver Complaint** and its various symptoms, **Bilious Headache**, **Sick Headache**, **Jaundice** or **Green Sickness**, **Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it. For **Dysentery** or **Diarrhœa**, but one mild dose is generally required. For **Rheumatism**, **Gout**, **Gravel**, **Palpitation of the Heart**, **Pain in the Side**, **Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear. For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge. For **Suppression** a large dose should be taken, as it produces the desired effect by sympathy. As a **DINNER PILL**, take one or two PILLS to promote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these PILLS makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. As a **DINNER PILL**, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a dinner pill is employed.

# NOTICE TO THE RETAILER.

The FRAZER AXLE GREASE is now recognized as the Standard Axle Grease of the United States; is sold in every State and County in the Union, and is to-day without a rival. So universally is this fact recognized that numerous imitations have been made, all claiming to be as good as the FRAZER, thus virtually admitting its superiority; some imitators even using the name to palm off a spu-

rious article—yet as every package bears our Trade Mark, dealers and consumers will be able to distinguish the genuine from the imitation, and thus protect themselves against the intended fraud.

THE FRAZER GREASE is the highest price of any in the market; and yet to the consumer it is by far the cheapest, the wonder and admiration of all who use it; will cure Corns and Old Sores on men and horses; with it the Indians smear their bodies to keep off the Mosquitoes; while the black man of the plantation greases his mules to protect them from the gnats and flies. THE FRAZER GREASE will not melt when exposed to the intense heat of a summer sun, hence, unlike the Petroleum and imitation greases, remains in the boxes in perfect condition until sold.

PATENTED

JAN. 24, 1860.

## UTERINE ELEVATOR, OR STEM PESSARY, IMPROVED.

The Instrument is made of a preparation of Caoutchouc, or India Rubber (not the common), that has no lead in it, and does not irritate at all the soft parts with which it comes in contact. There are THREE sizes of the Instrument—in nineteen cases out of twenty the middle size is the one wanted.

*The subjoined is the deliberate voice of the Medical Profession of Providence, R. I., in favor of this Instrument:*

The undersigned, having examined the UTERINE ELEVATOR, invented by JOHN A. WADSWORTH, M.D., of this city, freely certify that we believe it eminently adapted to the purpose intended, and superior to any other means within our knowledge for the reduction and cure of Prolapsus Uteri (Falling of the Womb).

**SEVEN SEALS OR GOLDEN WONDER.**

For Internal and External Use.

We challenge the world to produce a remedy which will produce by actual test a more speedy, certain and effectual cure for all Pains, of whatever form, external or internal, acute or chronic, deep-seated or otherwise, than **SEVEN SEALS OR GOLDEN WONDER**. It will effect a speedy cure in all cases of Headache, Neuralgia, Toothache, Sprains, Cholera Morbus, Diarrhœa, etc., and especially Rheumatism. It cures Pain almost instantly, and this is the grand secret of its success, for in hundreds of cases where this preparation has been used it has saved life, after science and skill have been completely baffled, all hope abandoned, and the patient's life despaired of. Try a bottle. If it does not cure you we will return you your money.

# Dr. C. McLane's Celebrated Liver Pills

FOR THE CURE OF

Hepatitis, or Liver Complaint, Dyspepsia and Sick Headache.

Dr. C. McLANE'S LIVER PILLS are not held forth or recommended (like most of the popular medicines of the day,) as universal cure-alls, but simply for LIVER COMPLAINTS, and those symptoms connected with a deranged state of that organ.

## DISEASES OF THE LIVER.

The Liver is much more frequently the seat of disease than is generally supposed. The function it is designed to perform, and on the regular execution of which depends not only the general health of the body but the powers of the Stomach, Bowels, Brain, and the whole nervous system, shows its vast and vital importance to human health. When the Liver is seriously diseased, it in fact not only deranges the vital functions of the body, but exercises a powerful influence over the mind and its operations, which cannot easily be described. It has so close a connection with other diseases, and manifests itself by so great a variety of symptoms of a most doubtful character, that it misleads more physicians, even of great eminence, than any other vital organ. The intimate connection which exists between the liver and the brain, and the great dominion which I am persuaded it exercises over the passions of mankind, convince me that many unfortunate beings have committed acts of deep and criminal atrocity, or become what fools term hypochondriacs, from the simple fact of a diseased state of the liver. I have long been convinced that more than one-half of the complaints which occur in this country are to be considered as having their seat in a diseased state of the liver. I will enumerate some of them: Indigestion, Stoppage of the Menses, Deranged state of the Bowels, Irritable and Vindictive Feelings and Passions, from trifling and inadequate causes, of which we afterwards feel ashamed; last, though not least, more than three-fourths of the diseases enumerated under the head of Consumption, have their seat in a diseased liver. This, truly, is a frightful catalogue.

## AGUE AND FEVER.

Dr. C. McLANE'S LIVER PILLS, in case of Ague and Fever, when taken with quinine, are productive of the most happy results. No better cathartic can be used preparatory to or after taking quinine. We would advise all who are afflicted with this disease, to give them a fair trial.

Beware of Counterfeits and all articles purporting to be Dr. C. McLane's.

Purchasers will please pay attention to the following marks of genuineness:

1st.—The external wrapper is a fine steel engraving, with the signature of C. McLANE and FLEMING BROS. 2d.—The directions are printed on fine paper, with a water mark as follows: "Dr. C. McLane's Celebrated Vermifuge & Liver Pills, Fleming Bros., Proprietors." This water mark can be seen by holding the paper to the light. The Liver Pills have the name stamped on the middle of the box in red wax.

Dr. C. McLANE'S

## AMERICAN WORM SPECIFIC, OR VERMIFUGE.

No diseases to which the human body is liable, are better entitled to the attention of the philanthropist, than those consequent on the irritation produced by worms in the stomach and bowels. When the sufferer is an adult, the cause is very frequently overlooked, and consequently the proper remedy is not applied. But when the patient is an infant, if the disease is not entirely neglected, it is too frequently ascribed, in whole or in part, to some other cause.

Dr. C. McLane's Vermifuge may be depended on to effect a cure.

We pledge ourselves to the public, that DR. C. McLANE'S VERMIFUGE DOES NOT CONTAIN MERCURY IN ANY FORM, and that it is an innocent preparation, and not capable of doing the slightest injury to the most tender infant.

## Brown's Bronchial Troches

Having a direct influence on the parts, give immediate relief. For Bronchitis, Asthma, Catarrh, Consumptive and Throat Diseases, Troches have a soothing effect.

### SINGERS AND PUBLIC SPEAKERS

Will find Troches useful in clearing the voice when taken before Singing or Speaking, and relieving the throat after an unusual exertion of the vocal organs. Being an article of true merit, and having *proved* their efficacy by a test of many years, each year finds them in new localities in various parts of the world, and the TROCHES are universally pronounced better than other articles.

"Troches," so called, sold by the ounce, are a poor imitation and nothing like BROWN'S BRONCHIAL TROCHES, which are sold only in boxes with facsimile of the proprietors on outside wrapper of box, and private government stamp attached to each box.

This care in putting up the Troches, is important as a security to the purchaser, in order to be sure of obtaining the genuine BROWN'S BRONCHIAL TROCHES.

Owing to the good reputation, extensive use and popularity of the TROCHES, many worthless and cheap imitations are offered in boxes, *which are good for nothing*. Ask for and OBTAIN the *true* BRONCHIAL TROCHES, which, by long experience, have proved their value, having received the sanction of physicians generally, and testimonials from eminent men throughout the country. Do not be deceived by those who make a larger profit by selling worthless imitations. We would caution dealers in selling the various imitations offered by unprincipled manufacturers, as sellers of an article violating our trade-mark are as liable to prosecution as makers.

The title "*Bronchial Troches*" is our trade-mark. Entered according to Act of Congress, in the year 1856, by John I. Brown & Son, in the Clerk's Office of the District Court of the District of Massachusetts.

BROWN'S BRONCHIAL TROCHES are sold generally throughout the United States, Great Britain and British Provinces, and in many of the large cities of France. The Trade supplied by

Rolfe & Donaldson's

# PATENT VAPORIZING INHALER

*A Valuable Remedy for*

## C A T A R R H .

I'm off for one of them now.      You should use Rolfe & Donaldson's Inhaler.

### DIRECTIONS.

1st. Fill the bulb in the tube reaching to the bottom of the bottle one-half full of hydrochloric (muriatic) acid, great care being taken not to spill any of it on the outside of the tube, or in the inside of the bottle.

2d. Fill the bottle about one-third full of water, and in this put the medicine prescribed for the disease, and also into the same drop about five or six drops of aqua-ammonia, then it is ready for use. Great care must be taken not to blow through the mouth-tubes, or spill any of the acid into the alkali (the mixture in the bottle), as it would entirely stop the chemical action, and would not produce any vapor.

It is intended mostly for Lung, Throat and Catarrhal diseases, and is sure, in nearly every case, to cure.

Anything can be used in the Inhaler that yourself or any physician would prescribe, it being the best way of having the medicine reach the diseased parts.

THE  
**CONGRESS AND EMPIRE SPRING WATERS**  
**OF SARATOGA,**

Are the best of all the Saratoga Waters for the use of persons of Constipated Habit.

They act promptly and pleasantly, without producing debility, and their effect is not weakened by continued use, as is the case with ordinary cathartics. At the same time they are not *too* cathartic—a *fault with some of our more drastic mineral waters*—but sufficiently so for daily healthful use, and not strong enough to produce reaction.

As an alternative, these waters, by continued use, keep the blood in a very pure and healthful condition, producing a *clear, florid complexion*.

We can refer to hundreds of well known citizens, who have habitually drank these waters for long periods of years, for a verification of these statements.

CONGRESS SPRING.

## THE COLUMBIAN SPRING WATER

Is universally acknowledged to be the best *Chalybeate Water known*. Where the blood requires *iron* this water supplies it, in the best possible form for use. The assimilation is perfect.—A *grain of Iron* in this water is, in the opinion of a celebrated physician, “*more potent than twenty grains exhibited according to the Pharmacopœia.*”

50 Norfolk Square,  
HYDE PARK, LONDON, April 8th, 1874. }

MR. HIMROD:

I cannot speak in terms sufficiently strong to convey my thankfulness for your wonderful remedy. I have suffered with Asthma since I was ten years old. I have tried all kinds of *so-called* remedies, but utterly without success until I became acquainted with yours. If taken early enough it enables me to stop an attack at once, and under all circumstances affords me such marvelous relief that I would not be without it on any consideration whatever. I know many Asthmatics who would be thankful for such a cure, and in their interest I entreat you to have an English agent. I have often wished to tell you the boon this cure has proved to me. Whereas I nearly died of Asthma on my sea voyage from Liverpool to New York, the use of your inhaling powder gave me comparatively an easy voyage home. Those who know the misery of Asthma will understand my saying, that had America yielded me no other pleasure, my visit there would have been rich in blessing, thanks to your invention.

Yours cordially, EMILY FAITHFULL.

# TWEED'S PATENT MEDICINE DROPPER.

Patented Dec. 20th, 1870.

With this simple appliance any one (man, woman or child,) can, in a moment, measure any number of drops of any kind of medicine, and at the same time know they are giving just the quantity their Physician has prescribed, according to the graduated rules of Pharmacy, the importance of which cannot be overestimated, when it is considered that in a small dose, one drop, more or less, may almost be a question of life or death. The stoppers are made of a size, and in such a manner that they will fit almost any bottle in which Druggists put medicine that is to be taken in doses of drops.

1840. The Old Reliable Family Medicine. 1875.

FOR THIRTY-FIVE YEARS

## Perry Davis' Pain Killer

Has been tested in every variety of climate, and almost every nation known to Americans. It is the almost constant companion and inestimable friend of the missionary and traveler, on sea and land, and no one should travel on our LAKES OR RIVERS WITHOUT IT.

Pain Killer was the first and is the only Permanent Pain Reliever. Its merits are unsurpassed. If you are suffering from INTERNAL PAIN, twenty or thirty drops, in water, will almost instantly cure you. There is nothing equal to it. In a few moments it cures Colic, Cramps, Spasms, Heartburn, Diarrhœa, Dysentery, Flux, Wind in the Bowels, Sour Stomach, Dyspepsia, and Sick Headache. In sections of the country where FEVER and AGUE prevail, there is no remedy held in greater esteem. Be sure you call for and get the genuine PAIN KILLER, as many worthless nostrums are attempted to be sold on the great reputation of this valuable medicine. Directions accompany each bottle.

Price, 25 cents, 50 cents, and One Dollar per Bottle.

**J. N. HARRIS & CO., Cincinnati, Ohio,**

Sold by all Medicine Dealers, and at Publishers' Drug House.

A CHALLENGE is extended to the world to place before the public a better Cough or Lung Remedy than

## ALLEN'S LUNG BALSAM

Read what well-known Druggists say about ALLEN'S LUNG BALSAM.

SPRINGFIELD, TENN.

GENTLEMEN—Please ship us six dozen Allen's Lung Balsam. We have not a bottle in the store. It has more reputation than any cough medicine we have ever sold. Have been in the drug business 27 years. We mean just what we say. Very truly yours,  
HART & TANNER.

Drs. Wilson & Ward, physicians and druggists, write from Centreville, Tenn. : "We purchased Allen's Lung Balsam, and it sells rapidly. We are practicing physicians, as well as druggists, and take pleasure in recommending a great remedy, such as we know this to be."

Dr. Lloyd of Ohio, surgeon in the army during the war, from exposure contracted consumption. He says: "I have no hesitancy in stating that it was by the use of your Lung Balsam that I am now alive and enjoying good health."

Dr. Fletcher of Missouri says: "I recommend your Balsam in preference to any other medicine for coughs, and it gives satisfaction."

Physicians do not recommend a medicine which has no merit. What they say about ALLEN'S LUNG BALSAM can be taken as a fact. Let all afflicted test it at once, and be convinced of its real merits.

ALLEN'S LUNG BALSAM is the remedy to cure all lung and throat difficulties. It should be thoroughly tested before using any other Balsam. It will cure when all others fail.

It is harmless to the most delicate child. It contains no opium in any form.

Call for Allen's Lung Balsam.

**J. N. HARRIS & CO., Proprietors, Cincinnati, O.**

For sale by all medicine dealers. The GREAT MERITS and LOW PRICE of the Lung Balsam is a recommendation to all dealers to keep it in stock.

# Waukesha Water

## MINERAL ROCK SPRING,

Cures Dropsy, Dyspepsia, Diabetes, Constipation, Gravel, Jaundice, Bright's Disease, Female Weakness, and all diseases of the Liver, Kidneys and Urinary Organs, both Male and Female.

Price, bbls., \$12.00, half bbls., \$7.00, including package; demijohns, jugs, and cans, 50 cents per gallon, package extra. MONEY MUST ACCOMPANY THE ORDER.

For orders for the Water, or pamphlets giving description of the Water, and the diseases that it will cure, address VAN SCHAACK, STEVENSON & REID, Wholesale Agents, Chicago, Ill., or C. C. OLIN & CO., Waukesha, Wis.

The following testimonials speak for themselves.

LETTER from Judge Hiram Barber:

HORICON, WIS., July 7, 1874.

MR. C. C. OLIN, Waukesha, Wis.—Dear Sir:—Inclosed please find \$1.25 for five gallons of Mineral Rock Spring Water—can sent to-day by express.

I am much pleased with the results from the use of your Spring water. I have used for the last two years other waters, but have never received from the use of others as decided results as from the use of that you sent me. It may be owing to other causes operating at the same time, which have aided in the favorable results from the use of yours; still I am not aware of any, as my habits have been the same, making use of no drugs or other medical treatment.

H. BARBER.

CHICAGO, Oct. 5, 1874.

C. C. OLIN & Co.—Gents:—I commenced the use of Waukesha Mineral Rock Spring Water some two or three months since with little expectation that it would benefit me, but since I received the first can I have been steadily gaining in health. My habits are sedentary; I am closely confined to my office which deprives me of outdoor exercise, and for the past two years I have suffered from indigestion and dyspepsia, and have twice had inflammation of the kidneys. I have taken a great deal of medicine, but have received no permanent benefit; but since using your Waukesha Mineral Rock Spring Water I have been much better, and have great confidence in its curative powers, and shall be more particular in its use in the future, believing that I shall receive a permanent cure. I am satisfied that no medicine will reach the kidney difficulty, and it is certainly a great blessing to mankind that such pure and wholesome water should be discovered for the healing of the nation, if they will but drink. Too much value cannot be put upon such water, and there are tens of thousands in our land that would be benefited and their lives lengthened out for years, if they only knew of the healing qualities of this invaluable water.

Respectfully yours,

E. A. LESSEY.

WAUKESHA, WIS., May 23, 1874.

C. C. OLIN & Co.—Gents:—I came to Waukesha about two months since, very much out of health. I had no appetite; could not sleep; bowels very much constipated—so much so that no medicine would affect me in the least. All the food that I took i. to my stomach would not digest for hours, and I began to think that I must die.

But as I live near your spring I thought I would try the water. I must say it has had a wonderful effect upon my system. In these two months Mineral Rock Spring Water has regulated my bowels, given me a good appetite, the flow of urine has become natural, digestives entirely cured, and I am now so well that I can do a good hard day's work without fatigue, and I consider myself a cured man. I would recommend to all that have been afflicted as I have, to try the Waukesha Mineral Rock Spring Water and recommend it to their neighbors.

Respectfully yours,

GEORGE GRULL.

**RENEWER**

This standard remedy for all diseases of the hair and scalp is now so well known the world over, that it seems scarcely necessary to do more than announce that it is in the market; yet, lest there may be some who but partially understand its wonderful restorative powers, we will specify a few of the ills it alleviates.

GRAY HAIR, PRODUCED FROM WHATEVER CAUSE, IS ALWAYS RESTORED TO ITS ORIGINAL COLOR BY A FAITHFUL USE OF THE RENEWER ACCORDING TO DIRECTIONS. It *never fails*; and although it restores color to the hair, it may be freely applied with the hands without fear of the slightest stain to the skin.

It removes all Eruptions and Dandruff; and in cases of ITCHING OF THE SCALP it relieves immediately, giving a cooling, soothing sensation of great comfort.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.

As a dressing, nothing has been found so effectual, or desirable.

It is also the most economical *Hair Dressing* ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says: "The constituents are pure, and carefully selected for excellent quality; and I consider it the *best preparation* for its intended purposes."

Dr. Bell's Balsam of Alpine Moss for Consumption ought to find its way to every well appointed apothecary's establishment, and to the sick room of every CONSUMPTIVE patient, for it has been a blessing to thousands.

In cases of Consumption there is nothing that we know of superior to the justly celebrated Balsam of Alpine Moss. We cordially recommend it to our readers.

**Dr. Bell's Prescription for Consumption—Balsam of Alpine Moss.**

It is prompt, it is reliable, it is safe, it is salutary; it never fails to benefit, in all diseases of the Lungs. It is the secret of my great success in treating CONSUMPTION for the last forty years. Try it.

CHICAGO, July 1st, 1870.  
 Dr. Bell—Sir: Within eight months your Balsam of Alpine Moss raised me from a confirmed and settled *Consumption* to strength, flesh and health, returning me to my business. I confidently recommend it to all, believing it to have no equal for diseases of the lungs.  
 T. GILBERT, No. 345 South Halsted St.

BUTTE DES MORTS, Wis., July 12th, 1870.  
 DR. BELL—Sir: Your Balsam of Alpine Moss is declared superior and more efficacious than any other remedy. It knocks a cough quicker than any other medicine. I consider it the best remedy I ever had on my shelves. It gives perfect satisfaction.  
 P. C. PETERSON, Druggist.

PRINCETON, Iowa, July 7th, 1870.

No. 224 William Street, New York.

Our Improved French Capsules

Are of similar size as the Imported French, such as Mathey Caylus, Raquin, and others; put up in like manner (in vials containing 72 Capsules each); and, owing to their being one-half the size of our ordinary GELATINE CAPSULE, to many more acceptable. They are the **BEST** Capsules made, in every way reliable, and the **MOST CONVENIENT**, safe, and agreeable mode of taking NAUSEOUS MEDICINES,

WITHOUT TASTE OR SMELL.

EMPTY CAPSULES. 5 SIZES.

No. 0, large. No. 1, medium large. No. 2, medium.
No. 3, small. No. 4, smallest.

These Capsules are most perfectly made, especially adapted and recommended for the easy administration of concentrated or nauseous solid medical substances, as Powders and Pills. By their use, the patient has neither taste nor smell of any medicine prescribed, whether unpleasant to the palate, or injurious to the teeth; nor is the action of the medicine in the least impaired by its inclosure in Capsules. Their shape being oblong, they are easily taken with a draught of water, and most readily soluble. They are not only the **BEST**, but also the **CHEAPEST** Empty Capsules in the market. Put up in boxes of *100 Each*. Sample box, with assorted sizes, sent on application.

Physicians and Druggists, in ordering Capsules, should always call for "PLANTEN'S," and thus obtain the best and most reliable.

HOSTETTER'S STOMACH BITTERS

A SOVEREIGN HEALTH PRESERVATIVE,
— AND AN —
Invaluable Remedy for Sickness and Debility

HHE PREVENTIVE resources of Medicine are, unfortunately, too seldom invoked. It is generally when the symptoms of a disorder are fully developed that a remedy is resorted to, and many a malady that might have been avoided by timely medication, is allowed to gain such headway through neglect, that it becomes quite or nearly impossible to check it. The antecedents of sickness are physical weakness and organic irregularity. Remove these, and the far more serious evils to which they give rise are surely prevented. To do this thoroughly and with a degree of promptitude most essential to a debilitated system hourly menaced by disease, a combined Tonic and Alterative is required, which will simultaneously and speedily reinforce the flagging energies of the body, and restore uniform and harmonious action to its internal mechanism. This double result is ensured when **Hostetter's Stomach Bitters** is the agent employed to effect it. That incomparable **Vitalizer and Corrective** quickly repairs the waste that has been going on in the system in consequence of imperfect digestion and assimilation, and puts a stop to the drain of strength by re-establishing good order among the organs which supply nourishment to the body, as well as those which carry off its refuse matter.

For all disorders of the liver, stomach and bowels; for indigestion, dyspepsia, costiveness, diarrhœa, intermittent, remittent, and other malarial fevers, the **Bitters** are an absolute specific, affording speedy and unfailing relief, and if persisted in, effecting a permanent cure.

That they are the best and most popular protective and remedy which can be used in regions where *miasma* impregnates the air and water, is borne out by the fact that they are in immense and constantly increasing demand by the inhabitants of every locality on this continent afflicted by malaria, and are also extensively used in those portions of the West Indies and South America where its most malignant types prevail.

When they are employed to build up a system shattered by sickness, or to endow with vigorous health a constitution to which nature has refused that blessing, the recuperative and strength creating power of the **Bitters** is signally shown.

ASTHMA & CATARRH.

Having struggled twenty years between life and death with ASTHMA, I experimented by compounding roots and herbs, and inhaling the medicine. I fortunately discovered a wonderful remedy and sure cure for Asthma and Catarrh. Warranted to relieve severest paroxysm instantly, so the patient can lie down to rest and sleep comfortably. Druggists are supplied with sample packages for FREE distribution. Sold by druggists. Package by mail, \$1.25.

D. LANGELL, Proprietor, Apple Creek, Ohio.

Read two from thousands:

SALINEVILLE, OHIO, Jan. 20, 1869.

D. LANGELL—Dear Sir: I have been afflicted with Phthisis or Asthma some twenty years, in its severest form. My suffering cannot be described, and I was never able to find relief, either from physicians or any other source. I saw your advertisement describing your own case, which compared so well with mine that I concluded to send for a package of your Remedy. I inhaled it according to directions; relief followed immediately, and I have not lost one hour's sleep, or one meal of victuals, or one day's work since I commenced using it. I recommend it to every person I know of afflicted with Asthma.

G. W. BOREING.

WOOSTER, OHIO, Nov. 4, 1871.

D. LANGELL—Sir: Having been severely afflicted with Catarrh in the head, I was persuaded to try your inhaling Remedy, which cured me with such astonishing success that I give it public testimony with the fullest confidence, as being a successful and speedy care for Catarrh.

GAUDICHAUD'S

Compound

Extract of

SANDALWOOD.

Or Plain Oil of Sandal,

Contains all the medicinal virtues of Buchu, Balsam Copaiba and Cubebs, and is at the same time free from all the unpleasant taste and pernicious effects produced by these drugs when improperly prepared.

Instead of its being the unpleasant nauseating drug that is generally recommended to the afflicted, suffering from disorders of the urinary organs, this will be found a sweet aromatic confection that can be taken by all ages and conditions.

Compound Extract of Sandal Wood is diuretic, diaphoretic and demulcent, a reliable and specific remedy for Gonorrhœa, *Retention and Incontinence of Urine, Catarrh of the Bladder, Gravel, Stricture*, Debility or Enlargement of the Prostate Glands, Leucorrhœa, Falling of the Womb, Dropsical Swellings, &c., and all other diseases the result of inflammation, irritation or debility of the urinary organs.

Compound Extract of Sandal Wood is *especially recommended* and can be relied upon as a *certain cure* for Gonorrhœa and Gleet.

The testimony of hundreds in public and private life who have been cured by this preparation might be given did space permit.

NOTE.

Compound Extract of Sandal Wood positively contains no Mercury or other mineral or vegetable poison, and can be taken with perfect safety by children or adults.

Unlike most preparations containing Copaiba and Cubebs, this Extract does not neuseate; for this reason, whenever Copaiba and Cubebs, or plain Oil of Sandal, are indicated, this Extract will be found preferable to either of the above.

WHITE'S

Specialty for Dyspepsia

This is not a new preparation, to be tried and found wanting. It has been prescribed daily for many years in the practice of an eminent physician, with unparalleled success. It is NOT expected or intended to cure all the diseases to which the human family is subject, but is

WARRANTED TO CURE DYSPEPSIA

IN ITS MOST OBSTINATE FORM.

Relief being always obtained from the first use, and a Permanent Cure effected, when properly continued.

Symptoms of Dyspepsia are: pain in the pit of the stomach, caused by contraction upon undigested food, usually soon after eating; acidity and wind, caused by food fermenting instead of digesting; costiveness and loss of appetite, owing to unnatural condition of food and want of gastric juice; pain in the head, sides, breast, and extremities, mouth clammy, with bad taste and furred tongue; consumptive symptoms, cough and palpitation of heart, often mistaken for consumption, while it is only a symptom of Dyspepsia; sleeplessness, dizziness, headache, gloom and depression of spirits. These are all alarming symptoms if neglected, but are easily removed by the use of this remedy.

BOSTON, Sept. 1, 1871.

MR. H. G. WHITE—Dear Sir: Regarding your "Specialty for Dyspepsia," I would say I have used it with the best results. I have been a sufferer for five years, my food distressing me, but now can partake heartily without inconvenience. I was affected with dizziness so much as to fall in the street; that trouble is also removed. I have tried many preparations without relief; but I recommend your remedy as one *deserving the confidence of all.*

CRUMB'S POCKET INHALER

FOR THE EFFECTUAL TREATMENT OF
ALL CATARRHAL AFFECTIONS

*By the use of Medicated Air or Vapor, prescribed and recommended by the
first Physicians in the country.*

CRUMB'S

Charged with the Inhalant, the Inhaler is carried in the pocket as easily as a penknife or smelling bottle, and is so constructed that, by simply breathing in common air through it, a highly medicated vapor is produced, which by the natural process of respiration, finds its way in a very agreeable and effective manner into every part of the

Throat, Lungs and Nasal Cavities,

and furnishes the only successful and really scientific method of treating the diseased mucous membranes of these organs. It may be used by Throat or Nostrils at any moment, regardless of the position of the body and without interfering with business or occupation.

CRUMB'S

Carbolated Chloride of Iodine,

sufficient for 3 or 4 months use, accompanies each Inhaler, and by dropping in a few drops two or three times a week, the Inhaler will be kept sufficiently charged, even though used a dozen times daily.

CHICAGO HOMŒOPATHIC PHARMACY

25 WASHINGTON STREET,
HAND OR BUGGY CASES FOR PHYSICIANS.
NEW STYLES:

BUGGY CASE No. 3.

This has become a very popular style, and is well represented in the engraving. It has a strong, well-seasoned wooden frame; is covered with the Best Turkey Morocco; corners and middle edges protected by German silver bands; a German silver thumb lock, which cannot get out of order, and works easily and perfectly.

The vials and corks are carefully selected and fitted, and the material and workmanship of the whole cases are of the best quality. The outside measure of the case when closed is—

LENGTH, 14 In., WIDTH, $6\frac{1}{2}$ In., THICKNESS, $3\frac{1}{2}$ In.

It contains twelve 6 drachm vials, forty-five 2 drachm, and sixty $1\frac{1}{2}$ drachm.

Price, with Vials Labeled and Corks Stamped, \$18. With Vials filled, \$28.

We can arrange these cases to suit all classes of physicians, putting in all large vials, if desired. We handle in largest quantities, Homœopathic Physicians' Supplies of all kinds, and only of the best quality. Surgical Instruments, Voltaic Armor, Galvanic Batteries, etc.

BUGGY CASE No. 4.

Is in the same style and of the same quality, but of smaller size. It measures closed,

LENGTH, $8\frac{1}{2}$ In., BREADTH, $4\frac{1}{2}$ In., THICKNESS, $2\frac{1}{4}$ In.

It contains twelve 6 drachm vials, forty-five 2 drachm, and sixty $1\frac{1}{2}$ drachm.

THE BEST TONIC.

Caswell, Hazard & Co.'s Ferro-Phosphorated Elixir of Calisaya

Is a delicious cordial, made of the Pyrophosphate of Iron and Calisaya Bark; it is the most valuable tonic now in use for Dyspepsia, Nervous Affections, Wakefulness, Debility, Depression of Spirits, etc., etc. The pale, the nervous, and the debilitated, should not fail to take it, particularly females suffering from those complaints incident to the sex. Physicians now give it the preference to all similar preparations. If taken during exposure to malaria, it strengthens the system to resist this poison, and prevents chill and fever, bilious fever, and other intermittent attacks.

Hazard & Caswell's Pure Cod-Liver Oil.

This Oil is the Purest and Sweetest in the market. It can be retained by the stomach when all others fail.

Prof. Parker, of New York, says: "I have tried almost every other manufacturers' oil, and give yours the decided preference."

Manufactured only by CASWELL, HAZARD & CO., New York.

Caswell, Hazard & Co.'s Juniper Tar Soap.

The best and most convenient remedy for Chapped Hands and Face, Rough Skin, Pimples, and all Cutaneous Affections. It makes the skin soft and smooth; prevents the skin from chapping, if used during cold weather; is easily applied, avoiding the trouble of the greasy compounds now in use.

Caswell, Hazard & Co.'s Camphor Ice with Glycerine

Is a most excellent article, and gives universal satisfaction.

Caswell, Hazard & Co.'s Diarrhœa and Cholera Remedy

(Known as VELPEAU'S REMEDY) has been used extensively for years with perfect success; it has become an absolute necessity in thousands of families. None should be without it, as one or two doses will cure the most obstinate attacks.

Caswell, Hazard & Co.'s Inodorous Benzine

Will be found a superior article for removing Paint, Grease Spots, etc., etc., leaving no stain, with little or no odor.

Caswell, Hazard & Co.'s No. 6 (or Toilet) Cologne

Is acknowledged by connoisseurs as superior to the German, and much cheaper.

Caswell, Hazard & Co.'s Chlorate of Potash Lozenges,

For Coughs, Colds, Sore Throat, etc.; they are more pleasant and efficacious than the disagreeable troches now in use.

Our Preparations are sold by all Druggists.

BEWARE OF IMITATIONS.

CRAB ORCHARD SPRINGS SALTS,

These salts are obtained from the waters of the mineral wells near Crab Orchard, a small town in Lincoln County, Ky., whence the name is derived. As long ago as 1825, a farmer in that vicinity observed a globular substance remaining after some of the water had been evaporated by the sun. He immediately began to experiment, and by boiling obtained a small quantity of the Salts. The analysis of this, by a competent physician, at once showed that it contained Sulphate of Magnesia, and it was at first pronounced Epsom Salts. Soon, however, it became apparent that it contained other constituents besides the Sulphate of Magnesia, possessing medicinal properties as powerful and more salubrious, and it acquired the appellation "Crab Orchard," as contradistinguished from Epsom Salts.

It is now conceded, wherever they are in general use, that no saline aperient produces therapeutic effects so certain and potent. These Salts are made by boiling the water impregnated with it in large iron kettles; when boiled down to a sufficient consistency, the contents of the kettles are stirred gently until they granulate. Nine gallons of water yield one pound of Salts. So valuable is this medicine, and so costly its preparation, that imitations of it are constantly attempted, and a spurious article, manufactured from Glauber or Rochelle Salts and Sulphate of Magnesia, is largely sold under its name.

The Crab Orchard Springs Salts Manuf'g Co.

Having secured the control of all the territory in which the genuine Salts are produced, in order to protect the public against the spurious article, are now putting up the Salts in one pound and half pound bottles, with the name of the Company thereon in raised letters, and labeled with a miniature map of the State of Kentucky. *It is felony to counterfeit this trade-mark, and the pure, unadulterated article can be purchased in no other shape.*

The Salts obtained from the best wells, after having been dried at 212 deg., Fah.—during which process they lose 20 per cent. in moisture—contain:

Sulphate of Magnesia.....	63.
Sulphate of Soda.....	4.

Message to the Suffering.

When a remedy is productive of such relief as to excel all other remedies in its curative results, it is the duty of those interested in its adoption and popularity to make it known as generally as possible. Philanthropy demands such a course. The pharmacist who originated and who prepares it may have a pecuniary interest in its extensive sale, yet he cannot but have an honorable pride in the reflection that the medicinal agents he has introduced to the suffering bring a relief to them which cannot be measured by money, and he must derive unalloyed pleasure from the conviction that if it makes him rich, it makes those who buy it happy, which, it is to be regretted, cannot be said of all the medicines that are imposed on a people whose credulity is apt to be in proportion to their pain. These considerations have actuated the proprietor, WM. M. GILES, to bring prominently before the public his **Liniment Iodide of Ammonia**.

“IT WORKS LIKE A CHARM.”

READER :—Many years ago, while experimenting with the different medicinal combinations of Plants, Flowers and Oils, trying to mitigate the excruciating pains of Rheumatism, I discovered a clean, delicious and safe remedy for almost all kinds of pains and inflammation. At first myself and family used it, and we also gave it to our friends and neighbors to use, and wherever it was faithfully tried, we found that it cured Headache, Toothache, Ague in the Face and Jaws, Lame Shoulders, Neuralgia, Rheumatism, Sciatica, Sprains, Pleurisy, Contusions, Bruises, Chilblains, Sore Throat, Quinsy, Poison by Ivy, Cramps, Colic Pains, Dyspepsia, Cholera Morbus, Colds, Croup, Fits, and many more of this class of “pains and aches,” with which men, women and children, in our changeable climate, are more or less afflicted, and for which they need an honest remedy. I called this combination, “which works like a charm,”

RENNE'S PAIN KILLING MAGIC OIL,

A name, before this, wholly unknown in Medicine, and the words, “MAGIC OIL” became my “TRADE MARK” for this article, so that in law and honor, no other persons have any right to use that name.

In a short time the fame of my MAGIC OIL went abroad, and people sent for it, and came to my house for it, in large numbers, and the universal testimony was that “RENNE'S MAGIC OIL CURED ALL KINDS OF PAIN AS IF BY MAGIC.” Of course I was pleased, and this “TRADE MARK” became of great value to me, as well as to the suffering ones who needed such a remedy.

Honorable Manufacturers of Medicines can have no motive for using another person's “Trade Mark.”

Honorable Druggists and dealers in medicines will not countenance such dishonorable and fraudulent things, because it not only produces confusion in business, but subjects them to the suspicion of dealing in spurious articles, and of aiding counterfeits, and other dishonorable practices.

 (A bad person may have a motive in stealing the “Trade Mark” belonging to another, and even for “stealing the livery of Heaven to serve the Devil in.”)

RENNE'S MAGIC OIL

Is made of the Finest and Purest Oils and Extracts known in medicine, and it is Clean, Delicious and Safe to use, both externally and internally, as directed on each bottle, and the Letters and Certificates received from those who have used it, both at home and in Europe, show conclusively that it is just what is needed in every family, to cure all kinds of pain and lameness, and that it is a Superior Family Medicine! Try it faithfully! The Druggist or Merchant with whom you trade, keeps it for sale, or will send for it at your request, and sell at the manufacturer's lowest prices at retail.

Full directions accompany each bottle. It is put up in three sizes, known as “Trial Size,” “Medium Size,” and “Large Family Size” bottles. The largest are most profitable for the consumer to purchase. Try a bottle! Be sure and keep it in the house to use in case of accident or sudden sickness.

Yours truly, WM. RENNE.

Renne's Magic Oil is packed for the trade as follows: 12 dozen Trial Size in a case. 6 dozen Medium Size in a case. 3 dozen Large Size in a case.

We also pack in a case an assorted gross, as follows: 6 dozen Trial Size; 2 dozen Medium Size; ½ dozen Large Size. This is equivalent to one gross trial size, and makes a good assortment for a retail store.

Send for Price List.

FOREST TAR.

This is not a Compound, but Common Tar, obtained from the long-leaved pine of North Carolina, the medical properties of which are found in five oils, that are *white*. These oils are disengaged from the black, impure and worthless products of the tar, by an invention of S. R. HANSCOM, of Boston, Analytical Chemist, and by this new process the "Forest Tar" has been prepared, under the advice of the *most skillful physicians*, approved and used successfully by more than one hundred of the profession during the first six months. The design is to make it a standard remedy, and as such it is offered to the Physician and the Public.

For the greater convenience of administering, and to adapt it more fully to the various forms of diseases where found beneficial, "Forest Tar" has been prepared in various forms, as follows :

Forest Tar For Consumption, Bronchitis, Catarrh, Asthma, Sore Throat, Piles, diseases of the Skin, Kidneys and Urinary Organs, and for Purifying the Blood.

Forest Tar in Solution For Inhaling, for Catarrh, Consumption, Bronchitis, Asthma, and as a Wash for diseases of the Skin.

Forest Tar Inhalers For Inhaling the Solution.

Forest Tar Troches For Bronchitis, Hoarseness, Sore Throat, and Purifying the Breath.

Forest Tar Salve For Cleansing, Purifying and Healing Indolent Sores, Bruises, Diseases of the Skin, and wherever a healing process is wanted for man or beast.

Forest Tar Soap For removing Pimples, Eruptions of the Skin, such as Salt Rheum, Chapped Hands, and all Roughness of the Skin, and for dressing Wounds—for the Toilet, cleansing the Teeth and purifying the Breath. No *Shaving* Soap leaves the face so sound and smooth. It contains no alkali, and is therefore preferable to any of the fine toilet soaps.

These preparations contain all the medicinal virtues of the Common Tar, AND NOTHING MORE.

Prepared by the FOREST TAR CO., Portland, Me., and sold by all druggists.

Mineral Spring Waters.

NEW YORK, March 2d, 1870.

Having carefully examined the improved processes adopted in the laboratory of DR. HANBURY SMITH, and ANALYZED SAMPLES of the Mineral Spring Waters which he offers for sale, I am prepared to testify that the waters are manufactured with the most intelligent and conscientious care, and are every way reliable substitutes for the natural waters. The public estimation in which DR. SMITH'S preparations are held, is thus amply justified by my investigations and analyses.

GARGLING OIL

A LINIMENT FOR MAN AND BEAST.

Manufactured by Merchant's Gargling Oil Co., Lockport, N. Y.,
J. Hodge, Secretary.

Merchant's Gargling Oil has been in use as a Liniment 42 years,
and is for sale by all respectable Druggists and Dealers throughout
the United States and other Countries.

ALMANACS AND VADE-MECUMS FREE.

Dealers purchasing Merchant's Gargling Oil of VAN SCHAACK,
STEVENSON & REID, Chicago, can have, upon application to JOHN
HODGE, Secretary, Lockport, N. Y., a supply of Almanacs. Vade-
Mecums, Show Bills, Posters, etc., with their business card printed
on, free of expense.

Merchant's Gargling Oil as a Family Liniment.

We are now, and have been for some years, preparing the Oil free
from stain, to be used as a common Liniment for human flesh, extract-
ing the coloring ingredient which has heretofore rendered it objec-
tionable. This Oil possesses all the medicinal properties of that
prepared with the dark tinge for Horses and Cattle, and will be found
one of the best remedies for all purposes where a liniment is required,
that has ever been manufactured. *Shake well before using.*

Keep your Blood in Good Order if you expect a Cure.

In using the Gargling Oil, as is sometimes the case, the directions
are not followed, and, as a matter of course, the medicine does not
have the desired effect; then again, when the Gargling Oil is used for
flesh wounds, the blood should be in good condition to insure a
speedy cure. *Keep the bottle well corked.*

Caution to Purchasers of Merchant's Gargling Oil.

The genuine has the signature of "Geo. W. Merchant" over the
cork, "Gargling Oil, Lockport, N. Y.," blown in the glass, and our
Trade Mark engraved on the Internal Revenue Stamp.

SOMETHING ENTIRELY NEW!

MILK OF MAGNESIA

A CONCENTRATED LIQUID MAGNESIA,

PREPARED BY

C.H. PHILLIPS, Manufacturing Chemist, New York.

After many investigations and chemical experiments, this ENTIRELY NEW and (as physicians who have become acquainted with it say) THE BEST PREPARATION OF MAGNESIA in use, has been brought to light, and is now rapidly coming into general use. It is a combination of PURE MAGNESIA and PURE WATER (by a new process). Being FOUR TIMES THE STRENGTH of any Fluid Magnesia before offered, and FREE FROM CARBONIC ACID, is much more agreeable, and establishes at once its claim to be the only SAFE MAGNESIA that can be used in medical practice. In cases of INDIGESTION and DYSPEPSIA, from which so many suffer, this new compound is the ONLY POSITIVE RELIEF and CURE. For excess in eating or drinking, it is most valuable, as it immediately removes the irritation and acidity of the stomach, and settles that organ in a very short time. Sir Humphrey Davy has proved the efficacy of Magnesia in ordinary cases of RHEUMATISM, GOUT and GRAVEL, for all of which this preparation has been used with the happiest results.

Home testimony! Hear a well known resident! Hon. Jno. B. Drake, for 20 years a resident of Chicago, Vice-President Ill. Loan and Trust Co., Proprietor of the Grand Pacific Hotel, Director of the Inter-State Industrial Exposition, late Proprietor of Tremont House, etc., etc.

CHICAGO, June 15th, 1874.

Messrs. VAN SCHAACK, STEVENSON & REID:

I have used Phillips' "MILK OF MAGNESIA" in my family with the GREATEST SATISFACTION, and MOST CHEERFULLY commend it for any one troubled with acidity of the stomach, sick headache or dyspepsia, as affording positive relief and cure, and am now never without a bottle in my house.

JOHN B. DRAKE.

Directions for Use.

FOR INFANTS, "to prevent food from turning sour on the stomach," from half to a teaspoonful; as a laxative, double that quantity.

FOR ADULTS, as an antacid, a tablespoonful; for gout, etc., half wine-glass full occasionally.

In all cases it should be diluted with an equal quantity of water or milk, and its action as a laxative is greatly increased by the addition of acidulated syrup, lemon juice or citric acid.

Glass Syrup Faucets.

Patented July 16th and Oct. 1st, 1872.

The above cut is an illustration of Mr. Zwietsch's Patent Crystal Glass Faucets, which are now attached to his apparatus. As can be seen, they are of a very simple construction, and made strong enough for any ordinary strain. Special attention is called to this, as they are made entirely of glass, and the syrups passing through them do not come in contact with metal, so injurious to syrups, thus insuring against all corrosion. They are self-closing, and are operated by a slider, which cuts off like a knife, with the stream, every drop of syrup, making dripping or leakage impossible. This feature cannot be over-rated, and no apparatus can begin to compare with his, furnished with these Patent Glass Syrup Faucets. There are none but his make of Glass Faucets in the market.

They also greatly enhance the beauty of an apparatus; being made of Crystal Glass they set off well against the marble, and as they are transparent, show critical customers the purity of the syrups.

They can be attached to all other apparatus, if sample faucet is sent. Send for catalogue to

ALL KINDS OF

Soda Water Apparatus

MADE BY

OTTO ZWEITUSCH,

705 TO 709 CHESTNUT ST.,

MILWAUKEE, WIS.

We have constantly on hand a selection of Generators, Fountains, Marble Draught Apparatus, Patent Atmospheric Apparatus, etc., etc.

All Apparatus manufactured by Mr. Zweitusch are made of the best material, and are furnished with his latest inventions and improvements. Among the most important we mention his Patent Generator, Patent Glass Syrup Faucet, Patent Double Stream Draught Tube, the Dolphin Faucet, Patent Atmospheric Apparatus, new Cooling Arrangements, Air Chamber, Improved Fountains, and the Patent Automatic Self-Regulating Generator, used mostly for preserving Beer, Cider and Wines, which, together with lower prices, render his Apparatus equal, if not superior, to Eastern manufacture, which is the testimony of all customers having them in use.

OTTO ZWIETUSCH'S Patent Soda Water Apparatus

Patented Nov. 9th, 1869.

The above represents a PATENT ATMOSPHERIC SODA WATER APPARATUS, which needs but to be seen to be appreciated by all familiar with the business. It is the most economical, as well as the most durable, the simplest, and therefore the best apparatus ever constructed. By this invention, the water, including the requisite syrups, can be drawn at a cost not exceeding $1\frac{1}{2}$ cents per glass, leaving a handsome margin for the enterprising proprietor. There is no three or four feet space occupied on the counter, and no cumbersome machinery to be put up. It can be placed anywhere, takes up but very little room, and never gets out of order. All parts coming in contact with acids, etc., are well protected by pure tin or silver against their corroding influences.

Bicarbonate of Soda and Acids must be used by this Apparatus to produce Soda Water, but by this Machine the result is by far better than by the old way, using common brass pumps and a single solution of Bicarbonate of Soda. No acids need be put into the Syrups, except the natural fruit extracts.

It consists of a well Tinned Pump, Copper Fountain, Tin Suction and Connection Pipes, Cooling Tub, and a heavy Silver Plated Draw Cock.

Price of Apparatus, as shown above,	\$ 65.00
Or, Apparatus as shown above, without Silver-Plated Counter Draw-Cock,	55.00

THE CELEBRATED

Saratoga Geyser Spring

“*SPOUTING SPRING*”

OF SARATOGA.

As a medicinal agency its effects are marvelous. Testimonials from all quarters are received bearing witness to its wonderful cures of diseases, especially in cutaneous diseases, or any of the various phases of Scrofula. It is used with telling effect in Kidney Disease, Liver Complaint, Dyspepsia, Biliousness, Rheumatism, Acidity of Stomach, Constipation and Piles. It is a delightful beverage, and when taken as a cathartic, leaves none of those unpleasant effects observable in the use of many other of the Saratoga waters.

GEYSER WATER is a powerful cathartic, while at the same time, by proper use, its minerals may be retained to operate as a tonic and builder up of an enfeebled system.

GEYSER WATER is put up in Pint and Quart bottles, carefully packed for shipment to any part of the globe.

It is furnished in cases containing four dozen Pints, two dozen Pints, or two dozen Quarts, and in Block Tin-Lined Barrels, containing 30 gallons, for use on draught by druggists.

The Water is sold by all the principal hotels, grocers and druggists throughout the United States and Canada.

During the season of 1874 over one hundred thousand persons visited the GEYSER SPRING, and the universal testimony is that the waters are the best, and the Spring the most wonderful in the world.

The Spring property is not managed by a Stock Company, and for the purposes of business, the proprietors have adopted only the name “GEYSER SPRING.”

Address,

GEYSER SPRING, SARATOGA SPRINGS.

GEO. H. SCHAFFER & CO.,

WHOLESALE DRUGGISTS,

Manufacturers of True Pharmaceuticals,

*Full Strength Fluids, Extracts, Elixirs, Tinctures,
Syrups, Etc.,*

FORT MADISON, IOWA.

Our Fluid Extracts are prepared from fresh selected drugs, by the latest and most approved processes of Re-percolation, which, although requiring more time and labor in their preparation than those made by *hydraulic presses*, fully justify us by their superior quality, uniformity and reliability, as evinced by the many voluntary testimonials sent us by physicians throughout the West, aside from our own satisfaction in being able to WARRANT the STRENGTH and RELIABILITY to every purchaser.

N. B.—We publish the *exact strength* of every preparation on the label; with doses that are computed by the established doses of the crude drug, which we represent in our Fluid Extracts by drops for *grains* and teaspoonsful for *drachms*, as the standard of our Fluid Extracts is 16 Troy ounces of the drug to the pint, except in the few instances where it is impossible—such as Opium, Calabar Bean, etc.; and in these, as in all cases, the exact strength is published on each label, which is uniformly the full quantity that can be taken up or held in solution.

The greater part—about 99 out of 100 different kinds—of our Fluid Extracts bear the inscription, “*One fluid oz. represents one Troy oz. of the Root,*” (bark, herb or seed, etc.)

By remembering this, any druggist can immediately prepare a syrup, tincture or infusion, by taking a fluid ounce of our Fluid Extract in place of a Troy ounce of the crude drug, designated by the U. S. Dispensatory or Pharmacopœia.

Orders respectfully solicited. Prices always as low as the genuine article can be sold for. Price lists sent on application.

DR. J. DELMONICO LITTLE'S SYRUP PECTORAL.

SURE CURE FOR

Coughs, Colds, Hoarseness,
Catarrh, Bronchitis, Influenza,
Croup, Raising of Blood,
Whooping Cough, Asthma,
and Consumption.

**ACTS LIKE MAGIC ON ALL
THE ABOVE DISEASES.**

We can with truth assure the community that this valuable and incomparable remedy is composed exclusively of ingredients of a vegetable character, the action of which on the human system is mild and benign, and adapted to all ages, from the infant to the adult, and to every variety of temperament and constitution. Thousands are trying it daily with the happiest results,

and all are unanimous in pronouncing it superior to every Cough Remedy they have ever used, and a source of indescribable consolation to those who are so unfortunate as to become victims to that fell destroyer and exterminator of the human family, PULMONARY CONSUMPTION!

CAUTION.—The genuine has the U. S. Internal Revenue Stamp engraved on the front label.

Laird's "Bloom of Youth."

This Harmless and delightful toilet preparation, for beautifying the complexion, removing tan, freckles, and all other blemishes from the skin, has been in use for 20 years; during that period over two million ladies have used it, and in almost every instance been delighted with it. The Board of Health of New York City prepared an analysis of the "Bloom of Youth," and pronounced the preparation harmless, and entirely free from any ingredient injurious to the health.

CHICAGO, Dec. 16, 1874.

I procured a bottle of Cincho-Quinine, and have tested the same for quinine, and find that it gives reactions of that alkaloid very decidedly.

G. A. MARINER,
Analytical Chemist, 77 S.
Clark St., Chicago, Ill.

CHICAGO, Dec. 11, 1874.

This is to certify that I have submitted it to acknowledged tests for the presence of quinine; obtained reactions of that alkaloid beyond question.

JAS. R. BLANEY,
Analytical Chemist, Chicago.

University of Pa., West }
Phila., Dec. 21, 1874. }

I have tested Cincho-Quinine by the four most characteristic tests for quinine, and have found decided quantities of this alkaloid by each of them. Yours truly,

F. A. GENTH,
Professor of Chemistry and
Mineralogy.

University of Chicago, }

Chicago, Feb. 1, 1875. }

I made a qualitative examination for Quinine, Quinidine and Cinchonine, and I hereby certify that I found the alkaloids in Cincho-Quinine.
