No. 102.

JUDGE LAMPMAN'S REPORT PUBLIC

FOUND NO ACTS OF BRIBERY ESTABLISHED

Evidence Reviewed by the Commissioner—Police Show Lack of Inquisitiveness

After having been considered in council the government has given out portion of Judge Lampman's report on his inquiry into the official acts of the members of the board of police commissioners for 1909. Mayor Morley, Ald. H. F. Bishop and Leonard Tait.

The evidence given in the course of the inquiry is summarized and reviewed by his honor and he sums up as follows:

No definite complaint was made against the commissioners or any of them, but it was constantly being asserted on the streets that money was being collected from professional gamblers both Chinese and white, and from the keepers of houses of prostitution, in return for protection from these alleged acts was that the commissioners were getting the money, or part of it, so collected; and in some instances so lively was the imagination that the amount collected was definitely stated in dollars. These rumors became so general that the newspapers referred to the matter, and editorials appeared in the Times of March 12th and the Week of March 12th, and consequently the editors of these two papers were called as witnesses, and it was found that their assertions were based only on what they had heard from other people, who also were relying on hearsay. Some of those who had supplied information to the editors were subsequently called; but their evidence, as did that of all the other witnesses, totally failed as showing that any one of the commissioners had been guilty of any wrongdoing.

Usually when a man comes into sudden wealth, such as rumor had it was finding its way to the commissioners, there is some outward manifestation of it. But there was not even a rumor that any of the commissioners had been spending money in any extraordinary way or indulging in any luxuries. None of them kept any regular book or accounts, but all three of them kept bank accounts, and I had them produced their bank books, and they all accounted satisfactorily for the moneys which the books showed they had received. The occupations followed by the three commissioners leave them free from any imputation that they might use their positions to bring graft to the mill. Mayor Morley is engaged in no business; Mr. Bishop is freight clerk in the employ of the Canadian Pacific Railway Company in their office at the dock; and Mr. Tait is the manager of the Victoria Transfer Company.

As there was no evidence even tending to show that the commissioners had been bribed, an investigation was made to ascertain if the members of the police force had been using their positions for the purpose of exacting money from any of the different classes of the public who make their living by questionable methods. In this way I thought I might discover the foundation for the rumors I have already mentioned. The result of this inquiry was very small.

In 1908 Detective Clayards was watching the Chinese lottery and gaming houses, and in the course of his rounds he kept visiting Tong Ork's place, and he says that one night Tong Ork said to him: "You no get a little bit?" and on his answering in the negative, he says Tong Ork said to him: "No good." At a subsequent time he says Tong Ork said to him: "Only a little bit of gambling, you no need come round. I'll see you get a little bit." Clayards says he never got or expected anything, and Tong Ork denies that he ever made the statements, and so far as I could discover, Tong Ork never paid even a little bit.

Some years ago Clayards says he was watching W. R. Jackson to see if he was conducting a gaming house, and that Jackson met him and said: "What is the matter with you, Clayards?" Clayards said, "Nothing," and Jackson then said, "Isn't it all right?" "I don't know what you mean," said Clayards; and Jackson said, "Well, if it isn't all right, it ought to be, it goes." (Concluded on page 9.)

CALGARY PROPERTY CHANGES HANDS

Large Departmental Store and Office Building Planned—Ontario Man Buys Ranch

(Special to the Times.)
Calgary, April 28.—Theodore Revillon, Edmonton, has purchased the Lafayette corner, consisting of four lots, on the corner of First street west and Seventh avenue, and will build a seven-story office building. He paid \$80,000 for the property.
Revillon & Freres, of Edmonton, Park and London, also bought property one hundred feet on Eighth avenue west for \$50,000 and will put up a large departmental store.
The Andrews ranch, two thousand acres of fine wheat land on the Bow river, 15 miles southeast of Calgary, was yesterday sold to an eastern Ontario farmer for \$250,000. The property is one of the finest ranches in Alberta.

SAY BUSINESS IS SUFFERING

PROTEST AT CONDITIONS AT REGISTRAR'S OFFICE

No Facilities for the Prompt Registration of Titles—Documents Accumulating

With a congestion of business which is working a great hardship to the public, with an insufficient staff crowded in quarters quite inadequate, and with complaints increasing in volume every day, the situation at the provincial land registry office in this city is declared by those conversant with the facts to be simply intolerable. There have been murmurings of discontent for some months past on the part of those having business to do there, but no serious attempt has been made by the government to provide a remedy.

The Times made some inquiries about the matter this morning and found conditions to be really serious. As a result of there being no official performing the work of examiner of titles there is practically a cessation of attempts to have the many applications for registration made. It appears that the work properly belongs to a qualified barrister and that it was done for some time by J. Rowe, who gave every satisfaction. Some time ago, however, Mr. Rowe was transferred to Nelson, where he took the post of registrar. Since that date the work has fallen to a large extent to Geo. Akman, of the registrar's staff, but Mr. Akman finds himself unable to handle the volume of business offering, and it is accumulating at a most alarming rate.

The Times is informed that there are some four hundred applications for indefeasible title standing over—in one or two instances a delay of a year having occurred. The registration of mortgages and agreements is about three months in arrears. What this condition of affairs means to the business community can be easily understood. It is charged by some that it is having a damaging effect commercially, tending to retard, as it does, the transaction of business where titles play a part.

The plea is made on behalf of the government that attempts have been made to get an official to take up the work which Mr. Rowe abandoned when he left for Nelson, but in this connection it may be explained that the salary which is offered—\$110 per month—is considered entirely inadequate if the services of a competent barrister are to be secured.
Then, again, it is widely known that the present quarters for the staff are quite inadequate, they being cramped for room in the most serious fashion. The truth of the matter seems to be that Victoria has outgrown the facilities maintained by the government for the registration of legal documents. The matter is so pressing and so serious that any further delay on the part of the government in providing a remedy will be condemned severely.

GERMANY DISPUTES RUSSIAN CONTROL

Persians Ignore Orders of Czar's Officers and Grant Concessions to Germans

(Times Leased Wire.)
St. Petersburg, April 28.—Germany has finally made an overt and threatening move toward disputing Russia's grab of Persia. Correspondence is passing on the subject between St. Petersburg and Berlin, but it is as yet uncertain how this affair will terminate. It has possibilities of serious trouble. The German action was taken through the Teutonic firm of Huebnermann and Mossig, which has large commercial interests in the Ahrab, and recently sought a concession from the Persian government to establish regular navigation on Lake Urumiah. The lake is distant within what Russia has outlined as its "sphere of influence," and it is certain the partners would never have thought of disputing it with the Czar had they not had official backing from Berlin.

The Russian officers, who are behind the scenes running the administration at Tehran, gave orders that the concession was to be refused. To their amazement, the Persians, their spines also evidently stiffened by Germany, granted it.

It would be easy for Russia to discipline the disobedient Persians and to revoke the concession, but it is fully realized here that to do so would be to precipitate immediate trouble between the Czar and the Kaiser. The matter has accordingly been taken up directly with headquarters—Berlin. It is understood that the German foreign office is exceedingly stiff in upholding Huebnermann and Mossig's rights. Russia does not want trouble with Germany now, but the snub is so open and Russia is in so much danger of losing all it has gained in Persia, that it is difficult to see how it can recede.

FLOUR DROPS.

(Special to the Times.)
Toronto, April 28.—The Western Canada Flour Mills Company announces a reduction of twenty cents a barrel in the price of flour, going into effect yesterday. The best quality has been reduced to \$5.50 and second grades to \$5. This is the first reduction since September 1st last when flour dropped from \$5.50 to \$5.00. On January 1, 1910, it jumped again to \$5.70 and remained there until yesterday.

THE DISCREET CENSOR.

THE GOVERNMENT—'Anyone can write a report, but it requires skill to know how much to publish.'

CANADA'S TRADE STILL GROWING INCREASED 20 PER CENT OVER PREVIOUS YEAR

Exports of Agricultural Products Jumped From \$72,000,000 to More Than \$90,000,000

(Special to the Times.)
Ottawa, April 28.—The final returns for the fiscal year, ending March 31st, show an increase in the trade of the Dominion of \$117,506,234, or over 20 per cent, as compared with the previous year. The total trade for the year was \$677,143,195, an increase of over \$28,000,000 compared with 1907-08, the previous high water mark. For the current fiscal year the total trade of \$890,000,000 is estimated. Imports for the year were \$375,763,660, an increase of over \$18,000,000, and exports of domestic products \$272,211,537, an increase over \$10,000,000. The biggest increase in exports was in agricultural products, which jumped from nearly \$72,000,000 to over \$90,000,000. The total custom collections for the year were \$61,010,489.

TO CHECK SMUGGLING OF CHINESE AND OPIUM

United States Authorities Decide to Place Seven Cutters on Patrol Duty

(Times Leased Wire.)
San Francisco, Cal., April 28.—Satisfied that smuggling of Chinese and opium is being carried on between this country and Mexico, the United States government has decided to have the coast from Ensenada to Point Barrow patrolled by a revenue cutter. The McCulloch has been taken from Sausalito to San Francisco to be overhauled. According to Captain Daniels, the McCulloch will be busy all summer. The repairs will cost about \$12,000.
To search for smugglers along the North Pacific coast, the revenue cutter Snohomish and Rush have been ordered into service and they will cover the coast from the Columbia river to southeastern Alaska.
Other cutters which will patrol the southern coast are the Bear, Perry, Manning and Tohoma.

DIES WHILE RUNNING FOR CAR.

(Special to the Times.)
London, April 28.—White running to catch a street car yesterday afternoon Mrs. Inwood, wife of Morris Inwood, contractor, dropped off from heart failure.

HALLEY'S COMET

Spokane, Wash., April 28.—Father Adams, astronomer at Gonzaga college, is giving the exact time each day at which Halley's comet may be seen with the naked eye. It will be visible for a period of 3:27 a. m.

MAY ABOLISH LAY MAGISTRATES ENGLISH COMMISSION PREPARES REPORT

Proposal to Institute Examinations for Candidates for Justices of the Peace

(Times Leased Wire.)
London, April 28.—Shocked by the brutality of the typical English country justice of the peace, as illustrated by the recent sentencing of 12-year-old Charles Bulbeck, of Hayward's Heath, to an official flogging and to six years in the reformatory for the mischievous but boyish theft of a 10-cent lump of coal, parliament is about to take up the question of abolishing the system of the administration of so-called justice by lay magistrates of the country gentleman class.
The matter will come up through the submission of a report to parliament by a commission which happened, at the time of the Bulbeck case, to be looking into the conduct of the lower courts in England. The commission will recommend that candidates for appointment to justiceships shall undergo an examination, that all classes of the community shall be represented on the bench and that politics shall not enter into the matter of appointments.

WINNIPEG MAY HAVE SINGLE TAX

(Special to the Times.)
Winnipeg, April 28.—Winnipeg today entered on its assessment, land valuation being the basis. At a board of control meeting today, Controller LeArthur prophesied that Winnipeg would have single tax in full swing in two years' time.

MILL DESTROYED

(Special to the Times.)
Stevensville, Ont., April 28.—Pierson's saw and planing mill was destroyed by fire yesterday. The loss amounts to \$10,000.

HAD NOT TIME TO VISIT CANADA LORD KITCHENER IS INTERVIEWED IN LONDON

Field Marshal Regrets He Was Unable to Come to the Dominion

(Special to the Times.)
London, April 28.—Lord Kitchener asked regarding his inability to visit Canada, expressed regret that he had not had time to do so, as he was merely rapidly passing through the United States from San Francisco to New York.
"I made the journey as quickly as possible, and did not even have time to go to Washington," said Lord Kitchener. "I feel it would have been a poor compliment to Canada to have passed through it in such a hurried way."

HELPLESS WOMAN LOSES HER LIFE

Is Suffocated While Sitting in a Chair in Her Room When Fire Breaks Out

(Special to the Times.)
Montreal, April 28.—Paralyzed and unable to do anything to save herself, Miss Mounonier, 77 years old, met death in a fire that broke out last night in the residence of Lieut. Col. J. Desrosiers, 47 West Notre Dame street. The woman was suffocated while sitting in a chair in her own room. The fire did little damage to the house.

THREE MEN DROWNED.

(Special to the Times.)
Quebec, April 28.—Sam Dumont, of Batiseau, and two other men whose names have not been learned, were drowned at Tewksbury. They lost their lives while driving down logs on the Jacques Cartier river for the Jacques Cartier Paper and Pulp Company.

SAVES SEAT IN SENATE.

(Special to the Times.)
Ottawa, April 28.—Senator Sullivan, of Kingston, took his seat in the senate yesterday afternoon thereby saving his seat, as it was stated that he was in danger of losing it because of non-attendance for two years.

WHYTE MAY BE PRESIDENT.

(Special to the Times.)
Winnipeg, April 28.—Report is current to-day that Wm. Whyte will become president of the C. P. R. If Mr. Whyte's resignation is accepted, then Mr. Whyte will take the position of chairman of the board.

PAULHAN MAKES RECORD FLIGHT

FLIES IN AREOPLANE FROM LONDON TO MANCHESTER

Completes Journey With Only
One Descent—White Aban-
dons Flight

(Times Leased Wire.)
London, April 28.—When Louis Paulhan alighted to-day at Manchester, winning the London Mail's \$50,000 prize, his wife and Henri Farman, inventor of the aeroplane which made the flight, were the first persons who greeted him.
Claude White, who raced Paulhan for the prize, started from Northampton to-day, but descended again at Folesworth, 79 miles from Manchester. White ascended at 2:50 o'clock this morning, an hour and a half before Paulhan reascended at Lichfield. He was forced by the high wind to discontinue his flight.

Paulhan was greeted by a great crowd, out to see the finish of the flight. His machine worked perfectly. He declared to-day that he would have been able to make the whole flight without stopping had it not been for the intense cold.

Paulhan said he had plenty of fuel and his aeroplane was working so smoothly that he could have flown another hundred miles under favorable weather conditions.
Henri Farman, who greeted Paulhan at the end of the flight, was delighted with the record his machine had made.

The flight caused tremendous interest throughout England. All along the course of the flight great crowds were waiting to see the aviators sail past. At the starting points where it was expected the flights would be resumed to-day crowds of spectators remained all night waiting to see the start. Everywhere the aviators were greeted with cheers.
At Manchester, where the flight ended, a big crowd had gathered and gave Paulhan an ovation. The spectators crowded curiously around the machine as it lay on the ground after the finish.

The flight is considered one of the most remarkable in the history of aviation here. Paulhan's record, in making the flight with only one descent, is regarded as a remarkable feat. Under the terms of the prize offer he could have descended once more. It is regretted here that the weather conditions were such that he could not have continued the flight without alighting.

"Paulhan is the greatest aviator in the world," said Claude G. White, commenting on Paulhan's victory in the race from London to Manchester. "Beside him I'm a novice. Although I didn't win, I wish Paulhan luck."
"I said I would win, and I did," was Paulhan's comment. "I am sorry the cold prevented my winning without stopping. I have the highest admiration for White's pluck."
(Concluded on page 9.)

SUGGEST CHANGES IN UNIVERSITY CONSTITUTION

Commission of the Presbyterian General Assembly Report Re- garding Queen's

(Special to the Times.)
Kingston, Ont., April 28.—The commission appointed by the general assembly of the Presbyterian church to confer with the trustees of Queen's regarding certain changes of the constitution of the university, decided to-day on a vote of ten to nine to recommend to the general assembly next June that the report of the joint committee which met in Ottawa last January be accepted. Those who voted against the report will send in a minority report to the assembly. The principal changes recommended are: That the corporation of the university shall consist of trustees, professors, graduates and benefactors instead of all members of the Presbyterian church, as at present; that laymen as well as ministers shall be eligible for principalships; that trustees need not of necessity be members of the Presbyterian church. Now twenty-seven of the thirty-seven trustees must be members of the church. If the report is adopted by the assembly only the relation which the church will have with Queen's will be in connection with the faculty of theology.

TRADE RELATIONS WITH UNITED STATES

Resolution Passed by Tanners' Section of Toronto Board of Trade

(Special to the Times.)
Toronto, April 28.—At a meeting of the tanners' section of the board of trade, a resolution was passed expressing the hope that the most friendly relations, both commercial and otherwise, between Canada and the United States may continue as long as the result may be obtained by the preservation of Canadian dignity and the conserving of the best interests of Canadian manufacturing and other interests. They, however, regretted that the Dominion government in the recent tariff negotiations with the United States found it necessary to reduce the tariff from 17½ to 15 per cent on leather without in any way advising the manufacturers of this class of goods that such a step was contemplated. It was also hoped that the government will see its way clear to restore the old rate of duty at the earliest possible date.

FOUND DEAD.

(Special to the Times.)
Hamilton, Ont., April 28.—The body of Eli Penton, a well known farmer and one of the license commissioners in Stony Creek, was found near the back of his house with ugly wounds on the back of the head. The police are investigating the affair.

MONTREAL FATALITY.

Montreal, April 28.—Louis Dionne, ration keeper, owner of an automobile, and John Lewis Keiffer, driver, are held responsible for the death of Jessie Smith, who was run down and killed by an automobile on Victoria bridge on Sunday night. Dionne is under arrest, but Keiffer has not been found by the police up to the present. Three other occupants of the car are also held by the police.

DEATH TO-DAY OF A PIONEER

JOSEPH WESTROP CAREY CROSSES THE DIVIDE

Busy and Useful Career—Highly
Esteemed as Citizen—For-
mer Mayor

A conspicuous figure in the remaining little band of pioneers who "blazed the trail" for the multitude to follow them in this section of Western Canada passed away this morning in the person of Joseph Westrop Carey. He had been ailing for a long time and his death was not unexpected, but with his passing there is left a distinct gap in the ranks of the old-timers of the city and province. He had reached the advanced age of 81 years. The flag at the city hall is half-masted in honor of this distinguished citizen, who had served the community on several occasions in a public capacity. The funeral has been arranged to take place from the parlors of the B. C. Funeral Furnishing Company on Saturday morning at 11 o'clock.

J. W. Carey was born in the parish of Ahabogue, barony of West Musgravy, County Cork, Ireland, in 1829. His parents were William Westrop and Honora Van Stane (Collins) Carey. His father was an officer in the Thirty-third Regiment of Foot in the King's service, and was on active duty in

THE LATE JOSEPH W. CAREY.

Egypt during the Napoleonic wars. Both he and his wife were members of the Church of England and he attained the ripe old age of eighty-nine years, while his wife died in her fifty-sixth year. They were the parents of seven children, who reached years of maturity; but Joseph Westrop Carey is the only one now living.

Mr. Carey was educated in his native parish, and after mastering the branches taught in the public schools, he learned land-surveying. He was then fifteen years of age, when, in 1845, he crossed the Atlantic to Boston, Mass. He had left home in April of that year, had spent a short time in England and had arrived in Boston in July. There he was engaged in surveying until 1852, when at the age of twenty-four years he went to California, where for eighteen months he was engaged on the survey of what is now the boundary line of the territory of Arizona. He then returned to San Francisco, where he was employed on a contract to make a survey on the Colorado desert, and did the surveying from the San Bernardino meridian to the Colorado river. The United States deputy government surveyor was Dr. R. C. Matthewson, who secured the contract from Colonel John Hayes, who was state surveyor-general at the time. Mr. Carey was Matthewson's surveyor and conducted the field work. His next work was in Mexico, where he located a colonization grant of land of forty-five square leagues of land. (Concluded on page 11.)

TRADE RELATIONS WITH UNITED STATES

Resolution Passed by Tanners' Section of Toronto Board of Trade

(Special to the Times.)
Toronto, April 28.—At a meeting of the tanners' section of the board of trade, a resolution was passed expressing the hope that the most friendly relations, both commercial and otherwise, between Canada and the United States may continue as long as the result may be obtained by the preservation of Canadian dignity and the conserving of the best interests of Canadian manufacturing and other interests. They, however, regretted that the Dominion government in the recent tariff negotiations with the United States found it necessary to reduce the tariff from 17½ to 15 per cent on leather without in any way advising the manufacturers of this class of goods that such a step was contemplated. It was also hoped that the government will see its way clear to restore the old rate of duty at the earliest possible date.

LORDS PASS THE BUDGET

GOES THROUGH UPPER HOUSE WITHOUT CHANGE

No Attempt Made to Force Division on the Delayed Finance Bill

(Times Leased Wire.) London, April 28.—The House of Lords this evening passed the 1909 budget without change. No attempt was made to force a vote. The King will sign the budget to-morrow. The rejection of the budget by the Lords was the cause of the dissolution of the last parliament.

INSPECTOR OF TROOPERS

Commonwealth Cabinet Falls to Ratify Appointment of Col. Kirkpatrick.

(Special to the Times.) Melbourne, Australia, April 28.—The final meeting of the executive council under Premier Deakin and his cabinet did not ratify the appointment of a Canadian, Col. Kirkpatrick, as inspector of the Commonwealth forces. The appointment of Kirkpatrick gave offence to the Labor party as it was announced after the defeat of the Fusionists, but it is not thought the new cabinet will interfere with the appointment.

COMMITTEE REPORTS ON LUMSDEN CHARGES

Former Chief Engineer Should Have Made More Frequent Visits to Work

(Special to the Times.) Ottawa, April 28.—The Liberal members on the committee of inquiry into Lumsden's charges of over-classification of work in districts B and D of the Transcontinental railway, filed their report in the Commons this morning. After giving a lengthy synopsis of the evidence submitted the report, which is signed by Geoffrey, chairman, Macdonald, Clarke and Wilson (Laval), concludes: It is to be regretted that Lumsden did not go earlier upon the work himself and visit more frequently. Had he done so it is probable that any question arising in regard to classification would have been immediately and satisfactorily adjusted, and where any differences arose your committee are of the opinion that it was Lumsden's duty as chief engineer to have immediately taken steps to have had the difference settled, and if any portion of the staff refused to conform to his instructions to have recommended their dismissal to the board of commissioners.

BUILDINGS BURNED.

Chinaaman Attempts to Leap Into Flames and Tries to Wound Officer.

Oakland, Cal., April 28.—Fire which broke out at 11:30 o'clock this morning in the lower end of Chinatown, on Webster street, between Third and Fourth, destroyed a score of buildings, endangered the lives of hundreds of persons, both Chinese and white, and did damage to the amount of \$100,000. The blaze started in a rooming house in the block and the fire department, which arrived at the building in flames, the structure was of wood and loggers barely had time to reach the street. A strong westerly wind was blowing and within a few minutes the entire east side of the block was in flames. After consuming these rooming houses and three smaller buildings the fire leaped across the street and consumed half a dozen cottages, several Chinese stores and threatened the Harrison school. The children were marched from the school house before the approach of the flames. While the fire was eating its way to Jackson street, which is thickly populated with Chinese, there was a panic among the Celestials, and for blocks around the Orientals were busy packing their goods and chattels to the street. One Chinaaman tried to leap into the fire while his store was burning and when seized by Officer McCreedy, drew a knife and attempted to slash the policeman. He was taken to the insane ward of the hospital.

GRAND TRUNK PACIFIC.

(Special to the Times.) Ottawa, April 28.—In Commons this afternoon Houghton Lennox moved for a royal commission to investigate the whole operations of the National Transcontinental Commission. At the outset he commented upon the alleged determination of the Grand Trunk to find an ocean port at Providence, which he asserted meant the violation of the compact made by the company with the government to confine the trade to Canadian channels and Canadian ocean ports. He went over old figures which have been quoted time and time again, claiming that the total outlay would be \$25,000,000. The debate looks good for another day.

TAPT RECEIVES PRINCE.

Washington, D. C., April 28.—Prince Tsai Tao, minister of war, uncle of the Chinese Emperor, arrived to-day. He was met at the railway station by Chandler Hask, third assistant secretary of state, and by other officials of the state department and a troop of cavalry. The prince went direct to the Chinese legation, where he was received and entertained by Shang Yin Tang, Chinese minister. He made a formal call upon Secretary of State Knox, and a hour later the visit was returned by Knox. The prince and his entire retinue were accompanied formally before President Taft this afternoon, and the prince and two secretaries will dine at the White House to-night.

Leonard Frank, of Alberni, is in the city, as news of the Express hotel. Mr. Frank is now busy getting out a series of photographs to illustrate the transit of Post Alberni, which is to be put on the market in a few days by Albert Carmichael.

It is rumored that the government will, early next week, give an answer to the petition for the appointment of a royal commission into the methods of construction of the Smith's Hill bridge.

KILLS TWO MEN.

Miner Killed by Fall From Train, While Fleeing From Officers.

Whiseling, W. Va., April 28.—After running amuck and killing two men yesterday, a miner, while fleeing from the authorities, fell from a freight train here this afternoon and was killed.

ALLEGED "WIRE TAPPER."

San Rafael, Cal., April 28.—Attorney Otto Wise, representing Frank McSherry, accused of having operated a "wire tapping" bunco game at San Rafael, to-day petitioned Judge Lennon for an injunction to prevent the case from going to trial in a change of venue. The attorneys declare that their client cannot hope for a fair trial in view of disturbed conditions here following the grand jury investigation yesterday of alleged irregularities of a wire-tapping game, of which it is charged, McSherry was a member.

NOMINATED FOR U. S. SENATE.

Indianapolis, Ind., April 28.—John W. Kern, vice-presidential candidate with Bryan in 1896, was nominated to-day as candidate for the United States senate by the Democratic state convention.

NAVAL BILL IN SENATE

(Special to the Times.) Ottawa, April 28.—The senate held the first morning sitting to-day, taking up the debate on the naval bill. The senate committee on civil service administration has reported strongly in favor of a system of superannuation on a five per cent contribution basis, 70 years to be the age limit.

BOUNDARIES OF MANITOBA DISCUSSED

Sir Wilfrid Laurier Tells of Conferences Regarding the Proposed Extensions

Ottawa, April 28.—The matter of Manitoba's boundaries was discussed in the House yesterday. A Haggart, member for Winnipeg, introduced a resolution which reviewed the negotiations between the federal and Manitoba governments with respect to the extension of territory; the main resolution being as follows: "And be it further resolved that whereas, notwithstanding the extension of territory above described, the ungranted lands of the crown in the territory so added to the said province will still continue to be administered by the government of Canada for the purposes of the Dominion; and the said province will not have the public lands as a source of revenue, it is just and equitable to recognize the increased cost of civil government which such extension of territory will occasion to the province, and in view of the promises to make the said province an increased allowance by money payment, the amount of which should be the subject of negotiations between the government of Canada and the government of Manitoba."

Sir Wilfrid Laurier, who replied, complained that Mr. Haggart had brought the question up in the wrong way. An alternative motion to that to go into supply could not be amended, and therefore, the government could not accept the amendment which might contain true statements. He wondered why Mr. Haggart had not placed a motion on the order paper at the beginning of the session, so that the matter of Manitoba's boundaries might have been thoroughly discussed.

The Premier said that everyone agreed that Manitoba's boundaries were too restricted, but, unfortunately, in the first instance that province demanded excessive extensions. In 1904 a conference of Saskatchewan, Ontario and Manitoba, the provinces interested, was held, and as a result the government decided to give Manitoba the territory lying north of the present northern boundary to Hudson's Bay. As to extension eastward there was a difference between Manitoba and Ontario, the latter contending that the boundary should be the Churchill river, while Manitoba asked that her eastern line clear the head of Lake Superior. A compromise was effected and endorsed by a resolution of parliament. To compensate Manitoba for the increased cost of civil government of the new territory, the federal government offered to make Manitoba an allowance, the sum to be decided by negotiation. Accordingly, added the Premier, he had sent to Premier Roblin in February last year a draft bill setting forth the foregoing arguments, the bill to be passed by parliament upon its acceptance by the Manitoba government. Following this a conference had taken place in Ottawa between the Premier and Messrs. Rogers, of Manitoba, and the Manitoba government. These gentlemen after the conference had failed to come to a conclusion, gave out what they conceived to be a report of its proceedings, in which they stated that Sir Wilfrid Laurier had offered them the sum of \$10,000 yearly as compensation for the province. On his attention being called to this, Sir Wilfrid Laurier contended that in the beginning Manitoba had undoubtedly asked too much, and what had been decided upon in the resolution passed by the federal parliament was all that could be reasonable done. He objected, however, to Manitoba saying to the government, "Bring in a bill and we will then either accept or reject it." The Premier concluded by intimating that it might be possible to come to an agreement if another conference were held.

EXPEDITION TO MOUNT MCKINLEY

Will Settle Claims Made by Dr. Cook and the Fairbanks Party

Seattle, Wash., April 28.—One of the many Mount McKinley expeditions that have sprung up in mushroom fashion since the Dr. Cook controversy, has left Seattle on the revenue cutter Tahoma. The expedition is financed by the Portland Oregonian and the New York Herald, and its stated object is the ascent of Mount McKinley to prove or disprove the climbing of the highest peak in America by Cook and by the Fairbanks party.

OPPOSE RIGID AIRSHIP

German Army Officers Regard Zeppelin Type as Too Unreliable

Berlin, April 28.—German aeronauts are asking whether the destruction of the airship Zeppelin III, at Wellburg will prove a fatal blow to the school of rigid airship construction.

There has been manifested lately a disposition in army circles to oppose further purchase of airships of the Zeppelin type, on the ground that they are too unwieldy to meet varying conditions of actual service. In the latest accident it was noted that the crew of several hundred men under experienced officers was unable to keep the enormous framework from blowing away, whereas the ship of the non-rigid type could have been deflated and saved.

The Zeppelin craft has enjoyed marked preference in the German army, owing to the personality of the inventor and the personal support given him by the Kaiser. Lately, however, aeronauts have been inclined to the adoption of a more elastic and more easily managed type. This latest accident lends argument in favor of such a change.

The Chamber's Ointment is a certain and guaranteed cure for every form of itching, bleeding and protruding piles. See testimonials in the press and your neighbors about it. You can use it and get your money back if it fails. Sold at all druggists or J. H. CHAMBER, BATES & CO., Toronto.

TUMOR OF YEARS GROWTH

Removed by Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth in the uterus. The doctors said it was a tumor, and could not be removed, as it would cause instant death. They found that other organs were affected and said I could not live more than six months in the condition I was in. After I came home I saw your advertisement in the paper and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to suffering women."

Mrs. ORILLA BRADLEY, 284 Johnson Ave., Winnipeg, Manitoba.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy—tumor. If you have mysterious pains, inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills.

UNITED STATES POSTAL SAVINGS BANK BILL

President Taft is Anxious to Have Measure Passed During the Present Session

Washington, D. C., April 28.—With the possibility of congress adjourning soon after June 1st, President Taft is attempting to get action on the postal savings bank bill, which appears to have struck a snag in the House committee. The president is confident a railroad bill will pass and hopes the withdrawal and injunction bills will be enacted.

He is anxious to see the postal bank bill passed and will try to obtain action upon the statehood bill. The president has told friends that he considers the postal bank bill necessary to uphold the platform promises. He is reported to have intimated plainly that if the House regulars blocked its progress, votes could be gained for it among the "insurgents" and the Democrats.

It is expected that as soon as the vote is taken on the railroad bill, House Republicans will hold a caucus upon the postal bank bill and the standard measure.

INVESTIGATION INTO ALLEGED COTTON POOL

U. S. Department of Justice Denies It is Attacking Any Cotton or Produce Exchange

Washington, D. C., April 28.—The department of justice has issued the following announcement:

"The action of the government in instituting the New York investigation of the alleged cotton pool, should not be construed as a legitimate attack upon the operations of any cotton or produce exchanges throughout the country. The proceedings, being before the grand jury, cannot be discussed now."

The federal grand jury at New York has been investigating charges against the so-called cotton pool and dozens of witnesses have been examined by the government attorneys. Books and papers of investors have been examined and there have been rumors that the grand jury will call the directors of the cotton exchange.

There was a general feeling on the cotton exchange that while the witnesses have been called to testify in the action of the government against William F. Brown, F. Payne, of New Orleans; James A. Patten, of Chicago; and Eugene P. Seales, of Texas, on a charge of "alleged conspiracy to advance the price of cotton futures in violation of the law," the real plan of the government is to put the cotton exchange out of business.

It was been charged by brokers that the present action of the government is political, pure and simple; that the cotton industry is to be made the butt because it lies in the south.

AROUND THE CIRCLE

Some years ago Edwin L. Sabin, the well-known writer, in search of new material and of pleasure boat, leisurely toured the Colorado Rockies, and because of the fact that no portion of the journey was covered twice, described it as "Around the Circle." His story has been very beautifully illustrated, printed in pamphlet form and is being distributed by the passenger department, Denver & Rio Grande Railroad Company.

LOSES HIS LIFE

San Bernardino, Cal., April 28.—The banks of the Colorado river are being patrolled to-day in hope of finding the body of Loren Mann, drowned while attempting to swim the river to save ferry toll. Jeff Velder, his companion, was saved from a like fate by William Sweeney, a ferryman. Mann's home was in Independence, Ind.

JUDGE LAMPMAN'S REPORT.

The Attorney-General exercised his unincumbered powers first in limiting the scope of the Royal Commission on police matters and then called into action his editorial quill upon the report of the commissioner.

ENDORSES CANADA'S POSITION.

It is pleasing to observe that some of the American newspapers, and they are journals whose opinions are of unquestioned value, take a sensible view of the question of the embargo placed by some of the provinces of Canada upon the exportation of pulp wood from Crown lands.

lands of Ontario and Quebec and by the greed of a pampered trust."

MAN'S WONDROUS WORKS.

The science of air navigation is making progress. In flying from London to Manchester M. Paulhan of France has not only established a new record. He has won a handsome prize.

Our mainland friends are not displaying a very becoming spirit upon the matter of the location of the provincial university. With them it is not a case of establishing the institution at the most desirable point, but of having it anywhere except near Victoria.

It is surely time for the provincial game warden or his deputies to become active in the discharge of their duties when women take to the woods with guns for the purpose of potting grouse.

We are interested in the fact, whether common people are or not, that all the members of the Laurier party to visit the coast this coming summer were newspaper men before they fell from grace and rose to the eminence they now occupy.

The people of the West, unless something unforeseen occurs, will have an opportunity of welcoming the Prime Minister of Canada during the summer. It is expected that Sir Wilfrid will be accompanied on his tour by two of the most talked of and most popular members of his administration.

A year or two ago Canadians were wondering how long it would be until the trade of their country reached the five hundred million dollar mark. It is estimated that during the current year it will reach eight hundred million dollars.

Death is gradually depleting the ranks of the sturdy old pioneers who in their day and in their own way rendered signal service to the community in this portion of British Columbia.

Occasionally a philosopher rises from his chair to expound the evils inherent in the party system of administration of the affairs of a nation. It is easier to criticize the system, however, than to substitute something better in its place.

that party, into which all the elements became practically merged under John Redmond. But the Nationalists are again divided into two camps.

The Lords have made obedience to the will of the people. They have made what amends they could. The budget of 1909 has been accepted without amendment and without audible murmur.

PERSONAL.

E. G. Reid has left for Stewart and Prince Rupert on a business trip.

Mrs. W. A. Gleason, of 1405 Vining street, will receive to-morrow afternoon.

W. F. Teetzel has been appointed government agent at Nelson, in succession to Harry Wright, M. P. P.

Joseph Martin, M. P., writes friends here that he is coming out to British Columbia as soon as the Imperial House rises.

Miss Ada D. Spencer has returned from Vancouver, where she has been visiting friends for a few days.

Mrs. Tallman, of Tacoma, who sang so acceptably at last night's concert, is the guest of Mr. and Mrs. Gilden Hicks while in the city. She leaves for home this evening.

Rev. J. G. Shearer, secretary of the Moral and Reform Council of Canada, will be in the city on Tuesday next and arrangements are being made to have him speak while here on the subject of the Miller anti-gambling bill.

DR. HYDE'S BONDS HAVE BEEN REVOKED

Attorneys for Defence Abandon Their Efforts to Secure a Change of Venue

(Times Leased Wire.) Kansas City, Mo., April 28.—A wide latitude will be allowed the prosecution in its introduction of evidence in its attempt to prove that Dr. B. C. Hyde is guilty of the murder of Col. Swope.

It has long been the practice of attorneys for the defence to do things almost criminal in this case, said Judge Lathshaw, overruling the objection. "The notes of the grand jury proceedings have been found in your possession. You have no cause for complaint of the methods employed in this trial. There will be wide latitude in the admission of evidence."

Hyde's perpetual smile and his usual jocular comments were missing to-day after he had spent a night in jail because of the revocation of his bonds last night.

Judge Lathshaw is using every endeavor to prevent the jury from learning that Hyde's bail has been cancelled, fearing that it may tend to influence their verdict.

The defence, which has been endeavoring to secure a change of venue on the ground that Hyde cannot receive a fair trial, owing to the publicity given the case, and the animosity which they claim prevails against their client, to-day abandoned their efforts to secure the transfer of the case to another court.

Tom Swope testified that on the night of December 15th, he saw Dr. Hyde, while near the Swope home, drop something and step on it. After Dr. Hyde had gone the witness said he picked up the object and discovered it to be a crushed pill box in which were two capsules. He said that the odor of the capsules was similar to the odor of the cyanide of potassium capsules produced in evidence by Druggist Becklein.

TRIAL OF HEINZE

New York, April 28.—Judge Hough to-day ruled that evidence pertaining to the condition of the Mercantile bank in August, 1907, is admissible in the trial of F. Augustus Heinze, charged with overcertification of checks. The ruling is considered to be a severe blow to the defence.

Hough further ruled that the government must show the effect on the bank of loans alleged to have been made to Otto Heinze in the course of the day.

In the course of the day Cashier Emil Klein, of the bank, testified that several times in August, 1907, the bank's cash was placed below legal requirements because of loans made to Heinze & Company.

Klein further testified that Augustus Heinze borrowed half a million from the bank on October 14th, 1907. He gave a demand note for the sum. The money was turned over to Otto Heinze & Co., a firm controlled by his brother, which, Klein said, was then manipulating pool in United Copper.

Klein said Augustus Heinze then had a balance of \$9,917 in the bank and that the Otto K. Heinze Company owed the bank \$25,000 and deposited United Copper and American Ice stocks as collateral. The value of this stock, he said, was problematical.

Extraordinary Bargains in Belts for Ladies

Sixty Dozen Which Were Slightly Soiled in Transit, on Sale, Friday. Regular Values \$1.00 Up to \$1.50, Your Choice for 25c

We have just received a shipment of Ladies' Belts. These embrace a shipment which got slightly damaged while in transit, consisting of sixty dozen. They are all the very latest styles, including fine embroidered silk and tinsel in all colors such as pale blue, purple, green, gold, etc.

Half Price Sale of Dress Goods, Silk Remnants

You can certainly make substantial savings here Friday on Dress Goods and Silk Remnants. Every little while we are left with odd lengths, these being the remainder of the bolt after cutting, and in order to make a clean sweep of them we have, for Friday only, marked them down to exactly half.

Special Line of Men's Suits at \$10

\$10.00 is a very small price to pay for a good serviceable suit. Nevertheless you can get a splendid wearing and stylishly made suit at this store for \$10.00 that would really cost you elsewhere the sum of \$15.

Special Purchase of Fancy Battenberg Scarfs and Centre Pieces Goes on Sale Friday at Next to Half Price

Our buyer, who is at present abroad, was fortunate in picking up a splendid assortment of Fancy Battenberg Scarfs and Centre pieces at just half what we would usually have to pay for them.

Battenberg Scarfs, Reg. \$1.25 for 75c

At 75c the values are exceptional indeed, consisting of beautiful Scarfs and Squares. These are in many very handsome designs, with drawn-thread centres, edged with exquisite patterns of Battenberg Lace.

Fancy Centre Pieces, Reg. \$1.75 for 90c

This assortment will appeal to all those in need of a nice Centre piece. They are of drawn-thread with edging of fancy Battenberg. These are 36 in. wide. At this price they are unequalled.

Fancy Battenberg Squares, Regular \$3.50, Friday, \$2.00

This is where a clear saving of \$1.50 can be made. These are made of exceptionally fine linen with drawnwork edged with exceedingly fine lace. Size 30x30. Regular value \$3.50. Friday \$2.00

Battenberg Squares, 30 x 30, Regular \$2.50, Friday, \$1.50

It is really surprising what \$1.50 will do here Friday, that is to say in the matter of purchasing a fine square. These are trimmed with lovely lace edges. Sizes 30x30. Regular \$2.50. Friday \$1.50

A Most Charming Array of Beautiful Waists Shown at \$1.25, \$1.50, \$1.75 and \$2

At these four prices we are showing an exquisite array of Waists. There seems no limit of the skill of the designers, for each year opens to view something new, more beautiful than ever.

LADIES' WAISTS AT \$1.25—A beautiful style, made of fine white lawn, all over embroidered front, collar edged with fine lace, long sleeves with rows of lace insertion and edged with same.

LADIES' WAISTS AT \$1.75—Made in latest tailored effect and Russian blouse effect, detached collar, clusters of fine tucks down front.

LADIES' WAISTS AT \$1.50—Made of fine white mull, all over embroidered front, sleeves are made in new style effect with cross bars of lace insertion. These are extra special values.

LADIES' WAISTS AT \$2.00—Made of very fine linen, with clusters of narrow and wide tucks down front, collar is detachable, attached laundered cuffs, open down front.

Fifteen Dozen Men's Straw Hats Go On Sale Friday at Extra Special Prices. Regular 75c to \$2.00, for 50c

STRAW HAT weather is here. We are also here with an extra large stock of the very latest styles. These are mostly manufacturers' samples, some of which have got slightly soiled through being handled.

Cut Glass Fruit Bowls Marked Temptingly For Friday. Reg. Value \$6.75 For \$3.50

Our Broad street windows are reflecting some extraordinary values in Cut Glass. Especially noteworthy is the line which usually sells for \$6.75. These consist of 8-inch bowls, 4 inches deep.

Cut Glass Fruit Bowls, Regular \$10, Friday, for \$5.75

They are extra heavy, are cut extra deep, and will prove a most profitable surprise to all purchasers Friday. The regular selling price was \$10. Friday \$5.75

Sugar and Creams, Regular \$5 per Pair, for \$3.50

What is nicer than a piece of beautiful glass on the table? And at such a low price as we are offering them on Friday gives everybody an equal opportunity of having a beautiful Cut Glass Sugar and Cream on the table.

Ladies' Drawers, Regular 25c, To-day, 15c

At 15c we are showing a very fine line of Ladies' Drawers. These are made of fine quality cotton, with wide frill, tucked and hemstitched. If sold in the ordinary way the price would be, per pair, 25c, but to clear these away quickly to-day we have priced them at, per pair, 15c

You Can Furnish Your Verandah or Porch at Less-Than-Ever Prices Sea Grass and Rattan Chairs at \$2.90 and \$3.90

When down town do not overlook our Broad Street windows. It will pay you to make a special trip around the block, just to see the splendid values we are offering in Grass and Rattan Chairs. These have only been taken from the cars during the last day or so.

Stage will start running Sunday, April 24th, 1910. Round trips 75c. Single trips 50c. Leave Pacific Transfer Stables 9 a.m. every Sunday.

MOTHERS AND FATHERS, have your children get a photograph of you? Is it right for parents to risk their children not having a photo to remember them by later when they are gone? For them try Foxall's Studio, 1111 Government street.

Don't put up with it—Leaky hose is detestable, better get a new one. They are cheap at our place. Good three-ply rubber hose from \$5.50 to \$7.50 per 50 feet complete with couplings. R. A. Brown & Co., 1302 Douglas St.

We will give one package of White Swan Washing Powder free with every one dollar purchase of White Swan Soap. Patronize home industry. E. B. Jones, Independent Grocer, corner Cook and North Park Streets. Phone 712.

Campbell's Stain and Floor Finish is the most durable finish for floors and surfaces that are walked upon. Made transparent and in colors imitating natural woods. Bonness, Broad street, upon request will show a sample of old flooring coated with this finish. It wears longer than regular floor varnish.

Here's an excellent opportunity for those anxious to secure a launch for the regatta on the 24th of May. Davies & Sons are going to auction on Saturday, 20th inst., at 2 p.m., at the causeway, a splendid 18 ft. 6 in. launch, beam 4 ft. 6 in.; equipped with 7-horse 4-horse power engine in perfect working condition. Launch has top with glass front. A smart design and a speedy boat.

A building permit has been granted to Asa Dillon for a house on Graham street. The house will contain five rooms and cost \$1,200.

The large masses of wallflowers in front of the Empress hotel are being much admired by visitors. They make the whole neighborhood delightful with their sweet odor.

A permit was issued yesterday by the building inspector to Nicholas Bertucci for the erection of a stable and shed on Gladstone avenue, to cost \$900.

A meeting of the Young Woman's Club of the Metropolitan Methodist church was held last evening in the schoolroom, and a most enjoyable time was spent. The members were out in large numbers to witness the candy-making demonstration given by Mrs. Siddall.

On Saturday evening at 8 o'clock a meeting of those interested in the boys' field meet, to be held at Oak Bay on Saturday, May 7th, will be held at the Y. M. C. A. rooms, Blanchard street. All those on committees are especially asked to attend.

FLASKS FOR FISHERMEN

There has been already quite a big demand for our "Scotch" and Brandy Flasks. It is very evident that we have been "Advertised by our loving friends," as Shakespeare hath it. One wise fisherman has told another of the superior quality of the liquor found in our Special Flasks.

Quality can always be depended upon here. So also can price, the lowest possible for the best brands. If not as we say, money cheerfully refunded at any time.

METHODIST W. M. S.

The B. C. branch of the Methodist Woman's Missionary Society will hold its annual meeting in the Metropolitan Methodist church on May 4th-5th-6th. Rev. James Allen, superintendent of missions of the Methodist church in Canada, will speak at the evening meeting on May 6th. On the evening of May 4th Mrs. David Spencer will give a reception at "Lan Derwyn" to the delegates and members of the local branch.

At to-morrow evening's meeting of the streets, sewers and bridges committee of the city council, City Engineer Smith will submit a further report on the scheme for the improvement of the trunk roads of the city. He has prepared a list of the main arteries and made recommendations as to the class of material to be used in the improvement. He favors asphalt for a number of streets on those sections lying within the city limits.

CAST FOR "OUR BOYS"

When the High School Alumni produce the celebrated English play, "Our Boys," next Saturday night at the A. O. U. W. hall, Victorians will have an opportunity of criticising from a professional standpoint the playing of the various persons appearing in the three acts, as the majority of the players have been acting in amateur theatricals of some sort for the past ten years. It is the intention of the Alumni to form an amateur theatrical company, and with the addition of those other ex-high school members who have acted both as amateurs and professionally, no doubt Victoria will have an excellent amateur company ready to place its services at the disposal of any deserving charity object.

Following is the cast for Saturday night's performance:
Sir Geoffrey Champneys—Edward Sears
Talbot Champneys (his son).....P. O. Bannerman
Perkyn Middlewick (a retired buttermaker).....Adair Cars
Charles Middlewick (his son).....W. H. Miller
Kempster (Sir Geoffrey's man-servant).....R. McKay
Poddles (a butler).....A. N. Other
Violet Melrose (an actress).....Miss Mabel Cameron
Mary Melrose (her poor cousin).....Miss Olive Grant
Clarissa Champneys (Sir Geoffrey's sister).....Miss Violet Dale
Belinda (a boarding house slave).....Miss Rene Nason

FIFTH MARCH OUT

Last night the Fifth Regiment, C. G. A., had a march out and parade, in command of Lieut.-Col. Currie. Led by the band the regiment paraded from the drill hall by Government street to Yates street. The men presented a fine appearance.

The executive of the Vancouver Industrial Development League is meeting this afternoon with C. C. Chapman, Portland, who handled the league's advertising so successfully in the past year.

The provincial executive declines to sell the site of the Vancouver court house, which that city would like to convert into a park nor will it exchange the site for other civic property, which alternative the Vancouver authorities suggested.

The social and dance which the Ladies of the Maccochees had arranged to be held in room 3, A. O. U. W. hall, has been postponed unavoidably until Monday, May 9th. The ladies wish those who have received invitations to refer to those from whom they have received them.

To-morrow evening Rev. T. W. Gladstone will give his celebrated lantern lecture, "Down the Stream of Time, or Landmarks of English History in Legend and Picture," in the Spring Ridge Methodist Sunday school, under the auspices of "The Try Company."

Angus Smith, city engineer, is studying the dust problem as it presents itself in Victoria, and will shortly make a recommendation to the city council. It is anticipated that some experiments will be made with crude oil, which has been used with great success in a number of the cities in California and other points on the Coast.

This evening Miss Bessie Livingston, of Vancouver, who is said to be one of the foremost specialists of the day in the woman's work in the world, will address a public meeting at Metehosin on the topic "Women's Institutions and Their Advantages." She will also speak at meetings to be held at Sooke to-morrow evening and in this city on Saturday night.

This evening at 8 o'clock the Foresters' fife and drum band will give its initial concert in the A. O. U. W. hall. The programme which has been prepared is an excellent one. Many of the leading local artists will be heard in vocal and instrumental selections. The members of the band are looking for a large attendance.

R. Marpole, general executive assistant of the C. P. R., came over from Vancouver last evening in company with J. McDonnell, contractor for the Alberni branch of the E. & N. railway. The latter proceeded up the line this morning. Mr. Marpole is in the city on some private business and will return to the mainland to-night.

The first batch of Salvation Army immigrants to locate in C. P. R. lands on Vancouver Island are expected in June. This statement was made to the Times this morning by H. E. Beasley, superintendent of the E. & N. Railway Company. He had no information that a party would arrive sooner, as had been reported. C. H. Hardy, of Parksville, has been awarded the contract for the erection of the first of the houses required at French Creek, near Nanaimo.

When the rector of St. James, P.O., Eng., announced the bans of marriage between a young couple, the father of the young woman rose and said in a loud voice, "I forbid the bans." At the close of the service the father and his wife explained their objection.

IN PRAISE OF THE EMPRESS

VISITING HOTEL MEN SINGING ITS PRAISES

Delegates to Convention of Hotel Men's Mutual Benefit Association on Brief Visit

"If the C. P. R. lost half a million annually in maintaining this hotel it would still be a paying proposition. As an advertising feature for the railway system it is of incalculable benefit. This is one of the finest hotels of the type in the whole world. We are immensely pleased with it, and have prolonged our stay in Victoria in consequence."

Thus spoke this morning to the Times Henry J. Bohn, chairman of the Hotel Men's Mutual Benefit Association, which has just concluded its thirty-fifth annual convention in Los Angeles. A party of forty-two members of the association came through to Victoria and quartered at the Empress hotel. So enamored were they of this famed hostelry and the city that they decided to stay a day longer than was the original intention. In order to make train connections at Vancouver the major portion of the party left last evening, but fifteen of the members remained to take the afternoon boat to-day.

Mr. Bohn, continuing, said: "We had only intended to stay a day here, but discovering this fine hotel, of which we had heard much in our travels, we simply had to stay over. Victoria will get a fine advertisement for this hotel. Its business will constantly increase. It is a great asset for the city. Good hotels attract good people, and many men of financial means will no doubt come here for a rest and remain to invest."

When the party arrived yesterday they were met at the steamer by a reception committee of local hotel men, consisting of Messrs. B. M. Humble and H. B. Jackson, of the Empress; Stephen Jones and Thos. Stevenson, of the Dominion; J. Virtue, of the Oak Bay hotel, and R. Lowe, of the Briard. The visitors partook of luncheon at the Empress and afterwards went for a tour of the city by motor cars. In the evening the local proprietors entertained them to a banquet at the Empress hotel.

CANADIAN RUNNER GOES TO ENGLAND

Cotter, Winner of Hamilton Marathon, Will Start in May Race

When the first annual Brantford to Hamilton Marathon race was put on last year, under the auspices of the Hamilton Spectator, the Canadian sporting world was startled with the announcement that the Spectator would send the winner of the big race, which is regarded as the Canadian championship long distance event of Canada, and the winner as the Canadian champion, to Athens, Greece, in the spring of this year, to compete in the historic Olympic Marathon, which was to have been held this month, and which brings back profound memories to Canadian from the fact that Billy Sherring, the little Hamilton runner, brought such fame and honor to Canada by his victory from the cream of the world in 1906.

Unfortunately, owing to internal troubles in the country, the Olympic games have been called off, and as a result, Eddie Cotter, the Burlington boy, who won the first annual Brantford to Hamilton race, which is held to change his plans, although he will secure a nice trip at that, as he will be one of the starters in the big English Marathon to be held over the historic Olympic course on May 21st, under the auspices of the Polytechnic Institute Harriers, of London. As a result of the manner in which the English authorities have greeted the announcement of the entry of the Canadian champion in the big race, and also because of the fact that the Spectator never does anything by half, it has been decided that the winner of the Brantford to Hamilton race, which is an annual affair, to be held on May 24th of each year, will be sent to England for the English Marathon at the expense of the Spectator.

This means that the winner of each year's race will represent the Hamilton Spectator A. C. in England the following year, being sent across the pond in time to give him two solid weeks in England before the English race, and allow an enjoyable sojourn in the old country after the Polytechnic Marathon. All his expenses will be borne by the Hamilton newspaper, although no provision will be made to send a trainer or companion along with the runner, who must provide this for himself. In case the winner does not care to take the trip, or is unable to do so, he will be awarded a suitable trophy, equal to the value of the trip.

Along with this reward will go to the winner the handsome perpetual trophy which is being prepared, and which will be the most valuable athletic trophy ever presented to Canadian athletes, and to be known as the Spectator Marathon trophy. In addition to a handsome gold medal of the regular Marathon commemorative pattern issued last year. The Marathon trophy will only be retained by

LACROSSE TEAMS MEET SATURDAY

First of Exhibition Series—Victoria West and Cloverdale Play

The first of the exhibition series of the Victoria Lacrosse League will be played on Saturday afternoon at the Royal Athletic park, when the Victoria West and Cloverdale teams meet.

With practically no other sporting attraction for the afternoon, the lacrosse clubs will have an opportunity to draw a big crowd, and the big crowd will doubtless embrace the opportunity of getting a line on these two clubs and the players for future reference.

Outside of club practices, the Victoria West and Cloverdale teams have not been able to do anything towards getting into shape.

The Cloverdale line-up will be: Goal, Allen Clarke; point, J. J. J. J.; cover point, S. Redgrave; first defence, L. Redgrave; second defence, R. Owen; third defence, E. Harris; centre, Leo Sweeney; third home, C. Carr; second home, Young; first home, F. Julian (captain); outside home, Hancock; inside home, Dempster, Reserves, Taylor and Thrall.

Victoria West team will be selected from the following: Hand E. Campbell, S. O'Keil, J. Bailey, P. Wilson, Cand H. Brown, Adam Corke, Prevost, A. Clegg, J. McLaughlin, Jenkins, Rowatt, Moss, Semple and Stevens.

ATHLETICS

Y. M. C. A. JUNIOR MEET.

Officials for the Y. M. C. A. Junior meet to take place on May 7th have been selected. They are as follows: W. N. Mitchell, W. Long and C. A. Fields, Judges; A. J. Brace, referee; Brook Vato, starter; John P. Sweeney, announcer; W. J. Shortt, trainer, and C. Betterton, scorer.

ASSOCIATION FOOTBALL

ENGLISH V. SCOTCH.

Still another soccer football match. The English and Scotch teams will meet on Saturday at Oak Bay. Samuel Duffy will band together the Englishmen and select the team, while the Scotchmen will be organized by J. Sullivan, of the Foresters' Football Club.

The Turkish minister of war has ordered that a certain number of forks shall be issued to all barracks for the convenience of soldiers at meal time.

PARAGRAPHS ON SPORT

The British Columbia Amateur Athletic Union, Vancouver branch, has decided that amateur increase clubs may play on the same ground the same day as that on which professionals play.

The same branch of the union has decided that another meeting must be held to come to a conclusion as to whether professional boxers can be given exhibitions at athletic club convener concerts. The following Vancouver athletes have been professionalized: Raftery, Newcomb, Rasmussen, Stephens and Wilby. The two latter, however, are only professionalized for three months.

The same union which previously agreed that soccer men should be allowed to meet next month, decided at its last meeting held this week that "as the matter will require careful consideration the officials will defer action until the next meeting."

Ald. Charles Welch of New Westminster has consented to manage the Royals again this year. His first action has been the inauguration of a fine of \$1 on each player who does not attend practice each of the three nights per week, unless there is a good and substantial reason forthcoming.

Charles Whyte, an eastern sportsman is named as the selection of both Jeffries and Johnson for the 4th of July fight. The articles call for a conference sixty days before the fight to name the referee. The referee must, therefore, be named by May 4th, and the announcement of Whyte's appointment is expected by New York and San Francisco sporting men early next week.

Abe Attell, the American featherweight champion, is to go ten rounds with Harlem Tommy Murphy at New York to-night, and to-morrow night Owen Moran, the Britisher, who has been handed several raw decisions at San Francisco, will fight Tommy Mc-

NEW OFFICERS FOR LAWN TENNIS CLUB

Cinder Court and Bowling Green Will Be Occupied Inside Two Weeks

The Victoria Lawn Tennis Club has elected officers for the year and the appointments are as follows:

Hon. president—His Honor Lieutenant-Governor Paterson.
President—James Dunsmuir.
Hon. vice-president—Edward Musgrave.
Vice-president—Judge Lampman.
Committee—Messrs. Alexis Martin, Marshall, Kirkbride, Jephson, Cambie and Dr. Nelson.

The lawn tennis club will soon be in active work, and next week play will begin on the one cinder court which is ready for operations, and is now being wired. The grass courts are making good headway, and by the time the season opens in Victoria will be in playing condition.

Bowling will be commenced on the bowling green on the grounds opposite the hospital the second week in May. The Victoria Tennis Club anticipates arranging matches between its bowling members and the lawn bowlers of Beacon Hill.

THE GUN. MAY COMPETITION.

Victoria gun clubs will hold a trap shoot during the time of the Victoria Day celebrations. The date will be either May 23rd or 24th, but as yet the details have not been arranged.

A search-light with power estimated at equal 35,000,000 candles has been turned out in Germany.

PUBLIC NOTICE

At the request of the High Commissioner for Canada, public notice is hereby given that, in future, persons naturalized in Canada who may apply to the Foreign Office in London for passports, will be required to furnish satisfactory proof, as well of their identity and nationality, as of their fitness to receive a passport.

The means for doing this are not always readily available when the applicants are at a distance from the communities in which they reside, and much inconvenience may thereupon ensue. It is therefore recommended that persons naturalized in Canada, intending to travel abroad, should, before leaving the Dominion, provide themselves with passports, which may be had on application to the Secretary of State for External Affairs, Ottawa, at a cost of two dollars each, irrespective of the number of persons included in one passport.

It is further recommended that, for obvious reasons, British born subjects residing in Canada, unless they possess ready means of establishing their identity and status in London, should also obtain their passports from the Secretary of State for External Affairs, before leaving the Dominion.

JOSEPH POPE,
Under-Secretary of State
for External Affairs,
Ottawa, 31st March, 1910.

Smokers' Requisites

WILL EXPLORE THE LONE NORTHLAND

Frank J. P. Crean Preparing to Continue Work North of Clear Water River

Edmonton, April 27. — On his way to the north land to continue the work of exploring the as yet little known portions of that country, Frank J. P. Crean arrived from eastern Canada, where he has been spending some months. He will start from here with his assistants and the necessary scientific equipment in the course of a few days.

Mr. Crean has but little to say with regard to his plans for this year's trip. In 1908 he explored a portion of Saskatchewan north of Prince Albert to the Churchill river and bounded on the west by the Beaver river, under the direction of R. E. Young, superintendent of the railway lands branch at Ottawa. Last year on a trip that lasted from June till December he explored a large area of the country west of the Beaver river and north as far as the headwaters of Churchill river.

In his trips of exploration Mr. Crean has made a practice of avoiding trails and water routes and investigating the conditions in the interior portions of the country where fur traders and private prospectors have never ventured. He has gathered information regarding mineral deposits, water power, timber resources, vegetable growth, game and fish, in addition to doing a great deal of survey work.

This year Mr. Crean will take up the work where he left off last fall. He will explore the country north of the Clearwater river, to which stream his explorations of last year extended. It is to the vacant spaces on the map that Mr. Crean will turn his attention with a view to furnishing the necessary data to make the map complete.

DALLAS ROAD SCHEME IS HEARTILY ENDORSED

Property Owners Decide to Petition City Council for Work of Local Improvement

Ald. Langley's scheme for the improvement of Dallas road received hearty endorsement at a meeting of the property owners along that thoroughfare held last evening at the Dallas hotel, and the necessary petition asking the city council to authorize the work of local improvement which is part of the enterprise will be forwarded in due course.

It was explained by Ald. Langley last evening that the local improvement work shall be made contingent on the property owners of the city passing a loan by-law which will be submitted, providing the sum of \$50,000 to carry out the proposed fore-shore protection. Towards this scheme the provincial government will contribute the sum of \$25,000. Almost immediately a conference will take place between Angus Smith, city engineer, and F. C. Gamble, chief engineer of public works, when details of the scheme for fore-shore protection will be decided upon. As soon as possible the by-law providing for the general improvement will be submitted to the people.

The pavement to be used is asphalt and it is proposed to install seventeen arc lights on poles of uniform character, similar to those which are to be erected along the Belleville street embankment. The lighting scheme will extend from the Dallas hotel as far as Beacon Hill park.

The principal wife of a great chieftain in the Solomon Islands, said Mr. Wheeler, at the School of Economics, London, is called Anasannama, which means she-whom-the-house-belongs. The people are very fond of singing and dancing, but the men and women never dance together.

CITY ENGINEER SMITH SUGGESTS IMPROVEMENT

Would Make Provision for Lanes in All City Blocks by the Expropriation Method

City Engineer Smith has forwarded a recommendation to the city council in which he sets forth strong reasons why all the city blocks should be divided up by lanes, and why all surveys and re-surveys should provide for this method of access. This report reads in part:

"The system is one employed in all up-to-date cities. Blocks in Prince Rupert, Moose Jaw, Edmonton and Regina are divided by lanes, and this method has been found of the greatest practical use. It has been proved that lots situated in blocks so divided bring a higher price. For fire protection purposes the lanes are of great value, for in the case of an outbreak the fire can be fought more successfully from two sides of a building. The sewerage system would have its entry by the rear part of buildings, and thus, when any break occurs it is not necessary to pull up the street in front of the houses. The same advantages hold good with water and gas pipes. The poles conveying electric light and telephone wires could be situated on the lanes and thus their unsightly appearance in the front of houses would no longer give rise to complaints. Garbage could be carted away directly from the back entrances to houses. Supplies of coal and wood, which are in many instances dumped in front of houses, would find their entry by means of the lanes in question. Groceries could be similarly delivered.

"There are many other reasons, all of an obvious character, why this system of providing lanes should be employed in Victoria. Cities of a much smaller population have adopted the scheme. It could be carried out here in the blocks already built by expropriation means at a comparatively small cost, and I am certain its beneficial results would be immediately felt and appreciated by the citizens."

THE RING.

LANGFORD AND KETCHEL.
Philadelphia, April 23.—Sam Langford, of Boston, and Stanley Ketchel, of Michigan, met last night in the arena of the National Athletic Club in a scheduled round bout. If anything, Langford had a slight advantage, but a draw would have been a fair decision.

After the first round both men fought viciously, Kitchel playing for the colored man's stomach, while the Boston fighter used a straight left, varied occasionally with a right uppercut. It was one of those damaging blows which caught Ketchel flush on the nose near the close of the third round, and started the blood flowing. Langford thereafter played for the damaged organ, driving his long left straight to the face repeatedly. This attack seemed to unnerve Ketchel, and he swung wildly many times at Langford. As the men circled, Ketchel's eyes were seen to be watering. There was no moment during the battle that he was not right on top of the Boston fighter, never allowing him to get set. This was the part of wisdom, for Langford easily blocked Ketchel's method of fighting puzzled Langford. Towards the close of the fourth round Ketchel appeared to be tiring, but he came back strong in the closing session, and appeared to have a shade the best of his opponent. Both men missed many blows, and the referee was forced to pull them apart nearly every time they rushed to a clinch.

JOHNSON IN CALIFORNIA.
Los Angeles, Cal., April 28.—Jack Johnson arrived here to-day. With Johnson was his wife, George Little and Mrs. Little, Sig Hart, Barney Furoy, Martin Cutler and George Colton. This is the party that will establish itself at Johnson's Seal Rock training camp where his actual work for the Jeffries fight begins. Johnson will go four rounds with one of his trainers at the Naud Junction pavilion to-night. He expects to leave for San Francisco Saturday or Sunday and to be in his training quarters soon after May 1st.

SHORT RATIONS.
Geological Survey Man Describes Privations of Frozen North.
"For five months we had to live on 100 pounds of flour, 40 pounds of hard bread, 50 pounds of tea, 4 pounds of salt and 18 pounds of tobacco. This was the result of our having struck a bad game country."

E. W. Brock, of the Geological Survey, recently received the above letter from V. Stefansson and Dr. Anderson, who have been on a scientific expedition into the Arctic regions for nearly two years. The expedition is being conducted under the united auspices of the Geological Survey and the American Museum of Natural History.

The letter that Mr. Brock received this morning was given to the captain of a steam whaler near Cape Bathurst, in the Arctic regions, last August, and only arrived in civilization after a journey of more than nine months.

The letter goes on to say that the 100 pounds of flour was all consumed in the first five days after the party, which consisted of five men, arrived in the barren and gameless waste of Victoria Land. Mr. Stefansson continues the narrative by describing the privations they had to endure, with little else than tobacco, salt and hard bread to live on.

"Finally, however," he concludes, "we came out safe, with our ten dogs fat and well."

Mr. Stefansson will remain in the Far North through the coming summer and the winter of 1910 and 1911. He will winter with the Eskimos, whose mode of living he is studying at the Copper mine. He will return in the autumn of 1911. Dr. Anderson will return this summer.

Japan prohibits children entering school until they are more than 6 years old.

DEATH SENTENCE PASSED ON WOLTER

Youth Who Murdered Girl in New York Will Be Executed at Sing Sing

New York, April 28.—Albert Wolter, convicted of the murder of Ruth Wheeler, was yesterday sentenced to be electrocuted at Sing Sing during the week beginning June 6th. Since the jury returned a verdict of guilty, Wolter has been waiting apparently unmoved for Judge Foster to pronounce the verdict. Yesterday he was taken to the court and Judge Foster delivered the sentence.

Ruth Wheeler, a young girl, according to the evidence, answered the advertisement calling for a stenographer. It is declared she went to Wolter's room. Her body was afterwards found mutilated and charred. Part of it was in a grate and a part on the fire escape outside his window. A woman who lived in his apartments told of having heard Wolter busy about the fire place on the night it was supposed the murder was committed.

Wolter's defense was an attempt at alibi. An appeal filed by Wolter's attorneys yesterday acts as a stay of execution of the court's sentence. Wolter will not be electrocuted for at least six months.

Wolter was taken to Sing Sing prison within an hour after being sentenced. The condemned youth was 18 years of age four months ago. He is the youngest American ever sentenced to death in the electric chair here.

PILES OR HEMORRHOIDS This Most Torturing Disease Invariably Yields to DR. CHASE'S OINTMENT

Piles and Dr. Chase's Ointment are connected in the minds of most people because this treatment is recognized as about the only actual cure for this annoying disease.

Until you have tried Dr. Chase's Ointment you will not believe how quickly it brings relief from the nasty, itching, stinging, burning sensations. It is just as sure to make a cure if you persist in its use. Naturally and gradually the ulcers in the rectum are healed and cured and life is again made worth the living.

It doesn't matter what the cause, Dr. Chase's Ointment will bring you relief every time, and that right quickly. Put it to the test and you will be able to write just as enthusiastic a letter as this one.

Mr. James Hurley, Prockshaw, Gloucester Co., N. H., writes: "I cannot find words of praise to express my opinion of Dr. Chase's Ointment. For thirty years I was troubled with itching piles and tried all sorts of remedies, none of which gave me more than temporary relief. What other treatments have failed to do Dr. Chase's Ointment has done. It has positively cured me of itching piles."

If you can get Dr. Chase's Ointment to-day you can make this your last day of suffering from piles. Should your dealer not have Dr. Chase's Ointment in stock write to us for a free sample box, or enclose 50 cents for a full size box, which will be sent post paid. No substitute will satisfy you if you realize the merits of Dr. Chase's Ointment. For sale by all dealers or Edmanson, Bates & Co., Toronto.

We Stand Apart With Prestige

Semi-ready has for years offered to men a tailoring service which is unique and unparalleled. From its very beginning—when clothing conditions were in a chaotic state—the Semi-ready system and quality has maintained a reputation and prestige that may be truthfully described as a thing apart.

Men can dress better to-day in a \$15 Semi-ready Suit than for \$25 in the pre-Semi-ready days. Semi-ready Tailoring has many imitators—but no competitors!

TRAVEL INCREASING ON PACIFIC OCEAN

Steamers to and From Australia Crowded and East-Bound Vessels From Orient Full

Travel on the Pacific has so far this year been very large. Arrivals yesterday on the steamer Ava Maru state that all the steamers leaving the Orient for this side are all crowded with passengers.

The Empresses are bringing large crowds regularly from the Orient and there is some travel even on the freighters of the Bank Line.

Both to and from Australia the travel has grown in a most remarkable manner. In previous years there has been very little movement before May

or June, but this past winter there has been no let up. The monthly sailings of the Union Steamship Company's vessels have been all well patronized, and now bookings have to be refused on the north-bound trip.

SKIPPER OF JESSIE IS SERIOUSLY ILL

Sealing Schooner Jessie Put Into Port Simpson and Captain Munroe Went to Hospital

(Special to the Times.) Port Simpson, April 27.—Sealing schooner Jessie put in from Dixon's Entrance to-day on account of the serious and sudden illness of Captain Munroe, who has entered the hospital here under the very able attendance of Dr. Richardson.

The Jessie, with a crew of 26, has been five months out from Victoria, and was en route to the Behring sea.

The schooner called on the West Coast a few weeks ago, leaving her skins, which she had taken off the coast of California, and taking on supplies for the northern run. Incidentally her Indians were given an opportunity to spend a week at their homes.

SHIPPING REPORT

(By Dominion Wireless.) Point Grey, April 28, 8 a.m.—Cloudy; calm; bar, 30.17; temp, 50.

Cape Lazo, April 28, 8 a.m.—Cloudy; wind N.W.; bar, 30.12; temp, 45; sea smooth.

Tatoosh, April 28, 8 a.m.—Cloudy; wind N.W., 5 miles; bar, 30.24; temp, 48; in steamer Henry 5.45 p.m.; in, two small steamers at 10.50 p.m.; in, barque Washington at 5.15 a.m.; in, 4-masted barkentine towing at 1.40 a.m.

Estevan, April 28, 8 a.m.—Cloudy; wind S.E.; temp, 45; sea smooth. Pachen, April 28, 8 a.m.—Overcast; calm; bar, 30.16; temp, 45; sea smooth.

Triangle, April 28, 8 a.m.—Passing showers; wind S.E., bar, 29.82; temp, 38; sea smooth; steam schooner fishing off here.

Point Grey, April 28, noon.—Clear; calm; bar, 30.25; temp, 57; passed in St. Denis 11.45 a.m.

Cape Lazo, April 28, noon.—Clear; wind S.E.; light; bar, 30.60; temp, 53; sea smooth.

Tatoosh, April 28, noon.—Cloudy; wind west, 10 miles; bar, 30.27; temp, 48.

Pachen, April 28, noon.—Cloudy; wind S.E.; bar, 30.22; temp, 51; sea smooth.

Estevan, April 28, noon.—Cloudy; wind S.E.; temp, 53; sea smooth.

Steamer City of Puebla is due from San Francisco late to-night with passengers and 118 tons of freight for Victoria.

Steamer Hazelton left Port Simpson early yesterday and arrived at Prince Rupert. The Port Simpson left later in the day.

Steamer Celtic King, Captain Humphreys, which left Pasagua March 30th for this port, passed up to Comox yesterday afternoon and will load coal for Nome. She is one of the Andrew Weir fleet.

MAY ABSORB MEXICAN LINE

TRANSPORTATION CO. FORMED IN VANCOUVER

Will Erect Elevators and Deal in Wheat, Lumber and General Merchandise

A big new trading company is being formed in Vancouver, capitalized at \$3,000,000, for the purpose of taking over the Canadian-Mexican line of steamers of erecting large elevators at Vancouver and of carrying on a large trading and transportation business from that point.

The Canadian-Mexican line under the new arrangement, it is understood, will cater particularly to freight business, making the carrying of grain and lumber south and the bringing back of freight by the Tehuantepec the principal features of their business.

MEN FROM PESCAWAHA TIRED OF SEALING

Two Scotch Laddies Led Captain Balcom and Constable Interesting Chase

Schooner Pescawha, when in port at Quatsino recently, was delayed some days through two members of her crew deserting, according to a story which was brought by the Tessa from that point.

At the Eastern port they were an hour too late to catch a steamer, and were waiting for the next, when surprised by Constable Sorensen, who had come across the trail at night with the aid of the light of a lantern.

Finding one's way in the northern woods is a difficult matter, and the Scotch boys found, for they lost themselves completely, and after long wandering managed to crawl back to Hardy Bay while the policeman, who had secured a launch to head them off, was on his way to Port Rupert.

They had a good sleep and then, deciding that life aboard ship was about as pleasant as it was in the woods, they returned to the Pescawha, meeting Capt. Balcom half way across the trail.

They had a good sleep and then, deciding that life aboard ship was about as pleasant as it was in the woods, they returned to the Pescawha, meeting Capt. Balcom half way across the trail.

They had a good sleep and then, deciding that life aboard ship was about as pleasant as it was in the woods, they returned to the Pescawha, meeting Capt. Balcom half way across the trail.

STEAMER ELLA BRINGS MANY PASSENGERS

Completing Last Voyage Under the Present Arrangement With Jesben and Ostrander

German steamer Ella, Captain Bruhn, arrived here this morning with 57 passengers, about half of whom went south on the steamer on the special excursion to Mexico and with over a thousand tons of European freight from Salina Cruz.

Among those coming north was Miss Agnes Robertson, daughter of Mr. and Mrs. Stuart Robertson, who went south on the Ella and spent some time with friends in Manzanillo.

She came as far as San Francisco, where she will spend a month with relatives before returning home. The following is the complete passenger list: E. Singleton, Mrs. E. Singleton, Mrs. A. F. Mullen, Frank M. Foulser, J. S. Johnston, H. C. Clarke, Dora Gladen, Jos. McCann, A. W. Graham, Mrs. Irene Sanford, W. A. Howell, Mrs. W. A. Howell, Arthur Hyslop, Fred Smith, Benjamin Willson, J. B. Peasley, Wm. de Moulin, P. N. Thompson, Jean Casaux, J. C. Cottial, Donald Keith, Leslie Keith, Mrs. Donald Keith, Mr. McNamara, W. Herbert, Mrs. W. Herbert, Victor Herbert, W. H. Scharringhausen, W. Scharringhausen, Fred Scharringhausen, Nicol Schmidt, John B. Mills, Agnes K. Mills, E. J. Clark, N. A. Johnston, James S. Gray, D. G. Monroe, J. H. Monroe, Mrs. E. Haughton, R. Axtie, Jr., M. S. de Axtie, Dolores Finajero, Charles Cowen, Alexander B. McMillan, John W. Bailey, Mike H. Sheehan, Edward V. Rolsley, George Brown, George Besette, E. Martin Webb, Thomas English, Mrs. Louis English, Hene English, Charles English, John Stone, Antony Christensen and Ralph B. Rogers.

GEORGE MARTIN
Vancouver, B. C., Financier.
H. CARSTENS
Seattle, Wash., Pres. Washington Fire Insurance Co.

The Pacific Coast Fire Insurance Co., of Vancouver, B. C., was incorporated by the Legislature of the Province of British Columbia in the year 1890, and about eight years ago came under the present control. During this period steady progress has been made in laying the foundation for a large and successful Fire Insurance Company.

The paid up capital has increased from \$37,000.00 in 1904 to \$230,000.00.

The Company is acting under a Dominion Charter and has an active organization throughout the Dominion of Canada as well as strong connections in the United States and Great Britain.

REGULAR DIVIDENDS HAVE BEEN PAID TO SHAREHOLDERS, AND IN ADDITION TO THESE SUBSTANTIAL BONUSSES HAVE BEEN CREDITED.

The Board of Directors of this Company is composed of eighteen of the leading business and professional men of the West, each of whom has made a success in his own line.

Up to the present, the stock of the Pacific Coast Fire Insurance Co. has never been offered to the general public, but has been confined to those in control. The Directors having, however, demonstrated that there is money to be made in the Fire Insurance business, are now convinced that a much greater success can be made with a larger capitalization and with the co-operation of the leading business men of the West.

Having therefore in view the making of the Pacific Coast Fire Insurance Co. one of the largest and strongest Fire Insurance companies in

Canada, the Directors recently decided to increase the capitalization from \$275,000.00 to \$500,000.00, and a considerable proportion of this new issue has already been taken up by leading business men of Vancouver and vicinity. The Directors of the Company have also recently subscribed for a large block of the stock. Only a limited amount of the balance of this stock will be offered in Victoria, as it has been decided to have business men of other sections of the Dominion participate where their influence will inure to the benefit of the Company.

That there is ample scope for the profitable investment in a strong Canadian Fire Insurance Company is shown from the fact that in the past ten years premiums amounting to about \$100,000,000.00 have been paid by Canadians to Companies incorporated outside of Canada. With sufficient capital invested in the business in Canada a great part of this money would have been kept in our own Dominion of Canada, and would have materially assisted in the developing of the resources of our own country.

THE PACIFIC COAST FIRE INSURANCE COMPANY HAS SEVERAL DISTINCT ADVANTAGES FOR EARNING A LARGER NET PROFIT THAN MANY OTHER FIRE INSURANCE COMPANIES AS SHOWN BY THE FOLLOWING FACTS:

Practically the same safe, careful and conservative management which has built up the British Columbia Permanent Loan Co. to its present commanding position controls the Pacific Coast Fire Insurance Co. From the one Company, the very nature of its Loan business (acknowledged by Fire

Insurance experts to be "The Cream of the Business") a large amount of premiums flow with an extremely low expense ratio to the latter Company. Again, the interest upon investments of the capital, surplus and reserves, is very nearly double that obtained by other Companies located in the East.

THE PREMIUMS PAID BY BUSINESS MEN CREATE THE PROFITS OF FIRE INSURANCE COMPANIES.

The Company particularly desires the co-operation of business men, who can, by the dividends paid and increase of value of stock, reduce or entirely eliminate their Fire Insurance expense.

About 600 shares of stock are now held in Victoria, and stockholders almost unanimously have signified their intention to take up their rights to subscribe to the new issue.

Mr. J. Spencer-Rogers, an Insurance expert who took a leading part in the organization of the People's National Fire Insurance Co., recently formed, has been secured to bring the capitalization of the Pacific Coast Fire Insurance Co. up to the \$500,000.00 mark.

Applications for stock will be filled in the order received, and in case of over-subscription stock will be allotted pro rata.

The Company reserves the right to reject wholly or in part any application for stock.

Enquiries for further details, price, and terms of payment will be furnished by

J. SPENCER ROGERS, Fiscal Representative, Empress Hotel, Victoria, B. C.

VICTORIES FOR ALBANIANS

FIVE HUNDRED MEN KILLED IN BATTLE

Hundreds of Turkish Troops Desert to Avoid Fighting Against the Revolutionists

(Times Leased Wire.)

Constantinople, via Philadelphia, April 28.—Continued victories on the part of the revolutionists over the Turkish soldiers sent against them are reported in to-day's dispatches from the province of Albania.

According to the latest reports, approximately 500 men have been killed and twice that number wounded, in the last 24 hours of fighting.

Great squads of Turkish troops have mutinied, and hundreds have deserted to avoid fighting against their fellow-countrymen, the Albanians.

The government is alarmed over the manifest unrest of the people in all parts of Turkey, and there is much danger of uprisings in other provinces.

The Young Turks' regime is in danger of complete overthrow as a result of the continued success of the loyalist soldiers in the field.

Prominent government officials are being carefully guarded for fear that attempts to assassinate them might be made.

The government is doing everything possible to suppress the publication of news from the front. All news dispatches are censored, and no code messages, other than those addressed to government officials are allowed to go over the wires.

The garrison in the southern part of Turkey is practically deserted, as all available troops are being rushed into Albania. The railroad lines running out of Constantinople are constantly patrolled by soldiers to prevent any attempt to destroy the tracks.

HAS A LUSTY SHOUT.

His Driver Woke the Echo—Chimneys Must Be Kept Clean.

Herman John Krumpf, bus driver for the Dominion hotel, was fined \$5 in the police court this morning for shouting to arrivals on the Princess Victoria at the C. P. R. dock. Krumpf said he possessed a loud voice and couldn't shout any quieter. He offered

to give a sample of his shout to the court, but the offer was not taken advantage of. The fine was paid.

John Creed, jr., Fernwood road, and William Irvine, 2524 Work street, were fined each \$15 for allowing the chimneys of houses occupied by them to remain uncleaned. Both defendants placed the blame on the chimney sweep and Irvine, who held that the fire department was paid to put out fires, was advised by the magistrate to go and tell the chimney sweep what he thought about it.

Quong Tie, a Chinese, was fined \$5 for selling fish on a stand on Fisguard street, and four drunks contributed.

PAULHAN MAKES RECORD FLIGHT

(Continued from page 1.)

Although the public was somewhat aggrieved because of Paulhan's seventy minutes lead in the race, both aviators declared to-day that the contest was honestly run. No unwarranted advantage was taken by either man, it is stated.

White, at the earliest opportunity, wired his hearty congratulations to Paulhan. The best man won, he said.

The "Mail" sent congratulations to Paulhan and White.

"Cordial congratulations to Paulhan, mingled with sincere sympathy for White, his gallant rival," the message read.

The story that the start, it was agreed, would not be made until to-day has been unofficially denied. It is now declared that the understanding was that the flight would start as soon as weather conditions were favorable.

At Litchfield the people refused to cheer Paulhan, but cheered White when Paulhan landed.

Paulhan averaged 44.4 miles per hour, and White 35.5. Both used Farman bi-planes, but Paulhan's was a racing machine and White's was not. Paulhan was in the air four hours and 11 minutes.

White Abandons Flight.

London, April 28.—(Later.)—Claude G. White, the aviator beaten by Louis Paulhan in his flight from London to Manchester, reconsidered his determination not to complete the flight and ascended at Polesworth at 5:02 o'clock this afternoon. White was forced to abandon his flight this morning when he struck adverse air currents at Polesworth. He was flying 200 feet high near the start and was making rapid time.

White encountered cross currents and landed at Hademore. He will not continue his flight.

OBITUARY RECORD

The remains of the late Thomas William Speed will be laid to rest in Ross Bay cemetery to-morrow afternoon. The funeral takes place from the chapel of the B. C. Funeral Company, Government street, at 2:30 o'clock.

Interment of the late Mrs. Elizabeth Butcher will be made to-morrow afternoon in Ross Bay cemetery. The funeral is to take place from the family residence, 215 Wilson street, at 2 o'clock, from where the cortege will proceed to the graveside. Rev. A. E. Roberts will officiate.

Word has been received in this city announcing the death at Seattle of Mrs. Eliza Adeline Whitworth, beloved wife of J. E. Whitworth. The late Mrs. Whitworth was a pioneer of the Sound metropolis, having arrived there in the early '60s from Iowa. She is survived by her husband, six sons and four daughters. One of the daughters is Mrs. C. V. J. Millar, of this city.

News of the death of Thomas Dixon Galpin on Monday last in London, Eng., at the age of 82 years, has just reached this city. Mr. Galpin, although never a resident of Victoria, invested heavily in real estate here and built many blocks, among them being the Land & Investment Agency, Challoner Mitchell, John Cochrane and the King Edward hotel. He also bought large tracts of land on the mainland, and owned several ranches there at the time of his death. The late gentleman was one of the founders of Cassell & Co., the publishing house at Toronto, and for many years acted as managing director of it. Two of his daughters reside here, one of them being Mrs. J. D. Prentice, wife of J. D. Prentice, formerly finance minister of British Columbia, and now managing the Western Canadian Ranching Company, and the other Mrs. C. A. Holland, wife of C. A. Holland, manager of the B. C. Land & Investment Agency.

YOUSSEFF MAHMOUT WINS.

(Special to the Times.)

Montreal, April 28.—By defeating Raoul De Rouen at Sohmer park last night Yousseff Mahmout, noticed up the first victory in the inter-city tournament which is to bring forth a challenger for wrestling honors now held by Frank Gotch. The Turk's victory was not unexpected, the surprise came in the Frenchman's fine stand against a wrestler who is one of three best heavyweights now in America. Mahmout won the first fall in 15 minutes, but met a reverse that only Gotch and Zbynsko have been able to administer to him by losing the second one in 25 minutes. The match was at mixed styles and the result of a flip of a coin had made the choice for the first go catch-as-catch-can style, with Graeco-Roman the choice for the second. The third and deciding fall of catch-as-catch-can went to the Turk in 16 minutes.

JUDGE LAMPMAN'S REPORT PUBLIC

(Continued from page 1.)

up, and if you don't get yours, you will have to look to the others; don't look to me." Jackson denied any such conversation, and nothing further could be learned.

"During last November Gilbert Auchinleck acted as a special constable for three days, and on the second day, in the evening, in Chinatown, he says a Chinaman called him into a doorway and paid him \$3; but what it was for Auchinleck says he does not know and did not inquire.

"The lack of impartiality displayed by the police when told of a bribe or when getting one seemed remarkable. The Chinese doubtless often feel hampered in their operations because of frequent visits by the police, and I have no doubt a bribe could be obtained by a policeman bent on getting one, but that the superior officers are alert to the danger attending a policy of harassing is shown by the order issued on the 15th September, 1909, by Sergeant of Detectives Perdue, at the suggestion of Inspector Palmer.

"However, I was not asked to investigate the acts of the police, but of the police commissioners."

The latter part of the report, which the government does not deem it advisable to make public, deals with conditions prevailing in the restricted district and opinions as to the most practical way of dealing with the social evil.

ROOSEVELT LEAVES PARIS.

Large Crowd Gathers at Station to Bid Good-bye to Former President.

(By staff correspondent of the United Press.)

Paris, April 28.—Col. Roosevelt left for Brussels at 8:10 o'clock this morning.

The American visitor was attended at the station by many of the celebrated men of France and thousands of Parisians had gathered at the station to give him a hearty farewell.

"Paris is great, France is great. I have had a splendid time. I never will be able to thank you enough," was Roosevelt's parting message, with his head and shoulder sticking out of the car window, as the train started on its way.

Brussels, April 28.—A tumultuous welcome was given Roosevelt when he arrived here to-day.

The Colonel was notified by representatives of King Albert that the king would wait him at the great exhibition hall this afternoon and would formally welcome him at a public reception.

Later the king and the Colonel rode together to King Albert's country palace at Laeken, and afterwards Mrs. Roosevelt, Miss Ethel and Kermit joined them there.

The Roosevelts were guests of the king at a magnificent state dinner.

NOTICE.

TAKE NOTICE that J. George Lund, intend to apply to the Board of Licensing Commissioners of the City of Victoria, B. C., at the next sitting thereof, for a transfer of the liquor license now held by me at and in respect of the Occidental Hotel, corner of Johnson and Wharf streets, Victoria, B. C., to Th. Anderson. Dated at Victoria, B. C., this 28th day of April, 1910.

Ask For "Our Baby's Book"

A neat booklet with hand-colored engraving on cover. A booklet for the purpose of keeping record of the many little incidents in baby's life, such as: date of birth, baby's first signature, who baby most resembles, who saw it first, weight at various ages, etc.

You are welcome to one of these charming books if you'll just ask for one.

Challoner & Mitchell

Victoria, B. C.

wicked, and why the same thing seems to apply to our modern life? and I could only answer: 'Because he was manly, constant and true. I believe most of the young men of the present day would answer all of these requirements if the girls of the hour put them to the test.'

"If there were a thousand nights in a season instead of two hundred I should be happy, for I love this role better than any I have ever played, here or abroad. We are trying to tell our nightly story of 'St. Elmo' so well that our dear public will want to hear it a second time, but I am afraid that Mr. Belasco has other plans, and by next June I shall never more be Edna Earl, the blacksmith's humble daughter."

The Evening Chit-Chat

BY RUTH CAMERON

No, Maisie wasn't pretty, wasn't clever, wasn't stylish, didn't even have that "indefinable something" with which authors endow their heroines now-a-days when they want to make them a bit different, and yet Maisie had always been taken about quite as much, and rather more than any of the prettier or more clever girls, and had just announced her engagement to the most eligible man in town. Whence her popularity?

Half a dozen of us had been discussing that subject about the tea table when "mine hostess" brother dawdled in upon us.

Now Ted had at one time worshipped at Maisie's shrine, but being now elsewhere engaged or, at least, on the verge of it, we felt it wouldn't be treading on too sacred ground to appeal to him on this mysterious question.

So we did. "What was it made all the same like Maisie's?"

Ted considered. "No, I know she isn't so pretty, although she always looks and acts as if she felt well, which is a good deal more of a card than prettiness with a good many men, but I'll tell you what it is—Maisie's jolly. It just does a man good to take her anywhere because she has such a good time."

"Take some girls about and they are always fussing if things don't go just so. If any little thing goes wrong they are all upset."

"But Maisie—well, she's a real sport. She doesn't know what fussing means. I took her to the theatre once and the seats were a good deal farther to one side than I thought they were going to be, and—see couldn't see one corner of the stage at all, and in the other corner we could see away into the wings."

"I felt like a duffer to have gotten such seats and any other girl would have looked bored, but Maisie, she just laughed and said she'd always wanted to know what it looked like behind the scenes and how exciting it was to be able to see the people waiting for their cues before they come on."

"And then another time we went canoeing and the blooming canoe leaked and the canoe cushions got wet and the color ran all over her nice, white dress. Any other girl would have looked dazed at me for letting the canoe leak, but Maisie said wasn't it splendid it was a white dress because it would wash out so easily, and that it would have had to go in the tub anyway, and said it as if she meant it, too, and then acted as if she'd forgotten all about it and made me forget what a nut I'd been."

"And then, no matter where we went or what we did, Maisie always seemed to have such a ripping good time. It was a pleasure to go anywhere at all with her."

"No, maybe she isn't as stylish or pretty as some of the girls, but I can tell you right now that the man that's going to marry Maisie is a mighty lucky fellow," concluded mine hostess' brother with a vigor which I felt would not have been wholly approved of in the quarter where he was otherwise engaged, or about to be.

Prettiness and style and cleverness and even that "indefinable something" are more or less qualities which one must be born with to possess.

But the quality which won Dick's approval and the heart of the most eligible man in town any girl can possess if she will.

Heartiness, genuine enthusiasm, and enjoyment of simple things—"sportiness" in the good sense of the term—these are the qualities which men are growing to appreciate more and more as they come to look upon women as companions rather than ornaments, and they are qualities which may belong to you if you only care to have them.

"I OWE MY LIFE TO GIN PILLS" After Ten Years of Agony

If you want to see a happy woman, just call on Mrs. Mollie Dixon, 59 Hoskin avenue, West Toronto. And when she becomes enthusiastic over Gin Pills, just remember that they cured her of terrible Kidney Disease from which she suffered for 10 years.

"After ten years of suffering from Kidney Disease, I believe I owe my life to Gin Pills. Before I began using Gin Pills, my back ached so much that I could not put on my own shoes, but after taking three boxes of Gin Pills these troubles are all gone. It is a pleasure for me to add one more testimonial to the grand reputation of Gin Pills."

MRS. M. DIXON. "If you are having trouble with your Kidneys or Bladder, take the advice of those like Mrs. Dixon, who have tried Gin Pills, and use them. They will cure you of every trace of these troubles, and also act on the Liver. Fifty cents a box, 6 for \$2.50, at all dealers. We let you try them before you buy. Write for free sample. National Drug & Chemical Co. (Dept. V. T.), Toronto, Ont.

CHOOSING WALL PAPER

Hundreds of women are choosing wallpapers at this season of the year, and sixty out of every hundred are choosing the wrong paper. When the men go to select papers, the percentage is even higher, for man's one idea of a nice cheerful paper is red with a design in gold. If you do not believe this statement, go into any new house or flat where the landlord has "obligingly" papered without consulting the new tenant. In my experience of house-hunting, ninety-nine houses out of a hundred are hopelessly spoiled by the papers on the wall. If the landlord is willing to redecorate and allow the tenant to choose the paper, well and good; but landlords for drawing and sitting rooms, the warm, clear yellows for dark rooms, pretty blues and pinks or white for the bedrooms, and some satisfying shade for the dining-room. The plain colors may be diversified by a self-colored pattern on them, a stripe or a floral design. A low-ceilinged room gains height from stripes running up and down, and a too high room should have its walls broken by a frieze. Another thing to remember is never to put blue papers or papers with a blue design in anything but the sunniest room. It is such a chilly color. Every one now knows the advantage of putting bright clear yellow in a dark room. It will positively emit light. Red is a color that needs very careful choosing. There are reds and reds, some are hideous and some are beautiful. Of the three primary colors, green is the most satisfactory. It is almost impossible to go wrong with a dull green paper. These are just a few hints thrown out at random, and it is well to remember that with a plain paper, delightful chintz and figured materials can be used, while a paper with a pattern, plain hangings are the only ones allowed by artistic canons. Nothing makes such an unrestful room as figured hangings with a patterned paper.

OTIS SKINNER AT THE VICTORIA. Otis Skinner is one of the best-liked actors who visits this coast. His high position in the dramatic firmament has been established by years of painstaking endeavor behind the footlights. Theatregoers of this city may always rely upon a production of the highest artistic worth when Otis Skinner's name is attached thereto. He comes with his latest New York success, which ran for three months at the Garrick theatre in the metropolis. This play, "Your Humble Servant," represents the joint efforts of those brilliant young dramatists, Booth Parkington and Harry Leon Wilson. It is described as a romance of stage life and Mr. Skinner portrays an itinerant tragedian who heads a small troupe playing through the country towns, through the humorous element is said to predominate in the play, there is an undercurrent of emotional interest, and judging from a forecast of the story of "Your Humble Servant," it is thoroughly modern in spirit and treatment. Mr. Skinner, and a strong supporting company appear at the Victoria theatre to-morrow evening.

GERDA NELSON IN "ST. ELMO." Gerda Nelson, leading woman in "St. Elmo," which appears at the Victoria theatre to-night, in an interview, expresses her views on the dramatization of Augusta Evans' popular story. Frederic Belasco's choice of actresses for his "St. Elmo" company says: "When I read the story it seems an impossibility to convey it to the stage without losing much of its beautiful atmosphere, and if I successfully do this is the test of a playwright, then Willard Hecomb is the greatest in the world, for I look upon his work as an inspired masterpiece. Yesterday a lady asked me why Edna loved St. Elmo when he was so

MISSING TREASURE UNEARTHED IN NEW YORK

Jewelry, Bonds and Gold Found Hidden in Former Home of Theatre Proprietor

New York, April 28.—After having given up all hope of locating the treasure for which they sought, the heirs of the late Mrs. Octavia Adelaide Moss, widow of Theodore Moss, one time owner of Wallack's theatre, have unearthed more than \$200,000 worth of treasure.

It was hidden in the Moss homestead at No. 543 Madison avenue. Of this amount more than \$50,000 worth of antique jewelry was found in a secret drawer in the pedestal of a statue in the library. Stocks and bonds worth more than \$75,000 and \$10,000 in money were found in a secret drawer in the pantry. It is believed that still more treasure will be found in the house.

The finding of the treasure was entirely accidental. It was located by the grandson of Mrs. Moss, Beverly Kator, a 15-year-old student at Columbia university, who is one of Mrs. Moss' three heirs. Mrs. Moss died on January 15th. While it was known that she possessed antique jewelry of great value, no trace of it could be found. It was known that after her husband's death Mrs. Moss had refused to put her money in either banks or safety deposit vaults, but what she did with it was a mystery to all.

A few days ago by chance Beverly Kator happened to stumble against a pedestal supporting a statue in the library and by luck touched a secret spring. This opened a jewel chest, in which the gems and antique jewelry were found.

FIFTY DOLLARS FOR SELLING EXTRACT

Indian Woman Becomes Glorious—Drunk on Lemon Flavoring Bought at Quatsino

All that is necessary now to set Storekeeper and Mining Recorder Sherberg, of Quatsino, smiling, is to ask him for a bottle of lemon extract. Only a short time ago, according to advices brought from that point by the steamer Tees, a kioochman entered Mr. Sherberg's store and in the most guileless of tones asked for a bottle of lemon extract. Without suspecting anything, the flavoring matter was sold and the Indian woman went off and became gloriously drunk. She was not content with having a time to herself but she grew so hilarious under the influence of the lemon that the constable had to draw the attention of the Indian agent to the matter and the case was traced to Sherberg.

Fifty dollars and costs still dwells as a gentle memory in the mind of the mining recorder and storekeeper, and this is what makes him smile when "extract," or "lemon," is mentioned.

During last year no fewer than \$46 new books and 279 new editions were published in the Old Country.

HORTICULTURISTS MEET NEXT MONDAY

Will Elect Officers and Receive Reports—All Interested in Flowers Invited

The annual general meeting of the Victoria Horticultural Association will be held on Monday evening next at the Sir William Wallace hall when officers for the coming year will be elected, reports of the retiring officials received, and questions of general policy discussed.

The society holds two exhibitions each year. The rose show is held in June and the general flower show later in the season. This is done by those who are interested in flowers and is wholly a labor of love. For a number of years a good work has been done by interesting people in the growing of the beautiful flowers for which this city is noted, and particularly in improving the class of flowers grown. It is of great educative value; this being one of the best possible means of increasing the interest in the beautifying of the city.

Anyone interested ever so remotely in the growing of flowers is invited to attend the meeting and become a member of the association.

SAVED AT ST. WINNIFRED HOSPITAL

The physicians in Honolulu could do nothing for St. Deputy Marshal Winters and he gave them up in despair and came to San Francisco to see if there was any physician here who could cure an extreme case of chronic Bright's Disease. He had had two uremic convulsions, was almost bursting with dropsy, and after fighting the disease for several months he was told by the way that the physician he consulted in this city told him that chronic Nephritis is now a curable disease and that he would probably recover. He sent the patient to the St. Winnifred Hospital, put him on the new treatment for chronic kidney disease, Fulton's Renal Concentrate, and he was able to aid it in ways that the skilled practitioner understands. In four months Winters went back to the Islands perfectly well.—San Francisco Bulletin.

We sent for the treatment given the patient referred to in the St. Winnifred Hospital with surprising results and have it in stock for patients here. Chronic Kidney Disease, including Bright's Disease and Diabetes are now curable. To be had in Victoria at D. E. Campbell's drug store.

What Other People Think

THE CRICHTON FAMILY.

To the Editor:—As I am at present, and have been for some time past, engaged in preparing a history of the whole family of Crichton (sometimes spelled "Crichton" and "Crichton"), I should be very pleased to receive from any member of the family any information as to the ramifications of its offshoots as may be in his possession.

There is, I believe, in British Columbia a number of Crichtons who have been long settled in the province.

I accordingly crave the publicity of your journal in order to reach any of your readers who may hold private records, genealogies, notes in family Bibles or other information as to the various collateral branches of the family.

Thanking you in anticipation.

DOUGLAS CRICHTON, F.R.S., Scot. (Author of "Sanguar and the Crichtons," "The Admirable Crichton," etc.) 2 New Square, Lincoln's Inn, London, W. C., 15th April, 1910.

BUSINESS LICENSE

To the Editor:—Will you allow me a small space in your valuable paper to call the attention of our city fathers to a matter which I consider is unjust to a number of our citizens who are doing business in a small way? What I allude to is the unfair manner in which the business license is levied. For instance, the man doing business with, say, a capital of six or eight hundred dollars is obliged to pay for the year a license of ten dollars, whilst the large wholesale houses doing business to the amount of many thousands of dollars annually pay the same amount, which is certainly very unfair and unjust. Then, again, the license to be fair to all parties should be graded from the lowest to the highest, each one paying according to the amount of business he does, which, if carried out in that way, would no doubt bring a considerable sum of money into the city treasury which they do not get, and would be dealing justly with the small business men as well. It is to be hoped that the city council will take this license matter into consideration and arrange the license in such a manner as will be just to the large and small business men.

OBSTRUCTIONS ON STREETS

To the Editor:—I should wish to draw your attention to the state of Douglas street in the vicinity of the Imperial hotel. The thoroughfare between Yates and Fort is in a deplorable condition both as to vehicle and

pedestrian traffic. View street is completely closed by an accumulation of earth thrown up by employees of the tramway company, and the crossings almost impassable, and no notices posted of this condition of things. Now, I do not object to improvements of any description on the streets or other places in the city, but I do certainly think that the street committee or others who have the care of the welfare of the travelling public should have good and safe temporary crossings at the cross-sections of the streets while work is in progress. There is only a frail plank put over the rails at this place by a storekeeper, which even at its best is only of a frail nature, and ladies especially are in extreme danger of accident in using this temporary arrangement. Not only this, but business in the vicinity has been completely paralyzed. Where does the street inspector keep himself, or does the mayor ever take a walk this way? OBSERVER.

VICTORIA WOMEN SUMMON PARLIAMENT

Representatives of Gentler Sex Will Meet on May 11 to Legislate for the Men

For the first time in the history of this province the fair sex are to be represented in parliament. Solomon probably had as good a chance to know woman as any mortal man, but when in the limit of his wisdom he gave utterance to the statement "there is nothing new under the sun," he certainly had little conception of the modern twentieth century woman.

The agitator for the franchise has never been as insistent in British Columbia as in some other countries, yet "the cause" has not lacked advocates during the last quarter century. And at last the women have taken matters into their own hands, and not only laid claim to and wrested from the Lords of Creation the right to vote, but without so much as "by your leave" they have issued a proclamation assembling parliament on the 11th day of May next, in the A. O. U. W. hall, at 8.15 p. m.

While in legislature assembled a number of public questions of tremendous importance will be dealt with in a manner thoroughly satisfactory to the feminine mind. Several measures affording increased liberties to the men will be put through; indeed, it is understood that the policy of the new government will be "the full franchise-ment of the male sex."

The names of the representatives in the House have not been made known, and in fact seem to be jealously guarded as a profound secret. It is likely, however, that the public will learn these prior to the opening of the House. It has been intimated that the speaker is a descendant of a well-known knight, the premier a prominent society lady, resident on Rockland avenue, and the cabinet ministers ladies who during the past few years have been quietly "taking votes" with a purpose in view, while the mace will be borne by one of Victoria's most charming daughters.

At last the long-cherished desire of the gentler sex to sit in parliament, and to show the men how things can be done, will be gratified. And for once the men may stand and look on dumbly while the women enact laws which will control their interests, and which they will be compelled to obey. A limited number of tickets to spectators will be issued, which will be on sale after Saturday night. The mere man with delegates to be gratified, and for once the privilege of "looking on and hearing the women speak."

BRANCH MEETING

Uclulet Appoints Delegates to Big Gathering of Vancouver Island Development League.

At a recent meeting of the Uclulet branch of the Vancouver Island Development League, President H. J. Hillier and Secretary G. W. Grant were appointed delegates to be granted the general meeting of the league to be held in Alberni next July. A number of subjects were discussed, such as the building of certain trails and roads in the district, and these will be undertaken by the government by the road for man, who was present at the meeting. At the close the president and secretary were thanked for the work they had done for the league and the present was especially singled out for encomium. It is understood that work is to commence shortly on the proposed road between Uclulet and Chayopot, passing the famous Long Beach.

Some new settlers have been going into that part of the island recently. The last steamer took two farmers' sons from Kent, England, the Homewood brothers, who have taken up land and are now busy clearing it.

During the football season a terrier at Stroud has regularly watched the matches of the local club, trotting down from his perch on the grand stand when the whistle blows. His owner never attends the matches.

APARTMENT SITE. Two choice lots having a frontage of TWO HUNDRED AND FORTY FEET ON COOK BY SIXTY FEET ON YATES AND VIEW STREET. Will be sold separately or together on easy terms. This is one of the choicest sites in the city for an apartment house with stores below. To the individual who can afford to improve, this would prove a veritable gold mine. Only one block north of "October Mansion." For price and terms apply to

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS. Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. Duties.—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$200.00. COAL.—Coal mining rights may be leased for a period of twenty-one years, renewable at an annual rental of \$1 per

acre; not more than 2,500 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined. W. W. CORY, Deputy of the Minister of the Interior. N. B.—Unauthorized publication of this advertisement will not be paid for.

WHEN THE KIDNEYS GIVE OUT

Do you ever feel that you simply can't go any further—that you must have rest for that lame and aching back—relief from that constant dead-bird feeling—freedom from those stabbing, darting pains? This is the condition that so often comes at middle age, bringing with it an extreme nervousness and irritability that makes others think you "ranky" and "hard to get along with." Likely your kidneys are worn and tired and need help. In any machine there is one part that works the hardest and gives out first. The kidneys work night and day, removing from the blood the uric acid and other waste created by overuse of strength and energy. Naturally a life of unusual activity doubles the duties of the kidneys, and in time the strain tells. With healthy kidneys, one has a good chance to live long, but weak kidneys afflict old age with great discomforts. The back becomes bent and lame, rheumatism is chronic, eyesight fails, and too frequent or involuntary passages of the urine cause embarrassment by day and loss of sleep at night. Booth's Kidney Pills bring new

Backache, Rheumatism and Bladder Troubles Make Life Miserable

strength to old backs, and quick relief to weakened kidneys. They banish backache and rheumatic pain, and regulate the bladder and urine. When once a proper filtering action is restored through curing the kidneys, the dangerous uric acid is once more expelled from the blood, and danger of gravel, stone, dropsy, heart trouble, diabetes and Bright's disease removed. Booth's Kidney Pills are for sick kidneys in old or young. There is not a particle of narcotic or poisonous drugs in this remedy. It is recommended publicly by thousands.

London Proof. Mr. M. Gray, 446 Hill street, London, Ont., says: "I have tried several remedies for lame back and rheumatic pains in my limbs. I was induced to try Booth's Kidney Pills, but there was no need of my using this remedy for a long time, as they went at once to the seat of my trouble, and eradicated the pain, ache and lameness, for which I am truly thankful, as I had doctored unsuccessfully for some time."

For sale by D. Campbell, Victoria, B. C.

BUSY BALLASTING.

Great Northern Has Large Force of Men at Work on Port Guichon Branch.

New Westminster, April 27.—The Great Northern Railway Company has a large force of men at work ballasting its line from New Westminster to Port Guichon.

A rumor that the company is planning to run through trains from the south on the old line to New Westminster, is not confirmed by inquiry

at the local offices of the great Northern. This report was to the effect that the company was relaying a portion of its old line which had been torn up between Hazelton and the international boundary line with the intention of running the north bound afternoon train from Seattle and the south bound morning train from New Westminster over this old line. This report is not given credence in view of the fact that there is a heavy grade over the old line, and the coast line is better and more direct.

Ireland has 2,900,000 acres of peat bog

MAYNARD & SON

Auctioneers. H. W. DAVIES, M. A. A. Auctioneer.

Be Sure That You Get Genuine Oriental Rugs

We Guarantee Ours Genuine

Care must be exercised in the selecting of any carpet, but the choosing of Oriental Rugs requires particularly careful consideration. Perhaps in no other line of floor covering is such deception practiced.

"Genuine" Oriental Rugs that may have had their origin in New York, Chicago, Philadelphia, or some other U. S. city are offered the public—advertised and sold as GENUINE. Certain it is there are many "Oriental" rugs sold that have never seen the Orient.

And good imitations these are—so good that only experts can distinguish the deception. The safe plan, if you contemplate the purchase of an Oriental Rug, is to secure it from a reliable dealer who is ready and willing to guarantee its genuineness, and who will be here to make good that guarantee.

Come in and let us show you some interesting creations in GENUINE Oriental Rugs. We have an excellent assortment, and we shall be pleased to show you the stock at any time.

Down Filled Cushion Forms--\$1.25 \$1.50 and \$2

In Summer, as well as in the Winter season, many "spare" moments are spent in doing fancy work—working cushion covers, etc. You'll probably have some cushion covers that'll require "filling." Here's the place to get your cushion forms. A new lot of down-filled cushion forms arrived a few days ago. Come in and let us supply your wants. Three prices, \$2.00, \$1.50 and \$1.25.

Special Show of Tea Sets

See Our Window Showing of Handsome China Sets

The Government street window shows a special display of China Tea Sets. Some chic patterns are offered and in variety wide enough to satisfy the demands of the most exacting. Few china stores show better assortments and none show better quality. Our stock is drawn from the best produced by such factories as

Aynsley Wedgwood Haviland Ahrenfeldt Limoges Balmoral

The china is of the very best quality and the decorations the productions of the very best artists in the world. We buy direct and in large quantities, and are thus enabled to offer these splendid values.

We want you to view this window showing and then come inside and inspect at closer range, for these are just as delightful to handle as to look upon. Let us show you the

40-Piece China Tea Sets From \$7.50 to \$55

Still More New Furniture in To-day

A Most Interesting Department at Present

The furniture store is certainly an interesting place these days. New materials daily are making a display that isn't equalled in the city or the west. These new additions aren't confined to any one line, but include furniture items for almost every room and use. Come in and see the latest additions in the following:

Parlor Cabinets	Smokers' Cabinets	Sideboards
China Cabinets	Hall Mirrors	Hall Chairs
Buffets	Hall Seats	Parlor Tables

You are welcome to come and view these at your leisure. You'll be surprised at the generous display and the interesting prices.

Get A Hammock---From \$1.25

When you may enjoy the pleasure of a hammock for the small sum of one-twenty-five, why not make the investment? We have a splendid range of hammock styles, starting in price at this low figure. Come in and make your selection to-day and get the full benefit of the Spring and Summer sunshine. Priced from \$1.25.

Dozens of other Summer furniture and furnishing items are now on display—porch screens, porch and lawn furniture, camp furniture, etc. Splendid assortments in all these lines.
