PROVINCE AWAITS DECISION BY PRIVY COUNCIL ON RATES

Counsel for British Columbia and Railways Conclude Arguments Before Cabinet at Ottawa; G. G. McGeer Makes Convincing Appeal Against Discrimination

Ottawa, Aug. 14 (Canadian Press)—The argument of British Columbia and Alberta in rebuttal of the replies of the railways in the British Columbia appeal case was heard by the Privy Council this morning.

The removal of three kinds of discrimination was asked for by Mr. McGeer in opening his argument. In the first place he asked that a sugar refiner in Vancouver should be put on an equal basis as to rates with a sugar refiner in Montreal.

Two U. S. Railway Presidents Visit Head of Pennsylvania System Due to-morrow; Milwaukee President Here

There is a heavy travel westward, but nothing to what it will be in a few years, as the American public becomes more accustomed to spend its Summers on this continent, rather than in Europe.

Wheat Diversion He drew attention to the fact that 10 per cent of the wheat acreage of the Dominion was west of the Saskatchewan-Manitoba boundary.

Principle Clearly Defined It might be difficult to determine the reasonableness of rates in individual cases, but the present rates were not made on a scientific basis.

Equal Consideration In these cases there was clear evidence of unreasonableness. To continue the existing rate barrier against British Columbia would be unjust, because it would create a feeling that the people there were not getting what they expected when they went into Confederation.

Mr. McGeer argued that it was not fair that British Columbia and Alberta should bear the cost of the mistake that was made when the C.P.R. chose the Kicking Horse rather than the Yellowhead Pass.

He quoted a speech by Sir Charles Tupper in Parliament in 1882, to show that the Kicking Horse Pass was chosen for the benefit of the whole system and of the whole country.

Mr. McGeer argued that it was not fair that British Columbia and Alberta should have to pay the bill by means of rates based on the C.P.R. costs.

He stated that every time that British Columbia had taken this case to the railway commission, it had come away better off and with new evidence to show that the discrimination was unfair.

Extraordinary Attitude "Extraordinary" was the adjective he attached to the argument of Isaac Pitblado, counsel for the Province of Manitoba and the Winnipeg Board of Trade.

Mr. Pitblado appeared to think that where a group of traders once got in-

Nothing definite concerning the condition of the entombed men has come from the depths of the mine, but experts in mine rescue work declared they saw little hope of rescuing the men alive.

As the volunteer workers dug frantically toward the entombed men through the main entrance of the mine, property, hundreds of women and children, relatives of the miners, waited patiently at the mouth of the mine for word from within.

PLANS MADE TO EASE FUEL SHORTAGE IN CASE OF STRIKE

Washington, Aug. 14.—The new Administration under President Coolidge has approved plans to furnish necessary substitutes to relieve any fuel shortage which might result from an anthracite strike, it was announced to-day at the White House.

SOUTHAM INTERESTS NOW BECOME IDENTIFIED WITH DIRECTION OF VANCOUVER DAILY PROVINCE

Vancouver, Aug. 14.—The Daily Province makes the following announcement in an editorial to-day:

"As a result of conversations springing from associations and friendships of a generation ago, Messrs. William Southam & Sons, Limited, a firm which with its ramifications is much the most important printing and publishing house in Canada, have become associated with the Hon. W. C. Nichol in the ownership of The Daily Province.

"No changes of importance are contemplated in connection with the enterprise. The company will be re-organized on a larger basis, with Mr. Nichol retaining its presidency, but the old policies of fairness and efficiency will be followed and the membership of a staff, many of whom have grown from boyhood to manhood in the employ of the company, will keep their old desks and their old chairs.

"In the future as in the past, the first consideration of The Province will be the welfare of the British Empire and the community which it serves as faithfully, as loyally as it knows how."

MANY MESSAGES SHOW ESTEEM

Late James M. Savage Enjoyed Wide Popularity

Funeral Arrangements Await Arrival of Body

Over 100 messages of sympathy have been received by the relatives here up to noon, expressing the esteem in which the late James M. Savage, General Manager of the Canadian Collieries (Dunsmuir) Limited, was held in financial, business and other circles in many cities of the Dominion.

The body was on its way from Seattle to-day, and will arrive in Victoria to-morrow.

Mr. Savage, who was with Mr. Savage when he was stricken on Sunday afternoon, no announcement will be made as to the funeral arrangements.

Mr. Savage's guest at Beaufort House, Cumberland, wired:

"We are grief-stricken to learn that our dear, modest, unassuming, unselfish and noble friend is no more. You and your daughter have our deepest sympathy."

Messages of condolence were also received from the Mayors of Ladysmith, Cumberland and Kenora.

An expression of regret was also voiced at the first session of the Associated Boards of Trade of the Island, now being held at Nanaimo.

In athletic circles the loss of Mr. Savage is greatly felt. As honorary president of the James Bay Athletic Association Mr. Savage took keen interest in the many-sided activities of that organization.

Officials of the Association expressed their keen sense of regret at his sudden death while away from home.

Mr. Sloan's Tribute As head of one of the largest colliery companies in British Columbia Mr. Savage had frequent dealings with the Department of Mines.

Hon. William Sloan, the Minister, this morning paid tribute to the business acumen and capacity of the late general manager, declaring that the Island had lost a leading figure in its industrial life by the sudden demise of Mr. Savage.

The company's position had shown material progress during the seven years Mr. Savage presided over it.

(Concluded on page 2.)

MURDERER IS NOW RESIGNED TO FATE

Victor Masson to Be Executed To-morrow at Regina

Regina, Aug. 14.—Only one day from the scaffold, Victor Masson, murderer of three persons, is resigned to his fate.

"I guess life is not worth much after all and I don't care," is what he told his spiritual adviser, Masson killed Jean Chouveau, Mrs. Chouveau and her daughter Marie, at Du-

mas, Saskatchewan, February 16, later setting their house on fire and stealing a sum of money and some goods.

Stresemann Was Visitor To Canada Before War Came

Toronto, Aug. 14.—Dr. Gustav Stresemann, the new German Chancellor, visited Canada in September, 1912, according to H. S. Fleiman, of the Canadian Transatlantic Bureau here. On the occasion of his visit to Canada, Herr Stresemann officially represented the German Imperial Government at Ottawa, in what proved an abortive attempt to end the customs war then existing between Germany and Canada.

LIVES LOST IN UTAH CLOUDBURST

Twelve Persons Believed to Be Dead Through Electrical Storms

Property Damage Is Estimated at \$1,000,000

Salt Lake City, Aug. 14.—Twelve lives are believed to have been lost in Northern Utah as a result of a series of cloudbursts last night and early to-day.

Property damage is expected to total upwards of \$1,000,000. Four persons are known to be dead at Farmington, north of Salt Lake City; two men and a woman are reported dead at Willard, Utah, and five boys scouts are reported drowned in a canyon east of Farmington.

The cloudbursts, preceded by a severe electrical storm, tore down telegraph poles and communication is crippled.

Flood Waters Flood waters from the Wasatch Mountains rampaging through farm settlements in Northwestern Utah last night and early to-day, caused extensive property damage.

Coming with startling suddenness and intensity the cloudburst, coupled with severe electrical storms, sent great walls of water down streams, sweeping through communities in Box Elder and Weber counties and leaving behind inundated farm lands.

To-day the flood had receded at most points almost as suddenly as it arose. Water covered farm sections, upon which last night were swept debris and wreckage, to-day were nearly dry with rivers and streams in almost normal flow.

Many Stranded Five hundred persons were stranded for several hours at LaPorte, a resort on the outskirts of Farmington, when transportation means were paralyzed on account of the washed out railroad tracks and inundation of the highways.

Many bridges were washed out, and in many places persons were caused by lightning at Farmington, Ogden and in this city, destroying several residences and barns.

Bodies Recovered Salt Lake City, Utah, Aug. 14.—Eight bodies of persons killed or drowned as a result of a series of cloudbursts in the vicinity of Salt Lake City and Ogden early last evening had been recovered up to eleven o'clock this morning.

Property damage is expected to reach \$1,000,000.

Found in Debris Ogden, Utah, Aug. 14.—The body of Mrs. John Ward, of Willard, was found by searchers in the wreckage to-day this morning, according to information received here.

There are three or four automobiles stalled on the highway near Willard and farmers claim to have several hundred pairs of new cars carried away by flood waters.

Typographical Union Disposes of Business At Atlanta Sessions

Atlanta, Ga., Aug. 14.—The annual meeting of the International Typographical Union, which closed to-day after disposing of the old question of appointment of the appeals committee, which coming up unexpectedly, virtually closed all the business of the union.

W. R. Trotter, second vice-president, at the meeting last night, told of the progress of the printers during the last year and asserted that the affairs of the organization are in better shape than ever before.

He declared that the fight for the 200,000 four hour week had been won.

FOUND LIFELESS IN ROOMING HOUSE

Vancouver, Aug. 14.—The lifeless body of Robert Handley, was discovered last night in a Japanese rooming house by the proprietor.

Handley, who was about 70 years of age, engaged the room on Saturday, later setting their house on fire and stealing a sum of money and some goods.

Proposals of Britain Will Be Rejected

Reply of France Will Be Courteous But Will Reaffirm French Viewpoint

Initiative in Final Rupture Will Be Left to British Government

Paris, Aug. 14.—Premier Poincare, who will return to Paris to-night, has informed his collaborators at the Foreign Office he intends in the most courteous manner possible "to reply to the British proposals."

Although the reply will be courteous, it is asserted in Foreign Office circles that it will be a stout reaffirmation of the French viewpoint and a flat rejection of the British suggestions.

Reply This Week The reply will be sent as soon as possible, probably before the end of the week. Although it is no longer assumed in official quarters here that the Entente may survive the present difficulties, the situation is taken with perfect calm by the press and public.

The French have, in fact, long considered the Entente as virtually defunct so far as any serious operation between Great Britain and France on the application of the terms of the treaty of Versailles.

Responsibility Lord Curzon's note is taken merely as a public recognition of that fact by the British Government, which has the aim of placing the responsibility for the rupture upon France.

Premier Poincare, it is understood, will carefully omit anything that might be taken as a denunciation of the Entente, although it is in the final rupture to the British Government.

Conference If Premier Baldwin decides to call an international conference to discuss Germany's capacity to pay, that action will be taken by the French. It is forecast, as an unfriendly act which will end the cordial relations that have existed for nearly twenty years.

France will then simply recall the fact that, after all, she is the principal creditor of Germany, and that care must be taken that her rights as such are not infringed upon.

Party Met Death in Mountain Pass

Many Killed When Motor Crashed Down Ravine in France

Lourdes, France, Aug. 14.—Twenty-three persons were killed and seven were injured, probably fatally, yesterday when a motor coach filled with excursionists plunged down a 150-foot ravine in the Pyrenees mountains near St. Sauveur.

The motor driver, in attempting to avoid striking a woman who stepped from a conveyance, swerved the machine sharply to the right, overturned, crashing to the bottom of the ravine.

The woman, who was the indirect cause of the accident, ran screaming to the nearest village, gave the alarm and fainted. A rescue party—extricated the bodies. All were terribly mutilated and it was impossible to identify any of them.

Victims Were Hollanders Toulouse, France, Aug. 14.—All the victims of the automobile accident near St. Sauveur were Hollanders. The party was on a pilgrimage to the Lourdes Springs.

NEW CHANCELLOR IN REICHSTAG OUTLINES POLICY OF GERMANY

Dr. Gustav Stresemann Wants Restoration of Control in Ruhr But Makes No Reference to Evacuation of Occupied Areas.

Berlin, Aug. 14.—Dr. Gustav Stresemann, the new German Chancellor, outlined in a statement to-day the conditions under which Germany is ready to abandon the passive resistance in the Ruhr.

The conditions are the complete restoration to Germany of her right to control over the Ruhr, re-establishment of the conditions in the Rhineland vouchsafed her under the Versailles Treaty and the liberation of every German citizen who has been outraged, evicted or imprisoned.

The statement was made during his inaugural speech to the Reichstag this afternoon. Dr. Stresemann made no mention of evacuation of the occupied areas, merely stressing the conditions under which Germany is prepared to enter upon negotiations for complete restoration of her jurisdiction and the freedom of her citizens there.

The Chancellor was cordially greeted by the majority of the House, the only jarring note being in the form of boisterous heckling by the Communists.

Strike Called Off. Berlin, Aug. 14.—The general strike in Berlin was called off by the Communists this morning, all the transportation lines reopening. The strike of the Hamburg and Bremen pilots which has been trying up North Sea traffic at these ports has also ended.

Industrial Situation. Berlin, Aug. 14.—The industrial situation to-day showed improvement and there were reports of betterment in dispatches from

FIVE MILLION INCREASE IN B. C. FISHING

Salmon Pack of Vancouver Island Jumps Nearly 300 Per Cent in Year

Dealing with Fisheries, President George I. Warren, of the Associated Boards of Trade of Vancouver Island, pointed out in his annual report today that in 1922 the Province of British Columbia, through its fishing industry, produced \$15,872,332, an increase of nearly \$5,000,000 over the previous year, or practically 35 per cent.

Hake, cusk, brill, plaice, shad and skate are wholesome foods that are seldom mentioned, and while octopus is far from appealing, yet forty tons of it was consumed by the yellow inhabitants of the Province last season. The catch of smelts fell last season to only one-fifth of the quantity in 1921. Fifty thousand dollars less was paid for shrimps, but \$12,000 more for fresh oysters. Although whaling operations were suspended in 1921 there were but 187 whales caught last year, the same being from the same being valued at \$150,000. One hundred and fifty cases of abalone were marketed. For the first time in history the yearly catch of herring exceeded 1,000,000 hundredweight, or 50,000 tons. This is an average of 200 pounds each for every person in the Province. The value of herring caught in the Province last year for bait amounted to \$100,000, over 40,000 bushels being used as bait on hooks.

Nine thousand men were engaged in catching fish, 400 men in canning and 15,000 men were given employment in putting nineteen million dollars worth of sea products on the market.

Island Statistics

"I have the Island statistics for 1921, during which year Vancouver Island fisheries produced \$2,740,761, of which \$1,502,936 was marketed in canned or cured state by the thirty fish canning or fish packing establishments, which are valued at \$2,166,970 and employ 887 persons. The traps and equipment are valued at \$2,158,449, which makes a total investment by the fishing interests on Vancouver Island of over \$4,000,000.

"Fresh fish marketed from the Island amounted to \$1,235,825. During the year 1,149 persons were engaged in trolling for salmon off the coast of Vancouver Island, of which 501 were whites, 512 Indians and 136 Japanese. The fishermen sell to buyers who frequent the fishing grounds throughout the season and most of the buyers on the West Coast market their fish in Seattle. The sockeye, pink and chum salmon on the Island are taken by means of nets and traps, and the catch is generally sold to packers and canneries. These canneries are located at Esquimalt, Barclay Sound, Nootka, Quatsino, Sidney and Alert Bay. In 1922 the salmon pack of Vancouver Island amounted to 185,224 cases, as against 65,525 cases in 1921, an increase of nearly 300 per cent."

FIGURES SHOW BIG GROWTH OF TIMBER INDUSTRY

President of Associated Island Boards Reports to Convention

Figures showing the timber resources of Vancouver Island were presented by George I. Warren, president to the delegates to the annual convention of the Associated Boards of Trade to-day at Nanaimo.

"In 1922 1,399,152,275 board feet was scaled in B. C. and the estimated value of production was \$59,447,000, while the payroll of the timber business on Vancouver Island alone last year amounted to \$6,245,971," Mr. Warren reported.

"A large portion of Vancouver Island is forested and a considerable portion is mountainous. Lands which contain timber in excess of 8,000 feet, board measure, to the acre, are not open for pre-emption, being reserved as timber lands by the Crown. Lumbering is one of the most important island industries and the forests are a great potential resource. On the east some 1,350 square miles of forest carry 30,000 feet or more to the acre—some stands being so dense that they cruise 100,000 feet to the acre. One thousand seven hundred square miles carry from 10,000 to 20,000 feet to the acre and 2,290 square miles have young forest growth carrying about 10,000 feet per acre. On the west 1,025 square miles carry 20,000 feet

PRESENTS REPORT ON GOVERNMENT ROADS

On Vancouver Island there are 490 miles of track and 2,985 miles of roads, he reported, 761 miles of which are considered City and Municipal roads, while 2,224 miles are Government roads. Of the 2,224 miles of Government roads only 25 miles are paved, one mile is macadam, 499 are considered ordinary roads and 1,699 are gravel roads.

The Provincial Government expended, last year, \$129,977.20 on maintenance in repairing 870 miles of roads on the Island. It also expended \$62,281.54 in reconstructing 315 miles of roads and it constructed 13 1/2 miles of new roads at a cost of \$28,369.79. The total Provincial Government expenditure on roads on the Island during the year amounted to \$226,929.33 and \$4,469.74 on trails.

MEMORANDUMS

Do not suffer another day with piles or hemorrhoids. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. 60c a box; all dealers or Edmondson, Bates & Co., Limited, Toronto. Sample box free (LADV.)

or more to the acre; 1,515 square miles from 10,000 to 20,000 feet; and 1,535 square miles, under 10,000 feet per acre.

Raw Material

"The timber industry on Vancouver Island is largely developed, some fifty mills being operated, including shingle mills, and sixteen mills have an output of over 7,000 carloads. There is also a large pulp mill at Port Alice on Quatsino Sound and a pulp mill was built on Beaver Cove on Johnson Strait. The saw material available on Vancouver Island has been estimated as follows in thousands of feet, board measure:

Douglas fir	42,511,365
Red cedar	27,884,450
Hemlock	28,095,435
Balsam	11,972,505
Spruce	3,781,990
White pine	761,785
Lodge-pole pine	16,445
Yellow cypress	1,838,645
Total	116,922,900

"This added to the 2,915,000 which is available for piling and poles, and the 3,345,000 which is available for pulpwood, makes a total estimated timber resources standing of 124,182,900 thousands of feet board measure."

URGES BRITISH IMMIGRATION

Hon. S. F. Tolmie Speaks to Associated Boards

Nanaimo, Aug. 14.—The delegates to the sixth annual convention of the Associated Boards of Trade of Vancouver Island were welcomed at a banquet here to-night.

The speakers included Mayor F. A. Busby, C. H. Dickie, M.P., and J. C. Dakin, of the Nanaimo Board of Trade.

Dr. Tolmie, M.P.

Hon. S. F. Tolmie, M.P., spoke briefly on the agricultural possibilities of the Island. He alluded to his recent visit to the Old Country and the great agricultural development there. He pointed out that the breeders of pure-bred cattle of all the world were still obliged to go there for the best specimens of stock. "What I want to emphasize," said Dr. Tolmie, "is the value to us of our British connection.

"We should encourage immigration of British men and women. When I was over there I often used to wonder what our British history would have been if our forefathers had said to themselves that they were only natives of a small island and it was useless for them to struggle with their continental neighbors. And I have answered this question for myself in a way which suggests lessons for us on this Island.

"I have come to the conclusion that it is useless for us to say that there is nothing here for our country to do when we are spending our best energies in shipping raw products out of the country to be manufactured in other lands and frequently by the hands of Canadians themselves. What we want to assure ourselves of is the fact that there is plenty of room here for the development of all our industries and at the same time plenty of room for all the tourists in America.

"The lesson for us of Vancouver Island to draw from the story of that wonderful little island of Britain," concluded Dr. Tolmie, "is that we can solve all our problems, political, social, industrial and commercial if only we are worthy in courage and vision and inspiration of kith and kin of the Mother Land."

SCHOOLS ON ISLAND

Reporting on Schools of Vancouver Island, George I. Warren, president of the Vancouver Island Boards of Trade, meeting at Nanaimo to-day stated that during the last year two new schools have been established, one at Oyster River and one at Cassidy, making a total of eight high schools, twenty-six elementary municipal schools, eighteen rural municipal elementary schools and 157 rural and assisted elementary schools, or a total of 209 public schools employing 815 teachers, with an enrolment of 18,713. The Provincial Government expended in teachers' salaries \$405,000.

ASSOCIATED BOARDS HEAR OF INDUSTRIAL EXPANSION OF VANCOUVER ISLAND

(Continued from page 1.)

In his report Mr. Warren called attention to important developments in rail and water traffic this year and particularly to the increase in ferry accommodation. The report read as follows:

"The total mileage of railways on Vancouver Island is 259.07 miles, of which 199.05 miles are E. N. Railway and 60.02 miles are Canadian National. The E. N. Electric has 24.77 miles of track on Saanich Interurban line and 41.02 in Greater Victoria City, or a total of 65.75 miles of track.

Canadian National Railway.

"The Canadian National ceased construction on the Victoria-Alberni line at mile 72 in 1921. A gasoline motor coach was placed in operation from Victoria to Sooke Harbor in 1922 and I am pleased to state that service has now been extended to mile 69 on the Cowichan Lake line. A log dumping siding has been constructed on Selkirk Water, on the Gorge, and approximately 7 1/2 miles of industrial spurs at various points to serve logging camps and sawmills.

E. & N. Railway

"In 1922 four miles of steel was laid on the industrial line from Alberni to Great Central Lake and the balance of track, ten miles in all, will be completed when the development warrants. Approximately four miles of industrial spurs have been laid to serve logging camps and sawmills. Wooden bridges are being replaced by steel spans when the life of the timbers are exhausted, and gaps spanned by wooden trestles are being

IMPORTS AND EXPORTS

Ending March 31, 1923, the exports from Vancouver Island amounted to \$10,284,414, an increase over the previous year of \$1,235,800, while the imports to Vancouver Island amounted to \$7,301,695, an increase over the previous year of \$1,098,390.

ISLAND PRODUCTION OF MINERALS GROW

The production of minerals on Vancouver Island in 1922 amounted to \$10,462,912, an increase over the previous year of \$1,348,921, the production being divided into the following classes:

Gold	1,844
Silver	9,214
Copper	\$2,647
Coal	\$7,766,450
Cement	1,021,917
Lime and Lime Stone	372,924
Sand and Gravel	99,656
Potterling Clay	6,834
Fire and Road Brick	\$2,877
Miscellaneous	\$4,645

filled in. The Store Street Yard is being filled in and made of a permanent nature to harmonize with the completion of the Johnson Street Bridge and tracks are being extended to the Reserve. Increased freight traffic has necessitated the operation of three logging trains and four freight trains daily.

Canadian Pacific Railway

"The Canadian Pacific Railway has commenced the construction of a new passenger station at the dock at the City of Victoria, which will harmonize in every way with the Parliament Buildings, Empress Hotel and surrounding buildings, and which will be a great convenience to hundreds of thousands of people using that Company's gulf steamers.

"During the past year the Canadian Pacific Railway, through Captain Troup, had constructed at Yarrow, Limited, a motor ferry, which is now operating between Bellingham and Sidney, and which establishes another connecting line between the Pacific Highway and Vancouver Island. This steamer is considered the most up-to-date automobile ferry in the British Empire.

Motor Ferries

"At the beginning of the summer season the Victoria Anacortes Ferry Company placed the City of Angeles, an automobile ferry, in operation between Anacortes and Sidney, and on July 1, this year, a second motor ferry, the Sea Mount Vernon, was also placed in operation between these two ports. These two ferries stop at San Juan Island and Orcas Island on each trip and, together with the Motor Princess of the Bellingham-Sidney service, are carrying thousands of cars each month between the Pacific Highway and Vancouver Island."

BOARDS OF TRADE ALIVE TO NEEDS OF CO-OPERATION

Work As Unit for Island Development, President Declares

Busy Lumber Mills and General Activity Point to Prosperity

Joint effort of the Associated Boards of Trade of Vancouver Island to secure population and capital were urged by George I. Warren, President, in his annual address at the convention, which opened at Nanaimo last night.

"Our Island, with its many natural resources, with further development will prove one of the most valuable and important sections of the whole Dominion of Canada, and it is encouraging to know that the Boards of Trade in the different industrial communities on the Island are keen and alive as to the importance of co-operation with the other with a view to developing the entire district," said Mr. Warren. "Population and capital are what we should endeavor to secure. With these comes development and with development prosperity. During the past year conditions have not been normal, and many of our residents and people have been attracted to other places, particularly to southern California, where the abnormal growth has created a demand for labor. Indications are that times are becoming better, and many of our people who have left are returning. Our lumber mills are mostly all working with many orders ahead, and the increase of industrial activity throughout the Island is very noticeable.

"During the past year the president has endeavored to keep in mind the expressed wishes of our previous conventions and visited meetings of the Boards of Trade at Duncan, Chemainus and Alberni. As a result of your previous convention the secretary was obliged to communicate with the many different departments of the Government and present the wishes as expressed at the last convention.

"Your president has endeavored to assist the secretary wherever possible, and at this time I wish to express to him the appreciation of our organization for his very valuable work. I wish also to thank the officers of the different Boards for the co-operation which the Government, and which has been gladly furnished.

"I would respectfully recommend that this convention, when considering any resolutions for an expenditure of money on the part of our different governments, take into due consideration the present existing financial condition of our Federal and Provincial Governments, and that due deliberation and careful thought be given to any resolution requiring the expenditure of money.

"Our organization, consisting of all the Boards of Trade on this Island, should receive a very favorable consideration from the Government, and I hope that different Boards of Trade affiliated will give to my successor the same loyal and active support which has been accorded to me during my term of office."

AGRICULTURAL PRODUCTION

Speaking on agricultural production the president reported in 1922 there was under cultivation on Vancouver Island 38,821 acres of land with an estimated value of production amounting to \$5,210,000 as follows:

Fruit	\$ 295,843
Roots and vegetables	2,244,715
Livestock	1,528,961
Berry production	1,390,502
Poultry	1,000,298
Hay and clover	730,400
Other fodders	390,000
Grains	382,000
Miscellaneous	162,379

AN EXCELLENT REPORT.

Vancouver Island's commercial expansion, its tangible and eminently satisfactory prospects, its interesting and informative statistics, were thoroughly and efficiently dealt with in the report which President Warren presented to the annual gathering of the Associated Boards of Trade yesterday.

Mr. Warren's report is well compiled and its consumption should by no means be confined to the people of this Island or of this Province. It contains sufficient material of the right kind to justify its inclusion among such general information as that for which requests continue to come from far and near.

It should not be necessary to emphasize the fact that the report and its contents are of tremendous importance to the people of Vancouver Island. There is an individual obligation in all matters involving the business of this part of the Province.

THE LATE MR. SAVAGE.

In the passing of Mr. J. M. Savage Vancouver Island has lost a highly respected citizen. His active identification with the commercial and industrial life of this part of the Province had brought him into contact with a wide circle of business friends and associates.

AT GRIPS WITH TUBERCULOSIS.

British Columbia is following the right course in appointing a travelling health officer whose duty it shall be to educate the people of this Province in a knowledge of tuberculosis and its prevention and cure.

Our views upon national responsibility where the care of the sick is concerned need no repetition. We consider that the early establishment of state clinics in all the larger centres of population would be a profitable economic investment.

THE HALF-HOLIDAY

Mr. Kirkham's statement to the Chamber of Commerce directors yesterday bears out our contention that the majority of the merchants in Victoria would prefer to do business for six full days every week.

There is of course much to commend the suggestion that any change in the present arrangement should be made optional. For Victoria has no desire to dictate a policy for Vancouver or for Kamloops or any other town or city where the general view may not accord with opinion locally.

FREE INSULIN

No more fitting appreciation of the international fame which Dr. Banting has brought to his Province could be conceived than that represented in the Ontario Government's decision to

furnish insulin free of charge to all those diabetic subjects who are unable to pay for the treatment.

Dr. Banting's unassuming demeanor while in attendance at the recent gathering of medical men in London found expression in the press of the metropolis. Columns were devoted to the discoverer of this remarkable curative; but nearly all those with whom he came into contact found it impossible to discern any signs of ostentation in this internationally distinguished Canadian.

Knowing this and realizing the amount of research which Dr. Banting has devoted to his theory it is doubtful if he himself would have chosen any other way of expressing his own gratification that his labors are appreciated, and that humanity may benefit in consequence, than in the course of the Ontario Government. And because Canada as a whole is proud of the achievement of one of her sons it is to be hoped that other provinces will follow the example set by Ontario.

Note and Comment

Local pessimists had better not read the annual report of the President of the Associated Boards of Trade. They would get a few rude shocks and be forced to confess that this part of the world is in a pretty good state after all.

Germany seems to have gone the limit in printing promises. The mark has about touched bottom and has almost disappeared. This was all a very nice scheme to escape a lot of public liability. There is nothing accidental about it.

Now that the Province has appointed a travelling health officer whose duty it will be to tell the people about tuberculosis and what to do to prevent and cure it, it ought not to be difficult to get some more Anti-Tuberculosis Associations formed to assist in the good work.

Once more the Entente has been killed by the European scaremonger. The nine lives of the average feline are not in it compared with the non-destructible soul of the Entente. The Entente is not dead. There is taking place just now a good deal of plain speaking. France has exploded over the Curzon note.

Some Thoughts for To-day

A man deep-wounded may feel too much pain To feel much anger. George Eliot.

You are yoked with a lamb. That carries anger as the flint bears fire. Who, much enforced, shows a hasty spark, And straight is cold again. Julius Caesar.

Anger seeks its prey.— Something to tear with sharp-edged tooth and claw. Likes not to go off hungry, leaving Love To feast on milk and honeycomb at will. George Eliot.

In this dim world of clouding cares, We rarely know, till 'wildered eyes See white wings lessening up the skies, The Angels with us unawares. Gerald Massey.

Every palace, every city almost hath his Peculiar walks, cloisters, terraces, groves, Theatres, pageants, games, and several recreations; Every country, some professed gymnies to exhilarate Their minds and exercise their bodies. Burton.

Our Contemporaries

THE TARIFF HELPS AND HURTS London Advertiser.—U. S. farm representatives at Washington commented to a higher tariff on many things they have to buy in return for protection on farm products. And now dollar wheat is spoken of as a possibility. The bottom drops out of his buying power, but the bottom does not drop out of the things he has to purchase.

AUTOCRACY/NOT SENILITY Toronto Globe.—The members of the Trades and Labor Council, who seek to abolish the Senate of Canada, because it is a hindrance to the development and prosperity of Canada and an instance of the senility of the people, are barking up the wrong tree. Neither the people of Canada nor the Senators suffer from senility.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and clearly written. The longer an article the more chance of rejection. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. Responsibility is assumed by the paper for MSS. submitted to the Editor.

A PUBLIC PARK

To the Editor:—Could you kindly let the general public know that section 45, Highland District, has been made a public park? Part of it is commonly known as McKenzie Bay. There are about 150 acres in this section. This section was reserved for a public park and gazetted last year by the Minister of Lands, on the recommendation of Mr. Pauline, M. P., and Mr. Pooley, M. P. P. There is a trail to this section leading from the Ross Durrance Road, or you can go by boat along the Strathcona Arm. F. C. CORRY, C/o Mr. Durrance, Royal Oak, Saanich, B. C., August 12, 1923.

EARLY CLOSING

To the Editor:—When living in Peterboro, Ont. in the years 1870, '71, '72 and '73, I was very anxious to have their evenings for study and recreation. Their friends suggested the early closing of shops, and had at that time, a motion picture to close at 7 p.m. five days in the week, and on Saturdays at 10 p.m. This arrangement worked well.

Another of Victoria's foolish acts is the Henry George taxation principle. Cut that out. Divide your city into four districts, or into city limits: Urban, suburban and rural. Tax according to location; Corner lots 25 to 50 per cent. more. Value lands and buildings separately. Place the same taxation on all real estate according to rental or business. Establish a zone for private dwellings and do not allow any man to build a garage on that swell west-end beautiful Linden Avenue, or on any other city avenue, if the citizens should get wise to all these disputed acts.

Why People Leave This Country To the Editor:—California cherries are sold for fifty-five cents a pound six weeks before our cherries get ripe. Then when we come into the market, the retail price drops immediately to twenty or fifteen cents—and of that the producer does not get more than eight cents. Why do you think California fruitgrowers pay our taxes? With strawberries it is the same.

Washington eggs have their early Spring season weeks ahead of us. When we are still struggling with small production and high cost of feeding, Washington eggs smash their way into the market to make a living. On the top of that Chinese eggs are imported and 60,000 dozen found their way to the Vancouver market. That, of course, killed our market, and the price has since been thirty per cent below the average of the price which ruled for a number of years.

This land is suffering from a dry climate, and there is plenty of water when you do need it and none when you need it. Mother nature has tried to help us out by creating a number of great lakes. To bring the water of those lakes on the tillable land would give us a triplex crop and prevent the exodus. Instead of that the Government lets the superpressure at the quarantine station, in order not to burst the waterhousings, flow over into the sea, and rules authoritatively that no water of its quarantine waterline may be used for irrigation for any purpose, to cattle, etc. To make it very sure and impossible to do so, the price we pay for household water in this city is about ten times the price for the same water paid in Saanich, and the land remains dry—the crop small—the farmer poor.

Yesterday offering apples for sale to a local grocer, I was answered that he could get as much as he wanted for a cent a pound. That is about forty cents a crate—the crate itself cost 25 cents. The interest on capital, labor, living expenses, etc. Yet Washington and California apples are sold for fifteen cents a pound—a few weeks before ours are ripe. Do they pay our taxes? Trying to sell some cattle, buyers answered me they could get all the meat they wanted on the Prairie for about two cents a pound. The cost would be about six cents to bring it here. So for a good young animal only about \$30 is obtainable, if all of that whereas the cost of feeding may during the year be twenty cents a day make that animal cost about \$200. Are the prairies paying our taxes?

Chickens which are retailed for thirty and thirty-five cents a pound and cost about \$1.75 to \$2.00, in feed and attention to bring them to maturity, were sold on the public market last Saturday for thirty and thirty-five cents each—birds of about three pounds. Young pigs went in the same sale from \$1.75 to \$2.50 a piece—but when you want to buy pork in the butcher's store you pay thirty-five cents a pound. When I was on the prairie last year farmers were offered sixteen cents a bushel for oats at the elevator. To bring a load of grain from the farm to the elevator took the best part of a day and if done by hired labor cost nearly as much as what the farmer obtained for his whole year's effort on the same produce. And then you see "from behind the log cabin" advertisement, putting up big posters at all post-offices for assisted passages for "poor farmers."

If now people with capital cannot make interest, why all for a crowd of poor people under such pretenses? And if the farmers are killed in a country, the backbone of a country is gone. In the meantime the Government puts itself on its back, calls each other "The Hon." and other names. Thinks that in satisfying some children with a picnic, it does nothing for poor people under such pretenses? H. GENTIS, Metcosh, August 9, 1923.

Why Kirk's Coal Excels

Every ton is put up as though it were the only order we were ever going to sell.

Every order large or small, is handled as though the future of this business depended upon the satisfaction of this one buyer. To sell a person an order of coal is not enough—

KIRK'S

must measure up to a standard. Each sale must establish a permanent business friendship. That's why

KIRK'S

has won its way into the good opinion of the housewives of Victoria.

VICTORIA FORESTERS ATTEND CONVENTION

Mayor Extends Welcome to Delegates at Vancouver Vancouver, Aug. 14.—The annual convention of Columbia District of the Ancient Order of Foresters commenced proceedings yesterday morning in the Earle Hall, with Mayor General F. H. Williamson, director of postal services of the British Government.

General Williamson predicted that the United States, Canada, the West Indies and other parts of the North American continent would soon be linked up by air with Great Britain. Connecting air lines would also run to Egypt, India, the Straits Settlements, Australia, New Zealand, and Africa. "It is not rash to predict," said he, "that the next generation will see its railroads and its steamships supplemented by a complete system of communication by air."

Discussing the future of mail transport by air, the speaker said that the conveyance of the whole of the mails by air was an unlikely development unless and until there is a very marked change in the cost of air transport, and in the financial limitations under which postal services are compelled to work. "Moreover," the general added, "an essential condition of mail service is regularity under all conditions, in all weathers, and at all times of the year. It is commonly assumed that if a method of transporting mails can be devised which is considerably more rapid, even if more expensive, than anything already in existence, there is an immediate public demand for it. There is, of course, some truth in this; but the experience of the post office indicates that the importance attached to the mere speed of mail communication—can easily be exaggerated."

LACK OF RAIN IN ONTARIO CAUSES LOSS TO FARMERS

Toronto, Aug. 14.—The lack of rain throughout the province is causing heavy loss to the farmers both in crops and milk production. Pasture lands are drying up and early fall plowing is difficult owing to the very hard condition of the fields, according to the weekly report compiled by the Ontario Department of Agriculture. The dry hot weather is causing grain still standing to ripen very rapidly. Agricultural representatives report a poor apple crop in some districts. There are no good apples in the county of Huron. It is reported, except in sprayed orchards as scab developed very rapidly in the last month.

Manager: "My dear, I wish you would wear a different gown in the second act." Rita Ravenselyp: "But that is the best evening style, and I paid pounds and pounds for it." Manager: "That may be true, but you are hiding something from me, the audience can't make out what he means."

Table with columns: Location, Max. Temp., Min. Temp. Locations include Victoria, Vancouver, Nanaimo, etc.

AIR ROUTES TO COVER GREATER PART OF WORLD

Lofly Predictions Made By General F. H. Williamson London, Aug. 14.—A most interesting and instructive paper was read before the International Air Congress, in session in London, by Brigadier-General F. H. Williamson, director of postal services of the British Government.

General Williamson predicted that the United States, Canada, the West Indies and other parts of the North American continent would soon be linked up by air with Great Britain. Connecting air lines would also run to Egypt, India, the Straits Settlements, Australia, New Zealand, and Africa. "It is not rash to predict," said he, "that the next generation will see its railroads and its steamships supplemented by a complete system of communication by air."

Discussing the future of mail transport by air, the speaker said that the conveyance of the whole of the mails by air was an unlikely development unless and until there is a very marked change in the cost of air transport, and in the financial limitations under which postal services are compelled to work.

LACK OF RAIN IN ONTARIO CAUSES LOSS TO FARMERS

Toronto, Aug. 14.—The lack of rain throughout the province is causing heavy loss to the farmers both in crops and milk production. Pasture lands are drying up and early fall plowing is difficult owing to the very hard condition of the fields, according to the weekly report compiled by the Ontario Department of Agriculture. The dry hot weather is causing grain still standing to ripen very rapidly. Agricultural representatives report a poor apple crop in some districts. There are no good apples in the county of Huron. It is reported, except in sprayed orchards as scab developed very rapidly in the last month.

Manager: "My dear, I wish you would wear a different gown in the second act." Rita Ravenselyp: "But that is the best evening style, and I paid pounds and pounds for it." Manager: "That may be true, but you are hiding something from me, the audience can't make out what he means."

Table with columns: Location, Max. Temp., Min. Temp. Locations include Victoria, Vancouver, Nanaimo, etc.

CROWDED BEACHES MEANS EXPENDITURE

Alderman Todd Says Committee Needs More Money for Accommodation

So great has been the attendance at beaches in Victoria and Saanich district in the past two years that larger appropriations are necessary to meet the demands for facilities which the joint beaches and parks committees of Victoria and Saanich are called upon to provide.

The popularity of the beaches has been growing every year, the alderman reports, but particularly in the last two years the attendance has been enormous. Three members of the Victoria Council and three members of the Saanich Council under the chairmanship of Reeve George Watson, of Saanich, serve on the committee, and have generously performed a lot of hard work outside of the regular council duties, making the beaches attractive for the thousands of holiday makers flocking to the seaside during the summer.

While the committee is delighted to see the parks and beaches appreciated to the extent they now are, and gratified at the great attendance, Alderman Todd points out that it necessitates considerable increases in expenditure to provide the accommodation that is essential. Bathing facilities, a waterworks system and a sewage system have been installed at Cordova Bay, and similar accommodation at another point on the beach is contemplated.

Prospectors returning here from Rouyn township in Northwestern Quebec, bring the information that a rich gold discovery has been made on one of the claims held by the Woronda Company. Although they were on their way out at the time of receiving the news, they are of the opinion that the information received is correct and that the discovery is one of the richest so far made in this district.

INSTITUTES' PICNIC AT BAZAN BAY

South Saanich Farmers' and Women's Institutes Meet

Sidney, Aug. 13.—Members and friends of the South Saanich Women's and Men's Institute spent an interesting and enjoyable day's outing at their annual picnic which was held at the Dominion Experimental Farm on Saturday. Lunch was partaken of under the trees, after which Professor Strath conducted the members over the farm, much interest being taken in the different experiments.

The children's sports were then held, and keen interest was taken in the different races. Supper was then served, after which games were played and the sports for the young people were held.

REVISITING CANADA; MISS AILEEN LARKIN

Weeks of active preparation for the annual exhibition of the Esquimalt Women's Institute culminated last evening in a final meeting of the committee in charge, when reports indicated the success which awaits to-morrow's fair. The exhibition is to be held in the Canteen grounds, and will be formally opened by R. H. Pooley, M. P., at 2:30 o'clock.

A wide diversity of attractions has been prepared, including sports for the children in the afternoon, dancing in the hall in the evening and numerous slideshows. The exhibition will include cooking, needlework, flowers, vegetables, arts and crafts to the number of about eight hundred entries.

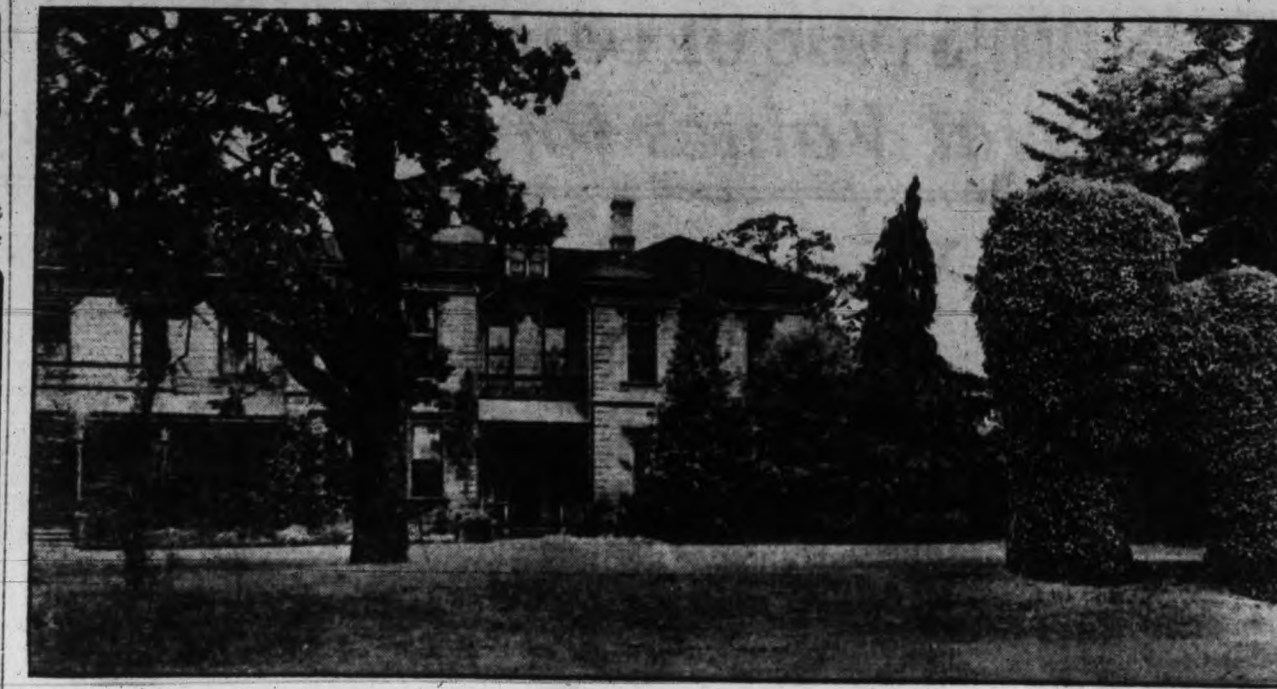

When I was a little girl," said grandmother, "my mother had what she called the summer kitchen. It was a sort of shed or lean-to just outside the kitchen proper. It had large openings for windows, and there was a wood-cook stove there. Outside a great beech tree waved its branches, and mother used to sit in this cozy place and knead bread or do her summer's canning at a big back-walnut table that would be worth a fortune now. Her kitchen coal stove out-stayed out—all through the hot season."

"It will be like old times," mused grandmother, "to have a Summer kitchen again."

IN WOMAN'S DOMAIN

TO BE SETTING FOR GARDEN PARTY THURSDAY

"Pentrelew," 1261 Fort Street, the home of Miss Croase, will be the scene of a garden party on Thursday in aid of the respective funds of the Social Service League and the Girls' Club, two deserving community efforts. Many attractions have been arranged.

DEATH CALLS MISS THORNTON FELL

Valued Member of I. O. D. E. Died Suddenly in England Sunday

I. O. D. E. circles in Victoria will learn with sincere regret of the death of Miss Edith Thornton Fell, eldest daughter of the late Thornton Fell, K. C., who passed away suddenly in England on Sunday, August 12, according to cable messages received in the city last evening. The news of her death came as a great shock to her relatives and many friends here, as although her health had never been robust there was nothing to indicate that the end was near.

Her father's sudden death in 1920 was a great blow to Miss Fell and some months later she left for England to make an extended visit to her sister, Mrs. R. A. Jinkin, of Plymouth, at whose residence she passed away. She is also survived by Mrs. Thornton Fell, of Victoria, and two brothers, Norman and Arthur Fell, of this city.

ESQUIMALT WOMEN'S FAIR TO-MORROW

Weeks of active preparation for the annual exhibition of the Esquimalt Women's Institute culminated last evening in a final meeting of the committee in charge, when reports indicated the success which awaits to-morrow's fair. The exhibition is to be held in the Canteen grounds, and will be formally opened by R. H. Pooley, M. P., at 2:30 o'clock.

Mrs. W. T. Fotheringham, accompanied by her daughter, Miss Gladys Fotheringham, of Nelson, returned Wednesday via the Kettle Valley from a visit to Victoria and Vancouver.

Col. and Mrs. James Peters, of Esquimalt, announce the engagement of their youngest daughter, Gladys, to Mr. Harry Bray, of Vancouver. The marriage will take place on September 8.

EMPRESS EUGENIE'S CLOTHES REALIZED

LITTLE AT SALE Relics of Days Before 1870 Resemble Jumble-Sale Collection

London, Aug. 14.—At Christie's famous "dustroom" lace, furs and fabrics, the property of the late Empress Eugenie, wife of Napoleon III, and the most beautiful woman of her time, were sold by order of the beneficiaries under her will.

It brought a throb to the heart to think of that wonderful Empress's past of splendor and to contrast with it the display of goods set out in King Street, St. James's, S.W.

They had the melancholy air of odds and ends assembled for a parish jumble sale. Yet many, if not all, of them have their associations.

Whalebone Creation

There was, for example, "the last dress of the Duchess of Alba," bearing that label. It is a dismal-looking heap of whalebone, rusty black velvet and black lace, with the cut of 1860.

But the Duchess of Alba was the Empress's lovely sister, the wife of one of the first grandees of Spain, and of a princely rank that, when in 1855 Queen Victoria visited Paris, she declined to appear because she told that "she must yield precedence to the Duchess of Alba," she said, "surrendering precedence to no one." And here were her clothes littering a London auction room.

The Empress Eugenie was famous for the tiny size of her feet. At the sale there was a bundle of her Court shoes, some in black and some in white satin, with the strangest little square toes. They look impossibly small, but the application of that brutal instrument, an inch measure, shows that they are eight and three-quarter inches long and that the square toes are one and a half inches across.

Bought Before 1870

Some of the stuffs had been bought at some far-off forgotten French Colonial Exhibition in the happy days before 1870, and had never been opened. The materials are generally seemed crude and ugly to modern taste. There were several Cashmere shawls of the kind which Bismarck mentioned, writing from Paris in 1853 to his wife, when he told her that he could not get them for less than £50 or £60.

A pair of Oriental trousers for women, heavy with gold and embroidery, was perhaps one of the daintiest pieces received from the Khedive of Egypt when she visited his harem in 1869.

Exquisite Lace

The most valuable items in the room were the pieces of lace, some of which are of great beauty.

These personal possessions were coldly assessed at their intrinsic worth, so that the total realized for the seventy-six lots did not amount to more than £136, about half of which was contributed by the twenty-five items of Alencon, Brussels and Chantilly lace.

Thus "free fur-lined foot-warmers which must often have given warmth and comfort to the ex-Empress's dainty feet, marked £4 4s, while a tiny chinchilla stole went for £10; the difference being simply due to the present high market value of chinchilla.

At the Empress Hotel, Mrs. Arthur E. Lane and Miss Lane, of Chicago, entertained at the tea hour this afternoon. Among those invited were: Countess d'Audiffret, Lady Barnard, Mrs. Elliott, Mrs. Hyndman, Mrs. Aitken, Mrs. B. C. Richards, Mrs. E. H. Griffiths, Mrs. Jameson, Mrs. W. C. Hembroff, Miss Blanche Richards, Miss Jean Hunter, Mrs. Hargroves and Mrs. Walter Scott. Last evening Miss Kathryn Bradshaw was hostess at a dance at Corvola Bay in honor of her cousin, Miss Marjory McLaren.

OCEAN AND COASTWISE SHIPPING

SIBERIAN PRINCE RECLAIMED FROM ROCKS, NOW FLOATS

After Sixteen Days' Labor, Algerine Drags Another Wreck to Safety

Yarrows, Limited, Hopes for Repair Contract; Ship Unloading in Esquimalt

Another remarkable feat of salvage skill and perseverance has been accomplished in the re-floating of the steamer Siberian Prince, of the Prince Line, which has been stranded on Bentinck Island since the end of July. The salvage vessel Algerine, of the Pacific Salvage Company, Victoria, which has been standing by ever since the Siberian Prince first struck the treacherous rocks in an early morning fog, July 23, has claimed another ship now moved to Esquimalt Harbor.

A Great Task
The task of dragging the Prince Line from a precarious and insecure resting place, was one which tried the skill and prowess of the salvage experts to no small degree. When the Algerine, the tugboat, the hulk, the Algerine, both engines going full speed astern, and the tugs Nitinat and Burrard Chief, also with cables aboard the Prince, strained in one supreme effort to bring the stranded vessel into the water. Gracefully and gently the Siberian Prince took to her native element once again. One seven-and-a-half-ton anchor, and a smaller kedge anchor, took a part of the tremendous strain, as the ship slid slowly down to the sea, and floated once again. Meanwhile, several huge patches of water over the side of the Siberian Prince, with a noise of a thundering waterfall. But she floated, although with only inches to spare under her keel, and was propelled to deep water, from whence she was immediately taken to Esquimalt Harbor.

Precautions Taken
The Siberian Prince has been lying in a most precarious position. The jagged rocks, which have been her bed for the last two weeks, were dark and forbidding when the sea rose to the urging of the rising gale. The winds, if more arduous weather had been experienced, the Siberian Prince would ultimately have crushed her bottom to pieces on the rocks, and if she had been so, the salvage of the wreck would have been an enormous task. As she lay, she was badly shattered about the stern, the bow, and the patching done by the salvaging operators was of great extent and a work of art, as Captain Robert Milliken, master of the Prince, himself said. Patches ranged from nineteen, seventeen and ten feet in length, to ones of smaller dimensions. She floated at 4.40 p. m.

In the hold of the Siberian Prince there still remain cargo to the extent of some five or six thousand tons. This will be removed before the ship is towed to Esquimalt. A good number of tons of wheat, sand, spelter, cased goods and lumber. Tenders for the repairing of the craft will be called for in the near future. It is hoped that Yarrows, Limited, will eventually be granted the contract.

Additional patches were placed on the ship's hull this morning. On completion of loading she will be dry-docked for survey. It is after the survey that bids are expected to be called. The salvage vessel Salvor is going to the scene of the wreck to-day to pick up what gear has been left behind, for owing to the necessity for quick action and the heavy weather, there was no time for any of the ships on duty to pick up the anchors, diving bars, cables and other ship's necessities, which remain on the rocks at Bentinck Island.

A Mormon's wife, coming downstairs one morning, was met by the doctor attending her husband. "Is he very ill?" she asked, anxiously. "Yes," said the doctor, shaking his head, "I fear the end is not far off. Do you mind me asking the wife, hesitatingly, 'do you think it would be proper for me to be at his bedside during the last moments?'" "Yes," answered the doctor, "but you'd better hurry, madam. The best places are already taken."

A man with two women friends mounted the omnibus, going on top, whilst his companions went inside. Presently up came the conductor. "Which he inquires," "Is the gentleman with two ladies?"

ECZEMA ON BODY IN PIMPLES
Itching Intense. Could Not Sleep. Cuticura Heals.
"Eczema broke out on my body in small pimples with white heads. At first there was just a little itching, but it quickly spread, causing intense itching and discomfort. My clothing seemed to aggravate the breaking out, and I could not sleep well at night. A few days later a sample of Cuticura Soap and Ointment and after using them I got relief so purchased more, and after using one cake of Soap and one box of Ointment I was healed." (Signed) Miss Myrtle Brent, Pullman, Wash.

Dr. R. G. Moffatt, ship's surgeon on the Canadian Pacific steamship Empress of Asia, is completing the writing of a book on China and Chinese conditions.

Dr. B. J. Page, former master of the Royal Mail Steam Packet steamer Cardiganshire, which docked from the United Kingdom yesterday, died in London recently, according to word received by his friends here. He left the vessel after her last arrival at London, being ill then.

ARABIA MARU DUE OUTBOUND TO-DAY

The Osaka Shosen Kaisha steamer Arabia Maru will leave for the Orient this evening at 6 o'clock standard time. She is due here from Seattle at four, and after picking up the usual number of passengers and loading a consignment of salted whales' tails will proceed on her journey to the Far East.

TYNDAREUS BERTHS FROM THE ORIENT

Dr. Algood Here on Vacation; Professor in Chinese School

Blue Funnel Steamer Docks After Foggy Trip

After a trip which was marked by heavy fogs, the Blue Funnel steamer Tyndareus, Captain F. Adecock, docked at pier 2 of the Outer Wharf at 9 o'clock this morning, bringing a small consignment of cargo from the Orient.

The Captain reported an uneventful journey. Only one clear day marked the vessel's journey from the Orient and observations were taken on that day, Thursday. The Tyndareus left Yokohama at 3 o'clock on August 2.

There were some six passengers traveling first class on this trip, while there were 19 second class and 31 steerage. Among the first class passengers aboard the ship were Dr. Algood and wife, Professor of languages and Principal of a high grade Chinese school in Tungweh. Professor Algood is from Amoy, China, and is visiting this country on a short vacation. He spent many years in Egypt and can converse in many languages. Another passenger aboard the Tyndareus was W. N. Varty, accompanied by his wife. Mr. Varty is a prominent hotel proprietor in the Orient, and is visiting this continent on an extended vacation. C. S. West, of Seattle, was also a passenger.

Only one first class passenger disembarked here, the remainder proceeding to Seattle. Cargo consignments for this port were comparatively small. There was only 21 tons of cargo for Victoria, while Vancouver will only receive some 225 tons. Considerable mail matter was also brought over on this vessel.

Princess Ena Ran On Rocks No Casualties

Southampton, Aug. 14.—A party of 52 excursionists on the steamer Princess Ena had an exciting experience early to-day when the vessel in crossing from Southampton to St. Malo, France, struck some submerged rocks in a dense fog. A bad hole was cut in the hull and a number of passengers were transferred to the lifeboats. However, excellent order prevailed, and there were no casualties. The vessel later proceeded under her own steam.

Two of the lifeboats containing eighty passengers were still missing at noon despite efforts to find them, but the authorities believed there was no cause for anxiety. Later, the Princess Ena arrived at St. Malo, with the eighty passengers who were reported as adrift in lifeboats at noon evidently returned to the ship after the danger was passed.

Soundings

With the superannuation of Captain Holmes Newcombe of the fisheries patrol boat Malaspina, Captain J. Laird, of the steamer Givenchy, has been appointed to the Malaspina command, and Mate J. Henderson, of the Givenchy will be master of that boat.

Dr. R. G. Moffatt, ship's surgeon on the Canadian Pacific steamship Empress of Asia, is completing the writing of a book on China and Chinese conditions.

SHIPPING FROM SAN FRANCISCO

San Francisco, Aug. 14.—Swayne & Hoyt, Inc., have been officially notified by the United States Shipping Board that they have been permanently assigned the freighters West Notus, West Jappa and West Camargo and the passenger liners President Harrison and President Hayes. The five vessels have been allocated to maintain the company's Pacific-Argentine-Brazil line.

The Japanese steamer Taiyo Maru with about five hundred passengers arrived here to-day from Hongkong and way ports.

The Oceanic liner Sonoma with a fair passenger list and large cargo of freight arrived from Australia and way ports to-day.

15,000 ALIENS RACE AGAINST TIME AND MONTHLY QUOTA.—Sixteen liners arrived at the port of New York August 1 in the monthly immigration race. They carried 15,553 passengers of whom 15,000 were aliens seeking admission to United States. But many of them were doomed to disappointment, for some of the quotas were quickly exhausted. The photo above shows a "field" of the liners at anchor in quarantine awaiting the opening hour of the month, to race up the bay. Below is a typical group of immigrants, on shipboard, anxiously waiting to learn their fate—whether they will be admitted to the new country or returned to the old.

JAPANESE HOSTELRY BUSINESS GROWS

W. N. Varty, En Route to World Convention, Speaks of Business in Orient

The increased tourist travel in the Orient and the educating of the Japanese to the use of foreign hotels is causing the hostel business in Japan to flourish. According to statements made by W. N. Varty, prominent hotel proprietor, who was a passenger aboard the Tyndareus which docked from the Orient this morning, there is a prosperous future for hotel men in the Orient. Mr. Varty is proprietor of the Kihon Hotel in Kamakura and has been a resident of that city for the past seventeen years. It is with the intention of attending the world conference of hotel men in New York that Mr. Varty is visiting this continent.

While here he will study various hotel designs and investigate the construction work with a view to improving on the designs for his new hotel, which he proposes to build in Kamakura at a cost of nearly a \$1,000,000.

His new hotel will be run as an annex to the Kihon Hotel and will have a capacity of 200 rooms. The building is to be of reinforced concrete, and will cost over \$600,000.

Mr. Varty is representing the Far East in attending the world conference of hotel men in New York. However, the Japanese Hotel Association, of which he is an executive member.

During his sojourn on this coast Mr. Varty will visit Los Angeles, San Francisco, Portland and Seattle. He will return to Victoria in some three weeks' time to stay for a short time with relatives in this city. He will then proceed to New York where he will attend the convention.

The time used is Pacific standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight. The figures for height serve to distinguish high water from low water. Where "blank" occurs in the table, the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, above the average level of lower low water.

PRESIDENT MCKINLEY HAS VALUABLE SILK

Left Yokohama With \$9,000,000 Worth of Raw Silk Stowed in Holds

Large Salmon Pack Coming From North to Puget Sound

Seattle, Aug. 14.—The H. F. Alexander, arriving here to-day from California, brought more than 500 passengers. She had a capacity cargo.
The President McKinley, which yesterday left Yokohama for Seattle, is carrying \$9,000,000 worth of silk and has 413 passengers, according to advices received from her to-day by the Admiral-Oriental line.

The full-rigged ship Benjamin F. Packard, of the Northwestern Fisheries Company, left Nakhok Thursday with 62,000 cases of salmon, according to advices received to-day by the company. The bark Guy C. Goss departed from Nishagak August 4 with salmon, and the full rigged ship St. Paul is to leave Kenai this week. Alaska fish and fish products now occupy practically all of the available cargo space in all of the vessels coming to Seattle from Alaskan points, and this situation promises to exist for the next month at least. The Alameda, with a big list of passengers, is due to-morrow with an entire cargo of fish and fish products, the latter including oil and fertilizer. The cargo includes nearly 70,000 cases of canned fish.

Bringing nearly 1,000,000 worth of Alaska canned salmon and a great variety of other cargo, and posted to load more than 40,000,000 feet of lumber on Puget Sound for California and the East Coast, thirty deep sea vessels will arrive in Seattle this week, according to shipping reports. The vessels are coming from California, Alaska, the East and Gulf Coasts, the Orient, South and Central America, Australia, the United Kingdom and Continental Europe.

C.P.R. Team To Train Hard For Deciding Game

Ball Champions Hope to Avenge Defeat in Nanaimo; Great Game Expected

Victoria's baseball champions, the C.P.R., will continue their hard training for the crucial game on Saturday afternoon with the Nanaimo team in the second game of the provincial play-off series.

Perhaps They Will Repeat Last year the Elks, Victoria's provincial champions, lost the first game and then turned around and won the second.

Practice To-night A practice of the C.P.R. team will be held at the Stadium this evening and all players are requested to be at the ball park at 6:45 o'clock.

ENTRIES CLOSE FOR TENNIS TO-MORROW

Players for Clay Court Titles Must Get Entries in at Once

Entries for the second annual clay court tennis championships of Victoria, must be in the hands of C. H. O'Halloran, 507-510 Central Building, before 4 o'clock to-morrow evening.

Conditions of Play The rules of the Canadian Lawn Tennis Association will govern the tournament. Matches will be the best two of three advantage sets.

Entrance fees are payable in advance, when filing entries, \$2 for three events, \$1.50 for one entry.

INTERNATIONAL TRACK MEET IN LONDON SURE

New York, Aug. 14.—John T. McGovern, Counsellor of the American Olympic committee and a member of the advisory board of the inter-collegiate section of the Amateur Athletic Association of America, returned from Europe yesterday with the announcement that negotiations for an international meeting between Great Britain and the U. S. to be held immediately after the Olympic games were well under way.

BOXED TO A DRAW

Columbus, O., Aug. 14.—Jack "Kid" Wolfe of Cleveland, and Frank Jerome, New York, boxed twelve rounds to a draw here last night.

PLACES ON OLYMPIC TEAM AT STAKE AT TRACK MEET SEPT. 3

The sports committee of the Canadian Legion has practically completed all arrangements for the provincial track and field championships to be held at the Willows track on Monday, September 3.

A special medal has been designed by P. Stoddart, jeweler and watchmaker, Brown Block, and the medals are being made in the city—a real "made in Victoria" product.

Meadows' Fine Pitching Halts Rush of Robins

Brooklyn's Winning Streak Painted By Pirates; Few Teams Play

New York, Aug. 14.—Lee Meadows, the twirler of the Pittsburgh Pirates, painted out the winning streak of the Robins in Brooklyn yesterday with a five to two victory and won the final game of the series.

INTERNATIONAL TRACK MEET IN LONDON SURE

New York, Aug. 14.—John T. McGovern, Counsellor of the American Olympic committee and a member of the advisory board of the inter-collegiate section of the Amateur Athletic Association of America, returned from Europe yesterday with the announcement that negotiations for an international meeting between Great Britain and the U. S. to be held immediately after the Olympic games were well under way.

BOXED TO A DRAW

Columbus, O., Aug. 14.—Jack "Kid" Wolfe of Cleveland, and Frank Jerome, New York, boxed twelve rounds to a draw here last night.

British Tennis Team Is Beaten

Baby In Series Ladies Lost Every Match in First Competition With American Team

Forest Hills, Aug. 14.—American women tennis players scored one of the most decisive victories in the history of international tennis yesterday when they won the remaining four matches in their contest with ranking women players of England for the trophy donated by Mrs. Hazel Hotchkins Wightman of Boston.

The American team had won all of the three matches played for the cup on Saturday with the loss of only one set and needed only one of the four matches played yesterday to win the trophy.

In the second set, however, Mrs. Beamish, with a queer underhanded service for which she is noted, stood off the close attack of her young opponent.

Miss Helen Wills, the Berkeley, Cal. girl, who won the opening match Saturday from Kathleen McKane, triumphed again yesterday against Mrs. R. C. Clayton, the British hard court champion, in straight sets, 6-2, 6-3.

B. C. MARKSMAN WINS OTTAWA PRIZE

Pte. Selwood, of Vancouver, Captures McDougall Cup, With 67 Out of 70

Ottawa, Aug. 14.—With a score of sixty-seven out of a possible of seventy, Pte. Selwood, of the 72nd Regiment, Vancouver, B.C., won the McDougall challenge cup and \$25 in cash at the annual Dominion of Canada Rifle Association meet here yesterday afternoon.

Another British Columbia competitor, the McDougall was: Private A. S. Caplin, Vancouver, 63. There were 132 entries in the money prizes of the McDougall.

CALGARY TENNIS

Calgary, Aug. 14.—Miss Jean Macfarlane, Edmonton, carried off another tennis championship here yesterday when she defeated Mrs. Miller, Calgary, in the final of the ladies' singles. Score: 7-5, 6-3, 6-4.

LEANDER CREW IN CANADA FOR RACES

Montreal, Aug. 14.—Fifteen bronzed-oarsmen, members of the famous Leander Rowing Club, of England, arrived in Montreal last night. They left for Toronto, where they will participate in the regatta to be held at the Toronto National exhibition.

MAY LIFT TENNIS CROWN WORN BY MOLLA

Many tennis critics believe that this youthful California tennis star will succeed in defeating Mrs. Molla Mallory, the present U. S. tennis champion, in the ladies' tournament now being held at the famous Forest Hills courts.

National Hockey League to Meet to Discuss Expansion

Montreal, Aug. 13.—It is announced, though not officially, that the next meeting of the National Hockey League will be held in this city on August 19, when the question of broadening the league to an international body will be taken up.

ESQUIMALT TO MEET SERVICES TO-NIGHT

The United Services and Esquimalt will meet at the Canteen Grounds this evening at 7 o'clock in a lacrosse game in the Victoria and District Lacrosse League.

DEAN WINS AT BOWLING

Winnipeg, Aug. 13.—Dean W. J. Rutherford, of Saskatoon, was defeated by E. B. Fisher, Winnipeg, in the Dingwall competition of the Manitoba Lawn Bowling Association tournament here to-day.

TIMES LONG DISTANCE SWIM

Entry form for a long distance swim on Saturday, August 25, including fields for name, address, and registration number.

Firpo's Fierce Punches Downed Weinert Quickly

Two Rounds Long Enough to Stop Charley; Firpo Still Expressionless

Philadelphia, Aug. 14.—Expressionless as usual, Luis Firpo, contender for Jack Dempsey's heavyweight crown, emerged from the victory over Charley Weinert of Newark, N.J., via the knockout route last night, still non-committal as to his chances with Dempsey on September 14.

GOLF PRO BREAKS RECORD IN TORONTO

Toronto, Aug. 14.—Following months of consistent golf, John Pritchard, professional of the Mississauga Golf and Country Club, yesterday established a record for his home course while playing with Major Mariast of Oakville, finishing with a 68 and using plain faced clubs.

JOCKEY KILLED

Columbus, Ohio, Aug. 11.—Jockey Arwin was killed and J. Eames and Bryne were seriously injured, in a fifth race at Beulah Park here yesterday when the three horses stumbled and fell.

VOSHELL'S DEFEAT CAUSES SURPRISE

Newport, R. I., Aug. 14.—Seeded players and favorites, with one exception, swept through their opposition in the early rounds of the seventh tennis tournament which opened on the Casino courts here yesterday.

WINNIPEG TENNIS

Winnipeg, Aug. 14.—Play opened yesterday in the Western hard court tennis championships with a fairly large entry. Dr. Welcker, of Regina, won his only game in the singles on Gray, of Winnipeg, 6-0, 6-1.

PORTLAND SENDING BIG AQUATIC TEAM FOR GALA SATURDAY

According to Jack Cody, coach of the Multnomah Athletic Club's aquatic branch, the "Winged M" will be represented at the V.I.A.A. gala at Curtis Point on Friday and Saturday by the largest representation of swimmers, divers, water polo players that has ever been sent by that club to an outside meet.

U.S. Ladies' Net Title At Stake At Forest Hill

Forest Hills, N.Y., Aug. 14.—Twenty-four of the three score women tennis stars are competing in the ladies' net title tournament at the Forest Hills courts.

British and American Stars Competing for Crown Held By Mrs. Mallory

Forest Hills, N.Y., Aug. 14.—The start of the championship was overshadowed by the day by the concluding matches of the international series between America and Great Britain, but the few stars who did swing into action came through decisively.

FOHL WANTS TO KNOW MEANING OF STATEMENT

Chicago, Aug. 14.—Lee Fohl, deposed manager of the St. Louis Browns conferred with President Ben Johnson, of the American League, yesterday, presumably over the statement made by Phil Ball, president of the St. Louis club, that "Fohl was dismissed for the good of the game."

QUOTING NOTES

The usual number of players, with a big crowd of spectators, attended the quoting handcap at the Willows on Saturday. Although no competitions have been played during the past month good play was seen in all games.

JUNIOR BASEBALL

The following players are requested to be at the Central Park to meet to represent the Pirates in their junior league game with Oakland, McElroy, Kay, Cameron, Bates, Storck, McKenzie, Thomson, D'Arcy, Gandy, Walker and Montauk.

Two Local and One Visiting Team Winners

Saskatchewan Not Appearing in Cricket Tourney; Noble Makes 129

Victoria, Incoqs and the Oibs. of Vancouver, captured the opening matches in the Pacific Coast cricket tournament yesterday. The results were as follows:

Table showing cricket scores for Victoria, Incoqs, and Oibs. of Vancouver.

Noble Made Fine Stand

Victoria has to thank Noble for their victory. He played a splendid innings, reaching 129 before Eric Quinlan caught him off the field.

Incogs Win Easily

Incogs defeated the up-Island eleven on the first innings. The Incogs declared on their second innings, with the score at 133 for four wickets, but there was not sufficient time for the visitors to complete the assault.

Upland-First Innings

Table showing cricket scores for Upland-First Innings.

NEWS IN BRIEF
Bail of \$100 was extracted from George L. Carrington in the city police court today when he failed to answer to a charge of being drunk on Port Street yesterday afternoon.
The Dean of Columbia has announced a legacy under the will of the late D. R. Ker, leaving to the Christ Church Cathedral Building fund the sum of \$5,000.
Dr. A. R. Baker, former chairman of the B. C. Game Conservation Board, was in Victoria yesterday conferring with Attorney-General Manson in relation to the game laws, and their enforcement in this Province.

The South Saanich Farmers' Institute will meet on Thursday evening at the Temperance Hall, Keating, where they will be addressed by E. M. Straight, Director of the Sidney Experimental Farm, on the subject of experiments on the farm. The lecture will be followed by a prize distribution, following the garden competition.
Alderman Ker urged the City Council last night to stop giving streets for this year. He said his would save about \$2,000. Alderman George Sangster, chairman of the Works Committee, resented interference by finance committee members in works matters. City Engineer F. M. Preston was instructed to report on the matter.

His Honor Judge Lampman in County Court Chambers this morning set Tuesday at 10 o'clock for the hearing of the case Rex v. Weaver. Defendant, who was committed from the Saanich court, pleaded guilty on a charge of shooting at a Hindu with intent to do grievous bodily harm.
Fire in the attic of the home of C. Gordon, 2583 Empire Avenue, at the rear of the Protestant Orphanage, gave the Fire Department considerable work last night before it was brought under control. The call was turned in at 8:30 o'clock and engines from Central and Stations Two and Five responded. Chemical extinguishers were used liberally, but much damage was done to the building by the outbreak.

Y. M. C. A. track and field men turn out Thursday evening for the regular weekly meet at the Willows. It is expected that a large number of competitors for the Thursday competitions, which are the 100 yards sprint, running pole vault, and five-mile bicycle race, will be present at the Willows track. Under the competent direction of coaches from the local Association, the youthful track stars are budding into promising athletes.

Because no quorum was present no session of the Saanich Council could be held last night, the business awaiting attention being laid over until Friday afternoon at 3 o'clock. Councillors Simpson, Brooks, Macnicol and Robertson were the absentees. The business abandoned consisted of a decision as to representation to be made by Saanich delegates to the Union of Municipalities Convention at Prince Rupert.

Fred C. Lee and Harry Chan, youthful Chinamen, were each fined \$30 in the city police court this morning, for speeding on Government on Sunday morning. After Chief Fry had stated the accused have been racing their high-powered cars at forty or fifty miles per hour, Magistrate Jay dubbed the charges "aggravated" in imposing the fines. Frank Higgins, K.C., for the accused, admitted thirty miles per hour.

Another dance in honor of the tourists at the Curtis Point Auto Camp will be given by the Victoria and Island Athletic Association Thursday night. The programme will be along similar lines to that given a week ago. Dancing will be the feature of the evening with the Novelty Four supplying the music. There will be a brief programme of aquatic sports, in which the tourists are also invited to participate.

St. George's Society picnic—Members and friends of the Royal Society of St. George not going to the picnic in their own cars are requested to assemble at the corner of Douglas and Yates streets tomorrow afternoon at 2 p. m. Tally-ho will leave for Mount Douglas Park at that time. Tickets may be obtained from Litchfield's, Government Street, Fort Street, or Cornwell's, Fort Street, or from any member of the executive. Children will be taken at half price. Some splendid games and sports have been arranged, for which prizes will be given.

Within the next few days the Dominion Department of Indian Affairs office in Victoria will be moved from the Marine and Fisheries Building to the ground floor of the old Post Office Building on Government Street. W. E. Ditchburn, inspector of Indian Agencies in British Columbia, announces. Workmen are putting the finishing touches on the new quarters ready for the transfer. There will be about seventy-five feet of floor space, a private office for the inspector and a general office. The better accommodation will allow for the expedition of business to a greater extent than was possible in the present crowded office.

COMING EVENTS
Daughters of England, Primrose Lodge, will hold a basket picnic at the Willows Beach to-morrow. Tea, sugar, and milk provided. Usual sports.
Victoria Lodge 85, Junior Order Moose, will hold their anniversary dance on Tuesday, August 14, in the K. of P. Hall, North Park Street, at 8:30 p. m. sharp. The Junior lodge orchestra will supply the music and a cordial invitation is extended to all Moose, Legionnaires and friends.

OBITUARY RECORD
There passed away yesterday afternoon at St. Joseph's Hospital Mrs. Rachael Ann Pennicott, aged fifty years. She was born in Toronto, and had been a resident of this city for the past five years. The funeral will take place on Thursday at two o'clock from the Sands Funeral Chapel, the Rev. Frank Hardy officiating, assisted by Comm. Hodson. Interment will be made at Ross Bay Cemetery.

TELEPHONE THEME OF THE LUNCHEON ADDRESS TO-DAY

Lindley Crease Sees Its Local Progress As Inspiration to Others
That Victoria was one of the cities to pave the way for the telephone, and that British Columbia had made greater progress in telephone development and headed Canada in the percentage of telephone users based on the population were among many interesting statements made by Lindley Crease, K. C., in an excellent address at the Kiwanis Club luncheon this afternoon. Mr. Crease devoted his talk to telephone pioneering.

History of Telephone
The telephone, a recent invention, was patented by A. Graham Bell in March, 1876. Mr. Bell said if he had known more about electricity and less about sound he would never have invented the telephone.
The first telephone line in Victoria was laid between Mr. Jeffrey's store on Johnson Street and Pender's Soap Works, then on Humboldt Street in 1877. It was a very primitive installation, using a transmitter and receiver as one. It created a lot of interest, but most people regarded it as a crazy idea. The late R. B. Victoria had a telephone system in British Columbia, said Mr. Crease.

Mr. Crease described early difficulties in line work and posts, mentioning that early line men climbed posts like schoolboys. Too few posts and one of the early mistakes. Some of the posts originally used are still doing service, Mr. Crease said.
Victoria had a telephone system before Vancouver was thought of, and it was the third city in Canada to have a common battery switchboard. In 1892 the British Columbia Telephone Company was formed, and absorbed smaller companies. In 1904 the cable was laid across the gulf islands, connecting Vancouver Island with the Mainland.

More Per Capita
British Columbia had more telephones according to population than any province in Canada, the speaker said. The rate of increase also exceeded that of any other province. On the ratio of population to December 1, 1922, there were 72,000 telephones in British Columbia, compared with 66,000 in Ontario, 53,000 in Alberta and 41,000 in Quebec.
The speaker concluded by pointing out that the same possibilities which existed for the pioneers of the telephone industry in Victoria existed today in other parts of the province. Inquiries now in British Columbia for men who had the initiative to seize them, and ultimately make them a going concern as the original telephone companies in Victoria had done. "Without going into politics what is needed," said Mr. Crease, "is protection, protection to keep our own industries for our own use, and keep our own men to develop our own industries and resources. We must also not be afraid of letting in new blood of the right sort."

INSECTS CUT DOWN COMOX GRAIN CROP
Little green aphid flies are eating up the grain crop of the Comox district of Vancouver Island and will substantially reduce the annual crop, W. Downes, Dominion entomologist, announced today on his return from Courtenay.
The aphid pest is due to the absence this year of insect enemies that usually eat up the green flies. Mr. Downes stated. The scarcity of lady bugs, which usually eat millions of aphids, is the chief cause of the present pest, he explained.
The pest will seriously affect the late grain. Mr. Downes stated. The earlier grain will not suffer so much, however, as the insects do not have so much time to eat it. There is nothing stated. The scarcity of the insects off, the outbreak is seasonal and probably will not occur again for twenty years or so. Old timers say that a similar pest swept the Comox country a couple of decades ago.
Fungus growths, the spores of which float about in the air, have cut down grasshopper hordes in many parts of British Columbia this year, Mr. Downes announced. This has reduced the havoc which the hoppers have done in late years. The fungus grows live on the hoppers and kill them in millions.

HEIRS TO MILLIONS
Three young scions of famous New York families arrived here yesterday, and after a short stay proceeded to Vancouver on route East. They were Avery Rockefeller, a grandson of William Rockefeller, who will have just over a million, John H. Whitney, and M. G. Field.
All registered at the Empress Hotel from New York. They were not courting publicity, and apparently were on vacation.

VICTORIA TEACHER GETS APPOINTMENT
H. S. Hurn to Be Supervising Principal of Prince Rupert Schools
H. S. Hurn, of this city, for some years a teacher in Victoria public schools, has been appointed supervising principal of the Prince Rupert public schools. This position entails a great amount of responsibility and Victorian teachers are pleased that one of their number should have been selected for such an office. W. D. Vance, secretary of the Prince Rupert School Board, made this announcement two days ago, and the word was received here yesterday.

Unforeseen circumstances prevented Principal Edward S. Martin, of Nanaimo, the original choice of the Prince Rupert Board, from accepting the proffered position. Mr. Hurn is a most capable man, and will do his utmost to fulfill the trust and confidence placed in him. He has been highly recommended by George H. Deane, municipal school inspector of Victoria, and the Prince Rupert authorities were influenced in his small degree by the news of his career here in the giving of their offer.
Mr. Hurn will leave shortly for the Mainland, and his many friends here will be sorry to see him go.

JOCKEY MAY RIDE DURING VACATION
Apprenticeship Case Engages Attention of Supreme Court
Making the comment that, while a man should not be allowed to break a small dog, but to allow interference with the riding of fourteen-year-old Jockey Leslie every at the races scheduled at Vancouver and Victoria during vacation of the courts, Mr. Justice Gregory in Supreme Court Chambers this morning declined to grant an interim injunction against W. A. Brethour on behalf of A. S. Woods, horseman and trainer to whom the lad was apprenticed while only thirteen years of age.

CHURCH TENNIS IS THRIVING VERY WELL
Many Interesting Tournaments Are Being Played in the City
A very enjoyable tournament took place on Saturday last between St. Paul's Tennis Club, Esquimalt, and the Burnside Club on the courts of the former. Refreshments were served during the afternoon, and both clubs sat down to tea about 6 o'clock, when everybody declared it to be the very best and most interesting tournament they had taken part in this season.
The St. Paul's Club wish to thank Councillor Dent and Mrs. Dent, Mrs. Hall and all those who kindly assisted at the tea tables and with the refreshments.

OKANAGAN TO HAVE BIG CROP, PATTULLO SAYS; NEW SETTLERS SEEK LAND
The Okanagan country is assured of an excellent fruit crop this year and excellent there are good indications, according to Hon. D. Pattullo, Minister of Lands, who arrived back at his office here today, after a tour of the interior.
"Things are looking well in the interior," Mr. Pattullo declared. "There is no question that there will be a good fruit crop. The problem the farmers are trying to solve is that of marketing. With a new cooperative organization they are apparently making good progress in their efforts to market the crop at a profitable figure."

INSPECTORS CUT DOWN COMOX GRAIN CROP
Little green aphid flies are eating up the grain crop of the Comox district of Vancouver Island and will substantially reduce the annual crop, W. Downes, Dominion entomologist, announced today on his return from Courtenay.
The aphid pest is due to the absence this year of insect enemies that usually eat up the green flies. Mr. Downes stated. The scarcity of lady bugs, which usually eat millions of aphids, is the chief cause of the present pest, he explained.
The pest will seriously affect the late grain. Mr. Downes stated. The earlier grain will not suffer so much, however, as the insects do not have so much time to eat it. There is nothing stated. The scarcity of the insects off, the outbreak is seasonal and probably will not occur again for twenty years or so. Old timers say that a similar pest swept the Comox country a couple of decades ago.
Fungus growths, the spores of which float about in the air, have cut down grasshopper hordes in many parts of British Columbia this year, Mr. Downes announced. This has reduced the havoc which the hoppers have done in late years. The fungus grows live on the hoppers and kill them in millions.

GAME "CROPS" IN B. C. GOOD

With Fewer Fires, Animals Increase in Forests of Province
Fine "crops" of birds and game of nearly all descriptions are maturing in British Columbia woods now, according to reports received by the Provincial Game Department. The smaller number of forest fires compared to last year has enabled birds and other game to mature with little molestation. Last year, when fire swept through vast forest areas, large numbers of animals were destroyed before the shooting season arrived.

Pheasants are said to be on the increase in practically every locality on the Lower Mainland. Last year the Game Department liberated throughout the Province about two thousand birds that had been artificially reared in the two government areas near Victoria, 800 of them being let loose on Vancouver Island. A new policy has been decided on this year. The birds will not be set free till the Spring, so that they will have a chance to get familiar with their surroundings before mating season, when it is hoped the crop of young will then be better than ever.
A large number of quail was turned loose in the Ladner district last year, and reports coming in now are to the effect that there is an abundance of young birds.

After a close period of four years, there will be an open season for elk this year, from October 1 to October 20, in the districts of Fernie, Cranbrook and Columbia, the condition being that only males may be killed. In the Bella Coola and Cariboo districts, where the migratory birds breed, last year's sport was poor, due to the fact that the long, dry fall and lack of food for the water birds drove them south much earlier than usual. There has been a lot of nesting this season, according to reports, and given the necessary rains a little later on, there is every prospect of plenty of sport.

IS EUROPE DOOMED?
"Is the Doom of Europe at Hand?" An address, followed by discussion on this subject will be given at the British-Israel meeting this evening at eight o'clock in the B.I. Hall, 1615 Cook Street, (near Fort). The meeting is open to the public.

NORTHERN ONTARIO INDIANS PRESENT HIAWATHA.—To celebrate "Discovery Week" at Sault Ste. Marie, Indians from a neighboring reserve will present Longfellow's "Hiawatha" with absolute historical accuracy. In the photos are shown above, left, the cairn erected by the Dominion Sites and Monuments Board of Canada which will be unveiled as part of the ceremonies, and, right, one of the Indian characters in the pageant.

SHE'S CHAMP.—Aurora Garcia, who danced seventy-eight hours and ten minutes, is the feminine dancing champion of Mexico. Only the fact that she became sleepy prevented her from outdancing the male champion, Rogolfo Gonzalez.

LATEST PICTURE OF PRESIDENT CALVIN COOLIDGE AND MRS. COOLIDGE, taken on the front porch of his father's farmhouse a few hours before the death of Warren G. Harding elevated him from the vice-presidency to the White House.

GOOD OLD ROPE!—One of the big feats in scaling the Alps is to leap across a cleft in Gallo peak. A rope around the waist is more to be desired than a life insurance policy.

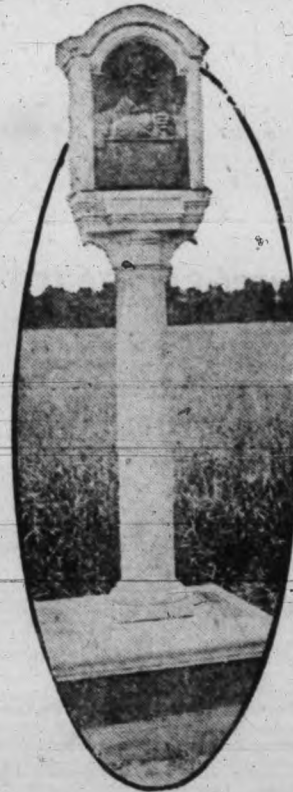

THE FIRST HUNDRED ARE THE BEST.—Mrs. William Rogers, of Savannah, Ga., has just turned 100 years. "The first hundred years aren't the hardest, they're the best," says the optimistic centenarian as she beams among the birthday flowers, sent by many friends.

LANDING SAFE AND SOUND.—An express-wagon driver turned his horses in a narrow alley at Worcester, Mass. His horses fell into a ten-foot hole. They were hauled out with block-and-tackle, unhurt.

JAMES A. FLAHERTY, of Philadelphia, has been elected Supreme Knight of the Knights of Columbus for his eighth consecutive term.

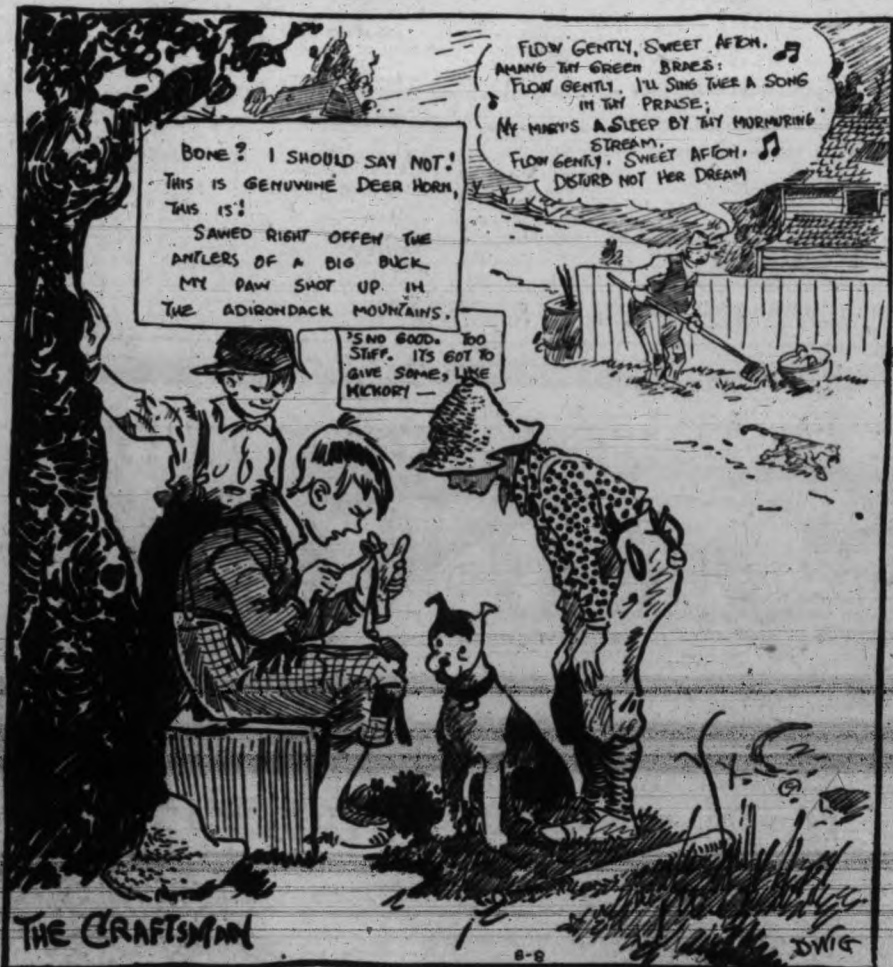

LINCOLN'S ROAD.—A unique marker to the memory of Abraham Lincoln has been dedicated at Carlock, Ill. As a young lawyer, Lincoln passed along the road on which the above memorial stands. It is a column of concrete surmounted by a portrait of the emancipator in bas relief on bronze.

PUZZLES DON'T PUZZLE HER.—Helen Martin, of Philadelphia, is never balked by a puzzle. By solving puzzles she has won a piano, an auto, \$1,250 in cash and a job. She has also won furniture which she gave to an aunt in Boston.

SCHOOL DAYS By DWIG

THE CRAFTSMAN

WILL HE SEND HER TO DEATH?—Twelve-year-old Raymond Taylor, above, is counted on as a stellar witness in the case of Mrs. Nettie Case Taylor, mother of six children, held on a charge of murder at Waterloo, N. Y., for the killing of her husband Frank. The boy's story may decide whether his mother, also shown above, lives or dies.

SEATTLE PAYS TRIBUTE TO PRESIDENT.—This is President and Mrs. Harding's triumphal entry into Seattle upon his return from Alaska. It was in Seattle that the president was stricken ill. His features show he was not a well man when this picture was snapped. In the car with him, with right hand raised, is Mayor Edwin J. Brown, and Louis F. Hart, governor of Washington.

At the THEATRES

CAPITOL
Do you believe that a girl may be practically drafted into motion pictures?
Granted that it is much more usual to read of the person who, after long years of work and disappointment and frustrated hopes, finally reaches the top, it is still true that, occasionally, the arm of Fate over-reaches the mass of struggling aspirants and taps the shoulder of a girl or boy who is in different to the almost universal lure of the screen. Life, you know, is inexorably like that.
"Three Wise Fools," aimed for Goldwyn by King Vidor, which will be screened at the Capitol Theatre for this week, has a player for whom Fate had reserved a rapid and romantic rise to screen stardom. She is Eleanor Boardman, the young woman who was given the lead in Rupert Hughes' "Souls for Sale" after but a year of screen acting.
A year ago Eleanor Boardman was living happily at home in New York. She was working, but not in motion pictures. The casting offices knew her not at all, although being beautiful she had posed for numerous artists of the lens, brush and crayon. Then Rupert E. McIntyre, Goldwyn casting director, arrived in New York to select one girl to be taken to the studio in California and given a chance before the camera. Hearing of the competition, Eleanor went to see him. She did it casually, with a feeling that she shouldn't overlook anything, even the remote chance of getting a free trip to Los Angeles. She was one of more than two thousand girls, most of them burning with a desire to see themselves on the screen.
The discerning Mr. McIntyre selected Eleanor from the whole lot. In California she played a small part in Rupert Hughes' production of "Gimme," a better and totally different role in Marshall Neilan's "The Strangers, Banquet," and then was entrusted with the character of Amelia Sedley, with Mabel Travin in "Vanity Fair." Then the leading feminine role in "Souls for Sale" in less than a year after her arrival in California.
The moral? A number of bromides apply, but perhaps you can frame a new maximum for the copybooks. Meanwhile, the thousands of unchosen continue to storm the casting offices, some of them give up and occupy themselves otherwise; some pursue for years their will-o'-the-wisp.

FEATURE PICTURE AT DOMINION ALL WEEK

Scene from "MAIN STREET" A Warner Bros. Production

Royal again to-day, starring Norma Talmadge.
In the fight for Clifford's salvation, the ingenious role in which Miss Talmadge appears, saves the young Englishman from robbery at the hands of native bandits. The scene showing the intended robbery, with its shadowy hand of the intruder outlined against the door, provides a telling effect.
The story throbs with heart interest and a romance that teems with tender moments. It was adapted from Andrew Scott's novel, "On Principle," a book that has had thousands of readers.
In "The Frozen North" featuring Buster Keaton, which is the extra comedy showing this week at the Royal a series of scenes have been laid which will be most unique to patrons who are fond of real good clean comedy. The same stunts that made "The Boat," "Cops," and "In fact, all of Buster's recent comedies, will speak for his laughing abilities.

HOLD UP PLAN TO KILL CITY PENSION SCHEME FOR YEAR

Legality of Transfer of Superannuation Money Is Questioned
Advocates of pensions for city employees began their fight at the City Council meeting last night against the proposal of the Court of Revision to use for other purposes money voted early this year for the superannuation scheme.
At the suggestion of Alderman Woodward, the Council referred the whole question to the City Solicitor.
As announced in the issue of The Times last evening the Court of Revision recommended that \$1,700 be spent on maps for the Assessor's department, and that this money be taken out of \$8,000 voted to inaugurate a pension scheme this year. This, city employees believe, would mean that the pension scheme would be scrapped, perhaps permanently.
Alderman Woodward doubted the legality of the transfer of money from one account to the other.

EXPLAINS REASON FOR BRIDGE DELAY

Unexpected Difficulties Held Up Work, Engineer Tells Council
Why completion of the new Johnson Street Bridge has been delayed is explained in a report laid before the City Council last night by City Engineer F. M. Preston.
"The chief cause of the delay," stated the report, "has been the sinking of the concrete mixer scow on February 6 and delaying the commencement of concrete on the final portion of the substructure from that date to March 16. Specifications for the Johnson Street paving were being prepared about this time and probably insufficient time was allowed in the estimating of the probable time for the completion of the bridge."
"I believe, owing to the non-arrival of steel, that the Canadian Bridge Company has also experienced some setbacks, amounting to probably about two weeks, but I have no fault to find with their progress."
"I do not think that the delays which have happened, apart from the actual loss caused from the sinking of the concrete scow, and which was allowed for in the new by-law, will in any way increase the final cost of the work."
The report was received and filed.

ARE NOW AT THE CAPITOL

Scene from "MAIN STREET" A Warner Bros. Production

MAJOR CAYZER WINS SEAT AT PORTSMOUTH
London, Aug. 14.—At the bye-election yesterday in South Portsmouth, rendered necessary by the resignation of the member, Lieut.-Col. Leslie Wilson, to accept the governorship of Bombay, India, Major Herbert Cayzer, Conservative, was elected over Sir Henry Lawson, Liberal, by a majority of more than 2,000. The vote was: Cayzer, 11,884; Lawson, 9,763.
Major Cayzer was elected in this constituency in the general election of last November, but resigned in a bye-election, making way for Col. Wilson, the Conservative whip, who had been defeated in the St. George's division of Westminster, and was in need of a seat.
FIRE AT TACOMA
Tacoma, Aug. 14.—Fire attributed to spontaneous combustion destroyed the Bass Heater Paint Company's wholesale house here shortly after midnight, with an estimated loss of \$100,000. The heart of the shopping district was threatened. Two hundred guests of the La Crosse Hotel, adjacent to the paint establishment, were routed from their beds, and for a time it was believed impossible to save the hotel. All available fire fighting equipment of the city was called to fight the flames.
At 2:30 this morning the fire was believed under control.
The Boss: "Do you know, Tennyson's poems carry me completely away."
Miss Pert: "Really? I'm awfully sorry we haven't a volume in the house."

With a face that vainly endeavored to appear mournful, Patrick O'Delan snatched into an embrace the man who said, "I want ye to tell me, be murdered, 'phrat the custom is for the wearin' iv' mournin'."
"Well," said the assistant, "of course it varies. If it's a long time relative, a custom is for the wearin' iv' mournin'."
"Well," he whispered at length, "give me a boot-lace. It's the wife's mother."
