CASUALTIES AMONG CANADIAN SOLDIERS

Ottawa, Feb. 28.—The following casualties have been announced:

Infantry.
Killed accidentally—Lieut. J. H. Morgan, England.
Died of wounds—Pte. William Christian, Victoria.
Died—Acting Sergt. J. A. Cuthie, Vancouver.
Wounded—Lieut. C. R. Hillis, Hamilton, Ont.; Pte. G. R. Morris, New Westminster.
Gassed—Corpl. J. S. Taylor, Mission City, B. C.

M. P. ELECT DIES.
Perth, Ont., Feb. 28.—Dr. A. E. Hanna, M. P. elect for Lanark County, died suddenly at his home here yesterday. Apparently he was in good health upon retiring. Mrs. Hanna found him dead in bed.
Dr. Hanna had represented Lanark County since the death of Hon. J. G. Heggart. He was fifty-eight years old and is survived by his widow and two children, the eldest being in the Royal Flying Corps, now in Texas.

NEW VIENNA-BERLIN BREACH WIDENING

German Attack on Russia Making Relations More Strained Than Ever

Washington, Feb. 28.—Further evidence of the growing strain on the relations between Germany and Austria over the refusal of the latter to participate in the renewed attack upon Russia was given in an official dispatch received here yesterday from France. It quoted the Austrian Premier as formally reiterating on February 22 that Austria-Hungary would take no part in military operations against Russia and Roumania, and would not send her troops into the Ukraine.

The dispatch referred to a meeting between Emperor Charles and Kaiser Wilhelm on February 22, and said there seemed little doubt that a serious difference had arisen between the two countries, which Germany is determined to settle by violent measures if necessary.

Lacking in cordiality, the dispatch follows: "Charles I. paid a visit to William II. on the 22nd of February. Ludendorff was present at the interview. If we are to judge from the tone of the interview, it must have been lacking in cordiality. There seems to be little doubt that a serious conflict has broken out during the week between the courts of Vienna and Berlin, which Germany is determined to settle if need be by violent measures.

"The internal situation of the Dual Monarchy is such that the Vienna Government, in order to avert a catastrophe, has been obliged to distinguish by means of public declaration its own policy from that of Germany. The report that at the conference on February 19 Hertling and Ludendorff had decided to pay no attention to the Russian demobilization and to prepare to begin again the conflict on the Eastern front, caused a great stir throughout Austria. It was not simply the dissenting nationalities, the Czechs, the Slovaks or the Poles, who do not desire to fight any more, but it is the mass of the population of German origin, who refuse to sacrifice themselves any longer to assure the triumph of Prussian imperialism.

Seydler's statement. "An official note of the 15th had announced that Austria for her part would continue to consider the war as terminated with Russia, and would abstain from taking part in the operations planned by the German command. A second note, of the 19th, repeated the same statement. When asked to give further particulars at the sitting of the Chamber on the 22nd, the Austrian Premier formally stated: 'The words uttered by different Deputies have proved that the explanation which has been furnished

up to the present time has not been sufficiently explicit. I repeat, therefore, that Austria-Hungary will participate in no way in the military action which is now being carried on by Germany against Russia. I repeat that there is no question of having our troops penetrate into the Ukraine with which we are at peace. I repeat that an armistice exists between Austria-Hungary and Roumania, and that we are only considering entering as early as possible into peace negotiations with that country.

SUGGESTED BY JAPAN ALLIES SAVE WAR SUPPLIES IN SIBERIA

Washington, Feb. 28.—Japan has directed inquiries to the Entente Powers and the United States Government to test their feeling towards a proposal to institute joint military operations in Siberia to save the vast quantities of war supplies stored at Vladivostok and along the Trans-Siberian Railroad.

The material suffers greatly from exposure, but the principal concern to the Allies is the danger that the stores may fall into the hands of the Germans, who may make their delivery a condition of any peace treaty which they may compel the Bolsheviks to sign.

WOLF DID NOT SINK ALLIED WARSHIPS AS CLAIMED BY BERLIN

London, Feb. 28.—After stating that the German raider Wolf sank at least thirty-five Allied merchant vessels during her fifteen-month cruise, a German official statement as received here yesterday said: "Further warlike measures of the auxiliary cruiser resulted in the sinking of a Japanese ship of the line, the Haruna, of 35,000 tons displacement, and either an English or a Japanese cruiser, the name of which could not be ascertained as she was badly damaged.

The naval attaché of the Japanese Embassy in London declares that the German official report, so far as it concerns the Haruna or any other Japanese cruiser, is without foundation. The British Admiralty also states that no British cruiser was damaged by the Wolf, adding: "The value of the rest of the report may be gauged from this."

DIRECT WIRE.
Ottawa, Feb. 28.—In order to facilitate the transaction of public business between the two countries, a direct wire connection has been established between the Canadian War Trade Board at Ottawa and the Canadian War Mission at Washington.

Had Piles For Ten Years

And Tried Nearly Everything Except a Surgical Operation Without Obtaining Relief—Tells How Complete Cure Was Effected

There are reported here three cures of chronic cases of piles. In all three cases many treatments were tried before it was discovered that Dr. Chase's Ointment is about the only real cure for this distressing ailment.

Mrs. A. Oates, 22 Gilkinson Street, Brantford, Ont., writes: "I have used Dr. Chase's Ointment as a household remedy for ever so long, and am particularly indebted to it for a cure from Piles. I had suffered from this annoying trouble for ten years, and tried nearly everything I heard of. After using Dr. Chase's Ointment a short while I was completely cured."

Mrs. Wm. Shantz, 155 Albert Street, Kitchener, Ont., writes: "For several years I was troubled with bleeding piles. I tried different remedies for relief without success. I read in Dr. Chase's Almanac of the benefits other people were receiving from Dr. Chase's Ointment, so sent to your office for a sample box. I found it gave me such relief that I went to a drug store and purchased a full-sized box. I have used several boxes since, and have derived more benefit from its use than any remedy I have ever used."

Mrs. F. Cussons, Victoria Street, Ingersoll, Ont., writes: "About two years and a half ago I was suffering from Piles. I had tried many different remedies for this distressing trouble, but nothing helped me. Finally I got a box of Dr. Chase's Ointment, and after using it found that I was completely cured and have not been bothered in this way since. I can cheerfully recommend Dr. Chase's Ointment to anyone suffering as I did."

Dr. Chase's Ointment, 50 cents a box, at all dealers, or Edmundson, Bates & Co., Limited, Toronto. There are no rivals to Dr. Chase's Ointment as a treatment for Piles.

EIGHTEEN BRITISH MERCHANTMEN SUNK BY ENEMY IN WEEK

London, Feb. 28.—Eighteen British merchantmen were sunk by mine or submarine in the past week, according to an Admiralty report issued last night. Of these fourteen were vessels of 1,600 tons or over, and four were under that tonnage. Several fishing vessels also were sunk.

Arrivals, 2,274; sailings, 2,398. Merchantmen unsuccessfully attacked, nine.

The losses to British shipping in the past week show an increase over the previous week, when the vessels destroyed numbered fifteen, twelve of them over 1,600 tons. In the preceding week nineteen British merchantmen were sent to the bottom.

Madrid, Feb. 28.—The Spanish press announced yesterday without official confirmation the torpedoing of the Spanish ship Barbero. Efforts to get official confirmation elicited this comment: "U boats obtained better results against Spanish shipping than against Italian and French tonnage last week."

Philadelphia, Feb. 28.—The tank steamer Santa Maria has been torpedoed and sunk off the Irish coast, according to cable advices received here. The crew was saved. The Santa Maria was of 3,200 tons deadweight and was owned by the Sun Company, of Philadelphia.

Paris, Feb. 28.—No French vessels of more than 1,600 tons were sunk by enemy mines or submarines during the week ending February 27. One vessel under that tonnage was lost, but no fishing vessels were sunk. Four merchantmen fought off submarine attacks. Entries into French ports aggregated 916 and departures 901.

MINERS AT FERNIE CONDEMN ASIATIC FRUIT FARM LABOR

Fernie, Feb. 28.—The alleged action of the British Columbia Fruit Growers' Association, which, according to a resolution from Bankhead had publicly expressed itself as favorable to employing Chinese labor for the fruit industry, came in for much condemnation at the United Mine Workers' convention here yesterday. The resolution asked the convention to boycott all fruit and other products placed in the market by the B. C. Fruit Growers' Association, while they continued to employ Chinese labor and authorize transmission of the resolution to the district secretary of the U. M. W. of A. and the secretaries of Alberta and British Columbia Federations of Labor, as well as all local unions in this district. Upon positive verification of this action by the B. C. Fruit Growers all members will be blacklisted by the miners of District 18.

REMARKS ON ARMY AT PROHIBITION EVENT IN TORONTO CAUSE STIR

Toronto, Feb. 28.—The Toronto Globe states it has received information that unless the delegates to the provincial prohibition convention here are not more restrained in their utterances regarding members of the Canadian Expeditionary Force, the authorities may bring the meetings to an abrupt close.

The police commission and the military authorities are highly incensed over what they consider libellous statements about Canada's soldiers, and it is understood that a meeting will be held to consider action against the author of certain statements reported to have been made at Massey Hall yesterday.

GRASSIE, A WINNIPEG BATTALION LEADER AT FRONT, HAS RESIGNED

Winnipeg, Feb. 28.—Lieut.-Colonel William Grassie, for two years officer commanding a Winnipeg battalion of Highlanders at the front has resigned. He will be succeeded by Major Urquhart, who will be promoted to the rank of Lieutenant-colonel.

TIME EXTENSION FOR CANADIAN BAKERS

Ottawa, Feb. 28.—The Canada Food Board has extended from March 3 to March 15 the time within which bakers using five barrels of flour or more a month for the manufacture of bread, cake or other bakers' products for sale must obtain a license from the Food Board.

This will enable bakers to utilize flour other than standard flour till March 15.—The transportation situation and the difficulty of ensuring that all bakers will have sufficient supplies of standard flour by March 1 is the reason for the extension of time.

Bakers having stocks of other than standard flour which will not be exhausted before March 15 are advised to communicate with the Wheat Export Company, Montreal, which is prepared to take it off their hands.

Expert selection of wheat at the fields. Expert analysis of the same wheat in our local laboratory. Expert grinding of the wheat into flour in the laboratory's miniature mill. Expert baking trials of the same flour. Those are the stringent and critical, unalterable tests applied to every shipment of wheat that enters into the manufacture of Royal Standard Flour.

Add to that the latest scientific processes of an absolutely modern mill operated by expert millers of years' and years' experience, and the result must be a flour as near perfection as it is humanly possible to make it.

Such was Royal Standard Flour before the new Government regulations.

Such is Royal Standard Flour now under the new Government regulations.

The one and only difference between the old and new Flour is that more of the flour-making properties of the wheat berry are utilized in the new "Government grade."

The new ROYAL STANDARD is a rich creamy color—not snowy white like short patent flour.

Its flavor, baking qualities, nutritive value and all around worth are equal to any flour you ever used.

Its "NUTTY" taste is an absolute joy.

And as before, it contains no bran—no shorts or middlings of other grains or ingredients whatsoever—Just Flour.

EIGHT-HOUR DAY.
Portland, Ore., Feb. 28.—Beginning March 1 the logging camps and lumber mills of Washington and Oregon will go on a basic eight-hour day by an order of the Government, which is taken to indicate a move for ultimate control of the industry in these states by the Government, because of the announcement from Washington yesterday that the Government would assume control of the spruce production.

The announcement of the eight-hour day was made last night by Colonel Bruce P. Disque, commanding the spruce production division of the signal corps of the United States Army, to 200 members of the Lumbermen's Protective Association, comprising operators and millmen of Oregon and Washington.

"BONE DRY" DATE NOT DECIDED AS YET
Ottawa, Feb. 28.—There has been much speculation here as to whether the "bone dry" liquor law, affecting trade between the provinces, will go into effect on April 1. It was stated some time ago that the ordering of liquor from another province would be prohibited after that date, but it is now stated in Government circles that it may be postponed, but there is nothing certain yet.

Export liquor companies have been urging an extension of two months. The Government's previous intention was April 1, but the Order-in-Council has not yet been passed.

To Prevent Headaches take

ENO'S FRUIT SALT

HEADACHES! What woman isn't subject to them? Some frequently. Others less often. But, in any case, if the womenfolk would only follow the example set by their husbands and brothers in the use of Eno's "Fruit Salt," they, too, would escape the annoying, painful headaches caused by a lazy liver or deranged digestive system. Made of the stimulating and refreshing elements of ripe fruit juices, Eno's rouses the torpid liver to fresh activity and cleanses and invigorates the whole digestive and eliminative tract. A headache has no show where Eno's is.

All druggists sell "Eno's"

CO-OPERATE OR OBSTRUCT. When William L. Hutcheson, General President of the United Brotherhood of Carpenters and Joiners of America, solicited a conference with President Wilson on behalf of the strikers in the Atlantic shipyards...

THE REASON FOR IT.

Probably if the truth were known it would be found that Germany's appeal to the Geneva Red Cross—whose existence she seems to have just discovered—for the abolition of poisonous gas as an agency of war was due to the explosion at the great chemical factory of Greisheim-Elektron near Frankfurt on November 22 last year. This establishment, which was completely destroyed, was one of the largest in the world. It covered more than fifty-four acres and was a veritable small town.

SHIPYARD CRISIS MAY BE INVESTIGATED BY BOARD; MEETING HERE TO DECIDE

Opposed to Commission. Asked concerning the attitude of the local shipbuilders towards the appointment of a Government commission to investigate the disputes, Mr. Butchart said "We are strongly opposed to a commission because we feel the shipbuilding industry in British Columbia has reached its crucial stage, and this demand over and above the high rate of wages paid if granted, would be an injustice to the people, and the board cannot be a party to it."

ORGANIZED PUBLICITY.

The Imperial authorities were woefully slow in combating German propaganda. For a long time after the war broke out the elaborate publicity organization of the enemy was able to spin myriads of falsehoods, not only in neutral countries but in the Empire itself, without any organized attempt being made to nullify their effect.

A BEDTIME STORY

UNCLE WIGGLY AND SUSIE'S LETTER

Copyright, 1917, by McClure Newspaper Syndicate. (By Howard R. Garis.)

"Oh, dear! I never can do it!" said Susie Littleall, the bunny rabbit girl, as she sat by the table in the burrow, or underground house, and chewed the end of her lead pencil.

others, and after recess, the lady mouse teacher said: "Indeed, you animal children wrote very nice letters! Susie Littleall's was very good, and I want Susie to read it. Come up to the platform, Susie!"

PRAIRIE CLUB

Well-Known Speakers Give Interesting Addresses at Last Night's Entertainment at High School.

Nearly one hundred and fifty people attended the enjoyable entertainment held in the High School auditorium last night under the auspices of the Prairie Club.

What it was about neither Mr. nor Mrs. Longtail, nor Sammie could guess. They heard a word, here and there, and they saw Susie and Uncle Wiggly laughing, but Susie wouldn't tell them what her letter was, saying Sammie could hear it read in school next day.

SEA LIONS GAMBOL WITH FAIR NYMPHS

Amphibious Creatures Form Novel and Educative Feature at Pantages

The vaudeville world has produced many varieties of trained animals, but it is improbable that such a wonderful aggregation of performing amphibians as Winston's water lions has ever before been seen on the amusement stage.

These water lions exhibit the keenest intelligence. Purpose diving, the pin-wheel, log-rolling, blowing bubbles under water and floating inanimately on the surface, the over-head stroke, a speedy and effective rescue and sensational high diving are but some of the remarkable feats performed by these highly educated water lions.

That H. M. Winston, the owner and trainer of the sea lions, has done some wonderful work is evidenced by the high degree of efficiency marking the performance of these remarkable animals.

The matinee on Saturday will be devoted to the kiddies when the keenest delight and interest will be taken in the antics of these aquatic wonders.

Comedy and pathos is introduced in the presentation of "The Girl at the Clear Staid," by Leslie Clare and Will Cohen create a lot of amusement.

"A Jitney Classic" is an interesting talking and singing skit put on by Dorothy Homar and Walt DuBar.

screen and this is the most that could possibly be said for her. To her it is all delightful and she finds an immense amount of real healthy stimulus in her work.

Social & Personal

Mrs. J. P. Carson, of Vancouver, is making a short stay in the city as the guest of Mr. and Mrs. J. T. Macdonald.

Miss Norma Macdonald, daughter of Chief Justice and Mrs. J. A. Macdonald, is spending this week at New Westminster as the guest of Mrs. David Whiteside.

Miss Helen Randall, president of the Graduate Nurses' Association of British Columbia, has returned to her home in New Westminster after spending the past few days in this city.

A recent issue of The Port Alberni News contains the announcement of the re-appointment of J. S. Floyd, of Oak Bay, as auditor for Port Alberni for the current year.

Announcement was made in London recently of the awarding of the Royal Red Cross of the Second Class to a number of nurses for distinguished service.

The recent issue of "Canada" contains a portrait of Sgt. G. H. Mullin, V. C. M. M., of Victoria, as a brave Canadian who captured a pillbox singlehandedly.

Among the Victorians who registered in London recently were D. Myles Bullen, Lieut. Harry S. Hughes, of H. M. S. Hermione, formerly of the R. N. V. R. Esquimalt; Sgt. F. E. Mitchell, and Robert Ward, Henry Bell-irving, of Vancouver, who has six sons serving at the front, was a recent guest at the Hyde Park Hotel.

An innovation was introduced into the weekly rehearsal of the Choral Society on Tuesday night, when at the conclusion of an hour's practice under the conductor, Gideon Hicks, the members indulged in an informal dance.

Two Victoria citizens were the bridegrooms at weddings which took place at the Methodist Church, Nanaimo, yesterday morning. The first of the ceremonies was performed at 7 a.m., when Miss Ada Newton, daughter of Mine Inspector John Newton and Mrs. Newton, of Nanaimo, became the bride of George Foster, of Victoria, a well-known engineer on the E. & N. Railway.

Turned Over to Military.—A young man named John I. Williams, who deserted from the B. C. Bantams shortly before the battalion left for overseas service, was turned over to the military to-day by Magistrate Jay on the request of Capt. Tweedale, Assistant Provost Marshal.

VICTORIANS ENJOY VARLEY RECITAL

Unique Programme at Last Night's Concert in Congregational Church

A rather small but appreciative audience assembled in the First Congregational Church last night to enjoy the delightful programme given by Miss Irene Varley, assisted by other well-known artists.

The programme opened with the recitation by C. Lasenby, of Alfred Noyes' beautiful poem, "The Barrel Organ." Mr. Lasenby is a fine, eloquent musician with a pleasing voice, and the incidental music rendered by Miss Varley gave an added charm to the fantasy.

Miss Hulda Lindgren, the only vocalist on the programme, is the possessor of a pleasing soprano voice of fine quality and tone. Her group of three numbers Puccini's "Aria Vissi d'Arte," "By the Waters of Minnetonka" (Laurance), and "Ecstasy" (Krumpholtz) were sung with much artistry.

Miss Varley is a talented pianist and her performance was marked with a fine sense of technique, and delicacy of phrasing. Her interpretation of "The Harvest Dance" (Hammish McCunn) and the Rachmaninoff Mazurka was imbued with a nicety of tone and expression.

AGAIN OFFERS LAND ON INDIAN RESERVE

Minister of Railways Will Help Increased Production Movement; Securing Acreage

There is offering a much larger acreage of land in the city for the vacant lot movement this year than was the case twelve months ago.

There does not seem to be any necessity for the conscription of lots, provided that the people of Victoria have become properly educated to the vacant lot movement by now to go some distance from home, instead of insisting upon a piece of land close at hand.

That was the situation originally under the Affiliated Friendly Societies' plan, as pioneers of the movement here. They used large acreages and split the land up into allotments among the cultivators.

Successful raid made by Canadian troops near Lens. London, Feb. 28.—Field-Marshal Haig reported last night: "A successful raid, in which several casualties were inflicted on the enemy without loss to ourselves, was carried out last night by Canadian troops near Lens. The hostile artillery has shown some activity to-day south of Cambrai and south of the Scarpe River, in the neighborhood of La Bassée and Armentières and east of Ypres. Our artillery engaged hostile infantry transports in the neighborhood of St. Quentin."

Survivors of the Glenart Castle landed at Swansea declared the ship was torpedoed by a submarine. No submarine was seen by them, but a light was sighted on the surface of the water before the ship was shaken by an explosion.

Among the activities which grew out of the documents, as recorded in the documents, was the organization of the Pan-Asiatic League and other associations; the secret publication and distribution of thousands and thousands of pamphlets and books to further the ends of the proposed conspiracy; the proposed purchase of two Japanese daily newspapers to spread propaganda; the delivery of arms to India; the recruiting of bands of men throughout the world to engage in the proposed revolution and enlistment of the sympathies of the Gondes party, represented to be a strong body of colored fighting men in South America.

The intercepted correspondence, however, was indefinite as to the connections between the Japanese statesmen and the alleged Hindu conspirators. The name of Wu Ting Fang, former Chinese Minister to the United States, also was mentioned in the documents as one of the persons with whom Sir Rabindranath had obtained a friendly interview.

Why pay high rates for Fire Insurance when you can get first class protection in any of the seven old and tried Canadian, British, French and American companies outside the combine. Duck & Johnston, Agents.

Furnaces Installed—Watson & McGregor, Ltd., phone No. 745.

Bring That Dollar—Bring it to Brown's and get a large copper bottom tin teakettle or ten large size bread tins for it. R. A. Brown & Co.

You Will Be Surprised at the nice, tasty merchants' lunch at The Balmoral Cafe at 35c. A. Belanger, Manager.

The Lawn Mower—Hospital has moved to 612 Cormorant. Just next door.

Annual Meeting—At the annual meeting of the Lord's Day Alliance that will be held in the First Presbyterian Church on Thursday evening short addresses will be delivered by George Bell, M. P., and Dr. C. H. Huestis.

Fred Mellor, Signs exclusively. Phone 3555.

First Man to Enlist—C. S. M. Cameron, who returned this week from overseas, was the first man to enlist with the 4th Battalion. He transferred to the 31st Battalion, Calgary, after he arrived in the Old Country, and subsequently had nineteen months' service in the trenches, being wounded twice, one of the occasions being at Ypres in June, 1916.

To Entertain Returned Soldiers—The Women's Auxiliary to the Military Convalescent Hospitals held their monthly meeting Tuesday morning. Several matters of importance were discussed and agreed upon. The urgent need of a bowling alley, motor boat, and croquet sets for Reathaven was reported. The committee would be most grateful if anyone wishing to make a donation of any of the above articles will kindly communicate with Mrs. Hasell, Temple Building. Mrs. Raymur reported that a renewal of picnic weather permitted a renewal of picnic afternoon. Afternoon teas had been arranged for the returned soldiers. Mrs. Henry Croft will be the hostess for Monday, March 4, and Mrs. Zeaven at Gonzales, Monday, March 11.

Weather Synopsis—The barometer is low over Northern British Columbia, and mild weather is general with moderate to fresh winds on the Coast. Mild weather also extends to Alberta and moderate temperatures extend eastward to Manitoba.

Will Hold Reception—The Poor Clare nuns will hold a religious reception ceremony in the chapel at the St. Clare Monastery on Friday afternoon, March 1 at 3.30, to which all tertiary members and friends of the institution have been invited.

Press Gallery Meeting—The members of the Legislative Press Gallery held their annual meeting in the Oak Room at the Parliament Buildings after yesterday's sitting of the House when the following officers were elected for the ensuing twelve months: Hon. President, the Hon. John Hart, Minister of Finance; Hon. Vice-President, the Hon. J. W. Dell, Farris, Attorney-General; President, James Cullins, Vancouver Sun; Vice-President, W. Barnes, Vancouver World; Secretary, H. P. Hodges, Victoria Times. The retiring President and Secretary respectively are J. Macdougall, Victoria Colonist, and Robert J. Hartley, late of The Victoria Times and the holder of the secretaryship for many years, now Private Secretary to the Hon. John Hart.

A carefully-prepared, highly-nutritious food. You should certainly treat yourself and the kiddies to some this week-end. Good candy, such as this "Homade" dainty, is a pure and wholesome food product—not a luxury. There is no scarcity at present of the ingredients that go to its make-up.

"HOMADE" CHOCOLATES ARE DELIGHTFULLY DIFFERENT IN FLAVOR, APPEARANCE—ANY WAY YOU TAKE THEM. YOU GET THEM ONLY AT STEVENSON'S

Building Permit—A building permit has been issued to Harry Upward for a private garage at 2755 Rosebery Street.

Civic Streets Committee—There will be a number of small matters to be taken up in the Civic Streets Committee to-morrow afternoon.

Civic Estimates Committee—The estimates committee this evening, when a report from the Reorganization Committee will be presented.

Iron and Steel Production—The Mayor of Duncan has called a public meeting for Monday, March 4, at 8.30 p. m., to hear J. F. Bledsoe and Frank Higgins speak on the iron question.

Home After Two Years at Front—The Hon. J. W. Dell, Farris, Attorney-General, who is now home in Victoria, was well-known in athletic circles in the city before he enlisted and went overseas with the original 16th Battalion. After over two years' service in France, he has been invalided home suffering from serious illness.

Time of Meeting Changed—At a recent meeting of the Session of St. Paul's Military and Naval Church, Victoria West, it was decided after due consideration to change the weekly meeting for prayer and Bible study from Thursday to Wednesday after to-night. In view of the Wednesday half-holiday and Wednesday night being generally adopted by the other Presbyterian churches, the change seemed desirable.

Gassed at Messines—Pte. C. E. Whalley, a Yukon prospector who came down from Dawson with the 2nd Yukon Infantry, and subsequently transferred in Victoria to the Engineers, and later before going to France, to the Third Tunnelling Company, has returned to the city, suffering from the effects of gassing last March at Messines. He was several months in hospital in England after this experience, but returned to the lines in September.

"Here and There"—W. M. Ritchie gave the young people of St. Paul's Military and Naval Church, Victoria West, a pictorial treat Tuesday evening, February 26, using a large assortment of miscellaneous slides dealing with various subjects of public interest. The rapt attention with which the audience sat and listened indicated real enjoyment. Wm. Sloan presided. Mrs. Cotford played the organ and Robert McIntosh operated the lantern. A collection was taken in aid of the Annex Recreation Work, which the Session has organized for the benefit of the young people.

SEVERAL MINOR BILLS GIVEN FIRST READING

Allied Soldiers Exempted From Certain Provisions of Mining Laws

Legislative Press Gallery, February 27.

Before the adjournment of the House this afternoon several Bills minor in nature were introduced, the first of which came from the Hon. William Sloan, being an Act to exempt Members of the Allied Forces from the Operation of certain provisions of the Mining Laws of the Province. The measure seeks to protect such naval or military men in the matter of his free miners' certificate in that he shall be exempt from further payment during the continuance of the war and for six months afterwards. The required assessment shall be deemed as done, any interest in placer-mining claims and placer-mining leases shall be deemed as laid over, while the Bill affords ample protection along general lines operative in ordinary times and for the period specified.

Hon. J. D. MacLean introduced a Bill to amend the Coroners Act, particulars of which were recorded in these columns in a recent issue. The Attorney-General was responsible for the introduction of a Bill to amend the Industrial School Act and the Industrial Home for Girls Act, both of which are designed to give the superintendent and probation officers the right to lay complaints against the children, a right hitherto reserved to parents and guardians.

Hon. John Hart introduced a Bill to amend the Sandom Receivership Act providing that the powers vested in the Receiver shall continue until an order of the Lieutenant-Governor-in-Council, revoking such powers, is published in The Gazette. A new appointment was recently made by the Provincial Executive to the Receivership of Sandom in the person of Staff-Serjt. Turner, a returned soldier of the 1st Canadian Expeditionary Force.

An amendment to the Summary Convictions Act was also introduced by the Attorney-General, which is designed to make the necessary before the fact the alder or abettor to the commission of a crime equal as a principal to the committer of the crime. The change brings the Act into line with the Federal criminal law. By Mr. Farris likewise is an amendment to the Life Insurance Act providing that where formerly policies in favor of minors are payable to the public or private administrator of the estate, the new Bill brings such policies under the operation of the Equal Guardianship law and the policies are payable to the guardian.

DOCTOR GAVE THIS RUN-DOWN WOMAN VINOL

And She Got Well—Her Nervousness Disappeared

Flint, Mich.—"I keep house for my family of six and got into a generally run-down condition. I was weak, nervous and could not sleep, and had headache a good deal of the time. My doctor prescribed Vinol and it made me well and strong. I am a good deal less nervous and can sleep nights."—Clara Smith, 1217 W. 4th Ave., Flint, Mich.

We sell Vinol on a positive guarantee to make nervous, weak, run-down women well and strong or return their money. Try it anyway.

D. E. Campbell, Druggist, Victoria. Also at the best druggist in all British Columbia towns.

GORDON HEAD SCHEME TO STAY IN ABEYANCE

Proposal, However, Presents Encouraging Features for More Prosperous Times

"I have lived in many mining camps and never found the conditions more miserable. We want water for bathing the children, and there is not a woman with children in Gordon Head who would not support the scheme," wrote a woman resident of Gordon Head to the joint city and Saanich committee looking into the irrigation question. This committee met yesterday afternoon at Royal Oak. She went on to say that her crops wilted and dried up every summer because of the lack of water for irrigation purposes.

After Municipal Clerk Cowper had read the report of City Engineer Rust and himself on the scheme for supplying Gordon Head with water, Mr. Rust explained that wood stave pipe would be regarded as being good for fifteen years.

Annual Charge—On that basis, Mr. Cowper replied that with an estimate of fifteen years life for the original pipe, a scheme costing \$50,000, with another \$25,000 to \$50,000 for lateral services, cost of the loan, etc., the annual charge would be about \$5,000.

Mayor Todd asked for some assurance with regard to the character of the pipe and was told that large quantities had been laid successfully on the Lower Mainland, chiefly the product of a New Westminster factory.

Division of Supply—A number of questions were asked Mr. Rust with regard to the amount of water which would be available for domestic and for irrigation consumption on the basis of the report and it was elicited that the domestic consumption might be figured on a basis of 7,000 to 75,000 gallons daily, leaving the balance of the 540,000 gallons for irrigation.

Councillor Somers, the representative of the district, stated that the area planned to serve would be about 500 acres, of which 130 were in strawberries or small fruits. While the strawberries were differently placed to other fruits from the point of view of water, there was no question that raspberries and loganberries improved greatly with irrigation, and personal experience had shown him last year that the crops of these latter berries benefited by water. It would also help them in raising vegetables. They had to ask themselves: "How much would production be increased with water?"

Reeve Borden referred to irrigation schemes in the United States that he had seen, and admitted conditions were somewhat different. The problem that they had before them was a financial one, because he was satisfied the scheme could be justified from a domestic standpoint, irrespective of irrigation, provided that the scheme could be financed.

The difficulty of finance was also referred to by the Clerk, who observed that owing to the shorter life of the proposed pipe a new waterworks by-law would be necessary.

Demonstration Plot—Councillor Henderson wished that the council would make a test with irrigation on some of the acreage served by the present waterworks system, as he believed the proposal could be worked out better by experience under a responsible man.

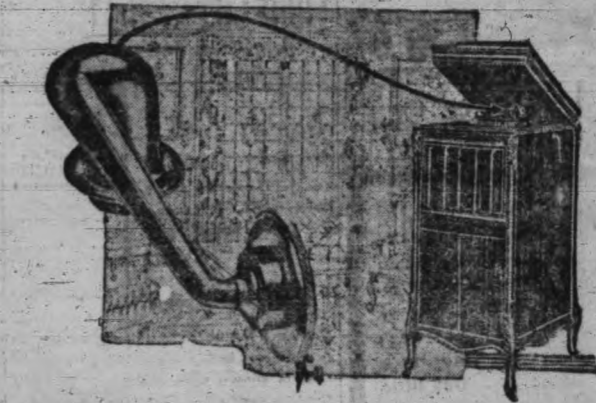

Councillor Somers then suggested an application should be made to the Department of Agriculture for a demonstration orchard, using irrigation.

Several of the speakers recommended certain areas upon which water is now laid on as suitable for such a test. Mr. Rust said he was in negotiation now with one of the landowners through which Elk Lake water ran for a practical irrigation test with free water.

Alderman Sangster said if the test was to be of any use at all the land must be good and well drained.

The Poser—Councillor Diggon submitted the poser: "Can the scheme be financed, and do the people desire to pay the taxes?" With the shortage of labor he was afraid the cost of construction would be rather high.

The meeting thereupon decided to leave the matter in abeyance until times became more propitious for proceeding with the proposal.

This New Columbia Grafonola Plays Records of Any Make

After thirty years of leadership in the manufacturing of sound-reproducing instruments it is but fitting that the Columbia Company should announce this latest improvement—a Grafonola that will play any record in the world and play it BETTER than the instrument for which it was originally intended. Why? Because there is no instrument made that has the tonal qualities of the Columbia—they are exclusive, patented features—and because this new tone arm and adaptable reproducer are constructed on scientific Columbia lines.

Laodicea, or the Last Stage of the Professing Church, and How It Will Be Affected by the Second Coming of Christ

Will be Mr. W. J. McClure's subject to-night in Victoria Hall, Blanshard Street. Closing subjects of this series: "The Woman on the Scarlet Colored Beast, Who is She?" "Christendom After the Lord's Coming." "The Heavenly Jerusalem, the Home of the Church, and the Capital of the Millennium." "Jerusalem in Palestine, and the Nations in the Millennium." "The New Heavens and the New Earth." Come, all are invited.

RECEIVES COMMISSION

Jasper Tate, M. M., is Now Flight-Lieut. in Royal Flying Corps.

Rev. C. M. Tate, of the Methodist Church, has received word that his nephew, Jasper Tate, who, some time ago, received the Military Medal for bravery at Vimy Ridge, has received his commission in the R. F. C., and is now training in England.

Flight-Lieut. Tate, who left here as a bugler with the 2nd Battalion two years ago, previous to which he was in the office of H. Despard-Twigg, barrister, transferred to the Royal Flying Corps a month ago.

Foot Amputated—The condition of Harry Austin, the engineer who was seriously injured in the recent railway accident at South Wellington, necessitated amputation of his left foot on Monday. The operation was performed at the Nanaimo Hospital, and Mr. Austin is stated to be doing as well as can be expected.

Chimney Fires—In the Police Court this morning Quong Yen was fined \$15 and \$2.50 costs for a chimney fire at 524 Fisgard Street. Mrs. Gordon, of 805 Blanshard Street, was fined \$10 and costs for a similar offence. It was intimated that she would apply for remission of the fine and the Magistrate thereupon stated that the City Council should amend the Fire Prevention By-law, as at the present time it placed the Court in an anomalous position for a minimum fine to be imposed and then the matter to be overruled elsewhere.

Change of Address
The offices of the Provincial Assessor and Collector of Victoria City, North Saanich and Esquimalt Districts will, on and after March 1, 1918, be located in the Government Annex, situated next to the corner of Government and Superior Streets, having removed from Belmont House.

THOMAS LEEMING,
Provincial Assessor and Collector.

CORPORATION OF THE CITY OF VICTORIA

POUND NOTICE
Notice is hereby given that I have impounded, and shall sell at public auction, at the City of Victoria, on the 6th day of March 1918, at the hour of one o'clock in the afternoon the following animal, viz., one bay gelding, white star, also left front and right hind foot white, halter on and chain, unless the said animal be redeemed and the pound charges paid, at or before the said time of sale.

H. ATKINSON,
Pound Keeper.

Victoria, B. C., Feb. 24, 1918.

DIED
SCOTT—At Jubilee Hospital, suddenly, on February 27, 1918, Henrietta W. Scott, widow, beloved sister of Mrs. A. Murie, of 1612 Amphion Street, born Edinburgh, Scotland.

The funeral will take place from the Chapel of the B. C. Funeral Co., 734 Broughton Street, on Saturday, March 2, 1918, at 2.30 p. m., where service will be held in Ross Bay Cemetery.

KNOWLES—On February 25, 1918, Robert Scott Knowles, of 215 Minto Street, aged 78 years; born at Mabe, Pembrokeshire, Wales, and a resident of Victoria for 38 years.

The remains are resting at the B. C. Funeral Chapel. Due notice of the funeral will be given.

IN MEMORIAM
DONNELLY—In loving memory of my dear husband, Pte. William Donnelly, killed in action, March 1, 1917.

Gone but not forgotten by his loving wife and children.

A bitter grief, a shock severe,
To part with him we loved so dear,
Our loss is great; we'll not complain,
But hope in heaven to meet again.

JUDGMENT DEBTOR
NEED NOT ANSWER

So Rules Mr. Justice Clement in Case Against Sheriff

Mr. Justice Clement who, yesterday, in chambers, reserved judgment in the case of the application brought by R. T. Williams to attach Francis G. Richards, sheriff of the city, in consequence of the latter's refusal to answer certain questions connected with his position as a judgment debtor, handed down his judgment at the conclusion of chambers this morning. The judgment is as follows:

"I must give effect to the application that this application is made by one of two plaintiffs. In re Wright (1898) 2 ch. 747; 65 L. J. ch. 27. The only way out of this difficulty is perhaps indicated in Butler v. Arnold (1844) 1 E. and M. 715, and Seal v. Kingston (1905) 2 K. B. 679.

"There is absolutely no merit in the objection. As I have had occasion to remark before, the attitude and conduct of the defendant in this case has become, to my mind, a public scandal. His refusal to answer on his examination as a judgment debtor was, so far as I can see, quite improper. He desires to raise new questions which should have been raised in the action. Application refused without costs."

DETECTIVE DEPARTMENT
Great rush this morning, and it is no wonder that the correct answer was brought in by two different guessers. A gentleman who was first with several answers, but as our rule allows but one guess for each person, the extra guesses had to remain over until 3.30 o'clock. One of the deferred answers was correct. It might pay to bring instead of send the answer.

There wasn't much left of the butcher shop after going over the solutions brought in. True the word "block" did occur in more than one ad., but the word "ings," we believe, in the same ad., brings the number down to very few that fit exactly.

Several have brought in answers with just a word written upon them and still others have taken display ads. The answer is only among the classified or "want" ads.

Try your luck on this one. We have given up saying whether it is easy or difficult. So far nothing has been attempted to Times readers.

KEY TO AD.
Military necessity; in demand.

IT WILL BE PAID to the person bringing the first correct answer to the Want Ad. Contest Department, 26 Times Building, between 7 and 11 o'clock Friday morning. If the correct ad. is not found, it will be paid Saturday and so on, 31 days will be added until solution is found. Then a new ad. will be desired and the same procedure followed.

All Times readers are eligible except candidates in the contest.

A winner is not eligible to carry off the prize other than once in two weeks.

THE WINNER.
Miss C. Rogers, 364 Pemberton Building, was the lucky Sherlock Holmes today, carrying off the big two-dollar bill to the consternation of a large crowd who "almost" had it.

THE CORRECT AD.
FARMS and city property for exchange. Chas. F. Eagles, 57 Sayward Block. Phone 612.

DESCRIPTION.
Found in a meat shop, drop a part of the point and it's universally used; an attraction these days in which Alberta exceeds British Columbia.

EXPLANATION.
"Block" in a meat shop; drop the letter "b" and we have "lock," used for security everywhere. "Farm" back to the land is the slogan; there are no farms in Alberta than British Columbia.

Answers to Times Want Ads.

49, 130, 131, 132, 202, 210, 216, 278, 300, 323, 327, 328, 1257, 1259, 1260, 1271, 1272, 1273, 1274, 1275, 1276, 1277, 1278, 1279, 1280, 1281, 1282, 1283, 1284, 1285, 1286, 1287, 1288, 1289, 1290, 1291, 1292, 1293, 1294, 1295, 1296, 1297, 1298, 1299, 1300.

ROTARIANS HEAR AN ELOQUENT ADDRESS
Harry Holmes Tells of Association Service to the Men in France

One of the most graphic pictures of the Y. M. C. A. but ever presented to a Victoria audience was visualized in the address of Harry Holmes, a veteran secretary of two years' service with the Association in France at the luncheon of the Rotary Club in the Empress Hotel to-day. The cheer extended to Tommy entering the front time for the first time; the service from some secluded hut to the man in the long watches of the night, and to the wounded veteran struggling through the storm of an engagement to the dressing station in the rear; all these and manifold other acts combined to make the work of the Y. M. C. A. not merely an important, but an essential factor in the great organization waging war on the aggressive machine of German militarism.

Mr. Holmes, an Australian by birth, came to service with the Y. M. C. A. in German West Africa in the early years of the war before being appointed to the charge of a large section of the work in France. The growth of the Association activity could be felt but partially realized by the man who had not traversed the battle-torn field of France. The world had known the Y. M. C. A. for many years, but the thought had been brought home that its formation was for a time such as the present. The organization that had been endorsed by generals of the British, French and Italian armies had no ordinary task to perform. The Association which had been requested by General Petain to establish itself throughout the length of the French front, which had rebuilt every hut along the Italian lines, and which at a more recent date had extended its activities by request to the Belgian army was destined to play no insignificant part in the lives of the Allied soldiers.

The speaker pictured with eloquence scenes of the battle-line; examples of service and self-sacrifice unparalleled in the annals of history, and told of the soldier's appreciation of the cup of cocoa, the smoke or some other comfort that sustained him in the hour of severest trial. When such work was done the man who gave of his means to the up-keep of that work would never experience regret.

In closing Mr. Holmes appealed to Victorians to support to the limit of their ability the coming drive for funds that will be instituted by the Y. M. C. A. in May.

COMPANIES REGISTERED
The past week has been a busy one with the Registrar of Joint Stock Companies in the matter of actual company registration. No less than fourteen concerns have been supplied with certificates of incorporation, formal notification of which will appear in this day's issue of the Provincial Gazette. The general average per week for the last year was in the neighborhood of seven companies. The following is a list of the new concerns.

Glen Mountain Mines, Limited, non-personal liability, public concern, authorized capital \$1,000,000; registered office of the company Vancouver.

Motor Accessories, Limited, private, authorized capital \$10,000; registered office Vancouver.

Stanley Club, Limited, private, authorized capital \$10,000; registered office Vancouver.

The Malapino Steel Company, Limited, private, authorized capital \$10,000; registered office Vancouver.

Sayward Trading & Ranching Company, Limited, private, authorized capital \$10,000; registered office Vancouver.

British Columbia Export Company, Limited, private, authorized capital \$24,000; registered office Vancouver.

British Colonial Marine Paint Company, Limited, private, authorized capital \$25,000; registered office of the company Victoria.

Dempey Logging Company, Limited, private, authorized capital \$50,000; registered office Vancouver.

McDonnell & Burke, Limited, private, authorized capital \$20,000; registered office Fanny Bay.

Vancouver Island Marine Plumbing and Heating Company, Limited, private, authorized capital \$10,000; registered office Victoria.

Western Dental Manufacturing Company, Limited, private, authorized capital \$200,000; registered office Vancouver.

Western Toy Manufacturing Company, Limited, public, authorized capital \$150,000; registered office Vancouver.

Armstrong's Department Store, Limited, private, authorized capital \$100,000; registered office Merritt.

Crawley Logging Company, Limited, private, authorized capital \$10,000; registered office Vancouver.

Holcomb and Hobe Manufacturing Company, a concern incorporated in the state of Indiana, is now registered to do business in British Columbia; authorized capital \$150,000; head office of the company Vancouver.

An approximate revenue for the Treasury by way of registration fees for the week would be one thousand dollars in respect of the fourteen new concerns.

Questions Answered—In reply to questions asked in the House by H. C. Hall, M. P. F., relative to the removal of the Workmen's Compensation Board to Vancouver, the Hon. John Oliver replied that section six-two of the Act clothes the Board with full authority over such of its actions. As to efforts made to prevent it, the Acting Premier replied that Hon. H. C. Brewster and Hon. John Hart strongly protested by letter.

TILLICUM INSTITUTE
Women Discuss Important Phases to Work at Meeting Yesterday; to Hear Dr. Keyes.

The meeting of the Parent-Teachers' Committee of the Tillicum Women's Institute was held in Mrs. Darbyshire's room, Tolmie School, yesterday afternoon. Mrs. Blakeley was appointed chairman and Mrs. Tiderington secretary.

The third Wednesday of the month was chosen for the regular meeting, the time to be evening or afternoon, according to the convenience of the speaker. After some discussion it was decided to ask different speakers to address the meetings on various subjects, and programmes are to be printed. It was the unanimous wish that refreshments be served only in the evening, and then of the plainest description only.

The announcement that Dr. M. J. Keyes had kindly consented to address the regular meeting at Tillicum School on Wednesday evening, upon the important subject, "Disease of the Eyes, Ears, Nose and Throat," was received with enthusiasm and it is confidently expected that a large proportion of the parents will avail themselves of this opportunity. Prevention of disease is one of the important objects of institute work, but few institutes are privileged as to have assistance of this class.

Announcement was made of the meeting of the Local Council to be held on Friday, when Lieut. Rolston, of the Great War Veterans' Association, will speak. Mr. Hoag's address on "Proportional Representation," at the same meeting should be of interest.

OBITUARY RECORD
The funeral of the late John Brown Wise, the twelve-year-old son of Mr. and Mrs. George Wise, of Head Street, took place at 3.15 yesterday afternoon from the Sands Funeral Chapel. The Rev. F. Letts officiated, and the hymns sung were "Safe in the Arms of Jesus" and "There's a Land that is Father Than Day." There was a large attendance at the funeral, and the floral offerings were numerous and beautiful. The pallbearers were Walter Brown, Frank Pym, James Harrison and F. Dolge. Interment was at Ross Bay Cemetery.

The death occurred last evening of Henry L. Smith, a seaman of H. M. C. S. Rainbow. The deceased, who was a native of Ontario, was in his twenty-first year. The remains are at the Sands Funeral establishment and will be removed to the Naval Chapel tomorrow, where services will be held at 2.30. Interment will take place in the Naval Cemetery at Esquimalt.

The death occurred last evening of James McTocken Clark at the family residence at Langford. He was born in Ireland forty-eight years ago, and had been a resident of Langford district for the past five years. He leaves to mourn his loss a widow and infant daughter, also a sister in Ireland. The funeral arrangements are in the hands of the Sands Company, and the funeral will take place from the residence at 2 o'clock to-morrow afternoon. Thirty minutes later services will be held at Colwood Methodist Church, Rev. A. Wells officiating. Interment will be in Colwood Cemetery.

ALLEN SLACKERS' BILL IN CONGRESS OF U. S.
Washington, Feb. 28.—The alien slackers' bill, barring from citizenship and authorizing deportation of aliens of draft age who claim exemption from military service, was transmitted to the Senate to-day after having been passed by the House last night by a vote of 244 to twenty-one. The bill also authorizes the drafting of aliens for agricultural and manufacturing work.

It must now be assumed that there is no fundamental difference of opinion between the Chancellor and President Wilson and a peace discussion based on President Wilson's principles might begin immediately. It is important, however, for the President to induce his allies to recognize his principles. As they seem to be hopelessly entangled in their own plans, while Mr. Wilson himself is not free and a league of nations is not in existence to offer mediation, there is slight hope that the Chancellor's appeal will introduce general peace.

FRANKFORT PAPER ON PEACE OUTLOOK
Amsterdam, Feb. 28.—Chancellor von Hertling's denial of any intention by Germany to establish herself in Estonia and Livonia, says the Frankfurter Zeitung, excludes misunderstanding. It adds:

"It must now be assumed that there is no fundamental difference of opinion between the Chancellor and President Wilson and a peace discussion based on President Wilson's principles might begin immediately. It is important, however, for the President to induce his allies to recognize his principles. As they seem to be hopelessly entangled in their own plans, while Mr. Wilson himself is not free and a league of nations is not in existence to offer mediation, there is slight hope that the Chancellor's appeal will introduce general peace."

HOSPITAL AUXILIARY MEETS.—The regular monthly meeting of the Woman's Auxiliary, Provincial Royal Jubilee Hospital was held on February 26 at the Y. W. C. A. at 2.30 p. m. Mrs. Rhodes (president) in the chair. The following members were present: Mrs. Hartman (treasurer), Mrs. R. F. Green, Miss Tolmie, Mrs. Umbach, Mrs. Brady, Mrs. Collison, Mrs. Lee, Mrs. H. H. Jones, Mrs. Stanier (acting secretary). The treasurer reported expenditures to the amount of \$144.84. It has been decided to hold a silver shower at the Hospital early in April on the occasion of the opening of the new Nurses' Home. Mrs. Collison and Mrs. Brady were appointed on the refreshment committee. The president reported that she hoped to hold a meeting of all the canvassers in the near future in order to discuss and reorganize the work for the coming year.

SERBIAN DECORATION FOR COL. MACDONALD
Further Honors for Son of Late Senator W. J. Macdonald

Further honors have been awarded to Lt.-Col. Reginald J. Macdonald, who, as recorded in these columns, was recently decorated with the D. S. O. The recent issue of "Canada" contains the announcement that this officer has now been awarded the Serbian Order of Karageorge of the 4th Class, with swords, in recognition of his distinguished service in the Balkans.
Col. Macdonald is the eldest son of the late Senator W. J. Macdonald, and a brother of Captain Douglas Macdonald, of Esquimalt, and Mrs. Gavin H. Burns, of this city. He was born in 1867, graduated from the Royal Military College at Kingston in 1887, and obtained a commission in the Royal Artillery. He has held various military appointments in England, and on the outbreak of war was at Malta with his regiment.
For the past eighteen months, Col. Macdonald has been in command of a siege battery in the Struma Valley in the Balkans, and it was for his brilliant work in the recent operations that he won the D. S. O. and the Serbian Order.
His many friends, however, will regret to hear that he is lying seriously ill in a Balkan hospital with malaria. As soon as his condition permits of his being moved, he is to be sent to a hospital at Malta.

VICTORIA MARVELS AT ASTOUNDING STORY
Local people marvel at this story of a business man: "I had to quit work because of stomach catarrh. Everything I ate fermented and soured. Dieting did no good. Finally I tried buckthorn bark, glycerine, etc., as mixed in Adler-J-ka. ONE SPOONFUL HELPED ME INSTANTLY." Because Adler-J-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. Hall & Co., druggists, 702 Yates St.

Preliminary Notice
Messrs. Stewart Williams & Co.
Duly instructed by the Executors of the late Mrs. Francis B. Wilson, will sell by Public Auction, at her late residence, 1147 Fairfield Road, near Cook Street,

Tuesday, March 5th
at 2 o'clock, the whole of the
Household Furniture and Effects
Full particulars later or from
The Auctioneer,
STEWART WILLIAMS,
410 and 411 Sayward Bldg. Phone 1324.

OPPOSITION MEMBER VERY DISCONSOLATE

Says Brewster Govt. Has Filled Positions and Neglected Programme

VERY LITTLE HOPE LEFT FOR PROVINCE

Legislative Press Gallery, February 27.
"The present Government has been weighed in the balances and found wanting." With this near-Biblical illustration of his feelings, J. W. Jones, the member for South Okanagan, concluded the first shot from the opposition benches in the debate on the speech from the throne this afternoon. It was only natural that Mr. Jones should disagree on general principles with the eulogistic utterances of the mover and seconder of the address. In taking that stand at the outset he went to some pains to show the utter uselessness of the present administration. It had done next to nothing save look after its flock and make sure that not a single party heeler was missed in the list of appointments within its gift. It was, indeed, a shocking record—a veritable carnival of appointments.
The Women's Vote.
Nevertheless, Mr. Jones derived some solace, from an otherwise black outlook by virtue of the fact that the recent by-elections had been responsible for the introduction to the House of a more independent atmosphere. Like his friends on both sides it was a pleasure to welcome Mrs. Ralph Smith; there was, however, an absence of any particular bouquet for Mr. Hawthornthwaite. He sought to adulterate the somewhat full measure of Mr. Fisher's claim to Governmental instrumentality in securing the extension of the franchise to the fair sex, by suggesting that the administration felt itself in danger at the time of the by-elections last year and as a consequence carefully avoided giving the women an opportunity to record their opinion. The narrow margin by which the Minister of Finance had secured his ministerial seat had been a veritable shell shock to the Government and the other seats in the House were allowed to remain vacant as long as possible—sort of putting off the evil day was his inference.

Those Horrible Liberals.
It was a matter of considerable astonishment to Mr. Jones that either of the "constituencies" had been able to elect a Conservative after the battery of eloquence turned on them by the members of the Cabinet, whose general cry had been that if the people of those constituencies wanted anything, it was up to them to send someone to Victoria in sympathy with the Government. However, the electorate had made up its mind differently and that was the reason why the opposition benches had been strengthened. The vision of the speaker did not extend beyond the belief that the cabinet had busied itself with "oiling up that Liberal machine" ready for the next election and the "oil" in a prohibition Province had been the filling of positions to the exclusion of a prosecution of its legislative programme. And with a somewhat obscure reference to "brute majority," Mr. Jones waded into the P. G. E.

OPPOSITION LEADER SUGGESTS THE "GAG"

Mild Cross Fire Between Acting Premier and Mr. Bowser

Legislative Press Gallery, February 27.
While the Acting Premier did not consider it altogether necessary to go into very lengthy explanation regarding the provisions and intent of the bill to authorize the purchase and distribution of seed grain, he chose to give reasons for the proposed measure. Mr. Oliver explained that there had been cases in the province where crops had failed that impelled the necessity for the Department to go to the aid of the afflicted community in the matter of seed grain supply. Such assistance had been given for a number of years without any specific statutory authority and that was the chief reason for the bill, with its object to place the matter on a more businesslike footing.
Hands Out a Slap.
"The honorable member for South Okanagan has magnified the amount to be set aside for the purpose of the Act from twenty thousand dollars to fifty thousand dollars," said the Acting Premier as he winked his eye at the Opposition benches. "But that is about as near to the facts as the honorable gentleman usually gets," rubbed in Mr. Oliver while on the subject. The Minister went on to explain, for the benefit of the House, that at first sight the security clause in the bill might appear somewhat drastic. Its provision had been made rather more firm than ordinarily because some individuals sought the financial assistance of the Government and very conveniently forgot the paying-end. With that explanation Mr. Oliver moved that the bill be read a second time.
The "Gag."
The Leader of the Opposition promptly moved the adjournment. Quite calmly Mr. Oliver suggested that it was a very good business to adjourn the House at 4.30 after a sitting of barely two hours. However, he did not wish to be unreasonable. On motion the desire of the Leader of the Opposition failed to materialize.
Mr. Bowser—"Gag!"
Mr. Oliver—Surely the honorable gentleman opposite could not complain of the "gag" when he had the opportunity to speak and did not take it.
Mr. Bowser—"Gag!"
To the suggestion of the Leader of the Opposition that he would make his speech on the second reading, the Attorney-General audibly remarked: "Then there is no 'gag'."
Mr. Bowser made no reply.

WOMAN'S DEVOTION TO HOME

Homes dutiful to many women appear more important than health. No matter how ill they feel, they drag themselves through their daily tasks, overdo, pay the penalty in headaches, backache, dragging-down pains and nervousness; they become irritable, and finally discover that some form of female complaint has fastened itself upon them. When a woman gets into this condition there is one tried and true remedy made from the roots and herbs of the field, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has continued its great work among women in restoring health after many other remedies have failed.
Here Mr. Jones went into irrigation matters and somewhat bemoaned the fact that during Mr. Pattullo's visit last year he had been entertained royally—no details of the banquet in honor of the Minister of Lands were given and still no satisfaction had been forthcoming to the growers of the

dry belt in their dilemma about water supply. The same with the evaporating business. Why did Mr. Oliver think of Ottawa when he could have recommended the correct action to the province. Not he. He would spend \$50,000 by seed grain purchase while onions went to waste. The Minister's Bill calls for an expenditure of \$20,000 in this connection, by the way. The solution of the returned soldier problem lay in the proper provision of water for the districts in and adjacent to the speaker's constituency. Lands there would grow anything with water, and required but little clearing. The Government was dodging the returned soldier issue with the excuse that it was a Federal matter.
Carnival of Appointments.
Then there was patronage and the Civil Service Act. "That Act was to bring in the millennium; we were to have Utopia and yet the Act stands inoperative," continued Mr. Jones. He alluded to the various dismissals from office. "All for the benefit of the public service," Mr. Brewster had said. (Ministerial cries of hear, hear.) Mr. Pattullo was the biggest offender. (More Ministerial assent.) Even the paper said yesterday that the Minister of Railways was swamped with applications for Pacific Great Eastern jobs, said Mr. Jones in support of his observation concerning what he chose to call a carnival of appointments and the full expectancy that others were to be chosen.
Mr. Oliver: We haven't provided for them all yet. (Laughter.)
And then Mr. Jones, in measured tones and slow and steady: "The present Government has been weighed in the balance and found wanting."

Frank Mobley, member for Atlin, spoke briefly to the motion in support of the speech from the throne. He preferred not to congratulate Mrs. Smith. He would prefer to congratulate the House on its acquisition. He reviewed the conditions in the Atlin district and likened the condition of the north as far as mining leases were concerned with the land speculation which had gone on in other parts of the province. Abolish speculation and nurture every legitimate industry was the solution to the present problem facing British Columbia, he said. That meant war assistance now and substance afterwards.
