Dear Sir:

I am making a collection of the copper, bronze, nickel and silver coins of the United States, and at the request of the Director of the Field Columbian Museum I have loaned my collection to the Museum, and if practicable, without too much expense I would like to complete my collection.

I will thank you to advise me the years in which the above coins were issued and also the styles of each denomination issued each year, I want it to put in the museum with my collection, I also want to know the years in which the different mints issued different coins.

The Cashier of the Sub Treasury here thought that you would send me at least some of the coins I am short of. The following is a list of the ones I need to complete my collection, viz:
