DREADNOUGHTS FOR AUSTRIA

PLANS TO BUILD THREE BIG BATTLESHIPS

Policy May Affect Naval Programme of Great Britain.

(Times Leased Wire.) London, April 8.—The agitation that has pervaded all classes in England over the proposed increase in the German naval programme is growing to-day because of a statement by a high naval official that the determination of Austria to lay down three new Dreadnoughts will upset the present political equilibrium of Europe.

May Altar Plans.

"In these circumstances our present plans are utterly inadequate. We must have not only eight Dreadnoughts, but perhaps twice eight.

Russia's Ambition.

"As I said, we have no doubt Germany and Russia have closed a deal whereby the former intends to support the St. Petersburg statesmen in their long cherished ambition to build a fleet in the Black Sea with free egress to the Mediterranean.

GIRL SHOTS HERSELF IN SEATTLE HOTEL

Suicide Leaves Note to Police That Brother Will Bury Her.

(Times Leased Wire.) Seattle, Wash., April 8.—The body of Miss Nellie Moore, 21, was found here today, where it was brought from a third avenue hotel late last night. The girl had shot herself through the head and had been dead several hours when found.

MOTOR CARS FOR OREGON RAILWAYS

Several of Harriman's Branch Lines to Have New Service.

(Times Leased Wire.) Dayton, Wash., April 8.—The official announcement is made here today that a gasoline motor car service will shortly be inaugurated on the Oregon Railway and Navigation lines between Dayton and Pendleton. The statement is based on a bulletin to that effect received from the general traffic department of the Harriman lines at Omaha.

UNKNOWN MAN KILLED. Run Down by Northern Pacific Switch Engine at Seattle.

(Times Leased Wire.) Seattle, Wash., April 8.—An unknown man, supposed to be a marine engineer or fireman, was struck by a Northern Pacific switch engine last night and so badly crushed that he died at the city hospital a few hours later.

MME. MODJESKA PASSES AWAY

FAMOUS ACTRESS DIES AFTER LONG ILLNESS

Political Trouble Resulted in Her Banishment From Polish Stage.

(Times Leased Wire.) Santa Ana, Cal., April 8.—After lingering for six days suffering from Bright's disease and heart affection, Mme. Helena Modjeska, the great Polish-American tragedienne, passed away at her country-home on Newport Island at 9 o'clock this morning.

Countess Helena Bozenta Chlapowski, known and loved on two continents as Modjeska, was born in Helena Benda, near Cracow, the ancient capital of Poland, October 12, 1844.

After six years of study and hard work she won a hearing at the Imperial Theatre in Warsaw, the capital. From that time until she left the stage for good her success was sure.

Two years ago she bought her home at Bay Island, near Newport, where she lived with her husband, Count Bozenta, until her death.

INDIANA'S PASSENGERS AT SAN FRANCISCO

There Was No Disorder When Pacific Mail Liner Struck Rocks.

(Times Leased Wire.) San Francisco, April 8.—The forty-eight passengers of the ill-fated Pacific mail liner Indiana, which struck a reef at Point Stauro, lower California, last Saturday, have arrived in this port aboard the United States cruiser California, to which ship they were transferred from the cruiser Albany at Magdalena Bay after the Indiana struck.

According to the Indiana's passengers, there was no disorder of any kind attending the grounding of the liner or the transfer of the passengers to the war vessels.

On the trip northward aboard the California, everything was done to promote the comfort of the shipwrecked passengers, and officers of the California gave up their quarters to their impromptu guests. Concerts by the California's band and other entertainments were provided to while away the hours for the Indiana's passengers.

DEATH ROLL MAY BE VERY HEAVY

REPORTS OF CASUALTIES IN EASTERN STORM

Barge With Five Persons on Board Swept From Its Moorings.

(Times Leased Wire.) Detroit, Mich., April 8.—As the result of the storm that raged over the state of Michigan yesterday and nearly all of last night, eight persons are known to have perished, and the list may be increased by later returns from affected territory.

Three men, trying to cross the Detroit river in a rowboat, were drowned, and at Jennings, Mich., three men were killed when a brick building was blown down and the walls fell upon them.

Sandusky, Ohio, April 8.—No news has been received to-day of the barge Norman Kelley, with four men and a woman aboard, which has been drifting helplessly before a terrific gale in Lake Erie since yesterday morning.

Chicago, April 8.—The damage inflicted by the severe gale that prevailed in this city and vicinity yesterday and last night is being repaired to-day. Several persons received minor injuries.

By far the most freakish whim of the storm was to give a perilous ride to Samuel Holland, an elevated railroad conductor. Holland was seated on the runaway of a box car on the Metropolitan elevated line when the roof was lifted up by the gale.

PHYSICIAN DISAPPEARS IN SAN FRANCISCO

Wife Believes He Has Been The Victim of Foul Play.

(Times Leased Wire.) San Francisco, Cal., April 8.—No clue to the whereabouts of Dr. J. H. Dowling, the young New York physician, who disappeared from the Hotel Stratford Tuesday night, has been found, and his wife to-day is of the opinion that he has been the victim of foul play.

According to a statement of Mrs. Dowling her husband left the hotel on Tuesday night after bidding her good night, telling her that he was going for a walk. He had in his pocket \$2,000, which was to defray the expenses of the couple's western trip.

WEALTHY YOUNG ENGLISHMAN MISSING

Has Not Been Seen Since He Boarded Train at Chicago.

(Times Leased Wire.) Chicago, April 8.—New York and Chicago friends of Harold N. Bagot, a wealthy young Englishman, have instituted a private search for the young man, of whom trace was lost in Chicago February 1st last.

Mr. Bagot, a resident of Windsor, England, was making his first visit to America. He carried a letter of credit on Brown Bros. of New York and London, for \$15,000. This letter has not been drawn upon.

ST. YVES TO RUN SHRUBB 15 MILES

(Times Leased Wire.) Buffalo, N. Y., April 8.—Henri St. Yves, the French distance runner, who won the recent Marathon in New York, has accepted an offer by a club here for a match race with Alfred Shrubbs, the Englishman, at the Buffalo ball park on May 1st.

OPERATORS ARE REOPENING MINES

(Special to the Times.) Winnipeg, April 8.—There is no change in the coal strike situation. The men still out awaiting a board meeting called for Saturday, and are standing by Sherman. The operators also have signed the union scale, taking on hundreds of strikers owing to the increase in orders.

(Special to the Times.) Regina, April 8.—The board of governors decided last night to locate the Saskatchewan university at Saskatoon. There was great rejoicing in Saskatoon when word reached there at midnight.

SETTLER FOUND DEAD IN RUINS OF SHACK

Authorities Are Inquiring Into the Death of C. J. Morris.

(Times Leased Wire.) Vancouver, B. C., April 8.—A special from Milestone, Sask., says: Suspicious circumstances have developed in connection with the death of Charles J. Morris, a settler from Missouri, who was found fatally burned in the ruins of his shack in Long Creek district, twenty miles from here, and an inquest is being held to-day.

RAILWAY IS NOT LIABLE FOR DAMAGES

Man Who Rode on Engine Cannot Recover for Injuries.

(Times Leased Wire.) Olympia, Wash., April 8.—The Supreme court has affirmed the King county Superior court in the decision that John K. Fisher cannot recover from the Columbia and Puget Sound railroad for injuries sustained in a train wreck. Fisher rode in the locomotive upon the invitation of the engineer, and when the brakes later failed to work he jumped from the swiftly running train at the engineer's suggestion and was seriously hurt.

WOMAN ATTACKED BY BLOODHOUND

(Times Leased Wire.) Paris, April 8.—The government to-day received an official report from the governor of Martinique stating that the former President Castro of Venezuela was there and the foreign office immediately cabled a decree that he be expelled from the island, pursuant to an agreement reached to-day between Great Britain, the United States and France.

EX-PRESIDENT OF VENEZUELA AN EXLIE FROM WESTERN HEMISPHERE.

UNIVERSITY GOES TO SASKATOON

SELECTED AS SITE BY SASKATCHEWAN BOARD

(Times Leased Wire.) It is rumored here that Castro has succeeded in chartering a steamship at an American port and that he will make his way there, get into communication with sympathizers in Venezuela and eventually start a revolution with the purpose of overthrowing President Gomez.

It is generally believed here that Castro will devise some means of reaching Venezuela despite agreements of the powers to prevent his landing at any of the ports for which he set out.

The fierce little man lost his power when he left Caracas last fall for Europe to undergo an operation and the government was taken over by Gomez, who was advanced from the vice-presidency to the office of chief executive. He expatriated and displayed great anger at Fort de France yesterday, when he had to leave the French line steamship, as the officials of the company refused to take him further.

It was represented to France that it would be dangerous for Castro to be permitted to reside in any location near Venezuela and that his residence on Martinique was likely to involve France in international difficulties.

Caracas, Venezuela (via Willemsstadt) April 8.—Friends of President Gomez here to-day admit that they are using every means in trying to prevent the return of former President Castro to the country.

BANDITS RAID GAMBLING HOUSE

PLAYERS ROBBED AT POINT OF REVOLVERS

Band Succeeds in Escaping After Having Secured Over \$2,500.

WOMAN ATTACKED BY BLOODHOUND

Sustains Serious Injuries Before Savage Brute is Driven Away.

(Times Leased Wire.) Ogden, Utah, April 8.—Five unmasked desperadoes held up 35 men in the White Elephant gambling house at 1 o'clock this morning in the most approved "wild west" fashion, and after obtaining over \$2,500 from the tables and pockets of the victims, backed out and made their escape.

The play was heavy last night and toward 1 o'clock there was a great amount of cash displayed, the room was well crowded and the interest was intense. No one noticed the robbers as they entered and before their purpose was suspected they had taken their positions about the room in such a way as to give them every advantage.

The players and the dealers scarcely moved from the attitude in which the order found them. Their eyes took in the situation, however, and the muscles of ten big revolvers provided all the necessary information. One of the five men put his pistols in his pocket and produced a big sack. While the other eight revolvers held the crowd motionless, the fifth man moved quickly about the tables and scooped all the money in sight into the sack.

At the doorway the four waited a minute or two, while the fifth man rushed out with the bag of loot, prepared the horses for quick action, and at a signal all five desperadoes disappeared in the darkness. The men all wore slouch hats pulled down over their eyes, but they did not make much effort to conceal their faces and it is probable that they could be identified if captured.

As soon as the 35 victims recovered their senses they rushed out and formed a posse for the purpose of pursuing the robbers, but there was practically no chance of following them with any success.

It was one of the most successful robberies of the kind ever committed in Utah. Not a single shot was fired and there was not the least disturbance. The man who collected the money did not utter a word. When he wished a man to stand quietly to be searched he gave the order with a gesture.

RALLY IN INTEREST OF NAVAL DEFENSE

Navy League Will Hold Public Meeting Next Week.

(Times Leased Wire.) In view of the agitation now prevailing throughout the whole British Empire for concerted action with respect to the defence of the Empire, the local branch of the Navy League is planning for a monster rally of the citizens next week. The exact date has not yet been arranged, nor has the meeting place been fixed, but it will probably be in the Victoria theatre.

At the gathering some stirring addresses may be expected from prominent members of the league, including Capt. Clive Phillips-Wolley. The special subject will be that of naval defence. Patriotic songs will be given as well as the addresses.

RAILWAY ISSUES NEW STOCK

(Times Leased Wire.) Louisville, Ky., April 8.—The annual meeting of the stockholders of the Southern Pacific was held yesterday. Directors were elected, and the stockholders voted to authorize an issue of \$100,000,000 worth of stock. One hundred thousand shares of \$100 par value. The additional stock issued yesterday may be had by stockholders of the company in exchange for their bonds at \$130 a share.

EMPIRE DAY CELEBRATION

COMMITTEES NAMED TO SETTLE DETAILS

Will Probably Extend Over Two Days—Horse Parade Cut Out—Fireworks.

It was decided at the citizens' meeting in the city hall last night, at which the preliminary arrangements for the 24th of May were made, that Victoria's celebration this year shall eclipse anything yet held here. In view of the popular holiday falling on Monday it is likely that the celebration will be extended over the Saturday and Monday. This can be easily done without incurring the success of the occasion, there being so many different events to be pulled off.

No definite programme has been arranged, of course, but it was the feeling of the meeting that on Saturday afternoon the school sports might be held, with band concerts afternoon and evening. The regatta on Monday the usual regatta would be held at the Gorge and athletic sports at Beacon Hill, and the display of fireworks in the evening. There will be no horse parade this year. It being the opinion that the number of entries would not warrant the outlay which would be necessary.

A financial statement of last year's celebration was read by Edwin C. Smith, assistant city treasurer, who was treasurer for the event. There was \$2,500 received from the city and \$572 from public subscriptions, or \$3,072 in all. The expenditures were: Printing and advertising, \$209; horse parade, \$409.57; regatta, \$726; music, \$471.75; fireworks, \$550; illuminations, \$54.35; sports, \$28.75; sundries, \$210.60; leaving a balance of \$1,584.45 on hand.

The civic contribution this year will be \$2,000, to which it is hoped to add large contributions from citizens. It was decided, however, that there would be no canvassing.

The general committee in charge of the celebration consists of: Mayor Hall, Capt. A. J. Dallan, George Jay, C. V. McConnell, L. A. Wattleit, J. C. North, G. V. Cuppage, J. B. McCallum, E. E. Johnson, D. W. Dodd, J. E. Smart, D. E. England, Thomas Watson, J. J. Brown, J. C. Darling, F. W. Bittan-court, A. F. McCrimmon, Alderman Bishop, J. C. McNeil, Jos. B. Clearhue, A. F. Stevens, W. E. Best, Frank Davey, W. H. Price, J. W. Lorimer, E. Smith, Noah Shakespeare, H. Dallas Helmecken, K. C. Foster, McBurn, C. S. Redfern, J. G. Brown and Capt. Conroy. Other names will be added to them later.

Mayor Hall was elected chairman of the general committee; James E. Smart, secretary, and Edwin C. Smith, treasurer. A number of small committees were struck for different purposes, as follows, the first named in each case to be chairman:

Transportation—Alderman Bishop, A. T. Goward, James McArthur, L. H. Chetham. Music—J. G. Brown, J. C. Darling, A. F. McCrimmon, W. E. Stenland. (Concluded on page 7.)

OAK BAY MAY HAVE DEVELOPMENT LEAGUE

Subject is to Be Discussed at Public Meeting.

Oak Bay will probably have a booster club. At the meeting of the municipal council last night, Councillor Newton brought up the subject and asked permission to take part of the time of the meeting to be called on the 15th in order to make a proposal to the ratepayers and residents of the municipality. His proposal will be that a branch of the Vancouver Island Development League be formed at Oak Bay for the particular purpose of advertising that district.

In asking for the required permission Councillor Newton said he thought that now that as everyone was talking publicly it would be a good opportunity for Oak Bay to bring the publicity work to a head in the district.

Councillor Noble expressed the opinion that as many of the contributors to the "Victory League" were residents of Oak Bay it was not fair to ask them to also contribute to the local league. He understood that the Victoria branch would undertake the work of advertising the whole of this district, and did not think it necessary on that account to organize locally.

Councillor Newton speaking again on the subject, said that much money would not be required. The formation of the branch in the municipality would give the members a chance to boost Oak Bay, and place before the public its advantages as a residential district. He thought there were a good many people living in the district who would be glad of the opportunity to collect photographs, write articles, and use every possible means to advertise the place.

Councillor Noble again objected that it would be a bad precedent to grant the hall for this purpose, as they had decided not to give it free for the purpose of amusements. This opinion did not find favor, and the required permission was granted. The development discussion will come up after the water question has been fully discussed on the evening of the 15th.

Sanich council expressed its sanction at Saturday night's meeting. The application was adjourned until Tuesday morning to permit of some formalities being complied with.

BUSINESS MEN AND MILITIA
BOARD OF TRADE TAKES MATTER UP ACTIVELY

Report to Be Prepared for Quarterly Meeting—Council Met To-day.

The board of trade is taking up Lieut.-Colonel John A. Hall's proposition in regard to the encouragement of militia service energetically. At the meeting of the council this forenoon the resolution proposed by the C. O. of the Fifth Regiment at the special meeting of the board held last Thursday was up for discussion. This urges that business men, the city and all other employers of labor shall give a preference to militiamen, all other things being equal, in filling positions.

A small sub-committee, consisting of Lieut.-Colonel Hall, Lieut.-Colonel Prior and H. F. Bullen, a large employer of labor, was appointed to consider the matter and bring in a report at the quarterly meeting of the board, which will be held on Friday, April 16th.

La Chambre de Commerce Française, of Montreal, asked the co-operation of the board in an endeavor to obtain penny postage between Canada and France. The local board will urge this step upon the postmaster-general.

The London (England) Chamber of Commerce forwarded a programme of the business to come before the seventh congress of Chamber of Commerce of the Empire, to be held this year in Sydney, N. S. W.

Hon. W. S. Fielding acknowledged reception of the board's telegram, asking that action be deferred on section 7 of the insurance bill, and stated that this would be done.

Arnold E. T. Haultain, secretary of the McCharles prize awarding committee of the University of Toronto, sent the board a copy of the rules governing the competition. This is a sort of Nobel prize on a small scale, the sum of \$1,000 being given from time to time to reward inventions or discoveries of special merit made by Canadians. The first award will be made after June next.

The secretary of the railway commission sent a memorandum of proposed regulations regarding fencing and cattle guards along railway lines, and intimated that suggestions made would be considered. The matter was referred to the railway committee of the board.

The business before the quarterly meeting will include a report on harbor improvements, the report on Col. Hall's resolution and the consideration of the following resolution passed by the Nanaimo Citizens' League: "That this league asks its parent body, the Victoria Island Development League, to request all municipal corporations, boards of trade and all political associations on this island to petition their representatives in the provincial House to oppose the granting of government aid to the Canadian Northern Railway Company or any other company, unless such railway company contracts with the provincial government to connect with Vancouver Island at a central point, whereby Quatsino Sound and the towns and cities of Cumberland, Nanaimo, Ladysmith and Duncan are to be touched at, making Victoria the southern terminus."

There were present at the council meeting Simon Leiser, presiding; L. A. Genge, J. J. Shaltcross, D. R. Ker, H. F. Bullen, Richard Hall, T. W. Paterson, George Carter, H. G. Wilson and C. H. Logrin.

This afternoon Judge Lampan is hearing Lee Hus vs. Grant, an action by a Chinaman for \$18 wages. The defence is that the man left his work without notice.

TWO THOUSAND MADE HOMELESS BY FIRE
Flames Sweep Path Three Blocks Wide and Nearly Mile Long.

(Times Leased Wire.)
Manchester, N. H., April 8.—A conflagration which started in the southern portion of the city this morning, wiped out a section three blocks wide and nearly a mile long before it was controlled at 2:30 this afternoon.

Two thousand men, women and children are homeless. The property loss is more than \$500,000.

The state militia has been summoned to take control of the situation. Relief committees are being organized and plans for caring for the victims have been taken up by the city government.

SOMALI TRIBES ARE BECOMING RESTLESS
Officials Taking Precautions to Protect Roosevelt During Trip.

(Times Leased Wire.)
Mombassa, British East India, April 8.—Reports received to-day from the desert country to the north stated that the Mullahs of Somali tribes, which inhabit that section, are showing indications of restlessness, and are gathering on the international boundary of the province of Kenya.

The proposed route of Ex-president Roosevelt extends through the heart of this district, and it is stated that the colonial office in London has issued orders to the authorities of the protectorate to take every precaution for the protection of the party during the trip.

Plans for Col. Roosevelt's reception are practically completed.

The party will be welcomed in Uganda by provincial commissioner E. C. Tompkins, and for two weeks will be the guests of Sir Alfred Peace on his estate at Kwilina. The Lieut.-Governor F. J. Jackson will have in charge the details of the reception in Mombassa.

TURKISH EDITOR ASSASSINATED.
(Times Leased Wire.)
Constantinople, April 8.—Hassan Fehmi Effendi, editor of the Liberal newspaper Serbesti, is dead to-day from wounds inflicted yesterday when an unknown man entered his office and shot him.

The crime is thought to have been prompted by political differences. An officer of the government who was in the office of the editor, received severe wounds by being struck by stray bullets.

The streets, bridges and sewers committee meets to-night instead of to-morrow night, and after the business is disposed of the aldermen will make another effort to complete the estimates.

WATER SYSTEM IN OAK BAY

MAY NOT BE PUT IN AS LOCAL IMPROVEMENT

Difficulties Are Encountered by Council in Carrying Out Plans.

The assessed value of the land in the municipality of Oak Bay is placed at \$1,964,286. For revenue purposes this is not quite all available as the Chinese cemetery and the city property in the municipality is non-taxable. These together amount to \$75,000, leaving a net taxable assessment amounting to \$1,889,286. This year the improvements are not assessed, and there has been little increase over last year in the assessed value of the land, so that the change practically amounts to a reduction of the taxation on homes for general revenue purposes. The court of revision will be held on May 8th in the council chamber. This was decided last night at a meeting of the Oak Bay council.

On the report of the water committee being presented to the council telling of the adoption by the committee of a new redistribution scheme which would be paid for by the whole community instead of being done, as at first proposed, on the local improvement system, Councillor Pemberton objected to the plan, which he said was a wholly different scheme to what it had been the understanding would be introduced. He thought it was not fair to ask the whole community to pay for the supplying of water to one or two people who were a long distance away from all others.

In answer to this it was explained that practically all the council had been of a similar opinion, but it was found that any other plan was wholly unworkable. If, however, Mr. Pemberton had some scheme to propose, it would be for the council to consider it.

Councillor Newton explained that it was found that no local improvement scheme which was fair to everyone could be devised, and on that account it was decided to make the charge on the whole community. The report was held over to come up again on Tuesday next.

Councillor Newton objected to any member of the council interfering with the action of the revise. It seemed that the revise had ordered a certain piece of work done which it was afterwards found had not been passed by the council. Councillor Noble had ordered that the work should stop until the necessary permission had been given. The work was stopped, but at the next meeting of the committee it was decided to continue the work.

Petitions were presented asking for a number of new works of local improvement. Among these were the following: That Bowker avenue from the Willows road to Cadboro Bay road should be graded, drained, and a water main laid; the same for Thistle road, formerly Beach road; grading and graveling of part of Long Beach avenue, and several short near-by streets; the grading of a thirty foot road near Gonzales hill; grading and macadamizing Monterey avenue and construction of gutters, sidewalks, curbs and boulevards on the same street; construction of sidewalks on either side of Hampshire road.

Councillor Pemberton objected to the placing of black earth in the middle of the new roads. He thought this could be sold to advantage.

Councillor Noble stated that offers had already been received for the purchase of a quantity of the black soil. It was decided to sell the earth in future, and not to use it in grading up the roads.

Mr. Cunningham was asked to take the petition around asking for signatures for the water by-law. If Mr. Cunningham will not accept the position the clerk is authorized to make a suitable appointment.

The law committee reported that an arrangement had been made with the Country Club and city by which the city was to undertake the work of policing the fair grounds. An agreement had been drawn up and as soon as this is signed the council will accept the report of the committee. It was pointed out that a year ago a similar agreement had been asked for, but then the city had refused to make one. The introduction of the by-law had forced the hands of the city in that matter. The councillors wished it distinctly understood that the request for an agreement came from them.

The same committee reported that the solicitor had handed in his opinion that the municipality had the power under the state to prevent the erection of undesirable buildings within the municipality. Several objectionable shacks have recently been built in the neighborhood of Willows, Crescent, and these will have to be removed at once. For two of these the clerk, on the advice of the engineer, had granted permits, but in future the streets committee will pass on all permits before they are issued.

MANY HOUSES WRECKED.
Tidal Wave Causes Heavy Losses on Islands of Morea and Rio Toonga.

San Francisco, April 7.—News of a severe tidal wave which wrought great damage to the islands of Morea and Toonga, near Tahiti, was brought here by Ivan C. McIndoo, of Fresno, Cal., who returned to-day on the steamship Mariposa from a visit to Tahiti. According to McIndoo's story, the wave occurred either March 15th or 16th and although no damage is done to Tahiti, numerous houses were demolished and plantations devastated on other islands. The extent of the damage in Rio Toonga alone is estimated at about \$30,000. The gigantic wave came in with great velocity and swamped the land. Hundreds of small shacks and the dwellings of the natives were demolished. "So far as I could learn," said McIndoo, "there were no lives lost, although thousands of dollars damage was done to both islands which lie but a few miles from Tahiti."

ARGUES IN DEFENCE OF STANDARD OIL

Attorney Millburn Says Big Trust Paid in Full for Holdings.

St. Louis, April 8.—"I see neither revolution if the Standard wins nor industrial anarchy and mob rule if the government wins," said John C. Millburn of New York, one of the leading counsel for the Standard Oil Company in the federal suit to dissolve the big oil trust, before the case opened yesterday.

"I have not begun to see ghosts," he added. He explained that when a man begins to feel like that and seeing he ought to take a little blue pill. Disordered livers instead of well grounded apprehension of probable events give rise to such warnings of revolution against trust rule and further slavery of the people to big corporations.

In the early part of the case his chief duty in the court room seemed to be showing of amusements at the methods and contentions of the counsel for the government. As the testimony of the witnesses was taken before a special master, who had little authority other than to convene and adjourn the hearings, it was not difficult for Millburn to accomplish his alleged purposes. With his pleasing personality and his habit of calm and poised appearance, the big Standard Oil counsel is always an influence against any disturbance of any kind. He is always composed and always able to see something humorous in almost any situation.

He declared that the growth of the Standard Oil Company was the result of the minds of the Rockefeller and their associates and in no way attributable to any method of crushing competition.

Lawyers here were greatly interested in Millburn's argument before the court and the fact that he has been called the "Great Rockefeller Buffer" in the present case, is not taken as a depreciation of his ability as a lawyer and an orator. He is among the leading counsel for half a dozen corporations in New York and was president of the Pan American exposition at Buffalo.

Millburn in his argument yesterday declared that the acquisition of the Standard's numerous companies and properties was accomplished through honorable transactions. He said that the sellers in all instances received full pay for their property and that nobody could justly claim that the Standard had not given full value for all that it received. He paid a high tribute to the work of John D. Rockefeller and his associates in developing the city of Cleveland and referred to their honest opposition to difficult obstacles. He contended that the makers of the great oil trust have been maligned and misrepresented.

LUMBAGO VICTIM GIVES GOOD ADVICE

TELLS OF A WONDERFUL REMEDY THAT BROUGHT HIM HEALTH AND COMFORT.

The man whose back is lame and sore can't afford to trifle with the hundred and one so-called cures for lumbago. He needs a powerful, penetrating pain destroying liniment—one that will quickly sink into all the tendons and muscles—such a liniment is "Nerviline," which acts like lightning. Right to the spot it goes, carrying healing soothing properties to the nerves and muscles that cause all the pain.

"When my back was so painful that I couldn't turn in bed, when rubbing hot irons over my back failed to ease, when I cried aloud with agonizing twinges—then it was that I used Nerviline and got quick relief and was ultimately cured. There is something in Nerviline that isn't to be found in other liniments. Its power over pain and its facility for sinking into the core of the sore parts is simply a marvel. After getting rid of the pain and when I started back to work, of course I wore a Nerviline Porous Plaster over the weak spot. I have friends that use Nerviline for rheumatism, neuralgia, and sciatica. They all think as I do that Nerviline is the strongest, best and safest liniment made."

The above statement of F. R. Muchmore, the well-known merchant of Greenville, is ample proof that Nerviline can't be beaten; try it yourself—but be sure the dealers give you "Nerviline" only. Large bottles, 25c each.

BALDWIN WILL PROBATED.
Real Property Left to Widow and Daughters Listed at \$24,000,000.

Los Angeles, April 8.—The will of the late multi-millionaire Elias J. "Lucky" Baldwin, was admitted to probate by Judge James C. Rives yesterday. Settlement with a discontented widow and a daughter eliminated all prospective contests and reduced the disposition of the property to merely formal action.

The real property left to the widow and three daughters is listed at between \$20,000,000 and \$24,000,000. Personal property is set forth at \$127,000. The case came up in its regular order on the court calendar, and few persons except those directly interested were in the court room. The terms of the settlement, whereby the widow and the recently discovered daughter, Mrs. Zeida Selby, were not divulged. Escator Unruh, who supervised the estate upon the death of "Lucky" Baldwin was placed under \$25,000 bonds.

WILL VISIT ORIENT.
Former Vice-President Fairbanks to Study Trade and Examining Conditions.

Pasadena, Cal., April 8.—Former Vice-President Fairbanks will make a study of trade and economic conditions in the Orient in an unofficial capacity. He will place the fruits of his investigation in the hands of certain representatives and senators at Washington who are desirous of seeing the Payne tariff bill in respect to Philippines, Iceland, Hawaii and nations of the Far East amended so as to afford a more equitable adjustment with reference to the imports or exports from those countries.

APPLICATION FOR LAND DENIED.
Washington, D. C., April 8.—Secretary of the Interior Ballinger has denied the application of the Harney Valley Improvement Company for 59,000 acres of land in Harney valley, in Oregon, under the Carey Act. Ballinger denied the application on the ground that the land is not of a desert character and also because in his opinion the plans of the company are not feasible. The company has thirty days in which to ask for a rehearing.

WAR DOGS.

Is it really conceivable in this twentieth century of the Christian era that two of the great military powers of the world will soon go to war simply because going to war and killing two or three million Christian people would be cheaper than maintaining top-heavy armaments? We believe that every passing year, instead of bringing nearer the day of another great conflict between France and Germany, is lessening the chance of such a conflict. Public opinion in all the more advanced states of civilization is becoming more pronounced in its antagonism to war under any circumstances, and the rulers of the nations are yearly becoming more amenable to public opinion also.

There is no rest for the sole of the foot of the ambitious Castro upon this free continent of America. The French government, whose guest the Senor was temporarily, has ordered him to move on. Now what can a poor pilgrim, whose business in life it is to incite to revolution, do but return to Germany or to France? And what will he do there if it be true that his funds are running low, drained by a big doctor's bill and his princely manner of living and travelling? Castro's case is no hard that we are almost moved to feel some measure of compassion for him.

In referring to the remarks of Mr. H. C. Brewster, M. P., relative to the part Mr. J. A. Macdonald took in framing the water bill recently before the legislature, the Colonist very properly observes that all bills are subject to amendments suggested from both sides of the House and that had the bill been primarily Mr. Macdonald's, Hon. Mr. Fulton would probably have had some alterations to suggest. This is, of course, quite correct, and is admitted. It does not, however, deal with the real point raised by Mr. Brewster, that radical, organic and

fundamental alterations were made to the bill at the instance of the leader of the opposition, which so completely altered its form as to make it really a new measure. This is especially noteworthy when it is remembered that eminent legal talent was retained in the preparation of the measure by the government in the first instance. No member of the House, and perhaps least of all Mr. Brewster, would think of taking the position that because a bill is altered on the initiative of a member, not its author, that the latter does not deserve credit for it. This is quite different from the real point taken that the whole form and spirit of a government bill had to be altered on the representation of the leader of the opposition to effectively meet the situation with which it was designed to deal.

President Taft says he will do all in his power to have the Payne tariff bill so amended that it will give substantial relief to consumers. The president evidently believes that the consumer pays the taxes. The attitude of the chief executive possibly had some influence upon the attitude of Congress towards the Standard Oil Company and in securing the declaration in favor of free oil. Yet is there a single foreign oil company capable of effectively competing with such a perfect organization as that of Mr. Rockefeller?

Madame Mojeska, whose art in some roles was as nearly perfect as it is given to mortals to attain has gone to join the great company of immortals "on the other side." Her death will be deeply lamented by many who had seen her in the days of her greatest successes.

We have a letter from Mr. Charles Martin containing charges which it would be unjust to make public in the press. If Mr. Martin really desires an investigation he should lay the information he possesses before the city council. There is a regular mode of procedure in such matters.

Now that the wave of hysteria has subsided, the all but unanimous opinion of this country and of the Mother Country is that the naval policy outlined by Sir Wilfrid is the one best suited to the conditions obtaining.

The general public would be more interested in the reported rise in the value of wheat if there were some assurances that the tolling farmers who raise the wheat would receive some of the benefits of the increase.

What Other People Think

ALDERMAN McKEOWN, the City Hall, Victoria, B. C.:
Dear Sir—I have read with a good deal of interest a report in the Victoria Daily Times on the proposals which are before the council to pave several of the streets in Victoria with what is known as bitulithic pavement.

Now, as I am very partial to Victoria, having lived there for some years, I feel obliged to give vent to my feelings on the matter, inasmuch as I consider that if the ratepayers pursue a policy of petitioning for this particular kind of pavement they will make the biggest mistake that they have ever made in their lives.

I observe in the report of the meeting of the street, bridges and sewers committee, held on Friday evening, that Mr. Turner, the chairman, made a statement to the effect that it is the best pavement that has ever seen. Now, evidently Mr. Turner knows a little or nothing of pavements, otherwise he would not make such a statement as this.

I would like to ask him whether he understands the technical and scientific points of this bitulithic pavement, and whether he has himself observed any bitulithic pavement which has been laid down for even three years without showing signs of pitting and softening in even a moderate amount of rain?

Your worthy chairman's statement that bitulithic pavement is superior to asphalt is as ludicrous as it is incorrect, for of the few pavements which I have seen composed of bitulithic, none of them can compare with a properly laid asphalt pavement.

This bitulithic has been laid in this city with no success, and now it would be as absurd to get the ratepayers to agree to this sort of paving as it would be to get a cow to jump over the moon.

Does Mr. Turner know that this is a patented pavement—a monopoly—and that no company can lay this pavement without paying a substantial royalty to its manufacturer? And the price, \$3 a yard. One could almost have a silver roadway at that price.

Naturally, there being no competitors with the one company who lays this pavement, they are permitted to charge any old price they like. If necessary, I can supply you with printed facts and photographs in my possession which will dispel any false ideas which may have accrued in the mind of Mr. Turner and other aldermen. No, I am not guilty of being connected in any manner whatever with any other paving company here or elsewhere, but having been a resident of Victoria for some time I feel interested in the welfare of your beautiful city. Nor have I been at any time interested in any paving company or contracting firm, but I am just endeavoring to warn ratepayers against rushing into an absurdity, for I have seen this pavement laid and I know it.

In conclusion, I trust that you will pardon me for addressing you at such length, but I thought that perhaps you would like to have the views of one who has seen this so-called bitulithic laid in different cities.

SERVICES IN CITY CHURCHES TO-MORROW

Good Friday Will Be Observed by Many of the Congregations.

To-morrow being Good Friday, many of the city churches will hold services. The following will be held: Reformed Episcopal—Morning prayer and address by the rector, Rev. T. W. Gladstone, at 11 a. m. Metropolitan Methodist—Service will be held at 11 a. m., when the pastor, Rev. T. E. Holling, will deliver an address on "The Sufferings and Crucifixion of Christ and all that it implies to the world."

Christ Church Cathedral—8 a. m., Litany; 9 a. m., children's service; 11 a. m., matins, ante-communion service and sermon by Ven. Archdeacon Scriven; 12 noon to 3 p. m., service of The Three Hours, with addresses on the "Seven Words," by Rev. J. Grundy; 7 p. m., evensong, and sermon by Ven. Archdeacon Scriven.

St. John's—Morning prayer, litany, and sermon by Rev. A. J. Stanley Ard at 11 a. m. St. Saviour's, Victoria West—8 a. m., ante-communion service; 11 a. m., matins and sermon by Rev. C. E. Cooper. M. A.; 8 p. m., evensong and sermon.

St. Paul's, Esquimalt—Morning prayer, litany and ante-communion service at 10:30 a. m.; evensong and sermon by the rector, Rev. W. Baugh Allen at 8 p. m.

THREE DISCHARGED IN GOLDSTREAM CASE

Evidence Taken This Morning With Respect to Row at Construction Camp.

From the evidence given by Martin Scott in the charge brought against him and three others in the police court this morning arising out of the row which occurred Monday last at the construction camp of J. Haggerty, Goldstream road, it appears the men had a dispute with the foreman. The latter has since been dismissed, Monday the men applied for their time, and were refused it, and then took matters in their own hands and broke up the kitchen. The three men now charged with Scott were Edward Webb, David Hutchison and David Kelly, they were discharged as the magistrate held there was no evidence against them. Scott, however, was put on his defense. He said when the row occurred he was at the hotel, and was not present in the fracas. While he had a good idea who the men concerned in the affair were he could not say definitely. He had returned from the hotel, and was not drunk, a fact borne out by the evidence of provincial constables, who had arrested him later in the day. He had found the kitchen broken up. He had taken a broom and started cleaning up. Evidence was given by Um See, a Chinese cook, who said Scott had gone after him with a couple of knives. He identified him by a red sweater he was wearing on the dock. Scott, however, until late Monday afternoon, gave evidence of the fight and the smashing up of the kitchen. Provincial Constable Carter and Conway gave evidence as to the arrest, and described the appearance of the place as the roughest looking house they had ever seen. The three had resisted arrest. Evidence of identification of goods was given by J. Haggerty.

Richard Love, for the prosecution, said he wished to call the foreman of the camp, but could not do so as he had been dismissed since the affair. Magistrate Jay: "Because he is dismissed that does not prevent you from calling him. There is no evidence against Webb, Hutchison and Kelly, they are discharged."

The case against Scott was finally remanded till Saturday to allow him to bring witnesses from the camp, who he said would testify that he was not concerned in the row.

As usual on the evening before Good Friday, there will be observed this evening at 8 in the Church of Our Lord, the annual remembrance of the institution of the Lord's Supper. The full communion service will be used with address by Rev. T. W. Gladstone on "The same night that he was betrayed." Rev. Dr. Reid will assist in the administration. Members of other churches are asked to unite in this commemoration.

William McFadden, a sixteen-year-old boy, charged with stealing a bicycle from Bumbler's brick yard, belonging to Ah Kun, and valued at \$25, pleaded guilty on remand in the police court this morning, and was let go on suspended sentence. He will be returned to his parents, who live out of the city. The bicycle was returned to Ah Kun. McFadden went to the brick yard on March 26th last, and asked the Chinaman if the machine was for sale. Receiving a reply in the affirmative he rode away, and failed to return.

James Fulford Field, of the firm of Stevenson & Field, Winnipeg, who has been living in Victoria with his family for the past two years, is leaving the city to-day for Winnipeg, where he will reside for the summer months, returning to the coast in the autumn. Messrs. Stevenson & Field have invested heavily in Victoria real estate, and still have large holdings here. For some months Mr. Field was in partnership with Mr. C. O. Pemberton in the fire in the Hibben block.

PIONEER OF DISTRICT DIED LAST EVENING

Henry Price Passed Away After Lingered Illness.

The death occurred last evening at St. Joseph's hospital of Henry Price, an old time resident of this district, who passed away after a lingering illness. Deceased was 72 years of age. He had been ill for months, and the end was not unexpected.

The late Mr. Price was born in County Armagh, Ireland. For a number of years after coming here he resided at Parson's Bridge at the head of Esquimalt harbor, where he was known to all the countryside. The remains have been removed to the chapel of the B. C. Funeral Furnishing Company, Government street, from which place the funeral will take place on Saturday, the remains being interred in the family lot at Ross Bay. Rev. Baugh Allen will officiate.

The late Mr. Price was highly respected by all who knew him, and his friendship was highly valued.

PRINCE RUPERT LOTS TO BE SOLD HERE

Auction Will Be Held After Opening Sale in Vancouver.

While the first sale of Prince Rupert lots is to be held in Vancouver, it is reported that shortly after a sale will be held in Victoria. It is said that C. D. Gauld, the selling agent for the G. T. P. and the local government, was strongly in favor of holding the first sale in Vancouver. Premier McBride, it is said, insisted that the next sale should be held in Victoria. A good deal of dissatisfaction is felt that the sale will be held in Vancouver, was not so arranged that a sale should be held simultaneously here.

NANAIMO PREPARES TO CELEBRATE EMPIRE DAY

Attractive Prizes Will Be Offered by Athletic Club.

(Special Correspondence.) Nanaimo, April 7.—Considerable progress has been made with the arrangements for the celebration here of Empire Day. The management committee of the Athletic Club is handling the sports, and is sparing no pains to make them a success. If possible the committee wants to induce athletes from Victoria and Vancouver to attend the field sports, and with this object in view is offering some fine prizes. There will be a 100-yard dash, a 200 yards race, 120 yards hurdle, a quarter-mile, a half-mile, and a mile. For the first event a first prize of \$20 or \$25 will be offered, and all the other prizes will be on the same scale. The great attraction will be a road marathon, which will be seven or eight miles. An attempt will be made to get Baylis and the other runners of Victoria, and Chandler from Vancouver, with as many more from the two cities as care to compete. The first prize for this event will be \$50, with second and third prizes and probably medals for all who finish. The sports are to be strictly amateur, so that outside athletes need have no fears about entering.

TWO ARE HURT IN BUGGY ACCIDENT

Horse Takes Fright and Plunges Over Steep Embankment.

(Special Correspondence.) Ladysmith, April 7.—An accident occurred Monday night on the big hill just below John Stewart's residence, about a mile from the city. Mr. Gilbert of Chemalung, and a lady friend, were driving home when, on nearing the foot of the hill, part of the harness of the horse broke and the animal plunged over the bank, dragging down the buggy and both occupants. There is a sheer drop of about twelve feet, followed by a sloping bank, down to the creek bed. Down this the horse rolled. The lady escaped with scratches and a severe shaking. Mr. Gilbert was not so fortunate, and was badly cut about the head.

Aldermen Dier and Haworth spent the afternoon locating a suitable site for the new electric light plant for the city.

RHEUMATIC FOOT CAUSE OF BLAZE

San Francisco, Cal., April 8.—A rheumatic foot caused a fire which threatened the destruction of an apartment house on Folsom street yesterday. G. E. Meyer, a painter, living in the basement of the house, was treating his foot with liniment, which became ignited from the flame of a lamp and set the building on fire. Meyer, though severely burned on the foot and left hand, fought bravely to check the flames, but was unsuccessful, and a fire engine was called to save the house. The property loss amounted to several hundred dollars.

WESTON CONTINUES LONG WALK

(Times Leased Wire.) Mansfield, Ohio, April 8.—After resting this morning, Edward Payson Weston resumed his journey this afternoon, with Bellevue as his objective point. Upon his arrival here he had covered 882 miles.

JACK JOHNSON TO MEET AL KAUFMAN
Fight Will Take Place on Pacific Coast During Coming Summer.

(Times Leased Wire.) New York, April 8.—Jim Jeffries grinned when he heard that Jack Johnson, peevish because he could not get a match at once with the big white champion, had decided to take on Al Kaufmann for a battle to be fought on the Pacific coast some time this summer.

Considerable interest has been manifested in the Singer puzzle sent out by Mr. Thos. Plimley, the well known bicycle man of Government street, and a large number of replies were received. Several persons stated that after hours of effort they concluded that the puzzle was an impossibility, others were more fortunate and reached a solution. The cash prize of \$5 has been won by Mr. Elmer V. Finland, 1250 North Pembroke street, who was able to place the letters in their proper places, with only fifty-four moves, and who will receive a cheque for the amount offered as a prize by calling at Plimley's cycle store.

At a meeting of the Ladies' Auxiliary of the Y. M. C. Yesterday afternoon Fred Archer, a three-year old boy, had a narrow escape from drowning near the boat-house at Work Point barracks, and would in all probability have lost his life if it had not been for the bravery of Corporal Grey, R. C. G. A., who happened to be near the scene and saw the little fellow fall into the water. He immediately plunged into the water and brought him to land.

The assessor of the Oak Bay municipality has just mailed the assessment notices to all known addresses of property owners within the municipality, and where the addresses are not known they have been mailed to the municipal city post offices. The assessments this year have been made only on the land, the buildings not being mentioned in any way. This will reduce the taxes on those who have homes in the district, and it is thought that it will not be necessary to increase the rate on that account as the strictest economy is being observed by the members of the council.

CORRESPONDENCE SCHOOL AND PUPIL

Right to Make Contracts in Province by Unregistered Company Questioned

An unusual and important point was raised in the County court yesterday afternoon in the case of the International Textbook Company, of Scranton, Pa., vs. Robertson. The suit was brought to recover a balance claimed to be due on account of a contract for a correspondence course. The plaintiff company is one of the large correspondence schools in the United States, which do considerable business in Canada.

For the defendant, J. A. Aikman raised the issue that the company was a foreign one, not registered in British Columbia, and so not entitled to do business in this province nor to sue in our courts.

J. H. Lawson, Jr., on behalf of the plaintiffs, contended that the contract had to be approved at the head office, and so must be held to have been made there, besides which the books and papers used were sent from Scranton, and it must be taken that defendant had received them as soon as they were dispatched.

Mr. Aikman argued that the contract was one to impart knowledge, and the defendant residing here and signing the contract here, it was plain that the contract was made and performed in British Columbia. The contract could not be said to be performed until the knowledge which was to be imparted reached the pupil in some shape.—The law relating to the sale of goods did not apply, as the books and papers were not sold, but had to be returned to the plaintiffs.

Judge Lammman reserved judgment, and remarked that there were probably some American decisions on the point which the counsel in the case might look into and let him have.

HUMBER CASE.

Further Argument Heard in Connection With It in Chambers.

The Humber estate case was taken up again yesterday before Mr. Justice Martin. The matter under discussion was the appointment of a judicial trustee. The plaintiff, however, announced his intention of abandoning this application, and argument will now be addressed to the other points set out in the summons. In dealing with the question of accounts, the plaintiff asked leave to cross-examine one of the defendant executors. The matter has been postponed until after the Easter vacation.

C. F. Davies, of the firm of Bradshaw & Davies, appeared for the defendant, while plaintiff was represented by J. A. Aikman.

RETIREES FROM BENCH.

Mr. Justice Gregory, of New Brunswick, Resigns Position.

On account of ill health Mr. Justice Gregory, of the supreme court of New Brunswick, recently tendered his resignation. It will take effect at the end of the present month. The retiring judge is the father of Col. F. B. Gregory of this city. For several months this winter the latter visited his father in the east.

Hon. George Frederick Gregory, K.C., the son of Jno. Gregory, for many years connected with the educational department of the province of New Brunswick, was born in Fredericton on August 21st, 1839. He was educated at the collegiate school and the University of New Brunswick, studied law with the late Hon. John J. Fisher, was admitted an attorney on June 12th, 1863, and a barrister two years later. Soon afterwards he entered into partnership with Andrew G. Blair, afterwards minister of railways, and the firm of Gregory & Blair became known all over the provinces as comprising two of the ablest lawyers in the country. This

ROBIN HOOD FLOUR

Is Different

It is the New Flour all Western Canada is Interested in.

We are not making this announcement for the purpose of describing the superior qualities of "ROBIN HOOD" flour. We intend you to find them out for yourself. We want you to find them out just as quickly as possible, because we know for an absolute certainty that once you have tested it thoroughly, you will never use any but "ROBIN HOOD" flour afterwards. That has always been our experience, and we are sure it will be the same in Victoria.

Now note what we are doing. We are sending our staff of "ROBIN HOOD" girls into Victoria to call upon every home. They will call upon you. They will tell you something about "ROBIN HOOD" flour, about the way it is made, the quality of wheat it is made of, and they will give you some idea of what makes "ROBIN HOOD" flour different from other flours. It is the flour you should use. It will prove its superiority.

All over the West "ROBIN HOOD" flour is making a tremendous impression. Join the thousands of Happy Users.

Look for the "ROBIN HOOD" Girls and be sure to give them an order. They will visit you in a day or two.

partnership continued until 1887, and from that time until his appointment to the bench, Mr. Gregory had for a partner his brother, Albert J. Gregory.

Mr. Gregory's practice extended to all sections of the province, and he had to do with many important cases, one of the most notable being the Trafton-Phillips murder trial at Anover, twenty years ago, when he acted as counsel for the defence.

putting on two to the Vancouver one. The referee had no further trouble with the supporters of either side. He awarded four shots for fouls to Vancouver, and three to Victoria in the first half. From these each side scored three points. Victoria had several narrow misses, and their shooting for goal was bad throughout. Two goals in a hurry at the close of the first half, the last being on the fly as the whistle went, but having left the tosser's hand before it sounded, brought the score for the first half to 11 to 9 in favor of Victoria.

The second half was fought on an even basis on scores, although Victoria had far the better of the play. The whirlwind finish of the Vancouver five failed to materialize. It started, and two points came from it, and Bob Whyte, the Victoria forward, lost his front teeth from it, but outside of that nothing happened, as Victoria held the mainlanders down, and were as fast at the finish as at the start. The scores in the last half were made alternately by either side, each having four shots and scoring four field goals, while Referee Douthitt gave three fouls against each team, from which no scores were made.

Victoria opened the second half with long shooting and passing and missed five shots in succession that could reasonably be expected to land. Then Whyte missed a free, and Vancouver scored at the other end, cutting two off the handicap. Charlie Mason scored a splendid shot from centre, which landed square, and put Victoria's lead well again. The play evened out, three goals more being secured by either side. In the rush of Vancouver's final effort two mainlanders and Bob Whyte collided with the basket standard, Bob taking the post on the mouth. Having wiped the blood from his face, Whyte was ready to get into the game again, and for the final six minutes appeared to be none the worse for the accident. The game ended 25-17, Victoria the winner, without any referee's points, and the crowd wended its way homeward with the full consciousness of having given Vancouver all they wanted in the demand for home and home games and the satisfaction of having given them a little more than they expected in the play itself, both at Vancouver last Saturday and here last night.

The scores were taken as follows: Victoria—Whyte, 5; McKittick, 9; Mason, 4; Rosskamp, 6; Pettierew, 10; total, 25. Vancouver—Tuck, 5; Cunningham, 4; Matthews, 2; Clark, 6; Ross, 6; total, 17.

THE RING.
COUNTED OUT.
Savannah, Ga., April 7.—In a bloody battle, Jim Dasher, of Savannah, received credit for a knockout over Owie Less, of Brooklyn. In the seventh round of a scheduled fourteen round engagement last night Less was blinded by blood flowing from a wound accidentally opened by Dasher's head. He stayed on his knees too long and was counted out.

VICTORIA UNITED AND LADYSMITH SATURDAY

Will Young to Have Benefit—Island League Meets April 24th.

Having played a drawn game against Ladysmith in the senior Island League matches this season, the Victoria United soccer team will travel to the inland city Saturday morning with a strong and representative eleven to play the return match of the season.

Sam Lorimer will not be in the line-up owing to a bad leg, the result of slight injuries received in a preceding match and which has been giving trouble on subsequent occasions. The team that will represent the city club will probably be made up of Beane, Prevost, Whyte, Pettierew, Cullin, Cowper, Buxton, Thomas, Sadger, Fairley and Okell.

President Alex. Peden said this morning the line-up would probably be as given. There may be a change in one or two places if any man on the team outlined cannot go to the line.

The names in the line-up are all familiar with the exception of Cullin, who placed his first game last Saturday and pleased the judges along the lines by his form and ability. He is slated to play half back Saturday in company with Pettierew and Cowper. The line-up presents about the strongest forward aggregation in Victoria, and Peden expects the men to return victors.

Benefit for Young.
Will Young, who broke his arm playing for Esquimalt at the beginning of the season and was put to considerable expense through loss of work and medical attendance, will be given a benefit by the Esquimalt Athletic Club on Saturday, 24th of April, when an exhibition soccer match will be played between teams from the Esquimalt Athletic Club and the Victoria West Athletic Club at the canteen ground, and a ten mile foot race switched in.

Secretary Baijey, of the E. A. A., wrote yesterday to Secretary Roberts of the V. W. A. A., asking if the soccer team of the latter aggregation would play Esquimalt eleven on the date stated. The Victoria team will consent. It is said, and perhaps offer some of its members to take part in the tennis race the same afternoon.

Island League Meeting.
The Vancouver Island Association Football League will meet in Victoria the night of Saturday, April 24th. Secretary Hill has issued notices to all the club delegates to attend. Californians vs. Vancouver.
To-morrow afternoon the California soccer team plays at Vancouver against the Scotchmen, an eleven selected from the Vancouver clubs to be composed of natives from the land-of-the-heather strictly. California has won two games and drawn one of the three played to date.

BALL GAME AT OAK BAY IS HOLIDAY ATTRACTION

James Bay Running Race is Extra Event for To-morrow.

To-morrow afternoon at Oak Bay the James Bay Athletic Club will put on a programme for the sporting fraternity consisting of a baseball game between two teams selected from the club, and a running race over a five-mile course for members of the James Bay club, of which there are thirteen entries in.

The ball game will open the season for ball fans for the year. The two teams are to line-up in the following manner:
"A" Team—H. Brewster, H. McIlmoyle, J. Hawkins, B. Hall, S. Shanks, B. Brown, C. Carroll, A. Jeffs, W. Lang, Reserves—J. Lorimer, T. Peden, R. Stechan, S. Spencer, Joe Sweeney.
"B" Team—J. Greig, F. Moore, K. T. Hughes, Ed. Heaney, F. Anderson, B. Hewartson, M. Keppock, R. Hiscok, W. Kennedy, Reserves—A. E. Sargison, R. Peden, F. Sweeney, J. T. Sweeney.
The five-mile race will be run on the Oak Bay track which runs three laps to the mile. The thirteen entries start from scratch and go fifteen laps. Among the entries are several runners of quality and while all are not expected to finish, a close race run in good time is expected. Judges and officials of the race will be appointed from the club members. Both the ball game and the foot race are timed to commence at three o'clock.

CRICKET. NANAIMO REVIVAL.

Nanaimo cricketers are working towards the revival of cricket in their town, and if expectations are realized the Nanaimo club will re-establish itself this summer with an eleven to be reckoned among the best on the island. An organization meeting has been called for next Tuesday.

Right at the present time there are quite a number of followers of the game in Nanaimo, some of them of more than ordinary ability, who have played with the best old country teams, such as Mr. Pitt, steward of the local hospital, an Australian cricketer of merit who has the distinction of having bowled the great W. G. for no runs. There are several in the city also who have played the game in earlier days, so taking everything into consideration there is no reason why Nanaimo

WRESTLING.
SWANSON-SINGH CONTEST.
(Special Correspondence.)
Nanaimo, April 7.—The return wrestling match will take place at the Athletic Club on April 17th, between Sinc Swanson and the Hindu Gurdit Singh. The last bout between the two men was of such a strenuous nature that there has been a strong public desire to see the wrestlers meet again. It was thought that Swanson would not wrestle the Sikh again as he is so much the heavier man, but the local welterweight is nothing if not plucky, and he willingly signed up for another match. This time probably strange holds will be barred, and the best two out of three falls will decide the match.

More bread and Better bread —And the Reason for it

A STRONG FLOUR can only be made from strong wheat. Manitoba hard wheat is acknowledged the strongest in the world—and that is the kind used for Purity Flour.

Of course this special process is more expensive to operate but it means a lot to Purity flour users—that's why we use it.

But that's not all. Every grain of this wheat contains both high-grade and low-grade properties. In separating the high-grade parts from the low-grade the Western Canada Flour Mills put the hard wheat through a process so exacting that not a single low-grade part has the remotest chance of getting in with the high-grade.

It means that Purity Flour is made entirely of the highest-grade flour parts of the strongest wheat in the world.

It means a high-class, strong flour and therefore yields "more bread and better bread."

Purity may cost a little more than some flours, but results prove it the cheapest and most economical after all.

PASSPORTS

1. Applications for passports must be addressed to the Honorable the Secretary of State, Ottawa.

2. The charge for a passport, wherever the number of persons may be named in it, is two dollars, which must accompany the application.

3. Passports are granted only to British-born subjects, or to persons naturalized in the Dominion of Canada, who are either known to the Secretary of State or recommended to him by some person who is known to him; or upon the production of a declaration by the applicant, a form of which may be obtained at the Department of the Secretary of State, verified by any magistrate, minister of religion, physician or other responsible person.

4. Passports are not valid after five years from the date of issue. Fresh passports must then be obtained.

5. If the applicant be a naturalized British subject, his certificate of naturalization (which will be returned to him) must be forwarded with his application.

6. British subjects travelling abroad are recommended to furnish themselves with passports, for even in those countries where they are no longer obligatory they are found to be useful as affording a ready means of identification in case of need. For residences in Germany or Switzerland, passports are indispensable.

7. Persons who obtained passports prior to August, 1908, are advised to exchange them for new ones, which will be issued free of charge.

Printing and advertising—Noah Shakespeare, F. Bittancourt, W. H. Sweeney, J. C. McNeill, Alderman Turner and C. E. Redfern.

Regatta committee—Capt. A. J. Dalain, H. Allan, Helmcken, K. C. D. O'Sullivan, George Jay, A. J. Brace, Thomas Watson, Chief Langley, J. P. Sweeney.

Finance committee—Alderman Henderson, E. J. Smith, and the chairman of each of the other committees.

Fireworks committee—W. H. Price, Frank Davey, D. D. England, Sports—L. A. Wattlet, J. W. Larimer, J. B. Sweeney and the secretaries of the various athletic organizations.

These committees will all be added to as time goes on.

The chairman of committees will meet and draw up a draft programme for submission to the general committee at a meeting to be held on Friday, April 16th, and the question of finances will then be taken up.

Thomas G. Hitt, of Hitt Bros., Seattle, pyrotechnic expert, is in the city, and the fireworks committee has gone over with him a proposed programme for the display which will be suggested to the general committee when it meets again. If this programme is decided upon the display will undoubtedly be one of the finest ever witnessed in this city.

Some of the features suggested by Mr. Hitt are the following: Silver Nyanza Falls, 100 feet in width, falling clear to the ground from a height of 50 feet. This would illuminate the surroundings for a great distance, salute to the flags of Great Britain and Canada by twenty-one aerial pyrotechnic shells. "Descriptive Battle," the Drednought "Canada" repelling attack by an airship, Colossal portrait of King Edward, a colossal mechanical time to music supplied by the band. Three triple-action Ferris wheels, each 18 feet in diameter, Electric flashlight screen 250 feet long, Terraces of Italian color fountains 250 feet long and 50 feet high.

The shells which Mr. Hitt proposes to use this year are to be specially fine, both as to size and effect. Among them may be mentioned the Whistling Coon, Diamond Sun Clusters, Comet Shells, Spider Shells, Wheatheaf, Golden Palm, the new A. Y. P. E. shell, the size being 20 inches; Amber Electric Flash-light.

The Alaska-Yukon-Pacific fair board will be asked to have a set piece as an announcement of the exposition among the features of the fireworks display.

ELLA LEAVES HERE FRIDAY AFTERNOON
Party of Ten Going From Here to Look Over Lands.

Steamer Ella, of the Jebson line is expected to call here to-morrow, bound out for Mexico and Central American ports. She was ordered to leave here on the second of the month, but a change has been made in order to alternate with the Canadian-Mexican steamer Georgia and Lonsdale, which are supposed to leave on the 21st of each month. This will give a regular fortnightly service to and from the Mexican ports.

A telegram was received to-day by the local agents stating that the steamer would be here at 3 p.m. to-morrow. There is a party of ten going down to look over the lands in the concession owned by the local syndicate organized by Bond & Clarke. Mr. Bond is in charge of the party, some of whom it is expected will remain there to settle. It is expected to draw most of the settlers from Eastern Canada, a large number of applications already having been received from people who are interested in the proposition.

NEW STEAMERS FOR ANDREW WEIR & CO.
Inveric to Return to Old Country From the Orient.

Construction of four steamers for the Bank line, owned by Andrew Weir & Co., has begun. It is understood that at least two of these vessels will be constructed by Russell & Co., at Port Glasgow, where the keels have just been laid, says the Seattle Post-Intelligencer.

Two of these vessels are designed for use on the run between Seattle and the Orient, to operate in connection with the Kumeric and Suvetic, now plying on the route. These vessels will be almost duplicates of the Kumeric and Suvetic, although they will be better steamers than any now owned by the line. Their beams will be 27 feet instead of 25, that of the Suvetic and Kumeric. In consequence their length may be greater, but in general design they will resemble the two large freighters now running out of here.

Capt. David Baird, Pacific coast superintendent for the Weir fleet, has been advised that work has begun on the new vessels, but he has not learned their details. Capt. Baird submitted a number of suggestions and it is probable that they will be adopted in the new craft. It is likely that the vessels will be equipped with accommodations for first class passengers, while there will be ample room for a large number of steerage passengers.

The other two steamers under construction will be placed on the run between Calcutta and New York, on which route Andrew Weir & Co. now operate regularly. The four new vessels are expected to be ready for service about the end of this year.

The steamer Inveric, now in the Orient, will be sent home after she discharges her cargo from Puget Sound and British Columbia. From Manila or Hongkong she will proceed to Calcutta to load a cargo of jute, gunnies, tea and other freight for New York. From the latter port she will return home, after a long absence in the Pacific. The steamer Aymeric will replace the Inveric on the North Pacific route, being now at Manila, ready to leave on schedule. The Aymeric is about one knot an hour faster than the Inveric, and is well adapted to this trade.

PARCELS POST BETWEEN CANADA AND MEXICO
Heavy Mail Matter to Be Carried by Line of Steamers.

T. H. Worsnop, manager of the Canadian-Mexican line, arrived in the city last evening from Vancouver. He says the Georgia will leave to-night with a full cargo of wheat and general freight, including shipments of salmon for Europe via the Tehuantepec railway, and by the same route a consignment of British Columbia shingles is going to New York.

When in Victoria Mr. Worsnop made arrangements for the carrying of a parcels post between this country and Mexico which will start almost at once. Besides this, there are to be through shipments of freight from Kestran Canada to British Columbia by the Tehuantepec route, giving a 30-day service.

The Canadian-Mexican line has been carrying heavy cargoes every time on their south-bound trips, and bringing a good deal of cargo north, including regular shipments of European freight.

COLDS QUICKLY CURED
Everybody has a cold. Some resort to tablets and powders that contain dangerous drugs, and death from heart-depressing remedies is not infrequent.

It's a poor policy to neglect a cold—especially when it can be cured so quickly without medicine.

You can send the soothing vapor of the pine woods, the richest balsam and healing essence, right to the cause of your cold by inhaling Catarrhazone.

Little drops of wonderful curative power are distributed through the whole breathing apparatus in two seconds.

Like a miracle, that's how Catarrhazone works in bronchitis, catarrh, colds, and irritable throat. You simply breathe its oily, fragrant vapor, and every trace of congestion and disease flees as before.

No trace of the disease remains after Catarrhazone is used—no more matter to clog up the nose and cause you to cough and spit—no more headache and buzzing ears.

Cure is absolute.

Because Catarrhazone contains such healing balsams and soothing antiseptics it can't help curing every kind of catarrh, throat, lung and bronchial trouble.

Don't experiment longer—Catarrhazone means sure cure. Two months' treatment (guaranteed), price \$1.00; smaller size, 50c., at all dealers, or the Catarrhazone Company, Kingston, Ont.

MARINE NOTES

Steamer Montague has completed her loading of freight, and is leaving for the Orient this afternoon.

Steamer Aurang is expected from Australia to-night or to-morrow morning.

Steamer Indravell is expected here on the 13th inst., from Australia and New Zealand.

TROLLEY CARS COLLIDE.

Boston, April 8.—In a trolley car collision on Washington street, near Poplar, in Roslyn, this afternoon between an empty and unoccupied car, and a well filled car which was climbing the hill, one person was seriously and a dozen painfully injured.

The accident was said to be due to the breaking of the connection between the empty car and the one which was hauling it.

The dirigible balloon, Italia's, was sent disastrously at Soho, Italy, yesterday after maneuvering for some time at a height of 1,500 feet, the engine broke down, and the balloon descended precipitately. It was badly damaged, but the aeronauts were not hurt.

CHIEFTAIN RETURNING TO PORT ESSINGTON
A. G. Cunningham Reports Prospects on Skeena Very Bright.

Tug Chieftain is leaving in a few days for Port Essington, where she will again be put on the run between that port and Prince Rupert. A. G. Cunningham, the man who was in charge of Port Essington, is in town just now. His tug has been working here all winter towing logs for Moore & Whittington and others, and he has come to take her up. He says that since she has been off the run there has been a demand from the merchants and others in the northern ports for her return, and she will be leaving within the next few weeks in charge of Captain Noel with the owner aboard.

Speaking of Essington, Mr. Cunningham says that a very large business is expected there during the coming season. The greater part of the construction work is being done in the neighborhood of that town, and it is much more conveniently situated for the camps than is Prince Rupert. For that reason they expect to have the cream of the business.

Mr. Cunningham looks for a very large influx of people for interior B. C. This year a great many people went in, but this season there will be a great many more. The construction of the railroad is inducing people to go there, some to settle, others on business or speculation intent.

Port Essington is fast recovering from the result of the fire. The places of business are being rebuilt, and a general air of prosperity prevails everywhere.

PREPARING FOR SALMON SEASON
Canners on Fraser River Make Plans for Pack of 750,000 Cases.

Vancouver, April 8.—Preparations for salmon canning season of 1909—the big year—will be in full swing on the Fraser river by the end of the present week. Already a large number of cannery employees have left for Stevenson to take up the routine of their duties, getting early on the ground because the preparations for the season are necessarily greater and more extensive than in the case in a year of an ordinary sized run of fish.

The Fraser river canneries, all of which will be in operation, are this year making plans for a total pack of 750,000 cases of salmon. While this is a very large pack, it is not so large as was the pack of 1905, the last "big" year. In 1905 the total pack of salmon on the Fraser amounted to 1,167,000 cases. There seems to be an opinion among the packers that the present year's catch of fish will not be as large as was the take in 1905.

There are some pioneer canners who declare that they have faith in the Indian prediction that there will be as heavy a run of fish this season as ever before. The Indian wiseacres insist that there was so much snow last winter that the salmon are certain to run in great numbers.

PAYNE TARIFF BILL.

House Votes in Favor of Duty of 15 Cents Per Bushel on Barley.

Washington, April 8.—The House yesterday, in committee of the whole, voted overwhelmingly in favor of retaining the duty of 15 cents per bushel on barley, as provided in the Payne bill. The following amendments were defeated:

By Tawney, of Minnesota, for a duty of 20 cents per bushel.

By Miller, of Kansas, for a duty of 25 cents.

By Alexander, of New York, for a duty of 10 per cent, ad valorem, or approximately 5 cents per bushel.

By Humphrey, of Washington, to place barley on the free list.

The duty on barley under the Dingley law is 30 cents per bushel. The proposed duty of 25 cents per bushel on barley malt provided by the Payne bill was accepted, an amendment by Miller, of Kansas, to place the duty at 45 cents being voted down vociferously.

The House placed tea on the free list by an overwhelming vote. The Payne bill had provided an eight-cent duty on each pound of tea. By another overwhelming vote the House adopted the Norris amendment, fixing a duty of 1 per cent on oil.

SEA TRAGEDY OF LONG AGO IS TOLD
Chief of Kitkatala Indians Tells How Boston Brig Was Lost.

There is at Kitkatala an old Indian chief, so old that no one knows just what his age is, who tells a tale of one of the tragedies of the olden days the story of a ship that never returned. A recent arrival in the city tells the story of the old Indian chief.

About one hundred years ago there was a brig from Boston came to these waters. Her voyage was partly for the purpose of trading with the Indians, buying the pelts of the otter and the seal, and partly it was a voyage of discovery. She sailed north up this coast until, reaching the more northerly islands of British Columbia, she passed up the channels and finally arrived at a place known locally as Pirate's Cove, although that name is not on the charts. There they decided to winter and, finding deep water in the cove, hove their ship as close to shore as possible and made her secure.

For some time all went well, but there came a time, as there often does in such cases, when the white men began to interfere with the Indians of the neighborhood. Complaints were made to the big chief of the Kitkatala's and a raid was planned.

Every canoe in the Indian village was manned. Every male who was able to carry a spear, and who was not too old, was enlisted in the move to avenge the insult to their race, and at the same time enrich themselves with all the paraphernalia of the white men—the cooking pots, the guns, the ornaments which their women coveted, and more important than all, the powder and fire-water, both of which the white men cherished and the Indians dearly longed to have.

The plan of campaign has not been handed down in tradition. Whether it was that the brig was storm-torn during the night, or whether a ruse was adopted to lure the white men into false security, the legend does not state; but the brig was safe and sound one day in the late autumn, and a day later she had been scuttled, all the things which the Indians coveted having been taken from her. The crew—not one was saved. The bodies were cast into the sea, and the mothers and wives of Boston watched for them for weary years, but they never returned.

PRICES LOWER ON NEW YORK MARKET

Reaction Near the Close Responsible for Numerous Declines. (Times Leased Wire.) New York, April 8.—Trading in to-day's session of the stock exchange represented nothing more than the evening up of professional accounts, very little new business making its appearance. The coming three-day holiday evidently was not relied by the shorts, as their light but persistent covering was the lever on which prices were raised to-day. Sugar advanced 2 points, Colorado Fuel & Iron 2 1/2, Union Pacific, People's Gas and others, 2 points. Gains of a point were numerous throughout the list. An irregular reaction during the last part of the day was a result of a large fraction from their top figures. The New York stock exchange will be closed to-morrow, Good Friday. Union Pacific closed 187, Southern Pacific 114, Northern Pacific 112, People's Gas, 174, Sugar 134, Colorado Fuel & Iron 38, Copper 74.

CURE IT IN ONE DAY.

Coughs and Colds Disappear Like Magic When Hyomel Is Used. If the thousands of people who suffer from hacking coughs and agonizing colds would arouse themselves sufficiently to follow this advice, they would cease to complain within twenty-four hours. Here is the advice, if you take it and you are afterwards sorry that you did, it won't cost you a penny. Go to D. E. Campbell, the druggist, and purchase from him a Hyomel (pronounced High-o-mel) outfit. It will only cost you \$1.00. Take it home; use it according to directions and if it does not cure your cough or cold, take it back and D. E. Campbell will refund the purchase price. Mrs. I. C. Coon, of John Street, Acton, Ont., says: "I had a swelling come near my eyes which was caused by the catarrh condition. I had to cough up the bad impurities that dropped into my throat, and it felt as if a hard cold had attacked me, right in my head, nose and glands near. A week's treatment of Hyomel overcame my trouble. I am glad to endorse Hyomel." When you use Hyomel you don't swallow nauseating drugs. You simply breathe in the soothing, pleasant and antiseptic Hyomel air through the little pocket inhaler that comes with each outfit. As this medicated air passes over the inflamed parts, relief comes almost at once and cure follows. Hyomel is also guaranteed by D. E. Campbell to cure catarrh, croup, grip and asthma.

HEARING OF FISHERY QUESTION POSTPONED

Will Not Be Considered Pending Decision in Indian Lands Case.

Vancouver, April 7.—The deputy attorney-general asked the full court yesterday to be allowed to proceed with the argument on the validity of the B. C. Fisheries Act, but the court seemed somewhat averse to hearing it. Chief Justice Hunter said that the primary function of the court was to try litigation, and the question was whether they should act as an advisory body to the crown. This was a question of considerable gravity, and they were still considering the previous reference made to them in the Indian lands case. They were being asked as lawyers to advise the government, but that was the function of the attorney-general. Following the Chief Justice's suggestion it was finally decided to enlarge the matter until the court had determined whether the Indian lands case came within the purview of the matters that might be referred to the full court. That and the fisheries dispute, both matters between the Dominion and provincial governments, are evidently to be made to stand off together.

INTERESTING LECTURE.

Rev. Dr. Ross, of Seattle, gave an interesting lecture in the Metropolitan Methodist church Tuesday night before a large audience. His subject was "Winners," or "How to Make a Living." For half an hour before the lecture E. Parsons gave an organ recital which was much appreciated. Miss Ella Cocker also sang a solo in a most acceptable manner. Yesterday afternoon the American consul, Hon. A. Smith, gave a luncheon to Dr. Rees at the Empress hotel. There were present, in addition to Mr. Smith and Dr. Rees, Mayor Hall, Rev. T. E. Holling, N. Shakespeare, D. Spencer, W. H. Bone, Rev. W. Leslie Clay, W. J. Penney, Rev. S. J. Thompson and Dr. Ernest Mall.

SELF CURE NO FICTION! MARVEL UPON MARVEL! NO SUFFERER NEED NOW DESPAIR.

Without waiting a doctor's bill or falling into the deep ditch of quackery, may safely, speedily and economically cure yourself without the knowledge of a second party. By the introduction of THE NEW FRENCH REMEDY THERAPION, a complete revolution has been wrought in the department of medical science, whilst thousands have been restored to health and happiness who for years previously had been merely dragging out a miserable existence. THERAPION No. 1—A Sovereign Remedy for discharges from the urinary organs, suppurating infections, the use of which does irreparable harm by laying the foundation of structure and other serious diseases. THERAPION No. 2—A Sovereign Remedy for primary and secondary skin eruptions, ulcers, pains and swellings of the joints, and all those complaints which accompany and saracantha are popularly but erroneously supposed to cure. This preparation purifies the whole system through the blood and thoroughly eliminates all poisonous matter from the body. THERAPION No. 3—A Sovereign Remedy for indigestion, nervousness, impaired vitality, sleeplessness, distaste and incapacity for business or pleasure, loss of appetite, blushing, indigestion, pains in the back and head, and all those disorders resulting from early error and excess which the faculty so persistently ignores, because so important to cure or even relieve. THERAPION is sold by principal Chemists throughout the world. Price in England 12/6. In ordering, state which of the three numbers required, and observe that the word "THERAPION" appears on British Government Stamp in white letters and red ground, and is sent by every package by order of His Majesty's Hon. Commissioners, and without which it is a false and worthless preparation. Wholesale from Henderson Bros., Ltd., Victoria, B. C.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine? Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine.

Dr. Pierce believes they have a perfect right to INSIST upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses and derangements, giving rise to frequent headache, backache, dragging-down pain or distress and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

It is foolish and often dangerous to experiment with new or but slightly tested medicines—sometimes urged upon the afflicted as "just as good" or better than "Favorite Prescription." The dishonest dealer sometimes insists that he knows what the proffered substitute is made of, but you don't and it is decidedly for your interest that you should know what you are taking into your stomach and system expecting it to act as a curative. To him its only a difference of profit. Therefore, insist on having Dr. Pierce's Favorite Prescription. Send 50 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages cloth-bound. Address Dr. Pierce as above

"THE MILLS OF THE GODS."

George Broadhurst's Strong Play to be Here To-morrow.

"The Mills of the Gods" is the title, and New York city the scene, of a new play by George Broadhurst, which will be seen here to-morrow night. It is claimed for this drama that it is stronger than "The Man of the Hour," "A Fool and His Money," "Wildfire," and other successes of which Mr. Broadhurst is the author. This play has the distinction of a three months' run at the Astor theatre, New York, and similar runs in Chicago, Philadelphia, and Boston. The play should attract a capacity audience on its presentation at the Victoria theatre.

JAPANESE CONCERT.

Young Ladies of Knox' Church Give Charming Entertainment Last Night.

The Japanese entertainment, given by the young ladies of Knox church in Institute hall last evening, in aid of the organ fund, was a very charming affair, and most enjoyable throughout.

Miss Laine opened the programme with a well rendered piano solo, which was encored. A very pretty chorus followed, given by twelve young ladies in picturesque Japanese costumes. Mrs. E. Willman contributed a vocal solo which was much enjoyed; next came another pretty chorus, in which Miss Eva Howell took the solo part. Miss Eva McLaren and the Misses Howell contributed vocal solos which were well received and encored; and a violin solo by Arthur McCoy, accompanied by Jesse Longfield, carried the audience by storm. The grand march and fan drill, given by the entire company, was perhaps the prettiest feature of the programme, the effect of the quaint costumes, and bobbing chrysantheums in the young ladies' hair, being very fetching.

The Misses Howell and McLaren acted as accompanists during the evening. Among those taking part were: Katie Amerson, Bessie Ryan, Edith Howell, Minnie Heston, Ruby Poye, Millie Jameson, Maud, Mabel, Louisa, Edith, Myrtle Louisa, Eva, Maud and Jessie Donovan, Jean Halliday, Evelyn Pines, Dorothy Gray, Hazel Parfitt, Marion and Mildred Corbett, Irene Marsh, Regina Wall, Millie Wilson, Edna McGregor, Rachel Louisa, Mabel Charlton, Edith Wilson, Eva McLaren, Elsie and Amelia Scott, Alice Morrison, Delma Johnson, May McCorkill and Rosy Brakes.

GOAL AND WOOD

MRS. FITZ-GIBBON BEFORE MOTHER'S CLUB Practical Address Delivered Yesterday—Other Features of Programme.

The Mothers' Club held a very delightful meeting yesterday afternoon in the Spring Ridge schoolhouse.

The meeting was opened with a piano solo by Miss Perry, after which the president, Mrs. Graves, read a most suitable and helpful selection on Self-Dependence, by Matthew Arnold. Mrs. Simmonds, the secretary, followed with the minutes of the last meeting, after which the speaker of the afternoon, Mrs. Fitz-Gibbon, was introduced.

The latter, in introducing her subject, "What we do and what we are," said she hoped her audience did not expect her to treat it from a profound standpoint, because she had found that it was the seemingly trivial things of life which were really great. Speaking of the universally acknowledged egotism of youth, Mrs. Fitz-Gibbon said that when a girl was standing on the brink between girlhood and womanhood, everything was so brand new to her that she felt certain in her own mind nothing so wonderful and enchanting, or, it might be, aggravating, had ever happened to anyone before, certainly not to her maternal parent.

She lived in a state of youthful ferment, and was full of truths of which she was quite unconscious. When the inevitable lover came he was of course the most wonderful lover the world ever saw. Later, when she married and faced the stern realities of life, romance was apt to vanish, and life became made up largely of "seeming trivialities, and a never-ending round of daily duties. The spring sunlight, instead of tending to the furtherance of romance, turned its cruel searchlight on the worn spots in the carpet, the dingy curtains, the shabby furniture. So many things were needing to be replenished, and the children seemed to shoot up out of their clothes, which never grew in proportion to their wearer's increasing needs, that the poor house mother, tired, discouraged, distracted almost sometimes, sat down in despair and wondered what was the use of it all.

For these disheartened ones the speaker had the most encouraging words, and drew a comic word picture of what would happen in Victoria if some fine morning every mother would go on strike and refuse any longer to fulfill the thousand and one daily tasks which stood for the comfort and well-being of the homes represented in our fair city. "Why," said the speaker, "the terrible scenes enacted in the Commune of Paris would be mild in comparison with the misery there would be, if the mothers went on strike not only here, but all over the world."

"Mothers," she continued, "are the stability of all civilized nations. They are the makers of empires; they are the tiny mosaics which go to the rearing of the most beautiful structures. Man brings the raw product, the woman converts it into home, home, and home training always count in the end. No matter how far a child may wander if his home training has been right he will go back to that straight as an arrow. All great men admit the maternal influence. The eyes of people across the seas are turned on Canadian mothers, wondering if it be safe to trust their sons and daughters in this far-off land. The speaker said it had been a pleasure to her to find on her arrival in Victoria that old country customs were observed here; that the foundations of culture and refinement and truth and right living were firmly and truly laid.

At the conclusion of her address Mrs. Fitz-Gibbon was presented with a beautiful basket of hyacinths by two little girls, Doris Graves and Eleanor Parfitt.

Miss Fitz-Gibbon contributed a solo, "Father's Lullaby," in a full, rich voice, which was much enjoyed by all. She was accompanied by Miss Perry on the piano, with Mrs. (Dr.) Leeder rendering a violin obligato.

Mrs. (Dr.) O. M. Jones followed with a beautiful recitation, "Which Shall It Be" which she gave with great delicacy and pathos. She was presented with a pretty bouquet of violets by Doris Graves.

The schoolroom was very bright and pretty with decorations of spring flowers. Mrs. Jenkins spoke most appreciatively of Mrs. Fitz-Gibbon's address, and moved a vote of thanks to all who had taken part, which was given standing.

The next meeting will be held the first Wednesday in May, and Mrs. (Dr.) Hasell will be the speaker.

Among those present were Mrs. James Dunsmuir, Mrs. Jenkins, Mrs. Smith, Mrs. Hayes, Miss Lawson, Mrs. Savory, Mrs. Barrett, Mrs. Switzer, Mrs. Pierce, Miss-Russell, Mrs. Peden, Mrs. Renour, Mrs. Sherwood, Mrs. Hammond, Mrs. Curry, Mrs. Scales, Mrs. Christie, Mrs. Bosse, Miss Behnen; Mrs. Wall, Mrs. Witherscott, Mrs. Hasell.

REPEAT ORDERS

The grocers tell us that the sales of Barley Flakes are increasing—that the repeat orders are now coming every day; we expected this, and have not been disappointed.

The reason is—the quality is in the goods—and we purpose keeping it there; that has always been our ambition—to make the best in every line we produce.

QUALITY

Wins out every time, in all lines—and our cereals are fresh; we do not wish any grocer to sell our goods, if these goods have become stale; we prefer replacing them with new stock, as it pays. We will not advertise our Breakfast Foods at "slaughter prices," as some have done—but we will give you quality.

DOG SHOW WILL CLOSE TO-NIGHT

SOME HIGH CLASS CANINES EXHIBITED

Interesting Addresses Given By Judge Taylor at A. O. U. W. Hall.

The dog show which is being held in the A. O. U. W. hall will be closed this evening. Major J. M. Taylor has completed his task of judging the dogs. He hands out high compliments to Victoria dogs. He says that Countess Belle, owned by T. Smith, is the best Gordon setter he has seen.

Last evening there was a good attendance and the lecture of the judge was listened to with the greatest attention. Lantern slides were thrown on a screen showing some of the world's greatest canines.

This morning T. S. Hickford had marked success. His Arbutus Swallow and Mallywd Major won first as the best brace of setters and also carried off the prize as the best team of setters.

Mallywd Major, Arbutus Swallow, Arbutus Bessie and Arbutus Rego won the leading place as the best team of setters or pointers in the show. Arbutus Bessie won first in the consolation prizes. Arbutus Swallow is only eleven months old instead of two years of age as was stated yesterday.

The bench show this year has been a great success in so far as the dogs exhibited are concerned. There should be a large patronage this evening before the show closes.

All Victoria sporting men will deeply regret that Victoria Boy, the well-known pointer owned by F. L. Wolfenden, is dead. The owner only recently refused \$700 for him. Victoria Boy died last evening at his master's home, death resulting from poisoning. The

For Easter Flowers

EASTER RE-quires something unusual in the way of floral decoration in the home — that day fairly ushers in the Spring season and the new flowers are used in plenty to make the home mirror the freshness and brightness of the outer world.

Half the beauty of the flowers is lost if you haven't a suitable receptacle. You'll need some flower-holders, and here is the best place to fill your wants.

We have all sorts of suitable vases—long and narrow, short and broad—for lilies and roses, for pansies or violets—to suit any and all of the beauties of the floral kingdom that bloom at this season.

You'll be surprised at the low prices for the simple styles. More money, of course, buys more elaborate pieces. All are excellent values.

We show GLASS VASES in many styles, from \$1.50 down to 10¢
CUT GLASS VASES range in price from \$35 down to \$3.50
JARDINIERES, in all sizes and colors, from, each 35¢
