Wikipedia sköts av människor som du och jag. För människor som du och jag.

A screenshot of the Wikipedia "Community" page. The page title is "Community" and it includes a sub-header "From Wikipedia, the free encyclopedia". The main content area contains a definition of "community" and a section titled "Perspectives from various disciplines" with a sub-section for "Sociology". A sidebar on the left lists navigation options like "Main page", "Contents", and "Languages". Five user avatars are overlaid on the page with lines pointing to specific sections: one points to the top navigation, another to the "Main page" link, a third to the "Interaction" section, a fourth to the "Languages" section, and a fifth to the "Sociology" sub-section.

## Community

From Wikipedia, the free encyclopedia

*For other uses, see [Community \(disambiguation\)](#).*

The term **community** has two distinct commutative meanings: 1) a small, social unit of any size that shares common values; community or international community, and 2) in biology, organisms sharing a populated environment.

In human communities, intent, belief, resources, preferences, and conditions may be present and common, affecting the community's cohesiveness.

Since the advent of the Internet, the concept of community can now gather virtually in an online community and share location. Prior to the internet, virtual communities (like social media) are limited by the constraints of available communication and technology.

The word "community" is derived from the Old French *communis* (*com*, "with/together" + *munus*, "gift"), a broad term. Some examples of community service are to help in charity.
