GENERAL INTRODUCTION.

It is an advantage, which the United States of America enjoy over older countries, that they can trace, with much greater precision, the course of events, which have marked their progress from their first settlement. But this advantage is attended by responsibilities, which are not always properly regarded. It is not enough that their respective histories can be more readily rescued from oblivion, by patient and diligent research; it is of equal, if not of more, importance, that the materials for those histories should be so preserved as to be always readily available, to enlighten their citizens as to the events of the past, and intimate the effect, upon the future, of the lessons those events are calculated to teach.

In the preface to his impartial and eloquent history of the United States, Mr. GRAHAME thus alludes to their annals:—"There never has been a people on whose character their own historical recollections were calculated to exercise a more animating or salutary influence. * * * The origin of the nation, and the rise and progress of

its institutions, may be distinctly ascertained; and the people enabled to acquire a complete and accurate conception of the character of their earliest national ancestors, as well as of every succeeding generation, through which the inheritance of the national name and fortunes has devolved upon themselves." These sentiments were those entertained by the gentlemen who, in 1845, organized the "New Jersey Historical Society," with the view "to discover, procure and preserve whatever relates to any department of the history of New Jersey—natural, civil, literary or ecclesiastical—and, generally, of other portions of the United States."

In 1843, previous to the organization of the Society, the same gentlemen—being impressed with the propriety of New Jersey's taking some steps to obtain from the English Archives, copies of the records referring to the Provincial history of the State—brought the subject to the attention of the Legislature, and, at the next session, Governor HAINES alluded to it in his annual message. This led to the introduction of a series of resolutions, emanating from the Judiciary Committee, which were intended to effect the object through Mr. John Brodhead, the agent of New York; then abroad, engaged in securing the documents referring to that State. Although preceded by a favorable report, the resolutions, as they required a majority of two-thirds, did not pass.

In 1846, the Historical Society presented a memorial, urging action on the part of the Legislature; but, notwithstanding a recommendation of Governor STRATTON, and another favorable report, from a special committee, the measure was again defeated.

The Society, however, continued its endeavors to effect the object in view; and, in 1849, through private subscriptions, secured sufficient funds to take the preparatory step of obtaining an index to the New Jersey Colonial Documents in the State Paper Offices, through an agent in London. This was completed in 1851; and, in 1854, the duty of editing the Index was assigned to Mr. Whitehead, the Corresponding Secretary; and, in 1858, under the title of "An Analytical Index to the Colonial Documents of New Jersey, in the State Paper Offices of England; with Notes and References to Printed Works and Manuscripts in other Depositories," the Society published a valuable volume of over 500 pages; furnishing the title, date, place of deposit and summary of contents of each document—over 3,500 in all—both in England and America; constituting the fifth volume of its "Collections:" the Legislature subscribing for 500 copies of the work.

This action of the Historical Society developed the interesting nature of the documents sought to be obtained, and delay in their procurement could

no longer be regarded with favor. But still, it was not until 1872, through the instrumentality of the Hon. NATHANIEL NILES, Member of the Legislature, from Morris County, that authority was given to the Society to procure copies of all papers, directly referring to the history of the State, which might be found in the State Paper Offices in England. This was subsequently, in 1874, so modified, as to include the procurement of documents, of a like import, that might be found elsewhere; and, in 1878, the authority was still further extended to the arranging, collating and publishing the papers thus procured.

The Society appointed, as the committee to have charge of these important duties, the Hon. NATHANIEL NILES, Ex-Governor DANIEL HAINES, Ex-Governor JOEL PARKER and W. A. WHITEHEAD. In 1878, Ex-Governor MARCUS L. WARD was appointed on the Committee, in place of Ex-Governor HAINES, who had died; and the duty of editing and preparing the documents for the Press, and superintending the printing of the several volumes, was, at the request of the Society, assigned to Mr. Whitehead. The first of these volumes is here presented.

On entering upon his duties, the Editor found several questions demanding his consideration:—

First.—Within what limits should the selection of the papers to be printed be confined? As there

could be no doubt of the additional value given to the "Analytical Index," referred to above, by including therein references to papers found elsewhere than in the State Paper Offices of England, the Committee was considered to have acted wisely, in securing copies of all documents of the character sought to be secured, referring to New Jersey, wherever found; and, with comparatively few exceptions, all thus selected will be found printed in these volumes. For, although papers of much importance in arriving at right conclusions, respecting many events in our history, have already been incorporated in the few works thereon, which have been published; yet, to leave them out of this compilation, in consequence, would render the volumes defective, and deprive them of—what, it is hoped, they will ever deserve—the consideration due to reliable authorities for facts bearing upon any event of the early history of the State.

Second.—To what extent should his notes and annotations be carried? Although many of the documents may throw much light upon individual character and incidental circumstances, elucidating important events; yet, as they were not intended to constitute parts of a connected narrative, it seemed advisable that casual allusions to persons and events identified with the period, might be rendered more serviceable, by receiving additional dates and explanations; and to that end the remarks of the Editor

have been directed, in this connection. He cannot promise his fellow-citizens that they will find the result of his labors as complete as they may desire. Comprehensive, as he may have aimed to make them, he is fully aware that they come far short of the perfection sought. No one can regret more than himself, that what is intended to awaken the people of New Jersey to greater interest in the history of the State, should fail to realize any expectations that may have been aroused.

In the use of capital letters, and in punctuation, the original documents have been scrupulously followed; and the abbreviations, so common in old manuscripts, have been imitated as nearly as possible. Those accustomed to examine such manuscripts, will have noticed the practice of omitting vowels—substituting for a double consonant a single letter—and the leaving off one or more letters at the end of a word—a circumflex above the line taking the place of one or all. These peculiarities have been sought to be preserved in these pages by the use of apostrophes above the line.

East Side of Delaware River, now Cape May County,
New Jersey.*

[From New York Colonial Documents, Vol. XII., page 17.]

We, Director and Council of New-Netherland, residing on the Island of Manhattan at Fort Amsterdam, under the jurisdiction of Their Noble High Mightinesses, the Lords-States-General of the United Netherlands and the Incorporated West-India Company, Department of Amsterdam, attest and declare herewith that to-day, date underwritten, appeared Peter Heyssen, skipper of the ship "Walvis," at present lying in the South river, and Gillis Hosset, commissary on the same, who declare, that on the 5th day of May, last past, before them appeared personally, Sawowouwe, Wnoyt, Pemhake, Mekowetick, Techepewoya, Mathamek, Sacooek, Anehoopoen, Janqueno and Pokahake, lawful owners, proprietors and inhabitants of the east side of Goddyn's East bay, called Cape de Maye, who for themselves in proportion of their own shares and for all the other owners in regard to their shares of the same land, declared of their own accord and deliberately in their said quality, to have transported, ceded and conveyed as lawful, unalienable and free property by virtue and title of sale and in consideration of a certain quantity of goods, which they, the conveyors, acknowledge in their said quality to have received and accepted before the passing of this contract, and they herewith transport, cede and convey, to and in behoof of the Noble Honorable Samuel Godlyn and Samuel Bloemmaert (who are absent and for whom they had accepted the hereafter described land subject to the usual reservation) to wit.: the east side of Godyn's bay or

Cape de May, reaching 4 miles from the said cape towards the bay and 4 miles along the coast southward, and another 4 miles inland, being 16 square miles, with all interests, rights and privileges, which were vested in themselves in their aforesaid quality, constituting and delegating the aforesaid purchasers in their own stead as real and actual owners thereof and giving and surrendering at the same time to their Honors, full, absolute and irrevocable power, authority and special charge, that *tamquam actores et procuratores in rem propriam* the Noble Messrs. Godyn and Bloemmaert or those, who might hereafter receive their property, enter upon, possess in peace, inhabit, cultivate, keep, use, do with, trade and dispose of the aforescribed land as they would do with their own inherited lands and fiefs, without that they, the conveyors shall have, reserve or keep in the least degree any particle of claim, right or privilege thereon be it of ownership, authority or jurisdiction, but for the behalf as aforesaid they herewith entirely and absolutely desist from, give up, abandon and renounce it now and forever, promising further not only to keep, fulfill and execute firmly, inviolately and irrevocably in infinitum this, their contract and what might be done hereafter on the authority thereof, but also to deliver the said tract of land and keep it free against every body, from any claim, challenge or incumbrance which any body might intend to create; as well as to have this sale and conveyance approved and confirmed by the remainder of the co-owners, for whom they are trustees; all this under the obligations required by law, in good faith, without evil intent or deceit. In testimony whereof this has been confirmed by our usual signature and our seal appended thereto. Done on the aforesaid Island of Manhattan, at Fort Amsterdam, the 3^d of June, A^o 1631 ¹

¹ This patent and one for land on the south side of the bay, were issued by Peter Minuit, while Director of New Netherland, and is the only document found in Holland by Mr. Brodhead, as having come down to the present time from the West India Company, the rest having been sold as waste paper. Governor Nicolls' grant for land in New Jersey ²

TO all to whom these Presents shall come, I Richard Nicolls, Esq: Governor under his Royal Highness the

¹ Although signed by three Indians, only one of the names corresponds with those given as those of the grantors in the body of the deed, and he, Mattano, had already, in 1651, parted with his interest in the lands to Augustine Herman. See "East Jersey Under the Proprietary Governments," 2d Edit., p. 21. ED.

² This grant occasioned for many years great disorder in the province. Having been given by Governor Nicolls, after the Duke of York had granted New Jersey to Lords Berkeley and Carteret, the rights of Baker and his associates were contested by those claiming through them, and the litigation that ensued was not ended when the war of the Revolution commenced, and put an end to all such controversies. The "Elizabethtown Bill in Chancery," printed in 1747, and the "Auswer" thereto, printed in 1759, throw all needful light on the subject. ED.

JOHN BERKLEY, ¹

G. CARTERET. ²

¹ SIR JOHN BERKELEY, youngest son of Sir Maurice Berkeley, was born in 1607. He commanded the army against the Scots in 1638, and was knighted at Berwick in that year. He bore a conspicuous part in the civil wars that followed, supporting the royal cause; became Governor of Exeter, and General of the King's forces in Devon. He participated in the exile of the royal family, in 1652, and was placed at the head of the Duke of York's establishment, having the management of all the Duke's receipts and expenditures. In 1658 he was raised to the Peerage, as Baron Berkeley of Statton, in the county of Somerset. On the restoration he became one of the Privy Council, and towards the close of 1669, Lord Lieutenant of Ireland, and administered the government for two years. In 1675 he was appointed Ambassador Extraordinary to Versailles, and died August 28th, 1678. Although holding so many distinguished offices some authorities assert that, at one time, he was "under a cloud," in consequence of his being detected in selling of offices, and other corrupt practices. Pepys speaks of him as being esteemed "a fortunate, though a passionate, and but weak man as to policy," and "the most hot, fiery man in discourse, without any ease," he ever saw. The intimate relations existing between Berkeley and King Charles and the Duke of York, as shown in Pepys' illustrative diary, fully account for the granting to him an interest in New Jersey, as well as in Carolina, which he had previously received.—"East Jersey Under the Proprietary Governments," p. 103; "N. Y. Colonial Documents," Vol. II., p. 599. Ed.

² SIR GEORGE CARTERET was born on the island of Jersey in 1599. Entering the navy at an early age, he attained a high reputation as a naval officer, and in 1626 was appointed by Charles I. Joint Governor of the island of Jersey. He was much esteemed by all parties. In 1640 he was appointed Comptroller of the Navy, and in May, 1645, was created a Baronet. On the commencement of the civil war he retired from the navy, and withdrew with his family to Jersey, but subsequently returned to aid the projects of the royalists. He afterwards, on the ruin of the royal cause, afforded an asylum to the Prince of Wales and other refugees of distinction within his government of Jersey, and defended the island against the Parliamentarians, Elizabeth Castle being the last fortress that lowered the royal banner. At the restoration, having shared his Royal Master's banishment, Sir George formed one of the immediate train of the restored monarch on his triumphant entry into London. The next day he was sworn of the Privy Council, appointed Vice Chamberlain, and constituted Treasurer of the Navy. In 1669 he was expelled from the House of Commons, to which he had been elected, to represent Portsmouth, for misconduct as Vice Chamberlain, being accused of embezzlement. (See "Andrew Marvell's Letters," pp. 125, 126.) In 1673 he was appointed one of the Lords of the Admiralty, and continued in the public service until his death—January 14th, 1679. The fidelity with which Carteret, like Berkeley, had clung to the royal cause, gave him also great influence at court. He had, at an early date, taken a warm interest in the colonization of America, and became, with Berkeley, one of the proprietors of Carolina, prior to their becoming jointly interested in New Jersey.—"East Jersey Under the Proprietary Governments," p. 104; "New York Colonial Documents," Vol. II., p. 410.

RICHARD NICOLLS

Colonel Nicolls, Governor of New York, to the Duke of York.

[From "New York Colonial Documents." Vol. III., p. 105. No date given.]

[*Fragment.*] I must now descend to the partiular occasion of giving Your R^l H this trouble, wherein My L^d Berkely and S^r G. Carterett are concern'd, who, (I know also) will be so just to mee as to have mee excus'd for manifesting clearly my knowledge to Your R^l H^s. About

10 daies past Cap: Bollen shews mee a letter from my L^d Berkeley and S^r G. Carterett and therewith a grant from Your R^l H^s to them for all the lands to the West of the Hudsons River as more fully may appeare in the said graunt, wherein is comprehended all the improveable part of Your R^l H^s his Pattent and capable to receive twenty times more people than Long Island and all the remaining Tracts in Your R^l H^s his patent in respect not onely to the quantity of the Land but to the sea Coast and Delaware River the fertility of the soyle the neighborhood to Hudsons River, and lastly the faire hopes of Rich mines, to the utter discouragement of any that shall desire to live under Your R^l H^s his protection. In short, I hold myself oblig'd to give Your R^l H^s this account upon certaine knowledge having exactly considered and preferred the advance of Your R^l H^s his reputation and interest in these parts above all considerations or obligations whatsoever, and for my boldnesse I can at last but begg pardon. Neither can I suppose that My Lord Berkeley or Sir G. Carterett know how prejudiciall such a graunt would prove to Your R^l H^s, but I must charge it upon Cap^t Scott who was borne to make mischief as farre as hee is credited or his parts serve him. This Scot (it seems) aim'd at the same patent which Your R^l H^s hath, and hath since given words out that hee had injury done him by Your R. H^s, whereupon he contriv'd and betrayed my L^d Berkeley and Sir G. Carterett into a designe (contrary to their knowledge) of ruining all the hopes of increase in this Your R. H^s his territory, which hee hath fully compleated, unless Your R^l H^s take farther order herein. Upon this tract of land several new purchases are made from the Indians since my coming, and three Townes beginning; I gave it the name of Albania, lying on the west of Hudsons River, and to long Island the name of Yorkesh^r as to this place, the name of N. Yorke to comprehend all the titles of Your R^l H^s. Farre be it from mee to aggravate any thing beyond the bounds of a faithfull servant, for when it may conduct

most to Your R. H. his service, I shall as freely surrender up all parts to Your R. H^s his pleasure as it becomes me to doe. I presume farther to propose a better and a more entire traect of Land worthy of great consideration to My L^d Berkeley and Sir G. Carterett, which is that part of Delaware River, which is reduct from the Dutch, if it is not already disposd, if soe than that my L^d B & S^r. G. C. may have a hundred thousand acres all along the sea coast, which is a most noble Traect of land, but it will cost them 20,000 lb before it will yield a penny, and their childrens children may reap the profit, great have beene the abuses of false reports, whereof I am now fully satisfied, and yet I hope to render a satisfactory account to Your R. H^s by word of mouth, when it shall please Your R. H^s to give mee Liberty, and that your affaires heere are upon such a foundation as will not be shaken by my absence, for the present so it is that every short removall of mine produces ill Effects, and in plaine words the Towne & Country cry out they will leave their dwellings if they can not stay mee from going to Boston, such are their apprehensions of a Dutch invasion.

[From Manuscript Answer to a Bill in Chancery, in the possession of Charles H. Winfield, Esq., of Jersey City.

New York 27th February 1665.¹

Mr. W^m Jones and the rest of the undertakers of the Plantation upon Delaware bay or River—S^r.—

I have received yours of the 10th Instant by Captain Treat and Mr. Gregory for Answer to those alterations you have made in the Articles formerly Agreed upon; I cannot by any means consent unto, in respect that I have already sent them to the Lords Proprietors for their Assent, but if there be any words Omitted that are agreeing to the sense and right understanding of the said Articles, they shall be added when they are to be Engrossed and Confirmed farther by the Lords, for matter of appeals that must be both for the place, and to what Court the Governour Council and Generall Assembly shall appoint: for matters of theft, we must be Governed by such Laws as shall be made by the Generall Assembly, and it is like they may agree with those that you propose, but without doubt they will be very Cautious, in the taking away of any Man's Life, unless there be a Necessity for; for Commonage there is Provision made for that in the Lords Concessions as you have here Verbatim. Viz^t. they are to take care (meaning the Governour and his Council) that no Man if his Cattle stray, range or Graze. on any Ground within the said Province not actually Appropriate or set out to particular Persons shall be lyable to pay any Trespas for the same to us our heirs &c; Provided that Custom of Commons be not thereby pretended to, nor any Person hindered from takeing up and appropriateing any Lands so Grazed upon, and that no Person do purposely suffer his cattle to graze on such Lands, which Article I suppose will Answer your Expectation concerning that particular and therefore need not to be incerted in any Article; the 500 Acres Allotted to the Lords cannot be altered, it being a great deal less than they Intended by their Concessions; and besides it being Expressst in the Articles sent unto them, for the Councill is not to be Chosen but by the Lords Proprietors and the Governour, but Questionless if the Generall Assembly doth recommend any able Person to me. I may accept of him. I referr you to Cap^t. Treat and Mr. Gregorys relation who have

read the same in the Concessions, if any Person or Persons shall come and Inhabit within the Limitts of your County after the three Years Expired may have and enjoy the same Priviledges as you do, excepting the proportion and the benefit they receive by it, of Lands by which they must make a New agreement, but if they take up Land in any other County—they must be conformable to such Laws and Customs as are there Established, Excepting in matters of Judgment and Opinion; in Religion; for the Purchasers being out of purse and the great Loss they have sustained I cannot help them therein; in my Opinion those that Settle with them in that Tract purchased by them, must pay toward it, according to proportion for the Land he takes up by Patent. I desire to have a Copy of the Indian Grant, that I may know the Names of the places purchased and the Bouds thereof. I cannot grant any Exemption from the payment of the $\frac{1}{2}$ penny p^r. Acre it being all the advantage that the Lords Proprietors reserve to themselves and besides it being so Inconsiderable; especially that every Man pays for no more Land than what he appropriates to himself by Patent, that I shall not desire any abatement of it for my own particular; for the words heirs and Successors in the Title of the Articles. shall be Incerted. as also in the first and Second Articles.—In the third Article not contrary or agreable to the Laws of England seems to me one and the same, & a thing Indifferent, as also the word alteration without Generall Consent of the Freemen shall be added in that and in the 10th Article.—In the Eighth Article as — Indifferent Men shall Judge; shall be allowed of in the 10th Article shall be added. and for the Transacting and ordering all Affairs, and also in the 14th Article or Freemen of the Plantation.—for the 15th Article if I see Occasion and reason for it I shall allow a larger Extent of Bouds, to a Town or City than is there Expressed.—I understand it, your Settlement to be upon Delaware bay and River—for the fines they are to be disposed of, by the Generall Assembly for the defraying of

the Publick Charge of the whole Province, and your County being a People of it, will have as great a share as any other according to their—disbursements for the Publick use, it is understood in the 7th Article that if a man Willfully Neglects the recording of their Grant within one years time and no otherwise—All which amendments I do not doubt but will be to your satisfaction, and an Encouragement to those that are to Join with you with my love to yourself and your associates I Rest—

MY LORD

[*Extract.*]

. . . . My Lord it hath pleased His Royall Highnesse to grant by indenture to my Lord Berkeley and S^r George Carteret (amongst other tracts of inevitable prejudice to this Colony) all the East side of Delaware River. My humble conception & certaine knowledge directs me to informe Yo^r Lo^p that by the unskillfullnesse of the informers the West side of Delaware River now seated with Sweeds, Finns, and Dutch, is so crush'd between the Lord Baltimore's Patent on y^e West side, and the Lord Berkeley's indenture on the East, that the present inhabitants cannot possibly subsist in so narrow a compasse. In discharge of my duty to His Ma^{tie} I cannot but informe Yo^r Lo^p that if some course bee not taken to rectify these great mistakes, New Yorke, Delaware and the Lord Berkeley's interest will destroy each other; but if His Ma^{tie} & His Royall Highnesse shall think fitt to graunt to the Lord Berkeley S^r George Carteret and their associates all that tract of land to the West side and East side of Delaware River which was recovered to His Ma^{ties} dominions from the hands of the Burgemasters of Amsterdam, which was

twenty miles distance from each side of the River, I make no doubt but that all interests will bee fully preserved, and both planters and trade flourish in that & this Colony.

Eliz : Town the 26th May 1666—

To ORATON—Honoured Sachamore according to our agreements, in our last meeting ij have sent to you Cap:^t Treat, with some others and the Interpreters for to make an End—Concerning that Parcell of Land, that we were about the other day, and ij have given him full power to act with you, concerning the same so much if ij was with you myself: and what you do agree with him ij shall see you fully and duely satisfied; and as we have been and Lived together in unity and Amity ij do wish that it may continue it shall not fail of my side, that you may be sure of it, and you need not to question that it will prove very advantageous to you, and to the People under your Command, and as for those Complaints that you did to me of the abuses done to you at the Manhattans ij cannot help the same but you may be sure that the same hath been Committed without any consent or knowledge of the Governour and in the future this shall be amended, and ij have given him notice of it and ij am very well assured that if he hath known the same, for the respect that he hath for you he had not suffered it, and ij do promise you that if any Man under my Command do wrong you or yours upon prove of it he shall be severely Punished, the

same Justice I do expect from your side and I hope in a little time to be able to supply your People with such goods as they shall have need of, and not to go to them places where they receive affronts; in a short time I shall take an Occasion to give you a Visit in the mean while I remain, &c.

RIGHT HON^{BLE}

[*Extract.*] Shortly after y^e reducing of these parts from under the Dutch to his Ma^{ties} obedience,

¹ One of the Royal Commissioners to New England, &c. ED.

the Lord Jn^o Berkeley and Sir George Carterett sent over hither to take possession of a certain tract of land granted to them by His Royal Highness out of his patent, which hath proved very prejudiciall to this place and government. Their Bounds reach from the East side of Delaware River to the West side of Hudsons River includeing a vast tract of the most improveablest land within His Royall Highnes his patent. It hath taken away some Dutch vil-lages formerly belonging to this place and not above three or foure miles from it: the Duke hath left of his patent nothing to the West of New Yorke, and to the East upon the Mayne about sixteen miles only from Hudsons River whereon is but one poore village, Long Island is very poore and inconsiderable, and beside the City there are but two Dutch townes more, Sopus and Albany, which lye up North on Hudsons river. I suppose when y^e Lord Berkeley had that grant, it was not thought he should come so neare this place, nor were y^e inconvenieneyes of it known or considered.

I shall not trouble yo^r Lord^p with further relation of matters here, since Coll Nicolls can give you full and particular satisfaction both in this or any thing else relating to these parts.

THE DECLARATION.

Phillip Carterett Esq^r Governo^r of the Province of New
Jarsey in the behalfe of his maiestie Charles the Second
plaintiff: M^r William Hackett Master and Com^{and}^t of a
Sloop called the Indevor of Salsbery in the County of
Essex in New England Deffend^t: The Plaintiff Declareth
against the Defendant in behalfe of his Maiesty in an
Action of the Case; for that hee the Defendant haveing
no regard to the observation and keeping his Maiesties
Lawes made & by Act of Parliam^t passed in March 25th
1664: but Contrary thereunto hath presumed to come into
the Province above said wth his Vessell or Sloop & their
continued the space of Eight or tenn Dayes or more, unlading
and Lading his said Vessell or Sloop never makeing
any Entry of his said vessell or goods all w^{ch} is contrary to
Law, and for w^{ch} by Act of Parliament the said Vessell
or Sloop being now seized by the pl^t^s for the King is forfeit
wth hir loading, gunns tackle furniture, Amunition &
Aparrell to bee Disposed of as in the Law Provisision is
made for all which the plaintiff brings his Action and
Craveth Judgem^t of this Court.

The Defend^t pleads not guilty of the Declaration, Witt-
nesses were sworne, William Sargeant & John Bishop
Sen^t whoe gave in Evidence that the said W^m Hackett
after his arrivall at Woodbridge had notice that hee should
enter his vessell w^{ch} notwithstanding hee did neglect, Saying
words that it was needles.

W^m Hackett the Defendant maketh his reply as fol-
loweth.

1. that hee the Defend^t was ignorant of any such act of
Parliam^t bynding to enter vessells in every port haven or
harbor when they shall arrive.

2. hee supposeth that y^t said Act of Parliam^t respecteth not small vessells that trade on this Coast from towne to towne that they shall bee bound to enter their vessells in every towne they come to for the cause of making that Law and the only End & intent therof was for the advancement of the Kings Custom, & to prevent fraud & Deceit therein & its a sure rule take away the cause & the Effect Ceaseth for the King hath noe custom or imposition from these pts nor officers for such Ends & purposes Established therfor &c.

3. the Law was never published in this Province w^{ch} maketh it not to bee a law in this place & where their is not law their is not transgression for although it bee published in all pts else untill it bee published in this province and such other near plantations it cannot nor is not to bee a Law unto them.

4. it hath not bine the Custome of this place to require the Entry of Vessells arriving heere all the tyme since the Setlem^t of this province w^{ch} if it had the Defend^t should have had notice of it by other Vessells that formerly hath bine heere & then hee would have entered his vessell as others had don, but there being noe such Custome in these parts & noe such law published the Deftt. came not into these parts in such a presumptions manner not haveing regard to the Observation of his Maiesties Laws as the plaintiffe hath Declared in more Generall terms then hee is able to make appeare.

5. the Deftt would have Entred his vessell as aforesaid if there had bine any Law or Customary practice in this place for Doeing soe as well as Entred his Vessell in New Yorke where he knew it was the Custome & Law of the place soe to doe for the Defend^t his intention was not to defraud the King of any of his Customes in these pts by the not Entring his Vessell.

6^y. The Defend^t saith and can sufficiently p^{ve} that as soone as hee arrived wth his vessell to this porte hee tendered the Entring the said vessell to the plaintf.

7^y. The Defendant acknowledgeth that hee was at Woodbridge and other Seaport townes of this p^rvince & Stayed there wth his Vessell some dayes and loaded some goods there but possitively Denyeth that hee did there breake any of his Maiesties Lawes in soe doing for ther was noe Officer established in that pt. to take the Entry of Vessells by the plaintiff w^{ch} the Defendant Suposeth the plaintiff ought to have done if the Said Law had bine published & put in use in this p^rvince.

8^y. The Defend^t alleageth that his said Vessell the In-deavor is not lawfully arested by a publick Officer nor arested at all for there is nor was not any broad arrow sett upo' her Main Mast nor was there a broad arrow sett upon her Deck by any publick officer by virtue of any warrant from the Governo^r but the said Vessell is stopt by the plaintiff, hir sailes taken ashore & men put on bord, and the efect & Company turned out of hir whereby the Vessell is much Damnified: Now originall writts being the beginning of law & there being noe such writt for the Seasing the Defendants Vessell extant nor ever was, nor shee lawfully Arested: the plaintiff Doth by all Law and reason faile in his Suitt & the Defend^t may iustly require Dam'ages against the plaintiff and to bear all the charges of the Suit hereby ariseing.

9^y. The Defend^t Conceives it to bee Contrary to Law that the plaintiff should bee as hee is in this case Seazer, informer plaintiff and Judge.

10^y. Acts of Parliam^t for the Increase of Navigation and Shipping and for to p^rvent frauds and Deceipt in his Maiesties Customes in some cases gives one third pte of the Seized to the King: one third pte to the Governo^r the other third pte to the informer, In Some other Cases gives one halfe to the King the other halfe to the informer not to the Governor thereby implying that the Governor of any respective Countrey cannot be informer himselfe because hee then must necessarily bee both Seazer informer plaintiff & Judge of a case of his owne for if it should bee

allowed of in Law that such a Governo^r might bee informer it is like many Ships & Vessells would bee on as slight attempts as this Seized on by Governors for Luces sake.

11^y. The Defend^t alleageth the plaintiff being Governo^r of this pvince hath Condemned the Vessell allready as by his Declaration Doth evidently apeare for hee saith & that possitively that the said Vessell, is forfeited w^{ch} proceeding is absolutly Contrary to Law and cannot but have great influence on them y^t sitte Judges of this case hee being the Governo^r.

12^y. The Defend^t saith there is noe reason or Law that hee should bee put or forced to stand to y^e Verdict of another Jury because the former Jury hath by their Verdict Cleared the Defend^ts Vessell nor is it reason or Law that Juries should be over awed or new Jeuries pickt out to serve mens purposes, therefor the Defend^t stands to the first verdict of the Jury & in relation thereunto requires the benefitt of his Nationall Law.

13^y. his Maiesty hath himselfe in amost eminent Manner expounded that very p^tended Clause in the said act of parliam^t concerning entering of Vessells in amost notable Case of the like nature that happened in Mary Land upon the Seazing of a Vessell there for not Entring according to Law although in the said Province the said Law is published, And fyned the Lord Baltemore Eight thousand pounds sterling for the said seizure as is publickly knowne to many thousands

14^y. the Defendant maketh this his aforegoing answer to the plaintiffs Declaration reserving to himselfe according to the Lawes of England liberty as occassion shall require to answer further.

OFFICERS OATH.

The Secretary	} of New Jersey
Governoꝛ Philip Carterett	
Cap ^t James Carterett ¹	

The Occasion of y^e Present Meeting is the Lett^r brought
from M^r Toms by Peter Alricks about the Murder of two
Christians (Dutch Men) killed by some Indyans, at the
Island Matiniconck² in Delaware River.

¹ This is the first mention made of James Carteret, a son of Sir George, who, for a brief period, attained to some prominence in the affairs of the Province, being elected by the malcontents "President of the Country" over the rightful Governor. He left the Province in 1673 for Carolina, but subsequently returned to New York, where, in 1673, he had married the daughter of Thomas Delavall, Mayor of the city. He returned to Europe subsequent to 1679. "East Jersey Under the Proprietary Governments," 2d Edit., pp. 67, 68, 72. ED.

² "Matiniconck," afterwards known as Burlington Island. ED.

Peter Alricks ¹ being p^rsent relates what is to y^e Truth of the Murder upon w^{ch} hee is examined. Hee saith the whole Nation of the Indyans of whom these Murderers are, consists of about 50 or 60 persons. All the Mischeifs committed in Delaware these 7 yeares by Murder and otherwise, are said to be done by them.

The Indyans their Confederates (as it's supposed they will bee if a Warr follow) with this Nation of the Murderers, may bee about a thousand persons besides Women and Children.

The Names of the two Murderers, are Tashiowycam & Wywannattamo.

Peter Alricks declares, That two of y^e Saggamores of the Nation of the Murderers, promised their best Assistance to bring in the Murderers, or to procure them to be knockt i' the Head, if it be allowed by the Governor.

Many other Indyans that he mett upon the Road did very much disallow y^e murd^r & were very sorry for it, & offered their Assistance against them likewise, only the Difficulty was, that there were seven of these Indyans, Men of the Same Stock, that if the two should be seised, the other five would seek to bee Revenged; soe it was unsafe.

Divers other Discourses between him & the Indyans he related as to this matter. The Proposall to have y^e Murderers destroyed was to cause a Kinticoy to bee held, & in the midst of their Mirth, That then one should be hired to knock him i' the head. This by the Saehem.

Peter Alricks saith: The proper time to sett upon this

¹ PETER ALRICKS is first mentioned in connection with the settlements on the Delaware, in 1659. In 1665, in consequence of the hostility manifested towards the English, his property was confiscated and conferred upon William Tom. In 1668, however, he professed allegiance to the English and was placed in possession of Burlington Island, but on the Dutch obtaining the ascendancy again in 1673, he was equally ready to renounce it. He was subsequently appointed a Justice of the Peace, and filled other stations, indicating on the part of the chief authorities some confidence in his executive ability and general usefulness. It is thought that he subsequently became a member of the Pennsylvania Colonial Legislature.—See MS. account by Edwin Salter, in New Jersey Historical Society Library, and references in "N. Y. Col. Docts.," Vol. XII. Ed.

Nation of the Murderers is within a Month from this time, for after they'l breake off their keeping together in a Towne, & goe a hunting, soe bee separated & not to bee found, but now the danger is of their destroying the Corne and Cattle of the Christians.

The Occasion y^e Murther is said to bee that Tashiowycans Sister dying, hee exprest great Greefe for it, and said ——— The Manetto hath kill'd my Sister & I will go & kill the Christians, Soe taking another with him hee went & executed this Barbarous fact.

L^re from y^e Goveno^r to M^r Tom at Delaware Septem 26th
1671.

M^r TOM.¹

I received yo^r Lett^r of y^e 15th of September 1671 by Hendrick Loaper, wherein you give me an Acct. of the Barbarous Murder of y^e two Christians on Matinicoek Island by y^e Neighbour Indycans. I must confess I was much startled at y^e Narrative, and y^e rather in regard Capt. Carr had given mee lately soe full an Assurance, that all things between yo^u and y^e Indycans were so firmly settled, that there was hardly any Roome left for any Distrust or Jealousy of them, betwixt you and them; Much lesse that soe suddenly after they should breake out into

1 CAPTAIN WILLIAM TOM was the first English civil officer in West Jersey, and one of the most prominent and trustworthy early settlers. He came over with Sir Robert Carr, in the expedition under Col. Nicolls, in 1664. He was appointed to several offices, and, as Sheriff, his authority extended at one time over both sides of the Delaware, to Burlington Island. This office he resigned in August, 1672. In 1674 he was appointed Clerk of the town of New Castle by Gov. Andros, and subsequently a Justice, &c. It was after him that Tom's River, in South Jersey, was named. He died in January, 1678. See MS. account by Edwin Salter, in New Jersey Historical Society Library; and references in "N. Y. Colonial Documents," Vol. XII. Ed.

these unheard of Crueltyes & villanous Murth^r w^{ch} as their Crimes have not Paralell. soe I am assured y^e vengeance of God will never forsake us, till wee avenge y^e Blood of y^e Innocent on y^e contrivers heads; Had my Directions been bravely & vigorously followed by you in the last sad Accident, I doubt not but it would have p^rvented this; & I pray God this sin be not laid now to your charge. I shall by this Conveyance Transmitt but little to you in regard I know not how and when it may arrive you, but I reserve my more ample Instructions, w^{ch} I will send by Peter Alrick, who To-morrow will Imbarque in Tom the Irishman; However if this arrives you first I would have you to pretermit noe time, but to bethinke how a Warr may be prosecuted on those Villaines; And in regard it will require some time, till all Things be brought in Order to y^e best Advantage of Compassing our Designe. I think it requisite that all y^e ffrontier Scattering Plantacons be ordered immediately to thrash out or remove all their Corne, as likewise their Cattle, that soe they may receive y^e less Damage by the Effects of y^e Warr w^{ch} will ensue. Next that none (on paine of Death) presume to sell any Powder, shott, or Strong waters to y^e Indyans, and that in the meane time you carry (if practicable) a seeming Complacency with that Nation by either Treaty or Traffick, that soe they may have y^e less mistrust of our intended Designs; but if it can be soe contrived that that Nation will either Deliver up y^e Murtherers to you, or their Heads you have then liberty to assure that Nation of noe Disturbance till I am acquainted there wth; The Governo^r of New Jersey & Capt. James Carterett are acquainted wth all o^r Resoluecons, who this Day repaires from hence to his own Government to settle all Things in Order t^o y^e bringing those Villaines to condigne Punishm^t hee is very hearty & Zealous in that affaire; & I am assured wee may depend on a handsome & considerable Supply & Assistance from him; I charge you lett mee heare from you on all immergent Occasions, and bethinke yo^rselves of y^e prosecuting of

a warr, and therefore make y^e best preparacons in Order to it; If a good Worke were throwne about Matinicoek House, and that strengthened wth a considerable Guard, It would be an admirable Frontier; and from thence wee might proceed to an execucon when all Things are in readiness there unto. I am sorry to hear Capt. Carr is soe ill as you relate him; I hope hee may in some reasonable time recover strength enough to follow this Affaire; w^{ch} if at this time I had not soe many different and considerable Affaires to Dispatch, you should not have receiv'd a Letter from mee, but my own person.

I have nothing more at p^rsent to Add but to assure you that I am

Vpon serious and mature Consideration of what hath been returned by the Officers of Delaware in Answer to the late Ord^{rs} sent thither, concerning the Barbarous Murder committed by some Indyans on the East side of that River upon two Christians at Matiniconck Island, It is resolved and Concluded upon as follows :

Inp^{ms} That this present Season of y^e yeare is not a fitting time to Commence a Warr with y^e Indyans, who shall take part with the murderers, as well for the Reasons given in Writing from y^e Offic^{rs} at Delaware as for other Causes debated in Councell ; soe that the p^rsent intended Expedition thither is deferred untill a more convenient Opportunity.

2 That in the meane time all Endeavo^{rs} bee used by persons in Authority in Delaware to have the Murder^{rs} brought in either dead or alive ; ffor the accomplishing whereof, if any Reward shall bee proposed or promised by the s^d Offic^{rs} for the bringing them in, the same shall be punctually made good. And for that may soe happen that the Malefacto^r by some Strategem or otherwise may be taken alive, a Commission shall forthwith be granted by his Royall Highness Governo^r & herewth sent empowering and Authorizing the Offic^{rs} and Magistrates, who shall therein bee named, to bring them to Condign Punishment by putting y^e said Murder^{rs} to Death in the most Publiek and shameful manner that may bee, soe to strike a terrour & Consternation in the rest of y^e Indyans, who shall see or heare of the same.

3 Whereas some Resolutions & Ord^{rs} have been lately made at Delaware of their Intentions to retire into Townes for their better safety and security against the Indyans in case of a Warre, y^e said Resolutions are very well approved of ; And it is Ordered, That at their best & soonest Convenience they bee put in Execution accordingly.

4 The like Resolucon proposed as to Matinicoek, It being a frontier Place, it is also allowed and approved of ; & shall bee done at the first Convenient time & season.

5 It is also Ordered, That the Inhabitants at New-

Castle & parts adjacent upon Delaware River bee digested into severall Companies as y^e Townes and number of Men will permitt; & upon returne of the Names of the Officers, that shall be chosen amongst them to have the Command of such Companies they shall have Commissions for their respective Employments under his Ma^{ties} Obedience. In the meane time those Officers, that shall bee chosen, are to Act & proceed wth Allowance, till they bee confirmed.

6 That every Person that can bear Arms from 16 to 60 years of Age, bee allways provided with a Convenient proportion of Powder & Bullett fitt for Service, and their mutual Defence, upon a penalty for their neglect herein to be imposed by the Commission Officers in Command according to Law.

7 That y^e quantity or proportion of Powder & Shott to bee adjudged competent for each person bee at least one pound of Powdr & two pound of Bullett. And if the Inhabitants on the River shall not bee found sufficiently provided wth for Armes, his Royall Highness Governo^r is willing to furnish them out of the Magazine or Stores, they being accomptable & paying for what they shall receive to the Governour on his Ordre.

8 That the Places, where the Towne-ships upon y^e River shall bee kept, bee appointed & Agreed upon by the Schout, Commissaryes and the rest of y^e Offic^{rs} there according to their Proposall sent, as also where the Block-Houses & Places of Defence shall bee erected as well in the Towne as in the River.

9 That all former Prohibitions of selling Powder & Ammunition to the Indyans under what penalty soever be suspended or left to the discretion of the Officers, as they shall see Occasion untill further Order.

10 That noe Corne or Provisions bee transported out of Delaware, unless that which is already on board or intended to bee shipt in y^e Sloop of Thomas Lewis (now in that River) for y^e w^{ch} hee shall have a special License or Permitt, until further Order.

11 That y^e Offic^{rs} & Magistrates at Delaware bee hereby Empowered & Authorized to treat with the Neighbour Indyan^s of the Susquehanas or others to joyne together against y^e Murder^{rs} & such as shall harbour them or take their part, if Occasion shall require, & to promise them such Reward as they shall think fitt. Provided it bee done with great Privacy & Caution, soe that noe sudden Jealousy bee given to the Persons intended to bee prosecuted or their Confederates.

12 And Lastly that the afore-recited Officers & Magistrates upon all emergent Occasions doe take Care by all Meanes, that shall present, as well as by Expresses, to give an Acco^t hither of what from time to time shall happen there in relation to this matter, w^{ch} said Expresses & Messengers shall be well and dnely satisfied for their paines and troubles.

CAPT. CARR

The backwardness of y^e Inhabitants in Delaware has putt a stop to y^e forwardness of those in New Jersey, who were ready wth a handsome Party to have stept in y^e Worke to bring y^e Murderers to condigne punishm^t. And truely I was much ashamed to see such an Infant Plantaeon to outstrip us, who should have been rather an Example, to others than to follow them; especially having y^e Countenance of a Garryson to Boote, and you y^e principall Officer! What Acc^t I shall give to his Royall Highness of this remissness I know not, other, but to lay y^e blame where it justly is due; ffor, you to receive y^e Dukes pay constantly, and y^e appearance of Souldyers, and to lett y^e Forte runn so miserably to Deeday, and not employing them in y^e repa-

racons, when they did noe Duty is but just or perfect Rent Charge to y^c Duke, ffor it is not reasonable that his R: H^s should bee at that Charge, only to allow you a Sallery and Souldyers, and no ffruits appeare of their Labour and Industry; Tis otherwise soe at Albany, w^{ch} Garryson in no respect exceeds yo^{rs}, and yett Salisbury wth his Men have made shift to refortify that place very secure; Besides y^e Inhabitants not so much as digested into any Military fforme, nor halfe of them armed, though you have had annually Monito^{rs} of y^e Murthers committed on yo^r Inhabitants: Believe me, This remissness will one day be called upon; and how you will Auswer it, you best know, though I feare.

What hath now been concluded on will be brought to you by Peter Aldrick, to w^h expect a punctuall Compliance at yo^r perrill. I intend early in y^e Spring to be wth you, by w^{ch} time I hope you will contrive it soe, that y^e Murderers may be brought in dead or alive, and likewise y^e former Murtherers of the Woman and Children at y^e Parde Hooke; Something must be done considerably to wipe off that stayne of yo^r Remissness, or I cannot now determine what penaltyes may ensue; I have both formerly and now Transmitted all y^e Insolency of y^e Indyans to his R: H^s whose answe^r I expect, till when I say noe more on that subject, I am,

The names of persons summoned and indicted for pulling down Richard Michells fence.

William Meaker, Jeffery Jones, Luke Wattson, Nicholas Carter, Samuel Mash Sen^r, John Ogden Jun^r, Joseph Meaker, Hurr Tompson.

Feb. 28, 1671.

The Court adjourned their sitting to the eight day of March following, and all persons by proclamation then to appear by virtue of their former summons.

March 8, 1671.

The Court being satt, proclamation made. Oyes &c all manner of persons &c. The Commissioners present that day Cap^t John Berry President, M^r Samuel Edsall M^r Robert Bond (M^r Robert Treat was absent) Cap^t John Pyke, M^r William Pardon.

The jury personally appeared and answered to their names and the persons indicted viz: W^m Meaker, Jeffery Jones, Luke Wattson, Nicholas Carter, Samuel Mash Sen^r John Ogden Jun^r Joseph Meaker, Hurr Tompson.

The indictment was read as followeth,

WILLIAM MEAKER You are here indicted in the behalf of our sovereigne Lord the King Charles the Second, by the

name of William Meaker for that you not having regard unto nor observance of his said Majestys laws, did upon the twentieth day of June last past with severall other persons not less regarding the violation of the good and wholesome laws of our Sovereigne Lord the King, by name Jeffery Jones, Luke Wattson, Nicholas Carter, Samuel Mash Sr. John Ogden Jun^r Joseph Meaker, Hurr Tompson, all of the town & province abovesaid, unlawfully assemble together in a Rout and Riotusly did intend, go about. practiee & put in use, to overthrow, cut breake, cast down or digg up, a considerable quantity of fence belonging to Richard Michell, with intent that the land lying at the rear of the house lot of Francis Barber and George Pack & others, then in the possession and occupation of the abovenamed Richard Michell, should remain open, all which is contrary to the law, and a breach of the King's peace.

What say you to this charge? Are you guilty or not guilty?

The persons above named indicted appeared in Court, and the indictment read to them, departed without entering their plea though commanded to attend the Court: And M^r Samuel Moore Attorney in the Kings behalfe made his plea and evidences taken in court.

The plaintiff for plea saith.

First. That none shall enter into any lands in the possession of another person, but whose entry is given by law, and then in a mild and peaceable manner; but here was an entry made by the persons indicted, without any due process in law and in a violent manner.

Secondly. If three or more do meet together, to do an unlawful act against the peace, or to do an unlawful thing in an unlawful manner, and being met do goe forward in a turbulent manner to effect what they met for and at last doe finish their work, this is a riotous act.

But the persons here indicted, did meet together June 20th 1671. on purpose to pull down Richard Michells fence, and being met, did goe forward and did throw it down to

the ground, and layed the land open, with intent it should soe remain as it appears to this day ; therefore we say, that these delinquents thus meeting, proceeding and acting in an illegal manner to doe an unlawful thing is a very great breach of the Kings peace and by law adjudged to be a riott.

EVIDENCES.

The evidence of George Paek of Elizabethtown in and about the business of Richard Michell fence and houseing being thrown down by several persons, and also the evidence of Richard Michell taken Feb. 1, 1671, and by them Sworn to in this court as followeth :

That the last Summer, he having agreed with Richard Michell upon terms about the planting a peice of land of his, for a crop of tobacco, which land was fenced in for a crop and that a meeting for our Syde was at Goodman Carters, where they warned me not to *pitch* any plow in it, whereby I was disappointed of my cropp. and William Letts upon the same account, for I had lett him one half of the same piece of ground for to pitch a crop of tobacco, wherein we were both disappointed. Upon that it rested till the town meeting when it was concluded that Richard Michell should not have this land, because he never asked the towne for it, as they said and concluded to take this piece of land from him again, because it was not a full vote of the towne, that he the said Richard Michell had it. The next morning after the said town meeting, the said Richard Michell came to my house, and I went with him up to the said lott, and going up, came to William Letts his house and lighted our pypes, and when we had lighted our pypes, people came upon the said ground, Goodman Meaker, the young John Ogden Jeffery Jones and Nicholas Carter, and we coming down to them at the corner of the said lott, the said Richard Michell forewarned them of pulling down the said fence and spake to them of a riott, upon that Goodman Meaker, put to it and began to pluck down the fence, and then all the rest did the like, and left

not off till they had plucked down one side and one end, and more he at present saith not.

WILLIAM LETTS testifieth and saith.

That at the same time when Richard Michell and George Pack came to my house and lighted their pipes, I followed them down to Richard Michells lott, and when I came down following the said Richard Michell and George Pack, Goodman Meaker of this towne and his sonn and John Ogden the younger and the old Mash of this towne and Jeffery Jones and Luke Watson and one of Goodman Tompson's sonnes went and pluckt Richard Michells fence down, and more at present saith not concerning these persons. And awile after, being at my own house, there came in Robert Moss and M^r Crayne of this towne, who asked for drink and I having none they went away presently, and presently after they were gone, I heard a *noyse* and looked out and saw the said Robert Moss and M^r Crayne beating down the Claboards of Richard Michells house, and plucked up the pallasades of the garden, and before I came, the hoggs, within an hours tyme had rooted up and Spoiled all that was in the garden, which was full of necessary garden herbs.

VINCENT RUNYON testifieth and saith.

That in June last he saw several persons of the towne viz. Goodman Meaker of this towne and his eldest sonn and one of M^r Tompsons sonns M^r Ogdens sonn John and Jeffery Jones & Goodman Carter and Luke Wattson and the old Mash upon Richard Michells lot pulling down the fence, and while they were so doing M^r Pardon Came in, then they asked him whether he were come to help pull down the fence. And M^r Pardon answered that he did not come to help pull down the fence, but to take notice what you do. Then said John Ogden, we do not cair if a hundred such fellows as you are, do take notice of what we do. And M^r Pardon answered you speak very sausily, and that Luke Watson, did not put his hand as I saw, to pull down the fence, but said if I am in place its as good, but after

Mr Pardon Came, then he heaved one logg off from the fence, and said you shall not say but I will put my hands to it, and more he saith not.

WILLIAM CRAMER evidenceth and saith.

that he Knoweth that the abovesaid George Paek and William Letts had their plants in readiness for the planting the said ground, as he did understand by the said George Paek & William Letts, the plants being upon the same ground and ready to sett.

RICHARD MICHELL being sworn testifieth and saith.

That William Meaker and his sonn Joseph Meaker and John Ogden Jun^r and Hurr Thompson were upon his lott and pulled down a great part of his fence, then afterwards came Luke Wattson, Nicholas Carter, Jeffery Jones & Samuel Mash Sen^r and all of them did put their hands to pull down the fence. The deponent says that he did forewarn them not to pull down the fence; and William Meaker answered, do you warn us? and with that went to pull it down, then the deponent went away.

WILLIAM PARDON being sworn saith,

That on the 19th June 1671. he was at a meeting of severall inhabitants of this towne, who were met together at the towne house and resolved to pull down Richard Michells fence, and the next morning, went to the said ground and saw William Meaker Jeffery Jones, Luke Watson Nicholas Carter, Samuel Mash Sen^r John Ogden Jun^r Joseph Meaker and Hurr Tompson pull down the fence of Richard Michells lott.

CERTIFICATE OF THE TOWNE RECORD

June 19. 1671. It was agreed by the Major vote that Richard Michell should not enjoy his lot given him by the governor. Upon information June 19. 1671. it was agreed that there should some go the next morning and pull up Richard Michell's fence. A Coppie of the towne record by me.

Address of the Council to the Lords Proprietors.

[From "East Jersey Records," Liber 3, p. 55.]

To the Right Hon^{ble} JOHN LORD BERKLEY Baron of Stratton & SIR GEORGE CARTERET Knight and Baronet the absolute Lords Proprietors of the Province of New Cesarea or New Jersey. The *Address* of us whose names are subscribed being of the Councill of your Hon^{rs} Governor here—

HUMBLY SHEWETH. That whereas Several persons in this Province who have a Long time been discontented & Oposit unto the Governor & Government who have of Late by their plottings & Combinations so Carried matters that they have had such Influence into the Election of Deputies for the Assemblys as that there are such persons chosen as Deputies who having avoided taking the Oath of Assemblymen according to the Concessions, & have taken Liberty to differ from the Governor and Councill in Establishing matters for the Peace and Settlement of the People, and have now At last disorderly Assembled and proenred Cap^t James Carterett as their President, who Joyned with them in making disturbance in this Province, he taking upon him to head the said persons endeavouring not only to disingage the people subjection unto, but also opposing and abusing the Governor & Councill, commanding their Obedience to himself by virtue of his Warrants which he puts forth in the King's Name for that end, & also Prohibiting such Officers as act by the Governo^{rs} Commission, and Commanding them wholly to cease acting in their offices untill they receive orders from himself; and unto such a hight hath he proceeded, that he hath Imprisoned Several persons, in p'ticular the Deputy Secretary,

for Executing his Office, who having by the Governor's order made an Escape out of his hands, we understand they have seized his goods, and the Like we Expect daily will be the Condition of all others that will not concur with his Illegall proceedings, he giving forth Continual threatenings against those that doe not obey his orders and having persons adhering to him that probably will be ready to Execute his Will so as they may have the Plundering of o'r Estates, and all these proceedings be carried on with pretence that he hath Power sufficient he being Sir George Carterett's Sonn and that he himself is Proprietor and can put out the Governor as hee pleases and that his Father hath given him his part of the Province; although he doth not shew any grant or Commission or Legal Power to doe any such thing, but saith he Seorneth to Shew his Power to such fellowes as wee, neither need he so do do being on his own Land. And as for the Lord Berkley's part he saith that is but a small matter; so that pretending himself to be Proprietor his proceedings gives the greater hopes to his followers, and Consequently are the more dangerous as to your Honnour's Interest and the Inhabitants peace and safety, both in respect of Liberty and Estate, if not Life also, according as their Outrage may prevail: and those that doe not submit & yield Obedience to his Orders and Commands but doe appeare to be faithfull to your Honnours Interest and Government because of their Oath they have taken, they are in Continual Danger of being surprised and imprisoned by him; all which Actings of his do Evidently tend to the ruin of The Province as to your Honno^rs Interest for either we must comply with him and his followers and their proceedings, who aim to get all into their own hands, or Else we must remove out of the Province, Except he doth prevent us by Casting us into Prison; and although hee be Sir George Carteretts Sonn, & for his Father's sake we Honnour him accordingly, yet our owne reason doth persuade us to believe that his Hon^{ble} Father will never Countenance his son in such dis-

honorable unjust & Violent proceedings, which tends to nothing but ruin; The Consideration whereof doth necessitate & imbolden us to Crave your Honor^{rs} speedily to Contrive a suitable and Effectual means For the suppression of these Illegall and violent proceedings (the particulars whereof we leave to the Governor's Relation) which tends so much to the Damage both of y^r Hon^{rs} and y^e faithfull Inhabitants, & preventing them and others p'gressing in the settlement of the Province, Least the delay of Speedy remedy produce such sad Effects here as the Like Proceedings formerly did in the Lord Baltimore's Government in Maryland; one way to prevent which, the Governor with our advice hath resolved formally to wait upon your Honn^{rs} thereby to Endeavour the Curing this wound by speedy Medicine which delay may Cause to Gangrene, and to leave Cap^t John Berry his Deputy to officiate in his Absence.—And furthermore if it may please your Honn^{rs} to Favour us so far as that we may suggest unto your Honnours a word or two which tendeth to remove an Impediment as unto those that desire to Come to Settle in this Province, and also save Discouragements which is upon the Spirits of your faithfull Inhabitants, that doe willingly Comply unto your Honnours Concessions; namely, that your Honnours be pleased to Confirm these Charters and Pattents already granted by our Governor and his Councill, and also Whereas the Concessions require one half penny p^r acre in Currant Money of England, That your Honnours be pleased to signify under your hands your Acceptance thereof in such Pay as groweth in the Country at Merchant's price; all which being favourably Effectuated we humbly Conceive will much tend to the Settlement of the People and Prosperity of the Province;—Craving pardon for our boldness we beseech the God of Wisdom to Give your Honnours a Spirit of discerning to see where Integrity and faithfulness are fixt and where private designs are driven at that you may Administer that which is Just and Equal to all, Encouragement to those that meritt it and Reproof

to Evil doers. We wish your Honnours peace and prosperity in this Life and Glory in that to come & subscribe—

The Declaration of the Lords Proprietors to the Inhabitants of New Jersey.

[From "Grants and Concessions," p. 35.]

The Declaration of Us the LORDS PROPRIETORS of the Province of New-Cæsarea or New-Jersey, To all Adventurers, Planters, Inhabitants, and all other Persons to whom it may Concern within any Town and Plantations in the said Province.

WE being made very sensible of the great disorders in the said Province occasioned by several Persons, to the great Prejudice of ourselves, our Governor and Council, and all other peaceable and well minded Inhabitants within our said Province, by claiming a Right of Propriety both of Land and Government.

I. WE do therefore hereby declare, that all Lands granted by our Governor to the 28th of *July* 1672, and confirm'd in our Names by Patents or Charters upon Record in our Secretary's Office, and under our Province Seal, sign'd by him, and the Major Part of his Council, shall remain to the particular Owners thereof, their Heirs &c. for ever, with all the Benefits, Profits and Priviledges therein contain'd, they performing what they are obliged unto in every of the said respective Patents or Charters.

II. FOR such as pretend to a Right of Propriety to Land and Government, within our Province, by virtue of any Patent from Governor Colonel RICHARD NICHOLS, as

they ignorantly assert, we utterly disown any such thing. A Grant they had from him upon such Conditions which they never perform'd: For by the said Grant they were obliged to do and perform such Acts and things as should be appointed by His Royal Highness, or his Deputies; the Power whereof remains in us by Virtue of a Patent from his said Royal Highness, bearing Date long before these Grants; which hath been often declared by our Governor (and now ratified and owned under the sign Manual of his said Royal Highness to Colonel LOVELACE, bearing Date the 25th of *November* 1672) who demanded their submission to our Authority, and to Patent their Land from us, and pay our Quit Rent according to our Concessions; which if they had done, or shall yet do, we are Content that they shall enjoy the Tract or Tracts of Land they are settled upon, and to have such other Priviledges and Immunities as our Governor and Council can agree upon; but without their speedy compliance as above said, we do hereby Order our Governor and our Council to dispose therefore in whole or in part, for our best Advantage to any other Persons. And if any Person or Persons do think they have injustice or wrong done by this our positive Determination, they may address themselves to the KING and Council; and if their Right to that Land or Government appears to be better than ours, we will readily submit thereunto.

III. Our Order is, that those Persons that were the chief Actors in attempting the making an Alteration in our Government, be proceeded against according to a Declaration of our Governor and Council, bearing Date the *Twenty-Eighth* Day of *May* 1672, except they shall immediately upon Publication hereof make their Addresses to our Governor and Council for remission of their Offences. And that all Persons that have sustain'd any Loss or Damage by maintaining our just Right and Interest since the 26th Day of *March* 1672 may have Reparation in Law, with their Charges they have and shall be at in any Court

or Courts within our said Province, that are or shall be constituted and commissioned by special Commission from our Governor, according to a declaration by our Governor and Council bearing Date the *Third* Day of *April* 1672.

IV. THAT all Grants of Land, Conveyances, Surveys or any other Pretences, for the Hold of Land whatsoever within our said Province, that are not derived from us, according to the Prescriptions in our Concessions, and entered upon Record in our Secretary's Office in our said Province, we declare to be null and void in Law.

• V. THAT the Constable of every respective Town within our Province, shall have Power by Warrant from our Governor to take by way of distress from every individual Inhabitant within their respective Jurisdictions, their just Proportion of Rent due to us yearly, beginning the 25th Day of *March* 1670, and for his Charge and trouble about the same, if they refuse to deliver it in at some convenient Place, which the said Constable shall appoint within their respective Jurisdictions, by the 25th Day of *March* Yearly, the Constables only to be accountable to our Receiver General: And altho' our Concessions say it shall be paid in current or lawful Money of *England*, yet at the request of our Governor and Council, we shall accept of it in such Merchantable Pay as the Country doth produce at Merchants Price to the value of Money Sterling, and if by this Means we cannot obtain our Rent, then the Marshal of the Province shall be impowered as abovesaid, to Collect the same at the charge of such the Inhabitants as do refuse to pay at the Time and Places as aforesaid.

VI. THAT all Matters and Causes which have been tried in our Province by special Commission from our Governor, upon which Judgment hath pass'd according to Law, be allowed by us and be forthwith put in Execution. WITNESS our Hands and Seals the 6th Day of *December* 1672.

Whitehall, the 10th December, 1672.

WE hope as soon as this comes to your Hands, and that you have perused these Papers, which we have sent by Mr. *Moore*, the turbulent Spirits in that Province will not continue any longer in their obstinate and wonted extravagancies, but will be satisfied with his Royal Highness's Letter to Colonel *Lovelace*, whom we desire you to assist on all Occasions, the Copy of which Letter this Bearer brings with him to deliver unto you, and when receiv'd we desire you to publish the same, with all other Orders from us to the several Inhabitants, that they may be inform'd of their mistakes, and how they have been mislead, for you will find his Royal Highness doth declare, that the Grants of Colonel *Nicholls* is Posterior to our Patent, and therefore both in law and equity the right is solely in us, and upon that account we have sent over our Determinations concerning the Hold of Lands; as also our Interpretation of some Articles in our Concessions, according to which we desire you to act, and not to reside from any of them. As for Mr. *Bollen*, we desire you to order our Receiver General to pay him out of our Quit-Rents, the Sum of *Ten Pounds* Yearly, for two Years from the Date hereof. You will receive some Law Books, to which you may apply yourselves upon all occasions, and you shall not want any Encouragement from us that may contribute to your Prosperity and Welfare, not doubting but that you will discharge the trust reposed in you, with as much Candour and Integrity for the Maintainance of our just Rights and Intent as we desire to remain,

[From "Grants and Concessions," p. 40.]

To the pretended Representatives of ELIZABETH-
TOWN, NEWARK, and NEW-PISCATAWAY, and
all others whom it may Concern

WE have received a long Petition from you, and of no Date, yet out of a tender care we have of your pretended Greivances and Complaints, have examined some particulars thereof, the Governor and Mr. *Bollen* being now in Town, yet we are very ready to do you all the Justice you can expect, tho' you have been unjust to us, by which means you have brought a trouble upon yourselves, and if you will send over any Person to make good your Allegations in your Petition, (while the Governor is here) we shall be ready to hear all Parties, and incline to do you right, altho' you have not had such a tender regard of our concerns in those Parts, as in Justice and Equity you ought to have had: And we do likewise expect for the future you will yeild due obedience to our Government and Laws within the Province of *New-Casarea*, or *New-Jersey*, and then we shall not be wanting to manifest ourselves according to your Department, Dated this 11th Day of *December*, 1672.

¹ JOHN BERRY is first named, in connection with New Jersey, in 1669, as possessing an interest in lands between the Passaic and the Hackensack. He is presumed to have come to the Province from Connecticut, and probably some years previously, or he would not so soon have been taken into the Council. In 1672 he was left Deputy Governor, when Governor Carteret went to England. His authority was confirmed by the King, but Baker, Ogden and others, having always been opposed to the Proprietary Government, they were pleased to be able to thwart his influence with the Dutch. He continued to be one of the Council under the different administrations, until 1692, when it is presumed, he died. Ed.

A certain Proclamation being delivered into Council from the Magistrates of the Town of Middletowne, prohibiting and forbidding all inhabitants from departing out of said town, unless they give bail to return as soon as their business will have been performed, or they be employed in the public service, &c, requesting the Governor's approval of the same ; which being read and considered, it is resolved and ordered by the Governor-General and Council, that no inhabitant can be hindered changing his domi

cile within this Province unless arrested for lawful cause ; however, no one shall depart from the Town of Middeltoune unless he previously notify the Magistrates there of his intention.

This day Councillors Cornelis Steenwyck and Cornelis van Ruyven heard, by order of Governor Colve, in Fort Willem Hendrick, the claim of some Indians who assert that Sicakus, a small island situate behind Bergen, was not sold, but only Espatingh and its dependencies, and that other Indians blamed them for having sold land that was not theirs ; whereupon the deed of purchase being examined and arguments further heard, they find the aforesaid island to be included in the sale made in January, A° 1658, but not in the sale of the land of Espatingh, which being interpreted and explained to them by Saartie van Bersim, they say they did not know it ; propose that they ought to have a present of an anker of rum, which those interested, in order to obviate further difficulty, have consented to give them.

.

In a Council, holden at Fort Willem Hendrick, this 24th May, 1674

PRESENT—Governor-General Colve

Councillor Cornelis Steenwyck and

Secretary Nicolaes Bayard, assumed Councillor.

Read and considered the petition of Samuel Moor, setting forth that he is aggrieved by a certain Judgment pronounced against him by the Schout and Magistrates of the Town of Woodbridge, requesting that the case may be taken up in appeal without bringing it before the deputy Councillors, inasmuch as the Schout who presides over them and the Secretary are interested in the case.

Ordered :

The Petitioner in the case in question is referred to the Court of the deputed Councillors at *Aghter Col*, whose

Judgment must be pronounced on it before it can be taken up in appeal by the Governor and Council, and the Schout there is ordered and commanded to be careful that said Court be conducted pursuant to the Governor's order, and that impartial Judges be appointed over it who are no wise interested in the case or with the parties on either side.

Read and considered the petition of [John] Berry, complaining that he is aggrieved by a certain Judgment pronounced by the Court of the Town of Bergen between William Sandfordt, Pltff., and the Petitioner, Deft. on the last, requesting, therefore, that it may be taken up here in appeal.

Ordered :

Fiat mandament in appeal for Thursday, four weeks.

The Schout, Magistrates and Commonalty of the Town of Bergen, complaining, by petition, that over two years ago a question arose between the Petitioners and their dependent hamlets of Gemoenepa, Mingaghqué and Pemrepogh respecting the making and maintaining of a certain common fence to separate the heifers and steers from the milch cows and draft oxen ; which question was referred, by the late government, to four arbitrators chosen by both sides, who decided, on the 10th April, 1672, according to the certificate produced in Court, which decision Petitioners allege their constant willingness to obey, but it was at once rejected by their opponents ; therefore, request they may be ordered to comply with said arbitration, or show cause for their refusal.

Ordered :

The inhabitants of the hamlets Gemoenepa, Pemrepogh and Mingaghqué are hereby ordered and commanded promptly to regulate themselves according to the decision of the arbitrators dated the 10th April, 1672, or deliver in to the Court of the Governor-General and Council, within the space of 14 days from the date hereof, any objection they will be able to produce against that decision.

The Schout and Magistrates of the Town of Bergen, complaining, by petition, that some of the inhabitants of their dependent hamlets, in desparagement of the previous order of the Governor-General and Council dated the 24th X^{ber} last, obstinately refuse to pay their quota to the support of the Precentor and Schoolmaster.

Ordered :

The Governor-General and Council persist in their previous mandate of the 24th X^{ber} last and order the Schout to proceed to immediate execution against all unwilling debtors.

.

At a Council held in Fort Willem Hendrick, 15th June, 1674

PRESENT Governor-General Anthony Colve,

Councillor Cornelis Steenwyck,

Fiscal William Knyff, and

Secretary Nicolaes Bayard as assumed Committees.

.

On petition of Lourens Andriese, Sannel Edsall and Dirk Claesen, agents of some hamlets dependent on the town of Bergen, requesting that the Schout and Schepens of said towns be ordered to leave the Petitioners undisturbed, respecting a certain fence in dispute between them, or to cause the Petitioners to be summoned, and to institute their action in this case, before the Governor, &c.

Petitioners are again ordered pursuant to the previous instruction, to deliver into Court within 14 days, their objections in writing to the award given by the arbitrators, on pain of discontinuance without being heard any more in the premises.

On petition of Lonrens Andries and Joost van der Linde, agents for the inhabitants of Mingagqué and Pemrepogh, requesting to be excused from contributing to the support of the schoolmaster at Bergen, &c.

Ordered :

Copy hereof to be furnished the Magistrates of the town of Bergen, to answer the same.

On petition of Daniel Denton and John Gilman, agents for the inhabitants of the Town of Piscattaway, at *Aghter Coll*, in regard to some valleys in dispute between them and the Town of Woodbridge.

Ordered :

The Governor-General and Council decree and direct, that this case in dispute between the Towns of Piscattaway and Woodbridge, must be decided by the Court of Schout and deputed Councillors, to whom shall be added some persons in consequence of the present small number of their Board.

On the petition of the Schout and deputed Councillors of *Aghter Coll*, requesting, further explanation of the third Article of their Instructions and that some persons may be added to their Board in order to decide the matter in question between the Towns of Woodbrige and Piscattaway,

Ordered :

Whereas the question is between two Towns and not between man and man, as mentioned in the 3^d Article of the Instruction, therefore said case can be decided only by the Court of Schout and deputed Councillors, to whose number, on the Petitioners' request, shall be added some more persons for the decision of the case.

Anthony Colve for their High Mightinesses the Lords States-General of the United Netherlands, and his Serene Highness the Prince of Orange, &c, Governor-General of New Netherland, together with the Council To all those who shall see these presents or hear them read Greeting, make known :

Whereas, we are informed by the Schout and deputed Councillors, of the respective towns situate at *Aghter Coll*,

that between two of said towns, namely Piscattaway and Woodbridge, a difference has arisen in regard to certain valleys in dispute between them, and that process has issued thereupon before the deputed Councillors aforesaid, who, in consequence of the small number of their Board, caused by the exclusion of the two Deputies from said interested towns, they cannot decide said case, requesting therefore that some persons may be added to their Board for the decision of said question; therefore the Governor-General and Council have resolved to add some persons to said Board, and to that end have appointed and qualified, do hereby appoint and qualify Mr. John Lawrence as President, Mr. Richard Betts, and Mr. James Hubbard, who are commissioned with the aforesaid Board of Schout and deputed Councillors, on a certain suitable day to be previously fixed by the Schout, to hold a session and Court within the Jurisdiction of said deputed Councillors, and to debate, examine and decide the case in dispute between the above-named, according to law; and the parties in question, with their witnesses, and all others whom these may in any wise concern, are ordered and directed to acknowledge the abovementioned additional members and Councillors, or any four of them, as their lawful judges, being representatives of the Board of deputed Councillors of said Towns and promptly to obey their orders. Done Fort Willem Hendrick, this 17th June 1674.

.

At a Council in Fort Willem Hendrick, this 21st June, 1674.

PRESENT—The Governor-General,
 Councillor Cornelis Steenwyck,
 Mr Cornelis Van Ruyven and
 Secretary Bayard, as assumed Councillors; and
 Captain Willem Kuyff, Fiscal.

.

John Berry being already allowed to appeal from the Judgment pronounced between him and William Sandfort, in case of injury by the Court of the Town of Bergen, dated 11th 9^{ber} last, a mandamus is accordingly this day granted him.

.

At a Court held in Fort Willem Hendrick, on the 5th of July 1674.

PRESENT Governor Anthony Colve,
Councillor Cornelis Steenwyck, and
Secretary Nicolaes Bayard, as assumed Councillor.

.

7th July 1674

Read and considered the petition of William Meaker and Thomas Thompson, residents of Elizabethtown, at *Aghter Coll*, complaining that Samuel Moor did, contrary to the order of the deputed Councillors of *Aghter Coll*, refuse to deliver up the bail bond executed by the Petitioners on 26th June, 1673, to Captⁿ John Berry, then Deputy Governor, to appear before the next Bench and there to answer the complaint of Thomas Pardon, &c, requesting, further, that said Moor may be commanded to comply with the order of the deputed Councillors, by delivering up said bond,

Ordered :

The Governor-General and Council having seen that Samuel Moor doth, as it appears, in disparagement of the orders of the deputed Councillors, neglect to deliver up the bail bond of the Petitioners' to Secretary Samuel Hopkins, M^r John Ogden, the Schout is hereby instructed and commanded to put in immediate execution the said order of the deputed Councillors against said Samuel Moor, and demand said bail bond, or, in case of further refusal, to apprehend said Moor and send him a prisoner hither.

On the petition of Daniel Dantom and John Gilman, agents for the Town of Piscatteque, complaining of the

dilatory exceptions made by Samuel Moor and Pike, respecting the retention of the Petitioners' valleys, request to be maintained in their good right, &c

Ordered :

The Petitioners may cite their parties herein before Mess^{rs} John Lawrence, Richard Betts and James Hubbert, and the Court of deputed Councillors appointed by previous commission to hear and determine the matter in question between the Town of Woodbridge and Piscatteque. Therefore are the Petitioners again referred to said Court, which is hereby recommended, upon due examination of affairs, to cause quick right and justice to be administered to parties.

 Captain JOHN BERRY, *Pltff*, in appeal,
against

W^m SANDFORT and Schout CLAES ARENTSEN, conjoined *Defts*

Pltff. complains that *Defts*. have instituted an action against him, before the Court at Bergen, for carrying off some hogs which he claims to be his own property, and have thereon obtained judgment, as if he had obtained those hogs in a scandalous manner, by stealing; requesting, for reasons more fully set forth in his petition and application for appeal, that judgment of said Court pronounced 11th 9^{ber} last, be annulled, and the *Pltff*. relieved from this scandalous action, &c.

Schout Claes Arentsen appearing, answers and requests that *Deft*. [in the Court below,] be ordered to prove that they were his hogs; says further, that the Court aforesaid have not condemned the *Pltff*. of theft, but of inconsiderate removal of the hogs, without the consent of any officer, &c

Appellant acknowledges having rashly removed said hogs without consent, thinking they were his own, requests therefore to be excused, &c.

Governor-General and Council having heard parties and examined and investigated the papers and documents pro-

duced on both sides, declare the appellant in the case, not guilty of the suspicion of theft, yet finding that he hath gone too far in the inconsiderate removal of the hogs, without having previously obtained consent to that effect, and modifying the judgment of the abovenamed Court, condemn the Appellant herein in a fine of one hundred guilders light money, with restitution of the removed hogs, on valuation of arbitrators, unless he will within 6 m. be able to prove that they were his own hogs, and pay the costs herein incurred.

On the petition of Joost van der Linde, and Hendrick Spiers, each is allowed a piece of land for a bouwerie, each piece 25 morgens, beginning opposite Schutter's Island, and further westerly along the *Kill van Koll*.

Lymar Jacobse complaining, by petition, that he is grossly calumniated by the false accusation of Dirck Gerritse, as if the Petitioner had committed a very shameful and scandalous action, requesting Justice in the case against the accused, &c.

Ordered :

The Magistrates of the town of Bergen, are ordered legally and publicly to summon Dirck Gerritse within 14 days, and to proceed against him according to law, on Petitioner's complaint or else to put their previous judgment against him into execution.

The Governor and Council of New Netherland, having seen the complaint of the town of Bergen against the inhabitants of the villages of Pemrepogh, Mingagquy, &c, and the answer given by them, in regard to what the inhabitants of Pemrepogh and Mingagquy, aforesaid, owe for the support of the Schoolmaster, and precentor of the town of Bergen, it is after due inquiry resolved and ordered, that the inhabitants of Pemrepogh and Mingagquy, shall promptly pay their share for the support aforesaid, on pain of proceeding against them with immediate execution.

Having taken part with James Carteret in his attempt to subvert the established government, he seems to have become so intimately associated with him, as to take passage, in 1673, in the sloop of Samuel Davis, for Carolina, along with Carteret and his wife; but the vessel having been seized, and Carteret put ashore, Hopkins availed himself of the opportunity afforded by his examination, to give the Dutch commander such information, as might induce him to carry out the intended attack on New York, and lead to the displacement of the Proprietors' authority in New Jersey. [See *ante*, page 121.] Success having attended the expedition, the good offices of Hopkins were not forgotten; and, for a time, he was associated as Secretary, with John Ogden as Schout, in the government established over the province by the Dutch. Commission of Major Edmund Andros¹ to be Governor of New York.

[From "New York Colonial Documents," Vol. 111., p. 215.]

JAMES Duke of Yorke and Albany, Earle of Ulster, &c
 Whereas it hath pleased y^e King's most Excellent Ma^{ty} my

¹ EDMUND ANDROS, Seigneur of Sansmarez, was born in London December 6th, 1637. His ancestors were from Northamptonshire, but in the sixteenth century became connected with the island of Guernsey, and by marriage the tie of Sansmarez came into the family. Edmund, with some of his immediate family, having continued loyal to Charles the Second, during all the disturbances of the period, was rewarded by being made Gentleman in Ordinary to Elizabeth Stuart, Queen of Bohemia, the King's aunt; and subsequently distinguished himself in the war against the Dutch, which ended in 1667, and in 1672 was commander of the forces in Barbadoes, and was con-

Sovereigne Lord and brother by his Lett^{rs} Patents to give and grant unto Mee and my heyres and assignes all that part of ye Maine Land of New England beginning at a certaine place called or knowne by y^e name of S^t Croix next adjoyneing to New Scotland in America and from thence extending along y^e sea Coast unto a certaine place called Pemaquin or Pemaquid and soe up the River thereof to y^e furthest head of the same, as it tendeth Northwards and extending from thence to the River Kinebequi and soe vpwards by y^e shortest course to y^e River Canada northwards. And also all that Island or Islands comonly called or knowne by y^e severall names of Matowacks or Long Island seituate lying and being towards y^e West of Cape Codd and y^e Narrow Higansetts abutting upon y^e maine land betweene y^e two rivers there called or knowne by y^e severall names of Conecticut and Hudsons River together also wth y^e said river called Hudsons River and all y^e land from y^e West side of Conecticut river. to y^e East

sidered as particularly well versed in American affairs. In April of that year Andros was promoted to be major of a regiment of horse, directed to be armed "with the bayonet or great knife," this being its first introduction into the English army. In the same year, in consideration of his public services, he had the dignity of a Landgrave of Carolina bestowed upon him by the Palantine and Proprietors, with 48,000 acres of land. His father died in 1674, and he became Seigneur of the Fiefe and succeeded to the office of Bailiff of Guernsey. The same year, his regiment having been disbanded, he was commissioned by the King to receive New York and its dependencies from the Dutch, in accordance with the treaty of peace, and was appointed Governor General of that province. He arrived at New York in November, 1674, accompanied by his wife. Having returned to England in November, 1677, he was knighted by Charles the Second the following year, and in May sailed again for New York, bringing with him as his Chaplain the Reverend Charles Wolley, A. M. Arriving on the 7th of August, he resumed the government and administered it until 1681, when he was ordered to England, and the following year was sworn Gentleman of the King's Privy Chamber. In 1686, James the Second appointed him Governor Captain General and Vice-Admiral of New England; and in 1688 New York and New Jersey were also placed under his jurisdiction. An acquaintance with the local histories of the different colonies plainly reveals the unpopularity of his administration of their affairs—New Jersey not being excepted. He was deposed from his position in New England in 1689, in consequence of the success of the revolution in favor of William and Mary, and sent home in 1691. He continued, however, in favor with the Court, and in 1692 was appointed Governor of Virginia, and continued there until 1698, having succeeded in administrating the affairs of the colony in a way to secure the favor of the people. In 1704, Queen Anne conferred upon him the government of Guernsey, which he held for two years. He was then appointed Bailiff, and held that office until his death, in 1714, aged 76; which occurred in the parish of St. Anne, Westminster. Although married three times, he left no issue. CAPT. CANTWELL

New York March 27. 1675

Yo^s of the 20th I received yesterday, to which I gave you an answer the same Houre, by Capt. Krigiers Sloope, then ready to saile; This is by yo^r owne expresse, that I have inquired into the businesse of After Cull, and cannot find that there is any more in it, than an Indyan drinking him-

selfe dead, at a House near Raritans River there being three more with him, very rude, which frightened very the woman, her children and a man (her husband being absent at Woodbridge) nor did they know of the said Indyans death who was (as I am told) found dead in the woods; so I doubt this is rather a pretence than a real cause of their keeking off and refusing to comply with our just demands concerning the murder of Doctor Rhodes and his man. You have done very well to give notice all over the River to bee upon their guard; But that you will do well to proceed no further against them (if it may be avoided) until I come, when (I hope) we may accommodate all or take such effectuall courses, as shall be adviseable and fit to bring them to reason. You do not say any thing of an Indyan, who I heare had lately his ribs broke by an Inhabitant in the River, of w^{ch} hee dyed: Which if so may be a great cause of their present actings. But if the Magistrates have done their parts, in examining and doing justice therein, as the case might require, there can be no more expected, otherwise if any such thing hath happened, and the prosecution neglected, bee sure it be done affectually without delay though not demanded by the Indyans, or though they should have complied before this comes to you. I thought to have begun my Journey to you by this time, but my not being very well, the spring very backward, the Kings ships not yet gone, I did think to put off my journey, till the latter end of the month or the beginning of May, but now as I shall heare from you, shall hasten it accordingly, and do designe bringing with me, about forty or fifty men, and to go by the upper way to the falls I hope you have prohibited all manner of distilling corne, as well as its transportacon, if not, I pray that it be done presently. *From Governor Andros to Captain Cantwell on Indian
Affairs.*

[From "New York Colonial Documents," Vol. XII., p. 519.]

S^r I have this afternoone rec^d yo^r Lre of the 19th by Walker and sent by your expresse; In which you give me an Account of the Murder of two Christians about the 8th of this instant, about Milstone River and that it should be done by the brother of him that lately dyed at After-Cull; I think it something strange that at the writing yo^r former Letters of the 14th and 16th, which I received by M^r Osborne; neither you nor the said Osborne in his Journey should have heard nothing of it; This is to lett you know that the 20th inst. three of the Nevisans Sachemakas, were here with me, and about thirty of their people with them, and did not onely conclude a peace with them, but they did also engage, neither to harbor or have any thing to do with any of the Indyan, that should happen to be our enemies and particularly those beyond them. Now upon the receipt of this last Lre of y^{rs}, I have advised with my council and sent to Governor Carteret to desire him to send by expresse to the Indyan to know the truth of the murder, and if so, by whom, the manner and cause, without declaring any further intent, and give mee a present answer. As also that he will give order for horses for our journey to Delaware, to be ready at furtherest the last instant about w^{ch} time I thinke of setting out from here, though I had not intended till the 4th of the next and shall (as afore) come by the way of the falls, where you may meet mee on Tuesday the 4th, or if yo^u shall be there sooner and thinke good, may come on towards or to Milstone River, as you proposed; In the meantime I think there needs no further order, but y^t you looke to yo^rselves and give no just offense, or cause of suspicon to the Indyan; But as to James Sandyland (if you are not sure of his being

criminally guilty) you ought to have had a Court, that he might have had a Legall Tryall, and so either be justly detained, punisht or releast. Therefore if you have time, let it be done before you come, having had no other meaning, nor (I think) given any other direccions in my former letter. As to his being out upon Bayle (if he be not criminally), it cannot be denyed him. Pray let there be as little noise or talke of the Indyan concernes in yo^r party as may be.

I am yo^r Loving friend

Conference Between Governor Andros, the Magistrates at Newcastle, Del., and the Indian Sachems of New Jersey—Renewal of the Treaty of Peace—S. Edsall, J. Helme and Lance Cock, Israel Helme, Interpreter.

[From "New York Colonial Documents," Vol. XII., p. 523.]

Vpon an Appearance of the Indyan before the Go: & the New Magistrates, in the afternoone. They were those who came in morne, with M^r S. Edsall, Isr. Helme, and Lause Cock. The names of the Chiefs were Renowewan of Sawkin on the Eastern side, Ipan Kickan of Rancokeskill, Kit-marius of Soupnapka, Maniekty of Rancokeskill heretofore all of N. Jersy side. The Govern^r declares his desire to continue in friendship with them & his readiness to protect them, & thanks them for their coming down.

They by Israel Helme the Interpreter expresse their readiness to continue in good friendship, & return their thanks to the Gov.

They are told that it is not, that the Govern^r wants their help—if the other Indyan will bee bad, he can deale well enough with them, but now is wishing to be kind to those that will live quietly and well.

They believe so they say.

They are told they must not kick the beasts or swine

belonging to the Christians & the Christians shall not doe them any injury, but justice shall be done as they might see to-day in the case of Jam^s Sandylands.

The first sachem rises up & walks up & down taking notice of his old Acquaintance P. Rambo & Peter Cock, Lansa Cock with C. Cantwell then taking a band of sewant, hee measured it from his neck to the length downward & said his heart should bee so long & so great to the Gov. & the Christians & should never forget the Gov. so presents the belt of wampum, throwing it at the Gov. feet

The next rises up & professing much friendship & thanks to the Gov. for his kind expressions p^rsents another belt of wampum.

The Gov. tells them the two belts shall be kept as bands of friendship between them.

The belts of sewant were written upon, to be kept in token of a continuance of Peace.

The first belt was 15, t^other 12 wampum high.

The Gov. presents them with 4 Coates & 4 lappeloathes

They return thanks and fall a kintacoying with expressions of thanks, singing *kenon, kenon*.

Note of the Arrival of John Fenwicke² and Family in West Jersey, in June, 1675.

² JOHN FENWICKE, of Bynfield, Berkshire, England, was a student at law at Gray's Inn, Middlesex County, in 1640. He was commissioned a major in Cromwell's army in 1648, and appears to have exercised considerable influence in promoting Cromwell's interests. It is presumed that he had some supervision of the execution of Charles I., as he had a commission empowering him to be present thereat with a squadron of cavalry. In 1649, from a certificate in the possession of the New Jersey Historical Society, it appears that he belonged to the Independent Congregation, of which John Goodwin was the pastor, but subsequently withdrew from them, and embraced the forms, discipline and creed of the Friends. It is thought that, as one of that body, he had been subjected to sufficient persecution to induce him to look to America as a secure retreat, leading him, in conjunction with EDWARD BYLLYNGE, also a Quaker, to purchase Lord Berkeley's interest in New Jersey. The deed therefor was dated March 18th, 1673-4. It conveyed the half of the province to John Fenwicke, in trust for Edward Byllynge and his assigns, and on the 6th of August, 1680, the transfer was confirmed by the Duke of York. Byllynge, who was styled “ Gentleman of Westminster, Middlesex, England,” becoming much embarrassed, nine-tenths of this interest was assigned to trustees for the benefit of his creditors, and his relations with Fenwicke were far from friendly, although William Penn and other distinguished Quakers sought to arrange their difficulties. It is presumed that he came to New Jersey in 1683, as in that year he had some land allotted to him in Burlington for his own residence. He was one of the twenty-four Proprietors to whom East Jersey was confirmed by the Duke of York. in March, 1683; but parted with his interest therein soon after to Daniel Coxe, of West Jersey. He died in 1687. Fenwicke arrived in West Jersey, as stated in the text, in 1675. His wife, Mary Burdett, (thought to have been his second one, and not the mother of his daughters, who was Elizabeth, daughter of Sir Walter Covert), did not accompany him. He was subjected to much annoyance from the Dutch authorities and from Governor Andros, of New York, as the documents in this volume plainly show. He died some time between August, 1683, and April, 1684, having previously parted with all his landed estate in the province. BY THE GOVERNOR

Whereas I am credibly informed, That Major John Fenwicke, now living at the East side of Delaware River doth pretend and give himsef out to bee Proprietor of that side of the River and hath presumed to act accordingly, graunted Land extravagantly, dispossessed persons in those parts, sold their land, arrogating to himsef a

You are therefore without delay, to repaire over the River, to the said Major Fenwiek, and all other places on that side, to informe yourself of the truth of the above Particulars, and to forewarn any such of the danger and premuniry they incurre; And if the said Major Fenwicke hath acted as alleged, That you summon him in his Ma^{ties} name to appeare without delay, to answer the same before mee and my Councill in this place, in default at his utmost perill; and yo^r selfe to make a due returne of this Warrant; and in ease of any opposieon by doing yo^r duty, by going from place to place, on the said Accompt, All his Ma^{ties} subjects are required to be Aiding and Assisting to you; for which this shall bee to you and every of them, a sufficient warrant:

Proceedings of the Government of New York in Relation to the Settlement and Jurisdiction of Major John Fenwicke in West Jersey, December 5th, 1675, to October, 1678.

[Copied for the New Jersey Historical Society from the Records at Newcastle, Del., by Col. Robert G. Johnson, of Salem.]

At a Council held in New York December 5th 1675

The letter from Captain Edmond Cantwell being taken into consideration concerning the arrival of M^r Fenwicke and others at Delaware with their appertenances. . .

Resolved, that M^r Fenwicke having no order (which if he had, ought to have been brought first and recorded here)

is not to be received as owner or Proprietor of any land whatsoever in Delaware, but to be used civilly, paying all duties as others his Majesty's subjects in those parts, and if he or any of the persons that come with him desire land to the Westward that there be assigned them fitting proportions as to others, and due return made of the surveys.

As to any privilege or freedom of custom or trading on the East shore, none to be allowed in any Case to the smallest vessel, boat or person.

HIS HONOR GOV^R EDM^D ANDROS's letter to the Commander and Justices of New Castle, in answer to their letter sent the 8th of November 1676

GENTLEMEN

I have received your letters of the 8th by the express sent hither, with several other papers and writings relating unto Major John Fenwicke's actings on the East side of Delaware river by his granting Patents for land and refusing to obey my special warrant &c. as also touching your more particular affairs; whereupon having taken advice of my Council I have thought fit (it importing his Majesty's service, and the good and quiet of those parts and Inhabitants,) That Major John Fenwicke be sent hither with the first convenience; and if there be occasion that the Commander and you the Magistrates do use force for seizing upon and sending him.—And there being no lawful authority for his giving forth Patents for land, those sent hither are not to be returned back for the present, but the persons who have paid their monies for them may have their remedy at law against the persons that gave them before he departe out of custody.

As for Jean Paul Jacquett who has been dispossessed of some land on the East side of Delaware river of which he was in possession at the last coming in of the English government, he is to be repossed and you are to take order

about it, and (if occasion) the Commander is to assist therein.

To the Commander and the Court of New Castle in Delaware.

At a Meeting of the Commander and Justices held in the town of New Castle on Friday the 8th day of December 1676

Captain John Colier	Commander	
M ^r John Moll		} Justices
M ^r William Tom		
M ^r Foppe Outhout		
M ^r Jean Paul Jacquett		

Captain John Colier by his speech declared to the court, that in pursuant of his honor the Governor's orders to him, he had on the fourth past sent a friendly and civil letter with the under sheriff to Major John Fenwicke, shewing that he had received orders from his said honor and desired him to come to New Castle upon which the said Fenwicke sent a letter in answer refusing to come & &—as by the said letter produced in Court more plainly did appear—further declaring that he the said Captain Colier had been in his own person on the seventh part with the said Fenwicke at his house—where coming, none of his company were suffered to come in the house but himself as when he delivered to the said Fenwicke in substance as followeth—
Speech—

That he the said Colier had not questioned—according to his letter sent the fourth past—but that he would have come over with the undersheriff, or at leastwise have sent a more satisfactory answer, but since he the said Fenwicke still stood out by which he had given him the trouble to come over in person, did therefore give him to understand that it was his honor the Gov^{ts} order to have him the said Fenwicke to come and appear before him and Council at New York—which long before he had understood by his said honor's special warrant sent to him, and therefore desired

him now in all civility without further trouble to obey the said orders—there being now a fit opportunity for his going.

MAJOR FENWICKE'S ANSWER—

Upon which Major Fenwicke replied—

That he did not know that the Governor of York had any thing to do with him, and that he would obey nothing but what shall come from his Majesty the King or his Highness the Duke of York, and was resolved not to leave his house without he was carried away either dead or alive, and if any one dare come to take him, it was at their peril, and he would do their business :—and after the said Captain Colier went out, suffered him not to come in again, but keeping his door double bolted, spoke to him out of a small scuttle hole at the end of the house. Captain Colier declaring further to the Court, that, he seeing that the said Major Fenwicke was and continued so refractory and stood upon his defence, and further considering that the magistrates by his Honors order were equally in the business concerned with him, thought best to take their advice before he would proceed to rigour which was now the occasion of calling the Court &c &c . . .

The Court having considered and maturely deliberated upon the orders from his Honor the Governor, to them and also the orders from his honor the Gov^r to Captain John Colier in particular, do JUDGE it necessary since the said Fenwicke in contempt to his Honors orders stands out upon his PERIL, That force be used, and he the said Fenwicke taken and sent to York to his Honor with the first sloop, for the doing whereof they are willing to give forth their warrant, &c.

AT a Meeting of the Commander and Justices for the apprehending of Major Fenwicke. By the Commander and Court at New Castle. In Delaware.

These are in his majesty's name to impower and appoint you Lieutenant Johannes De-Haes, M^r Michill Baron and

M^r George Moore undersheriff of this place to levy twelve soldiers out of any of the Militia of this River, and with them to repair to the house of Major John Fenwicke to bring by force before us to this town of New Castle upon Delaware, giving and hereby granting unto you and every of you full power and authority to pull down break, burn, or destroy the said house for the apprehending of him the said Fenwicke—And further to act and use all or any forceable act or acts as the expediency of the time shall offer to your Judgement withall giving and hereby granting to you and every of you and every respective soldier under you, full power in case of resistance or presenting any gun or guns to your detriment to fire upon him the said Fenwicke or any others so presenting or intending to shoot and if in the case he the said Fenwicke or any other resisting shall happen to be killed, you and every of you shall be hereby absolutely and freely discharged and held innocent, as being done in pursuant of the Dukes Lieutenant's order and of us by his honor's order recommended.

The Justices upon occasion of Major Fenwicke's making of some new alterations on the East side of the River and other concerns, did this day meet in the Fort, in order of

writing to New York according to his honor, the Gov^{rs} last sent orders in his letter.

Captain Edmund Cantwell declares that he living in New Salem (alias Swamptown) the 30th day of April 1678 where Major John Fenwicke had ordered a meeting of the Inhabitants of the East side of this River—he the said Fenwicke did then appoint some officers viz Samuel Hedge Surveyor General, James Nevill to be secretary, Samuel Winder Register—and declared he would nominate and appoint other officers at his leisure, and caused his said secretary to read several papers as his Majesty's Patent to his Royal Highness and his Royal Highness to the Lord Berkely, and a copy as he said of the Lord Berkely as to him the said Fenwicke with several other papers which the attestant did not mind—and after the reading of all these papers he the said Fenwicke demanded in his Majesty's name the superiority and the submission of the people here as his right and propriety—After his demand he brought a paper upon the table in the form of an Oath or some such thing, which several of his people or officers signed—After they had done, I told him that the most part of the people that was there did not know what was read—He answered me that they could know well enough to take his land. I also told him that there was a small Levy laid by the Collector upon the people on that side—He said the Collector had no power to lay no Levy on that side, and said whosoever did pay any Levy should forfeit their lands and privileges—I asked him if he would bear them out and see them harmless—he said he would give under his hand to answer it before the King, and said that the people should stand on their own defence if any body came to demand it—And also did forbid M^r Foppe Outhout not to act any thing in the behalf of the Court of New Castle upon the forfeiture of his estate—I told him that his Honor the Gov. had commissioned him the said M^r Outhout, and was still pleased for to continue him He said the Gov. had nothing to do on that side and that he was subject to no man bu

God and the King—he also said that he would do or act nothing without the advice of his Council which he would nominate very suddenly, with several more speeches which the attendant doth not now remember. . . .

Justice Foppe Outhout declares to have been present with Captain Cantwell and to have heard in substance the same that is hereabove declared by the said Captain Cantwell. Mr Machiel Baron and Renier Vanheist sworn in Court—declare in substance to have heard and seen the same as herebefore by Captain Cantwell is declared—

Johannes Van Jimmen sworn in Court declares that being present at the house of one Gillis Giljansen at the East side of this river, some time in the last of the month of April last past—at which time Major John Fenwicke came there, who demanded why the deponent and the rest that were there did not come at New Salem (as others did) to acknowledge him, meaning himself to be Lord and Proprietor of the place—Upon which they answered him saying, how they could own him so long as they paid Levy, to wit 12 guilders 10 stivers per head at New Castle Court. Whereupon he the said Fenwicke replied saying, that all those who paid the same should never enjoy a foot of land on the Easteren shore and further saith not—

RIGHT HONBLE^T GOVERNOR

Sir, we hope before sight hereof, your honor will be safe returned, which happy news we do much long for. The inclosed Testimony, and informations given us concerning the new alterations made by Major John Fenwicke since his last return from N. York on the East side of this river are the chief occasions of this account writing, which said Testimonies we hope your honor will be pleased to pursue and to give us your speedy order what and how we shall act in and about the same. We likewise send your honor here inclosed the Copies of our former and last order concerning the estate of one Francis Barints deceased, there being several persons who are debted to the said estate in

this river whereof Captain Cantwell has received one cow and twenty skipple of wheat, for which he is ready to be accountable to your honor—And Captain Colier a screw gun and Captain Billop now securing the same persons de novo, who formerly have paid, and we being uncertain whether the brother of the deceased (who was expected) be dead or alive we therefore desire your honor's order how safely to act further therein. Finally, since your honor's departure, there have happened several complaints of the country concerning several strange actions of your Commander Captain Billop, which hath occasioned some disputes and differences between us and your said Commander—we knowing it to be our duty not to suffer the poor Commonalty to be oppressed, which all to relate would be too long¹—Wherefore we shall refer that until we are certain of your honor's arrival as when we are intended to depute one of our Bench to treat with your honor about that and other material concerns—So having no more at present to enlarge, we remain Right Honb^{le} Gov^r

¹ This "Capt. (Christopher) Billop," ("son of Christopher Billop Gent of London,") was commissioned as Lieutenant of the New York troops in 1674. Either for the misconduct mentioned in the text, or something similar, he was subsequently superseded. It is presumed that it was his son—a Captain Christopher Billop, of the British Navy—who obtained a patent for a thousand or fifteen hundred acres on the southern shore of Staten Island, and whose daughter married Christopher Farmar—better known during the Revolution as Colonel Billop—who took his wife's name on inheriting the estate. THE LETTER from the honb^{le} Council at N. York in answer to the letter of this Court sent the 9th of May last past.

GENTLEMEN, Yours of 9th Instant arrived the beginning of the week which not having had the happiness to find the Governor returned was communicated to the Council upon consideration of the new alteration made by Major John Fenwicke on the East side of the river—perusal of the testimonies and informations given concerning the same. They have thought good to make the inclosed order which they desire you will do your part to see it put in execution (if occasion) but with as little mischief as may be. Captain Billop is written too likewise concerning the same.

The matter of Frans Barentzen was not well represented by Captain Billop to Captain Broeckhols, who supposing the accident of his death was very lately, and it being likewise intimated that he having no heir, the estate he left did belong to the Duke as an escheat, he gave order to Captain Billop to secure what he had, and give account of the same, but upon further information that the said Frans Barentsen died several years ago, and that the Court hath formerly taken cognizance of the said estate, and the Governor having likewise been made acquainted therewith, they do not think fit that Captain Billop should any further concern himself therein, but that you prosecute what you had begun and give account thereof to the Governor. If the deceased had a brother (as suggested) he can have no pretence after the disposal of it; otherwise a year and six weeks being past and no claim made which is the time limited by law.

There hath been an address from Captain Cantwell in the name of his son, resigning all the right, title and interes^t his son might have to the estate of William Tom deceased by virtue of his will, and desiring it may be sold at a public vendue for the payment of his just debts—But tho' he may have preference before the rest of the creditors next to Captain Delaware who hath judgement and

execution against the said estate, the Council do think it reasonable that the said estate belonging to M^r Tom be sold for the payment of his debts, but are not willing to alter the course of the law which gives directions how debts should be paid—That is, Statutes and Judgements first—then bonds and specialties—after that book debts and other claims. If any thing after that shall be left the son of Captain Cantwell may have it. The sooner M^r Thom's estate be sold the better, after some weeks notice for the complaint made by the commonalty against the commander Captain Billop—we are not willing to intermiddle therein the rather for that you signify your resolution to send some of your Bench to the Governor after his arrival to treat with him about that and other material concerns. This having as near as may be answered the particulars of your letter, I take leave and remain

Gentlemen

your most humble servant

Here followeth the order of Council sent inclosed in the abovesaid letter from New York. At a Council held in New York May 22^d 1678

UPON the receipt of letters from the Magistrates of the town of New Castle in Delaware about the alteration begun to be made by Major John Fenwicke on the East side of the River where contrary to his engagement and parole he hath acted by assuming a pretended power to himself. The same being taken into consideration to prevent any mischief that may happen upon that account. IT IS ORDERED, that a messenger be forthwith sent express to the Commander and Justices of New Castle in Delaware who are to give notice to the said Major Fenwicke, that according

to his parole he forbear the assuming any power of government to himself on the East side of Delaware river or any where else in those parts unless he can produce more authentic power out of England so to do than he hath yet done, which ought first to be made known to the Governor in this place—and in case of refusal the said Commander and Justices are hereby required to order him to come to New York within the space of days to make answer to what shall be alledged against him on that behalf and for breach of his parole which if he deny to do, that then the said Commander and Magistrates, together with the sheriff do use force to seize his person and send him hither without delay.

By order of the Council

In pursuant to the aforestanding order of the Council, the following letter was sent to Major John Fenwicke.

MAJOR FENWICKE.

We have by an express from New York received order from the Honb^{le} Council to give you notice that according to your parole, you forbear the assuming any power of government to yourself on the East side of Delaware river on any where else in those parts unless you can produce more authentic power out of England, so to do than you have yet done, which if so you ought then first to have made it known to the Governor in New York upon which we expect your present answer with this messenger.

MY FRIENDS AND NEIGHBOURS,

In answer to yours of this date concerning an express therein mentioned from the Council of New York to whom my reply is this—That the cause of my long imprisonment which is not unknown to them was because I would never be persuaded to give security, either to be of good behaviour nor to forbear acting in that public capacity in which I am authorised by virtue of the Kings letters Patent—the Dukes grant to John Lord Berkely and Sir George Carteret, and the Lord Berkeley’s deed to me which were all produced before the Governor and his Council by the Commissioners that arrived at York the last of August; whereupon I had my liberty to come home without any obligation, and to return the 6th day of October following which accordingly I did to the hazarding of my life which is well known. And the Governor then told me he wondered I did come again and gave order I might return hither again about my lawful occasions—

It is well known likewise that I was made and detained prisoner to the Collector of assizes and by their favour and yours I cannot look upon myself to be obliged by my parole to appear with an order from the Court of Assize, the sheriff liberally importing the same and their order of Court being relaxed as to five hundred pound bond to be of good behaviour and not to act and my parole no ways engaging me thereunto, I am left at my liberty to act or not to act upon the Lord Berkeley’s interest—and further that if I shall be found to be a transgressor against the King of England and his laws in the pursuance of the

peace and good settlement of my Colony according to his Majesty's formerly declared will and pleasures it will be time enough for me to suffer when I shall be by his Majesty's order required to answer for myself before him, to whom I am bound to give an account of what Judgment or sentences I give concerning the government of this colony within this province; and therefore I desire both the Council and you seriously to weigh the premises, and be assured of this I shall not be found backward to do my duty to the Kings majesty and every of his subjects both in time and place when thereunto legally required, and accordingly in the interim, I desire to enjoy what is my just and undoubted right—the peace of God and his majesty the King of England—and do in his name implore both their and your assistance therein until I shall be legally convicted of being a notorious offender of which I am in the least guilty thereof—and so I can in very much peace and confidence subscribe myself

His Majesty, loyal subject—the Council and

your peaceable neighbour and hearty friend

A letter sent by the express back to New York directed to the hon^{ble} Council—

HONOR^{BLE} SIRs,

Your letter by the express of the 25th of May last past, we received the 2^d Instant, together with the inclosed order—pursuant to which, we the day following sent a messenger over to Major J. Fenwicke with a letter whereof the copy is here inclosed, by which messenger he likewise in answer returned this his inclosed letter which we humbly refer to your honors consideration and that your honors may not be ignorant, the said Fenwicke doth proceed and assumes full power to himself sending on Saturday last his special warrant with 6 or 8 persons prest, to apprehend one John Eldridge &c—and doth by his several evidential expres-

sions declare that he will stand out, and that no man shall take him alive—no—not if the Governor came himself. What your honors do further resolve about him if in case directed to us, we desire that it may be absolute and sufficient,—for it is of opinion that he will hardly be taken without bloodshed or mischief. As to M^r Tom deceased, we are sensible that there was an execution against his body, but not against the estate—Yet in case your honors do think it fit that the whole estate real and personal be sold—we then desire a more positive and absolute order for so doing, and it shall be readily by us performed. The inclosed for the Whore Kill, we have sent with the first opportunity that presented—which is all at present from Hon^{ble} Sirs—

Your honors most humble Servants

GENTLEMEN.

Yours by the 5th by the return of the express sent to you by the Council arrived here the beginning of the week—but your answer gives very little satisfactory to any particular they write about as to the order concerning Major Fenwicke; The Council then did think and upon serious perusal of the same, again do find that it was absolute and full—it expressing that in case of his refusal to act in assuming a power of government to himself, ordering to come to New York according to his parole upon your summons, that then the Commander and you the Magistrates were to use force to secure his person and send him hither—so you needed not any new result to be directed to yourselves alone (it being thought fit to direct it to the Commander also) more absolute than the former which the Council think sufficient, so shall not alter anything therein but leave you to answer your neglect to the Governor, who is dailey expected, and all prejudice or mischief that may happen thereby to lie at your doors—they having done their duty—

THE AFORESAID letter from the Honb^{le} Council read and the business of Major Fenwicke taken into Consideration by the Commander and Justices of this Court, and Captain Billop signifying that his last living over at Salem the last week that there Major Fenwicke was willing to answer the Honb^{le} Council's order at New York, and that he will surrender himself at New York according to his parole—*Resolved and ordered* by the Commander jointly with the Court that Major Fenwicke in case he will give under his hand by a letter to the Council that he will not act by assuming any power of Government to himself on that side of the river or anywhere else, and that he within the space of seventy days promises to make his personal appearance at N. York according to his parole, that then he be

left there, but in case of refusal and that he doth not send a satisfactory answer, that then the Commander together with the High Sheriff press and take with them so many of the militia as they think fit and with them seize the said Fenwicke's person and send him to N. York without delay according to the order of the Honb^{le} Council.

Followeth the letter sent to Major Fenwicke
 MAJOR FENWICKE.

Sir, Captain Billop signifying to us that you have altered your former resolution and that now you are willing to answer the order from the Honb^{le} Council of New York and that you will go and there surrender yourself according to your parole. Now therefore, if you will forbear the assuming any power of Government to yourself and within the space of 20 days will appear at New York and there surrender yourself according to your parole then signifying so much in a letter under your hand to the Honb^{le} Council in New York and send the same letter open to us under a Covert by this bearer, that so we may be positive of your resolution—

HONOR^{BLE} SIRS,

Your letter of 21st June last we received in answer to which we reply, that the occasion of our writing alone the 5th of the same month in which to our sorrow your Honors reply to receive so little satisfaction, was not that we desired to be only concerned without the Commander who much takes the part of and is a great friend to Major Fen-

wicke, but that which was writ then concerning Major Fenwicke we had out of the mouth of the said Commander, and his not signing of the said letter was by reason the other particulars therein mentioned concerned him not. By the enclosed copies your honors will see what result hath been taken by the Commander and us since the receipt of your letter, and since the Commander and High Sheriff have fetched the said Fenwicke to this town; and altho' it was supposed to be a more secure and better way to send him by water in this sloop, yet the Commander thinks it best to send him by land which he likewise hath obligeth to do.

¹ RICHARD HARTSHORNE came to the province in September, 1669, and located him-
self in Middletown, Monmouth County. Sandy Hook was first held under a grant to
him, in 1677. He was a Quaker by profession, and an account of the country, written
by him and circulated in England, induced considerable emigration. A letter from
him, dated November 12th, 1675, is one of a collection printed in 1676, a *fac simile*
copy of which is in the New Jersey Historical Society Library. He soon attained
popularity in East Jersey, but did not enter into public life until early in 1684, when
he was appointed one of Deputy Governor Lawrie's Council. The succeeding year he
was elected to the General Assembly from Middletown; was chosen Speaker in 1686,
and continued to hold that position until October, 1693; and, again, from February,
1696, to March, 1698, when he became one of Governor Basse's Council. He still con-
tinued to hold his seat as a member of the Assembly, and filled both positions until
the surrender of the Government to the Crown. See Smith's "History of New Jer-
sey," p. 63; "East Jersey Under the Proprietary Governments," 2d Edit., pp. 46, 52,

First Agreement for Settlement of West New Jersey.

[From Johnson's "Historical Account of the First Settlement of Salem," p. 16.] 1

The first and general order, as agreed upon by
John Fenwicke and the first purchasers.

WE whose names are here subscribed, do first declare, as hereby is declared, that we have been exposed to great hazards, straits, dangers and cruelties whilst at sea. John Lord Berkeley's deed being declared to be left in England, was the cause of our troubles we met with there, and at our arrival, when our sorrows were multiplied, our miseries increased through cruelties and oppression; so that, as it appeared, John Eldrige and Edmond Warner labored to send us away with the shadow, whilst they detained from us the substance, that should every where preserve us and our interest from ruin, even the ruin under which we hitherto groaned, and like to be ruined, having received no relief from England, neither can we hear when to expect any; but wholly left as a people forsaken even forsaken of them that pretended to take care of us; and many of those that embarked with us in the same undertaking did also desert us, and disperse themselves into other countries; so that now, if we can live, we may—if we cannot, we may die, for the care that has been and is taken by those men, as if their own interests were our destruction. But, blessed be the God of heaven and of earth, who hath showed us mercy, (to the amazement of our enemies here, and so it will be also to others in due time,) praised be his name for ever, he hath also by his Spirit stirred in the hearts of many good people to pity us, and made them willing to come and join with us, sitting down together in this tract of land, which John Fenwicke, the chief proprietor, pur-

chased of the natives for his colony, and to satisfy every of his purchasers by setting out their tracts of land therein accordingly. To the end, therefore, that the Lord's requirements may be answered, the desires of strangers satisfied, the said colony planted, we and our families preserved from ruin, every purchaser having his land set out, the natives neither provoked nor tempted, but all our lives preserved by setting out and planting the land as people come to take it up, and so sitting down together as in other countries—We, after many meetings and serious consultations, do unanimously agree and conclude upon the method following, which we, the chief purchasers of Fenwicke's colony, and other the purchasers and freeholders residing within the same, do approve of and judge to be most just, reasonable and equal; and do therefore declare and order, that every purchaser that is resident shall forthwith have his tract of land set out—the one-half in the liberty of Cohanzick, the other half in the liberty of Allaways, or as the chief proprietor shall order the same there or elsewhere; the said purchasers casting lots only, who shall begin and succeed till their tracts be surveyed and set out; and after their tracts of land are set forth and surveyed, then in order according to the lots as aforesaid, shall the tracts of which they are entrusted with be set out and surveyed also, as they come to sit down upon and improve the same, making it first appear to the chief proprietor and council that they really intend the same.

2d. That there shall be a neck or two of land set out for a town at Cohanzick, and divided into two parts—the one for the chief proprietor, the other to be set out in town lots for the purchasers, which lots are to be reckoned as part of their purchases. The chief proprietor is to settle upon the town, *gratis*, a common of marsh, and to dispose of his part for the encouraging of trade. That the said lots shall be sixteen acres a-piece, and that every purchaser shall take their lots in the town as they come to take them up and plant them.

And as for the settling of the town of New Salem, it is likewise ordered that the town be divided by a street; that the south-east side be for the purchasers, who are to take their lots of sixteen acres as they come to take them up and plant them, as they happen to join to the lots of the purchasers resident, who are to hold their present plantations, and all of them to be accounted as part of their purchases; and the other part, on the north and by east and by south, is to be disposed of by the chief proprietor for the encouragement of trade; he also giving for the good of the town in general, the field of marsh that lieth between the town and Goodchild's plantation;—and,

Lastly, we do leave all other things concerning the setting forth and surveying the said purchases, unto the chief proprietor, to order as he sees fit.

Signed accordingly, the twenty-fifth day of the Fourth month, 1676.

Letter from the Proprietors of West Jersey to Richard Hartshorne, one of their Commissioners.

[As printed in Smith's "History of New Jersey," p. 80.]

TO RICHARD HARTSHORNE

London 26th of the
6th month, 1676.

Richard Hartshorne

We have made use of thy name in a commission and instructions, which we have sent by James Wasse, who is gone in Samuel Groome's ship for Maryland & a copy of which is here inclosed, and also a copy of a letter we have sent to John Fenwick, to be read to him in presence of as many of the people that went with him as may be; and because we both expect, and also entreat, and desire thy

assistance in the same, we will a little shew things to thee, that thou may inform not only thyself, but freinds there ; which in short is as follows,

1st. We have divided with George Carteret, and have sealed deeds of partition, each to the other ; and we have all that side on Delaware river from one end to the other ; the line of partition is from the east side of little Egg Harbour, straight North, through the country, to the utmost branch of Delaware river ; with all powers, privileges, and immunities whatsoever ; ours is called *New West-Jersey*, his is called *New East-Jersey*.

2d. We have made concessions by ourselves, being such as freinds here and there (we question not) will approve of, having sent a copy of them by James Wasse ; there we lay a foundation for after ages to understand their liberty as men and christians, that they may not be brought in bondage, but by their own consent ; for we put the power in the people, that is to say, they to meet, and choose one honest man for each propriety, who hath subscribed to the concessions ; all these men to meet as an assembly there, to make and repeal laws, to choose a governor, or a commissioner, and twelve assistants, to execute the laws during their pleasure ; so every man is capable to choose or be chosen ; No man to be arrested, condemned, imprisoned, or molested in his estate or liberty, but by twelve men of the neighbourhood. No man to lie in prison for debt, but that his estate satisfy as far as it will go, and be set at liberty to work ; No person to be called in question or molested for his conscience, or for worshipping according to his conscience ; with many more things mentioned in the said concessions.

3. We have sent over by James Wasse, a commission under our hands and seals, wherein we impower thyself, James Wasse and Richard Guy, or any two of you, to act and do according to the instructions, of which here is a copy ; having also sent some goods, to buy and purchase some land of the natives.

4. We intend in the spring to send over some more commissioners, with the friends and people that cometh there; because James Wasse is to return in Samuel Groom's ship for England; for Richard Guy, we Judge him to be an honest man, yet, we are afraid that John Fenwick will hurt him, and get him to condescend to things that may not be for the good of the whole; so we hope thou wilt ballance him to what is just and fair; that John Fenwick betray him not, that things may go on easy without hurt or jar; which is the desire of all freinds; and we hope West Jersey will be soon planted; it being in the minds of many friends to prepare for their going against the spring.

5. Having thus far given thee a sketch of things, we come now to desire thy assistance, and the assistance of other friends in your parts; and we hope it will be at length an advantage to you there, both upon truth's account, and other ways; and in regard many families more may come over in the spring to Delaware side, to settle and plant, and will be assigned by us to take possession of their particular lots; we do intreat and desire, that thou, knowing the country, and how to deal with the natives; we say, that thee, and some other friends, would go over to Delaware side, as soon as this comes to your hands, or as soon as you can conveniently; and James Wasse is to come to a place called New-Castle, on the other side of Delaware river, to stay for thee, and any that will go with him; and you all to advise together, and find out a fit place to take up for a town, and agree with the natives for a tract of land; and then let it be surveyed and divided in one hundred parts; for that is the method we have agreed to take, and we cannot alter it; and if you set men to work to clear some of the ground, we would be at the charges; and we do intend to satisfy thee for any charge tho art at, and for thy pains; This we would not have neglected; for we know, and you that are there know, that if the land be not taken up before the spring, that many people come over

there, the natives will insist on high demands, and so we shall suffer by buying at dear rates, and our friends that cometh over, be at great trouble and charges until a place be bought and divided; for we do not like the tract of land John Fenwick hath bought, so as to make it our first settlement; but we would have thee and friends there, to provide and take up a place on some creek or river, that may lie nearer you, and such a place as you may like; for may be it may come in your minds to come over to our side, when you see the hand of the Lord with us; and so we can say no more, but leave the thing with you, believing that friends there will have a regard to friends settling, that it may be done in that way and method, that may be for the good of the whole; rest thy friends,

Letter from William Penn, Gawen Laurie and Nicholas Lucas to those Proposing to Settle in West Jersey.

[From Smith's "History of New Jersey," p, 88.]

EPISTLE

Dear friends and brethren

In the pure love and precous fellowship of our Lord Jesus Christ, we very dearly salute you: Forasmuch as there was a paper printed several months since, entitled, *The description of New-West-Jersey*, in the which our names were mentioned as trustees for one undevided moiety of the said province: And because it is alledged that some, partly on this accout, and others apprehending, that the paper by the manner of its expression came from the body of friends, as a religious society of people, and not from particulars, have through these mistakes, weakly concluded that the said description in matter and form might be writ, printed and recommended on purpose to prompt and allure people, to dis-settle and transplant themselves, as it's also by some alledged: And because that we are informed, that several have on that account, taken encouragement and resolution to transplant themselves and families to the said province; and lest any of them (as is feared by some) should go out of a curious and unsettled mind, and others to shunn the testimony of the blessed cross of Jesus, of

which several weighty friends have a godly Jealousy upon their spirits ; lest an unwarrantable forwardness should act or hurry any beside or beyond the wisdom and counsel of the lord, or the freedom of his light and spirit in their own hearts, and not upon good and weighty grounds ; It truly laid hard upon us, to let friends know how the matter stands ; which we shall endeavour to do with all clearness and fidelity.

1. That there is such a *province as New-Jersey*, is certain—

2. That it is reputed of those who have lived and have travelled in that country, to be wholesome of air and fruitful of soil, and capable of sea trade, is also certain ; and it is not right in any to dispise or dispraise it, or dissuade those that find freedom from the *Lord*, and necessity put them on going.

3. That the Duke of York sold it to those called lord Berkeley, baron of Stratton, and sir George Carteret, equally to be divided between them, is also certain.

4. One *moiety* or half part of the said *province*, being the right of the said lord Berkeley, was sold by him to John Fenwick, in trust for Edward Byllinge, and his assigns

5. Forasmuch as E. B. (after William Penn had ended the difference between the said Edward Byllinge and John Fenwick) was willing to present his interest in the said *province* to his creditors, as all that he had left him, towards their satisfaction, he desired William Penn (though every way unconcerned) and Gawen Lawrie, and Nicholas Lucas, two of his creditors, to be trustees for performance of the same ; and because several of his creditors, particularly and very importunately, pressed William Penn to accept of the trust for their sakes and security ; we did all of us comply with those and the like requests, and accepted of the trust,

6. Upon this we became trustees for one moiety of the said *province*, yet undivided ; And after no little labour,

trouble and cost, a division was obtained between the said Sir George Carteret and us, as trustees; The country is situated and bounded as is expressed in the printed description.

7. This now divided moiety is to be cast into one hundred parts, lots, or proprieties; ten of which upon the agreement made betwixt E. Byllinge and J. Fenwick, was settled and conveyed unto J. Fenwick, his executors and assigns, with a considerable sum of money, by way of satisfaction for what he became concerned in the purchase from the said lord Berkeley, and by him afterwards conveyed to John Eldridge and Edmond Warner, their heirs and assigns.

8. The ninety parts remaining are exposed to sale on the behalf of the creditors of the said E. B. And forasmuch as several friends are concerned as creditors, as well as others, and the disposal of so great a part of this country being in our hands, we did in real tenderness and regard as friends, and especially to the poor and necessitous, make friends the first offer; that if any of them, though particularly those that being low in the world, and under trials about a comfortable livelihood for themselves and families, should be desirous of dealing for any part or parcel thereof, that they might have the refusal.

9. This was the real and honest intent of our hearts, and not to prompt or allure any out of their places, either by the credit our names might have with our people throughout the nation, or by representing the thing otherwise than it is in itself.—

As for the printed paper sometime since set forth by the creditors, as a description of that province; we say as to two passages in it, they are not so clearly and safely worded as ought to have been; particularly, in seeming to limit the *winter* season to so short a time; when on further information, we hear it is sometime longer and sometime shorter than therein expressed; and the last clause relating to liberty of conscience, we would not have any to

think, that it is promised or intended to maintain the liberty of the exercise of religion by force and arms; though we shall never consent to any the least violence on conscience; yet it was never designed to encourage any to expect by force of arms to have liberty of conscience fenced against invaders thereof.

10. And be it known unto you all, in the name and fear of Almighty God, his glory and honour, power and wisdom, truth and kingdom, is dearer to us than all visible things; and as our eye has been single, and our heart sincere to the living God, in this as in other things; so we desire all whom it may concern, that all groundless jealousies may be judged down and watched against, and that all extremes may be avoided on all hands by the power of the Lord; that nothing which hurts or grieves the holy life of truth in any that goes or stays, may be adhered to; nor any provocations given to break precious unity.

This an I, William Penn, moved of the Lord, to write unto you, lest any bring a temptation upon themselves or others; and in offending the Lord, slay their own peace: *Blessed are they that can see, and behold him their leader, their orderer, their conductor and preserver, in staying or going; Whose is the earth and the fullness thereof, and the cattle upon a thousand hills.* And as we formerly writ, we cannot but repeat our request upon you, that in whomsoever a desire is to be concerned in this intended *plantation*, such would weigh the thing before the Lord, and not headily or rashly conclude on any such remove; and that they do not offer violence to the tender love of their kindred and relations; *but soberly and conscientiously endeavour to obtain their good wills, the unity of friends where they live; that whether they go or stay, it may be of good favour before the Lord (and good people) from whom only can all heavenly and earthly blessings come.* This we thought good to write for the preventing of all misunderstandings, and to declare the real truth of the matter; and

so we commend you all to the Lord, who is the watchman of his Israel.

We are your friends and brethren,

WILLIAM PENN

Opinion of Certain English Lawyers on the Patent of Governor Nicolls for Elizabethtown.

[From N. Y. Col. MSS., in Secretary of State's Office, Albany, Vol. XXIV., p. 1.]

Councell's Opinions concerning Coll Nicolls' Patent and Indian Purchases.¹

The land called N York and other parts in America now called N East Jersey was first discovered by Sebastian Cobbitt, a subject of England in King Henery the 7th's time a bout 180 years since and afterwards further by Sr. Walter Raleigh in ye reign of King James and also by the Lord Delaware & began to be planted in ye year 1614 by Dutch & English the Dutch placed a Governour there but upon complaint made by the King of England to ye States of Holand the sd States Disowned ye Bisness & Declared it was only a Private Undertaking of ye West India Company of Amsterdam so ye King of England granted a Com'son to Sr. Edward Layden [Ployden?] to plant these parts calling them new Albion & ye Dutch submitted themselves to ye English Government but in King Charels ye 1st Reign ye troubles in England breaking forth the English not minding to promote these new plantations because of ye troubles ye Dutch Pretended to Establish a Gover. there again until ye year 1660 when afterwards it was reduced under ye English Government & included & Ratified in ye peace made between England & Holland then it was Granted to ye Duke of York 1664 who ye same year Granted it to ye Ld Bareklay & Ld George Cartrett and Notice thereof in

¹ Printed in Elizabethtown Bill in Chancery, p. 40. as of date 1677. Ed.

America Sevrall Persons took grants of Lands from Coll. Nicolls ye Duke's Gover. Sevrall of ye Planters have purchased of ye Indians but Refuse to pay any acknowledgment to ye King's Grantees.

Q. 1st Wither ye grants made by Coll. Nicolls are good agst the assigns of ye Ld Berekly & Ld George Cartrett

Q 2nd Wither the grant from ye Indians be sufficient to any planter without a grant from ye King or his Assignes

Ans 1st To ye first Question the authority by which Coll. Nicolls acted Determined by ye Duke's Grant to ye Ld Berekley & Ld George Cartrett & all Grants made by him afterwards (though according to ye Comission) are void for ye Delegated power w^h Coll Nicolls had of making grants of ye Land could Last no Longer than his Maj^t Intrest who gave him yt Power & ye having or not having Notice of ye Duke's Grant to ye Lord Berkeley & S^r George Cartret makes no Difference in ye Law but ye want of Notice makes it great Equity yt ye Present Propriet^r should Confirm Such Grants to ye People who will submit to ye Conssions and Payments of the Present Proprietors Quitt rents otherwise they may look upon them as Desseizors and treat them as such.

Anser to the 2^d Question by ye Law of Nations if any People make Discovery of any Contry of Barbarians the Prince of yt People who makes ye Discovery hath ye Right of ye Soyle and Government of ye Place & no people can plant there without ye consent of ye Prince or of such Persons to whom the right is Devoulved and Conveyed the practice of all Plantations has been according to this & no people has been suffered to take ye Land but by ye Consent and Lyeence of ye Gov^r or Proprietors under ye Prince's tytle whose people made ye first Discovery & upon their Submission to ye Law of ye Place and Contribution to ye Publick charges of the place & ye Payment of such Rent & other value for ye soile as ye Proprietor for ye time being Require and tho' it hath been and still is ye Usual Practice

of all Propriet^{rs} to give their Indians some Recompence for their Lands & so seems to Purchase it of them it is not done for want of sufficient title from ye King or Prince who hath ye Right of Discovery but out of Prudence & Chrystian Charity least otherwise the Indians might have Destroyed ye first Planters (who are Usually too few to Defend themselves) or Refuse all Commerce and Conversation wth ye Planters & thereby all hopes of converting them to ye Christian Faith would be Lost In this ye Common Law of England and ye Civil Law doth agree & if any Planter be Refractory & will Insist on his Indian Purchase and not submit to this Law of Plantations ye Propriet^{rs} who have ye Title Under ye Prince may deny them ye Benefit of ye Law & Prohibit Commerce wth them as Opposers & Enemies to ye Publick Peace. Besides 'tis O^bservable yt no man can goe from England to plant in an English Plantation without Leave from ye Governmt & therefore in all Pattents & Grants of Plantations from ye King a Particular Lyeence to carry over Planters is incerted wth Power in Prohibitting is now in ye Propriet^{rs} as ye King's Assigns and therefore tho some Planters have purchased from ye Indians yett having done soe without ye Consent of ye Propriet^r for ye time being ye title is good against ye Indians but not against the Propriet^{rs} without a Confirmation from them upon the Usual terms of other Plantations

[From "New York Colonial Documents," Vol. XII., p. 592.]

Depositions of Edmond Cantwell, Justice For Out-
 hout, Michael Baton and Reynier Van Th——,

in a court held at New Castle, relative to the conduct of John Fenwicke at a meeting held on the east side of the Delaware River.

Att a Court held in New Castle 9th day of May [1678]

Edmond Cantwell declared in R: Salem (alias) Swamptowne, of April 1678; where Major John Fenwicke ordered a meeting of y^e east syde of This River, hee the s^d Fenwicke did then apoint suitable officers viz^t Samuëll Hedge Surveyo^r Gener^{ll}, James Nevell to bee secretary, Samuëll Winder Registe^r, and declared that hee would nominate and appoint other officers att his Leasure and caused his s^d Secretary to read severall papers, as his Mag^{ties} Pattent to his Roy^{ll} highnesse, and his Roy^{ll} highnesse to y^e Lord Bereckley, and a Coppy (as he said) of y^e Lord Bereckleys, to him the s^d fenwicke wth severall other papers w^{ch} y^e attestant did not minde, and after y^e Reading of all these papers hee the s^d fenwicke, demanded in his mag^{ties} name the Suppreority and the submission of y^e People there as his Right and propriety, after his demand he brought a Paper upon the Table in the forme of an oath or some such thing, w^{ch} severall of his People or officers sighed, after they had don, I tould him that the most parte of the People that was there, did not know what was read, hee answered mee that they could know well a noff to take away his Land, I alsoe tould him that there was a small Levy Laid by the Co^{rt} upon y^e People on that syde he said y^e Co^{rt} had no power to Lay no Levy on that syde & said whoe soever did pay any Levy should forfeit their Lands & priviledges. I asked him if hee would beare them out & hold them harmlesse hee said hee would give them his hand to answer itt before the . . . and sayed that the People should stand on their owne defence if any boddy came to demand it, and alsoe did forbid Pop Outbout not to act any thing in behalfe of y^e Co^{rt} of New Castle upon the forfeiture of his Estate. I told him y^t his hono^r y^e Governo^r had Commissionated him the s^d M^r Out-

hont, and was still pleased for to Continue him, hee said the Governo^r had nothing to doe on that Syde, and that hee meaning himselfe was Subject to no man but God and the King, hee alsoe said that hee would doe nor act nothing wth out the advyse of his Counsell w^{ch} hee would nominate verry suddenly, wth severall more Speeches w^{ch} y^e attestant doth not now Remember.

Justice fop Outhont declares to have been p^rsent wth Capt. Cantwell and to have heard In Substance, the same that is hereabove declared by the s^d Cap^t Cantwell :

M^r Machiell Baton and Reynier van the Sworne In Co^rt declare in Substance to have heard y^e same as hereabove by Cap^t Cantwell is declared.

Johannes Va in Co^rt declares one Gillis Gi River, Some of April Last past Major John Fenwicke came to the house & demanded why y^e deponant & y^e rest y^t were there did not come att New Salem as others did to acknowledge him (meaneing himselfe to bee Lord & proprietor of y^e place) Upon which they answered him saying how they could owne him, so Long as they paid Levy to witt 12½ gilders p^r head att New Castle Co^{ty}—Wherenpon hee the s^d fenwike Replied saying that all those whoe paid y^e same should never Injoy a foot of Land on the Eastern Shore, and further sayeth not.

Proclamation of John Fenwicke to Claimants of Land.

[From Johnson's "Historical Account of the First Settlement of Salem," p. 23.]

The Summons for persons to enter their claims
 within a month.

No. CES. 88.

By John Fenwick, Esq., Lord or chief proprietor of

the said province, and in particular of Fenwick's colony, within the same.

Whereas there are divers and sundry persons, both Dutch and French, as well as English, who have presumed upon none or very slender pretences to claim an interest unto several tracts, pieces and parcels of land, lying within my said colony, without applying themselves unto me, and producing any lawful authority to warrant their doings therein; and to secure them who have entered upon, cut down the woods, and settled themselves upon their supposed plantations, either as their tenants or purchasers, all which tends to the breach of the king's peace within the said colony, besides the obstructing of the settlement thereof, contrary to his majesty's letters patent, bearing date the twelfth day of March, in the sixteenth year of his reign. The grant from James Duke of Yorke, bearing date the four-and-twentieth day of June, in the said sixteenth year of his said majesty's reign, made unto John Lord Berkeley and Sir George Carteret, knight and baronet, jointly. And the said Lord Berkeley's deed, made unto me, of his whole moiety and half part, bearing date the eighteenth day of the First month, commonly called March, in the year one thousand six hundred seventy-and-three, and enrolled in the high court of chancery within the kingdom of England, and hath been produced to Major Edmund Andross, the Governor of New York, and his council, for their preventing of future trouble, and the furtherance of the settling of the said moiety, half part and colony, by me, and all and every the purchasers who lawfully claim under me. These are therefore to will and require all and every such person and persons above mentioned, and in his majesty's name, straightly to charge and command them, and every of them, to come and appear before me, and to bring every paper, order and warrant, which they have to show for their pretended titles, to the end they may be enrolled in a book for that purpose provided, and thereupon a day appointed for their several appearance before

me and my council, in order to a final determination of each man's particular interest, according to the law of England, and the said late lords proprietors' concessions established in order thereunto within the said province, in pursuance of the said letters pattennt and several grants aforesaid; so that I, and them the said persons with all that claim under me, may not only receive satisfaction, but also that my said colony, and all the planters within the same, may be settled in the love of God by the laws of the king of England, and in that peace which becomes all our great professions of being christians, and declarations, oaths and subscriptions of our bearing true allegiance unto the king of England, his heirs and successors: and to all and every person and persons that are concerned as aforesaid, and not to fail, upon notice hereof, forthwith to appear accordingly, so as within one month after the date hereof, the business may be settled, and they no ways to suffer through their contempt.

Given under my hand and seal, at New Salem this sixteenth day of the Third month, commonly called May, in the year, according to the English account, one thousand six hundred seventy and eight, and in the thirtieth year of the reign of King Charles the Second of England, &c.

Petition of Thomas Olive and Other Inhabitants of Burlington, N. J., in Favor of Henry Jacobs, Tenant, in Possession of Matiniconck Island.

[From "New York Colonial Documents," Vol. XII., p. 615.]

Burlington the 5th of ye 10th mo: 1678.

At the request of Henry Jacobs we whose names are under written doe give this our testimony in his behalfe To the Gouvernor of Yorke. The said Henry beeing tenant and in possession of the Island called Matiniconck, when wee first came into this Country and behaved himselfe seivilly and fairly to us in our alsoe was

serviceable & helpful to us at the purchase of the land of the Indians, where many of us are now settled, being neare to the saide Iland of Mattinnaconeke and since the time of our settling being a neare neighbour to us hath beene redy to assist us at any time one the account of the Indians. And we beeing strangers to the Country and unaquainted with the Indian language have often had occasion to make use of the aforesaid'e Henry amongst the Indians, whoe hath redily come to us from time to time to serue us and answere our request, as occasion has required and is equally concerned with Peeter Jegoe and both tenants to the Governor for the Iland as afforesaide. And itt haveing soe fallen out of late that another hath gott a grant of the afforesaide Iland, which Henry Jacobs and Peeter Jegoe are now in possession of, And are very unwilling to forgoe it beeing now in a way to Improve the land and to raise some corne upon it they paying there yearly rent according to agreement and that another should so come to snesced that hath been received and Entertained as a stranger in time of necessity and by reson the men are soe deserted and discouraged in that they are like to bee put out of there place wee can doe noe lesse than giue our testimony as above written, And doe not question that if the Governorr comes to understand things thrughly butt that hee will sett all to writes.

Burlington June ye 23rd 1679*Sir John Werden to the Secretary of State, on the Extent of
the Authority Granted to the Proprietors of New Jersey.*

[From London Public Record Office, "America and West Indies," Vol. 385.]

The Pretension of the Proprietour's of New Jersey
to Pay Noe Customes, at New Yorke

Stated 19th Sept^r (79) This Is rec^d from S^r John Werdon.

The Dutcl West India Company were possessed of a Lardge Tract of Land in America (called new Netherlands, for the Governement whereof, among other things, they Imposed a Custome of $\frac{10}{100}$ upon Merchandises of Straingers or Inhabitants there, & collected y^e Same many Yeares.

In. 1664. His Maj^{ty}s^r Forces under Coll. Nicholls invaded those Territoryes & conquered y^m yet admitting Articles of Surrender (on delivery up of the ffort at New-Amsterdam, now called New-Yorke) wherein the same Payments were consented to, & generally the Priviledges of the Inhabitants (then most Dutcl) reserved to y^m

Coll. Nicholls continued in Possession many Yeares as Governour under His R^{ty} High^{esse} (to whom the K^s by Patent had graunted the whole Tract, with Power to make Laws &c. for y^e Good Governem^t thereof, soe as they were not repugnant to the Lawes of England) And after him Coll. Lovelace succeeded in the Governement till (1672) dureing all which tyme y^e s^d $\frac{10}{100}$ Customs were duly collected without Interruption.

Soone after y^t y^e Duke had Passed his Pattent, He graunted to S^r George Carteret & L^d John Berkelay, A Parcell of the Premisses, which is since called New Jersey, which they enjoyed Jointly as Proprietors of the Soyle: untill. (72) when by the Chance of warre, The whole Territory fell againe into y^e hands of the Dutch.

Whilest y^e Dutch were in Possession of it (& in warre wth England) M^r Fenwicke, M^r Billing &c (most of y^m Quakers) agree with L^d John Berkelay for his Right to One Moity of New Jersey.

Afterwards in (1673) the Peace being made 'twixt England & Holland; the whole Territory was restored to vs by virtue of y^t Treaty, & all men presumed to be in Possession againe; in Statu quo.

The Duke being affresh entitled from the Kings New Graunt to him; in. (73) or. (74) sends over a New Governour (S^r Ed^d Andros., who is now there) & a Company of

Souldiers to repossesse the Forts & resettle the Country ; but in kindness to y^m & encouragem^t to English Traders, Lowers (or abates) the $\frac{10}{100}$ to $\frac{5}{100}$ Customes.

About y^e same tyne S^r G. Carteret & y^e Quakers obtaine New graunts from the Duke of New Jersey, in the same manner, as it was formerly granted to S^r G. Carteret & L^d Berkeley.

And afterwards the Quakers agree with S^r G. Carteret to divide New-Jersey betwixt y^m by certaine Metes & bounds soe as each might know their owne Share ; & this is done by drawing an Imaginary Line crosse the Country (but Visible in their Map) to which all partyes being agreed ; the Duke upon their desire adds his Confirmation of this their Partition.

S^r Edm^d Andros y^e present Governour continues to demand & Collect y^e $\frac{5}{100}$ Customes (as his Predecessours did y^e $\frac{10}{100}$) & y^e Quakers exclaime agst it, pretending y^t they ought not to pay Any.

Quære ? whether by the Graunt to the Quakers (& to S^r G. Carterett) of the Soyle, &c. They be empowred to set up distinct Governements, Principallities, or Commonwealths, within their Respective Lands ? or whether they are not still lyable, as all other Inhabitants in these Territories are, to the Lawes established in New Yorke, for y^e whole Territory depending on it ?

From Governor Philip Carteret to Governor Edmund Andros in answer to his letter of the 8th March.

SIR

HAVING seriously considered your Letter of the 8th Instant, and advised upon the Contents thereof, not only with the Council, but also with the most eminent, though not numerous, Part of the Country who have largely weighed the Force of his Royal Highness Grant, the Commands of his Majesty to confirm to the Lords Proprietors Government, the long and peaceable Possession of this Government during the Time of all your *English Predecessors*, and yourselves, return this Answer, that as I have not plunged his Majesty's Subjects into any Disturbances, so I intreat you not to molest me, as his Governor, nor the People under my Charge; I not making any presumptive pretence beyond the Bounds of my Commission, nor the People Yielding Obedience but by their Sovereigns positive Orders. As to what may be requisite to Land, or Sea Marks, as they are considerable so they shall be considered of, without any other compulsion than the necessity of his Majesty's Affairs requires, if you intend to set a Fort at Sandy-Hook, I shall be constrained to endeavour to prevent the same, until I shall know the Proprietors Pleasure, he

having reserved that for a Fortification when the King shall command it. The People as well as myself and Council, hold ourselves obliged by his Majesty's express Commands to yield Obedience to the Government, established by Sir *George Carteret*, and are under Oath so to do,—and are resolved not to vary therefrom until the same be remanded by the King, who only can determine this Matter; and shall be necessitated, if any Force be used, to defend ourselves and Families the best we can, which if any Blood be shed it will be contrary to our desires, and the just and righteous God require it at your Hands, who are the Causes thereof—And therefore we intreat you to forbear your threats or any other Acts of Hostility towards us, until his Majesty decides this Controversy, which we shall endeavour to have effected as soon as possible may be: The occasion that hinders this from being sent you sooner, is the foulness of the weather hindering the Councils meeting, as also an alarm we had Yesterday of your being come with your Sloops and a considerable Number of Soldiers which constrained us to put ourselves in a Posture of Defence

From Governor Carteret to Governor Andros

SIR UPON consideration of his Majesty's Commands

which is only directed to his Governor and Council in this Province, I have thought fit to countermand any former Orders of convening the General Assembly, which will be but a charge and trouble to the Country, and in Friendship think fit to let you know it, that you may not come or send in Expectation to it; and finding the Insinuations and indirect Means you use for obtaining the Government, and in a sinister way to subvert the Minds of his Majesty's Subjects here, therefore do hereby Command that no more of your Emissaries may be sent or appear here, under Penalty of being proceeded against by Imprisonment, Tryal, Condemnation and Penalty, as his Majesty's Laws direct to Spies or Disturbers of the Publick Peace, unless with particular Message to me and so to return. *Visit of Sir Edmund Andros to New Jersey.*¹

[From N. Y. Col. MSS., in Secretary of State's office, Albany, Vol. XXIX., p. 73.]

Monday April 5th 1680

It was resolved in Councill, That the Go: goe in person
tomorrow in his Sloope towards New Jersey to be there
the next day being the 7th, the time appointed for the Dep:
to meete, & that he goe in a friendly way with his owne
Retinue & some Volunteers to attend him, without other
arnes than their swords.

Tuesday the 5th

The Go: & his attendants went on board about two
oclock afternoone towards N. Jersey having a briske gale
of wind at w. s. w or thereabout. Volunteers that attended
the Go: Morriss, Nicolls, Eger . . . etts Willett, Col-
lyer James Graham Hon^{ble} J. White. J. Wandall, J West.
In the Evening wee came up to Shooters Isl where wee
ran a ground and afterwards came to an anchor on Staten
Island side not far from C Youngs. It was there proposed
if not convenient to send some one to C. Carteret that very
Evening to acquaint him of o^r Coming in peace, which was
resolved on: C Collyer was pitcht upon & (by his owne
request) M^r Jane Wilson to accompany him, who went
away to a point where they were challenged but declaring
to be friends went up the Creeke in Coll. Morriss' boate.
They found pt of a comp^y with C. Greenland at the point
& heard of another comp^y by the way when they arrived
at C Carteretts there were others in arnes who challenged

¹ See Governor Carteret's account of the same visit on a subsequent page, from
"Grants and Concessions," p. 677, and "East Jersey Under the Proprietary Govern-
ments," 2d Edit., p. 92. Ed.

them why & from whence they came, and C. Sandford with his sword drawne came to the landing place and demanded if they were friends, to the wth C Collyer replying "yes" hee did have them to leave that but let them come ashore. The boate came back but they stay'd all night.

Wednesday the 7th

The same boate was sent over to the pointe about six of the Clock in the morning to bring the messengers aboard who were come downe.

Att their arrival, they gave acct of their recep & of C. Carteretts answer That if the Go: and his Retinue should come to him as friends hee should be welcome.

About an honre after the Go: & Comp^y went in his pinnace & Coll Morriss boate up the Creeke There was at the pointe Capt Greenland with part of a Company without Colours, saluted the Go: who were relieved by another party from the town just as we went up the creeke.

The Go: &c went ashore a little below Mr. Hopkins' house & walkt to C Carteretts on the hill. As all crost the hollow just by the house there was part of a Company with C. Whitehead at their head, who making a passage for us wee walked through to where wee mett C Carterett Capt C Sandford, C Pike & Capt Bowers. C Carterett inviting the Go: in the stockades, another party opened for to receive the Go: which was commanded by C Sandford who gave a volley just as wee passed through them.

A while afterward being gone in S^r Edmund Andros acquainted C Carterett & the rest with the occasion of his coming to undeceive the people and to shew his pretensions on his Royal Highnesse behalfe to the Govern^t Thereupon comanded mee to read the K^s patent to himselfe &c to receive the place & country from the Dutch, which was done. Together with Go: Colves orders under his hand & seale to all offic^{rs} to surrender unto the Go: & one particularly to M^r Ogden then scherif for the surrender of N. Jersey.

The K^s patent to his R H^s was likewise began to be read, but the people crowded in to heare it being debarred by C Sandford's Comand to the Marshall to keepe them out which he did somewhat churlishly, S^r Edmund being unsatisfied therewith & not willing to trouble C Carteretts house, hee ordred mee to follow him out of doores, there to read it in the open field without the stockades that all his Maj^{ties} subjects there present might heare the same, which was done accordingly, as also the Dukes' Commission to the Go: & the King's order and under the signet, to resurrender all baek to his R II^s order &c

Wherenpon C Carterett desiring S^r Edm. to goe into the house againe where he would produce all his rights to the Govern^t. He shewed the lease & release from his R H^s to S^r George Carterett w^{ch} was read by C Berry & pleaded to by him & Capt Sandford C Carterett in the middle betweene them & C Bowers thereby who read one of the letters with the signet from his Ma^{tie} to C Carterett, there being also another to C Berry as dep: Go: & 2 others the one from his R II^s to Coll. Nicolls, another to Coll Lovelace relating his conveyance to S^r Geo: & order of assistance to his Go: or Dep: There was also a copie of another Letter part from the proprie^{tes} to Capt Nicolls promising to confirme his grants.

S^r Edm Andros insisted upon his Maj^{ties} L^{res} Patents being of greater force than the K^s private L^{res} & the Conveyance by lease & release to vary Comand with other material arguments. That which they at last centred upon was that S^r Geo was the D's assignee & by vertue thereof had as ample p[ower] of Governm^t as the D. himselfe, & both C Carterett, Berry, Sandford & Bowers declared they would to their uttermost hold & defend their Go:m^t until the K^s pleasure were known thereby who could only be judge in the case with his Councill betweene his R II & Sir Geo Carterett.

C Berry talked of Appealeing unto Engl w^h hee said they had sett about already but being minded by S^r Edm

that it was Impropr thing to appeal before a judgment, however they presisted in it.

Sometimes they insisted upon the being in possession unmolested but a while after the discourse was broken off.

After dinner S^r Edm. walkt down to the pier, accompanied by C Carterett & Capt Berry with a party of men in armes, a Guard being made for him from the doors to the stockades & over to the brow of the hill each of the pty's giving a volley. There was onely one Colours among them. The sailors gave a volley or two as I goe aboard, so having a good wind we reach home before night.

*Extracts from the Minutes of a Special Court of Assizes,
Held in New York, for the Trial of Philip Carteret.*

[From "Grants and Concessions," pp. 678, 679, 680.]

At a special Court of Assizes held in *New-York* the 27th and 28th of May, 1680

A. B. who as well as &c. presenteth Capt. *Philip Carteret* of *Elizabeth-Town* in *New-Jersey*, for that he the said Capt. *Philip Carteret*, the 7th Day of *April*, last past, and divers Times before and since, without any lawful Right, Power or Authority with Force and Arms, riotously and routously with Capt. *John Berry*, Capt. *William Sandford*, and several other Persons, hath presumed to exercise Jurisdiction and Government over his Majesty's Subjects, within the Bounds of his Majesty's Letters Patents granted to his Royal Highness; and although by Publick Acts and Declarations hath been forwarned [not] so to do, he the said Capt. *Philip Carteret*, hath persisted therein, and riotously and routously with Force and Arms hath endeavoured to assert and maintain the same, all which Actings of the said Capt. *Philip Carteret*, have tended to the hinderance of the publick Peace of the Government, and in contempt of and contrary to the Laws and Liberty of the Subject, and against the Peace of our Sovereign Lord the King, therefore prays that this Court will proceed against him the said Capt. *Philip Carteret*, as the Law in such Cases directs.

Philip Carteret, Esq; saith, that he did refuse the Delivery of the Government of *New-Jersey*, for that he being Commissionated Governor thereof, by Power derived from his Majesty, and his command to the People, to be obedient to the Government established by Sir *George Carteret*, dares not deliver the same without an especial

Command from the King, unto whom he hath addressed himself for Determination; and whereas he the said *Phillip Carteret*, Esq; hath been violently and riotously halled out of his House by Night on the 30th Day of *April*, 1680, by Sir *Edmond Andross*, his Officers, and kept a Prisoner ever since, doth demand his Liberty upon his Parole to appear when the King shall Command it, and doth protest against the Jurisdiction of this Court, where his imprisoner and accuser is to be Judge, and doth Appeal to the Determination of his Majesty who only is the proper decider of this Matter.

CAPT. *Phillip Carteret*, of *Elizabeth-Town*, in *New-Jersey*, being presented for that he the 7th Day of *April* last past, and divers Times before and since, without any lawful Right, Power or Authority, hath presumed to exercise Jurisdiction and Government over his Majesty's Subjects within the Bounds of his Majesty's Letters Patents to his Royal Highness, and though forwarned hath persisted and riotously and rontously with Force and Arms, endeavoured to assert and maintain the same; &c. upon Tryal being by the Jury brought in not Guilty, is acquitted accordingly.

But the Court declare their Opinion and give Judgment, that if he the said Capt. *Carteret* shall go to *New-Jersey*, he should give Security or Engagement not to assume any Authority or Jurisdiction there, Civil or Military.

Proceedings of the New Jersey Assembly and Council.

[From N. Y. Col. MSS., in Secretary of State's office, Albany, Vol. XXIX., p. 120.]

New Jersey June 2nd 1680

This being the day appointed for the meeting of the Assembly, all the Deputyes appeared for the severall Townes unlesse for Berghen.

In the afternoone they tooke the Oath of Allegiance. The King's Letters Patent & the Govern^{ers} Comission from his R H^s read & the Election of a Speaker & Clark recommended to them after the Governor had spoken to them upon severall heads tending to their Generall good and welfare. [To the following effect, as given in "Grants and Concessions," p. 680, as certified to by Mathias Nicolls, Secretary:]

—[He] acquainted them, that they are met for the King and Country Service, and in order to it he hath brought the Kings Letters Patents, under the Great Seal of *England*, to his Royal Highness and his Commission, that this Part of the Country, may by them their Representatives see the Authority, and his Majesty's and his Royal Highness care of them in every respect, as of the other Parts of the Colony; pursuant to which and Law he hath endeavoured not to be wanting in his Duty for the welfare

of all, though by some mistakes and neglects, they have not been so unanimous and united as they ought and now are by the said Great Seal, which is their grand Charter Rule and Joint Safety; and Things being now come so well to their right Channel, he doth again by virtue of the above Authority confirm the remitting all past Actors assuming Authority, and offer to their Consideration how necessary it is an Act be made to confirm all past Judicial Proceedings, and for the Times and Places of keeping their future Courts and Sessions

And it being of general Import, as by Patent, to have peculiar known Laws and Method of Proceedings, he hath also brought for their perusal, and offered them the Law Books composed and past into a Law by the Assembly at *Hanstead*, and since confirmed and in force in all other Parts of the Government, in which if any small matter be wanting, Liberty to make local prudential Laws, and for greater Matters, not expressed, the General Court of Assize to judge, not repugnant to the Laws of *England*: And he is ready to hear them and to do his Part further for the good and Welfare of all his Majesty's Subjects, pursuant to his Majesty's said Letters Patents and Authority under his Royal Highness, respecting the Jurisdiction, without entrenching upon any Mans Just Rights, Properties, Freeholds, Possession or Liberty of Conscience, or Distinction of any Place or Person comporting themselves, as they ought.— . . .

In the Evening a paper was brought from the Assembly ¹ setting forth their expectacons as in the s^d papers. N^o 1 is sett forth.

June 3rd The two Deputyes from Berghen coming in

¹ It is evident, from the confused manner in which the minutes were kept, that the same individual acted for both bodies, and intermingled their proceedings very singularly. In another place the paper referred to in the text is mentioned as having been presented on the 3d. From the phraseology used in some of the papers, it is supposed that they were written by the Governor's Secretary, and are to be considered more as a journal of events, compiled for his information, than the official minutes of either the Council or Assembly. ye morning and making excuse for not appearing yesterday were sworne.

In the morning they returned Mr. John Boune for their speaker & M^r Isaac Whitehead to be Clarke. . . .

At a Conneell in Eliz: Tonne June 4th 1680 [met at M^r Whitehead's] ¹

The pap. given in yesterday in the Evening to the Gov: from the Deps: taken into Consideraicon Resolved: That what is insisted upon by them, not thought proper for the Go: to take notice of, at this time, the Jurisdiction being onely asserted without intrenching on any man's just rights & property &c.

That there is sufficient Care taken in the King's L^{res} Patents for the security and the well government of his subjects, And that an Assembly or Assemblies bee called as shall bee necessary

That as all acts made on the K's plantacions are temporary so not thought proper or in the Go:s power to reenact here the K's L^{res} patent being [our] onely grand charter & best security.

Upon the receipt of a pap last night

[Resolved That the paper is thought to bee improper and that the Assembly be sent for & minded of what the Go: & Conneill spake to them at their first meeting as meet materiall expecting a suiteable answer.]

The Dep^s appearing at M^r Whiteheads, the Clarke being sent for, the Gov: discoursed wth them upon their paper & other Publick Affaires. [To the w^{ch}] M^r Boune, the Speaker made answer on behalfe of the rest, & held an argument of neare 2 houres, pleading their rights & priviledges of Dep^s &c but [at length seemed to bee Convinced] almost . . . by ye Gov: of having them settled by an Aet as they desired, though left with hopes of having an Assembly upon occasions.

¹ The words in brackets in this document are inserted from another paper, the differences in verbiage being remarkable.

The Gov: leaving them in the Evening after their sitting, they sent [two of their] messenger[s] with a paper to bee put into an act for a Confirmation of their past acts in [November] last, without mencioning of them. I was ordered to aske for a Copy or a sight of the laws which the Clarke promised to acquaint the Speaker with.

June 5 1680

The Councell meeting the Go: and takeing into Consideracion the dilatory & tedious proceedings of the Assembly:

Resolved That the Go: & Councill repaire back to N. Y. & returne hither from thence on Thursday next in order to meete here Fryday in Councill & that the Assembly bee spoken to in the meantime to prepare what publick matters they have to prépare & communicate to the Go:

That as to the Lawes of their Assembly they bee acquainted that a copie of them is desired to take it to bee transcribed at N. Y. if they can spare them; if not to bee taken here afterwards.

9 The Go: returned to the Assembly.

A paper brought from the Assembly desiring a Committee as to ye Paper N^o 3.

10 Another paper about a new Deputy in the place of M^r Douglas as in ye paper N^o 4.

[11. Upon an addresse from the Assembly of the 9th at night for a Conference upon the Governmt proposals Resolved They being plaine & no answer nor difference or occasion knowne requires no conference, but however some of the Councill to bee ready tomorrow the 11th Inst at 2 o'clock in the afternoone to heare any answer or discourse from the Assembly, if desired by them.]

11 Of the Councill there was the Secr M^r Donell, M^r Cortlandt, of the Assembly, the speaker, M^r Johnson, M^r Ward, & some others. The Deputyes offered to enter into discourse of severall particulars but the Councill referr'd

them to make answer to what they had given them in charge from the Go: & that they were ready to heare what they had to propose which they should give an acct of to the Go: but they insisted on they had given in already, so broke off.

In the evening another paper sent by the Assembly as their answer &c

12 The answer from the Assembly read in Council Resolved That nothing offered by the Assembly is for the K or Conuntry's service, but the contrary particularly reflecting upon his Maj^{ties} L^{res} patents & the Authority thereof

Advised & Resolved. That the Assembly bee dissolved.

Letter from Governor Carteret to the Proprietor narrating the proceedings of Governor Andros.

RIGHT HONOURABLE SIR

Since my last of the 8th *April*, 1680, the Copies whereof I herewith send you, Sir *Edmund Andross* came hither on *Wednesday* the 7th Instant accompanied with several of his Officers, Concellors and Merchants, to demand the Government of this your Honour's Province, supposing to have gained it either by Threats or Flattery; and having Notice of it before hand I had gotten together a Matter of 150 Men in Arms to receive him, doubting he would have brought some offensive Forces along with him but did not, and having leave with his Train to come a Shore, he came up to my House, where after the Civilities past, he began to show by what Authority he had to lay Claim to the

Government; and first began publickly to read his Majesty's Letters Patents, under the Great Seal, directed to himself for the receiving of the whole Countrey from the *Dutch*, which signified little to the Purpose; than [then?] he brought out his Majesty's Grant to his Royal Highness with the broad Seal to it, which myself and Council had sufficiently examined before, which was likewise read publickly, as also his Commission from his Royal Highness, that being done we drew into the House and came to the Table, where we laid open those Writings we had in your Honours behalf from his Majesty and his Royal Highness, and had several Arguments upon them, when coming to a Conclusion, we maintained and made it appear that by the same Authority he demanded the Government, by the very same your Honour doth hold yours of this Part of the Province, as being the Dukes Assignee; upon which his last Answer was, that he had showed what Authority he had and according to his Duty did require it in behalf of his Master, and if we would not obey him, let it rest at our Perils, for that we answered him we had sent away our appeal to his Majesty, and should be ready to submit to what his Majesty should determine, and then we went to Dinner, that done we accompanied him to his Sloop and so parted.

Now your Honour may be pleased to take Notice, that we do not conclude that this Business will End, but will depend upon your Honour's diligence to have a final Issue of all differences according to that which myself and Council have advised your Honour, and to be sent us with all the speed that may be; no more at present but remain your Honours most faithful and humble Servant.

Elizabeth-Town, New-Jersey, July 9th, 1680.

MR. COUSTRIER,

SIR, SINCE the Writing above, I cannot omit informing you of SIR *Edmund Andross*, his Actions and Proceedings to the Government of the Province of *New-Jersey*,

where after many Debates and Disputes, we concluded to decide it rather by Arguments than Arms, but the Rancor and Malice of his Heart was such, that on the 30th day of *April* last, he sent a Party of Soldiers to fetch me away Dead or alive, so that in the Dead Time of the Night broke open my Doors and most barbarously and inhumanly and violently halled me out of my Bed, that I have not Words enough sufficiently to express the Cruelty of it: and Indeed I am so disabled by the Bruises and Hurts I then received, that I fear I shall hardly be a perfect Man again Capt. *Bollen*, will inform you more ample to whom I refer you, and desire you to be assistant to him in whatsoever you may, and you will infinitely oblige him that is Sir,

your humble Servant.

Governor Carteret to Captain Bollen.

[From "Grants and Concessions," p. 683.]

Elizabeth-Town, New-Jersey, July 9th, 1680.

CAPTAIN BOLLEN,

Sir, Yours from *Farefield*, dated the 18th *May*, which was directed to *George Jewel*, it was a Month before it came to my Hands; and your other two Letters by *John Willson's* Wife of the 8th *June*, and 21st, being three Weeks after, before I received them, which was by reason of the long Passage of the Vessel. I could gladly have wished that I could have written to you when you were in *New-England*, but could not with safety in the Time of my Imprisonment, which was five Weeks before they brought me to my Tryal, and this being the first Opportunity, with Convenience, that I have had since your Departure, which goeth by Mr. *George Heathcott*, for *England*, giving you an Account of Sir *Edmund Andross*, Proceedings. When I came to my Tryal my Intentions at first was not to have entered a Plea, and to have protested against the Jurisdiction of the Court; but finding the Court to be over ruled

by him, was forced to enter a Plea, and pleaded not guilty of what he alledged against me in my Presentment; and also was ready to make out and justify my Actings as Governor of *New-Jersey*, to be legal and by Virtue of Power derived from the King; to which purpose recommended to the view of the Court, my Commission with other Instructions to manifest the same, which was delivered with a Charge to the Jury, who after a perusal of the same by the Jury, was to make a return of their Verdict concerning it, with their Verdict in Matter of Fact, which was thus brought in by the Jury: The Prisoner at the Bar not Guilty—Upon which he asked them Questions and demanded their Reasons—which I pleaded was contrary to Law for a Jury to give Reasons after their Verdict given in; nevertheless he sent them twice or thrice out, giving them new Charges, which I pleaded as at first to be contrary to Law, notwithstanding the last Verdict of the Jury being according to the first brought in by them, *the Prisoner at the Bar not Guilty*, upon which I was acquitted accordingly, as you will [see] by a Copy of my Tryal which I here inclosed do send you, with the rest of Sir *Edmund Andross* Proceedings against me—If you cannot find the Book amongst Sir *George Carteret*, where all the Proceedings of *New-Jersey* are Copied in, as Deeds Transports or the like from his Royal Highness to Sir *George Carteret*, you will find the said Book in the Hands of Mr. *Holder*, the Dukes Auditor: Also to be mindful as there hath been a new Dividend or Alteration of the worst [west ?] Part of the Province where the Quakers do live from this, to take this opportunity for to have it renewed, that we may know the certain Bounds and Distinction of both; and do likewise advise you to address yourself to the Commissioners of the Custom-House, to whom I have also sent Copies of Sir *Edmund Andross* Transactions, and also desire their Assistance to my Lady *Carteret* in this Business; and likewise to make acquainted of the same both Sir *Edward Carteret's*, Doctor *Darvall*, Mr. *De Maresque*, Capt. *Me-*

servic, and the rest of my Friends and Acquaintance there, to be Assistants for our relief in this Case: and if possible they can to endeavour their utmost means for the obtaining our Powers again, and all Things to be confirmed and run in their former Channel with us as they did before. I have written to my Lady *Carteret*, about *Amboy*, and some other concerns of my own, for which I would pray you to use your utmost endeavours to have a grant of my request therein, and what lies in my Power shall not be wanting for the Supply of your Children, and mindfulness of your Concerns here. By this opportunity of Mr. *Heathcott*, Capt. *Dyve* is intended for *England*, by which I thought good to advise you, to be observant in his Motions, that he doth not Sware and Romance against us, as he did the Time before, and by all opportunities that I may hear from you, and to be very diligent of our concerns in *England*, leaving no Stone unturned that may be for our good, and as often as need doth require, shall not be wanting in doing my Part in Writing to you by all Opportunities that doth present, the like I expect from you and so remain

Your assured loving Friend,

MEMORAND^m M^r Billing for himselfe and others having long insisted on their Right derived from y^e Dukes graunt to Lord Berkley and S^r George Carteret (as Proprietors of West New Jersey in America) to be exempt from paying any Customes or other duties, or being any ways und^r y^r jurisdiction of New Yorke, but alleading y^e said West New Jersey to be wholly independant therefrom; after many hearings by the appointm^t of his R^{ll} High^{ss} who was pleased to referr y^e whole matter to y^e decision of Sir William Jones &c. At the last Sir William Jones gave his opinion und^r his owne hand as followeth:—

Sir William Jones' opinion about West Jersey

28 July 1680.

I doe hereby humbly certify that having heard w^t hath bene insisted upon for his Roy^{ll} Highnesse to make good y^e legality of y^e demand of Five p^{cent} from y^e inhabitants of New Jersey: I am not satisfyed (by any thing that I have yet heard) that y^e Duke can legally demand that or any other duty from y^e inhabitants of those lands. And y^t w^{ch} makes y^e case the stronger against his R^{ll} H^{ss} is, that these inhabitants clayme und^r a graunt from his Roy^{ll} Highnesse to y^e Lord Berkley and Sir George Carteret in w^{ch} graunt there is noe reservac^{on} of any proffitt or soe much as of Jurisdiction

W. JONES

In compliance to w^{ch} opinion His Roy^{ll} Highnesse y^s day 6 augst (80) at Windsor did co^{mand} Sir John Werden to bring him a Deed of Confirmac^{on} (or Release) tendered by M^r Billing, the more firmly to convey the said West New Jersey to him and y^e rest of the Propreitors, and

plainely to extinguish y^e Demand of any Customes or other duties from y^m (save y^e rent reserved as at y^e first) And his R^{ll} H^{ss} though his Councell at Law (Sir John Churchill and Sir George Jeffreys being both absent) had neither drawne nor signed it, was pleased to execute y^e same accordingly; by reason y^t M^r Billing urged y^e necessity of it now, to have y^e benefitt of the ships present voyadge, some being now ready to sayle into these parts of West New Jersey above menc'oned

Deed from Edward Byllinge to William Penn, Gawen Lawrie and Nicholas Lucas, in trust for the benefit of his creditors—Lawrie and Lucas being two of them—February 14th, 1674-5. I presume you will have heard already y^t his R^{ll} H^s in
 obedience to his Ma^{ts} co'mands is gone againe into Scot-
 land, but y^t before he went he was pleased (upon such
 advice as he relyed on) to confirm and release to the Pro-
 priet^{rs} of both moytys of New Jersey, all theire and his
 right to any thing (besides y^e rent reserved) w^{ch} heeretofore
 may have beene doubtfull, whether as to governem^t or
 publike duties in or from y^e places within their graunts.
 And though I believe y^e Deeds y^mselves (respectively)
 wⁿ produced to you, will enough satisfy you in this matt^r
 yet I thinke it convenient herein to give you notice of y^m
 to p^rvent as much as in me lyes, any doubt of y^e validity
 thereof, or there haveing beene surreptitiously obteyned
 or any oth^r inconvenience y^t may happen either to you, or

*Proclamation from Governor Carteret Against the
Authority of Sir Edmund Andross.*

[From "Grants and Concessions," p. 685.]

THIS is to give Notice to all to whom it shall concern, that I have received an Order in a Letter from the Right Honourable the Lady *Elizabeth Carteret*, bearing Date Month *September* 1680, (who is left sole Executrix, and Guardian to the Heir of Sir *George Carteret*, Lord Proprietor of this Province) with an absolute Command not to take Notice of any Commissions, Warrants or Orders from Sir *Edmund Andross*; And I am also further Commanded to tell you, that you bring in your Charges and Damages, Sir *Edmund Andross*, hath put this Province to in the Usurpation of the Government; for his Royal Highness being acquainted with his illegal Actions, in usurping the Government of *New-Jersey*, doth deny that ever he had any such Orders from him or done by his Consent; but on the Contrary the Lord Proprietor should have all right done him in the Enjoyment of the Province and the Government thereof; and that his Royal Highness would not in the least derogate from what he had granted to Sir *George Carteret*, and doth wholly disown and declare that Sir *Edmund Andross* had never any such Order or Authority from him for the doing thereof. And whereas I am informed that some Officers of *New-York*, do intend to persist and keep Courts by Virtue of Sir *Edmund Andross* illegal Actions, which will tend to the great Disturbance of the King's Peace, and detriment to the Lord Proprietor's Interest, and the publick Welfare of the People here settled under him: These are therefore to will and require all Persons not to obey, abett or assist or have any Thing to do in such Courts, for there shall be an Assembly forthwith convened and Officers chosen in due Time: Therefore let none presume to Act any further by Sir *Edmund's*

Orders or Commissions or any deputed under him, as they will answer the Contrary at their Perils. Given under my Hand and Seal, at *Elizabeth-Town*, in the Province of *New-Jersey*, this second Day of *March*, 1680.¹

SIR [Extract.]

I have already written to you touching the grants of New Jersey from y^e Duke and M^r Pen's pattent from y^e King (of Pensilvania) the Boundaries of w^{ch} towards New Castle y^e Duke assents to, and it will be convenient that you give notice of all to yo^r officers in New Yorke and New Castle. But without doubt all settlements already made in those parts ought to hold good, untill new laws be made by consent of their Assemblies (w^{ch} I think M^r Pen hath authority for ;) but I presume y^e Lords Com^{rs} for Trade hath taken care to preserve y^e rights of men in possession, or else it is a point ought yet to be thought of by y^m; for the Dukes authority there will not be sufficient to controule M^r Pen's pattent. As for y^e Islands in Delaware river, it is best to observe well the grants, as I take M^r Pen's is bounded by the shoars of Delaware river on y^e East, by w^{ch} Islands seeme excluded out of his patent, if they lye out in y^t open river, and may still belong to New Castle, and soe alsoe for those y^t the Quakers of New Jersey may pretend to; but in both these cases the graunts alone must determine y^e matter, w^{ch} you may be there well advised upon, for here they are not, neither can we Judge soe well as our lawyers. I wish you good health, and remain &c

As to yo^r fresh proposition to y^e Duke repeated in y^s last l^re viz^t that his R^h H^s would conferr on you y^e rest of w^t he possesseth in and about New castle on Delaware River, und^r certaine condic^ons and limitac^ons, such as you thinke fitt to offer: I told your friends yⁿ, w^t I now repeate to you, y^t the Duke was not pleased to come to any resolution as yet in y^t particular, and I doe not find y^t His R^h H^s hath altered his thoughts therein.

Yo^r last request, for a lett^r to the Govern^t of New Yorke y^t you may have quiet possession is in effect already answered and graunted: But whereas you menc^on in y^s l^re, isles y^t lye about Newcastle in Delaware River, I must take notice to you y^t y^s is quite a new proposall, having (as I believe) never heard you menc^on Isles (in y^t river) till now neither had I ever any comands from y^e Duke touching the passing of y^m to you. But all along have believed y^t the River itselfe (that is y^e shoare of it) was to be your East Boundary, and I believe you will find the words of your pattent y^t describe your Boundaries to import noe more, soe as if any gen^l words afterwards have isles inserted amongst y^m 'tis w^t I cannot say any thing for, neither can I Judge how far such an enumerac^on of particulars can include any more then y^e gen^l Boundaries doe

Capt. *Brockholls*,

SIR, I have received yours of the 26th Instant, by Mr. *Bullen*, and Mr. *Laprery*. I have a Power sufficient to Act as Governor of *East New-Jersey*, and am no more bound to give you and your Council an Account thereof, then you are obliged to give me an Account of yours: When you do produce to me by what legal Authority you are so confident to controul my Proceedings, I will shew you mine to contradict it. In the mean Time I will send your uncivil Answer for *England*, where your late Governor and his Councils unjust Proceedings, are already disowned by your Master, and condemned to be illegal by all in General. I did send you a Copy of his Royal Highness Grant attested by the Secretary of this Province, of which you seem to take no Notice of, nor of my demand of the Surrender of *Staten-Island* unto me, by which I conclude a denial, I remain

MADAM,

YOUR Honour will see by the inclosed Letter of Capt. *Brockholls*, Commander in Chief of *New-York* Government, under his Royal Highness, the Answer to mine and the Councils demand of *Staten-Island*, which is as much your Honour's due as any other Part of this Province, with my reply unto it, by which your Honour will understand the continuance of their Obstinacy and unjust Proceedings, which if not taken off by his Royal Highness and punished in Sir *Edmund Andross*, now you have him in *England*, we shall never be at quiet. The last Week the Council and General Deputies of the Assembly did meet for the Settlement of the Country, at which Time they all unanimously voted and concluded, that Sir *Edmund Andross*, and Abettors, Proceedings against this Government was illegal; some other small Things was done, which your Honour shall have account in due Time; and so adjourned to the Month of *October* next. y^e Dukes Councell or other able advice in Law) shall approve of its being sent, and then it is to be dispatched away by the first opportunity. But if you thinke it not fitt to be sent, then the Duke expects you should assoone as possible send him all yo^r opinions, w^t is fitt for him to doe in this matter. You may remember how often you have heard w^t the consequences would be of y^e late releases to y^e Quakers and S^r Geo. Carterett of New Jersey, viz^t the certaine losse of the trade and revenue of New Yorke, and (though at p^rsent y^e losse seemes a little hastened by the oversight of the Offic^{rs} of the Customes or scruples of y^e Lienten^t there) I believe you will find y^e inconvenience could not be long prevented. For supposing it to be in y^e Dukes power lawfully to impose Customes for the future (w^{ch} in complyanee to S^r W^m Jones his opinion, I begin to doubt) as not haveing any stronger reasons to believe it now then those w^{ch} he overruled; yet it is most probable if the Duke doe make use of y^t legall authority, it will in a short time be of noe other effect yⁿ to ruine New Yorke by drivinge all the inhabitants from thence, only crosse y^e river to New Jersey where they may trade freely without being lyable to any such publique paym^{ts}

Yo^{rs} of the 2th [29th ?] Currant wee Received, for answer we understand by the 6th Article In the Concessions that the Lord Proprietors did reserve unto themselves and their heires &c full and also late power to make Interpretation or Interpretac^ons, Explanac^on or Explanac^ons and Alterac^on of the severall Articles in the said Concessions and

alsoe to issue forth Directions and Instrukc'ons to be putt in Execuc'on att pleasure and yett noe Abatem^t of the Legall Power granted to the generall Assembly nor infringing of the Liberty and Priviledge of the people as is ignorantly alleadged for that where a graunt is made under Limitac'on and proviso what is thereby restrained is absolutely Reversed to the said Proprietors and their heires &c and that there is such a Limitac'on and Proviso in the said Concessions or Grant it will plainly appeare by the said 6th Article Relac'on thereunto being had, and it is matter of lamentac'on that the Representatiues of this Province should be soe shorte sighted that they cannot see that he which runnes may Read

In Answer to yo^r last P^resented from yo^r Hono^{rs} of Even date that the fore part there asserted relateing to the 6th Article is soe ffarr from Reason and Justice that being loath to declare a want of truth wee will rather conclude a want of due considerac'on and understanding thereof, and that the foresight of the Inquisitors and Contrivers of this your last returne did want a true prospectiue clearly to perceiue what is legally to be concluded for the proprietors Interest and Common Good of the Inhabitants, Therefore we the Deputies for the Country are resolved to abide and stand by the Protest already presented, and without feare hazard the menaces o^r members mett wth from your house, rather then betray the trust reposed in us for the publike

To the Governo^r & Councell.

The stop intended in the 6th Article can be no Relative to the antecedent freedoms and Immunities for it cannot in reason presumed that the Governo^r Councell and Assembly (who haue power to make such stop as well as the proprietor) would infrienge the power of them Wherefore the said stop or Contradice'on can be a relative to no other then the persons menc'oned in the said article with refference to Dutchmen thereby to prevent too many of them to be admitted amongst us (New Yorke Governm^t being most settled by them) whereby they might in time be to strong for the English and and soe revolt from the English Governm^t

Should the stop aforesaid haue refference to the free-

domes and immunities yet it cannot deprive any persons of these freedoms and Immunities that wer settled before such stop was made and soe consequently there must be two Governo^{rs} one for such as came before such stop and another for those that came after. Be all this granted yett the Dep^{ties} that now are assembled are appointed by those that have been settled before such stop came and therefore may not be deprived of their freedoms &c. The Lords would likely neuer have had a thought of such Contradiction of themselves had it not been a bratt begotten in New Jersey sent for England to be borne and Retransported to New Jersey to be fed with the groanes and Oppressions of the People

SAM. DENNIS Cl to the Dep^{ties}

To the Deputies.

This is to reminde you of what the Concessions enjoynes you to doe and you are desired nott to omitt doing what y^e Concessions requires to be done as in the tenth article relacon thereunto being had by act to make Provision for the Governo^r and Governm^t and by act to require every respectiue constable in his constablerie to collect, gather and receive the Lord Proprietors Quitt Rent, and pay the same to the Generall Receiver without charge to the said Lord Proprietors it is expected that you should comply with the said 10th Article in the said Concessions or forthwith shew cause to this Board to the Contrary

By the Governo^r & Councell

Yo^rs of Even Date lyes before us wherein you assume to yo^rselves the title of the generall assembly, the truth is if you were all persons quallified for Dep^{ties} yett true wisdom would teach you better manners then to stile Yo^rselves the Generall Assembly. Doubtlesse there was no want of Ignorance and Disloyalty where this Bratt had its edueac^on insomuch as that the generall assembly consists of the Governo^r Councell and Deputies ergo the Deputies no generall assembly, it was Lucifers Pride that putt him upon settling himselfe where God never intended to sett him and his Presumption produced or was forerunner of his fall; you sett yo^rselves where the Lawes of England nor yett the Concessions of this Province never sett nor intended to sett men that are but in private Capacity, as upon Examinae^on many of you will proue to be; to the Point of Quallificae^on for that by the Law of England every man quallified to Elect or to be Elected must sweare

to be leagally seized of an Estate in ffee of fferty shillings p'annum, besides reprisalls in the same Countey where he claimes his Priviledge and by o^r Concessions to be leageally and actually seised of a ffreehold Estate by virtue of a Pattent from the Lord Proprieto^{rs} and the same recorded in the Secretarye's office, and some of you haue confessed and it will appeare that there are some persons amongst you not Quallified accordingly and therefore butt men in priuate capacity and not the men intended by the writt of sumons. But wee being in a measure unacquainted with yo^r Present Quallificac'ons which now upon enquiry is made too apparent unto us haue Exchanged some notes with you and in your last sent to us you say that you cannott answer ours wherein wee put you in minde of what the 10th Article in the Concessions enjoyned you to doe but say you are about yo^r owne businesse and the Contryes, you pretend to be men in Publick Places butt declare in plain words you are first for yo^r private End and then for the Contryes. Private Spiritts in men in publique employ^{mt} are the Jewels that addorne yo^r brests as is und^r the hand of the Clarke of the pretended Gen^{ll} Assembly. *To our trusty & well beloved THOMAS RUDYARD Gent Send
Greeting.*

I the said Robert Barclay being well assured of thy Skill

¹ THOMAS RUDYARD was originally from the town of Rudyard, in Staffordshire; but, at the time of his appointment, was a resident of London. His legal attainments were thought to be of a high order, and it was probably his connection with the trial of William Penn and William Mead, in 1670, for acting contrary to the provisions of the Conventicle Act, that made him acquainted with the East Jersey project. He took an active interest in promoting the views of the twenty-four Proprietaries, and his house in George Yard, Lombard street, became the depository of their papers, maps, &c., for the information of inquirers. He came to the Province in November,

Differing from the Surveyor General as to the mode of laying out and allotting lands, (his Council agreeing with him,) he was superseded in July, 1683. Gawen Lawrie, his successor, entering upon his duties in February, 1684. Mr. Rudyard continued to exercise the duties of Secretary and Register until 1685, when he left the Province for the island of Barbadoes. vince for So long time as thou Shalt well and faithfully

¹ WILLIAM DOCKWRA, when first mentioned in the "East Jersey Records," is styled "Merchant of the Parish of St. Andrew, Undershaft, London." Having taken an active part in promoting emigration to the Province, by contributions in money and sending over settlers on his own account, he became so intimately associated with the Proprietors as to be made their agent, and authorized to sign for them all instructions and other documents which were deemed necessary by him for the well ordering of their affairs. This was 1686; two years later he was appointed Receiver General and Treasurer of the Province, and, in 1689, also Secretary and Register of the Board of Proprietors, performing his duties in the Province by deputy. In 1683 a penny post was established in London, of which Dockwra soon after obtained the management, but did not retain it long. He died in 1717, leaving several sons and daughters, but none of the family appear to have visited America. See "East Jersey Under the Proprietary Governments," 2d Edit., p. 246. ED.

My Lord

I should have answered yo^r Lords^{ps} of ye 21. Dec^r sooner, but y^t I have waited a good opportunity to make y^e proposall menc^oned in yo^r lett^r about y^e East part of New Jersey.

And now I am to desire a little further explanation of w^t is aynd at in y^e proposall, y^t is, whether the Propriet^{rs} of East New Jersey designe to Joyne y^t to New York (as heretofore) as a part of y^t governem^t and soe share in it by sending their Representatives to y^e Assembly at New Yorke (in such number as may be agreed on, if it be thought fitt) and contributing to y^e publique charge in propore^on &c or else whether haveing their governem^t in E. New Jersey holden by Charter from his Rth H^s imediately rather then by transmission from their Authers (as yo^r Lre expresses it) and being und^r the Dukes protecc^on to be understood only of the Dukes confirmac^on of their rights & possessions there, as they are derived unto y^m from Sir Geo. Carterett or his heires, by vertue of y^e Dukes grant heretofore to him and y^m

Moreover for the ease of negotiating y^e affaire I desire yo^r Lords^p will appoint some one (well instructed) empowered to answer such objecc^ons as may be started by his Rth H^s Com^{rs} here, wⁿ y^t is layd before them.

Deare Friend

On the first day of this weeke, after y^e meeting, I informed friends, That I had some matter of importance to impart to ye people, and desired them to give notice thereof to as many as they could, to meete at Salem on the next day; accordingly, there came together about 30 psons, to whom I read the inclosed, at w^{ch} George Deacon, John Thompson and seaverall others seemed highly displeas'd, Saying they would stand by the Concessions. I demanded of ye two foremensconed persons, whose leggs they would stand on, for their own legg had fail'd them formerly, &c. : they asked what I had to doe to medle in such Matters, wth out acquainting them : I answered, I thought y^{em} not psons fitt to be of my Conncill, &c : Some said, if the Governm^t belonged to thee, thou might assume it wthout our peticoning thee thereto : I replyed, thou would'st rather have it by consent of the people also : for W^m Called ye Conquer^r acknowledged he was chosen King, by the consent of ye people : ma'y words past, when it appeared y^t some had not learn'd how to keepe Silence, nor yet to speake to purpose ; at last it was agreed that all ye Inhabitants should have Notice to meete on the second day of this instant moth, and about 60 psons came together : the most part willingly Subscrib'd, & all ye rest, except two psons (after a long dispute) did the like, All generally desiring thee to admitt, that the people may have the Nomination of thy Deputy Gov^rno^r and the Justices of ye peace ; John ffewwick did not appeare, his son Hedge told me he thought his father would not doe any thing until he had been wth thee ; I have sent thee herewth his Commission, desiring it may never come to his hand, for the people have had so much experience of his ambition, &c.

formerly, and it is credibly reported that he hath boasted (Since thy being here) y^t all is his: That very few or none of the Sober people can willingly rec^d him in Authority except I should acquaint y^{em} wth ye meaning thereof, w^{ch} I thinke will not be expedient; and I doe foresee y^t he and his Tribe wilbe so arrogant, that the peace of ye people wilbe much disquieted thereby, if not prudentially p^rvented, it may be Expected y^t all things will be in disorder when bad men hold the best places of Credit, Though I could veryly hope my enemy were reconciled, and that there resteth no malice in him towards me, Neverthesse, blame me not to be so considerate and provident, That put the case he should have the will to hurt me, yet he shall not have the opportunity, or occasion to doe it. by any Act of mine; As for thee, I declared to the people that I doe Confidently believe that thou intend'st Such an establishm^t that men shall not have a means or opportunity either to or prejudice the Publick wthout extreme hazard and Daing^r to y^{em}selves; And to remove (as much as may be) all disgusts and heartburnings, and to settle this country vpon the fairest probabilitys of a lasting peace and Contentfull establishm^t: To Defend ye poore and fatherlesse, to doe Justice to the Needy, and to deliver y^{em} out of the hands of those y^t are too Strong and mighty for y^{em}: This I declare wth integrity of heart, who am thy loving and Respectfull friend

*Form of Government for East Jersey.*¹

[From "Grants and Concessions," p. 153.]

The Fundamental CONSTITUTIONS for the Province of East New Jersey in America, Anno Domini 1683.

SINCE the Right of Government, as well as Soil, is in the Four and Twenty Proprietors, and that the same is confirmed to them a new by a late Patent from JAMES Duke of *York*, Pursuant of Patent granted to him from the King; the Proprietors for the well ordering and governing of the said Province, according to the Powers conveyed to them, do grant and declare, that the Government thereof shall be as followeth, viz.

I. That altho' the Four and Twenty Proprietors have formerly made choice of *Robert Barclay*, Esq; for Governor, during his natural Life, and to serve by a Deputy to be approved of by sixteen of the Proprietors, until he himself shall be upon the Place, which is by these Presents ratified and confirmed, to all Intents and Purposes: Yet after the Decease of the said *Robert Barclay*, or by Reason of his Malversation, the Proprietors shall find Cause to divest him of the Government, the Four and Twenty Pro-

¹ Agreed upon by sixteen of the twenty-four Proprietors.

prietors shall choose a Governor; in order to which it shall be in the Power of each of them to name One, and Sixteen of the Four and Twenty shall determine it: Which Governor shall be obliged to serve and reside upon the Place, and shall only continue for three Years; and if any shall directly or indirectly proponnd or advise the Continuance for any longer Time, or of new to choose him again, or his Son, within the three Years, it shall be esteemed a betraying of the publick Liberty of the Province; and the Actors shall be esteemed as publick Enemies; and the said Governor that shall be so continued, shall be reputed guilty of the same, not only by Reason of his acceptance of that Continuation, but also by Reason of any kind of Solicitation which he may directly or indirectly have endeavoured. If the Governor so do die before the three Years be expired, the Proprietors shall choose one to supply his Place, for the Time the other should held it, and no longer. *Provided*, that this Limitation of three Years abovementioned, do not extend to the Deputy Governor of *Robert Barclay*, for seven Years after the passing of those Constitutions, who may be for a longer Time than three Years, if the Proprietors see meet.

II. That for the Government of the Province, there shall be a great Council, to consist of the Four and Twenty Proprietors, or their Proxies in their Absence, and One Hundred Forty four to be chosen by the Freemen of the Province. But forasmuch as there are not at present so many Towns built as there may be hereafter, nor the Province divided into such Counties as it may be hereafter divided into, and that consequently no certain Division can be made how many shall be chosen for each Town and County; at present Four and Twenty shall be chosen for the eight Towns that are at present in being, and Eight and Forty for the County, making together Seventy two and with the Four and Twenty Proprietors, Ninety six Persons, till such Times as the great Council shall see meet to call the above mentioned Number of One Hundred

Forty four, and then shall be determined by the great Council, how many shall come out of each Town and County; but every Year they shall choose one third, and the first chosen shall remain for three Years, and they that go out shall not be capable to come in again for two Years after, and therefore they shall not be put in the Ballot in Elections for that Year: And in order to this Election, they shall in course meet in their several Boroughs and Counties the Six and Twentieth Day of *March*, beginning in the Year One Thousand Six Hundred Eighty four, and choose their several Representatives; whose first Day of meeting shall be the Twentieth of *April* afterwards; and they shall sit upon their own Adjournments, if they see meet, till the Twentieth of *July* following, and then to be dissolved till the next Year, unless the Governor and common Council think fit to continue them longer, or call them in the Intervail; but if any of those Days fall on the first Day of the Week, it shall be deferred until the next Day.

III. The Persons qualified to be Freemen, that are capable to choose and be chosen in the great Council, shall be every Planter and Inhabitant dwelling and residing within the Province, who hath acquired Rights to and is in Possession of Fifty Acres of Ground, and hath cultivated ten Acres of it; or in Boroughs, who have a House and three Acres; or have a House and Land only hired, if he can prove he have Fifty Pounds in Stock of his own: And all Elections must be free and voluntary, but were any Bribe or indirect Means can be proved to have been used, both the giver and acquirer shall forfeit their Priviledge of electing and being elected forever: And for the full preventing of all indirect Means, the Election shall be after this Manner, the Names of all the Persons qualified in each County, shall be put in equal pieces of Parchment, and prepared by the Sheriff and his Clerk the Day before, and at the Day of Election shall be put in a Box, and Fifty shall be taken out by a Boy under

Ten Years of Age; these Fifty shall be put into the Box again, and the first Five and Twenty then taken out shall be those who shall be capable to be chosen for that Time: the other Five and Twenty shall by Plurality of Votes, name (of the aforesaid Twenty five) twelve, if there be three to be chosen, and eight if there be two to stand for it: these nominators first solemnly declaring before the Sheriff, that they shall not Name any known to them to be guilty for the Time, or to have been guilty for a Year before, of Adultery, Whoredom, Drunkenness, or any such Immorality, or who is Insolvent or a Fool; and then out of the Twelve or Eight so nominated, three or two shall be taken by the Ballot as abovesaid.

IV. It shall be the Priviledge of every Member of the great Council, to propose any Bill in Order to a Law, which being admitted to be debated, shall be determined by the Vote, wherein two Parts of three shall only conclude; but of this, twelve of the Proprietors, or their Proxies, must be assenting, which shall also be requisite after the Number of Freemen are double: Nor shall any Law be made or enacted to have force in the Province, which any ways touches upon the Goods or Liberties of any in it, but what thus passeth in the great Council; and whoever shall levy, collect or pay any Money or Goods without a Law thus passed, shall be held a publick Enemy to the Province, and a betrayer of the publick Liberty thereof: Also the Quorum of this great Council shall be half of the Proprietors, or their Proxies, and half of the Freemen at least; and in Determination, the proportionable assent of both Proprietors and Freemen must agree, viz. two Parts of whatever Number of Freemen, and one half of whatever Number of Proprietors are present.

V. For the constant Government of the Province there shall be with the Governor a common Council, consisting of the Four and Twenty Proprietors, or their Proxies, and Twelve of the Freemen, which shall be chosen by the

Ballot out of the Freemen of the great Council, and shall successively go off each Year as they do; which Common Council will thus consist of Six and Thirty, whereof they shall be three Committees; twelve for the publick Poliey, and to look to Manners, Education and Arts; twelve for Trade and Management of the publick Treasury; and Twelve for Plantations and regulating of all Things, as well as deciding all Controversies relating to them: In each Committee Eight shall be of the Proprietors, or their Proxies, and four of the Freemen; Each of these Committees shall meet at least once a Week, and all the Thirty six once in two Months, and oftner, in such Places and at such Times as they shall find most convenient. And if it hapen the Number of Freemen in the great Council to be doubled, there shall also be Twelve more of them be added to the Common Council; in this Common Council and those several Committees the one half shall be a Quorum, as in the former Article.

VI. All Laws shall be published and run in the Name of the Governor, Proprietors and Representatives of the Freemen of the Province, and shall be signed by two of the Proprietors, two of the Freemen, the Secretary and the Governor, or Deputy Governor for the Time being, who shall preside in all Meetings, and have two Votes, but shall no ways pretend to any negative Vote: But if he or they refuse to do his or their Duty, or be accused of Malversation, he shall be liable to the Censure of the Proprietors, and if turned out, there shall be another chosen to fullfil his Time as is abovesaid.

VII. Forasmuch as by the Concessions and Agreements of the former Proprietors, (*to wit*) the Lord *Berkeley* and Sir *George Carteret*, to and with all and every the Adventurers and all such as shall settle and plant in the Province in *Anno* 1664, it is consented and agreed by the six and seven Articles, that the great Assembly should have Power, by Act confirmed as there expressed, to erect, raise and build within the said Province, or any Part

thereof, such and so many Forts, Castles, Cities and other Places of Defence, and the same, or any of them, to fortify and furnish with such Provisions and Proportions of Ordnance, Powder, Shot, Armour and all other Weapons, Ammunition and Abilments of War, both Offensive and Defensive, as shall be thought necessary and convenient for the Safety and Welfare of the said Province; as also to constitute Train Bands and Companies, with the Number of the Soldiers, for the Safety, Strength and Defence of the aforesaid Province; to suppress all Mutinies and Rebellions; to make War Offensive and Defensive, against all and every one that shall infest the said Province, not only to keep the Enemy out of their Limits, but also, in Case of necessity, the Enemy by Sea and Land to pursue out of the Limits and Jurisdiction of the said Province. And that amongst the present Proprietors there are several that declare, that they have no freedom to defend themselves with Arms, and others who judge it their Duty to defend themselves, Wives and Children, with Arms; it is therefore agreed and consented to, and they the said Proprietors do by these Presents agree and consent, that they will not in this Case force each other against their respective Judgments and Consciences; in order whereunto it is Resolved, that on the one Side, no Man that declares he cannot for Conscience sake bear Arms, whether Proprietor or Planter, shall be at any Time put upon so doing in his own Person, nor yet upon sending any to serve in his stead. And on the other side, those who do judge it their Duty to bear Arms for the publick Defence, shall have their Liberty to do in a legal Way. In pursuance whereof, there shall be a fourth Committee erected, consisting of six Proprietors, or their Proxies, and three of the Freemen, that are to set in the other three Committees, which shall be such as to understand it their Duty to use Arms for the publick Defence; which Committee shall provide for the publick Defence without and Peace within, against all Enemies whatsoever; and shall therefore be stiled, the

Committee for the Preservation of the publick Peace: And that all Things may proceed in good Order, the said Committee shall propound to the great Council what they judge Convenient and Necessary for the keeping the Peace within the said Province, and for publick Defence without, by the said great Council to be approved and corrected, as they, according to exigence of Affairs, shall judge fit; the Execution of which Resolutions of the great Council shall be committed to the Care of the said Committee. But because through the Scruples of such of the Proprietors, or their Proxies, as have no freedom to use Arms, the Resolutions of the great Council may be in this Point obstructed, it is resolved and agreed, and it is by these Presents resolved and agreed, that in Things of this Nature, the Votes of these Proprietors shall only be of Weight at such Time or Times as one of these two Points are under Deliberation, which shall not be concluded where Twelve of the Proprietors and two Thirds of the whole Council, as in other Cases, are not consenting, (that is to say) First, whether, to speak after the Manner of Men, (and abstractly from a Man's Perswasion in Matters of Religion) it be convenient and suitable to the present Condition or Capacity of the Inhabitants, to build any Forts, Castles or any other Places of Defence? If yea; where and in what Places (to speak as Men) they ought to be erected. Secondly, whether there be any present or future foreseen Danger, that may, (to speak as Men without respect to ones partienlar Perswasion in Matters of Religion) require the putting the Province into a Posture of Defence, or to make use of those Means which we at present have, or which, from time to time as occasion may require, according to the Capacity of the Inhabitants, we may have; which Ability and Conveniency of those Means of Defence, and (to speak as Men without respect to any Man's Judgment in Matters of Religion) the necessity of the actual Use thereof, being once resolved upon; all further Deliberations about it, as the raising of Men,

giving of Commissions both by Sea and Land, making Governors of Forts, and providing Money necessary for maintaining the same, shall belong only to those Members of the Great Council who judge themselves in Duty bound to make Use of Arms for the Defence of them and theirs. PROVIDED, that they shall not conclude any Thing but by the Consent of at least five Parts out of six of their Number; and that none of the Proprietors and other Inhabitants may be forced to contribute any Money for the Use of Arms, to which for Conscience sake they have not freedom, that which is necessary for the publick Defence, shall be borne by such as judge themselves in Duty bound to use Arms. PROVIDED, that the other, that for Conscience sake do oppose the bearing of Arms, shall on the other Hand bear so much in other Charges, as may make up that Proportion in the general Charge of the Province. And as the refusing to subscribe such Acts concerning the Use and Exercise of Arms abovesaid, in the Governor and Secretary, if scrupulous in Conscience so to do, shall not be esteemed in them an Omission or neglect of Duty, so the wanting thereof shall not make such Acts invalid, they being in lieu thereof, subscribed by the major Part of the six Proprietors of the Committee for the Preservation of the publick Peace.

VIII. The choosing the great and publick Officers, as Secretary, Register, Treasurer, Surveyor General, Marshal, and after Death or turning out of those now first to be nominated, shall be in the Governor and Common Council; as also of all Sheriffs, Judges, and Justices of the Peace. But upon any Malversation or Accusation, they shall be liable to the Examination and Censure of the great Council, and if condemn'd by them, the Governor and Common Council must Name others in their Places.

IX. PROVIDED, That all Boroughs shall choose their own Magistrates, and the Hundreds in the County, their Constables or under Officers, in such Manner as shall be agreed to by the great Council,

X. Forasmuch as by the Patent, the Power of pardoning in capital Offences, is vested in the Four and Twenty Proprietors: it is hereby declared, that the said Power of pardoning shall never be made Use of but by the Consent of Eighteen of the Proprietors, or their Proxies: Nevertheless, it shall be in the Power of the Governor, in Conjunction with four Proprietors, who for the Time are Judges of the Court of Appeals, to reprove any Person after the Day of Execution appointed, for some time, not exceeding a Month.

XI. The four and Twenty Proprietors, in their Absence may Vote in the Great and Common Council by their Proxies; One Proprietor may be Proxy for another, yet so as not but for one, so that none can have above two Votes: The Proxies of the Proprietors must be such as has Shares in Properties not under a Twentieth Part.

XII. That whoever has any Place of publick Trust in another Province, tho' a Proprietor, shall not sit in the great or common Council, but by their Proxies, unless thereunto particularly called by the one or other Council.

XIII. Whatever Proprietor doth not retain at least one fourth Part of his Propriety, *viz.* one Ninety sixth Part of the Country, shall loose the Right of Government, and it shall pass to him who has the greatest Share of that Propriety, exceeding the above mentioned Proportion: But if two or three has each one Ninety sixth Part, they shall have it successively Year about, like as when a Propriety is in two Hands, he who is upon the Place, if the other be absent, sick or under Age, shall still have it; but if both there, then by Turns as abovesaid; and if in a provided Propriety all be absent, the Proxies must be constituted by both; if but two or the greater Number if there be more. And if any who sells a Part of his Propriety, and retains one Ninety sixth Part and the Title of the Government Portion be absent, whoever has Shares for him, not under one Ninety sixth Part, being present, shall set for him, whether having a Proxy or not; and if there

be more than one, it shall go by Turns as above. But because after sometime by Division among Children, it may happen that some one Twenty fourth Part may be so divided, that not any one may have one fourth Part of a Propriety, or one Ninety sixth Part of the whole, in that Case the Proprietors shall elect one having not under one Ninety sixth Part, to bear the Character of the Government for that Propriety; But if the County shall fall to be so divided, that there shall not be found four and Twenty Persons who have one Ninety sixth Part each; then whoever has Five Thousand Acres, shall be capable to be chosen to be one of the four and Twenty, and that by the rest of the Proprietors, by the Ballot, each having privilege to list one; but this not to take Place till Forty Years after the settling of these Constitutions: And if Twenty Years after the Expiration of the Forty Years above mentioned, it shall fall out that four and Twenty Persons cannot be found who have each Five Thousand Acres, it shall be then in the Power of the great Council to make a less Number of Acres sufficient to carry the Character of the Government, provided they bring it not under three Thousand Acres (the Proprietors being always Electors as abovesaid) No Proprietor under One and Twenty Years shall be admitted to Vote, but during Nonage there shall be a Proxy appointed by the Tutor, and failing that, by the other Proprietors.

XIV. In all Civil and Ordinary Actions, the Proprietors shall be judged after the same manner, and lyable to the same censure with any other; but in all cases that are Capital, or may infer for Forfeiture of their Trust or Proprietorship, they shall be adjudged by a Jury of Twelve of the Proprietors, or their Proxies, or such as has Share in a Propriety not under one Twentieth Part; the Bill being first found relevant against them by a Grand Jury of Twelve Proprietors and Twelve free Men to be chosen by the Ballot, as in Article nineteen.

XV. For preserving a right ballance, no Proprietor

shall at any Time require or purchase more than his one Fourth and Twentieth Part of the Country; but if by any accident, more fall into the Hands of any of the Proprietors, he may be allowed to dispose of it to his Children, tho' under Age, yet not so as to acquire to himself more than one Vote besides his own: but if such an acquirer have no Children he shall be obliged to sell it within one Year after he has acquired it, nor shall he evade this by putting in anothers Name in Trust for him; but shall upon his Assignment solemnly declare himself to be really and effectually divested of it for the proper use of him it is assign'd to: And if within three Years he find not a Merchant, he shall be obliged to dispose of it at the Current Rate to the rest of the Proprietors, to be holden in common by them, who shall appoint one to bear that Character in the Government, untill such a Share of it fall in one Hand, by a former Article may render him capable, by the consent of two Parts of the other Proprietors, to have the Power devolved in him; and if by this or any other Accident one or more Votes be wanting in the Interem, the Proprietors shall name others qualified as above to supply their Places.

XVI. All Persons living in the Province who confess and acknowledge the one Almighty and Eternal God, and holds themselves obliged in Conscience to live peaceably and quietly in a civil Society, shall in no way be molested or prejudged for their Religious Perswasions and Exercise in matters of Faith and Worship; nor shall they be compelled to frequent and maintain any Religious Worship, Place or Ministry whatsoever: Yet it is also hereby provided, that no Man shall be admitted a Member of the Great or Common Council, or any other Place of publick Trust, who shall not profess Faith in *Christ-Jesus*, and solemnly declare that he doth no ways hold himself obliged in Conscience to endeavour alteration in the Government, or seeks the turning out of any in it or their ruin or prejudice, either in Person or Estate, because they are in his

Opinion Hereticks, or differ in their Judgment from him : Nor by this Article is it intended, that any under the Notion of this Liberty shall allow themselves to avow Atheism, Irreligiousness, or to practice Cursing, Swearing, Drunkenness, Prophaness, Whoring, Adultery, Murdering or any kind of violence, or indulging themselves in Stage Plays, Masks, Revells or such like abuses; for restraining such and preserving of the People in Diligence and in good Order, the great Council is to make more particular Laws, which are punctually to be put in Execution.

XVII. To the end that all Officers chosen to serve within the Province, may with the more Care and diligence Answer the Trust reposed in them; it is agreed, that no such Person shall enjoy more than one publick Office at one Time: But least at first before the Country be well Planted, there might be in this some Inconveniency, it is declared, that this shall not necessarily take Place till after the Year 1685.

XVIII. All Chart, Rights, Grants and Conveyances of Land (except Leases for three Years and under) and all Bonds, Wills, and Letters of Administration and Specialties above *Fifty Pounds*, and not under six Months, shall be Registred in a publick Register in each County, else be void in Law: Also there is to be a Register in each County for Births, Marriages, Burials and Servants, where their Names, Times, Wages and Days of Payment shall be Registred: but the Method and Order of settling those Registers is recommended to the great Council; as also the Fees which are to be moderate and certain, that the taking of more in any Office, directly or indirectly by himself or any other, shall forfeit his Office.

XIX. That no Person or Persons within the said Province shall be taken and imprisoned, or be devised of his Freehold, free Custom or Liberty, or be outlawed or exiled, or any other Way destroyed: nor shall they be condemn'd or Judgment pass'd upon them, but by lawful Judgment

of their Peers: Neither shall Justice nor Right be bought or sold, deferred or delayed, to any Person whatsoever: In order to which by the Laws of the Land, all Tryals shall be by twelve Men, and as near as it may be, Peers and Equals, and of the Neighbourhood, and Men without just Exception. In Cases of Life there shall be at first Twenty four returned by the Sheriff for a Grand Inquest, of whom twelve at least shall be to find the Complaint to be true: and then the Twelve Men or Peers to be likewise returned, shall have the final Judgment: but reasonable Challanges shall be always admitted against the Twelve Men, or any of them: But the Manner of returning Juries shall be thus, the Names of all the Freemen above five and Twenty Years of Age, within the District or Boroughs out of which the Jury is to be returned, shall be written on equal Pieces of Parchment and put into a Box, and then the Number of the Jury shall be drawn out by a Child under Ten Years of Age. And in all Courts Persons of all Perswasions may freely appear in their own Way, and according to their own Manner, and there personally plead their own Causes themselves, or if unable, by their Friends, no Person being allowed to take Money for pleading or advice in such Cases: And the first Process shall be the Exhibition of the Complaint in Court fourteen Days before the Tryal, and the Party complain'd against may be fitted for the same, he or she shall be summoned ten Days before, and a Copy of the Complaint delivered at their dwelling House: But before the Complaint of any Person be received, he shall solemnly declare in Court, that he believes in his Conscience his Cause is just. Moreover, every Man shall be first cited before the Court for the Place where he dwells, nor shall the Cause be brought before any other Court but by way of Appeal from Sentence of the first Court, for receiving of which Appeals, there shall be a Court consisting of eight Persons, and the Governor (protempore) President thereof, (*to wit*) four Proprietors and four Freemen, to be chosen out of the

great Council in the following Manner, *viz.* the Names of Sixteen of the Proprietors shall be written on small pieces of Parchment and put into a Box, out of which by a Lad under Ten Years of Age, shall be drawn eight of them, the eight remaining in the Box shall choose four; and in like Manner shall be done for the choosing of four of the Freemen.

XX. That all Marriages not forbidden in the Law of God, shall be esteemed lawful, where the Parents or Guardians being first acquainted, the Marriage is publicly intimated in such Places and Manner as is agreeable to Mens different Perswasions in Religion, being afterwards still solemnized before creditable Witnesses, by taking one another as Husband and Wife, and a certificate of the whole, under the Parties and Witnesses Hands, being brought to the proper Register for that End, under a Penalty if neglected.

XXI. That all Witnesses coming or called to testify their Knowledge in or to any Matter or Thing in any Court or before any lawful Authority within the Province, shall there give and deliver in their Evidence by solemnly promising to speak the Truth, the whole Truth and nothing but the Truth, to the Matter in Question. And in Case any Person so doing shall be afterwards convict of willful Falsehood, both such Persons as also those who have proved to have suborn, shall undergo the Damage and Punishment both in Criminal and in Civil; the Person against whom they did or should have incurred, which if it reach not his Life, he shall be publicly exposed as a false Witness, never afterwards to be credited before any Court; the like Punishment in Cases of Forgery, and both Criminals to be stigmatized.

XXII. Fourteen Years quiet Possession shall give an unquestionable Right, except in Cases of Infants, Lunatics or married Women, or Persons beyond Sea or in Prison. And whoever forfeits his Estate to the Government by committing Treason against the Crown of *Eng-*

land, or in this Province, or by any other capital Crime, the nearest of Kin may redeem it within two Months after the Criminals Death, by paying to the publick Treasury not above one Hundred Pounds, and not under five Pounds Sterling, which Proportion the common Council shall determine, according to the Value of the Criminals Estate, and to the Nature of the Offence; Reparation to any who have suffered by him, and Payment of all just Debts being always allowed.

XXIII. For avoiding innumerable Multitude of Statutes, no Act to be made by the great Council shall be in Force above Fifty Years after it is enacted; but as it is then *de novo* confirmed, always excepting these four and twenty Fundamental Articles, which, as the primitive Charter, is forever to remain in force, not to be repealed at any Time by the great Council, tho' two Parts of the Council should agree to it, unless two and Twenty of the four and Twenty Proprietors do expressly also agree, and Sixty six of Seventy two Freemen; and when they are one Hundred Forty four, one Hundred Thirty two of them; and also this assent of the Proprietors must be either by their being present in their own Persons, or giving actually their Votes under their Hands and Seals (if elsewhere) and not by Proxies; which solemn and express assent must also be had in the opening of Mines of Gold and Silver; and if such be opened, one third Part of the Profit is to go to the publick Treasury; one third to be divided among the four and Twenty Proprietors, and one third to Proprietor or Planter in whose Ground it is; the Charges by each proportionably borne.

XXIV. It is finally agreed, that both the Governor and the Members of the great and common Council, the great Officers, Judges, Sheriffs and Justices of the Peace, and all other Persons of publick Trust, shall before they enter actually upon the Exercise of any of the Employes in the Province, solemnly promise and subscribe to be true and faithful to the KING of *England*, his Heirs and Suc-

cessors, and to the Proprietors, and he shall well and faithfully discharge his Office in all Things according to his Commission, as by these Fundamental Constitutions is confirmed, the true Right of Liberty and Property, as well as the just Ballance both of the Proprietors among themselves, and betwixt them and the People: It's therefore understood, that here is included whatever is necessary to be retained in the first Concessions, so that henceforward there is nothing further to be proceeded upon from them, that which relates to the securing of every Man's Land taken up upon them, being allways excepted. *And Provided also*, that all judicial and legal Proceedings heretofore done according to them, be held, approved and confirmed.

Drummond, Robert Burnett, Bar. Gibson, Robert Gordon, Gawn Lawry, Perth, William Gibson, William Dockwra, Thomas Hart, Thomas Barker and as Proxy for *Ambrose Riggs, Clement Plumstead*, Proxy for *Barclay, Ar. Sommers, Robert Turner* and *Thomas Cooper*.

Note.—It appears on Reading the foregoing Instrument, that in sundry Places the Sense is not compleat, but it is likely to be occasioned by Omissions and neglects in Recording, and therefore if the Original can be come at, it will be proper to re-examine the foregoing Copy therewith.

Robert Barclay's Commission to be Governor is not upon Record, but his Commission for that Office during Life, is recited at length in his Commission to *Gawn Lawrie* to be his Deputy, and which is copyed.

He had no doubt a temporary Commission before the Proprietors gave him that during Life, because he appointed *Thomas Rudyard* his Deputy Governor before the Date of the last mentioned, and he continued till *Lawrie* superseded him, but as his Commission is very short and *Lawrie's* more full, besides the Recital of *Barclay's*, it is thought sufficient to Copy that and that only, because there seems nothing material to be taken notice of in the succeeding Commissions.

See a few Pages further, a Declaration what the Planters settled before the present Proprietors bought the Province, are to do before they are to have the Benefit of the foregoing Constitutions.

Letter of the Proprietors of East Jersey to the Planters.

[From "Grants and Concessions," p. 167.]

To the Planters and Inhabitants of the Province of East Jersey in America, ROBERT BARCLAY, Governor and Proprietor, and the other Proprietors of the said Province, send Greeting.

SINCE it hath pleased Almighty God to order it so by his Providence, as to give us the Interest we have in this Province whereupon you reside. We desire nothing more then to approve ourselves in this Station as you may find yourselves happy in this our Purchase: And we do not only hold ourselves obliged by the Laws of God, and just Laws of Men, but our own Interest, to use all lawful and honest Means to make that Plantation Prosperous, which as it cannot be without your sharing in the Advantage of it, so the Satisfaction and Benefit we propose to ourselves is by the good Success of your Affairs, which we are resolved to advance, knowing that your Interest is now so bound up with ours, that we cannot suffer if you Prosper, nor Prosper where you are injured, THEREFORE have we sent over to you two of our Number, honest and prudent Men, by whose good Advice and Assistance we hope the Plantation will be benefited, and in a great Measure settled. We have given them Instructions, and we are confident of their Readiness therein to shew themselves not only just, but kind and friendly towards you, to confirm the Rights of such as are there planted upon the Concessions already granted, and supply the defects where any want a sufficient Right upon equal and easy Terms; and so do every Thing else that towards the good Government and Advantage of the Colony may be needful: They can

acquaint you, that there are concern'd with us who are very capable in many respects, both to advance our just Interest and protect us from those that may attempt to hurt us. And we will be very glad to hear that all Things proceed with a good Harmony, so that we may have only Occasion to use our Interest and Authority to encourage you, and shall be well satisfied there be no need of that which must take Place for suppressing the stubborn and obstinate; but we will hope to find none such among you; but that the Justice and Generosity of our Intentions will oblige all to a careful compliance with our just and friendly Demands; so committing you all to the Protection of Almighty God, we remain your real Friends,

Barclay

Letter from James Nevill to Governor Penn.

[From "Pennsylvania Archives," Vol. I., p. 56.]

Gov^r PENN:

I have herewth sent thee an acc^t of the Lands sold and taken vp in these ptes; I desire thee to take the towne of Salem into thy lott; John ffenwick has no acknowledgem^s due to him from any one in this towne; and if he should keepe his Court Leete and Court Barron here, it would much weaken o^r Authority, and p^{ties} would be made, Some for Joⁿ ffenwick's Court, others y^r Com^{rs}, most out of ord^r; I foresee the inconveniency that will attend this if J. ff. comes to Exercise Jurisdiction here; I hope the Neck of land between Oldmans-Creeke & Salem, is in thy remembrance, and wilbe brought into thy lymitts, otherwise both Towne and Country wilbe of little value; I cannot but be concerned for the people here, who earnestly desires to be vnder thy protection, being confidently pswaded thou wilt employ thy pow^r for their good, and make it thy worke to peure their Safety. *Commission from William Penn, Governor of Pennsylvania, to Commissioners, to Treat with West Jersey.*¹

[From "Pennsylvania Archives," Vol. I., p. 58.]

WM. PENN, Proprietary and Governor of ye Province of Pensilvania, and ye Territories thereunto belonging.

To his trusty friends and Counsellors, CHRISTOPHER TAYLOR, JAMES HARRISON, THOMAS HOLMES, THOMAS WINNE, Greeting.

Reposing special Confidence in y^r Wisdom and Integrity, I do hereby appoint and impower you my commission^{rs} in my name as Governor & Proprietary of this Province and Territories annexed, to treat, transact and conclude with y^e Governor and Counsell of West Jearsey concerning the satisfaction I have demanded in a Letter to y^e s^d Governor and Counsell for certain great Wrongs and Injustice done unto me and this Province by some of y^e Inhabitants of their Colony. As also to settle a right understanding between me and y^m about the Trade and the Islands therein and w^{ts}soever you shall do herein, I do hereby ratifie and confirm and this shall be to you a sufficient credential. Given at Philadelphia y^e 11 day of y^e 4th Mo. in y^e 35 year of y^e Reign of y^e King, and y^e Third of my Government. W. P.

¹ It will be observed, in reference to the Minutes of the Pennsylvania Provincial Congress, under date of June 6th, 1683, that the Governor was authorized to appoint Commissioners to *East Jersey*. It is presumed that, as similar causes of complaint existed against both Provinces, he sent his Commissioners also to West Jersey. Et.

Instructions to the Comm^{rs} to W Jearsey, 1683.

Instructions and limitations to my Commissioners, C. T., J. H., T. H., T. W., in ye present Treaty wth the Governmt and Counsell of West Jearsey, in their Commission, Dated the same Day wth the Date hereof.

1. So soon as you shall arrive at Burlington, take care to make known to y^e Govern^r and Comcell, y^t you are sent in my name to treat wth y^{em} about some Provincial Business, and therefore desire a time y^t you may be heard.

2. When you appear, one of you give my lett^r into y^e Govern^{rs} hand, aft y^t is read produce your Commission or Credential.

3. Begin wth y^e General Proof of y^e General part of y^e Charge observing to read James Claypool, & my wife's letters last. When this is done, ask their opinion, whether they look upon y^e General Charges to be proved, or deny these testimonies.

4. If they allow y^e General Charges to be proved by y^e Authority of these Testimonies, proceed to charge Tho. Mathews by name and produce y^e Lett^r to J^m. Goodson or any other you shall have, expressly charging him in this matter w^{ch} that is done and, 5. y^e proof allowed demand Satisfaction first in General by a certificate under their hands to give the lye to such rumors, wth a Proclamation in y^e Colony disowning such things and forbidding any such scandalous Reflections for y^e time to come. And secondly satisfaction in particular agst Tho. Matthews either by a great fine as £500 sterling or publick Paper affixed to y^e Court house of Burlington, declaring his evil and for y^e same banishing him six months out of this colony and making him forever incapable of any Office in it or according to y^e Civil Law to deliver him up to be tryed in this Province, according to y^e Laws thereof; in all w^{ch} you are to take notice y^t I do not allow you to deviate in any point, save Banishment; 6. And if none of all these Punishments are by y^m agreed to, nor nothing tending to ye same,

I do hereby order you to make y^s Protest agst ye s^d Govern^r and Councill, and their Refusall, and so wth a meek and quiet, yet grave behaviour, to return.

7. Lastly, whatever is assented to or denyed be sure to take down in writing. y^t you may be able to give me an exact acc^t of ye minutes of y^r audience and Conference in all w^{ch} God Almighty direct you first in Truths way as Christians and Bretheren, and if th^t will not do secondly as faithful Councillors to me and Patriots to the Province. Given at Philadelphia the 11th day of ye 4th^{mo.}, 1683, being the 35th year of the Reign of ye King and ye 3d year of my Government.

And after all this is ended insist upon my Title to ye River, Soyl and Islands thereof according to Grant, and if they will deliver up peaceably ye Island of Matinicum and Sepassing, return one-half of ye Island Matinicum before ye Town according to my former clemency, believing ye Generality hath done me no wrong, and therefore am unwilling to withdraw my kindness to the General Good, for ye other admit no manner of Parley, demand positively, and if they refuse, let w^t follows lye at their door. Whatever bee ye Argument, they are bounded Westward by the River Delaware, yⁿ they cannot go beyond low water mark for land. They have ye Liberty of ye River, but not ye Propriety. The rest I leave to y^r own understandings to suggest.

WM. PENN to the Governor and Council of West
Jersey

To my much respected friend ye Governor, and to my
well respected friends ye Counsell of West Jearsey.

In ye unfeigned Love of God I greet you, wishing ye
Increase of all Heavenly and Earthly Blessings w^h y^e God
of Love and Peace hath promised to his chosen. It is with

some sorrow y^t I have this occasion of writing to you wth whom I could alwaise desire to have a most loving and intire correspondence, and will hope it shall not be in ye Power either of ye Indiscretion or Injustice of some to lessen my good esteem for ye Generality. But so it is, y^t I have sustained and wth me all interested in the Prosperity of this Province, great, and as I conceive irreparable injuries by some members of your Colony. England is filled wth a noise of Warrs in Pensilvania, between ye Inhabitants thereof and ye Lord Baltimore and his Province; y^t some were killed, and y^t y^e Lord Baltimore claimed all ye land from Upland to ye falls of Delaware, so y^t w^t rested to me was very inconsiderable, because I had no place where ship or boat could come. Of this ye Chainge, Coffee Houses, Bookseller's Shops and Country rings, thereby discouraging hundreds ready to purchase, and to come, and provoking others y^t have purchased and not paid to fling up their deeds, all w^{ch} most false and injurious Reports are flung upon some of ye inhabitants of West Jearsey, a wrong and cruelty of true transeending w^{ht} yet I have met wthin ye World from ye worst of men, but th^t which aggravates the troubles as well as evil, is a violation of ye Bands of Truth and Tyes of Gratitude, thereby exciting men to seek ye utmost Revenge, and all y^t will and force I have could accomplish. But I will tell you and y^t wth comfort to my soul, I am of a better spirit and of more heavenly policy. I know y^t lyes are short lived, and y^t pe patience of ye sufferer shall both outlive ye *effects of such malice*. I would putt it up if it were to be done, and had not a fresh Cry pursued ye former Intelligence, you had hardly ever heard any more of it. But it being nationally divulged and becom a Provincial wrong, and as such complained of in y^e provincial Council of this province. It was yⁿ unanimously resolved upon y^t a request made to me, y^t I would forthwith dispatch Commissioners to you ye Govern^r and Councill of West Jearsey to complain of ye Wrongs aforesaid, and in ye

name of ye Govern^r and Council of this Province and Territories, therunto annexed to demand satisfaction, a thing as it is reasonable on our parts to expect, so most just on yours to grant, in order to which I have appointed and Commissioned my Trusty friends and Counsellors, Christopher Taylor, James Harrison, Tho. Holmes and Thos. Winne, to transact and conclude of all matters relating to this affair, as also ye final establishment of a right understanding between us concerning ye River and Islands. I have no more to add but ye endeared remembrance of my love, and to tell you I cannot but believe y^t you will take my great Wrong and Suffering unto your serious consideration, and do me y^t Justice w^{ch} shall acquit you as just men in ye righteous Day of God. I am

Your loving neighbor and sincere friend

WM. PENN to the GOV. & Council of West Jersey

PHILADELPHIA, ye 20th 4^{mo}, 1683

DEAR FRIENDS

I do in ye love of God & Tenderness of his Truth, dearly salute you, wishing unto you ye Increase of Peace & Comfort, inward and outward, from ye God & Father of all Blessings.

Yours by ye hands of ye Commission^{rs}, and my esteemed Friends, Thos. Budd, John Gosnell, Henry Stacy & Mark Newby, dated Burlington, ye 16th 4th mo, 83, are come to my hands, and upon ye Perusal of y^m in ye presence both of my Counsell & y^r Commission^{rs}, I have this to say: First y^t I am not w^tout a sense of ye Justice and kindness therein, esteeming y^r Contradiction & Refutation close & Pathetical. but there seems to me an omission of one thing

material respecting y^r selves y^t since ye Charge lyeth generally upon some of West Jearsey it was not exprest in some such manner as followeth. And Whereas we are informed by Lett^{rs} from Credible persons out of England, y^t some of this Province of West Jearsey have written such storys. If any such Lett^{rs} have been written by any member of this Province, We do &c. the words are left to you, to express in such way and manner as you shall in wisdom think fitt.

2^d If you please omit anything besides ye Denyal & Contradiction of these false Rumors in your certificate, I consider it will be far more suitable as well to ye matter as my request, & ye rather Because ye L^d Baltimore hath nothing to do wth running ye line on Delaware River.

3dly. I cannot but declare myself dissatisfied with Thos. Mathews Explanation because it is hard for me & my Council, to conceive what other reason he could have to mention y^t affrightening cruelty committed at Lewis als Whorekills by ye Lord Baltimore's soldiers so long agoe, & out of date at ye same time, and in ye same Lett^r when he writt of ye Lord Baltimore's Claime upon Delaware, if not to terrifie People from settling in a country where any part lay wthin in ye pretensions of such a man. If yo^r sense of him, wth his own dark explanation & ye freedom he frequently takes of indecent talk & reflections upon me & my concerns carry you not farther, I shall wave to press you at this time.

Lastly you are pleased to say y^t as to ye River & Islands ye are willing at ye present to be Passive, takeing it not Proper for you to manage & yet y^r Commissioners press me about ye right to river. We have discoursed so farr as they could go for having neither ye Grant wth you upon whic^{ch} ye right ariseth, nor yet a Plenipotentiary Commission to conclude articles of settlem^t, we cannot so much as regularly and profitably treat of ye business: But this I will say in general y^t nothing shall be wanting on my part,

wth ye L^{ds} Assistance to assure you & confirm you of ye true & tender regard I have to ye prosperity of West Jersey & ye Govern^t & People thereof, w^{ch} ends this from,¹
Your faithful fr^d & Loving Neighbor.

Memorial from Salem, N. J., to Governor Jennings.

[From "Pennsylvania Archives," Vol. I., p. 75.]

To SAMUEL JENNINGS, Governour and ye Members of Council of West New Jersey elected and chosen by ye Proprietors thereof, in Assembly met ye
day of Month 1683.²

We ye the free People of ye Town & Jurisdiction of Salem, having taken into our serious consideration ye present state of this COUNTRY, & calling to mind, wth w^t Charge & Hazard we have transported ourselves & Families into these remote parts of ye World, & how we have laboured ever since our Arrival, under many Perils & Difficulties, for ye Settlement thereof in a good and Prosperous Condition, & weighing well in ourselves y^t nothing can more readily conduce to our present, and Childrens future Tranquillity & Happiness, then a fair and just settlement of our Foundations, both wth respect to Property & Govern^t & ye Inabitants' just Interest in both, and further, calling to remembrance ye foot we first engaged upon in our Native Land, and ye Danger of deserting those good beginnings layd wth so much Deliberation & Unity & w^{ch} were once of such moment with us, y^t it was thought fitt,

1 In consequence of this correspondence, the Assembly of West Jersey, at a meeting held at Burlington, September 5th, 1683, directed that "the Proprietary, &c. of the Province of *Pennsylvania*, be treated with in reference to the Rights and Privileges of this Province, to or in the River Delaware," and William Welch, Samuel Wills and William Peachee were nominated to act "with the Governor and so many of his Council as he shall think fit" in relation to the matters referred to. "Grants and Concessions," pp. 480-1. Ed.

2 This document, having no signatures nor date, and the initials only being used in the body of it, instead of the names in full, is presumed to have been taken from a first draft. The Assembly, to which it was addressed, is thought to have met at Burlington on the 2d of May, 1683, on the 11th of which month, Samuel Jennings, appointed Deputy Governor by Edward Byllynge, was elected Governor. See "Grants and Concessions," pp. 471-2 Ed.

y^t without subscribing to y^m could not, & some therefore, to this day have not enjoy'd their Property & Estates, in this country, to witt ye Concessions signed in England, and hereby ye Freeholders as ye Agreement of ye People for the frame of ye Govern^t of this Province, & finding as yet, after all our patient waiting for a Confirmation thereof to us & our posterity, y^t we might live wth Security & dye wth Comfort & Hope for our Children, to gett after ye many engagements of E. B., W. P: G. L: & N L., ye Government confirmed to us, it is transferred & settled to E. B. & his Heirs and Assignes, whereby our first Grant is broken, instead of being more clearly ratified, & y^t w^{ch} was & is ours as much as ye Govern^t of East Jersey was Sr G. Cartwright's, & is now in ye new Twelve Proprietors, is conveyed to E. B. by a New Grant. To ye End we not be wanting to ourselves & Children, nor thus leave both us & y^m at ye Mercy & in ye Power of any man, & y^t in a matter of such moment & importance, we do unanimously desire y^t ye Assembly may be forthwth called to consider ye State of ye Province in case no Confirmation be come by any of ye many ships y^t are lately come into this River, a thing so often promised to us, y^t fitt expedients may be apply'd to cure our present, & prevent future Mischiefs & Inconveniencies, y^t so we may not through willfull and dangerous Neglect fall into further miseries & confusion y^m those this poor unhappy Country hath already too long labourd under.

[From “Pennsylvania Archives,” Vol. I., p. 68.]

By me WM. PENN, Proprietary & Govern^r of ye Province
of Pensilvania & ye territories thereto belonging

A PROCLAMATION

Whereas ye Govern^r of the New Jersey hath requested

me y^t ye order by him & ye Councill of ye said Coloney made concerning ye illegal Deposal of Lands, wthin ye s^d Colony by Thomas Mathews, might be made public in this province th' no Injury & Loss might come to such as madvisedly are inclinable to purchase any part or tract of him, these are to give notice & to warn all ye Inhabitants of this Province & territories thereof to forbear dealing wth buying of ye s^d Thomas Mathews any Lands, so taken up as they tender ye security of their concerns & will answer it at their peril, given at Philadelphia ye 18th 5th mo 1683.—

*Commission of' Gawen Lawrie as Deputy Governor of
East Jersey.*

[From "Grants and Concessions," p. 168.]

ROBERT BARCLAY, one of the Proprietors and Governor of the Province of East New Jersey in America, to his trusty and well beloved Fellow Proprietor Gawen Lawrie, sendeth Greeting.

WHEREAS the Proprietors of *East New Jersey* aforesaid having by their Commission under their Hands and the Seal of the said Province, constituted the said *Robert Barclay* Governor thereof, which said Commission is in these Words, or to this Effect, to the Proprietors of the Province of *East New-Jersey*, To our trusty and well beloved fellow Proprietor *Robert Barclay*, sendeth Greeting. Whereas the Power of Government of the Province of *East New Jersey*, is devolved upon us, and assigned to us by JAMES Duke of *York*, with Power to constitute and appoint such Governor and Commissioners for the well governing of the said Province, as we shall see meet; and we having heretofore, out of the Confidence we had of

Robert Barclay, his Skill, Prudence and Integrity, constituted and appointed him Governor of the said Province, to appoint a Deputy during his Absence therefrom, to be approved by Sixteen of the Proprietors, upon the same Reason and Confidence, we do hereby confirm to him the Government of the said Province during all the Days of his Life, as to have the Power of the Government of all the said Province, and of all Isles, Rivers, Islands, and Seas within the same or belonging thereto, to do all and every Thing or Things which to the Charge and Office of a Governor doth appertain, commanding all inferior Officers to obey him as their Governor, according to this our Commission, and the Powers hereby given him, and according to the Laws and Constitutions made or confirmed by us, or to be made, which he himself is to observe and follow, as unto his Duty and Office doth appertain. And whereas we have agreed and are satisfied, for certain good Reasons and Considerations moving us thereunto, to commit this Trust unto him, and to give him this Character, without laying any Necessity upon him to repair to the said Province; so likewise we have and do hereby give him Power, from time to time as need shall be, during his absence, to name and constitute and grant Commission to a Deputy Governor, to serve in the said Province, he being always approved by Sixteen of us the Proprietors, and following the Orders he receives from us, according to the Laws and the Constitutions of the said Province. And the said *Robert Barclay* doth further give Power to the said *Gawn Laurie*, in case of urgent necessity, to appoint a Deputy under him. Instructions to Deputy Governor Laurie.

[From "Grants and Concessions," p. 171.]

INSTRUCTIONS for *Gawen Laurie*, when it shall please God to bring him to East New-Jersey.

In the first Place we do lay it upon him to take all due Care to observe the Act of Navigation, and to see that it be Infringed in nothing as to what relates to the King's Customs or otherwise, and to give no Connivance to any so to do, that there be no just Occasion given of complaint, or Reflections upon the Proprietors on that Account, but that in all Things he demean himself, and see that others under his Authority so do, as may Witness our sincere Intentions of all submissions and obedience to the King, according to the Obligations laid upon Us by our Patent.

II. That he keep a good and friendly Correspondence with the Governor and Colony of *New-York*, and be careful of avoiding all Things that may Interfeer with their Interest, or give just reason of complaint from them; that he be not apt to give any Encouragement to People to transport themselves from thence, minding that we do not design to advance our Interest by any Thing which may prove Prejudicial to that Province.

III. We desire him also to keep a good and fair Correspondence with all other our Neighbouring Colonies, and in all Things labour to maintaine Peace and Good Will with them, wherein there doth not appear a manifest Prejudice to us, and your just and honest Interest.

IV. We do recommend to him to take Inspection into our Instructions last sent over, and to mind putting them in Execution, and Prosecuting them as if they were here particularly repeated and renewed.

V. We desire him to use all means of Gentles and Tenderness with the People there, and to let them Under

stand our just and kind Intentions towards them, that they may be disposed on the other Hand to be just and respectful towards us.

VI. We do desire him to take a narrow and particular Inspection into the state of the seventh reserved to us by the first Concessions, that we may perfectly know what they will amount to, how considerable they are in every Town, or in the greatest out Plantations, that he may consider the best means of making a just Division of them among the Proprietors, and to see how it may be Ordered that every Proprietor may have as many Acres of them lying together as may make a tollerable Plantation, though the Share of one might fall in the seventh of one Town, and of another in another, since we think it not practicable that there can be a Division of the seventh of every Town in Twenty four Parts, it would make so many inconvenient Fractions; so that the six Towns, whose sevenths are not yet taken up by the Proprietors, (for *Woodbridge* goeth to *Perth* Town) it may be expedient that two sevenths go to eight Proprietors (consideration of the advantage or disadvantage of Scituation or of the different quantity being had) and so divided by an equal Lot in three Parts, one to each eight Proprietors, and then a Subdivision amongst them accordingly; yet this is still so proposed as it is remitted to his Discretion, being upon the Place and fully informed, to propose any better expedient.

VII. We think also the same may do well as to the Division of the Ten Thousand Acres to be set out to each Proprietor as hath been formerly ordered, which we desire may be done forthwith without any delay, *viz.* That any Tract of Land which is pitched upon for the laying out the Ten Thousand Acres as a Part of it, may be cast first in three equal Parts or Lotts, one to each eight Proprietors, or in two, *viz.* To each Twelve if it be found most convenient, and then a Subdivision to be made; always minding that these eight who have sent over Servants and Goods in Company make one of the three, that being most

just and convenient ; as also if it may be had that at least two Thousand Acres may lye together for each Proprietor to be a particular Plantation to them if they be so disposed.

VIII. We judge it also needful, that not only this two Hundred and Forty Thousand Acres, now to be set out to the Proprietors, be freed of all Indian Incumbrances and purchased from them out of the Company's Stock, but that no opportunity be omitted of Purchasing more Land from the Indians until the whole Province be bought from them, and for this End whatever is there, of the Company's Stock or of the Profits arising to them from the Quit-Rents, or other wise, be employed.

IX. We desire he may make all needful Preparation towards drawing the Line of Division between us and *West-Jersey*, that it may be done as soon as possible it can ; and that in the interim to take what information he can, where it will fall, so that we may have a certain Account both of the Breadth and Length of the Province, and of the Quantity of Land that is in it, and of the nature of the Soil and conveniency of those back Parts of it whereof we have not yet so particular an Account, and in this we could wish it might be discovered whether there may not a convenient Road be found betwixt *Perth Town* and *Burlington*, for the entertaining a Land Commerce that Way.

X. As to the Quit-Rents, we desire it may be seriously considered what has been said in the Sixteen and Seventeen Parragraphs of our former Letter directed to T. R and the Advice of Council, therewith sent, to mind whether the Land be taken up according to the old Concessions ; for if it be not so taken up, it is strange why we should be pressed to confirm it. Therefore Consider the third Article of the old Concessions, where all Leases and Grants are to be Registered. And the Fourth Article, the Surveyor General is to lay out and bound all Land, which is to be done by Order of the Governor and Council ; and in the

Sixth Article it is expressly said, all that are to be free Men of the said Province are first to be admitted by the Proprietors, or their Order; it must also be examined whether any have not a great deal more Land than is in their Patents, and in that case we leave him to make the best Agreement with them he can, so as it may appear to them we are not so strict as in Justice we may: And also where any are run far behind in their Quit-Rents and owe much, if they have much more Land than they have yet brought in or have present Use for, we judge it no ill expedient to pass them——their by past Quit-Rents, they of consent dispensing with a Part of their Land to the Proprietors use where it lyes conveniently, as where some have Ten or more Thousand Acres, and have perhaps used but a small Part of it, as yet, and payed none or very little Quit-Rent for it, they may be content to let go a good Part of it, rather then pay all their Rests and be liable to pay the Quit-Rents for all Time coming, so we leave him to bargain with them in such cases, as in discretion he shall see meet, not standing much with them upon small Matters.

XI. We desire as soon as conveniently he can, a true and clear Information of the State of the Land already taken up, of the Value of the Quit-Rents, of the rests owing, of the Agreements he may make with any of them, and of the Scituation, Number of Acres and Value of the Sevenths.

XII. As for the Patents and Grants of Land given by Governor *Nicholls* which several seems to stand upon, we desire it may be examined what Power Governor *Nicholls* had from the Duke, how far it extended, whether he had Power to sell, lett or grant Patents for Land in *Jersey's*, also whether he made any Laws or Concessions, and if he had Power so to do by his Commission, and how his Commission was limited for we have it not; if he had no Power to make Laws or Concessions, then by what Rule could they proceed to take up Land and settle upon it. And whereas some have pretended a right to Government

as well as Soil, that cannot be: For suppose Governor *Nichols* had Power to be Governor, it was to Govern by some Laws; if so, where were these Laws, who made them, and by what Authority; he could not divide the Government so as to rescin'd one Part from the rest: all those Things would be well considered; where the difference is small we are willing the Advantage fall to the Inhabitants; but where the difference resolves any ways to our considerable loss, if it, with the help of the Proprietors there, cannot be brought to a good Issue we desire the cause may be truly stated and sent to us, that we may consider of the means to remove it.

XIII. We recommend to him to take care to let the People rightly understand the Advantages yielded to them by this Scheme of Government now sent over, and how much it exceeds their former Commissions, which if rightly Understood by them, we hope will be a great means to satisfy them; and also we desire that he may as soon as possible he can, order it to be passed in an Assembly, and settle the Country accordingly thereunto.

XIV. Whereas in the Tenth Article of the first Concessions, the Assembly is to raise and provide a supply, for maintaining of the Governor and defraying all Necessary charges, we recommend unto him the minding of this and Managing of it with all the Dexterity he can, that as we desire in all Things to approve our selves just to the Inhabitants, so likewise they may be found so to us, in this necessary Point.

XV. Whereas one *George Lockhart*, who has a considerable Plantation in the Province (as he informs us) is desirous to have the Marshalls Place, and offers (we giving him a Commission for that Office, together with a Lott of Ten Acres in *Perth Town*) to build us a Prison and Town House there. we do wholly leave it to him, to consider what Accommodation there may be to us in that Proposition, and do hereby fully empower him to grant such Commission, and append our Seal unto it, and make such

Agreement with the said *George Lockhart* as (being upon the Place) he shall see meet.

XVI. It is recommended to take particular inspection into the conveniency of fishing, and seriously to consider the Advantage which may probably accrue to the Proprietors by an Improvement thereof, whereupon we will expect Information and Propositions to that effect; and especially as to the Whale Fishing, which we desire may be encouraged, and to that end we do allow to make use of our effects there, rather than by Loss of Time in waiting for Advice from hence, the Fishermen should be drawn elsewhere for want of due Encouragement, as we Understand some already are.

XVII. As to the Lotts at *Ambo Point*, and the Town of *Perth*, there to be built, we desire that due Care may be taken that it may be made regularly according to a Scheme which is intended herewith to be sent; to be sure that the Streets be large, that the Houses be not crowded one upon another, but that each House have backwards a considerable void for a Yard and Garden, that so no Street be laid close to the back of another without an Intervale of at least a pair of Butts, and that the Key and Market Place be also conveniently ordered.

XVIII. Though we understand by S. G. and T. R.¹ their Letters, that the Parcel of Land intended for the Township is but Nine Hundred Acres, and One Hundred of Meadow, yet since Widow *Cartright* has offered Two Hundred lying well to it, we desire it may be accepted, and that Three Hundred more of what is most contiguous and adjacent may be laid to it, and so make us the Number of Fifteen Hundred as was first proposed, that so there may be One Hundred and Fifty Lotts of Ten Acres a Piece; and we think it most convenient that there be made an entire Division of these Lotts amongst the Twenty Four Proprietors, which shall be about Six Lotts to

¹ Samuel Groom and Thomas Rudyard.

each, all that is for Publick use being first taken off, that so each may build, sell, lett or dispose of their Lotts as they see meet, which we judge will be the quickest way of Building the Town: But if any Lotts be Sold already by S. G. or T. R. according to the Order they had, if so be they, or some other of the Proprietors, be not willing to allow them in their Shares and take the price, then let all that is Sold be first deduced of the General, and be divided provato, and the Rest be divided amongst the Proprietors, to be disposed of by them as is above mentioned.

XIX. We do also hereby authorize them to call for an Account from *Samuel Groom* of our Cargo of 750 £ . sent over, and desire thee to send us a particular Information per first how it is employed, how it stands, and what is become of it: Also in respect *Samuel Groom*, the younger, has shewn so great an Inclination to sell his Fathers Propriety, which he has already a Right to, and that thereby *Samuel Groom*, the elder, may either come back or be indisposed to serve in the Employment of Surveyor General and Receiver of our Rents, therefore we do herewith send a Blauk Commission for Surveyor General, and another for General Receiver, to be filled up by him to such Persons as he shall find most proper upon the Place for that Use.

XX. We do also hereby according to the Paction made betwixt thee and us, order thee as our Deputy Governor, to take Possession of the House belonging to the Proprietors, with the Orchards and Grounds belonging thereto; and we order *Thomas Rudyard* to give thee Possession thereof; and we desire thee to take Care to clear all the frivolous Pretences of Widow *Cartright* thereto.

XXI. As for the Laws made in the last Assembly, sent over to us, we have this to say, that by the first Concessions the Assembly has only Power to make Laws which are to stand for a Year, unless they be approved by the Proprietors: Now tho' we have not much to oppose to some of them, yet we see not meet to approve of them.

because we have here sent a frame of Government which we are perswaded is far more advantagous for the Province, and we desire Things hereafter may be ordered accordingly: And for other transient Laws, we judge there is no need of multiplying them, which after this Method would quickly swell to too vast a bulk: so that in most of those Cases mentioned in the Laws sent over, it is most proper and safe that the Common Law of *England* serve. *London* the Twenty of the fifth Month called *July*, 1683.

A POSTSCRIPT, &c.

Memorandum, It is also recommended to *Gaww Lawrie*, or the Governor for the Time being, and it is unanimously agreed, that wherever any Land is set out, or cast out into Divisions, to be distributed among the Proprietors, before it be by Lot applied to particulars for the Encouragement of such as are ready by themselves or Agents to plant and improve, they shall have Choice of the Division before the Lot be cast: And for the further securing the Equity of this, that it be past in the first great Council as an Act; and in pursuance of this, as to the Six Thousand Acres belonging to the Proprietors upon the South Side of *Rariton*, over against *Ambo* Point, that it be cast in three equal Divisions, two Thousand in each, for every eight Proprietors: And therefore the eight Proprietors who are now sending over in Company both Stock and Servants, shall have their Choice of these three Divisions. And whereas the three Lots must be cast again in eight Divi-

sions, one for each Proprietor, whatever Proprietors at any Time hereafter shall be ready to plant upon and improve his Share, shall likewise have his choice of the sub-divisions.

I was Surprised when Capt. Baker came to me and told me that you would purchase his interest of Governor Nicoll's his Patent, which seemed very Strange to me,

because you had advised me to it, and I told you I resolved upon it in Particular.

Governor Rudiard came to me and seemed mighty angry that I should offer to buy it, he alledging that it is to Comtenance the people to be mutinous against that Government, the which is absolutely contrary to my Principles and thoughts: if I have any Land there, as I question not but I shall before I see you, I shall as willingly submitt to the Laws of the Government as any one Living, and Lay down my Proportion of Payments with as great willingness as any of them all—he seems not to be well pleased with you, because he has heard you designed to buy one of the Patentees interests; I doubt not but what you do is for the Interest of his Royal Highness in this particular affaire; If possibly I can see you before Winter comes on, I will.

All business goes on here to great Satisfaction; the Sesquehamok River is given me by the Indians by a second gift, about which you and I shall not fall out: I desire we may Joyne heartily together to advance the Interest of my Master and your good Friend: I expect to hear from you, how you would have me proceed

Here follows the Bound^s of the said Province, and its Appurtenances, with the Nature of the Title of His Royal Highness's Grant and Confirmation to Twenty four Proprietors, their Heirs and Assigns for ever, Viz.

THE Kings Majesty by his Letters Patents in the 16th and 26th of his Reign did give and grant to his Dearest Brother James Duke of York, his Heirs and Assigns for ever, among other things therein mentioned, All that Tract of Land adjacent to New-England in America and lying and being to the Westward of Long-Island, and Manhattas-Island, and bounded on the East part by the Main Sea, and part by Hudsons River, and hath upon the West Delaware Bay or River, and extendeth Southward to the Main Ocean as far as Cape May at the Mouth of Delaware Bay ; and to the Northward, as

far as the Northermost Branch of the said Bay or River of Delaware, which is in 41 Degrees and 40 Minutes of Latitude, and crossing over thence in a straight line to Hudsons River in 41 Degrees of Latitude; which said Tract of Land and premises was then called Nova Casaria or New-Jersey, with all the Lands Islands, Soils, Rivers, Harbours, Mines, Minerals, Quarries, Woods, Marshes, Waters Lakes, Fishings, Hawkings, Huntings, Fowlings, and all other Royalties, Profits, Commodities and Hereditaments unto the said Premises belonging and appertaining, or to belong or appertain, with their and every of their Appurtenances.

His Royal Highness James Duke of York in the said 16th and 26th Years of His Majesties Reign, granted the Premises to John Lord Berkley of Stratton, and Sir George Carteret Knight and Baronet both of His Majesties most Honourable Privy Council, and to their Heirs and Assigns for ever.

The Assigns of the Lord Berkley made Agreement with Sir George Carteret in the 28th Year of His Majesties Reign for Partition of the said Tract of Land and premises, to be by a strait and direct line drawn thorow the said Tract of Land from the North partition point to the South partition point: the Easternly part, share, or portion thereof falling to Sir George Carteret, and was agreed to be called EAST-NEW-JERSEY: the which was assigned in the 24th year of His Majesties Reign to several persons by John Earl of Bath and other Trustees of Sir George Carteret deceased, by the consent and direction of Dame Elizabeth Carteret his Relict and Executrix, &c.

Additional Provisions to Constitution of East Jersey.

[From "Grants and Concessions," p. 179.]

Proviso and addition to the Fundamental Constitutions.

WHEREAS We the Governor and Proprietors of *East*

New-Jersey in *America*, have agreed to a Scheme and Form of Fundamental Constitutions for Government, greatly tending to the Benefit and Advantage of the Planters and Inhabitants of the said Province, wherein we have conceded divers Priviledges to them, and given them Communication of Part of the Powers we stand seized in; We have seen meet for good and weighty Considerations as a further Signification and Explanation of our Intentions therein, to declare that we intend not (neither will we) that the said Scheme of Government be proposed or yielded to any Person or Persons but such as shall plant or come to be Inhabitants in the said Province under us, and by Virtue of Deeds or Grants from us, or our Agents, after our present Deputy *Gaen Lawry* is arrived and settled there: But we do not yield them to such as have been or are Inhabitants of the said Province before his arrival; yet nevertheless as we are most willing to approve ourselves both just and kind to the former Planters and Inhabitants, we declare and offer unto them the Benefit of the said Fundamental Constitutions, under the Limitations and Conditions after following and no otherwise.

I

That the Grants and Patents of all Planters and Inhabitants in the said Province, by which they claim to hold any Land in the same, be first view'd and examin'd by our Deputy for the Time being, and the major Part of the Proprietors that come personally on the Place (who are not exempted in the twelfth Article of the said Constitutions from publick Trust) and be approved by them as justly and legally obtain'd; and that if it be inquired into and found by them (or such as they shall appoint) that their Lands, as to the Number of Acres, do agree with and not exceed their respective Grants and Patents; and that our Sevenths be retain'd according to the old Concessions; and that all legal Titles and Grants whatsoever formerly obtained, and that shall hereafter be obtained, be entered

in the new Register for Confirmation by the present Proprietors never to be questioned for Time to come, to the End there may be perfect Peace and Settlement of every Man's Title in the Province.

II

That they give him and them Satisfaction as to the Arrearages of Quit Rents owing by them, to which we have just Right, or satisfy him or them for the same, by surrendering back such Part of their Lands (to which they have good Title,) as shall be to the Value of such Quit Rents as they owe.

III

That they settle with him as to the punctual Payment of Quit-Rents for all Time coming: But that no more Land than what does appear upon the Re-survey due to any Man (reasonable Commonage excepted) be continued, tho' he would pay the Quit-Rent, but that it be taken into the Proprietors Possession.

IV.

That they agree in the General Assembly or Great Council, to pass an Act for constant Support of the Government and defraying the publick and necessary Charges.

But in case all or any of them prove obstinate and refractory in these Particulars, we will and require our Deputy Governor to rule such as can justly claim to the former Concessions granted by Sir *George Carteret*, according to them, and to recover our Rights that are due from them: And for others that do not readily comply with these Conditions, that he Rule them according to the full extent of the Power and Authority granted to us, as he will be answerable.

Nevertheless in Case the said Planters and Inhabitants are willing to make a fair and honest Compliance with our just Demands, to the End that the Settlement with them may not be retarded by our being at a distance, we hereby grant to our Deputy, jointly with the Major Part

of the Proprietors, (that come personally on the Place) not excepted as aforesaid, our full and free Power to settle and conclude with the said Planters and Inhabitants, or any of them, upon such Terms as they shall judge most equal to them, and convenient for our just Interest; and to distinguish such of them as he and they shall find very deserving in promoting the Proprietors just Interest, by particular Marks of Favour and better Allowance to them than others; and that all such may be made partakers of the Benefits and Advantages proposed in the said Constitutions, but none other; Only we do not allow any Agreement to be made for selling of the Quit-Rents to any, until we be further acquainted, and that we send our more particular Orders thereupon. In Witness whereof we have subscribed this in *Scotland* the *Tenth* of *December* 1683, and at *London* the *One* and *Twentieth* Day of *December* 1683, and thereto affixed the Seal of the Province for its further Sanction.

To *Gawn Lawrie*, Deputy Governor, and to the rest of the Proprietors who are of the Council in *East New Jersey*.

From the Proprietors to Deputy Governor Lawrie and Council.

[From "Grants and Concessions," p. 181.]

Gawn Lawrie, and fellow Proprietors in Council.

We have seen and considered the Letters brought us from *East Jersey* by *John Barclay*, from *Thomas Raulgard* and *Samuel Groome*, and tho' we doubt not of thy

Prudence and Discretion in the right Management of our Affairs, yet for thy further Ease and Assistance, we have thought meet upon those to add what is hereafter, unto the former Instructions given thee.

We are very sensible of *Samuel Groome's* honesty and fidelity to our Interest, and therefore cannot but very well approve of his Proceedings, both in his care in seeking out and discovering the best Land, and surveying it out for our Use; for his endeavours to clear it of the Indian Incumbrances, and for his refusing to comply with the particular Interest of any there, by accommodating them with Lands (or others at their Desire) to our general Prejudice; and this we are willing to be signified to him in our Name; and we wish there may a Way be found whereby he may still continue to be concern'd with us: And tho' we are not willing to let *Thomas Rudyard* want his due acknowledgment for his good Service done in resisting and curbing the tumultuous Spirits there, and for his Care of his own and our Concerns, in that respect, yet we wholly disapprove his offering to put another Surveyor over *Samuel Groome*, and we will not that any such Grant of Land as having been yielded by *Thomas Rudyard* after this Manner, and not survey'd by *Samuel Groome*, be good and valid, but declare them to be void, as being done without our Knowledge and against our Interest; for we will never consent to such a preparative, that the Governor and Council there shall dispose of our Land there upon what Terms, and to whom they seem meet, without the Consent of the greater Number of the Proprietors or their Proxies.

And as to *Thomas Rudyard's* Objections upon this Point, that it is to the Detriment of the Province, for that People have not Land to settle upon who are willing to come and dwell there, whereas in other Provinces several Thousands are quickly accommodated, and have Land laid out to them. We Answer, that to avoid this difficulty we had proposed a very good way (*to wit*) that Ten Thousand

Aeres of the best and most convenient Land should be laid out for each Proprietor first of all, and then let such as are there grant out of that Land as they please and can agree, to such as offer there to plant, and leave others to follow such Methods for the improving of theirs, as they see most convenient: and thus all Occasion of Differences may be avoided, and not one encroach upon another, and those that come there to plant not want a Settlement: Nor do we see any difficulty in this Matter of the Ten Thousand Aeres, seeing to facilitate the same, we gave Order, that whenever any Tract of Land were found out and survey'd for the Proprietors use, it might be cast in three Lots whether it be Twelve, Eighteen or Twenty-four or Thirty Thousand Aeres, less or more; and the one Third cast together under the Name of the *Scotts* Proprietors, who will take care of the ordering the Sub-divisions thereof, by private and particular Orders to their own Agents and Overseers: And have also sent over *John Reid* (and if he be found capable) a good Surveyor to make their particular sub-divided Surveys, after the Total is survey'd by the general Surveyor. And now we are of the Mind that for the more facilitating of this, when any Tract of Land is set out for the Proprietors in order to the making up of the Ten Thousand Aeres above mentioned, it may be cast not in three; but in two Lots, seeing the *Scots*, with those that are concerned with them, (are resolved to follow that Method) may make up the one half, or probably will e'er this come to be put in Practice, being already 1 *Perth*, 2 *Lundy*, 3 *Barclay*, 4 *Burnet*, 5 *R. Gordon*, whereof *G. L.* hath the half, 6 *Gawn Lawrie*, which belongs to *Arent Soumans's* Children, 7 *Arent Soumans*, now belonging to his Son, 8 *Barthomew Gibson*, 9 *David Barclay*, 10 *William Dockwra*, 11 the half of *Richard Mew* belonging to *John Hancock*, Widow *Soumans* Brother; so that we doubt not but the one half may be reckoned upon, and therefore we order, that the Tracts of Land survey'd out for the Proprietors may from time to time

be cast in two Lots, the one called the *Scots* Lot, and of that we will take care, for such of us as are therein concerned will not consent (as yet) our Shares thereof to be sold, or set out at two Pence, nay not at four Pence, one Acre; since we have proposed other Methods to ourselves, and have a Prospect of turning it to a better Account; and yet those may follow their own Way out of the other Part allotted for them, who think it their Advantage to set out Land at two Pence per Acre, or sell it off to such as are coming there and offer to plant: Neither do such of us as are otherwise minded, intend to set our Land to lye unimprov'd, but hope to have it speedily planted, as by a Cargo nine Hundred and Fifty Acres sent lately from *Scotland* may appear.¹ And to the End there may be no Jealousy of design or unequal dealing, we give this positive order, that no Tract of Land above Forty-eight Thousand Acres be set out in two Lotts, viz. Twenty four Thousand Acres each, which will make two Thousand Acres for a Propriety, and that the next Tract or neighbouring Land on the English Side, be appointed for the Scots Lot; and the next Tract or neighbouring Land to the Scots Side, be appointed for the English Lot, and so *toties quotis*, as Land is set out for the Proprietors: We propose the same Methods of casting in two, as to the Lots of *Amboy* (now *Perth*) Town, east by *Samuel Groome*, nor see we any difficulty in getting it quickly to advance, after this manner, as *Thomas Rudyard*, seems to judge in his Letter, for there is herewith, Orders sent, and a Fund proposed for the building Twenty four Houses, which is a good beginning, and some other Persons who have Lots, from the Scots Proprietors, intend to build some Houses also; which will accommodate such as incline to come for a begining. And if by that Scheme, which is come over, the Lotts can be distinguish'd and the one Half, viz. every other Lot, 1, 3, 5, 7. 2, 4, 6, 8, and so

1 So in the record.

one be allotted the Scots in manner as above, it may be easy by an Alphabet or figure, presently to distinguish the six Lotts belonging to each Proprietor, which we desire may be done and sent over with all expedition, for that would give great Satisfaction here. And such as have Subdivisions under particular Proprietors, would see where their Share lies, and then give Orders to Build upon them, and others would purchase Shares, so that we doubt not (this method being followed) but it would quickly go forward, so that we see no necessity, neither are we willing to give Lotts away, or at an under Rate, to the spoiling of that Reputation which we have been Instrumental to get in Peoples minds, to the Advantage of the Colony in general and that spott in particular, upon the Informations formerly received.

If so be also, there could be an exact Map of the Country sent over, wherein these particular Tracts set out or to be set out, to the Proprietors, may be marked with the number of Acres they consist of, and the Division in two halves, (above desired) distinguished, it would greatly contribute to satisfy many, who are desirous to purchase: and tho' this did prolong the Time of planting at present, yet it would afterwards more speedily and advantageously advance it; and since those presently inclined to Plant, may by Grants out of the particular Shares, (or others who are there) be accommodated, we see not how we injure them by it, and we hope they will be more weary than to dispose of our Interest against our Wills.

For the Indian purchase, we shall wish it may go on, and tho' *Thomas Rudyard*, says the Proceeding therein will exceed our Cargo which is there, yet we are so desirous of it that we are willing (so far as comes to our Share) that *Garrn Lawrie* purchase it with the consent of the Major Part of the Proprietors on the Place, and draw upon us for it, and we shall answer it, *viz.* that it be not purchased for any particular account, but on the joint account of all the Proprietors and not otherwise. It is to

be minded that in our Instructions sent with *G. Lawrie*, we signified our unwillingness to confirm fully the Acts lately passed and sent over to us, but this must not be understood of them all, especially that whereby the late illegal Grants, voided by the Assembly, and passed by *Viccars* [*Viccars*].

As to the Tenth Article of our Instructions given to *G. Lawrie*, we appoint that the joint assistance, and consent of the Major Part of the Proprietors on the Place be added to him, to act in the Business of that Article.

It is not to be forgotton, that as soon as can be Weekly Markets and Fairs, at fit Seasons be appointed at *Perth* Town, and that care be taken that Goods be not exported to *New-York*, or other Places, but all be brought to *Perth*, as the chief Staple, and that a Charter, with all necessary Priviledges and Jurisdictions, be forthwith granted to that Corporation, to encourage People to settle there.

Deputy Governor *Lawrie*, our Governor *Barclay*, desires thou mayest know, that this last Month of *December* 1683, Sir *John Gordon*, of *Edinburgh*, hath purchased half a Propriety of *Thomas Cooper*; and *Robert Burnett*, of *Edinburgh*, hath purchased half a Propriety of *Clement Plumstead*, both which they have conveyed, and the Deeds Sealed accordingly, which does make the better half now, and to explain the figures within, in Words at length, they are Forty eight Thousand, Twenty Four Thousand, Two Thousand for one Propriety.

Agreement Respecting the Taking Up of Land in East Jersey.

[From "Grants and Concessions," p. 186.]

Agreement of the Proprietors about taking up Land.

WE the Governor and Proprietors of the Province of East *New-Jersey*, being desirous to give all due encouragement to every one that purchases from us of that Colony, and do desire to settle there and improve their Lands, having formerly resolved and given Orders, that Ten Thousand Acres in the best and most convenient Places of the said Province, be with all convenient speed set out for each Propriety, do hereby further declare and agree, that whoever has purchased any Share or Part of a Propriety, and goes over, or sends Servants to settle upon it, shall have a competent Number of Acres set out to him or them, lying together in the first Tracts of Land, surveyed or to be surveyed for the use of that Proprietor, of whom he purchases. PROVIDED such quantity of Acres, do not exceed the number hereafter specified, and that they be granted by Warrants, limited and expressed in the manner following, that is to say, all who has purchased one Twentieth Part, may have Five Hundred Acres in one Tract lying together, and the Warrant shall bear this express Clause, that it is in full of his Proportion of the first Ten Thousand Acres, to be set out to each Propriety, and he who has a Tenth, may take up also Five Hundred Acres, but no more at first, and his Warrant shall express it in full, of half of his Proportion of the first Ten Thousand Acres aforesaid; and if any have less than one Twentieth, he shall have as much together as his Share of the first Ten Thousand Acres amount to, but no more, and it shall be express'd also in full of his Proportion of the said first Ten Thousand Acres; and where any such small purchasers (going or sending over to settle a Family) has his full Proportion, he shall have

no further Lands, until the Proprietor of whom he bought, have the full remainder of his Ten Thousand Acres set out to him; and that there be a new Division, unless in such case wherein any Proprietor who shall have sold one or more small Parts of his Propriety, shall neglect to settle Families and Servants on the rest of his Lands unsold, so long as until the small purchasers under him, have well planted and improved their Land set out to them, at their first settling, as their Part of the first Ten Thousand Acres, and that they desire more Land to settle, cultivate and improve; in such case, such small purchasers, shall have the like quantity of Land as at first set out together in one Tract, out of the remainder of the first Ten Thousand Acres surveyed, or Part of those Lands belonging to that Proprietor of whom he purchased, and so to a third and fourth Division, in favour, and for accommodation, to every such small purchaser, as shall from Time to Time, have well planted and improved the Lands they settled on, when the Proprietor who sells to him shall let his Land lye unsettled and unimproved, it being most reasonable that those who do let their Lands lye neglected, and make no Improvement, should have their Shares left to be made up in after Divisions, nevertheless it is to be understood that what Lands shall from Time to Time, be so let out to such small purchasers that settle and improve, shall be account as Part of their dividend, of their Proportional Share of the Province.

And it is also hereby declared and agreed, that this Instrument, with the concurrence of the Governor, shall be of good Authority to the Deputy Governor and Council, who is allow'd to give Warrants according to the Resolution, for the Encouragement of all purchasers who shall transport their Families or Servants to settle in the said Province, which will promote the General Advantage thereof, and for the better Publication and fuller confirmation of this Instrument, the Governor and Proprietors have hereunto set their Hands, and have Ordered the same

to be Registered in *London*, as also in *Scotland*, and *East Jersey*, and to have the Seal of the Province fixed thereto, for its further Sanction. Subscribed in *London*, the *Twentieth* Day of *February*, in *Scotland*, the *Twenty Ninth* Day of the same Month, and in *East Jersey* the *Fourth* Day of *October*, in the *Six* and *Thirtieth* Year of King *Charles the Second*, *Anno Domini*, 1683 4.

From the Proprietors of East Jersey to the Planters.

[From "Grants and Concessions," p. 188.]

ROBERT BARCLAY, GOVERNOR and one of the Proprietors of the Province of East New-Jersey, and the other Proprietors thereof, unto the Planters and Inhabitants of the said Province, sendeth Greeting.

Soon after it pleased the Almighty God, by his Providence, to make it our Lot, to have the Interest of that Province, we esteemed it our Duty to be much concerned in taking due Care of the Affairs thereof, and accordingly we sent over two of our Number in *October* 1682, with Instructions and a Declaration to you of our just and honest Intentions.

Since that time having received both full Information from them, and divers ways coming to understand more fully the State and Condition of things there, We are capable to make a more perfect Judgment of our Interest and of your Circumstances in Relation to us, and have therefore for the better settling both the one and the

other, sent over *Gawen Lawrie*,¹ (one of our fellow Proprietors) who we hope is before this Time with you, under the Character of our Deputy Governor, in whose understanding and honesty we repose full confidence, and with whom, as we have sent full Instructions and Memorials towards the putting all Things in good Order, so we expect a snitable compliance, on your Parts, to our Proposals made, or to be made, by him, to whom we have given Credentials for that end, in the most ample manner.

But we must be plain to acquaint you, that we were not a little troubled, to find that there are too many dissatisfied and self-ended Persons, among you whose indirect designs did quickly appear in seeking to subvert our just Interest, that they might advance their own unwarrantable Pretences, who we hope are in some Measure rebuked by the disappointment of their vain Expectations of the invalidity of our Right and Title to the Government. The clear Demonstration of the contrary, as it will encourage the more honest and sincere, so it will teach others to mind their duty better for Time to come, and bring them to be better acquainted with us than some of them seem'd to be, when they considered us as Strangers and Persons unknown to them; but however, they may esteem us as such, we resolve not to be so foreign to our Interest there, but that we shall make it manifest, that Distance of Place

¹ The name of GAWEN LAWRIE is first met with, in the history of New Jersey, in connection with those of William Penn and Nicholas Lucas, as one of the assignees of Edward Byllynge. Lawrie was one of his creditors, and the management of his affairs probably led him to embark, with Penn and others, in the East Jersey enterprise. As will be seen on page 425, his commission as Deputy Governor of East Jersey was issued in July, 1683: and shortly afterward he sailed for the Province, and took up his residence at Elizabethtown. The first business requiring his attention was the establishment of the seat of Government, in conformity with the views of the Proprietors, at Amboy Point, which, in a publication the preceding year, they had introduced to the world as "a sweet, wholesome and delightful place," and early in 1684 he had it laid out into lots, conferred upon it the name of PEARL, and established a ferry-boat between it and New York. Although he appears to have manifested great interest in the Government of the Province, he failed to secure the favor of the Proprietors, and was superseded in 1686. He brought with him to East Jersey his wife (Mary) and family; one son—*James*, whose daughter, Isabella, married William Davis, of New York—and two daughters: *Mary* became the wife of William Haige, and *Rebecca* married Miles Forster. Lawrie died at Elizabethtown in the Autumn of 1687. See "East Jersey Under the Proprietary Governments," pp. 168, 417, 422. Ed.

shall not hinder us from such a narrow search and inspection into our concerns, that those who think either to possess our Lands by unreasonable claims, or any ways to conceal them from us, will find themselves much mistaken.

And it cannot but manifestly appear, to all such that love the Interest of that Colony, that those that went about to propagate any Pretence, to oppose or weaken our Right and Title, could not be esteemed Friends, either to the Proprietors, or to the true Interest of their honest and well meaning Neighbours in our Country, since that was the way to expose the whole to be a prey to others as formerly it has been, but we hope by the Assistance of God, and the King's Justice and Favour towards us, so to prevent such Practices for the future, that all People residing in the said Province, (or any way concerned therein) may rest in full Assurance of being protected in all their just Rights and Priviledges, and to receive all due Encouragement from the Proprietors.

And as we have taken all just Care in those Matters, that you may reap much benefit thereby, so we do reasonably expect a due Submission on your Parts, to our just Rights, and to the Kings Letter consequential thereunto, which before this Time will be with you.

We have seen and considered your Addresses made to some of our Number upon their Arrival, and hope that in a great Measure your desires therein are answered, as to what relates to the former Oppression you have been under, either from your Neighbours, or those who have heretofore govern'd you. But we find you lay that Stress upon your purchase from the *Indians* which it will never bear, for we would have you informed, that thereby you have acquired no Right but what is duly confirmed by us, or our legal Predecessors, unless you would renounce all Interest and Protection from the King of *England*, and so Subject your all to a just forfeiture, but we will not now descend into particulars, having given our Deputy full Instructions in all these Things, only we would have

you know that we have sent over by him, such a Scheme of Government, of which we may say without vanity, it is both just and kind to every Inhabitant in the Province, the Benefits whereof you may partake off, provided (as it is our desire) you may deserve it by being no less just to us than we are ready to be kind to you, so Wishing you and your concerns all good Success, we commit you to the Protection of the Almighty and are your real Friends.

¹ The Minisink lands lay between the river Delaware and the Blue Mountains, partly in Sussex County, New Jersey, and partly in Ulster and Orange Counties, New York. They comprised much valuable territory, which was soon occupied by settlers. The title was confirmed by Queen Anne in 1704, and the whole tract subsequently divided by commissioners among the owners.—John Clement's "Notes and Memoranda Relating to the West New Jersey Society," p. 111. WHEREAS we have considered the Necessity in order to a full Settlement and good of our Province, that there be full and ample Power constituted in some Persons upon the Place, to do all Things that may contribute to the Good and Advancement of the same, whereby the Persons so acting may with full confidence and assurance proceed, and others there may with the greater freedom and clearness treat and conclude what is and may be necessary: Out of the Trust and Confidence we repose in our Trusty and well beloved Friend *Gawn Lawrie*, whom we have already constituted Deputy Governor of our said Province, do hereby give and grant unto him our full Power and Authority, by and with the Consent and Advice of *Thomas Rudyard*, Secretary of our said Province; *Thomas Warne*, one of our Fellow Proprietors, *David Toshack*, of *Momyward*, Partner with *James Earl of Perth*, and Sir *George McKinzie*, of *Tarbutt*, and Proxy for them, *John Campbell*, Partner with and Proxy for *John Lord Drummond*, of *Landrie*, *Robert* and *Thomas Fullerton*, *David Mudy*, and *James Johnson*, who are Proxies, respective for *Thomas Hart*, *Thomas Barker*, *Clement Plumstead*, and *Thomas Coe*, *John Barclay*, and *David Barclay*, *Thomas Gordon*, *Aurthur Forbis*, Captain *Patrick Magriyer*, all Sharers in Propriety's; *George Willcocks*, Proxy for *Robert Gordon*, and Sharer of a Propriety, together with such other of the Proprietors as may come upon the Place, (who are Qualified according to the Constitutions) and such other Proxy's as we may make hereafter, to whom we commit our full Power to Act, and do for us even as we ourselves could do if present for the good of the Province, in the things and with the Reservations hereafter mentioned; agreeing nine of them to be a Quorum, and the Major Part present to have Power to determine, and our Deputy Governor to have two Votes, *viz.*

I.

To approve and confirm such Acts of Assembly, as from Time to Time there shall be found a Necessity to establish before Copies can be sent hither for our Confirmation, but when the *Fundamental Constitutions* are passed in Assembly, then to proceed according to them.

II.

To end and agree all Matters now in Debate betwixt the Proprietors and the former Planters of the said Province, and others, as to their pretences to Land, and as to the Arrears of Quit-Rents, as to settlement of them for Time to come, and to grant them Patents accordingly, but not to sell off any of our Quit-Rents, without our particular Order for that Purpose.

III.

To order, settle, sell, let, or dispose of by Patents, the Lotts for building, and other Lands of *Perth*, so as may best conduce to the advance and improvement of that Town, yet so as they may not reach the Share, in part or whole, of any Proprietors, who have already given particular Directions for the building upon or settling of their Lots for themselves or their Friends, or any in their Name: And what shall be so sold, let or disposed of, the produce to be applied to the respective Proprietors whose Lots they are.

IV.

To purchase and take up Land in the Proprietors Names (and no other) from the Indians as they see Cause, or find it Necessary.

V.

To set out Land upon Rent, to any there who may offer to settle: And tho' in this we will not straiten or limit them, yet we desire all the forbearance that may be, until we see what further Prospect there may be of sending over People enough from *England*, *Scotland*, and other Nations for that end.

VI.

To run the several Lines of Division, and determine the Limits and Bounds of the said Province, either with those of *New-York*, or *West-Jersey*.

VII.

To take the readiest way they can, either out of the sale of Lands, or out of Arrears, or present Quit-Rents, or any other Effects belonging to the Proprietors in the said Province, so as may make good to *Thomas Rudyard*, *One Hundred and Eighty Pounds*, which together with *Twenty Pounds* due from him to the publick Stock by three rates laid on each Propriety, one of *Ten Pounds* and two of *five Pounds* a peice, do make up *two Hundred Pounds* Sterling. Value in *England*, being allowed him for his Service while he was Governor. These being the chief Matters we can learn from our Intelligence from them, as necessary to be at present taken care, for all other things of less Moment being sufficiently expressed and fully provided for in former Instructions and Warrants, we give them as aforesaid, our full Authority in the premises, reserving to ourselves the Power of Revocation of this Authority when we shall see Cause: in the mean time until Revocation, whatsoever is acted hereby to be in full legal Force and Virtue.

Wee did promise our selues in you a good and kind neighbour both, Judging you would have so inclined to a Colony wherein wee are soe much concerned, And that the regard you haue to your Master's honor and intrest would haue obliged you to do it, considering wee are such as haue the happinesse to claime ane interest in his fauo^r. Wee have discoursed with his Commissioners at London of these things y^t were by you proposed in relation to the bringing our Colony under the Government of New Yorke, and doubt not but we have convinced them of the reason which induce us not to yeald to such a proposall, And wee Doubt not both the Duke and they are fully convinced of our right in everie Respect: Both of Gouernment, Ports, and Harbours, free trade and Navigation, and haning spoke to the Duke wee found him verie just, and to abhorre the thoughts of allowing any thing to be done contrary to what he hath past under his hand and Seale; And wee persuade ourselues you will lay aside all thoughts of attempting what may reflect upon the Justice or honor of Your Maester, or may give us just reason to complaine. Point which being accounted at 5th a pice with 10th of money they received in Scotland ere they went away completed their first yeares payment the others ¹ they are to have out of the Stock upon the place, and a weekes service of the Servants for each of the 4 yeares to cultivate this, the Servants according to their Indentures are to have 25 Acres each, the trades men of them 30 paying 2d an Acre according to the generall concessions printed by all the Proprietors at London 1682 besides some particular casualties which causes some Difference according to their capacities as the particular Indentures does witness, And it is to be noticed that this 3 lots of 10 Acres upon Ambo point to David Barclay, John Hantone, and John Reid, as also that Sold to Bartholomew Gibson the price whereof went into this Stock is to be divided pro rata out of the Shares of all the Proprietors here concerned.—This being then a true state of the above mentioned Stock.

Wee undersubscribers being the persons concerned therein doe declare this to be a Just division thereof and that our respective Shares after 4 yeares when the time of the overseers and Servants doth expire which will be in or about the Month of December 1687 shall be proportioned accordingly that is all the corne and Cattle and other moveable fruits and emoluments arising from the same after the crop 1687 shall be Justlie divided among us according to our interests : but for what is immoveable to witt house, fences, and Inclosures and the Inherent Improvement of the Soile, It is to be valued by persons of known skill & Integritie appointed by the Governor and Councill for that end, and to be bought off by anie one concerned willing So to doe, paying the rest according to their Interest, because it would make but inconvenient fractions to divide it and the dividends hardlie

yeald to anie one a sufficient plantation, and in caise of 2 or more concerned willing thus to purchase it, to avoide debat, the preference shall be yealded, by the votes of the Major part of the rest, it being hereby also provided, that whoever thus purchaices the improvements of the Soile Shall allow the whole number of Acres in the division of his owne Interest of 10000 Acres appointed to be sett off to each Proprietor, and to the rest nothing shall be discountmpted of their Land for that cause, in witness of all which premises wee have Sealed and Subscribed so many copies of this Account and Instrument as may Serve all concerned, that anie one of them being presented to the Register of the Province may be recorded, for preservation, that an extract under his hand may Suffice to evince everie ones claime, and procure such execution for Satisfaction of all or anie one Interested as is needfull

Instructions Relating to the Setting Out of Land in East Jersey.

[From "Grants and Concessions," p. 190.]

ROBERT BARCLAY, Governor and one of the Proprietors of the Province of East New-Jersey, and other of the Proprietors thereof.

To the Deputy Governor and the Proprietors in Council there, GREETING.

WHEREAS in the Month of *March* last, there was sent by *Thomas Singleton*, bound for *East Jersey, &c.* An Instrument bearing Date the *Twentieth Day of February* last, wherein the Proprietors did among other Things, give Order for the setting out of convenient Tracts of Land, to accommodate small Purchasers at their Arrival in the said Province to settle upon, to be appointed them out of the first Parts and Dividends of the *Ten Thousand Acres*, order to be set out for a *Twenty fourth* Part to each Proprietor, (and so pro Rata) out of such Lands belonging to them, of whom they particularly purchased. We having since further considered that such small Purchasers, who are now ready to transport themselves, and others who may shortly after follow them, may have occasion for more Land to settle their Families upon, than can be had for their share out of the first Dividend of the *Ten Thousand Acres* taken up, or due to such particular Proprietor or Proprietors of whom they purchased: Now in Consideration of the great Benefit that will accrue to the Colony in general by encreasing the Numbers of laborious People, to go over with their Families to plant and improve the Country, and being well satisfied that one way to promote so good a Work, is to give good Encouragement to all small purchasers by furnishing them as soon as they come over, with a sufficient Number of Acres, to make a good Farm or Plantation in one Place.

We the Governor and Proprietors abovesaid, have agreed, and do hereby order you the Deputy Governor and Proprietors that are of the Council, or the Major Part of you, first to Cause the Surveyor, by your Consent and Direction, to set out to every such small purchaser as shall come over, their Shares due to them, out of the Dividends of that Proprietor or Proprietors, of whom they have purchased, proportionable to what they have bought, and if any small Purchasers Share out of the Proprietors Dividend, (of whom he bought) amount not to *five Hundred Acres*, then that you make up *five Hundred*, (if the Purchaser desire it) out of the rest of that Proprietors Land of whom he purchased.

But if any Proprietor have sold to several small Purchasers, so that each that come over, cannot have *five Hundred Acres*, out of his Share, of the first Dividend of Part of the *Ten Thousand Acres*, then those Purchasers who first came together, shall have their proportionable Share (a peice) towards making up *five Hundred Acres*, as far as such Proprietors Dividends will amount unto of whom they bought; the true Intent and Meaning thereof being this. That where any Proprietor (who hath not sent Stock and Servants) shall sell any Part of his Land to one or more Purchasers, his whole first Part or Dividend of the *Ten Thousand Acres* shall be taken, (if need require) to accommodate these small Purchasers to whom he sold, with *five Hundred Acres* of Land a peice, (if they desire so much) before any others of the Proprietors Lands shall be meddled with for that purpose.

Be it also further Agreed, that in Case there be not sufficient Land, in any Proprietors first Dividend of the *Ten Thousand Acres*, (who have done nothing towards the improvement of his Part, by sending Stock and Servants) as to make good *five Hundred Acres* to each small Purchaser (to whom he has sold) when he comes to settle his Family in the Province, then in such case that the Surveyor (do by your Consent and Direction) first set out

to such small Purchasers, so much as his Share comes to, and what more can be made out of the remainder of the first Dividend of the *Ten Thousand Acres* belonging to that Proprietor of whom he purchased; and what is wanting of *five Hundred Acres* to each small purchaser, it shall be lawful for you the Governor and Major Part of the Proprietor of the Council, and you are hereby ordered to cause the Surveyor (by your Consent and Direction) to set out without delay so much Land, out of some other of those Proprietors Shares or first Dividend of the *Ten Thousand Acres*, as shall be enough to make up every small Purchaser full *five Hundred Acres* (if he desires so much) at his first coming to settle his Family in the Province,

And we the said Governor and Proprietors desire that you the Deputy Governor and Major Part of the Proprietors, in the Council, have respect to these particulars following, in the Prosecution and Managing of this Order, viz.

I. That no Land be set out to these small Purchasers by his or your particular choice, or election, even from the Share or first Dividend of the *Ten Thousand Acres* that falls to that Proprietor of whom he or they bought, but that their Part thereof, (whether more or less) be divided by Lot to them.

II. That where any small Purchasers shall be accommodated with more Land out of any other of the Proprietors first Dividend, of the *Ten Thousand Acres* as before is appointed, it shall not be taken out of such Proprietors Land who has sent Stock and Servants, or made any Settlement on his Share but out of such Proprietors Shares who have not sent Stock and Servants, and whose Lands lye unemployed and not improved.

III. That the making up of the *five Hundred Acres* to each small Purchaser (if he desire it) shall be set out of the Proprietors Dividend who has not sent Stock or Servants, that lies contiguous to such small Purchasers first Part of the five Hundred Acres of Land set out or intended

to be set out to him: And in Case no such Proprietors Land lye contiguous (or next adjoining) then 'tis left to you the Deputy Governor and Council, to appoint the Surveyor out of which of such Proprietors Dividend to set it out, but it shall not be otherwise set out, than by casting an equal Lot.

IV. That where any Proprietor having his full *Twenty fourth* or *Forty eighth* Part, sends over in his Name, either Servants or Stock, or such that are willing to farm Land of him, so as to become his Servant, shall have as large Tracts of their Proportion, as may suit with the Number of People thus sent over upon their Account, and the conveniency of the Place and other Circumstances, to be adjudged by the Deputy Governor and concurrence of the Major Part of the Council.

V. That due care be taken to reprize every such Proprietor as Parts from Land, to accommodate such small Purchasers out of the next Dividend of the *Ten Thousand* Acres, or as soon as so much Land is found to make it up, and that as near as may be, the like Land for Quality and Goodness and Situation be made Good, and where that cannot be had, that special Regard be had to repair them by Quantity and by such other consideration, as in the ballance of Justice and Equity, the Exchange may be made equal.

VI. That such small Purchasers have no more Land than his own Share comes to in the second, third, fourth or any further Dividends of Land than the first *five Hundred*, Acres, unless he have first cultivated and improved the said *five Hundred* Acres, and wants and desires more, and in such Case the Deputy Governor and Major part of the Council to adjudge thereof, and if they see it just to give him more Land for further Encouragement, yet we hereby limit that it shall not exceed *five Hundred* Acres more. And such small Purchasers as have bought under a Tenth Part, shall not have more Land than *five Hundred* Acres at first, nor afterwards more than their Share of

the whole first *Ten Thousand Acres* reaches to, until another Dividend beyond the *Ten Thousand Acres* be made.

VII. You are hereby ordered, that strict Care be taken, that no Part of any Proprietors Interest whatsoever in the other Moiety of that Tract of Land upon the South of *Rariton River*, called *Changarora*, (one Moiety whereof being already allowed to be taken up by the *Scots*) nor any land at *Amboy Point*, nor within two Miles distant every way round the intended Bounds of the Lands belonging to the intended Town or City of *Perth*, (as it is demonstrated in the last new Model drawn and sent you by *Thomas Singleton*) be taken away to be added to any of these small Purchasers, or any other Purchasers, but that every ones Share and Interest, and Dividend therein, be reserved to himself, as well to those Proprietors who have not sent over Stock and Servants, as to those that have.

Nevertheless it is not to be otherwise understood, but that every small Purchaser has a right to his own Dividend in the said Lands of *Changorora*, and his Share in *Perth-Town*, and the Lands about it, and you are to appoint the Surveyor to set him out his Dues accordingly out of the Dividend of such Proprietor of whom he bought, according to the Proportion of the said Purchase, and not otherwise.

Lastly, We hereby unanimously agree that this order do continue for the Term of *four Years* next following the Date hereof and no longer.

In the mean time because of some ruinours I have mett wth as if some of yo^r neighbors und^r colour of grants from my selfe or upon some other groundless pretences endeavour all they can to obstruct y^e trade of New Yorke and Albany; I thinke it fitt hereby to recomend that to you in an espeeceall manner that you may not suffer any innovac^on within that river, nor any goods to passe up it but what shall have paid the duties at New Yorke; we to p^rserve the cheife benefitts of y^t trade to the inhabitants and traders of New Yorke and Albany w^{ch} is agreeable to y^e Laws of yo^r Colony and the practice of yo^r p^rdecess^{rs} and necessary for the collecting those Customes and other duties w^{ch} must helpe to support yo^r governem^t, And if you find that y^e Inhabitants of East Jersey have any other way of trading wth the Indians then by the River of N. SIR [Extract.] S^t James's 27th Augst 1684
 You say Cap^t Billop will sell his planta-
 c'on on Staten Island,¹ and if he doe, certainly 'tis best
 y^t you endeavo^r to procure some inhabitant of New Yorke
 rather to buy it yⁿ suffer any of those of New Jersey to
 doe it; but whosoever buys land in y^t island, it being
 under yo^r governm^t he must be lyable (as well as others)
 to the Laws thereof.

Touching Susquehannah River or lands ab^t it or trade in
 it, w^{ch} the Indians convey to you or invite you to, we
 thinke you will doe well to preserve yo^r interest there as
 much as possible that soe nothing more may goe away to
 M^r Penn or ether New Jerseys. For it is apparent they
 are apt enough to stretch their priviledges as well as the
 people of New England have beene, who now probably
 will be reduced to reason by prosecution of the Quo War-

II.

We give our said Deputy Governor *Lawrie*, or the Deputy Governor for the Time being, in Conjunction with any five of the commissioned Persons aforesaid, or the major Part of them if under five upon the Place, our full

Power and Authority to ratify all the Laws which he hath lately confirmed, to continue for the space of three Years, to commence from the Day of passing of the said Laws in the Assembly of the said Province; excepting the Law relating to the Militia as it is already restricted by the Deputy Governor; and that Clause in another Law disabling *Henry Greenland* to bear Office: And as to the Law which relates to the first Day of the Week, we recommend him and them to a further Consideration thereof, least it prove a burthen to some tender Consciences who may find it their Duty not only to testify against the Jewish Superstitious, but also against some others in that Point. We do also hereby empower him and them to ratify and confirm all such Laws as shall hereafter by Act of Assembly be made, for the like Term of three Years from the Date they shall be past. But we do require this one Thing concerning the Court of common Right, that it be always held at our Town of *Perth* if it be possible; and that all other necessary Courts, as also the Assembly (when called) do sit there; and particularly the Deputy Governor, for the Time being, do inhabit there, and convene his Council in the said Town of *Perth*.

III.

To remove the Restrictions in the late Instrument in favour of those Persons who have purchased Shares, and such as have sent Stocks, or gone over to settle in the said Province. That *Changoraza*, or any other Place, be not limited, seeing by that Example we are subject to wrong Notions of the Convenience and Situation of Land, so that by making such Limitations we hazard the perplexing of a right Management of those Things which we would have carried on for the Accommodation and Encouragement of all that send Stock or go over to settle in the said Province.

IV.

To set out forthwith, without delay, to all those who have imported Servants since the last Grant from the

DUKE, of the *Fourteenth* of *March*, One Thousand Six Hundred Eighty and Two, their just dues for each head to continue until the *Twenty fifth* of *March* next ensuing the Date hereof, and that such Servants as have or shall come into the Province, within that Limitation, may have their Twenty five Acres, set out to them upon their Application, and be possessed thereof as soon as their Times of Indentures be expired, provided the Master or Mistress do Certify to the Governor and Council their fulfilling the Contents of their Indentures, or Articles; or in failure thereof, the Servants making it appear to them by sufficient Testimony: And for all such Lands relating to Servants Heads imported, We the Governor and Proprietors do give our full Power and Authority to our Deputy Governor for the Time being, to grant Warrants to the Surveyor immediately, to set out such Lands to whom it is due, and to proceed therein according to the form prescribed in the Concessions, so as a Deed or Patent may be given and signed by the present Governor *Lawrie*, or the Governor for the Time being, and three of his Council, or by four if more than six, and Sealed with the Province Seal. And for as much as such Land was intended to be freely given for encouraging the Importation of Servants for the good of the Province, also by some Mistake in that Matter is *two Pence* per Acre, appointed to be paid by our former Printed Paper, we do hereby consent and agree, that in such Grants for Land relating to the Importation of Servants, there be only *one Penny* per Head, and no more inserted to be paid as an Annual Quit-Rent for their Land, any Printed Book, Order, Custom or Usage to the Contrary thereof in any wise notwithstanding.

V.

For the avoiding all Exceptions about the due and regular proceeding in setting out of all other Lands in the Province, we do hereby agree, that the Deputy Governor for the Time being, shall Grant his Warrant to the Sur-

veyor to set out any Lands that are to be taken up, or otherwise appropriated to such as have Right, and the Surveyor to proceed according to the Concessions; and when the Grant is ready, the Governor and his Council or any three of them, or four if more then six of the Council shall Sign the Grant, as hath been accustomed by the former Concessions of the *Lord Berkley*, and *Sir George Carteret*, provided nevertheless, no such Warrant be granted, nor no Grant for the time to come, shall be legally in Force and Effect, but what shall first be consented unto and approved by five of those Persons, who are Sharers in Propriety's and Proxies for Proprietors, and are residing upon the Place, and who are named and commissioned in the Instrument aforementioned, Dated the first of *August* last, which was sent by *George Keith*, upon the Blossom, *Richard Martin* Master, which Consent and Approbation shall be understood, by first entering in a Book for that Purpose, the Copy of such Warrant the Deputy Governor is about to grant, and then the Subscription of five at least of the said commissioned Persons, shall be made in such Book, after which the Deputy Governor may give out his Warrant, and he and the other Officers proceed with the Council as formerly hath been used according to Concessions, it not being intended that any but the Governor, and three or more of the Council shall be obliged to sign the Grant or Patent as formerly; this Method to continue about setting out of Lands, until the passing the Fundamental Constitutions, and no longer.

VI.

We hereby declare that in Case there prove a vacancy by Death, Removal or any other Accidents, in the Offices of Secretary, chief Register, Surveyor General, or Receiver General, or any other such Place, our Deputy Governor shall grant his Commission to such Person as he shall see fittest to fill such Vacancy, to continue only for the present Time, until it be known whether the Governor and

the Major Part of the Proprietors there do confirm him or have granted already, but if they not approve of the said Person, then those that our Deputy Governor for the Time being, have placed, are to give way to such, as at any time have had, or shall receive our Commission for any such Place.

VII.

That the Rate of *Five Pounds* laid as a Tax to Publick Stock upon each Propriety, by an Order of the Proprietors entered *Twenty ninth* of *July* last, and of *Ten Pounds* more, laid on each Propriety by an Order of the *Twenty first* of *October* last, towards payment of Debts, and answering publick Incident Charges, be paid by every Proprietor or Sharer in a Propriety lately gone over, and now residing in *East-Jersey*, or the Neighbourhood thereof, to our Deputy Governor for the time being, upon the Demand of him or his Order proportionable to their respective Shares and Interest^s in the Province, to be answered by all Persons in the full Value of Money Sterling, according to what we pay this side, and not in the Country Pay, and that *Thomas Rudyard*, and *Thomas Warne*, do pay or give Satisfaction to our said Deputy *Gawn Lawrie*, or the Deputy Governor for the Time being, over and above the said two Rates before mentioned, two former Rates, the one of *Ten Pounds* laid on each Propriety, by an Order of the *Twenty ninth* of *June*, 1683, and the other of *five Pounds* by an Order of the *Fourteenth* of *December*, 1683. Also we do hereby, as far as in us lies, give our full Power and Authority to our Deputy Governor for the Time being, to recover and receive, not only the forementioned Rates, but also all such further Proportions of any Tax or Rate as may be laid here on each Propriety, according to the respective Shares and Interest of those residing in *East Jersey*, or the Neighbourhood thereof, and what he shall so receive from Time to Time, to give Credit for the same to the Publick Account of the Proprietors Stock.

GIVEN under our Hands and Seal of the Province, this *Thirteenth Day of November, 1684*, and in the *Six and Thirtieth Year of King Charles the Second, over England, &c.*

William Dockwra, for himself, and Proxy for the Earl of *Perth*, and by Order of *Robert Barclay, Robert Gordon, Robert Burnett, Tho. Coe, James Braine, Thomas Barker, Thomas Cooper, Clement Plumstead, Richard Mear, Tho. Hart, Walter Benthall*.

The following Memorandum is said in the Record to have been indors'd on the foregoing Instrument.

MEMORANDUM, whereas there is yet no Provision made for the Succession of a Deputy Governor in *East Jersey* (Mortality being the Portion of him, as well as any other Person in the Province) 'tis hereby fully agreed, concluded and ordered by the Proprietors of the said Province, that *Robert Barclay*, the present Governor, may at any Time hereafter, conclude of two Persons residing in the Province aforesaid, such as he shall think most fit and qualified for the Government, Provided they be Sharers in Proprieties, and write their Names in two several Papers, Numbering them (1) (2) and Sealing them with the Province Seal, or his own, or both, and transmit the said two Papers to the Deputy Governor and Council, at *Perth*, there to safe and ready lie in case of the decease of *Gaurn Larrie*, or any other Deputy Governor, whereupon the Council shall meet, and first open the Paper No. (1) and the Person whose Name is written therein shall succeed in the Government, and immediately have the full Power and Authority of a Deputy Governor, and the Paper No. (2) shall not be opened, but remain concealed in the same Place as formerly, to lie ready on any further occasion : But if the Person No. (1) be deceased, absent or refuse to accept of the Government, then the second Paper No. (2) shall be opened, and the Person whose Name is therein

written, shall then succeed in the Government, and he shall immediately have the full Power and Authority of a Deputy Governor; and whether one or other Person happens to succeed this Endorsement, shall be as effectual in every respect to establish such Person in the Office of Deputy Governor, as if it were included in the Body of this Order, and he shall hereby to all Intents, Constructions and Purposes, be vested with like full Authority, Power and Right to his Office, as if he had received a Commission from the Proprietors under their Hands and Seal of the Province, in the most ample form: The said Deputy Governor to continue in the Execution of his Office, so long as the Major Part of the Proprietors do approve of him, (or do send over their Commission to some other Proprietor residing in the said Province, to be Deputy Governor) and no longer.

MY HONORD LORD

I had y^e Hono^r of a letter from you & some other Proprietors of East Jersey ¹ and are mightily surprised to find by y^t letter y^t I am accused to act some things to y^e Disadvantage of your Colony & Dishonour of my master. Did I know my accusers & y^e crime objected I could be better able to ans^w.

My Lord, yo^r Lordship may beleiv me I have acted nothing unjustly to y^e prejudice of your agents or people; It is so far from it, y^t when I found them take wrong measures I advised them for y^e best as I thought both of yo^r proprietors and people what complaints they make of me I know not, but am sure the people cry out very much against them.

What I wrote to his R^{ll} High^{ss} and his Comissioners, as his servant, I was certainly obligded to, and to give my opinion what is Convenient for y^e Intrest of this Province, and I beleive had your Lordship bin in my station you would haue Rep^rsented y^e great inconveniencys of haueing two distinct Governments. upon one River, yours haueing y^e advantage of being some Leagues nearer y^e sea than wee are.

Your agents have dispersed printed papers to y^e disturbance of y^e inhabitants of Staten Island, It hath been in the possion of his R^{ll} High^{ss} above twenty years (except y^e little time y^e Dutch had it) purchased be Governour Lovelace from y^e Indyans in y^e time of S^r George Carteret, without any p^rtences 'till y^r agents made claime to it, it is peopled with above two Hmdred ffamilies.

My Lord to convince yo^r Lordship y^t I have done nothing amiss in writing how convenient it would be to regaine East Jersey I doe assure you y^t some of the Proprietors themselves are of y^e same oppinion, and have told me so; and to show yo^r Lordshipp how ffavourably I act I am informed y^t in time of other Govern^{rs} ships that came to Amboy made entry at New York, yet during my time severall shippes have gone thither & I have desired no such thing, nor will I untill I am assured of his R^{ll} High^{ss} pleasure about it. There was a report that he intended to sell it to one of East Jersey, I think it would doe well if you please to look into the last patent of East Jersey to see whether shipping bee obliged if they come in to Sandy Hook to make entry at New York, the Quakers making continuall pretences to Staten Island disturbs the people, more than 200 families are setled on it. LOND^O April 6th 1685 @^c

Gentlemen
and
Fellow Proprietors &c

after my hearty Salutations wishing you good health & prosperitie, these are to acquaint you that the Proprietors in England & Scotland haveing considered & been fully conyvinced of the care & pains I have taken in their Service for about a twelve month past, (and findeing no fund of Cash to present me) have been pleased in lieu of money to gratifie me with a Thousand Acres of good land such as my Overseer or Attorney shall looke out & choose. (exclusive of wast lands & highwayes) I have therefore directed my Overseer (w^h the advice of a friend or two) that he doe accordingly looke out such a quantitie of land,

either in one entire Tract, or in two places, w^{ch} may be most convenient for me, not being Surveyed to any other.

When he has done this he will apply himselfe to you the Commissioners (appointed for the affaires of land) by his petition on my behalfe, delivering you the Order (that accompanies this letter) for yo^r granting a Warrant for such land, that when it is Surveyed a Patent may be passed to me for it. Gent^l I cannot doubt yo^r Justice but will hope for the addition of yo^r favour especially when those of you to whom I am a stranger shall be rightly inform'd of me, by those among you who know my Fidelitie & cost to serve the Province, Craveing leave to say this for my selfe that for 2000 Acres more I would not in other matters spend that time I have done this last yeare for East-Jersey, but 'tis my Inclynation has prompted me to be so very Zealous, And hope by the speedy passing yo^r warr^t for such land as my Overseer shall looke out & choose (a priviledge w^{ch} the Proprietors have most chearefully allowed me & wthout which I could not vallyne the present) you will convince & oblige me that you doe believe my Service has been acceptable here & I shall endeavour to render it acceptable to you there, if Providence permitt me (as I intend) to reside among you.

I shall not say more at p^rsent, but referre you to the Order it selfe, not doubting yo^r ready complyaunce therewith, and in the most advantageous sence it will beare on the behalfe of,

Gentlemen,

Yo^r faithfull friend & Serv^t

The Governor and Proprietors of East Jersey
to the Deputy Governor and Commis-
sioners appointed or to be appointed for
[L. s.] the setting out of Lands, and other affaires
relateing thereto in the said Province.

Greeting

WHEREAS the Prosperitie and advance of the said prov-
ince doth in a great measure depend vpon the Speedy and
easie Planting of the same and vpon the due and equall
Setteing forth of Lands that both the Proprietors them-
selves and those concerned vnder them may have a ready
accesse thereto, and all others disposed to Settle in the said
Province, either by Purchase of Lands or taking them vpp
vpon Rents may be answered without delay and all things

1 As printed in "New York Colonial Documents," Vol. 111., p. 361; the copy from England being without any signature. Ed.

relateing both to the one and other may be done Justly & equally that whosoever comes to possess Land in the said Province may assuredly rest in the Security of their Tytle, the Proprietors after mature deliberation haveing fully Considered the methods vsed in their Neighbouring Provinces and the Instructions from time to time granted heretofore have now fully determined that the rules after following shall for the Space of three years next ensueing the twentie [ninth¹] of September next followeing the date hereof, and for so long after vntill it shall be otherwaies appointed and published, be followed maintained and pursued in the disposall and settinge out of all Lands in the said Province without any Alteration whatsoever.

vpp vpon Rent above one Thousand Acres in one place. But where there is any parcell of choice Land that may deserve more money or Rent, it is left to the aforesaid Commission[er]s and they Viz! The Dep^y Governor and Commissioners above mentioned are hereby Authorized to sett the vallue PROVIDED the Sale of such be not a prejudice to the Sale of Adjacent Lands.

4. . . . THAT each whole Proprietor, or one haveing a halfe Proprietie, that is one Forty eighth part of the Province shall vpon [his address (or his] Agent or [proxie] for him) [to the] Dep^y Governor and Commissioners aforesaid have a Thousand [Acres of] Land set out to him he being ready to settle there vpon a ffamily with three able workeing hands at least, and every [one] haveing a Lesse Share in a Proprietie shall have Five hundred Acres set out upon the Termes aforesaid and so be admitted to the possession of a Tousand Acres, or five hundred Acres respectively untill the said Proprietie have Arrived to the Number of Ten Thousand Acres at which time they Shall Stopp for three years vntill other Proprietors have time to come vpp to the like quantitie with them but after the three years is expired from the time of Settlement vpon the last portion of the first Ten Thousand Acres, such as will shall be admitted to the possession of other ten Thousand Acres Notwithstanding [of] any not haveing taken vpp their first Ten Thousand PROVIDED they settle y^e double number of Familyes, Pro rato that they did in y^e first settlement Viz! every whole or halfe Proprietie a ffamily with three working hands vpon each five hundred Acres and every small Purchaser a family with two workeing hands vpon two hundred and fifty Acres, or two such familyes vpon five hundred Acres. And that this method may be strictly observed it is ordered there be an exact account kept by y^e Cheife Register of all Acres of lands sett off to each Proprietie by vertue of this Order, or those Concerned in it that there may be a stopp made when y

number of Ten thousand Acres is fulfilled. PROVIDED all wayes that whatever number of Acres is or shall be taken vpp by an Proprietie or those concerned vnder them, or laid out for them by y^e Surveyor or entred in y^e Secretary's Office before y^e publishing of this Order shall be reckoned & Applied to y^e person concerned towards y^e makeing vpp of y^e first Division of Ten Thousand Acres to a Proprietie, Also hereby the Orders for Land to W^m Dockwra dated 27^o March and 14^o May last and y^e Order to David Barclay of the same date, as also y^e Instrument dated February 168³/₄ and third of May One Thousand Six hundred Eighty four in favour of small Purchasers is ratified & the Land which is appointed y^m by vertue of those Orders is hereby Confirmed to them over and above such other Land as shall be sett out to y^e said William Dockwra before y^e Arrivall of this Order, and wee further appoint that where any of y^e said Proprietors shall offer to Settle a Family quallified as above in the Second Division, that is two families with three workeing hands to each they shall have five hundred Acres more yeilded to them so long as the ten Thousand Acres of that Proprietie (they are concerned in) wants to be made vpp and in respect that Such Proprietors as take vpp their Ten Thousand Acres may sell them off intirely and so destroy y^e nature of the Proprietie they shall be obliged to retaine to them their Heires and Assignes as Proprietors such a Share thereof as by y^e thirteenth Article of the ffour and Twenty ffundamentall Constitutions is thereby intended to be held as indispensibly annexed to y^e Proprietorshipp.

5. . . . THAT in order to y^e Regular planting of the Country the land be set out as often as it can be in Plotts or Towne Shippes according to the best methods of our Neighbouring Collonyes whereof wee are assured there are good examples in *Pensilvania* and Long Island, as for Instance five or Ten Thousand Acres in a Towne

shipp to be taken vpp by ten or Twenty ffamilies, that is ffive hundred Acres to a ffamily, the priviledge of the great and halfe Proprietors excepted of haveing a Thousand Acres allowed to one family. And wee do Seriously recommend it to the Deputy Governor and Commissioners and in a Speciall manner to the Generall Surveyor that such plotts may be run out and the divisions marked before hand so as to be in readynes when either the Proprietors or other people may demand Land, as we are certainly informed is done in some of our Neighbouring Provinces by number, as, one, two, three, four, &c. That such as comes to view the place may Choose the number and pay the Surveyor his ffees and have Access to Settlement without delay.

6. . . . THAT wherever there is a convenient Plott of Land lying together contayning Twenty four Thousand Acres as we are informed will more especially be at Barnegate, it be devided and marked in Twenty four parts a Thousand Acres to each Proprietie and the parts being made as e[qu]ally as can be for quallitie and Scituation. That then any other Proprietor offering to Settle vpon the Conditions a[bovemen]tioned may have accesse to possess the Share (or part thereof) in such places as a part of the first or second Ten thousand Acres to a whole Proprietie. And it is here to be minded that in any Such Settlement of Twenty four Thousand Acres such small Purchasers as have allready Received their full proportion of Ten Thousand Acres shall not pretend Access thereto but it shall be reserved for two years (after Surveying ready for such Concerned in that Proprietie, who have not yet received a Share of the Ten Thousand Acres) which time being expired, those who have their full first Proportion shall have Accesse thereto as part of the said Ten thousand Acres vpon the Termes of Settling more as above.

Therefore for that Thousand Acres taken vpp so much vpon the water side, by Gawen Lawrie for himselfe and sold to Cap^t Palmer, Theare shall be Three Thousand Acres discounted to him of the five Thousand to be allowed him in the first Division for his halfe Proprietie, And for the Thousand Acres which Thomas Ruddiard has gotten at Changoraza because his part is better, there shall be discounted to him four Thousand of the ten Thousand Acres to be allowed him for Proprietie in the first Division, and to evidence that wee do in this as wee would be done by wee are content to accept of it Severall of us Joyntly or some of us apart vpon the same termes. And that there may be [re]aft[er be no] mistake, of this kinde, neither with respect to this nor any thing of the like nature in y^e setting out of Lands to y^e Proprietors and others. And that all persons may proceed vpon firm and good grounds and every person that purchases or rents Lands may be fully informed Wee hereby appoint this Order to be first read in Councill and then published through the Province, and that a true Coppie be set vpp at the Towne House in PERTH and one Coppie sent to each County Court next sitting (after arrivall hereof) to be first read there in open Court and afterwards set vpp in each Court House or such convenient place where it may be read so as to render it most publick to informe all persons whatsoever that are or may be concerned in the same.

And: Hamilton

is first mentioned, in the "East Jersey Records," as being interested in ten servants, who arrived in March, 1683; but it was not until he was made the bearer of this

paper that he embarked himself for the Province, with whose affairs he contioned to take an active interest until his death, on the 26th of April, 1703. He was highly esteemed by all the best citizens, and was generally in prominent positions. It is not exactly known how long he remained in the Province, as the agent of the Proprietors; but he returned to it about the time that Lord Neill Campbell arrived as Governor, in the Autumn of 1686, "transferring his family towards the improvement of his plantation." Whether a wife was included, is uncertain; for, after he had been in the Province some years, he married Anne, the widow of Robert Wharton, of New York, and daughter of the former Deputy Governor Rudyard. He may have married again subsequently, for in his will his widow and legatee is called Agnes. He was made one of Lord Neill Campbell's Council, and succeeded him as Deputy Governor. In 1689, he returned to England to consult with the Proprietors there, and on his way was taken prisoner by the French, and detained by them for some time. Governor Robert Barclay died in October, 1690; and, after an intermission of two years, during which were made the inoperative appointments of John Tatham and Joseph Dndley, Hamilton succeeded him, returning to New Jersey in September, 1692. He served as Governor until 1698, when he was displaced by the Proprietors, through a misapprehension of the operation of an act of Parliament, and returned again to England; Jeremiah Basse succeeding him in office. He was reinstated in 1700, and continued nominally in power during the excitement and confusion which marked the close of the Proprietary Governments. He, also, filled the position of Governor of West Jersey part of the time; and, when he died, was, also, Lieutenant Governor of Pennsylvania. The Proprietaries ever evinced their appreciation of his integrity and ability; and the character of those men who were generally opposed to him, is additional evidence that he was deserving of their confidence. He had one son, John, who held, in after years, several offices in New Jersey. When Governor Hamilton was in England, in 1692, Thomas Neale, who had obtained a patent to establish post-offices in the Colonies, appointed him his deputy. On his return to America, he brought the subject to the notice of Governor Fletcher, of New York; and subsequently the Legislature passed an act to carry out the project in that Province, and for some years before his death Governor Hamilton was Postmaster General for New Jersey and Pennsylvania, and perhaps other of the colonies.—"East Jersey Under the Proprietary Governments," 2d Edit. appears to have been a book-seller, in Edinburgh, when selected by the Proprietaries to take charge of a party of emigrants, sent to East Jersey in 1683. A memorandum, written by himself, in the possession of his

descendants, gives the following information respecting himself and family: His father and grandfather before him were gardeners, and he was born at Mildrew Castle, in the parish of Kirkliston, on the 13th of February, 1655; and when twelve years old (1667), was bound apprentice to a wine merchant in Edinburgh. His "master" dying, he returned to his family, in 1673; but his father being dead, and his mother married again, he "went to learn the art of gardening" the ensuing year, seeking improvement in the "famous Hamilton Gardens." At this time he became a Quaker. After sojourning a while at Drummond, he went, in 1676, to Lawres, *alias* Fording; where he wrote a book, entitled "The Scotch Gardener," and, in 1678, married Margaret, daughter of Henry Miller, of Cashion, in the parish of Kirkintiloch. She was eleven years his senior. Previous to leaving Scotland for New Jersey, three daughters—Anna, Helen and Margaret—were born to them. They embarked at Leith on the 10th of August, 1683, and proceeded, the next day, to Aberdeen; whence they sailed on the 28th, and were "landed on Staten Island the 19th December; went to Elizabethtown the 23d, and to Woodbridge the 10th January, 1684." His youngest daughter, yet an infant, died on the 15th, and was buried at Perth Amboy the next day; and, on the 18th, they took up their abode there in a house "in the field." His son, John, was born there in July, 1686. On his arrival, Mr. Reid became Deputy Surveyor: and an engraved map, drawn by him, of lands on the Raritan, Millstone, Rahway and South Rivers, and other localities, is in the library of the New Jersey Historical Society. For this map, he was granted a tract of land in Monmouth, named "Hortensia;" and the memorandum, referred to above, records his removal thither in 1686. Up to this time he had acted as clerk of the Amboy Quaker meeting. In 1703, he became connected with the Church of England. In that year he was appointed Surveyor General. He died March 16th, 1723, aged sixty-seven; and his head-stone is still standing in Topanemus, near Freehold. Mr. Reid was repeatedly elected a member of the General Assembly, and appears to have been much respected. His daughter, Anna, married John Anderson, who filled several important positions, and, at the time of his death, in 1736, was President of the Council and Acting Governor of the Province, in consequence of the death of Governor Cosby. One of their sons was named Kenneth. His daughter, Helen, married the Rev. John Bartow, of Westchester, New York, and left several children. His only son, John, studied law in the office of John Chambers, one of the Justices of the Supreme Court of the Province of New York, and afterward practiced at Westchester; was Surrogate of the county from 1760 to 1764, and died at Westchester, in 1802, aged eighty-seven, "beloved and respected by all."—"East Jersey Under the Proprietary Governments;" "Letters from Morey H. Item to enquire from our said overseers, and also from Gawen Lawrie Deputy Governor & sharer in the said stock, in whose hands, where, and in what kind of goods the rest of our said stock not intrusted into the hands of our said overseers lieth, and if any of it to be out in Debts re[lat]ing to our stock in whose hands such Debts are resting.

*The Proprietors, in England, to the Governor and Council
of East Jersey.*

[From an original official Copy among the Manuscripts of W. A. Whitehead.]

The late King Charles the second by his Tres Patents under the great seal granted to his p'sent Ma^{ty} then Duke of Yorke amongst other things all that tract of Land now called East new Jersey with all necessary powers of government.

The Duke of York by Indenture grants East new Jersey and the governm^t thereof to the Earl of Perth & twenty three others who have granted many lesser parts to other p'sons. The Inhabitants except ag^t all the 24 Proprietors & other Proprietors of small shares their being Judges, Sheriffs Justices or Jurymen on any Criminall cases, which can be for no other reason but because the forfeitures and fines redound to the advantage of the Proprietors & in all civill causes wherein all the Proprietors in generall or any one in p'ticular is interested.

Quae—What expedient to obviate this Objection

Sol—Not to insist upon the dispoticall power the King of England and his assigns have in these new acquisitions (because the Proprietors will govern by the law of England) upon which the objection above is grounded, but because the Province has but a few people at p'sent, and these scattered up and down in distant places who cannot attend publique affairs without their great prejudices, and few of them are qualified to execute the Offices of Judges Justices or Sheriffs, so that there is a necessity of using the Proprietors in these respective Offices or else there would often be a failure of Justice.

It is proposed.

1 That all forfeitures fines and other penalties that shall be incur'd by any Inhabitants, or imposed upon them in any Criminall case shall be appropriated to the defray-

ing the publique charges of the Province, Such as Salaries of Judges &c^t building bridges, making highways &c: and none of it shall be brought into the Private Treasury to be divided amongst them,

This is conceived to be very reasonable in itself and advantagious to other people Inhabitants not Proprietors, for in all Capitall cases it is already provided by the Constitutions,—that no forfeiture shall exceed five hundred pounds in y^e wealthiest man and so proportionably in other persons shall be abated down to five pound, according to their severall degrees & estates, Now its not possible nor ought to be presumed that any Proprietor will be guilty of so much inhumanity as to take away the life of any p^rson unjustly for the sake of a very small part of such a forfeiture, which will not redound to the Proprietors advantage at all but go in ease of the Inhabitants, who must otherwayes contribute the more to the publique charge abovementioned: the same reason holds in lesser Crimes punishable by fines only, wherein its not to be presumed Interest can byass any Proprietor that may be Judge Sheriff, Justice, or Jury man to do injustice to his neighb^r when the profit is not his owne and what he will save by it in his Contributions to the governm^t will be so small as not to be worth the least iniquity.

Besides the punishments in lesser Crimes may be turned into Corporall ones or into Corporall or pecuniary at the election of the Criminall.

In Civill causes the Proprietors are not likely to have any controversy with the other Inhabitants except in those cases,

viz^t

- 1: Either for Quitt rents,
- 2 Or for trespasses done to their generall & publique Interest,
3. Or for trespasses or breach of contract in their private & p^rticular Interests of any particular Proprietore.

As for Rents they are reserved by Patent and appear upon record what and how much they are, and the Receiver Generall is to give an acquittance for all that he receives So that is not very possible in this case for the Proprietors to do wrong to any Inhabitant, but for further ease to the Inhabitants it is proposed that if the Proprietors are forced at any tyme to distrain for their arrears of rent, the Party distrained shall have a weeks tyme to Redeem the distress, and if they do not redeem it in that tyme, that then two p'sons of the same or the next towne (who are not Proprietors) shall sell the distress and pay the Proprietors and restore the residue to the p'son distrained upon.

2 Trespasses ag^t the Proprietors in their Joynt and publick Interest, are like to happen so seldome, that it is scarce worth any provision ag^t them, but however in such cases it is props'd that the two thirds at least of the Jury be Inhabitants not interested in any Propriety.

3 In trespasses or breach of Contract to or with any Propriet^r in his private Interest, it can be no objection that any other of the Proprietors are Judges Sheriffs or Jurymen, for y^e event of the cause is of no Consequence to the rest of the Proprietors, & the Proprietors may as well Insist that no Inhabitant should be either Judge, Sheriff, or Jurymen where a Proprietor is concerned, as the Inhabitants may object ag^t them where an Inhabitant is Concerned, & so no Justice shall be admitted at all.

Besides the Proprietors are mostly strangers to one another, linked only in their publike Interest, but wholly disunited in their private one; & we ought not to think so dishonourably of humane nature as to believe all men to be knaves; but rather encourage men to integrity by professing a handsom opinion of those we have to converse with

¹ GEORGE KEITH, subsequently of considerable note as a prominent Quaker, a missionary of the English Church and writer, arrived in East Jersey in 1685; having been appointed Surveyor General of the Province by the Proprietors in Scotland. He did not enter upon his duties, however, until some time after his arrival. It is thought that his acquaintance with the Scotch Proprietors grew out of the fact that, in 1683, he was in charge of a school which a son of Robert Barclay attended. He ran the division line between East and West Jersey in 1687; but two years afterward removed to Pennsylvania, and accepted the superintendence of a school in Philadelphia, and soon became eminent, both as a preacher and writer, among the Quakers; leading to the assumption of the post of leader, and the creation of a party which brought about great divisions and bitterness in a before united body. His course was publicly denounced at a meeting of ministers in Philadelphia in 1692; but their

that being done you are to make the best mark you are able where the bounds of the Governm^t fall and to give a practical report thereof under the hands of your self and the other Surveyors concerned with as much Speed as conveniently may be into the Secretary's office. action had no effect upon him. He continued preaching and writing in support of his views until 1694, when he returned to England; and soon after, although he retained a considerable number of adherents, he abjured the doctrines of the Quakers, and became a zealous clergyman of the established Church of England. He returned to America, in 1702, as a missionary from the Society for the Propagation of the Gospel, receiving an allowance of £200 per annum. He preached in all the Colonies, from Massachusetts to North Carolina; several places in New Jersey profiting by his ministrations. Mr. Keith eventually returned to England, by way of Virginia, and received a benefice in Sussex, where he died; continuing until his death to write against the doctrines of the Quakers. Governor Morris' Proof of Agreement to Line

BY HIS EXCELLENCY LEWIS MORRIS ESQ^R Captain General and Governor in Chief of his Majesty's Province of New Jersey and Territories thereon Depending in America and Vice Admiral in the Same &c I Do hereby Certify that some Time in or about as I Believe the year 1685, or 1686, Coll^o Thomas Dongan then Governor of New York with some of the Gentlemen of the Council of New York and others met with Gawen Lawry, then Governor of New Jersey with some of the Gentlemen of the Council of New Jersey and others at a Place nigh which stood afterwards the House of Coll^o William Merrett on the West Side of Hudsons River where an Observation was then made of the Latitude and mark'd with a Pen Knife on a Beech-Tree standing by a small Run or Spring of Water that Run down on the North Side of the Place where I think Merrett's House afterwards stood. Sometime Early in the Beginning of the year 1691. I Went and

Remark'd the said Tree but do not Remember what was the Latitude that was mark'd thereon. They went afterwards to a House to the Southward of a Place Call'd Verdrietige Hook and from thence Southerly to a Farmar's House to the Northward of the Tapan Meadow at the Bottom of the Bay, I cannot particularly Remember whether Observations was made at one or both these Places—but I was told They there did Agree that the Mouth of Tapan Creek should be the Point of Partition on Hudsons River—between the Province of New York and that of New Jersey.

[Extract.]

MY LORDS

And as for East Jersey it being situate on the other side of Hudsons River & between us and where the river disembogues itself into the sea; paying noe Custom & having likewise, the advantage of having better land & most of the Settlers there out of this Govern^{mt} Wee are like to bee deserted by a great many of our Merchants whoe intend to settle there if not annexed to this Government

Last year two or three ships came in there with goods & I am sure that that Country cannot, noe not with the help of West Jersey consume one thousand lb in goods in two years soe that the rest of these Goods must have been run

1 James Alexander, in some notes in papers of Ferdinand John Paris, in the library of the New Jersey Historical Society, C, p. 41, alludes to this award as being "a thing very ridiculous in itself, when the quintipartite deed was in force. It occasioned much confusion in New Jersey, till the New Jersey Act of 1718 rectified all. . . . But tho' it was so awarded and run by George Keith from Eggbarbour to *John Dobic's* [on a branch of the Raritan,] yet it was never run further and was clamoured against at once by West Jersey with very good reason." Et.

into this Govern^{mt} without paying his Mat^{ys} Customs, and indeed theres no possibility of preventing it.

And as for Beaver and Peltry its impossible to hinder its being carried thither, the Indians value not the length of their Journey soe as they can come to a good market which those people can better afford them than wee, they paying noe Custom nor Exeise inwards or outwards.

An other inconveniency by the Governments remaining as it does is that privateers and others can come within Sandy Hook and take what Provisions and Goods they please from that Side. Alsoe very often shipp^s bound to this place break bulk there & run their Goods into that Colony with intent afterwards to import the same privately & at more leisure into this Province notwithstanding their Oath, they salving themselves with this evasion that that place is not in this Government—To-day an Interloper landed five Tun and one half of teeth there. To prevent all which inconveniences and for the securing of this place from Enemies, I desire to have an order to make up a small Fort with twelve guns upon Sandy Hook the Channell there being soe near the shore that noe vessel can goe in nor out but she must come soe near the Point that from on board one might toss a biscuit Cake on Shore

If the Proprietors would rightly consider it, they would find it their own Interest that that place should bee annexed to this Government for they are at a greater charge for maintaining the present Govern^{mt} than the whole Profits of the Province (which is by quit Rents) will amount unto ; for they are at the whole Charge, the Country allowing nothing towards its support soe that had they not the charge of the Govern^{mt} they might put that money into their own pockets

And indeed to make Amboy a port will be no less inconvenient for the reasons afore mentioned neighbouring Colonys being not come to that p^rfection but that one Port may sufficiently serve us all

We in this Government look upon that Bay that runs

into the Sea at Sandy Hook to bee Hudsons River, therefore there being a clause in my Instructions directing mee that I cause all vessels that come into Hudsons River to Enter at New York, I desire to know whether his Mat^y intends thereby those Vessels that come within Sandy-Hook, the people of East Jersey pretending a right to the River soe farr as their Province extends which is eighteen miles up the River to the Northward of this Place.

West Jersey remaining as it does will be noe less inconvenient to this Government for the same reasons as East Jersey, they both making but one Neck of Land and that soe near situate to us that its more for their convenience to have commeree here than any where else, & under these cireumstances that if there were a Warr either with Christians or Indians they would not bee able to defend themselves without the assistance of this Governm^t

To bee short, there is an absolute necessity these Provinces and that of Connecticut bee annexed

.

The Correspondence wee hold with our Neighbours is very amicable & good Wee on all occasions doing each other all the offices of Friendship & Service wee can, which has so much endeared them to us that they desire nothing more than to be a part of this Government, those of Connecticut choosing farr rather to come under this Government than that of Boston, for the reasons aforementioned; and the Jerseys wish^d the like as having once being a part of us. And seeing that in this separation, they are not soe easy or safe, as they might expect to bee, were they reunited to us.

.

concerning a farm at East Jersey belonging to his Ma^{ty} & M^r Santen might have given a better account of this if his malice had suffered him. The Farm at East Jersey paid ten pounds Pr annum to his Ma^{ty} and at a Back rent, the proprietors of East Jersey putting us to more trouble than

the value of it, they constantly disturbing the Tenants on pretence that his Ma^{ty} had granted that to them, soe that I conclude it would be more inconvenient to keep it than part with it—Therefore Judge Palmer having an interest in East Jersey & an influence upon the Governor there, on his giving mee his obligation to pay as a fine the sum of Sixty pounds to the King in case hee should not think fit to forgive it & the rent of twenty shilling p^r annum & to defend the Title, I gave him a lease of the Reversion of it ¹

[Feb. 22, 1687.]

¹ This farm belonged to the Dutch West India Company: and, after the reduction of the country by the English, went by the name of "the Duke's Farm." It was at Ahasimus, opposite the city of New York. The lease to Palmer was for ninety-nine years, and is in the Secretary of State's office, at Albany, in Book of Deeds, VII., p. 170.—*Dr. O'Callaghan*. Ed.

[*Note for page 528.*]

² ARENT SONMANS was one of the first twelve Proprietors of East Jersey. He was a Hollander by birth; but when introduced to our notice was a resident of "Wallingford, Scotland." On becoming interested in East Jersey, he intended visiting the Province; but on his way from London to Holland, in August, 1683, in company with Governor Barclay, when passing through Hunterdonshire, he was shot by a highwayman, and was buried in Friends' Burial Ground, Hinton. He left a wife (Frances Hancock) and three children,—*Peter*, who came to East Jersey, and became a person of considerable notoriety; *Rachel*, the wife of Joseph Ormston, and *Jouana*, wife of Joseph Wright. The Sonmans' interest in the Province became larger than that of any Proprietary; equaling, in 1687, five and a quarter Proprieties.—Smith's "New Jersey," p. 425; Whitehead's "Amboy," p. 76; "East Jersey Under the Proprietary Governments," 2d Edit., p. 175. Ed.

[*Note for page 529.*]

¹ SAMUEL GROOM came to East Jersey in 1682, accompanying Deputy Governor Rudyard, as Surveyor and Receiver General. He is styled "Mariner of Stepney," and is first mentioned, in connection with America, as being in command of a vessel of his own, that was at some port in Maryland in 1676. His touching at West Jersey, on his way back to England, was probably the cause of his becoming connected with the East Jersey Proprietors. His letters, preserved in "Scot's Model," indicates that he was much pleased with the Province. He died in 1683, leaving on the stocks at Perth Amboy, unfinished, the first vessel known to have been built in East Jersey. His proprietary right was transferred to William Dockwra in July of the same year.—"East Jersey Under the Proprietary Governments." Ed.

*Petition of the Proprietors of East Jersey to the King,
Relative to the Entering of Their Vessels at New

[From London Public Record Office, B. T. ; "New York," Vol. XLVII. p. 118.]

TO THE KINGS MOST EXCELLENT MAJ:^{TY}

The Humble Petition of the Proprietors of the
Province of East new Jersey in America.¹

Humbly Sheweth

That about four years since yo^r Maj:^{ty} was graciously pleased to grant and confirme to yo^r Pet^{rs} the said Province, with the free use of all Bays, Rivers, and waters lead-

¹ This petition being referred to the Board of Trade, on the 30th of May : on the 15th of June, they gave their opinion that the petition be sent to Governor Dongan for his answer. On the 18th of June, an order of Council was issued, confirming the action of the Board. Ed.

ing thereunto, for Navigation, Free trade, and Fishing; upon which encouragement, and their confidence of the inviolableness of it, yo^r Pet^{rs} and many others by their persuasion, have expended great Summs of money in Settling plantations there, and building a town called PERTH, upon a convenient harbor within Sandy-hook-Bay; hoping to raise Such a trade by their Industry, as might in process of tyme bring honour and advantage to the Crowne, and Some recompence to yo^r Pet^{rs} for their charge and hazards: And though yo^r Pet^{rs} have not been convicted of any forfeiture of their said Liberty, nor are conscious of having committed any, but taken exact care to put the Act of Navigation in due Execution, and to proceed in all things according to the Laws of England, yet Colonell Dongan yo^r Maj:^{ties} Governor of New-York, on the twenty Second day of November last, caused Severall Souldiers commanded by a Sergeant to Surprize a Small vessell which arrived from Ireland at the port of PERTH, and was duly enter'd there; and fore'd the said vessell to go up to, and enter at New-Yorke; and he threatens to Seize all Ships bound for East-New-Jersey that Shall not enter at New-Yorke; which as it is a direct infringement of the priviledges yo^r Pet^{rs} claim under yo^r Royall grant, So unless redressed, It will discourage the further planting of the said Province, occasion the loss of yo^r Pet^{rs} Stock there, & overthrow one of the most hopefull Colonies in America.

Yo^r Pet^{rs} do therefore humbly beseech yo^r Maj:^{tie} that they may quietly enjoy the benefitt of yo^r Maj:^{ties} grant for the future.

And yo^r Pet^{rs} Shall ever pray &c:

Representation and Proposals of the Proprietors of East New Jersey.

[From London Public Record Office: B. T.; "New York," Bundle D, Paper 51.]

Representation of the case of the Province of East
Jerse Together with their proposalls June
1687 ¹

TO THE KING

The humble Representation of the case of the propriet^{rs} of East New-Jersey in America, with proposalls whereby they may comply with the Kings pleasure and preserve their own Interests

1 The present propriet^{rs} had not this province as a Gratuitous Benevolence from the King, but bought it with their money, having paid above twelve thousand pounds for it, and are notwithstanding fore'd to buy every Acre over again at a considerable rate from the Indians, who daily raise the price of land as they understand our want of it

2 That the most considerable of the propriet^{rs} would not be concerned in it, till they had obtained the particuler approbation of the present King, and the Assurance of his Favour & Protection; as a pledge whereof the King was pleased to give them a Confirmation of the Soyle; and a Grant of the *Free use of all Bayes, Rivers & waters for Navigation, Free trade & Fishing with the right of Government* Dated the fourteenth day of March 1682 which is a later Grant than any other Colony in America can pretend to

3 The Propriet^{rs} Esteeming this Security of the Kings Grant Inviolable adventured great Stocks upon that Bottom, and many of them being Scotch Gentlemen, have sent Severall hundred persons out of Scotland, and may if not discourg'd, Send more every year, whereby an English Plantation has been, and may be further advanced without

¹ *Endorsed*: "Read the 12th August '87, Referred to the hearing Ordered at Windsor ye 14th."

Diminishing the people of England: But the propriet^{rs} have not yet received the least return of their Charge and Hazard in purchasing and Improving the Countrey, The Infancy of it requiring a continuall Support from; and not being able to yield any to them

4 The propriet^{rs} humbly conceive the Recency of their Grant from y^e King, the Royall Approbation and Assurance, that induc'd them to be concerned in this province, and the greatness of their Charge in purchasing and improving it makes their Case very Different from the case of most other American plantations, and to deserve a particular consideration and favour; and yet they are under a great^r hardship than any other Colony. For though the Rest are equally under the processe of a Quo Warranto, yet they remain undisturbed in their properties: But the propriet^{rs} of East New Jersey have been violated in their property of their ports by the Governour of New-York, who fore'd a Ship from the port of Perth Amboy being legally entered there, up to New-York to make their Entry there, under pretence of an order from the Committee of plantations, w^{ch} if true, is directly contrary to the Kings Grant to the Propriet^{rs} of the *Free use of all Rivers, Bayes & waters for Navigation & Free trade*, and was obtained without hearing of, or any notice given to the propriet^{rs}, and grounded only upon an old Instruction of that Nature formerly given to S^r Edmond Andros before the Kings Grant to y^e propriet^{rs}.

5 As to the objection against East Jersey that there is not the like custome paid there as is paid at New-York, whereby a prejudice arises to the trade of New-York, and the Kings Revenue there: The propriet^{rs} in answer thereunto, do humbly offer to the Kings consideration that the custom at New-York was legally impos'd with consent of the people in a Generall Assembly of that Province; And East Jersey being at that time, and still remaining a Distinct province from New York, and having no representatives in their Assembly cannot be concluded by their Act

And therefore no custom can be justly exacted in East Jersey till it be imposed there in the same Legall manner But if Such custom could be demanded in East Jersey without the consent of a Generall Assembly, the propriet^{rs} humbly conceive and are Advised that the nonpayment of it could not give a Suffieient ground to the Governor of New-York to make Such an Invasion upon their Right of port, that being no Franchise revertible to the Crown by Judgment in a Quo Warranto, but a matter of meer property, the abuse of which is no otherwise punishable then according to the Directions of the Act of Navigation ; And if it had been a Franchise, yet the propriet^{rs} ought not to Lose it before a Legall Eviction or a Voluntary Surrender, much less be despoiled of it uncall'd & unheard.

6 Though it hath been alwayes the Policy to Encourage Infant-Plantations by free ports and free Trade, as necessary for their Support, yet the propriet^{rs} are So ready to comply with the Kings inclinations in this particular that they are willing as far as in them lyes, to yield to the like custome in East Jersey as is paid in New-York, if it please the King by his Council to direct them to impose it in Such a manner as may not draw the propriet^{rs} under any legall Censure, but they humbly conceive That this when Settled ; will not answer the ends of New-York or advance the Kings Interest, unless all other Neighbouring Colonys pay the like custome, but the Trade will dessert both New York, and East Jersey, and run to other places continuing free from this Burthen.

The propriet^{rs} are not only ready to comply with the Kings Expectations in the matter of Customes, but in the point of Government too ; for as they value themselves upon the Kings opinion of their Loyalty, which they conceive moved him to grant them the Government, So they are desirous to preserve the Kings good opinion of them by a Dutifull Surrender of it ; But they humbly hope as his Royall Wisdom prompts him to resume all the American Governments into his own more immediate Admin-

istration : So his Justice and Goodness will incline him to grant the Propriet^{rs} all Reasonable priviledges for preserving their Estates adventured in East Jersey, and therefore will not esteem it a Breach of modesty, far Less of their Loyalty, that they humbly offer the following proposalls as things which they conceive necessary to prevent the totall ruin of their Interests.

1 That East Jersey may not be annexed to New York, and put under that Government, but be made either a District Government of it Self, or be Joyned with West Jersey under one Governour ; And Since the Proprietors of East & West Jersey are very numerous, The King will please to name one from amongst them of whose Loyalty and Ability the King may be satisfied, to be Governour, according to the present practice of naming Magistrates in most corporations in England.

2 That in respect of the proprietors Interest in the Countrey, the King will please to direct that Some of them or their proxies in the Province Shall be allwayes of the Governours Council.

3 That whatsoever the Kings pleasure Shall be in the former points, Courts of Justice may be Established in East Jersey, and be held at Perth, and such other places as may best Suit with the Conveniency of the Inhabitants, from whence no Appeal Shall lye but to the King in England, for if the people must be fore'd to go up to New York or any other province for Justice, It will be Cheaper for them to bear wrongs then Seek Redress, And Ill men will be thereby Encouraged to oppress their Neighbours, and Reduce the Countrey into a Wilderness again.

4 That the proprietors having declared their ready compliance in the matter of Customes, may Enjoy the free use of their ports according to the Kings Grant above mentioned without any Interruption from any other Government, And that an officer be Appointed in this province to collect the Customes, And take care that the Act of Navigation be duely put in Execution.

5 That Since the Soyle and Quitt Rents will still Remain the proprietors property, and three Fourth parts of the Land lying within the Bounds of East Jersey Jersey is yet unpurchased from the Indian Natives, the proprietors or their Deputies may have the Sole power of treating with the Indians for purchase of Such lands, and the Appointing Surveyors, Secretaries, Registers and other Officers for the Surveying, issuing out warrants, Recording Returns of Surveys, and Grants of land, Collecting and Recovering their Quitt Rents, and may have a particular Jurisdiction for Such purposes as Lords of Mann^{rs} have here in England, and that the Kings Governour may not intermeddle in these matters

By these Concessions the proprietors hope, their Adventures may be preserved, and the Kings intentions as well, and Interest better answered, then by Annexing East Jersey to New York, and they humbly hope that the King will condescend to, and Establish them So firmly, as the proprietors may not lye under the fears of any future Alteration, but be encouraged to proceed in Improving the province to the Kings Honour, and their own benefit.

The propriet^{rs} having studied brevity both in this Representation, and their proposalls, are ready to Explain them Selves in any point that may Seem obscure to the King, or his Conncill, if they may be allowed an opportunity to be heard, which they humbly request as absolutely necessary to the Adjusting these matters.

Att the Court att Windsor the 12th of July 1687 His Ma^{tie} is Graciously pleased to referr this Representation and Proposals to the Consideration of the Right Honourable the Lords of the Com^{it}ttee of Trade & Plantations to hear the Proprietors thereuppon, and Report their opinions to his Ma^{tie} who Will then declare his further Pleasure.
