

Doc. No. 3037 - Page 3 - SUMMARY Cont'd

At this critical moment, political parties in Japan do not warn the nation against the impending danger, for they are absorbed in party interests. Japan's Constitutionalism is now nothing but corrupt party politics. Japan must get rid of "constitutionalism" and revert to Nipponism, a traditional principle based on spiritualism, with Tenno, God-Emperor, as the object of worship.
