IT GIVES us great pleasure to herewith present to our patrons and the public the thirty-third annual edition of the "Blue Book" for the season of 1921.

The "BLUE BOOK" contains the names and addresses of fifty thousand selected householders, taken from over one million inhabitants of this city and State for easy reference by the wives and daughters at home, and the commercial and professional community in their offices and counting-rooms.

We particularly desire to call attention to a complete list of officers and the individual members of the leading clubs of California. These lists have been furnished by the officials of their respective clubs, and are thoroughly reliable up to date of going to press.

The procuring and printing of these names have added much to the cost of the work; we, however, feel assured that our efforts to make it complete in every detail will be fully appreciated by our many patrons.

We owe our advertisers a hearty expression of our grateful appreciation of the good will they have shown, and have tried to pay our indebtedness to them by the general excellence of our publication.

If we have been guilty of any unintentional errors or omissions, we will be greatly obliged to our patrons if they will inform us of them, so that they may be avoided in future editions.

Respectfully,
THE PUBLISHER.

THE BOOK OF KNOWLEDGE

The Children's Encyclopedia

Answers
Every
Question a
Child
Can Ask

Where?
Why?
Who?
When?
What?

THE CHILDREN'S GREATEST HELPER

The CHILD and THE BOOK OF KNOWLEDGE belong together as naturally as the flower belongs to the soil in which it grows. It has a magnetism for childish minds which no other work for the young has ever possessed. Every teacher knows that children coming from homes where THE BOOK OF KNOWLEDGE is read and consulted, make much more rapid progress than those who are without this great helper. It often means that these children are two or three years in advance of their companions of the same age.

THE SIMPLEST SCHEME OF UNIVERSAL KNOWLEDGE

THE BOOK OF KNOWLEDGE is today the greatest single force in the life of the child. It is the binding link between the home and the school, and the common ground of the co-operation that is so necessary between parent and teacher. This wonderful work contains everything a child wants to know and ought to know, told in a clear, simple, and fascinating language, and lays the foundation of a thorough education in the daily reading and occupations of the child.

**DON'T YOU WANT YOUR CHILD TO HAVE THE BENEFIT OF THE
GREATEST EDUCATIONAL HELP OF THE CENTURY?**

WHAT PARENTS SAY:

- "It lures the child into research and study."
- "Paves the way for the brainy men of the future."
- "No money could buy the volumes if not replaceable."
- "Children never think of anything they can't find."
- "Children beg for its purchase."
- "Exactly what it is claimed to be."
- "Remarkably up to date in current events."

Send for free, illustrated sample page book, which will show you just how the important knowledge of the world is impressed upon the child's mind by means of striking pictures and stories. It contains the following illustrated subjects:

The Sun and His Family; What Our Skin Is Like; How the Nail Grows on the Finger; How the Teeth Grow; The Nerves of Smell; The Marvel of Hearing; The Lords of the Wild Kingdom; A Concrete Ship in the Water; The Wonderful Birth of the Wheat; How We Dig Up Sunshine; Making the Desert Blossom; Canada the Wonderland; The Republics of South America; The Boy Carpenter's Box of Tools; West Point and Annapolis, and Others.

The Pacific-Union Club

Club House, California and Mason Streets. Phone Prospect 33

The Pacific-Union Club is a consolidation of the Pacific and Union Clubs —two social organizations that existed in San Francisco, the Pacific since the year 1852 and the Union since 1854. These two clubs were consolidated in February, 1889, under the name of The Pacific-Union Club. It is one of the noted and exclusive clubs of San Francisco, elegant in its appointments, luxurious in its accommodations; and is provided with an excellent library, as well as all current literature of unexceptional features.

LAKESHORE HIGHLANDS

Lakeshore Highlands is a marvelously beautiful restricted residential park—a veritable fairyland of rolling hills and wooded dales right in the heart of Oakland—near famous Lake Merritt and its flower-filled parks—six minutes by motor, nine by car, from Oakland City Hall, and thirty-six minutes by the Key Route from San Francisco. Nothing approaching Lakeshore Highlands in attractiveness ever has or ever will be offered to the seeker for ideal home conditions in the Bay Region. It is an astonishing and unparalleled opportunity.

Lakeshore Highlands was laid out as a residential park by Olmsted Brothers, the famous landscape architects of Boston, Mass. The entrance gates were designed by Bakewell & Brown, architects of the San Francisco City Hall. The office at the entrance of the property, was designed by Louis Christian Mullgardt, architect of the Court of Abundance at the Exposition. No effort has been spared to enhance the great natural beauty of this home-park.

Lakeshore Highlands has most carefully thought-out protective restrictions, which insure the home dweller for all time against the intrusion of public garages, flats or apartments—in fact against any and all unsightly features that would decrease the desirability and attractiveness of this ideal home-park.

Beautiful homesites, of varying sizes, \$1250 to \$3000. All improvements free.

GREGG

THE NATIONAL SYSTEM OF SHORTHAND

Shorthand is taught in the public schools of 3677 cities and towns in the United States. Gregg Shorthand is taught in 3053 or 83.02% of these schools. Its leadership in the parochial and private commercial schools is even greater—more than 85% of these schools teach Gregg.

Records show that more court reporters writing Gregg Shorthand have been appointed to official positions during the last ten years than writers of all other systems combined.

The Jenkins School of Music

46 RANDWICK AVENUE, OAKLAND

Miss Cora W. Jenkins, Director

The Jenkins School of Music, Oakland, California, one of the most widely known educational institutions in the State enters upon its twentieth year with a splendid record of achievement and unbounded possibility for broadening and extending its influence.

So rapidly has the school grown that several new teachers of national reputation have been added to the advanced department in Piano, Violin and Cello, and young teachers are constantly in training for the children's work under Miss Jenkins' direction.

Educationally the school stands for the highest ideals, three avenues being open to students:—study for the love of study, for the profession of teachers, or as solo performers on their chosen instruments.

The Pianoforte department is under Albert Elkus (pupil of Harold Bauer, Joseph Lhevinne); Associate Instructors, Mrs. Elsie Cook Hughes of London, State representative of Tobias Matthay pianoforte method and Miss Marion Coursen of New York, (pupil of Henry Holden Huss). Violin, under Albert Rorethal, (pupil of Popper, Becker and Hekking); Associate Instructor, Arthur W. Black. Flute, under Louis Newbauer, of San Francisco Symphony Orchestra and Clarinet, under William Klein.

The graded classes for primary, grammar and high school students are under Miss Jenkins and corps of well equipped assistant teachers. Catalog on application. Telephone, Piedmont 2993.

LAKESHORE HIGHLANDS

Lakeshore Highlands is a marvelously beautiful restricted residential park—a veritable fairyland of rolling hills and wooded dales right in the heart of Oakland—near famous Lake Merritt and its flower-filled parks—six minutes by motor, nine by car, from Oakland City Hall, and thirty-six minutes by the Key Route from San Francisco. Nothing approaching Lakeshore Highlands in attractiveness ever has or ever will be offered to the seeker for ideal home conditions in the Bay Region. It is an astonishing and unparalleled opportunity.

Lakeshore Highlands was laid out as a residential park by Olmsted Brothers, the famous landscape architects of Boston, Mass. The entrance gates were designed by Bakewell & Brown, architects of the San Francisco City Hall. The office at the entrance of the property, was designed by Louis Christian Mullgardt, architect of the Court of Abundance at the Exposition. No effort has been spared to enhance the great natural beauty of this home-park.

Lakeshore Highlands has most carefully thought-out protective restrictions, which insure the home dweller for all time against the intrusion of public garages, flats or apartments—in fact against any and all unsightly features that would decrease the desirability and attractiveness of this ideal home-park.

Beautiful homesites, of varying sizes, \$1250 to \$3000. All improvements free.

The West's Palatial Picture Palace Dedicated to the Masses

World's Greatest Screen Stars in Greatest Plays

The Standard of T. and D. Perfection Guaranteed. Rare Entertainment at
all Times

Pioneers in the World's Greatest Industry

Nowhere in the world is there a more palatial theatre than the Oakland T. and D. It is a palace dedicated to the masses where the magnificent screen masterpieces from the greatest of producers are placed within the reach of all.

Given the stamp of T. and D. standard, the programs are selected with a care to please every taste. In addition, added musical and song attractions give each semi-weekly bill the stamp of perfection.

There is an atmosphere of comfort in the T. and D. theatre that can not be found in any other show house in Oakland. When the T. and D. theatre was built, it was designed to attain the collective improvements contained in the finest houses in the world. And in this desire the T. and D. management succeeded. The result is that Oakland today possesses one of the largest and most beautiful of picture palaces.

Turner and Dahnken are pioneers in the picture game. They have seen it grow from its infancy—from the makeshift theatres of the old days to the present time, when pictures have become an art. And they have kept apace with the development, giving to their theatres the best that time has brought to one of the present day's greatest industries.

To name the stars appearing at the T. and D. theatre is to include the roster of all who are great and have attained pre-eminence in the world over which they rule.

Is beautifully situated in a sheltered corner of the Berkeley hills looking out over San Francisco Bay and through the Golden Gate. It is surrounded by twenty-six acres of attractive grounds. The gardens, with their flower beds filled with semi-tropical plants and the velvet lawns shaded by handsome trees along the winding walls, show the result of many years of expert gardening.

The **Key Route** line runs to the entrance of the Claremont grounds and takes the guest to and from San Francisco in thirty-five minutes.* Berkeley and Oakland is within twenty-five minutes' ride. The University of California is reached in fifteen minutes by a frequent street car service.

There are many good schools in the vicinity of the Hotel, making it very convenient for families. Automobilists coming in from the country along the scenic Tunnel Road and the Sky Line Boulevard come direct to the doors of the Hotel Claremont, and find it a very desirable place to stay. The roads around Claremont are the finest in the country and make delightful riding.

Special attention is given to women traveling alone.

Los Angeles

Is the commercial metropolis of Southern California which comprises the south half of the State. Its population of 600,000 represents almost every State in the Union and many foreign lands.

The Los Angeles Public Library, Metropolitan Building, has twenty-seven branches and eighty-six deposit stations throughout the city, being seventh in rank of libraries in number of books circulated.

The social condition of Los Angeles is most marked and compares more than favorable with any sister city of similar population in the East.

The climate throughout the year is such that visitors and tourists from every quarter come to spend a part of the year, and many return to make this their permanent home.

Los Angeles at night presents a most brilliant appearance. It was the first city in the United States to entirely abandon gas for street lighting and replace it by electricity.

Los Angeles will soon have a harbor second to none on the Pacific Coast.

Los Angeles is the greatest railroad center on the Pacific Coast. Four transcontinental lines are now complete. A network of electric roads connects the city with the numerous beaches, mountain resorts and outlying towns. These are reached by delightful journeys through orange groves and orchards of semi-tropical fruits, and ancient land-marks characteristic of the region.

The financial condition of the Los Angeles Banking Institutions is the best, and their personnel is held in high esteem. The same can be said of the representative realty firms.

The school facilities of Los Angeles are especially good.

Los Angeles is known as the Convention City of the West. Every year brings large bodies of people here for the discussion of every kind of public interest known.

WALTER RAYMOND
PROPRIETOR

THE RAYMOND. PASADENA CAL.

The Raymond is the winter home of persons who want the best--its location is the best in the world and the hotel in all respects is perfect. Raymond Park, in which it is located, comprises seventy-five acres, and has within its borders a nine-hole Golf Course, that cannot be surpassed for attractiveness of scenery, or for all the fine points that appeal to lovers of the game. The course is green throughout the winter months, and there is nothing more exhilarating than a game on its grassy slopes.

The Raymond is open from December to May. Residents of San Francisco will find The Raymond a delightful place for a winter outing. The Raymond has its own garage.

An illustrated book of the hotel and its grounds can be had on application to
