We offer you a ready made medicine for Coughs, Bronchitis, and other diseases of the Throat and Lungs. Like other so-called patent Medicines, it is well advertised, and having merit it has attained a wide sale under the name of **Piso's Cure for Consumption**.

It is now a "Nostrum," though at first it was compounded after a prescription by a regular physician, with no idea that it would ever go on the market as a proprietary medicine. But after compounding that prescription over a thousand times in one year, we named it "Piso's Cure for Consumption," and began advertising it in a small way. A medicine known all over the world is the result.

Why is it not just as good as though costing fifty cents to a dollar for a prescription and an equal sum to have it put up at a drug store? Prepared by
