TO THE PUBLIC.

THE Author and Publishers of the "TRAVELLER'S AND TOURIST'S GUIDE" have been desirous to make the present work both reliable and worthy of public favor; and in doing so, have spared no pains in its preparation. That this work will be appreciated we have no doubt, judging from the flattering encomiums bestowed upon our former editions. The present work has been re-written, and many important changes introduced: it is, therefore, put forth as the most complete work of its kind extant.

In the arrangement of Routes, we have adopted a new plan, which will be found more convenient than any former method. The Routes are given as they diverge from the chief cities of the Union; thus for example: "Routes from New York," "Routes from Philadelphia," "Routes from Boston," "Routes from Chicago," "Routes from Cincinnati," &c., &c. Explanatory notes are attached to many of the Routes, which the traveller should by no means overlook, as by consulting these, and comparing them with the Map, he will not only frequently be saved expense, but time and inconvenience.

One new feature in our book we must call attention to: instead of giving a repetition of each Route, we have used the same both for going and returning, by the introduction of an extra column of figures, with the necessary directions at the head and foot of each Route. This will be found an important feature, as it is not only more convenient, but enables the traveller to see at a glance the distance of places from each starting point; and, by saving much room, permits us to extend our informa-

tion very materially. *The names of the more prominent places on the Routes are put in a conspicuous type, so that the eye shall detect them without difficulty.*

Among the valuable features of our work are TABLES, showing at a glance the DISTANCE, FARE and TIME occupied in travelling from the principal cities to the most important places in the Union.

It not unfrequently happens that strangers in a large city, from which numerous railroads proceed, are at a loss to know which Route to take in order to reach a certain point. To obviate this difficulty, we have given, at the commencement of Routes from the chief cities, the names and depôts of the principal railroads diverging therefrom, with the most important towns to which they lead. Immediately following we have placed the law regulating the HACKNEY COACH and CARRIAGE FARES in the great cities, which, we hope, will serve as a safeguard to strangers against the impositions frequently practised upon them by the drivers of those conveyances.

The descriptions of the places of fashionable and healthful resort, with the Routes leading to them, is intended especially for *Tourists*, and those seeking recreation during the summer months. This will assist, perhaps, in determining parties who have not previously made up their minds which Route to take.

The MAP OF THE UNITED STATES, which accompanies the work, will be found replete with the most recent information; much care has been taken to display the railroad system of the country, which may be depended on as reliable, and the whole is engraved in a manner distinct and legible. Constant reference should be made to the Map, as, without it, the best informed would lose much of the interest of travel.

Travellers and others will confer a favor upon the Author, by transmitting, under cover, to the Publishers, any information that may be obtained from personal observation. Railroad companies, also, will receive our thanks, and benefit their respective Routes, by sending us the latest information relative to their several lines, which will be attended to in each new edition.

THE
TRAVELLER'S AND TOURIST'S GUIDE.

ROUTES FROM BOSTON.

The traveller will refer to each of the following routes respectively, as may be required.

EASTERN RAILROAD, *Depot Causeway Street.*—Leading to Lynn, Salem, Lawrence, Lowell, Gloucester, Newburyport, Portsmouth, Portland, Augusta, Waterville, Bangor, Eastport, New Brunswick, and Nova Scotia, &c. &c. At Portland it connects with the *Atlantic and St. Lawrence Railroad, Androscoggin and Kennebec, and Kennebec and Portland Railroads.* See page 8.

BOSTON AND MAINE RAILROAD, *Depot in Haymarket Square.*—This road connects with the *Portsmouth, Saco, and Portland Railroad,* at South Berwick, in the State of Maine, uniting here with the foregoing route: it, therefore, leads the traveller to the same places, in that State, as the above.

By leaving the above depot persons may also reach the following places:—Haverhill, Exeter, Dover, Great Falls, Lawrence, Manchester, Concord, Lebanon, Montpelier, Burlington, Northern New York, Canadas, Meredith, Plymouth, Haverhill, N. H., &c. See page 9.

LOWELL RAILROAD, *Depot in Lowell Street.*—Leading to Lowell, Nashua, Concord, &c. From Concord, N. H. runs the *Northern Railroad,* connecting with the *Vermont Central, and the Connecticut and Passumpsic Rivers Railroad.* Also, the *Boston, Concord, and Montreal Railroad, &c.* and the *Concord and Portsmouth Railroad.* See page 18.

FITCHBURG RAILROAD, *Depot in Causeway Street.*—Northwestern and Northern Route to Fitchburg, Keene, Bellows Falls, Rutland, Burlington, Canadas, Brattleboro', N. H., &c. See page 16.

WORCESTER AND WESTERN RAILROADS, *Depot corner of Beach and Lincoln Streets.*—To Worcester, Springfield, Pittsfield, Albany, Troy, Saratoga Springs, Utica, Rochester, Buffalo, Niagara Falls, Detroit, Chicago, and the N. W. and S. W. portions of the Union. From Worcester to Norwich and New York city. From Springfield, to Hartford, New Haven, and New York city. Also, to Greenfield, Brattleboro' Bellows Falls, &c. See page 24.

BOSTON AND PROVIDENCE RAILROAD, *Depot Pleasant Street, foot of Boston Common.*—To Providence, Stonington, and New York city. By

the NORFOLK COUNTY RAILROAD, leaving from the same depot. To Dedham, Walpole, Blackstone, &c. By the TAUNTON AND NEW BEDFORD RAILROAD, leaving from the Providence depot. To Mansfield, Taunton and New Bedford. See page 28.

FALL RIVER RAILROAD, Depot corner of South and Kneeland Streets.— To Fall River, Newport, and New York city. Also, to Wareham, Sandwich, and Cape Cod. See page 31.

OLD COLONY RAILROAD, Depot corner of South and Kneeland Streets.— To Quincy, Abington, Kingston, and Plymouth, Duxbury, &c. Also, by the SOUTH SHORE RAILROAD, from the Old Colony Depot to Hingham, Cohasset, &c. See page 31.

STEAMERS LEAVING BOSTON.— Steamboats leave Central Wharf, Boston, for *Portland, Me.* Fare about \$1.

From Boston, to *Bath, Gardiner, and Hallowell.* Fare to Bath \$1 00. To the two latter places \$1 50 each. A steamer runs from Hallowell to Waterville.

From Boston to *Bangor*, stopping at *Thomaston, Camden, and Belfast,* &c. Fare to the two former places \$2 00; to Belfast \$2 50; and to Bangor \$3 00.

Passengers by taking the cars of the Eastern Railroad or those of the Boston and Maine Railroad for *Portland*, may leave the latter place by *steamboat* for *Bangor* and intermediate landing, and from Bangor may return direct to Boston.

A steamer runs from Eastern steamboat wharf, Boston, every Monday, at 11 o'clock, for *Eastport, Me.*, direct; and every Thursday, at 11 o'clock, for *Eastport*, touching at *Portland, Me.* From *Eastport*, another steamer will convey passengers to *St. John, N. B.*, and also to *St. Andrews, N. B.*, and *Calais, Me.* Fare from Boston to *Eastport* \$5 00. From Boston to *St. John* \$7 00. From *Portland* to *Eastport* \$4 50, and from *Portland* to *St. John* \$6 00. These are cabin fares.

Steamboats run from Boston to *Nahant*, and, also, to *Hingham, &c.* N. B. For the places of fashionable and healthful resort, see index.

CARRIAGE FARES IN BOSTON

The rates of fare in the City of Boston, to be taken by or paid to the owner or driver of any licensed carriage, are as follows:

For carrying a passenger from one place to another, within the city proper, 25 cents.

For children between three and twelve years of age, if more than one, or if accompanied by an adult, half price only is charged for each child; and for children under three years of age, when accompanied by their parents, or any adult, no charge is made. Every driver or owner of any licensed carriage, is obliged to carry with each passenger one trunk, and a valise, saddle-bag, carpet-bag, portmanteau, box, bundle, basket, or other article used in travelling, if he be required so to do, without charge or compensation therefor; but for every such trunk or other such article above named more than two, he is entitled to demand and receive the sum of five cents.

A TABLE SHOWING THE DISTANCES, FARES, &c., FROM BOSTON TO MANY OF THE MOST IMPORTANT PLACES IN THE UNION.

The following will show, at a glance, the *distance*, *expense*, and *time* occupied, in travelling from Boston to the most prominent points in the Union. Allowance, however, must be made in the rate of fares when travelling in steamboats, upon Lakes or Rivers, as these modes of conveyance are subject to more or less competition, in which case the fares vary. Those given, however, are as accurate as can be obtained under the circumstances, and will, no doubt, be found near enough to make up a general estimate of expenses. The *time* given is that which is actually occupied in passing from one point to another; the detentions between each route are not taken into consideration, as these the traveller must determine for himself. The *distances* are given by the shortest routes.

From Waterville.	WATERVILLE TO PORTLAND. (Read up.)	Place to Place.	From Portland.

Fare from Portland, \$2 25. Time, 4 $\frac{1}{2}$ hours.

*Stages leave Waterville for Bangor on the arrival of each train; passengers having through tickets from either Boston or Lawrence, have a check given them in the cars, which on the payment of

\$1 50 extra, entitles them to a passage to Bangor in the first conveyance from Waterville, thus making the through fare from Boston to Bangor \$4 50.

Through tickets are sold in Boston at the Depots of the Eastern R. R., and the Boston and Maine; and, also, at Lawrence, to the following stations on the road, viz. to *Monmouth, Winthrop, and Readfield*, at \$2 50; to *Belgrade*, at \$2 75; to *Waterville*, at \$3 00. Passengers going to *Hallowell* and *Augusta*, can purchase a through ticket to *Winthrop* (10 miles) for \$2 50, and in the cars before arriving at *Winthrop*, a check will be given them to carry them by *stage* to those towns without additional charge.

At *Winthrop* stages leave for *Dixfield*, and other places in this vicinity, connecting with the morning train.

Stages leave *Lewiston*, for *Turner's, North Livermore, Peru, and Dixfield*.

Leave *Readfield*, for *Mt. Vernon, Vienna, Farmington, Phillips, and New Portland*; for the above places, stages connect with each train.—On every other day from Tuesday, stages connect at *Readfield* with morning train only, for *Kent's Hill, Fayette, Livermore Falls, Jay, Chesterville, East Wilton, and Wilton*.

Stages leave *Belgrade*, for *Chandler's Mills, Rome, New Sharon, Mercer, Stark, Industry, New Vineyard, and New Portland*.

Stages leave *Waterville*, for *Solon Anson, Norridgewock, and Skowhegan*.

Stages run in connection with the cars from *Waterville* to *Belfast, via Vassalboro', and China*.

From East- port.	EASTPORT TO BEL- FAST, ME. (Read up.)	Place to Place.	From Bel- fast.
------------------------	---	-----------------	--------------------

*From Portland to Belfast, see page 14.

Stages leave Bangor, daily, for *Machias* and *Eastport*, connecting with the foregoing route at *Ellsworth*, 27 miles distant from Bangor. From Bangor to *Machias*, 90 miles; and from Bangor to *Eastport*, 131 miles. From *Machias* through *East Machias* and *Lubec* to *Eastport*, 34 miles.

Steamboats run between *Eastport* and *Boston* via *Portland*, and, also, *St. John, N. B.* Fare from *Eastport* to *Boston*, \$5 00. From

Eastport to St. John, \$2 50. Passengers for Calais, on arrival of the boat, take the steamer plying between Eastport and Calais.

Ferry-boats ply between Eastport and Pembroke, and Lubec, and the islands of Campo Bello, Deer, &c.

FROM EASTPORT TO CALAIS.—To Perry, 8; Robbinston, 9; Calais, 12; total, 29 miles. From Calais to Baring, 5 miles.

ROUTES IN NEW BRUNSWICK AND NOVA SCOTIA.

From St. John, N. B., there is a regular line (by steamboat) to Eastport, Me., 60 miles, and from thence to Portland and Boston. Fare from St. John to Eastport, \$2 50. Fare from Eastport to Portland, \$4 50, and Boston, \$5 00. Through fare from St. John to Portland, \$6 00, and from St. John to Boston, \$7 00. (Cabin.)

Steamers ply regularly on the St. John River, between the city of St. John and Frederickton, the capital of the province, 90 miles, making the intermediate landings. Steamers of a less draught run from Frederickton, up the river to Woodstock, 60 miles, and occasionally as far up as Tobique and Grand Falls, the first 95, and the latter 125 miles, above Frederickton. When the depth of water permits it, a steamer runs from above the Grand Falls, to the Madawaska Settlement, about 40 miles distant.

Stages leave Frederickton for Magerville, Gagctown, Jemsing, &c. Also, for Woodstock, and Houlton, and from thence to Bangor, and other places in the State of Maine. A daily line leaves for Canada, carrying the mails, passing the Madawaska Settlements. Stage Lines leave Frederickton for Liverpool, N. B., and also for Miramichi, Chatham, Newcastle, and other places on the Miramichi River and Bay.—From these, communication is obtained with Prince Edward's Island. Stages run from Frederickton to St. Andrews, St. Stephens, Calais, and

Eastport, Me., and also to St. John, the principal port of the province.

Stages run between St. John and Halifax, N. S., carrying the mails, round the Bend of Pettecodiac, through Dorchester, Westmoreland, and Truro. Also, from St. John to St. Andrews, St. Stephens, and Calais, Me. A steamer leaves St. John for the principal places in the Bay of Fundy, and Windsor, N. S.

Steamers, also, run from St. John to Digby and Annapolis, N. S.—Stages connect with the steamers for Windsor, and from thence to Halifax, and from the latter place to all parts of Nova Scotia.

------------------	--	-----------------	--------------------

Fare, \$3 50. Time, 3½ hours.

Through fare, from Boston to Burlington, \$5 00. Distance, 249 miles. Time, about 10 hours.

*The *Connecticut and Passumpsic Rivers R. R.* diverges here. See routes from White R. Junc. to Derby Line, page 22.

†From Essex depot diverges the Vermont and Canada R. R., running to St. Albans and Rouse's Pt.; at the latter place connecting with the Ogdensburg R. R.

‡At Burlington, trains connect daily, each way, with the steamers running on Lake Champlain, to and from St. Johns and Montreal, in Canada, Whitehall, Saratoga Springs, Albany, &c.

New York passengers, at Burlington, can reach the former city either by the way of Whitehall and Albany, or by taking either of the great routes running through Vermont to the Connecticut River, thence through its valley to Bellows Falls, Brattleboro', Greenfield, Springfield, Hartford, New Haven, and thence to New York.

Or, by continuing the routes in Vermont and New Hampshire.—The *northern* one passes through Concord, Nashua, Worcester, Norwich, and thence to New York.

The *southern* route passes from Bellows Falls through Keene, Fitchburg, Worcester, Norwich, and thence to New York.

Stages run in connection with the Vermont Central R. R. to all parts of Central, Northern, and Western Vermont, and, also, the Canadas.

Fare, \$1 45.. Time, 3 hours.

Stages leave Sandwich, on arrival of the morning trains, for the various towns on Cape Cod.

ROUTES FROM BOSTON TO NEW YORK.

There are four principal and direct routes between the above cities, which we shall describe separately. They are the *Fall River*; the *Providence and Stonington*; the *Worcester and Norwich*; and the *Springfield, Hartford, and New Haven* routes. These are night lines, with the exception of the one via *Hartford and New Haven*, which forms an excellent and expeditious day line between the two cities. A day route, was formerly opened between *Norwich* and the *Long Island R. R.*; but, at present, it is discontinued.

During the summer season, those travelling for pleasure, and fond of Alpine scenery, could find none more beautiful than may be seen in traversing the rugged hills of *Berkshire*, or the romantic valley of the *Housatonic*. This route is from *Boston*, via the *Worcester and Western Railroads* to *Pittsfield, Mass.*, thence by the branch railroad from the latter place to the *Housatonic Railroad*, which unites with the *New York and New Haven Railroad* at *Bridgeport, Conn.*, thence to *New York city*.

Persons taking this route had better rest over night at *Pittsfield, Mass.*, a place where they will find excellent accommodation at reason-

able rates. Travellers preferring it, instead of stopping at *Pittsfield*, may go through to *Hudson*, or to *Albany*, and from either place, may reach *New York city*, by availing themselves of one of the *Hudson River steamboats*. Or, by the *Hudson River R. R.*

* The *Hartford, Providence and Fishkill R. R.* intersects here.

† Connects here with the *Tariffville Branch R. R.* Route—Farmington to Avon, 10 miles; Simsbury, 15 miles; Tariffville, 19 miles; from New Haven, 49 miles.

ROUTES FROM NEW YORK.

The following are the principal railroad routes diverging from New York; the traveller will refer to each respectively, as may be required.

NEW YORK AND ERIE RAILROAD, Depot foot of Duane Street, North River.—This route leads the traveller to Goshen, Port Jervis, Deposit, Binghamton, Owego, Elmira, Corning, Hornellsville, Olean, and Dunkirk. Also, to Ithaca, Geneva, Rochester, Buffalo, Niagara Falls, and the West. See pages 48 and 49.

HUDSON RIVER RAILROAD, Depot Hudson Square, and Chamber St.—Leads to Poughkeepsie, Hudson, Albany, Troy, Saratoga Springs, Whitehall, Lake George, Lake Champlain, Burlington, Vt., and Montreal. Also, from Albany to Buffalo, and the West. See page 53.

HARLEM RAILROAD, Depot City Hall Square, Centre Street.—Leads to Albany, Troy, Montreal, and the West. See page 52.

NEW YORK AND NEW HAVEN RAILROAD, *Depot Canal Street, near Broadway.*—Leads to Norwalk, Bridgeport, New Haven, Hartford, Springfield, Worcester, and Boston. Also, to the various places on the *Housatonic, Naugatuck, and Canal Railroads.* See page 45.

LONG ISLAND RAILROAD, *Depot South Ferry, near the Battery.*—Leads from Brooklyn, to Jamaica, Farmingdale, Riverhead, and Greenport. See page 47.

NEW JERSEY RAILROAD, *Depot foot of Liberty Street, North River.*—Leads from Jersey City to Newark, New Brunswick, Princeton, Trenton, and Philadelphia. See page 88.

RAMAPO AND PATERSON, AND PATERSON AND HUDSON, RAILROADS, *Office foot of Cortlandt Street.*—Leads from Jersey City to Paterson and Suffern's, and, from the latter place, to the various stations on the New York and Erie Railroad. See p. 66.

NEW JERSEY CENTRAL RAILROAD,—*Leave from Pier No. 1 North River, by steamboat, for Elizabethport; or, by the New Jersey R. R., to Elizabethtown.*—Leads from thence to Plainfield, Bound Brook, White House, Easton, Wilkesbarre, Mauch Chunk, Bethlehem, Belvidere, Delaware and Lehigh Water-Gaps, Coal region, &c. See page 94.

MORRIS AND ESSEX RAILROAD, *Depot foot of Liberty Street.*—Leads from the New Jersey Railroad, at Newark, to Orange, Morristown, and Dover. Also, to Schooley's Mountain, Stanhope, Newton, Hacketstown, Milford, &c. See page 95.

CAMDEN AND AMBOY RAILROAD LINE,—*Leave, by steamboat, from Pier No. 1 North River, for South Amboy.* From thence, by R. R., to Hightstown, Bordentown, Camden, and Philadelphia. See page 88.

NORWICH AND WORCESTER LINE TO BOSTON, &c.—*Steamboats leave, from the foot of Cortlandt Street, for New London and Allyn's Point, thence by railroad, to Norwich, Worcester, and Boston.* Leads, also, to Nashua, Lowell, Lawrence, Concord, Willimantic, &c. See page 46.

STONINGTON AND PROVIDENCE LINE TO BOSTON,—*Steamboat leaves from Pier No. 2 North River, for Stonington, thence, by railroad, to Providence, and Boston.* See page 33.

NEWPORT AND FALL RIVER LINE TO BOSTON,—*Leave, by steamboat, from Pier No. 3 North River, for Newport, and Fall River, thence by railroad, to Boston.* See page 32.

HUDSON RIVER STEAMBOATS, Leave for Albany, and Troy, and the various towns and villages on the banks of the Hudson.

STEAMBOATS run between New York and Norwalk, Bridgeport, New Haven, and Hartford.

Also, to Staten and Long Islands, and to Keyport, Long Branch, and other places in New Jersey.

N. B. The cars on the city railroads run every few minutes during the day.

HACKNEY COACH FARES IN NEW YORK.

For conveying a passenger any distance not exceeding one mile, 25 cents; two passengers, 50 cents; or, 25 cents each; every additional passenger, 25 cents.

For conveying a passenger any distance exceeding a mile, and within two miles, 50 cents; every additional passenger, 25 cents.

For the use of a hackney coach, carriage, or cab, by the day, with one or more passengers, \$5 00.

For the use of a hackney-coach, carriage, or cab, by the hour, with one or more passengers, with the privilege of going from place to place, and of stopping as often as may be required, as follows:—first hour, \$1 00; second hour, 75 cents; every succeeding hour, 50 cents.

Children under two years of age, nothing; from two to fourteen, half price.

Each passenger is entitled to take one trunk, valise, box, bag, or other travelling package; and as many more as he pleases, by paying six cents for each extra one, or $12\frac{1}{2}$ cents if over a mile.

If the distance be over one mile, and not over two miles, the charge for one passenger is 50 cents, and each additional one, 25 cents.

If a carriage is taken by the day or hour, it must be so specified.

If a hack is detained or hindered, the driver is entitled to 75 cents for the first hour, and $37\frac{1}{2}$ cents per hour afterwards, in addition to mileage.

Every hack is required to be conspicuously numbered, and to have the rates of fare posted up within it; and in default of either of these, the driver is not to demand or receive any pay.

CABS.—Calls to and from dwellings, to or from steamboats, or other parts of the city, with one or two persons, 50 cents.

When leaving the stand with one person, any distance not over a mile and a half, 25 cents. When with two persons, $37\frac{1}{2}$ cents. When by the hour, driving in town from place to place, for each hour, 50 cents.

Walnut Street Ferry.....	635		

A TABLE SHOWING THE DISTANCE, FARES, &c., FROM N. YORK, TO MANY OF THE MOST IMPORTANT PLACES IN THE UNION.

The following table will show at a glance the *distance, expense, and time*, occupied, in travelling from New York city, to the most prominent points in the Union. Allowance, however, must be made in the rate of fares, when travelling in steamboats, upon lakes or rivers, as those modes of conveyance are subject to more or less competition, in which case the fares vary. Those given, however, are as accurate as can be obtained under the circumstances, and will, no doubt, be found near enough to make up a general estimate of expenses. The *time* given is that which is actually occupied in passing from one point to another;

the detentions between each route are not taken into consideration, as these the traveller must determine for himself. The *distances* are generally given by the shortest routes.

	**DUNKIRK.....		

From Dunkirk.

DUNKIRK TO NEW YORK. (Read up.)

Place to New York.

NOTE.—The New York and Erie R. R. extends to the Hudson River at Piermont, 24 miles above New York, with which it is connected by the Company's steamboats. This portion of the line lying east of the Ramapo and Hudson R. R. junction at Sufferns, is used now almost exclusively for the transportation of freight, the passenger travel going by way of Jersey City and Paterson, that route being 10 miles shorter, and saving at least one hour in time.

The *Newburg Branch R. R.* connects with the Erie at the junction near Chester. Passengers desiring to visit the towns on the Hudson River north of Newburg, or Saratoga, Canada, Vermont, &c., will avail themselves of this connection. (*By consulting the map, which should be done frequently, the routes will become more intelligible.*)

Stage lines leave the various places on the route, on arrival of trains.

* The *Lackawana and Western R. R.* connects here and runs to *Scranton*, 57 miles from Great Bend. From *Scranton*, stages run to *Pittston* and *Wilkesbarre*, over a fine plank road.

† Here the *Syracuse and Binghamton R. R.* connects with the Erie R. R. This opens a new and advantageous route to *Syracuse* and *Oswego*.

The *Albany and Susquehanna R. R.* will also connect with the Erie R. R. at *Binghamton*.

‡ The *Cayuga and Susquehanna R. R.* diverges here, and extends to *Ithaca*, 29 miles. Passengers for *Ithaca* will leave the Erie R. R. at *Owego*. A connection by this route is also formed with the N. Y. Central R. R. running between *Albany* and *Buffalo*.

§ The *Chemung R. R.* connects at

Elmira and runs to *Jefferson*, at the head of *Seneca Lake*, 21 miles. Passengers can here take the *Seneca Lake route* to *Geneva*, &c., or via the *Canandaigua and Elmira R. R.* may reach *Penn Yan*, *Canandaigua*, *Rochester*, *Buffalo*, *Niagara Falls*, &c.

At *Elmira* a new and important connection is made, diverging in a southerly direction, through *Pennsylvania*, to *Williamsport*, *Catawissa*, and the great *Schuylkill coal region*, *Pottsville*, *Reading*, and *Philadelphia*. Also to *Harrisburg*, *Baltimore*, and *Washington*, &c.

¶ The *Corning and Blossburg R. R.* extends from *Corning* to *Blossburg*, Pa., 40 miles. Also the *Buffalo, Corning and New York R. R.* extends through the *Valley of the Conhocton* to *Batavia*, *Buffalo*, *Niagara Falls*, &c.

¶¶ The *Buffalo and New York City R. R.* connects the Erie at *Hornellsville* directly with *Buffalo*, and with the *Buffalo and Brantford R. R.* in *Canada*.

** From *Dunkirk* a prolongation of the Erie R. R. is formed by continuous lines, under different corporate names, extending thousands of miles, and penetrating the hearts of the great *Western and South-western Commonwealths*, and opening an avenue to trade and travel, perhaps, without a parallel on the globe.

At *Dunkirk*, also, the Erie R. R. connects with the *Buffalo and State Line R. R.*, leading to *Buffalo*, *Niagara Falls*, and *Canada West*.

Magnificent steamboats connect the line at the Lake terminus with Detroit, and other places on Lake Erie.

For continuation of route to *Erie*, *Cleveland*, *Chicago*, &c., see pages 68 and 69.

* The New Haven and New York Railroad intersects here.

Stages run from Croton Falls to Lake Mahopac, a delightful place of resort; and, also, from other stations to the various places in the vicinity.

Note.—This route is continued north to Montreal via Rutland and Burlington, Vt., or, via Saratoga Springs, to Lake Champlain, thence to Plattsburg and Montreal. Passengers can take the route from Saratoga via L. George, meeting the steamers that run on L. Champlain.

At Albany and Troy this route connects with the N. York Central R. R., running westward to Buffalo and Niagara Falls, connecting at those places with the more easterly routes.

ROUTES FROM ALBANY.

The following are the principal railroad routes diverging from Albany; the traveller will refer to each respectively, as may be required.

MASSACHUSETTS WESTERN RAILROAD *Diverges from Greenbush, opposite Albany.* It leads to Lebanon Springs, Pittsfield, Springfield, Palmer, Worcester, and Boston. At the State Line and Pittsfield, it unites with the *Housatonic R. R.*, and at the latter place with the *Pittsfield and North Adams R. R.* At Springfield, it joins with the chain of railroads pervading the valley of the Connecticut; running north to Greenfield, Brattleboro', Bellows Falls, &c.; and south to Hartford, New Haven, &c. At Palmer depot, it connects with the *New London, Willimantic and Palmer R. R.* At Worcester, with the *Norwich and Worcester*, the *Providence and Worcester*, and the *Nashua and Worcester Railroads*, &c. See pages 24 and 25.

HUDSON RIVER RAILROAD—Leads to Hudson, Poughkeepsie, Fishkill, Peekskill, Sing-Sing, Dearman, (here it is connected with the New York and Erie R. R. by ferry,) Yonkers, and New York. See pp. 53 & 54.

Another route to New York is via the Harlem R. R. See pp. 52 & 53.

TROY AND GREENBUSH RAILROAD—Connects at Troy with the northern routes; and also with the *Troy and Boston R. R.*

NEW YORK CENTRAL RAILROAD—Leads to Buffalo and Niagara Falls, via Rome, Utica, Syracuse, Rochester, &c. See pages 59 and 60.

At Rome, connects with the route to Watertown and Cape Vincent. See page 56. Also, at Schenectady, with the route to Saratoga Springs, Lake George, Lake Champlain, Burlington, Vt., Plattsburg, N.Y., and Montreal, &c. See page 55.

From Buffalo.	BUFFALO TO ROCHESTER, SYRACUSE, UTICA, ALBANY, TROY, & C. (Read up.)	Place to Place.	From Albany, &c
---------------	---	-----------------	-----------------

Note.—See Routes from Albany, p. 54. From Schenectady diverges the R. R. to Saratoga S'gs, Whitehall, &c.

* From Rome diverges the *Watertown and Rome R. R.*, leading to Watertown, Sackett's Harbor, and Cape Vincent, N.Y. See p. 56. From the latter place passengers may go direct to *Kingston*, and other towns of Canada East.

† From Syracuse the Oswego and Syracuse R. R. runs to Oswego, a flourishing port on L. Ontario, from which place steamers run to Niag'ra Falls, &c. See page 64.

In a southerly direction from Syracuse the *Syracuse and Binghamton R. R.* diverges, forming a connection between the N.Y. Central and N.Y. Erie R.R.'s. Passengers may take this route to Philad'a, Baltimore, &c. by passing over the Erie R. R. to Elmira, thence to Williamspt, Pa., and from thence to places above named.

‡ From Rochester westward runs the *Lockport and Niagara Falls R. R.* to Niag'a F'ls, and connecting there with the *G. West'n R. R.* of Canada W.

‡ From Buffalo the R. R. route is continued along the shore of L. Erie to Cleveland, O., there connecting with all the routes of the great West.

From Albany.	BUFFALO TO ALBANY VIA CANANDAIGUA. (Read up.)	Place to Place.	From Canandaig'a
--------------	---	-----------------	------------------

N. B. See the notes attached to the previous routes from Albany to Buffalo.

* Canandaigua and Elmira R.R. connects here; it leads to N. York via N.Y. and Erie R.R.; to Philad'a and cities south via Williamspt, Pa.

† At Batavia this route connects with the *Elmira, Canandaigua and Niagara Falls R. R.*

‡ From Buffalo the route is continued west via the Lake Shore R.R.

Steamboats arrive at and depart from *Cayuga Bridge*, continuing the route through Cayuga L'ke to *Ithaca*, thence via R. R. to *Owego*, on the N. Y. and Erie R. R.

From Geneva a steamboat runs to *Jefferson*; at the head of Seneca L'ke. the Chemung R. R. connects it with *Elmira* and the Erie R. R., and also, with the route through Penn'a, via *Williamsport* and *Catawissa*, with the coal region and *Philadelphia*—also with *Baltimore* and *Washington*.

Stage lines leave the various stations on the road, for the towns of the interior.

-------------------	---	-----------------	----------------

Remarks.—The Syracuse & Binghamton R. R. completes a most important link in the railroad system of Central New York. By reference to the map, it will be seen, that, at Binghamton, it connects with the Erie Railroad; and at Great Bend, 15 miles distant, the latter road unites with the Lackawanna and Western R. R., leading to the coal fields of Scranton, Pa.: through this avenue coal will supplant the place of wood as fuel in this section, and particularly at the extensive salt works at Syracuse, and, also, fur-

nish large quantities of this valuable mineral for shipment from the port of Oswego, to be distributed throughout the lake region. It also opens a route immediately south to Philadelphia, thereby affording a market direct for the great variety of goods manufactured in this great and growing city.

From Scranton, also, in connection with the *Cobb's Gap R. R.*, it will open a route to New York, with easier grades than those on the eastern section of the Erie R. R.

DETROIT TO CHICAGO, VIA THE MICHIGAN CENTRAL R. R.

The foregoing *steamboat* route to Chicago, by the way of the great Upper Lakes, forms, during the summer season, both a delightful and a cheap excursion; but it is only selected by tourists, and persons of leisure. Others wishing to go through from Detroit to Chicago, as speedily as possible, should avail themselves of the route of the Michigan Central Railroad, of which the following are the stopping-places and distances.

From Buffalo to Detroit, by R. R., via Canada, see p. 69; from Buffalo to Chicago, via Cleveland, see p. 68.

* At *Buffalo* this line connects with the *Albany and Buffalo* route, and at *Albany* with the railroad running to *Boston*. See pages 60 and 66, and also page 24.

† *Dunkirk* is the *Lake terminus* of the *New York and Erie Railroad*. Passengers for *New York city* will, therefore, take this route. See p. 48.

‡ From *Cleveland* diverges the *Cleveland and Pittsburg R. R.*, and also the *Cleveland, Columbus and Cincinnati R. R.* Passengers for *Philadelphia* will, therefore, take the route to *Pittsburg*, thence via the *Central R. R.* to *Philadelphia*. See pages 110 and 94. For *Cincinnati*, and intermediate places, see page 122. And, also, from *Cleveland* to *Wheeling*, page 122.

§ See routes from *Chicago*, page 74.

Note.—Passengers can go by railroad from *Detroit*, via *Michigan Central R. R.*, to *Chicago*, and from thence to *Rock Island*; also to *St. Louis*, and other places in the *West*, by railroad. See routes from *Detroit*, page 71.

* From *Paris* the *Buffalo, Brantf'd and Goderich R. R.* is being continued to *Lake Huron* at *Goderich*. This new route will reduce the distance betw'n *Buffalo* and the *North-west*.

¶ See Routes from Cincinnati, page 115.

N.B. The railroad route is continued from Buffalo, via Dunkirk and Erie to Cleveland. Passengers can, therefore, take either the railroad or steamboat route between Buffalo and Cleveland.

From Cleveland, Ohio, passengers may proceed to any place in the Western or North-western States.

ROUTES FROM DETROIT.

From Detroit to *Buffalo*, see page 67.

From Detroit to *Chicago*, and intermediate places, see page 68.

From Detroit to *Buffalo*, via *Canada*, see page 69.

From Detroit to *Lake Superior*, see Route from Buffalo to the Copper Regions, page 69.

DETROIT TO MILWAUKIE, WIS.—The route between these places is via Chicago, the railroad passing around the head of L. Michigan. Another route in progress is from Detroit via Lansing (the capital of the State), to Grand Haven, on Lake Michigan, directly opposite to Milwaukie. It will be better understood by consulting the map.

From DETROIT to *UTICA*, Mich. 22 miles.

From DETROIT to *HOLLAND*, Mich. —By the cars of the Michigan Central R.R. to *Kalamazoo*, 146 miles: thence, by stage, to *Holland*, 50 m. Total distance, 196 miles.

Holland is a Dutch settlement, with upwards of 5000 inhabitants, and which is rapidly increasing by fresh emigration from the mother country. It is situated upon Black Lake, about eighty miles due west from Lansing, on an expansion of Black River, a small stream running into Lake Michigan. A charter has been obtained for a plank road from Kalamazoo to the settlement.

* At Joliet the *Chicago and Mississippi R. R.* connects with the Rock Island R.R. This route leads to Alton and St. Louis, via Bloomington, Ill.

† At La Salle the Illinois Central R. R. connects; it is also near the western terminus of the Illinois and Michigan Canal.

‡ Here the *Peoria and Bureau Valley R. R.* connects, running to Peoria, 47 miles distant.

§ The *Central Military Tract R. R.* connects here.

N. B. At Peru, Ill., the Illinois Riv. steamboats connect, stopping at the

different towns upon the river, on their route to St. Louis.

Steamboats also run upon the Mississippi River, in connection with the cars on the Rock Island R.R., to St. Paul, Min'sota, and other places on the Upper Mississippi River; also St. Louis, via the Mississippi, and the various stopping places on the river.

The route is also continued from Rock Island to Southern and West'n Iowa, and Nebraska Territory.

-----------------	--	-----------------	---------------

kinds have been discovered, among which are coal, iron, chalk, magnesia, &c. Timber is found on nearly all the streams, and intermingled with the bluffs, and hills, and valleys; although, as a general thing, there is a scarcity through the territory. Fish, geese, swan, ducks, and other feathered game, are abundant through this whole Missouri river region. Amongst the fruits that abound in Nebraska are grapes, plums, cherries, strawberries, raspberries, black currants, gooseberries, haws, crab and thorn apples. The Missouri bottoms in Nebraska are, in many places, broad, and always fertile, with timber almost its whole length.

Omaha City is the capital of the Territory of Nebraska; it is situated on a bluff, on the west side of the Missouri river, about *four* miles distant from *Council Bluff City*, in the State of Iowa. Its situation is regarded as a good one for the location of a city, although a wide strip of marshy land extends from the capitol to the river. Already it contains a number of houses, including the capitol, a neat and substantial building, constructed of brick, with hotels, saw-mill, &c.

The settlement of *Florence* is about *six* miles to the north of Omaha City; its situation is regarded as being somewhat better than Omaha City, from the fact, that the bluff upon which it is located lies near the river. Opposite this place a rocky bottom extends across the river to an island, which is thought to be the only place where the foundation can be laid across the river for a railroad bridge. Florence is located on the site of the Mormon town, "Winter Quarters," which was destroyed by that people on their resigning it, some few years since, for their new home in Utah.

Belleview is situated on the west bank of the Missouri river, about ten miles below Omaha City; it has, in many respects, an eligible situation; a ledge of rock extends along the margin of the river.

Remarks.—NEBRASKA TERRITORY AND SETTLEMENTS.—The climate of Nebraska appears to be similar to that of Iowa in the same latitude, which is mild and pleasant; and, as in other prairie countries, there is nothing to break the full force of the wind, a cooling breeze fans the prairies even in the most sultry days of summer. There is, comparatively, little snow in winter—it being, much of the time, pleasant, sunny weather. Vast herds of buffalo, elk and deer range this extensive territory. The valleys on all the streams are rich and fertile, but much of the high lands away from the water-courses are sandy, and not arable. Minerals of various

Nebraska City, two-and-a-half miles below Fort Kearney, is situated near the head of Grand Island, in the river Platte, about 150 miles west from Omaha City, and 292 miles from St. Joseph, Missouri. The altitude of Fort Kearney is about 2000 feet above the Gulf of Mexico.

Council Bluff City is in the State of Iowa, four miles to the east of Omaha City; it is situated on Indian Creek, three miles from the east side of Missouri river; it is opposite to, and in full view of the meadows of Nebraska, west of the Missouri.

There are other new settlements in this vicinity, bordering along the river, while others are continually springing into existence; and there can be little doubt, before many years, Eastern and Southern Nebraska will contain a considerable population.

and Michigan Canal, to Peoria, Naples, and other towns upon the Illinois River. See Route, page 79.

La Salle is the Northern terminus of the main line of the Illinois Central R. R., the Southern terminus being at *Cairo*, the junction of the Mississippi and Ohio River.

*Between Chicago and La Salle there are two routes—one via the *Rock Island R. R.*, the other via *Aurora and Mendota*. (See Route from Chicago to La Salle, via Aurora, page 79.)

The Galena Branch of the Central Illinois R. R. diverges from La Salle, and runs, via Dixon and Freeport, to Galena, Illinois.

†At Bloomington the Chicago and Mississippi R. R. intersects. Passengers for Springfield, Alton, and St. Louis, also for Jacksonville, Naples, Ill., &c., will stop here.

‡The Great Western Illinois R. R. connects here; it runs to Springfield, Jacksonville, Naples, Ill., &c.

‡Mississippi & Terre Haute R. R. intersects, running east to Terre Haute and Indianapolis, and west to Alton and St. Louis.

‡The Atlantic & Mississippi R. R. will intersect here; this road will connect the routes of Central Indiana with St. Louis.

‡The Chicago Branch unites here
**The Mobile and Ohio R. R. will connect at Cairo; also, the New Orleans and Jackson R. R., by a union with the former. These will prove most important connections for Chicago, as they will place her in almost immediate intercourse with the people and commerce of the Gulf.

	CAIRO TO CHICAGO, VIA CHICAGO BRANCH R. R. (Read up.)	Place to Place.	From Chi- cago.

N. B. The Chicago Branch of the Illinois Central R. R. intersects the Mississippi and Terre Haute R. R. 194 miles from Chicago; this road runs across the State from Terre Haute to Alton, connecting the Indiana routes with Alton and St. Louis.

Passengers for *Terre Haute* and *Indianapolis* will take the cars going east; and those for *Shelbyville, Hillsboro', Bunker Hill, Alton* and *St. Louis*, will take the cars going west.

The Chicago Branch R. R. intersects, also, the *Atlantic and Mississippi*, and the *Ohio and Mississippi R. R.'s*, both of which are in progress of construction; these will open, in connection with the Chicago Branch R. R., other routes to St. Louis, and Southern and West'n Indiana.

From Cairo this great route will be continued south to New Orleans and Mobile, by the extensive and important enterprises now in rapid progress of construction. When these are completed, the great lakes, and the Upper Mississippi, will be indissolubly connected with the Gulf of Mexico.

	(Read up.)		

N. B. *Stage lines* will connect at the different stations with the interior country, at a distance from the line of the road.

* At the junction near Springfield (the capital of the State of Illinois), the Great Western R. R. connects

with the Chicago & Mississippi R. R. Passengers for *Jacksonville and Naples, Ill. &c.*, will take this route. The Great Western R. R. will be continued to the Mississippi, opposite Hannibal, Missouri, from which place it will connect with the Hannibal and St. Joseph R. R., in progress of construction to the West'n line of Missouri.

Remarks.—The Milwaukie and Lake Shore R. R. is in course of construction, and, it is stated, will be opened for travel towards the close of the year 1855. It will form a valuable line of railroad for Chicago, as, in connection with other roads, which will be built within the next few years, a direct communication will be opened with the country bordering on Lake Winnebago and Fox River, in the vicinity of which are many thriving towns, villages, and farms.

The steamboat route from CHICAGO to MILWAUKIE is as follows: Chicago to *Kenosha, Wis.*, 56 miles; to *Racine*, 70 miles; and to *Milwaukie*, 95 miles.

N. B. See Routes from Milwaukie, page 00.

From Baltimore.	BALTIMORE TO PHILADELPHIA.	Place to Place.	From Philadelphia.
	<i>(Read up.)</i>		

Fare, \$3 00. Time, 5 hours.

N. B. See Routes from Philadelphia, and also Baltimore.

N. B. There is another railroad route between Philadelphia and Baltimore, by way of Lancaster, Columbia, and York, Pa. This route, although not so direct, will, to the tourist whose time is not limited, be found to possess far greater at-

tractions, in the way of fine scenery, than those previously described. The distance is 153 miles. Fare, \$5 00.

Another route open to *tourists*, is from Philadelphia, by steamboat, down the Delaware river to Delaware City, 44 miles; thence through the *Chesapeake and Delaware Canal*, 16 miles; thence across Chesapeake Bay to Baltimore, 56 miles. Total, 116 miles. The chief feature of interest on this route, is the formidable excavation on the above canal, termed the "Deep Cut," which extends *six* miles, and is, in its deepest part, 70 feet from the top. A bridge of 235 feet span extends over the chasm, at an elevation of 90 feet above the canal.

Weldon, N. C., as follows: by *railroad*, to *Newsom's Depot*, 49 miles; by *stage*, to *Careysburg*, 26 miles; thence by railroad, to Weldon, 5 miles, at which place the southern route is resumed.

A steamboat runs between Baltimore and Acquia Creek Landing, via the mouth of the Potomac and Piney Point, in connection with the Richmond and Fredericksburg and Richmond and Petersburg railroads. Through tickets by this line, as follows: from *Baltimore to Fredericksburg*, \$3 00; *Baltimore to Richmond, Va.*, \$5 50; *Baltimore to Petersburg*, \$6 00; *Baltimore to Charleston, S. C.*, \$15 00. N. B. Meals and state-rooms extra.

* The Pennsylvania R. R. extends to Pittsburg, 244 miles, where it connects with the Ohio and Pennsylvania R. R. The above route between New York and Pittsburg forms the shortest route to the west, being nearly an "air line."

† At Harrisburg connects with the route to Philadelphia; also to Baltimore and Washington; also, by the Cumberland Valley R. R., to Carlisle, Chambersburg, &c.

ROUTES FROM PHILADELPHIA.

The following are the principal railroad routes diverging from Philadelphia; the traveller will refer to each respectively, as may be required.

PHILADELPHIA AND TRENTON RAILROAD, &c.—*Leave from foot of Walnut Street.*—This route leads the traveller to Bristol, Trenton, Princeton, New Brunswick, Newark, and New York. The *Belvidere Delaware R. R.* branches off at Trenton, and leads to Easton, Pa., Belvidere, &c. See page 88.

CAMDEN AND AMBOY RAILROAD.—*Leave Philadelphia, by ferry, to Camden.*—It leads to Burlington, Bordentown, Hightstown, South Amboy, and New York. *Trenton Branch Railroad* runs from Bordentown to Trenton, and the *Mount Holly Branch Railroad* from Burlington to Mount Holly. See page 88.

COLUMBIA AND PENNSYLVANIA CENTRAL RAILROADS.—*Depot Eleventh and Market Streets.*—This route leads to West Chester, Lancaster, Columbia, Harrisburg, Millerstown, Lewistown, Huntingdon, Hollidaysburg, Johnstown, Pittsburg, Cleveland, Massillon, Wooster, Columbus, Cincinnati &c.

At Columbia it unites with the *York and Wrightsville Railroad*, running to Baltimore. At Harrisburg, with the *Cumberland Valley Railroad*, leading to Carlisle, Carlisle Springs, Chambersburg, Hagerstown, Bedford Springs, &c. See page 101.

READING RAILROAD.—*Depot corner Broad and Vine Streets.*—This route

leads to Reading, Pottsville, and Sunbury; also to Tamaqua, Catawissa, Danville, Williamsport, Elmira, Buffalo, and Niagara Falls. See p. 104.

PHILADELPHIA, WILMINGTON AND BALTIMORE RAILROAD.—*City Depot Library Street, back of the Custom House.*—Leads to Wilmington, Havre de Grace, Baltimore, Washington, Fredericksburg, Richmond, Charleston, Savannah, Montgomery, Mobile, and New Orleans. Also to Frederick, Harper's Ferry, Cumberland, and the West. See page 89.

NORRISTOWN RAILROAD—*Depot Ninth and Green Streets*—Runs to Manayunk and Norristown, 17 miles. **GERMANTOWN RAILROAD.**—Cars leave from foregoing depot, and run to Germantown, 6 m. from Philad'a.

NORTH PENNSYLVANIA RAILROAD.—*Depot Front and Willow Streets.*—This route leads to Doylestown, Bethlehem, and Easton; and, when completed, will connect Philadelphia with Mauch Chunk, Wilkesbarre, and Towanda, Pa., and Waverly, on the New York and Erie R. R. See p. 107.

WEST CHESTER DIRECT RAILROAD.—*Depot Market Street near Seventeenth.*—Leads to Media and West Chester, Pa. See page 109.

CHESTER VALLEY RAILROAD.—*Depot Ninth and Green Streets.*—Runs from Norristown to Downingtown, Pa. See page 108.

CAMDEN AND ATLANTIC RAILROAD.—*Ferry from Vine Street to Camden.*—Runs to the Atlantic Ocean via Haddonfield and Absecon. Page 113.

WEST JERSEY RAILROAD—When completed—Will run from Camden to Cape Island, N. J.

STEAMBOAT AND RAILROAD LINE FOR BALTIMORE.—A steamboat leaves from the foot of Dock Street, every afternoon, for New Castle. See route, page 89.

STEAMBOATS leave Philadelphia for Burlington, Bristol, Trenton, Chester, Wilmington, Salem, Bridgeton, Marcus Hook, and for Cape May, during the season.

A line of steamboats run between Philadelphia and New York, touching at Cape May. Fare to New York \$2, and to Cape May, \$1.

Ferry-boats run to Camden, Tacony, Gloucester, Red Bank, &c.

HACKNEY COACH FARES IN PHILADELPHIA.

ACCORDING TO AN ORDINANCE, APPROVED MAY 10, 1855.

FARE.—The prices or rates of fare to be taken by, or paid to the owners or drivers of hackney carriages, for the conveyance of passengers, shall be as follows, to wit:—For conveying a passenger any distance, not exceeding one mile, 50 cents; and for every additional passenger, 25 cents. For conveying a passenger any distance more than a mile, and not exceeding two miles, 75 cents; and for every additional passenger, 25 cents. For con-

veying a passenger any distance over two miles, for every such additional mile, or part of a mile, the sum of 25 cents, in addition to the sum of 75 cents for the first two miles; and for every additional passenger, 25 cents. For the use of a hackney carriage by the hour, with one or more passengers, with the privilege of going from place to place, and stopping as often as may be required, \$1 per hour. In all cases, where the hiring of a hackney carriage is not, at the time, specified to be by the hour, it shall be deemed to be by the mile; but in case the distance shall be more than four miles, the rate to be charged for each additional mile shall be 12½ cents for each passenger, as herein provided. For children between two and fourteen years of age, *half price* is only to be charged; and for children under two years of age, no charge is to be made.

BAGGAGE.—Every driver or owner of a hackney carriage shall carry, transport and convey in and upon his carriage, in addition to the persons therein, one trunk, valise, saddle-bag, carpet-bag, portmanteau, or box, if requested so to do, for each passenger, without charge or compensation therefor; but for every trunk, or other such articles above named, more than one for each passenger, he shall be entitled to demand and receive the sum of 6 cents.

FINES.—If any owner, driver, or person having charge of any such carriage, shall ask or demand any greater sum than he may be entitled to demand, as herein set forth, he shall forfeit all claim for compensation for the services for which such greater sum shall have been demanded; and if such owner, driver, or person, as aforesaid, shall receive, upon such demand, any greater sum than he may be entitled to demand and receive, as herein set forth—or if such owner, driver, or person, shall offer for employment any carriage within which the card containing the registered number of such carriage, the name and residence of the owner thereof, &c., is not placed, he shall forfeit and pay, for each and every such offence, the sum of \$5.

DISTANCES.—Chestnut Street, south to Prime Street, about one mile.

Chestnut Street, north to Brown Street, about one mile.

Delaware River to Twelfth Street, about one mile.

“ Schuylkill River, about two miles.

Camden and Amboy Depot, Walnut Street, to Trenton Depot, about two miles.

Camden and Amboy Depot, Walnut Street, to Baltimore Depot, Broad and Prime Streets, two miles.

OMNIBUSES leave the Exchange every few minutes for the various parts of the city, Fairmount, Girard College, &c.

A TABLE SHOWING THE DISTANCES, FARES, &c., FROM PHILADELPHIA TO MANY OF THE MOST IMPORTANT PLACES IN THE UNION.

The following table will show, at a glance, the *distance, expense, and time* occupied, in travelling from Philadelphia to the most prominent points in the Union. Allowance, however, must be made in the rate of fares when travelling in steamboats, upon Lakes or Rivers, as those modes of conveyance are subject to more or less competition, in which case the fares vary. Those given, however, are as accurate as can be ob-

tained under the circumstances, and will, no doubt, be found near enough to make up a general estimate of expenses. The *time* given is that which is actually occupied in passing from one point to another; the detentions between each route are not taken into consideration, as these the traveller must determine for himself. The *distances* are generally given by the shortest routes.

Note.—The *Chester Valley R.R.* connects at Downingtown, Pa., 32 miles from Philadelphia. This road, in connection with the Philadelphia, Germantown and Norristown R.R., forms a new outlet to the city of Philadelphia, and also unites the Columbia R. R. with that of the Reading R. R., near Norristown.

† At Dillerville, two miles from Lancaster, Pa., is the Harrisburg and Lancaster R.R. junction, the Columbia R.R. being continued to the Susquehanna River, at Columbia, 12 miles. From Columbia the Branch R. R., 18 miles, runs up the east bank of the Susquehanna, to

the intersection of the Harrisburg R. R. From Columbia the R. R. is continued across the Susquehanna, running to York, Pa., and thence to Baltimore.

‡ From Harrisburg diverges the *Dauphin and Susquehanna R. R.*, connecting with the Pottsville R. R. at Auburn, 59 miles distant; from thence passengers may reach Philadelphia via the Reading R. R.; or the city of New York via Allentown and Easton, Pa., and the New Jersey Central R. R.; or may reach any place in the Schuylkill or the Luzerne coal regions.

Passengers coming over the Pennsylvania R. R. from the West, intending to visit Baltimore or Washington, will stop at Harrisburg, taking there the Baltimore and Susquehanna R. R. via York, Pa., 83 miles.

The *Cumberland Valley R. R.* also diverges from Harrisburg, via Carlisle and Chambersburg, Pa., to Hagerstown, Md. From the latter place stages will convey passengers to Frederick, Md., from which a connection is had with the Baltimore and Ohio R. R.

‡ The *Huntingdon and Broad Top R. R.* connects with the Pennsylvania R. R. here. It is a road of some importance, as over it will pass large quantities of the semi-bituminous coal in which the Broad Top Mountain region abounds.

It will also, on its completion, form, in connection with the Pennsylvania R. R., a most agreeable route to the celebrated *Bedford Springs* of Pennsylvania.

|| At or near Tyrone other roads, already surveyed, will, in time, connect with the Pennsylvania R. R., viz., the *Philadelphia and Erie R. R.*, which will run, via Clearfield, Pa., to Ridgway, a point of some importance on the Sunbury and Erie R. R.; this road will unite the eastern half of the great artery of Pennsylvania with the harbor of Erie.

The proposed *Penn's Valley R. R.*, from Tyrone, via Sunbury, Pottsville and Easton, Pa., forms nearly

an "air-line" from the city of New York to the great West.

From Altoona runs the *Branch R. R.* to Duncansville, near Hollidaysburg, connecting with the Portage R. R.

At Blairsville Junction, the *Blairsville Branch R. R.* joins the Pennsylvania R. R.; here, also, the connection is formed with the North-Western and Cleve'd and Mahoning R. R. and Pennsylvania R. R.

The *Hempfield R. R.* is a prolongation of the Pennsylvania R. R. from Greensburg, Pa., to the Ohio River, at Wheeling; here it will connect with the Central Ohio R. R., and the Marietta and Cincinnati R. R., and the Cleveland and Wells-ville R. R. These roads connect with all the routes in the West, North-west and South-west.

The *Pittsburg and Steubenville R. R.* forms a continuation of the Pennsylvania R. R. from Pittsburg to Steubenville, uniting there with the Western railroads.

N. B. See *Routes from Pittsburg*, page 115.

Pittsburg to Chicago. (See page 126.)

Pittsburg to Indianapolis. (See page 123.)

Pittsburg to Cincinnati. (See page 125.)

Pittsburg to St. Louis, via Indianapolis, 663 miles.

Remarks.—The Passenger Station of the Pennsylvania R. R. is on the S. E. corner of Eleventh and Market Streets, the entrance being on Eleventh Street. Passengers are particularly requested to purchase their tickets before taking seats in the cars, otherwise an additional charge is imposed upon them. *Through tickets* can be purchased for most of the prominent places in the West connected by railroad.

The cars running on the Pennsylvania R. R. are not surpassed, for comfort and convenience, by those on any other railroad in the country. This road has a double track, is a first class work, and without a superior

in the country, being constructed in the most thorough manner. The Pennsylvania R. R. is ballasted throughout its length with fine broken stone, which saves the traveller from the annoyance of dust, a nuisance too prevalent on many of the railroads of our country.

* *Chester Valley R. R.* connects Norristown with the Columbia R.R., at Downingtown.

† The *Lebanon Valley R. R.*, which is in progress of construction, will unite the Reading R. R. with the Pennsylvania R. R., via Reading and Harrisburg.

‡ *Little Schuylkill R. R.* to Tamaqua.

§ The *Dauphin and Susquehanna R. R.* connects here; it unites with Harrisburg and the Pennsylvania R. R.; also with Baltimore, &c., via York, Pa.

¶ *Mine Hill R. R.* diverges here, and runs to *Minersville*, 8 miles, and *Tremont*, 12 miles.

|| The *Philadelphia and Sunbury R. R.* extends from *Pottsville* to *Sunbury*, via *Shamokin*, 28 miles. From *Pottsville* to *Danville, Pa.*, via *Shamokin*, 23 miles.

Remarks.—Pottsville is situated in Schuylkill County, the great centre of the anthracite coal region of Pennsylvania. The Reading R. R. and its numerous branches, in connection with the Schuylkill Canal, have been the great means for the development of the riches of this region. These have made Philadelphia the great coal mart of the Union. Following the course of the Schuylkill River, an easy down grade to the Delaware has been obtained, so that, if a loaded train of cars were started from the head of the road, they would find their way to the terminus in Philadelphia without the aid of motive power. This fact will show the advantage possessed by this road in conducting a heavy coal business.

The coal trade is one of great importance; its growth annually is so great, that the demand is only limited by the supply, notwithstanding the facilities for conveying it to market, such is the universal want, not only for domestic, but for manufacturing, and other purposes.

The total supply of coal from all sources, according to the *Miners'*

Journal, for 1854, was 5,847,396 tons, being an increase of 652,218 tons over the year previous.

The entire amount of *anthracite* coal mined in the different regions of Pennsylvania, since 1820, amounts to 48,907,860 tons, of which the Schuylkill region furnished 25,190,604 tons. In Schuylkill County 280 steam engines are used for mining purposes, with an aggregate horse-power of 9649. The number of miles of railroad in operation is 495½, of which 130 miles are underground. The number of canal-boats on the Schuylkill canal is 700; maximum capacity, 200 tons. On all the canals in the coal region there are 4516 boats.

The business of the Reading R. R. will be vastly increased by its extension via Catawissa and Williamsport, now in successful operation to the New York and Erie R. R., at Elmira, connecting there with the various railroad lines pervading the western counties of New York and Canada.

From Pottsville, also, the line is extended to Sunbury, Pa., and thence to Williamsport, connecting there with the road to Elmira.

The Reading R. R. will also be the south-eastern terminus of the Sunbury and Erie R. R., now in progress of construction to Erie, on the lake of the same name.

* Open to Media; in progress to West Chester.

About 16 miles of the track of this road will be used as a portion of the "direct line" of the new Philadelphia and Baltimore railroad, now in course of construction.

Remarks.—The route of the Philadelphia and West Chester R. R. is through a fine agricultural and farming country. In 1850, the region drained, now occupied by the road, contained a population of 17,500, with 65 mills and factories—and this with nothing more than ordinary travelling facilities to stimulate its growth. This road will prove highly advantageous to Philadelphia, as furnishing that city a larger radius for the supply of her provision market; and also open a fine country for suburban residences, the growth of Philadelphia having been so extraordinary within the past two or three years, that we shall hail with delight any new avenue or outlet which can impart recreation, health, or domestic comfort to its inhabitants.

From Cincinnati.	CINCINNATI TO PITTSBURG, ETC. (Read up.)	Place to Place.	From Pittsburg.
------------------	--	-----------------	-----------------

* This island is celebrated as having formerly been the residence of a wealthy and distinguished Irish emigrant of that name, who lived here in great splendour; his house was the resort of the most literary and polished society. Unfortunately, this gentleman was induced by the celebrated Aaron Burr to join in a conspiracy, in which he embarked with all his wealth. It was, however, discovered; they were arrested, and

tried for treason. Blennerhasset, though not convicted, was ruined; and his splendid mansion and pleasure-grounds, being deserted, went to decay, and now present nothing but a mass of ruins.

From Louis v'le & St.L's	ST. LOUIS TO LOUIS- VILLE AND CINCIN- NATI. (Read up.)	Place to Place.	From Cin- cinnati.

* This *cave* is pointed out to passengers on the Ohio as a great curiosity; its entrance is just above high water-mark; it is about 20 feet in height, and leads into a spacious apartment, with an arched roof elevated about 30 feet, and extending back 125 feet. About the year 1800, it was the rendezvous of a noted outlaw and pirate, by the name of Mason, who, with his band, subsisted by plundering flat-boats on their way down the river, or by waylaying the unfortunate boatmen on their return, and robbing and murdering them. The leader of this notorious band of outlaws was finally shot by one of his own comrades, in order to gain a reward of \$500, offered by the governor of Mississippi for his head.

* The Beaver Extension R.R., which connects Steubenville with Beaver, Pa., runs around the bend of the Ohio, uniting with the Ohio and Pennsylvania R.R. to Pittsburg; also, at the Wellsville Junction, with the Cleveland and Wellsville R.R.; also with Wheeling via the Wheeling Extension R.R.

† Cadiz Branch R. R., 7 miles, to Cadiz, Ohio, joins here.

‡ The Sandusky, Mansfield and Newark R. R. extends from Newark to Lake Erie, at Sandusky, Ohio.

§ At Columbus, joins the Columbus, Piqua and Indiana R. R., connecting with the Indiana railroads. Also, at Columbus, with the route to Cleveland.

|| From London extends the Branch R. R. connecting with Springfield and Dayton, Ohio, thence with the route to Indianapolis.

N. B. See Routes from Cincinnati.

Pittsburg to Philadelphia via the Pennsylvania R. R. (See page 101.)

The Fort Wayne and Chicago R. R. will be completed early in the spring of 1856. It is now opened from Pittsburg to Fort Wayne.

ROUTES FROM CINCINNATI.

A TABLE SHOWING THE DISTANCES, FARES, &c., FROM CINCINNATI TO MANY OF THE MOST IMPORTANT PLACES IN THE UNION.

The following table will show, at a glance, the *distance, expense, and time* occupied, in travelling from Cincinnati to the most prominent points in the Union. Allowance, however, must be made in the rate of fares when travelling in steamboats, upon Lakes or Rivers, as those modes of conveyance are subject to more or less competition, in which case the fares vary. Those given, however, are as accurate as can be obtained under the circumstances, and will, no doubt, be found near enough to make up a general estimate of expenses. The *time* given is that which is actually occupied in passing from one point to another; the detentions between each route are not taken into consideration, as these the traveller must determine for himself. The *distances* are generally given by the shortest routes.

From Toledo.	TOLEDO, O., TO CINCINNATI.	Place to Place.	From Cincinnati.
	<i>(Read up.)</i>		

From Cincinnati to Dayton, Ohio, the *Short Line R. R.* is in progress of construction. It will be about 53 miles in length, 7 miles less than by the way of Hamilton.

The *Dayton and Michigan R. R.* is

in course of construction. Its route will be nearly parallel with the *Mad River and Lake Erie R. R.*, and will connect Cincinnati with Toledo, and finally with Detroit, Michigan.

At Dayton, connects with the Route running eastward to Columbus, Ohio, thence to Cleveland; also to Zanesville and Wheeling, Va., Steubenville, Ohio, &c.: westward with the Route to Indianapolis, Ia., via Richmond.

See Routes from Indianapolis, page 148.

FORT WAYNE TO CINCINNATI.

N. B. The *Cincinnati and Fort Wayne R. R.* is in progress of construction. On its completion it will form a direct Route between Cincinnati and Fort Wayne. This road will be, eventually, continued thro' Michigan, via Lansing, to the Straits of Mackinaw.

The foregoing Route intersects with the various railroads crossing the State of Ohio from East to West. Passengers, therefore, will be able to change their Route at any of the intersections. It would be well to consult the map, better to enable one to mark out the Route needed.

From St. Louis.	ST. LOUIS TO CINCINNATI. (Read up.)	Place to Place.	From Cincinnati.

* This important Route is now progressing rapidly towards completion; it is opened, as will be observed by the foregoing Route, from Cincinnati west, about 87 miles, and from St. Louis east, about 68 miles. New links will be opened for travel from time to time, until the whole work shall be completed, at which time it will connect two of the most important and growing cities of the West on nearly an "air line." It will also be the means of populating the yet unoccupied portions of those districts of Indiana and Illinois thro' which its route lies, the soil of which is generally of a good description. From St. Louis westw'd, the Missouri link of the *Pacific R. R.* is in progress of construction to the western line of the State. It is already opened a portion of the distance.

(Read up.)

From Nashville, Tenn., diverges a line of railroad, extending to Charleston, S. C., 601 miles; and also to Savannah, Ga., 585 miles from Nashville: both of these places are situated on the Atlantic coast.

From Atlanta, Ga., 293 miles from Nashville, a place on the above Route, diverges a railroad to Montgomery, Ala., via West Point. This road forms a link in the southern route of travel between the North and South, extending to N. Orleans.

From Hillsboro'.	HILLSBORO' TO CINCINNATI. (Read up.)	Place to Place.	From Cincinnati.

The Cincinnati, Hillsboro' and Belpre R. R. is in progress of construction eastward from Hillsboro', Ohio, to Jackson, where it will connect with the Route to Belpre, Ohio, and Marietta. At Parkersburg, Va., on the opposite bank of the Ohio River from Belpre, the Virginia North-western R. R. (now building) will unite. This road joins the Baltimore and Ohio R. R. at Tygart's Valley River, forming, in connection with that road, the direct route to Baltimore, Maryland.

At Marietta, Ohio, the Marietta & Wheeling R. R. will connect. This road will run nearly parallel with the west bank of the Ohio River to Bridgeport, opposite Wheeling, from which place extends the Hempfield R. R., uniting with the Pennsylvania R. R. at Greensburg, Pa., leading to Philadelphia.

At Paris, the Maysville and Lexington R. R. will intersect.

The Lexington & Big Sandy R. R. will connect at Lexington; also the Lexington and Danville R. R., and the Nashville and Lexington R. R.,

ROUTES FROM INDIANAPOLIS, IA.

REMARKS.—Indianapolis, the capital of the State of Indiana, is situated in the midst of a very fertile region of country, and within a few miles of the geographical centre of the State. The position is a fortunate one, being directly on the great highway between the States lying east, and those situated immediately west. Her population which, in the last few years, has risen from 4,000 to 17,000, is still rapidly on the increase. For her present prosperity she is mainly indebted to the numerous lines of railways, with which she is now so amply provided. Previous to the construction of these lines, her position was one completely inland, and cut off, in a measure, from other portions of the country, the old modes of conveyance being very expensive, as well as slow and tedious. The introduction of railways, however, has marked a new era in the growth and future prosperity of Indianapolis, and the West generally, and through its means it is rising rapidly in the scale of advancement. At the commencement of the year 1855, *eight* railroads, equal to a thousand miles, had been completed, connecting the capital of Indiana with distant parts; six others, comprising 700 miles, were under contract, and approaching completion; and two roads, of 700 miles in length, had been surveyed, and companies formed to construct them.

On the north-west Indianapolis is united with Lake Michigan and Chicago, and through these with all the railroads of the States of Michigan, Illinois, and Wisconsin; and will be with the States and Territories more distant, as soon as railroads shall be constructed in them. Lines also extend to the Mississippi River, at Alton and St. Louis, and from the latter place will ultimately reach the Pacific. The Ohio River, which forms the southern boundary of Indiana, is connected with the interior by several lines, ready there to unite with other lines in the State of Kentucky, which will give her access to all the Southern States, and the Gulf of Mexico. Several lines connect with Cincinnati, the metropolis of the West, and on the east with Wheeling, Pittsburgh, Philadelphia, Baltimore and New York, and on the north-east with Cleveland, Buffalo, Albany and Boston.

During seasons of high water in the *Arkansas*, a *steamboat* runs from Little Rock to Fort Gibson.

ROUTES FROM BALTIMORE, MD.

The following are routes diverging from Baltimore; the traveller will refer to each respectively as may be required.

PHILADELPHIA, WILMINGTON, AND BALTIMORE RAILROAD.—*Depot in President St.* This route leads to Havre de Grace, Wilmington, and Philadelphia. See page 89.

BALTIMORE AND OHIO RAILROAD.—*Depot Camden Station.* This route leads to Frederick, Md., Harper's Ferry, Cumberland, Pittsburg, Wheeling, and the West. From Harper's Ferry to Winchester, Va., and the Virginia Springs. See pages 171 and 172.

WASHINGTON BRANCH RAILROAD.—*Depot Camden Station.* This route leads to Washington, Fredericksburg, Richmond, and the South. Also to the Virginia Springs, *via* Gordonsville. The *Annapolis Branch R. R.* runs to Annapolis, the capital of Maryland. See page 90, and following pages.

BALTIMORE AND SUSQUEHANNA RAILROAD—*Depot corner of Calvert and Franklin Streets.* This route leads to York, Pa., Harrisburg, Pittsburg, and to places on the Pennsylvania R. R. Also from York to Columbia, Lancaster and Philadelphia. See page 172.

STEAMBOATS run from Baltimore to Piney Point, and up the Potomac to Acquia Creek Landing, connecting there with the railroad route to the South.

Also, from Baltimore to Norfolk, Va., and up James River to Richmond, connecting there with the railroad route running *north* to Fredericksburg, and *south* to Petersburg, Weldon, &c.

Also, from Richmond to the Virginia Springs, Natural Bridge, &c.

HACKNEY COACH FARES IN THE CITY OF BALTIMORE.

1. *Steamboat and Railroad Depots.*—From any steamboat landing or railroad depot, to any hotel or private residence within the limits of the city, for a single passenger, 50 cents. If two or more, each, 37½ cents. And for each trunk, box, or bag, of sufficient size to be strapped on, 12½ cents. No charge for small parcels put in the carriage.

2. *To any Steamboat or Railroad Depot.*—The same fare and charge for baggage, with an addition of 50 cents for the carriage when only sent for from the stable.

3. *City.*—Within the following limits, assuming Calvert street as the centre of the city, and extending east to Canal street, west to Green street, south to Great Montgomery street, and north to Biddle street, for a single passenger, 37½ cents. If two or more, each, 25 cents. If beyond these limits, and anywhere within the city boundary, 12½ cents additional for each passenger.

4. *Time.*—For the use of a hackney-coach by the hour, \$1 00, and at the same rate for all fractions of an hour, but no charge for any time less than a quarter of an hour.

5. *Evening and Night.*—For hacks taken from the stand to any part of the city, as follows: from 1st May to 30th September inclusive, after 8 o'clock, P. M., 75 cents for a single passenger; if more than one, 50 cents each: a like sum for returning. From 1st October to 30th April, inclusive, after 7 o'clock, P. M., the same. *No charge for baggage.*

6. *Exchange and Fell's Point.*—From South Gay street to any part of Fell's Point, not farther east than Washington street, 25 cents, and 25 cents back for each passenger.

General Rules.—1. An additional allowance of 25 cents for the carriage only, when sent for from the stand. 2. Children over ten years, half-price; no charge under that age. 3. Stopping 15 minutes, or leaving the carriage, to make a new charge. 4. All cases not provided for in these rules, left to agreement of the parties.

A TABLE SHOWING THE DISTANCES, FARES, &c., FROM BALTIMORE TO MANY OF THE MOST IMPORTANT PLACES IN THE UNION.

The following table will show, at a glance, the *distance*, *expense*, and *time* occupied, in travelling from Baltimore to the most prominent points in the Union. Allowance, however, must be made in the rate of fares when travelling in steamboats, upon Lakes or Rivers, as those modes of conveyance are subject to more or less competition, in which case the fares vary. Those given, however, are as accurate as can be obtained under the circumstances, and will, no doubt, be found near enough to make up a general estimate of expenses. The *time* given is that which is actually occupied in passing from one point to another; the detentions between each route are not taken into consideration, as these the traveller must determine for himself. The *distances* are generally given by the shortest routes.

				WHEELING TO BALTIMORE. (Road up.)		

* Passengers for Washington can stop at Washington Junc., and take the cars thence direct to that city.

† Passengers for *Frederick, Md.*, stop here and take the branch road running to that place, 3 miles.

‡ Passengers for Winchester, Va.,

and the Virginia Springs, stop here. The *Winchester R. R.* diverges from this point. See route from Baltimore to Winchester and the Virginia Springs, page 173.

See Routes from Wheeling, page 127.

REMARKS.—This great work, the Baltimore and Ohio Railroad, is at last completed, and now taps the Ohio River at Wheeling, Va. At the latter place will be found steamers equal to any on the western waters, ready to continue the line to Cincinnati and Louisville. At Louisville this line again connects with the Mail Lines of steamers to St. Louis, Memphis, New Orleans, and, in fact, with all the important places on the Ohio and Mississippi rivers.

A very important connection with the Baltimore and Ohio R. R. is about to be made by the construction of the *Virginia North-Western R. R.* This branch will leave the main road at a point near *Clarksburg, Va.*, and extend nearly in a straight line to the Ohio at Parkersburg. From Belpre, O., on the opposite side of the river, another road will be constructed, so as to form a direct route to Cincinnati, and thence by another road, in progress, to St. Louis, via Vincennes. When these several lines are completed, there will be nearly an "air line" route between Baltimore and St. Louis, thus forming the shortest and most direct route from *tide-water* to the Mississippi.

------------------	---------------------------------	-----------------	------------------

Remarks.—The above Route between Baltimore and Cincinnati, connecting the two cities by a direct line, is now in a state of progression. On its completion, it will afford the shortest route to an Atlantic city. Westward from Cincinnati, the Ohio and Mississippi R.R. extends to St. Louis, carrying the line onwards to the Mississippi River. By examining the map, the directness of the line will become apparent.

ROUTES FROM CHARLESTON, S. C.

From CHARLESTON to AUGUSTA, see page 184. AUGUSTA to ATLANTA, ATLANTA to MONTGOMERY, MONTGOMERY to MOBILE, MOBILE to NEW ORLEANS, see pages 92 and 93.

From CHARLESTON to WASHINGTON, BALTIMORE, PHILADELPHIA, NEW YORK, and intermediate places. Charleston to Branchville, 63 miles; thence to Wilmington, via Manchester, 212 miles; total, 275 miles. Wilmington to Weldon, and Weldon to Richmond, see page 91; Richmond to Washington, and Washington to Baltimore, page 90; Baltimore to Philadelphia, page 89; Philadelphia to New York, page 88.

A TABLE SHOWING THE DISTANCE, FARES, &c., FROM CHARLESTON, S. C., TO MANY OF THE MOST IMPORTANT PLACES IN THE UNION.

The following table will show, at a glance, the *distance, expense, and time*, occupied in travelling from Charleston to the most prominent points in the Union. Allowance, however, must be made in the rate of fares, when travelling in steamboats, upon lakes or rivers, as those modes of conveyance are subject to more or less competition, in which case the fares vary. Those given, however, are as accurate as can be obtained under the circumstances, and will, no doubt, be found near enough to make up a general estimate of expenses. The *time* given is that which is actually occupied in passing from one point to another; the detentions between each route are not taken into consideration, as these the traveller must determine for himself. The *distances* are generally given by the shortest routes.

* From La Grange the Railroad is open to Memphis, and from the former place the line will be continued so as to form a connection with the Route from Chattanooga to Charleston.

* The Memphis and Charleston R. R. is now being constructed. When finished, Memphis will be brought in contiguity with Charleston and Savannah, both of which have fine harbors.

----------------	---------------------------------------	-------------	----------------------

Remarks.—The *Mobile and Ohio R. R.*, which is now in progress of construction, will form one of the most important routes for trade and travel in the United States. It will probably be opened throughout its entire length by the year 1858.

This Route will extend from Mobile Bay, on the Gulf of Mexico, to the junction of the Ohio and Mississippi Rivers, at a point opposite to Cairo, Ill. The latter place is the southern terminus of the great *Illinois Central R. R.*, with its two arms or branches, one extending to Chicago, on Lake Michigan, and the other to Galena, Ill., and the Mississippi River.

By consulting and comparing our map attached to this Work, it will be observed that the course of these two great Railroads is similar, and runs nearly parallel with the Mississippi River, meeting it, however, at its junction with the Ohio. It will occupy about twelve degrees of latitude; consequently, it will embrace a great variety of climates and productions. It will, however, have a decided advantage over that heretofore immense thoroughfare, the Mississippi River, inasmuch as no impediments will arise to obstruct

the navigation of the rail, such as are hourly met with on the "Father of Waters." Travel will attain a greater speed, with less cost, and more regular intercourse, and with less liability to the fearful and heart-rending scenes which the turbid waters of the Mississippi have closed over, but which may happen again and again, until nearly every family in our country have to record the loss of "one loved one," at least, by either fire, explosion, "snags," or utter recklessness of human life on the part of those whose business and care it should be, to regard the lives and property of those entrusted to their care with the greatest sacredness.

The opening of this great thoroughfare, then, should be hailed with joy and satisfaction; men, and women too, will be able to traverse it without those feelings of danger which are so frequently experienced on going on board one of the "up-river steamboats," at New Orleans, or other places on the Mississippi River.

—

THE MOBILE AND GIRARD R. R. is now being constructed, a portion of which is already opened. It will extend from Mobile, Alabama, to Girard, opposite to Columbus, Ga., at which place it will connect with the *Muscogee R. R.*, running from Columbus, Ga., and at the latter place with the *Savannah and Macon R. R.*, and ultimately will form one of the links in the direct route of travel between New Orleans and New York, &c.

From Mobile.	MOBILE TO JACKSON. (Read up.)	Place to Place.	From Jackson.

There is another route between JACKSON and MOBILE, by which staging is entirely avoided; it is as follows: from Jackson to Vicksburg, by *railroad*, 46 miles; thence by *steamboat*, down the Mississippi to New Orleans, 395 miles; thence by *railroad* to Lake Ponchartrain, 5 miles; and thence by *steamboat* to Mobile, 161 miles. Total distance, 607 miles.

ROUTES FROM NEW ORLEANS,

From NEW ORLEANS to BATON ROUGE, NATCHEZ, VICKSBURG, MEMPHIS, and ST. LOUIS, &c., see pages 120 and 121; and from ST. LOUIS to the FALLS OF ST. ANTHONY, see pages 117 and 118.

From NEW ORLEANS to LOUISVILLE, CINCINNATI, &c., see pages 118, 119 and 120; and from CINCINNATI to PITTSBURG, see page 116.

From NEW ORLEANS to MOBILE, see page 93.

The following table will show, at a glance, the *steamboat* distances from NEW ORLEANS, to the principal places on the Mississippi Rivers, with the *probable* fare to be paid to reach either. These, however, are liable to change, owing more or less to competition, and the low stages of the water, which it will be necessary for the traveller to bear in mind.

St. Joseph is another prominent starting-place on the Missouri frontier; it is situated on the Missouri River, and may be reached, by *steam-bout*, from St. Louis, a distance of 450 miles. The emigrant trail crosses the river, and reaches the edge of the great Western plains, *seven* miles distant. It is marked out with the distinctness of an ordinary road. Thirty miles farther is the *Indian Mission* established by Government, which consists of a fine farm, a few log houses, store, and a school for Indian children. *One hundred and ten miles* from the Missouri the Blue Earth River is reached, a clear and handsome stream of pure water, 30 feet wide. On crossing the stream, the road passes over high ridges of table-lands, for 70 miles, to Little Blue Earth River, along the beautiful valley of which it runs for about 80 miles, on leaving which, the trail strikes across a high range of table-lands for 20 miles, in a northern direction, reaching the Nebraska or Platte River Valley, 15 miles below Fort Kearny. This fort is situated at the head of Grand Island, in the River Platte, 292 miles from *St. Joseph*, and has an altitude of 2,000 feet above the Gulf of Mexico.

In passing along the North Fork of the Platte, between Ash Hollow and Fort Laramie, a singular formation of rock and sand may be seen, called the "Court-House;" it stands alone, and at a distance bears a close resemblance to a court-house or church. It is 200 feet square, 800 feet high, and has on its top what would be taken for a large dome or cupola. The next object of attraction is "Chimney Rock," which is seen at a distance of 30 miles, standing out in bold relief. Its base is about 300 feet in diameter, which tapers off to within 100 feet of the top and then becomes square, being about 50 feet in diameter; a solid shaft of rock then ascends at least 100 feet into the air, making a main height of 400 feet from the base. *Twenty miles* farther on are "Scott's Bluffs," a beautiful rocky formation, extending three miles along the river, having an elevation of between 300 and 400 feet. "Castle Bluffs" are also an attractive formation of rocky bluff, many parts of which are very fantastic and grotesque, resembling ancient castles, palaces, forts, &c.

Fort Laramie, 625 miles from St. Joseph, Mo., is situated at the eastern *terminus* of Laramie Valley, about $1\frac{1}{2}$ miles from the Platte. It is government property, and consists of a building 200 feet square, with a yard in the centre. Its altitude is 4,090 feet above the ocean. "Laramie Peak," 100 miles from Fort Laramie, can be seen at a distance of 150 miles; its altitude is about 11,000 feet. A few miles distant from the Sweet Water are a number of *saleratus lakes*, some of which are half a mile square. "Independence Rock" is situated on the north side of the Sweet Water, 216 miles from Fort Laramie; it is composed of solid granite, covering an area of about *five acres*, and arising in conical form, about 400 feet above the level of the surrounding country; it is seen at a great distance, and hence serves as a landmark of the emigrant. This extraordinary rock was named by a party of Americans, who chanced to pass that way one Fourth of July, whence they proceeded to celebrate the great events of that period, by a succession of revellings, festivities, and hilarities, which having been concluded, they all inscribed their names, together with the word "Independence," upon the most conspicuous portion of the rock: hence its name and notoriety, which are as firmly established, by the act, as that rock of ages itself. Upwards of 5000 names are inscribed upon it.

On approaching the "South Pass," the ascent is so gradual, that it is difficult for the traveller to find the precise summit; yet the point of

culmination is between two hills, about 60 feet high. It is *nineteen miles* wide, and without any gorge-like appearance. Its altitude is 7,489 feet.

In the year 1849, Major Emory wrote to the Government an account of a remarkable river spring which broke out in the summer of that year, in that portion of the country between the mouth of the Gila River and the mountains, usually called the "Desert," sometimes the "Jornada." A river, 40 feet wide, and more than waist-deep, has appeared in the middle of this desert, affording delicious water to drink, and making an oasis at the most convenient spot for the traveller. The overland emigrants who took that route previous to the 20th of June, suffered dreadfully from thirst. Those who came after the first of July, found plenty of water. In connection with it, a fine fresh-water lake was formed a few miles distant. *It is represented upon our Map of California, Oregon, &c., and may be found on the "Gila Route," west of the Rio Colorado.*

Fort Smith is situated on the Arkansas River, about four miles from Van Buren. It is the garrison on the eastern line of the Choctaw nation, and has grown into a town of upwards of one thousand inhabitants. There are several stores here, and a good trade is carried on with the Indians. *Van Buren*, on the left bank of the same river, lower down, has about the same number of inhabitants, but is quite different in feature, the streets being entirely free from grotesquely-dressed Indians. It is a shipping point for wheat and other produce, received from the more northern settlements.

THE
TOURIST'S GUIDE

TO PLACES OF FASHIONABLE AND HEALTHFUL RESORT.

THE WHITE MOUNTAINS of New Hampshire are situated in the county of Coos, and extend from S. W. to N. E., about 20 miles. *Mount Washington*, the most elevated peak, is 6,243 feet above the level of the sea. (This was formerly considered the highest elevation in the United States, east of the Rocky Mountains, but it has been found to be surpassed in height by "Mitchell's Peak," in N. Carolina, the altitude of which was determined a few years ago by the gentleman from whom its name is derived.) The other peaks are *Mount Adams*, 5,767 feet; *Jefferson*, 5,665; *Madison*, 5,384; *Monroe*, 5,298; *Franklin*, 4,854; and *La Fayette*, 4,723. The ascent to the summit of *Mount Washington* has now become not only *fashionable*, but a pleasing and healthful recreation to those who are strong enough to bear the fatigue consequent on such an undertaking. There is no danger whatever to be apprehended; careful and experienced guides always accompanying visitors.

The Notch of the White Mountains is a very narrow defile, extending for two miles between huge cliffs, apparently rent asunder by some great convulsion of nature. Its entrance, on the east side, is formed by two rocks standing perpendicularly, about 20 feet from each other. The scenery here is exceedingly grand. After proceeding a short distance, a beautiful cascade may be seen, issuing from a mountain on the right, and passing over a series of almost perpendicular rocks, with a course so little broken as to preserve the appearance of a uniform current. This lovely stream falls over a stupendous precipice, forming the *Silver Cascade*.

About a mile distant from the entrance is a brook, called the *Flume*, a stream of water falling over three precipices, from a height of 250 feet. Over the first two it falls in a single stream, and over the last, in three; these again unite at the bottom in a natural basin formed in the rocks.

The *Willey House* stands in the *White Mountain Notch*, a short distance from a bluff, which rises to the height of about 2,000 feet. It is noted as having been the residence of the *Willey* family, who perished on the 28th of August, 1826, by an avalanche or slide from the mountain.

From the road leading through the *Franconia Notch*, may be seen, on the mountain opposite to *La Fayette*, the *Profile Mountain*; or, as it is called, the "*Old Man of the Mountain*;" and in the same notch, a short distance south, the *Basin and Flume*, objects of the greatest interest to the lovers of the sublime and curious. The *Profile Mountain* rises to the height of 1,000 feet. The bare rock on which the profile is delineated, is granite; from its long exposure to the atmosphere, it is of a

dark reddish-brown. A side-view of this projecting rock, near the peak of the mountain, looking from the north, exhibits a profile of the human face, in which every line and feature are distinctly marked; but after passing the mountain to the south, the likeness is lost.

ROUTES TO THE WHITE MOUNTAINS.—The route by way of Portland may be considered one of the most eligible, and for beautiful scenery cannot be surpassed. This city, the commercial metropolis of the State of Maine, is situated 105 miles from Boston, from which it may be reached by railroad, either via the Eastern or the Boston and Maine R. R. From Portland passengers are now conveyed in the cars of the Atlantic and St. Lawrence Railroad to Gorham, ninety-five miles distant, and five miles from the base of Mt. Washington. In order to accommodate the travel by this route, a hotel has been erected, and a road laid out to the summit, on the north side of the mountain.

There is another route from Portland open to the traveller, which is also very delightful. From Portland, by *stage*, to *Standish*, at the foot of Sebago Pond; thence, by *steamer*, over the romantic lake, through Crooked River, and over Long Pond to *Bridgeton Centre*; thence, by *stage*, to *Conway*, via *Fryeburg*. On the road between Bridgeton and Fryeburg is *Pleasant Mt.*, an isolated peak, some 2000 feet high, on the summit of which is an hotel, recently erected, which is now a stopping-place for many travellers, the view from it being very fine. At Conway, N. H., passengers stop for the night at Hill's *Pequawket House*, where they meet with every attention and comfort; and the next morning proceed, by *stage*, through *Bartlett* to the Notch, passing successively *Old Crawford's*, near which is *Crawford Mountain*, the *Willey House*, (*Tom Crawford's*, who has recently erected an extensive house,) and arrive early in the afternoon at *Fabyan's White Mt. House*.

To reach the "Franconia Notch," visitors should hire an extra at *Fabyan's*, for *Bethlehem*, and thence to *Gibbs' Lafayette House*, 16 miles. At the latter place a conveyance may be hired to *Taft's Flume House*, five miles, passing the *Old Man of the Mountain*, the *Basin*, and the *Flume*. Returning to "Gibbs'," passengers may take the stage to *Littleton*, 12 miles; thence to *Wells River*, 20 miles; thence by the Connecticut and Passumpsic River R. R., &c., to *Bellows Falls*; and thence there is a railroad communication to Boston, New York, Albany, &c. From "Gibbs'," persons may also reach Concord, Boston, &c., by taking the *stage*, passing through the Franconia Notch to *Plymouth*, (on the Boston, Concord, and Montreal R. R.,) thence, by *railroad*, to those places.

Another route from Boston is by *railroad*, to *Concord*, 76 miles, thence to *Plymouth*, 51 miles. The cars reach the latter place about one o'clock. Passengers dine at the *Pemigewasset House*; after dinner proceed, by *stage*, up the romantic valley of the Pemigewasset, to the *Flume House*, 24 miles, situated near those curious natural attractions, the Flume and the Pool; and thence through the "Franconia Notch," passing the "Basin," and the "Old Man of the Mountain," to *Gibbs' Lafayette House*, distant from Plymouth 29 miles, from Boston 153 miles. Travellers may proceed the same evening, or the next morning, from the "Flume House," or "Gibbs'," to "Fabyan's," Tom Crawford's, the Willey House, or Old Crawford's. From the latter place they may proceed to Conway, via the White Mountain Notch, and thence to Portland.

Passengers taking the *Lake Route*, leave the Boston, Concord, and Montreal R. R., at *Weir's Station*, on Lake Winnepisseogee, go immediately on board the steamer, cross the lake to *Centre Harbour*, 10 miles, and arrive at *Coe's Hotel* at 1 P. M.; making the trip from Boston in

5½ hours, and from New York in 19 hours. From Centre Harbour the traveller is conveyed, by *stage*, to Conway, 30 miles, passing *Red Hill, Sandwich, Ossipee,* and *Chocoruo Mt.*, arriving there before dark. The next morning leave for *Old Crawford's*, 24 miles; the *Willey House*, 6; through the Notch of the White Mountains to *Tom Crawford's*, 2, and *Fabyan's*, 4. From Boston, 182 miles.

Should the traveller be disposed to tarry awhile at Centre Harbour, he will find opportunities for trout fishing, and making excursions upon the beautiful Lake Winnipisseogee, with its 365 islands, resembling, in many respects, the lovely Lake George.

It would be advisable for the traveller to take either one of these routes to the Mountains, and return by the other; by doing so he will have the best opportunity for enjoying all the varied scenery of this wild, picturesque, and healthful region.

Passengers leaving New York can take either of the routes, via Boston; or may proceed by railroad, via New Haven, Hartford, Springfield, Brattleboro', Bellows Falls, to Wells River, on the Connecticut and Passumpsic Rivers R. R.; thence by *stage* to Littleton, N. H., and Fabyan's White Mt. House.

NIAGARA FALLS are situated on the Niagara River, 14 miles above Lake Ontario, and 23 below Lake Erie, on the New York side. The river forms the outlet of the great lakes, which are estimated to contain nearly one-half of the fresh water on the surface of the globe. Three-fourths of a mile above the Falls the river begins a rapid descent, which at that place forms a powerful current; it then turns at a right angle to the N. E., when it is suddenly contracted in width from three miles to three-quarters of a mile. Below the Falls the river is only half a mile wide, but its depth exceeds three hundred feet. The cataract is divided into two parts by Goat or Iris Island, containing about 75 acres; but the principal channel is on the Western or Canadian side, and forms the Great Horse-shoe Fall, over which about seven-eighths of the whole body of water is thrown. The eastern channel between Goat Island and the State of New York is again divided by a small island, named Prospect, forming a beautiful cascade. The fall on the American side is 164 feet, and on the Canadian 158 feet. The amount of water passing over the Falls has been computed at 670,000 tons per minute.

The best view of the *Cataract* is that from Table Rock on the Canada side; of the *Rapids*, from Goat Island; and of the *American Fall*, from the ferry. The best view of the *Horse-shoe Fall*, is from the Canada side.

A bridge connects Bath and Goat Islands with the main land; on the former is a toll-house, where visitors inscribe their names, and pay a fee of 25 cents, which entitles them to visit all the islands, during their visit, without additional charge. Guide-boards will be found on Goat Island, directing visitors to the most interesting places and objects around the island. Terrapin Bridge projects out about 300 feet from the west part of Goat Island, at the end of which is *Prospect Tower*, a stone building erected in 1833, 45 feet high, with stairs leading to an open gallery on the top, surrounded by an iron balustrade, from which the view is very grand. The visitor, from this height, can look down into the boiling cauldron of waters.

On Goat Island is the "Biddle Stairs," which lead to the bottom of the Falls, affording an opportunity of descending below the bank, and passing some distance behind the two main sheets of water. A common flight of steps leads down 40 feet, running to the head of the staircase, which is about 80 feet, having 90 steps; from this down to the river the

descent is 80 feet more; making the entire distance from the top, 185 feet. From the foot there are three paths leading to the most important points of observation; one of which runs to the river below, distant about 80 feet; and where visitors will find an excellent *fishing-place*. The path at the left of the staircase leads to the Crescent, or Horse-shoe Fall, where, when the wind blows up the river, a safe passage is opened behind the sheet of water. The path to the right leads to the *Cave of the Winds*. It is 120 feet across, 50 wide, and 100 high, and is situated directly behind the Centre Fall, or Cascade. A short distance below the Falls, on the American side, is another staircase leading to the Ferry, from which a charming view of the entire Falls may be had. The ferry is crossed without danger, in about ten minutes. The visitor on being landed on the Canada side, proceeds up the bank, at the top of which stands the Clifton House, where refreshments may be obtained; and afterwards proceeds toward *Table Rock*, where will be found a spiral staircase, from the foot of which persons may pass 153 feet behind the sheet of water. The person in charge of it will furnish a guide and suitable dress. The *Museum* stands a short distance from Table Rock.

The *Whirlpool* is situated three miles below the Falls, and the "Devil's Hole" a mile lower down; the latter embracing about two acres, cut out laterally and perpendicularly in the rock by the side of the river: it is 150 feet deep.

The *Suspension Bridge* spans the narrow gorge, between the Cataract and the Whirlpool, in view of both, by an arch 800 feet long, 40 wide, and 230 above the water. The *Burning Spring*, a curiosity, is on the Canada side, half a mile above the Falls, and within a short distance of the rapids in the Niagara River. The villages of *Chippewa* and *Lundy's Lane* are on the same side of the river, and are noted as having been battle-grounds of the English and Americans, during the war of 1812.

SARATOGA SPRINGS.—This is the most popular watering-place in the United States, and one of the most celebrated in the world. It is situated in the State of New York, 39 miles north from Albany, 32 from Troy, and 184 from the city of New York. It is visited by persons from all parts of the United States, and also from foreign countries. During the season, particularly July and August, the hotels, and other places of accommodation, are much crowded. The constant stream of visitors arriving and departing at this juncture, imparts to the place a scene of gaiety and bustle that is known at no other time. The principal hotels are closed at the end of the season; but some of the smaller ones, and also private boarding-houses, remain open, for the accommodation of invalids, during the year. The price of board varies with the accommodations received: \$2 per day, for each person, however, is what is usually charged at the first-class houses; although at private boarding-houses, and second-class hotels, it may be obtained at from \$4 to \$8 per week.

The Saratoga waters are useful in many diseases, and have an almost magic effect upon the system, when relaxed or exhausted by disease or sedentary habits. After drinking the waters for a short time, the appetite improves, and the entire system feels their invigorating effects. Persons using the water as a cathartic should rise early, drink from one to two pints of the sparkling beverage, dipped fresh from the spring, and then take a short walk around the beautiful grounds in the vicinity, whence they can return and again drink at the spring. No charge is made for the water, except what visitors voluntarily give those who wait upon them at the spring. It is recommended that persons afflicted with any serious disease should first consult their physician as to the

propriety of using these waters, otherwise they may be more injurious than beneficial.

The *United States Hotel* is regarded as the most fashionable house in Saratoga. It is centrally situated, and is in the vicinity of the railroad depot, and the principal mineral springs. It can accommodate from 400 to 450 persons. The two next best and most extensive houses, are *Union Hall* and *Congress Hall*, both of which are situated in the south part of the village, and near the Congress Spring. There are several other houses here which afford excellent accommodations, and where, perhaps, the retired visitor can find a home more congenial to his feelings, than among the devotees of fashion. In the vicinity of the Springs are several public bathing-houses, where baths, hot, cold, or shower, can be obtained at all times.

Congress Spring, Empire Spring, Washington Spring, Columbian Spring, Hamilton Spring, Pavilion Spring, Putnam Spring, Iodine Spring, and the *Flat Rock* and *High Rock Springs*, are among the most valuable for their medicinal properties. The "Ten Springs" are situated a short distance east of the village.

Saratoga Lake, a most lovely spot, lies six miles south from Saratoga, and the same distance from Ballston Spa. It is nine miles long, and three wide, and is much resorted to by company from the neighbouring watering-places, for *fishing, fowling* and *boating*. The shore of this lake is accessible in a few places only, on account of the marshes which border it. The country around the lake rises gradually into elevated ridges, forming a vast amphitheatre of picturesque landscape, embellished by cultivation. On the eastern shore, three miles from the south end, Snake Hill projects into the basin.

Long Lake, five miles south from Ballston Spa, is another beautiful sheet of water, situated in the midst of very agreeable scenery; it is five miles long by one wide, and abounds with fish. Game is abundant in the surrounding country.

By means of railroads diverging from Saratoga, speedy communication is opened with Troy and Albany, and thence to New York; also, to Springfield, Boston, Hartford, &c. Persons going direct from the Springs to Niagara, will take the railroad to Schenectady, thence by the Albany and Buffalo route, passing through the beautiful towns of Utica, Syracuse, Auburn, Geneva, Rochester, Buffalo, &c. From Saratoga, a railroad runs to Whitehall, connecting with steamboats running on Lake Champlain.

Persons going to Lake George, leave by the Saratoga and Washington R. R., stopping at *Moreau Station*, 16 miles from Saratoga, thence by *stage*, over a fine *plank* road, to Caldwell, 14 miles. This will be found a most delightful route, abounding in lovely scenery and historical reminiscences. The driver, (if requested,) will stop at Glen's Falls, (five miles,) to give persons an opportunity of viewing the wild and exciting scene from the bridge. The waters flow in one sheet over the brink of a precipice, 900 feet wide, and, in freshets, rush in one mass down the cataract; but in ordinary seasons they are divided, by rocks, into three channels, with an angular descent of several hundred feet.

Seven miles from Glen's Falls, and *two* from Caldwell, may be seen *Bloody Pond*, a small sheet of water, known since the French war by that name, from the fact that, after a battle fought near it, 1,000 French, English, and American dead were thrown into it. It is on the *right-hand* side of the road, going towards Caldwell; the *mile-stone* is at its head. Unless it is pointed out, it may be passed unnoticed, as it lies below the road, and is surrounded by foliage. A mile distant is the rock

on which Major Williams was slain by the Indians, about the same time.

Caldwell, a village bordered by a range of hills, (one of which attains an elevation of 1,900 feet,) situated at the head of Lake George, is one of the most lovely places imaginable, to spend a few days during the summer season. At *Sherrill's Lake House*, an excellent hotel, visitors may meet with the best accommodation. At the south end of the lake are the almost imperceptible ruins of forts George and William Henry, rendered interesting, from their historical reminiscences.

From *Caldwell*, persons can make a tour of this charming lake, by taking the *steamboat*, (which leaves every morning and runs to the foot of the lake,) 36 miles; thence by *stage*, 4 miles, to the ruins of Fort Ticonderoga, on Lake Champlain. There is an hotel here, where dinner may be had; parties, if they please, may return in the afternoon to the lake, and reach *Caldwell* the same evening. Those bound for Canada, or places on Lake Champlain, will meet the boat from Whitehall, at the landing soon after dinner; and those for Whitehall, will meet the boat on its way from Canada at an earlier hour, and may return, by railroad, to Saratoga and other places.

CATSKILL MOUNTAINS.—This fashionable and healthful resort lies in the State of New York, on the west side of the Hudson River, and may be reached from the city of New York, by *steamboat*, landing at the village of Catskill, situated 111 miles up the river, and 34 from Albany. Coaches, so arranged as to be at the steamboat landing on the arrival and departure of the boats, run regularly to and from the mountain, for the conveyance of passengers, and also to enable those who are so inclined, to visit the different falls in the vicinity. The time required for ascending to the Mountain House, a distance of 12 miles, is usually four hours, and the fare \$1 25;—half that time being sufficient to return.

THE CATSKILL MOUNTAIN HOUSE, better known as *Pine Orchard*, is situated upon the summit of one of the principal mountains, known as "Table Rock," at an elevation of 2,500 feet above the Hudson. This rock terminates a few feet in front of the house, in a fearful precipice, from the brow of which the inexperienced beholder starts back in uncontrollable alarm. "In the rear, peaks upon peaks arise in every direction, and far away in the distance, all covered with luxuriant foliage. No description can do justice to the almost illimitable prospect in front. Standing upon the piazza or rock, you seem to have left the earth, and to be gazing from some ethereal height down upon the world and its concerns. You see nothing above or around you—all is below—even the clouds wheel and roll in fleecy grandeur at your feet. Forests, meadows, harvest-fields, plains, mountains, rivers, lakes, cottages, villages and cities, are seen in every direction. A deep repose seems to have settled upon the world. No sound reaches you, except, perhaps, the rattle of the thunder from some distant hill, or the sweet song of the mountain-bird upon the tree beneath you."

The *South* and *North Mountains* are peaks a short distance from the house, affording different, and, if possible, still more magnificent views. Good foot-paths lead to these points; and, aside from the prospect, the cool, bracing air renders these, and many other walks about the mountain, invigorating and delightful.

The "*Catskill, or Kaaterskill Falls*," to which carriages run for the accommodation of visitors, are about 2½ miles west of the hotel. The body of water is small, and comes from two lakes on the summit of the mountain. It precipitates itself over a rock at the outlet of one of the

lakes, to the depth of 180 feet, then runs about 100 feet, and springs over another rock to the depth of 80 feet more. The descent to the bottom, by a flight of steps, is rendered perfectly safe and easy. Passing behind the water you enter a cavernous amphitheatre, whose rocky vault extends far in front, and the falling spray seems a curtain of mist let down at the entrance. Looking beyond, the moss-covered rock seems to be rising to the very heavens above, and you may readily imagine yourself in some dilapidated cathedral of nature, the roof of which has long since disappeared.

LEBANON SPRINGS, a delightful watering-place, is situated in the State of New York, a short distance from the western boundary-line of Massachusetts. This place has become a great resort for visitors from all directions; some to enjoy the romantic scenery of this region, and others the beneficial influence of its waters. The spring is $1\frac{1}{2}$ miles from the village; the temperature is 72° Fahrenheit, which being nearly summer heat, renders it delightful for bathing. The water is tasteless, pure as crystal, and is deemed beneficial in internal obstructions, salt rheum, and cutaneous affections generally.

These Springs may be reached from New York by the New York and New Haven and Housatonic railroads, to Pittsfield, Mass., and thence by *stage*, seven miles. Time through, about nine hours. Distance, 183 miles. Fare, \$2 50.

Another route is by the Hudson river, or railroad, to *Hudson*, 116 miles; thence by the Hudson and Berkshire R. R. to *Edwards' Depot*, 28 miles; and thence, by *stage*, to the Springs, 8 miles. Time through, about 10 hours. Fare, \$2 50.

From Albany and the West, they may be reached by taking the Albany and West Stockbridge R. R., to Canaan Corners, 33 miles; and thence proceed by *stage* to the Springs, 7 miles. Fare, \$1 62.

From Boston and the East, visitors should take the Western Railroad to Pittsfield, and thence proceed by *stage* to the Springs.

TRENTON FALLS are situated in the State of New York, on West Canada Creek, 15 miles in a N. E. direction from Utica. They can be reached by conveyances from Rockton, (formerly Little Falls,) Herkimer, and Utica; they are, however, nearer to the latter place, and by leaving early in the morning, the visitor, if he intends devoting but one day to them, will have an opportunity of returning in the evening. The journey from Utica is over a fine plank road. These falls, six in number, extend a distance of two miles, having an aggregate fall of 312 feet. Their appearance varies with the state of the water. The scene, which at all times possesses great interest, is, in seasons of freshet, extremely wild and exciting.

From the hotel which is near the falls, the visitor should descend a pathway leading to a long staircase, down the steep bank of the West Canada Creek, which has worn a frightful chasm through a rocky range, in some places 150 feet deep; thence proceed up the stream, and follow the winding footway to Sherman's Fall, which has a descent of 35 feet, with its greatest fall towards the west; from the foot of which the stream pours along with less rapidity, descending to *Conrad's Falls*, which have a pitch of about 20 feet.

The *High Falls* have a perpendicular pitch of 109 feet, and are divided by rifts in the rock, into three different and splendid cascades, forming,

with the chasm, the high banks covered with foliage, and the rocky cliffs, a scene of the wildest grandeur.

The *Mill-Dam Fall*, from the regularity and smoothness of the rock, has a uniform pitch of about 16 feet, with a width of 175 feet. The waters of the *Upper Falls*, which have an abrupt descent of about 20 feet, are received into a capacious basin, and pass off through a wild ravine along the rocky bed of the river, for about a mile, towards the *Cascades*, which have a fall of about 18 feet.

THE GENESEE FALLS are situated in the vicinity of Rochester, N. Y., and on the Genesee River. They have *three* perpendicular pitches, and *two* rapids; the first great cataract plunges perpendicularly 96 feet. The ledge here recedes up the river from the centre to the sides, breaking the water into three distinct sheets. It was from *Table Rock*, in the centre of these falls, that the renowned Sam Patch made his last and fatal leap. The river below the first cataract is broad and deep, with occasional rapids to the *second* fall, where it again descends perpendicularly 20 feet. It then pursues a rapid course to the *third* and last fall, over which it pours its flood down a perpendicular descent of 105 feet. The beautiful and picturesque cemetery of *Mt. Hope* is situated in the vicinity.

THE AVON SPRINGS are situated in the State of New York, and in the Genesee Valley, 19 miles from Rochester. The waters have obtained celebrity from their efficacy in curing various disorders; this, added to the rural attractions of the spot, induces thousands to visit them. *Stages* leave Rochester daily, during the season; the *packet-boats* which run on the Genesee Valley Canal, also land passengers within two miles of the Springs, from which point *carriages* convey them to their destination.

THE BRANDYWINE SPRINGS, a celebrated watering-place, are situated in the State of Delaware, a few miles from Wilmington, from which place they are readily reached by *stage*.

SCHOOLEY'S MOUNTAIN, N. J., 18 miles from Morristown, and 16 miles from *White House*, is a celebrated summer resort, owing to its elevated situation, its pure and bracing air, and its *mineral springs*, the waters of which are used with great advantage for chronic diseases and general debility. This place is reached from New York, either via the Morris and Essex R. R. to Morristown, thence by stage; or, via the New Jersey Central R. R. to White House, thence by stage, to the mountain. Passengers from Philadelphia, leave the cars at New Brunswick, and thence proceed by stage, $6\frac{1}{2}$ miles, to Bound Brook, connecting there with the New Jersey Central R. R. for White House, thence by stage to the mountain.

THE DELAWARE WATER-GAP is about 8 miles north from Belvidere, N. J. The scenery is of the most magnificent description. The Delaware appears, seen from a short distance, to be arrested in its course by the mountain on either side, between which it flows in a contracted channel, presenting a smooth and lake-like appearance.

THE LEHIGH WATER-GAP is 25 miles from Easton, Pa., and 6 S. E. from Mauch Chunk, Pa. Here, also, the scenery is of the highest order.

Both this and the preceding are natural curiosities worthy the attention of the tourist.

NAHANT is a delightful watering-place, situated 12 miles from Boston, by water, and 14 by land. The jaunt, by steamboat, through the harbour, is very delightful, enabling the visitor to see some of the many beautiful islands with which it is studded.

PHILLIP'S BEACH, in the town of Lynn, a short distance N. E. of Nahant, is a noted resort, particularly for the Bostonians.

CHELSEA BEACH, 5 miles from Boston, is about 3 miles in length, and is another fine place of resort in warm weather.

CAPE ANN.—*Gloucester* is situated on Cape Ann, the eastern extremity of Massachusetts, and on the north shore of Massachusetts Bay. The town is on the southern side of the Cape, and has one of the finest harbours on the whole Atlantic coast. During the summer season Gloucester is a great resort for those who are desirous of enjoying the sea-breeze of the Atlantic, and of bathing in its transparent waters. By some persons this place is thought to equal Newport, the situation of the two being somewhat similar.

This charming resort is readily reached from Boston by the *Eastern* and *Gloucester Branch* railroads, in about *one hour and a half*; the distance is 30 miles, and the fare less than a dollar.

NEWPORT is a celebrated watering-place in the State of Rhode Island, situated on an island of the same name, in Narragansett Bay, about five miles from the ocean. The town is located on ground gradually rising from the water, with a beautiful site facing the harbour, in a south-easterly direction. It is noted for the salubrity of its climate, its cooling ocean breezes, and its fine views, which have made it a favourite resort during the summer season.

Newport is about 30 miles south-east from Providence, 71 from Boston, and 165 from New York city. It may be conveniently reached from either place, at a reasonable rate. During the season steamboats leave Providence early in the morning, making the excursion to Newport, and returning in the evening, thereby affording ample time for bathing. The usual fare is 50 cents.

LONG BRANCH, a popular resort for sea-shore recreation, is situated on the eastern shore of New Jersey, 32 miles from New York. It is reached from the latter place by *steamboat*. Visitors from Philadelphia and the South, take the cars of the Camden and Amboy R. R. to *Hightstown*, and thence proceed to the sea-shore by stage.

ROCKAWAY BEACH is a celebrated and fashionable watering-place, on Long Island, fronting on the Atlantic Ocean. From New York, visitors take the cars to *Jamaica*, 12 miles, and thence proceed by *stage* to the beach, 8 miles.

CAPE MAY, an attractive watering-place, much frequented by Philadelphians, is situated at the mouth of Delaware Bay, on the New Jersey side. The accommodations here are of the first order, and the beach is unsurpassed as a bathing-place. During the season steamboats run there, both from Philadelphia and New York. *Cape Henlopen* is

situated opposite Cape May, and may be reached from Philadelphia, Baltimore, Wilmington, and other places, by steamboat.

BROWN'S MILLS, formerly a place of some resort for company from Philadelphia, is situated in New Jersey, on a branch of Rancocas River 12 miles east from Mount Holly. It is readily reached from Philadelphia, by either railroad or steamboat, to Burlington, thence by cars to Mount Holly, and thence to the "Mills" by stage.

BEDFORD SPRINGS.—This celebrated watering-place is situated in Bedford county, State of Pennsylvania. It lies in a narrow and romantic valley, having Constitution Hill on the east, and Federal Hill on the west. The principal spring issues from a limestone rock, the water of which is clear and sparkling. Its flavour is peculiar, somewhat resembling a weak solution of Epsom salts, impregnated with carbonic acid and is inodorous. A little farther south is another spring, of the same general qualities, issuing from the same rock. On the west side of the creek is a *sulphur spring*, the water of which has a peculiarly unpleasant hepatic taste, and exhales a strong odour of sulphuretted hydrogen. One mile and a half north-east from Bedford is a chalybeate spring, surrounded with bog-iron ore.

These springs are situated about midway between *Holidaysburg*, Pa., on the Pennsylvania Central Railroad, and *Cumberland*, Md., on the Baltimore and Ohio Railroad. From either of these places the Springs are readily reached by stage conveyance of about 30 miles. By consulting the Map, its location will be better understood.

CARLISLE SPRINGS.—These sulphur springs are situated in Cumberland county, Pennsylvania, about *four* miles north of Carlisle, on a branch of the Conodoguinet Creek, in a retired and healthy spot, surrounded by the fine scenery of the Blue Mountains. The grounds around the Springs are ornamented in good taste, whilst the accommodations for visitors are ample. The water bubbles up from the slate formation, from which it derives its strong impregnation of sulphur.

About one mile and a half from the town of Carlisle is a remarkable limestone cave, the entrance to which is on the banks of the Conodoguinet Creek, in the form of a semicircular archway, about seven feet in height. It contains a number of curious passages and antechambers, and several pools of water, supposed by some to be springs.

The *Springs* may be reached by *stage* from Carlisle, that place being situated on the Cumberland Valley R. R., 22 miles from Harrisburg, Pa., and 129 miles from Philadelphia. Its location will become familiar by consulting the map.

VIRGINIA SPRINGS.—These Springs rank among the most celebrated watering-places of America, and are visited every season by vast numbers, either in search of recreation and amusement, or to enjoy the benefit of their waters; in fact, they are to the South what the renowned Saratoga is to the North.

These waters have been found very beneficial in the cure of dyspepsia, jaundice, rheumatism, liver complaint, gout, diseases of the skin, and many other complaints. They contain sulphate of soda, carbonate of magnesia, chloride of sodium, per-oxide of iron, organic matter, iodines, sulphate of magnesia, phosphate of lime and precipitated sulphur. The gaseous contents are, carbonic acid, sulphuretted hydrogen, oxygen, and nitrogen.

These Springs are situated in an elevated and beautifully picturesque valley, hemmed in by mountains on every side. They are in the midst of the celebrated spring region, having the *Hot* and *Warm Springs* on the north, the former 35, and the latter 40 miles distant; the *Sweet*, 17 miles to the east; the *Salt* and *Red* on the south-west, the former 24, the latter 41 miles distant; and the *Blue Sulphur*, 22 miles to the west.

Amongst the most celebrated of these are the *White Sulphur Springs*, which are situated on a branch of the Greenbrier River, in the county of Greenbrier, and in the valley of Howard's Creek.

The *Warm Springs*, in the county of Bath, are among the oldest of the watering-places. The water, which has a temperature of 98° Fahrenheit, is very transparent. The accommodations for bathing are excellent.

The *Hot Springs* are situated in a valley deeply embosomed among mountain peaks, in the county of Bath, five miles south from the *Warm Springs*. Bathing houses have been erected, and every accommodation provided for both male and female patients. The baths are six in number, each being supplied with water from a separate spring. They range in temperature from 98° to 106°.

The *Sweet Springs* are situated in a wide and beautiful valley, in the eastern extremity of Monroe county, and are justly celebrated for the tonic powers of their waters, used either internally or externally. Their temperature is 73° Fahrenheit.

The *Salt Sulphur Springs*, situated in the county of Monroe, are encircled by mountains on every side. These springs enjoy a high reputation, not only for the virtues of their waters, but also for the excellent accommodations with which they are furnished. They are, in consequence, much visited by invalids. Their temperature varies from 49° to 56°.

The *Red Sulphur Springs* are in the southern part of Monroe county, 17 miles from the *Salt*, and 32 from the *Sweet Springs*. The water is clear and cool, its temperature being 54°.

The *Blue Sulphur Spring* is situated in a narrow, but beautifully picturesque valley, on Muddy Creek, a small tributary of Greenbrier river. It has comfortable accommodations for about 300 persons. The medicinal virtues of its waters draw thither, during the season, a large number of visitors.

ROUTES TO THE VIRGINIA SPRINGS.—From Baltimore, they may be reached by several routes. One of the most pleasant and expeditious is by railroad, to Harper's Ferry and Winchester, Va.; thence by *stage* to *Staunton*. From this place we may proceed directly across the North and Warm Spring Mountains, to the *Warm* and *Hot Springs*; or may proceed to the *Natural Bridge*, via Lexington, and thence to the *White Sulphur*, via Dibrell's Springs. See Route, page 145.

From Baltimore, also, we may go by way of Washington, Fredericksburg, and the Virginia Central R. R., to Gordonsville; thence by *stage*, via *Staunton*, to the Springs. For routes from Washington to the Springs, see page 147.

Instead of going via Gordonsville, we may proceed to *Richmond*, Va., or starting from Baltimore, may reach the latter place by *steamboat*; thence by *canal* to Lynchburg, and thence by *stage*, either by the road leading past the *Natural Bridge*, or by the way of Liberty, Fincastle, and the *Sweet Springs*, arriving at the *White Sulphur*. See Route from Richmond to the Springs, page 148.

To reach the Springs from the West and South-west, passengers

should leave the *steamboat* at *Guyandotte*, on the Ohio River; thence, by *stage*, to the Springs. For Route from Guyandotte to the White Sulphur Springs, see page 149.

Travellers from the South will reach *Richmond*, Va., by railroad, from *Wilmington*, N. C., at which place they will take conveyance as before described.

THE NATURAL BRIDGE of Virginia is one of the greatest natural curiosities in the country, if not in the world. It consists of a stupendous arch of limestone rock, over an unimportant and small stream, called Cedar Creek. The view from the top is awfully grand; yet one should go to the brow of the precipice that descends to the level of the creek, where the view, equally sublime, will be found far more interesting, being divested, in a great measure, of the awe which is sensibly felt on looking from the bridge down into the dreadful gulf. The height from the stream to the top of the bridge is 215 feet, its average width, 80 feet, and its extreme length at the top, 95 feet. The chasm over which it passes is 50 feet wide at bottom, and 90 feet at top. The bridge is covered with earth to the depth of about five feet, which is made firm by trees and shrubbery, whilst its sides are protected by rocks, forming a natural wall. It is 156 miles west from *Richmond*, 2 miles north of *James River*, 41 from *Lynchburg*, and 63 miles south-east from the *White Sulphur Springs*.

MOUNT VERNON and the *Tomb of Washington* are situated in Virginia, on the west bank of the *Potomac*, 15 miles south from the city of *Washington*, and 8 miles from *Alexandria*. Conveyances may be obtained, at *Washington*, at the rate of \$6 00 for the trip, with the privilege of remaining at *Mount Vernon* for an hour. The best plan, however, is to take the ferry-boat from *Washington* to *Alexandria*, which will cost 12½ cents, and occupy about half-an-hour. At the latter place a conveyance may be hired for the trip, which will cost from \$3 to \$4. This is the least expensive route, and besides adds variety to the travel. Occasionally during the summer season steamboats ply between *Alexandria* and *Washington* and *Mount Vernon*—fare, \$1 00. This route is certainly preferable to all others. Visitors, although permitted to walk over the grounds, are not admitted to the mansion, unless they have letters to the proprietor.

At *Alexandria* may be seen *Braddock's house*, built in the year 1752. The interior, with the exception of "Braddock's Room," has been remodelled: the old wainscoting, in the room referred to, is preserved with religious care, and is very curious.

THE WARM SPRINGS, N. C., are situated on the east bank of the *French Broad River*, 232 miles west from *Raleigh*, the capital of the State. These Springs, together with the road leading down the above river, are worthy the attention and admiration of the tourist. It is a fine macadamized road, and follows the course of the river along its bank; and as the river is shut in on both sides by mountains, in many places rounding high, bluff points, the road has its foundation on the river, resembling piers. It is a noble monument of the conquest of art over the obstacles of nature. The scenery is very wild, rugged, and picturesque. The Warm Springs afford a very delightful watering-place, and are much resorted to by invalids, and others from this and the neighbouring States. A few miles below the Warm Springs are the famous *Paint Rocks* and *Chimneys*. The climate of this section is one

of the most salubrious in the world; its crystal water, pure air, and exercise among the mountains, cannot fail of being beneficial to those who pay it a visit.

MAMMOTH CAVE, KY.—This remarkable cave is situated in Edmondson county, Ky., about 130 miles from Frankfort, midway between Louisville and Nashville, and near Green River. It is said to contain 226 avenues, 47 domes, numerous rivers, 8 eataracts, and 23 pits, some of which possess a great degree of grandeur. The atmosphere of the cave is serviceable to those afflicted with pulmonary complaints, and in some cases has proved beneficial. Visitors wishing to explore the cave are furnished with guides, and every necessary direction given.

The cave is entered by descending several steps; all is now darkness and gloom; a light is obtained, and following our guide we reach the *rotunda*, which covers about half an acre of ground, and is not less than 30 feet high. The *church*, which is a spacious hall, derives its name from a ledge of rocks resembling a pulpit; it is three-quarters of a mile from the mouth of the cave. The next place is the *Gothic Avenue*, which is reached by ascending a flight of steps about 20 feet. We next pass in succession the *Haunted Chamber*, *Gothic Chapel*, *Devil's Arm-chair*, and *Ammett's Dome*. *Goram's Dome* is 620 feet from the surface, and is the deepest part of the cave. The *Bottomless Pit* is a fearful looking place, two miles from the entrance.

A hole apparently sunk in at one side of the cave, marks the first appearance of the river: it is termed the *Dead Sea*. The *River Styx*, a short distance beyond, crosses the cave, the ground over it forming what is termed the *Natural Bridge*. *Martha's Vineyard* is an apartment so named from its being covered with a beautiful lime formation resembling grapes, which, when lighted, reflects great beauty. The visitor passes through and by ravines, halls, &c., of great beauty—Cleveland, Cabinet, Spear Hall, Snowball Ravine, &c. &c.; the latter is one of the most beautiful places imaginable: the whole is covered with sulphate of lime, resembling flowering balls.

After leaving the lime formations the visitor approaches the *Rocky Mountains*. This is an apartment where the rocks have fallen from the top of the cave, forming a very large hill or mountain of rocks, some 100 feet or more high, which is very steep and rough. To stand on the top and look down into the hollow beneath, is the most solemn and dismal sight ever beheld. Its name, *Dismal Hollow*, is very appropriate. After leaving this, we approach the end of the cave, to arrive at which, we go down a steep and easy descent, to what is called *Serena's Harbor*, which is filled with large stalactites.

ROUTES TO THE MAMMOTH CAVE.—It can be readily reached from Cincinnati, O., Louisville, Frankfort, and Lexington, Ky., in the north, and from Nashville, Tenn., in the south. The accommodations will be found, during the travelling season, to be very good from either place, and fares moderate. Steamboats, also, during seasons of high water, ascend Green River, a distance of about 165 miles from the Ohio, landing in the vicinity of the cave. It is about 130 miles from Lexington, 98 from the Harrodsburg Springs, about 90 from Louisville, and the same distance from Nashville, Tenn.

THE FALLS OF ST. ANTHONY are situated on the Mississippi River, some 300 miles from its source, about 800 miles above St. Louis, and 2,097, by the course of the river, from the Gulf of Mexico. The fall is only about 17 feet, yet it is considered more beautiful than Niagara.

although not so terrific or sublime. The rapids above and below the falls add much to the beauty of the scene, and give to the spot a charm of no ordinary character.

THE DRENNON SPRINGS are situated in Henry county, Ky., $1\frac{1}{2}$ miles from the Kentucky River, and 20 miles from its mouth. At these Springs may be found every variety of sulphur water and chalybeate. They are reached from Cincinnati, O., Frankfort, and Louisville, Ky., by steamboats, which run to and from the Springs daily, during the season.

THE HOT SPRINGS, ARKANSAS, are situated a few miles north of the Washita River, and 53 miles from Little Rock, the capital of the State. They derive importance from the great virtue of the medicinal waters in the vicinity, and are now becoming every season more popular. The waters have been found efficacious in chronic diseases, such as scrofula, rheumatism, &c. *Stages* run between Little Rock and the Springs. Fare, \$5 00.

DOUBLING GAP WHITE SULPHUR SPRINGS.—These springs are situated in a gorge, or small valley in the North Mountains, in Cumberland county, Pa., about 18 miles N. W. from Carlisle. The place is accessible by railroad from Philadelphia and Baltimore to *Newville*, 22 miles from Harrisburg, and thence, by *stage*, to the Springs. Passengers leaving either city in the morning, arrive early the same evening.

The salubrity of the situation, the splendid mountain scenery, and the highly medicinal quality of the springs, are unsurpassed. Visitors, whether in health or otherwise, will find these springs a most delightful place for repose and enjoyment.

THE YELLOW SPRINGS are situated in Chester county, Pa., about 30 miles from Philadelphia, from which they are readily reached by the Reading R. R. The scenery in the vicinity of these springs is very delightful, and the medicinal virtues of its waters have obtained some celebrity. Baths of every description can be obtained both from pure and chalybeate springs. The amusements here are those usual at places of this description: such as fishing, driving, music, dancing, promenading, &c.

THE WARM SPRINGS, PA., are situated in Perry county, and in one of the healthiest regions of the State. The waters possess medicinal qualities, which are efficacious in the cure of various chronic diseases. These springs may be reached from Philadelphia by the Columbia and Pennsylvania railroads, leaving the latter at Duncannon, 122 miles distant; or, from Baltimore they may be reached by railroad via York and Harrisburg and the Pennsylvania Central R. R., stopping at Duncannon, 98 miles distant; from the latter place visitors proceed by *stage*, 14 miles to the springs.

SHANNONDALE SPRINGS, VA.—These springs are situated on the east bank of the Shenandoah, in Jefferson county, in a region of great natural beauty. The waters are of well-known reputation, and are serviceable in the cure of various diseases. A *Sulphur Spring*, possessing valuable qualities, is in the immediate vicinity. Visitors from Baltimore and Washington take the Baltimore and Ohio R. R. to Harper's Ferry thence by the Winchester and Potomac R. R. to Charlestown, Va., (see route on page 145.) thence by *stage*, 5 miles, to the springs.

GENERAL INFORMATION.

WEIGHTS AND MEASURES OF FOREIGN COUNTRIES.

There are denominations frequently met with in reports of markets, but their English value is not always readily recollected. The following will be found, it is believed, correct:

<i>Ahm</i> , in Rotterdam, nearly	40 gallons
<i>Almude</i> , in Portugal, contains	4.37 ..
<i>Almude</i> , in Madeira.....	4.68 ..
<i>Alquiere</i> , Madeira, nearly.....	2 pecks
<i>Alquiere</i> , in Bahia.....	1 bushel
<i>Alquiere</i> , in Maranh.....	1½ ..
<i>Alquiere</i> , Rio Janeiro, Pernambuco.....	1 to 1½ ..
<i>Anna</i> , of rice, in Ceylon.....	260 2-5 lbs.
<i>Arroba</i> , in Portugal.....	32 ..
<i>Arroba</i> , in Spain.....	2 ..
<i>Arroba</i> , in Spain (large).....	4.246 gallons
<i>Arroba</i> , in Spain (small).....	3.337 ..
<i>Arroba</i> , in Malaga, of wine, about.....	4½ ..
<i>Bale</i> of cinnamon, in Ceylon, net.....	104 5-8 lbs.
<i>Barili</i> , in Naples, equals about.....	11 gallons
<i>Cantar</i> , the Levant, contains 44 okes.....	118.8 lbs.
<i>Cantar</i> , in Leghorn, of oil.....	88 ..
<i>Cantar</i> , in Malta.....	174½ ..
<i>Cantar</i> , in Napies.....	106 to 196½ ..
<i>Cantar</i> , in Sicily.....	175 to 192½ ..
<i>Carro</i> , in Naples, is equal to about.....	50 bushels
<i>Carro</i> , in Naples, of wine.....	264 gallons
<i>Catta</i> , of tea, in China, is about.....	1½ lbs.
<i>Cayang</i> , in Batavia.....	3581 ..
<i>Chetwert</i> , in Russia, nearly.....	6 bushels
<i>Emine</i> , in Genoa.....	3 34-100 ..
<i>English Quarter</i>	8 ..
<i>English Imperial Bushel</i>	14-100 ..
<i>Fanega</i> , in Spain.....	1.599 ..
<i>Hectolitre</i> , in France.....	2.84 ..
<i>Killogramme</i> , France and Netherlands.....	2.21 lbs.
<i>Last</i> , in Amsterdam, of grain.....	85½ bushels
<i>Last</i> , in Bremen, of grain, over.....	80¾ ..
<i>Last</i> , in Cadiz, of salt.....	75 4-5 ..
<i>Last</i> , in Dantzic, of grain, nearly.....	93 ..
<i>Last</i> , in Flushing, of grain.....	92½ ..
<i>Last</i> , in Hamburg, of grain.....	89.6 ..
<i>Last</i> , in Lubec, of grain.....	91 ..
<i>Last</i> , in Portugal, of salt.....	70 ..
<i>Last</i> , in Rotterdam, of grain.....	85.136 ..
<i>Last</i> , in Sweden.....	75 ..
<i>Last</i> , in Utrecht, of grain, over.....	59 ..

<i>Lispound</i> , in Hamburg.....	16 lbs. 5 oz.
<i>Lispound</i> , in Holland.....	18 lbs. 4 oz.
<i>Mark</i> , in Holland.....	9 oz.
<i>Maud</i> , in Calcutta.....	75 to 84 lbs.
<i>Mina</i> , in Genoa, of grain.....	3.43 bushel
<i>Moy</i> , in Lisbon.....	24 ..
<i>Moy</i> , in Oporto.....	30 ..
<i>Moyo</i> , of Portugal, contains over.....	23 ..
<i>Oke</i> , in Smyrna.....	2.83 lbs.
<i>Orna</i> , in Trieste, of wine.....	14.94 gallon
<i>Orna</i> , of oil.....	17 ..
<i>Pecul</i> , in Batavia and Madras.....	133½ lbs.
<i>Pecul</i> , in China and Japan.....	133½ ..
<i>Pipe</i> , in Spain, of wine.....	160 to 164 gallon
<i>Pood</i> , in Russia, is equal to nearly.....	36 lbs. 2 oz.
<i>Quintal</i> , in Portugal.....	89.05 lbs.
<i>Quintal</i> , in Smyrna.....	129.48 ..
<i>Quintal</i> , in Spain.....	96 ..
<i>Quintal</i> , in Turkey.....	167 lbs. 3 oz.
<i>Rottoli</i> , in Portugal.....	12 .. 4 ..
<i>Rottolo</i> , in Genoa.....	24 ..
<i>Rottolo</i> , in Leghorn.....	3 ..
<i>Sack</i> , in Leghorn.....	2 bushel
<i>Salma</i> , in Sicily, from.....	7.85 to 9.77 ..
<i>Scheffel</i> , Germany, varies from.....	1½ to nearly 3 ..
<i>Ship-pound</i> , Hamburg and Denmark.....	331 lbs.
<i>Ship-pound</i> , in Holland.....	368 lbs. 4 oz.
<i>Staro</i> , in Trieste.....	2 3-8 bushel
<i>Tale</i> , in China.....	1½ oz.
<i>Tchetwert</i> , in Odessa.....	6 6-100 bushel
<i>Tchetwert</i> , in St. Petersburg.....	5 49-100 ..

FOREIGN MEASURES OF LENGTH REDUCED TO ENGLISH DENOMINATIONS.

<i>Metre</i> of France.....	3.281 feet.
<i>Toise</i> of France.....	2.13155 yards.
<i>Geographical League</i> of France.....	4868.6 yards, or 2.76 miles
<i>Nautical League</i> of France.....	6085.8 yards, or 3.467 ..
<i>Spanish League</i>	7421 yards, or 4.216 ..
<i>German Geographical Mile</i>	8114 yards, or 4.61 ..
<i>Russian Werst</i>	1162 yards
<i>Swedish Mile</i>	11.703 yards, or 4.67 miles
<i>Danish Mile</i>	8224 yards, or 4.67 ..
<i>Dutch Mile</i>	6406 yards, or 3.638 ..
<i>French Geographical square League</i>	7.65 square miles
<i>German Geographical square League</i>	21.25 ..
